Warning That Strikes Are Not To Be Taken Too Seriously

London Views German Outbreak With Suspicion—Fear Government Is Permitting Propaganda In Hope Of Stirring Up Similar Trouble In Entente Countries—Policeman Killed In Clash With Strikers

London, Feb. 1.—Little fresh information on the strike movement in Germany had come through early today and virtually all the news in the morning papers had been delayed in transmission. None of the Berlin newspapers of Wednesday's date have arrived in Amsterdam, and several of them are not printing owing to the strike among their employees.

Delegates representing the strikers, according to Amsterdam reports, attempted to interview Chancellor Von Hertling, but he refused to see them, as had Herr Watzfahl, minister of the interior.

The actual situation today (Thursday) is extremely vague. The scarcity of news indicates some critics in Holland to assume that the situation has grown worse, but they warn against attaching importance to the strike movement as far as the army is concerned.

Revolt Difficult In Prussia
The Berlin correspondent of the Daily Mail deprecates a too ready assumption that the strike will have serious effects in Germany. He says no strike or revolt in Prussia can be taken seriously until it has won its spurs.

"The mind and moral will of the whole population has been made too effectively mechanical by a century of military drill. It must be remembered, too, that strike funds are almost non-existent in Prussia, for, although the workmen have been earning high wages they have virtually been compelled to subscribe them nearly all to the war loans and get no interest."

Newspaper opinion in London regarding the strike is divergent. Some papers indicate to the belief that the strike really denotes the growing strength of a democratic spirit in Germany, while others favor the view that the whole thing to a great extent has been engineered by the government for its own purposes.

The Daily News, while accepting with reserve the above extravagant accounts, thinks it is obvious that there has been spread into Germany and Austria some measure of the spirit which destroyed the Russian Emperor. It adds: "The tide for which President Wilson has so long and so patiently cut the channel is beginning to flow at last. A cleavage between the German people and their rulers stands revealed, but as yet the cleavage is no more than an incipient one."

On the other hand, the Daily Mail argues that if revolution is talked about in Germany, it is because the German government wants it to be talked about. It says that it is vitally true that no strike can happen there in any way that really the government sees profit in it. The Daily Mail regards the movement as really an appeal to British and French workmen to strike and says that if the appeal succeeded, the Germans would immediately suppress their own strikers and renew the war with increased energy.

Revolutions in Prussia
The documents say that all prisoners, including commissioned and non-commissioned officers, after being captured are to be kept in cages for four days without food and compelled to stand all the time. At the end of the four day period only small quantities of food are to be given.

Although definite information on the point is lacking, reports from Berlin today expressed the belief that the order resulted from the difficulties the Germans probably experienced in extracting information from the first American prisoners captured in November. Such treatment of prisoners, it is felt, could be designed only to make them give up military information.

Unchanged.
London, Feb. 1.—The latest telegrams received from Copenhagen from Berlin report the situation as unchanged, says an Exchange Telegraph despatch from the Danish capital. The strike has not been extended. The Berlin Tagblatt reports that the police seized the trade union building in Berlin, and arrested Deputy Koerster and other leaders.

Clash With Police.
Amsterdam, Feb. 1.—There was a clash between strikers and the police in the northwestern part of Berlin Thursday. One policeman was killed and a dozen strikers injured. There were minor disturbances in other sections and in the suburbs of Berlin.

The German press generally agrees that the outbreak has reached its climax in Berlin, and is now receding. The demonstrations are said to show lack of centralized control.

Reports from the chief industrial sections of Germany indicate that the strike movement nowhere is finding the support necessary to carry it along.

Soldiers in Canada Have Lots to Eat
Ottawa, Feb. 1.—After conference with Gen. S. C. Mewburn, minister of militia, the food controller has issued a statement pointing out that it is entirely unnecessary for additional food to be supplied by relatives and friends to Canadian soldiers while in this country, in view of the liberal and varied food ration issued to the troops by the militia department.

The statement adds that the aggregate quantity of food thus privately sent to the soldiers is very large and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled and consequently injurious to the health of the men. The public are, therefore, asked to discontinue the practice of sending foodstuffs to the soldiers in Canada. The situation overseas is so critical that every ounce of food waste must be closed, the statement adds.

To Strengthen Toronto.
Toronto, Feb. 1.—Manager Querre, of the Toronto club, will make an effort to secure Sprague Cleghorn and Tom Smith, when the Blue Shirts go east tomorrow to play the Canadians. He realizes that his team must be strengthened in order to win the championship of the second series.

COAL DISTRICT LAID WASTE BY THE BOLSHEVIK

Damage is Estimated at Ten Million Roubles

CAROUSERS PERISH

Two Hundred Lose Lives When Alcohol Factory Burns—Finland Situation More Reassuring

London, Jan. 31.—The Tcherernovo coal mining district, seventy miles from Irkutsk, Siberia, being a despatch from Harbin, has been laid waste by order of the local Bolsheviki authorities. The district, producing a despatch of million tons of coal and supplies the Siberian railway. The damage is estimated at ten million roubles. Some one hundred and thirty miners, including a priest and German prisoners were employed in the mines.

200 Burn to Death.
Petrograd, Jan. 31.—Two hundred persons perished in a fire in a coal factory at Novo Archangetsk. A crowd of carousers broke into the factory and destroyed the machinery. The fire was caused by a candle and the alcohol fumes exploded.

Kiev Entered.
London, Jan. 31.—A despatch to the Exchange Telegraph dated Thursday says that Bolsheviki forces entered Kiev last night. They have occupied the arsenal. The town surrendered after four shots had been fired.

Seize Roumanian Vessels.
London, Feb. 1.—Owing to the break between the Bolsheviki government and Roumania, the revolutionary committee of the Black Sea fleet has resolved to confiscate the means of transport belonging to Roumania, according to an Exchange Telegraph despatch from Petrograd. About forty steamships and several warships have been seized in Black Sea harbors.

London, Jan. 31.—Another unsuccessful attempt on the life of Premier Lenin was reported by the Associated Press. The Premier's personal physician, Dr. F. I. Gerasimov, a young man in a student's uniform, fired a shot from a revolver at the premier without hitting him. The shot was fired from outside the premier's room and was arrested and will be charged with neglect of duty.

An attempt was made to assassinate Premier Lenin on Jan. 16. With a number of other persons he was taken to the Smolny Institute in an automobile when several shots were fired at the car. Lenin was not injured.

In Finland.
London, Feb. 1.—The situation in Finland is more reassuring, according to the latest reports received at the Finnish legation in London, says the correspondent of the Times. The Red Guards have been disarmed or are being disarmed in several districts.

The White Guard in the Polish legation has declared war against the Bolsheviki, a Reuter despatch from Petrograd says.

Both the German and Russian armies divisions are made up of Poles. The Germans had organized a Polish legion but it was disbanded several months ago to make way for a Polish national army. Minsk is behind the Russian lines, who would indicate that the Poles in the Russian army have revolted against the Bolsheviki.

A Helsinki despatch of Wednesday's date says the diet and the legislative assembly in Finland, which the revolutionists are exercising their duties.

The suspension of all the general activities or religious bodies until the restoration of order has been announced by the central association of officials, it is stated. Physicians are directed to continue their work and it is promised that the relief services and food supply will be maintained under special arrangements.

The despatch reports that a delegation from sympathizers among the people with the Bolsheviki, delivered an address of cordial greeting to the Bolsheviki government in Helsinki, assuring it of solidarity in the common struggle against capitalism.

The foreign governments which recognize the independence of Finland are said to have been notified by the revolutionists of the change in government brought about by the revolution.

The White Guard in Helsinki, has taken the town of Tavastehus, sixty miles northwest of Helsinki, and Jureviki, in South Central Finland, and the revolutionary government is said to be fomenting similar outbreaks in several other districts.

DRASTIC CHANGES IN TRAFFIC REGULATIONS
Halifax, N. S., Feb. 1.—Drastic changes in the city's street traffic regulations have been passed by the board of control and will now go before the city council for approval. The new regulations provide for vehicles keeping to the right instead of the left and one way traffic on certain congested streets. All classes of vehicles are subject to stringent laws. Even baby carriages are provided for, one rule being to the effect that baby carriages may not be wheeled two abreast on the sidewalk.

FOR AND AGAINST

GOOD WORK FOR WORKING GIRLS

A valuable work for working girls has been started by Miss Laird, deaconess of St. David's church. A class for Bible study meets in the parlor of St. David's church at 8:45 every Sunday afternoon and though only organized about two months has an average attendance of fifteen. There is a president, vice-president, secretary and treasurer, all chosen from among the girls themselves. Miss Laird, the deaconess, conducts the Bible class and a collection is always taken for home and foreign missions. The work in this class is the special object of the young ladies, and all are anxious to make the fund as generous as possible. At 5 o'clock a chorus of songs is sung, part of the cost of which is defrayed by the girls, who give a special collection when they meet on Tuesday evening for sewing. A large number gather every Tuesday evening in the church parlors to sew for the Red Cross and for other benevolent purposes. Once a month a social evening is spent, sometimes at the home of one of the members of the congregation. This fills a long-felt want in the life of these girls.

ASSURANCES OF AUSTRIA'S SINCERITY AND GUILTELESSNESS

London, Feb. 1.—It is known positively to the Daily Mail, that Count Czernin, the Austro-Hungarian foreign minister, has privately informed his colleagues in a message after message to President Wilson assuring him of the sincerity and guilelessness of Austria's diplomacy.

Flow Supply Inadequate
London, Feb. 1.—Austria is absolutely dependent on Hungary and Roumania for grain, Herr Hoefler, the Austrian food minister, said in an interview in the New Wiener Tagblatt. Since last August only 160,000 tons of wheat have been received from Roumania, while shipments from Hungary were quite inadequate to meet present needs. It is impossible to think at present of increasing the four nations. Minister Hoefler added that the production of beer in Austria would have ceased entirely but for the cessation of supplying the troops and certain classes who do heavy labor. The beer is now made chiefly of substitutes, especially the catwalk seed.

Phelix and Phredand WEATHER REPORT
Issued by Authority of the Department of Marine and Fisheries, R. F. Sturmart, director of meteorological service

Synopsis.—The weather has decreased very considerably over the northwestern portion of the continent and is now highest over the middle states and the Great Lakes. The weather has moderated in the western provinces, but continues very cold from Ontario to the Gulf of St. Lawrence. Moderate winds, very cold; Saturday, Lower St. Lawrence, Gulf and North Shore—Fine and very cold today and Saturday.

Decidedly Cold.
Maritime.—Fresh northerly winds, light local snow but mostly fair and decidedly cold today and Saturday.

Superior.—Fresh southwesterly winds, fair and moderate; Saturday, fair and not so cold. All West—Fair and moderate; Saturday, fair and not so cold.

New England.—Fair, continued cold tonight, Saturday, fair and not quite so cold, light north winds.

Turks Propose Separate Peace With Russians

Report That Negotiations For Restoration of Steamer Services Are In Progress—More Entente Warships at Vladivostok

London, Feb. 1.—Five more Entente warships have arrived at Vladivostok, according to special despatches from Petrograd. It is added that China, acting on Allied advice, has forbidden exportation of foodstuffs to Russia. As it reported in Moscow that the Turks have proposed a separate peace to the trans-Caucasian council of workmen and soldiers' delegates. It is said that negotiations are in progress looking to the restoration of steamship services from Odessa and Constantinople and Odessa and Galata.

The Mussulman in South Russia, including the Crimea, are reported to have formed a government in opposition to the Bolsheviki and are co-operating with the Foreign Minister Trotsky having announced the arrival of the Kharikov delegation of Ukrainians, the German deputation, the commander on the western front that a state of war existed between the Polish army and the Bolsheviki.

In the ancient Tartar capital of Bakhchisarai representatives of the Crimean Tartars have held a constituent assembly and issued a declaration of the establishment of an autonomous Crimean republic. The entire population of the Crimea of the soldiers and workmen's delegates are said to have acknowledged the new republic.

An epidemic has broken out in Crimea. At Brest-Litovsk.
Petrograd, Jan. 31.—In reporting the reopening of the negotiations at Brest-Litovsk, the semi-official Russian news agency says that the presence of the conference of Dr. Count Fodorovich-Durni is due to the opposition of the Bavarian press toward the Berlin government.

DRIVERS TO STARVE

U. S. WAR PRISONERS

Documents Found On Captured Germans Said To Contain Instructions To This Effect

With the American Armies in France, Jan. 31.—(By The Associated Press.) American officers at the front have come into possession of documents said to have been taken from German in the rear and which deal with the treatment to be accorded prisoners.

The documents say that all prisoners, including commissioned and non-commissioned officers, after being captured are to be kept in cages for four days without food and compelled to stand all the time. At the end of the four day period only small quantities of food are to be given.

Although definite information on the point is lacking, reports from Berlin today expressed the belief that the order resulted from the difficulties the Germans probably experienced in extracting information from the first American prisoners captured in November. Such treatment of prisoners, it is felt, could be designed only to make them give up military information.

Unchanged.
London, Feb. 1.—The latest telegrams received from Copenhagen from Berlin report the situation as unchanged, says an Exchange Telegraph despatch from the Danish capital. The strike has not been extended. The Berlin Tagblatt reports that the police seized the trade union building in Berlin, and arrested Deputy Koerster and other leaders.

Clash With Police.
Amsterdam, Feb. 1.—There was a clash between strikers and the police in the northwestern part of Berlin Thursday. One policeman was killed and a dozen strikers injured. There were minor disturbances in other sections and in the suburbs of Berlin.

The German press generally agrees that the outbreak has reached its climax in Berlin, and is now receding. The demonstrations are said to show lack of centralized control.

Reports from the chief industrial sections of Germany indicate that the strike movement nowhere is finding the support necessary to carry it along.

Soldiers in Canada Have Lots to Eat
Ottawa, Feb. 1.—After conference with Gen. S. C. Mewburn, minister of militia, the food controller has issued a statement pointing out that it is entirely unnecessary for additional food to be supplied by relatives and friends to Canadian soldiers while in this country, in view of the liberal and varied food ration issued to the troops by the militia department.

The statement adds that the aggregate quantity of food thus privately sent to the soldiers is very large and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled and consequently injurious to the health of the men. The public are, therefore, asked to discontinue the practice of sending foodstuffs to the soldiers in Canada. The situation overseas is so critical that every ounce of food waste must be closed, the statement adds.

To Strengthen Toronto.
Toronto, Feb. 1.—Manager Querre, of the Toronto club, will make an effort to secure Sprague Cleghorn and Tom Smith, when the Blue Shirts go east tomorrow to play the Canadians. He realizes that his team must be strengthened in order to win the championship of the second series.

AIRMEN BOMB HUN WORKS BUT ALSO SUFFER

Attacked Airdrome, Munition Dump And Railways

The RAID ON PARIS.
People Have Not Yet Learned To Take Cover—Greeks Call Out Sixteen Classes Of Reservists

London, Jan. 31.—The official announcement from the war office dealing with aviation issued tonight, says: "An airdrome south of Ghent, a large ammunition dump east of Roulers and railway sidings at Courtrai were heavily bombed Wednesday."

"In air fighting four hostile machines were brought down; four were driven down out of control, and another was brought down by anti-aircraft gunfire. Nine of our machines are missing."

The Paris Raid
Paris, Feb. 1.—Revised figures on the casualties resulting from the German air raid Wednesday night show that 114 were injured in Paris and seventy-six in the suburbs. The total number of deaths remains at twenty.

Paris, Jan. 31.—Paris has yet to learn the lesson which London appears to have learned. This is the comment of those who are experienced in London raids.

"The peaceful London at the warning," they say, "disappeared from the streets and the town became as a city at arms, while curiosity at Paris comes caution."

A Paris policeman, who by reason of his occupation, was conversant with the regulations, rushed to a window of his home and was killed by a fragment of a bomb. His wife, who stood beside him, was not hurt. Few persons took refuge in the underground stations, as compared with the people of London.

French Raid Repulsed
London, Feb. 1.—A raid attempted by the enemy last night west of Arras in Belgium was successfully repulsed. The hostile artillery showed some activity during the night in the neighborhood of Gouzeaucourt and Lens."

Conserving Man-Power
London, Jan. 31.—(Via Reuter's Agency.)—Replying to R. L. Outwater, a Liberal member for Hanley, in the House of Commons, who suggested in order to conserve man-power, the British army on the western front should remain on the defensive until American reinforcements arrived, Right Hon. A. Bonar Law again emphasized the necessity, not merely from a humanitarian viewpoint, but from the viewpoint of winning the war, of conserving man-power to the utmost.

Not to Close Port
London, Jan. 31.—(Via Reuter's Agency.)—In the House of Commons Sir Leo G. Chlossa Mosey stated the government did not propose to close the port of London. Owing to reasons for safety, western ports had been relatively more used than the eastern, but the dependence of London on sea-borne supplies was fully appreciated, and the port of London would be used to the fullest extent consistent with the safety of the national food supply.

Greeks Increase Army
London, Feb. 1.—Sixteen classes of Greek reservists have been called to the colors, a Reuter despatch from Athens says.

French Finances
Paris, Feb. 1.—During the discussion in the chamber of deputies yesterday of a bill authorizing advances to allied and friendly nations, Deputy Albert Grodet pointed out that these advances amounted to 48,000,000 francs, bringing the total advances to 6,421,000,000 francs, and asked the government's intention regarding the Russian coupons.

He said that the French government already had paid two billion francs to French holders of Russian bonds, thus favoring them over the holders in other countries of bonds whose coupons had not been paid since the beginning of the war.

Finance Minister Klotz replied that the financial actions taken in the name of Russia were independent of any changes in regime there. The Allies were discussing the question of the Russian coupons. Meanwhile, he said, France would pay the February coupons as it had paid those falling due in January. The bill was passed by a vote of 360 to 117, the Socialists opposing the measure.

certained, as these have an important bearing on the price that should be charged for newspaper sold in Canada. The inquiry had demonstrated that one firm had a profit of \$1.50 per ton for m-lating the production of certain mills.

HEARD PROTEST OF PUBLISHERS

Price of Newspaper Subject Of Conference With Sub-Committee Of Cabinet In Ottawa

Ottawa, Feb. 1.—A sub-committee of the cabinet, of which Hon. A. K. MacLean is the chairman, this morning heard the protest of the publishers of the Dominion against the recent order of Commissioner Pringle, recommending that for three months, from Feb. 1 to May 1, the price of newspaper should be \$2.50 per hundred pounds instead of \$2.00 per hundred pounds.

The publisher, Hon. H. W. Rowell, Hon. J. A. Calder and Hon. J. D. Reid, Commissioner Pringle, Mr. Stewart, government counsel, and Geoffrey Clarke of Toronto, who has been in charge of the accountants' work in connection with the inquiry, were also present.

Mr. MacLean, as a preliminary to the hearing, expressed the hope that it would be possible to have committees representing the manufacturers and publishers get together and come to an agreement as to prices. It was recognized, he said, that the manufacturers should not receive more for their product than the cost of production and a fair profit. He presumed that the publishers do not desire any one to sell to them a product below cost. Commissioner Pringle's interim order was subject to the approval of the government-in-council and he presumed that it was the desire of the publishers that such approval should not be given.

F. D. Ross, of Ottawa, on behalf of the publishers, said it was their desire that there should be no change in the present price of \$2.50 for newspaper until the inquiry into the matter had been completed. They would protest against any advance at present. The matter was one of vital concern to the publishers, the present price of newspaper representing an advance of twenty-five per cent on the prices that previously prevailed. As the manufacturers were selling the greater part of their production outside of Canada at good profits it was only reasonable that they should supply Canadian consumers at a fair profit.

Hon. N. Tilley, K. C., counsel for the publishers, in elaborating the protest against the increase in prices, stated that there had been real inquiry into the cost of production manufactured in Canada. The inquiry had been largely confined to the eleven per cent of the production of the mill sold in this country.

There had been, he asserted a determined effort on the part of the manufacturers to obstruct the inquiry and to limit its scope. It was desirable, he said, that the profits on exports should be ascertained, as these have an important bearing on the price that should be charged for newspaper sold in Canada. The inquiry had demonstrated that one firm had a profit of \$1.50 per ton for m-lating the production of certain mills.

He said that the French government already had paid two billion francs to French holders of Russian bonds, thus favoring them over the holders in other countries of bonds whose coupons had not been paid since the beginning of the war.

Finance Minister Klotz replied that the financial actions taken in the name of Russia were independent of any changes in regime there. The Allies were discussing the question of the Russian coupons. Meanwhile, he said, France would pay the February coupons as it had paid those falling due in January. The bill was passed by a vote of 360 to 117, the Socialists opposing the measure.

Advocates Combination of Great Powers in International Tribunal To Prevent Future Conflicts

PEACE RUMORS AFFECT MARKET

(J. M. Robinson & Sons' Private Wire Telegram)
New York, Feb. 1.—The information of a more definite character, so far as internal Teutonic disturbances are concerned, has caused the withdrawal of offerings of stocks for long and short accounts in many leading issues, with the result that speculation of speculative and investment holdings elevated prices and may continue to do so, according to gossip in active market circles.

FISHERIES CONFERENCE WILL HEAR BOTH SIDES

Boston, Feb. 1.—Canadian and American members of the international fisheries conference today resumed hearings at which they endeavored to learn the attitude of New England fishermen toward proposed regulations for the joint use of ports of both countries by men engaged in the industry. Dealers in this action protested yesterday against a plan which would permit Canadian vessels to land catches at American ports. They agreed that while this would increase the supply for home consumption it would work a great hardship on New England fishing interests.

OPERA HOUSE BILL CHANGES TONIGHT

The Opera House vaudeville programme changes tonight, instead of on Saturday, the new bill including Geo. Leonard and Co. in a musical comedy, "The Gay Mr. Chaser," Howard the Writing Marvel, assisted by Violet Howard, in a marvellous and mysterious exhibition of handwriting; Grant Kramer and Gruet in a comedy singing and musical feature, "Cl. ca. Day in Georgia"; Lockhart and Leddy, comedy acrobats; Thorndike and Barnes, in a novelty comedy singing act; and the final and last chapter of the serial drama, The Gray Ghost.

SIX KILLED IN RAILWAY COLLISION

Bellingham, Wash., Feb. 1.—Six persons were killed and thirteen others were seriously injured in a collision between a passenger train and a coal train on the Northern Pacific railway here last night. The passenger train was carrying 200 passengers and was the cause of the accident.

NEW HEALTH INSPECTOR

Frederick, N. B., Feb. 1.—The Frederick Board of Health, at a meeting held last night and attended by 14 members, accepted with regret the resignation of William McKay from the office of health inspector which was tendered on account of physical infirmities. Alex. C. Fleming was appointed to the office until May 1, next, when all offices become vacant and the annual appointments will be made. Mr. McKay had held the office for five years. A state of paralysis experienced some months ago incapacitated Mr. McKay for a time and he resigned his duties. Inspector Fleming was instructed by the board to begin an inspection for certification of vaccination on Monday. Compulsory vaccination in Frederick was ordered by the provincial board of health some weeks ago.

SHOWING OF DAMAGED GOODS POSTPONED

The Lyric management regretfully state that the "Damaged Goods" film has been delayed in transit and although expressed from Chicago last Saturday, has not yet arrived. So instead of the St. John engagement beginning Monday as announced, it will be Thursday, the 7th inst. Full details later. The latest sensational novelty, "The Submarine Eyes," will be shown Monday, Tuesday and Wednesday, substituting "Damaged Goods."

TO VALUE HALIFAX REAL ESTATE LOSSES

Halifax, N. S., Feb. 1.—The relief commission is today engaged in representative citizens and members of prominent local organizations on the question of the valuation of all the real estate loss occasioned by the explosion of December 6 of last year. Last evening the commission held a conference with the towns council of Dartmouth, and in the afternoon they met Sir Frederick Fraser, superintendent of the relief work here, and Miss Rand, expert on the care of the blind, and discussed a number of matters dealing with those blinded in the explosion.

FIRE DESTROYS FACTORY ENGAGED IN WAR WORK

Harrison, N. J., Feb. 1.—Fire today destroyed the plant of the Driver Harris Wire Company, which was engaged in manufacturing wire specialties for use in war work. The property loss is estimated at \$600,000. Investigation as to the cause of the blaze was begun by the authorities.

BIRTHS

McAVITY—On February 1, to the wife of G. Clifford McAvity—a son, O'LEARY—On Feb. 30, to Mr. and Mrs. J. T. O'Leary, Eastmount, a son, weighing 12 pounds.

PERSONALS

James McQueen, of Shediac, is at the Royal. Lieutenant-Commander R. H. Howley, of the Royal Naval College at Halifax, was in the city yesterday, a guest at the Royal Hotel.

MARRIAGES

COLES-BLACKLOCK—On January 30, at the home of the officiating clergyman, Frederick G. Coles to Annie J. Blacklock, by Rev. W. W. Howe.

DEATHS

GILLIS—At his residence, 188 Main street, Parrville, on 1st inst., Edward Gillis, leaving his wife, five sons and four daughters to mourn. Notice of funeral later.

FUNERAL NOTICE

KNIGHTS OF PYTHIAS
The officers and members of New Brunswick Lodge No. 1, Union Lodge No. 2, and Saint John Lodge No. 93, are requested to assemble at 70 Dorchester street on Saturday, the 2nd inst., at 2:15 o'clock sharp, for the purpose of attending the funeral of our late brother, Robert S. Jackson, of New Brunswick Lodge. Service begins at 10 o'clock. Ordinary dress. By order of C. C.

PROPER GLASSES

Wearing a pair of properly fitted glasses is soothing to the nerves and a relief for anyone troubled with eye-strain.

GILBERT'S GROCERY

REQUEST REFUSED

Geneva, Feb. 1.—Seven deputies in the Landtag of the Duchy of Baden, representing all provinces, called upon the Grand Duke of Baden and suggested that, owing to the serious financial situation, the usual taxation should be applied to the royal revenues and domains according to the Volkstamm of St. Gall.

TAG-DAY AUTHORIZED

Mayor Hayes has authorized the holding of the annual tag-day for the Free Kindergarten Association.

THE LATE WM. McLAUGHLIN

The funeral of the late William McLaughlin will be held from his late residence, 820 Brussels street, at 8:30 on Monday morning, to the Cathedral for high mass of requiem at nine o'clock.

IS SERIOUSLY ILL

Mr. Sarah Patterson, 255 Main street, received word this morning that her nephew, Private William Leeman, a member of the 28th Battalion, is seriously ill and is at present in the 14th General Hospital in East Bourne. He is nineteen years old and prior to going overseas was employed with T. McAvity & Sons, Water street.

NOTICE TO THE BOOT-LEGGERS
It has been brought to my attention that an attempt has been made to suppress the efforts being made by the boot-leggers to suppress the Prohibition Act in this city.

REQUIREMENTS
The matter will now be discussed in the parliament of Baden.

TICKETS FOR Y. M. C. A. PLAY GOING BRISKLY
There are a large number of tickets out at present for "Mrs. Temple's Telegram," which will be presented in the Imperial Theatre on Feb. 12. Tickets can be secured from members of the Y. M. C. A. and at Gray & Richey's, Dwyer's and the Ross drug store.

PROBATE COURT
In the matter of the estate of Patrick A. Cobhan, deceased, letters of administration have been granted to the widow, Catherine Cobhan. Dr. R. F. Quigley, K. C., is proctor.

COAL PRODUCTION LESS THAN CONSUMPTION
Toronto, Feb. 1.—"No matter what trouble you have had in the past, I want to tell you they are nothing compared to what you will have in the next twelve months," said Noel Marshall last night at the annual meeting of the coal section of the Retail Merchants' Association of Canada, at the Walker House.

The annual meeting of the New Brunswick Tourist Association will be held at the Board of Trade rooms Friday evening, February 1, at eight o'clock. All subscribers are invited to attend. 2-2.

JUDGE NEEDS HELP
Ottawa, Ont., Jan. 31.—It is probable that several judges will have to be named within a few days to assist Mr. Justice Duff in the central court of appeal under the military service act. Appeals to the central appeal court from

the decisions of the local or appeal courts have been pouring in for weeks past and indications point to an aggregate of over more than 7,000 or 8,000 cases to be finally adjudicated upon by Mr. Justice Duff. Despite his energy and quickness of decision it will be obviously impossible for him to personally consider a docket of that size unless the work is kept up at the present high pressure of twelve to fourteen hours per day until well on into the summer.

Girls' Conference Is To Be Held
The executive meeting of the New Brunswick Sunday School Association met at the Bible House yesterday afternoon. Rev. H. R. Boyer presided in the absence of Mayor R. T. Hayes, and C. E. Wasson acted as secretary. The meeting pledged itself to increase the subscription to the International Sunday School Association to \$100.

Rev. P. R. Hayward, of Fairville, who is leaving this district, resigned as superintendent of the secondary division and Rev. J. W. Williamson was appointed in his place. Mr. Hayward will be continued on the executive committee and will be made a representative of New Brunswick on the Canadian council of the Provincial Sunday School Association.

All the financial and other reports showed a satisfactory condition of affairs during the year just closed. It was announced that the International Sunday School Convention will meet at Buffalo in June next.

A resolution of sympathy was presented to the general secretary, Rev. W. A. Ross, of Moncton, on the death of his mother. General Secretary Ross reported having made successful visits to different sections of the province during the year.

It was agreed to approve of the idea of holding a girls' conference during the present year and the arrangements will be worked out later. Those present included Rev. W. A. Ross, Moncton; G. M. Young, Fredericton; H. A. Goodwin, P. R. Hayward and H. R. Boyer, St. John, and also C. R. Wasson, L. W. Simms, E. R. Machum, A. H. Chipman, Wm. Kingston and Hunter Parsons, St. John, and Mrs. S. B. Wass, of Fredericton.

Release Draftees To Aid Farmers

Fredricton, N. B., Jan. 31.—As an outcome of the recent conference held by provincial representatives with Hon. T. A. Cress, minister of agriculture, at Ottawa, arrangements have been made for the creation of leave of absence boards in each province for the purpose of passing upon the release of soldiers drafted under the M. S. A. for participation in farm labor. The idea is for the men to be held under military discipline and must engage in actual farming operations, returning to their depot when this work is finished.

SETTLE MINERS' DISPUTE

Ottawa, Jan. 31.—A satisfactory settlement of the dispute between the employees at the Jubilee mine, which is operated by the Nova Scotia Steel Company, was reached this morning, when representatives of the miners and the company met in conference with Hon. T. W. Crothers. The dispute which arose over wages paid to the men employed in the Jubilee mine was settled by the company undertaking to pay the miners a regular contract rate for each ton of coal mined.

ST. JOHN, N. B., FEBRUARY 1, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

Why This Silence? This would be a good time for the leaders of the Conservative party in New Brunswick to get together and publicly announce to the people their attitude toward the gentlemen whose record is spread on the reports of Royal Commissions.

Miss O'Reilly's Address It has been given to Miss Mary Boyle O'Reilly, the gifted daughter of a charming poet and journalist, to write more of the war songs than most writers or speakers can gain a more intimate knowledge of conditions in the various countries at war.

A Case in Point. In his address on Maritime Union, before the Canadian Club last evening, Mr. Baxter referred to the development of technical education as one thing that would be benefited by such a union.

The Title Factory. The Canadian press has devoted considerable attention of late to the question of titles conferred upon citizens, some of these titles being hereditary.

IRELAND IN FLANDERS

Deep in the trenches, patient, still, Before Measies the Irish lay, While flame and thunder from the hill Swept down on them by night and day.

Over the parapet like a flood, Orange and Green together go; The last of battle in their blood, They burst upon the astonished foe.

High up the Orange Flag is seen To crown the hard-convicted height, Beside it the immortal Green, That never fell behind in fight.

Orange and Green charged side by side, Reckless as a tidal wave; For freedom fought, for freedom died, And sleep within a common grave.

There discord may forever cease; For not in vain their blood was shed, If North and South shake hand in peace.

Lighter Vein The Right Wagon. The old soldier was telling of his thrilling adventures on the field of battle to a party of young fellows, one or two of whom were skeptical as to his veracity.

Nine Boils Kept Coming on Neck One After the Other. Anyone who has ever suffered from boils knows how sick and miserable they make you feel.

Always Had Headaches Liver Was Torpid and Bilious Spelt Brought Sick Headaches—Lost Much Time, But is Now Completely Cured.

AWFUL ATTACKS OF HEART TROUBLE

EASED BY SECOND DOSE OF Milburn's Heart and Nerve Pills.

One of the first danger signals announcing something wrong with the heart is the irregular beat or violent throb. Often there is only a fluttering sensation, or an "all-gone" sinking feeling, or again you may experience a smothering sensation, gasp for breath and feel as though about to die.

In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centres, is beyond question, marvelous.

Milburn's Heart and Nerve Pills are a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUPREME WAR COUNCIL

Versailles, France, Jan. 30.—The session today of the supreme war council aroused more interest than the preceding meetings of the body, as was evidenced by the crowd which gathered. The Boulevard De La Reine was so thickly thronged that the police guard was reinforced to keep the crowd out of the Trianon Palace, where the session took place.

The meeting opened at 3 p. m. with Premier Clemenceau presiding. General

Petain, Gen. Foch and Gen. Weygand sat at the premier's left. David Lloyd George, the British premier, had Gen. Sir Wm. R. Robertson, chief of the general staff, and Major General Sir Henry Hughes Wilson, sub-chief of staff, at his left. General Bliss, the chief of staff of the American army, and Gen. Pershing were in front at the right, with Prof. Orlando, the Italian premier, Baron Sonnino, Italian foreign minister, and General Cadorna beside them at the left.

The meeting was concluded at about five p. m.

Mother! Father!

The burden of responsibility for the family's health and freedom from pain rests largely with you. When dear ones are afflicted with Coughs, Colds, Sore Throat, Cramps, Chills, Sprains, Strains, Rheumatism—or any other of the many common ailments, thousands of mothers and fathers everywhere naturally turn to

JOHNSON'S ANODYNE Liniment

the foremost family "friend in need" for more than a century. They know that this famous liniment with the phenomenal record of over 100 years of success is superior to any other because it was originated by a family physician—used in his private practice—because it contains more soothing, healing, pain destroying ingredients than any other, and because it is for internal as well as for external use. There is no safe substitute for this wonderful anodyne that

War Menus

How to Save Wheat, Beef and Bacon for the men at the front. Issued from the Office of the Food Controller for Canada.

MENU FOR SATURDAY.

Breakfast: Oatmeal Porridge, Sausages in Blanket, Toast, Tea or Coffee.

Dinner: Bean Soup, Mashed Potatoes, Creamed Celery, Tapioca and Apple Pudding.

Supper: Welsh Rarebit, Toast, Tea.

The recipe for Bean Soup and Sausages in Blanket, mentioned above is as follows:

One cup beans
Two and a half quarts of water
Quarter onion or one small onion.
Salt and pepper to taste.
Soak the beans over night. In the morning put on a soup bone of either beef or pork, cover with cold water and add the beans and the onion. Bring to a boil and let simmer slowly for some hours. Season to taste and serve very hot.

Sausages in Blanket—
Make a biscuit crust using
One cup Graham flour
One cup white flour
Two tablespoons fat
Half teaspoon salt
One cup milk.
Roll to one quarter inch in thickness and cut in squares just large enough to wrap around a sausage. Pih with wooden tooth picks. Bake in oven until the crust is done.

(Wheat and meat saving recipes by a Domestic Science Expert on the staff of the Food Controller's Office.)

Changes Likely in Food Control System Under the New Chief

Ottawa, Jan. 31.—H. B. Thompson, Hon. W. J. Hanna's successor as food controller, is a man reputed to be without nerves and impervious to criticism. He is a man of large proportions, brainy, a dark and a silent man.

Some drastic changes in policy are expected to follow the change in the controlship. At present department salaries are generally higher than in the civil service, and much money is spent on expensive publications. Some degree of retrenchment may be anticipated. It is quite possible that salaries of clerks and stenographers at least will be brought to a level of those accorded to other government employes.

The system of control so far followed has, it is believed, had certain undesirable effects. Announcements made from time to time to the effect that the use of certain commodities would be prohibited or restricted at some future date, have resulted in heavy purchases of such commodities, and consequent hoarding and increased prices. In future it may be that any such restrictions will be put in force without any previous announcement. It is further probable that provision may be made for federal prosecution of individuals who hoard or otherwise infringe upon the spirit of food control regulations.

Compulsion may in certain matters be substituted for the present voluntary system of food control.

Old So-Do's

Household Survey of Stocks of Foods

Ottawa, Feb. 1.—To determine how much food the average household in Maine has on hand, how much food the people are using and how it is being used, a household survey of this state is to be made immediately by the extension University of Maine under the direction of Miss Catharine N. Platts. The food administration has asked the department of agriculture to make these surveys in every state and the work will be done by the colleges of agriculture.

It is the desire of the food administration to get a representative survey of all classes of the state's population with reference to the family occupation, mode of living and family income.

Food surveys will be made in eight counties in this state, Somerset, Knox, Waldo, Arundel, Kennebec, Cumberland, Androscoggin and Penobscot and will be conducted by Miss Ruby Barker, Miss Eunice Niles, Miss Lucile Royall, Miss Ruth Cummings, Miss Edith Flint, and Mrs. Richard Dodge, all district home demonstration agents.

They will visit the aid and services of local groups, such as women's clubs, to explain the purpose of the survey and how the questions should be answered. It is essential to know how much food there is on hand in this state and the statistics obtained in this survey are desired as a guide in the conservation of food supplies in the United States.

The survey in Maine is part of the comprehensive inventory of food resources in this country and is known as the war emergency food survey. This survey will touch every dealer in food and food materials, every food manufacturer, and every holder of substantial quantities of foods. A separate schedule will be sent to a representative number of specially selected homes throughout the country and upon returns from these an estimate will be made for all homes.

The act of congress providing for the war emergency food survey fixed a fine not exceeding \$1,000 or imprisonment not exceeding one year or both, as punishment for any individual or concern who wilfully fails to make report when requested, or wilfully reports incorrectly. The government, however, counts on the full co-operation of the affected trades, industries and individuals, and hopes that there will be very few cases in which it will be necessary to enforce compliance through prosecution.

A CARLOAD OF FISH DIRECT TO THE FARMERS.

(Toronto Globe.)

Petroles, Jan. 27.—A carload of fresh frozen haddock and codfish from Nova Scotia, packed in 200-pound boxes, will arrive in Petroles early next week, and be sold in unbroken boxes at 9c per pound, at any point in the county of Lambton. This enterprise is to help out the meat conservation idea. It is made possible by the Ontario government co-operation with the food controller's office at Ottawa, and through the agricultural representative for Lambton, W. P. Macdonald, arranging with the farmers' co-operative clubs to distribute the carload. This is the first car of fish ever imported into Ontario and handled direct to the farmers in this way.

Collegiate Boys Fight Cigarette.

St. Thomas, Ont., Feb. 1.—The Collegiate Institute Boys' Club is behind a movement to stamp out cigarette smoking, which, it is declared, is becoming too prevalent among high school students throughout the country.

THE NEW FOOD CONTROLLER

(Quebec, Telegraph.)

We are sure Mr. Thompson will meet with success, because in accepting this appointment he made it clear to the government that he "wanted full power and a free hand to reorganize his department and carry out his plans without any outside influence from vested interests, or political favoritism." This is the only way to carry on his stupendous task and make a success of it.

Unfortunately, and we have said so before, Mr. Hanna had too many "vested interests" which interfered with his duties and no doubt, oftentimes, clashed with his good intentions. It was not his fault, but that of an ill-advised government who invited him to take this position, with such obstacles in his way. One thing sure, Mr. Hanna never sought the job. He was too big for it in one sense and not sufficiently free in another.

Mr. Thompson is going to make the whole of Canada realize that we are at war. This is right! If the Allies have to be fed, and the world is running short of food, every Canadian has to make up his or her mind to make a sacrifice. It is the least that they can do under the circumstances. It is our main duty now and until the war is over. If Mr. Thompson demonstrates to all that he is not to be interfered with, which is one of the conditions of his accepting the position, he will have the whole of Canada behind him, in compulsory food restrictions, if such is necessary, and no Canadians will be more eager to do their duty in this respect than the citizens of Quebec.

Phone M. 3541-23
Revival of Black Walnut.
There are many visible symptoms of a revival of interest in black walnut and marble top furniture; it is said that devotees of the antique are now inquiring for it more than for mahogany. This was in the United States, when black walnut timber so plentiful that it was used, and abused, as common lumber. That time is past. People are no longer using black walnut timber for joists and flooring, and much less for firewood, in the middle west—Christian Science Monitor.

RECENT DEATHS

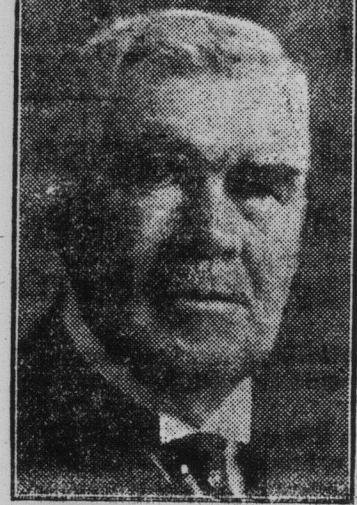

Robert S. Jackson.

Many friends will learn with deep regret of the sudden death of Robert S. Jackson which occurred yesterday. For years Mr. Jackson had been engaged in business with his brother, G. H. Jackson, King Square. He enjoyed good health until last Friday when he developed pneumonia. He is survived by three brothers—George and C. H. of this city, and Samuel J. of New York; also two sisters—Mrs. James Dinanore and Mrs. George Kaymes of Needham (Mass.).

The funeral will take place Saturday afternoon from the residence of his brother, George Jackson, 70 Dorchester street.

William McLaughlin, one of the best known bakers in this city, passed away at the St. John Infirmary last evening after a short illness. Mr. McLaughlin, who was sixty-four years of age, was born in Donegal, Ireland, but came to this city when he had made his home here for the last forty-five years. He was a charter member of the Royal Kennebec Yacht Club, and for many years took an active part in that organization, and a fourth degree member of the Knights of Columbus. His wife, who was Miss Mary O'Neill, sister of Rev. A. J. O'Neill, of Silver Falls, died fourteen years ago. He is survived by one son, Rev. Joseph L. McLaughlin, C. S. R., who was with him at his death; four daughters, Misses Mary, Sadie, Katherine and Agnes, all at home; one brother, Samuel, who has three brothers and one sister in Ireland. The funeral will be held Monday morning at the Cathedral.

ARGUMENT FOR MARITIME UNION

Hon. J. B. M. Baxter Before Canadian Club

CONDITIONS CHANGED

Urges Union In Order To Maintain Standing and Secure Greater Influence At Ottawa

The matter of Maritime Union was discussed by Hon. J. B. M. Baxter last evening in Bond's restaurant before a large meeting of the Canadian Club, Dr. J. H. Frink, the president, was in the chair.

Mr. Baxter began by saying that the problems of the day are not now looked at in the same light as they were before the war. Then all problems were looked upon as settled, now all problems are looked upon as open. Everywhere today democracy is breaking through the traditional regulations, which time has imposed on humanity, and this is a time when men should have their minds open to new ideas. The idea of union is not a dream, it is only a help, but a positive necessity. If the maritime provinces are to have their share in the larger administration that is their due. What is the need of union? "We are looking for the development of the country. When New Brunswick came into the union she came willingly. Nova Scotia demanded better terms. Perhaps the reason that New Brunswick so willingly joined the confederation was because she looked for a more speedy fulfillment of the confederation that actually took place. In 1892 it was thought that a great Canadian development would take place and that to the city of St. John some great wealth would pour in from the west. These dreams were realized, excepting that the wealth poured through rather than into the city.

He is hewers of wood and drawers of water for the rest of the dominion. We take up our burden here and we lay it down there; that is what our winter ports mean. We have not developed any great wholesale houses to hold the trade. We have seen our men of great ability go to the west to develop the trade there. We were glad to see them go, we wished them to succeed, and we were not impoverished. Maritime union means the union of the three provinces for a common purpose in the east. The last census that was taken shows that in Quebec the increase of the population amounted to 21 per cent; in Ontario the increase was 15 per cent, against this Nova Scotia's increase was only 7 per cent, and our own 4 1/2 per cent; Prince Edward Island decreased 9 1/2 per cent, in that decade.

"These figures do not look favorable when we look at the increase in such a province as Quebec, which was thought to be always a very settled country. Then looking at the west, the increase in Alberta was 418 per cent; in British Columbia it was 120 per cent; in Saskatchewan it was 489 per cent. We have borne the burden and have made that development possible. If the proportion of increase, or rather decrease, goes on at the same rate, the political power of these provinces will be lessened. But it is not for the people of those provinces to blame because the west has a larger number of members than have these provinces, but it is reasonable to look at the problem and see if it is not possible to increase the population and so get a larger representation.

Must Look to Ourselves.

"We've got to look out for ourselves. What is the remedy? Get together; co-operation and unity of purpose; more faith in ourselves and less bickering; more appreciation, or a little moderate boasting.

How many men in provincial politics know one another. The people of the province would be astonished if they should learn the number of members of the provincial houses who do not know one another by sight let alone by correspondence. These three provinces have practically the same resources, and yet they are pursuing three different paths without consulting each other even once a year as to whether they will pursue the same policy. Party politics are largely to blame for this state of affairs. When one brand is in power in one province, perhaps another is in power in another, so that is not conducive of unity of purpose. If necessary let us abolish all brands if it will bring the representatives under one government. For then the representatives will come in to contact with the needs and the desires of all three provinces. When the federal representatives go to Ottawa from the local training school, they will have a wider outlook. Up to the present time, it has been common to say St. John or Halifax. If there was united demand that all the trade possible should come to our ports the slogan would be changed to St. John and Halifax and other ports yet to be developed to take charge of the traffic which should only be handled and will only be handled to advantage through Canadian ports.

COUNSEL BLAMES NAVAL OFFICERS

Halifax, N. S., Jan. 31.—The continuation of the argument counsel in the Imo-Mont Blanc investigation was resumed by Mr. Humphrey Mellish, K.C., who addressed the court on behalf of the French ship. In his presentation of the case Mr. Mellish devoted special attention to the evidence of Captain McLean claiming that he was the only witness who had withheld evidence in order to meet the cross-examination of counsel. He further held, that there is no law to compel a ship to any particular course and that the judgment of the pilot and master must have played in a particularly dangerous situation.

Robertson on behalf of the pilot commission, defended the action of the pilots in the case and held that the fact that a ship was in the pilot's office was not material as the boy in Commander Martin's office had not shown up to any better advantage.

The really essential argument of the day so far as the citizens of Halifax were concerned was the presentation of Mr. Andrew Cluney, K.C., on behalf of the attorney-general and the public. While the dealing with evidence to come to a finding as to any technical laxity was of prime importance to the court, he contended that the public at large was concerned only with fixing the responsibility for the appalling result of the explosion. He urged for a finding that would make a recurrence of the affair impossible. Leading up to his point in a very strong argument, he showed a lack of cohesion between the pilots and naval authorities and claimed that Captain Martin and Commander Wyatt were responsible. Referring to the unfortunate difference of statement between the officials in question he further held that if there was one man more than another who was responsible for the disaster that orders were being disobeyed. He had failed to see, under these circumstances, that other ships were prevented from going out of the harbor while this "floating arsenal" was coming in.

Mr. W. H. Henry, K.C., representing the Canadian government, in summing up his observations on the evidence presented by the members of the crew of the Imo, he considered that the "blotch of the case" was whether the circumstances required these ships to be out of regulations just previous to the collision.

While he deprecated any attempt to place any blame among the officers of the naval service who were compelled to receive the ship ordered to this port by other authority, he felt it was unthinkable that Commander Wyatt should place deliberate falsehoods before the court. He also declared that there must be no "nagging, petty persecution and favoritism."

ENRIGHT SAYS NEW YORK LAWS MUST BE ENFORCED. Commissioner Enright summoned all the lawyers to his office at New York on last Monday and outlined to them the policy of his administration. "It is the order of the mayor and the police commissioner," he said, "that all laws and ordinances be enforced. Graft must be totally and permanently eliminated from this department. The gambler, gangster, gunman, disorderly woman, illegal vendor of narcotic drugs, the disorderly housekeeper and the trader in all forms of commercial vice will have your special attention and you will prevent them from operating in New York city."

WINNIPEG IS ALMOST WITHOUT HARD COAL. Winnipeg, Feb. 1.—With the exception of a little pea coal, there is no hard coal on hand in Winnipeg today, and no further shipments can be secured before the opening of lake navigation. Several of the big coal dealers in Winnipeg confirm this understanding. There are ample supplies of soft coal for the balance of the winter, it is stated. Reports from Fort William show that the same state of affairs exists at the head of the lakes.

SPAIN'S ULTIMATUM. London, Jan. 31.—A Daily Mail despatch says relations between Spain and Germany are critical. Berlin, through her ambassador at Madrid, demanded reparation for the torpedoing of the steamer Giralda, requesting a reply within forty-eight hours.

Copp-Bishop. Hillsboro, Jan. 29.—At the Baptist parsonage on Wednesday evening, Jan. 18, by Rev. H. W. Cann, Miss Jennie Maude Bishop, only daughter of Mr. and Mrs. Caleb S. Bishop, was united in marriage to Samuel Copp, of Waterdale. The ceremony was witnessed by a number of relatives. Mr. and Mrs. Copp will reside at Waterdale.

MAYOR OF DALHOUSIE. Dalhousie, Jan. 29.—James E. Stewart, ex-sheriff, was elected mayor of Dalhousie at a meeting on Friday and he took the oath of office on Saturday. He succeeds W. S. Montgomery, who resigned at a special meeting of the town council held on Saturday, Jan. 19.

CITY CONTRIBUTES MORE THAN TOTAL COUNTY PAYMENTS. At the annual meeting of the St. John patriotic executive held at the board of trade rooms yesterday afternoon, the treasurer's report showed that owing to the taxation for patriotic purposes the voluntary subscriptions had fallen off until at the present time they were almost nil. The sum of \$15,074.69 was reported to have been sent during the year to St. Thomas White, honorary treasurer of the general fund at Ottawa. On January 1, 1917, 1,058 families had received \$13,827.10 for the month making an average of \$13.96 per family. It was reported 252 families had been added to the roll of those receiving benefit during the year and 273 had been struck off making the number of cases on the roll on December 30 last, 1,014. The total receipts for 1917 including \$173,000 from

HOW TO GET COAL

Leading Coal Experts and Railroad Executives Make Practical Suggestions For Relieving The Present Acute Situation

Despite the Garfield holidays, the "coal famine" in the United States still persists. In view of this condition, what further steps should be taken to get coal where it is needed, and what should be done to prevent another such fuel crisis?

To get an answer to this question, THE LITERARY DIGEST requested an expression of opinion from those men who should be best qualified to know—the heads of the coal-producing and coal-carrying businesses.

The result of this canvass of experts is presented in THE LITERARY DIGEST for February 2nd, and a reading of this article will do much to enlighten the Canadian public and acquaint it with constructive and practical methods for relief.

Other important subjects that claim attention in this exceptionally interesting number are presented under these headings:

- News of Finance and Industry
- How to Secure a Permanent Peace
- United States' Example for Ireland
- Millions Lost in Wasted Wood
- A New Cotton-Pest
- Fiction Writers Distort Science
- Organizing for Food Service
- (Prepared by U. S. Food Administration)
- What the War May Do to Artist John
- "On Forgetting There is a War"
- Battle-Hymn for Our Army
- When the Kaiser Preached at Jerusalem

Where Irish-Americans Stand In The War

A Frank Expression of Opinion from Editors of Journals Devoted to Irish Interests in the United States

- Mr. Wilson As a War-President
- Pan-German Policy of Rule or Ruin

- Bolshevism As a Religion

"The Digest" Meets Your Present Vital Need

In these days of great events, tremendous changes, and world-wide upheaval, one thing is supremely important to every one of us. And that thing we must have if we are to win the war. It is knowledge, exact knowledge of what is going on everywhere, the literal truth as to the moves, political, military, and economic, that are being made from day to day.

REVISING PLANS FOR AIR CRAFT

Many Changes in Design, Besides Lack of Labor and Materials, Keeping U. S. Behind Schedule

Washington, Feb. 1.—Constant altering of plans to meet rapid changes in air fighting tactics in Europe, combined with delays in getting material and with the voluntary subscriptions had fallen off until at the present time they were almost nil. The sum of \$15,074.69 was reported to have been sent during the year to St. Thomas White, honorary treasurer of the general fund at Ottawa. On January 1, 1917, 1,058 families had received \$13,827.10 for the month making an average of \$13.96 per family. It was reported 252 families had been added to the roll of those receiving benefit during the year and 273 had been struck off making the number of cases on the roll on December 30 last, 1,014. The total receipts for 1917 including \$173,000 from

Colonel Deeds, chief signal officer of the army, said that not a single machine of the exact type planned when Congress appropriated \$60,000,000 for an air fleet, will see service in France.

Colonel Deeds told the committee that the tendency was toward machines of greater power and that valuable lessons in this respect had been learned at the last battles about Verdun. He believed that the machine now being manufactured and sent to France, not only would meet present requirements, but would excel anything the enemy may produce in some time to come.

Testimony on how many machines have been sent over, the equipment going with them, the number of airmen in France or expected to go was left to an executive session of the committee and will be continued tomorrow, but Colonel Deeds said at the public hearing that it "looks as though we will keep the programme of moving men and equipment to France well balanced."

CHASE & SANBORN MONTREAL

IT IS OATS AND WHEAT.

It is estimated that the provincial department of agriculture will be able to sell oats and wheat through the medium of the county councils at least ten cents a bushel cheaper than it would be able to sell direct to farmers in those counties where the councils did not arrange to co-operate with the department. The statement made previously that the department could sell "grain" ten cents cheaper was misleading.

benefits manage to save money. Mrs. Holden, in her report also stated that many of the houses visited were not in good condition and the sanitary arrangements were bad. The women's auxiliary will co-operate with Mrs. Holden in having these things adjusted.

A vote of thanks was passed to Mrs. J. V. Ellis who had during the past two years placed office room at the disposal of the executive free of charge. Arrangements will be made to rent other suitable quarters.

Those present at the meeting included Hon. Senator Thorne, Commissioner Fisher, Colonel Sturdee, M. E. Agass, Thomas Bell, C. B. Allan, Frank S. West and R. E. Armstrong.

AutoStrop SAFETY RAZOR

On Time

In the army everything must be done on schedule. You can save time and appear on parade looking smarter if you have shaved with an AutoStrop Safety Razor. Its smooth shaving qualities are such that no rough places are left nor is there any after-shaving unpleasantness.

The only razor that sharpens its own blades automatically.

WHY ARGENTINA DOES NOT FIGHT

Equipment is Overwhelmingly Against Germany

President Blocks Way

Elected by Radicals on Reform Platform, He Says War Would Interfere With Redemption of Promises

It is not a matter of mere concern to the allies whether a Southern American republic declares war on Germany. This war is between heavyweights, and the fly-weights cannot be expected to greatly affect the result, no matter on which side their influence is cast.

There can be no doubt in the world that the overwhelming sentiment in Argentina is against Germany. The Argentine revolutions were followed by anti-German riots. The parliament of the country has voted in favor of a declaration of war, and yet because in republics the nominal head of the nation has greater arbitrary power than in a monarchy, the country remains at peace.

What about the army? Suppose the army were to capture Calais and Paris, would that mean peace? I say, "No!" Suppose the army conquered France and England, would that mean peace? I say, "No!"

The party which Irigoyen leads is the Radical party. It is unlike any other political organization in the world. When it was formed the members took a pledge never to accept any public office. However, Irigoyen found himself unable to resist the temptation. The Radical party was made up of critics. Men of all existing parties joined, pledging themselves to attack any incompetent or dishonest government, no matter what its name might be, but to stand aside when offices were being passed around.

WOMEN! MOTHERS! DAUGHTERS!

You who tire easily, are pale, nervous, irritable, who are subject to fits of melancholy or the "blues," get your blood examined for iron deficiency.

USE THE WAY AD. WAY

Irigoyen suddenly emerged from his academic obscurity and placed Radical candidates in the field. Senor Pons had supposed that his progressive measure would have the support of the Radicals, and looked for no opposition from them.

AN ULTIMATUM TO THE KAISER

His War Lords Must Get Peace or be Hurlled From Power - Scheidemann's Reply

Amsterdam, Jan. 31.—Philipp Scheidemann, president of the Social Democratic party in Germany, answering Chancellor von Hertling's speech in the main committee of the Reichstag, warned the military leaders of the imperial government that if they did not bring about peace with Germany and Russia they would be hurled from power.

The reply of Scheidemann, as published in the Berliner Vorwaerts, follows: "Two chief arguments were advanced by the militarist party for the prolongation of the war, namely, the success of the U-boats and the strength of our army. But these were to have given us a decisive victory in six months, according to the announcement made in 1916. Also, that period has long since passed, and while the U-boats admittedly harmed England enormously, its chief viable effect has been the entry of America into the war.

What about the army? Suppose the army were to capture Calais and Paris, would that mean peace? I say, "No!" Suppose the army conquered France and England, would that mean peace? I say, "No!"

Regarding relations between Germany and Austria, Herr Scheidemann said in an indication of the Austrian feeling toward the present German regime might be gathered from the fact that during the recent demonstration in Vienna the Austrian emperor was never once attacked by speakers, but that the German emperor was openly and repeatedly insulted. This was due, he said, to attacks of the German Junkers on Austria. He declared, however, he had been demanding that "Germany should be freed from Austria."

Let us seek in honor to save the world from new bloodshed in the spring. Let us give up illusions on both sides. Remember that the feeling among our people is most serious. If you permit the Russian negotiations to break up and the people's hope to be disappointed, what else can be expected but catastrophe?"

WARFARE ON OLD PIAVE CALLS FOR AMPHIBIOUS SKILL

Roads Almost Impassable and Often Submerged

Remnant of Capo Sile—Buildings Literally Blown Out of Existence - Soldiers' Graves Are Dug by Women

Italian Army Headquarters in Northern Italy, Jan. 31.—The Colonel of a regiment round Capo Sile, on the old Piave, near Venice, where bloody fighting has been going on, took a correspondent over the ruins of the town. The visit included the shell-torn remnant of Capo Sile and thence across the river by pontoon to a large area on the east bank which was the enemy's special domain until a few days ago, when he was expelled with heavy losses, and his lines of defence were transformed into a desolate waste.

The trip was made by automobile up to the flooded area, where a steam tug took the correspondent and his party. Besides seeing the latest scene of action, the visit gave an opportunity of observing the unusual campaign against the semi-aquatic lower Piave region.

Young Gondolier's Pluck. The officers recounted to the correspondent a number of stirring incidents of the fight. In one case five Austrians came to the river bank and called out that they wished to surrender, but could not cross the river, as they did not know how to swim. They asked that a boat be sent to them. An Italian officer took a boat over to them.

EFFECT OF LIQUOR LEGISLATION IN QUEBEC

Some Economic Aspects of the New Regulations Announced From Ottawa

(The Financial Post.) Montreal—About \$900,000 will be cut off the provincial revenues in Quebec if prohibition goes into effect. Unlike Ontario, where the municipalities absorb the license revenues, the whole amount goes to the provincial treasury, although it will be asked to pass a provincial law forbidding sale in the province.

In the other provinces it is the manufacturing interests which are largely concerned. Under the legislation which has been in effect the makers have been in a position to export their products out of the province or to make deliveries from bond on orders from other parts of the province. Their idea was that this question should be left to the province, so that if the Dominion law were repealed at any time a provincial law might still be in force.

AGAINST COMPETITION

Boston, Jan. 31.—Massachusetts fishermen, registering their objections to any proposal which would allow Canadian fishing vessels to bring their fares to the United States declared today at a hearing given by the Canadian-American international conference that the very existence of the industry in this state will be threatened.

HENS BUY HIS COAL. East Toronto, Feb. 1.—From a flock of twenty pure-bred hens, Rhode Island Reds, which he houses in his own back yard, an East Toronto constable has sold several chickens at a price which has purchased three tons of coal, and secures sufficient eggs to keep his entire household supplied. He gets as many as fourteen eggs a day. If he eats them they are very nutritious. If he sells them he gets \$1 a dozen. The original quota of this feathered bonanza was imported from the southern United States four years ago.

RINTELEN THE PAYMASTER OF HUN PLOTTERS

Wanted to Pay U. S. Justice For Decision Against the Shipment of Munitions to Europe

New York, Feb. 1.—Evidence tending to show that Franz von Rintelen, German naval officer, was the paymaster of an organized force of plotters working in this country in the interest of Germany, was introduced by the government in his trial with them from charges with conspiring to place bombs in munition ships.

One witness testified that von Rintelen had suggested that a fee be paid to a justice of the United States Supreme Court to pass on the legality of a suit he proposed bringing against a firm engaged in shipping munitions to the Entente Allies. Fred Henjes, a shipping broker of the city, testified that he had been introduced to von Rintelen, then known as Hanson, as a representative of the German government lately arrived in this country.

SUPPLIES OF FEEDING STUFFS

Fixing of Prices of Bran and Shorts, But Not Nearly Enough Available to Meet Requirements

Educational Department Food Controller's Office, January 22, 1918. In order to prevent retail dealers taking advantage of the scarcity of bran and shorts to exact excessive profits over the price fixed by the food controller, the latter has ordered that the retail price of bran and shorts, where cash is paid, must not exceed by more than ten cents per bag the cost f.o.b. track at the dealer's station.

When the miller sells at the mill less than carload lots, he is not permitted to add more than five cents a bag of 100 pounds to the price at which he is permitted to sell under the food controller's order of Dec. 17, 1917. When the purchaser brings bags to the mill to be filled, the miller must not add more than \$2 a ton to the price at which he is permitted to sell under the order of Dec. 17. In effect, the miller must not charge more than the fixed Fort William bulk prices, plus or minus freight to or from Fort William, and in addition \$2 a ton to the balance of the crop year.

A Sure FIG-SEN Laxative 10 and 25¢ Noyal Quality Stones

Report Many Cases of Rheumatism Now

Says we must keep feet dry; avoid exposure and eat less meat.

Rheumatism is caused by poisonous toxins called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to eliminate this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

The food controller has been in constant communication with the authorities at Washington with a view to expediting shipments of corn into this country for feeding purposes. Arrangements have been made for its entry so soon as means of transportation have been provided. The American corn crop is the greatest in the history of that country but the car shortage, combined with the fact that much of the corn is wet and cannot be shelled until it has had a long period of seasoning, has kept supplies from the market. At least until it is available farmers are advised to use domestic coarse grains for livestock.

ALREADY TALK OF "NEXT WAR"

Recent German Publications Show Effect of the Sword Rattlers - Would Smash Britain

Sword rattling has been elevated into a religion in Germany, writes Julian Grande from Bern, Switzerland, to the New York Times, and he warns those persons who want peace by understanding that Germany, far from being cured of the war spirit, is actually educating her people in the necessity of another war to follow this one.

(1) War and its good moral influence are praised and enthusiastically advocated upon, especially because of their being of such assistance in promoting civilization. (2) The idea of universal peace is scoffed at and contempt poured upon advocates. (3) Every possible argument is adduced for the increase of armaments after the war.

The most assiduous of the German sword-rattlers are the German professors. Professor Rudolph Eucken of Jena argues that war and civilization are not opposed, but rather that war destroys all sham and brings truth to light; it preserves people from artificial and inefficiency; it causes the regeneration of mankind and the rejuvenation of civilization. Another man, Professor E. Brandenburg, in a book called "Germany's Aims in the War," published last year, concludes that the world's history follows natural laws and not ethical laws. This gentleman is of the opinion that a court of law for the decision of international disputes would be a serious obstacle to healthy progress.

DETAILS OF BIG WRESTLING MATCH
 Zbyszko Pins Olin After One Hour and Fifteen Minutes, With Toe Hold

New York, Jan. 30.—Wladek Zbyszko, powerful Polish wrestler, defeated John Olin, a title contender, in crowded Madison Square Garden last night after the men had been squirming on the mat for one hour fifteen minutes and twenty-five seconds. Unexpectedly Zbyszko got a deadly toe hold on Olin, the same grueling weapon of punishment made famous by the late Frank Gotch. With Olin's left foot in his powerful clutches Zbyszko slowly applied all the pressure at his command, and the fast firing Finn's shoulders were slowly forced toward the mat.

Olin put up a game fight against Zbyszko's punishing hold, and it was not until his face showed the effects of the terrific strain that he huskily whispered to Referee George Bothner that he was ready to quit. Olin was so nearly exhausted when the end came that he could hardly stand when Bothner helped him to his feet.

Zbyszko found himself in many dangerous places before he finally subdued Olin, but at the finish the big crowd gave the victor a great reception.

Zbyszko and Olin jockeyed around for a couple of minutes before the Pole sent the big Finn tumbling to the mat. Zbyszko got a toe hold on his opponent, and was bending Olin's shoulders toward the mat when the Finn broke loose. Zbyszko quickly got to his feet and stood Olin on his head, but the Finn was off the worse for the experience.

Half Nelson, Excites Spectators.

The crowd began to get excited when Zbyszko got a half Nelson, but Olin bridged his body, and squirmed his way to freedom. The arena was in an up-

roar when Olin squeezed Zbyszko in the deadly clutches of a head lock, and for a few minutes Zbyszko was in a perilous plight. With a frantic effort, Zbyszko freed himself and the crowd cheered.

The Pole was pretty well wrought up after this punishment, and he grabbed Olin by the ankles and spun him around in the air several times before crashing the Finn to the mat with a terrific bang. In the melee Olin landed right side up and was thankful. The wrestler tugged

and tussled with each other frantically for the first half hour with little advantage for either man.

After three-quarters of an hour of grueling grappling Zbyszko was slowly and steadily subduing Olin with a half nelson, but the massive Finn bridged and spun out. Again the house was in a riot of enthusiasm as Olin got at other head lock, but the Pole broke it as easily as he did the others. Zbyszko had his opponent in a dangerous posi-

LOCAL NEWS

Mayor Hayes this morning received \$8 from C. R. Peters of Elmhurst as contribution towards the Red Cross fund.

SAVINGS BANK RETURNS.
The Dominion Savings Bank returns for the month of January were: Withdrawals, \$46,578.29; deposits, \$88,991.96.

SENIOR NAVAL OFFICER.
Captain Charles Stewart, who was senior naval officer here, went to Halifax, having been promoted. He is to be succeeded here by Captain Pasco, R. N.

JANUARY CUSTOMS RECEIPTS.
Customs receipts for the month of January were \$282,827.23, as compared with \$288,118.81 for the corresponding month in 1917.

SCHOONER COMPLETED.
The schooner Kathleen Crowe, owned by Ira S. Crowe of Windsor, N. S., which was brought here to be rigged up is nearing completion and will be ready to sail for her destination in the near future.

TO MUNICIPAL HOME.
Harry Town was before the police court on charge of being drunk this morning. He was sentenced to two months in the municipal home.

MISS MURIEL CLARK.
The death of Miss Muriel Jean Clark, daughter of Mr. and Mrs. Ernest Clark, Quispamsis, occurred last night after a short illness. She was sixteen years old. Besides her parents she leaves five brothers, Walter, Norman, Everett, Gordon and Howard, two sisters, Hazel and Virginia, all at home.

DEATH OF EDWARD GILLIS.
Many will learn with regret of the death of Edward Gillis of Fairville, which occurred at an early hour this morning at his residence. He was about sixty years old and leaves five sons, Private G. G. Gillis, overseas; Edward A. Eugene, Cyril and Daniel, four daughters, Genevieve, Helena, Vata and Alice, all at home; two brothers, John of Halifax and William of Boston, and one sister, Mrs. Joseph Purcell of Randolph, Mass.

SCOUTS FRATERNIZE.
The boy scouts of the Boys' Club were visited at their meeting this week by the troop from Waterford Baptist church, along with District Commissioner Waring, Scout Master Galley and his assistants, Mr. Goldworthy. The visitors gave an exhibition of scout work, and Mr. Waring and Mr. Galley addressed the boys. As the members and visiting scouts filed out each was given a bag of choice candy contributed by G. M. Barker. Nearly seventy boys were present.

Christmas Fare in the English Camps; St. John Soldier Sends Menu

That our Canadian boys in training in England did not go hungry on Christmas is shown by the reading of the menu which was served all Canadian troops in training in England on Christmas day, 1917. The menu was sent by Pte. G. M. Taylor to his wife at 41 Gilbert's Lane. It is as follows:

Breakfast—Rolled oats, scrambled eggs and bacon and bread, butter and coffee.

Dinner—Roast turkey and stuffing, sausage, apple sauce, cabbage, mashed potatoes, Christmas puddings, vanilla sauce, apples, bread.

Supper—Cold beef, cold turkey, cold sliced salmon, mince pies, blancmange, bread, butter and tea.

In addition to above a cash allowance of 4d. per man was expended regimentally from canteen funds.

Nearly printed menus were distributed to the men and the members of the from Lieut-General R. E. W. Turner, as follows:

The general officer commanding Canadian forces in the British Isles extends to all ranks under his command his warmest greetings for Christmas and the New Year.

Pte. Taylor has been in England for more than eight months. He speaks well of the treatment accorded the soldiers.

Saw Heavy Fighting

The following letter has been received from Sapper O. E. Holton, now overseas, who was formerly employed by J. A. Lively here. He went overseas with the 11th Battalion and has seen one year's service in France.

"I have seen some heavy fighting in the year 1917, but we need a lot more men to get this thing ended in 1918. Our boys are bricks and are making a name for Canada's prowess that will go down in history forever. I finish my leave tonight and in a few hours will be in the midst of the fighting where the noise of shot and shell are as common as the flies in August. Our battalion has suffered heavily. It will mean that a great many more men will have to be on hand to keep us up to strength.

"I was on the Somme when we drove old Fritz back about twenty miles. The ground around the scene of fighting had been held by the Germans for two years and was a sea of shell holes. We are looking for a lot more of the boys before the fighting comes on again in the spring when we hope to finish up the score we have against the Kaiser."

A RED CROSS NURSE

George F. Galley of Marysville has received word from his daughter, Miss Bessie A. Galley, R. N., lately of Woodville, N. H., to the effect that she has upon request of Miss Jane A. Delano of Washington, head of the American Red Cross Society, joined that organization as a nurse and has been notified to report for duty immediately at Camp Joseph Johnston, Jacksonville, Fla.

SUSSEX PERSONALS

Sussex Record—Mrs. G. L. Wetmore entertained at an enjoyable small bridge on Friday afternoon in honor of her sister, Mrs. Jones of Port Arthur. The guests included Mrs. G. N. Pearson, Mrs. J. M. Kincaid, Mrs. Clarence Flewelling, Mrs. Lansdowne, Mrs. C. P. Clarke and Miss Sara Byrne.

Mrs. J. A. McArthur will shortly leave on a three months' trip to Vancouver, B. C. She will go by the C. P. R. and will stop off at Montreal and Winnipeg to visit friends. Mrs. McArthur will return via Boston.

George J. Doherty of Lacombe, Alta., a former resident of Sussex, who has been visiting friends and relatives in this vicinity for the past three weeks, left for home on Wednesday.

NEW REGULATIONS FOR THE BAKERIES

United States Limits Amount Of Flour Bakers May Purchase And Schedule Of Substitutes Is Provided

Washington, Jan. 31.—Licensing regulations as applied to bakers were extended by President Wilson in a proclamation tonight to take in hotels, restaurants, and clubs which do their own baking, to include thousands of small bakers heretofore exempt, and to cover the manufacture of bread of every kind, including cake, crackers, biscuits, pastry and bakery products.

At the same time the president put under license all importers and distributors of green coffee to prevent speculative prices in the coffee market.

All licenses must be obtained by February 1, when the new regulations become effective.

Bakers already under license are those who use not less than ten barrels of flour a month. Hereafter the limit will be placed at three barrels.

A new set of baking regulations, issued by the food administration to accompany the proclamation, limits the amount of flour bakers may purchase, makes changes in the quantity of ingredients other than flour used in bread making and prescribes other changes in bakers' practices.

Bakers of bread and rolls will be limited in their wheat flour purchases to 80 per cent of their requirements up to July 31, and bakers of other products, including crackers, biscuits, cookies, cakes, pies, fried cakes, pastry and sweet yeast doughs to seventy per cent for the same period.

After February 31, bakers of breads and rolls must use five per cent of wheat flour substitutes and the amount must be increased until they are using twenty per cent by February 28. Bakers of other products are not required to use substitutes but urged to do so.

The list of wheat flour substitutes that may be used by bakers, as listed in the new regulations, are bran, shorts and middlings, corn flour, cornmeal, edible corn starch, hominy, corn grits, barley flour, rolled oats, oatmeal, rice, rice flour, buckwheat flour, potato flour, sweet potatoes, and similar flours and meals, bean meal, peanut meal, cassava, taro and banana flour. Bread made of granular or whole wheat flour will be regarded as bread made with substitute flour.

If potatoes are used as a wheat flour substitute four pounds must be used where one of some other substitute is required because of the high percentage of water in potatoes.

An increase in the amount of sugar permitted in bread manufacture is allowed and the present bread formula is changed to permit the use of milk in any form and quantity, provided that bread containing milk is not sold at a higher price than that containing none. In view of the sugar shortage, bakers are urged not to increase their consumption of cane and beet sugar.

REAL ESTATE NEWS

Transfers in real estate have been reported as follows:

Missionary Meeting

The annual meeting of the auxiliary of the Women's Missionary Society of the Fairville Methodist church was held last evening before a large audience. Mrs. O. D. Hanson, president, was in the chair and the annual report of the local branch was read by Mrs. H. M. Stout, secretary.

The principal address of the evening was given by Rev. H. A. Goodwin of Canterbury church, who spoke on western missions. Rev. Mr. Goodwin spent 20 years of his ministry in the three prairie provinces of Athabasca, Saskatchewan and Manitoba, and his discourse contained many interesting personal experiences.

A feature of the programme were numbers contributed by the Mission Band who showed careful training and sang choruses splendidly.

A missionary exercise of a novel character, introducing Chinese doll, boots, foot bandage, picture of missionary and school with several other interesting articles was well rendered by the following girls: Audrey McColeman, Marjorie Cougle, Edrice Cheesman, Beulah Craft, Mary Scott, Ethel Catherine, Alice Linton, Annie Shaw, Mildred Bailey, Ruth Kelly and Hazel Linton.

Rev. Thomas Marshall stated that the Sunday school had raised \$30 last Sunday to send the suffering Armenians.

The choir sang an anthem during the service, which was closed with the national anthem.

ST. JOHN CASE TO BE TRIED IN MONCTON

Moncton Transcript.—Wednesday morning in the Supreme Court Chambers, in the City Hall, before Mr. Justice Chandler, a summons was returnable in the case of the Maritime Coal, Railway & Power Company, Ltd., versus City Fuel Co. of St. John, for the trial of the cause in St. John, instead of Dover.

The action is to recover nine hundred and seventeen dollars (\$917.00) for coal delivered by plaintiff to the defendant. The defendant counter claims three hundred and four dollars and seventy cents (\$304.70). Affidavits were read on behalf of the defendant who was moving on behalf of the plaintiff contra. The judge issued an order setting the trial of the cause at Moncton, without a jury, the time and place to be set by a judge.

E. A. Reilly, K. C., appeared for the plaintiff, while W. B. Wallace, K. C., of Saint John, appeared for the defendant.

OAK HALL **SCOVIL BROS., LIMITED**
ST. JOHN, N. B.

Dear Mary—

Well even I must buy more furniture. The doctor told me that it is more healthful to sleep apart. So James and Ruth are each to have a room. I'm going to let Ruth have my bedroom set and get me a new one which is modern.

I'm going to get two single beds for our room and single beds for the children. They use less space and are easier made. Mustn't you do something like this soon?

As ever—HELEN

P. S. Just come and see how little I paid for it and how much I got from

Our Bed-Room sets will please you. Come see them.
