Millerand Refuses To Give Up Presidency of France
POST OFFICE GREATS IN COMMONS

WARNS AGAINST DANGEROUS COUNSELLORS

Calls on House and Senate to Defend Constitution of France.

LEFT TAKES ACTION Refuses Relations With Any Government Not Formed From Its Ranks.

(Canadian Press) Paris, June 10.—President Millerand, in a message sent to parliament today, refused to resign his office.

“Dangerous counsellors in partisan interest are trying to see that the new legislature begins with a revolutionary act by the chamber. I will refuse to follow them.”

“The Senate will wish to remain, as formerly, in the gravest circumstances, the defender of the constitution. I appeal confidently to the wisdom of both chambers, to their prudence, and to their love of France and of the Republic.”

“Conscious of my duty I have assumed my responsibilities,” he said. “The hour has come for parliament to assume its own.”

Premier Francois-Marsal’s ministerial declaration accompanying the President’s message, asked a clean-cut vote, saying that if the message was rejected, “the chief of state will take the decision consequent upon that action.”

Paris, June 10.—(United Press)—The left groups of the Chamber adopted a motion refusing to enter into relations with a Government not formed from within their ranks, and refused to participate in further discussions until such a Government had been formed.

The motion, signed by Edouard Herriot, M. Blum, M. Villere and M. Ranaldy, will be presented to the Chamber for adoption. The radicals claim to have 300 votes, which with the Communist vote should be strong enough to carry the motion. The text of the motion adopted is:

“The Chamber is resolved not to enter into relations with a ministry which by composition is not within its parliamentary rights. It also refuses to participate in the anti-constitutional debate.”

THE EVENING TIMES-STAR, ST. JOHN, N.B., TUESDAY, JUNE 10, 1924

GOLDEN WEDDING OBSERVED TODAY

Mr. and Mrs. Michael Coll Receive Congratulations on Anniversary.

Fifty years ago today Rev. Father Michaud, who was then pastor of St. Peter's church, situated in Elm street near the site of St. Peter's new boys' school, officiated at a nuptial mass and united in marriage Michael L. Coll and Miss Margaret Josephine Delaney today, on the celebration of their golden wedding anniversary. Mr. and Mrs. Coll are being showered with congratulations by relatives and friends. Both are life long residents of the North End and are enjoying good health.

An anniversary high mass was celebrated in St. Peter's church this morning at which all of the members of the family attended. Rev. James Cloran C. S.S.R. officiated at a nuptial mass, and Rev. P. Hill, C. S.S.R. as deacon, and Rev. A. McDonald, C. S.S.R. as sub-deacon.

In addition to being showered with congratulations throughout the day Mr. and Mrs. Coll were also made the recipients of many remembrances. Mrs. Coll, who is an honorary vice-president of the St. John (North) sub-division of the Catholic Women's League, was waited on this afternoon by a committee composed of the president, Miss Sarah Lynch, Miss Margaret McCloskey and Mrs. Margaret Corkey and was made recipient of a bouquet of 60 roses. A delegation from the Catholic school teachers throughout the city also called during the afternoon and the city made Mr. Coll the recipient of a purse of \$50 in gold.

The Board of School Trustees also took occasion to show their appreciation of Mr. Coll's long and faithful service and presented to him a beautiful chimes clock. On the base was a silver plate with the following inscription: "St. John Board of School Trustees to Mr. and Mrs. Michael Coll on the 50th anniversary of their wedding, and also in appreciation of his many years of service as chairman of the Building Committee, June 10, 1924."

Mr. Coll is a son of the late Dennis Coll, who founded the firm of Coll Brothers in 1835 as the first soap and candle manufacturers in New Brunswick. The premises of the company were located in Pond street adjoining what is now the New Dufferin Hotel. Michael Coll carried on an active life and business and retired from an active life about ten years ago. Mrs. Coll was formerly Miss Margaret Delaney, daughter of the late Mr. and Mrs. Maurice Delaney of St. John.

Mr. Coll has held many public offices and fulfilled the various duties with efficiency and to the public good. He was for several years Commissioner of the Municipal Home and for about 10 years was a Liquor Commission member under the former Liquor Act. He is now a member of the provincial board of motion picture censors. School Trustees.

Mr. Coll is the veteran member of the St. John School Board. He was appointed by the City Council when the amalgamation of St. John and Portland took place in 1899, just 35 years ago. He was then appointed a member of the buildings committee of which he has been chairman for several years. He has served on the committee ever since and while he has been a member of that committee a progressive policy has been followed in the city schools which have been well maintained. The present value of school

lands and buildings is \$1,030,978.32 and while no exact record of the value of the buildings in 1889 could be found, the insurance carried at that date was \$82,110 on buildings and \$28,425 on furniture and apparatus.

There were associated with Mr. Coll on the school board in 1899 the following trustees appointed by the Lieutenant-Governor-in-Council, Hon. John Boyd, chairman, Silas Alward, J. MacGregor, Graft, Hon. R. J. Ritchie, M. P., Edwin Fisher, John Tapley and Richard Farmer, and the following trustees appointed by the City Council, J. V. Ellis, M. P., Edwin J. Wilmore, Dr. Boyle Travers, Henry J. Thorne, Thomas W. Peters, Thomas E. Millidge, James Wilson and Thomas McEroy.

Of their nine children Mr. and Mrs. Coll have six surviving, the eldest three having died. Their children are Maurice D. Coll, manager of the Goodyear Tire Co., St. John branch; Joseph I. Coll, of the Ford Motor Co., Ltd., St. John; Mrs. L. Buck, of New York; Mrs. James Pierce, of Houlton, Me., and the Misses Margaret and Geraldine, at home.

POWER COMMISSION IN SESSION TODAY

Various Matters are Decided on by City Hydro Board.

The Civic Power Commission this morning decided to go into the business of selling electric ranges on the instalment plan, having accepted an offer of the McLary Company which does away with the need of financing the operation by the city.

It was decided to order another 1,000 meters and to refer the matter of office and warehouse quarters for the Commission to the engineer and secretary. In connection with the proposed extension to Millidgeville it was decided to have another report and make an effort to have the people to be served sign an agreement to pay a service charge of \$1 per month in order to meet operating charges. The engineer, Harry Wilson, reported recommending termination of the Stephen Construction Co. contract as the work under it was practically completed and what was necessary from time to time could be most economically carried out by the commission's own construction department. He recommended that the Common Council be asked to transfer the difference between the estimated amount of the contract, \$68,745.04 and that which has been paid up to the termination of their contract, which is the present time is \$38,559.80, a difference of \$30,185.24, to a construction account of the city power commission. This money to be applied to construction additions.

In view of the possibility of the commission being requested to sell energy outside the city limits, he asked that the commission consider the advisability of requesting legislation along this line at an early date. Several residents on the Sandy Point road had asked for electric lighting service. He asked that the commission authorize this extension, provided sufficient funds are available. A signed, each prospective customer to pay a minimum charge of \$1 a month, beginning at the time of installation, and until such time as the consumers have their houses wired, when the standard rates shall apply.

He also reported the purchase of 1,000 amp, 1-14 Watt hour meters at an estimated cost of \$9,500, subject to the Common Council authorizing sufficient funds for these meters to be ordered as required from time to time.

REPORTS PRIVATE "STILLS" CASES

Customs Officer W.P. Dawes Brings Word of P. E. I. Finds.

Eight liquor seizures were made recent in Prince Edward Island by Walter P. Dawes, customs excise enforcement officer here, and three convictions were obtained, while the other five cases are pending. According to Mr. Dawes, who returned yesterday from Prince Edward Island, operations in Kings County, on the island, were rather extensive, with the brand being turned out up to the usual standard of moonshine. In no case, Mr. Dawes said, did he meet any resistance. Summarized, the result of Mr. Dawes' activities is as follows: Gregory MacMahon, Kings County, quantity of beer wash, illicit spirits, and operating a still. This raid was made on May 23.

On May 30, P. J. Casey, Cardigan, P. E. I., quantity of beer wash. This seizure was made on May 31, while another seizure was made on the same day at the home of John James McEachern. A quantity of beer wash and part of a still was found. On May 31, Wilfred McDonald, Clear Springs, Kings County, P. E. I. Here Mr. Dawes discovered a complete still in operation with illicit spirits and a quantity of beer wash. This case also was disposed of before Judge Fraser, and the same sentence imposed—\$200 fine and costs or six months in jail.

On May 31, a complete still in operation with a quantity of beer wash. The accused also appeared before Judge Fraser. A quantity of \$200 fine and costs, or six months in jail was handed down. The final seizure was made last Sunday at Montserrat, P. E. I., when Inspector Dawes raided the home of Frank Vouzzer and discovered a large copper boiler, 25 gallons capacity and part of a still being used for illicit purposes.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

CONCERT IMPERIAL THEATRE TONIGHT

It will be interesting to the public at large to know that tonight between shows (8:30) at the Imperial another of the delightful orchestral and vocal programmes will be discussed, details of which appear in the advertisement in this issue. The occasion will also mark a farewell appearance of Miss Kathryn Gallivan, who is to resume her professional concert and operatic work in the United States after a lengthy period of rest and reunion at home. Miss Gallivan will sing some of the numbers St. John people like best, variety to please all. Musical Director Jones has also selected a popular list of standard 3rd class numbers for the orchestra, a double dance-number to be played with added instruments employed for that special type of music. The film feature "Rupert of Hezas" is a charming romance.

Toronto, June 10.—Although the new salaries for letter carriers and other postal workers announced by the Dominion Government last night meet decreases in some cases, with the withdrawal of the "war bonus" it will not be known till Sunday whether or not the postal workers here will demand a strike. There will be a mass meeting of 800 men on Sunday. Undoubtedly there is a feeling of distinct disappointment among some gradings while in others there is an opinion that the new scale should be accepted for the present. Officials of the various postal unions here decline this morning to commit themselves. One newspaper here intimates that a strike is quite possible, even probable, all over the Dominion.

DISAPPOINTED AT POSTAL REPORT

Local President Discusses Ottawa Report—Strike Talk is Heard.

G. C. Cosman, president of the local Postal Clerks' Association (on, received word from Ottawa this morning announcing that the Federal Cabinet's decision in the matter of salary revision was to fix the maximum amount at \$1,680 per annum for postal clerks and the minimum at \$1,080. The previous minimum was \$840. This decision means that no bonus will be given in the future. Local men, it is understood, were confident that a 20 per cent increase would be given, and are rather disappointed at the Cabinet's decision.

Mr. Cosman said he was uncertain regarding a meeting of the local association. The telegram he received today reported that the complete schedule would arrive on Wednesday. Pending arrival of the schedule, the local clerks, Mr. Cosman thought, would mark time, and when full particulars arrived a meeting would be called and opportunity given for an expression of opinion.

4 Proud Rooms on \$690

A Picture Home

Thanks to higher powered buying, the Marcus windows turn \$690 into a bride's fortune far above the non-Marcus \$690 class. The windows prove every room just like a picture—amazingly so. Look at the five piece Bed Room done in Walnut—add a bench to this outline illustration. Almost enough here for two rooms. And that Hepplewhite Dining Room—nine pieces of genuine Walnut—two toned. The long Buffet, the cut corner table, the China Cabinet and all. The White enamelled Kitchen Cabinet with porcelain extensions, the machine stool and Windsor Chairs. The Living Room is a story by itself with its 5 foot Chesterfield Table of genuine Mahogany and the large Chesterfield suite of Brocade Mohair.

**DEATH ENDS SPREE
IN A COSTLY HOME**

**Woman is Found Dead at
Foot of Stairs in
Her House.**

New York, June 10.—Raymond Roth a recent comer to the fashionable residence district of Upper Montclair, N. J., telephoned to Dr. Maurice Cohen of Montclair asking the physician to hasten to his home on a matter of life and death.

Roth was somewhat incoherent in his talk and so the physician hurried to 33 Irwin Park Road without much idea of what would confront him. As he entered the hall he saw Mrs. Roth stretched out on the lower steps of the front stairs.

The physician, who is a police surgeon as well as a private practitioner, attempted to learn from Roth what had happened. He said that Roth was so much intoxicated he could not talk very intelligibly and was scarcely able to stand. Fleeing together coherently, however, Dr. Cohen eventually learned that Mrs. Roth, who was fully clad except for shoes, had fallen from the second floor to a right-angle landing in the middle of the stairway. Roth's condition was so bad that he had been unable to lift Mrs. Roth, and so he had dragged her body to the bottom and left it there. He said he had been trying to telephone for help for two hours. The physician then ascertained whether Mrs. Roth had died instantly or perhaps had been dead when she fell, or whether she had expired while the husband was making futile efforts to call help.

Police Piece Out a Story

The Roths have two children, John, 15 years old, and Jean, 8, but the boy had gone to race toy boats on a lake and the girl was playing in the neighborhood. There had been a maid also but she had left the house more than two weeks before, so Roth and his wife had been alone until Dr. Cohen arrived.

Questioned patiently, over and over, Roth finally told the story that fitted ill with the handsome home, the green, park-like street, the neat driveway and the well-kept garden. He said he and his wife had been on a debauch for two weeks or more and the police found a pint of whisky, an empty quart bottle and two dozen empty pint bottles that had held whisky to corroborate his story.

Neither the sight of his dead wife nor the prolonged questioning served to sober him. They saw no reason to doubt his story, particularly after the autopsy performed in Kun's morgue by Dr. William M. Brien of Orange, Essex County Physician, had shown that Mrs. Roth had died of meningitis. The woman's body was bruised, but no more than the fall down the steps could have accounted for.

Had an Office in New York

Roth's business was in electrical high tension switches. He had an office at 30 Church street, New York. Neighbors understood that he was making \$20,000 a year and said he and his family lived in a style that suggested some such income.

Mrs. Roth before her marriage was Blanche Sayre. Her father, John E. Sayre, and her mother were summoned from their home at 20 East North street, Wilkesbarre, Pa.

The police said they would release Roth as soon as he was able to take care of himself. Meantime neighbors took in the two children.

MARITIMES RAISE \$19,690 SELF-DENIAL

As the grand climax of the Self-denial campaign of the Salvation Army in this district a rally of Army officers from all points in the district was held in the city yesterday and at a splendid concert programme in the Charlotte street Citadel in the evening the returns of the campaign were announced. The sum of \$19,690 was raised in New Brunswick, Prince Edward Island and part of Nova Scotia.

Major Burrows, commander of the district, presided at the evening programme and at the officers' council in the afternoon. Officers were present from Charlottetown and Summerside, P. E. I.; Sackville, Moncton, Sussex, Fredericton, St. Stephen, Chatham and Woodstock.

The programme last night opened

with devotional exercises, led by Staff Captain Ritchie and prayer was offered by Mrs. Commandant Higdon of Charlottetown. The numbers on the programme were: Selection by the Jubilee concert singers from Washington; recitation, Miss Annie Baldwin; solo, Captain Steeves of Chatham; piano solo, Professor McCallum; recitation, Miss Julia Parks, West St. John; act in song, "Grace Darling," by 16 young ladies; reports by divisions of Self-denial totals, selection by No. 1 Citadel Band; trio, Herbert, Leslie and Dorothy David, children of Adjutant Davis; recitation, Scout Roy Sparks; Life Saving Guard dialogue, Edith Scott and Dorothy Kierstead; selection, "Grand Review" by No. 8 Corps' songster brigade, and swinging of illuminated clubs, Lieut. Reynolds of the People's Palace, St. James street.

The final number was a very impressive pageant, entitled "The Queen of the Earth," in which 28 young ladies took part, each appropriately and beautifully costumed. An illuminated cross heightened the effect of the pageantry and made the presentation doubly impressive.

MISSING MAN RETURNS.

William Palmer, assistant engineer of the Cape Spencer lighthouse, who left his home on Sunday morning at 3 o'clock and whose disappearance caused his mother and friends such anxiety that she requested the local police to look for him, returned home yesterday afternoon at 1 o'clock, according to a report from Mrs. Palmer to the detective department. There were no particulars given as to the whereabouts of the young man, but his mother and friends are happy that he has arrived home safe again.

Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them.

Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature acts. It makes forever unnecessary the use of habit-forming drugs and pills.

Kellogg's Bran, cooked and krumbled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran.

Eat at least two tablespoonfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg's flavor.

Eat Kellogg's Bran, cooked and krumbled, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package.

Kellogg's Bran is the road back to health. It is made in Toronto, Canada and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

England's favourite Milk

Now available to Canadian Housewives

YOU know the rosy cheeks and sparkling eyes of English boys and girls! Thousands and thousands of them were reared on Nestlé's Milk.

And to-day the same old favourite English drink food is made in Canada by the same Nestlé's Company—same Nestlé's own sanitary method, same rich pure milk, same invigorating results.

Nestlé's is the greatest name in the milk industry. Their milk is used for table and cooking purposes in every country in the world. Compared with the finest bottled milk it is twice as rich and twice as convenient.

All the food value of fresh country milk is kept pure in airtight tins. There is no waste from souring, nor is there need of ice to keep it sweet.

It is the ideal milk for all purposes—for baking, for tea, coffee and cocoa. And on cereals and fruits, it takes the place of cream.

You are sure to like the creaminess and flavour of Nestlé's Evaporated Milk.

Your grocer has it.

TAX COMPARISONS

Officials at Ottawa have worked out some comparison between the federal income tax in Canada and in the United States, following the introduction of the new American taxation legislation which makes very extensive reductions as compared with former conditions.

Table with 3 columns: Income, Canada, United States. Rows show income levels from \$3,000 to \$1,000,000.

The comparison, so far as it goes, is rather striking. Also, there is this to be considered: In Canada earned income and unearned income are treated alike, whereas under the American law there is now a twenty-five per cent. reduction on earned income, and all unearned up to \$8,000 are considered earned.

Ottawa despatches say that the American taxation changes with respect to income are being studied with interest in political circles because it is felt that the income tax in Canada must, in the course of time, be gradually brought approximately to the level of that in the country alongside us, but while it is agreed that constant agitation will force down the income tax in Canada, some are asking how the loss of revenue will be made up.

NOMINATING COOLIDGE

It is not often that a man who has been Vice-President of the United States afterwards becomes President by popular election. Theodore Roosevelt was one exception, and Calvin Coolidge may be another.

After all, there are the Democrats to be considered. Further, there is the possibility of a third party, led by Senator LaFollette. The Republican forces in this case is not equivalent to election, though most of the prophets consider Mr. Coolidge's chances excellent.

The Democratic convention, in New York, is to come on the heels of the other. The Democrats lack outstanding candidates, but they rely much upon the theory that the people are restless and discontented, and so likely

to vote for a change. The argument is a familiar one, but there is something in conditions to justify it.

MAN AND HIS YEARS

Assuming that a man lives to be seventy years old, he spends about twenty-three years of that time in sleep, according to an estimate published by the London Daily Herald.

The Herald's "statistics" are not based upon actual records, but upon some body's opinion as to how the average man who lives out his allotted span occupies his time. And, of course, in attempting to figure it out, extremes are disregarded and an effort is made to reckon from the experience of men who spend the average amount of time at work, and who devote a reasonable number of hours to sleep and recreation.

Table with 2 columns: Activity, Years. Rows include Sleep, Sickness, Eating, Washing, School, Work, Reading, Play, Entertainment, Walking, etc.

THE TRAGEDY OF FALL RIVER

Fall River, Mass., has 111 mills, chiefly cotton mills, and of these today scarcely a dozen are running on full time. Fall River, celebrated all over the world for its cotton industry, long known as "the Manchester of North America," is now described by Mr. William Robinson, writing in the New Republic, as "a city of misery, want, unemployment, hunger and hopelessness."

It appears from the New Republic that while these conditions in Fall River have been brought about partly by the competition of cotton mills in the Southern States, where labor is cheaper and where there have been of late extensive power developments, Fall River itself has been lacking in enterprise. Its industrial leaders have not kept up with the times. It seems that most of the money made by the Fall River mills in previous years was used in the manufacture of plain cotton cloth, and because of long success in that product mill-owners did not see soon enough any necessity for changing their ways.

RAINS DAMAGE ROADS

The continued rains in Northern New Brunswick were playing havoc with the roads, according to Premier P. J. Veniot, who arrived in the city last night. Hardly a day passed, he said, that there was not some rainfall. The sun did not have a chance to do any work between the rains and as a result nearly all the northern roads were muddy.

Press Comment

WHAT NOT TO TRY. (Hamilton Spectator.) Two Detroit youths attempted to change places in a canoe in midstream—and were drowned, the mention of their fate seeming almost superfluous.

ROMANCE DIES EVERY YEAR.

Every now and then some wiseacre has a blue day and to take it out on the race by chronicling the death of romance. The latest deathblow, someone discovers, is inflicted by so simple a thing as a gyroscope stabilizer to keep vessels from rolling except in heavy storms.

It doesn't bother anybody very much. The young lovers, inflamed by so simple a thing as a gyroscope stabilizer to keep vessels from rolling except in heavy storms, are taking the trolley to the country for a summer holiday. The poor lad for whom we are asked to grieve because he can not dream of the joys of piracy is busy listening to talk that goes on a thousand miles at sea.

IS JUSTICE FOR SALE?

Jacob Franks, father of the boy murdered in Chicago, says he has ten million dollars to spend to see that Leopold and Loeb, the slayers, go to the gallows. He has already engaged a battery of legal talent to assist in the state in its case.

Meanwhile the American reading public is settling back in its chair to enjoy this battle of millions in the courts. It is possible that the people of the United States really believe that justice is for sale! Is it possible that the American conception of justice is so goddamnedly corrupt that out of seventy years only eighteen are devoted to work. If work and sleep are subtracted there remain some thirty years for reading, recreation, meals, social activities and the odds and ends of life.

For the past ten years the people of this continent have been wondering what was the trouble with American justice. But optimistically they have dismissed the question of the success or failure of legal trickery.

At 80 Years Of Age Was Troubled With Shortness Of Breath Palpitation of the Heart And Fainting Spells

Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief, and I have never had a really bad spell since."

I am 80 years of age and always keep them in the house, and when I feel any symptoms of my old trouble coming on all I have to do is to take a few doses. With the help of your Pills I expect to see many years yet. I always recommend them to any one who is suffering from heart trouble."

JUBILEE YEAR AT ROME NOTABLE

Record Number of Pilgrims to the Eternal City is Expected.

(By Gualtiero Campino in the New York Times.)

On Ascension Day, May 29, Pope Pius XI proclaimed a Holy Year for 1925. The "Anno Santo" or Jubilee Year, will begin on Christmas Day, 1924, and reach its most solemn observance on the Easter following, and will then be devoted to the more practical phases of the Church's popular until Pentecost.

The thousands of ecclesiastics and laymen who will make the pilgrimage to the Eternal City to receive the Papal blessing to confer on the future welfare and progress of the Church will have an added attraction, quite unknown at former Jubilees. Under the simple title of "Missions Exposition," there will be opened an extensive exhibition, not unlike the national fairs of industry and art so much in vogue, showing the activities of the Church in practical and cultural development. Not only will there be revealed in geographical groups what missionaries have suffered, achieved and overcome in various parts of the world but the life of the natives of those parts, their painting and architecture, printing and other industrial arts and sciences will also be shown.

This exhibition, both as an historical record and as an artistic achievement, is expected to be the most exhaustive record of the world's progress ever displayed. For this reason the Holy Father is addressing personal letters to bishops throughout the world, requesting them to marshal pilgrims to the Eternal City and to send appropriate exhibits at various points.

The last jubilee, held under Pope Leo XIII. in 1900, brought an army of pilgrims whose number had not been seen in the Eternal City since the days of Boniface VIII. It is believed that, owing to the steadily increasing influence of the Church since the World War and to modern means of communication, the coming "Anno Santo" will set a new record in the number of pilgrims in Rome. Already the administration of the capital is preparing for them.

A central committee has been organized, presided over by Cardinal Pompili, Vicar of Rome. Bishops have been asked, or will be asked, to arrange special committees in their dioceses. It will be the duty of these special committees to inform the central committee of the number of pilgrims that may be expected from the various bishoprics of the world over. Colleges, congregations, schools and other ecclesiastical bodies in Rome and vicinity are to report the number of pilgrims each can accommodate.

At the Vatican the other day, under the Presidency of Mgr. Piazardo, Acting Secretary of State, an important decision was reached by the Curia. It was that identification cards should be sent to the bishops, to be filled in by the pilgrims before their departure from home. These cards, by arrangement with the Italian Government, will give the bearers the benefit of reduced rates of travel in Italy and admission to the various ceremonies at the Basilica of St. Peter, including audience with the Pope.

Meanwhile the Italian Government, which could hardly remain indifferent to such an event, has imparted the necessary instructions to its officials, so that nothing may interfere with the ceremonies or with the free circulation and security of the pilgrims.

VOTE IN FAVOR OF SEWERAGE SYSTEM

The rate payers of East St. John decided yesterday that they wanted a sewerage district established, the vote being 78 for and 28 against. The total number entitled to vote was 106 and of these 106 exercised their franchise. Councillor Simpson said last evening that just as soon as an assurance was received from the city that water would be supplied a start would be made on the sewerage system. The estimated cost of water installation is \$25,000 and for the sewers, \$55,000. Commissioner Wigmore stated he was ready to recommend to the council the laying of the water main to East St. John.

Good Health in Happy Old Age

THE chief concern of elderly people is their health, and that is best assured by regular daily bowel movement. There is no truth, however, in the notion that because you are old you need a "strong physic." In fact, just because you are old a mild laxative is better for you. The trouble with purges and cathartics and physics is that they shock the system and weaken it and make the muscles of digestion flabby. Mr. John Mase, 129 Prince Edward St., St. John, N. B., says Dr. Caldwell's Laxative Syrup Pepsin is the best medicine on earth because it is mild, safe, gentle in action and entirely satisfactory.

Does Not Grip

You can be sure of satisfactory evacuations every day if you will take a spoonful of Laxative Syrup Pepsin at night when you retire. You will not need to take it very long as a few doses will soon encourage the bowels to act for themselves. The popularity of this wonderful family remedy has become so great that it is now the largest selling

THOUSANDS OF DOCTORS ATTEND American Medical Assoc. Meets in Chicago—Noted Physicians There.

Chicago, June 10.—(United Press).—Thousands of noted physicians and surgeons from all over the world today attended the opening of the annual convention of the American Medical Association here. The forward strides of medical science during the year were reviewed, showing progress in the cure of diabetes, heart, social and other widely prevalent diseases. Separate conferences of specialist groups will be held daily during the week of the convention. In one meeting the doctors will discuss modern methods of resuscitation after poisoning in modern industries, as among those who work with storage batteries

and other apparatus in which lead is used. Modern anesthesia and the use of electricity in medicine are on the programme. Some time will be devoted to the study of ethylene, an anesthetic which has been in use for a little more than a year. Patent medicines will come in for a rap in a display showing the comparative prices of proprietary and non-proprietary remedies. Quackery in the profession is to be combated by pamphlets and books to be distributed by the association. World known figures on the programmes are: Dr. Leonard Findlay, Glasgow; Prof. Heinrich Finkelshtein, Berlin; Prof. Karl Gramen, Stockholm; Dr. Harvey J. Howard, Peking; Dr. Louise Martindale, London and Dr. Claude Regaud, Paris. Dr. Regaud is director of the Radium Institute of the University of Paris, with which Madame Currie, co-discoverer of radium, is associated. Prof. Finkelshtein is one of Europe's foremost authorities on the diseases of children. Secretary Olin West reported more than 90,000 member physicians, 55,000 of whom are Fellows. It was brought out that there is one physician for every 724 people in the United States.

"I want a five-roomed house," said the client. "The very thing for you here," said the factor, as he gave an address. The house proved to be sadly in need of repair, and the man went back to the factor's office. "I didn't want a six-roomed house," he said. "That isn't a six-roomed house," replied the factor. "There's only the kitchen, dining-room and three bed rooms. That's five." "And the room for improvement," added the client, "and that's bigger than any of the others!"—John O'Grady's Journal.

NEGOTIATES FOR NEW INDUSTRIES Louis Connors Not Ready Yet to Give Out Names. Louis Connors, formerly of Connors Bros., Ltd. and now operating a sardine packing plant in West St. John, has returned home from Montreal, where he attended the annual meeting of the Canadian Manufacturers' Association. Mr. Connors reports that he is negotiating at present with outside parties to induce them to establish several new industries here. What the nature of these industries is or where they would be located he declined to divulge. To bring these industries here, he said, inducements in the way of cheap sites and tax concessions must be held out otherwise those with whom he was dealing would look to other cities. Reversible Coats. Reversible coats of black satin and black wool are very practical when cut on very plain, straight lines, since they take care of most of the occasions when one needs a wrap. After an Angling Dinner. He had been dining out, and as most of the guests were ardent fishermen, he had to listen all the evening to stories of the size of their catches. He was very near-sighted, and as he was crossing a field on his way home he came across a scare-crow with arms outspread. Memories of the "tail" stories he had heard that night floated back to him and he halted in front of the scarecrow. "My dear sir," he exclaimed, "I simply refuse to believe you; there never was a trout that length!"—Yorkshire Post.

A very enjoyable time was spent, after which the young people attended Centenary church.

Miss Etta Coles, who is to be married this week, was made recipient of a delightful novelty shower last week at the home of Mrs. A. B. Josselyn, Silver Falls, when she was a charming hostess for about 40 guests. The gifts were brought in in a huge basket, drawn on a cart by little Master Burpee Hamm. Pink and white decorations on the bridal gifts and about the rooms made the event picturesque and very enjoyable. Games and music were enjoyed. The hostess was assisted in serving delicious refreshments by Mrs. William Arthur, Mrs. Samuel Armstrong and Miss Blanche Adams.

The sons and daughters are George, of Alton, Mass.; Alexander, of Melrose, Mass.; William S., of Westfield; Charles E., and Mrs. William Teley, of Vermillion, Mass.; Henry J., of North Reading, Mass.; Albert and the Misses Lizzie and Kate, of Malden, Mass. Two sisters, Mrs. Samuel Marsh and Mrs. David McCordick, of West St. John, also survive. The funeral will take place on Thursday, June 12, in St. John on the arrival of the Boston train. Interment will be in Greenwood cemetery.

Mrs. R. A. Steeves. Mrs. R. A. Steeves of Moncton died on Sunday morning after months of suffering most patiently borne. Before her marriage she was Miss Lelia Anne Coleman, a daughter of the late Rev. William A. Coleman. She was a sister of Dr. H. H. Coleman and Mrs. Gray of Moncton. Mrs. Steeves was twice married, her first husband, J. C. Beatty, died about twenty-seven years ago and her second husband passed away in 1922. She is survived by a daughter, Miss Florence Beatty and a step-daughter, Miss Mary Steeves, both at home. There are also two stepsons, Waldo Steeves, of Moncton, and Gordon Steeves of Montreal, in addition to the brother and sister mentioned.

Get Ostermoor quality that lasts guarded by a Simmons Label

A fancy "art" ticking and an attractive price-tag have caused many a woman to accept a "substitute" for the Ostermoor Mattress she fully intended to buy. Not till later, when she began to pay the penalty of poor quality in broken sleep on a lumpy, uncomfortable bed, did she realize that her "substitute" had been an expensive economy, after all.

Not only expensive in some cases but actually dangerous to health. "Made-to-sell" mattresses, many of them filled with insanitary, germ-laden, re-worked materials, are a menace right now in thousands of Canadian households.

Of safe, new materials The Ostermoor and all other Simmons-built mattresses—the Red Label, Green Label, White Label and so on—are held to one unvarying standard: only clean, safe materials are used throughout.

Virgin cotton and other high-grade fillers are built up in thick layers to the required depth; inserted into clean new ticking; stitched and tufted; then shipped in sealed, dust-tight carton rolls that allow no hands to touch the finished mattress until delivered to the final owner.

Standard for 30 years This guaranteed cleanliness, coupled with the Ostermoor's famous sleep comfort—for thirty years the Canadian standard of luxurious rest—is worth knowing about, wanting—and getting!

Look for the Simmons label and you can then be sure of every Simmons advantage—comfort, long service and sound restful sleep that builds up health and energy.

Best of all, you can make sure that, when you sleep, only the cleanest, fresh, new materials will come into intimate contact with your body.

Look for the Simmons Label. Beware of imitations Write for your copy of "Restful Bedrooms" to Simmons Limited, Montreal, Quebec Factories at Montreal, Toronto, Winnipeg, Calgary and Vancouver

PROSPERITY BY LEGISLATION

(Minneapolis Journal.)
Bonus bills, farm aid bills, tariff bills, etc., are the result of a government that class; what does it all come to? The old delusion regarding the function and the powers of government still continues, despite the example of unhappy Russia. People persist in believing that laws can make them prosperous and that, if they cannot create the means, the Government can redistribute existing wealth, taking it away from the rich and giving it to the poor without lessening its total amount. They forget that, although a Government may destroy wealth, it cannot create wealth. Does the passing of the bonus bill mean that the people of the United States are richer? Does the enactment of the McNary-Haugen bill make a single bushel of wheat actually more valuable to the world than it is today? There is a grim retribution about all these efforts to divert the normal currents of economic laws. The man who receives a bonus payment may lose his job because industry is crippled by the tax burden; the farmer who enjoyed a high guaranteed price for wheat in 1919 saw the value of wheat relatively sink far below that of other staple commodities in 1921. Laws will not make people richer, any more than they can make people poor. To some extent they can protect and prevent; they cannot create. They can make special provision for the unfortunate, but they cannot do more than give the normal citizenship a fair chance to take care of itself. Russia tried to confiscate wealth, and the poor starved to death; the attempt to redistribute property by law resulted simply in the destruction of the very foundations of life.

PAPERMAKER

Nothing unless they have the courage to tell the truth, unpleasant as it is; to say to their constituents that their property is an economic, not a legislative matter, to be measured solely by the quantity and quality of the work they do, and the world's demand for that work. Until that fact is understood, economic legislation will be a series of shattered hopes; for the man whose sickness is in his pocketbook is at best a quack doctor, promising much but totally unable to effect a cure.

MORE ACTIVITY IN THE MARKETS

Montreal and New York Both Show Advance in Prices.

New York, June 10.—Stock prices displayed a firm undertone at the opening of today's stock market. Easy money rates proved an incentive to buying which was particularly effective in the low-priced rail and sugar rails. General Electric and American Sugar preferred each moved up more than the last two weeks. Missouri Pacific common and preferred advanced fractionally to a new 1924 high. Republic Steel preferred broke 1/4 points to its lowest price of the year.

Montreal Market. Montreal, June 10.—Trading on the Montreal Stock Exchange during the first half hour this morning was decidedly more active than in any corresponding period here in the last two weeks. Prices displayed a tendency to move into higher ground.

Montreal Power was the most active, and registered an over-night advance of one point to the new high of 159. Detroit was the next most active issue, but suffered an overnight loss of 1/2 points to the new low of 82 1/2. Other price changes included Dominion 100 to 102 1/2; Spanish River common 10 to 10 1/2; Smelters up 1/4 to 42 1/2; Shawinigan up 1/4 to 13 1/2; and Mackay off 1/4 on sales of small lots to 11 1/2.

Cable Transfers. Montreal, June 10.—Cable transfers 4.28 1/2.

Morning Stock Letter

New York, June 10.—This morning the uptrend report of the U. S. Steel Corporation, to be published at noon, will probably be the important item of the day. It will make a very poor showing and a good many market observers are predicting a reaction in prices as a result of the advance in stocks and today also will probably retard any upward movement of the market. This afternoon's market will develop around noon for a turn, and the market will probably be favorable to the financial position, since it includes an early convening of Congress and a report on the tariff situation. The bearish professional opinion is that this situation will have a very poor chance of getting any run. So far as the political situation is concerned, the nomination of the low call money rates yesterday, and the fact since the latter part of 1913, call attention to the high grade dividend-paying stocks. This afternoon's market should have the effect of bolstering some of the good dividend payers. In addition the lower price rails act well, and we believe that most rails are a purpose.

Brokers' Opinions

New York, June 10.—Clark Childs, vice president of the American Bond and Investment Co., says that the market suggests the consideration of investors and operators of some of the low price rails that represent sound investments. "From a somewhat lower level accumulation is being completed," he says. "The market is feeling that the market of the readjustment has been completed."

Current Events

New York, June 10.—Famous Players declared regular quarterly dividend of 10 cents. Tidewater Oil declared regular quarterly dividend of 10 cents. American Sugar and Pennsylvania Sugar refined sugar months ended April 1924 net income \$749,000 after depreciation, interest and federal tax, upon \$2,288,000 of sales, a record for the company, which is an accumulation of 21 per cent. in back dividends.

HAVE THEY CAUGHT THE AUTO BANDIT?

Man Answering Description Was Arrested at Bathurst This Morning. Newcastle, N. B., June 10.—(Special.)—A telephone message from Bathurst there last night of a man answering the description of the auto bandit who escaped from the Newcastle police on Saturday. Some of the goods found in the stolen car have been identified as those stolen from Richibucto; where it is also believed Edwards operated in other parts of the province, as an electric drill and some other articles are believed to be the property of Charles Power of Fredericton.

For the tenth time they went to court. And again they witnessed a continuance. As they merged, the father became the avenger, and primitive justice was appeased. "Surely we've had trouble enough," says Mrs. Sexton. "They won't punish Pat for this. They won't take him away from us at home, when Rose already had taken away our boy."

More Brides of June

Miss Irene King of 519 Union street, West Hoboken, was married on Wednesday morning, June 4, at 9 o'clock, to Leo Francis Mully of 3,140 Hudson Boulevard, Jersey City. RETURNS TO DIGBY TO GIVE EVIDENCE

Girl, Kept Prisoner for Nine Years, Shows Result of Good Treatment.

Digby, N. S., June 9.—Accompanied by Capt. Currie of the Attorney-General's department and Miss Virtue, Halifax policeman, Bertha Potter returned to Digby today to give evidence against 62-year-old William Lent on the charge of abduction. Lent was in the home of a Methodist minister not a great distance from Halifax where she proved an excellent domestic. Today she was in the parlor car with Miss Virtue and took a keen interest in the view from the car window on the trip to Digby. A part of the time she rode on the observation platform. Frail and weak when released from the home of Lent and unable to walk any great distance, today she was in the parlor car with Miss Virtue and took a keen interest in the view from the car window on the trip to Digby. RHEUMATISM GONE TOO SAYS MONTREAL LADY

Mrs. Perron Suffered For 4 Years—Neighbor Recommended Tanlac and It Brought Relief.

"Tanlac has made life a pleasure to me and I will always praise it," is the grateful statement of Mrs. Evelyn Perron, highly esteemed and popular resident of 184 St. Laurent street, Montreal, Que. "What I suffered from rheumatism in my arms and shoulders for four years can't be described. At times I could neither raise my hands to my head, put on my gloves, or write a letter for the pain and swelling. I actually dreaded for night to come for I was so nervous and racked with pain that sleep was almost impossible. I was just about to give up hope when a neighbor advised me to try Tanlac, and it has done what nothing else would. I have not had a touch of rheumatism in weeks and my nerves are as steady as nerves can be. In fact, I am feeling so well that I am, indeed, happy that I took Tanlac. Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold."

REPUBLICANS GATHER TO MAKE TICKET CHOICE

Washington, June 10.—(Continued from page 1.) However, "is not deserved because on many major questions their party has not commanded a majority in either branch." Enumerating the achievements of the Republican party in its stewardship of national affairs in the last four years, he paid high tribute to the memory of President Harding, told of the accomplishments under his leadership, and pronounced this benediction: "Rest, wearied spirit, rest in peace, secure in the lasting remembrance which belongs to the immortal name of a President who has left behind him a record of achievement and a reputation of honor." "The aged man will be charged with duty in the County Court here today."

ST. STEPHEN WILL BE HERE SATURDAY

Will Play the Vets—May Replace Shamrocks in League.

Fredericton, N. B., June 10.—St. Stephen is ready to enter the New Brunswick Baseball League, replacing the Shamrocks of St. John, if financial details and a satisfactory new schedule can be arranged. "Maurice (Shorty) Dec, who played with St. Stephen in the old New Brunswick and Maine League ten years ago, is to arrive at St. Stephen today from Lowell, Mass., and will be the club's field leader, playing second base. He will take a team to St. John for games with the Vets during the week-end and by next week it is expected St. Stephen will be fully installed as a league member. Information to this effect reaching a meeting held upon the return of P. E. McLaughlin, a St. Stephen lawyer, who was here yesterday for conferences with local officials. After playing in the New Brunswick League in 1911 and 1912, Maurice Dec was for three years with the Eastern League, and Terre Haute, in the Three I League. He jumped Terre Haute in 1921 and joined the famous Logan Square Club of Chicago in the Midwest League, an outlaw organization, but this year was re-instated by Judge Landis, baseball's high commissioner, and is thus now eligible to play in organized baseball again. Under the rules of baseball the league has the right to disband the players of any club which disbands. A Middle West visitor was in the handshaking line at the White House when the 12-year-old son, As their turn came to grasp the Presidential palm the lady in proud tones exclaimed: "This is my son, Harold, Mr. President. We've looked up his genealogy and find he has some Coolidge blood in his veins." "Well," replied the President dryly, "he hasn't anything on me."

Margaret Anglin's famous vehicle received an excellent presentation last evening at the hands of the Mount

Allison College Players and the work of these clever amateurs was appreciated by an audience which filled almost every seat in the house. These talented young people are on a tour of the Maritime Provinces and have everywhere won laurels in the presentation of this piece. Miss Leslie is to be congratulated on the success of her pupils. Last evening she was the recipient of a handsome bouquet of flowers and similar tributes were handed to Misses Page and Welton.

Miss Page interpreted the principal role in a very satisfying manner. Her masquerading as the chosen one of the fictitious Colonel Smith caused a series of complications in the family arrangements which kept the audience in a roar of laughter. Miss Thomas' rendition of the matronly role of Aunt Ada Faraday was a fine piece of work and this clever young lady gave promise of much talent along theatrical lines. Miss Welton made a bright ingenue and carried her role well. As the married younger sister, Miss Smith had a role which offered a fine opportunity for good work and she took every advantage of it. Miss Brody's role, while small, was well enacted.

Mr. Palmer was a convincing Colonel Smith and his efforts to convince Celia that the memory of her dead lover might be perpetuated in himself brought many amusing incidents. He read his lines well and enacted the role in an excellent manner. Raleigh

Keith as the father of the family had a character role that offered lots of opportunity for good snappy humor, while Mr. Fraser's portrayal of the gruff Admiral Grice, was finished and satisfying. Mr. Smith gave a good rendition of the part of the candidate for election and his efforts to enlist the support of all and sundry caused many a laugh. Mr. Meek's part, though one of the minor ones, was well presented. The play was particularly well staged.

Between the acts the audience was delighted by two fine vocal selections rendered by Mr. Meek and an excellent violin selection and encore by Miss Brody.

FIRST DANCE HELD.
The opening dance of the season was held at the Arena, last evening, which took on its new dress as a dance hall, and was well attended. There was a band in attendance.

TO INSPECT HOME.
On Thursday afternoon next the commissioners of the St. John Municipal Home at East St. John will have as guests several local Government and civic representatives at an inspection of the buildings and an informal dinner. The time for the gathering is set at 1 o'clock.

UNIQUE SHOWS A
PLEASING PICTURE

Film Version of Famed Cohan Play Full of Action and Humor.

"The Meanest Man in the World," as presented at the Unique Theatre yesterday, proves that there is still available somewhere, sufficient material that goes toward making a highly successful photoplay.

The picture was adapted to the screen from that famous stage play in which appeared George M. Cohan. Apparently an ideal combination was effected between the players, director, scenario editors and editing staff, for the finished production has a spontaneity about it which would seem possible in no other way. The acting is excellent and all of the players are ideally suited to their roles. In addition, much humor is added by the titles, which are easy, natural and totally unrestrained in their fun.

To be sure the story is old-fashioned, but that kind of which George M. Cohan is a master of putting over, and the photoplay is certainly on equal terms insofar as the success of both is concerned.

The star role is played by Bert Lytell, who is so tender-hearted as an attorney that he has never made a success. Resolved to be the meanest man in the world, he proceeds to evict one J. Hudson from her farm. The "J" turns out to be Jane, however, and young and pretty. Then the lawyer learns that his employers want to foreclose the mortgage on the farm because they feel certain there is oil on the property. A race against time begins, to raise money to sink a well for Jane. With but five minutes to go, the well gushes in and saves Jane's land but not her heart, for our lawyer wins that.

The cast is truly all-star and in addition to Lytell, who enacts the role of Jane, Bryant Washburn, Marjory Aye, Helen Lynch, Forrest Robinson, Victor Poole, Ward Crane, William Conklin, Frances Raymond and a host of others equally popular.

HOW "TIZ" HELPS
SORE, TIRED FEET

Good-bye, sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a box of "TIZ" now at any drugist, or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed for a few cents.

KNIGHTS TEMPLAR ON VISIT.
The DeMolay Preceptory Knights Templar will hold an emergency meeting in the Masonic Temple, German street, tomorrow night, when the members will extend a knightly greeting to the Supreme Grand Master, Edwin A. Evans, of Quebec, who will be accompanied by Grand Chancellor W. H. A. Eckhardt, of Montreal. A banquet and entertainment will also be carried through.

MAETERLINCK FILM
IS FINE ROMANCE

Queen Sq. Theatre Shows Fine Photoplay—Last Time Today.

Few writers have kept so rigorously to a certain defined direction in the practice of their art as Maurice Maeterlinck, the Belgian poet-playwright and author of "Monna Vanna," which is now being shown on the screen at the Queen Square Theatre. Whether in philosophy, drama or lyric, Maeterlinck is chiefly occupied in revealing or indicating the mysteries which lie only just out of sight, beneath the surface of ordinary life.

What is acknowledged to be the finest volume of his essays is "Wisdom and Destiny," which was written when the poet was thirty-six and immediately following his marriage to Georgette Leblanc. These essays showed a complete transformation in his spirit and philosophy of life. The remarkable dedication to his wife indicated the chief cause of his awakening to the beauty and realities of life. It was her marvelous personality that produced such a profound change in the poet.

In these essays he held that the highest is possible in the most common-

U. S. PARTY GIVES
A CONCERT HERE

Harrod Jubilee Troupe, Washington, Heard at St. Phillip's Church

The Harrod Jubilee Concert Party gave an excellent programme in St. Phillip's church last night and had a greatly appreciative audience. The concert party is from Washington, D. C., and is well known throughout the United States and Canada. The first part of the programme consisted of negro spiritual selections, the second part of plantation melodies and the third part of miscellaneous selections.

The members of the concert party are Archie Harrod, tenor singer and manager; Miss Ruth Mayo, soprano; Miss Mattie Walton, contralto and reader, and Miss Belle Brown. Their rendition of the various numbers was exceptionally good and the talent which they displayed was remarkable.

Numerous readings and vocal solos as well as the choruses were specially enjoyed numbers. The concert party will remain in St. John for a week and has already been engaged to give entertainments in several places.

CHARGES ACTRESS BIT HIM.
Stamford Man Has Dastardly Couple Arrested for Street Attack.

Bridgeport, Conn., June 10.—Jane Jordan, 30, an actress, and her chauffeur, Charles Milton, 36, both of Danvers, were arrested here on complaint of

WILLIAM O'BRIEN, A STAMFORD REAL ESTATE MAN, WHO CHARGES THAT MISS JORDAN AND THE CHAUFFEUR ATTACKED HIM IN AN AUTOMOBILE IN FRONT OF THE CITY HALL IN SOUTH NORWALK, SEIZING HIS GOLD WATCH AND ATTEMPTING TO RIP FROM HIS FINGERS DIAMOND RINGS VALUED AT \$2,000 WHEN HE REFUSED TO GIVE MISS JORDAN \$500.

O'Brien alleges that the young woman bit him on the hand, blackened his right eye and otherwise injured him. After calling to a policeman in front of Police Headquarters here and having the couple arrested, O'Brien went to a physician's office for treatment.

Miss Jordan and Milton are being held here on charges of assault and attempted robbery under bonds of \$1,000 each for the Norwalk authorities.

This metal sheets are being used instead of plaster and wall paper in France, and are said to be cheaper.

Gentlemen:

In our endeavours to give a first class taxi-cab service to the people of Montreal, we are operating at the present time 250 motor vehicles. The total mileage of these cars aggregates five million miles in a period of twelve months.

We are pleased to advise you that we are obtaining good satisfaction from your IMPERIAL POLARINE OIL HEAVY, which we are now using in all our motors.

The great majority of our cars are Reo Cab, and we now use exclusively the Made in Canada Reo Cab. We give preference to Canadian made goods wherever possible and it is satisfactory to know that a high grade oil such as your Polarine is made in Canada.

Yours very truly,

OWEN COLL WILL APPEAR IN BANGOR

Leaves July 1 to Play With Carrolls—Others Leave Halifax.

Owen G. Coll, who was St. John's own contribution to the personnel of the last season company of the F. James Carroll Players, has returned from Halifax, where the company played an engagement of nearly two weeks after closing in St. John. Mr. Coll will spend a few weeks in his family here before leaving for Bangor, where he has been engaged to play with the company which Mr. Carroll has there, carrying his third summer engagement. The players produced "The Bat" for a week in Halifax and followed it with "Bought and Paid For," which closed on Saturday evening, when the company disbanded for the summer.

James G. Coats, who was the leading man here last year, passed through the city late last week on his way to Bangor, where he opened last evening in "Captain Applejack." Next week he is billed to play "Isle o' Dreams," an Irish musical show, which was presented here recently.

The rest of the company left Halifax during the week-end, the most of them on the way to their homes to enjoy a short rest.

John Gordon proceeded by boat to New York, planning to go from there to his home in Philadelphia. Edna Preston, whose home is near New York, also took an ocean liner, calling at Halifax, and Clyde Franklin, bound for his home in Ohio, also planned going the same way. Mr. Franklin left for her home last week, accompanied by her son, Bobby.

James Swift went via Moncton to spend a holiday with friends in Montreal and proposed visiting in Quebec and St. Anne's. Dorrit Kellon, Paul Broderick and Carleton Pinckney traveled over the D. A. R. via Yarmouth and Boston. Mr. Pinckney bound for his home in Massachusetts and the others headed for New York. Virginia Odeon, who makes her home in Bangor, came through St. John. Myra Marsh, who left the company here, has been playing with the Carroll Players at Bangor, where her home also is located.

While there has been nothing definite announced, it is understood that at least two or three of last year's company will return to St. John when Mr. Carroll opens here in the fall.

JOINT CELEBRATION

Mrs. Edward Akerley, Bridge street, was hostess last evening at a joint birthday observance at the home of Mrs. Frederick Brookins, Victoria street, when the anniversaries of Mr. Akerley and Mrs. Brookins were celebrated by a gathering of some 50 relatives and friends of the two families. Mrs. Brookins was made the recipient of a handsome cut glass fruit bowl, the presentation being made by Harry Chase, and Mr. Akerley received a set of individual ash receivers from the hands of E. Walters. Games and cards and music were enjoyed and dainty refreshments served and a very happy evening spent.

MUST AFFIX STAMPS

Ernest H. Latham of Prospect Point was fined \$20 in the police court this morning on a charge of giving receipts on December 1, 1923, and on April 1, 1924, without affixing an excise stamp. H. S. Keith appeared on behalf of the federal department and Francis Kerr for the defendant. Magistrate Henderson adjudged the defendant guilty and struck a fine of \$10 on each of two counts.

Mayor Potts has appointed Monday afternoon as a field day to hear tax appeals and in future will deal with these cases on Mondays. The sittings will begin at 2.30.

Canine Hero Is Honored By Boys

"Gyp," a spaniel that rescued his master, Herbert Biola, Paradise Row, from a watery grave recently at Little River is the proud possessor of a collar and license tag, as gifts of the newboys associates of his young master. The boys took up a collection among themselves, feeling that the heroism of the dog deserved some recognition, and yesterday called at City Hall and paid down on the counter 100 coppers. The mayor's clerk being curious as to the coppers, was told the story.

LOCAL NEWS

ONE THIS MORNING. One man charged with drunkenness was fined \$8 in the police court this morning and in default of payment two months in jail.

UNDER NEW NAME. The name of the coastwise steamer Ruby L. Capt. Lewis, plying between this port and Digby, has been changed to "Discos." As the Discos she made her first trip today.

SAFETY ZONES. The safety zones at the head of King street and at the corner of Charlotte and Union streets have been marked out in white paint and drivers of vehicles are expected to respect the white lines. The lanes are about five feet in width.

DOG LICENSES. The time is growing short for persons to obtain licenses for their canines at the regular price, as after June 30 they will have to pay just double. Up to noon today there had been issued 963 licenses, and this is somewhat below the number issued at the same date last year.

LETTER TO SIR HENRY. Mayor Potts this morning sent out notices for a meeting of the port committee on Friday morning at 10.30. At this meeting the draft of a letter which it is proposed to send to Sir Henry Thornton on the matter of increased facilities and traffic through this port will be discussed.

GOING TO EUROPE. Mr. C. C. Avar, manager of the Sackville Tribune and president of the N. B. Tourist and Resources Association has gone to Montreal to join a party of weekly newspapermen en route to Montreal on Wednesday for a trip to Europe. There will be 187 in the party.

FOR BRIDE TO BE. Miss Winnie Carrick, who is soon to be one of the principals in an interesting event, was given a novelty shower last evening by her girl associates in the office of T. McAvity & Sons, at her home, 299 Rockland Road. A very pleasant evening was spent by the guests, who left behind them a number of gifts of china and aluminum.

MR. HALL HERE THURSDAY. Mr. H. C. Hall, vice-president of the C. P. R., who is today on an inspection trip over the D. A. R., is expected to arrive in the city Thursday morning. He will remain here all day inspecting the local terminals, and will then proceed to Montreal. M. M. Woman will accompany him to Digby yesterday morning, returned to the city on the Bay steamer Empress last evening.

NEW BRUNSWICKERS ELIGIBLE. The Civil Service Commission announced last issue of The Canada Gazette the establishment of eligible lists, among which were the following:—

Inspector Assistant, Department of the Interior—John D. B. Harrison, Fredericton; Murray B. Morrison, Fredericton; Donald John MacLeod, Kingston, Ont.

NOVELTY SHOWER. In honor of Miss Helen Armstrong, who is to be a June bride, a novelty shower was given at the home of Mrs. Charles Bridgen, Main street. The gifts for Miss Armstrong were arranged in a nicely decorated basket which was brought into the room in a little wagon bright with tiny electric lights.

Little Miss Beatie Bridgen, dressed as a bride, and Master Charles Bridgen, in a groom presented the gifts. Verses accompanying the tokens of esteem caused a lot of amusement for the prospective bride and groom and all. Games were enjoyed and delicious refreshments served.

MR. BENTLEY AT ASSEMBLY. The Montreal Gazette's report of the church union debate at Owen Sound yesterday says: "A. E. Bentley of St. Martin's, N. B., called attention to the fact that the proposal of co-operation made by the anti-unionists was really a giveaway of the whole case. They would not agree to unite with their brethren throughout the country, but they did force their fellow members in scattered communities into a church which was not their own, thus doing violence to their consciences. He said that the Legislative Assembly of New Brunswick was not divided on the question. He appealed to the assembly to stand by the union in the interests especially of the mission work of the church at home and abroad."

BRIDGE MATTER. Premier Veniot said this morning said this morning that he had had no word regarding the damage reported done to the Digby bridge, reported out of commission yesterday by a motor truck, heavily laden, going through the floating bridge proceeding from Portland, Me., to St. John. The Premier took this to indicate that the damage was done to the bridge and the matter would likely have been reported to the department at Fredericton and immediate repairs would follow.

It is a plank covered bridge and provided no damage was done to the sub-structure, repairs would be carried out rapidly. Premier Veniot intimated that the people responsible for damage would hear further from the department. He said that the truck driver had no authority to travel this route without a permit from the Public Works Department.

TWO FAMILIES IN PERIL FROM FIRE

Pleasant Pt. People Aroused Just in Time—House and Barn Burn.

To the fact that Mrs. Daniel McAfee heard what she thought was a value and looked out of the window to see how bad the supposed storm was, two families at Pleasant Point owe their lives, as the building in which they lived was on fire and in a very few minutes more they would likely have been smothered or burned to death. Before the fire had been extinguished two buildings had been burned to the ground and several others had been more or less damaged by the flames. The buildings destroyed were a double house owned by John E. Moore and occupied by Mrs. Frisella Ziehl and her son, Wellington Ziehl, and Anthony and John Stevens, and a large barn belonging to Stetson, Cutler and Co.

The fire was first seen about 4 o'clock this morning by Mrs. McAfee and she roused her husband, who awakened the people in the burning house and they just escaped in their night clothes. An alarm was sent to the Fairville fire department, which quickly responded, but the flames had gained such headway that it was found impossible to save the house or the barn. A vigilant watch was kept to confine the flames to these two buildings and in this they were successful.

It was about 8.30 before the firemen were able to return to their homes in Fairville and residents of Pleasant Point today praised the efficient way in which the firemen saved the surrounding houses.

The origin of the blaze is unknown. The house was valued at about \$3,000 and is understood to be partially insured. The two families lost all their furniture and had little insurance. The barn of Stetson, Cutler and Co. was valued at \$1,200 and was partially insured.

Fires in City. The city firemen were given two runs through the night. The first was about 10.45 for a fire in a warehouse at the corner of Crown and Mecklenburg streets, used as a coal storeroom by the Perfect Coal Co., John Connor, manager. The blaze was in a pile of soft coal and after about an hour's work it was put out.

About 1 o'clock this morning the firemen were called to Stanley street where a barrel of lime had taken fire in the Purdy Ice Cream building. This was quickly handled.

START ROAD WORK NEAR CITY SOON

Operations on Silver Falls and Red Head Highways to Commence Soon.

Joy is in store for those who either necessarily or pleasure cause to make use of the road that runs between St. John and Little River. Since the construction of between two and three miles of the road starting at the end of the present paved surface just above Silver Falls.

The Premier said that beyond the part for which the contract had been effected by the public works department crews.

Further road work on the road from Little River to Red Head will also be commenced soon, Mr. Veniot said. A sea wall has been constructed along the flat dyked section from Little River bridge to Le's Corner and it is the intention of the department to cover the surface of this section this summer. Two sections between St. John and St. Stephen have been staked out and building will start immediately, he added.

JOHN PARIS FINED. John Paris of St. John and local police court fame, says the Halifax Echo, was among eight drunkards nabbed in by the police over the weekend. He was convicted by Stipendiary Cluney and fined \$3.

As Hiram Sees It

"I seen a funny thing this mornin'," said Mr. Hiram Horn, "What was it?"

"A musketeer," said Hiram, "pickin' his teeth with an icicle."

"I will concede the icicle," said the reporter, "but not the musketeer. You are spoiling me."

"No, sir," said Hiram, "it's a fact. You can't never tell what the weather is gon'to do this summer—no fall—or whatever it is—but as fer the musketeers we hev out to The Settlement—they aint afraid of nothin'."

The one I seen looked me over an' I guess he thought my old hide was rather tough—so he went right on pickin' his teeth. I guess he's waitin' fer a fishin' party from town."

"He is most unwise," said the reporter. "St. John fishing parties carry a liquid which will preserve insects. Your musketeer will find himself added to a collection."

"You're wrong there," said Hiram. "Self-preservation is the first law of nature with any St. John fisherman I ever seen—as fer as liquids is concerned—yes, sir."
