YARMOUTH SEAT FOR FIELDING B. B. Law to Give Up Place With Twelve Hundred Majority ONE, ALSO, FOR GRAHAM Last Meeting of Government Today and first of Borden Cabinet on Tuesday Next - Borden Ministers Likely in By Acclamation

(Special to Times) Ottawa, Ont., Oct. 5.—Hon. W. S. Fielding will probably come into parliament unopposed from Yarmouth, when B. B. Law, with a 1200 majority has offered him the seat. Hon. J. P. Graham will come in from an Ontario riding. The Borden ministers will probably also get acclamations. The Liberal government's last meeting is being held today. The first meeting of the Conservative government will be held next week as Sir Wilfrid Laurier tomorrow and Mr. Borden will take office early next week, probably on Monday.

ETHEL BARRYMORE ILL Attack of Peritonitis Makes Actress Cancel Her Engagements

South Bend, Ind., Oct. 5.—Ethel Barrymore became ill suddenly from peritonitis today and cancelled theatrical engagements for the next ten days. Russell G. Colter, Jr., her husband, has been summoned from New York. She will be taken to a Chicago hospital.

FIGHTING IN PORTUGAL Civil War Inevitable Declares Prominent Royalist in London

Madrid, Oct. 5.—The governor of Badajoz reports a violent engagement between royalists and republicans at Saint Esteno, London, Oct. 5.—The Daily Telegraph publishes an interview with a prominent Portuguese royalist who declares that civil war is inevitable in Portugal. The royalists, he says, are well prepared, have ample finances and possess two warships and are only awaiting a signal to begin.

DOMINION POLICE TO FORM GUARD AT RIDEAU HALL Always on Duty to Protect His Royal Highness—No Men From the Footguards

Ottawa, Ont., Oct. 5.—(Canadian Press)—There will be no guard elected from the Governor-General's Footguards doing continuous duty at Rideau Hall, during the stay of the Duke of Connaught as governor general of Canada. Col. Woods, commander of the guards, said he had been notified to this effect. As has always been the case, however, Dominion police will be on duty at Rideau Hall continuously. Although Col. Sherwood said this morning that he did not yet know as to what the strength of the police guard would be, every precaution will be taken to protect his royal highness.

EXTENSION OF STREET RAILWAY HELD UP FOR WORD FROM THE I.C.R.

Indicating that the lines of the St. John Street Railway will be extended to Crouville after a difficulty now existing is eliminated, H. M. Hopper, the manager, said yesterday that the proposed extension is being held up at present by the objection of the officials of the I. C. R. concerning crossing the railway's tracks. When Mr. Hopper was asked as to the steps which had been made in regard to the proposed extension of the company's tracks to St. John East, he said the interlocking railway was responsible for the delay in the company's plans. The postponement of the undertaking was caused from the fact that the difficulty with the department of railways as to the crossing of the I. C. R. The case of the street railway had been presented to the department and the latter has not yet given a favorable adjustment of the case as an early date was strongly desired by the company.

DR. WALKER CLOSE FRIEND OF ORIGINAL OF SHERLOCK HOLMES

Among those in the city who knew the late Dr. Joseph Bell, the eminent Scottish surgeon who was the original of the character Sherlock Holmes, and who died at his home in Middlelothian, Scotland, yesterday, Dr. Thomas Walker of this city, Dr. Walker attended Edinburgh College at the same time that Dr. Bell was there, but the latter was several years ahead of him. He knew him quite intimately however, and in conversation with him this morning said that Dr. Bell was a man of sterling qualities and was well liked by the faculty and students alike. He was an exceptionally clever man, and had a large number of friends who will hear with regret of his death.

DEATH OF HUGH TAIT The death of Hugh Tait, an old I. C. R. engineer, occurred at No. 19, Fourth Street East, Providence, R. I., on October 4. Mr. Tait, who was well known and popular among railroad men in St. John and Moncton, and all along the Intercolonial, was superannuated some time ago, and removed with his family to Providence, where his eldest daughter, Margaret, is assistant-superintendent of the Providence City Hospital.

THE RULER OF THE TURKS AND HIS RIGHT HAND MAN

Mehemet Fifth, Sultan of the Turks, and his grand vizier, Said Pasha, leaving a recent cabinet council in which the relations of Italy and Turkey over Tripoli were discussed. While the Sultan sometimes attends the councils, he has not as much to say as the humblest of his "advisors." The fact is that since the Young Turk movement, the "Sick Man of Turkey" has been more of a figurehead than any other monarch in the world.

HEAVY BATTLE AT SEA REPORTED Italian and Turkish Fleets Are Reported Engaged Off Mytilene

Turks Send Out Word of Destruction of Italian Battleship—Vessel With British Flag Fired on by Italians—Austria May Take a Hand—Turks Again Appeal to Britain

London, Oct. 5.—The Chronicle's Constantinople correspondent says:—The startling report has reached the newspaper "Görmüşler" Lord to the effect that the Italian and Turkish fleets are engaged in a fierce battle north of Mytilene. Similar information has reached the Austrian postoffice here. Since Saturday the ministry has set for sixty four hours deliberating on the possibility of the chances of resistance against the Italians. Nothing, however, has been decided, and Italy remains mistress of all the Turkish coasts. The closing of the Dardanelles blocks the Turkish naval forces, making the speedy despatch of help to Tripoli impossible. Consequently the grand vizier has proposed to the council a renewal of the negotiations for peace. A new cabinet has been formed, but it has no stability and no programme and the grand vizier has several years ahead of him. He knew him quite intimately however, and in conversation with him this morning said that Dr. Bell was a man of sterling qualities and was well liked by the faculty and students alike. He was an exceptionally clever man, and had a large number of friends who will hear with regret of his death.

MORE COME IN FROM THE UNITED STATES Canadian Figures Show Large Increase in Immigration Over Last Year

Ottawa, Oct. 5.—During the first five months of the fiscal year immigrants arrived in Canada to the number of 212,854, an increase of 18 per cent, as compared with the same period last year. Of the arrivals 141,921 came via ocean ports and 71,833 from the United States. Last year during the same period the United States arrivals numbered 65,189 and those via ocean ports 115,159. Arrivals for August alone numbered 30,115 of whom 17,019 were from the United States as against 10,490 from the states in August, 1910. The increase in arrivals from the states as compared with last year was sixty-two per cent.

LAKE ONTARIO SWEEP BY GALE Toronto, Ont., Oct. 5.—A gale here yesterday reached fifty miles an hour about 3 p. m. Late at night it was still blowing at a high rate, the lake waves rolling in tremendous volume, rendering navigation practically out of the question. The steamers cancelled their evening trips.

LANGFORD AND JEANETTE NOV. 11 Articles for a 20 Round Battle Have Been Signed

New York, Oct. 5.—Articles have been signed here for a 20-round fight between Sam Langford and Joe Jeannette, the colored heavyweights, to be fought at McCarr's club in Los Angeles on Nov. 11. The contest will have the semblance of a championship affair in view of the announcement by Jack Johnson that he has retired from the game. Sam Langford and Jeannette have been persistent challengers for the title and seem to be the strongest heavyweights in the game, barring Johnson.

ICE TO ST. JOHN FROM MAINE The importation of ice from Maine is a new feature in the ice business here. The first shipment arrived today for the Union Ice Company. The cargo arrived in the schooner Leonard C. Captain Christopher, which has 230 tons from Boothbay. It was said at the office of the Union Ice Company that the extreme hot weather this summer had shortened the crop and from now on it would be necessary to import from the Pine Tree State.

MR. HAZEN SAYS THAT HE HAS RECEIVED NO COMPLAINT ABOUT HOUSES Hon. Mr. Hazen was asked today as attorney-general, in regard to statements made by Rev. J. G. Shearer of the Social and Moral Reform League of Canada at the recent Toronto meeting, that road houses existed on the city's outskirts without molatation. He replied that he had at no time received any complaint of any kind. So far as Rev. Mr. Shearer was concerned, the premier said that any communications he had ever had from him were rather of the opposite nature and would lead him to believe that the reverend gentleman was more pleased than otherwise with moral conditions here.

NEW RUSSIAN MINISTER St. Petersburg, Oct. 5.—M. Makaroff has been gazetted minister of the interior. He was formerly a vice minister of the interior.

PARIS, Oct. 5.—An authentic dispatch from Tunis states that a count of noses in the Turkish garrison at Tripoli completely disproves the rumor that one soldier had bumped his nose. He must have from him been rather of the opposite nature and would lead him to believe that the reverend gentleman was more pleased than otherwise with moral conditions here.

ST. PETERSBURG, Oct. 5.—The Russian cabinet today at Constantinople wires that the only casualty thus far in the Russo-Italian war occurred yesterday when an Italian officer on one of the warships ate too much spaghetti and required medical attendance.

PEPPER FORTY PER CENT ADULTERATED; ANALYST'S REPORT Pamphlet Issued by Chief Examiner of Canadian Inland Revenue Department

Ottawa, Ont., Oct. 5.—(Canadian Press)—That the pepper used throughout Canada has been forty per cent adulterated for the last thirty-three years, has been shown by a pamphlet issued by A. McGill, chief analyst of the department of inland revenue. All kinds of adulterants have been used, reports, including wheat husks, ground coccoanut shells, maize and different kinds of foreign starches. Perhaps the most common adulterant is ground olive stones, so common that it is called "poivre" or "little pepper" by the authorities.

HAS QUARREL WITH ANY WHO STIR UP RACE DIFFERENCES Earl Grey's Words at Farewell Banquet—A Tribute to Loyalty of French Canadians

Montreal, Oct. 4.—In his farewell speech at a banquet given in the Windsor Hotel tonight, Earl Grey, governor-general said in part: "As governor-general I have no politics, I am the constitutional mouth piece of Sir Wilfrid Laurier one day and of Mr. R. L. Borden the next but as governor-general I have a standing quarrel with anyone whose policy it is to stir up racial differences. It is a wise rule to look out, in those with whom we live for points in which we agree, not for those in which we differ. To recognize the points of excellence in the Canadian of French descent should be the effort of Canadians of English descent and vice versa." The speaker added that he regarded the inhabitants of the province of Quebec as most loyal subjects of the crown.

DREDGE ASHORE AT BLACK POINT The New Brunswick Drives in Near Misstep—Too Much Sea This Morning to Get Sea

The Dominion government dredge New Brunswick, which was lost in the bay yesterday during the storm, is ashore at Black Point about eight miles down the coast. The tug Hercules went down to the stranded mud digger this morning, but as there was still considerable sea running, was unable to get near her. Later this morning Captain Finley of the dredge and Captain McMurray of the government service drove to Black Point in the hope of making an examination of the dredge. From what could be seen from the tug this morning the impression was that the bottom of the New Brunswick was in bad shape. If at all possible the craft will be brought into port for repairs. Saving conditions be unfavorable for saving the dredge it is not yet known what will be done.

WHITNEY STILL SILENT No Announcement as to Elections—New Man for Cabinet Awaits Meeting

Toronto, Ont., Oct. 5.—(Canadian Press)—We are not in a position yet to make any announcement concerning the provincial bye-elections," said Sir James Whitney at the conclusion of the meeting of the cabinet yesterday. The delay in making public the government's intention is attributed to reluctance of the cabinet to announce the composition of his cabinet. W. R. Hearst of South Ste. Marie, Frank Coleman's prospective successor as minister of mines, attended the meeting of the cabinet yesterday.

PLAN TO HELP STUDENTS TO PAY THEIR WAY This Matter Discussed at Maritime Presbyterian Synod Meeting Today

Charlottetown, P. E. I., Oct. 5.—At the meeting of the Maritime Synod this morning the report of the Presbyterian College, Halifax, was presented by Rev. Dr. McKinnon, who paid a tribute to the work of Rev. Dr. John McMillan. He referred to the continuance of the debt and the need of more liberal support by the synod. There is now a library fund of \$5,000, of which Lord Strathcona donated \$2,000. The outlook for the student is distinctly brighter, due to greater earnestness on the part of the church. Rev. R. G. Strathairn said there had been no dear about the curriculum with the present staff of teachers. This report was seconded by Rev. D. A. Archibald of Exeter, N. B., who testified to the aid given the students by the bursaries. Judge Forbes of St. John said the hope of the country and church depended on the hearty support of the colleges.

NOT DETERMINED UPON (Special to Times) Considerable discussion took place on an overture from Sydney regarding raising of a fund from which needy students could borrow to carry them through college. The resolution was supported by Rev. J. A. McKean of Port Morin, C. B., seconded by J. A. McMillan, of Bridgport, C. B. President Forrest of Dalhousie did not oppose the resolution, but advised caution. The bursary system, if worked up, would be better than the scheme proposed. The overture was finally referred to a special committee. The scheme proposed that a loan be advanced from the century or burary fund of the church or a special fund created for the purpose or to guarantee a loan from any loan company not exceeding \$150 during each of the four years, student was preparing for the arts course. This loan to be free or given at a low interest rate, the repayment to be guaranteed by requiring the student to take out a life insurance policy in favor of the church.

GOES TO PENITENTIARY UNDER TWO SENTENCES Stratford, Ont., Oct. 5.—Harry Remington, adjudged guilty by Judge Barron of robbing James A. Tait of Chicago of \$110 at the station a few weeks ago, was yesterday sentenced to five years in Kingston penitentiary. A second charge against Remington, that of the alleged theft of \$45 from Mrs. Moore of Elliot, was heard before a jury today, at the court house. Remington pleaded guilty to the charge, and was sentenced to five years in the penitentiary. This sentence will run concurrently with the Tait theft.

VALLEY RAILWAY Contract Signed in Short Time Is Announcement of Premier

There was a meeting of the provincial government this morning with all the members present. Afterwards Premier Hazen announced that the contract for the St. John Valley Railway would probably be signed within a short time. There were, he said, some matters of detail to be dealt with by the railway department which would have to receive attention from the incoming federal government.

THE TIMES' NEW REPORTER

NEWS FROM THE SEAT OF WAR Tripoli, Oct. 5.—The first casualty in the Russo-Italian war occurred today. A Turkish soldier fell down a flight of steps and bumped his nose. There were no Italians present at the time, and the man's injuries were purely accidental. He will recover. London, Oct. 5.—The statement that a Turkish soldier at Tripoli had bumped his nose was the subject of much discussion at the war office today. The fleet at Malaga are playing, crowds parading the streets, and patriotic songs are heard on every side. The war spirit is rapidly spreading. Constantinople, Oct. 5.—The story to the effect that a Turkish soldier at Tripoli had bumped his nose is not credited here. There have been no casualties thus far, and the Turks are very careful of their nose. London, Oct. 5.—The statement that a Turkish soldier at Tripoli had bumped his nose was the subject of much discussion at the war office today. The fleet at Malaga are playing, crowds parading the streets, and patriotic songs are heard on every side. The war spirit is rapidly spreading.

MR. BORDEN AND HIS FRIENDS

The government of Canada is once more to be controlled by the protected interests and the money kings. Mr. Borden must yield to their demands, and they will dictate his tariff and general policy.

THE PRISON FARM

To give its readers a better idea of how the Ontario prison farm at Guelph is conducted, the Times quotes the following from an account of the recent visit of Sir James Whitney and others to the farm.

John? There is a great deal of human energy going to waste because of the present system of dealing with drunkards, vagrants and other petty offenders.

This afternoon a definite forward step should be taken to provide St. John with public playgrounds.

The New Brunswick farmer will now pay more tribute than ever to the western millers.

The cabinet of Sir Wilfrid Laurier, after fifteen fruitful years of effort for the good of Canada, holds its last meeting today.

St. John will be keenly disappointed if the Courtenay Bay works are held up as a result of the change of government.

A news story in the Times today relates to the advance in the price of middlings. There has been a steady advance for months.

Representative Frisbee has suggested to Gov. Bass to appoint Monday, Nov. 27, as "New Hampshire advertising day."

On that day he suggests that everybody in the state send a letter, or postal or some printed matter to their friends or acquaintances telling of the natural and industrial advantages of New Hampshire and invite them to come to the Granite state.

On that day Mr. Frisbee suggests that all the country weeklies as well as the dailies and weeklies in towns and cities print brief but comprehensive articles of the industrial and natural advantages of New Hampshire in general and their particular section in particular.

## THE PEOPLE WANT THE PARK AT FORT HOWE

North End Not Getting Its Share in Public Attention

### PROJECT COMMENDED

Unsurpassed View From Heights — Report of Engineers Sent by Hon. Mr. Pugsley Shows Plan Entirely Feasible—What They Recommend

Though before the recent elections opponents of the Liberal government took occasion to make light of the proposal to convert Fort Howe into an attractive park, that did not alter the fact that the plan outlined would have met with popular approval. The people are desirous of seeing the project put into effect and reference to it is timely in these days of recognition of the value of beauty places and breathing spots within city walls. The fact that the elections are over does not make it any the less true that the plan has the people's approval. There are many things to commend it.

The Fort Howe grounds, for example, are within easy reach of a large residential section of the city, without a recreation place, but have remained bare and neglected. Nature has done as much for the spot as for any place of similar size in the vicinity of the city but the values of it have remained unutilized for many years. All that is necessary to make the frowning height one of the most attractive parks in Eastern Canada would be its improvement according to the methods adopted for the public squares of the city.

A Glorious View

The height furnishes the most favorable view of the harbor and city which it is possible to obtain. Standing near the old fort building one can see, on a clear day, the whole harbor, Partridge Island and far out across the bay to the Nova Scotia shore. The west side and the city proper are opened like a book to the spectator and a large part of the north end is also visible. The panorama of the city and harbor, viewed from such a height, would leave a lasting and favorable impression especially upon the mind of a stranger.

A prominent citizen said yesterday, when questioned regarding Fort Howe, that the time for the north end to receive some consideration had come. The advantages of a spot which could not be surpassed about the city had been overlooked. King Square had been lighted during the summer at considerable expense while even Main street had not been satisfactorily provided for in this regard. The poor man was not able to have a summer home and often it was inconvenient to go to the beach or Rockwood. There was no reason why the poor man should be deprived of enjoying the outdoor life any more than the wealthy and a convenient opportunity should be provided.

It had been said that the evils of the capitalist system had been in part obviated by the benefits of common sharing but he thought it had to see how this principle harmonized with the present attitude toward the Fort Howe grounds.

"I hope," he added, "that a campaign will be started this winter which will result in the improvement of the place which nature has so generously favored."

The Engineer's Report

On Saturday, July 22, a party of engineers including Lieut. C. B. Russell of Halifax and Assistant City Engineer Hatfield and a roofer, under directions from Hon. Mr. Pugsley, made a survey of the grounds and they gave out the information that they would make a favorable report regarding the establishment of a park on the site. They were prepared to report that a driveway could be constructed about the edge of the height and a connection made with the city by means of Rockland Road and Kitchener street. An iron railing constructed on the edge of the cliff would ensure safety. The transplanting of trees to the placing of a fountain and other accessories could very well be added to complete the usual attractions of a park.

The cost of the transformation would not be very great and if borne by the dominion, provincial and city governments, need not be considered a burden. In 1908 an act was passed by the dominion government providing that \$200,000 be appropriated toward the preservation of the historic battlefields of Quebec in connection with the territorial capital. That act has since been superseded and provision made for the acquisition of national parks throughout Canada. Regulations of the national parks of Canada, containing ninety-three sections, were authorized by order in council on June 21, 1909 and published in the sessional papers of that year. Nothing has been spent in the maritime provinces from the fund and with the co-operation of the other governments concerned a move is hoped for during the summer season of next year.

DON'T PUT IT OFF.

"And you really think, doctor, that you must perform the operation today?"

"Oh, yes. There may be no necessity for it tomorrow."

KNIGHTS OUTNIGHTED

Senator Lafontaine, at a picnic in Madam, was praising a young Milwaukee couple that had just been married.

"They'll have a rather hard time of it," he said thoughtfully, "with prices the height they are, and Bert's salary the office so ridiculous."

"A girl," he continued, "once lifted her head from her young man's bosom and armured."

"If it were but possible, in these price days, for you to do something heroic, something brave and knightlike, in order to prove your love!"

"Why, gracious goodness," cried the

young fellow, 'ain't I goin' to marry you next month on a salary of eight per'?"

ONE FOR EACH FACE

A Western politician had quite a reputation in his own town for successful duplicity. It was generally believed that his idea of party principles was to work and vote with the winning side. He once entered the store of a druggist who happened, at the time, to be opposed to him politically.

"I want a jar of face cream," he said.

"The sanitary, Tom," replied the druggist, "get two jars."

## Daily Hints For the Cook

HASTY PICKLES.

Slice several large cucumbers (after peeling), sprinkle with salt, drain for a while in a colander, then add one half teaspoonful of celery seed, one half teaspoonful of olive oil, vinegar to cover, chill and serve.

CHOCOLATE JUNKET.

Sweeten one quart of milk with one half cup of sugar. Melt one square of chocolate or two tablespoonfuls of cocoa, add one cup of milk, which must not be boiled, and a teaspoonful of vanilla. Heat until it is lukewarm, then stir in one packet tablet which has been crushed and dissolved in a little water. Pour into glasses and, when firm, chill and serve with whipped cream.

## Our New Fall Suits Are Marvels of Stylishness

Jewels of the tailor's art, in their accuracy of good form and perfect poise. Among the Sack Suits of the season, they perhaps, have the most thoroughly all round good style.

Perfectly tailored models in Worsteds, Cheviots, Saxons and Tweeds—in all the new shades of browns, greys and greens, while rough finished fabrics are very much in favor this season. We are also showing an assortment of smooth finished Worsteds. There are many new features in the shape of lapels, while we always aim at shoulder supremacy. The Coats are of good length, while the Trousers are generously roomy in hip and thigh.

Prices from \$6.50 to \$27.00

## FOLIES BERGERE IN NEW YORK HAS PROVED FAILURE

Expenses Too High for Size of the House and Did Not Catch Late Crowd as Expected

New York, Oct. 5.—New York's latest bid for the dollars of amusement seekers has proven a failure. The Folies Bergeres, planned after the noted Paris place, has not been a success as a money maker. It will be closed next Saturday.

The Folies Bergeres is a combined amusement performance and restaurant. Manager H. B. Harris sums up the situation by saying "Day New York is gay until midnight and then—good night. It's not like Paris. To begin with, we were obliged to ask a good price for seats, because the opening production was a costly affair. It cost no less, in fact, than \$80,000. For the first month or more we played to \$2,000 a week. After that we lost about \$5,000 a week.

"As soon as the novelty wore off business dropped off. I think people were afraid of the place; they probably suspected that it would cost them more than they could afford to spend. As a matter of fact, they were not obliged to order anything to eat or drink. For the Cabaret show we depended on people who were at the other theatres. There were always enough of them to pay for the midnight show, but not enough to offset the losses of the earlier performance."

On the whole, they were good spenders," answered Mr. Harris. "From the beginning the restaurant was a success, and the prices were no higher than those charged at any high-class restaurant. People at the tables spent money freely. For two, the checks ranged from \$10 to \$12, and often a box party of five or six would spend \$150 in the course of an evening, that is, counting dinner and the two performances. Checks of \$50 and \$80 were quite common.

"For the first two weeks we had from 180 to 200 diners, and if the performance had drawn a full house every night the restaurant would have made a profit of \$75,000 a year. But I see now that the house was too small and the price of tickets too high. It wasn't the price of the food that hurt the place, it was the price of tickets. We were obliged to charge what we did because of the size of the house and the cost of the original production. The second production cost only \$15,000, but it failed to draw. I stood the loss as long as I could, and then decided to give up trying further experiments. We got the right kind of people, but we didn't get enough of them."

Lenon dipped in salt will clean copper kettles successfully, and other metal articles. Afterwards they must be well rinsed in clean water, and be polished with a soft cloth.

Some men are born great, some shrink, and others never find out how small they really are.

Sayings of Woodrow Wilson

The only permanent thing we have is change.

Everything that has ever happened in history has happened because a large number of men kicked.

I do not fear revolution. I have not fear in the power of America to keep its self-possession.

I have no objection to the size and beauty and power of the automobile. I am interested, however, in the size and conscience of the men who handle it, and what I object to is that some of these corporation men are taking joy rides in their corporations.

While you are walking around with your hands in your pockets, whistling, thinking the world is going on as usual, there is a little group of gentlemen in some room, somewhere, putting up a job on you.

If you are ever tempted to let a government reform itself, I ask you to look back in the pages of history and find no government that reformed itself.

That a peasant may become a king does not render the kingdom democratic. We are not going to break faith with the past or with each other, but by the elements of perseverance we are going to get what we want.

We did not start out to show the world how those things that the world has always been doing could be done over again upon a slightly larger scale. That does not satisfy our ambition. That is not what America is for.—From Success Magazine.

Fortunately a young man can't even imagine that his best girl will look like her mother a few years hence.

When choosing peep press it with the thumb, and if it rises quickly it is of good quality.

HEART DISEASE CURED

Kingston Girl Saved by "Fruit-a-tives"

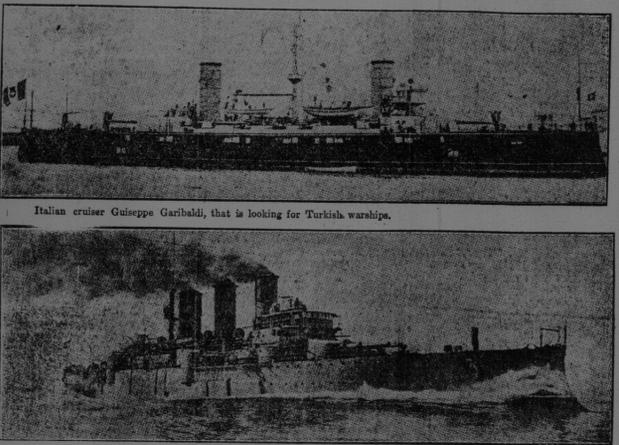

Heart Weakness and Heart Irritation are the common outgrowth of indigestion. Gas is formed in the stomach and this accumulation of gas bulges out the walls of the stomach and presses against the heart. Palpitation, pain over the heart, and sometimes a feeling of smothering and distress, all are caused by the stomach and not because of any organic heart disease.

SPORT NEWS OF A DAY; HOME AND ABROAD

Sackville Races. The Sackville and Westmorland Agricultural Society Fair opened in Sackville today. There was a good attendance, spite of the disagreeable weather. The race were well contested. The following are the results: Four Year Old, Trot and Pace. 1st, George Peters, Sackville. 2nd, Harry Delmar, J. E. Oulton, Sackville. 3rd, T. J. Joseph, Gass, Sackville. 4th, Time—1:19, 1:20. Three Year Old Trot and Pace. 1st, Robert Jones, Point De Bute. 2nd, Harry Delmar, J. E. Oulton, Sackville. 3rd, T. J. Joseph, Gass, Sackville. 4th, Time—1:44. Running Race, Any Age. 1st, Harry McDonald, Sackville. 2nd, Joseph Gass, Sackville, and Moran, T. J. Etter, Westmorland Point. Baseball. Speaker Mentioned as Manager. This speaker may be the next manager of the Boston American league baseball team. An exchange says that hardly had the report of the proposed sale been made before the talk of the probable successor to Pat Donovan was started, and the impression is that it will be Speaker who will be named as pilot. Speaker is now captain and since going to Boston it has been evident to those who watched the Red Sox closest that the wonderful center leader is the biggest sort of a factor in directing the team. Speaker's ability as a player cannot be questioned, and from his experience he has gained as field leader should fit in nicely. It would be recalled that during the two years McAleer has picked Speaker's his all-star team, and, in addition, they are unusually friendly both on and off the field. No decision will be reached until other matters are arranged, but, as matters stand, it looks as if Speaker has the call for the job as manager of the Sox.

TY COBB ENDS SEASON WITH BREAKING OF RECORD His 247 Hits Constitute Best Ever in The Big Leagues—Planing World's Series of New Yorks and Philadelphia

Cleveland, Ohio, Oct. 5.—(Canadian Press)—Ty Cobb played his last game of the season here yesterday, having been excused from the St. Louis trip by manager Jennings. Cobb has captured the American league records for base stealing, and run-getting, having eighty-five stolen bases and 149 runs to his credit this season. He leads the league batting with 417, and his 247 hits this season breaks the major league record held since 1897 by Willie Keeler, with 243 hits. New York, Oct. 5.—(Canadian Press)—The New York American veteran outfielder was released today to the Chicago American league club. The national commission expects to announce also arrangements for the sale of the Philadelphia on October 17. DURNAN READY FOR BOSTON MAN

Toronto, Ont., Oct. 5.—Eddie Durnan said yesterday that he would accept the challenge of William Haines, a Boston sculler, for a race for the American championship and \$1,000 a side. "Just as soon as I receive the articles of agreement from Boston," said Durnan, "I will sign them. The race will be rowed on Toronto Bay and I will give Haines the first chance for the title, providing I cannot get on a match with Richard Armit for the world's championship. Under no conditions will I myself up with a match which would prevent me meeting Armit if the opportunity I have longed for, presents itself."

MORE INTEREST SHOWN IN KINDERGARTENS HERE

The reports of the Free Kindergartens for the last month show that there is growing interest and a realization of the benefits of the work for the children, both on the part of parents and citizens. Each kindergarten reports a large number of new scholars, room being made for them by many of last year's pupils entering school. In some cases mothers have been so eager to bring their little ones to the earliest age possible that they have had to be advised to keep them home for another year, for some seemed mere babies. Another thing that shows the appreciation of parents is that many of the little ones bring gifts for the kindergarten regularly. This money is used for the children's good, in some extra supplies of comfort. Through the kindness of benefactors, the rooms have been thoroughly renovated during the holidays and all made agreeable to their nice clean quarters and improved sanitary arrangements. Appreciation on the part of kindergartners is expressed for visits made to the schools, and helpful gifts of clothing, fruit and food. The kindergartners in September have directed the thought of the children from the home and family to the life of nature, where the growth of vegetables, fruit and seed has been studied, leading the thought to the giving of all good gifts, the little minds thus developing for a real thanksgiving.

DIAMOND SPARKLES

Cleveland and Cincinnati are to play a series of post games this fall. Jay Kirtle who has been playing such a strong game for the Boston Nationals, was drafted from New Orleans. The St. Louis Nationals and American league teams are to play post season series for the championship of the city, beginning Oct. 12. There are no less than six players connected with the New York Nationals this fall whose names begin with M. They are: Murray, manager; Mathewson, Marquard, pitchers; Myers, catcher; Merkle, first; and Murphy, left field. Manager High Jennings of the Detroit team has announced that he will not consider going to Washington in next year's series, as Nelson took occasion to circulate the story that Murphy was a foul boxer and should not be allowed to box in any club in the city. While Murphy was seated in the reception room at the Army Club, Boston, last night, he was surrounded by a group of other day, Nelson walked in. In an instant Murphy was on his feet and called Nelson all kinds of names from a "bum fighter" to the very vilest Nelson made was that he, Murphy, was worthy of all the roasting he got from him (Nelson). After these words Nelson turned and walked away. Murphy was very hot, and it looked as though there would be an impromptu meeting between the two pugilists, but the crowd around the club averted any collision. Since an exhibition bout three years ago in New York, when both men accused each other of double crossing, there has been bad blood. "One Round" Won. One Round Hogan defeated Jack Dorman in a ten round bout in New York last night. Hogan had the better of the fight all the way through. Y. M. C. A. Gymnasium. The season's gymnasium work at the Y. M. C. A. will be started this afternoon. The first class will be that of the High School boys which will be held from 4 till 11 o'clock. The schedule is as follows: Monday, Wednesday and Friday, 8 o'clock till 10 for business boys, Tuesday and Saturday, 7 to 8. The days for the High School boys will be Tuesday from 6 to 8, Thursday 4 to 6, class B, Thursday 5 to 6, Saturday 10:30 to 12; Class C, Tuesday 4 to 5, Saturday 10 to 10:30. Hockey. The Outlook in New York. New York, Oct. 4.—Hockey has become pretty badly involved in the Madison Square Garden boxing muddle. In fact, according to the amateur hockey league, it is possible that there may be no hockey at all next season, and no indoor ice skating either for that matter. The trouble is this: The Twentieth Century's Athletic Club. It would not be impossible of course to have skating at the rink were the coming winter. If the Madison Square Athletic club loses its license to give shows at the Garden it will probably consolidate with the Twentieth Century club, in which case the rink will be devoted entirely to the fight game. The two organizations are now under practically the same management— that of Powers and Pollok. Bowling. The Game in Chatham. The Chatham Gazette says the bowling alley has been through with bowlers getting ready and in trim for the winter's sport. There is already talk of forming a four or five team league for a short season's game, and this may be started off soon. Lipton and the Cup. New York, Oct. 4.—The proposal of Sir Thomas Lipton to the America's Cup provided the New York Yacht Club would accept a challenge under the rules and not under the so-called antiquated rules which have governed previous races for this famous trophy, does not favor among the officers and members of the New York Yacht Club. As a matter of fact, they decline to take the matter seriously and say point blank that there is no chance that the rules will be altered. Wrestling. John Pohlman, a German, and Raymond Casseaux, a Frenchman, had a wrestling bout in Montreal last night. It was won by the latter. The two men fought like cats all through the bout and at one time they were striking at each other with chairs.

ITALY: WARSHIP BLOWN UP?

London, Oct. 5.—A despatch to the Chronicle from Constantinople today says a cablegram received there from a Turkish source at Tripoli, via Malta, states that the Italian battleship Conte-De-Cavour was blown up by a Turkish mine off Tripoli and that the crew and troops aboard the vessel perished. The despatch continues: "A heavy cannonading was heard last night near Samsoun on an island belonging to Turkey in the Aegean Sea, about twenty miles from the coast of Thrace, where flashes from the Italian searchlights were seen. Violent cannonading was also heard off the coast from Prevesa. "The armed national defence committee today cabled King George of England asking him to intervene. "A news despatch from Rome this afternoon says that the delay in the bombardment of Tripoli was due not only to the Italian desire to avoid bloodshed, but also to the fact that the harbor had been extensively mined. BRITISH DE TROUYED BY ITALIANS? London, Oct. 4.—A special from Constantinople says that an Italian warship was blown up by a Turkish mine off the Red Sea. The boat was intended, it is understood, for the Turkish navy but had not been delivered when it was attacked. The British firm who owned the craft have entered a complaint against the action of the Italians with the British consul at Hodeidah. ITALY: WARSHIP BLOWN UP? Today she will sing the Carmen Waltzes, the Spanish style and swing of which will doubtless show off her fine voice to perfection. Mr. Moon's featured number will be a ragtime ditty, The Moonlight Glide. Yesterday's special feature was the Vitagraph comedy-romance, The Wooing and Winning of Winifred, which appeared to be enjoyed by everybody. The comedy of John Barry and Flora Finch in this sketch was uproariously funny. The other films included: Kalon's story of children's hospital life, The Little Orphan; the Eshanyany comedy, The Tramp Artist; and the new programme Friday, Special matinee Saturday. THE OPERA HOUSE. Last night's Kinemacolor programme at the Opera House was probably the best yet. The gathering was large and the appreciation was marked by continuous applause. The pictures included the decorations of London some weeks prior to the coronation. The arrival of the Canadian contingent aroused the spectators to great interest and the preparations of camps and Kensington Gardens and Hyde Park were most realistic. The Indian contingent view with the gorgeous uniforms and showing the various types, was perhaps, one of the best pictures of the number. The coronation procession brought vigorous applause. The Garter investiture at Windsor and other subjects including "Ramble" in New Brunswick, including King Square, Queen Square, Reversing Falls, and a motor boat race at Indianapolis were decidedly interesting. HEALTH IN THE BOYS' CAMP. The recent gift to the University Settlement by Mrs. Joseph Howland, of her entire estate on the Hudson river, with the stipulation that it be used for a boys' camp, goes to show that George Bird Grinnell, editor of Forest and Stream, Dr. Eugene L. Swan and other enthusiasts are not wrong in the importance they attach to the movement toward organized camps for boys. As editors of the new outdoor book called Harper's Camping and Scouting, they have given a large amount of space to the subject, not only pointing out the immense value of the camp life in training boys, but showing just how the camp is organized and its work carried on. Mrs. Howland's gift is a tract of land near Fishkill Landing, at the foot of historic Mount Beacon, and here the University Settlement may demonstrate on the largest scale yet attempted the principles and plans developed through years of experience by Dr. Swan and other promoters in the field. Incidentally the settlement boys may practice mountain-climbing in the manner advocated by Garrett H. Evers, in Camping and Scouting, for the estate includes a good half of Mount Beacon. Where lamps are used a box of sand should be kept on every floor to be ready in case of accident. Sand extinguishes burning paraffin, water spreads it. The woman who looks younger than she is hasn't much cause for worry. And the only good that brain food does some people is to appease their vanity.

THEFT OF \$10 FROM STEAMER CHAMPLAIN; BOY IS ARRESTED Memo Found on Him Gives Expression of Sorrow for Taking it—Barret Woman May be Sent to Hospital

Scott Scribner, a fifteen-year-old boy, was arraigned before Judge Ritchie in the police court this morning on the charge of stealing \$10 from the steamer Champlain, the property of Stanley Gilbert, one of the crew. Policeman Totten made the arrest between 3 and 4 o'clock yesterday afternoon. The theft was supposed to have been committed soon after the arrival of the steamer down river yesterday. The sum of \$10 was found on the lad when arrested.

In the court this morning the lad decided to be tried by Judge Ritchie. A memo, which was found on the boy when he was taken into custody was produced in court. It stated he was sorry he had taken the money and would return it later in the afternoon. He was remanded to jail.

Man Hamilton was fined \$8 or two months in jail on the charge of drunkenness, and Cornelius Sheehan \$4 or ten days in jail on a like charge.

George Gillespie, charged with drunkenness, and also with violently resisting the police, was fined \$8 or two months in jail on the first charge, and \$16 or two months on the second charge.

John Grant and John McKinnon, charged with being inmates of a disorderly house kept in Sheffield street, were each fined \$25 or two months in jail. The fine against them was allowed to stand against them on condition that they go to sea. Margaret Sullivan, charged with being the proprietor of a disorderly house and Lucy Barrett charged with being an inmate, were remanded to jail in order that the court may receive a report from the jail physician regarding the Barrett woman's health.

She has been sick ever since she was arrested and appeared to be very weak in court to day. The judge said that if the woman was as sick as she appeared to be, she should be sent to the hospital. The case will be disposed of tomorrow morning.

AGAIN SHOW INCREASE The St. John bank clearances for the first week of October were \$1,890,797; corresponding week of last year \$1,469,022.

NAME HAZEN AS POSSIBLE HIGH COMMISSIONER

Latest Report is That Borden Has Offered Him Choice of This or Place in the Cabinet

Hon. J. D. Hazen for Canadian High Commissioner at London or minister of railways in the Borden cabinet is the latest report. It is said with assurance of accuracy that the premier has the choice of these positions. It has been said during the last few days that the New Brunswick difficulty would be settled in Mr. Borden's own way, the selection of Hon. Mr. Hazen and now it is added that his personal regard for the provincial premier has carried Mr. Borden further, and the position in London may now be held by one who has probably not dreamed of that good fortune.

His acceptance of the London post would clear up the situation in this province and make possible the straightening out of the Crockett-Fowler trouble over a berth on the new ship of state. The salary for the commission is, it is understood, to be raised to \$25,000 to the end that the occupant can live in keeping with the demands that such a position would naturally call for. That Premier Hazen is about through with provincial politics is at any rate declared. It was said since this was written that Mr. Hazen's choice would likely be the minister of railways post.

HOW THE FARMER IS SQUEEZED BY MILLER

No Justification for the Advance in Price of Middlings—It Means Much to Farmers and Stock Raisers

There has been considerable talk about the advance in the price of middlings, which is in no way justified by an advance in raw material.

The Times has examined the Montreal price of middlings, as given in the St. John Standard since July last. Here are the Standard's own figures:

July 22 . . . . . \$22.50 to \$23 July 24 . . . . . 24.00 to 25 Aug. 18 . . . . . 26.00 to 26 Sept. 4 . . . . . 26.00 to 27 Sept. 13 . . . . . 27.00 to 28 Oct. 4 . . . . . 27.00 to 28

Here is an advance of Montreal of about \$5 a ton since July 22nd. To these prices must be added the freight and other charges to St. John, and when that is added the miller's profit the purchaser of small lots is asked to pay a price that is almost prohibitive.

There is no justification for such an advance. The people are at the mercy of the millers, and must pay what the latter choose to demand. The increased price means a great deal to the farmers and stock raisers particularly as the backwash crop has suffered badly from the wet harvest weather.

The Times learns that a dealer a few miles from St. John is quoting middlings to the farmers at the rate of \$33 a ton. On Sept. 1, his price was \$28. At one time in the summer it was \$25. This is how it hits the farmer.

Dr. McAvenny Speaks of The Proposal for Home for Advanced Cases of Tuberculosis

In conversation with a Times reporter this morning, Dr. A. F. McAvenny who is interested greatly in the establishment of a home for advanced cases of tuberculosis, said that the matter now practically stands with the municipality. In other towns where there are such homes, they are run under the direction of the municipality and not by any private organization. "Should such a home be established in St. John," said Dr. McAvenny, "I am certain that the Society for the Prevention of Tuberculosis here would do all in its power to assist the city. Dr. Cox of Boston, who is a specialist in this kind of work, told me that he would only be too glad to come to St. John and give the people all the information that they desired in connection with the establishing and running of the home."

Gilbert Crawford Meets With Serious Accident in Erin Street Factory

Gilbert Crawford, aged 33 years, an employee of the Christie Woodworking Co., in their factory in Erin street, formerly the Hamilton Woodworking Co's plant, was very painfully injured about 3:30 o'clock this morning while at work in the factory. He was employed at a machine and was using a self-feed rip saw when his shirt sleeve caught in the saw and his arm was terribly lacerated before he could be extricated.

As quickly as possible the ambulance was summoned and he was removed to the hospital where it was found necessary to amputate the right hand above the wrist. After the operation he was reported as resting as well as could be and it is expected that he will come around all right. He is a single man and lives with his parents in St. Paul street. He has been employed in the mill for about eight years and had never met with the slightest accident before.

A. O. Skinner still continues to improve in health and it is expected that he will be out again in a few days.

There are Times When a Woman Doesn't Know Whether to Laugh or Cry

One of these is when her boy puts on his first long-trouser Suit.

If it is a Suit that turns him into a miniature man she thinks she ought to be glad, but in reality she is half sorry, because he is a boy no longer.

If it is a rightly-made Suit she is glad to see that she is not going to lose him yet a while and that he is still a boy—only of a larger and more manly growth.

We mention these things because we have been observing them for years.

And that is why YOUTHS' CLOTHING is studied by Oak Hall specialists as it is studied by no others and why there is no youths' Clothing quite like Oak Hall's Youths' Clothing in Youthfulness of cut and appearance, over a foundation of sound character.
