disease or ill health can possibly long exist where these Bitters are used, so varied and perfect are their operations.

There is hardly any field of labor in which so much ingenuity, fancy, skill and money is expended, all which, of ceurse, everybody knows. Tennyson not long ago wrote a poem for an Eastern magazine for the confessed purpose of advertising it. He received \$15.000 for the effort, Now I hear he has been offered \$100,CCD for a poem advertising a certain manufacturers' wares. My Lord Alfred, most people will be inclined to remark, will be a goose if he doesn't accept. Advertising has given a certain impetus to art. Not a few of the struggling young artists owe much of the encouragement they have received to go on to the liberality of merchants who buy their pictures to catch custom with. Mr. Brownley, a married man, without children, stayed with them, but when he resigned the charge, to accept a call elsewhere, and Rav., Charles Sasbright came, with a wife and seven children to support on the same meagre amount, they were surprised that there assemed so many things lacking in the manse.

They were surprised also, that Mrs.

'Where there's a will there is always a way,' an old adage, but seemingly appropriate, for the many times it was quoted in that place, on that important occasion referred to. It certainly caused an amount of inconvenience, and it was past comprehensive, why Mrs. Sebright should be excused.

'Why did she not hire a servant as Mrs. Brownley had done?'

Finally, Mrs. Strong accepted the cutter's position, and the society was inaugurated for the winter.

Once or twice Mrs. Seabright came in for a few moments, but, although impossible for her to attend regularly, she always sent for a garment to make at home and in this way accomplished more during the winter than any other two persons had done. Still, she had deprived them of her personal attendance, and they felt aggrieved.

Saved Him 1,800 Dollars

DR. B. J. KENDALL & Co., Gents: Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for ne. Two years ago I had as speedy a colt as was ever raised in Jefferson County. When I was breaking him, he kicked over the cross bar and got fast and tore one of his hind legs all to pleces. I employed the best-fariers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kendall's Spavin Cure, and it took the bunch entirely of, and he sold afterwards for \$1800 (dollars). I have used if for bone spavins and wind galls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say

Dr. B. J. Kendall, & Co., Gents:—For the past three years I have used Kendall's Spavin Cure. In every case of spavin, of which I have treated flive, thas killed them all, and entirely removed three. In case of splint I find it has no equal, one case I had was of three years standing and the Spavin Cure removed it entirely. I had a cow get spavined and it entirely cured her. One year ago a two hundred pound block of ice fell out of a wagon striking my foot on instep and toes, it would be mpossible to mash a foot worse without breaking any bones. I was taken home and carried into the house. I do not think amputation of the leg would cause any more pain. I sent for Kendall's Spavin Cure, it was all I used, and in six days I could
