

POPE PIUS NOW SUFFERS FROM ANOTHER RELAPSE

Grave Anxiety Felt By Sudden Change For Worse

PONTIFF'S CONDITION IS NOW DANGEROUS

Temperature has Risen to 102 and Affected Zone in Chest is Further Congested — Doctors Constantly in Attendance.

Rome, April 15.—Once again there has been a sudden change for the worse in the condition of Pope Pius X. It is changes such as this that have repeatedly transformed the feeling of optimism regarding the Pope's recovery into one of grave anxiety in the knowledge that each recurrence withdraws something from the vital forces of the Holy Father.

Notwithstanding the reassurances of Prof. Marchisavi, a careful watch is being kept on the Vatican, and there is doubt that the "satisfactory general condition" of the Pontiff as reported by the doctors, is borne out by the facts.

The temperature of the Pope, which throughout almost the whole day remained at 97 degrees, in itself indicating depression and weakness, rose in the early evening to 100 and later to 102. The bronchial symptoms which at the morning examination were found to be diminished, presented new and grave features this evening. The affected zone on the left side of the chest was further congested, with a possible area of consolidation, one of the signs of pneumonia and the sounds within the bronchial tubes were more pronounced.

The attending physicians ordered a special bacteriological examination of the sputum, in order to ascertain whether it contained infectious material and the nature of the detritus that threatens to block up the lungs.

Contradictory Reports.

The darkest reports are being circulated, one of them to the effect that the Pope is at the point of death, and that Father Agostino Piffiori, an Augustinian monk, has been ordered to be in readiness to bring the patient the viaticum, this being the prerogative of his office.

This appears to be an exaggeration of the situation, although undoubtedly the Pope's condition is much worse, owing to the fact that he did not take sufficient rest today and over-exerted himself, as he had done on previous occasions. This resulted in general prostration, elevation of the temperature, and inability to retain nourishment, even the very lightest nutriment.

The arrival in Rome tonight of Angelo Sarto, the Pope's brother, was interpreted in some quarters as a certain sign that all hope was abandoned. It was forgotten that Angelo Sarto left his own village on his journey to the holy city long before the present setback of the patient, in fact, when the condition of the Pope had greatly improved.

Angelo was received with open arms by his sisters, who seem to think that the more the Pope is surrounded by the members of his family the easier it will be to save him.

Prof. Marchisavi's visit to the sick room tonight lasted forty minutes. When he left the Vatican he was besieged for details, as the aggravation of the Pope's condition was already known, but he renewed his assurance that the situation was not grave.

CANADIAN PACIFIC PLAN FOR EXPRESS ACROSS CONTINENT

Montreal to Vancouver in 72 Hours is Object of Company — Would be Fastest Trans-continental Train.

Winnipeg, April 15.—From Montreal to Vancouver in 72 hours is the objective of the C.P.R., according to a statement made by a prominent official of the passenger department today. It is expected that the company will be able to make this time. The calculation is based on the following estimate: An average speed of fifty miles per hour, for sixty hours, and twelve hours allowed for stops.

ROOSEVELT A PATRON OF COST LUNCH

Inspects Cost. Price of Food Furnished to School Children — Professes to be Well Satisfied with Meal.

One cup of bean soup 1 cent.
One egg sandwich 1 cent.
Total 2 cents.

New York, April 15.—Such was Theodore Roosevelt's lunch and its cost today. It was bought and paid for by the colonel among pupils, children of polyglot parents at an East Side grammar school at noon. The former president visited several schools to investigate the food at cost price luncheons furnished under the auspices of the Child Life Committee of the progressive party.

"It was food which I would have enjoyed as a first class dinner or lunch on the road up, or with the regiment, or on a picnic or anything like that," said the colonel. "I feel very strongly on this lunch question. I feel that we ought by law to get every state to provide that the school children should furnish meals to the children at not less than the cost of the raw materials. I hope that will be made a plank of the progressive municipal platform in the fall."

Colonel Roosevelt saw several children pay more than two cents for lunch, one child whom he referred to as an "amateur Vanderbilt," spent seven cents, buying chocolate, bread, cake, soup and three dishes of salad. Several pupils told the colonel that they used to go to the streets for some purchasing green pickles and candy. He learned that 2,000 children are served daily at seven schools.

IS CRUSHED TO DEATH

Ottawa Girl Instantly Killed When Automobile Jams Her Against Tree—Was Cranking Machine.

Ottawa, April 15.—Miss Fern J. Willoughby, aged 21, eldest daughter of Mr. and Mrs. S. J. Willoughby, 201 James street, was instantly killed this afternoon in this town in front of her home, when her motor car, which she was cranking, suddenly started, pinning her against a tree and breaking her neck. Her mother was standing in the front window and saw her daughter killed.

Dr. H. C. Brown, who happened to be passing, and other neighbors, ran to the assistance of the young woman, but she was dead before they reached her.

MONTREAL MAULERS AND CARPENTERS ON STRIKE FOR MONEY

Failure of Big Company to Accede to Their Demands Brought a Lookout — Men are Confident.

Montreal, April 15.—The refusal of the directors to accede to the demand for an increase in wages precipitated a strike among the maulers and carpenters employed by the Montreal Drydock and Ship Repairing Company, Limited, shortly after noon today. The entire staff of men engaged in this branch, numbering 24, laid down their tools and walked out.

Thomas Hall, managing director of the concern, stated tonight that the men were getting 30 cents an hour, and on Monday demanded 35. The company's reply is that conditions do not warrant the increase. It is thought that the dissatisfaction will spread to other departments.

SERVA AND BULGARIA NOW PREPARE FOR WAR

Balkan Allies Ready to Fight for Spoils of Conflict

SERVIANS DEMAND THE LION'S SHARE

Bulgarians Are Moving Army from Tchalaja to Macedonia in Readiness to Strike — Montenegrins Refuse to Yield.

London, April 15.—A Vienna despatch to the Chronicle says that the relations between Servia and Bulgaria are becoming increasingly strained. Servia claims for herself Epirus, Albania, Kratoia, Felix, Ukip and Okhrida, in total disregard for the treaty concluded before the war between Servia and Bulgaria, under which most of these towns, being Bulgarian, would go to Bulgaria. The disputed territory comprises 25,000 miles.

The Neps Freie Presse, the despatch adds, learns that Bulgaria suspects her allies of purposely delaying the conclusion of peace in order to retain the Bulgarian army at Tchalaja as long as possible, while Servia concentrates her army along the Verdara river, and Greece her forces near Salonika. Bulgaria is now preparing to divert all available troops from Adrianople and Tchalaja to Macedonia.

The Bulgarian government, according to a Sofia despatch to the Post, has notified the other governments of the Balkan League that the terms of the latest note of the great powers are acceptable to Bulgaria, and asks the allies to assent promptly to the conclusion of peace. It is probable, adds the despatch, that an armistice will be arranged this week.

Will Never Yield.

Ottawa, April 15.—The government has notified its representatives abroad that Montenegrins reject pecuniary compensation from Servia and will only yield to overwhelming force.

Reports premature.

London, April 15.—The news of the actual conclusion of an armistice between Turkey and Bulgaria, appears to be premature, but there is little doubt that it is on the eve of arrangement. First reports regarding the armistice come from Constantinople, the Russian government is in receipt of similar news.

According to reports current in St. Petersburg the armistice will be acceptable to the British cabinet. In diplomatic circles in London, the view is held that the peace conference will shortly be reassembled in the city. A Constantinople despatch admits the existence of some sort of truce as a precursor of an armistice.

Kaiser is Against DUELS BETWEEN HIS MILITARY OFFICERS

Urges Generals to Put a Stop to Practice—Bad Tempers Must be Controlled — All Warned.

Berlin, April 15.—Emperor William is earnestly endeavoring to reduce the number of duels fought by German army officers, according to an announcement made by the committee of the Imperial parliament today by General Von Boerger, minister of war.

His Majesty, said the minister, admonished the commanding generals at his New Year's reception to give their attention to the matter chiefly in the way of improving the training of officers. The Emperor followed this up with a rescript to the army calling attention to the number of duels caused by officers insulting their comrades or civilians.

This was in the nature of a warning to the officers to strive against such practices. It concluded "self-control and restraint must be cultivated as a duty."

TO FLY ACROSS OCEAN.

Las Palmas, Canary Islands, April 15.—The dirigible balloon Seaward in which Joseph Brucker, formerly of Milwaukee, proposes to make a trans-Atlantic flight is being inflated. Capt. Brucker announces that he will start for America tomorrow or Thursday, if the present favorable wind holds.

REVEREND EDITOR SOUNDLY CITED BY OTTAWA JOURNAL

Rev. J. A. MacDonald of the Toronto Globe, Sharply Taken to Task for Direct Misstatements of Fact—Has Joined Liberal Camp Followers.

Special to The Standard.

Ottawa, April 15.—Under the caption "The Clerical Politician," The Evening Journal says tonight: In the course of a fiery denunciation of Premier Borden, because of the introduction of closure in parliament, Rev. Dr. J. A. MacDonald, editor of the Toronto Globe, says that Mr. Borden, "in his position, affects kid glove methods, but contemplates the methods of a brigand." What methods does Rev. Dr. MacDonald affect? What methods does he contemplate, nay employ?

As his name suggests, Rev. Dr. MacDonald is a clergyman. His ability for graphic writing led to his entrance into journalism, and he occupies an editorial chair that has been filled by honorable men. As a clergyman he enjoys a certain amount of prestige in the clergy. Journalists do not enjoy the popular supposition being that the ideals of the Christian ministry stand as a stone wall between Rev. Dr. MacDonald and the temptations of party political fighting. Rev. Dr. MacDonald, therefore, affects the methods of the clergy. Occasionally he delivers sermons, good sermons, too, because he knows a lot more of men and things than the average clergyman knows. He can get a look at things from several standpoints at once.

What methods does Rev. Dr. MacDonald contemplate and employ? What does he do when the church doors close, and he leaves the mid-week prayer meeting to take part in a political party council of war? Words to describe the methods Dr. MacDonald employs will come to those who read his comments on Mr. Borden's personal actions in introducing closure in parliament as follows: "His (Mr. Borden's) voice joined with those who planned to howl down Sir Wilfrid Laurier into humiliation." For him (Mr. Borden) to have cried "Sit down, sit down," as the press gallery men report him doing, etc.

It is a lie, plain and unvarnished, to say that a plan was made to howl down Sir Wilfrid Laurier. It is a lie, also to say that Mr. Borden cried "sit down, sit down." But he shelters himself behind others, to drag in the insult.

Dr. MacDonald has chosen to take his place amongst the party heasers. As he forgets his sense of justice to make a cruel attack upon Mr. Borden, he must lose his self-respect and he will lose his influence. The political influence which had its birth in ingenious defence of graft will die a natural death. Neither Sir Wilfrid Laurier nor any of his supporters in the house has claimed that he was "howled down" in parliament, nor will they claim it. But it remains for the party camp followers to play fact and loose with the truth at their best. Rev. Dr. MacDonald is a grotesque figure.

ATTEMPTING TO PREVENT FRICTION WITH JAPANESE

Washington, D. C., April 15.—Efforts to prevent friction between the United States and Japan over the proposed Japanese alien land-holding bill, were continued today by President Wilson and Secretary Bryan, in conference with the Japanese ambassador, called at the White House to talk with the president and then proceeded to the State Department to confer with Secretary Bryan.

There was no announcement as to the nature of the conference, but it was admitted that the California problem was under discussion.

Without offending the people of California by an official interference with their legislative proceedings, the president and his secretary of state have unofficially conveyed to certain influential persons in California the hope that the projected legislation will not be permitted to take a form that would seriously offend the Japanese government.

The purpose of today's conference, it is understood, was to ascertain whether the state bill as amended, is still objectionable to Japan, and if so in what respects. The ambassador is said to have indicated that further changes must be made in the bill before it can be said to be acceptable to Japan, and that these changes must take the form of amendments to place all aliens on even terms.

The Japanese government contends the bill in its present state does not do this, in spite of the assertion of the promoters of the measure in the California senate that the discrimination contained in the first bill has been removed.

LAST MINUTE FLASHES

ST. LAWRENCE CHANNEL OPEN.

Montreal, April 15.—The ship channel between Montreal and Quebec was reported open today when the icebreaker Lady Dufferin, her way through the Lake St. Peter ice and arrived at Sorel.

J. J. MITCHELL ELECTED.

Boston, April 15.—John J. Mitchell, Democrat, was elected to congress from the 13th district today, after a three-corner contest in which the tariff discussion figured prominently.

SCHEDULES ARRANGED.

Montreal, April 15.—The board of control today fixed the schedule of wages for the building trades which will be inserted in all civic contracts for buildings this year.

TIME EXTENDED.

New York, N. Y., April 15.—The time limit for filing damage claims against the Ocean Steam Navigation Company, Limited, for losses incurred by the sinking of the Titanic, was extended by United States Judge Holt today in the case of two attorneys representing nearly 60 claimants, the acting for seven residents of Switzerland was given 30 days. The other representing claims of over 50 immigrants, was given one week.

FORMER CHAMPION DEAD.

London, Ont., April 15.—Gavin Park, one-time heavyweight champion pugilist of Canada, and well-known as "Oarsman," died yesterday at St. Louis, Mo. Mr. Park who was known in sporting circles as "Jack Stewart," conducted a grocery and provision business in this city for thirty-six years. He was born in Glasgow, 61 years ago, and was one of Sir Thomas Lipton's first clerks. He was at one time boxing partner of Joe Goss.

FIGHTS IN NEW YORK.

New York, April 15.—Jack Britton, of Chicago, outpointed Matty Baldwin, the Boston lightweight, in a one-sided ten round bout tonight. Britton started the blood flowing with left jabs and hooks. He continued jabbing Baldwin throughout the fight, occasionally punching in the upper part. Baldwin was short in his reach, most of his blows not reaching Britton's head, landing on the chest instead. Britton left the ring unmarked, while Baldwin's face showed the effects of Britton's jabs. George (Knockout) Brown, the Chicago middleweight, outpointed Billy Grupp, of St. Louis, in a ten round preliminary, while Willie Beecher, of this city, outpointed "One-round" Hogan, the California lightweight, in another.

ESTIMATES BROUGHT DOWN IN NOVA SCOTIA.

Special to The Standard.

Halifax, April 15.—The estimates of the province were brought down in the House of Assembly today by Premier Murray. The estimated revenue is \$1,928,016, and the expenditure \$1,928,728. The estimated income from mine royalties is \$52,000, and succession duties, \$45,000. The heaviest items of expenditures are \$242,000 for education, interest \$424,744, public charities \$242,200, and roads \$220,000.

LIBERALS PLAN RIOT WHEN CLOSURE PASSES

THOUSANDS ON STRIKE IN BELGIUM

Socialists Estimate 400,000 Men Have Joined Movement for Universal Manhood Suffrage—No Rioting.

Brussels, April 15.—Out of the welter of contradictory and incomplete figures it is impossible tonight to more than approximate the total number of workmen who have joined in the strike through Belgium for manhood suffrage. Independent estimates place the number between 250,000 and 300,000, although the socialists, who are responsible for the movement, claim 400,000.

Except in the industrial centres, the strike has had no apparent effect. The general public has not been inconvenienced, and consequently is not impressed, and as the strikers generally maintain admirable discipline they have not alienated the sympathies of the liberal capitalist, who are contributing to the fund. The proprietor of a large hotel in Brussels is giving \$20,000 weekly until the strike has been lost or won.

The situation was the subject of debate in the senate, which re-assembled today. Answering attacks by the liberals and socialists, the premier said that the government was not ready to take conciliatory action, but that it had no intention to abdicate before the strike.

Rioting Feared.

Charlottetown, April 15.—The situation in the Province of Hainaut is beginning to be threatening. The strikers were reinforced by 12,000 during the day. The number of strikers is 150,000 and 160,000. The car services have been suspended.

This is the first instance of a public utility being interfered with during a strike.

IS RELIC OF THE DARK AGES

This is What W. P. Archibald, Parole Officer, Says Regarding Treatment of Inebriates in Canada.

Special to The Standard.

Ottawa, April 15.—That the present treatment of the inebriate in Canada is a relic of the dark ages, is the declaration of W. P. Archibald, parole officer, who has returned to Ottawa after visiting the penitentiaries of Quebec and Ontario.

Mr. Archibald stated today that he had been struck by the fact that the system of fining men, or giving them a few days in jail for intoxication, was an absurdity. "We must recognize that drunkenness is a physical disease very largely, and that it must be dealt with on a scientific basis," he said. "Such men need most to be sent to an institution and not to a place where they are made criminals when they have no criminal instincts."

Mr. Archibald expressed satisfaction with the result of his inquiries as regards the working out of the parole system, and stated that the number of those who had gone back upon their parole was under two per cent.

NEWCASTLE HOLDS ITS TOWN ELECTION

Special to The Standard.

Newcastle, April 15.—There being no mayoral contest and about half the electorate vote today was very small, only 245 voting, less than one third the total. There were two changes in council, ex-Mayor Belyea and Harold H. Ritchie replacing Aldermen Miller retired, and Doyle defeated.

The results were as follows: The first eight men being elected: W. H. Belyea, 188; Alex. H. MacKay, 161; Harold H. Ritchie, 156; John Clark, 153; James Falconer, 128; Chas. Sargeant, 125; Dr. F. C. McGrath, 123; Henry Harvey Stuart, 119; James Miller, 117; D. P. Dorrie, 115; Chas. M. John G. Kethro, 74.

MURDERER REMANDED.

Montreal, April 15.—John De Roach, alias Jack Roach, who is accused of the murder of Eugene Venne in Thoulon saloon, Mount Royal avenue a couple of weeks ago, was remanded today by Judge Leet for voluntary statement.

'Spontaneous' Outbursts of Indignation Now Being Arranged

LAST STAGE MAY COME THURSDAY

And William Pugsley is Expected to Be One of Principal 'Outbursters' — Hope to Injure Traditional Parliamentary Dignity.

Special to The Standard.

Ottawa, April 15.—According to present indications the opposition having run out of argument, is planning a riot in which Mr. Pugsley may play a prominent part. The debate on the closure resolution is dragging wearily toward the last stage which may be reached by Thursday. The Liberals will mark the adoption of the closure by making as much noise and doing as much injury to the traditional dignity of parliament as they can. Having some proficiency along this line they are confident of their ability to make such a scene as will forever stand against the record of Liberalism in parliament.

Some of the more expert blockers are being held in reserve for the last day. It is expected that Dr. Michael Clark and Hon. William Pugsley will speak on that day. Mr. Pugsley will, it is said, advance one or more points of order with the intention that they shall be over-ruled, and this will be the occasion for the blockers to "start something."

The Conservative members will continue as heretofore in strict observance of the rules and the rough house efforts of the opposition will receive no encouragement from the other side of the House.

So flat has the situation become, that many of the Liberal members are absenting themselves from the House. Several of these have gone home, and more are going.

At the opening of the house Mr. Graham introduced a bill to oblige railways desiring to change their terminal divisional points to compensate their employees forced to change their residence as a result of such alteration by the company.

Several towns in Ontario are threatened with the loss of part of their population, including Brockville, Carleton Place and Havelock. Mr. Webster, in introducing Mr. Seymour's (East Peterboro), supported the idea as did Mr. Emmerson. Mr. Cochrane stated that the government had already considered the subject, and had drafted a section covering the point to form part of its Railway Act Amendment Bill.

Mr. Carroll moved the adjournment of the house to discuss recent breaches of the immigration laws in regard to the photo-engravers' strike at Toronto, and that the attitude of the government in relation thereto.

Mr. Carroll stated that early in the year, a strike of photo-engravers occurred in Toronto, and that the subject was referred to the House. Mr. Carroll stated that the Department of Immigration to get an order in council passed prohibiting all photo-engravers from landing in Canada as long as the strike lasted.

TO BREED HORSES FOR THE MILITIA

Arrangements for Using Military Manoeuvring Areas for Horse Breeding Being Made With Militia Department.

Special to The Standard.

Ottawa, April 15.—Arrangements are being made between the militia and defence department, and the National Horse Breeding Bureau, of which Hon. Clifford Sifton is president, whereby the military manoeuvre area north of Medicine Hat, and one in British Columbia, will be utilized for the breeding of horses. The general conditions are that the Canadian government will have the first choice to buy young animals for the forces, and the British government will have second choice.

Other governments and outside parties will come in later. An important announcement is also officially made to the effect that it is proposed that other military manoeuvre areas in other districts the government will establish its own breeding establishments. A new department will be made this year in the manoeuvres inasmuch as the horses will be isolated entirely from the camps and from the rifle ranges.

ALL THE NEWS OF ST. JOHN CITY AND VICINITY

RIVER BOATS START TODAY

Busily Engaged at Indiantown Preparing Steamers for Season—D. J. Purdy Held by Ice at Oromocto.

Tomorrow morning will see the steamer service on the St. John river begin in earnest when four boats will leave Indiantown making connections with St. John and points along the river.

The steamer Champlain opened navigation and has already made several trips, while the steamer D. J. Purdy made her first on Monday, reaching Oromocto. Today the May Queen will make her first run, and tomorrow the Majestic will go on the route.

A crew of carpenters and painters have been busily engaged on the May Queen and work was continued until late last evening to prepare her for this morning's run. She will leave her wharf at Indiantown at eight o'clock in charge of Captain West and will sail as far as Upper Jemsek. A large cargo of freight was loaded on the steamer yesterday. A quantity of flour, feed and fertilizer is being shipped to the farmers.

Last evening the steamer Majestic, which has been undergoing slight repairs on Hilyard's blocks, was made ready for sailing. Men have been working night and day to rush this boat along, and she is now completely renovated. Her runs, however, will not commence until Thursday, her regular sailing day. With Captain Dykeman in charge, she will leave her wharf at ten o'clock tomorrow morning and proceed up river to Cole's Island.

Word was received in the city yesterday that the D. J. Purdy which left Indiantown Monday morning in an attempt to reach Fredericton was blocked at Oromocto and unable to continue on account of the thick floating ice which was running fast. A measure was to the effect that the boat would spend the night at Oromocto and if possible would run to Fredericton this morning. In case she reaches the capital she will probably not start her return trip until Thursday.

Instead of a rise in the water about Indiantown, which might be expected as a result of the recent mild weather, there has been a fall of about two feet within the past week. The ice about Fredericton, which is reported to be thick will, however, cause the water to rise considerably. It is possible that before the spring has passed the water at Indiantown will have reached the top of the wharves.

MUCH ACTIVITY IN THE EVERY DAY CLUB

Big Class of Boys Instructed in Drills and Games, Last Evening — Mrs. E. A. Smith Present.

Miss Murray, who is here instructing the playground teachers, attended the boys' class in the Every Day Club last evening, where she taught them games and physical drill. Sergt. Sullivan was also present and instructed the class in different exercises.

A number of the ladies interested in the Every Day Club were also present, they were Mrs. E. A. Smith, Miss McGovern, Miss M. Melick, Mrs. James Fairweather and Mrs. James Sullivan. The ladies displayed much interest in the classes and had much praise for the Every Day Club.

Mrs. E. A. Smith made a short address in which she congratulated the boys on their excellent showing. During the evening the class sang several patriotic songs.

The Every Day Club will this season have a baseball league in which three teams have already been entered with several additional in prospect. A. M. Belding in conversation with The Standard last evening said that while the teams had been organized there was as yet no field to play on. He hoped that a field would be provided as such a movement would hold the boys together during the summer.

MEMORIAL TO MAJOR BUTT.

Residents of Augusta, Ga., the birthplace of Major Archibald W. Butt, who was lost when the Titanic foundered, will perpetuate his memory with a medallion, which will be placed on a conspicuous part of the memorial bridge recently subscribed for by the citizens. The work in bronze, by Mr. Henry Price, sculptor, of New York, shows Major Butt in uniform, and it is said to be a faithful likeness of the officer as he appeared when he left his command on his last mission for Mr. Butt, whom he served as military aid.

MOTHER OF TITANIC WAIFS IN POVERTY, SUES FOR \$30,000 FOR THEIR SUPPORT

Another chapter of one of the most tragic incidents of the Titanic disaster was enacted when Mrs. Marcelle Navrati, mother of the two little waifs who were rescued and identified, recently filed a claim for \$30,000 against the White Star line for the loss of her husband in the disaster.

Mrs. Navrati, who has been unable to obtain any of the relief fund disbursed in this country or of the \$2,500,000 raised abroad, has been trying to support her regained children by working as a servant in Nice, France.

IN THE COURTS

MOVING PICTURE INJUNCTION.
In the case of The General Film Company vs. Kinograph Film Company in which an interim injunction was granted a couple of weeks ago restraining the defendants from showing certain moving pictures featuring William J. Burns, detective, a settlement was reached yesterday when the interim order expired. It was agreed that each party would pay his own costs and the matter would be dropped.

CHANCERY DIVISION.
The April sittings of the Supreme court, chancery division were held yesterday morning, Mr. Justice McLeod presiding.

In re the adoption of Mary Henrietta Carter, infant. On motion of L. P. D. Tilley the court granted an order for adoption by David M. Lane and change of name, William Lane Carter is the father of the child.

In re James R. Branch, a lunatic, confined in the Provincial Hospital, George Gilbert, of Bathurst, moved for the appointment of a committee and power to sell real estate. An order was made declaring James R. Branch a lunatic, and appointing Samuel Branch, his father, a committee of the personal estate of the lunatic; it being also ordered by the court that the sum of \$725.00 be paid to the said Samuel Branch in payment of money loaned to the lunatic; also that the Attorney General vs. The Saint John Lumber Company and Green vs. Price will stand until the next court, Fish vs. The Dominion Pulp Company, Miller vs. Miller, and Roy vs. Richardson stand until the 29th. In the last three cases M. G. Teed, K. C., is solicitor for the plaintiff.

The case of R. T. Hayes et al vs. Brown et al in which Mr. Baxter, K. C. is solicitor for the plaintiff, also stands till the 29th.

Grant vs. Lawton stands until the date agreed upon. Moses vs. French stands till the 29th, and Wells administrator vs. Baker stands till the 21st, eleven o'clock.

KING'S BENCH DIVISION.

In the case of Oscar D. Hansen vs. John Burns, which was tried in Pallville on September 6th last, and was heard on appeal on September 27th, Mr. Justice McLeod gave judgment reversing the decision of Justice Alingham. At the trial judgment was given for the plaintiff. The ground on which the judgment was reversed was that the claim was barred by the statute of limitations. H. J. Smith appeared for the plaintiff and G. Earle Logan for the defendant.

PROBATE.

Estate of Robert D. McLean, late of Ashburn, farmer. Deceased died intestate, leaving him surviving a widow three sons and one daughter. On the petition of all of these the eldest son, Robert A. McLean, accountant, is appointed administrator. Real estate \$12,900. Personalty, \$2,675. Messrs. Barnhill, Ewing and Sanford, proctors.

WEDDINGS

Laird-Main.
A very pretty wedding took place Monday evening at the home of the officiating clergyman, Rev. J. D. Wetmore, when Alvin Catherine Main, of New Carlisle, Que., was united in marriage to William Andrew Laird, of this city. Miss Laura Laird, bridesmaid and Ernest Laird supported the groom, Mr. and Mrs. Laird will take up their residence in Montreal.

OBITUARY.

Miss Ellen Bullock.
The many friends of Miss Ellen Bullock, daughter of Mr. and Mrs. Solomon Bullock, will regret very much to hear of her death which took place in the General Public Hospital yesterday after an illness of seven weeks. The deceased who was only 19 years of age, was a consistent member of Brussels Street Baptist church and was very greatly respected by all who knew her.

Besides her parents she is survived by two brothers and two sisters, all of whom reside in the city. The funeral will take place on Wednesday afternoon at 2:30 from the residence of her parents, 32 Rock street.

Mrs. W. Harrington.
The many friends of Wellington Harrington, 92 Harrison street, will regret to hear of the sudden death of his wife which occurred yesterday afternoon. Mrs. Harrington was a woman beloved by all who were acquainted with her and the sympathy of a large circle of friends is extended to the husband and the three small children which are left to mourn.

Will Go to Ottawa.

Hon. J. K. Flemming is in the city yesterday and returned last evening to Woodstock. While here he announced his intention of going to Ottawa on government business. He will be accompanied by Hon. W. C. Grimmer and Hon. H. F. McLeod. The most important matters that will be taken up at Ottawa will be the question of the increased Dominion subsidy and the representation of the province in the Dominion parliament.

The Norton Griffiths dredge Denver, which went to work on Monday, is reported to be doing excellent work and rapidly clearing a channel to the new harbor.

Street Railway Extension.
It is understood that the St. John Street Railway Co. will commence laying rails on the Courtenay Bay extension as soon as the frost is out of the ground.

The Inflammatory Case.
The preliminary hearing in the case of William F. McParlane, charged with having been responsible for the inflammatory fire of the past few weeks and who was arrested by Chief of Police Clark on Monday afternoon, was commenced before Magistrate Ritchie in the police court yesterday morning. On the request of Recorder J. B. M. Baxter, K. C., who appeared for the prosecution, the case was adjourned until Friday.

EXCELLENT CONCERT IN SEAMENS MISSION

Big Crowds Hear Fine Programme, by Men from Empire of Britain and S. S. Letitia—Refreshments Served

The large auditorium of the Seamen's Mission was crowded to the doors last evening when the programme of the Empire of Britain and S. S. Letitia presented an excellent programme of songs, dances and readings. Among the most interesting items on the programme was the piano solo by Miss Mellin. A Wilson of the Letitia was also heard, with much advantage in a reading, while W. Hayton, who sang and Master Warner in several catchy songs won rounds of applause. C. Olden proved himself a winning humorist.

The solo "Memories," composed by C. Olden and sung by S. Roberts, was well received. Jack Walker in English music hall novelties, and C. W. All, pianist, won hearty appreciation. Others to take part were C. Neany and R. Pattison.

After the concert those who took part were entertained by a committee of ladies headed by Mrs. and Miss Lacheur.

Boston, April 15.—Hits for extra bases gave New York a 2-2 victory over the world's champions today.

Chase played a star game at second base, making his first assist of the season at that position when he scooped Gardner's fast grounder in the sixth and made a lightning throw to first.

Cleveland, Ohio, April 15.—Fred Falkenberg secured this spring by playing from Toledo, shut out Detroit today while Cleveland secured eleven hits off Booher and won 9-0.

Cincinnati, O., April 15.—A batting rally in the fourth, coupled with Packard's wildness, netted St. Louis five runs and enabled them to win today from Cincinnati by a score of 6 to 3.

MARITIME PROVINCE HAPPENINGS DAY BY DAY

MARITIME PROVINCE MEN AS D. C. UNIVERSITY GOVERNORS

S. D. Scott, First Editor of "The Standard", one of Six Maritime Provincials Honored by University of British Columbia—St. John Men and Women now Prominent in B. C. Metropolis.

Vancouver, April 6.—The Board of Governors of the University of British Columbia, whose membership was announced April 5, includes six men associated with the Maritime Provinces, out of nine appointments by the government. These are: Dr. R. E. McKeechie, one of the leading surgeons in the west, who received his preparatory training at Prince of Wales College, Charlottetown, where his father, Major McKeechie, was superintendent of the P. E. I. Railway. He was Honorary Medallist at McGill, and student also in the University of Victoria, and is now head of the College of Physicians and Surgeons of British Columbia.

G. I. Wilson, who is one of the leading men in the Salmon cannery business, and president of the Coast Steamship Company, is a native of Scotland. He was formerly in the mercantile business with Hon. Wm. Muirhead at Chatham, N. B., and afterwards conducted a business of his own there. Mr. Wilson came to British Columbia, and started a dry goods business in Vancouver in 1887.

R. P. McLennan, hardware merchant and president of the Bank of Vancouver, was born in Pictou, N. S., and is a former student of Pictou Academy. His wife was graduated at Miss MacKenzie from Mt. Allison Ladies' College, and joined in the roll-rush to the Yukon in '88, and was first mayor of Dawson, returning to Vancouver in 1902.

R. Reid, barrister, working head of the firm of Bower, Reid and Wallbridge, is a native of Kentville, N. S., and a law graduate of Dalhousie. He also studied in the University of Michigan.

Campbell Sweeney, superintendent of British Columbia branches of the Bank of Montreal, was born in Quebec Province, but was for some time manager of the branch of the Bank of Montreal in Halifax. Mrs. Sweeney is a daughter of the late J. F. Blanchard of Amherst, N. S.

The other three members are Francis Carter-Cotton, ex-president of the British Columbia legislative council; G. H. Barnard, M. P., and James M. P., all old timers here, and the first native of Yorkshire, England, the second of Victoria, B. C., and the third of Brentford, Ontario.

Amongst the guests at a tea given for Mrs. Harding the next afternoon by Mrs. W. E. O. Jones, were the following: Mrs. W. E. O. Jones, Mrs. J. B. Anthony, Mrs. S. D. Scott and Miss Scott, Mrs. C. A. Rutherford, Mrs. D. Doherty and Mrs. Mackenzie. Mr. and Mrs. Fisher will return to the east by way of California and the Middle States. Among the prize winners at the Equestrian Carnival, a society given by Capt. Ralph Markham, who took honors for two feats of horsemanship.

Rev. A. M. Sanford, a former member of the New Brunswick Methodist conference, recently led in the celebration of the first anniversary of the opening of Trinity church, Vancouver. Mr. Sanford was called to the pulpit at the site only of the new church had been selected, and the superintendent of the erection of the edifice, the gathering of a congregation, and the organization of all the departments of a modern church became part of his duties. Trinity church is now one of the most important Methodist churches in that district of the city known as Grandview.

The departure recently of Miss Marie Strong, of St. John, for the east, after a long stay in Vancouver at the home of her aunt, Mrs. Fred King, is regretted by the many friends she has made while here.

W. E. Earle, of St. John, left for Calgary this week, after a business visit lasting six months on the coast.

J. N. Harvey has arrived in Vancouver from a visit to St. John.

Fred Ryan, of Sackville, is in Vancouver where he is said to be considering making his home in the near future.

Mr. and Mrs. Jas. Smith and Miss Helen Smith, of Sackville, are registered at the Barton here.

Wm. Currie, ex-M. P. P., for Restigouche county, N. B., was this week the host of Miss Lillian Corbett, of Fredericton, now teaching at the Arroyo Lakes.

Rev. Mrs. Sutherland, of Campbellton, is visiting at the home of Mrs. Chas. Reid, formerly of Newcastle.

Mrs. John MacLeod, formerly Miss Jessie Cameron, of Sackville, expects shortly to leave her North Vancouver home to visit her parents in Toronto.

Mr. and Mrs. Solomon Trites, of Campbellton, were recent visitors in Vancouver.

DIFFICULT TASK TO QUENCH ONE'S "THIRST" IN BANGOR, NOW

Maine Sheriffs, Afraid of Losing their Jobs, are Making Frantic Efforts to Make Prohibition Cities Absolutely Dry.

Special to The Standard. Bangor, Maine, April 15.—Because of the action of the legislature last week in passing addresses to the governor calling for the removal of three Maine sheriffs for non-enforcement of the prohibition law, a spasm of enforcing such as has not been known since the days of the Sturgis law, is on in full force.

Sheriff Emerson, of Bangor, one of the three sheriffs, whose removal may be expected, has announced his intention of closing all saloons, hotels and clubs. As a result it is a difficult task to quench a thirst in this vicinity at present. Many of the leading saloons have closed their doors, and in one instance the proprietor has turned his establishment into a shoe polishing parlor. The Penobscot Exchange, has closed its bar, and because of the expected loss of revenue, has raised its rates 50 cents a day. The bar at the Bangor House is also closed.

Clubs Look for Trouble. Members of the Tarratine Club, Bangor's exclusive social organization, and of the Elks' and other clubs, are expecting trouble, and although liquor continues to be available at most of them, it is predicted that they will become as dry as the rest of the city during the next few days.

The wave of enforcement is by no means confined to Bangor and conditions are the same all over the state. Extensive seizures have been made by the sheriffs in Portland and Lewiston during the past 48 hours.

It is freely predicted by many that the result of the action of the legislature will mean the passage of a resolve by the legislature two years hence, again submitting the prohibition question to a vote of the people. The sentiment in the country towns favors the law, while the cities are against it by large majorities.

A GENERAL STRIKE IN CLOTHING TRADE IN HAMILTON, ONT.

Hamilton, Ont., April 15.—Failure on the part of the employers to meet the demand for a general increase in wages resulted in nearly two thousand garment workers, pressers and other employees of Hamilton clothing shops striking this morning. The strike vote was taken last night and the unions voted by a large majority in favor of a strike. The strikers, who included about six hundred girls, paraded the streets this morning and then held a big mass meeting in the labor temple.

It is said the bosses are prepared to fight and intend importing strike-breakers. A movement of this kind may lead to serious trouble.

FREDERICTON NEWS

Special to The Standard. Fredericton, April 15.—Thos. Daley, of Marysville, was brought here last night from the lumber woods critically ill with pneumonia, and passed away this afternoon at the Waverley Hotel. He was upwards of 60 years of age and well known here.

The Judges of the Supreme Court arrived here this morning for the adjourned session of the Court which opens tomorrow.

The case of the Bank of New Brunswick vs. J. C. Mackintosh & Co., will be argued this week, and judgments in a number of cases will be delivered.

It is said the bosses are prepared to fight and intend importing strike-breakers. A movement of this kind may lead to serious trouble.

Paralysis and Locomotor Ataxia

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—DR. CHASE'S NERVE FOOD will cure you.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of nerve force. As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wire-like nerve fibres to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of the power of movement.

Paralysis, then, is the natural result of all neglected nervous diseases.

If you find yourself nervous and irritable, over-sensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the muscles, sudden startings and jerking of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel downhearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented, and partial paralysis actually cured, by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted paralysis is bound to follow.

Dr. Chase's Nerve Food

acts on the system in an entirely different way to ordinary medicines. It is neither a stimulant to whip tired nerves to renewed activity, nor a narcotic, or opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new, red corpuscles in the blood and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Why not get started on the way to health at once by using this great food cure? Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. Absorbs Skin, Chases Wrinkles, Young Again

"The shock at beholding myself in the glass after nine long weeks amid misery, caused a relapse," writes Emily Wilson in Home Queen. "The faded face, with its hints of illness and weariness, seemed thirty years older. Now, I thought, I could not attend my chum's wedding, eleven days off, to which I had looked hopefully forward. "She herself came to my rescue. She procured an ounce of ordinary mercerized wax at the drugstore, which she had me spread on like cold cream, washing it off next morning. Applied nightly, this apparently absorbed the withered skin, so gently I experienced no discomfort. Upon the wedding morn the pallid complexion had entirely given way to one of youthful color and loveliness. "And there wasn't a wrinkle. This due to a wash lotion made by dissolving an ounce of powdered soap in a half pint of water. The daily face bath had dispersed every line."

Although the police have under arrest a man who is suspected of having set a number of fires, a state of uneasiness still exists among residents of the North End, as they are of the opinion that McFarlane is not responsible for all the fires believed to be of incendiary origin in that section of the city recently, but that others have been operating.

MRS. ARTHUR P. HAZEN DEAD IN MONTREAL

Well known St. John Lady Passed Away Last Evening—Her Death will be Sincerely Mourned in this City.

Word was received early this morning of the death in Montreal of Mrs. Hazen, wife of Arthur P. Hazen, formerly manager of the Bank of British North America in this city, and who was recently transferred to take charge of the office in Montreal. Mrs. Hazen had been ill but a few days and up to yesterday afternoon her condition was not thought to be serious. Yesterday, however, word was received by her relatives here that she had had a bad turn, and her mother, Mrs. F. A. Bilzard, left at once for Montreal.

Mrs. Hazen was, before her marriage, Miss Agnes Isabel Bilzard, daughter of F. A. Bilzard, of Orange street, this city. She was very popular and her wedding to Mr. Hazen about four years ago was a brilliant social event. Her death will be sincerely mourned by the friends of herself and her family.

Besides her husband and two young children, one born a few days ago, Mrs. Hazen is survived by her parents, Mr. and Mrs. F. A. Bilzard, one brother, George McA. Bilzard and three sisters, Miss M. E. of New York, Mrs. George N. Miller of Montreal, and Miss Dorothy of this city, who was with her when she died.

The sincere sympathy of a very large circle of friends will go out to the sorrowing husband in Montreal and the relatives here. The body will probably be brought to St. John for interment.

TWO ST. JOHN SCHOONERS WRECKED ON CAMPBELL ISLAND

The William O. Goodman and the Seguin, will be Total Losses—They Sailed from St. John on Monday—Goodman's Master former West End Man.

The three masted schooners William O. Goodman, Capt. Wm. B. Price, and the Seguin, Capt. Cole, called from this port on Monday last. The Goodman was bound for New Haven, Conn., and the Seguin for New York and both were lumber laden. Yesterday morning, during a thick fog, the two schooners went off their course and both were totally wrecked within a mile of each other on Liberty Point, the extreme end of Campbell Island. The crews of both schooners were saved after considerable difficulty.

The schooner W. O. Goodman is mostly owned by her commander, Capt. Price, a former resident of the West End, and her loss will be a severe one to him as it is stated that the vessel is uninsured. She arrived here from New York in ballast about two months ago and loaded her cargo at the mill, Pleasant Point. Capt. Price had extensive repairs made to his vessel, while she was in port here, costing in the vicinity of \$1,000. Her foremast was shrouted, she received a new bowsprit, new topmasts, some new rigging and sails and also other extensive repairs. Her cargo, which is insured, was shipped by John E. Moore and consists of 30,000 lbs and 34,162 feet of spruce boards. The cargo is insured. It was intended after the Goodman discharged at New Haven she would return with a cargo of coal for Fredericton.

The schooner Seguin, in command of Capt. Cole, had a cargo consisting of 40,812 feet of spruce plank and deals. The cargo was insured, and it is stated

BULGARIAN SPEAKS OF VICTORIES

Returns to Canada after Fighting with Regiment Against Turks—Says Sultan's Soldiers are Brave Men.

After a fine and uneventful voyage from London and Antwerp the C. E. R. steamer Montfort, Capt. Davidson, arrived in port yesterday and docked alongside the Donaldson liner Letitia after being held up at Partridge Island for 24 hours owing to lack of wharf space. The Montfort brought over 114 passengers, the largest number in the history of the ship. Included among them were a considerable number of Russian Jews, Germans and other European nationalities. All were landed in good health with the exception of four men who contracted measles during the voyage. Three of these were taken to the immigration hospital and one to the hospital at Partridge Island.

On the last voyage to this port the Montfort was battered for several days by large seas, one of her propellers being carried away. While in London a new propeller was attached. Perhaps the most interesting among the passengers were a small party of Bulgarians, their wives and families. These men have been released from war service, now that the victorious campaign is nearing an end and have hastened to come to Canada to earn their living on the western farms. The men clad for the most part in sheepskins, presented a unique appearance. Physically, they are above the average height and seem to possess much strength.

The leader of this party, Peter Peterov, has been in this country before, engaged in railroad work in the west. He speaks a little English, and when in conversation with a Standard reporter, told in an enthusiastic manner of the glorious successes of the Bulgarian army. He said that when he returned to his native land he at once enrolled in the regiment raised in his district and with the others was sent to the front, taking part in the victory of Lule Burgas, and in the rapid march to the Tchatalia lines. He pointed out that while the Turks were decisively beaten in each battle, they were good fighters, and took an awful toll of Bulgarian lives. Immediately after the fall of Adrianople where he was wounded, Peterov left for his home and after gathering several of his relations left at once for Canada. He intends raising up a farm in the west where he hopes to prosper.

There is some insurance on the vessel. It is thought that both vessels have been caught in the strong tide that sets in toward the island and in this manner they got off their course in the fog. Both captains are known as careful mariners and Capt. Price has been sailing this coast for about 40 years.

The following despatch has been received from Lubec, Maine telling of the wrecks:
Special to The Standard.
Lubec, Maine, April 15.—The three masted schooners Seguin, Capt. Cole, of Portland, and the W. O. Goodman, Capt. Price, of Boston, both loaded with lumber from St. John, the former bound to New York, and the latter to New Haven, Conn., crashed ashore today on Liberty Point, a dangerous ragged rock at the extreme end of Campbell Island, while off their course in a heavy fog. The Seguin was broken in two this afternoon by the terrific pounding she received. The Goodman's bottom has been ripped out and both schooners will be a total loss. They went ashore within a mile of each other. The crews of both are safe. Tugs have been sent to the scene of the wrecks and efforts will be made to save a portion of the Goodman's cargo.

The Seguin registered 405 tons gross tonnage, was 143 feet long, 33 feet beam and 11 feet deep. She was built at Phippsburg in 1901.

The Goodman was built 31 years ago at Manitowac, Wis., and registered 324 gross tonnage. She was 144 feet long 30 feet beam and 10 feet deep.

EXPECTS BIG INCREASE IN IMMIGRATION TO PROVINCE

A. Bowder, New Brunswick's Representative in Great Britain, Tells of His Work—Great Growth of Interest in Britain as to Advantages this Province Offers to Settlers.

The two hundred settlers brought here by A. Bowder, New Brunswick's immigration representative in London, have been placed in different parts of the province and there are about a hundred more en route. Mr. Bowder, who was in the city yesterday, in speaking of immigration from the viewpoint of New Brunswick, said that the pleasing feature is the increased interest being manifested in the possibilities and attractions of this province on the other side. A more extensive knowledge of what New Brunswick offers is evident in travelling through the British Isles, and we are now receiving people who know what they are coming to and with a fairly good knowledge of conditions here.

Competition Very Keen.
"In our work to get settlers to come here," Mr. Bowder said, "we find that the competition for the right class of settlers is very keen, and New Brunswick has to fight against heavy odds. From all over the Dominion there is a demand for settlers and very attractive inducements are being held out by other provinces. While the opportunities and possibilities of this province appeal to many, the inducements held out to go to other places are very alluring. In fact, in some cases, settlers are brought out for practically nothing. Again, the inducements being offered to agents on the other side by milling companies in the west, are very large, and this is one of the difficulties we have to contend with to get the settlers."

Other Provinces Active.
"Never before has the competition between Canadian representatives been so close, and all the provinces are well represented in the bid for immigrants. One western milling concern has subscribed a fund to carry on a campaign for new settlers. Saskatchewan is hot in the race, and Nova Scotia has four representatives paid by the federal government to work in the interests of that province. Some of the provincial offices have a staff of fifteen. There are four lecturers out from Nova Scotia, and all the other provinces are equally active."

"Another matter in which the organized efforts of the different provinces may be seen in the employment bureau system. Each month printed lists are sent out from a province, containing the names of employers, the number of workmen they have occupation for, the wages they will pay and other information. Then, when a prospective settler takes a notion to come to Canada, he can immediately find out where he is to be employed when he gets here. This process of incalculable help in getting the immigrant."

No Scarcity of Material.
"In spite of this opposition, or competition, however, New Brunswick is not taking a subordinate position in the race. So much better acquainted are the people on the other side with this province now that the London office is flooded with inquiries. An evidence of this is seen in the fact that I found it impossible to carry on any appreciable campaign in Scotland during the past year. With so many inquiries from England alone and so many good settlers seeking to come to New Brunswick I found lots of good material right at hand. In addition to the two hundred who came out on Saturday and the hundred now on the way, there are numbers coming over on all the boats until the last of May. All procurable accommodation up to then is booked up and it will be necessary even to bring some of the new settlers in through New York or Boston."

WOULD NOT REBUILD SAW MILLS IN THIS CITY, SAYS MR. GREGORY

Makes Interesting Statement in Lecture before Natural History Society, Last Evening.

That the mills cutting logs in St. John at present are fewer than thirty years ago, and in the event of any of these being burned it will not be rebuilt here, was the statement made by J. Fraser Gregory in the course of an interesting lecture delivered in the Natural History room at the Lyceum on the subject of the "Lumber Industry on the St. John River." As regards the present condition of lumbering in the St. John district, Mr. Gregory said that the first steam saw mill in New Brunswick was at Strait Shore where Miller Bros' mill is now. It was built by Lashley and R. W. Cruikshank and started July 26th, 1822. Previous to this the tide mills were the vogue.

Comparing present operations with those of the 50's and early 60's the lecturer pointed out that at that period there were in St. John twenty-nine mills doing business; today there are ten; then St. John was the fourth largest ship-owning port in the world. Today the total capacity of the mills is 11,900,000 as compared with twice the amount, thirty years ago.

Mr. G. V. Hay presided and there was a large audience who listened with appreciation to one of the best lectures of the season. A vote of thanks was tendered the lecturer by Dr. Hay.

Boiler Makers Meet.
The Boiler Makers' Union, which was organized some weeks ago held their first regular meeting in the Trades and Labor rooms, Opera House block, last night. There was a large attendance. The new union has a membership of 51 and is in a prosperous condition. A number of addresses were delivered and the meeting was enthusiastic.

A Dangerous Hole.
The police report a dangerous hole in the sidewalk on Clarence street.
