

FOR WOMEN

MOTHER! Move Child's Bowels With "California Fig Syrup."

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile, and waste from the tender, little bowels and gives you a well, playful child again.

"Millions of mothers keep 'California Fig Syrup' handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine 'California Fig Syrup' which has directions for babies and children of all ages printed on bottle. Mother! You must say 'California' or you may get an imitation fig syrup."

St. John Women's Council Session

Women's Institute Received in Re-affiliation - Numerous Reports Received.

The St. John Women's Institute was received in re-affiliation at yesterday's meeting of the St. John Council of Women. Members welcomed Mrs. E. Atherton Smith, the president, back after her absence from the Council meetings.

It was with regret that members heard letters read in which it was stated that Mrs. Nellie McClellan may not be able to stop at St. John. Mrs. Raymond was asked to look into the matter.

The resignation of Miss Etta Millikan as corresponding secretary was accepted. Appreciation of Miss Millikan's services and hopes for her speedy recovery from ill-health were expressed.

The sad case of a feeble-minded illegitimate child was reported by Mrs. E. Atherton Smith. Mrs. Smith pointed out the grave need for an institution where such cases could be cared for.

Mrs. David McLellan reported that "The Women's Century" has been dropped as the official publication of the Council. Mrs. Edmond Raymond stated that the Council proposed endorsing another publication.

Mrs. H. Milton Budd wrote asking that the Council endorse the appointment of Judge Emily Murphy as a member of the Senate. This appointment is urged by many Women's organizations throughout the Dominion.

Miss Alice Estey reported a balance on hand of \$46.44 after the payment of \$11.56, bills outstanding.

Miss Lovell reported on arrangements for a luncheon to Mrs. McClellan, a gift of boxes for collections from W. E. Raymond was accepted with thanks.

It was decided to ask the Mayor for permission to hold Rosebud Day on December 10th for the benefit of the Children's Aid.

A letter of regret at the departure of Mrs. J. H. Jenner will be sent on motion with best wishes for her future welfare.

Mrs. Poole, secretary, read an account of the National Council arranged by Mrs. W. Edmond Raymond, Mrs. William McAuliffe and Miss Annie Tingley.

Mrs. Hooper, having formally given notice of motion brought up the matter of the return of the fee of the St. John Women's Institute. The Council had declared the Women's Institute an affiliated society. Mrs. Hooper read a letter sent to Mrs. W. H. Hooper in explanation of the affair. The letter stated that no Institute can be declared out of existence except by the Provincial Minister of Agriculture. It was stated also that the president of the St. John Women's Institute is a member of the Council of the Federal Women's Institute of Canada and of the Provincial executive.

Mrs. E. Atherton Smith spoke in praise of the good accomplished by the Women's Institute throughout the Province. They are always responsive

Why Women Should Vote For Meighen

His Government Stands for Protection of Its Home Market - Nine Reasons in Favor.

The following nine reasons are excellent ones why women should vote for the National Liberal-Conservative Party:

- 1.—Because the leader, the Rt. Hon. Arthur Meighen, is able, sincere, courageous and of irreproachable character.
- 2.—Because the National Liberal-Conservative party legislates for all the people of Canada without discrimination.
- 3.—Because at this time of abnormal conditions and, since following the war, we need men of experience to guide the country through this difficult time, Mr. Meighen and most of his members brought Canada safely through the war and understood better than any and inexperienced men the difficulties and problems of Government.
- 4.—Because the National Government has managed the finances of the country with wonderful economy. Outside our actual war debt, of which every resubscribed Canadian is proud, the expenditure of the Meighen Government is only two per cent. more than the annual national expenditure of 10 years ago, despite greatly increased prices.
- 5.—Because the National Liberal and Conservative Party stands up for adequate protection and the building up of Canadian agriculture, Canadian industries, and Canadian labor, and for the manufacture in Canada by Canadian workmen of Canadian natural resources, and is unalterably opposed to free trade, or to such a lowering of our present tariff as would hand over the Canadian home market to the farmers and manufacturers and workmen to the United States and which, in the end, would mean the ultimate absorption of Canada by the United States.
- 6.—Because under a protective tariff Canadian agriculture has increased 20 fold and the total trade of Canada has increased 16 times since protection was adopted in 1878, and Canada is today one of the richest countries in the world per capita. Why destroy what we have built up? Why make experiments at the most critical, the most dangerous, time in our history?
- 7.—Canada cannot dare lower the already low tariff or adopt free trade because every other country in the world is protectionist and increasing their tariffs.
- 8.—Because Canada, without adequate protection of its home market, cannot compete with the cheap labor of the Orient or Western Europe, particularly Germany.
- 9.—Because it is vitally important to women that their fathers, husbands, sons and daughters should have steady work and good wages in Canada. Free trade or low tariff would close down our industries, deprive our workmen of their homes, rob our farmers of their home market, and bring ruin to Canada by flooding it with American products, produced by American farmers or American workmen, while our men and women would be walking the streets unemployed.

Women's Canadian Club Annual Meeting

Interesting Reports and President's Address Heard - Officers Elected.

The Spirit of Canada, as exemplified in Canadian Clubs was described in a very interesting report of the meeting of the Association of Canadian Clubs held at Winnipeg, given by Mrs. E. Atherton Smith, before the Women's Canadian Club at their annual meeting held last evening. Mrs. Leonard Tilley, the retiring president, presided at this meeting held in the Germain Street Institute. The attendance was very large.

Mrs. Leonard Tilley told of the invitation of the Boston Women's Canadian Club for St. John members to avail themselves of the privileges of the Boston Club when visiting Boston. It was also announced that there are hopes of having Lady Byng as a guest of the Canadian Club.

Secretary's Report.

Mrs. D. C. Dearden, in her secretary's report, said that the following speakers had been heard: Mrs. Adams, Miss Cossley, Miss Margaret Porter, Dr. J. P. Logan, Colonel Charles R. McCullough, Rev. Canon Cody, Dr. Helen McMurphy, Lady Martin Harvey, Hon. N. W. Rowell, Walter McRae, a farewell luncheon was tendered Mrs. G. A. Kuhring. The secretary spoke of the growth of the Club and its necessary work in bringing before people the serious consideration of great problems. This report was read by Miss Mary L. Harrison, corresponding secretary who also read her own report.

The following names of Honorary Members were ratified: Nursing Sisters Miss Edith Hagan, Miss Edith McCafferty, Miss Agnes Warner, Dr.

Luxuriant Hair Promoted By Cuticura

Cuticura kills dandruff, stops itching, cures dry, itchy and falling hair. Treatment: Gently rub Cuticura Ointment with the end of the finger, on spots of dandruff and itching. Follow next morning with a hot shampoo of Cuticura Soap. Repeat in two weeks. Nothing better than this fragrant, super-crazy emollient for all skin and scalp troubles.

See Dr. Chamberlain's, Johnson's, Sold throughout the Dominion, Canadian Depot, Toronto, 545 St. Paul St., W. Montreal. Cuticura Soap always without cost.

Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's Nerve Food, I certainly can. I suffered for ten years from severe headaches, and almost all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what other treatment has done for me, I cannot too highly recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

Healthy Children Always Sleep Well

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well, if they are cross and cry a great deal give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulates the bowels, sweetens the stomach, banishes constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new born babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Canada has a momentous decision to make.

In no previous election has there been a more vital, clean-cut issue affecting the future of every individual Canadian and indeed the future of the Country.

The people are asked to decide between Reasonable Protection and Free Trade, between continued Prosperity and economic Ruin.

Everyone should look the facts squarely in the face—free from partisan bias or class prejudice—for as YOU vote so must YOU accept the consequences of your vote.

On the one hand there is the unassailable truth that Canada has enjoyed PROSPERITY during the past half century, due entirely to its policy of upholding a reasonable protective tariff, and to the diligence and industry of its people.

In view of present world-wide conditions of Uncertainty, Unrest, and Unemployment—the inevitable aftermath of War—Protection is needed today more than ever before. In fact, Protection, coupled with unflinching courage by the People and a strong, stable Government is the only hope Canada has of emerging from the crisis with its strength and economic liberty unimpaired.

Under Free Trade the Canadian dollar would depreciate still more, Canadian industries would be driven to the United States, thousands of Canadian men and women would be deprived of their employment, and the Canadian farmer would lose his home market.

At this critical time Canada should vote for a leader who knows where he is going and why.

Catarrahal Deafness And Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmitin (Double Strength) Take this home and add to it 1-4 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. An "improvement" is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all the ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

Gough of London, England, was an excellent speaker, dwelling on the right spirit of brotherhood.

Mrs. Raymond was welcomed as the new President. Mrs. Smith presented Mrs. Tilley with a bouquet of flowers. The singing of the National Anthem closed the evening.

was related out. The placing of a wreath on the memorial tablet in the Post Office on Armistice Day was referred to. Thanks were given Mrs. S. S. Poole, pianist, to the Press and to members for loyal support.

Mrs. Lawson, convenor of nominating committees and regrets that she was unable to be present. Miss Anne Thayer read the report of the nominating committee who recommended that the office of historian be restored and submitted the name of Mrs. James F. Robertson, they also recommended a revision of the constitution and that in honor of the late Lady Tilley and in appreciation of Mrs. Tilley's services, Mrs. Leonard Tilley be asked to accept the office of Honorary President.

The following new members were added: Miss Florence Coster, Miss Fanny Merritt, Mrs. Charles Palmer, Mrs. Gordon S. MacDonald, Mrs. Harold Climo, Mrs. E. B. Peterson, Mrs. Alaby Mahony, Miss Florence Tingey, Miss Clara McEivern, treasurer, stated that last year was started with a deficit of \$41.88. This year that deficit has been made up and the year closes with a balance of \$35.88.

Members fees were \$1185, representing nearly six hundred members.

Receipts were \$1448.65
Expenditures .. 1413.00
Balance .. \$ 35.65

Election of Officers

The following officers were elected: Mrs. W. Edmond Raymond, President.
Mrs. John H. Thomson, First Vice-President.
Mrs. J. H. Doody, Second Vice-President.
Mrs. William McAuliffe, Third Vice-President.
Mrs. Gordon S. MacDonald, Recording Secretary.
Miss Katherine Bell, Corresponding Secretary.
Executive: Mrs. Richard Hooper,

Meighen will lead us through

The need exists in Canada for a great movement of sanity and restraint. Who can glance at the daily spectacle of rampant class hatreds boldly at play in the political arena, without feeling some sense of disreput for the Canadian mentality?

Is Canada no longer a nation but an assortment of occupational groups arrayed against each other in envious selfishness, blindly accepting troubles that are universal as the peculiar distresses visited upon us by our vicious neighbor-Canada's—Cobalt Nugget.

By H. A. Mc-GILL, Member of the Parliament of Canada

and was attended by a large
number of members and friends.
The Rev. J. H. Gannon, who
was in St. John, N. B., on
Tuesday, Oct. 27, is expected to
return to St. Stephen, N. B., on
Wednesday, Oct. 28.

Are you sure you are eating enough sweets?

When work must be done, and your supply of energy is almost spent—more sugar may be your solution! Sugar is the greatest fuel food. It delays almost at once the onset of fatigue. And you can safely eat nearly a 1/2 lb. per day! But sugar alone doesn't satisfy—doesn't coax you to eat your full energy ration.

With over 130 different varieties of chocolate confections, Ganong Brothers have made the sugar ration a sheer delight. They have added the clever touch of the trained candy-maker—the relish of Nature's choicest fruits and flavours, the whole covered with the famous "G.B." chocolate.

Who can refuse the sugar ration so temptingly presented? The Makers' Mark on every piece.

Ganong Bros., Limited, St. Stephen, N.B.

ROTHESAY
Rothsay, Oct. 27.—The following
news from the Rothsay, N. J.,
branch of the Trinity Church,
St. John, N. B., for the week
ended Oct. 27, is of interest to
many friends.
The Rev. J. H. Gannon, who
was in St. John, N. B., on
Tuesday, Oct. 27, is expected to
return to St. Stephen, N. B., on
Wednesday, Oct. 28.

APPOHAQUI
Apohaqui, N. B., Oct. 27.—The
quarterly meeting of the Apohaqui
Branch of the Trinity Church,
St. John, N. B., was held on
Tuesday, Oct. 27, at the home
of Mrs. J. H. Gannon. The
meeting was held in the evening
and was attended by a large
number of members and friends.
The Rev. J. H. Gannon, who
was in St. John, N. B., on
Tuesday, Oct. 27, is expected to
return to St. Stephen, N. B., on
Wednesday, Oct. 28.

Monday Afternoon
LEOLA LUCEY

Leola Lucey, famous for her voice the country over, will appear in a specially selected programme.

This appearance of the famous soprano constitutes the musical event of the season. The assisting artists are Adrien Freiche, violinist, and Raymond Barry, pianist.

What makes this concert of more than usual importance are several numbers in which Miss Lucey will compare her voice with its RE-CREATION by Mr. Edison's new phonograph.

Monday Afternoon, October 31st,
at 4.30 p. m.

Imperial Theatre

We have arranged that a number of people may have special complimentary invitations. Call, write, or telephone for them. Only a few reservations remain. They will be issued in order of application.

Phone Main 1920.

MARKET SQUARE AND KING STREET

MADE COCONUT FRAPPE

Through the exquisite mellowness of the "G.B." chocolate covering, the excellent palate savors the delicate flavor of New Brunswick's noble sugar in subtle combination with finely ground coconut, fresh from Trinidad. One of the star varieties in the "Ten-Value" packing.

Are you sure you are eating enough sweets?

SAINT JOHN, N. B., SATURDAY, OCTOBER 29 1921

MR. MEIGHEN'S CREED.

"More than any other country, Canada needs a protective system. She is a young country mostly undeveloped. She lies alongside a great big country tremendously developed. The United States has every advantage that Canada has and tremendous advantages besides. It surely follows, to the mind of every reasonable man, that to abandon the protective system in Canada would be simply to invite the absorption of Canadian industry in the far vaster industries of the United States. The principles of the protection of Canadian industry have been proclaimed by practically every statesman who has shouldered the responsibility of government in Canada. They are sound and they are right and the vast mass of the people of Canada know that they are sound and right."

—From Premier Meighen's Portage Speech.

STILL WOBBLING.

A few days ago we described Mr. King as a "trimmer," "everything by turns and nothing long," and our description is perfectly justified. After completing his Maritime Province tour, he went to Ontario, where he came out on the public platform in a semi-rural district as in favor of revising the tariff downwards along the lines defined in the orthodox Liberal platform. When he was in these provinces, he was particularly careful not to identify himself in any way with the platform which he pledged himself to implement as legislation when he gets into power. Both here and in Quebec he preached the gospel of tariff for revenue, as one designed in the interests both of the producer and consumer. It was a case of Safety First. Now, however, that he is back in Ontario and not having to choose his words to suit the aggressive protectionism of Sir Lomer Gouin, Mr. Lemieux, Premier Taschereau and others, he once more takes up the cudgels for the free importation of wheat, flour and all products of wheat, the principal articles of food, farm implements and machinery, tractors, mining machinery, flour-mill machinery, saw-mill machinery and repair parts thereof, lumber, gas, oil, illuminating oils, lubricating oils, fuel oils, nets, fishermen's equipment, and fertilizers as well as the raw materials entering into these things, and demands that a revision downward be made and that substantial reductions be effected in the duties on wearing apparel, footwear and other articles of general consumption, as well as on the raw material entering thereinto. Also he wants the British preference increased to 50 per cent of the general duty, and is in favor of reciprocity with the United States.

In the course of this particular speech, Mr. King made much of the proposition that all the wealth of the country comes from four basic industries—agriculture, mining, lumbering and fishing. But these basic industries cannot flourish unless there are farmers to buy their output. The farmers use some of their output to feed themselves, as do the fishermen, but the lumberman and the miner cannot cloy the hungry edge of appetite upon the products of their industry. There must be other people besides farmers, lumbermen, fishermen and miners to provide a market for the surplus products of the farmers and the fishermen and to utilize the products of the lumbermen and the miners, and give to more and more of the products of all these natural industries the character of wealth. Does Mr. King contend that the part of Canada's population that is not engaged in agriculture, fishing, lumbering and mining is of no account, and is unworthy of the consideration of a statesman of his vision? The raw materials he speaks of must be converted into the manifold finished products by labor other than that employed in the fields, the fisheries, the lumber-woods and the mines. Where is this other complementary labor to be sought?

On the face of things, it would seem that the nearer to the place of production that these materials, etc., can be put to practical use, the better, so as to save transportation and other charges, but apparently Mr. King thinks the United States is the proper quarter for us to look to; in fact, his policy were to be put into effect, that is where we would have to look to, because the effect of it would be to put our own manufacturing industries out of existence. Why should Mr. King want to deprive a large proportion of the consuming population of the country of the means of making a living?

is livelihood? The more of the output of Canada's basic industries that is exhaustively manufactured in this country, the more of it will be consumed here and the greater will be the production and the storage of wealth in this country. The idea of making Canada a back-yard and adjunct of the United States will not do, and the more that the King and Crerar policy is exposed to the action of public opinion, the more washed out does it appear.

THE TARIFF ISSUE.

It is claimed that as the Canadian customs revenue is only a fifth or sixth of the amount needed annually for Dominion expenditures, there is no sense in making it the big election issue. If the tariff were to be viewed from the point of revenue alone, the objection might have weight. But the tariff is the foundation on which our other Dominion revenues are largely founded. Without adequate tariff protection, the other sources of revenue would dry up.

Excise, for instance, is a domestic tax on production of certain kinds, and collectable because of the tariff wall. The income tax, which is 88 per cent urban, in application, is based almost entirely on manufacturing and trading—these are largely dependent on tariff protection. The holding down of the railway deficit—surely an important financial item—depends on developing home business and traffic, and these are fostered by the tariff. The postal revenue depends mostly on trade prosperity, which depends on the tariff. The profits or income tax on corporations is a business tax, and depends on general prosperity. The root of our whole national livelihood is the measure of adequate protection we give our home industries against the powerful interests of other countries, especially the United States. Without adequate protection, all our national activities are hurt. The issue is not so much the national revenue from the tariff, as the fostering or smothering of our whole national business.

ONE ARTICLE THEY DID NOT QUOTE.

Our esteemed contemporaries, The Telegraph, Times and Globe, are in the habit of quoting the ideas of the Toronto Globe quite extensively—about five days a week on an average—to make up for the paucity of their own. Here's one piece of Toronto Globe editorial views that they did not quote, however, clipped from last Wednesday's issue—

"They take their politics seriously in the East. Mr. Pugsley has resigned the Lieutenant-Governorship of New Brunswick to become a Liberal candidate for one of the St. John-Albert seats. He was Prime Minister of the Province in 1907, and afterward Minister of Public Works for Canada. After that most men would have regarded the Lieutenant-Governorship as the close of a public career, but Mr. Pugsley steps gallantly into the ring again."

This is all nonsense of course as every one knows but it is about as nearly correct as The Globe ever gets—except by accident.

Ottawa Citizen:—Mr. Mackenzie King is described, by election orators, as the greatest authority on labor problems in Canada. He is, at present, much exercised because five shiploads of high explosives have been imported into Canada. Mr. King says: "If we needed those shells here, why could we not have them made in some of the munition plants which are now idle and rusting, and thus provide employment in Canada."

Watching one of them yesterday, I concluded that a woman may be successful in everything she does, except when she runs to catch a street car. A female isn't dressed for sprinting purposes. Her skirt is short enough, but her breath is shorter yet, and her heels are too high.

Regarding the Unknown Warrior to be honored by the United States, it is said that effective steps were taken to prevent his identity, service, and other facts becoming known. This must have been quite difficult for the U. S.

I see in a Western Canada paper that "on Thursday the ladies of the R. C. Church will hold a Jiggs corned beef and cabbage supper at the Rush Inn." I wonder if Maggie will get word of it?

A Regina paper reports that a little four-year-old boy swallowed a cent which was later removed from his stomach with an improvised wire loop. The miserable bandits couldn't even leave a child's bank alone.

Among the Society notes in a Western paper I notice the following: "Mrs. Walter Langeman, whose slopping pigs last week, let the lid of the swill barrel fall on her toe, breaking it. She was but seven."

"Isn't there" (sobbing), "for dogs?" she said.

"Man is immortal, sage or fool; Animals end by the different rule." So they had prayed.

An hour before, in his Sunday School, Trusty and glad and true, who could match her hero for hardihood, Rancorous, selfless, Pridelike, pelfless—

How I should like to be half so good! Firebrand eye and icicle nose; Ear inwrought like a guider-rose; All the world his glory; Beauty of Davy; Sad, not to answer whether it goes!

"Isn't there heaven for dogs that's dead? God made Davy out of his head; If he unmake him, Doesn't he take him away?" she said.

The birds were busy, the brook was gay, But the little hand was in mine, all day, Nothing could bury That infinite glory; "Davy—would God throw him away?"—Louise Imogen Guiney, in the *Minneapolis Journal*.

WHAT OTHERS SAY

Same Everywhere. (London Daily Chronicle.) One of our national shortcomings which it was hoped the war would extricate seems as much in evidence as ever. It is the foolish idea that there is anything degrading about doing manual work. Work has never been a tradition with us, as it is with some other nations. One distinguished foreign critic has attributed this to the whole truth we think is open to doubt. But there is no gainsaying the fact that much of our prevailing distaste for work is due to ennoblement. We think it more genteel to pay others to do work than to do it ourselves, and vast sums of money are expended yearly in saying "no" to services that a foolish class prejudice prevents our rendering to ourselves.

Assaults on Women. (Bay City Times-Tribune.) Motion picture shorts will probably see to it hereafter that there are no attacks upon women in any of their films. Too much realism doesn't rest well. Arbuckle has settled on the screen what common decency and common sense have failed to do. If nothing more comes of the Arbuckle case, it will have served the country well if it puts to shame the motion picture producer who has flaunted the attempted criminal assault so often in his picture, much to the disgust of every decent theatre patron.

The National Railways. (Edmonton Journal.) People are saying nice things about the Canadian National Railway system nowadays. It is following up its August surplus by a decidedly popular move to reduce unemployment along its own lines.

Lemieux on Crerar. Lemieux, Liberal Leader in Quebec. "I have read Mr. Crerar's address at Brandon and it is a frank statement of inadvisability of application in Canada without dire results to Canadian industry and to Canadian prosperity. Free trade sounds well in theory, but we are not dealing with theory. Conditions are such that it is unthinkable that theories should replace sound experience. This, of all times, is no time for experiment, and particularly an experiment in class governments."

Calgary Herald.—Hon. Duncan Marshall, Alberta Liberal. "I will never dip my flag to the pirate ship of 'protection.' Hon. Rodolphe Lemieux, Quebec Liberal: 'Unless we are willing to be absorbed by America, we owe a reasonable measure of protection to our industries.' The Grid ship at any rate will trim its sails to the sunny side of the Atlantic."

Benny's Note Book

BY LEE PAPS
Pop was smoking and thinking after supper and I said, Who me and pop. Meaning wat, and I said, Do you want to know everything I did today?
Your slightest movement intrals me strangely, on with the tale, and pop. Meaning I told him he would listen. With I started to tell him, saying, Well, in the first place I got up, and I went to school, and I was so early I was the first one in line, we wa marched in and the teacher was surprised and I was doing very well.
Better and more of it, will these wonders never cease? and I said, No sir, and I said, I want 3 more errands for ma without complaining, and then I saw smear on your shaving mirror, so I polished it.
I'm glad to hear it, it certany needed it, and I said, Yes sir, Q you awt of saw it, pop, it looked grate, it was too bad it had to go and drop rite out of my hands.
Wat, and pop, did it break?
Well, the glass part of it did, I sed.
You blithering little hyena, and pop. And he gave me 3 coarse cracks some place with his slipper, not being very enjoyable but being less than I expected.

THE LAUGH LINE

"When there is nothing more to be said, some fool always up and says," observes the *Kansas Industrialist*.

Progressing. "Do you know, Miss Jassen, I think my dancing is improving! I'm not treading on your feet so much!" "Oh, you're progressing—You're only treading on your own now!"—*Kansas City Star*.

The Rivals. Rub—Did she turn you down for good? Dub—For better, she claimed!—*New York Sun*.

Generally Speaking. "Dad, what's a social scale?" "Well, generally speaking, old man, it's the place where money is weighed."—*London Bystander*.

No Doubt. Three thousand discarded hats were found in one New York hotel. Left, no doubt, by guests who didn't have enough money to tip the hat check girl after they had paid for their dinner—*Cleveland Plain Dealer*.

Where He Errs. Muggins—Doolittle never seems to accomplish anything. He makes a religion of luck. Buggins—Yes, the trouble with him is that he would rather look for a four leaf clover than make hay while the sun shines.

One Cause of Unhappiness. Two-thirds of the people are unhappy because they are worrying about things that shouldn't concern them.—*Atholton Globe*.

Values. First Business Man—"The value of experience depends upon the price at which we buy it." Second Business Man—"Not altogether. It depends more upon how much we can sell it for."

Cheap at the Price. "See here, doctor, that bill you sent me was pretty steep." "But think what I saved you by telling your wife she shouldn't go to Palm Beach this winter."—*Boston Transcript*.

A DESIRE TO EAT WHAT YOU WANT

Stomachs Can be Restored to a Healthy Condition.

Not to be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equally satisfactory results. But it is possible to tone up the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible, and Dr. Williams' Pink Pills offer the best way to enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams' Pink Pills is given by Mr. John A. McDonald, Toronto, N. S., who says: "Every cry sufferer from indigestion has my heartfelt sympathy, as I was once myself a bond slave to it. Bating at all became a trial, and as time went on I became a mere skeleton of my former self. I took all sorts of recommended medicines, doctors' and advertised, but to no avail. Then a friend said to try Dr. Williams' Pink Pills. I got a box and I thought before they were done I could feel a change. Then I got six boxes more, and by the time they were used I was eating my meals with regularity and enjoyment. My general health is now good, and it is no wonder that I am an enthusiastic advocate of Dr. Williams' Pink Pills."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

THE STANFORD SPORTING SECTION

Miss Cecil Leitch Lost To Barnes

New York, Oct. 25.—A super-woman of the links forced a super-male golfer to unwanted heights to surpass her today at the Pelham Country Club.

James Barnes, National Open Champion, defeated Miss Cecil Leitch, Women's Champion of Great Britain, France and Canada by three and one in an exhibition match in which she granted her six bisques. To overcome this handicap she played such remarkable golf that she made the 6,419 yard course in 68, six strokes under par and four under the previous course record, set by herself. Miss Leitch has a medal of 83, the best a woman has ever done on the course, three strokes under the card that won the qualifying medal in the recent Women's National Championship.

Miss Leitch played with Barnes in the afternoon, defeating Miss Alexa Striving, former National Champion, by two up. The Englishwoman's card in the morning was six strokes higher than her record in the afternoon.

Sailor Friedman Defeated Rice

New York, Oct. 25.—Sailor Friedman of Chicago, tonight defeated Ernie Rice, English lightweight champion, in the seventh round of a scheduled fifteen round bout in Madison Square Garden when Rice's seconds tossed a towel into the ring.

Rice when his backers admitted defeat, was bleeding profusely from a cut over his left eye suffered in the second round. He was hardly able to see his opponent, but apparently was strong and trying to surmount the tide of battle when it ended.

Rice weighed 137 pounds and Friedman 133.

As a result of Friedman's victory his manager said an immediate effort would be made to sign the Chicago boxer and champion Benny Leonard for a championship bout.

Hindu Wrestler Caused Surprise

Wichita, Kas., Oct. 27.—The age old fear of the wrestling world that the championship of the world will pass from the race and repose permanently with the Hindu in Southern Asia has been brought up again.

The bringer-up of the fear is Jatindra Charan Gohar, the giant Indian who has just shown wrestling fans and Ed. (Strangler) Lewis a thing or two in their match here.

When the huge Hindu, who says he has come to this country in the interests of his own and his education and has taken up wrestling as a side issue, clapped a terrific toe-hold upon Lewis, the champion, and twisted his shoulders to the mat in less than an hour's wrestling, several things thereupon happened.

The springing into being of this fear of the eventual grappling supremacy of the Buddhists, the championship to be protected in Asiatic India with all the handicaps of religious fanaticism and century-old preparation was one of the results.

Gohar incidentally placed himself in the ranks of the topnotchers and made himself a man to be feared by the best grapplers in the world. He showed himself to be a man of terrible strength, extreme caution, wily generalship and skilful science.

The foreigner had been the aggressor all the way. He slipped the toe-hold upon Lewis and enforced it to a fall probably more easily than has been done in any big match since Zhyrko surprised the sporting world several months ago in his triumph over Lewis. It was the first fall anyone had obtained from him since that time.

That the "Hindu menace" should have entered the American wrestling circles—which is to say the world's wrestling circles—at the very start of the 1921-22 season is indicative of a new factor in wrestling in the next year or two. Jatindra Charan Gohar, who weighs fully up to 300 lbs., whose physical appearance is said to present great symmetry and whose sheer strength probably far surpasses that of the American, will have an eventful career in the next few years, should he follow the steps of several Indian wrestlers who have invaded the country.

Gohar adheres strictly to his religion holding that its beliefs, charms and signs give more strength. He is a college graduate and came to America mainly, he said, to study economics, his father being one of the largest export and import dealers in India.

ST. GEORGE

Mrs. James Jack announces the engagement of her daughter, Miss Susan Beatrice Campbell to Albert Fraser Steeves of St. John, the wedding to take place at an early date.

Mrs. Horace C. Stewart and Miss Jeanne Doidge, while on a hunting expedition during the week, near Red Rock, were successful in capturing a large moose, and are being congratulated on their good luck.

Mr. and Mrs. Charles McGratton and daughter, Miss Lillian, have returned from a visit with Mrs. L. Sweeney, St. John.

Mrs. Maria Burton of St. Stephen is a guest of Mr. and Mrs. Harry H. Burton.

Miss Betty Mathews spent the week-end with her father in Lalete.

M. T. McEade was a recent guest at the Victoria.

City Basketball League Meeting

A meeting of the City Basketball League was held at the Y. M. C. A. last evening at which representatives of all the teams which took part in the league last season were present.

The president, Roy Willet, was in the chair, and the matter of arranging a schedule, and setting an opening date were discussed. The Senior teams were represented as follows: Y. M. C. A. Seniors, Roy Willet; Y. M. C. I. Seniors, Messrs. Nixon and Stirling; Trojans, Urquhart; Alerts, Kitchen, Christie, and Ryan.

As the Alerts were unable to say definitely whether they would be able to enter the league, the meeting was further postponed to next Wednesday night.

The Intermediates

The Intermediates team represented last night were the St. David's, Doug MacGowan; Y. M. C. I. Nick Kennedy and F. Spittle; Y. M. C. A. Business Boys, Yocum; St. Jude, Wright; Y. M. C. A. Intermediates, Welford; St. George's, P. J. Legge.

The dividing of the Intermediate end of the league into two sections was discussed and it is possible that in view of the number of teams entered this will be what will be done, thus affording the teams a greater opportunity to play.

The matter will be finally decided on next Wednesday night.

Ruth Goes Hunting; May Find Trouble

Chicago, Oct. 27.—Babe Ruth may not be aware of the fact that while he is hunting rabbits he is building up a reputation for trouble among baseball all of next season.

Ruth was due to confer with Judge Landis early this week, but instead he has gone hunting. Judge Landis will be in a quandary as to what to do with the big slugger when he returns to the city.

The Montreal Gazette says: In the opinion of graduates of Queen's and McGill Universities who witnessed the game at the Stadium on Saturday, the revised rules of the Canadian Rugby Football Union have received the desired effect of opening up the play and eliminating the heavy line work that has pre-dominated for the past two seasons.

The greatest criticism comes against the strict, offside interference rule during a scrimmage. In previous seasons the limit for permissible offside interference was four yards, which rule worked admirably during last season and the season of 1919. This autumn, that limit was reduced to three yards, which makes the rule impracticable, as it cannot be enforced, and at the same time allow a team sufficient space to open a hole in the opposing line to make bucking possible.

Referee Frank Morrison, one of Montreal's best-known referees, the rule of a year ago is much better and more workable, enabling officials to keep greater control of the play.

This rule has made the task of handling a game too great for two men, as was pointed out by Referee Macaulay after the McGill-University of Toronto match. Mr. Macaulay stated after the game that he would ask for a third man in the return game at Toronto to watch the offside interference plays. Referee Hugh Gall was evidently of the same opinion "Des" Taylor, who was acting as head linesman to watch the offside interference plays on the line of scrimmage.

By reverting back to the four-yard rule, the third official would not be necessary and the play would become even more open than in the Queen's-McGill game. Otherwise the revised rules have brought about improvement and, with a few revisions, will carry the play into the more open style of game, as seen under the English rules.

Recommendation For Revised Rule

Yankees May Give Huggins The Gate

Babe Ruth Will Probably Replace "Unpopular" Manager—Some of Rumors.

Miller Huggins piloted the New York Yanks to the American League championship and ran the world series to eight games before he dropped out.

Other managers would have been given credit for a pennant even if they should have won.

But not so with the former Cincinnati star.

Huggins is still being pestered about by the New York fans.

It isn't usual for a pennant winning manager to be recommended for the "gate," but that is Huggins' share of the laurels.

New managers are already being talked of among the Yank following. Some say it will be Babe Ruth, who has the pleasant task of signing a new contract this year. Others have it that Eddie Collins will come from the White Sox in a trade to succeed the present pilot. Still others have the hope that Puckinpaugh, whose wobble lost the last game of the series, is the new pilot.

Even while the series was on the stories were fanned about.

It was even said that Huggins had agreed to manage the St. Louis Cardinals late in the race last year when he was forced almost to resign by an insurrection of the players.

After the second western trip of the club had started it was reported and it seemed quite apparent that Huggins was the manager in name only. He never appeared on the field and Ruth and Peck did most of the directing.

Huggins' contract has expired. The health of the mite manager has been none too good and it is understood that this will be the loophole to let him out gracefully.

The experience of the Yanks pilot has been anything but pleasant in New York, and perhaps he would not object to a chance to get on some other club after he has shown his ability in the big town.

400 ASIDE CHESS MATCH.

Details of a monster team chess match, arranged to establish a new world record, have come to hand from London, where, on Sept. 24, 200 players sat down in a contest, 400 on a side, between the North of the Thames and South of the Thames. The North won by a margin of thirty-five games on totals of 217 1-2 to 182 1-2. Comparatively few games were adjudged.

THE PROGRESS OF TROTTING CHAMPIONS FROM EARLY DAYS

No doubt the development of the automobile industry has been a severe blow to the light harness horse. Instead of using a standardbred roadster, the average man who has much travelling to do, even if it is the farmer who goes to town only occasionally, buys a car. But regarding the light harness horse as a racing tool, his popularity has not declined. Hundreds of breeders in the United States and Canada devote time and fortune to producing trotters and pacers that can win money on the race track. There are hundreds of these tracks in operation from early Summer to the late Fall, the most important of them being included in the Grand Circuit, which touches a dozen American cities, and where purses aggregating hundreds of thousands of dollars are competed for every year. The Grand Circuit season has drawn to a close after a veritable feast of racing. The most outstanding performance of the year was that of Peter Manning, who trotted a mile in 1:57 3-4, the fastest mile ever trotted.

It has required almost a century to bring the record down fifty seconds, from 2:48, where it was put by Screwdriver in 1826. It is possible that faster miles had been trotted before Screwdriver's day, but he is the first trotter to make a record on a measured track. Screwdriver trotted to saddle, as did all the early record-breakers, down to Flora Temple, 2:24 1-2, the record being made in 1856. Since then all advances in speed have been made to sulky, though sportsmen have now and then shot at the old saddle records, finding them not more difficult to shatter than the sulky records. There is no longer any question that a horse is several seconds faster to sulky than to saddle, and one of the reasons for the remarkable advance in speed is the improvement made by the builders of sulkeys.

A famous old-time trotter was Lady Suffolk, who has been given credit, though erroneously as it now appears, as the first trotter to go a mile in 2:30. She eventually set the mark at 2:26 1-2. In those days the record was reduced with every new generation of trotter, as well as by improvements in shoeing and hitching, and we come, in 1885, when Maud S. trotted her mile in 2:03 3-4. Maud S. was perhaps the most famous of trotters. She had some such position in the hearts of those who bred or loved light harness horses, as did her contemporary, John L. Sullivan, in the affections of the boxing enthusiasts. Maud S. became the property of Commodore Vanderbilt who, like many of the other rich men of the day, found his chief relaxation in driving fast horses. The legend goes that the Commodore eventually sold the mare because, when he drove out with her, people would say, "There goes Maud S.," instead of saying, "There goes Commodore Vanderbilt."

Maud S. was the first trotter to beat 2:10.

From the time of Screwdriver the record was reduced, as a rule, by not more than two seconds at a time, sometimes by a mere fraction of a second. In her career on the turf Maud S. cut it a full four seconds. It remained for more than seven years, and then Sunbl clipped half a second off it. The next out was made by another mare, Nancy Hanks, aided by a kiteshaped track instead of the conventional oval. She trotted a mile in 2:04 in Turro Hants in 1892, driven by the veteran Bud Debbie, whose name used to so delight Oliver Wendell Holmes. Two years later Alx shaved a quarter-second from the time of Nancy Hanks, and in another two years the Abbot set it at 2:02 1-4. The big gelding was driven by Edward F. Gees, now past his seventieth year and still driving winners on the Grand Circuit. Despite the wonderful lot of horses that have passed through Gees' hands in the past fifty years, it was only with the Abbot that he was able to reduce the world's trotting record for a mile.

Then appeared Crescous, the first stallion ever to hold the record. In 1901 he set the mark at 2:02 3-4. Lou Dillon credited with a mile in 1:58 1-3, was the next recognized champion, although her record is ignored by some authorities because it was made behind a wind shield. But she is popularly regarded as being the first trotter to beat two minutes, though Thlan, owned by C. K. G. Billings, owner of Lou Dillon, was the first to do the trick without assistance from a wind shield, his final mark being 1:56, made at Lexington eleven years ago. Since then the mark of Ulvan has been beaten only once, and that was by Peter Manning, who lopped a quarter of a second off it last month. It is interesting to note that Peter Manning drew a sulky weighing 28 1-2 pounds with the shaft 87 inches long and the driver's seat resting only 25 inches from the ground.

The U. N. B. Team Defeated King's

Exhibition Game Score Was Eight to Three, Featured With Close Playing.

Windsor, N. S., Oct. 25.—The University of New Brunswick rugby team defeated King's College here today 8 to 3 in an exhibition game featured with close playing.

King's rushed the New Brunswick players in the opening minutes but the latter came back strong and Leunsbury went over for a try out of a mis-play. This was converted.

The Fredericton team rushed the and in a run from mid-field scored, but in turn were forced back by King's. O. Seeley finally broke away and in a run from mid-field scored. This was not converted. Following Seeley's score the Windsor collegians worked hard and kept the play on the New Brunswick twenty-five yard line. A penalty kick by McCoy gave them their only score.

The New Brunswick players out weighed the Windsorites in the scrum, but the latter held their own in handling. Both half lines exhibited good passing.

FROM FAT FORMS TO WILLOWY FIGURES

With a mask of comedy covering many a heartache, 170 frankly fat New York men and women have started their contest atop Madison Square Garden to reduce their weight and attain willowy, graceful figures in time to attend the Health Exposition at Grand Central Palace on Nov. 14, as exhibits of the efficacy of intelligent methods in taking off weight. They will be kept on a specially prepared diet and will wear rubber suits to induce perspiration while going through a systematic training in gymnastic exercises.

Unnamed Colt Won The Free Handicap

At Newmarket Houghton Sir William Cooke's Horse Defeated Favorite.

London, Oct. 25.—(Canadian Press Cable)—Sir William Cooke's unnamed colt by Cicero out of Comblanchette won the free handicap at Newmarket Houghton today, defeating the favorite, Sol Joel's Pondland, by two lengths. Stingo, owned by W. H. Dickson, finished third, a length and a half behind Pondland. Eight horses ran. The winner was quoted at 5 to 1 against Pondland at 20 to 1 against Stingo 100 to 8 against.

The free handicap is run over the six furlong Epsom Stakes course, and is open to all two year olds. No entrance money is collected. The official handicapper for the Jockey Club, F. F. Dawkins, allots the weights, giving what, in his opinion, is the proper weight that any entrant should carry. Top weight is, therefore, allotted to the horse that, in his opinion, is the best two year old of the season.

In the handicap for this race last year the five top weight horses all developed into high class three year olds, and included Leighton, Monarch, Humorist, Pharmacie and Lemonade, with Leighton carrying the top weight of 126 pounds. Monarch, entered in last year's race, was allotted 92 pounds, defeated Leighton in the Cambridgeshire stakes on Wednesday of this week.

Y. M. C. A. Trojans of the City Basketball League

The Y. M. C. A. Trojans of the City Basketball League had their first workout of the season on the Y. M. C. A. floor last evening.

The Trojans will be strengthened this year by the addition of a new player, James Fleming, who played with the Acadia College first team last season.

Last night's workout showed that the team will be in good shape for the opening contest.

Note this Threaded Metal Collar on each

Williams' HOLDER TOP SHAVING STICK

The Perpetual Stick in the "Holder that Holds"

THE metal box top or holder is screwed onto the threaded metal collar on the end of the stick. That means metal to metal—a dead sure hold. The stick never loosens, wobbles or breaks. It stays.

Then when the soap is all used, get a Re-Load stick and, with a mere turn of the wrist, put it in the original box. This convenience and absolute economy with perfect simplicity makes Williams' Holder Top the natural choice of all stick users.

To describe the remarkable lather of this wonderful stick, the lather that not only softens the hair but also softens and lubricates the skin, would be to tell the world what the world already knows and has acknowledged.

Uncle Dick's Chat.

Dear Boys and Girls:— Today you will find a page all about Halloween and I hope you have some fine times on Monday night.

Would any of the boys belonging to the Corner like to be Canadian Sailors? I see that eight boys are wanted in the Navy and it is a great training for any boy who loves the sea and wants to serve his country that way.

So many of you in your letters tell me how much you like your teachers. I think that is a good sign that you are trying to do your best and are taking advantage of the chance to study.

Many of the greatest men of our own times had to get an education by studying after their day's work was done. So be thankful for your luck in being able to go to school.

What about living up to the C. C. Motto. I know a dog who was adopted by a kind family. His water pan is kept in the yard all summer and he was often seen bringing his dog friends in to share his cool drink.

Lots of good times to you all, With Love, UNCLE DICK.

THE WISE OLD OWL

Who kills a lot of mice? Why cats, you will answer—Read all about Mr. Owl and perhaps you will think he and his family are better mouse-traps than even pussy.

Don't shoot owls boys, the meat is not fit to eat, the plumage is not worth anything, and the only reason boys shoot them is because they are big birds and offer a good target.

Once in a while an owl will swoop down and gather in a little chick, but he doesn't do this this very often, because the owl is a night bird—he sees but dimly in the day—and chickens are not something that could be taken home, like at any other party.

A large pumpkin is placed in the centre of the table. All around the table are yellow and black streamers which lead to the inside of the pumpkin's headpiece. Inside is a surprise.

Decorating napkins and paper plates with the laughing pumpkin faces looking up at happy faces of the children make their ice cream all the more delicious. Boxes, pumpkin shaped, filled with candy and nuts, delight the small folk.

DICK DORLING'S RIDE INTO SAN TOMAS

"Of course, Dad, you're a perfect right to please yourself, and after all you should know more about the fellow than I do. As you say, I've only been in Spain a few days. For all that there's something about that greasy Spaniard of yours I don't like."

"I hope so, Dad," returned Dick, adding grimly: "I present! I would trust the fellow as far as I could throw a bull by the tail, and no farther."

"Felipe!" laughed the merchant, "if Felipe is the rogue you take him to be I fancy the people at the San Tomas branch will have to whistle for their month's wages tomorrow. I'm going to send him over with the cash to Morgan, my manager there."

"I hope so, Dad," returned Dick, adding grimly: "I present! I would trust the fellow as far as I could throw a bull by the tail, and no farther."

"Felipe!" laughed the merchant, "if Felipe is the rogue you take him to be I fancy the people at the San Tomas branch will have to whistle for their month's wages tomorrow. I'm going to send him over with the cash to Morgan, my manager there."

"I hope so, Dad," returned Dick, adding grimly: "I present! I would trust the fellow as far as I could throw a bull by the tail, and no farther."

"I hope so, Dad," returned Dick, adding grimly: "I present! I would trust the fellow as far as I could throw a bull by the tail, and no farther."

WHAT DID BETTY BUY?

Good gracious! this letter can't be for me? Oh yes, it is! I hope you will find it interesting. Betty Beauty.

COPIES OF BETTY'S LETTER

Dear Mr. Simpson: You know Clara Green, don't you? SHE WANTED TO BE A HOUSE... SHE WAS SIMPLY TRYING TO APE A SISTER OF MINE. However, she left her help she finally reached the Framingham School and registered. But she didn't like it a bit. She left very soon. IN FACT AT HER DINNER SHE ATE A VERY LITTLE. She fought with her room mate. IN A FIT OF JEALOUSY OR ANGER SHE LEFT. However, before going home she bought a new dress at Smith's store. When she tried it on she found it was too tight. SHE TOOK IT TO SMITH'S ALTERATION ROOM FOR CHANGES. Even then it didn't fit and she wouldn't keep it. SO APPLYING FOR REFUND SHE GOT HER MONEY BACK. Then she took the next train for home. Isn't that an interesting story? Betty Beauty.

PUZZLE

John Simpson was amazed when he read the above letter, which Betty Beauty had handed him. "On order is his letter," said Betty. "I wonder if you think of that?" OF COURSE SHE WAS SIMPLY TRYING TO APE A SISTER OF MINE. However, she left her help she finally reached the Framingham School and registered. But she didn't like it a bit. She left very soon. IN FACT AT HER DINNER SHE ATE A VERY LITTLE. She fought with her room mate. IN A FIT OF JEALOUSY OR ANGER SHE LEFT. However, before going home she bought a new dress at Smith's store. When she tried it on she found it was too tight. SHE TOOK IT TO SMITH'S ALTERATION ROOM FOR CHANGES. Even then it didn't fit and she wouldn't keep it. SO APPLYING FOR REFUND SHE GOT HER MONEY BACK. Then she took the next train for home. Isn't that an interesting story? Betty Beauty.

There is nothing to pay—nothing to buy! The wonderful Contest is nothing more than a great advertising and introduction campaign. It is absolutely free of expense. You may enter and win the best of the prizes without spending a single cent of your money. You do not have to buy anything, or subscribe to anything, in order to compete. The Contest is conducted by the Continental Publishing Co. Limited, one of the strongest and best known publishing houses in Canada. Terms, etc.

THE STANDARD'S FINANCIAL SECTION

Stock Market Responded To Strike Settlement

Million Shares Sold—Rails, Industrials and Many Specialties Scored Gains.

New York, Oct. 28.—The stock market today responded to the abandonment of the proposed railroad strike by an active session in which sales approximated 1,000,000 shares and leading rail, industrial and many specialties scored extreme gains of one to three points. Shorts contributed largely to today's movement, covering contracts in almost every branch of the list but commission houses reported substantial investment inquiry from local and out-of-town sources.

Steels, equipments, motors, coppers and a wide variety of miscellaneous issues continued their proportion to the day's large and diversified operations under professional guidance.

Domestic oils, the real features of the past few days, continued to move forward, California issues again being most prominent.

Sealing or profit-taking sales made little impression until the final hour, when reactions by one to two points resulted in an easy close.

Money Condition Easier

Relaxed money conditions accelerated the upward movement, call money declining from six per cent to five per cent at midday. In private negotiations demand loans were made at as low as 4 1/2 per cent, and 60-day accommodations also showing slight concessions.

All the important foreign exchanges were lower, sterling, reacting to a cent from the week's highest quotation, with declines of 3 to 10 points for the more active continental remittances, excepting the French rate, which was steady.

Railroad bonds also strengthened on the strike settlement and domestic industrials were moderately better. Victory notes were at highest quotations of the year and most Liberty bonds closed at advances. Total sales, par value, aggregated \$14,875,000.

Entire List Moved Up On Montreal Stock Exchange

Twenty four Advances Shown of Fractions to Seven Points.

Montreal, Oct. 28.—Practically the entire list moved upwards on the local stock exchange, 24 advances being shown of from fractions to 7 points.

The papers took the leadership of the market, both in volume and strength. Riorida was the only loser with a fall of a point to 4. Laurentide gained 2 1/2 to 8 1/4. Brompton was carried up 3 points to 25 1/2. Spanish cinema was up 3 1/2 to 69 1/2 and the preferred gained 2 1/2 to 77 1/2. Howard Smith moved up 1 1/2 to 74 1/2 and the preferred two points to 76. Wayganack gained a point on light business.

The biggest gain of the day was of seven points in Ogilvie to 184. Asbestos preferred made a notable advance of 1 1/2 to 80 1/4 and the common gained 1 1/2 to 62. Detroit United recovered 2 1/2 points of its decline, closing at 67 1/2.

As a group the steels were quiet but a break demand for steel of Canada advanced the price by 2 1/4 points to 63. Dominion Iron preferred jumped 5 1/2 points to 62, but the common was down a quarter to 63 1/4. Ontario Steel was 1 1/2 lower and Dominion Steel 1 1/2 lower.

One point gains were made in Canada Oils. General Electric and Lyall. Losses took a point to Winnipeg Railway at 37; half a point to 46 in Canada Car preferred to 46 while Toronto Railway sold a half point lower to 69.

Forty shares of Bank of Montreal sold two points higher at 212 reaching a new high for the year.

Bond business was fairly active with prices firm.

Total sales, listed, 13,530; bonds \$192,850.

Chicago Wheat Swings Upward

Chicago, Oct. 28.—Wheat had an upward swing today helped by the calling off of the railroad strike. Closing quotations although unsettled were 1 1/2 to 2 1/2 cents higher. Corn gained 1 1/2 to 1 1/4, asked 1 1/2 and oats 7/8 to 1 1/8.

In provisions the outcome varied from 25 cents decline to 5 cents advance.

Wheat, December 108; May 113 1/2; Corn, December 48 5/8; May 54 1/4; Oats, December 33 3/4; May 38 1/2.

C. P. R. Earnings

Montreal, Oct. 28.—Canadian Pacific Railway earnings for the month of September 1921, earnings \$19,494,751.19 expenses \$15,174,711.66. Net \$4,320,045.53. Increase \$411,534.70. Decrease in gross \$514,525.81.

Better Demand For Steel During Past Sixty Days

Situation Shows Some Improvement Over Year Ago—Hopeful Attitude Holds.

Montreal, Oct. 28.—A slightly better demand for steel has developed during the past sixty days, according to Roy M. Wolvin, President of the British Empire Steel Corporation. He stated that, as a whole, the situation shows some improvement over a year ago, and maintains a hopeful attitude in respect of the future.

Mr. Wolvin said that the big obstacle to both the steel and the coal industry at the present time was the fact that costs were still high, but he hoped that this matter would eventually be corrected in a satisfactory manner to all parties concerned.

In respect to the prospective orders from the Canadian National Railways for steel rails, Mr. Wolvin said that negotiations were proceeding, but hoped that they would take a more definite turn within a few days. He could not say how much of the order would be awarded, but thought that the corporation would receive a fair share of the business. Mr. Wolvin stated that the companies receiving steel rail contracts are not making money on them, but these orders served to reduce heavy overhead charges on existing plants, as against them remaining closed while operation of the plants served to give employment to a large number of men.

Toronto Trade Quotations

Toronto, Oct. 28.—Manitoba wheat, No. 1 Northern 119 3/4; No. 2 Northern 117 1/4; No. 3 Northern 112 3/4; No. 4 wheat not quoted.

Barley, No. 3 extra, best 47 pounds or better 55 to 58.

Buckwheat No. 1 nominal, 69 to 75; Ryco, No. 3, 80.

Manitoba flour, first patent 7.00; second patent, 7.00; No. 2, 6.75.

Ontario flour, 30 per cent patent, bulk seaboard 5.00; millfeed, car lots, delivered Montreal freight, bags included; bran, 20.00 to 21.00; shorts, 22.00 to 23.00 per ton; good feed flour per bag, 70 to 1.50.

Hay, No. 1 per ton 23.00, extra No. 2, 23.00; straw, car lots, 11.00 to 11.50.

Honolulu, Oct. 24.—The first resolution upon at the Press Congress of the World, one proposing open sessions at the Washington conference, developed such opposition that a compromise was adopted. It urged opening of the sessions of the armament conference to the press "so far as is compatible with transaction of its business."

Opposition to the original resolution

Winnipeg Wheat Market Showed More Strength

Trade Volume Yesterday Was Not Large—Closed 1/4 Higher.

Winnipeg, Oct. 28.—The local wheat market, which had been showing a little strength all day, was quite strong at the close. The trade volume, however, was not large. The close was 1/4 higher. No Northern wheat was in demand on the cash market, but other grades were not wanted. The demand for No. 2 was caused by requirements necessary to fill tonnage at the head of the lakes.

Future coarse grains were inclined to be in sympathy with wheat; Oats, closed 3/4 to 1 1/2 higher; barley 3/4 to 1; rye 3/4 to 1 1/4 higher; flax was an exception and closed with a decline of 3/4 to 1 1/4. Cash coarse grains showed little change with the demand very slow.

Close, wheat, October 111 1/4; November 110 1/4; December 109 1/4; May 114 1/4.

Oats, December 41 bid; November 39 1/2; December 35 1/2 asked; May 42 1/2 asked.

Barley, October 59 1/2 bid; November 58 1/2 bid.

Rye, October 53 1/2; November 53 1/2; December 52 1/2; May 55 1/2 bid.

Cash prices: Wheat, No. 1 hard 111 1/4; No. 1 Northern 111 1/4; No. 2 Northern 108 1/4; No. 3 Northern 104 1/4; No. 4 Northern 97 1/4; No. 5 Northern 90 1/4; No. 6 Northern 81 1/4; feed 71 1/4; track Manitoba, Saskatchewan and Alberta 110 1/4.

Oats, No. 2 c.w. 41; No. 3 c.w. 38; extra No. 1 feed 38; No. 1 feed 38; No. 2 feed 33; rejected 30; track 33 1/2.

Barley, No. 3 c.w. 59 1/2; No. 3 c.w. 54 1/2; rejected 47 1/2; track 58 1/2.

Flax, No. 1 c.w. 176 1/4; No. 2 c.w. 173 1/4; No. 3 c.w. 146 1/4; rejected 146; track 176.

Rye, No. 2 c.w. 53 1/4; rejected 74 1/4.

Raw Sugar Market Remained Unchanged

New York, Oct. 28.—The raw sugar market was unchanged at \$4.06 to \$4.11 for centrifugal with no sales reported.

Raw sugar futures were quiet but the undertone was steady and prices at midday were three to four points higher on covering.

Refined was steady and unchanged at \$5.20 to \$5.30 for fine granulated. There was a good inquiry but orders behind on delivery, as refiners are behind on deliveries. Refined futures were nominal.

Honolulu, Oct. 24.—The first resolution upon at the Press Congress of the World, one proposing open sessions at the Washington conference, developed such opposition that a compromise was adopted. It urged opening of the sessions of the armament conference to the press "so far as is compatible with transaction of its business."

Opposition to the original resolution

A SERVANT OR A MASTER?

How many men labor all their lives for a comfortable little fortune that shall mean liberty from care, only to find that the dollars bring their own bondage? What with collecting interest, watching the market, re-investing maturing investments, looking after real estate, the little fortune is almost as much work to take care of, as it was to accumulate.

If you have a little money, let it serve you, not master you. For a fraction of what your time is worth to you.

THE CANADA PERMANENT TRUST COMPANY will take charge of your investments, collect your income, invest or reinvest your money, according to your instructions, or according to our best judgment, if you prefer to leave it entirely in our hands. I stand because of this Company's wide experience, judgment, financial backing, and perfect trustworthiness, you are assured of both leisure and peace of mind, when you place your affairs in the hands of

THE CANADA PERMANENT TRUST CO. Paid-up Capital \$1,000,000. New Brunswick Branch, 63 Prince Wm. Street, St. John, N. B. R. P. WRIGHT, Manager. T. A. McAVITY, Inspector.

Grain Growers Are Disheartened

No Immediate Resumption of Industrial Activity Looked For.

Montreal, Oct. 28.—Back from a business trip to the Western Provinces Ross McMaster, vice-president of the Steel Company of Canada, stated that he could see no indication of any immediate resumption of industrial activity or until the present drops had been turned into cash. The crop in the price of wheat, had, he said, disappointed the grain growers in spite of the good crop.

Stillman Heirs Are Out of Divorce Suit

Justice Morschauser Rules Baby Guy's Rights Are Safeguarded.

New York, Oct. 28.—Justice Joseph Morschauser of the Westchester County Supreme Court handed down a decision at White Plains yesterday denying the application of John E. Mack, guardian ad litem for baby Guy Stillman, to include most of the heirs of the late James A. Stillman as codefendants in the litigation between the former head of the National City Bank and the child's mother, Mrs. Anne U. Stillman. These heirs include members of the Rockefeller and other prominent families.

Justice Morschauser's decision says that the court had jurisdiction to entertain Mr. Mack's motion, but that the court has concluded that under the circumstances it should not be granted.

"The court if necessary," the decision says, "will go to great length to protect infants' rights, not only for the present but for the future. I recognize quite well the great responsibility of the learned guardian ad litem in this case, and the cogent reasons that influenced him to make this motion."

"The learned guardian ad litem need not be alarmed about the future protection of the infant's rights. The infant is not without remedy and protection, for his rights can and undoubtedly will be safeguarded. If he succeeds in this trial before the learned referee the law affords ample opportunity to the infant or those interested in his behalf to perpetuate any testimony for his benefit. If the infant fails in the action he will not need it."

The heirs of the late Mr. Stillman whom Mr. Mack wanted to name as codefendants are those interested in trust funds aggregating about \$37,000,000. If Guy Stillman is declared to be the legitimate child of Jas. A. Stillman he will share equally with the children of Mr. and Mrs. Stillman.

THE FASTEST TIME ACROSS CANADA
"Continental Limited" on Canadian National Railways, the Finest Medium of Transcontinental Travel.

From the Atlantic to the Pacific the fastest time is made, and the most luxurious of train service furnished. From all Maritime Provinces points the finest of connections are afforded at Montreal, via the "Ocean Limited" and the "Maritime Express," with the famous "Continental Limited" leaving Bonaventure Station, at 9.00 p. m. daily, for Ottawa, North Bay, Cochrane, Winnipeg, Saskatoon, Edmonton and Vancouver. Leaving Montreal for instance on a Sunday evening, the traveller arrives in Vancouver early the following Friday morning, after five nights and four days of travel, on one of the best equipped and most modern trains on the continent.

The "Continental Limited" is a solid steel train of standard sleepers, Compartment Observation Car, tourist sleeper, colonist car and first class coaches. The finest of dining cars are attached, and the passage is the most important factor of making the fastest and most direct transcontinental journey.

The route taken by the "Continental Limited" affords the traveller the finest variety of scenic views and the most interesting sections of Canada are traversed. The road is regarded by experienced travellers as the best and smoothest, while the modern coaches are easy riding. The rigors of old time travel are eliminated and train weariness unknown. There is no train on the continent that affords such luxurious and convenient service.

Particulars regarding this through transcontinental service, and all information can be obtained from all Ticket Agents, or by writing the General Passenger Department, at Montreal, N. B.

Quit Tobacco
So Easy to Drop Cigarette, Cigar, or Chewing Habit.

Cases Dealt With In Police Court

Wilson Kincaide Charged With Statutory Offence—Mrs. McKiel for Assault.

The case of a man who would not support his own wife, but was quite ready to assume marital relations with another, was brought to the attention of the police magistrate yesterday when Wilson Kincaide was charged with non-support of his wife, and with a statutory offence. The prisoner pleaded guilty to the first charge, and not guilty to the second.

Mrs. Kincaide and Sergeant-Delective Powers testified in the morning, and Mrs. Mary Goring of Union St. was on the stand in the afternoon. Mrs. Goring said that Kincaide had taken a room at her home before Christmas last year, and that a wife, came to live with him about two months later.

Powers to that she said the two lived with Kincaide's mother, across the street. Mrs. Goring said she gave the two of them a large front room which they occupied.

The woman passed as Kincaide's wife she said, and the defendant's sisters and mother when they came to the house had always addressed her and spoke of her as Mrs. Kincaide.

Mrs. Goring said that the defendant had worked at Musquash during the winter, while the woman worked at a local hotel in the day time. The case was postponed for further hearing and the accused remanded.

Beer Case Dismissed.
A charge of having beer for sale of a percentage stronger than that allowed by the law, preferred against James Quinn of Mill street was dismissed.

Samuel Levine was before the court on a theft charge, but was remanded as his counsel was not present to go on with the case.

Mrs. Frank McKiel pleaded guilty to a charge of assaulting her husband.

Traffic Cases.
A. E. Everett, charged with driving his car, No. 5721 along the wrong side of the Westmorland road, pleaded not guilty in the police court yesterday.

Policeman Bette testified that he had seen the car on Sunday on the wrong side of the Westmorland road. He also said that there were several other cars on the wrong side but that it would be impossible to charge them all. In reply to a question, he said that the left side of the road was possible. Mr. Everett gave evidence that he might have been on the right side at times to avoid holes in the road but it was because the left side of the road was almost impassable

Says It Was Agony To Straighten Up

Moncton Man Had to Walk All Bent Over, But Is Now Well and Active.

"Nobody to look at me now would think I had ever known a sick day in my life, and I feel as fine as a fiddle, too," said Leo Polier, 127 Wesley street, Moncton, N. B.

"For six years my stomach had been causing me all kinds of trouble. My back was weak and at times hurt me so I had to walk all bent over, as if it was just agony for me to try to straighten up."

"Tanlac has made a clean sweep of all my troubles and I'm like a new man now. I have the appetite of a farm hand, and nothing I eat ever hurts me. The pain has gone out of my back and I can walk as well and as active as I ever was—in my life. I firmly believe Tanlac is the best medicine ever made."

Tanlac is sold in St. John by Ross Drug Company, F. W. Munro and leading druggists.

Two Local Firms Were Successful

Put in Highest Offer for \$646,000 Ten Year Six Per Cent. City Bonds.

At a special meeting of the common council held yesterday the bids for the \$646,000 ten year six per cent. bond issue of the city were opened and two local firms are in the syndicate which put in the highest offer and were successful in landing the plum.

This syndicate is composed of the Royal Securities Co. of which F. M. Keator is the local manager, Thomas Armstrong and Bell the newest firm in the investment field, all local men, and Johnson and Ward. Messrs. Thomas Armstrong and Bell, recently started in business as handlers of high class securities and their enterprise in going after this issue of nearly three quarters of a million dollars speaks well for their enterprise.

The offer submitted by the successful tenders was \$7,876. The tenders received were referred to the mayor, chamberlain and comptroller who met after lunch and decided to accept the highest offer.

Other bids received were: syndicate composed of Eastern Securities Corporation, Ames and Co., Gundy and Co., Wood and Co., and J. M. Robinson, \$7,811; W. F. Mahon and Co., Halifax, \$7,211; Dominion Securities Corporation \$7,611.

The balance of the issue of \$320,000 which was authorized, \$174,000 will be placed in the city sinking funds at the same figure as that obtained for bonds sold.

THREE PARTIES ARE ALL SURE OF VICTORY

One of the factors operating largely for the Government success in the news from Washington indicating that Congress may still further heighten the American tariff against Canadian goods. Senators, of what is known as the Agricultural "Bloc," have already decided in a schedule of rates on agricultural products which will be presented to the Senate Finance Committee when it returns its work next week.

This schedule, according to the American Associated Press, calls in some cases for even higher rates than in the Fordney tariff bill as it passed through Congress. On wheat they will ask that the 25 cent per bushel rate of the "Emergency Tariff" be continued, that an increase of five cents per bushel to agricultural products about on a level with the present emergency scale will be forced into the tariff law thus aiming a hard blow at agricultural importations from Canada.

The developments in Europe, impeding the Agrarian and Liberal platforms which would tear down Canadian tariff walls, regardless of what Washington does, that it is having a disastrous effect upon the Great-King campaign.

Mr. Meighen will conclude his Ontario tour on Wednesday next and will then invade Quebec. He will spend about a week in the French Canadian province after which he will swing westward spending a week in British Columbia and then working his way back through the Prairie Provinces to conclude his campaign with one week of intensive speech making in Ontario.

especially after a rain storm like the one of last Sunday. He said that the law was ridiculous if it would not allow a taxpayer to drive on the wrong side of the road to save his car. The magistrate advised him to see the city council and have the by-law changed. A fine of \$10 was struck.

HAVE YOU STOMACH RISINGS, GAS, HEART BURN, SOURNESS?
Tells of a Simple Remedy.
"It's really wonderful the quick relief you get from ten or twenty drops of Nerviline taken in sweetened water. For cramps and spasms, Nerviline is equally efficient. To safeguard yourself against these ailments, keep handy on the shelf a bottle of trusty old Nerviline. It will relieve the minor aches and pains of the whole family. Good for internal or external use. 50c. at all dealers."

Three hundred and fifty tons of delicacies from Mediterranean came to Halifax Thursday on the C. G. M. M. steamer Canadian Rancher for Montreal, which was diverted to Halifax to land her cargo for the marines.

This is the first of the Canadian government boats to land such a cargo at Halifax, and the first of the Mediterranean cargoes to land on this side for the Christmas trade.

The Rancher is out from Messina, Patras, Paragona, Malaga and Leghorn and carries dried fruit and wine and Italian marble. Hitherto such cargoes have been taken to Montreal, but owing to the unusually large amount for the marines the steamer called at Halifax.

Following the discharge of 350 tons at Halifax the Canadian Rancher will go to Montreal. She is in command of Captain P. M. Dickson. The Canadian Hunter has just completed loading in Mediterranean ports and is now en route to Montreal.

Mackerel Seiner.
Halifax, N. S., Oct. 25.—The Gloucester mackerel seiner Squanto, Captain Molock, was ashore on Beck's Rock, near Hagar's Island, while making Prospect Harbor at five o'clock this afternoon. The schooner struck at high tide and with prevailing winds should not be in immediate danger. A tug from Halifax has gone to the schooner's aid. Prospect Harbor is about twenty-five miles from Halifax.

Where He Ervs.
Muggins—Doolittle never seems to accomplish anything. He makes a religion of luck.
Bugina—Yes, the trouble with him is that he would rather look for a four-leaf clover than make his way the old-fashioned way.

"All cakes of Soap look more or less alike, but appearance does not indicate their true worth."
"SURPRISE" is a real Soap value—not padded or filled with useless material. For thirty-five years "SURPRISE" has been in a class of its own in Canada for Household use.

SUSSEX TRAIN LATE.
The Sussex train was about half an hour late yesterday, due to the breaking of one of the side bars of the engine while running between Renforth and Torriburn.

SPRUCE LAKE INVESTIGATION.
It was announced yesterday that the first session of the hearing into the charges of J. P. Ryan in connection with the Spruce Lake water extension would be held Tuesday morning at 10.30 o'clock at City Hall.

WANT OUR HAY.
The secretary of the Board of Trade has received inquiry from a firm in Toronto for the names of firms in this city who are engaged in the hay business.

RETURNED TO PRACTICE.
Dr. F. A. Godson, who has been in charge of the Army Dental Clinics for over five years, has returned to his former office, 74 King street, where he will resume the practice of dentistry.

NARROW ESCAPE.
Shortly after 4.30 o'clock yesterday afternoon a well known local youth had a very narrow escape from being seriously injured. The young boy in question was riding his bicycle along German street and when nearing the corner of King street, he fell to the pavement directly in front of a delivery truck. Fortunately the driver of the truck witnessed the accident, and by prompt action on his part the boy escaped injuries.

ORPHANS FAIR.
The largest crowd yet attended the Protestant Orphans Fair in the St. Andrews rink last evening. And all the booths did a thriving business with the large crowd. The prize winners were: Gents bean toss, Roy Campbell; excelsior, Thomas Campbell; air gun, J. Quilly; devil among the tailors, S. Ruby.

NEW POTATO SHED.
The trouble to the new potato shed on Pier I has been completely and the steel will be laid at once so that railway communication will be established by Monday. The potatoes in Shed No. 5 will be cleaned up by the S. S. Ulla, now en route here to load for Cuba, and the new shed used for future shipments. Potatoes will be stored in the new shed beginning the first of the week. A most important business has been developed along this line, all the potatoes shipped being from New Brunswick, and chiefly from Carleton County. The new shed is frost-proof, and suited for carrying on the traffic in the winter.

RIVER BUSINESS GROWING BETTER.
Business along the river is picking up and the expectation, that there would be heavy freights about this time, has materialized. The reports from the river boats show that the up river freights are very light and the down river traffic very heavy just now, although passenger lists are light both ways.

THE WINTER TOPS.
The Union Bus Company received three more winter tops for their buses yesterday from St. Stephen. It is expected that one top will be placed in use today and the others brought into service within the course of the next few days.

Great Excitement Near Lorneville

Seaplane Pelican of New York Dropped Into Water Because of Engine Trouble.
There was some excitement around Lorneville on Thursday afternoon when a plane was seen dropping from the heavens into the waters of the Bay, but fortunately for those in the falling machine it was a seaplane and the occupants were able to bring it safely to land.

Moose Lodge Holds Membership Rally

A Most Enjoyable Evening Spent by Members and Invited Guests.
St. John Lodge of Moose had a membership rally last evening at which the jolly family participated in a most pleasing affair. Members of the order were not stingy and they invited many of their friends to share with them the pleasure and enjoyment of the evening.

Banquet Held at Exmouth St. Church

Men of Church Assembled and Meet New Pastor—Bible Class Formed.
A banquet was held last evening in the Exmouth street Methodist church for the men of the church to get together and also to meet the new pastor, Rev. H. E. Thomas. A Bible class of the men was formed to meet every Sunday at 2.30.

Entertainment Much Enjoyed

A very successful Hallowe'en supper and entertainment was conducted last night in St. Columba's Fairville hall, under the auspices of the young people's society of the church and all present thoroughly enjoyed the feast of good things to eat and listen to.

Imperial Prince Arrives Wednesday

George Meese of Dramatic Order Knights of Khorasan Coming from Spokane.
Imperial Prince George Meese, of the Dramatic Order Knights of Khorasan, is due to arrive from Spokane, Wash., via Boston on Wednesday next. On that evening Adila Temple, No. 157 (St. John) will attend Union Lodge No. 3, Knights of Pythias, as their guests. The Imperial Prince will deliver an address on that occasion in regard to the principles of the order and what they stand for. A further address will also be delivered by Grand Chancellor James S. Lord, of St. Stephen, who is also Royal Visitor of the Temple.

Seven Witnesses At Investigation

Charged That Evidence Was Suppressed by the Police at the O'Brien Trial.
The investigation into the charge that evidence was suppressed by the police at the O'Brien trial was begun last night by Commissioner Thornton and after hearing evidence by Mrs. Truscott, Detective Power, Donohoe, Saunders and Biddlecombe, Deputy Sheriff Armstrong Clifford and William Godwin was adjourned until a date to be fixed later to hear the evidence of Dr. Wallace, Crown prosecutor at the trial. According to the evidence of Mr. Clifford and Sgt. Detective Power, Mrs. Truscott was in the court house, and could have been placed on the stand in the O'Brien trial and Dr. Wallace knew she was there but was advised by Mr. Power to hear what he had to say before putting her on the stand.

Grand Smoker at The Castle Hall

Knights of Pythias Opened Winter Activities With An Excellent Programme.
Between four and five hundred members of the four city lodges, Knights of Pythias, gathered last night in Castle Hall, Union street, at a get-together smoker and they had a fine time. This is the first of the winter season activities and it is intended to follow it up with other of a like nature. It is also proposed to hold a series of four dances during the winter, the first of which will be early next month.
