GERMANS SUFFER TREMENDOUS LOSS

Thirty-Five Hundred Troops Reported Killed and Wounded by Belgians in Attack upon Vise--French Men-of-War After German Cruisers in American Waters.

(Special to the Graphic.)
 Two German officers in disguise were arrested at Ostund today. Military notes and fortification plans of great value were found upon them. They will be shot as spies.

The third torpedo boat flotilla, returned to Harwick on Tuesday, little damaged from their meeting with the enemy's fleet in the North Sea.

Fierce fighting is reported from Belgium and hundreds of wounded Germans are being removed to Brussels, where they are being accommodated in the hospitals.

Russia has struck a heavy blow to German shipping, when they seized ten German vessels at Archangel laden with coal and timber.

Austria has now turned her attention to Servia, and a large army is now engaged in the bombardment of Belgrade, the capital of the state.

A German battle fleet is now off the coast of Finland, and has commenced a bombardment of the town of Sveaborg. This place is highly fortified, and has been called the Gibraltar of the North.

A Paris despatch confirms the report that Germany is bringing pressure to bear on Italy, and has threatened reprisals. Italy, so far, has stuck to her position of neutrality and refuses to move to the aid of the alliance.

From Harwick on the East coast of England, the report is confirmed that a great sea battle is in progress on the North Sea. No statement can be had of the fleets engaged.

The French fleet in the Mediterranean has captured another German cruiser, while a British torpedo-boat destroyer held up and captured a German Levant liner.

Reports are confirmed of heavy fighting in Belgium. In the encounter at Vise, the Germans lost 3500 killed and wounded. That Belgium will be the battle ground is evinced by the fact that 30,000 fresh German troops are being hurled against Liege. In the battle of Liege, 25,000 Belgian troops completely defeated 50,000 Germans, who retired, but further attacks are expected tonight. The Belgian losses so far have been slight.

French ships of war have been ordered to the West Indies, where they will search for the five German cruisers which have been reported seen in these waters.

BASEBALL NOTES AND JOTTINGS
 Only One Game Played This Week--In Absence of Mechs. Game Goes to Vics

There was but one game played this week, that on Friday evening when the Mechanics beat the Vics 3-1. This encounter was of the snappy order and good inside ball was played with the exception of the sixth innings, when the players were retired in quick order. There was only a small attendance present at the call of the game, many of the regular stand habitués having booked seats for the other play in the Opera House, where the game of "The Girl I Love" was staged. Our old friend Hedley once more donned the glad rags of the Vics and held down his own station from where he could harangue the multitudes around third base. Hedley also swatted the atmosphere on two several and distinct occasions, which caused a disturbance in the concert of Europe, and may have had something to do with the unsettled condition of Germany's war Lord. This statement however, cannot be confirmed at the time of going to press.

The Auto Contest is over, and "Dub" Sullivan has come out victorious, winning the handsome Ford touring-car, while Miss Marie Roy came second, winning the \$50.00 prize and George Dunn third, winning the \$25.00 prize.

The official announcement as prepared by the scrutineers, Messrs. J. G. Christie, A. T. LeBlanc, and J. T. Reid, was made public Tuesday evening at six o'clock, and was as follows:

Lester Sullivan	9,792,052
Marie Roy	6,877,915
George Dunn	3,745,929
John Allen	1,176,880
Ben Larsen	282,141

The other contestants having smaller number of votes are not published.

The formal presentation was made in front of the Leansbury building, Wednesday afternoon at 3 o'clock, W. A. Trueman, Esq., making the presentation.

At the appointed hour, a large number of citizens were present. The automobile awarded by the twelve merchants and the Graphic was first presented. Mr. Sullivan was called forward and Mr. Trueman, in a few words handed over the car. He complimented "Dub" upon his success and hoped he would be able to keep his wheels on the road and out of the ditch.

Miss Marie Roy, who was "Dub's" most energetic competitor, was the first to step forward and congratulate him on his success.

Miss Roy was then called, and the second prize delivered to her. This was to have been \$50 in gold, but Mr. Trueman announced that on account of the war no gold was available, so crisp new five dollar bills were substituted.

Mr. George Dunn, who was the third prize was not present, and this was delivered to him later in the day.

GRAPHIC PRIZES.
 The Ford Auto given by the Campbellton Graphic for the one getting the largest number of votes in the country districts was also on hand to be presented. Unfortunately Weston Chisholm of New Carlisle, who was the winner, had not arrived from New Carlisle, so the presentation of this was deferred.

AMATEURS HOLD THE STAGE ON WEDNESDAY
 By Request "Jack's Wife" is Repeated to a Good Audience by Mr. T. H. Bird and Amateurs

On Wednesday evening in response to a special request, Mr. Theodore H. Bird kindly consented to repeat "Jack's Wife", the play which made such a hit when he first appeared here. A good audience welcomed the players and they were raised to a high pitch of enthusiasm in the "Rule Britannia" specialty. The "old flag" can still bring out all the patriotic feelings, and the singers were accorded a great reception.

The players had only two days in which to rehearse, and they did splendidly.

THANKS
 I wish to thank my many friends for the loyal support given me in the recent contest, and I assure all, that their assistance is appreciated.

MARIE ROY.

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have pains if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and so all I can recommend it to."

Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CHANDLER
Among the following, who were in town this week were J. A. Garrod, travelling superintendent of the Abergaw Construction Co., H. E. Patterson of Montreal, R. N. LeBlanc of Bonaventure.

A sweet public concert was held at the Chandler Opera House on Thursday, July 30th, given by the Shigawake Amateur Theatrical Co. The programme of about twenty items consisted of songs, recitations, dialogues and short plays. The songs rendered by Miss Mauge and Mrs. Journeau were the best applauded of the first half. Mr. Skeff seemed to have caused the most amusement and laughter in the play entitled, "Pat, the Rascal." The most conspicuous item among the recitations was that given by the Rev. Vibert, entitled "Pap-Pa." This was intended to be a young child disturbing Pap Pa's peace at two o'clock in the morning. This item caused so much amusement, that the atmosphere on Friday, throughout Chandler seemed to be the cry of Pap-Pa.

The concert ended at about 11:15 p. m., with the singing of "God Save the King."

Miss Murray of Moncton, N. B., is spending two or three weeks vacation with Mr. and Mrs. Muirgridge.

Miss Lena Kempfer was the guest of her sister, Mrs. A. J. Arnold this week.

Messrs. Smock and Clapperton went on a fishing trip on Tuesday up the North River. Mr. Smock returned with a twenty-six pound salmon, and reported that he had caught it with a single line, and took about one hour to land. This seemed to have amazed the Chandler folk, and many are still wondering as to whether this huge salmon was caught with a silvery hook.

Mr. and Mrs. A. J. Arnold and little son Eugie, accompanied by Miss Lena Kempfer and Mr. Longbotham, motored to New Carlisle on Thursday, and returned the following day. They were favored with lovely water, and reported having had an enjoyable trip.

Mr. and Mrs. Prouty, Mr. Garrod and Mr. Marven left by train last evening to spend the week end in Gaspe. The usual service was held on Sunday evening at the St. Lawrence Staff House, Rev. McLeod of New Carlisle exchanging pulpits with Mr. Pugsley.

Mr. Dakin, proprietor of the Opera House has added a fine large stage to the rear of the building. Also two appropriate dressing rooms. This has made quite an improvement to the house, and will be very convenient for vaudeville shows.

MARRIAGE
At Campbellton, July 30th, by Rev. J. R. Miller, John L. Myers to Mrs. Mary Ferguson, both of Campbellton, N. B.

HAPPY MOTHERHOOD
The happiness of motherhood is too often checked because the mother's strength is not equal to her cares, while her unselfish devotion neglects her own health. It is a duty of husband or friend to see that she gets the pure medicinal nourishment in Scott's Emulsion, which is not a drug or stimulant, but nature's concentrated oil-food tonic to enrich and lighten the blood, strengthen the nerves and aid the appetite. Physicians everywhere prescribe Scott's Emulsion for overworked, nervous, tired women; it builds up and holds up their strength. Get Scott's at your nearest drug store.

DALHOUSIE

Dalhousie, N. B., Aug. 5th.—Dalhousie has been visited by a fair contingent of strangers this summer and without exception all pronounce our town a most attractive summer resort. Of course there are many things still required to amuse visitors. With time these additions will be made. Those of our own people who spend their holidays at their old homes here all speak highly of the progress the town is making. The new electric light system is very much admired and our new "Star" theatre is the evening attraction of a quiet community.

When the town authorities decided to add the electric light system to our growing town, naturally our Mayor and Aldermen expected the ratepayers to encourage as they did with the water system, and that is to have their homes wired, thereby, giving their families the convenience of modern lighting and at the same time increasing the town incomes from that source. The water system is more than self sustaining and if our people show a progressive spirit this fall in having their places wired, it will not be many months before the electric light system will be self sustaining also, and our town rulers will soon be placed in a position to inaugurate further improvements for the good of the place.

The article published in the August number of Rod and Gun in Canada entitled "The Whalers of Gaspe—Reminiscences of a Trade Now Obsolete" by Margaret Grant MacWhirter, reflects great credit on a former Restigouche girl who received her education in the old Dalhousie Public school. Her references to Whale fishing on the Gaspe Coast brings us back to a more recent fishing enterprise, when porpoises were caught with nets off Carleton Point. Hundreds of people drove to see the large ones landed on Carleton bar.

Mrs. MacWhirter, formerly Miss McNeil, concludes her long article on Whale fishing with the following paragraph: "Several who were once actively employed in the Whaling business are still to be found in Gaspe. In the Autumn of their lives the reminiscences of the early days of strenuous labors is still vivid and with great good-will they tell the tales of their whaling days in the Gulf of St. Lawrence and on coasts of the lonely Labrador."

Among the recent visitors to Dalhousie was Miss Marie Roy, of Campbellton. The object of her visit to Dalhousie was to obtain subscriptions for the "Graphic" and to renew subscriptions. She was very successful in both, and Miss Roy made many friends in the shiretown.

Miss Blanche Mercier and Miss Germain Trudelle, (Quebec), who have been visiting in Grand Caspepedin, have returned home.

Miss Louise Barthe, of Sussex, N. B., spent Wednesday in town, the guest of her parents, Mr. and Mrs. Ant. Barthe.

MILLS WILL NOT CLOSE!
Many rumors have been current here, that in the event of a strike taking part in the war, the lumber mills will close here. Ho it has been authoritatively stated there will be no cessation of work in the mills, which will run as usual during the summer. With regard to the lumber trade in the woods however, seems to be some dubiety, as highly probable that no lumber will be cut, unless the war clouds measure clear.

VESSELS WILL REMAIN
There are but two vessels in the Restigouche at present they will remain here, until relieved if they can be given clearance papers. One of the Norwegian loading at Carleton wharf, Mission Point, and the Russian vessel loading at Carleton wharf. Neither of these will be held here and papers are given the captains orders from the owners who proceed to sea or not. It is another Russian steamer which way here to load at the wharf.

MILLS WILL NOT CLOSE

Many rumors have been on the street here, that in the event of Britain taking part in the war, the various lumber mills will close here. However, it has been authoritatively stated that there will be no cessation of work in the mills, which will run as usual during the summer.

With regard to the lumber operation in the woods however, there seems to be some dubiety, and it is highly probable that no lumber will be cut, unless the war clouds in some measure clear.

VESSELS WILL REMAIN

There are but two vessels loading in the Restigouche at present, and they will remain here, until word is received if they can be given proper clearance papers. One of these is a Norwegian loading at Champoux wharf, Mission Point, and the other is a Russian vessel loading at the government wharf. Neither of the vessels could be held here and when their papers are given the captains will take orders from the owners whether to proceed to sea or not. It is said that another Russian steamer is on her way here to load at the Government wharf.

GREAT BRITAIN'S FUTURE ROLE

(By H. G. Wells.)

London, August 4.—At last the intolerable tension is over. Europe is at war. The monstrous vanity that was begotten by the easy victories of 1870-71 has challenged the world. Germany prepares to reap the harvest that Bismarck sowed. That tramping, drilling foolery in the heart of Europe, that has arrested civilization and darkened the hopes of mankind for forty years—German Imperialism and German Militarism—has struck its inevitable blow.

The victory of Germany will mean the permanent enthronement of the War God over all human affairs. The defeat of Germany may open the way to disarmament and peace throughout the world. To those who love peace there can be no other hope in the present conflict than her defeat, the utter discrediting of the German legend—ending it for good and all—of blood and iron, the superstition of Krupp's Flag Waving, Teutonic Militarism, and all that criminal sham efficiency that centres in Berlin. Never was a war so righteous as the war against Germany now; never any state in the world so clamored for punishment. But be it remembered that Europe's quarrel is with Germany as a state, not with the German people; with the system, not with the race.

The older tradition of Germany is a pacific, civilized tradition. The temperance of the mass of German people is kindly, sane, amiable. Disaster to the German army, if it is unaccompanied by such a memorable wrong as dismemberment or intolerable indignity will mean the restoration of the greatest people of Europe to the fellowship of the western nations.

The role of England in the huge struggle is as plain as daylight. We

have to fight it only on account of the Luxembourg outrage. If we do not fight England will cease to be a country to be proud of and we shall have a dirt bath to escape from.

"But is it inconceivable that we should not fight, and, having fought then in the hour of victory it will be for us to save the liberated Germans from vindictive treatment, to secure for this great people their right to a place under the sun as one united German speaking state.

"First, we have to save ourselves and Europe, and then we have to stand between the Germans on one hand and the Cossack's revenge on the other."

MEETING OF TOWN COUNCIL TUESDAY

Regular Meeting Held, But Small Amount of Business was Before the Meeting

The Town Council held their regular meeting on Tuesday evening, in the absence of His Worship the Mayor. Councillor Alexander presided at the opening of the session. There were present Councillors McLean, Evans, Patterson, Quinn and Goss.

The minutes of the previous meeting were read and confirmed, after which Deputy Mayor Miller occupied the chair.

Communication read from Ebenezer Ferguson, Fishery Officer, and Donald Morrison of Newcastle Fishery Inspector calling the town's attention to the state of the dumping ground, which was needing repair. This was referred to Public Property and Streets Committee.

Communication read from the acting Secretary of the Municipalities Union advising that the Annual Convention would take place in St. John on September 9th and 10th, and asking that delegates be appointed. The matter of the appointment was laid over.

Petitions received from the residents of Park Street asking for water privileges. This was referred to Water and Sewerage Committee.

The following reports from committees recommending payment of accounts were received and adopted.

Water and Sewerage \$638.12
Public Property and Streets \$6.50
Finance \$310.00

Councillor Evans from Public and License committee presented report recommending that the application of

John J. Arsenau for a one horse trucking license be granted in accordance with the By-Laws.

Councillor Goss asked when the refuse at the Fire Station would be removed, and Councillor Patterson promised to bring the matter to the attention of the committee this week.

On motion Chief O'Donnell was granted the sum of \$25 for expenses in attending the Firemen's Convention at Halifax.

Council adjourned.

These performances were under the auspices of the Mayor and were put on for the benefit of the Women's Institute, some of the officers of which assisted by other ladies acting as chaperons.

The play, which was one of the best ever shown here by amateurs, was staged in splendid style, the thrilling rescue in Act II, by the hero of the play, Miss Jean MacLachy, being most realistic, and the death scene in Act III, where little Nellie dies, holding the audience breathless. Mr. Bird is to be congratulated on getting so much assistance from the principals and chorus, and showed in all their actions all the care and training he had given them.

REPORT OF NAVAL FIGHT IN THE NORTH SEA IS NOW CONFIRMED.

London, Aug. 4.—Germany has violated the law of nations once again. Before war was declared between Germany and England, the German North Sea fleet assumed the offensive, and attacked scattered units of the British fleet. When the news became known in London the indignation of the populace knew no bounds. An attempt was made to wreck the German embassy by thousands of infuriated citizens and thousands of the Metropolitan police, including the whole of the mounted force, struggled for over an hour and a half against overwhelming odds. The building was partially wrecked, but nobody was seriously hurt among the occupants, though scores of people in the crowd were trampled by the police, who repeatedly charged the mob.

News of a naval engagement in the North Sea is confirmed tonight. Wounded from the battle landed at Cromarty in Scotland, and are now being cared for by a special corps of doctors and nurses rushed from Aberdeen in a troop train on an emergency call.

No word can express the anger of the British public. News received in London from provincial cities and towns report that the most violent demonstrations have taken place in all quarters.

ACT II. Scene 1. Interior of Light House. "The Robbery." Scene 2. Storm at Sea. "The Rescue."

ACT III. "James Sends a Forged Letter." "O God Thy Will Be Done."

ACT IV. "Her Wedding Day." There is Nothing Half so Sweet in Life as Love's Young Dream.

Two beautiful specialties, "The Cyclical Owl" and "Meet Me where the lanterns glow," were splendidly executed, the singing and action of the chorus being of a high order.

All the principals did well, Miss MacLachy as the heroine sustaining the high reputation she has made, carrying a very heavy part through without even the slightest slip or hesitancy. Miss Reba Hennessey made a most charming Ruth, the country girl, her love scenes with Si Kidder raising the laugh every time. Miss Lucy McInnis took the part of the mother in good old fashioned style, not being afraid to use either the rolling pin or a broom on her obstreperous children. The great hit of the evening was

made by little Marjorie Murray as Nellie, her portrayal of the part being most natural. Harry Ferguson as the rascally old squire, and George Wallace as his son, had splendid parts and made the most of them, while Cecil Mersereau as Uncle Davy got his audience from the first and gave them something "they got used to."

John G. MacColl, had a great part as Si Kidder, the country bumpkin and was carried along in his scenes splendidly by Miss Hennessey as Ruth. Mr. B. O. Bates took holy orders for the two nights, and LOOKED like a minister. Mr. Bird was as usual here, there, and everywhere, and carried the burden of the play as well as his own part to a most successful issue. The consensus of opinion was that the play was most satisfactory and in response to a special request a matinee was played to a good crowd of children and adults on Saturday afternoon.

CANADIAN PARLIAMENT SUMMONED TO MEET AT OTTAWA ON TUESDAY, AUGUST 18TH.

Ottawa, Aug. 4.—At the conclusion of tonight's cabinet meeting the Prime Minister announced that parliament was summoned to meet on Tuesday, August 18th.

Then the first business of parliament will be to vote funds required for defence purposes, and to ratify the Governor-General's warrants, which have already been issued.

Parliament will likely remain in continuous session until peace is declared. The Militia Department has taken steps to place guns at Cliffe Bay and other cable stations, fortifying them against a possible attempt by a German cruiser to cut communication with Great Britain.

The orders for the mobilization of a Canadian contingent of 21,000 men will be approved, after details have been finally passed upon by the cabinet. It is possible that parliament may be asked to impose a war tax. The treasury has now little funds on hand, and in order to raise money recourse will have to be had, either to a special war tax, or to an issue of Dominion bonds which may be taken up in Canada.

ORDER TO FIGHT FLASHED TO THE BRITISH FLEET IN THE NORTH SEA.

London, Aug. 4.—Immediately after midnight King George sent a personal message to the entire battle fleet now sailing against the German armada, cleared for action. It read: "I have every confidence that the British fleet will revive the old glories of the navy. I am sure that the navy will again shield Britain in this hour of trial. It will prove the bulwark of the empire."

This was the first message sent to the fleet since it cleared from Plymouth harbor and sailed to the secret rendezvous in the North Sea. Ever since the wireless has been silent. No word was permitted to go forth until tonight when the signal for the most tremendous naval battle ever fought sputtered out through the darkness from the great naval wireless station.

The Hague, Aug. 5.—Martial Law has been declared in all ports of Holland. It is officially announced that up to the present time the Germans have not violated the Dutch Frontier.

LORD KITCHENER IS NOW SECRETARY OF WAR

London, Aug. 5.—The first day of the war for Great Britain has been a day of suspense and rumors. Every half hour a fresh "Extra" was shouted through the streets with some startling rumor. The sum total of the rumors was that cannonading had been heard off all the coasts of Europe. The first fruits of the war are several German vessels brought to harbor by British cruisers, and others impounded in port. This was the days only news as far as British Naval and Military operations were concerned. The votes of \$50,000,000 for war purposes and the appointment of field marshal Earl Kitchener as secretary for war, were the two government measures of the greatest importance.

PRUSSIAN CAVALRY FIRES ON BELGIAN CIVILIANS

Brussels, Aug. 5.—(Via London).—LePeuple asserts that in the fighting between Germans and Belgians near Vise, a platoon of Prussian cavalry was almost annihilated by the enfilading fire of the Belgians from a building on the Bank of the River.

WAR NEWS

The dirth of authentic war news has been a great disappointment to all. During the time of anxious waiting much impatience was shown at lack of reliable news.

The Graphic has since Monday, endeavored to get early news of the war happenings, and has made arrangements to publish a bulletin each afternoon about 4.30. So far the results have been disappointing, but we hope to have matters adjusted shortly so that bulletins will be posted just as soon as news of any important event is received at St. John.

The Graphic has received enquiries for news from all over the country, our telephone being kept busy at times with calls from town, and as far distant as Chandler.

KING'S MESSAGE TO CANADA

The following message from H.M. the King was received by the Governor-General.

Please communicate to your ministers following message from His Majesty the King and publish: "I desire to express to my people of the Overseas Dominions with what appreciation and pride I have received the messages from their respective governments during the last few days. These spontaneous assurances of their fullest support recalled to me the generous self sacrificing help given by them in the past to the Mother Country.

VIOLATED NEUTRALITY OF SWITZERLAND

Paris, August 5.—The Foreign Office today confirmed the invasion of Switzerland by German troops. This is a violation of Swiss neutrality.

FIGHTING IN HOLLAND

German troops have crossed to Dutch soil at Eijaden. Hollanders are desperately fighting the invaders. There is desperate cannonading. It is feared the casualties will be heavy.

HOW THE NATIONS WILL LINE UP

Austria Hungary and Germany are opposed by Russia, France and Great Britain, Serbia and Montenegro. Italy has declared her neutrality, but is mobilizing. Belgium, Holland and Switzerland have mobilized. The German demand that the Belgian Government should permit the free passage of German troops through Belgium was answered by hasty preparations to resist such an advance across Belgian territory. Sweden has made no answer to inquiries from Russia, and Germany regarding her attitude, but is preparing to defend her neutrality. Japan is making ready to live up to her alliance with Great Britain. Spain is reported to be preparing a proclamation of neutrality. Austria Hungary for the moment has retired from her campaign against Serbia for the purpose of holding back Russia, and Serbia has mobilized with the reported intention of invading Bosnia.

TAKE CHARGE OF WIRELESS
Capt. Belyea, acting on instructions from Headquarters, on Monday evening took charge of the Wireless Station at Newcastle. This action was deemed advisable on account of the fact that some of the officials and all operators were Germans, and it is not known what messages may have been transmitted or received. Lt. Col. MacKenzie and Lt. Col. Irving went to Newcastle Tuesday evening in this connection. A guard of 24 men of the 73rd Regiment are on duty and the German operators under surveillance. Northumberland's regiment is said to be the only Militia regiment called on to perform any duty so far.

DALHOUSIE JUNCTION
The Restigouche Lumber Company of Dalhousie Junction have had their mill running since early spring. Mr. Allan Hicks, the manager, reports that this is the best summer sawing since he became manager of this mill. July has been a record month, cutting over two million and a half. This is due to the popular engineer, Mr. William Fritotte of Nashes Creek, who has been giving his best service to the company's interest. The Company is shipping shingles daily to the U. S. market, and are unable to fill all their orders and are obliged to run their mill over time.

STAGEL MANNBARTH DIDICIBLE PRIVATELY OWNED IN AUSTRIA AND OFFERED TO THE GOVERNMENT FOR USE AGAINST SERVA

HOTCHKISS AEROPLANE GUN ON ARMORED FARMAN BIPLANE

For the first time in the history of aviation the general practical value of air craft in time of war is expected to be shown in the hostilities between Austria and Serbia. Austria, with her six dirigibles, supplementing more than one hundred and fifty aeroplanes, has an advantage over her opponent, according to theorists, equal to many thousand seasoned soldiers. Her pilots are among the best in the world, known for their fearlessness and trained to intelligent co-operation with the land forces. Serbia is practically unknown in aeroplane records. The little Power has twenty machines as part of her military equipment, but the pilots lack the training of the Austrian aviators. Much of the Austrian aviation equipment is said to be patterned after that used by France and Germany. The Hotchkiss rapid fire gun is installed on many of the machines.

ST. JEAN L'EVANGELISTE

A Bazaar in aid to the Corporation of St. Jean l'Evangeliste to defray the expenses of the construction of a sidewalk in this village, took place here on July 30th, in the model school of this parish and terminated with a remarkable success by realizing the lovely sum of \$400.00. The Committee of this organization have a right to the congratulations of the citizens of this municipality generally, and also the two young ladies who conducted the lotteries, Miss Ellen Arseneau of St. Jean l'Evangeliste and Miss Eliza Greene of Migouasha, who contributed the sum of \$318.00, collected by them. Miss Arseneau obtained first prize by the sum of \$30.00, more than Miss Greene. Our sincere thanks are extended to those who contributed generously in aid of this work, which, when completed, will remain memorable to the citizens of this parish.

The organizing committee was formed of the following members, Messrs. Joseph N. St. Onge, John Lavoie, Alfred Greene, Frank McBrearty, John J. McBrearty and John Levesque. Secretary, all desire the congratulations and thanks of all for having brought this enterprise to such a good success.

CHISHOLM WINS IN GRAPHIC CONTEST
Scrutineers Total Up Votes And Make Announcement—Prizes Present Wednesday

Well, the Gaspé Coast wins the car. Chisholm was duly declared the winner by the official scrutineers.

The votes were as follows:—

Chisholm,	5,106,955
Wilkins,	4,426,915
Marcotte,	342,900
Miss Beck,	148,675

There will be keen disappointment here that Wilkins did not win out. The plucky Athol boy has devoted all his vacation and spare time to the work and has added largely to the Graphic's subscriptions, and his many supporters here thought that his chances were excellent.

The fact that there was only 650,000 between the leaders, shows how close the fight was.

Chisholm also was a worker and deserved to win. He canvassed the Gaspé Coast from Carleton to Gaspé, and as the field was practically new, we having only a limited number of subscribers below New Carlisle, he had no difficulty of getting hundreds of new names for our list.

Early in the contest Marcotte and Miss Beck saw they could not keep up the pace, so did not do much work in the latter part of the contest.

Altogether the contest has been a most successful one for the Graphic. One of the best features of the contest is that nearly all the subscriptions were obtained in this territory and will no doubt continue to receive the Graphic after their present paid up time has expired.

We will endeavor to have all new names added to our list this week, but as there are many hundreds of them which came in Saturday, it may be possible that some will be missed. We will do our best to serve all our new readers at as early a date as possible.

LACK OF CARE WILL RUIN THE MOST BEAUTIFUL HAIR

Save It With Herculicide

Aside from combing it when they think necessary many people give no attention whatever to their hair. Then when the hair begins to fall out it never occurs to them that their trouble is the result of personal carelessness.

An occasional application of Newbro's Herculicide will not only prevent loss of hair but permits of luxuriant growth. Hair losses are attributable to dandruff and the germ that causes it. The results following the intelligent use of Herculicide are frequently of a surprising nature. It removes the scale-like accumulations, leaving the scalp clean and free of dirt and thus allowing the hair to grow unimpeded by dandruff.

Newbro's Herculicide in 50c and \$1.00 sizes is sold and guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.
