FRENCH AND BRITISH ADVANCE UPON THE SOMME FRONT Germany Now Contemplates Long Distance Submarine Blockade on Britain

CONSCRIPTION IS DEFEATED

Note Taken in Australia For General Military Service

London, Oct. 30.—Only half the votes cast in Saturday's balloting in Australia on the question of compulsory military service have been thus far counted, says a despatch from Reuter's Melbourne correspondent, timed at noon on Sunday. The expectation is that a total of 2,000,000 votes will be found to have been polled.

Additional returns from West Australia, adds the correspondent, have reduced the majority for the opponents of conscription to 75,000.

An interview with a well-known Australian authority, published by the Observer, attributes the large number of anti-conscription votes in Australia to the alienation of a large Irish vote by the failure of the Home Rule negotiations and to the syndicalist views of industrial organizations.

GERMANY HAD AN OPPORTUNITY TO DOMINATE WHOLE WORLD

At Commencement of War, She Could Have Entered Paris, Reached Petrograd and Forced England to Her Knees in Two Months Time

Washington, Oct. 30.—(Montreal Gazette)—Admiral Lord Chas. Beresford, the British naval authority, asserts in a letter to Colonel Robert M. Thompson, president of the navy league of the United States, that if Germany had taken advantage of her opportunity at the outbreak of the European war, the Germans would have entered Paris, compelled peace with France, and reached St. Petersburg in a short time. "We would have been brought to our knees in a couple of months," says the British admiral.

Portions of Admiral Beresford's letter are as follows:

"I would people had listened to me before the war. I think it might have been averted; anyway, we escaped a most appalling danger, as, if the Germans had attacked us first without a declaration of war and sent what they could have sent—140 cruisers and armed merchant ships—on to our unprotected trade routes, we would have been brought to our knees in a couple of months; they could have put down a thousand ships in the first week, and if we had three times the number of dreadnoughts it would have availed us nothing."

"I've got to think of what they may or not do. Do not go to war for another three weeks; give me time to get all our cruisers and armed merchantmen on the trade routes; if the British do not fight, we can order our vessels home; if the British do fight we have got them."

"If the Germans had carried out that plan they could have got into Paris, compelled peace with France, and then been in St. Petersburg in a short time, and become the dominant power of Europe, and the world possibly, for a century."

FOUR DAYS IN A SHELL HOLE

Was the Experience of Corporal "Glad" Raymond.

Then Had to Crawl on Hands and Knees for Half Mile.

Capt. "Glad" Raymond, in writing home with reference to the casualty which he sustained at the front, says:

"I am not seriously hurt at all, and other than a toothache sort of feeling in the right hip, I'm feeling very well."

I managed to catch it rather close to Fritz's line and dropped into a shell hole, where I had to stay from 5 a. m. Sunday night, until about 10 p. m. Thursday.

Then after crawling on my hands and knees for about half a mile, I was picked up by a patrol from the 75th."

MUST RENDER POWERLESS THOSE WHO BROKE PEACE OF WORLD

Victory of Allies in the War Must Insure Deliverance of Europe From its Present Nightmare, Declares Eloquent Italian Socialist

Cremona, Italy, via Paris, Oct. 30.—"The redemption of our land, the reconstruction of Belgium, restitution to France of all her territory, reintegration of Serbia and the deliverance of Roumanians from the Hungarian yoke are involved in victory of the allies, but that is not all," said Leonida Bissolati-Bergavachi, minister without portfolio, leader of the Reform Socialists and member of the chamber of deputies, speaking at a commemoration of the execution of Dr. Cesare Battisti by the Austrians.

"It must also ensure the deliverance of Europe and the world from the nightmare which now envelops it," continued the minister, "and will not be gained unless those who have broken the peace of the world are made powerless to renew their designs. We must break off at the hit the weapon of this barbarous militarism which has been the mainspring of a horrible conspiracy against peace. That weapon is the Austro-Hungarian empire."

Dr. Cesare Battisti, a deputy from Trent, Austria, was executed by the Austrians in July last after agitating for the liberation for Trent and Triest.

ROUMANIANS OFFENSIVE

4000 CAPTURED

General Confidence Now Felt That Country is Safe.

London, Oct. 29.—Heavy blows were struck by the Roumanians on the Transylvanian border Saturday and Sunday, the invaders being driven back at several points, and more than 4,000 Austro-Germans were taken prisoner.

The greatest Roumanian success was won on the western end of the Wallachian line. In the Jini Valley, where the invader had cleared the Vidican Pass, King Ferdinand's troops rallied and struck back. In a strong counter-offensive they forced the Teutons to retreat, capturing 900 prisoners and his machine guns. The enemy, Bucharest reports, left 1,000 dead on the battlefield.

Continuing their offensive on Sunday and pursuing the enemy, who are retreating to the mountains, the Roumanians captured an additional 160 Bavarians and two howitzer batteries. The enemy is reported withdrawing to the mountains.

LONG DISTANCE SUBMARINE BLOCKADE OF ENGLAND IS NOW PROJECTED BY GERMAN LEADERS

Deutschland's Voyage Across Atlantic Served Merely as a Trial Trip—It is Now Planned by Von Tirpitz and Others to Effect a Blockade

By Courier Leased Wire.

London, Oct. 30.—(New York Sun cable)—A long-distance submarine blockade of England in waters far from Europe, such as the U-53 carried out for a short time, is sure to be undertaken on a large scale, writes Dr. Thomas Curtin, of Boston, in The Times to-day. The Deutschland's visit to Baltimore was to "take soundings" for this blockade.

"The trip of the Deutschland was not to get from the United States a few tons of nickel and rubber," he writes, "but to test thoroughly new submarine engines evolved by the Germans, to report on the effects of submergence in cold waters, such as those off Newfoundland, and to ascertain how many days of surface and submerged travelling were likely to be experienced."

"One fact stands out that the radius of action of German submarines is increasing monthly. A long distance blockade will certainly be attempted. You (Great Britain) will do well to look to your food reserves even if only as a precaution against so much frightfulness."

"Almost the whole political crisis in Germany to-day surrounds this school of thought. Those who think Germany is certain to win are for ruthlessness. The mob is carefully deprived of news of the loss of submarines and cannot understand why about 15 tons of straw and unburned corn and timothy, 1 stack of pea vine ensilage, about 60 tons; 35 tons of baled wheat straw No. 1. Both British and French Forces Make More Gains on Somme Front

French Capture an Entire System of Trenches Near Saillly-Saillisel—Rheims Was Bomarded by Enemy—British Record Gains Also

By Courier Leased Wire.

PARIS, Oct. 30.—12.30 p. m.—A system of German trenches, north-west of Saillly-Saillisel on the Somme front, were captured by the French last night, the war office announced to-day. The French advanced as far as the Sully church.

South of the Somme the Germans made repeated attacks between Biaches and the region south of La Maisonette. By means of their last attempt, they obtained a footing in some of the Maisonette farm buildings.

On the Verdun front the artillery fighting was less severe near Donnumont, and there was no infantry action in that locality.

Rheims was bombarded violently and some civilians were killed.

Berlin, Oct. 30.—(By wireless to Saville)—British troops, attacking the German lines on the Somme front, between Les Boeufs and Morval, succeeded in gaining some ground from the Germans, the war office announced to-day.

South of the Somme, French positions from La Maisonette farm to Biaches were stormed by German troops after successful artillery preparation.

On the Verdun front there was a continuation of artillery exchanges.

British Steamer Marina Sunk Without Warning

By Courier Leased Wire.

London, Oct. 30.—The United States embassy to-day received a report from Wesley Frost, American consul at Queenstown, that the British steamship Marina had been torpedoed without warning. It is believed a number of Americans were on board.

London, Oct. 30.—Lloyd's report that a steamer anchored off Crook Haven, Ireland, signals that she has picked up the shipwrecked crew of the Steamship Marina of Glasgow.

The Marina, which has been engaged in transatlantic service, was a vessel of 5,204 tons gross, built in 1900. She was last reported as having arrived at Glasgow on October 10, after having sailed from Newport News on September 10.

Take Two British Steamer

Only 34 members of the crew of 104 have been picked up and landed at Crook Haven, Ireland.

Mr. Frost is now procuring affidavits from survivors.

A report on the sinking on October 23 of the British Steamship Rowanmore also was made to the American embassy to-day by Mr. Frost, who states that the vessel was torpedoed. Seven Americans, including five Filipinos were on board the Rowanmore. Several of them have given Mr. Frost affidavits stating that a submarine shelled lifeboats while they were being lowered, and after they were clear of the ship, without causing loss of life.

The sister, in the epistle, says that Robert is in a hospital in Manchester. He got wounded in the right forearm and is getting on all right, but the doctor says he will have to operate to take the splintered bones away.

Greek Soldiers Replaced There for Protection of Entente

By Courier Leased Wire.

London, Oct. 30.—The Italian minister to Greece in an audience with King Constantine has explained that the Italian occupation of Northern Epirus does not change the situation there as affecting the status of Greece as this will be decided in peace conference after the war, says Reuter's despatch from Athens.

The minister informed the king that Italian troops had replaced the Greek soldiers in Epirus in order to protect the left wing of the Entente army.

ONE MORE WEEK OF BIG VOTES IN WHICH TO PUT YOURSELF IN THE LEAD

You Must Work Hard This Week as the Time is Here When the Big Cut in Votes Must be Made

The vote offer that you will find announced on another page of this issue of the Courier, gives each and every candidate the opportunity that they are looking for. A little hard work on your part this week will enable you to put yourself so far in the lead that it will be hard work for another candidate to catch up with you unless he or she takes advantage of this large vote offer.

The time is getting short now and if at the close of the contest you find that you are a winner of a small prize, instead of a large one, then you have no one to blame but yourself. As the Contest Manager has told you time and time again, you must work hard if you expect to win the prize that you aspire to.

The Big Prize is Not Won. In this contest, it is impossible now, and will be impossible to pick the winner until the contest closes. Candidates who are not talking, but working hard, will roll up a vote that will surprise many. Loud talking may scare some, but it will not get votes. You can rely on it that only real hard work counts—the continuous and systematic canvass. Lots of territory has not been thoroughly worked. Any number of willing subscribers are willing for you to ask them to help you win the big prize. Don't hesitate. Ask them. Give more than a little of your spare time. The prizes are worth all your time till the contest closes.

STATEMENT BY CHAS. E. HUGHES

Republican Candidate for the Presidency Announces His Platform.

DIFFERS FROM WILSON

Foreign Policy Will Stand Firmly For American Rights

By Courier Lensed Wires.

New York, Oct. 29.—A statement by Charles E. Hughes as to the things for which he will stand for as president of the United States, was given out last night by the National Republican committee. He states that his conception of the presidency, differs absolutely from that of Mr. Wilson. Mr. Hughes holds that the president is the administrative head of the government and that Mr. Wilson looks on the president as primarily the political leader and law-maker of the nation.

The things to which the country may look forward after March 4th next if Mr. Hughes is elected follow:

"An executive responsible to the whole nation; a cabinet chosen from the ablest men in the country; a foreign policy that stands courageously, but firmly for American rights; a flag that protects the American in his lawful rights, wherever legitimate business may take him; preparation for trade competition to protect American workmen and businessmen; government oversight of business which will eliminate abuses; a domestic policy looking toward industrial peace and to sound and permanent prosperity, based on the development of our trade and the building up of our industries."

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla today. Sold by all druggists.

To The Grave

Mrs. Chas. Simon The funeral of the late Martha Williamson, dearly beloved wife of Mr. Chas. Simon, took place from her late residence, 174 William St. on Friday afternoon, Oct. 27th, at two o'clock, to Mount Hope cemetery. The funeral service was conducted by Rev. J. W. Gordon of St. Andrew's church. The deceased was in her 68th year, but her sunny disposition and bright smile, kept her young. She was always interested in the concerns of young people. She was a member of St. Andrew's church and an active worker there within a few days of her death. All good causes found in her a sympathetic friend, and she will be sorely missed not only by her sorrowing family, but by the church and congregation, which she loved so much, and by a large circle of friends to whom her sudden demise came as a great shock. She was a devotee believer of Jesus Christ and her strong faith and goodness shone in her face, and enabled her to live triumphantly over the trials and sorrows of life. During the service, Miss Anguish sang very sweetly a favorite hymn of the deceased "Asleep in Jesus."

Those who remain to mourn the loss of wife and mother are Mr. Chas. Simon and Wallace, Miss Alta and Miss Myrtle, all of the city, and Mrs. W. F. Anguish, Hagersville.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour then you get little one become cross, half sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother. See if tongue is coated, then give a teaspoonful of California Syrup of Figs, and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless, children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a fifty cent bottle of "California Syrup of Figs," which has full directions, for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by the California Fig Syrup Company. Refuse any other kind with contempt.

King George, General Haig and David Lloyd George Praise "Somme" Battle Pictures.

ON THE EVENING OF SATURDAY, SEPTEMBER 2nd, the official War Office film, "The Battle of the Somme," was by royal command exhibited at Windsor Castle. There were present besides His Majesty, Her Majesty the Queen, the party from the royal household and others. Captain J. C. Fairthorpe, of the General Headquarters and Lieutenant E. Distin Maddick, representing the War Office, were in charge of the film. The King expressed to them his unqualified approval of the "Battle of the Somme" pictures, and advised the British public and that of the Empire at large, to see them. Both officers in charge of the film had the honor of being presented to their majesties and receiving royal congratulations.

The King's Advice:

"The public should see these pictures that they may have some idea of what the army is doing and what war means."

-THE KING

SIR DOUGLAS HAIG, Commander-in-Chief of the British Forces at the Front.

HON. DAVID LLOYD-GEORGE.

Edited by General Haig

These wonderful pictures comprise the first war film to be allowed out of England without coming before the British censor. They were released for public exhibition as a tribute to the heroism of the British army, including the expeditionary forces of the British Dominions beyond the seas. And the sub-titles and explanatory notes were edited by Sir Douglas Haig himself. As the film stands it is official, and must not be tampered with. If it shows something of the horror of war, it shows more of British heroism.

"THIS IS YOUR DUTY," "THIS IS YOUR MISSION."

"I am convinced that when you have seen this wonderful picture, every heart will beat higher in sympathy with its cause and purpose, which is no other than that every one of us at home and those abroad shall see what our men at the front are doing and suffering for us, and how their achievements have been made possible by the sacrifices at home. "Be up and doing also! See that this picture, which is in itself an epic of self-sacrifice and gallantry, reaches everyone. Herald the deeds of our brave men to the ends of the earth. This is your duty. "Ladies, I feel that no word is necessary to urge upon you the importance of throwing in the whole ardor and strength of your invaluable aid. Mothers, wives, sisters affianced ones—your hearts will beat, your voices speak, in honor and glory of the living and the dead. You are great and powerful. This is your mission."—David Lloyd-George.

Copies of this film have reached Canada and will be presented for public exhibition in the best theatres, under the auspices of the leading Canadian newspapers in the chief cities from coast to coast. In Brantford this wonderful record of British heroism and of British victory will be shown under the auspices of The Brantford Courier, at the Colonial Theatre, November 2, 3, 4. In order that as many people as possible may see this wonderful picture, a popular price will be charged for every seat in the house, 25c. Matinees daily.

"Excuses Offered Now Will Not Avail After the War"

—Major Windeyer

Stirring and Powerful Address, Embodying Strong Appeal for Recruits to Replenish Wastage at the Front, Is Delivered at Two Local Churches.

An preliminary to the coming recruiting campaign, the local branch of the clergymen's patriotic association secured Major Windeyer of the 234th battalion to speak in St. Jude's and Grace Churches yesterday. Major Windeyer, in presenting his appeal for recruits, laid great stress on the sacrifices already made by our boys and on the fact that they willingly left their home with the full understanding that Canada would faithfully support them by a further adequate supply of troops. He stated that at the present time recruiting was at such a low ebb in this country, that at the present rate it would take over a year to supply the wastage experienced on August 3rd of this year, at the time when the British Empire was feeling most jubilant over the apparent success achieved. The speaker declared that at this time, when the allies were congratulating themselves on the fact that the tide had turned, the greatest losses for any one day during the course of the war were sustained. High Wastage At the present time, the wastage due to deaths, injuries and missing at the front and the unfortunate loss

by sickness, discharge, or desertion at home, was not replaced by the number of men enlisting. What is the Cause? Whether the cause was the deterring effort put forth by mothers, sisters, and friends, he did not know, but at any rate a state of apathy undoubtedly existed. Major Windeyer related a few pathetic incidents of the war and appealed to the mothers and sweethearts to free their men folk and urge them to don the king's uniform. No Excuses. "The excuse offered to the recruiting sergeant to-day will not prove sufficient after the war," asserted the Major, in referring to the conditions that would prevail, following the declaration of peace. Powerful Motive. In conclusion, Major Windeyer stated that he believed that there was a powerful motive behind all the trouble caused by the war, and that victory would not be assured to the force possessing the larger number of troops, but would be awarded to that group of nations which demonstrated the purity of their national life that they were deserving of such an outcome.

The annual meeting of the Alexandra School League was held Thursday afternoon for the election of officers. Mrs. McFarland was re-elected president, Mrs. Pequegat was re-elected first vice-president; Mrs. Frank second vice-president, and Mr. Foster secretary-treasurer. A large executive was elected with Mrs. Fair as convener of the social committee; Mrs. Foster of the membership committee, and Mrs. Cromar of the program committee. A meeting of the league is to be held on the second Wednesday of each month at 4 o'clock. A talent show is likely in the near future, and prospects for the year are particularly bright, as there were 135 members last year. After the election a social hour was spent, during which tea was poured by Mrs. Fair and Mrs. Pequegat.

"The White Flour Pinch"—have you felt it?

With the advancing price of wheat "the seven-cent loaf is doomed," say the bakers. In its place we have the eight-cent loaf—in many cities only the sixteen-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In Shredded Wheat Biscuit you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made in Canada

SAME PAY FOR ALL SOLDIERS

Those Already Invalided Home Will Receive Arrears Pay
Ottawa, Oct. 30.—The Militia Department has decided to grant to some six hundred soldiers who were invalided home prior to March 1 last the same rate of pay and separation allowance as has been granted to soldiers returning since that date. Up to March last returned soldiers on reaching home were not allowed the separation allowance of \$20 per month during the period of convalescence, or until they were discharged from the service. On March 1 the regulation was changed so as to grant the separation allowance until the period of final discharge, together with sixty cents per day subsistence money and \$1.10 military pay. This new regulation has now been made retroactive, thus placing the men who returned during the first eighteen months of the war on the same footing as the men who have returned since March 1 last. Arrears of money due the men concerned will now be sent to them.

FOR THE NEWLY-WED.

"Great goodness!" said the Author-Man to a newly-wed neighbor of ours, "didn't you hear what your wife said?" "No," said the newly-wed neighbor, placidly removing his pipe, "was it anything important?" "I should say so," said the Author-Man, "she said her new hat wasn't becoming."

"Well?" said the neighbor. "Well?" echoed the Author-Man. "don't you know she'll be telling you that you said her hat was a sight?" "But I didn't say anything of the sort," objected the neighbor. "You didn't deny it," broke in his wife. They Store Them Up Against You. "Aha!" said the Author-Man triumphantly. "What was I telling you? She said it to see what you'd say, and when you didn't say anything, that meant that you thought it was unbecoming. Don't you know that lots of things women say are meant to be denied, and that if you don't deny them they store them up against you?"

"Are women like that?" said the newly-wed, one rather aghast. "They're not a bit," protested the newly-wed's wife, "don't you believe him, dear!" Never Let Such Statements Get By You. "And didn't you just prove it?"

Berlin will treat as prisoners the captains of all allied merchantmen. Several important German depots were bombarded by French aviators.

retorted the Author-Man. "Take a leaf from my book," he went on, with the patronizing manner of the long-wed to the newly-wed. "All women want to be reassured about this or that all the time. When I was first married, I let some of these things slip, and by-and-by they would be brought up by me. Now I never miss them. Sometimes I'll be reading or thinking, and not really hear what she says; and then I'll come to with a start and hear it echoing in my mind. I've got my subconscious mind so trained that it catches things like that and warns me."

Never Argue With a Woman Who Wants To Be Assured. "Another thing—never argue or be impatient with a woman when she wants to be assured. Some of the things will sound perfectly unreasonable to you and you will want to argue with her. Don't do it. If she says, 'Do you really love me?' don't say, 'Would I be working here to spend my evenings with you all day to support you and coming home to spend my evenings with you if I didn't?' Just take her in your arms and tell her you love her. One day longer, one night stronger, than I loved you, dear, before."

"Oh, I like that," cried the newly-wed, with her eyes shining. "where did you get it?" "You see!" said the Author-Man.

GERMANY METE TREATMENT

Under Plea of Russian Prison Camp Fresh Cruelties

By Courier Leased Wire. Berlin, Oct. 31.—(By wireless Sayville)—Measures of reprisal on Russian prisoners have been ordered by the German Government pending the Russian Government acceptance of German demands for improved treatment of German prisoners of war in Russia, according to the semi-official North German Gazette.

This newspaper states that the German Government asked of the Russian Government that it put an end to conditions which were causing suffering to German prisoners of war, and that the period given by the German Government for compliance having elapsed without a satisfactory answer from Russia, the German Government has ordered reprisals. To this end, it stated, a number of officers belonging to crack Russian regiments have been transferred to a special camp where discipline is especially severe, and where they will remain until the Russian Government complies with the German request.
