

GERMAN EFFORT AGAINST AMIENS RENEWED WITH VIGOR OFFENSIVE ON SOMME FRONT RESUMED WITH HEAVY FORCES Only Slight Gains Made, Attackers Being Repulsed

British Pressed Back a Short Distance on Front East of Amiens; The Teutons Hurlled Large Bodies of Troops Against Lines Between Luce and Somme, But Were Repulsed With Heavy Losses

London, April 5.—The British have been pressed back a short distance on the front east of Amiens to positions east of Villers-Bretonneux, the War Office announces. The Germans hurled large bodies of troops against the British between the Luce and Somme Rivers, making repeated assaults. For the most part the enemy was thrown back with losses. The statement follows: "Between the Luce River and the Somme, heavy fighting continued yesterday during the afternoon and evening till a late hour. The enemy employed strong forces, and delivered repeated assaults on our positions. These attacks were beaten off with loss to the enemy, but our troops were pressed back a short distance to positions east of Villers-Bretonneux (about nine miles east of Amiens) which they now maintain. "North of the Somme, the enemy's artillery has been active during the night in the neighborhood of Bucquoy and in the Scarpe valley. Hostile concentrations early this morning in the neighborhood of Albert were engaged by our artillery."

FOE FORCES CONCENTRATED. London, April 5.—The Germans concentrated troops early this morning near Albert, the War Office announces. British artillery took them under its fire. In the neighborhood of Bucquoy and in the Scarpe valley there was active artillery fighting during the night.

THE SITUATION. Striking at positions south of the Somme, nearest Amiens, the Germans have renewed their offensive with heavy forces. In desperate fighting with the British and French the enemy has been able to make only slight gains in isolated points, being repulsed with great loss everywhere else. How well the valiant Franco-British forces withstood the enemy onslaughts is shown by the fact that on a front of nine miles north of Montdidier the Germans used more than 100,000 men. Field Marshal Haig's centre and right held its ground against the heavy attacks, while the left fell back some what around Hamel, south of the Somme, and about 12 miles directly east of Amiens.

FRENCH ON DEFENSIVE. Between the Arre and the Luce the French and Germans contested all the ground bitterly. The enemy was determined to break through, used his masses of infantry in ten reckless assaults, the French mowing the Germans down with artillery fire. On either side of Montdidier, the French repulsed several hundred yards from the villages of Mailly-Rainval and Moreuil, the heights around which are still held by the French. The French lines have held below Amiens and the Germans have been defeated with great losses in what probably constituted their most desperate effort yet to break in and cut off the communications of this important base of the south. Also to the east of Amiens, the British have maintained their steadfast defense and prevented the Germans from making any important headway here.

WATCHMAN MURDERED. By Courier Leased Wire. Washington, April 4.—James King, night watchman at the offices of the Committee on Public Information, was found dead early to-day with a bullet hole through his head. Officials of the committee thought he had been murdered. Examination of King's pistol indicated that he had tried to fire it and that the cartridges failed to explode. Officials said no valuable papers were kept at the committee's office and that they could find nothing to suggest a motive.

WEATHER BULLETIN. Toronto, April 5.—The low pressure which was near the Middle Atlantic coast has moved northeastward and caused a snow fall in Nova Scotia. The high pressure which was approaching from the west now covers the Great Lakes, and the weather is fine from Quebec westward to the Pacific coast. Forecasts. Light winds; fine and a little milder. Saturday, easterly winds; fine and mild.

EKNES IS OCCUPIED BY GERMAN TROOPS WHICH LANDED IN FINLAND

Russ Warships Were Powerless to Prevent Landing of Teutons

DESTROYED OWN SHIPS Sank Vessels Rather Than Have Them Captured By Foe

By Courier Leased Wire. Petrograd, Thursday, April 4.—(By the Associated Press)—Two German warships and several torpedo boats have landed troops in Finland and occupied the town of Eknas, southwest of Helsinki. Several Russian warships, including four submarines, were powerless to prevent the entry of the Germans into the harbor of Hangoo, and the sailors sank three of the ships in the harbor to prevent their capture. The commander of the Baltic fleet has sent a communication to the German command concerning the German aims and protesting against the entry of German warships as a violation of the Brest-Litovsk peace treaty which guaranteed the security of the Russian fleet. An anti-Soviet uprising among the Ural Cossacks in southeastern Russia is reported.

PAUSE IN BOMBING

Amsterdam, April 4.—A Berlin official statement to-day says that the bombardment of Paris was suspended on Wednesday because of the funeral of the Counsellor of the Swiss Legation in Paris. M. Stroheim, counsellor of the Swiss Legation in Paris, was one of the worshippers in the Paris church struck by a shell from the German long range gun on Good Friday, and with many others, was killed by the explosion. German many has already expressed regret for the death of M. Stroheim to the Swiss foreign office at Bern. If there was a suspension of the German bombardment because of the counsellor's funeral, it was not one which included the entire day of Wednesday, as Paris despatches reported the resumption of the bombardment Wednesday morning.

SAY CZERNIN HAS BROACHED WILSON. Zurich, April 5.—Austrian parliamentary circles believe that negotiations have been opened between President Wilson and Count Czernin, the Austro-Hungarian foreign minister. The telegram from Vienna to the Neuse Nachrichten of Munich says: "Count Czernin's speech has created a profound impression in Austrian parliamentary circles, where it is believed that communications have been opened between Count Czernin and President Wilson, which already have reached further than Count Czernin's statements shows."

DISSENSION IN UKRAINE. Moscow, April 4.—(By the Associated Press)—Peter Petroff, the Russian emissary, who yesterday returned from Berlin with the ratified peace treaty signed by Chancellor von Hertling and Emperor William, tells The Izvestia, the Bolshevik organ, that the provisions of the ratified treaty confirm the declaration of Russian sovereignty over the provinces of Livonia, Estonia and Latvia, which are to be under Russian sovereignty. A map accompanying the treaty shows the frontier running west of the provinces in question, which fact, at M. Petroff's suggestion he says, was specifically stated in a special document drawn up when the treaty was ratified. M. Petroff reports that only the peace treaty with Germany has been ratified, the representatives of the other Central Powers being absent. They have been officially notified of the ratification of the German document, however, and the Exchange of ratified treaties with them will be made soon.

MAYOR MADE CIVIC ADDRESS OF WELCOME; W.G. Raymond, Col. Howard, Mrs. Livingston and Others Spoke FINE EVENING

to the principles for which you have fought side by side with British soldiers from all parts of the Empire. Now that you have returned to us, Canada has need of you. These are some of the country who talk of revolutionary times after the war. Under the British flag there is no need of anything even approaching revolution. We have the necessary machinery for the best form of democracy—and the issue has been clearly defined—Autocracy versus Democracy. Let us all accept it as a life principle. Surely we should have no hesitation about this. What Canada does need is a broad and clean plan of evolution and I hope the time is not far distant when our Government will take measures to see that our returned men are given opportunities to assist in the honest development of the country they have so nobly defended. It should not be a difficult matter to find means of providing profitable employment for men who have so conclusively proven their worth. Surely you have a right to share in the benefits to be derived from the development of our beloved homeland. Again, I bid you welcome. Brantford is honored in calling you citizens. You have "done your bit" and your greatest reward lies in the satisfaction you must all feel in having proven your right to citizenship in the Empire which has always led in the march of freedom. We rejoice with the wives, mothers, sweethearts and children who have waited so patiently for your return. Their fortitude and bravery has been most commendable, and we are proud also to call them citizens. In closing, the Mayor added a word of praise for the Army and Navy veterans of previous wars, some six of whom were present. He expressed hope for an early peace, and the home-coming of the men still overseas. After a vocal solo, "There's a Land" pleasingly given by Miss Hilda Ripley, the toast "Our Soldiers" responded to by Mr. W. G. Raymond, Col. Howard, Mrs. Livingston and others. (Continued on page 4)

BRANTFORD HONORED HER RETURNED HEROES

Banquet Tendered to Over Four Hundred Veterans in Masonic Temple Last Evening Was Memorable Occasion HALL FILLED

The Parade. Veterans of the first contingent, the second, and of every subsequent contingent, there were in the band which assembled at the headquarters of the Great War Veterans Association on Dalhousie street, early in the evening. Some of them, men once rendered totally unfit for service, had so far recovered that their bearing was as martial and erect as in the halcyon days of 1914, which marked a classic era for posterity; others still infirm, or bearing visible traces of their honorable wounds. Some in uniform, perhaps the uniform of one veteran, was erect as in the halcyon days of 1914, which marked a classic era for posterity; others still infirm, or bearing visible traces of their honorable wounds. Some in uniform, perhaps the uniform of one veteran, was erect as in the halcyon days of 1914, which marked a classic era for posterity; others still infirm, or bearing visible traces of their honorable wounds.

The Supper. Within, followed a period of hand-shaking and reunion, after which all took possession of the dining hall, where a long vista of tables groined beneath the weight of edibles. Of the supper that followed, after Grace had been said by Capt. the Rev. A. E. Laver, little need be said, for from all present came a full measure of appreciation, served under the auspices of the Women's Patriotic League, the meal, to quote the comment of one veteran, was "like" than which there is no higher commendation in the soldier's vocabulary.

Mayor's Address of Welcome. Ladies and Gentlemen: The purpose of this assembly to-night is to give expression to the feelings of genuine admiration on the part of all citizens toward our gallant men who have returned to us from overseas. On occasions of this kind it is sometimes deemed proper to indulge in platitudes and words of praise. If I depart from this rule, it is because of a conviction that it is in works and not words that we should show our appreciation of the very great service to humanity, performed by our soldier boys.

Men of our overseas forces, we rejoice that you have been spared to return to us. Welcome that seems a small word in which to attempt to convey to you the feelings of the people of this city, but I ask you to believe that each letter of that word is pregnant with the heart-felt feelings of every man, woman and child desiring of citizenship in Brantford. I know that it has been the desire of our people that a fitting reception should be tendered you, and now that we have with us the veterans of the Original First Contingent, we are glad of the opportunity to shake you all by the hand, and bid you a hearty welcome. The Original Firsts! I wonder if we even yet realize what the departure of that noble army of men had meant to Canada. Many of the men in that contingent were former residents of the Old Country, who had come here to make their homes. At the first call from the Motherland, how nobly they answered; not the

NEWS FROM NORFOLK COUNTY

MEMORIAL TO RETURNED MEN IS CONSIDERED

Simcoe Plans to Honor Her Veterans of the Great War

Simcoe, April 5.—(From our own correspondent)—Following the action of the County Council at the recent meeting, Warden Buck had a short conference with two of the gentlemen who appeared before the council with a view to stirring that body up on the question of providing a memorial for each of the returned soldiers.

A Similar Proposition Husband—"When is your birthday, dear?" Wife—"Just a few days now, April 21st."

It is surely, then, beyond being thinkable, that a suggestion as to the form in which the thoughtful public shall express itself should be in any way dictated or directed by the surviving portion of the great body of men whose splendid sacrifice is to be acknowledged, and as far as possible perpetuated.

FORMER SIMCONIAN IS ILL IN DELHI

Revival of Board of Trade is Planned—Other News Notes of Simcoe Simcoe, April 5.—(From Our Own Correspondent)—Mrs. Harry Marshall returned to town yesterday morning after spending the night at Delhi with her mother, Mrs. Oscar Hendry, and late in the afternoon was called back, as Mrs. Hendry was thought to be dangerously ill and in a very critical condition.

Save 5 cents a month by paying your Courier subscription in advance. It is not surprising that we should hear of considerable drunkenness about town during the last few days of the staff had to be sampled. The Inspector kindly assisted one man and his two bottles home yesterday from somewhere in the vicinity of the standpipe.

We are told that the old Board of Trade died in 1912, but the Council of the Board met last week. Perhaps that is why the old board died, the branch left the trunk, struck down an adventurous root and failed to become independent of parental nourishment. It will be fortunate if in the new organization the constitution has a safeguard against the over development of lateral members.

DODD'S KIDNEY PILLS

Back to Brass Buttons Last Year's Council, after threatening the matter out directed the police committee to furnish black buttons for the night police. The 1918 police committee has revised the order of its own accord. The change was made last year in order that the night police might do detective work without carrying a warning of approach.

Press Photographs Dr. Burt went to Toronto yesterday to interview officials at the parliament building.

Bert Stage, formerly night watchman at the Woolen Mills has gone on day work. G. R. Perry takes the beat at night. Miss Calder, of Toronto, returned home yesterday after visiting her brother, Alderman J. A. Calder. Miss Dey leaves to-day to return to her academic duties as instructor in English at Providence, N. I.

SPRING WEATHER HARD ON BABY

The Canadian spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often overventilated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after.

THIRD LIBERTY LOAN

Washington, April 4.—The third liberty loan campaign will last four weeks, beginning Saturday, and ending May 4, the Treasury Department announced today. Banks will be given five days after the campaign's close to tabulate and report subscriptions.

The issues will mature in ten years—on September 15, 1929—the Treasury Department today announced and will bear interest from May 9 next, payable semi-annually.

ASK INCREASE By Courier Lensed Wire Washington, April 4.—Canada Steamship Lines, Limited, to-day applied to the Interstate Commerce Commission for increases in passenger fares from points of origin in New York to destinations in the same State and in Canada to reflect a fifteen per cent. advance in passenger fares, granted recently by the Canadian commission.

EX-CONGRESSMAN DEAD By Courier Lensed Wire Oshkosh, Wis., April 4.—S. A. Cook, former Congressman and pioneer paper manufacturer, died at his home at Neshan this morning. He was born in 1849.

London and Port Stanley Railway has been permitted by the Railway Board to raise its freight rates on coal by 15 cents a ton and its passenger rate by 15 per cent.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Everyone, whether ailing, sick or well, should each morning before breakfast drink a glass of real hot water with a teaspoonful of Emetone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

CONSERVATION OF HEALTH AN IMPORTANT DUTY CARE IN DIET SAVES BOTH FOOD AND HEALTH

The Use of a Tonic to Keep the Blood Built Up and the Nerves From Being Undernourished Strongly Recommended at This Season

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the disease germs in subjection. They are not expelled entirely, but they are kept harmless. Some indiscretion in diet and the digestion is upset; overwork and worry disturbs the nervous system, the blood gets thin and watery and the ever-present disease germs assert themselves. The blood fights the body's battles, but the blood can only keep you healthy when it is rich, red and pure. That is why it is of the greatest importance that thin-blooded people, people with pale faces, or those troubled with skin blemishes, or indigestion, or rheumatism, or any of the many ailments due to poor blood, should fortify themselves with a safe and effective tonic like Dr. Williams' Pink Pills. These pills purify and strengthen the blood and bring good health and efficiency to weak, ailing men, women and children.

PALE AND WEAK The blood is responsible for the health of the body. If it is bad disease is bound to appear. One person may be seized with rheumatism and another with anemia, indigestion, heart palpitation, headaches or backaches, or unstrung nerves. There is just one certain, speedy cure—Dr. Williams' Pink Pills. They make new, rich blood, and this good blood strengthens the whole system and brings good health and happiness. Miss Devina LaFert, St. Jerome, Que., says, "Last year I seemed gradually to grow weak and run down. I did not sleep well, had a poor appetite, and grew pale and generally languid. I consulted a doctor who told me I was anemic, and gave me a tonic. This I took faithfully for some time, but it did not help me and I appear to be growing worse and finally I was hardly able to go about the house and almost wholly incapacitated for work. While in this condition a friend advised me to try Dr. Williams' Pink Pills, and I got several boxes. It was not long after I began their use when I could see an improvement, which first manifested itself in an improved appetite and better rest at night. From this on the improvement was rapid and I was not long in regaining perfect health. I think Dr. Williams' Pink Pills are a real blessing for all weak girls."

NERVOUS BREAKDOWN Nourish your nerves—that is the only way you can overcome the worst, insupportable nervous exhaustion. The fits of depression and irritation, the prostrating headaches, the weakness and trembling of the legs, the unsteady hand and the imperfect digestion that mark the train of nerve weakness, must end in nervous breakdown if neglected. Your nerves are crying out for pure blood and the mission of Dr. Williams' Pink Pills is to make new, rich blood. This explains why these pills have proved successful in so many cases of nervous disease that did not yield to ordinary treatment. For example, Mr. William Donald, West Flamboro, Ont., says, "Before I began the use of Dr. Williams' Pink Pills I was in a serious condition. I was not only badly run down, but my nerves seemed to be completely shattered. I slept badly at night and when I got up in the morning was as tired as when I went to bed. I seemed to be on the verge of a nervous breakdown. At this stage I began the use of Dr. Williams' Pink Pills. In the course of a few weeks I felt much relief, and continuing the use of the pills they completely restored my health. I am now sleep soundly, eat well, and am enjoying complete freedom from the old nervous troubles."

INDIGESTION CURED Thin, pale people who complain of indigestion must improve the condition of their blood to find relief. The most active blood builder in such cases is Dr. Williams' Pink Pills. They make the rich, red blood which quickly restores the digestive organs to their proper activity, and the dyspeptic who has hated the sight of his meal, and food now looks forward to meal time with pleasure. Miss Edith M. Smith, R.R. No. 4, Perth, Ont., says, "I can honestly say I owe my present good health to Dr. Williams' Pink Pills. My stomach was terribly weak and I suffered from indigestion and sick headaches, and was always very nervous. I was troubled this way for nearly three years, and in that time took a great deal of doctors' medicine, which, however, did not help me. I could not eat anything without experiencing the most agonizing pain. My sick headaches were most violent and I could not rest night or day. I was asked one day by a friend to try Dr. Williams' Pink Pills and I consented to do so. After taking them some time I found they were helping me, and I continued to take them steadily for several months, until I found that I was completely cured. While taking the pills I gained both in strength and weight, and I feel it impossible to praise Dr. Williams' Pink Pills too highly."

Do not be persuaded to take a substitute. See that the full trade mark name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around the box. If you cannot get these Pills through your dealer they will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

COUNTY COUNCIL CLOSSES SESSION

Amendment of High and Continuation Schools Act Was Favored \$5000.00 TO Y. M. C. A.

In the Court House yesterday the County Council held its final March-April session. Reports from the different committees were submitted and read, all being received with favor. It was resolved that a grant of \$5000 be made by the county to the Y. M. C. A. Red Triangle Club in addition to individual subscriptions of \$5 from each councillor. A resolution asking the Ontario Legislature to make an amendment to the High Schools and Continuation Schools Act was passed. The report of the roads and bridges committee was received with favor. The committee on finance reported the balance on the books of the treasurer on Feb. 28th in favor of the county was \$4,300.47, made up as follows: Balance in Bank of Commerce, \$4,224.75, less outstanding debts amounting to \$29.54, net cash on hand, \$4,295.21, with \$185.26 cash on hand amounting to first named total. A number of accounts were recommended to be paid. It was recommended that the salary of Turnkey Cook be \$300.

Gentleman's Valet Cleaning, Pressing, Repairing and Altering. G. H. W. BECK Bell 560, 132 Market St.

Call 1385 CAHILL'S FOR ROOF DRY CLEANING 29, KING ST. BRANTFORD

REPORTS OF THE BUILDINGS AND DRAINAGE COMMITTEE showed that since the new year the offices of Crown Attorney Wilkie have been satisfactorily renovated. The rooms of Turnkey Cook have been repaired and cleaned, prison labor being used for the work. The rooms of County Clerk Watts were renovated during his recent absence in California. The wing of the Court House building has been overhauled. The Bridges committee reported: W. L. Morris claims damages for losses incurred from poor road conditions. The communication regarding this was ordered R. G. Craddock, Chas. A. Johnston, Jos. H. Emmons, state damages on account of winter roads. It was recommended that these be referred to chairman of committee and superintendent to investigate. If they thought claims were valid for alleged damages the treasurer should be authorized to settle claims for whatever amount the chairman should consider correct. Construction work on county road system had been suspended, since last report of committee by order of road superintendent. During the winter the snow had been removed from county roads and where necessary, repairs had been carried out. It had been impossible to keep roads clear of snow, on account of severity of winter. Nor had it been possible to maintain road bed in as good condition this Spring when frost came out on ground. At the request of the police trustees of the village of Burford, it was recommended that the county road system be ordered same as last year.

LOCAL NEWS ITEMS

DIVISION COURT. Division Court is being held by His Honor Judge Hardy in the Court House today.

COMMITTEES MEET. To-night the City Council, Committee on Finance and Pood and Fuel meet in the City Hall.

GRASS FIRE. The corner of Terrace Hill street and Dundas was the scene of a grass fire about 5 o'clock last night. Though no buildings were threatened the firemen were called and the blaze was soon extinguished.

NUPITAL NOTES. On Wednesday, April 3rd, Rev. Llewellyn Brown united in marriage at the First Baptist Church, Albert R. Dougherty and Elsie Richards.

INQUEST OPEN. The inquest into the death of the late Alfred Isaacs opened in the police station at three o'clock this afternoon, with Coroner Dr. Fissette presiding. The hearing will likely prove of some length and will probably be continued to-night.

A PRESENTATION. The local Hydro office was the scene of a pleasing event yesterday when Mr. Catton, on behalf of the employees of the Brantford Hydro-Electric System, presented Miss Gertrude Schuler, who has recently resigned, with a testimonial of their esteem in the shape of a handsome table lamp, accompanied by a suadry road wagon for success in her future sphere of action.

C. O. R. DANCE. Although a number of C.O.R. men left yesterday with an overseas draft, the dance, which was to be held to-night under the auspices of the sergeants of the regiment, will take place at the Conservatory of Music, as advertised. A good attendance is expected. Music will be supplied by the battalion orchestra.

CANADA'S FIRE LOSS. The Monetary Times' estimate of Canada's fire loss during March, 1918, is \$1,582,286, compared with the February loss of \$2,243,782 and \$2,243,782 and \$2,050,650 for March, 1917. The municipal bond sales in Canada during March totalled \$9,191,644, compared with \$5,243,279 in February and \$229,013 in March a year ago.

NOTABLE INCIDENT.

One of the most notable incidents at the banquet last night occurred when Mayor MacBride asked those of the first contingent and reservists to stand. They did so and were greeted with round after round of applause.

HOME AGAIN. Flight Lieutenant Morton Patterson arrived home in the city today after over a year overseas, including 2700 miles in France. He is looking well and is receiving the warmest of greetings from his many friends.

REAL ESTATE ACTIVE. Property transfers for the city during the month of March were 69 in number. This is an increase of 16 over those of March last year. There is a marked increase of property values since a year ago and workmen's dwellings are particularly in demand. There is as yet little building of this sort being done.

TOWNSHIP HYDRO. On Terrace Hill and Grandview the Hydro lines are working today. Brackets for the county street lamps have been set up in almost all the suburban districts and it is now only a matter of waiting for power before the outlying sections of the city will be using Hydro electricity.

JAILER'S REPORT. Governor Jones, of the County Jail, has prepared his quarterly report. During the first three months of 1918 there were 38 prisoners lodged in the jail, the number of days spent by all the prisoners being 912. The average cost of rations for each prisoner was only 14c.

HAVE GOV'T. BEAR COST. Yesterday Alderman Harp received a telegram from the chairman of the Aero Club of Canada, Ottawa, asking that the city make a donation of one or more machines to the British Government as other municipalities in the Dominion have already done. The City Council having been asked for an opinion of the making of such a grant, it was decided that Mr. W. F. Cookshut, Brantford's representative in the Dominion House, be communicated with and informed that the local council believed that the cost of the making of fighting machines should be borne entirely by the Government, with a view of having such a resolution passed in Parliament.

BAND CONCERT. With the kind permission of Lieut.-Col. McCausland, the band of the 2nd C.O.R. will give a band concert on Sunday, April 7th, at 3 p.m., on the Jubilee Terrace. The following program will be given: March, The Crisis; R. B. Hall; overture, Luspel; Lela, Bels; waltz, Power of Love; Drechsler; humoreske, Dvorak; selection, Mariana; Wallace; concertino, Ernest Day; C. J. Bond; intermission; overture, Crown Diamonds; Aufer; gavotte, Bells of St. Malo; Rimmer; song, Il Bacio; Adagio; selection, Memories of the North; march, Sacred Largo; Banel; march, Fillmore's Triumphal; Stambaugh; hymns; National Anthem.

OBITUARY
MRS. E. INGLEBY.
The death took place at Brantford on Wednesday, April 3rd, of Elizabeth Ingley, widow of the late John F. Ingley. The deceased, who was in her 74th year, was born at Norwich, where she and her family resided until twenty-three years ago, when they moved to Brantford. Her husband predeceased her about fourteen years ago. The family, who are left to mourn her loss of a kind and loving mother, are Charles E. and Arthur E. of this city, and Percy of Camden, also two sisters, Mrs. Lownsbury of Hamilton, and Mrs. James Dignan of Eber. The sympathy of many friends is extended to the family in their sad bereavement.

The annual meeting of the Dufferin Bowling and Lawn Tennis Club was held in the Y.M.C.A. on Thursday, the 4th inst., with Vice-president O. Morris presiding.

CAMPAIGN FOR RED TRIANGLE

The Red Triangle Fund convention was held in Toronto yesterday, at which the campaign to raise two and a quarter millions of dollars for the work, was launched.

OFFICERS ELECTED FOR 1918 Club Had a Successful Year

The following officers were elected for the season of 1918, and after a vote of thanks were tendered the management of the Y.M.C.A. for the accommodation kindly extended to the club, the meeting was adjourned.

FORTY SIX RELEASED

By Courier Lease's Wire Quebec, April 5.—Forty-six men held by the military since the rioting here last Monday, were released this morning after they had been examined by the Military Service Act doctors and found fit for duty.

MORE C.O.R. MEN GONE

A substantial draft from the C.O.R. troops at the armories left Brantford last night. The points east, in addition to the quota which took its departure early in the afternoon. Rumors throughout the city said that the troops were being sent to Quebec, and the officers at the regimental headquarters this morning declined either to corroborate or to contradict the statement, nor will they divulge any particulars as to the number of men who left. Several officers accompanied the draft, which paraded from the Armories about half past six.

GUNNER A. JEX DEAD

Brantford Young Man Has Succumbed to Spinal Meningitis DIED IN TORONTO

A young life, full of promise, was cut off at the threshold of manhood when Gunner Alfred Jex of this city died at four o'clock this morning in the Military Base Hospital at Toronto, where he had been ill for some time from spinal meningitis.

The late Gunner Jex was twenty-one years of age, and the only son of Mr. and Mrs. Nelson Jex, South Market street. He was beloved by a wide circle of friends, having been an active worker in the Sunday School of Alexandra Presbyterian church in former days, while he was also a member of the Masonic fraternity and connected with Y.M.C.A. endeavor. For the past six years he had been an employee of Gold, Shapley and Muir, and only left the post which he held with that firm in March, when he became attached to the 70th Battery at Toronto.

Children's Cry FOR FLETCHER'S CASTORIA

COST OF CIVIL SERVICE.
(Associated Press.)
London, March 8.—The sum of \$500,000,000 was expended in maintaining the Civil Services in Great Britain for the past year, says an official announcement. This includes the sums spent on the King's palaces. Immense excesses of expenditure over the amounts originally estimated are accounted for by war bonuses, increased cost of labor and material, and the higher cost of food.

In some items there are considerable savings. Members of Parliament turned back their salaries to the amount of \$75,000. There is a saving in the estimates for prisons, due to the decrease in the number of prisoners. Reformatories and similar institutions, however, are more, owing to a larger number of juvenile delinquents. There were considerable savings in the diplomatic and consular service due to the withdrawal of missions from enemy countries.

Another side of war is reflected in an item of \$3 for a warrant revoking Sir Roger Casement's Knighthood.

AFTER THE SQUIRRELS

Complaints of Depredations Are Received by the Park Board

Only four members of the Parks Board were present at the board meeting last night, and appropriately so, little business was transacted.

At different times complaints as to the behavior of the squirrels which have migrated from the city parks and taken up their residence in places where they are considered a nuisance, have been laid before the board, yet no action so far taken in the matter.

This matter was continued in the report of the Grounds Committee, which report was adopted.

Members present at the meeting were Franklin Grobb, chairman; T. Quinlan, John Kerr and Wm. Glover.

PLANS FOR A GREATER BRANTFORD

Committees of City Council and Board of Trade Look to the Future

Making plans to cope with the industrial situation in this city thirty years from now, when, perhaps, considering the ratio of the increase of population during the past three decades, Brantford will be a city of 100,000, was suggested at a joint meeting of the Manufacturers' Committee of the City Council and the Industrial Development Committee of the Board of Trade held yesterday afternoon in the Board of Trade rooms.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if kidneys feel like lead or bladder bothers

Most folks forget that the kidneys, like the bowels, get sluggish occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

Jad Salts is harmless, inexpensive; makes a delightful effervescent Hints-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

Brantford Honored Her Returned Men

(Continued from page 4)

"You magnificent men who went forth at the first call, when the brutal Hun was battering at the gates of civilization and democracy," he declared, "made the name of Canada revered at home and abroad by your devotion and concentration to duty. This Canada of ours is indeed a land of magnificent men, of splendid women and of the bonniest childhood upon the earth."

The Rev. C. F. Logan bore the greetings of the Ministerial Alliance, apologizing for his appearance in the presence of the Rev. Llewellyn Brown, who was unable to attend. In the widest and most generous way, the clergy wished to extend the heartiest welcome possible to all the churches of the city.

"We have inscribed your names upon rolls of honor," he observed, "beneath the flag for which you counted life not too dear to sacrifice. But your names are better inscribed in our memories, where they will last forever. The church has done its utmost to comfort your mothers, wives and sweethearts while you have been gone."

Speaking on behalf of Rev. Dean Brady, in the absence of the latter, Ald. Jack Kelly added a few humorous remarks, commenting upon the fact that he was the first alderman of Brantford to achieve clerical robes, and exhorting others to follow his example.

Following the announcement by Mayor MacBride of a monster picnic to be tendered the wives and families of all returned men at Mohawk Park soon, the meeting was turned over to the hands of the musical committee, and closed with the hearty singing of "Rule Britannia," "O Canada," and the National Anthem.

Fine Menu Card. The very attractive menu card was prepared by Miss Raymond and Miss Bowers. It had the coat of arms of the city of Brantford on the front page in colors and the word "welcome." For each item there was a most appropriate quotation.

A printed song sheet contained a number of popular compositions, such as "My Wild Irish Rose," "There's a Long Long Trail," "We'll Never Let the Old Flag Fall," "It's a Long Long Way to Tipperary," "Where Do We Go From Here," and so on. Led by Mr. Liddell, with Mr. Higgins at the piano, these were sung with hearty vim during the evening.

As the guests filed into the banquet hall Miss Gilkison at the piano played some lively marching airs. Banquet Committee—Mayor MacBride, Ald. F. C. Harp, Ald. J. W. English, Mr. G. C. Ellis, Mr. N. Macdonald, Mr. J. Hitehcock, Mr. G. Thompson, Mr. A. Burnley, Dr. C. A. Jarvis, Mr. J. H. Spence, Capt. A. H. Boddy, Mrs. W. C. Livingston, Mrs. J. J. Hurley, Miss E. Raymond, Miss E. Bowers.

Army and Navy Veterans. President, Henry Fielden; Commanders, Chas. Williams, John Hardy, J. Gobden, J. Tyrell, J. Waters, H. White, F. C. Mason, J. Preston, A. F. West, E. James.

Head Table Guests. Mayor MacBride, Sister D. E. Dunster, Lieut.-Col. Howard, Mrs. MacBride, W. G. Raymond, Miss Almsworth, V.A.D., Lieut. Simmons, Mrs. Howard, Judge Hardy, Mrs. Raymond, F. D. Reville, Miss Bowers, Col. Brooke, Rev. C. F. Logan, Mrs. Gordon Smith, Capt. Oke, Mrs. G. P. Puck, Capt. Lavell, Mrs. T. H. Jones, Mrs. Livingston, Mrs. Sutherland, W. B. Preston, G. Ellis, J. RECITAL IN Y.M.C.A.

Herbert W. Piercey Gave "An Evening With Van Dyke" Last Night

Herbert W. Piercey, elocutionist, at the Y.M.C.A. Auditorium last night delighted a large audience of Brantford lovers of good literature with a good program of miscellaneous recitals and two readings from VanDyke. "The Lost Word," a masterpiece of VanDyke's, was executed admirably. Mr. Piercey holding his audience in what might be called a mood of suspense. The picturization of the Biblical scenes was most vivid and the art which Mr. Piercey has perfected, enabled impressions to be forced upon those attending as would scarcely be possible if staged. An act from one of the first plays in which the elocutionist ever played in, while he was in college, "Pygmalion" and "Galatea" was recited in a pleasing manner, Mr. Piercey speaking and act-

Our stocks have steadily increased with the increase in our business. No other tailor or ready-made shop dare match the quality we are offering for so little money. Come in and see for yourself. Our methods and small profit selling is saving thousands and thousands of men from \$10 to \$15 on their clothes. A Chain of One-Price Stores from Coast to Coast TIP TOP TAILORS The Largest One-Price Tailors in Canada 68 Colborne St., Brantford. All Clothes Made-To-Measure Choice of the House--Same Big Money's Worth to All--One Price--No Extras. We Fill Mail Orders. Write for Samples

ing the parts of the sculptor and the statue admirably. Three poems, "The Morning, the Afternoon, and the Evening of Life, gave a lighter touch to the recitals of the evening, differing noticeably in character from the dramatic readings. Another of VanDyke's lectures, "The Other Wise Man" was given the last on the program, the narrative of the reading being a masterly finale to the excellent program.

NEWS NOTES Senator Smoot, of Utah, charges that President Wilson is placing party above country. Five men who toasted the Kaiser have been expelled from the New York Athletic club. Explosions have occurred in munitions plants at St. Albans, Vt., and Worcester, Mass. William R. Coe's million dollar home at Oyster Bay, L.I., has been destroyed by fire.

Peace Offensive. London, April 5.—The Neue Freie Presse of Vienna, taking a hand in the peace offensive of the Central Powers, reverses the Clemenceau story told by Foreign Minister Czernin. It says that before the offensive on the western front, Premier Lloyd George and President Wilson favored discussing peace terms, but Premier Clemenceau vetoed the suggestion and finally caused them to adopt his standpoint of war to the end. The paper adds: "It is impossible to confirm this report absolutely; but there is considerable truth in it."

An 8,200-ton fabricated ship hull has been completed on the Pacific coast in 62 days. Thomas Rose, 61, widower, tied a rope around his neck and the other end to a hook at the top of a window in Montreal and hanged himself. Reid Wrecking Co., with drydock and shipbuilding plant at Port Huron, will merge with the Foundation Co. of New York.

Invitations to night were issued returned men, who were vice overseas: Pte. H. A. Andri, L.-Cpl. R. Anthe, A. L. Aldred, T. B. Adams, F. O. J. Allen, 219 D. B. Abbott, H. L. Baird, G. J. Barwell, R. GERMANS FAIL IN RIGHT AND CENTRE; GAIN AT OTHER POINTS

Franco-British Guns Inflict Tremendous Losses on Foe; Heavy Fighting Near Hamel and Between Luce and Avre Rivers—French Succeed in a Powerful Counter Attack

After several days of comparative inactivity along the battle front in Picardy, bitter fighting has been resumed along the western sector of the salient in the lines of the Entente Allies. On the right and centre and west of Albert the Germans were repulsed with heavy losses. The fighting, according to official reports has been the heaviest in the neighborhood of Hamel, where the British were forced back slightly and in the triangle formed by the Rivers Luce and Avre farther to the south where the French were also forced to give ground, but where they retained important high positions and also made a successful counter-attack between Lassigny and Montdidier. Both British and French reports emphasize the heavy losses inflicted upon the foe. There has been some heavy rain during the last day or two on the West front. The official reports as forwarded by the Canadian Press follow:

Foe Made Progress Near Hamel
London, April 4.—Field Marshal Haig's report to-night from British Headquarters in France says: "After heavy artillery preparation the enemy launched a strong attack this morning on the whole front between the Somme and Avre Rivers. On the right and centre of the British lines the attacking German infantry were repulsed, but on the left the weight of the assault succeeded in pressing back our troops for a short distance in the neighborhood of Hamel, on the south bank of the Somme. The fighting is continuing in this area.

"Early in the afternoon the enemy also attacked our line west of Albert, and was completely repulsed.

"On the French front, immediately on our right, the enemy gained ground in the angle between the River Luce and Avre.

Praise for Canadian Cavalry Brigade
"During the past few days there has been heavy fighting south of the River Luce. A Canadian cavalry brigade greatly distinguished itself in many successful actions, both mounted and dismounted."

Germans Suffer Heavy Losses
The earlier British report reads: "North of the Somme there is no change.

"South of the Somme the enemy launched heavy attacks early this morning on the British and French forces, and the British front line made progress in the direction of Hamel and Vaire Wood. On the remainder of the British front all attacks were beaten back with considerable loss. The fighting still continues.

Tremendous Attack Against French
Paris, April 4.—The text of to-night's statement reads: "The battle in the region north of Montdidier, and still continues. On a front of about seven kilometres (about nine miles) from Grivesnes, on the north of the road between Amiens and Reims, the Germans attacked with enormous forces, showing a firm determination to break through our front at any cost. Up to the present we have identified by prisoners eleven enemy divisions.

Well Over 100,000 Men
"Our troops with intrepid courage resisted the shock of the assailant masses, who were mowed down by our artillery fire.

"Despite their efforts, ten times repeated, the Germans succeeded, in gaining only a few hundred metres of terrain, and occupying the villages of Matilly, Aival and Morisel, the neighboring heights of which we hold.

Counter-Attack Meets With Success.
"Grivesnes, which was attacked with particular violence, remained a warning to feel tired before exhaustion is not fitness—it is a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that tired feeling by beginning to take Hood's Sarsaparilla to-day.

JUST TELL 'EM TO COME AND SEE ME

Toronto Engineer Wants Everybody to Know About His Improvement.

"Out of all the treatments and medicines I have taken in the past twelve years, I have never found anything that did me any good until I started taking 'Tanlac' in the remarkable statement made a few days ago by Joseph Walker, stationery engineer at the Continental Life Building, who resides at 49 Huntly Street, Toronto.

"I have suffered for more than ten long years," he continued. "My trouble started with a complete breakdown that left me in a terrible condition. My nerves were all stomach seemed to be torn up in such a way that no matter what I did for myself I couldn't get well. I never had any appetite, and it seemed almost as much as my life was worth for me to try to eat meat or vegetables, for they would lay like a hard lump in my stomach and torture me for hours. I'd blow up with gas that choked me and I would get heart flutter and skip and I would feel from side to side when I tried to walk. Then rheumatism set in and I began to have sharp cutting pains through my legs and finally got so bad that I had to give up all treatment after another failed to help me and I lost faith in medicine almost and was so blue and despondent I didn't much care whether I lived or not."

"But that's only one side of my story, and I sure want everybody to know the other side. I read what so many people said about the good Tanlac was doing that I finally decided to try it myself. I had had three bottles of Tanlac and am now on my fourth, and I'm like a brand new man. I can eat just anything I want—meat, fish, and everything else easily and I never have a sign of my stomach trouble. The gas has disappeared, and my heart acts natural again and the rheumatism is gradually leaving me. I feel stronger and better and I have more energy and vigor than I have had before in years, and I can do more work now than I have been able to in a long time. My wife is taking Tanlac now after seeing how it has helped me, and is delighted with the results. I'll certainly check up everything I say about Tanlac, and if anybody wants to know how I feel about Tanlac, just tell them to come and see me."

NORMANDY WILL BE INDUSTRY CENTRE

Big Future After the War Looms Over This French Province

Paris, April 4.—(Correspondence of The Associated Press)—Normandy is believed to be destined to become one of the great centres of French industrial activity as soon as hostilities have ceased. A large steel mill is to be built under the auspices of the French Government, already has taken the matter in hand, and is constructing a large series of blast furnaces to turn into steel the enormous layers of iron ore found in Lower Normandy.

Just before the war the whole region with its mineral wealth was in danger of falling into the hands of the Germans, as Thyssen, one of the German steel kings, had acquired the Soumont mine, about fifteen miles from Caen, with the intention of working it in connection with blast furnaces he proposed to construct in the vicinity of that city. His idea was to furnish coal from his Westphalian mines, and to obtain iron ore for the Germans blast furnaces along the Rhine.

Thyssen was unable to obtain a concession for the construction of a railroad from the mine to the ports of Caen, except on the condition of uniting his interests to those of a French company. This condition was accepted and a company was formed which at the end of 1912 started important works on the right banks of the River Orne.

Ten million dollars had been expended when the work was interrupted by the war and the project longed to Thyssen sequestered. The French Government thereupon, in view of the great demand for cast iron and steel for the purposes of the army, decided to stop it and hasten the construction of the works. The two great national armament

Music and Drama

THE REX.

A motion picture with a moral purpose, yet far removed from the salacious type which masks suggestiveness beneath a camouflage of "education and enlightenment," is seen at the Rex the last of this week, in Sella's imposing production—"Beware of Strangers," starring Fritz Brunette and a strong and capable cast. "Beware of Strangers," is indeed a picture with a purpose, a clean and uplifting message which does not detract from the intense dramatic value and heart interest of the production. The Wyoming Trio offer a clever and entertaining program, interspersed with musical diversions, throwing facts with pleasing singing and musical numbers. "That Night" is a Paramount-Mack-Sennett comedy which runs the gamut of every variety of film comedy and touches the high spots of each. Vitagraph's stirring serial "Vengeance and the Woman" is brought to a close.

RICKEY BROS. CIRCUS

A crowning sensational triumph, representing the pinnacle and rivalling a farce, Rickey Bros. Colossal Circus comes to Brantford Monday, to open a one-day engagement at the Grand Opera House. There will be matinee and evening performances.

Saturday the advance crews of the great organization reach the city, and Monday afternoon when the opening performance is given the Grand will be transformed into a circus, fitted with the great arched features that take the summer crowds to Ringling's or Barnum and Bailey's, and give all the atmosphere of managers, sawdust and plunk lemonade.

Roaring sea lions, highly trained seals, monkeys of almost human intelligence, magnificent horses, dancing ponies, marvellous canines, and even trained roosters—thirty-eight of them—are on the bill. "Foreca's" roosters performing their multitudinous tricks with the utmost ease and understanding, have been booked for the summer as a top liner in the Ringling circus.

The acts incorporated in the circus include many whose fame spreads over this continent, and spreads in times of peace to the metropolitan centres of the nations of Europe. Betty Perkinson, Seal, a former feature of Barnum and Bailey's circus, brought from Seal Beach, California; the four Mangles, astounding performers; the Flying Russells, marvellous balancing and balancing mid-air equilibriists; the five cycling Jacksons in their wonderful bicycle evolutions; the El Stanleys, comedians working on a bounding wire; past masters of physical endeavor, Ward and Vaughan, jesters and clowning in the most absurd antics of the Buckley-Davenport Troupe of superb equestrians and equestriennes, in bare-back gymnastics and riding stunts; the unrivale mule; the Del Carions Aerilists; Jacobs and Sargent in their barrel-jumping comedy stunts—these are a few of the big features crowded into two hours and twenty minutes of big-bang circus life, without one moment's interruption.

Special arrangements are being made to take care of the circus crowds from out of town, as well as local patrons, for the records achieved by Rickey Bros. Circus leave no room for doubt that they will pack the house at all performances.

COFFEE BUREAU

(Associated Press)

Bagdad, April 4.—An earthquake of the land of strange things strikes the European visitor so strangely as the "corpse ship." It is a huge barge piled high with native corpses, many of them several years old, which are being carried down the river to rest in a cemetery near the walled bones of the Prophet.

The bodies are piled on a deck packed tight in stacks on top of which the Arab attendants sit nonchalantly and play a native game resembling dominoes. Some of the corpses are comparatively new, others old. It depends on how long it took the family of the deceased to save enough money to pay the cost of transportation.

CHILDREN'S GYM FOR FLETCHER'S CASTERIA

COLLAPSIBLE HAT BAG.

By Anabel Worthington.

A Christmas gift that all womankind will appreciate is this collapsible hat bag. No. 8574. It is very easy to make, for there are only two pieces to the pattern. A light weight quality of crestone or silklike, or any other pretty material which is woven firmly enough to keep the dust out, will be most suitable. The top of the bag is finished with a casing and heading, and it pulls up on ribbon draw strings. Loops may be added to the sides, so that the bag can be hung up on a hook. This bag is especially recommended for travelling, for it takes up very little room when not in use, as the bottom folds.

The collapsible hat bag pattern No. 8574 is cut in one size only. It requires 2 yards of 27 inch or 3/4 yards 36 inch, with 3/4 yards ribbon.

NATIONALIST ELECTED

London, April 5.—T. J. S. Harrison, Nationalist, has been elected to parliament for East Tyrone, defeating Hilroy, Sinn Feiner. The vote was 1,800 to 1,219.

The election was called to fill the vacancy caused by the resignation of Captain William A. Redmond to contest the seat that had been held by his father, the late John Redmond, for Waterford. Captain Redmond won this seat in an election last month.

RUSS STEAMERS SEIZED

New York, April 4.—The United States has requisitioned, for use in Entente service, a number of Russian steamships formerly engaged in transporting supplies between America and Russia.

The vessels are those which were detained in America when the present Russian Government came into power. They will continue to fly the Russian flag.

DEPUTY MINISTER

Quebec, April 5.—Oscar Morin, once Quebec city's municipal attorney, has been appointed deputy minister of municipal affairs.

BERLIN ALARMED BY GROWING CRIME

Lawlessness is on Increase Throughout the German Empire

New York, April 4.—Great alarm has been caused in Berlin by the sensational increase in crime resulting from war conditions.

The Berlin Tageblatt, March 10th published an interview with the director of a large insurance company, who said that 300 burglaries and robberies were reported daily to the insurance companies, but the number, he said, was much higher.

Many of the thefts are committed by deserters from the army, while there are also burglar bands composed of former convicts and deserters. Present conditions in Berlin greatly favor the burglars. The number of policemen and detectives is insufficient and too many of the police officials are burdened with clerical work. During the war two thousand policemen have been called to the colors and the places have not been filled according to the Tageblatt.

HUN FORCES LANDED

London, April 4.—The forces landed by the Germans at Hangö, Finland, as reported in a Berlin official statement yesterday, comprise 40,000 men under General Saenzel, according to the Central News correspondent at Copenhagen telegraphing Wednesday. The artillery equipment of the force is 300 guns, with 2,000 machine guns.

WHEAT IMPROVING

Washington, April 5.—Winter wheat improved in nearly all sections during March, under generally favorable weather, the government's national weather and crop bulletin yesterday announced. Indications are that the April production forecast to be issued next Monday will be much more than the 549,000,000 bushels forecast for December, and may be well toward the 672,900,000 bushel government aim.

ARTFUL DODGER HAS NO CHANCE

Put a few drops on that old touchy corn then lift it out without pain

Such ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. A delightful surprise awaits all who try this.

He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissues or skin. A quarter of an ounce of freezone which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

ICE MOVING

Montreal, April 4.—A slight movement of river ice is reported this morning as having taken place last night two miles above Victoria bridge, but experts believe that unless a period of exceptionally warm weather sets in there will be no general movement of ice, which is unusually thick this year, for another week.

ORGANIZING IN QUEBEC

Quebec, April 4.—A. E. Wisner, of Ottawa, who organized the registration office in connection with the Military Service Act in Ontario, arrived in Quebec to-day to work on the same organization here.

ASK CONTINUATION SCHOOL

Toronto, April 4.—This morning a deputation waited on Hon. G. H. Ferguson, acting minister of education, to ask for the forming of a consolidated school at West Zorra in the County of Oxford. The minister promised the deputation that he would give the matter his consideration.

MEDICAL WORK

Halifax, April 4.—At the annual meeting of the Halifax branch of the Overseas Club last night, Major C. A. Cannon, of the Canadian Army Medical Corps, Stratford, Ontario, gave an address on army medical work in the Gallipoli campaign.

Men and Their CLOTHES

HERE is an idea, a big, broad idea, back of this clothing store. It is bigger than seems possible to most buyers of clothing, for they have been educated to the idea that selling clothing was just a matter of so much cloth, so much making, for so much money. Before a Suit or Topcoat is bought from this store, service is considered. What service will this Suit give to its owner? Then we divide the probable purpose and service demanded by the wearer and make with a vision of our customers before us. The old clothing idea of "barter and trade" has no place in this new organization of made-to-measure tailors.

We rely on the men who believe in quality, who desire style and who realize the great saving in the price of our clothes, "From Mill to Man."

M.Y. HAS ANOTHER ROSENTHAL CASE

Cohen Murder Exactly the Same as Noted Killing of 1912

GAMBLER IS VICTIM

New York has another crime that is similar to the murder of Herman Rosenthal, for which Police Lieutenant Charles Becker, was finally put to death. The motive given for the slaying of Harry Cohen, known as "Harry the boy" who was shot to death under circumstances even more brazen than those that attended the Rosenthal murder, is the same Cohen who was about to expose to the district attorney the big rings in the metropolis.

Rosenthal, like Cohen, was a gambler. Like him, also, he was said to have gained the ill-will of his associates by informing the District Attorney of the various methods which he had committed in contravention of the law.

The Rosenthal case developed into the greatest police scandal New York city has known since the death of Charles Becker was said to have ordered a band of gun-men, who became famous because of their unusual names, to kill Rosenthal to prevent him from giving the District Attorney additional information detrimental to the police.

Rosenthal had been one of the city's well known gamblers. He had owned or managed several resorts and was popularly supposed to have police protection. It was known that he and Lieut Becker were once friends, but there are many who insist, even today that Becker did not order him killed.

Cohen was killed within four hours after Sam Scheppe, one of the most important figures in the Rosenthal case, was held with four other persons as material witness.

Cohen was Trimmied. "This whole affair," says Assistant Attorney James C. Smith, is startlingly similar to the Rosenthal case. It is the direct result, apparently of our sending four men away last week from the Central Merchant's Club. These gamblers had zoned off the city and they believed they could get away with it.

"It was a month ago that Cohen came into my office and made an engagement to see me at my house. He told me that he had been trimmed by a hotel gang of gamblers and that in return he wanted to trim them. He was giving me a great deal of information and was in a position to get more.

"Cohen called me by telephone at 5 o'clock this morning. He said, 'Jim I've got something good. Meet me at Thirty-sixth and Fifth avenue this afternoon at 3 o'clock and I'll deliver you the main man of the Central Merchant's Club. I've got the goods on him.' Then he said he would be down at my office at 1.30 o'clock this afternoon.

"I am convinced that the man who shot Cohen was with him at the time he telephoned, and this man was in all probability detailed by the Central Merchant's Club to keep Cohen from squealing.

"Three nights ago Cohen came to my house. I told him not to come to my house, as the gamblers were watching me. He suggested my instructions to him, that he say the gamblers a clue to who was supplying me with information. Apparently the gamblers believed also that Cohen gave the information on which Grace Leslie was sent away last week. They probably thought he gave this information, but he didn't.

"When Cohen came to the District Attorney's office a month ago he said he had been trimmed out of a lot of money by Harlem gamblers. Cohen admitted that he was a gambler himself, declared that he was 'sore' and said he was ready to give evidence that the city and the whole Harlem gambling ring. Undoubtedly the gamblers thought he meant business and believed he had the facts which would implicate them. I believe that one of these gamblers or one of their hirelings killed Cohen."

Second Story Worker. It is said that on Cohen's first visit he told of the activities of "cigar store gamblers," who hang out in the back rooms of tobacco shops.

Of late years he always had plenty of money, and recently he told the janitor of the Raigh, the apartment house in West Ninety-seventh street, where he lived, that he was thinking of moving to more sumptuous quarters, and that he was willing to pay \$200 a month rent.

"Harry the Yot" or "Harry the Crook" also known as Harry Katz, to translate the East Side term, was regarded by the police and District Attorney's office as the "cleverest second story worker in the world," as attaches at both of these offices put it to-day. "The Yot" had been convicted only once out of nine times arrested since 1901, although every time a big haul was made in New York he was suspected of being the family plate.

avenue, and known as one of the luckiest of gamblers. He was an inveterate stuss and crap player and seldom lost. When not gambling, the police say, he was picking out profitable apartments to rob. He never carried a gun, although held up almost every time he was met by detectives and searched in the hope that a "rod" might be found on him. He boasted to the police that he did not need a gun, and said that all a good burglar had to do was threaten a person with his finger.

RESERVE LANDS FOR RETURNED MEN

Order in Council Approved —Opportunity for all Veterans.

Ottawa, April 4.—The order in council making reservations of Dominion lands for returned soldiers under the Soldier's Settlement Act has been approved by council, pursuant to the return of Hon. Mr. Meighen, minister of the Interior. It is of interest to all returned soldiers throughout the Dominion, who desire to go on the land.

It is provided that all vacant and available Dominion lands within approximately fifteen miles on either side of a railway in the district where there are sufficient available lands to warrant reservation shall be reserved for the purposes of the soldier's settlement act. This applies to the lines of railway in northern Alberta, where are situated the bulk of the best remaining homestead lands.

The reservation is effective against all applicants for entries on Dominion lands, except returned soldiers who have their ordinary homestead rights prior to the reservation. A returned soldier who has not exhausted his homestead right, may make ordinary homestead entry in the reserved areas as if the reservation had not been made.

Elsewhere throughout Alberta, Saskatchewan and Manitoba no continuous areas or belt of land have been reserved as there are no considerable tracts of vacant lands contiguous to railways suitable for homestead purposes, although there is good land somewhat removed from existing lines, but individual reservations of blocks, parcels, or quarter sections of land anywhere throughout the settled portions of the Prairie Provinces adjacent to the railways is provided wherever they can be located. All previous entries which have been cancelled, or shall be cancelled, for failure to comply with the provisions of the homestead act, and all abandoned homesteads will come under this new order-in-council.

Any returned soldier, who produces a letter from the soldier settlement board certifying to his right to enter under the act is given the privilege of applying for the cancellation of any existing entry in default, with a view to re-entry by himself, or he will have the privilege of applying for a quarter section of Dominion lands whether it be in a reserved area or not.

BANK OF ENGLAND.
By Courier Leased Wire
London, April 4.—The weekly statement of the Bank of England shows the following changes:

Total reserve, increased, £637,000; circulation, increased, £181,000; bullion, increased, £817,912; other securities, increased, £1,311,000; public deposits, decreased, £7,550,000; other deposits, increased, £12,724,000; notes reserve, increased, £677,000; Government securities, increased, £3,357,000. The proportion of the bank's reserve to liability this week is 17.09 per cent; last week it was 17.22 per cent.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give California Syrup of Figs. No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste.

When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

BLOOD or BREAD

Others are giving their blood You will shorten the war— save life if you eat only what you need and waste nothing

USE CHAIN ROCKETS AGAINST AIRMEN

are fired by the Germans on every occasion when the Entente airmen attack a town or camp. They are part of the regular shrapnel barrage which is used to hamper the attackers, but they give a much more spectacular effect than the bursting shrapnel, which only gives a momentary flash in the sky and then is gone. If a machine is caught by a searchlight, hundreds of the chain-less rockets are straightway sent up towards it. They make a remarkable spectacle as they are seen climbing up the sky and passing one by one across the beams of light, and finally appearing in their appointed station in the upper darkness.

British airmen declare that the sensation of having these chain-rockets fired at them is rather pleasant than otherwise. It is difficult to believe that anything so fantastic, beautiful and fairy-like can be really dangerous. On a cloudy night, it is said, nothing is pleasanter than to float over the rolling clouds and to watch the green chain-rockets pierce the mist here and there, casting a weird radiance over the mountains and valleys of cloud-land.

In the midst of a really vigorous barrage, the chain-rockets thread the skies in scores of fiery chains, floating past the invading machines every side, leaving behind the thin trails of scented-smoke. Thousands of these chain-rockets

SUBMARINES GUAGE ENGLISH WEATHER

Accurate Data Believed to be Furnished by U-Boats to Germany

Associated Press. London, April 4.—How do the Germans obtain the accurate knowledge, which they are known to possess, of weather conditions across the ocean, is often asked here. This knowledge is essential for them in their air raids, and captured documents show that their meteorological reports are fairly complete, despite the fact that no publication of weather data or forecasts is permitted in English papers.

An English meteorological expert declares that the answer to the question is not through any system of spies and land wireless, but that the data is derived from observations taken by submarines. The important point for the Germans, he says, is to know the weather conditions off the northwest coast of Ireland and he thinks that a submarine working at that place is detailed to send weather reports to Germany through the wireless. These apparatus working around the British Isles.

WOULD INCREASE RATES.

Washington, April 4.—The Goodrich Steamship Lines, operating on the Great Lakes, to-day asked the Interstate Commerce Commission for increases ranging from 25 cents to \$1 on one way fares and from 25 cents to \$3 on round trip fares from Chicago and Milwaukee to points in Minnesota, Michigan, Ohio, New York, Wisconsin and Canada. A supplementary request asks an increase of \$2 in round trip fares between Racine, Wis., and Mackinac Island.

SALARIES TO MINISTERS.

Ottawa, April 4.—A resolution providing salaries of \$7,000 per annum for Hon. A. K. MacLean as vice chairman of the sub-committee on labor problems, has been given notice of by Sir Robert Borden. The bill to be based on the resolution will provide that these salaries will be paid to Mr. MacLean, who is also acting minister of finance, and to Senator Robertson from October 3rd, 1917, the date on which they became ministers of the Crown.

HIRST'S PAIN EXTERMINATOR

Havers' bottle handy,—and stop the Pain! When you have an attack of rheumatism, lumbago, neuralgia, or get a lame back, or a sprain—you don't need to suffer. Just get the bottle of Hirst's Pain Extirminator, and use it according to directions. It stops the pain quickly. Buy a bottle, and be ready. For 40 years it has been a family friend. 25c a bottle—all dealers—or write us.

SUTHERLANDS

The new designs and colorings we are showing in our Wall Paper Department! This season are simply marvelous and will enhance the value of any home. All the latest things are on the racks. Papers for Living Rooms that will go with any rugs or furniture. Papers for Dining Rooms and Stairways, in Forest Tapestries, Grass Cloths, Tiffany Blends and all the latest treatments in various shades. Bed Room Papers Without End.

JAS. L. SUTHERLAND

Window Shades and Room Mouldings.

A Delightful Array of Women's SUITS

The triumph of simplicity is apparent in suits for this season. The straight slender lines are the chief characteristics of the new modes and is often accentuated by rows of braiding or button trimming. The re-appearance of the Vestee is one of the most marked innovations and the collars are smaller and neater. In materials there is a good variety; gabardine, tweeds, homespuns and the ever popular serge. Navy Blue—the incomparable, holds first place among the colors, while there is a good choice in other shades, consisting of soft tan, sand and black.

SALONIKI THE CITY OF DREAD

Men Curse, Yet Love, Wierd Old Site With its Strong Appeal to Warriors of Every Nation.

In the little guide book to Salonika published for the use of the Allied armies, a brief sketch of its history is given. But that little sketch is headed "Catastrophes," "Pestilences," and that history is a catalogue of plague, pestilence and famine, of battle, murder and sudden death, of persecutions, fires and massacres. Kings have been assassinated there, revolutions planned there. Its walls are still scarred with the bullets of invasions and revolts.

Having known all the horrors of war in the past, it appropriately has known all the horrors of Armageddon. Zeppelins and airplanes have deluged it with bombs and crashed to destruction as they tried to escape. There is nothing it has not known, save security, nothing it has not experienced, save peace.

And now it has flamed up in a night. A city with such a past could not have suffered itself to be ignominiously battered down wall by wall at the hands of the British, but if it had to die and rise again, realize its destiny and become a great modern city, it would choose to die as it had lived violently, and let new Salonika rise from the very ashes of its splendid old squalor. So it perished and in "its passing was almost unwept, dishonored and unsung." Those who have never known it have heard nothing but evil concerning it. The exiled soldier is not greatly stirred by historical evidences; the glories of the past leave him a trifle cold. He found Salonika grimy and unsanitary; an ice house in winter, a stifling furnace in summer, and inhospitable always. He considered the French, "Les Uniques" the most appropriate comment on the city of St. Paul. He was too fed-up (cheerily and bravely fed-up) to realize that he himself was playing a part in the greatest pageant in the history of one of the most famous and coveted cities in the world, that as he swung down Venizelos street in his helmet, shirt sleeves and shorts, jostling representatives of fifty races, he was participating in one of the most picturesque events—crusades if you like—in history.

He did not realize it then, but all the time he was unconsciously falling a victim to that insidious charm which Macedonia possesses. The writer has never talked to anyone who has come back from Salonika who did not nourish a vague sentimental affection for the old city and the splendid, untamed region of which it is the queen.

When the memory of hardship, thirst, frost, weariness and pain had grown dim, the sense of glamour blazed brightly up. Men who have been in Macedonia may curse it heartily and eloquently but it is significant that they love to talk about it, and their curses do not always ring true. Cursing Macedonia is orthodox and habitual, but it is not always sincere.

When the history of the Salonika campaign comes to be written, whatever else may be said, this must be said also, that it was the Testing Ground of the Grand Alliance. Consider what that means. In any of the big cafes around Venizelos St., one could see any day French, Italian, Russian, British, Serbian and Greek officers and men sitting together. No where else in the world could such a gathering of the clans be seen.

Moreover, Macedonia being what it is, had there been ill-will, lack of trust, jealousy or selfishness on the part of the Allies, there were endless opportunities for display, opportunities for friction were there for the asking. Give and take was the first commandment in the Bible of the Salonika forces. This can safely be said, that had the Great Alliance been inspired by less unselfishness and good-will, international bickering would have made life almost unlivable. As it was, the very grimness of the test revealed the real grandeur, an dome believes, the grandeur of the great co-partnership. There was everything to breed short temper, but sweet temper was there instead.

Turks and Huns There is one city, its near and mightier neighbor Constantinople, which has been the scene of all that is because of these things that Salonika retains its place in the memory of those who have fought there. They come home and are impatient at the apparent neglect with which it is regarded at home. Victories, they know, do not accomplish everything. Perhaps the finest fruit will spring from the harvest of friendship sown at Salonika. For these the Allies have fought together and met all the experiences of hunger, and thirst, frost and sun, monotony and Bulgars, boredom and Bosches. They have suffered and played together, and when brave men of different races suffer and play together they learn in a few months what a thousand years of stiff, official, cultivated "entente" would never teach them.

Friends of Sir Thomas White are hopeful that at the expiration of the period mentioned he will be so fully recovered that he will be able to resume his duties as minister. His continuation at his post will depend entirely upon the condition of his health at the end of the session. If he does not feel sufficiently improved to re-assume his duties, some charge he will insist upon his resignation being accepted.

GENERAL LINDEQUIST, one of the German commanders on the western front.

out hyperbole, a fine flower of French genius for hospitality. It is simply a club, founded for French officers of the army of the Orient, which immediately extended its hospitality to officers of all the Allied armies. That small but cheery bungalow, devoted to the welfare of the officers of an Allied country good to make a pilgrimage there. He would see how quickly and unobtrusively the Grand Alliance was cementing itself. He would come away from that tiny shrine feeling that all was well.

It is because of these things that Salonika retains its place in the memory of those who have fought there. They come home and are impatient at the apparent neglect with which it is regarded at home. Victories, they know, do not accomplish everything. Perhaps the finest fruit will spring from the harvest of friendship sown at Salonika. For these the Allies have fought together and met all the experiences of hunger, and thirst, frost and sun, monotony and Bulgars, boredom and Bosches. They have suffered and played together, and when brave men of different races suffer and play together they learn in a few months what a thousand years of stiff, official, cultivated "entente" would never teach them.

WHITE NEEDS REST. By Courier-Express Wire. Ottawa, April 4.—The Journal Press to-day says: "Definite word has been received from Sir Thomas White that he will not return to Ottawa until after Parliament prorogues. His physicians have advised him that it would be unwise for him to return and participate in the labors of the session. In the meantime, Hon. A. K. MacLean will continue to be acting minister of finance and will deliver the budget speech which will be made some time this month."

Friends of Sir Thomas White are hopeful that at the expiration of the period mentioned he will be so fully recovered that he will be able to resume his duties as minister. His continuation at his post will depend entirely upon the condition of his health at the end of the session. If he does not feel sufficiently improved to re-assume his duties, some charge he will insist upon his resignation being accepted.

It is because of these things that Salonika retains its place in the memory of those who have fought there. They come home and are impatient at the apparent neglect with which it is regarded at home. Victories, they know, do not accomplish everything. Perhaps the finest fruit will spring from the harvest of friendship sown at Salonika. For these the Allies have fought together and met all the experiences of hunger, and thirst, frost and sun, monotony and Bulgars, boredom and Bosches. They have suffered and played together, and when brave men of different races suffer and play together they learn in a few months what a thousand years of stiff, official, cultivated "entente" would never teach them.

GETTING WOOD FUEL FOR NEXT WINTER

Coal Shortage Likely to be More Acute Than This Winter

The fuel situation in Eastern Canada will be fully as bad if not worse next winter, and it is imperative that steps be taken at once to provide substitutes for coal. With an increasing labor shortage in the United States, increased demands upon the railways, increased requirements for American coal for domestic and export purposes and the placing of Canada on "war rations" by the United States, Fuel Controller, it will be fortunate if Canada secures as large supplies of coal as it has this season.

We must fall back upon our forests. Ontario, Quebec, and New Brunswick contain vast quantities of hardwood which has little present value except for pulp purposes. A cord of seasoned hardwood, such as hard maple, beech, birch, is approximately equal in heating value to a ton of anthracite. Under normal conditions, coal has been cheaper, but at present prices, the difference in cost is not very great. What is needed now is immediate action on the part of municipal authorities to lay in an emergency stock of wood fuel, both on account of the shortage of labor for cutting and hauling, and the necessity for having the wood cut to dry during the summer. The city of Winnipeg laid in a reserve supply of 14,000 cords of wood this season, and the Mayor reports this was an important factor in averting a fuel crisis. Ottawa also has decided to establish a civic fuel yard.

To supplement the efforts of city and municipal governments, co-operation of the provincial governments is in many cases, essential. Where timber on Crown lands is sufficiently accessible, a special organization is needed to facilitate the completion of arrangements, including the organization of labor for cutting on a large scale. The Provincial Forester, or some one working under his direction, should take the whole matter up vigorously with the respective city and municipal governments, and assist in determining the needs of the local situation in each case, and how best to meet them. A business in this direction has already been made in Quebec, and it is reported that Ontario is offering wood in Algonguin Park free to municipalities and is co-operating with them in organizing production.

Experience has shown it is quite feasible to materially relieve the coal shortage by a more extensive use of wood in the following directions:

1. By farmers and rural communities generally, within easy reach of wood supplies, making as general use of this fuel as possible, to relieve the demands for coal and freight cars alike.
2. The general substitution of wood for coal in furnaces and stoves during early autumn and late spring, as well as during mild weather in winter.
3. The heating by wood of churches, lodge rooms, halls, etc., where warmth for only a limited period of time may be necessary.
4. The eking out of limited stores of coal by burning wood in the day-time, reserving coal for holding the fire over night.
5. Running furnaces low to keep the house in general only warm enough to prevent water pipes from freezing, and supplementing this by using wood in stoves or grates to keep the living and dining rooms comfortable.
6. Using wood much more generally than at present as a substitute for coal in cooking.
7. By making windows and doors tight and by insulating furnaces, boilers and pipes, as suggested by Senator W. C. Edwards, who also advocates that slabs and mill waste, instead of being burned in incinerators, should be reserved for domestic heating—C. L. in "Conservation."

GUARANTEE PRICES.

By Courier-Express Wire. Winnipeg, April 4.—The following statement was given out this morning:

"The Board of Grain Supervisors for Canada are of the opinion that the present price of Canadian western wheat, namely, \$2.21 per bushel for No. 1 Northern wheat, Fort William and Port Arthur, is a reasonable price for wheat of the crop of 1918. In reaching this conclusion the board has given full consideration to the necessity of stimulating the production of wheat, to the increased cost of production and to the relative prices of coarse grains, which have not been fixed during the current year, either in Canada or the United States.

"The board is also of the opinion that this price should be guaranteed, and that the guarantee should be given immediately and that it for any reason such a guarantee cannot be given, the price stated, and all regulations connected therewith should and must be re-considered and revised."

Mme. Storch, Turkish beauty and high in the German spy system, is dead on Ellis Island.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 325 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound. If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapepsin" makes Sick, Sour, Gassy stomachs supple feet fine in five minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, headaching, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion-remedy in the whole world, and besides it is harmless.

Millions of men and women bow at their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery. Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach. Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach ailment, at daytime or during the night, it is handy to give the quickest, surest relief known.

Rippling Rhymes

They've handed down a stern decree, the conservation boosters; that hens inimice from death must be thought we may shoot the roosters. Says Hoover and his merry men, whose ukase must be heeded, 'Tis a sin to kill a hen, when eggs are badly needed. Fresh eggs are good beneath one's belt, the textbooks all determine, and when they're stale they'll do to—poilt the peace fan and pro-german. We'll put the Teutonia in a box, and buy our men more bullets, if we kill off the crowing cocks, and spare the cackling hen. Any cow, in every butcher's store, from Waterloo to Wooster, the helpful hen is seen no more, but there's a stack of rooster. Oh, lead the roosters to the block, for rooster meat is cooking, the leghorn and the Plymouth Rock, the Brahma and the Dorking! Oh, give the roosters chloroform—too ancient for beheading; and eat them cold and eat them warm, their feathers use for bedding. I bake, upon the kitchen fire, a fowl of proper gender; I also cook a rubber tyre, which is a bit more tender. I chew the rubber tyre a while, and then I chew the rooster, and say, 'Tis Hoover skinned a mile, as conservation booster!

ATTEMPTED SUICIDE

By Courier Leased Wire—Montreal, April 5.—Wilfrid Meloche, an employe of the Customs here, shot himself near the heart at his rooms and was removed to the Hotel Dieu, where his condition this morning was regarded as critical. Two persons who have been notified that Meloche contemplated suicide, hurried to the place where he resided, and had just arrived when the shooting occurred.

ARCHBISHOP BUSY

By Courier Leased Wire—Montreal, April 5.—The Archbishop of York, the Most Rev. Dr. Cosmo Gordon Lewis, will have a busy day in Montreal when he will address the Canadian Club at the noon luncheon in the Windsor Hotel, the Women's Canadian Club at the 2:30 o'clock luncheon, and an audience in St. George's Anglican church in the evening. He will come from Ottawa Monday morning and will leave for Toronto and western Ontario that night.

PROPAGANDA BARRED

By Courier Leased Wire—Managua, Nicaragua, April 4.—Pro-German propaganda against the United States and other allied countries has become so marked in Nicaragua that President Chamorro has issued a decree prohibiting such activity.
