with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

"Wear-Ever" utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

"Wear-Ever" utensils are made from thick, hard sheet aluminum, 99% pure, without joint, seam or solder. You can let food burn dry without injuring them. Cannot rust—cannot chip or scale—are practically indestructible.

KENTVILLE NEWS.

Ball encampment, I.O.O.F., No. 25, will meet at their hall, Thursday evening, 27th inst., at 8 o'clock. All members are requested to be present.

WANTED—From 600 to 800 cords good stove wood, landed at Kingsport Mills. For particulars, apply to C. R. REDDEN, Kentville.

John McBride, son of Capt. W. McBride of this town is the latest of our Kentville heroes to join the honor roll for King and Country. He is recruiting here with the 112 Battalion.

The twenty-second annual meeting of the Kentville Board of Trade will take place at the Court House, Kentville, this (Tuesday) evening, 25th inst., at 8 o'clock. An especially interesting programme is slated for this occasion. Show your interest in your town by attending and making this 1916 meeting the best yet.

The Junior Class of Acadia Seminary, Wolfville, held their annual sleigh drive to Kentville Thursday. A most enjoyable drive, a sumptuous repast at the Aberdeen Hotel and a skate on Kentville's fine new Arena, made up one of the most delightful of these annual pleasure trips.

On Page Eight will be found a list of recruits of the 112th Battalion, C. E. F., with their officers and N. C. O's, now stationed at Kentville. The list totals one hundred and sixty-one—a very creditable showing indeed. It is with sincere regret that we have to state that one of the number has passed to the great beyond and his name is now enrolled among the heroes who freely gave himself to his country's cause. We refer to the late Howard West of Halls Harbor, whose obituary notice appears on another page.

Rev. F. E. Bishop, M. A., pastor of the Kings Street Baptist Church, Dartmouth, preached excellent sermons in the Kentville Baptist Church Sunday morning and evening, to appreciative audiences. During the evening service which was very largely attended a very pretty anthem was rendered by the choir. The solo part being beautifully sung by Miss Evelyn Spidell. Rev. Mr. Bishop left Monday to visit at his former home in Somerset, N. S.

On Friday night of last week the Special Class and First Year's of Acadia Seminary, Wolfville, took advantage of the good sleighing and came to Kentville where they were banqueted at the American House. In the evening a large party skated at the Arena, the splendid sheet of ice and the music by Hiawatha Band being much enjoyed. A number also patronized the Nickel Theatre. There were thirty-six young ladies in the party under the chaperonage of the Misses Bryant and Gilbert. Fifteen of the students of Acadia Collegiate Academy were also present that evening, enjoying a good sleigh drive and dinner at the American House.

KENTVILLE NEWS.

The Senior Class of Acadia Ladies Seminary held their annual sleigh drive and banquet last Thursday evening under the chaperonage of the Misses Chute and Newey. The merry party left Wolfville in the afternoon, and drove to Kentville where a very elaborate banquet was served at the American House and much enjoyed. The entire party took in the Leap Year skate at the Arena, the general verdict being a most enjoyable time.

Nova Scotia Must Contribute at Least Ten Thousand More Men.

(Halifax Chronicle.) Since the announcement by Sir Robert Borden that an additional two hundred and fifty thousand troops were to be raised in Canada, there has been considerable discussion among recruiting officers here and others interested as to what Nova Scotia's share would be. That this Province will be asked to give a number of men fully proportionate to her population and that those men will be forthcoming is undisputed, but no details have been given out from Ottawa as yet. Suggestions on the part of local people interested, however, are not lacking.

Ottawa despatches tell of the intention of Sir Sam Hughes to have officers of the different overseas fully qualified for their positions. This he proposed to ensure by raising second and third battalions for battalions always constituted, permanent appointments of officers to these battalions not to be made until those officers have been fully tested. This scheme of raising one or more additional battalions for existing regiments coincides with the popular suggestion regarding the contribution which Nova Scotia should make to the new army.

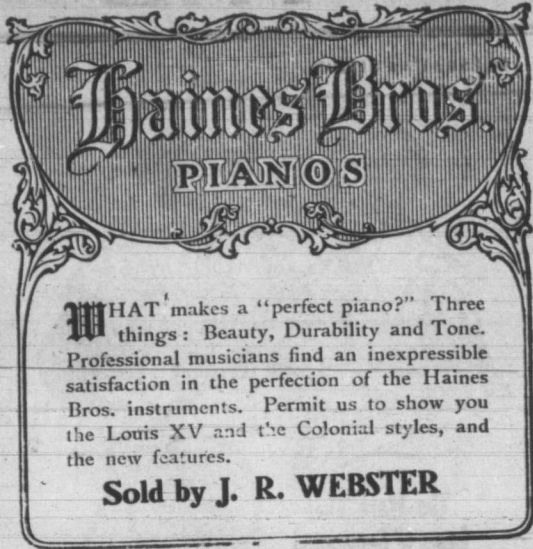

The total number of men recruited in Nova Scotia for overseas from the outbreak of the war until January 1st, 1916, was approximately estimated in the New Year Number of the Morning Chronicle as 9,675. Since that date there have been recruited in this Province approximately 565 men, so that the total since the commencement of the war is 10,230.

The infantry units for which recruiting has been going on in this Province since the first of the New Year are the 63rd Halifax Rifles overseas draft, 250 men, practically completed; the 66th P. L. F. overseas draft, 250 men, practically completed; the Composite Battalion overseas draft, 100 men, practically completed; and the 106th and 112th Battalions, now being recruited. The 106th was recruited to the strength of 865 up to Saturday last, leaving 268 men yet to be raised, and the 112th was recruited up to the strength of 827 up to Saturday last, leaving 306 men yet to be raised. This total of 579 men still needed for these battalions should be secured within a fortnight, and then plans can be made for the raising of other units.

There is no doubt that new battalions will soon be authorized by Ottawa, and, as the Government has announced that the number of troops already raised in Canada is to be duplicated, Nova Scotia must at least duplicate the number she has given. She must give at least ten thousand.

Proportionately, however, Nova Scotia should give over fifteen thousand men. According to 1911 census of Canada the number of men of military age in the Dominion was 1,888,726. From this must be deducted the 250,000 men already contributed. This leaves 1,638,726 men in Canada of military age, from whom to draw the new army of 250,000, or one out of every 6.5 men. Nova Scotia, by the census of 1911, had 111,184 men of military age. From this must be deducted the 10,000 who have already enlisted. This leaves 101,184 men from whom to draw our share. From these figures it is seen that proportionately the number of men which Nova Scotia should give to Canada's new army is 15,434. This sounds like a very large number from this Province, but recruiting officers argue that, as it is only one out of every 6.5 men, there should be no great difficulty in having this Province do her full share.

Great Britain Will Blockade German Ports.

New York, Jan. 19.—A Washington despatch to the World says: Reports to President Wilson from Colonel House, (the President's personal representative, now in London) have satisfied the administration that within a few days a proclamation will be issued announcing that the British orders in council have vacated, that an allied fleet will blockade Germany and that means will be found to cut off supplies which the neutral countries have clandestinely allowed to be shipped to the Central Governments.

Great Britain is determined to shift responsibility in part to her Allies of the opinion held in official circles may be accepted, so that France, Italy, Russia and Belgium shall bear a portion of the blame that is expected to be raised in Congress, if the new blockade does not satisfy this Government and seriously interferes with American shipping.

In discussing Premier Borden's announcement of a 500,000 Canadian army, Mr. C. W. Rowley, manager of the Bank of Commerce at Winnipeg, says: "In order to make it possible for the young men of Canada to join the forces it will no doubt be necessary for the women, especially the young women, of Canada, as a point of loyalty and temporary matter, to fit themselves for office and a hundred and one other employments, so that the business of the country can be carried on. It will also be necessary for the boys of today to assume men's responsibilities earlier, and it behooves those in authority to bring our schools to the highest standard; to assist such movements as the boy scouts, who develop the boys along high ideas, in a way that the home, the school, the church, or the Sunday school cannot possibly do. We feel that the women of Canada will acquit themselves as well as the women of the old land. Every recruit brings peace nearer."

A Winnipeg despatch states that Sir Rodmond Roblin is very ill in California, where he went for the benefit of his health. He went east first with the intention of entering a sanitarium, but was advised to seek health in a warmer climate. He is now at San Antonio, in California.

BRITAIN WILL SEND SHIPS FOR WHEAT

Ottawa, Jan. 7.—The grain blockade which has been in existence in Canada ever since the movement of the huge wheat crop harvested in the West this year commenced is to be partially relieved, it is understood by ships furnished by the British Government. Recent cable despatches from London have contained the news that Great Britain has been requisitioning vessels right and left under new powers recently vested in itself. The Government can take over all tonnage of British registration on short notice, and has been doing so. Representations, it is learned, have been made in Canada with a view to obtaining some of these bottoms for Canada's transportation needs. The Imperial authorities have been informed that Canadian wheat for shipment to the Old Country is being held up in Canada for need of vessels to move it, and it is understood that as a result the Dominion will be furnished some of the requisitioned ships. Other arrangements, however, are being made for the shipment of the 15,000,000 bushels of high grade wheat recently commandeered by the Canadian Government. This wheat, it is announced, is for Italy, and is to be transported in Italian vessels. The Italian Government has announced its ability to look after the shipment of its own wheat, and its offer will be welcomed as relieving the situation somewhat.

CANADA TAKES THE LEAD

The Government's decision to raise the number of Canadian forces to 500,000, and the spurt in recruiting have put Canada into its proper position of leading the other Dominions in military preparations. Counting recent enlistments, the total of Canada's enrollment is now about 225,000, and within a month will be 250,000. By June at the present rate, Canada ought to have well over 300,000. Australia has found out, by military census, that it has about 600,000 eligible men from which to obtain the 125,000 extra men desired. We have no military census, but it is plain that if Australia has that number, after 175,000 have enlisted, Canada has 300,000 after our 200,000 are deducted from which to raise an additional 300,000.

The estate of the late Joseph Matheson, ex-M. P. for Richmond County, is valued at \$159,000. We understand, besides large sums left to two educational institutions in this Province, that his nephew, D. K. Matheson, a very popular merchant of L'Ardoise, has been bequeathed \$93,000.

KINGS COUNTY RECORDS OF PAST YEARS.

The following interesting communication appeared in the Acadian Recorder one hundred years ago and is now republished in that paper. Below we repeat that article:

The following letter and statement of account appeared in the Recorder in February, 1815. The readers of "Occasional" will no doubt agree with me that it is a very original and forcible production:

To Simon F. Esq., Kings Co.

Sir,—The following is an exact copy of an account, which you rendered to me in your own handwriting, the amount of which you insisted upon deducting from the sum of £28, which you justly owe to me for my services as a laborer in your employ, when I applied to you for payment. I expected, till lately, upon my refusing to allow your account, and having pointed out to you, through the medium of another person, the injustice thereof, that you would, for your own credit, have settled with me fairly and paid me my money, but in that expectation I have been disappointed.

I now submit your account to public investigation, together with a few remarks of my own, explanatory of some particular parts thereof. By this mode of investigation I give you greatly the advantage; you are a magistrate of Kings County, a warm professor in religion, an old resident in the place, and a man of as ample a fortune as any gentleman in the county. I, on the other hand, by the will of Providence, have, from my birth till now, been almost deaf and dumb, possessed of no fortune, no education, nor means of support but my daily labor. It must, therefore, be presumed that a gentleman holding so elevated a rank in society as you do, would not deign to take an unfair advantage over any person, but more especially over a helpless, unfortunate orphan like myself.

It appears in your account that you charge me with being lazy, idle, etc., on the 26th October, and putting a load of potatoes into a wrong window; damage, 5s. The day you allude to was the 27th day of October, a day of public fasting. I admit that I worked with great reluctance on that day, conceiving that, notwithstanding I had the command of a master, coupled with that of a magistrate, to do so; still it was in direct violation of the Proclamation of the Representatives of our Sovereign, and subjected me to punishment the same as it would have done had it been the Sabbath Day.

You have charged me 5s. for wearing Marye's, alais Mary's, shoes. She was a hired servant, and found her own clothes; but, to put the matter out of dispute, I purchased the shoes with my own money, and made Mary a present of them. I shall not trouble the public with any further remarks upon the account you have rendered to me, as the most of the charges from their originality, will claim their attention and notice. When the noble colonel belonging to your neighborhood, and by whose recommendation you were made a magistrate, peruses the account and this letter, he, no doubt, will be the foremost to assist you in supporting your heretofore "unsullied character" and removing every unfavorable impression which the public might be impressed with from reading your account and this letter. By so doing, he will not at all compensate you for the services you have rendered him since your appointment, upon all occasions, many of which, if exposed to public view, would brand you and the noble colonel under whose influential sway you have moved with indelible disgrace.

I have published your account and this letter, because I

thought it my duty to disclose to the public through the newspaper your account, as it is the only way that I have to bring to the eye of those whom I am told are, and, in fact, ought to be, from their situation, warmly interested in the welfare of this country, and anxious that men, if not of the best education, at least, of integrity, should be placed in authority over us. Do you, sir, read over the copy of your account, and blush, and let every person who takes this useful paper read it also and say whether the high, honorable and respectable situation of a magistrate ought to be filled by a person who could trump up such an account against an illiterate laborer, whose only means of subsistence is by the sweat of his brow.

Your account is now in my possession, and I am ready to produce it at any time and place when and where I may be requested by those who feel the smallest interest that the heads of the community should set a good example about them.

Your humble servant, James M. Kings County, 13th Feb., 1815.

The following is the statement of account alluded to in the above letter. It is headed James M., Dr. to Simon F.

TOWN NOMINATIONS

Mr. Reginald Caldwell, who has served efficiently at the Council Board for the past year has consented to allow his name to be placed in nomination again by his friends and in this issue will be found his card. Two other nominations have been filed, those of Messrs. R. H. Lamont and T. Weaver, two of our most enterprising business men. Rumors of other names have been in circulation but today will only decide, it being nomination day.

For the Mayoralty the names of Mayor Masters and A. L. Pelton are mentioned.

THE MOON'S ECLIPSE

A partial eclipse of the moon took place early on Thursday morning. Only those who got from their beds to witness it saw the phenomenon. It took place between one and three o'clock and only a small portion of the moon's surface was covered at any time. The next eclipse will be of the sun on February 3rd at the next moon and will begin at 10.26 o'clock and be at its greatest at half past eleven.

In any one year there can never be less than two eclipses nor more than seven. When there are only two they are both solar, and this occurred last year, and when there are seven, as will be the case next year, there may be four solar and three lunar or five solar and two lunar.

Giving His Best for the Empire

From the fine fruit farms and cosy dwellings of this county young men are going out in the world and answering to the call of duty toward the Empire.

One of our large farmers has given his three sons to fight for Canada and Old England. From the beautiful home at Church St., overlooking the fertile dykes and Canard St. from a northern view and the beautiful farms at Church St., from a front view Mr. G. F. Watkins has most generously added to the roll of honor and bravely sent forth his sons. The first to enlist was High Warren Watkins, with the fighting 25th Batt. now in the trenches in Flanders, but Mr. Watkins has been taken from the ranks and sent to Bramscote Camp in England where he holds some position attached to the staff.

The second to enlist was his young son Chas. Godfrey, who was in the employ of the D. A. R. at Kentville. He enlisted as one of the Machine Gun crew, but as the gun was not purchased by the D. A. R., he joined the 64th and is now in Halifax.

Last week, Lt. George Claude Watkins who had recently received his commission left here for Halifax where he will be ready for duty and given a position for early overseas work.

Mr. Watkins, senior has a very large farm formerly owned by Abram G. Masters and had he consulted his own interests and comforts would have kept his sons at home. He has contributed his full quota in helping to bring the war to an early close and all his friends will wish the brave boys the best of luck and good health, and Kings Co. will give them a royal welcome home, we trust when the war is over.

OBITUARY

Amos Henry Davidson

The death took place at Aylesford on Friday, January 14, of Amos Henry Davidson, aged 87 yrs. The funeral service was held on Monday and was largely attended.

Mr. Davidson was a man held in high esteem. While he had been ailing for some time he was only confined to his bed for three weeks. He leaves him surviving a wife and aged mother, Mrs. Davidson was Alice, a daughter of the late Charles H. Borden of Canard and had been married about 25 years.

Private Howard West.

The death of Howard West, son of Mr. and Mrs. Zacharias West, of Halls Harbor, aged sixteen years, took place at his home Sunday at 12.30 o'clock from pneumonia.

Private Howard West was a member of the 112 Battalion, C. E. F., and was in training at Kentville. He contracted a severe cold a few weeks ago, which developed into pneumonia. About a week ago he went to his home in Halls Harbor, but loving care and medical aid was without avail and death ensued Sunday. He was a bright, clever young man and his early death is greatly regretted. The deepest sympathy is extended to the bereaved ones.

The funeral services will be held today (Tuesday) at his home, Halls Harbor, at three o'clock, Rev. A. C. Borden, D.D., and Rev. D. H. McQuarrie officiating.

CARD!

To the Electors of the Town of Kentville:

Ladies and Gentlemen:

Having been requested by a large number of the Ratepayers to offer myself for re-election to the Town Council, I have acceded to their request, and take this opportunity of soliciting your support at the polls on Tuesday, February 1st. If elected I will serve the Town to the best of my ability as I have endeavored to do in the past.

Faithfully yours,
R. T. CALDWELL.

Rev. J. G. Stones has been transferred from the 85th Battalion to the 115th now stationed in St. John, in which he will take the position of Lieutenant. Previous to his departure to train at Halifax for this position, he will spend a few weeks in Kentville with his Church, until the next officers course opens. Rev. Mr. Stones enlisted as a private in the 85th Battalion. He has been the efficient Assistant Editor and Business Manager of the 85th's bright little publication "The Thistle", and he will be greatly missed in this capacity as the position will be hard to fill. In fact it was through the instrumentality of Mr. Stones that "The Thistle" was started. We congratulate him on his promotion from the ranks, and wish him every success in his new office.

PRIZE WINNERS AT KINGS COUNTY POULTRY SHOW

The Kings County Poultry Show held here Wednesday, Thursday and Friday of this week, brought together the finest show of poultry possible. Over seven hundred birds were on exhibition and they were certainly well worth seeing. A special feature of interest was a pair of Belgian Hares and eleven little ones three weeks old from the Horticultural Farm, Kentville. The pigeons and guinea fowls also attracted much attention. The celebrated Pratts Poultry Foods and Remedies occupied a prominent place at the Show. The attendance, though fairly large, was not up to what it should have been.

The management have spared no efforts to make this show the very best possible and well deserves the support of the people.

The Secretary, Mr. Warden Plant, has been most energetic and untiring in his duties, and much credit is due him for the success of the show.

Prof. J. P. Landry of Truro and W. H. Henry of Shubenacadie were the expert judges.

ALWAYS READY RELIEF

RHEUMATISM, SCIATICA

Strong Testimony of Emigrant Commissioner the Hon. George Starr, as to the Power of Radway's Ready Relief in a Case of Severe Rheumatism.

Dr. Radway—With my own hands I have worked and served many, sometimes entire families, and to my regret, and at times to my shame, I have seen many of the remedies recommended by other men and women, but I have never found one so powerful as Radway's Ready Relief. I have tried various kinds of ointments, salves, and applications of liniment, but I have never found one so powerful as Radway's Ready Relief. THE MANUFACTURERS LIFE INSURANCE COMPANY

Saves Money for Total Abstainer

The figures in the following table, show what percentage the actual cost of insurance has been of the expected cost, during the last few years in the two classes of insurers in this Company in Canada.

	1911	1910	1909	1908	1907	1906
Abstainers Section	44.87pc	32.30pc	34.65pc	38.22pc	39.00pc	\$5.98
General Section	79.59pc	51.23pc	15.11pc	82.11pc	72.75pc	\$6.64

This is no matter of theory, but a proved fact. Total Abstainers make an actual saving in dollars and cents by placing the life insurance with The Manufacturers Life.

Whooping Cough

"The disease I most dread is Whooping Cough, for children are often permanently injured by the awful straining of the cough. You should never neglect it, and treatment should be started at the first symptom. You cannot mistake the symptoms: protracted coughing, worse at night; peculiar whoop; labored expectoration of mucus; apparent suffocation after coughing."

Chamberlain's Cough Remedy

is a positive remedy for this disease—repeat the dose frequently, for if given freely it liquefies the tough mucus, makes it easy to expectorate and counteracts any tendency toward pneumonia. There is no danger whatever from Whooping Cough when Chamberlain's Cough Remedy is freely given."

POTATOES CONTINUE TO INCREASE IN PRICE.

Potatoes are still going up, to use a market phrase. In Boston sales are being made by retail markets and grocery stores at 50 cents a peck or at about \$5 a barrel. The restaurants and hotels in Boston are planning to make an extra charge for potatoes.

In St. John the wholesale prices range from \$2.50 to \$3 a barrel, according to quality. At retail they are selling here at from \$3 to \$3.50 a barrel in small quantities. There is every indication of a further rise in this city.

Woodstock quotes potatoes at \$2.75 a barrel at first hands.

In Westmorland and Kent counties potatoes are scarce and many of them are of inferior quality. At Shediac the prevailing prices are \$1.50 and upwards. Prices in Cuba are still advancing.—St. John Standard.

British Patience With U. S. Protest Short, Says Standard

London, Jan. 17—Accepting as authoritative cabled quotations from American newspapers to the effect that President Wilson is about to demand a modification of the British methods of restricting maritime trade, the Evening Standard asserts such a demand has "no chance of success." It continues:

"The patience of the British public is exhausted. The ministers are going to be forced to stop the loop-holes through which Germany is getting supplies from neutrals, and (to our shame) from this country. So if the American Government believes its demand (prompted by Berlin) for more loop-holes is likely to be successful, Washington is making a big mistake."

Somebody has said: "Any newspaper is the companion and friend of the family, but the local paper is the one identified with the interests of the home. It is conducted by those you know. Its columns are filled with what is of special value to you. In its prosperity you have a vital interest and to its prosperity you can best contribute by giving your patronage and support. It is your neighbor."

Donald Keith, one of the best known and most highly esteemed citizens of Halifax, passed away recently in that city, after a brief illness. Heart trouble was the cause of death. The deceased was 86 years of age, and he had a long and successful business career in Halifax. He leaves a widow and five children. The sons are Wilfrid, of Winnipeg; William L., of the Bank of Nova Scotia; Donald, barrister, of North Battleford; another son, Roydon, was killed in France at the battle of Loos. He was attached to the First Battalion of the Coldstream Guards. The daughters are Miss May, Mrs. George Henderson, and Mrs. DeB. Carritte. The late Donald Keith was a director of the Academy of Music, and the Acadia Fire Insurance Company. He was also a shareholder in many of the large corporations in this Province.

The old pensioner who blew the bellows for the organ had a most exasperating failing. In spite of frequent admonitions he would continue blowing after the music had stopped, thereby producing most undesirable sounds. One day the organist could stand it no longer. The congregation had been set tittering by the old man's forgetfulness, and during the sermon the organist seized the opportunity to write him a note on the matter and hand it to the choir boy to deliver. Misunderstanding the whispered directions, the lad handed the note to the vicar, who astoundedly read the following:

"Will you stop when I tell you to? People come here to listen to my music, not to your horrible noise."

Kidney Troubles Attack Kentville Men and Women both Old and Young

Kidney ills seize young and old. Come quickly with a little aiding. Children suffer in their early years.—Can't control the Kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs. The cure for men, women or child.

It is cure the cause—the kidney. Booth's Kidney Pills cure all kinds of kidney troubles. Cure all forms of kidney suffering. Kentville testimony proves it. W. H. Sisson of Kentville P. O., Kentville, N. S., says:—"I had suffered for years with a very lame and weak back and a general weakness of my whole system which was so bad at times that I could not get around at all. I had tried all kinds of remedies but it remained for Booth's Kidney Pills to give me the relief I looked for. I procured them at J. D. Clark Pharmacy and after only a short treatment I felt greatly relieved. My back has strengthened and the lameness has left me and my general health has been greatly improved. Being a man well up in years and requiring something to help me I have found Booth's Kidney Pills an excellent remedy." Sold by Dealers. Price 50 cents. The R. T. RUSSIA IS BUYING \$2,000 MACHINE GUNS.

Rumor is Heard of an Order for 10,000,000 Shells.

New York, Jan. 16—Announcement that the Russian buying commission in the United States has approved contracts for \$2,000,000 worth of machine guns with four American companies was made yesterday after war departure for Russia of General Germonius, head of the commission. The contracts call for 32,000 machine guns, which is said to be the largest order of its kind placed here by any of the belligerents since the beginning of the war.

It was stated today that Russia is endeavoring to place contracts in this country for 10,000,000 high explosives and shrapnel shells.

Prohibition to be Taken Up in Federal Parliament

Ottawa, Jan. 16—A request for the declaration as to their stand on the question of a federal measure for prohibition of the manufacture, sale and importation of liquor throughout the dominion for the duration of the war, and for a three-year reconstruction period after peace is declared, has been mailed to the members of the government and to every member of parliament on behalf of the Citizens' League, which originated the movement. It is causing a considerable amount of uneasiness and political uncertainties to the government and the members of the house. The issue is bound to come before parliament this season, and it is understood that the replies of each individual member as to his stand on the question are to be made public by the league.

Sir George E. Foster, as acting premier, has given his reply. In effect, he says that if it is made clear to the government that a sufficient majority of the people of the dominion desire such legislation, it will be the duty of parliament to pass it.

The general opinion of members of parliament is that while there will undoubtedly be a large proportion of the members in favor of a general federal prohibitory measure, the whole question will probably be shelved after a non-conclusive discussion has been engaged in and that prorogation will come with the resolution still on the order paper.

MONTENEGRO BETRAYED BY ITS KING

Nicholas Secretly in League With Austria

(Halifax Herald)

Rome, Jan. 18—Reports that the Montenegrins were heroically fighting the Austrians were false. On the contrary, they were secretly aiding them. They even informed the Austrians of the arrival of ships conveying provisions and munitions from Italy, thus enabling the Austrian submarines to sink the vessels.

King Nicholas has been secretly leagued with the Austrians since October, and practically solicited invasion of his country which he betrayed with the object of concluding a separate peace.

This explains and fully justifies the attitude of the allies, who knew that to aid Montenegro would be worse than useless. Had they supplied guns and ammunition to the Montenegrins they would simply have fallen into the Austrians hands.

King Nicholas alone is responsible for betraying his country. The majority of the Montenegrins, including his sons, are opposed to a separate peace which is bound to lead sooner or later to the dethronement of the king.

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Assessor who has examined his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The act of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C.M.G., Deputy of the Minister of the Interior

A country school-teacher was cashing her monthly check at the bank. The teller apologized for the filthy condition of the bills, saying: "I hope you are not afraid of microbes." "Not a bit," answered the school-ma'am; "I'm sure no microbe could live on my salary."

DEATH AND DESTRUCTION FOR THE ENEMY.

London, Jan. 19.—"The Germans endured a terrible week-end from the Allies' heavy and sustained artillery fire," says the Daily Mail's Rotterdam correspondent. "From Hete, as in the north, down to Lens, the German lines have been shelled with that deadly accuracy so dreaded by the Kaiser's western army. Death and destruction rained around Lens, where the important railway junction east of Avion was greatly damaged. The German artillery is unable to reply adequately to the British big guns, and this fact is doing much to destroy the morale of the German soldiers. So long as the German guns were able to keep the upper hand the Germans felt confident of their superiority. Now their spirit is completely changed. The men are living in daily and nightly terror of surprise bombardments. The soldiers in Ghent repeatedly say that their nerves cannot hold out against these terrific bombardments."

STOMACH COMFORT

When the Stomach Rebels, Headaches, Indigestion and Nerve Pain follows Mi-o-na Brings Relief.

Just as soon as you are done eating, the healthy stomach commences to churn the food around and mixes it thoroughly with the juices of the stomach. If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, indigestion, stomach pain and dyspepsia. Mi-o-na helps the stomach to properly mix the food.

John S. May, of Isabella St., Belleville, Ont., says: "For over seven months I was in constant agony with a case of nervous dyspepsia and indigestion that medical skill could not relieve. I was weak and had lost much weight through loss of appetite and suffering. My meals would fill me with gas and a feeling of oppression across the stomach and all up the left side, left me in a miserable condition. I was restless at night and as tired and unrefreshed in the morning as on going to bed. A choking sensation in my throat was always constant when lying down, and my heart seemed to flutter and pound as though it were coming out through my side. I was benefited from the first two days' use of Mi-o-na. I began to feel like myself again, my appetite returned and the depressive feeling left me. I can enjoy my meals without the least worry of after suffering. I have gained in weight and can sleep the night through in comfort."

Go to J. D. Clark, the druggist, and get a 50 cent box of Mi-o-na Tablets. Money back if Mi-o-na does not cure.

A demure looking Salvation Army lassie, who was travelling in a railway train, was asked by a man next her whether she believed every word in the Bible.

"Yes," she replied, "I do."

"Surely," exclaimed the man, "you don't believe that Jonah was swallowed by a whale?"

"I do," she answered, "and when I get to Heaven I'll ask him about it."

"But suppose he's not in Heaven," inquired the stranger.

"Then you ask him!" was the lassie's reply.

The Sunday school teacher put to her class a number of questions touching the history of the cities mentioned in the Bible.

"What happened to Babylon?" was the first query.

"It fell," said one boy.

"And what became of Nineveh?"

"It was destroyed."

"And what of Tyre?"

"Punctured!"

Dominion Agriculture Dept. Aid Associations in Purchasing of Horses, Cattle, etc. for Breeding Purposes.

Owing to the heavy rain upon the live stock of the various warring countries of Europe, they have been forced to go abroad for supplies. The longer the war lasts the greater will be the demand. Moreover, when peace is restored, these countries will require large numbers of the various classes of animals to replenish their studs, herds and flocks. It should be borne in mind, however, that the buyers, who come to this country after the war, will require better animals than have been bought during war time, as they will be used largely for breeding purposes.

With this end in view, the best of the females and particularly the young stock should be kept for breeding purposes. Breeders should not fail to raise all the live stock possible at this time in order that the country may be able to supply a large number of the animals that are certain to be needed by the warring countries. At present, however, there is an unequal distribution of live stock in the country. In certain sections there is a heavy surplus, with a corresponding scarcity in other parts. During the past year hundreds of young cattle from our Prairie Provinces have gone to the United States as stockers and feeders. These should have been kept at home, particularly the females. Sections of the West are reported as being in need of good draft horses, particularly draft mares; while, in sections of Ontario, there is an over supply of this particular class.

In order to remedy these conditions, the Minister of Agriculture, through the live stock branch, has decided to grant liberal aid to breeders who wish to secure good breeding stock. The conditions under which aid will be given are as follows:

In the event of a number of farmers in any district of Canada wishing to co-operate for the purchase of breeding stock in carload lots from some distant section of the country, the Department will pay the travelling expenses of their duly appointed representative during the time required to effect the purchase and transport the shipment to its destination.

Should it be desired, the Live Stock Commissioner will nominate a suitable person who will be directed to accompany this representative and assist him as far as possible in buying and shipping the animals.

Persons wishing to take advantage of this offer should make full arrangements with the Live Stock Commissioner as to place and time of purchase before sending out their representative.

TURKISH FORCES BEING RUSHED TO THREE FRONTS

London, Jan. 17.—Turkish Gallipoli forces have begun arriving at Constantinople, and are being rushed into Asia to meet heavy onslaughts on three different fronts according to Athens advices today. One body of Dardanelles veterans is being moved towards the Caucasus where the Russian Grand Duke Nicholas has launched an offensive, a second force is entraining for Bagdad and the Mesopotamian campaign and some detachments will reinforce the Persian army at Kermansah, now threatened by the Russians. The fighting in the lands of ancient Asian empires eclipses for the present all operations in modern Europe.

Wilfrid Dribble, the socialist, arrested at St. John, N. B., was last week convicted by a jury of using seditious language and remanded a week for sentence. Turks Retire to Immediate Vicinity of Kut El Amara.

London, Jan. 17.—Announcement was made in the House of Commons today that the Turkish forces in Mesopotamia have fallen back to within six miles of Kut-El-Amara.

The announcement was made by J. Austin Chamberlain, Secretary for India, who said the Turkish retreated as the result of another British victory. The Turkish positions at Wardi, he said, were carried on Saturday by the British.

SOUTH AFRICAN TROOPS LAND IN EGYPT

Pretoria, South Africa, Jan. 19.—The first of the South African brigades to be sent to Egypt has arrived at its destination, it was officially announced today. This is the first intimation that South African troops are being despatched to Egypt.

ANOTHER BRITISH SHIP SUNK

London, Jan. 19.—The British steamship Marere has been sunk. Her crew was saved.

The Marere, 6,445 tons gross, was owned in London. She was 450 feet long, and was built in Belfast in 1902. No records of her recent movement are available.

PEACE NEGOTIATIONS BROKEN OFF!

Paris, January 19.—(Via London)—The Journal des Debats says it is officially announced that King Nicholas of Montenegro and his family and suite have sailed for Italy, peace negotiations between Austria and Montenegro having been broken off.

Boston, January 17.—A shipment of \$5,000,000 in gold arrived on the British steamer Corfe Castle from Cape Town, South Africa, today. It was consigned to the Dominion Express Company, who it was reported, would trans-ship it to Canada.

Amherst, Jan. 19.—Eleven of the twelve German prisoners that escaped from the Amherst detention camp at an early hour Tuesday morning, were captured at St. Stephens and McAdam Junction, when practically in the act of stepping across the border into the United States—and freedom.

The wholesale capture was due to the thoroughly efficient work of Colonel Morris, commandant of the camp, and the remarkable network spread by Captain Goodspeed of the Intelligence Department of the 6th Division, Halifax.

In the Canadian Casualty list a few days ago appeared the name of Jos. C. Shifton (Princess Pats) of Annapolis, seriously ill, and in yesterday's list is reported dead. Through careful inquiry we learn that Jos. C. Shifton, son of Mr. and Mrs. George Shifton of Annapolis, formerly of Bridgetown, enlisted in the Princess Pats with a contingent of students from the Guelph Agricultural College. Whether there was a slight error in the name or not, we have not definitely been assured.—Monitor.

The old gent had just won a case in Justice Court, when the loser, in a very combative frame of mind exclaimed, "I'll law you to the Circuit Court." "Old Gent—" "I'll be thar." "Loser—" "And I'll law you to the Supreme Court!" "I'll be thar." "I'll law you to 'ell!" "My attorney'll be thar." —The Docket.

"That's the way with a man." "He often said he would lay down his life for me." "Well?" "And now he grumbles when I ask him to lay down a carpet."
