A POWERFUL STORY of MYSTERY, INTRIGUE, and ADVENTURE

featuring

HAROLD LOCKWOOD

--in--

"A Man of Honor"

From the Novel by Henry Kitchell Webster

HAROLD LOCKWOOD, our friend and the friend of the millions in America will live for future generations through the magic of the screen.

As a tribute to him we have saved what we believe to be his greatest picture for the final presentation in the great Lockwood series of production.

The character of David Smith which he portrays is typical of his own splendid battle towards success. It is clean as he was clean, manly as he was manly, romantic and lovable as he was, and living on, is lovable.

We suggest to the thousands of Exhibitors who will present this picture to their audiences that they present it as a tribute to a fine and manly character, the man of honor, who helped to make the screen a finer better thing.

North Shore C.S.E.T. Boy's Conference

The C. S. E. T. Taxis Boys' Conference for the North Shore opened by a banquet to leaders and friends, in St. James Hall Friday evening at 6 o'clock, when a sumptuous repast was provided by the ladies.

Rev. F. T. Bertram, of the Newcastle Methodist Church presided at the banquet and opening session.

Those present at the banquet were Revs. F. T. Bertram, Dr. King, E. A. Kinley and L. H. MacLean, A. M. Gregg, Principal J. H. Barnett, Vice-Prin. Lindon Crocker, Principal John I. Hierarchy (Boom Road), Prin. D. J. Gulliver, (Loggieville), Charles Aharn, Vernon Holyoake (Bathurst), Guyon Mersereau (Bathurst), Walter Amy, A. McN. Astles, A. A. McTavish, Clifford Pearson, S. B. Sisson, Cecil Locke, W. R. Melanson, John Hierarchy Sr., H. D. Atkinson, Earl Ritchie, D. W. Stohart, James Stables, Wm. Corbett, Jr., Arthur E. Petrie, E. A. McCurdy, C. C. Hayward, Prin. H. H. Stuart, (Sunny Brae), Geo. M. Lake, F. E. Locke, G. G. Stohart.

The first speaker was Rev. Dr. King, of Mt. Allison, who spoke on "Aims and Organization." He explained that the Boys' Movement was thoroughly co-operative among all Protestant denominations, and was under the immediate superintendence of the Y. M. C. A. The Taxis work is a programme, not an organization, therefore does not impose any new organization upon any church. The aim of these conferences is (1) Religious Education for our boys; (2) Training in Christian Citizenship. The programme is based on the character and personality of Jesus. The "teen-age boy is a hero-worshipper, and the greatest of heroes is Jesus Christ. A boy should not be intellectually, physically, morally or socially retarded. All sides of his nature should be trained equally well. Why do boys and girls leave school just before entering High School? It is because the High School does not offer a progressive programme. The trouble with too many of the colleges today is that the curriculum is too cramped. Too often the boy learns nothing but what is on the curriculum--comes out without an adequate view of life. The "group" and "gang" instinct is stronger than the "gang" instinct, if worked properly. Boys properly handled will help the forward and all other movements. The boy naturally wants to get out around in his teens, and he should be guided at that age. The Taxis movement may properly be called school extension. Taxis boys can tell the names of the world's great statesmen much more readily than can ordinary school boys.

A. M. Gregg.

Mr. A. M. Gregg, secretary of the N. B. Y. M. C. A., then spoke on "The Personal Interview," and explained the process of "Charting" the boy. The personal interview with the boy is all-important, and by the Taxis chart is simplified and facilitated. Too many boys neglect one or more of the four sides of their natures and thus seriously fall in capacity for service. One is first class in all respects but the physical and falls down because of poor health; another is so athletic that he neglects his intellect another works for money only--all such fail to measure up to the full standard. The teen-age boys properly handled will learn to take a hand in cleaning up the country, from their backyards to the schools, churches and politics. Every boy should have some guidance re choosing his life work--should never be forced but gently guided into what God would have him be. He should be put into touch with books and people who can help him. The Taxis boys of Canada are maintaining a Taxis worker in China.

After a vigorous address by the chairman the Boys' Conference proper opened at 8 o'clock. Rev. E. A. Kinley of the Newcastle Baptist Church presided, conducted the devotional exercises and gave an address on "The Earnest Minded Boy." Mr. Kinley showed from research that great men began their career in their teens. Only the boy with a purpose, a plan, and a principle succeeds.

New Brunswick Contributed \$15,500,000 To Victory Loan

Though all the returns from the province were not obtainable last night it is safe to assume that New Brunswick has contributed \$15,500,000 towards the Victory Loan campaign. New Brunswick's objective was \$9,000,000.

The fight for the German Gun is between the counties of Madawaska and Albert, who have been running neck and neck with a slight margin in favor of Albert in the latest returns.

Amongst the recent honor winners in the province are Dorchester, in Westmorland, which won a flag and crest; Sackville, same county, a flag; Glenelg, Fairville, Blissville, Nelson and Loggieville in Northumberland, all win flags, in Albert county Hopewell won six crests, Coverdale five crests, Hillsboro four crests, Alma and Elgin, two crests each. This is one of the best showings made in the campaign. The Edmundston division of the C. N. R. under the direction of W. J. Atkinson, won the special honor flag, 93 per cent of the employees of that branch being subscribers to the loan.

It is expected that the Dominion totals will be well over \$800,000,000 which is a third above the quota set. The final returns were not sent to Ottawa until yesterday afternoon and it is expected by that time that the full returns from the special Million Dollar Club will be made known. There are several outstanding subscriptions also, which will swell the totals published below.

Here are the last returns received by the loan Headquarters up to last night.

County	Amount
St. John	\$4,241,250
Kings	425,000
Madawaska	348,000
Queens-Sunbury East	171,950
Queens-Sunbury West	50,800
Gloucester Upper	490,000
Gloucester Lower	20,000
Restigouche	616,000
York	1,244,200
Albert	314,600
Westmorland	1,319,800
Kent	60,000
Northumberland West	469,000
Northumberland East	465,750
Victoria	232,200
Carleton	910,600
Charlotte	1,341,150
Both Northumberland West and East, went over their objective and Newcastle went over the top with a good substantial amount. Every Parish in West Northumberland subscribed their objective except North and South Ek.	

Great credit is due the provincial committee and all the local committees and canvassers for their perseverance and untiring efforts for they have had a hard struggle.

Red Bank School Standing for October

Advanced Department

Grade V--Aloysius Kehoe 1, Mary Sullivan 2, Charles Walsh 3.
Grade IV--Margaret Dunn, Mary Hickey 1, Martin Walsh 2, Gerald Kehoe 3.
Grade VII--Vera White 1, Carmel Power 2, Pelham Sullivan 3.
Grade VIII--Lottie Alton 1, Dorothy Gillis 2, Frank Parks 3.
Perfect attendance--Margaret Dunn, Gerald Kehoe, Aloysius Kehoe, Morris Sullivan, Frances McKibbin.

Primary Department

Grade IV--Gertrude Dunn, Patrick Lawlor 2, Emory McKibbin and Mary Walsh 3.
Grade III--James Hickey 1, Helen Gillis 2, Dorothy Esty 3.
Grade II--Rachel Walsh 1, Bonetta Hubbard 2, Reta Johnston 3.
Grade I--Gordon Harris 1, Mary Kehoe 2, Foran Dunn 3.
Perfect attendance--Inez Connors, Gertrude Dunn, Margaret Gillis, Helen Gillis, Nellie Gillis, James Hickey, Bonetta Hubbard, Harry Johnston, Laurence McKibbin, Wendell Parks, Leonard Walsh, Rachel Walsh, Ida White, Reta Johnston, Freeman Johnston, Patrick Lawlor, Gordon Harris.

Quarterly Meeting of North Shore Methodists

The second quarterly district meeting of the North Shore Methodists was held in St. Luke's Hall, Chatham, Friday at 2.30 p. m. Those present were: Revs. Geo. A. Ross, Pathurst, in the chair; H. S. H. Strothard, Chatham, secretary; E. Rowlands, Millerton, assistant secretary; C. F. Stebbings, Harcourt; J. F. Rowley, Campbellton; F. T. Bertram, Newcastle; and Messrs. J. G. Watling, Campbellton; W. B. Snowbell, R. S. Curll, Chatham, and John Price, Millerton; Mr. John H. Ashford, Mrs. J. A. Follansbee, Mrs. H. S. Leard, Newcastle, Mr. C. Branch, Bathurst. The following were enrolled as visitors: Rev. Dr. Wm. Harrison, of Moncton, at present supplying in Chatham; Rev. Frank Boothroyd, St. John, Field Secretary N. B. Temperance Alliance; and Rev. Mr. Ellsworth, of Toronto; in the interest of the Forward Movement.

Mr. Snowball, Rev. Mr. Rowley and Mr. Curll was appointed a committee to allocate the financial objective for each circuit in the district.

Reports were received from various circuits re Forward Movement, indicating progress. Rev. F. T. Bertram, appointed by the District Forward Movement Convention to arrange a system of exchange of pulpits throughout the district for November 30th, reported as follows:

Bathurst to exchange with Campbellton; Rev. E. Rowlands to preach in Chatham in the morning and Newcastle at night; Rev. Geo. B. K. Anderson, Evangelist, at Newcastle in the morning, and at Chatham at night; Rev. F. T. Bertram to Millerton, etc. for the day; Harcourt to exchange with Buctouche.

Addresses were given by Revs. Messrs. Ellsworth and Boothroyd, and the Conference Forward Movement Organizer, Rev. Mr. Strothard who gave an encouraging report of the work being done throughout the conference.

A second session was held in the evening at which addresses were given by the chairman, and Revs. Ellsworth and Strothard and others.

Good Bills at Opera House

The ever popular Young-Adam's Stock Company, opened a three nights engagement in the Opera House last night to a bumper house. Not a seat was vacant and standing room was at a premium. The opening bill was well staged and thoroughly enjoyed by the patrons. The vaudeville put on between the acts, was of a high class, and was repeatedly encored. Tonight "The Marriage Question," will be played and as this is an entirely novel play, a large audience should take advantage of the opportunity to see it.

On Wednesday evening "All of Sudden Peggy," will be staged by the popular company and is the equal of the other two bills which are being presented during this three night engagement. Mr. Young and his company, are by no means, strangers to this community, and their past reputation is well known to the patrons of our local theatre. This in itself is guarantee enough, to bespeak for him and his company large audiences during his engagement. The bills presented this season are the best yet shown by Mr. Young's Company, and those fortunate enough to see them will be well pleased that they attended.

SIMPSON TO OPEN BRANCH AT HALIFAX

Ottawa, Nov. 14--The Canada Gazette, tomorrow will contain the announcement of the incorporation of "The Robert Simpson Eastern Limited," capital two and a half million dollars, with chief place of business given as Halifax. The incorporators of the company are Sir Joseph Flavelle, Charles L. Burton, H. H. Fudger (president Robert Simpson Company), Frank Y. McEachern, H. E. Burnett, all of Toronto, and Joseph Ellsworth Flavelle and H. C. Cox, of Oakville.

Station Agent Forced To Quit

"All The Boys At This End of The Line Talking About My Recovery" He Says

"When the boys come by and see me back on the job looking like my old self they holler at me to know what has brought about the wonderful change, and I always shout back, TANLAC," said A. E. Rawley, the popular telegraph operator at Wellsford Station on the Canadian Pacific railroad and living at Westfield Beach, New Brunswick, in relating his remarkable experience with the medicine.

"My recovery has not only surprised me," continued Mr. Rawley, "but all the boys on this end of the line are talking about it. Pulling through what I have suffered, back into health and strength seems more like work of a miracle than of medicine, for I had despaired of living much longer."

"My health suddenly gave way four years ago following a severe attack of grippe, which settled in my stomach. My food would sour causing gas and such a pressure through my chest that I could scarcely breathe. Sharp pains would suddenly strike me in the chest, keeping me in agony for hours, and at night I would have to get up and walk the floor to keep from smothering. One day about a year after my trouble started, I began vomiting and kept it up almost incessantly for four days, and I thought sure my life would end there. I had to be carried to a hospital for treatment after which I felt in fair condition for a few weeks and then another attack came on me with great pains in my stomach and intestines which would last for hours."

"At first these spells came about once a month, then twice a month and then every week and got me down to where I just couldn't work at all. In fact, I lost fifty pounds in weight and had to give up my position as station agent and do nothing but try to find relief. Then I went to another hospital for treatment, then another, making three in all, and tried every medicine I knew of, but that was suggested to me, but kept getting worse. I had no idea I could live much longer and, of course, had little hope of ever getting any better."

"My case was like that of the drowning man, reaching out for a straw—desperate—and although I had no faith in TANLAC to help me, when I saw it advertised I grabbed at it as my last resort. I had tried three hospitals and everything in the way of medicines so I couldn't have much faith in TANLAC, but, it's a fact, before my first bottle was gone I noticed a difference in my feelings. It was not long then until the gas stopped forming on my stomach, I had a good appetite, and could eat most anything without it hurting me. Now, to put it all in a few words as possible, I have taken eight bottles of TANLAC and am not only feeling fine, but I have gotten back twenty pounds of my lost weight. I am now working regularly every day and am still picking up both in weight and strength right along. I attribute my recovery to nothing but TANLAC. To me it is the most wonderful medicine in the world and I will praise it as long as I live."

TANLAC is sold in Newcastle by E. J. Morris and in Red Bank by Wm. M. Sullivan.

Prince of Wales In United States

The Prince's stay in Washington will probably be of about three days' duration, and from there he will go to New York to embark on H. M. S. Renown, remaining in New York for a few days and living on his ship while there.

The Renown will put in at Halifax on route to England to enable the Prince to say good bye to Canada.

ALWAYS HAS HOPE

Prospector for Gold One of Fortunate Men.

With Belief in One's Luck to Be "Just Ahead" the Buffets of Fate Are Things at Which to Laugh.

The typical prospector for gold, still met with in the far hills and deserts, may well be taken by all men as an example and an inspiration as far as the blessings of staying hopes are concerned, says the Los Angeles Times.

"Hope deferred maketh the heart sick," says the proverb. But it is not a good proverb. No matter how long deferred a hope may be it should never be abandoned. It should never be anything but an inspiration and an incentive.

Take this nomadic tribe of prospectors, for instance. The typical prospector is a man who has spent perhaps the most of his life pursuing a hope that has never been realized. Yet we never find them discouraged. We never know them to end their days in despair. No matter how many their years of failure may be they will tell you that just beyond the next chain of hills or in the heart of a still unexplored desert the treasures they seek are surely awaiting them.

A most sincere and persistent man is the prospector. He believes in his quest and respects it. The little or the much that he wins by spasmodic toil he invests in his dreams. He braves the solitude and the lonely wastes of the world to reach the goal for which he strives. Hunger, thirst and other hardships and sufferings he endures with a willing heart.

And he never desponds. That's the glory of the prospector—he never desponds. The average man, hedged in by the traditions of towns and cities or settled in the humdrum of the country, looks upon the prospector as a queer and somewhat demented individual. We laugh at this strange fellow who is pictured to us as plodding along in the wilderness and the sandy desolations with his pack and his burro, following the will-o'-the-wisps of fortune.

But the prospector is only doing in his way what we are doing in ours. We are following each our own dream as the prospector is following his. The only difference is that we proceed in safety and without adventure. Otherwise we are the same as the wanderer of the desert and the hills. And also we are soon discouraged and we are easy prey to defeat, while it is death alone that can defeat the prospector.

It seems to us that of all the misfortunes there are in life—and heaven knows there are many—the misfortune of hopelessness is the worst. "Only for hope the heart would die," said a poet. It was a true thing to say.

And about this wonderful thing of hope there is another way to look at it, and that is that we should always have at least one hope ahead. That is to say, we should always have something that we look forward to. Then, if what we have in hand fails us, the other thing that we look forward to will stay us.

Hope is something to be busy with. It is something of which we should accumulate a store. Always have plenty of hopes and have them so that they will reach out and last away into the years of the future.

There is really something mysterious about a hope. If you will cherish it faithfully and keep it warm in your heart you will be almost sure to sometime realize it. It is said that we are what we believe ourselves to be. But perhaps we might better say that we are what our hopes are.

Since then a long-cherished hope is most likely to be realized, surely it were foolish of us to harbor hopes that will not bring us comfort and joy. Hope for the best there is—not great riches, not any material possession, but peace for the heart and a serene path for the white years of old age.

Cotton Growing in China.
Now that China has decided what kind of cotton seed does best in that country, and is distributing it by the ton to farmers, cotton growing starts on a new geographical development. The time may yet come when the Chinese laundryman, far from home, will croon over his collars that he is "still longing for the old plantation." Work done during several years in four experiments, stations indicates that out of forty varieties of seed the kind known as "Trice" is best suited for Chinese cultivation. It appears that "Trice" yields 141 catties to the mow, which is the Chinese way of saying something more than 141 pounds per one-sixth of an acre, for the catty weighs about one-third more than the English pound. The Chinese pound, for that matter is called "kin," but for some reason foreigners prefer to call it a "catty."

An Ideal Tonic For Weak People

Dr. Williams' Pink Pills Act Directly On The Blood and Nerves

Food is as important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often feeble and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality to the run-down system. For growing girls who become thin and pale, for tired women, and for old people who fail in strength Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health-giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefit of this medicine has been proved is that of Mr. E. A. Underwood, Kingston, Ont., who says:—"I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I got a supply of the pills which I used regularly for some weeks, with the result that they restored me to my old time strength. They also proved a blessing to my daughter, who was in a very anaemic condition, and who seemed not to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WHITNEYVILLE

Whitneyville, Nov. 11—Not seeing any notes from this place for some time I thought I would send in a few.

The roads are in a very bad condition now owing to the recent snow storm.

The Rev. G. S. Weaver is attending the convention in Amherst, after which he proposes to visit his parents. Miss Frances McKay entertained a number of her friends Halloween, a very pleasant evening was spent.

Miss Millie Forsythe and Miss Leila MacKenzie attended the Women's Institute Convention in St. John.

The Baptist Women's Aid Society met at the home of Mrs. John Forsythe, on Tuesday evening of last week.

Miss Rose Tozer was the guest of Miss Ferno MacLean during the past week.

Mr. and Mrs. Wm. Parker are receiving congratulations on the arrival of a baby boy.

The Presbyterian Women's Auxiliary met at the home of Mrs. Alex. Hare.

3 GREAT POINTS

of superiority are responsible for Zam-Buk's wonderful and world-wide reputation.

1. ZAM-BUK IS ANTISEPTIC.—Applied to a sore or wound it destroys all germs, and acts as a protection, thus preventing festering and blood-poisoning.

2. ZAM-BUK IS SOOTHING.—This property makes it indispensable for irritated and inflamed conditions of the skin, as well as for skin injuries. It ends irritation, stops pain and draws out soreness. A mother's first thought, when a child is hurt, is to end the pain. Nothing does this like Zam-Buk.

3. ZAM-BUK HEALS.—Finally, having antiseptically cleansed a sore place and ended all pain and soreness, the healing essences of Zam-Buk promote the quick growth of new tissue. Sores soon disappear where Zam-Buk is applied. It is the best known remedy for eczema, pimples, ulcers, piles, blood-poisoning, cuts and burns. 50c. box.

BRED GREAT MEN

Italian City of Florence May Claim High Honor.

Birthplace of Many of Those Who Rank in Intellectual Ability and Achievement, Far Above the Rest of Mankind.

At first thought one would be apt to claim for London, the great metropolis, the honor of having given birth to the greatest number of the world's geniuses. Among other great Londoners the following might be cited: Francis Bacon, philosopher and essayist; Spenser, Jonson, Milton and Keats, world-known and honored poets; Hogarth, Turner, Watteau, Millais and Holman Hunt, artists whose achievements are acclaimed by all the world of taste; Fox, Pitt and Beaconsfield, statesmen who have influenced the building of empire; Daniel Defoe, the novelist; Faraday and Huxley, the scientists, and many others. All these would stand in the very front ranks of greatness, some of them, like Milton and Bacon, towering above their fellow men like mountain peaks among mole-hills.

The Frenchman would undoubtedly stand up for the claims of Paris, quoting a long list of poets and painters and novelists and statesmen to justify his boast.

The Italian would probably put the question: "How far back may we go in this quest? For if ancient Rome is to be added to the record of the more modern city, where will you find her equal?"

Then Athens would lift up her classic voice in protest, and quote a long list of her sons who have formed the models of all subsequent time in art and poetry and philosophy and architecture.

But there is another competitor which can beat them all in this combat. Compared with London or Paris, or even Rome, it is a small place. The city is Firenze—Florence—the native city of Savonarola, of Fra Angelico, of Donatello, of Botticelli, of Leonardo da Vinci, of the mighty Michael Angelo, the glory of his age and of all succeeding ages; Florence, the city of Boccaccio, the father of novelists; of Machiavelli, whose very name is a proverb, and of the famous Medici; yes, and lastly, Florence the city of Dante, the first both in time and position of this glorious galaxy of stars of the first magnitude.

How such a small place ever gave birth to so many mighty sons of genius is one of the standing puzzles of heredity and environment and education. Why does not Glasgow breed geniuses? Nobody knows. During a period of two hundred years Florence was a forcing bed for supreme achievement. During that time the little city broke all records, ancient and modern, and it is hard to see where her competitor is to spring from who shall take away her crown of laurels.

Some War Economies.

There is probably nothing that seems so useless in the eyes of the average person as an Irish potato which has begun to rot, but the department of agriculture in its war-time experiments has discovered that starch can be made from a decayed potato just as well, if not better, than from a good one, and so the surplus stock of the farmer or dealer need no longer be thrown away or wasted.

In like fashion chemists seeking methods to avoid world-wide food shortages have found that sugar can not only be made from beets, but from sweet potatoes as well. The farmer himself can make good sirup from his sweet potatoes by boiling them until they can be mashed in the water to thick, mushy liquid. To this ground malt is added and the result, after properly cooking for about an hour, is a thick sirup, which is strained through a cloth and used for any sort of sweetening.

Modest Hero.

My heroic action was this: We were lying close up to their defenses, and for four days had not been able to climb out; we lay like reptiles. There was no light spot; one could not get accustomed to it. And H—, the ensign, had been caught on the wire when we had started to attack. At first he asked for help, called on the men by name; but one could not show one's nose without being shot. Then he only groaned and breathed heavily. That went on for four days, and he still lived. It is a sin to grumble at God, but here one says: "Why be careful of one's soul?" I couldn't endure it and took him off the wire; but I got wounded. Then there was an attack, and our men captured the post.—London Times.

Fire-Retarding Paints.

From tests made at the federal bureau of standards it appears that, while practically all paint coatings have some fire-retarding action, none of those so far tested afford very great protection. All the samples in question were materially damaged by application of flame for a few seconds. Both sodium silicate and whitewash rank comparatively high. These have the advantage of cheapness and can both be used on the same surface. However, according to a recent bulletin of the bureau, no treatment of wood after erection can be expected to serve as an effective fire protection, and the use of such materials should not be made an excuse for omitting any of the usual precautions against fire.

HAPPY CHILDHOOD

Childhood days are happy days to the robust child; they are intended to be days of growth.

SCOTT'S EMULSION

brings to a child that is not thriving, power that sustains strength—substance that determines growth. Scott's Emulsion is concentrated tonic-nourishment which is readily assimilated and transmuted into strength. Give Scott's Emulsion to growing children often.

Canada at the National Chemical Exposition, Chicago.

The importance and magnitude of our Chemical Industries form a sensational chapter in the industrial history of Canada, that has become known the world over. Development followed development during the war with amazing rapidity and still continues. Some idea of the progress made, may be gathered from the fact that up to a few months prior to the end of the war all synthetic nitrates for explosives produced on this continent were of Canadian origin. Our production of acetone was equally phenomenal.

It is no wonder, therefore, that Canada occupied such an important position at the National Chemical Exposition recently held at Chicago, admitted to be the greatest industrial event in the history of that city.

In addition to the large attendance from Chicago, over twenty thousand members of various scientific societies, Universities, manufacturing concerns and others interested in commercial and scientific development, attended the exposition. These included, The American Institute, Mining and Metallurgical Engineers, American Electro-Chemical Society, Technical Association of Pulp and Paper Industry and others.

The Government of Canada and the Province of Ontario, realizing the importance of this opportunity of telling abroad the story of our resources were represented by exhibits, and by some of their best men. The Canadian National Railways had an exhibit illustrating the mineral, forest wealth, water powers and raw materials of the country.

During the Exposition two addresses were delivered by C. Price-Green, Commissioner, Industrial & Resources Dept., Canadian National Railways, on Canadian National Resources and the great field afforded in Canada for enterprise and investment of Capital, which were widely reported in the American Press and many scientific publications.

To The Lumbermen and Retail Merchants of the North Shore

☞ *Distribution has always been a vital factor towards Profit making, more so under these unsettled conditions and present scarcity of goods. To get reliable merchandise when you want them and to get them quickly is a great consideration. You can be assured of a quick service when ordering from us, owing to our large and varied assortment of stocks, besides a great saving in freight and express charges in the different lines we offer you. You will find genuine values which appeal to the careful buyer at lowest prices. Below are a few of the lines we carry in stock and ready for immediate shipment.*

North Shore Larrigans

This brand of Larrigans is manufactured special for us by The John Palmer Ltd. to meet the requirements of this great lumbering district, our many satisfied customers will testify to the wearing and durable quality. Send in your order.

Horse Hide and Buck Skin Larrigans

For Men, Women and Children

These are made of No. 1 stock every pair guaranteed to stand the wear, prices are very reasonable, write now.

Mackinaw Jumpers & Sweaters

Woodsmen have given a decided preference to this garment as it can be used as a shirt as well a jumper coat and comes in different checks, sizes from 15-17.

Lumbermen's Over Socks

We have many numbers in stock, all of the best qualities at reasonable prices.

Ribbed Worsted Socks

There will be a heavy demand on these socks this winter as they compare very favorable in style and comfort to the finer grade socks and much lower in price.

Lumbermen's Knee Length and Long Mackinaw Pants

In check and plain patterns lace or buckle. The demand on these pants has been more than we anticipated. Please send in your order at once while the assortment of sizes still are on hand.

North Shore Boots

For Men

This line is also manufactured special for us by a leading manufacturer, smart and dignified in appearance we have them from the finest in dress boots to the strongest work boots. Their elegance and remarkable wearing qualities have given them a decided preference. Buy the NORTH SHORE BOOTS now, it will bring a return customer.

Mackinaw Coats

For Men and Boys

Made of a very fine mackinaw cloth in different checks, patterns in Norfolk and belt styles large and roomy, warm and comfortable and have a smart appearance. Stock them now they will bring in the cash.

Mens Ribbed Underwar

We carry a large stock in Gold Red and Black labels in the Atlantic Knit as well as the Ottawa Valley.

Men's Suits

HOUSING AND CO-OPERATION

It is freely admitted that one of the causes of dear housing is the absence of any co-operative method in producing them. Nobody, nowadays, would think of making a bicycle for himself or turning out a lock for a door by hand labour. The person who wants a cheap suit of clothes buys it ready-made. To enjoy a good standard of comfort the average family has to purchase most of its requirements in the form of standardized goods. The house, however, in which it lives is usually built as a separate unit or as one of a group erected by small speculative builders. The result of this individualism in housing has greatly increased its cost without getting either efficiency or proper planning.

Many architects object to standardization in principle but, surely, standardized houses designed by good architects are better than many individual houses, which may be said to be not designed at all. The wise thing is to get the benefits of standardization under proper control, and by co-operation of those who are to live in the houses.

There is no reason why a co-operative enterprise should fail to have the full merit of individualism as well as its own social merits. Co-operation is not like socialism—the antithesis of individualism—it is co-operative individualism.

As already stated, the co-operative principle has worked out most successfully in what are known as the co-partnership societies in England. These societies were promoted by a group of men, headed by Mr. Henry Vivian, M. P., as an improvement on the methods previously carried out by a society called Tenants Co-operators, Limited. It encourages individual thrift and responsibility and its rapid and successful growth is the best evidence of its economic soundness.

It is a tribute to the merit as well as an indication of the reasons for success of the co-partnership schemes that they were first promoted by a group of skilled building artisans, that is, by men who know the building trade. They were not promoted, as so many schemes have been, by a number of theorists without practical experience. The first of the co-partnership societies was the Ealing Tenants' Limited, which had its origin among a number of the members of the General Builders, Limited, who resided in Ealing. These men were not solely interested in building their own homes under a co-partnership scheme but in the general question, as stated by Mr. Vivian, of "harmonizing the interests of labour and capital by equitably distributing the profits made, and encouraging labour to acquire capital to share in its administration." The application of this laudable aim resulted in the formation of a Co-partnership Housing Society. We thus see that, in its origin, the fundamental idea of co-partnership had the broad application that is needed to help us to solve many of our modern problems of industrial unrest, in the conflict between capital and labour as well as in the provision of healthy houses. Its significance can only be appreciated by those who can see the benefits to be obtained from this broad application of a social idea and who have the understanding of a social problem which makes them see that without

co-partnership we are likely to have forms of social organization which are not so sound in principle and are likely to be hurtful in application.

One of the first statements made, regarding the co-operative movement in relation to housing, was that it represented an effort "to ensure that success on a sound commercial basis should be had in hand with education and social life. The result is a society which is on its commercial side a partnership of capital and tenants."

The first difficulty then, as it would be now, was to obtain the interest of sympathetic people of means to provide the nucleus of capital necessary to start the enterprise. The men who were likely to become partner-owners with naturally insufficient means to carry out the whole enterprise, were required to invest a small sum to begin with and gradually to increase it, but the balance had to be provided, either by wealthy people interested in housing or by industrial firms who wished to assist in providing housing accommodation for their workers.

It is an essential part of the scheme that the money invested by the capitalist shall carry a restricted dividend and that any balance of profit made for the investor, over and above what is necessary to pay a moderate rate of interest, shall be used for the improvement of the property or the reduction of the contribution made by the partnerowner of the house. On the other hand it is essential that the partnerowner shall maintain the property in good condition, that he shall gradually increase his investment in the property over and above what he pays in the form of rent and that any profit that accrues to him on his own investment shall be capitalized as accumulated stock in the society.

Last Reel Of "A Man of Honor"

"A Man of Honor," the Screen Classics, Inc., production, which will be shown at the Happy Hour theatre on Thursday, is the last picture made by Harold Lockwood and is considered by critics to be the biggest thing that he ever accomplished.

It is a vivid romance of love and adventure which shows how a man of honor over-ruled a band of dishonest schemers and gains wealth instead of ruin for thousands of trusting investors. How he goes to a beautiful tropic island and not only discovers pirate gold but also finds love, success and happiness, is glowingly told amidst scenes of the most beautiful and gorgeous description.

Incident follows incident in quick succession—showing raging tropic hurricanes which sweep away entire villages, intrigues which aim for the downfall of the young hero, adventures which show his mettle and courage, and the discovery of pirate gold in a manner calculated to amaze. Then, too, there is a romance of rare beauty and charm, where a beautiful girl discovers that she is in love with that ideal being—a man of honor. The picture is based on Henry Kitchell Webster's celebrated novel. Supporting Mr. Lockwood are Beasie Eytton, Stanton Heck, William Clifford, Bert Starkey, Gordon MacGregor and Pomeroy Cannon. The picture was directed by Fred J. Balshofer, with Edwin Carewe as managing director.

Seizure of Liquor At Moncton

Moncton, Nov. 17.—The seizure of about \$1,000 worth of liquor was effected this afternoon by officers of the local police force, under direction of Chief Rideout. The whiskey was taken from a locker, specially constructed in the Sunny Brae skating rink, which has been used for some time to house laborers working for a paving company in Moncton. No arrests were made at the time, but developments are expected tomorrow. There were 212 bottles of liquor in the lot. Commenting on the seizure Chief Rideout said there was good evidence that the liquor was brought in by auto from St. John.

BOESTOWN

Boestown, Nov. 16.—This town is the centre of great lumbering business this winter giving employment to many men.

Mrs. George Whalen and daughter Patricia have returned to their home after spending a few days with her mother, Mrs. Malone, Green Hill.

Mr. and Mrs. John Whalen have returned home after spending a few days in Woodstock.

Mrs. Dr. Ryan was called to Fredericton to attend the funeral of her

father who died very suddenly Nov 11th.

Mr. and Mrs. C. T. Duffy have returned home from Fredericton after spending a few days with their daughter Mrs. W. D. Gunter.

Miss Mary McCloskey and mother Mrs. F. H. McElwee spent a few days last week in Fredericton and St. John.

Mrs. Rice entertained the church of England sewing circle last Friday evening a large number were in attendance.

Miss Christena Reid of Pleasant Ridge is going to spend the winter with her father who is lumbering for Mr. Esty.

Rev. Father McCarthy of Rogersville is the guest of his parents Mr. and Mrs. Patrick McCarthy.

Mr. W. D. Gunter of Fredericton is the guest of Mr. and Mrs. C. T. Duffy.

Mr. Joseph McMann spent Saturday in Fredericton.

Miss Margaret McCarthy was the guest of Mrs. James Whalen one day last week.

Miss Margaret Sharp of McGivney Jet. spent Sunday with her mother Mrs. W. T. Sharp.

Mrs. Hedelagh McCloskey is confined to her home with a severe attack of rheumatism.

Miramichi Man Resigns From Lowell Police

Lieutenant David Petrie of the Police Force of Lowell, a Miramichi man, son of Mr. and Mrs. David Petrie, of Maple Glen, near Newcastle, has handed in his resignation as captain of the "Vice Squad" of the Lowell police, in which position he had for years, according to frequent reports of the Lowell papers, made good, becoming a terror to all evil-doers and the pride of all who stood for law and order. It appears that his reason for resigning is his feeling that he has lately not received that degree of support from the mayor and others in authority that he considered necessary to the proper performance of his duties.

Underhill School Standing For October

Grade V.—Christina Underhill 1, Alton Underhill 2, Weldon MacDonald 3.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This medicative scrub rids the hair of its dandruff, its strength and its very life, and it is so powerful it produces a feverishness and itching of the scalp; the hair roots cannot loosen and die; the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Here Sir! is the very Overcoat For You.

Our winter stocks contain YOUR overcoat. The one you would choose above all others, even if all the coats in Canada were placed at your disposal.

Better Overcoats are not to be had Anywhere

In spite of the scarcity of woolen fabrics, these coats are well made of desirable and dependable materials that are bound to give you both warmth, long wear and perfect satisfaction.

Styles Are Here

In the short belted Coat, the single and double breasted waistline effect, the long 48 inch storm collar ulster and conservative chesterfield model and box back, set in sleeve stylish Overcoat.

Prices are exceedingly low—We were fortunate in placing our orders before the high prices came in to effect.

WE HAVE SOME MIGHTY GOOD VALUES IN SUITS TOO

Men's Overcoats from \$14.00 to \$45.00
Men's Suits from 18.00 to 45.00

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco. Take a small pinch, for a start, and put it between the lower lip and gum, in the centre. Afterwards you can increase the size of the pinch to suit the strength of the chew you desire. Copenhagen is strong, because the tobacco of which it is made is cut into fine grains, which makes it impart its strength thoroughly and quickly. Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

On Saturday evening the boys of the Conference were tendered a supper and a most pleasant evening was

OBITUARY

WILLIAM GARRUTHERS

Mr. and Mrs. Wm. Carruthers of Millerton received word on Saturday of the death of their son, William, at Detroit. The late Mr. Carruthers had resided in Detroit for several years. He is survived by his wife, two sons and one daughter, besides his parents and one brother, Charles, and one sister. The funeral took place at Detroit on Monday.

MRS. JAMES MacTAVISH

The death occurred on Wednesday 12th instant at her home Cassilis of Mrs. James MacTavish, formerly Miss Myrtle Whitney of Whitneyville. Deceased had been ill for some time. She is survived by her husband and one little daughter, besides her father John Whitney, of Whitneyville, two brothers, Ernest and Russell, of Whitneyville. The funeral was held on Friday, interment in the Presbyterian Cemetery.

MR. ALLEN DAVIDSON

Mr. Allen Davidson, who had been ill for about seven weeks, passed away at his home in Upper Derby, on Wednesday the 12th. Deceased was 82 years of age. He is survived by three sons and three daughters—Allen and Jessie at home, Alexander of Upper Derby; Gordon of Newcastle, Mrs. Caleb McC Schofield of Blackville, and Mrs. Frank E. Bowron of Keegan, Maine. The funeral took place Friday afternoon. The pallbearers were Messrs Herbert Holt, Fleming Shaw, Francis Parks, Benj. Gerrish, Wm. O'Brien and Christopher O'Brien.

Interment took place in the Presbyterian cemetery in Derby. The Rev. Geo. A. Grant officiating. Deceased was a native of Upper Derby.

JOHN DORAN

An aged and respected resident of Derby, N. B., passed away in the person of John Doran on Saturday the 8th inst. The late Mr. Doran was born in Fredericton 85 years ago, and when a young man served in the American Civil War.

His wife predeceased him ten years ago. He leaves a brother, Thomas Doran and one sister, Mrs. Daniel Coney both of Fredericton. He is survived by twelve children. The funeral took place Monday afternoon at 2 o'clock. The interment was held on Sunday evening at 3:15 o'clock, which was largely attended by the public.

STOP that COUGH

Peps will end it. Dissolve Pepsin in your mouth when the cough is troublesome, and the medicinal vapor that is liberated is breathed to the remotest parts of the air passages and lungs. It soothes and heals the inflamed membranes, thus ending the irritation and stopping the cough.

Peps are equally good for bronchitis, sore throat and laryngitis. All dealers, 50c. box, or Peps Co., Toronto.

PEPS

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

A Dyspepsia Cure

M. D. advises: "Persons who suffer from severe indigestion and constipation can cure themselves by taking fifteen to thirty drops of Extract of Roots after each meal and at bedtime. This remedy is known as Mother Seigel's Carative Syrup in the drug trade." Get the genuine, 50c. and \$1.00 Bottles.

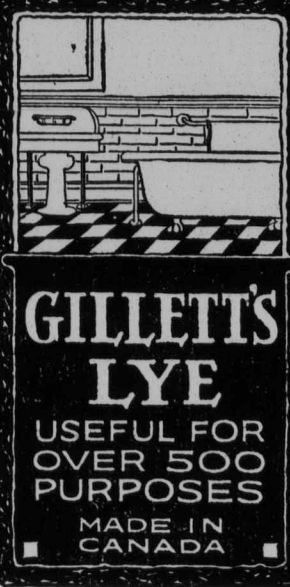

"You claim there are microbes in kisses?" she asked the young doctor. "There are," he said. "What disease do they bring?" she asked. "Palpitation of the heart."

Grand Rally of I.O.F. At Chatham

The Independent Order of Foresters held a Grand Rally and Concert at the Opera House, in Chatham, on Friday Eve, Nov. 7th, at 8 o'clock. The building was comfortably filled despite the fact that navigation on the river was entirely suspended, as a result of the freshet.

Newcastle, Loggville and Nelson were well represented. Hundreds of others, anxious to attend, from Douglastown, Ferryville and Mill Bank were prevented from doing so, because of lack of facilities for crossing the river. The following gentlemen who occupied seats on the platform were: W. B. Snowball, Hon. Robert Murray, Mr. Joseph H. O'Brien, Dr. B. A. Marven, Mr. Geo. A. Mitchell of Toronto, Major W. J. Duncan, E. J. Todd of St. John. Dr. Marven Past High Physician of the Order, acted as chairman and introduced the various artists and speakers of the evening. Mr. Chubb McLoon, Chatham's well known and popular tenor was well received and heartily encored. Miss Hazel Vanstone, the talented elocutionist, held the audience to rapt attention, and was also encored. Mr. John Elder of Mill Bank delighted the house with several selections, all of which were enthusiastically received. Harvey Lloyd of Toronto, Supreme Entertainer of the Order convulsed the audience with comic songs and stories. The Miramichi has seldom, if ever, witnessed the equal of Bro Lloyd as a comedian. Again and again, the audience insisted on an encore and would not be denied. The musical programme, was ably attended to by Miss Cora McLoon of Chatham and Miss Ruby Haviland of Ferryville.

The principal speaker of the evening Bro G. A. Mitchell, Assistant Supreme Chief Ranger, in an eloquent address, gave the history of the Order from its small beginning in 1871, until today when it occupies its enviable position as the most powerful and wealthy institution of its kind in existence. He feelingly alluded to the benevolent work of the Order in caring for the children of deceased members at the Orphanage the Order maintains at Oakville, Ontario, as a result of which no child of a Forester ever lacks a home. He drew attention to the grand work accomplished at the two Sanatoriums maintained by the Order for the benefit of its members who become afflicted with tuberculosis, and emphasized the vital necessity of checking this terrible disease in its incipient stages. He dealt on the imperative necessity of readjustment in rates effected by the I. O. F. in 1913. In order to put the Society on a sound actuarial basis, and pointed out, that despite the ravages of the "Flu" and the war, the Order emerged from the

GILLETT'S LYE

USEFUL FOR OVER 500 PURPOSES

MADE IN CANADA

year 1918 in a stronger financial position, than at any previous time in its history. That it is today according to Superintendent of Insurance at Ottawa, 101 per cent sound. At the close of his address, Mr. Mitchell introduced to the audience, the Organizer for Northern New Brunswick Joseph H. O'Brien and besought for him, the cooperation of the members of the Order, their friends and the people of Chatham, and vicinity. The address was listened to with closest attention throughout, and loudly applauded at its close.

Mr. W. B. Snowball on being introduced, gave his heartiest endorsement to the grand work the Order is doing, in a fraternal, benevolent, charitable and social way in Canada, the United States, and Great Britain. His enthusiastic applause, he called the attention of his hearers to the fact, that the Independent Order of Foresters has recently invested half a million dollars in the Victory Loan, and pointed out, that if the cleverest financiers, who have charge of the funds of such a great order, consider the Victory Loan a safe, profitable, and patriotic investment, the average man, or woman should not hesitate to plunge to the limit of their ability on it. He urged his hearers to the practice of thrift, by affiliating themselves with the I. O. F., or some similar institution. He advised the young ladies to take advantage of the opportunities the order offered, but above all, to see to it, that the man of their choice afforded them some such protection, before they finally, and favorably, looked upon his suit. Regarding the Victory Loan he pointed out that Northumberland Co. was far behind its objective. He asked the co-operation of all, that it be made the splendid success it deserves, and

Civil Employees May Punch Clock

Ottawa, Nov. 13—An order in Council has been issued asking the Public Works Department to investigate and find out the cost of installing time clocks in all the departments of the Civil Service. In most of the Government Departments it has been the custom to check the attendance of employees by having them sign the attendance book, but it is understood that if the cost of installation is not too great, they will in the future have to "punch" the clock on starting and finishing work.

Man The Most Hardy

An interesting comparison of the tenacity of life among men and animals has been made by John B. Burnham of New York, who says:

"The total death casualties of the war have been estimated by Sec'y of War Baker as 9,000,000 men. The total population of the world is I believe, something over a billion and a quarter souls, so that the world lost something like 7 per cent. of its population. But reproduction was going on all the time, and the world has more people today than when the war began.

"Audubon once estimated that a single flock of passenger pigeons which he saw contained more birds than the total population of the world, yet only a few decades later there were no passenger pigeons. The race had been annihilated.

The comparison is interesting, for it illustrates the fact that the human being is the most hardy game animal of all. The greatest war of history not only failed to annihilate, but also failed to stop man's increase. Also it must be observed that while humanity is increasing, game is decreasing.

"The ratio between man and the game he hunts is constantly assuming a more unfavorable percentage as regards the game. And the war itself, paradoxical though it may be, has in many places and over large areas accentuated the disparity.

"Almost everywhere except in North America the food shortage has caused appalling inroads on the game supply. In England, the honorary secretary of the English Game Guild tells me it will take at least twenty years to get game back to anything like normal abundance. The great increase in vermin, with the gamekeepers off at the war, is partly responsible for this. In Russia many of the finest preserves have been ruined, and game nowhere exists in its former supply. In France the work of destruction. The Mexican bandits in their mountain retreats have converted magnificent game sections into unproductive wastes.

"Carl Akeley says that the war has taken a toll of from half to two-thirds of American game in the section where there has been fighting. Much of this game, he says, was wantonly slaughtered by the Boers for rifle practice. Aside from the northern portion of North America, the picture is one of nearly universal gloom, but here, I am glad to say, conditions are much brighter.

"Both Canada and the United States have wonderful food supplies, and what is more important still in regard to their natural resources. In both nations the full meaning of the value of the conservation of wild life is at least recognized. This was never more clearly demonstrated than by the passage of the treaty for the protection of migratory birds which today unites the two countries in brotherly bond, and which was ratified by Canada during the darkest hours of the war.

"Neither country for a moment lost its good sense. In the face of the clamor for cheap food in the form of marketed game efficient protective laws were in no way relaxed. Both countries knew that if the demand were granted it would mean the annihilation of the game without any appreciable benefit, for the price of food would not have been lowered by any fraction of the medium of exchange.

"To-day both countries have more game than when the war began—game which is of far greater value from the standpoint of making, by the taking, men and soldiers self-reliant and healthy individuals than it can ever be for food alone."

called attention to the innumerable advantages that will accrue to the country as a whole, and the Miramichi, in particular, might the best prove a success. The meeting closed with the singing of the National Anthem.

You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

NR Today—Keeps the Doctor Away

To live and be healthy, your body mechanism must properly digest your food, extract all the nourishment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels. The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about.

Now if you are used to taking so-called laxative pills, all purges and the like, you know mighty well you've got to be taking them all the time. However, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm.

Stop dosing yourself with such things just long enough to give Nature's Remedy (NR Tablets) a trial, and let the results show the difference. NR Tablets are not mere bowel movers, their purpose is to correct the condition that

genuine, lasting benefit; to improve your digestion and assimilation, give you a good hearty appetite, regulate your liver and bowels, tone up kidney action and give your poison-clogged body a good cleaning out. Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action, no griping or pain ever follows its use; but it is thorough and sure. By its action on the digestive organs it promotes assimilation, in which the extraction of food from nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite. By toning, not stirring your lazy liver, NR sends bile into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous impurities out of and cleans up your body.

Try Nature's Remedy (NR Tablets) and just see how much better you feel in every way. Get a 25c box today and take one each night for a week. You'll say you never felt better in your life. NR is sold, guaranteed and recommended by your druggist.

DICKISON & TROY Newcastle, N. B.

Always the Same

"Beaver" Flour is as uniform in quality as a minted five dollar gold piece. Its proportions are as accurately fixed, and as scientifically determined. The wheats used in milling "Beaver" Flour are analyzed—and the percentages of gluten, starch etc. are found by chemical tests.

We know—

from years and years of experience—just how much western spring wheat to add to the choicest Ontario winter wheat—to obtain the desired strength.

BEAVER FLOUR

Equally good for Bread and Pastry. Milled of Blended Wheat.

This is why "Beaver" Flour always gives good results—why it requires less shortening—why everything you make with it has a flavour that you cannot get with western spring wheat flour. Try "Beaver" Flour yourself for both Pastry and Bread—you'll find it equally good for either, and best for both. Remember, to insist on having "Beaver" Flour—the original blended wheat flour.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Wheat Not To be Commandeered

Winnipeg, Nov. 11—In an interview today Sir George Foster indicated that the rumor that wheat was to be commandeered, which has distributed some of the grain interests, was absolutely groundless. Sir George expressed himself as perfectly satisfied with the work of the wheat board in marketing Canadian wheat, and spoke optimistically of the result of the pooling arrangement which had been decided upon. He reiterated that the policy of the Government was not a permanent one.

Students Trap Firebug At St. Xavier College

Students Trap Firebug.
Sydney, Nov. 11—The S. F. X. College firebug was caught redhanded at the college yesterday. He is a young student belonging to Cape Breton. He was led into a trap by two other boys who pretended to act as his accomplices in another attempt to burn the college down. He was caught in the basement getting ready to set another fire last night. The boy, who is now in jail, has confessed to setting fire on September 25th which damaged one of the college buildings but was discovered in time to prevent the building being destroyed. He also stated that he intended to use dynamite as well as fire this time. When pressed for his motive for setting fire to the college the boy said he wanted to get home.

VENDORS MAY BUY FROM ANY LEGAL WHOLESALE HOUSE

Fredericton, N. B., Nov. 12—"The government will not seek to restrict licensed vendors from purchasing liquor from any source where they can legally do so," declared Premier Foster in an official statement this morning. He announced that the government had refused to accept the proposal that retail vendors in New Brunswick should be confined to making their purchases from the wholesalers at St. John.

Latest Type Of Tourist Cars

One of the Features in Canadian National Railways' Daily Service
Toronto-Winnipeg-Vancouver

The Canadian National daily transcontinental train, Toronto-Winnipeg-Vancouver made its initial trip from Toronto, with one of the very latest type of steel tourist cars as part of its equipment, the first of an order of twenty such cars in whose construction every point has been considered for the safety and comfort of passengers. This modern type of tourist car, with antitelescopic device in of similar design to the standard sleeping coach, the exception being they are upholstered in leather instead of plush.

Electrically lighted throughout, all berths, upper and lower, are provided with berth lamps. A new feature for this class of car is that lamps have been installed under the seats in the aisles of the car, so that when the ceiling lamps are turned out for the night light may be provided under berth curtains, a great convenience for passengers when going through the car.

Phosphorous push buttons can be readily seen in the dark, should the passenger require to switch on the light or ring the bell, when the berth is in darkness.

A safety feature introduced is a device for holding down the upper berth which precludes any possibility of the upper berth closing when in use. Separate berth curtains are provided so that passengers in the upper berths will not disturb passengers in the lower.

The kitchen has the latest steel range facilities for washing dishes, and lockers enable passengers to store their food. Lavatories have received special attention, and provide greater conveniences than the older type. An electric thermostat heating control can be so adjusted as to regulate the temperature of the car, thus preventing overheating.

Thus with the introduction of the daily service of the Canadian National lines between Toronto-Winnipeg-Vancouver, is the added convenience of the second-class passengers who can enjoy a transcontinental trip in every comfort at minimum expense.

ATLANTIC FLIGHT!
Wonderful example of the value of OXO.

Captain Sir J. ALCOCK writes:—
"You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight; it sustained us wonderfully during our 16 hours journey."
"We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that hot OXO is most acceptable under such cold and arduous conditions. OXO was the only article of its kind which we carried."
J. ALCOCK, Capt., D.S.C.

HORSE AILMENTS

Manufactured only by DOUGLAS & CO., NAPANEE, Ont.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with liners

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful!

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France.
To Mrs. R. D. BAMBRICK:
The Rectory, Yarmouth, N.S.
Dear Mother:—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.
Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.
Your affectionate son, Ros.
Manufactured by the Minard's Liniment Co. Ltd., Yarmouth, N.S.

Germany Built 710 U-Boats During War

Berlin, Nov. 11.—(By the Associated Press)—Vice-Admiral Eduard von Capelle, former minister of the navy, was bombarded with questions today as to why more submarines were not built so as to have made the submarine campaign successful.

Hecklers at the national assembly sub-committee's investigation into the war, have failed to get such information as to why the submarine campaign was not avoided, changed their tactics to questioning the former minister of the navy on submarine construction. The admiral tried to prove why submarine construction was retarded in 1916, and why it jumped enormously in 1917 and 1918.

A summary of his contribution to U-boat construction was read by von Capelle at the start of the session. "Eight hundred and ten submarines were built before and during the war," said the former minister of the navy. "Of these forty-five were constructed before the war, 136 were built during the administration of Admiral von Tirpitz and 579 were built by me in the two and a half years I was in office."
"I took office in April 1916, and in the nine months remaining in that year I ordered built ninety U-boats; in 1917 I ordered 269 and in the nine months I was in office in 1918, I ordered 220."

It was here his questioning began. "Why was there such a discrepancy between 1916 and the two following years?" demanded Herr Gothein.

Von Capelle replied sharply: "There are a number of reasons why so small a number were ordered in 1916. First, the Reichstag took an overwhelming stand against the submarines and I could not start to build, because I saw myself in opposition to the government. Second, I had been out of the naval service and was unaware of the technical improvements in U-boat building and had to give intimate study to the subject, and third, the Skagerrak battle caused serious damage to our boats. Their repair held up the construction of other boats."

Germany had decided to live up to international law and not sink merchantmen without warning, continued von Capelle, but he said he thought that in the fall of 1915 the admiralty had issued a second order to attack British ships because Great Britain, "poisoned against us," had made the work of U-boats very difficult by mines which covered the entire North Sea. There was a demand for mine searchers, torpedo boats and motor boats, which further reduced U-boat construction, he added.

Admiral von Capelle asserted he had been approached three times with regard to submarine construction by von Bethmann-Hollweg, the first time when Herr Struve (a member of the Reichstag) had presented to the chancellor a memorandum urging increased U-boat construction which had been signed by George Gothein, another Reichstag member. The second time, when in 1917 the chancellor wrote, saying U-boat construction, showing von Capelle said the chancellor counted on a long war, and third, when von Bethmann-Hollweg telegraphed that Deputy Fischback had expressed doubts whether Germany had enough U-boats, whereupon von Capelle said he visited the chancellor and assured him that everything was going well.

Herr Struve wrote to General von Ludendorff urging more U-boats, von Capelle added. Ludendorff replied in this matter that there was unanimity on this opinion in upper army circles, in the admiralty and among the general staff.

Herr Sinshelmer attempted to elicit the exact purpose of the submarine campaign against Great Britain, whether it was the intention to crush Britain or merely to compel her to agree to a usable peace."
Von Capelle replied: "We believe we could force England to a 'usable peace' within five months."

"Was the submarine war planned to make feeding of England impossible and therefore, make impossible the reaching by England of her goal?" asked Herr David.

"There was no hope in the navy that food or ammunition could be kept from England," replied von Capelle, sarcastically. "We should have been more suspicious of England."

"Herr David asked where the expression 'force England to her knees' originated and what it meant. Von Capelle made an evasive reply, saying:

"The expression can be interpreted in several ways. I interpreted it to mean making England pliable and war tired."

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back."

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since."

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

JOHN E. GUILDERSON, Contractor and Mason. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

The Fall Weather Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A New Use For The Aeroplane

The Department of Agriculture at Ottawa has discovered a new use for the aeroplane. The Entomological Branch is investigating the mosquito in the Lower Fraser Valley in British Columbia. By using the aeroplane, the country can be surveyed in order to map out the swampy areas and other breeding places that are readily located in photographs taken from over head, according to a statement by Dr. C. Gordon Hewitt, Dominion Entomologist, that appears in the October Agricultural Gazette. The aeroplane was used in making a comprehensive survey of the complicated water system of the Fraser River and the adjacent bodies of permanent and temporary water in that district. A flight reported by Dr. Hewitt has demonstrated the possibility of using this machine also for making surveys of timber that is being killed or has already been destroyed by various insects. Its use, it is believed, will help very greatly in the entomological work with various insects being carried on by the Federal Department of Agriculture.

Memorial for Every Mother who Lost A Son

(Canadian Press)
Victoria, B. C., Oct. 29.—Major General Newburn, Minister of Militia, speaking at a re-union of the 16th Battalion members here last night, announced that a silver cross hung with a purple ribbon would be given to every mother who had lost a boy at the front. Eight war memorials are to be erected to the memory of the Canadians who fell overseas. One of them would take the form of a Hall of Records, while the others would be memorials commemorating the fallen.

To retain the markets for Canada's surplus products the Victory Loan 1919 must be an overwhelming success. Now that the war is won, win the peace by buying Victory Bonds.

The Oldest Wholesale Drug House In Maritime Provinces

The Canadian Drug Company, Ltd., are the oldest established wholesale druggists, to-day, in the Maritime Provinces. They are starting an extensive advertising campaign in all parts of New Brunswick, Nova Scotia and Prince Edward Island, on the famous Hawker's Remedies, Liver Pills, Hawker's Nerve and Stomach Tonic, Hawker's Dyspepsia Cure, and Dr. Menning's Remedy. All these are guaranteed by this old and reliable firm, and are the finest remedies on the market.

They also own and manufacture Sharp's Balsam of Horehound and Aniseed, the oldest Cough and Cold Remedy in these provinces; Higgins' British Liniment, a pure white Liniment and one of the very best; and Dr. Briggs' Blackberry Syrup, the greatest cure for dysentery and diarrhoea ever introduced.

They also manufacture and sell the purest line of essences, known all over as "Evangeline Essences," Their Syrups and Lime Juice and Jamaica Ginger, which are bottled in their well-known establishment, have no equal for purity and quality. Besides these lines they carry the most complete line of Patent Medicines, Drugs and Druggists' Sundries of any wholesale drug house in Eastern Canada. On their Shelves will be found all the latest styles and packages of Perfumes, Soaps, Sachets and Talcums, such as DjerKiss, Mary Garden, Roger and Gallets, L. T. Pivers, Seeley's, Taylor's, and all the renowned makers of these better class of goods. Besides their City Traveller, they have Byron D. Lingley and Frank D. Truman travelling Nova Scotia. Charles M. Johnston and Wm. J. Steele look after the company's interests in New Brunswick. Special attention is given to all mail orders, and quotations are cheerfully forwarded.

The Company are the Government appointees as Wholesale Vendors under the Prohibition Act.

Farmers to Have Organ in N. B.

Toronto, Nov. 14.—It is said that a movement is on foot by the farmers to start a paper in New Brunswick and to co-operate the new paper with The Farmers Sun of Ontario and The Grain Growers Guide of the west. The idea is said to be to link up the three newspaper organs of the farmers of the Dominion for advertising purposes while each paper will maintain an editorial independence. In connection with the scheme, it is said the Farmers' Sun and the New Brunswick paper will be modelled on The Grain Growers' Guide and published in magazine form.

Applied After Shaving

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.

Dr. Chase's Ointment

IN MEMORIAM

In loving memory of Mrs. Sidney Parks (formerly Miss Mae Tozer of Sunny Corner) who passed away on Nov. 1st 1919.

Dearest girlie, gone forever,
Leaving loved ones sad and lone.
Sleeping over in your grave yard,
Just across from your old home,
In the cold, cold earth they've laid you,
Out of sight, not out of mind,
One Gold link went with you girlie,
Leaving broken links behind,
Often times we stood together,

Watched a funeral wend its way
To the church yard, little thinking
You would sleep so soon there Mae
"All Saints Day" how sad and Holy
Seemed the quiet morning air
When you glided up to Heaven
Joining hands with loved ones there
Gone? yes gone, no more we'll meet
you,

See you coming up the hill,
No more laughs and talk's together,
Your kind voice is ever stilled
Never will dear ones forget you
Never will the friends you made
Let the foot-steps you have printed
On the sands of memory fade,
No more earthly cares and sorrows,
No more strife and no-mors pain,
But we're lonely, Oh! so lonely,
Naught can mend the broken chain

Sister Hazel

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It
May be Passed in Safety
and Comfort.

Fremont, O.—"I was passing through
the critical period of life, being forty-
six years of age and
had all the symp-
toms incident to that
change—heat flashes,
nervousness, and
was in a general run
down condition, so
it was hard for me
to do my work.
Lydia E. Pinkham's
Vegetable Compound
was recommended to me as
the best remedy for my
troubles, which it
surely proved to be. I feel better and
stronger in every way since taking it,
and the annoying symptoms have disap-
peared."—Mrs. M. GODDEN, 925 Na-
poleon St., Fremont, Ohio.

Such annoying symptoms as heat
flashes, nervousness, backache, head-
ache, irritability and "the blues," may
be speedily overcome and the system
restored to normal conditions by this
famous root and herb remedy Lydia E.
Pinkham's Vegetable Compound.
If any complications present them-
selves write the Pinkham Medicine Co.,
Lynn, Mass., for suggestions how to
overcome them. The result of forty
years experience is at your service and
your letter held in strict confidence.

Publicity Department For N.B. Telephone Co. Ltd.

St. John, N. B., Nov. 13—Capt. J. D. Black, one of the best known newspapermen in the Maritime Provinces, has been chosen by the Managing Board of the New Brunswick Telephone Company Limited to undertake the organization of a Publicity Department, which the expanding activities of the company has made necessary.

Through the medium of its Publicity Department, the New Brunswick Telephone Company expect to be able to keep even more closely in touch with the users of the upwards of 23,000 of their telephones that are now in operation to improve the relations between the organization, its hundreds of employees and the public. "Keeping abreast of the times" is the phrase which best explains the necessity for an organization of such magnitude as the New Brunswick Telephone Company having this new Department and its formation indicates the progressive policy which the reconstruction period finds the Company putting into operation. Not only will the Publicity Department be an important factor in promoting the after-the-war development, but it is also expected to be the means of giving the public a better comprehension of the problems and difficulties which have to be met and overcome.

For more than fifteen years "Doug" Black has been on the News Staff of the Gleaner in Fredericton and during that time he has had a varied experience in all branches of the Editorial Department of newspaper work. He has also been correspondent at the Capital for a number of Canadian and American newspapers and was for several years Official Reporter of the New Brunswick Legislature.

He has taken an active part in Sporting activities at Fredericton. He was the executive head of the original Fredericton Baseball Club, which was formed in 1911; and organized the famous "Pets" who won three successive championships of the New Brunswick & Maine League. He was Manager of the Fredericton Trotting Park for several years, having organized the Maritime Racing Circuit when it had one of its most successful periods in 1919; and he was a member of the Executive which brought the Capitals to Fredericton in 1908, when the city yearned for a Hockey Championship.

When the McLean Highlanders were organized by Lieut. Colonel Percy A. Guthrie in 1916, Captain Black was appointed Quartermaster of that unit and he was in charge of the extensive publicity work carried on in connection with their recruiting campaign, both in Canada and the New England States, which resulted in the Kilties becoming one of the most widely known Units organized in the East. Since his return to Canada from Overseas and his discharge from the C.E.F. early this year he has been occupying his former position in charge of the News Department of the Gleaner. During the next few days he will enter upon his new duties and will make his headquarters at the executive Offices of the New Brunswick Telephone Company, Limited, Prince William Street, St. John. His family will probably not remove from Fredericton to St. John before Spring.

Weekly Agricultural Report

There are still some turnips to harvest in various parts of the Province, although the greater portion of the crop is harvested. The crop on the whole is reported to be somewhat below the average.

Potatoes are moving on the market quite freely. The market has quite a firm tone, prices ranging from \$3.00 to \$3.25 per barrel.

Cattle are reported as going into winter quarters in fair condition. The demand for milk cows is good. Prices range from \$50.00 to \$100.00 for grade cows. Milk production has fallen off very rapidly, as is always the case this time of year when changing from pasture to barn feeding. Butter prices are firm, creamery butter retailing for 67c per pound in Moncton.

Twelve car-loads of lambs have been shipped cooperatively to the Montreal market by farmers in the eastern part of the province. Six cars from the Port Elgin district netted farmers 10 1/2c per pound, live weight for lambs.

In 1643 the English Parliament passed an act forbidding women to read the New Testament in English.

SUPREME COURT JUDGE

CONSIDERS
**HAWKER'S
TOLU AND CHERRY
BALSAM**
the best cough cure he has ever used. Read his letter to us:

Makers of Eddy's famous Match and
Toilet Paper.

THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross"
are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all.
Insist on genuine "Bayer Tablets of Aspirin" plainly stamped with the safety "Bayer Cross"—Aspirin prescribed by physicians for nineteen years and proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Neuritis, and Pain generally. Handy tin boxes of 12 tablets—also larger "Bayer" packages. Made in Canada.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Eminent Painters Design Our Boxes

WHY? Because we believe their appearance should reflect the quality of their contents. And their contents are a triumph of the confectioner's art.

After a design is perfected, no detail is neglected to make the box an artistic triumph.

The shaping of the corners, the colour and tie of the ribbon, everything is made to harmonize.

As a result, the Gift of a Box of Neilson's is always a joy to the eye and to the palate.

Buy to-night—a Box of Neilson's Chocolats des Aristocrates.

ANNUAL MEETING.

The annual meeting of agricultural Society No. 122 Newcastle and North Esk will be held in the Town Hall, Newcastle on Friday Nov. 21st at 2.30 p. m. All members are requested to be present. Members not holding this year's membership card are requested to send the annual fee to the Secretary before the day of the meeting.

Catarhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug- F. J. CHENEY & CO., Toledo, O., dists., 75c.

GRAND DRAWING.

As a means to provide money for the purchase of new instruments the members of the Newcastle Band, are holding a Grand Drawing of a \$350.00 Brunswick Phonograph. It has not been decided just when or where the drawing will take place, but announcement regarding this will be made later. The tickets for the above drawing are in the hands of the members of the Band, and are being sold for 50 cents each. This is a good opportunity for the lucky one to secure an up to date first class phonograph, and by purchasing a ticket will also be giving material assistance to the band members who are desirous of obtaining the instruments, as soon as possible. If that gentleman may be held in suspense, and there are some in a position to furnish good music next spring.

NORTH SHORE TUXIS CONFERENCE CLOSES

All of the eighty delegates to the Tuxis Boy's conference sat down to a banquet on Saturday evening. The "Top Notch" ribbon for stunts was awarded to the Champion's Square. The following were elected to the boys' parliament: Vernon Holyoke, Bathurst; and Edwin A. Stuart, of Newcastle, with substitutes, Eldred Mowatt, Campbellton, and Jack McKay, Newcastle. Rev. Dr. King gave the closing address to parents in the Baptist church on Sunday. He spoke of the need of teaching the child rather than teaching lessons and said the teacher's disposition was more important than her class of license because of the tendency of children to imitate those they are in contact with. He divided the periods of a child's life into the period of activity up to ten years, and the period of independence and self-assertion during the teen age, suggesting the different guidance for both. He touched also on the problems of education and religious instruction of children. At the same hour, Rev. W. C. Machum spoke to girls in the Methodist church, and A. M. Gregg to boys in St. James' Hall.

The evening meeting was held in the St. James' Hall. The addresses were given by Rev. Dr. Machum, Edwin A. Stuart and A. M. Gregg. Mr. Machum's work near the Tuxis Mowatt presented the deputy grand praeior's report. A Tuxis square was organized in the Newcastle Methodist church, with the following officers: Praeior, Earle S. Ritchie; deputy praeior, Gordon Petrie, and scribe, Edwin A. Stuart.

WEDDINGS

WELDON—LEBRETON

At St. Andrew's Church, Newcastle on Nov. 10th, by Rev. W. J. Bate, Ernest, Alfred Weldon, son of Mr. and Mrs. Alfred Weldon of Chatham, N. B. was united in marriage to Mary Dolly LeBreton, daughter of Mr. and Mrs. Alex. LeBreton of Loggieville.

CASS—FITZSIMMONS

A pretty wedding took place at 3.30 last Wednesday afternoon in St. Dunstan's church, Fredericton when Rev. Father Carroll united in marriage Wilhelmina Fitzsimmons formerly of Northumberland Co. and James S. Cass of St. Stephen. The bride who was unattended wore a travelling suit of navy all wool poplin with grey beaver hat, and grey boots, and carried a bouquet of bride's roses and white carnations. The groom is one of three brothers who saw much service overseas having gone over with the 104 battalion, and was twice wounded.

The happy couple left on the ten to six train and after a short honeymoon will reside on Down's St. Calais Maine where the groom is a well known baker.

REYNOLDS—BARRY

A wedding of much interest took place at St. Mary's church, Newcastle, on Wednesday at 2 o'clock, November 13th when Rev. Father Dixon, united in marriage Mrs. May Barry, daughter of Mrs. Catherine Mahoney of Bartibogue Bridge, to James G. Reynolds, son of the late Mr. and Mrs. J. Reynolds of Newcastle. The bride was attended by her cousin, Miss Kelly, the groom was supported by his cousin, Michael O'Brien. There were many presents received, among them being cut glass, silver and linen.

The groom has just recently returned from overseas, after serving four years in France. A host of friends join in wishing them a long and happy wedded life. Mr. and Mrs. Reynolds will reside in Newcastle.

FEED

20 Tons Corn Meal and Cracked Corn at the Radio Flour Mill today. Buy quick.

N. B. TEMPERANCE ALLIANCE MEETING

The annual meeting of the N. B. Temperance Alliance meets today in the vestry of the Brunswick street Baptist Church in Fredericton.

WILL ISSUE BEAVER LICENSES

Col. T. G. Loggie, Deputy Minister of Lands and Mines has stated that arrangements had been made whereby a limited number of licenses to trap beaver will be issued. No licensee can trap more than five animals in person. Four dollars per tag is the price to be charged. As beaver pelts are up in price at the present time, the charge is moderate.

MILLERTON HOSPITAL AID AUXILIARY.

The Millerton Hospital Aid Auxiliary met at the home of Mrs. J. D. Lyon 10th Wednesday evening, October 12th.

The Secretary reported the following articles having been sent to the Miramichi Hospital, Newcastle. 19 sheets, 12 draw-sheets, 2 pillow-cases, 1 table-cloth, also 13 pot-holders, 5 bed-pan covers, 9 hot-water bottle covers, 1 flannelette duster.

The auxiliary will meet at the home of Mrs. Lambert Plett on 10th December.
