REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council of the Town of Newcastle was held in the Town office on Thursday, Nov. 15th 1923 at 8 o'clock p.m.

Present—Mayor Cregahan, Ald. Atkinson, Crocker, Dalton, MacKay Dickison and Russell.

The Finance Committee recommended payment of the following acts which were passed and ordered paid: Kevisors—\$60.00

A. A. Davidson—\$105.00

The Chairman of the Finance Com. reported that total collections for the month of October showed a slight increase over those for the same month last year, the payments on taxes being somewhat greater but those for light and water less. The Light and Water Com. recommended payment of the following accounts:

Canadian Brass Co. Ltd.—\$43.87

I. C. Coal Mining Co Ltd—203.78

Wm. M. Sullivan Ltd.—10.00

W. S. Anderson Co.—3.65

J. W. Maloney—4.50

Can. Gen. Electric Co.—444.93

The bills of the Maritime Produce Co. \$16.80 from the Public Works Com. and J. D. Cregahan Co. Ltd. \$42.50 from the Police Com. were passed and ordered paid.

Pursuant to notice, it was moved by Ald. Russell, seconded by Ald. Dickison and carried.

"That the street traffic bye-law be amended by striking out the word "right" in every section where it appears and substituting therefor the word "left" and by striking out the word "left" in every section where it now appears and substituting therefor the word "right" and by adding to section 29 the following words: "nor within ten feet of any hydrant." The question of street improvement was discussed and it was the general belief that a policy should be adopted by the Council, providing for permanent improvement of the town streets beginning in 1924.

On motion the meeting adjourned

ANTI-UNION MEETING THURSDAY EVENING

There is always two sides to every question and the one of "Church Union" is no exception. Last week, Dr. Endicott and Dr. Gordon, both enthusiastic unionists, were in Chatham and held a meeting there in support of the consummation of the three churches.—Methodist, Presbyterian and Congregational. It is now the turn of the "anti-unionists" to have their say, and on Thursday of this week 22nd inst., Dr. George Duncan of Montreal and Judge Crocket of the Supreme Court will hold a meeting in St. James Hall at 8 o'clock in the evening.

Both gentlemen are of outstanding ability and are admirably qualified to discuss the "Church Union" question. Dr. Duncan is one of the ablest and best known ministers of the Presbyterian Church in Canada, and when this question was first mooted he considered it with an open mind. After careful study and consideration he decided to take the side of the oppositionists and will no doubt explain to the audience on Thursday night why he opposes organic union. Judge Crocket of the Supreme Court is a gentleman held in high esteem throughout Canada and is particularly well known in this section of the province. He is an outstanding figure in the legal profession and is thoroughly familiar with the legal aspect of the "Church Union Enabling Bill" which the Unionists propose introducing before the Federal and Provincial Parliaments. Judge Crocket will deal with this phase of the question and it will be interesting to hear what he thinks of it. The meeting will be a public one and all Presbyterians, whether "For" or "Against" Church Union are cordially requested to attend the meeting on Thursday evening in order that they may have the opportunity of hearing the case of those desirous of "preserving and continuing" the Presbyterian Church in Canada presented so that they in turn will be in a better position to determine in their own minds which they will consider the better for the furtherance of God's work in the future.

and the members of the St. John Legislature supporting the Government.

A limited number of tickets will be placed upon sale, complete announcements regarding all of which will appear in the press within a few days.

MIRAMICHI HOSPITAL REMEMBERED

During the past two weeks, the Miramichi Hospital has been kindly remembered, by large donations of beautiful preserves; jellies, canned goods and farm produce, by several of the auxiliaries out in the country districts, as well as by Loggieville auxiliary.

These donations have been given without any solicitation whatever, and it is a matter of much pride to the members of the Hospital Aid to know that the auxiliaries they have organized throughout the county, are rendering such valuable assistance to them, sometimes (as in these cases) unasked.

Below is a list of donations received during the past two weeks at the Hospital.

LOGGIEVILLE

114 bottles preserves, Jellies and Pickles; 62 cans Pineapple, Peas and Soups; 12 jars extract of Beef; 3 jars Marmalade; 1 jar Honey; also beets and carrots.

MCKINLEYVILLE AUX.

19 bottles Preserve and Pickles.

WHITNEYVILLE AUX.

16 Bottles Preserves and Pickles; 4½ lbs. butter; 6 dozen eggs; 4 barrels potatoes; 1 barrel turnips also carrots, beets, cabbage and apples.

MILLERTON AUXILIARY

12 bottles Preserves and Chow; 1 basket apples; 1 basket potatoes.

Anti-Church Unionists Advertise

That the press is the one logical medium to tell its story to the people, is the final decision arrived at by the Presbyterian Church Association, which is opposed to organic union of the Methodist, Congregational and Presbyterian churches. In consequence they are advertising in the press, claiming that they have a real story to tell and one that should be read and considered by all members and adherents of their church.

The Association looks upon the subject as one that concerns not only the Presbyterian, Methodist and Congregational churches, but one in which every church is concerned, as civil as well as religious rights are at stake. Regardless of the issue—it is certainly a fearless method, and one that must carry the conviction that they do not fear a full consideration of their objections to church union, as it is now advocated. They are fully determined to have their side of the question presented to the public

FEDERAL GOV'T TAKES WHARVES

The Dominion Government has taken over 32 wharves in the province after a lengthy period of negotiations. Premier Veniot has been successful in having the transfer effected, the matter being first taken up with Ottawa by the Provincial Government five years ago. In the act passed on April 15th, 1919 the wharves in Northumberland County mentioned to be taken over were: Bridgetown, Mullins, Douglastown, Strathadam but only two, namely, Mullins' and Douglastown wharves have been included in the transfer.

Kent Liberals Choose Leader

At a largely attended convention of the friends of the local administration held at the Imperial Theatre, Campbellton, Thursday afternoon Messrs Arthur T. LeBlanc, and Henry J. Currie were chosen as the standard bearers of the party to contest Kestigouche at the provincial elections which will probably be held during the fall of 1924. Delegates were present from every parish of the county.

Mr. Harry McEvoy was chosen chairman of the convention and briefly explained the object of calling it at this date. Only accredited delegates were allowed to remain in the meeting.

The business of nominating candidates was then proceeded with.

Messrs. A. T. LeBlanc, H. J. Arseneau, Upper Charlo and Jos. Duncan of Campbellton were duly placed in nomination.

The four candidates then pledged to abide by the decision of the meeting, and to work for the election of the candidates chosen.

The ballot stood as follows:—

A. T. LeBlanc	54
H. J. Currie	34
Joseph Duran	23
A. S. Arseneau	3

On motion the choice of the meeting was made unanimous.

The four men named made short fighting speeches.

Premier King To Sail For Home Nov. 24

(Special cable to the Canadian Press by George Hambleton, Staff Correspondent.)

London, Nov. 14—Premier Mackenzie King has changed his sailing plans and is leaving by the Montclare from Liverpool on November 24. The Montclare is bound for St. John, N.B. but will probably put into Halifax to permit Premier King to disembark there. If so the Premier will probably make his first speech after his return to Canada in the Halifax by-election campaign.

LORD ROTH-MERE PRESS

Daily Circulation Over 11,500, 000 Beaverbrook's is 1,800,000 Votes Cast, 14,181, 431

The aggregate circulation of the principal daily and weekly papers controlled by Lord Rothermere prior to the recent deal with Hulton was 7,766,000 according to the new sale certificates of January, 1923. By the merger he adds 3,785,000 to this number; so his present net sales exceed 11,500,000. The price at which he bought the Hulton papers was £6,000,000, which works out at under £2 per reader. Beaverbrook's control of the Evening Standard and the Pall Mall Gazette gives him an aggregate net sale in London of 1,800,000. Between them these two "benefactors" of mankind are in a position to influence the minds of 12,000,000 people every week. The total votes cast at the last general election was 14,181,431.

Weldon Tozer and Bert Mullin have returned from Maine where they have been for the past three months.

Mrs. John Machett of Newcastle spent the 29th and 30th with Mrs. Sophia Nolan.

Mrs. Adam Hill and daughter Mrs. Henry Leach were visitors in Sunny Corner the former part of last week.

One day last week Mr. John Porter while working on Mr. Chas Hubbard's barn had the misfortune to fall from the scaffold spraining his ankle quite badly.

Mr. and Mrs. Alfred Leach are rejoicing over the arrival of a baby girl at their home.

TAKE IT FROM ME

Sit still, don't move around. Nervousness is contagious.

No one thing in life makes a greater coward of a man than debts.

Plan ahead. Know to-day what you are going to do to-morrow—and do it.

"Never explain. Your friends don't require it, and your enemies won't believe you anyway."

Simply because a fellow listens to your troubles is no indication that he is interested in them.

There are more real opportunities to-day than there are real men. P.S. Do you get that?

Do what you have to do and do it now. Spell "now" backwards and you have the answer.

The most detestable cuss around a place of business is the confidential speakeasy scandal-buzzer.

A number of business colleges are advertising they teach the "touch system." I have met a number of their graduates.

"Go to a friend for advice, a stranger for charity and a relative for nothing" is a little piece of advice an "old timer" gave me years ago.

Many a man uses up so much of a company's time in thinking he is entitled to an increase in salary that he doesn't have time left to earn what he is getting.

No employee has ever become so valuable to an organization but that there is a better man to take his place. P.S. It might be a good idea for you to read that one over again.

EXTENSION OF ANNUAL PASSES TO RY. EMPLOYEES

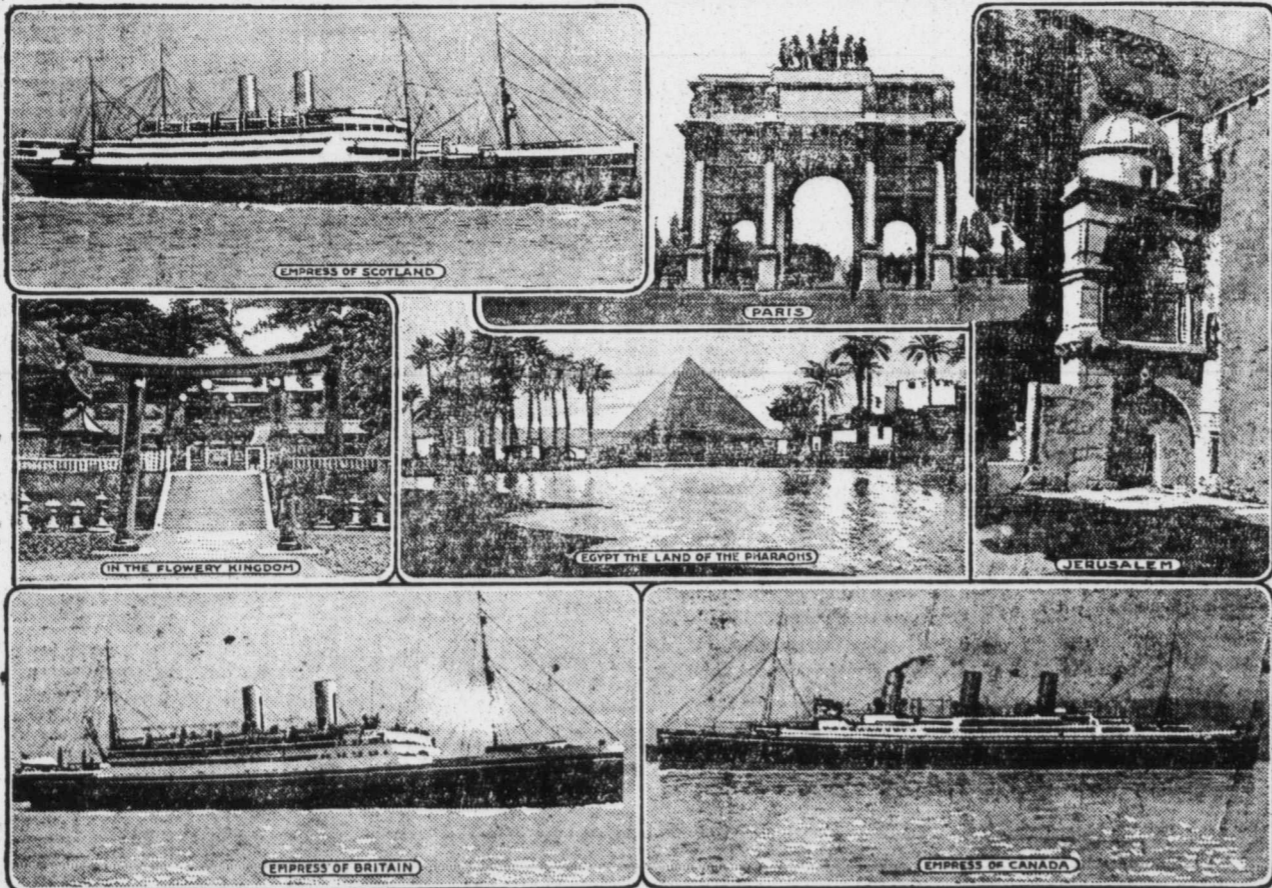

Notices have been posted in the C.N.R. offices to the effect that in future employees of twenty years service will be granted annual passes over the National Railways system, and that annual passes extending over the region will be granted to employees of ten years service. The concession affects employees who have not hitherto enjoyed that privilege and is also extended to the wives of employees concerned. This brings the C.N.R. system in line, in this respect with the roads in the United States. It is stated that the granting of passes in this manner will do away with a considerable number of clerks who have been chiefly engaged in checking up of passes.

AN ABSURD TAX

An exchange says: The Dominion Government has decided that a tax of two and a quarter per cent must be paid on insulin though there is no profit made on its sale, and it is being given away to the poor free. It is an absurd tax to levy; for the reasons just given there should be no tax on it, but further it should be remembered that it is not a cheap medicine to use, and that its use must be continuous, which means a serious burden to those who have to purchase it.

We suppose the next tax the Dominion Government will impose will be one on coal or the clothing or the food which is given to the poor in their necessity. Why not? These are just as necessary to keep people in fair health and alive as insulin is. We have heard of taxing people out of existence; this seems an example of it. We trust Premier Ferguson will be successful in his protest against it.

Following in Magellan's Footsteps

Higher civilization has not killed the Spirit of Adventure. It may even be, that people now-a-days are affected more by Wanderlust than they ever were, and enhanced facilities for travel with a greater degree of safety have stimulated, and not a little, the desire to see other than their immediate environs. In the old days when Columbus, Vespucci, Balboa, De Soto and Drake, Cartier and Champlain, and other bold mariners sailed into the unknown and its perils on the seven Seas, much courage was needed but today the World is every-man's oyster, nor does it have to be opened with a sword. With a little time and comparatively little money, one can see the places where history was made, far off countries and strange people, and live the while, in comfort.

Four hundred years ago, the first vessel to sail round the world lifted anchor at Seville, and after three years of adventurous hardship, returned to her Spanish port. Only thirty-one of the two hundred and seventy who set out came back, and only the Victoria out of the original Armada of five sailing ships. The spirit of these seafarers is illustrated by the vow of Fernando Magellan their commander, as he set out from Tierra del Fuego across the Great South Sea, that he would push on if he had to eat the leather of the riggin'. Magellan himself was killed in the Philippines, but as he had already reached that longitude on a previous voyage eastward from Spain, he is rightly credited with being the first to circumnavigate the globe.

Sixty years after the Victoria set out from Seville, Francis Drake with a fleet of five sailing ships and 164 men sailed from Plymouth in The Golden Hind, and after a voyage round the world of almost three years, returned with a rich load of silver and gold, silk, pearls and precious stones, to replenish the coffers of Queen Elizabeth. The Golden Hind was the only vessel of the five to complete the voyage and it became the favourite resort of tourists on the Thames in the days of Shakespeare.

The Golden Hind, originally named The Pelican, was a ship of 120 tons, whereas the Empress of Canada, which sets out on a Round the World Cruise from New York on January 30th, 1924, registers no less than 21,500 tons. Instead of three years of privation and hardship, the voyage will occupy four months of luxurious comfort. The route will be shorter, as instead of rounding the Cape of Good Hope the route taken is through the Suez Canal, and instead of traversing the stormy Straits of Magellan, the American continent is finally crossed on the excellent road-bed of the Canadian Pacific Railway. But many of the points touched by Sir Francis Drake and Magellan will be visited by the Empress of Canada, for instance, Batavia, Sourabaya and the traverse of the Celebes Sea to the Philippines. The circumnavigators on the Empress of Canada will return laden with the rich experiences and mental treasures gathered from visions of eighteen different countries, and contact with the costumes, crafts and civilizations of fifty different races.

Encouraged by successes of former years, the Canadian Pacific has arranged for four cruisers in addition to the Round the World voyage of the Empress of Canada. The Empress of Scotland will visit the cradle of civilization in a trip Round the Mediterranean, sailing from New York on January 14th. The superb Empress of Britain will make two cruises Round the West Indies, leaving New York on January 22nd and February 23rd, and, before setting off round the world, the Empress of Canada will travel Round America, sailing from Vancouver on January 4th, visiting the Pacific coast, California, and going via the Panama Canal and Cuba to New York. This vessel will be commanded by Captain S. Robinson R. N. R. who figured so conspicuously in the relief work which followed the recent Japanese disaster.

ENGLAND OPPOSED TO THE RETURN OF KING CONSTANTINE

The British government has instructed its charge d'affaires in Athens to inform the Greek government that while it has not altered its opinion with regard to the evil effects of the return to Greece of the late King Constantine, it does not entertain a like view concerning the present king who it believes capable, with proper support of re-establishing Greece in the good opinion of the Allies. Although the British Government has not the slightest desire to interfere in the internal affairs of Greece, officials here declare that Royal dethronements, revolutions

Enliven listless children Give them **SCOTT'S EMULSION**

and political feuds are not calculated to win back allies' support to that unhappy country. Greece, they say the one nation that Premier Baldwin had specifically in mind when in his Guildhall speech he said: "These states must work out their own destiny. They are all or nearly all opposed by war and they will need financial aid for their rehabilitation. But when their agent comes knocking at the door in London or wherever it may be, the first question that will be asked and the first guarantee that will be required will be that of internal order and security."

MUTUAL FIRE INSURANCE

Toronto "Saturday Night" has The Following to Say Regarding Mutual Fire Insurance

Toronto "Saturday Night" has the following to say regarding Mutual Fire Insurance: "While the Northwestern Mutual Fire Association of Seattle, Wash., is a mutual organization, the policy holders cannot be assessed to make good any deficiency so long as the company is a going concern as the directors have no power to levy assessments on the holders of non-assessable policies. Should the company, however, get into financial difficulties, and a receiver or liquidator be appointed, the control passes out of the hands of the directors and into the hands of the Court; and the Court may order that the funds of the company or that the members of the company who are the policyholders, be assessed for a sufficient amount to pay the debts of the company in full. Both courses have been followed in the past in the winding up of mutual fire insurance companies. When you insure with a mutual fire insurance company you become a member of the company, and are thus an insurer as well as an insured, whereas when you insure with a stock fire insurance company you are on only one side of the contract that of the insured. The Northwestern Mutual operates on the plan of charging tariff rates, and returning by way of dividends to policyholders what is not required to pay losses and expenses."

Inspects Apples, Why Not Banks?

"Yesterday I missed a chance to make an important and timely protest," said Peter McArthur, the sage of Ekfrid, in the course of an article sent to the Toronto "Globe" under date of October 17th. "A Government inspector dropped in unexpectedly and caught me right in the act of packing No. 1 and Domestic Peewaukees. There was no time to get things in shape for him. I didn't know he was an inspector until after I had been introduced to him and had shaken hands with him. Still it didn't matter for he examined my pack carefully and passed it as 'being up to standard, or a little above it. My

first feeling was one of relief, for I had been worrying a little, as I had not packed apples for the market for some time. It was not until after he had gone that I remembered the attitude of Big Business toward Government inspection. 'You cannot make men honest by law.' 'We must not have interference with private business.' If that sort of talk applies to Big Business, why not to little business? Why should the Government come nosing into my apple barrels, if it must not be allowed to look into the operations of banks? Surely it is as necessary to look after the safety of the bank deposits of the plain people as to see that they are not sold under-sized apples that are wormy or off color. Inspection is every bit as justifiable in one case as the other. Recent bank disclosures show that they sometimes pack rotten securities in their vaults. Why should that be allowed any more than packing rotten apples in barrels? Even handed justice demands that banking be inspected just as carefully as apple-packing."

How to Prevent Biliousness

Yours to Enjoy

"Thank God for Tea! What a world without it—how did it exist? I am glad I was not born before Tea."

Thus wrote the brilliant Sydney Smith in the early days of the nineteenth century, and countless thousands have echoed his sentiments since. But if Sydney Smith could so enthuse over Tea as it was then, what would he say of it to-day, when science in growing and art in blending have brought your cup of Tea to such a high point of perfection.

And what would he think of to-day's cost? At an incomparably lower price you are able to enjoy Tea of a deliciousness Sydney Smith never knew or imagined.

THE REAL SITUATION REGARDING CHURCH UNION

To All Presbyterians:

Do not be deceived by misleading statements to the effect that Church Union is settled—for it is not finally and rightly settled and cannot be, until settled by the people who constitute the Church.

The general assembly is not the Presbyterian Church. It is a court of the church, constituted for the continuance and maintenance of the Church only.

The Church has been refused the right to consider the question, or to vote upon the proposed legislation. The last vote was taken in 1915 and showed an increase of 23,000 against Union and an increase of only 600 for Union. The bills have never been submitted to the people for their judgment. Union leaders are afraid to submit the whole question to the people today. These bills are coercive and unjust. They ignore the votes of 73,735 members of the Church and the votes of hundreds of congregations recorded against Union. They violate the pledges given by the General Assembly in 1905 regarding the necessity of practical unanimity and in 1916 regarding the rights of those opposed.

These bills must be opposed in the interest of justice and liberty. Do not be lulled into inaction by statements that the consummation of Union will make no change in your congregation.

DO YOU KNOW?

that under Church Union congregations are deprived of the right of calling their ministers as under the Presbyterian system. The right of appointment rests with the Settlement Committee, which has full power in the matter. This is one of a number of important changes which would be put into effect under present plans for Church Union. Do you want to retain the right to call your Minister?

Members of the Presbyterian Church: It is necessary for you to act at once, if you want the present Church to continue. Organize and demand the right to consider and decide your own Church relations.

France To Restore Devastated Areas

Complete reconstruction of the regions of France devastated in the world war is planned by the Government by the end of 1926. The ministry of finance in its proposals for the budget credits next year contemplates the issuance of five billion francs in credit national bonds; two billion francs in national defense bonds and one billion francs as a fund to pay the expense of collective loans floated by the devastated areas themselves.

TWENTY FIVE YEARS AGO (The Daily Times Nov. 14; 1898)

The funeral of the late Eben London Cowling, whose death occurred on the 10th inst. took place yesterday afternoon and was largely attended. The services at the house and grave were conducted by the Rev. J. Eastburn Brown of the Reformed Episcopal Church, while the pall-bearers were Messrs. A. E. Killam, A. H. Newman, A. E. Chapman, H. A. Whitney, Robert Cochran and W. J. Creasdale. Among mourners from a distance were Judge Wilkinson and Miss Cutler a niece of the deceased, of Newcastle.

More Opposition To Church Union

Winnipeg, Nov. 13—Opposition to church union was expressed in a formal dissent presented to the Manitoba Presbyterian Synod today by R. G. Stewart and John McKay, presidents of the Winnipeg and Port Arthur branches of the Presbyterian Church Association. An opportunity will be given later for a debate on the question, it was said by the moderator.

The dissenters denied emphatically that the question of church union had been settled, since the people who constitute the Presbyterian Church had not been consulted on the question in the form given to it in the enabling bills.

KEEP THE BARS UP
The disquieting news is floating round of a proposed change in our Canadian immigration policy, which will let down the bars, and leave the way open for the entrance of the central Europe element to populate our country. The only qualification to fit them, for the process of being turned into Canadians which would be required of them, is that they must be "found" on their entrance into this country.
That there is some excellent "mortal stuff" to be found among all peoples, cannot be doubted, but in many countries it is equally true, that the vast majority are of a most undesirable class, who have made their own countries such a hell upon earth, that seeing the mischief accomplished, wish to transfer themselves to some other country, to renew their energies in whatever way suits their fancy best. It is exceedingly difficult to find among such people real soundness of mind, or good moral character, as a general rule, stable national character, they have none. The United States are finding out today that it would have been far better for their country had such an element never been admitted. In the ranks are to be found the worst disturbers of the public peace in social industrial and general business life, even educational and religious matters, are "set by the ears," through their socialistic leanings to anarchy.
What is this central Europe, from which some statesmen—heaven love the mark—desire to draw a population for Canada? It is very little more than a disconnected jumble of different peoples, whose chief occupation is fighting among themselves. In some of their countries Bolshevism and anarchy have run wild. Principles of religion are ignored, or altogether denied, while murders and tragedies fill the bill. It is not out of such a boiling pot of iniquity that we should desire to replenish Canada. This land does not need such human rubbish to people it, or build it up. Already we have quite enough of this unsavory element in our midst, principally in our cities. Montreal is overstocked—without adding to the bulk.
In the Motherland, and among her Scandinavian neighbor a desirable class of immigrants can be gathered. Some of those

countries are vastly overpopulated and our peoples are "kith and kin," more stable in every way. It would even pay Canada "to foot the bill" to the last cent to gather such immigrants, rather than bring in, or allow to enter, the mixed breeds of a chaotic continent. Hohenzollernism began the cataclysm, and its quakes have not yet ceased; it is to be hoped they will keep to Central Europe, until they die out, if they ever do. We have suffered enough through the War, of which Central Europe was largely the cause, without importing their people here, who belong to their disappointed squabbling tribes, largely a curse to themselves and ever among the disturbers of Europe. They are not a desirable class to have in our midst, and it is to be hoped that Parliament and our people of good Canadian stock will "keep the bars up." Enough people could be gathered in our own Empire, to give us a superior class of immigrants and so far as that goes, England, Scotland and Ireland could "fill the bill" better than any others.

VISIT THE HOSPITAL
Have you a friend in the hospital? If you have, go and see him. Do it right away. Beware of the excuse that you haven't time. All of us who are intelligent enough to do a little plain figuring know that there are twenty-four hours in each full day. If we eliminate the wastage from each hour and reap for a few hours we shall have gained enough time to do some of the things we ought to do. To lie all day in a hospital bed is a dreary business. The world goes galli by in the bright sunshine outside the windows. The hours drag. It is not pleasant to be forgotten. A little sleep at night and the next long day, just like the one before. How selfish are the rest of us, running about in health and hurry, too busy with less important things to find a few moments in twenty four hours to do one definite act of unselfishness and of kindness. Make an investment in service. And do it before the next twenty four hours have passed.

TEETHING TROUBLES
Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. The Tablets are a sure relief for all the minor ailments of childhood such as constipation, colic, indigestion, colds and simple fevers. They always do good—never harm.
The Tablets are sold by medicine dealers or by mail at 25 cts a box from The Dr. Williams' Medicine Co., Brockville, Ont.

POSTAL NEWS
By request of Postmaster James Troy, we publish the following Postal News Items:
"Remember that Christmas will soon be here and parcels to friends should be mailed early. With the large amount of mail going through the post office at this time of the year, it is impossible to get everything handled and delivered on time, if not forwarded early."
"The insurance of parcel post with In Canada is working out satisfactorily. The service with the U.S.A. is giving every satisfaction. This service has also been extended to Great Britain and will be of great advantage. The public may protect themselves against loss up to \$100 at a very moderate fee. Full advantage of this extension of the post office insurance system to Great Britain should be taken by the public."

Vicks is The Thing For Asthma

Ontario Mother Tells of Stubborn Case Relieved.

Mrs. Wilbert E. Collier of Bowers Street, Picton, Ont. says: "My little girl had a terrible case of asthma. I read about Vicks and sent out for a sample. I rubbed my child's chest and throat with it and put a flannel on. Vicks did her so much good that I bought two jars. She now sleeps well, and is a different child. I would not be without Vicks VapoRub in the house."

A good way to get relief from asthma is to rub Vicks over the spine from shoulders to hips; then melt a little Vicks in a spoon and inhale the healing vapors. Also insert some in the nostrils, snuffing well back. You will be delighted to see how it clears the head.

Vicks comes as a salve—the external direct treatment for all colds, troubles—absorbed like a liniment, and inhaled as a vapor.

Treatment with Vicks is especially desirable for children as it avoids so much internal dosing. Just as good too for cuts, burns, bruises, sores and skin itches.
At all drug stores, 50c a jar. For free test size package write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P.Q.
Although Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

CREOSOTING PROCESS

Canadian Manufacturers Association Press Letter

A feature of the month is the increasing attention being paid to the preservation of wood products by the creosoting process. This is of special interest to Canada because of the large output of these products. At St. Jerome, P.Q. the Laurentian Timber Products Co. Limited, are completing a plant in which they will specialize in wooden products for power transmission lines, such as crossarms, insulator pins; brackets, plugs etc. using Canadian timber as far as possible for their raw material. The Canada Creosoting Co. Limited and the Creosoted Products Co. Limited two associated Toronto concerns, are establishing a branch plant at Newcastle, N.B. They have contracts for creosoting articles used in the Atlantic region of the Canadian National Railways and will also treat other wood products, such as blocks for paving and flooring. The Alberta Wood Preserving Co. Limited, are reported to be establishing a plant at Calgary Alta., which will employ from 50 to 100 hands when running to capacity. They will treat telegraph poles, fence posts; railway ties, paving blocks, etc. and may be able to get their supplies of creosote from Alberta coal.

THE WEATHER LAST NOVEMBER

The weather so far this month has been mild and summer-like and in marked contrast with the period last year. The following record for November from the 10th to the 30th last year will be of interest:
November 1922.
10—Snow (2 inches)
11—Rain and snow all night.
16—Snow.
17—Snow.
18—Snow (1/2 inch)
19—Snow at night.
20—Fine.
21—Rain, snow and sleet.
22—Fine.
23—Cloudy to fair; cold.
24—Clear and cold.
25—Cloudy; looks like snow.
26—Clear and cold.
27—Cloudy and cold.
28—Snow at night.
29—Cloudy and cold; snow 3 or 4 inches.
30—Cloudy and milder.

REPRODUCTION VERY FAST ON BUDWORM AREA

Chief Scaler A. T. Murchie who has just returned from an official visit to sections of Northumberland County, says that he was particularly struck in one section through which he travelled for some miles with the rapidity with which the reproduction of timber was taking place upon areas which some ten years ago were devastated by the budworm. Mr. Murchie says that the second growth of valuable timber appeared in height from two to ten feet, with every appearance of more rapid growth as time went on.

On Tabusintac the Snowball Company was carrying on a large operation in burnt-over areas which were scorched by fire last summer. Four million feet is the total expected in the operation. Men were offering in all the numbers required.

A large crew of men on the way from their homes in St. Isidore to operations of Fraser Companies Limited in the vicinity of Deersdale passed over the C.N.R. The men were hired at a monthly rate of \$35 to \$50. Abundant labor at those rates seemed to be appearing. The rate is greatly in excess of what it was last year but is far below the rates which rumor said were being offered in many sections.

Funeral Flowers

A prominent church official ten years ago started in an international movement to abolish the sending of flowers to funerals. He said, "Take the roses and put them, not on a coffin but in the lapel of the coat of the laboring man on his way to work," says Trail News. The gentleman did not succeed in abolishing a custom that is essentially beautiful. A love for flowers is a sign of refinement, native or acquired. A flower is a symbol of joy. In its living texture Nature concentrates all the glow of sunlight and the sparkle of the stars. There is an appealing tenderness in their friendly faces, that has made them seem appropriate gifts to bereaved friends. But sometimes the custom of sending flowers to funerals is so overdone as to constitute a heavy burden on families that can ill afford it. For it has come to the point where people frequently are called stingy for not doing it. The sentiments of love and sympathy is often more eloquently expressed in the little bunch of blossoms plucked by a lady from her garden than it is in the blanket of roses sent by the true

THE LARGEST GRAIN TRAIN
The world's record for large grain trains was shattered by the Canadian Pacific Railway recently. One mile in length, a monster train of 125 carloads of wheat was operated over the line between

Stoughton and Arcola, the contents of the car weighed 5,566 tons, which with a tare of 2,380 tons made a total weight hauled by one engine of 7,946 tons. The great string of cars contained approximately 185,000 bushels of wheat.

Services were conducted at the house and grave by Rev. Wm Girdwood.

STOMACH TROUBLE DUE TO THIN BLOOD

It Usually Disappears When the Blood is Made Rich and Red.

This blood is one of the most common causes of stomach trouble. It affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this state of health nothing will more quickly restore the appetite, digestion and normal nutrition than good, rich red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles and awakens to normal activity the glands that supply the digestive fluids. This is shown by an improved appetite, and soon the effect of these blood-enriching pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are vigorous instead of irritable and listless. If your appetite is fickle, if you have any of the distressing pain, and symptoms of indigestion, you should at once take Dr. Williams' Pink Pills and profit by the better condition in which they will put your blood.

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

ANNUAL MEETING CURLING CLUB

The Newcastle Curling Club held their general annual meeting last Friday evening in the Town Hall. A representative attendance of the members was present with President John Russell in the chair. The accounts for 1922-23 were presented showing the club to be in a very flourishing condition, and the membership fully paid up. The membership fee for 1923-24 will be the same viz:—\$5 as last year and it is hoped that all the young men will become members this year.

The officers elected for 1923-24 were as follows: Pres.—John Russell (re-elected) Vice-Pres.—H. B. Cassidy Secretary—Andrew McMurray Treas.—J.E.T. Lindon (re-elected) Managing Com.—John Sargeant, C.M. Dickison and F. V. Dalton. The next meeting of the Curling Club will be held in the Town Hall on Monday evening, December 3rd, 8 o'clock. A resolution making all the clergy men of the town, honorary members of the curling club passed unanimously.

IMPORTANT BUILDINGS

Considerable building activities have been going on in Newcastle during the past summer. The new buildings are about completed and the three most important ones are as follows:—

St. Mary's New School, erected by D. R. Morrison & Son, of Prince Edward Island, is expected to be completed by the first of the New Year, and is a beautiful building, adding much to the appearance of the street. Mr. James Forrest of Newcastle had the contract of the brick work.

Mr. W.L. Durick's New Drug Store on the square is a beautiful building and will add much to the appearance of the business section of the town. Mr. Durick spared no expense and Mr. John Fitzgerald was the building contractor. Mr. Thomas Power drew up all the elevation plans, also full sized working details for the exterior of the building and was inspector of the work. Walsh Bros. of Chatham manufactured all the exterior finish according to plans and details, drawn up by Mr. Power.

Stables' Grocery, an account of which was given in last week's "Advocate" was built by Mr. B. A. Teizer, who deserves great credit for the magnificent building he erected for Mr. Stables.

THE KENT ELECTION

There is to be a lively contest for the Federal seat in Kent vacated by the death of Mr. Auguste Legé. The posters are out for a Liberal-Conservative convention on the 21st of this month. Wednesday next the Convention will be held in the Temperance Hall at Richibucto. Formerly the party conventions were held in Rexton, but the Public Hall there was destroyed by fire a couple of years ago, and for the first time in years the Conservative convention will be held elsewhere. Mr. William Brait the president of the Liberal-Conservative Association of Kent is dead and the convention is called by Mr. John Morton the Secretary of the Association.

Who Is She?

The identity of the "Wonderful Heroine," whose amazing life story appeared in the Family Herald and weekly star, is causing widespread speculation. Her remarkable achievements under appalling conditions, handicapped more often than aided by her great beauty, most certainly have justified the claim that she was "One woman in ten million."

It is now announced that a beautiful portrait of the "Wonderful Heroine," reproduced in all the colors of the original masterpiece, will be given free to subscribers of the Family Herald and Weekly Star, Montreal, that is, to those who subscribe in time.

FEDERAL GOVT. FAILS IN DUTY

London, Ont. Nov. 1.—Sir Henry Drayton and Hon. W. H. Price, Provincial Treasurer, speaking here today at the annual gathering of the Western Ontario Conservative Association, severely criticized Rt. Hon. MacKenzie King and his Government, the former branding the Premier as "a demagogue" while the latter charged the federal administration with doing little or nothing to halt the exodus of thousands of Canadians to the States.

Sir Henry deplored the fact that while Canada is producing more than ever before, it is to no advantage. He charged also that the home markets are not being given adequate attention.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELIZABETH A. RITCHIE, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

You might be interested in reading Mrs. Pinkham's Private Test-Book upon the "Aliments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobourg, Ontario.

More than 200 delegates were in attendance today from 24 Western Ontario ridings, including several members of the Provincial and Federal Governments. The association decided to hold a banquet of honor next January for the Rt. Hon. Arthur Meighen, the date to be set at his convenience.

One of the outstanding features of the proceedings was the formation of a Western Ontario Conservative Ladies' Association. Officers were elected with Mrs. A.T. Edwards, of London, president for the coming year.

Why Horses Are Shod

The horse which runs at large in the plains country go barefoot, yet they have foot-health. It is only under the artificial conditions imposed by man that the horse requires shoes. A good deal of this necessity for shoes arises from hard pavements and roads which the horse is worked on. But there is another reason. The stabled horse does not get at night a foot dew-bath. He needs that dew-bath. The moisture can be supplied, and sometimes is, by packing the foot each night in wet clay a method so wasteful of labor that it is only resorted to in exceptional cases, usually when the need is acutely manifest. To maintain healthy condition and durable texture, the horse's hoof must have moisture. This the dew bath, enjoyed by the pastured horse throughout the night, effectively supplies. Night dew is recognized by horsemen as the best of all medicine for hoofs. Soaking in, it invigorates the whole structure. The hoof becomes much tougher, more rounded, and better spread. It is not uncommon for horses which are pastured at night through the summer season to stand up under daily work without being shod. The horse which runs constantly in pasture develops sound, tough hoofs, which, though lacking shoes do not chip, or crack.

BOOTLEGGING IN MONEY BIG BUSINESS IN BERLIN

Berlin Nov. 6.—"How much did your bootlegger give you today?" is the first question friends ask each other when they meet in Berlin these days. The bootleggers, however do not deal in prohibited drinks but in money.

The banks have lost their exchange business and the regular exchange shops are not conducting their business over the counter but are clearing houses for persons needing paper marks, as men and women flock about them and negotiate secret deals. The arcades of the city are also great centres for the money dealers.

Many gentlemanly bootleggers have their lift so well organized that they are able to call them up each morning and ask if there are any orders. Strangers coming to Germany are surprised at first by the large number of persons trying to attract their attention on the streets. That is the way the amateur bootleggers pick up their first customers and lay the foundations for a regular business.

The newspapers allege that the banks are really financing the bootleggers and gathering in foreign money by that means but the business is so scattered that it cannot be checked, despite the raids made on cafes and cabarets where the traders loiter.

Taught Brothers Of Bonar Law

Mrs. A. L. MacMichael, of West Branch, Kent Co., who is visiting at the home of her son, train despatcher J. F. R. MacMichael, 50 Brydges street, celebrated her 84th birthday on Monday. Her maiden name was Elizabeth Hetherington and when a young woman she taught school in Kent County. Among her pupils were brothers of the late Bonar Law, who being a child at the time used to come to her school as a visitor. Mrs. MacMichael has in her possession a picture of Bonar Law taken when a boy.

Bloor Street Church, Toronto, Gives The Unionists A Surprise

Toronto, Nov. 5.—Judging by a communication sent to the members of Bloor Street Presbyterian Church, Toronto, within the last few days that congregation has evidently a strong anti-church union element which has not until now been revealed. This action is of the Union Committee.

The letter, which is signed by six elders and several members and active workers in the church, questions the authority of the general assembly to commit the Presbyterian church to union without another appeal to the people, in view of the decided trend against as shown by the previous votes of 1911 and 1915.

Must Have Permits

The Miramichi Lumber Company has issued orders prohibiting hunters from trespassing on their lumber lands in the Parish of Stanley without a permit. In previous seasons parties of amateur hunters from points down the line of the Transcontinental Railway roamed over the Company's lands shooting at everything in sight and occupying the vacant lumber camps. It is with the object of putting a stop to this sort of thing and protecting their teamsters from stray bullets that the company has issued the prohibitory order.

"Grievous Economies"

Dean Condemns Cheapness in Education at the Expense of the Children

"It is a grievous blow to have economy in education," said the Rev. T. C. Fry dean of Lincoln, in a speech at Briggs, "because our hope of getting out of the muddle in Europe lies with the children. There is now sitting, the Imperial Conference, and I feel certain that the one desire of the Commonwealths is to get our young people into their lands, but are our children being educated as well as the children abroad? Can England keep her end up by spending money cheaply upon education?"

THE MODEL CHURCH

Well, wife, I've found the model church, I worshipped there today. It made me think of good old times before my hairs were gray. The meetin' house was fixed up more than they were years ago. But then I felt when I went in, it wasn't built for show.

The Sexton didn't seat me way back by the door. He knew I was old and deaf, as well as old and poor. He must have been a Christian, for he led me boldly through the long aisle of that crowded church, to find a pleasant pew.

I wish you'd heard the singin'; it had the old time ring. The preacher said "with trumpet voice, let all the people sing! The tune was Coronation, and the music upward rolled. Till I thought I heard the angels, striking all their harps of gold.

My deafness seemed to melt away, my spirit caught the fire; I joined my feeble trembling voice with that melodious choir. And sang, as in my youthful days, "let angels prostrate fall, Bring forth the royal diadem and crown Him Lord of all."

I tell you wife, it did me good to sing that hymn once more; I felt like some wrecked mariner, who gets a glimpse of shore. I almost want to lay aside this weather beaten form, And anchor in the blessed port for ever from the storm.

The preaching? Well I can't just tell all that the preacher said; I know it wasn't written, I know it wasn't read. He hadn't time to read it, for the 'tainin' of his eye. Went p...in' long from pew to pew nor passed a sinner by.

The sermon wasn't flowery. 'twas simple gospel truth; It fitted poor old men like me, it fitted hopeful youth, 'twas full of compensation for weary hearts that bleed, and not to creed.

The preacher made sin hideous, in Gentiles and in Jews. He shot the golden sentences down on the finest pews, And—though I can't see very well—I saw the falling tear, That told me Hell was some ways off and Heaven, very near.

How swift the golden moments flew, within that holy place! How brightly beamed the light of heaven from every happy face! Again I longed for that sweet time when friend shall meet with friend Where congregations ne'er break up and Sabbaths have no end.

I hope to meet the minister—the congregation too—In that dear home beyond the skies that shine from heaven's blue, I doubt not I'll remember, beyond life's evening gray, The happy hour of worship in that model church today.

Dear wife, the fight will soon be fought—the victory be won; The shinin' goal is just ahead, the race is already run; O'er the river we are nearin' they are throughin' to the shore— To shout our safe arrival where the weary weep no more.

REPORT THAT SIR LOMER GOUIN IS TO RETIRE
Ottawa, Nov. 14—"This is the first I have heard of it" said Hon. E. Lapointe, when his attention was called to a report that Sir Lomer Gouin, Minister of Justice, would retire on account of ill health and that Mr. Lapointe would assume the portfolio of justice.

BRITISH ELECTIONS ON DECEMBER 6TH

London, Nov. 13—In a brief but exciting re-opening session for a parliament elected only a year ago on the slogan of "tranquillity" that Parliament today found itself condemned to immediate death—not because the Government had suffered defeat in the House or sustained reverses in bye-elections, which are the customary reasons for dissolution, but because Mr. Baldwin who succeeded to the premiership on the illness of the late Mr. Bonar Law seeks a new mandate, from the country authorizing his government to resort to protective duties on manufactures as a remedy for unemployment, which is the most difficult problem facing the government to-day.

In a speech explaining his position to the House the Prime Minister said that after giving the subject much thought he became convinced that he could not undertake to remain in his present position to steer the country through the winter unless he were allowed to use an instrument which he had been precluded from using, having regard to Mr. Bonar Law's pledge. Explaining that he wanted a mandate in time to conclude the new duties in the next budget, he declared it was necessary to have elections at the earliest possible moment. He had advised the King accordingly and he saw no reason why Parliament should not dissolve to-day. Elections will be held December 6th.

DOMINION COAL COMPANY BUSY

Coal production from mines of the Dominion Coal Company this year will show quite a substantial increase over 1922 and to date the output is within a month's tonnage of what it was for the whole of last year. For the year 1922 the total production was 2,845,000 tons and for the nine month's period of this year the output was 2,527,000 tons. The total shipments for 1922 were 2,400,000 tons and for the nine months of the present year were 2,340,000 tons.

Famous Chemist & ZAMBUK

A pure herbal emollient of great healing power in skin diseases and injuries—this is shown in a report on Zam-Buk by that eminent Doctor of Science, Mr. Wentworth Lascelles-Scott. Zam-Buk has won world-wide repute for its reliability in troubles like eczema, poisoned wounds, ringworm, bad legs, etc., now comes Dr. Scott's evidence.

Scientific Excellence.
"My exhaustive analysis proves that Zam-Buk is possessed of antiseptic and bactericidal power which promptly alleviates skin disorders due to parasites and pathogenic organisms. Moreover its astringent and balsamic constituents render Zam-Buk an emollient of rare healing power."
"Zam-Buk's constituents are exclusively of herbal origin, it contains none of the irritating mineral drugs and animal fats commonly found in ordinary ointments."
"In my opinion Zam-Buk, is well adapted for treatment of superficial injuries and prevalent skin disorders."

MUTUAL POLICYHOLDERS ASSESSED

Because the Fidelity Co-operative Fire Insurance Company of Allegheny county, New York, borrowed money from banks instead of assessing policyholders for loss payments and thus became badly involved financially, the New York Insurance Superintendent has levied policyholders of the concern which was placed in liquidation by order of the New York Supreme Court April 17, 1922.

Lloyd George Crosses Ontario

(1)—Right Hon. David Lloyd George as he appeared when speaking from the platform of the Canadian Pacific train.
(2)—The engine that drew Lloyd George was the last used in mechanical construction.
(3)—With his daughter Miss Megan, J. J. Scully, General Manager of Canadian Pacific Eastern Lines, and other members of his party, Lloyd George admires the passing scenery.
(4)—One of the compartments on the Lloyd George special train.
(5)—Mr. Lloyd George speaks to the citizens of Chappell.

Picture a little clearing at the side of the railway track in the heart of North Ontario. All about are the hilly forests of Jack-pine, hemlock and flaming yellow poplar. A brilliant autumn sun falls on lake and forest and rocky cliff and in the centre is a little patch of cleared ground surrounding a tiny log cabin. At its door a woman and three or four sturdy children are grouped. They are listening. From behind the hills again comes the exultant whistle of a locomotive, and in a few moments the train sweeps into view. It dashes past drawn by an engine of the latest type such as engineers talk of with joy, and including six plum-colored coaches, steel built from end to end. Their varnished sides reflect the warm autumn sun. Bright brass trimmings and polished windows glisten as the train sweeps along its narrow path towards the West a thing of pride and power.

The children standing beside the log cabin are silent; each holds a tiny flag that carries to the train a message of greeting, for David Lloyd George is passing by. The little Welshman of humble origin, the war-time Prime Minister of Imperial Britain is on his way from Toronto to Winnipeg and all along the railroad the people come down to see him pass.

It was a wonderful trip. Heralded by newspaper front pages and by years of power, the man who led half a world in war, moved across Ontario through scene after scene such as this which has been sketched above.

"What a country, what a wonderful country!" It was Lloyd George who spoke. Seated in the drawing room of the private car at the end of the train he gazed over the countless lakes and endless forests that flew past. About him were one or two officials of the railway that carried him on his way, and a large number of newspaper representatives for whom accommodation was provided on the train. It was the time of the morning interview, when the press men gathered to ask him questions bearing on the news of the day which had come to the train by radio from all parts of the world, but mostly from Europe, and to every question came the Lloyd George answer, quick and to the point—no evasion, even when the question was a little personal, as now and then it might be. But the questions were mostly relevant to the great issues of the day. The twenty odd newspaper people from Great Britain, United States and Canada were the pick of "the game." They and the moving picture men, the newspaper reporters of the camera, were a "star" crowd, and millions of people had from them a daily report of what Lloyd George said, did and looked like during his flying trip over the Canadian Pacific line.

The baggage car, like all the rest, was of steel. The dining car was in command of "Jimmie" Watson, the man who looked after the Prince of Wales' menu when he made his first trip across Canada. There was an all steel standard sleeper and two of the ten-compartment cars that are becoming more and more popular as they are better known. Behind them rode Lloyd George's private car. Both American and British correspondents had seen nothing better than this train. In some respects they had not seen their equal and they were loud in their praises. When they were told it was regular equipment such as runs on the "Trans-Canada" they were all amazed. Dame Lloyd George and Miss Megan were no less appreciative than was their famous husband and father. They went through the train and examined it all, and the kitchen of the dining car was of the most especial interest to the ladies. After having seen the comfort of the compartment cars, Miss Megan appropriated one of the compartments for her own use. At the conclusion of the trip Mr. Lloyd George expressed his admiration and gratitude to the Canadian Pacific Railway for the way he and his family had been taken care of while passing over the line.

As far west as Fort William, J. C. Scully, General Manager Canadian Pacific lines, accompanied the train, while D. C. Coleman, Vice-President, Western Lines, took charge from there on. The press arrangements were taken care of by J. Harry Smith, the Company's Press Representative.

There are more telephones in Canada per 100 population than in any other country except the United States. This is shown in a report issued by the Dominion Bureau of Statistics in which the proportion of telephone users in per 100 of population is set at 10.53; British Columbia comes first with 15.19 telephones per 100 population; Ontario 13.59; Saskatchewan 12.24; Alberta 10.89; Manitoba 10.78; New Brunswick 6.96; Nova Scotia 6.87; Quebec 6.58; Prince Edward Island 5.80.

NO TIME FOR SLEEPING

Kitchener Record: Where does a man get the idea that "hard times" is the time for him to go to sleep? Where does he get the idea that it is time for him to decrease his efforts? When you are driving and come to a hill do you take your foot off the accelerator, decrease your power and wait for the hill to be removed? Of course you don't. You double and triple your effort until you make the grade. Then where do you get the idea that when business strikes a hill we should decrease our efforts and lie low?

LITTLE GIRL RUN OVER

Little Grace Fogan daughter of Mr. and Mrs. James Fogan was quite seriously injured recently when she was run over by a delivery wagon by a boy named Murray. The wagon passed over one of her legs and while no bones were broken, her leg was badly crushed and bruised.

Mrs. Newlywed was giving her first order to her grocer a few weeks ago, who, by the way was her mother's grocer too, and when it came to the item of tea the grocer said "What kind would you like?", Her answer was: "The same kind that mother uses—MORSE'S. Mother wouldn't have any other tea in the house." The grocer smiled and said: "Yes, I guess that is right."

ONE MORE

A Scotchman entered a hotel and enquired what the rates were. He was told that the charges were \$5 a day for rooms on the first floor; \$4 for rooms on the second, \$3 on the third, and \$2 on the top floor. The Scot after a moment's reflection, started for the door, when the clerk asked him if he considered the rates too high.
"No" replied Sandy, "its the building that's no' high enough."

LIGHTHOUSES ROBBED

The two Lower Newcastle lighthouses were broken into recently and a quantity of oil stolen. The lower lighthouse was first entered but there was no oil there, so the upper one was then broken into where a large quantity was kept. About 70 gallons of oil was taken and it is thought that a horse and wagon was used to carry it away.

NO INDEBTEDNESS

Fergus, not feeling well, consulted a doctor.
Doctor—"Do you drink Fergus?"
Fergus—"Yes, sir."
Doctor—"Well, you must give that up. Do you smoke?"
Fergus—"Yes, sir."
Doctor—"You must give that up too."
As Fergus went quickly through the office door the doctor exclaimed "You have not paid me for my advice."
"I'm not taking it," replied Fergus.

WORK TO CEASE

November 20th is the limit for highway work for the present season. B.M. Hill, chief Highway Engineer stated that the outside service of his branch of the Department of Public Works was being bulletined to the effect that work was to stop on that date. The advance of the winter season is the cause. In the greater part of the province the autumn has been so open that work could be carried on much later than usual.

BIG GAME SCARCE

Hunters returning from the Miramichi and Kent county woods report moose and deer are very scarce this fall. The heavy mortality among the animals in the deep snow last winter greatly thinned out the moose and deer, it is said. In Westmorland and Queens counties the hunting was fairly good during October.

FIRST I. C. R. TRAIN

On Friday last November 9th, 48 years ago the first train to leave Moncton for Campbellton and to pass through Newcastle ran over the I.C.R. and this was practically the formal opening of the northern division of the Intercolonial Railway. The train was in charge of Mr. Alonzo Hillson, and on its return trip was in charge of Conductor A. McLellan.

"RAINBOW FIVE" HERE

At last the people of Newcastle will have the opportunity of hearing the famous "Rainbow Five" Orchestra as they will play for the first time in the Town Hall Friday night, Nov. 23rd. This orchestra has quite a reputation and is considered the best dance combination this side of Montreal. The orchestra consists of piano, violin, saxophone, banjo and drums. A large crowd is expected at the dance.

SEWING CIRCLE GOSSIP

There was some discussion at the Circle this week about the prospect of a general election during the coming winter. The wife of the new Bank Manager said that she would like to vote for the man who had introduced LUXOR ORIENTAL COFFEE into this country, if he were in the running, for she thought he had done more for the comfort of most people than the best of the politicians.

TRANSFER OF C.N.R. SUPERINTENDENTS

Changes in the C.N.R. Superintendents now stationed at New Glasgow and Campbellton are understood to have been officially passed upon. Supt. W.R. Fitzmaurice now at New Glasgow will go to Campbellton, where he formerly occupied that position until a few years ago when he was transferred to Nova Scotia. Supt. R.H. Martin of Campbellton will go to New Glasgow, where he was stationed prior to going to the North Shore town.

A DIFFICULT PROPOSITION

A charge of assault, against Miss Nettie Green, a school teacher in charge of the Riverside School in Nova Scotia has been laid by the father of a boy who was punished in school for misbehavior. At a preliminary hearing Miss Green stated that the punishment administered followed an attack upon her by the boy.

Such cases as the above arise from time to time, but in many schools are to be found a few pupils who are a source of annoyance to the teacher and who destroy the morale of the whole school. A teacher must exercise his or her authority, and where the tongue fails, other methods must be resorted to if proper discipline is to be maintained.

Parents should step cautiously in the matter of proceeding against the teachers who have a lot of little "angels" to care for and tutor during the course of the school year.

MISS MINTER A RIDER

Mary Mites Minter is a horse woman of no mean ability, as is evidenced in her latest Paramount picture, "The Trail of the Lonesome Pine" coming to the Opera House for a two days run, Wednesday and Thursday. Miss Minter, in her role of June Tolliver, heroine of John Fox Jr.'s novel, which Will M. Ritchey adapted for the screen, rides like the wind from her home high up on the ridge of the lonesome pine to the town to save her sweet heart, John Hale, played by Antonio Moreno, whom her cousin, Jesus of Hale's attentions to the girl, is bent on killing. Does she arrive on time? Don't miss the picture and your question will be answered. Ernest Torrence and Mr. Moreno are featured in the cast.
