CANADIAN EMBASSY

WASHINGTON, March 4, 1948.

No. 106

The Canadian Ambassador presents his compliments to the Secretary of State and, on the instructions of his Government, has the honour to inform him that, in order to improve sanitary practices in the shellfish industries of Canada and the United States and to facilitate the exchange of information with reference to endorsement of shellfish certifications, the Canadian Department of National Health and Welfare and the United States Public Health Service have agreed on the desirability of an Agreement being concluded on the points and in the terms set forth in the annexed memorandum.

If such an agreement is acceptable to the United States Government, it is the proposal of the Canadian Government that this note and its Annex together with a reply agreeing thereto, constitute an Agreement between the two Governments effective from the date of the reply from the United States authorities.
