Becoming despondent because he could not get employment and was without money, Ormond E. Baptiste (colored) committed suicide about 7.20 o'clock last night by shooting himself thru the left temple with a revolver while on the Esplanade, just east of George street. Baptiste had been in the city for the past six or seven weeks and had been living in a Church street rooming house.

To Whom it Might Concern.
When Detectives Murray and Guthrie visited Baptiste's room they found two letters, written by Baptiste, which were addressed "To whom it may concern," which clearly showed that he had premeditated his action.

The first letter, which was dated Nov. 30, reads: "I do not owe anybody, not even my landlady. Please forward my belongings to my father at Cologne, Panama. I wrote to them, but could not get them to answer for some months."

The second letter was contained in the second letter was contained in the same envelope and was entitled: "Daily Preparations for Death." It read:

Fast Wall of Yonge Street Project Still Awaits Erecting.

CITY BYLAW A CAUSE

C. P. R. Wants Pay for Land Before Subway Can Be Widened.

officials in the city cierk's department applained the substances. I wo weeke ago council passes a bylaw repeating the hylew for the expropriation of land needed to widening Yonge street to so feet. This repeal included the expropriation of land at the subway. As council wished the work on the subway to go right ahead another bylaw was immediately introduced, previding for the expropriation of land needed for the widening of this small section only, and reached its second reading at the special meeting in the middle of last week. Before an expropriation bylaw can be finally passed it must be advertised for a month, and before it is finally passed the city treasurer cannot pay property holders for the slice the city takes.

Must Advertise.

Must Advertise.

This is the basis of dispute between the city and railways. The railways warther more for the land the city expropriates before they will go ahead with the work, and the city cannot give it to them until the bylaw has been advertised for a month and given a third and final reading.

"Why are the contractors not proceeding with the erection of the east wall of the subway?" the resident engineer for the grand jury yesterday were of a very serious nature, being mostly theft charges.

Judge Coatsworth Charged the Jury Two young men named W. R. Deacon and G. Hayden were charged with the theft of a gold watch and chain in t

sideration, and until then the wall will have to be at a standstill. Wells & Gray are the contractors, but they quit work on the wall about a month ago."

Saw the Contractors.

Arthur Wells of Wells & Gray, contractors, stated that to date he has not had a pian given to him of the east wall, and that his company was ordered to quit work about a month ago by the C. H. "We took this contract over a year ago," he said, "expecting to start work of it in the fall. We did not get started until this spring, when we did some excavating, and then came the dispute about the headway. We were stopped for some time while this was argued and then we finished the western wall. We were ready to go on with the other wall whan the order came to stop. It looks as if the contract will drag on indefinitely. There have been about a dozen disputes over this subway and the solution seems to be a long way off. The Dominion Railway Board ordered a fourteenfoot headway in the first place, but the city were not content and demanded eighten feet. The Dominion Railway Board said that it was all right if the city would pay the difference. Then the appropriation of the twenty-foot strip for the widening of the street brought the CPR. into the matter. They demanded

the widening of the twenty-foot strip for the widening of the street brought the C.P.R. into the matter. They demanded that they be treated as individuals and paid for the land which was to be taken from them. The argument is still in progress as far as I know. The city bylaw, which was repealed the other day, has also stirred up another dispute, so that I do not know when the work will be commenced again." BEFORE TRAFALGAR DAUGHTERS

the extension of St. Clair avenue Lambton Park, and at last night's eeting of the Ratepayers' Association Vigorous protest was made against the closing of the road. It was stated by Mr. Ball that the C.P.R. received permission to close the roadway, but he had satisfied himself that Il years had elapsed since the amended plan No. 54, showing the closing of the road, had been filed at the registry office in Toronto, the date offiling being Dec. 24, 1903. He contended that more than the statutory time, viz., 10 years, having elapsed, the road duld not now be closed.

The matter will be brought before the York Township Council.

Scarlett Read Subway.

Mr. Ball was authorized to interview Resve George Syme regarding the raising of the sidewalk in the Scarlett road subway. Satisfaction was expressed that the large hole on St. Clair avenue, near the Jane street subway, had been filled in with stone, and exception was taken to the alleged emplyment of city teams to the detriment of local teamsters in the work of paving the Jane street subway.

C. Adems, acting secretary, reported that Mr. Laxton, superintendent of the Consumers' Gas Co., required that a plan showing the houses on the Brooke estate should be submitted beilt re a gas service would be installed. The gas main runs on Dundas street as far as the Senate Hotel at the top of the hill, and 600 feet of main from Dundas street would be required to feed the Lambton Park district. Fred Knight was delegated to secure plans of the sections of the Brooke estate on each side of Scarlett road, and to mark the houses on the various lots.

At the close of the proceedings a so-cial evening was epent by the members, G. Adams, acting as accompanist. J. Ball rendered violin and zither solos, and C. Adams and others patriotic songs. The festivities marked the close of the association's year. At the next meeting officers will be setted for the ensuing

MOUNT DENNIS TRUSTEES CONSIDER SCHOOL PLANS

Architects Appointed and Site Chosen — Ratepayers' Meeting This Evening.

At a meeting of the board of trus-tees of the Mount Dennis school sec-tion, No. 28, York Township, Messrs. Ellis and Connery, of Toronto, were appointed architects for the proposed school in the eastern part of the section. Sketch plans of a six-room school, which can be added to as the growth of the district may demand, have already been prepared, and a meeting of the ratepayers of the section will be held on Wednesday, De-cember 9, for the purpose of sanction-

cember 9, for the purpose of sanctioning the purchase of a site and an issue of debentures to raise the necessary money.

The site proposed is a block 300 feet by 240 feet, about an acre and a half, on the Keelesdale property, near the corner of Eglinton avenue and Keele street, with two frontages.

A meeting of the executive of the Mount Dennis Ratspayers' Association will be held tonight for the purpose of discussing the need of more police protection for the district. Meanwhile confidence is reposed in Constable Dabbs of Lambton avenue, but quite a few petty thefts have been reported.

final on Saturday. Sinc is a student of Rugby and is eager or information. Last Saturday he was at the Army and Navy same at Philalelphia. He went over with a view to securing ideas for his work as coach next season and the proposing of amendment at the annual meetings of the Intercol-

at the annual meetings of the Intercollegiate and Interprovincial Rugby Unions, which are scheduled to be held this month.

McEvenue said that he had not seen anything worth adopting outside of the snapback rule in the scrimmage, which has already been played by Canadian teams. McEvenue is of the opinion that snapping the ball back is the better way of putting it into play. It eliminates the delays that at times make the present Canadian game thresome, while it also gives the team in possession a better opportunity of carrying out their plays.

He did not fancy the forward passing and would not like to see it adopted in the Canadian game.

Modern Dancing by the Castles

Read a noted physician's views of dancing. Claims it is an important health measure. Dr. J. Ralph Jacoby, one of New York's prominent physicians, has prepared a very valuable and instructive article on "Dancing and Health" for that great book on modern society dancing, by the two famous Castles, which we are now distributing to our readers. His views are exceedingly important to the mothers and fathers of the country, and this contribution should be read by every one of them. Alone, it is worth our triffing distribution cost. The work to which we refer, entitled "Modern Dancing," is the last word on the modern dance. The authors, Mr. and Mrs. Vernon Castle, are probably the greatest dancers of fashionable dances in the world today. They have taught the leaders of society in New York, have had pupils exclusively under their instruction from all parts of the country and have at last concluded to embody the principles underlying their wonderful work in book form. The book is just off the press, is illustrated by actual moving pictures taken from themselves, and the instructions are so simple and clear than any one can learn to dance in the most approved and refined methods with the greatest ease.

Beautifully bound in art covers, stamped in gold with portrait inlay in flesh tints and costumes in color. The triple coupons and 54 cents. Clip the triple coupon on another page and present at THE WORLD, 40 RICHMOND ST. W., TORONTO, AND 15 MAIN ST. E., HAMILTON.

The gentlemen referred to in the letter have not had President Falconer's interests at heart or they would have taken the broad hints given them and refrained from embarrassing their friend or impugning their own reputation for tact.

It is unfortunate that the matter should have been allowed to go so far, since it emphasizes the very point which President Falconer does not appear to appreciate.

The University makes a mistake in helding itself aloof from public opinattitude before. The gods occasionally some down and mix with common men. The impression is abroad that the University Dons never do.

News for Our Soldiers

Mr. W. K. George, with characteristic energy, has launched a commendable scheme for benefiting the Canadian soldiers at the front. As explained in last Saturday's World, the idea is that children in the public schools should each week make up a number night before he died, the late Col. D. of scrap books containing clippings of R. Wilkie wrete the following letter on the subject of members of German six Toronto daily papers. These scrapbooks will then be forwarded to the contingents wherever they may be.

Dear Dr. Falconer At a time like the present, when in this mixed community no word of ex-cuse or encouragement should be given our country's enemies, particularly by those occupying the highest places among the educators of our youth and the highest positions in the gift of our provincial government. I was shocked to read your apologetic letter in this morning's "Mail" solved of all blackets.

Already the reputation of the Uni-Arready the reputation of the University has been besmirched by the famous (?) protest of the five professors against British principles being taught in a British school, followed by echoes of appreciation from others—then we had the difficulty in awak—then we had the difficulty in awak—the students to a sense of their service. My answer to the immediate charge, however, would be that with great enthusiasm over 1800 students have been enrolled in the officers' training corps, and their drilling is progressing to the complete satisfaction of the military authorities; and that nearly 50 members of the teaching staff are training for positions as officers. Further, the professors have sacrificed hours of teaching to make this drilling possible, and not a criticism of this nor a disloyal utterance by staff or student has ever been reported to me. I have not the slightest idea who the professor may be to whom Mr. Wilkie makes reference. Yours sincerely,

ADMIRAL'S ORDER **CAME FROM ENEMY**

Secret Code Message Ordered Escape of Goeben and Breslau.

Special to The Terento World. NEW YORK, Dec. 1.—The German cruisers Goeben and Breslau escaped from the British Mediterranean fleet in the Straits of Messina in the first week of the war by a use of the British admiralty wireless code, according to a story received by The New York Sun by mail from London. The story

"There was much astonishment was when Admiral Troubridge was absolved of all blame in connection with the escape of the Goeben and Breslau.

service, if nothing worse, seemed assured. His complete vindication was inconceivable.

"By means of his log book and the testimony of his flag lieutenant, his secretary and his wireless operator, the admiral was able to prove the secretary. iral was able to prove lutely that he received a radiogram in the British admiralty's secret code, worded and signed in regulation form, ordering him to permit the Goeben and Breslau to escape.

Did Not Question Order.

"Assuming that the admiralty knew its business and that it probably had other plans for the disposal of the German vessels, he did not quest the order. The order was received on Aug. 6.

Aug. 6.
"It was not until he reached England that Troubridge learned that no such order had been sent him. It had come from the Goeben itself or from some wireless station under German control. The baffling feature of the incident is that only a week before the British admiralty had changed wireless code, as it always does periodically, and the order Troubridge received was in the new code."

The ground for the action is the alleged failure of the defendants to carry out the agreement in connection with improvements. It is claimed that the C. N. R. made an agreement to erect car shops, roundhouses, etc., and employ at least 1000 men at Leaside. They also agreed to put in a street railway service connecting with the Toronto Street Railway. Street paving, water and sewer accommodation were among the numerous agreements which the defendants have not, it is alleged, carried out. In Montreal a somewhat similar agreement is alleged to have been made, exclusive of shops and houses.

A street railway connecting with Montreal, sewerage waterworks and paving were among the improvements said to have been agreed upon.

Mrs. Agnes White of Hamilton was awarded costs in her action against the Children's Aid Society. On Feb. 4. 1914, the children were taken from the mother, and, it is said, without evidence being called as to neglect, were ordered by a Hamilton magistrate to be placed in the St. Mary Orphanage, a Roman Catholic institution. On May 1 the children were taken from the home and placed in foster homes "somewhere in Ontario." In July, 1914, Mrs. White petitioned the

Mrs. Christine Schmidt was granted leave to appeal against the decision of Mr. Justice Latchford, dismissing her action against her husband. Frederick Schmidt, and the National Sursty Company. The husband is alleged to have left Mrs. Schmidt in January, 1904, leaving her with the two children. Some time later the children visited the father in New York State and were retained. In order to see the children, Mrs. Schmidt alleges that she was forced to sign an agreement and a bond for \$5000, and it was to have these two documents made null that she entered proceedings. Mrs. Schmidt also claimed custody of the children.

How To Shed a Rough, Chapped or Blotchy Skin

This is what you should do to shed a This is what you should do to shed a bad complexion: Spread evenly over the face, covering every inch of skin, a thin layer of ordinary mercolized wax. Let this stay on over night, washing it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable, no matter how solled on with the complexion of the complexion of the complex of the comp as a young girl's. This result is inevitable, no matter how soiled or withered the complexion. The wax literally absorbs the filmy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so little of the old skin coming off at a time. Mercolized wax is obtainable at any drug store; one ounce usually suffices. It's a veritable wonder-worker for rough, chapmed redwonder-worker for rough, chapped, red-dened, blotchy, pimpled, freckled or sallow skin.

LADDIE CASSELLS VARSITY CAPTAIN?

(From The Ottawa Free Press.)

Hamilton lost its reputation as one of the gamest towns on the Rand-McNally Saturday, when, after throwing a bluff it leoked good to carry thru to a finist it backed up and quit cold.

Twenty-four hours before the Argo-Tiger game the Hamilton Football Club sent word to Referee Phillips it positively would not play under Percy Roberts. The Hamilton newspaper came out boldy and stated there would be no saw-off game at Varsity. Stadium if Roberts so much as showed his face inside the enclosure. Just the same, the Tiger team came to Toronto at noon Saturday in face of the firm stand taken by Eddie Phillips. Up till two clock Isbister and the Hamilton officials said. "Nothing doing with Roberts on the field."

When the team and Tiger management reached the ground, the Argo Club was preparing to give the people back their money. Tigers saw ten thousand spectators seated around the gridiron, and realized half of the gross receipts, or about \$2000, would be theirs if the game was played. They gave way and took the field, with Roberts as umpire.

Moral: A bluff will work in a poker game sometimes, but it's hard to carry it throw when a big bunch of dough is at stake.

Sporting Editor World: In every issue of every paper this week we see nothing but praise for the Argo to the Argo back division, pick any you will from Lawson, O'Connor, Gonter, Smith, Blokle and Holmes, have anything on the Varsity of McKenzie, Carr and Lindsay. Surely Red McKenzie, but praise for the Argo team. This is all right in its place, but these papers (alas) do not concede to the Varsity aggregation a chance to pull thru next Saturday. We fail to see where the Argo back division, pick any you will from Lawson, O'Connor, Gonter, Smith, Bickle and Holmes, have anything on the Varsity trio of McKenzie, Carr and Lindsay, Surely Red McKenzie can out-kick any of these Argo backs by 15 yards. Perhaps at outsides Varsity are outclassed, but still Sinclair, Adelard and Sheehy are very steady, if not brilliant. The much-talked of neavy line of Argos show-

Woodbine Hockey Club Hold Annual Meeting

At the annual meeting of the Woodbine Hockey Club last night the following officers were elected:

Honorary patrons, Jas. Clegg. W. Williamson. H. Collett. D. J. O'Hallern; honorary president, W. J. Carter; president, F. D. Smith; first vice-president, N. Quinton; secretary-treasurer, A. H. Collett, 213 Wheeler avenue, Beach 1778. Delegates to Beaches League, E. Clegg. N. Quinton, N. Attrell, S. Benness, R. Clegg, A. H. Collins.

The Woodbines will have three teams in the Beaches League, with those in the Beaches League, with those decided to place the name of F. D. Smith in nomination for secretary-treasurer of the Beaches League.

The Options.

Altho options were obtained on men from both the Canadien and Wanderer Clubs, Ross, it seems, is only accused of dealing with the Wanderer men, and it is said that the consideration paid for the options was one dollar in cach case.

The provisional directors of the new league are said to hold a few signed agreements in the shape of options, which will probably figure in further proceeding. President Quinn of the N.H.A. was asked if there was any intention of punishing any or the players who had such dealings with the promoters of the proposed new league, and he replied:

The Lower Ottawa Hockey Association, one of the most substantial amateur hockey institutions in the east, held its annual meeting Saturday and decided to play six-man hockey this winter under the rules of the N.H.A. Lachute was admitted to the eastern section, together with Alexandria, Hawkesbury and Vankleek Hill. The western section will be made up of Hull, Rockland, Buckingham and Russell. An objection was put in on attention that you were instrumental in Russell because of its isolated pos but the league decided to retain

The most important change in the personnel of the O.H.A. executive is the voluntary retirement of Mr. Ken Casselman of London from the first vice-presidency because of business reasons, after many years of valuable service to the association. Mr. Casselman's place has been filled by Mr. Jas. T. Sutherland of Kingston, while Sheriff J. F. Paxton of Whitby has been elevated to the second vice-presidency. There are five candidates for the executive of which four are to be elected. The complete list of nominations is as follows:

Past president—H. E. Wettlaufer, Berlin.

Ask O. F. A. to Call a Meeting Hardly Likely He Will Ask for Reinstatement—Hockey

The most sensational event in professional hockey this season, is no doubt the expulsion and blacklisting of Arinur Ross, one of the most celebrated hockey players of the present day.

He was expelled by President T. Emmett Quinn of the National Hockey Association for the supposed offence of having tampered with the N.H.A. players that gave an option on their services to the proposed new league.

In the letter notifying him of his expulsion, and the text of which is printed below, Mr. Quinn gives Ross the option of appealing from his decision to the entire National Hockey Association Board.

Another Appeal.

From what can be gathered from Ross friends, for Ross himself, like the men who are said to have given him options on their services for the new league, absolutely declines to make statements, it looks as if instead of making such an appeal; an appeal to higher courts might result instead, with additional sensations.

What form such an appeal would take cannot be said, but it is intimated that if it is made, it would be made in such a shape as to allow the fullest possible investigation into the manner in which the affairs of the National Hockey Association are conducted.

In fact, it is said that some of the professional and financial gentlemen who were interested are today discussing the question.

News and Gossip.

by conforming to section 9 of our constitution.

I regret having to take the above step, but feel it is a duty I owe to this association as its president.

Yours truly,

T. Emmett Quinn, President.

At a very enthusiastic meeting the Port Eigin Hockey Club reorganized on Monday night with the following officers: Hon. president, E. R. Sayles; hon. vice-president, A. E. Neison; president, R. R. Thomson; vice-president, R. Bruce Munro; secretary-treasurer, Frank Morton; manager, E. Stephenson; coach, Dr. Powers. A team will be entered in the Northern League.

At a meeting of the Presbyterian Young Men's Association, held Monday evening, it was decided to run a hockey league in two sections: Junor, 19 and under; senior, open to all not playing O.H.A. thle season. For particulars and placing of entires communicate with the secretary, E. H. Pooler, 15 Chicora avenue. Phone Hillcrest 2490, before Dec. 14, when another meeting will be held.

A meeting will be held at the Balmy Beach Clubhouse onight to organize a junior O.H.A. team.

In the petition for the injunction the lawyer for the T.R. & A.A. gave as one reason that if the game is allowed the Torontos will suffer serious damage in the way of loss of gate receipts. This is an Osg \$\frac{1}{2}\$ de Hall news item and possibly an unintentional slip on the part of Mr. Lennox.

BASKETBALL SCORES. The Central Y.M.C.A. senior champion-ship basketball game last night resulted: Lee 24, Hanson 20. Playgrounds games last night on Mc-Cormack floor resulted: Elizabeth 44, Moss Park 9; Osler 51, E. Riverdale 22.

Western Ontario, according to a letter received from the Preston Club by Manager Stephens of the Western University Hockey Club. The Preston Club urges the calling of a meeting of representatives from Berlin, Hamilton, Paris, Western University and Sarnis Clubs, to be held before Saturday, when the annual meeting of the O.H.A. is held, for the purpose of arriving at some conclusion regarding what steps to request the O.H. A. to make for a grouping to accommodate such an undertaking.

The Preston Club contends that with practically Hamilton, London, Sarnia and Preston ready \$5 go into a senior series that Berlin and Paris should fall in line for the proposition. With Preston playing senior hockey this winter the best attraction is gone from the intermediate series group in which Berlin, last season's champions, is holding back, for, in prefence \$5 playing the brand of hockey they are capable of.

MINING MARKET **TURNED STRONG**

of Business Tapered Advance in Silver Price Had Good Influence Locally.

BEAVER GOES UP

Loans Made at Four Per Hollinger, Dome Extension. Jupiter and Peterson Lake Stronger.

Yesterday's mining market turned streng. The chief issues featured were Hollinger, Dome Extension and Jupiter, in the Porcupines, and Beaver and Peterson Lake in the Cobalts. Silver advanced to 49% and this had a good influence on the market.

Dome Extension continued strong. It sold up to 9. This is the highest price for some time. The stock appears to be in good demand, by well-informed people. Dome Lake was steady, selling at 660. Hollinger was strong and closed at 18.90 bld. No stock offered under 19.05. Jupiter was active. It opened at 13% and sold up to 14%. At the close 10,000 shares were wanted at 10%.

McIntyre was easier. It sold down to 23%. Vipond was steady at 24 bld. Teck-Hughes was inactive. Odd lots sold at 10%.

Hughes was inactive. Odd lots sold at 101/4.

Beaver Featured.

In the Cobalt section Beaver was the feature. It sold up to 21. The news of the strike on this property was confirmed and it looks as the Beaver would enhance in value. Chambers-Ferland was seasier, selling back to 14. Crown Reserve was slightly lower at 90. La Rose sold at 78 and 80. Nipissing was strong. It sold at 550. This is the highest figure in some time in this stock.

Peterson Lake was active, being a point up at 26. There is said to be still a big short interest in this issue and if an attempt were made to cover the price would advance quickly. Seneca advanced in bids to 1.75. No stock was offered under 225. Timiskaming sold at 11. The market closed strong with the appearance of some new buying entering the field. The advance in silver naturally drew attention to silver stock, and if the advance continues it will enable the Cobalt shippers to get rid of a good deal of ore already stored. Call Loans at 4.

Money was the Interesting feature of the day, its increased ease reflecting the nurther piling up of cash at this centre. Call loans were made soon after the opening at 4 per cent., and many time lears on all industrial collateral were effected at 5 per cent. Renewals of loans maturing today were in virtually every instance, made on a basis more favorable than the original rates.

Retirement by local banks of all clearing house certificates was in itself an element of importance in the general monetary eltuation and this was followed by urther reduction today of emergency arrany. Show Falling Off — Rain in Argentina.

Canadian Press Despatch.

CHICAGO, Dec. 1.—Diminishing of receipts in the southwest helped today to give an upward swing to the price of give an upward swing to the price of wheat. Altho gains were not fully held, the market closed steady at %c to %c net advance. Corn wound up the same as last night to %c higher, and oats up %c to %c. In provisions, the outcome was 10c to 20c decline.

Advices were received that arrivals of wheat at Kansas City might be expected to show a remarkable falling off, as farmers were standing out firmly for a decided upturn in prices. It was pointed out that shipments today from Kansas City exceeded by 600,000 bushels the total amount which the railroads there brought in. There was also attention to the fact that shipments from the other big primary terminals, taken as a whole, had become about equal to the arrivals.

Excessive rains in Argentina,

Excessive rains in Argentina made the wheat bulls confident almost from the start. Sentiment later against the bears grew rapidly when it was found that export buying was being done with a free hand in all directions, including 750,000 bushels for the relief of the starving

Corn rallied with wheat, and as a result of indications that the heavy shipping movement from the country to this city had been checked. The big receipts here, however, depressed the market in the early part of the session.

Oats showed independent strength for the first time in several days. There was an active cash demand, mainly for export.
