Great Waterways Union To Promote Welland Canal

Nation-wide Movement to Support Development of Inland Waterways as Against Georgian Bay Plan, Launched at Berlin Meeting—Eighty Delegates From Boards of Trade.

GEORGIAN ROUTE WASTE OF MONEY

BERLIN, Jan. 11.—(Special.)—An important movement in the history of Canada was launched here this afternoon, in Concordia Hall, when 80 earnest men, representatives of the Ontario towns, assembled to organize the Canadian Great Waterways Union, with the aim that the scheme of men of vision may be realized.

The project launched this afternoon, if hopes are realized, will connect the ocean with the great lakes by a ship canal and the great ocean liners in a few short years will foot their whistles at Toronto and Port Arthur, as at Montreal.

The meeting was opened at 2:30 o'clock by Mayor Schmalz, who called on the meeting to appoint a chairman. Mayor Thorpe of Guelph, who was voted to the chair, said he was in strong sympathy with the plan to improve the waterways. He and four aldermen, together with President J. W. Lyon of the board of trade, and Alex Stewart, president of the Guelph Junction Railway, were present to lend aid in the movement, and it was time to be up and doing.

The chairman then called on B. D. Detweiler, the father of the movement, who expressed his gratification at the great interest manifested in the meeting, and read a pamphlet, which has been pretty widely circulated through Canada, and which outlines the project and tells of the great advantages to be obtained through its adoption.

At the conclusion of Mr. Detweiler's address the following resolution was unanimously carried by standing vote: "That in the opinion of this meeting, the question of transportation is the most important material and economic question before the people of Canada. This feature is emphasized by the geographical position of Canada, also by British connection and by the trade policy adopted."

Further that this meeting protests against the apparent attempt to stampee the people in favor of the so-called Georgian Bay canal, which, in the opinion of eminent engineers and experts, is not practical, is, in fact, a waste of money, and a waste of time as well as involving a tremendous expenditure for totally inadequate results.

The government report, showing the number of curves necessary, amounting to 120, is a gross exaggeration.

Minnie Goldhar Rushed to Grace Hospital as Result of Uncommon Accident.

Miss Minnie Goldhar, 17 years of age, is in Grace Hospital suffering from severe burns as the result of the explosion of a coal range at the home of her friend, Miss Frieda Garfunkle.

Miss Garfunkle with Miss Goldhar and Miss Annie Goodheim are looking after the home in the absence in New York of Edward Garfunkle and his wife.

Canal Campaign Is On

Somewhat akin to the famous slogan, "Pike's Peak or Bust," was the spirit manifested at the meeting at Berlin yesterday, when the Great Waterways Association of Canada was launched.

The gist of a lengthy resolution passed was that the great lakes and St. Lawrence constitute a natural waterway which requires but the development of the Welland Canal link to enable ocean vessels to reach the upper lakes.

Also, it was declared that any attempt to stampee the public into accepting the Georgian Bay scheme should be resisted, that project being branded as utterly impracticable.

It was a big meeting, with eighty earnest delegates from many cities and towns present, and the new association evidently means business.

WANT SAME MUNICIPAL VOTING RIGHTS AS MEN

Women Wait Upon City's Legislation Committee and Promise Monster Delegation.

To urge that in the municipal elections votes be given to those women who could present the same property qualifications as the male voters, a large delegation from the local council of women waited upon the legislation and reception committee of the city council yesterday afternoon.

The delegation was introduced by Controller McCarthy, and was heard when the controller's motion was being introduced, to the effect that women who paid taxes should not be discriminated against as voters in the municipal elections. His motion was sent on to council.

Miss Constance Boulton and Mrs. J. E. Leathes were the first to present the case of the women. Dr. Margaret Gordon, president of the Toronto Woman's Suffrage Association, said that the city council would take the matter before the Ontario Legislature the women would send up a monster delegation to assist them in their efforts.

Controller McCarthy spoke briefly upon his own motion. Present-day civilization does not allow, he said, for taxation without representation. The spirit of Ontario today is that those paying taxes should have the right to vote. Ninety per cent of those men, he said, who qualified to vote would like to see their wives voting, too.

Seven Controllers' Too Many. Aid. Spence's motion, to the effect that the number of controllers should be increased from four to seven, one to be elected from each ward, caused considerable discussion, but when the matter was put to vote, Aid. Ryding was the only one to support it.

The motion to limit a candidate's expenses in municipal elections to \$300 was strongly opposed by Controller McCarthy, who argued that if a man entered the aldermanic contests with no interests behind him and sought support only upon his platform, it cost money to acquire the ratapatters with his proposals.

Ald. Maguire said that both governments were going to adopt a similar plan, and he thought \$300 quite enough for any alderman to spend.

The matter was finally sent on to the council.

BRANTFORD'S RABIES SCARE. BRANTFORD, Jan. 11.—An outbreak of rabies is threatened in Brantford and surrounding district. Numbers of cattle and sheep have been destroyed just outside the city and the authorities say that three mad dogs are at large, and serious damage may result, unless precautions are being taken in this city to prevent the spread of the disease.

KING GEORGE WELL PLEASED. LONDON, Jan. 11.—(Can. Press.)—King George before leaving for his trip, sent the following despatch to Premier Asquith:

"I am sure you will be glad to know that my highest hopes have been realized. The success of our visit has exceeded all anticipations."

Novelists in Plays. Mrs. Plaka, whom Madame Bernhardt has declared to be the greatest of English-speaking actresses, is to appear at the Princess next Monday, Tuesday and Wednesday. In two plays new to Toronto, "Mrs. Bumpstead-Leigh," a hilarious comedy is one, "Julia France," the first play ever written by Gertrude Atherton, the other Toronto is to be given the first public performance of the latter.

SALARY RAISE CAUSED STORM

Recognition of Col. Anderson's Work Interpreted as Shattering Civil Service Act—Laurier Led Attack.

OTTAWA, Jan. 11.—(Special.)—Quite a substantial beginning was made in the passage of the main estimates under the head of civil government, with the exception of those of the department of the interior, being approved when the committee of supply rose and reported progress.

The only item that stirred up much debate was the increase in the salary of Col. Anderson, chief engineer of the department of marine and fisheries, from \$3550 to \$4000. The government was charged by the opposition with riding a coach and six thru the Civil Service Act in this regard. If a jump of several years' statutory increases were to be made in his case, it was argued there were many other officials, who thru long service and ability were equally deserving of recognition.

Sir Wilfrid Laurier, in particular, twitted Hon. Geo. E. Foster with no longer being the watch dog of the treasury, to which Mr. Foster retorted that Sir Wilfrid would now have a chance to transform himself into a watch dog.

To Cut Out Four Dollar Note. When the house went into committee of supply this afternoon Hon. William Pugsley voiced an objection to the issue of \$4 Dominion notes. They were easily mistaken for \$1 notes and were generally disliked.

Hon. W. T. White agreed as to the objectionable nature of the notes and stated that within the last few days he had been considering the advisability of issuing a \$5 government note. In answer to a question of Mr. Pugsley, the finance minister stated that the contract with the American Bank Note Co., for the printing of government notes, would expire on Oct. 1, 1912. The government was now considering advertising probably in the next week in Canada and Great Britain, for tenders for a five-year contract.

Smooth Sailing for Sam. Hon. Col. Hughes got his civil government estimates thru almost without a hitch. When Sir Wilfrid Laurier enquired what the militia department wanted with an architect, the minister was able to report that the gentleman in question had been secured from the public works department before Sept. 1, and he did not think he could be held criminally or otherwise responsible for this appointment.

Hon. J. D. Hazen announced the intention to appoint a general inspector of the agencies of the department of marine and fisheries at a salary of \$2400. Objects to Salary Boost. Hon. William Pugsley objected to the proposal to advance the salary of Col. W. P. Anderson, chief engineer of the marine and fisheries department, from \$3550 to \$4000 as an evasion of the law, and liable to cause jealousy among other officials who were not permitted to take several years' statutory increases at once.

Hon. J. D. Hazen thought there would be no jealousies as Col. Anderson had been in the service since 1875. Hon. George E. Foster declared that all general rules must have exceptions. He was just as strong as when he was in opposition for keeping to the spirit of the law, but once a while justice would be done by something that seemed to be not quite in compliance with the act.

Sir Wilfrid Laurier accused the government of seeking a flimsy violation of the Civil Service Act. "Let us have the law and adhere to it," he said. There were good and efficient officers in every department who might complain that they had been overlooked. It would be an opening of the door to this sort of thing.

A. C. Macdonell (South Toronto) introduced a bill to amend the Patent Act by raising the time limit within which a patent application must be commenced from two to four years, and the time with an importation of the article is prohibited from one to two years.

The bill of Hon. J. D. Hazen to reduce the number of harbor commissioners of the City of Quebec from nine to three was read a second time.

Mr. Borden introduced a bill to amend.

Ontario Versus Manitoba

WINNIPEG, Jan. 11.—(Can. Press.)—The Tribune publishes a despatch from its Ottawa correspondent, to the effect that Ontario stands in the way of a settlement of the Manitoba boundary question. The solid phalanx of Ontario government supporters, inspired by Sir James Whitney, will consent to no settlement that does not give Ontario access to Port Nelson. When shown this despatch, Premier Roblin refused to make any comment.

Commission to Probe Farmer's Bank.

OTTAWA, Jan. 11.—(Special.)—It was announced by Hon. W. T. White, minister of finance, to-night, that the government had decided to grant the requisition of the Farmers' Bank victims for a thoro investigation of the affairs of the bank.

A royal commission is to issue, clothed with ample powers for probing the whole affair from beginning to end. The decision of the government was reported without any further representations from the bank sufferers, altho a number of gentlemen concerned in the appeal recently made were in Ottawa to-day.

The commission has not yet been named, but will consist of one man, probably assisted by counsel. The commission, it is understood, will issue at once.

TOPHEAVINESS OVERTURNED CAR

Conductor Benjamin States at Inquest That It Had 120 Passengers—Jury Would Let Moore Out on Bail.

Let the motorman out on bail was the sentiment openly manifested at the street railway inquest last night. Had it not been for the advice to the contrary of Coroner Graham, a request would have been sent to the magistrate to grant it. One of the jurors said that he thought the opinion of the jury was equal to that of one magistrate, and the jury bowed to the coroner's view of what was proper at this stage of the proceedings.

T. C. Robinette recalled Motorman W. J. Moore. "What were your instructions from your trainer as to the use of the emergency brake?" Answer: "I was only to use the emergency brake in case I saw danger."

N. P. Davidson: "If you were approached by a switch and you were unable to see the switch, would that be a case of danger?" "Yes, I was told to stop my car in front of the barns by the trainer. The trainer did not impress upon him that the stop at the barns was equal in importance to the positive stop at the Riverdale G.T.R. crossing or at Broadview-avenue."

Rust Gives Evidence. City Engineer Rust, examined by Mr. Greer, deposed that according to the T. S. R. agreement the speed was to be determined by the city engineer. He had been city engineer for 14 years. The power was not fixed by the city engineer owing to advice given by Sir Wm. Meredith to City Engineer Keating. This was also the advice of the present legal department.

Mr. Rust remembered talking with the manager of the T. S. R. regarding the city fixing the number of passengers per car. He did not remember a distinct request for the city.

HAD HIDDEN HIDES.

Detective Archibald, accompanied by High Constable Brody of Brantford, yesterday recovered the hides of three sheep which the notorious Bob Cook and Louis Drinkwater are charged with stealing from a farmer near Brantford. In a barn in the northwest section of the city, which had been rented by Cook, the hides were hidden, and seven half-starved hens were also found.

C.N.R. SELLS CITY HOLDINGS FOR \$5,500,000

English Syndicate Pays Cash for Properties in Port Mann, Winnipeg, Montreal and Seventy Points Along Railway's Lines in Western Canada.

One of the largest land deals in the history of Canada, affecting Montreal, Winnipeg, Port Mann (the new Pacific terminus of the C.N.R.) and about seventy divisional points of the C.N.R. in the west, was concluded yesterday, when John F. Hansen, representing a coterie of English capitalists, purchased on a cash basis from Col. A. D. Davidson, representing the Canadian Northern, land to the value of \$5,500,000.

The C.N.R. a short time ago concluded arrangements whereby they assumed control of a large tract of land in Montreal in the vicinity of Dominion Park, where they will lay out railway yards, erect shops, grain elevators, and build their own docks. It is understood that this deal has been pending for some time, but owing to the completion of the Montreal deal nothing could be done.

Mr. Hansen states that the deal comprises all city lands owned by the C.N.R., which they do not require for railway purposes, and that the land so acquired by the syndicate will be laid out in factory sites and residential building lots.

Mr. Hansen further states that the English financiers are becoming more and more familiar with the great possibilities of the Canadian West and in consequence are more than willing to invest their money in western real estate. When subscriptions for the present scheme were called for they were subscribed for many times over. The headquarters of the syndicate will be located in Winnipeg, from whence an active advertising campaign will be conducted through the United States and Europe. The residential lots will be sold on the easy payment plan, and an information bureau opened for the benefit of tradesmen, etc., located in the towns along the line of the C.N.R. in the west.

No Toronto property is affected.

KING WILL INSPECT

Twenty Men of St. John's Ambulance Society to Go to England.

A contingent of about twenty men of the St. John's Ambulance Society will be sent to London, England, at a date to be fixed later, to participate in a review to be held in Windsor Park before the King. The invitation was received and accepted by the local order last night.

The association will shortly place 50 men in uniform in different toboggan sleds and rinks, with appliances to meet the requirements of anyone who may be injured.

TORONTO'S NEWSPAPER TWINS.

(From The Mimico Craftsman.) Brother John Ross Robertson and Senator Robt. Jeffrey are arranging to have a joint journalistic birthday before the winter's over. Both were very old friends of the late George Brown, who published the Globe away back from 1850 to 1876, and when Toronto's population was 25,000, and was known as Little York.

Brother Robertson is one of the oldest members of the craft in Canada, indeed he has been connected with it even longer than Mr. Jeffrey.

Chief Constable Hamilton of Carleton Place has been appointed by the provincial government as license inspector, to succeed Mr. Avestart, who resigned a few months ago to go west.

City Treasurer Needs Money.

City Treasurer Conroy wrote to the board of control yesterday morning asking for an interim appropriation of \$74,000. He claims this sum is needed by the various departments.

FOR COLD WEATHER.

A fur-lined coat for evening wear as a cold winter costume hasn't anything with which it can be compared. Stormy days or cold nights drive fancy trimmings and feathers to the wardrobe, and a light evening costume is well protected by a fur-lined coat. You also will be kept comfortable and free from cold. In the Dineen sale there are over three hundred and fifty very fine fur-lined coats for ladies, all reduced in price. Every coat just received from the warehouses and made from the best outdoor material in tweed, Scotch mixtures and plain cloth, with collars of sable, muskrat or mink.

Nothing Sensational

We don't believe in loud talk or noisy demonstrations when making reductions on our stock at this season of the year. We are making **Reductions** tho, and every department is alive with splendid saving chances that you should not miss if your clothing needs have not all been supplied. Our business for the year shows a splendid increase over last year, and we feel more disposed to be generous on that account. So that if your boys need clothing bring them in and let us fit them out at a big saving to you.

Gentlemen's House Coats, Dressing Gowns and Bath Robes have been reduced to such figures that will leave the racks empty before long—and ours are the kind you can't find in every store.

The Men's Trouser Department fairly teems with snaps, and what's left of our Overcoats will soon find owners at the prices we are asking for them now.

As we said in beginning this talk, we make no sensational noise, but keep on doing a steady healthy growing trade, pleasing our customers and giving them every chance to save money on our dependable garments during our January Sale.

HAMILTON HAPPENINGS

CROWN OUTLINES CASE IN EXPRESS ROBBERY

Testimony Given As to Affairs of Acheson and Chilman—Prisoners Unworried.

HAMILTON, Jan. 11.—(Special.)—The crown embarked on the concluding stake of its effort to convict Douglas Acheson and Joseph Chilman of the Canadian Express robbery last September, when the two men were this afternoon arraigned before Justice Teetzel on three separate counts.

The charges are: Taking the sum of \$8573.24 from the Canadian Express Company on Sept. 29, 1911, by force and violence, simply stealing the specified sum of money on the date named, and receiving the money stolen from the company, knowing it to be stolen.

Both prisoners entered the court room this afternoon with a jaunty air. Acheson was smiling. The young men sat down beside their counsel, but were quickly ordered into the prisoners' dock.

Jury Sworn In.

When arraigned, both entered pleas of "Not guilty." Little time was lost in selecting the jury to try the case, and after the prosecution, and defence had each challenged three of the jury panel, the following jurymen were sworn in: Alfred Miller, Elijah Johnson, Frank Murray, Jas. H. Rice, Jas. G. Milne, Vivian Leslie, Chas. Bolton, Thos. Morgan, Joseph Brown, J. A. Morris, Geo. Bethune, and Chas. Miller. Geo. Lynch Staunton, K.C., and C. W. Bell, are acting for the accused.

Crown Prosecutor Gamble began his statement of the case against the prisoners, at 3:45 o'clock.

Read Former Evidence.

By agreement between the crown and counsel for the defence, the evidence given at the police court hearing relating to the transmission of the stolen money and its arrival here, was read in lieu of having the witnesses appear at the present trial. This evidence traces a package of \$5000 in Molson Bank \$10 bills from St. Thomas, where it was consigned, to the office of A. J. Sept. 28. The Canadian Express agent at Aylmer refused to accept the money on account of the banks there being closed, and it was taken to Hamilton and delivered to Geo. Kennough, night clerk in the local office of the Canadian Express Company.

Another package of \$2000 in \$1 and \$2 Dominion Bank bills was traced from the receiver-general's office in Toronto to the Hamilton office of the express company, where it was delivered to Kennough on the evening preceding the robbery. Express Messenger Roberts testified to having turned in to Kennough on the evening of Sept. 29, a package containing upwards of \$500, which he had collected on his run between Meaford and Hamilton.

Chilman Had Key.

W. A. Robinson of Branford, who was the express company's local agent at the time of the robbery, said that Chilman was employed temporarily as a clerk in the office when the money was stolen, and had a key to the agent's private office, the door opening from the hall of the Canada Life building. He was not seen when Chilman had a key for the main front door. The door leading out to the Canada Life building was locked from the inside when the robbery was committed. The witness later admitted to Mr. Staunton, on cross examination, that the door was closed and not locked. He had not seen Chilman on the evening before the robbery was committed. No one except himself, the cashier, Chalaupka and Kennough, knew the combination to the lock on the outer door of the vault, from which the money was stolen.

Chilman's Story.

The evidence of Edward Allan of Toronto, superintendent of the Canadian Express Company, consisted principally of the repetition of extracts from various conversations he had had with Chilman, before and after the robbery. After the robbery Chilman had explained his movements on the night of Sept. 29. On this night Chilman said he had been in the office twice. Kennough was the only person there at that time. Later Chilman had gone to Acheson's place on Park-street, and the two had then gone to the American Hotel, where they stayed an hour. They next went to a restaurant on King William-street, which place they left at 12:15, and returned to the office on Sept. 29. Ten minutes later the two young men passed the express office and proceeded directly home.

NEVER SURE OF CANNED GOODS

Members of the Dominion Wholesale Grocers' Guild met with the Dominion Canners, Ltd., in Hamilton on Wednesday last, for the purpose of adjusting matters regarding the delivery of canned goods next fall. The wholesalers want the canners to guarantee the delivery of at least 80 per cent. of their orders, so that they will know just what quantity to sell in advance. Nothing definite was arranged at the meeting, however, but the canners are considering the matter. As it stands at present they are never sure what percentage of their orders will be filled. Last year they received but 40 per cent. of their tomatoes ordered, and for three years previous have been short on one or more lines of staple vegetables. On the other hand if they order freely to allow for a short season and the pack is extra heavy, their orders are filled in full and they are liable to be overstocked.

TO BUILD FIVE NEW SCHOOLS

The \$800,000 appropriation for the board of education's supplementary building estimates will be spent on the erection of five new schools, enlargements of Malvern High School, Brock-avenue and Kent Schools, alterations and additions.

The new schools will be: Clinton-st., \$75,000; St. Clair-ave., \$55,000; Dovercourt district, \$60,000; Western-ave. district, \$95,000; Morley-ave., \$115,000. Total, \$385,000.

Enlargements—Malvern High School, \$80,000; Brock-ave or Kent, \$78,000; alterations, \$25,000; purchase of sites, \$45,000. Total, \$288,000.

INSPECTION COMPLETED.

Rev. L. Minehan and George B. Sweetnam, members of the Toronto charities commission, upon whom devolved a large share of the inspection of charitable institutions receiving annual grants from the city, completed their labors yesterday. The commission will now meet and report to the city council.

CHILLY AT COLLEGIATE.

Jarvis-st. Collegiate assembly hall has had extra radiators put in, and even with the heat temperature only went up to 60 yesterday.

Toronto Men Highly Successful.

W. J. May, secretary of the Toronto Canary and Cage Bird Society, has just returned from the International Poultry Show at Buffalo, where he exhibited his canaries with those of J. M. Downer. These two exhibitors succeeded in winning 24 firsts, 25 seconds, 5 thirds and five fourths out of their 59 entries. They also won 15 special prizes and were awarded the Chamber of Commerce Grand Challenge Cup for the most points in the canary contests.

Parlors for Boarding Houses.

Rev. Dr. Shearer is of the opinion that all boarding houses should be compelled to have parlors in which the boarders can receive callers.

NOT DRIVER'S FAULT SAID BRUCE RIDPATH

Man Running motor Could Not Have Averted Accident That Almost Killed Athlete.

After lying at the point of death for several weeks in St. Michael's Hospital, and with a further long wait during which he was not in a fit condition to give his evidence, Bruce Ridpath, who was struck by a motor car opposite the Yonge-st. fire hall, told his story of the accident in police court yesterday morning, and Colin A. Campbell was acquitted of a long standing charge of criminal negligence. He declared that his injury was due to "nothing more than an unfortunate accident."

He declared that the lights of the motor car were lit, that there was no excessive speeding, and that the driver could not have averted the accident. He declared that he passed behind a street car and that the motor car was about five feet from him when he was struck. He turned to go back and was struck as he turned. Another witness swore that he thought the machine was traveling about 12 miles an hour. Yet another swore that had Ridpath gone on, he believed he would have got across in time.

NO MORE HOBBLE SKIRTS.

CHICAGO, Jan. 11.—This is what women will wear the coming season, as disclosed to-day by the style congress held here by the Ladies' Tailors and Dressmakers' Association of America. No hobble skirts. Dresses must be two and a half yards wide, three-fourths of a yard wider than the hobble. They must be short—three inches from the ground. Blue and white are the colors and the materials whipcord, jackets are to be 28 to 28 inches long and close-fitting. Empire effects must be forgotten. If any waist line is affected it must be "at the waist or lower." Revers and sailor collars will be tabooed, but collars will be different colored than the coat. No changes are ordered in plain tailored gowns or suits.

GOT \$36,400 FROM EXHIBITION

According to the treasurer's report of the Canadian National Exhibition the sum of \$74,812.30 was received as admission fees to the grounds. The grand stand yielded a revenue of \$61,736.40. The report shows that the sum of \$58,431.50 was paid to the city treasurer as profits.

SLIGHTLY USED PLAYER-PIANOS.

A Few to be Sold at Very Unusual Prices.

The player-piano to-day is an institution of the musical world. All classes of the people are buying them, but it is only occasionally that the opportunity presents itself for securing a player-piano at anything less than manufacturer's regular price. The offer, however, is made to-day by Helmsman & Co., to sell three or four slightly used player-pianos at a liberal reduction from the first price. We would suggest that any readers interested write the firm at 123-125-127 Yonge-street, for particulars. 5613

Milk Dealers Elect Officers.

The milkdealers' section of the Retail Merchants' Association met yesterday afternoon. The following were elected officers for the ensuing year: R. H. Pili, chairman; J. Kerr, first vice-chairman; G. Dingwall, second vice-chairman; J. H. Locke, treasurer; A. W. Taylor, secretary; K. E. Gourlay, financial secretary; W. Bayley and G. H. Guest, auditors. The price of milk was not discussed.

PREVENT-STREET FLIRTING.

Some of the city ministers are in favor of organized action to diminish flirting on the street, as leading to immorality.

Are You a Victim of La Grippe?

INFLUENZA, or, as it is popularly known, La Grippe, is an infectious disease which should not be treated lightly—in even apparently mild cases, complications may readily develop and as it is peculiarly depressing to the heart, serious failure of heart power is a positive danger. Other complications which may set in are pneumonia, bronchitis, neuritis and meningitis. As may be seen from the above, La Grippe even when mild in its onset, is fraught with very positive dangers if not taken strictly in hand.

WILSON'S INVALIDS' PORT

(A la Quina du Pérou)

is extensively recommended by the medical profession for influenza as it mitigates cough, promotes expectation and at the same time allays irritability. The principal ingredient of this wine tonic, extract of cinchona bark, is a standard remedy for the fever that is always present in this disease, whilst the pure Operto grape wine prevents cardiac depression, gradually restoring normal strength to all organs affected.

It is pleasant to the palate, the cinchona being perfectly covered, and can be borne by the most delicate stomach.

Dr. JAMES NEWELL, Watford, Ont., says: "I have found 'Wilson's Invalids' Port' of great use in the convalescence of exhausting diseases. I have since my attention was directed to this wine, prescribed it in several instances, probably half a dozen, to my patients recovering from influenza (La Grippe) and with very happy results. They found it very refreshing, much more so than any other medicinal wine, which are usually so relaxed or borne well."

FRIDAY MORNING, JAN. 12, 1912

COCK-A-DOODLE-DOO.

What a funny man Mr. Rowell is turning out to be. If he were in the habit of attending the theatre he would have seen the delightful satire in which Rowland shows us Chanticleer under the delusion that by his crowing he makes the sun to rise every morning.

Mr. Rowell crowed on Tuesday and the announced yesterday that the sun had arisen as a result of his effort. At least The Evening Star takes that ground, and Mr. Rowell declares, "It is a great victory for us."

Sir James Whitney had announced last year that it had been decided to change the operations of the hydro-electric system from the control of a commission to that of a department. The World at once entered a protest, and the protest was repeated by prominent Conservatives and Liberals throughout the province.

Sir James Whitney has shown common sense and discretion such as is not to be found among the leaders of the Liberal party to-day. The man who will adopt an idea and wreck his party and his friends rather than admit he is wrong, may have his place in life, but he is not the man to inspire confidence in his wisdom and judgment.

INLAND WATERWAYS OF CANADA

With the movement inaugurated at Berlin yesterday in opposition to the construction of the Georgian Bay Canal and in support of the improvement of the St. Lawrence-Welland route the World is in entire sympathy. Good reasons exist for the belief that the prominence the former scheme has gained is merely due to the efforts of parties with their own axes to grind, and not in the least influenced by really public considerations.

THE CANADIAN ALMANAC.

Now in its sixty-fifth year of publication, the Canadian Almanac long ago became indispensable to every citizen engaged in professional or business life. Its editor has seen additions and improvements regarding the more convenient and complete and ready of reference. The result of this continuous attention is exhibited in the numerous lists and pages of information not found elsewhere and presented in a way that saves much expenditure of time and pains.

In a pamphlet just issued Mr. Detweiler of Berlin discusses the comparative advantages, feasibility and economy of the respective projects. He marshals a formidable array of expert opinion adverse to the Georgian Bay proposition, quite enough indeed to give any government pause before committing the country to a scheme entailing heavy financial burdens and promising nothing in return.

ANOTHER INSPECTOR FOR PUBLIC SCHOOLS

Management Committee So Decides Deputation Wants Collegiate For Riverdale.

Riverdale High School should be raised to the status of a collegiate institute, and a gymnasium there be provided, was the opinion of the Riverdale Business Men's Association, expressed by a deputation to the management committee of the board of education, yesterday afternoon.

Riverdale High School has all the qualifications of a collegiate, except a gymnasium, and the request for one was received favorably.

Dr. Ross Smith called attention to the nominal subject of the virtual expulsion of a boy from Harbord Collegiate.

Principal Hagarty expressed an interest in the boy's welfare, but thought that owing to his father being absent from the city, he required the discipline only available at a boarding school.

Trustee Smith asked if the boy was less amenable to discipline than the boy who knocked an assistant teacher on the head and held him until he would confess that he had committed a crime.

Principal Hagarty said in that case, the boy satisfied all concerned of his penitence before the suspension was revoked. The principal suggested a letter to the committee, signed by the Harbord staff endorsing his action with reference to the boy now under suspension.

The committee referred the case to the chairman of the board, chairman of the committee and senior principal, Trustees Smith, Hodgson and Lewis were appointed to take charge of the handbook for the schools.

As there are 886 class rooms, the committee decided in favor of the appointment of a fifth inspector.

The organization of a second cadet bugle band was approved. The cadets now include fifty-four companies.

May 23 was fixed upon for the annual concert.

Dr. Doherty was granted leave of absence to attend a meeting of the Institute of Dental Pedagogues, Chicago, Jan. 12.

Who Switched E. T. Malone? A letter was ordered sent to Mayor Geary to ask who was responsible for changing the name of E. T. Malone, barrister, from the public school list, where it belongs, to the separate school list, contrary to the wishes and without the knowledge of Mr. Malone, who is a prominent member of the Irish Protestant Benevolent Association.

The following committee on medical inspection was appointed: Trustees James W. McGuffin, The Star; John J. McGuffin, The Mail and Empire; Vice-president, J. Chanceller Boylen, The Telegram; J. Alex. McNeil, Canadian Press; Second vice-president, Harvey H. Black, The News; John J. Middleton, The World; John K. Munro, The Telegram; Secretary, D. Douglas Eppes, The News; John Hamm, The Globe; James F. Haverston, The World; John J. McLellan, The Mail and Empire; Treasurer, Fred W. Field, The Monetary Times; Sydney Howard, The Star; John Pritchard, The Globe.

The annual meeting for the election of officers, and to decide a bylaw providing for the establishment of permanent headquarters for the members, will be held at McConkey's, on the evening of Wednesday, January 24.

ALLOWED WIFE TO STARVE.

WINDSOR, Jan. 11.—George Knight, a widower farmer of the Township of Gosfield South, Essex County, was placed under arrest to-day by High Constable Campeau on a charge of neglecting to provide for his wife. According to information received by the authorities, Knight failed to provide food and clothing, although he is reputed to have \$100 in the bank and a clear title to five acres of land. Knight is now lodged in jail here and will be arraigned to-morrow.

Mrs. Knight died on Dec. 22.

EAST END PROPERTIES SELLING FAST.

Several large real estate dealers in the city report good business in the district between Gerrard-st. and Danforth-ave. McEachern & Co. report the sale of 600 feet frontage in Glenhurst Park between Gerrard-st. and the Kingston-road since the first of November, the prices ranging from \$28 to \$400.

A new sub-division to be known as "College Heights," situated about halfway between St. Clair-ave. and Eglinton-ave., will be put on the market in the spring.

IS THE OYSTER BUSINESS PROFITABLE?

The Trustweave Company, who have for a number of years carried on business in South Newark, Connecticut, have given up business and the plant in Water-street, South Newark, is being dismantled and the contents sold. This concern was the manufacturing end of the Sealship Oyster System, a corporation incorporated in a capital of a very large amount, and had its headquarters in South Newark until a few months ago when it was removed to Boston. There have been some radical changes made in the management, and there is considerable speculation in stock circles as to the future of this company.

HARD TO FIX VALUE OF C.P.R. TELEGRAPH PLANT

Maze of Figures Give Railway Commission Food for Thought—Estimated Worth \$6,156,000.

OTTAWA, Jan. 11.—(Can. Press.)—The question of the proper apportionment of revenue and expenditure of the Canadian Pacific Railway Telegraph Company to commercial and railway business came in for discussion at this afternoon's session of the general inquiry into telegraph tolls by the railway commission.

Practically the entire afternoon was taken up with a general analysis of the valuation of the C.P.R. telegraph plant submitted by W. J. Camp and put in as an exhibit.

A table was put in evidence showing the number of miles of poles, wires, etc., as follows:

75,782 miles of wire along the railway, 44,386 of this exclusively commercial, 3301 miles exclusively railway and 42,085 miles of telegraph system. This is estimated that 28 1-4 per cent. is railway, and 76 3-4 per cent. commercial. Figuring on this basis it is estimated that some \$2,247,551 of the plant is devoted to railway use exclusively and \$3,908,449 to commercial use. The whole Canadian Pacific Railway telegraph system is estimated to be worth \$6,156,168.

The figures, Mr. Pitblado pointed out, showed that it would cost to reproduce the present office of the railway telegraph system and he could not obtain any idea of what the system did cost. Some of the iron wires in use have been counted some thirty years and as thirty years is supposed to constitute the life of these wires, he thought some of them must be about worn out.

Dr. A. H. U. Colquhoun Hon. Pres. Press Club

Is Unanimously Elected to Office—Newspapermen Hold Nominations.

Dr. A. H. U. Colquhoun, deputy minister of education, was unanimously elected by the members of the Toronto Press Club to the vacant office of honorary president, at their nomination meeting last night. This post has remained vacant since the death of the late Dr. Colquhoun, who was a prominent member of the Irish Protestant Benevolent Association.

Dr. Colquhoun has hitherto been honorary vice-president of the club.

Nominations for the various offices for the coming year were received as follows: President, William Banks, The Globe; G. Allan McGuffin, The Star; C. W. McGuffin, The Mail and Empire; Vice-president, J. Chanceller Boylen, The Telegram; J. Alex. McNeil, Canadian Press; Second vice-president, Harvey H. Black, The News; John J. UNDERTAKERS MAKE PROTEST

Recent Appointment of Physician as Secretary of Examining Board.

A deputation representing the Canadian Embalmers' Association and the undertakers' section of the Retail Merchants' Association, called on Provincial Secretary Hays, yesterday, to make a protest. It appears that an attempt has been made by some undertakers in Toronto and the medical profession to secure the appointment of a physician as secretary of the new board of examiners to be appointed by the government, under the Embalmers' Act, 1908. It is the wish of the executive of the association that the undertaker be the secretary of the board, instead of a physician, and J. C. V. Hays, provincial secretary, is favorably minded for the position.

The deputation that waited on the provincial secretary included J. H. Robinson of Hamilton, president of the Canadian Embalmers' Association; N. B. Cobbleck, Daniel Stone and Harry Ellis. E. M. Trovren was also present, representing the Retail Merchants' Association.

THE CANADIAN ALMANAC.

Now in its sixty-fifth year of publication, the Canadian Almanac long ago became indispensable to every citizen engaged in professional or business life. Its editor has seen additions and improvements regarding the more convenient and complete and ready of reference. The result of this continuous attention is exhibited in the numerous lists and pages of information not found elsewhere and presented in a way that saves much expenditure of time and pains.

Before The Chancellor, Riddell, J.; Sutherland, J. Noble v. Noble—W. S. Brewster, K.C., for plaintiff; M. K. Cowan, K.C., for defendant. In the judgment of the Chancellor, J. of Oct. 23, 1911, an action by plaintiff, a merchant of Brantford, to recover possession of certain land from his son, the defendant, who was alleging that she is wrongfully in possession thereof and she claiming title by possession. At the trial plaintiff's action was dismissed with costs.

Judgment: In the present case, during the whole period of the son's occupation and after his death, the lot has been assessed to the plaintiff as freeholder and to the son as tenant, and the taxes have been paid by the father. This appears to us to present a case in which the plaintiff is entitled to the land, and the son, with the express assent and acceptance by the son, the father, after the son's death, leased the place without objection or ratification with the assent of the plaintiff, and let her occupy the same as a tenant for a term of years, which was done after the expiration of the statutory ten years' limit, and this done after the son's death, was incoherent with the plaintiff's title as freeholder and reflects light on the real nature of the son's occupation. Upon another ground also we think the judgment in appeal should be reversed, and the father purchased the lot and gave a mortgage in fee for part of the purchase money. Payments were made during the son's life, and the mortgage was paid off. The judgment should be reversed, but we assume no costs are asked, and we will allow the plaintiff to get the balance of the price of the land, which the plaintiff has sold during the amount paid on the mortgage.

Bloodless Battle Over Street Car Service Begins Four Day Engagement—Strong Front Will Be Presented by City Leaders—Surprises May Be Expected.

WAR. CONTESTANTS: TORONTO STREET RAILWAY V. ITS PATRONS. BATTLEFIELD: COURT ROOM No. 3, IN CITY HALL.

CASUS BELLI: LONG EXISTING GRIEVANCES OVER NON-ACCOMMODATION. BALANCE OF POWER: THE ONTARIO RAILWAY BOARD.

BUGLE CALL: THIS AFTERNOON, 2:30. The war between the citizens and the Toronto Street Railway will be resumed in the city hall this afternoon.

Clear Up All Differences. Some of the differences which were put temporarily aside a few weeks ago will be fought to a finish this afternoon.

Hopeful for Canal. "The deepening of the Welland Canal is one of the many subjects to which the Ontario Associated Boards has directed its attention in a most aggressive manner, and judging from the favor with which it is received and from the calibre and character of the men who are promoting it, we may confidently expect that the project will be an accomplished fact before many years.

Yes! It Is Still Cold. There is such a thing as getting accustomed to conditions, no matter how severe they may be. The remarks of Toronto people yesterday about the weather is a good example of this.

Strong Practical Objections. Strong practical objections can be set against that scheme, proposed by the Ontario Associated Boards, and Mr. Detweller said that navigation experts scout the idea that insurance could be obtained on large vessels short of prohibition rates. The water supply was admittedly deficient and the expedients suggested for overcoming the water shortage were conceded to be costly and not very effective.

Notice of Meeting. The annual meeting of the directors and shareholders of the Metropolitan Manufacturing Co. will be held at their office, 187 West Queen-st., Friday, Jan. 26, 1913, at 2 o'clock.

Berlin, Jan. 11.—(Special).—A very fine picture of Berlin's new \$100,000 public school will appear in this week's Sunday World.

Deaths. RUSSELL—On Wednesday, Jan. 10, 1913, at his late residence, 41 Verrill-avenue, James Russell, aged 69 years, born in County of Monaghan, Ireland. Funeral Saturday, Jan. 12, at 2:30 p.m. Interment in St. James' Cemetery.

Deaths. Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto. ed car had turned slightly southward by reason of the switch.

The Highlands. "THE QUALITY SUPERB" is a favored and restricted community in the north end of Toronto on a high, healthy elevation overlooking the Rosedale Golf Club and the winding boulevards, crescents, bowling green and sequestered nooks of Lawrence Park.

Through thoroughly protected from intrusion by its location, the Highlands is within easy reach of the centre of Toronto and enjoys all the privileges and advantages of this progressive city—churches, stores, offices, theatres, etc., are all within easy access.

The Highlands, with improved transportation in a year or less, will take its place as the "suburb beautiful" of Toronto. You can hardly find a more desirable investment.

Salary Raise Caused Storm. Continued From Page 1. The Civil Service Act, founded on a resolution which was passed by the house, to permit the private secretary of a minister to be appointed a clerk in subdivision B of the first or A or B of the second division, and paid a salary not exceeding the maximum in such subdivision.

Members of the opposition tried to trap Hon. J. D. Hazen into a declaration that the proposed increase in the salary of a deputy minister should be \$5000, and added that the late government had added \$1000 to the deputy minister of naval affairs, making his salary \$6000.

MAY ASK DELCASSE TO BE PREMIER OF FRANCE Leen Bourgeois Will Have First Choice, But Will Decline Honor.

PARIS, Jan. 11.—(Can. Press).—President Fallieres has decided to offer the premiership to Leon Bourgeois tomorrow, but as M. Bourgeois undoubtedly will decline for reasons of health, the president must look elsewhere for a man capable of forming a cabinet and insuring a republican majority. M. Bourgeois is at present in the senate. He has held the post of premier, minister of foreign affairs, minister of public instruction, minister of the interior, minister of justice, and president of the chamber of deputies. Others mentioned as most likely to receive the call to the premiership are ex-premier Briand, M. Doumergue, who was minister of the colonies in the Combes cabinet, and M. Poincaré, senator for Meuse, who has held numerous ministerial positions. It is doubtful whether M. Delcasse, who yesterday was appointed foreign minister prior to the resignation of the cabinet, would accept the premiership, even if it were offered to him. He has been minister of foreign affairs, ever, expressed the opinion that he would not decline if offered the premiership.

EVERYBODY SATISFIED. Dr. J. O. Orr, manager of the exhibition, stated yesterday that work would be commenced in two weeks' time upon the new building which the government will erect on the grounds at a cost of \$100,000 to be placed north of the transportation building, almost opposite the horticultural building. Its dimensions will be 400 by 800 feet.

Green Bay, Mich., Jan. 11.—Axel Green of Oconto was found frozen to death near Lake Woods to-day. The thermometer still hovers around 20 below zero.

Green's Sudden Death. KINGSTON, Jan. 11.—(Special).—William Underwood, driver A battery, R.C.H.A., was found dead in bed this morning. Death was due to strangulation. He was 35 years of age, and had only been in the battery two months. He was born in London, Eng., and served in the imperial army.

Consumption's Heavy Toll. Over six hundred people die every year in Toronto from tuberculosis, said Medical Health Officer Hastings at a meeting of the local board of health yesterday afternoon.

Mr. and Mrs. Li Lum and family are pictured in this week's Sunday World, taking part in the big Chinese procession.

York County and Suburbs
E. YORK CONSERVATIVES
HAD A LEVEL MEETING

Some Plain Talk on the Patronage System—Want L. A. De Laplante Removed.

EAST TORONTO, Jan. 11.—(Special.)—Almost impassable are the sidewalks and concession lines out in East York, but even this coupled with genuine Canadian winter weather, with the thermometer hovering round the zero mark, could not daunt the Conservatives out in that riding, who to-day rallied from all points to Society Hall on Danforth-avenue, to attend the annual meeting.

It was a splendid gathering, as hearty as was big, and dealt with the matters cropping up in an eminently practical manner. The first thing they did was to elect the officers for the ensuing year, and the names submitted to acclamation were Dave Beldam, the late president, and Garnet Duncan, the latter of Richmond Hill. On the first count Mr. Beldam was the low man and the second man elected Mr. Duncan by a vote of 27 to 22 over Mr. Underwood, Frank Howe of North Toronto was elected vice-president by acclamation, Johnny Hynes of Norway declining to enter the list and Ed Francis of Thornhill succeeds Alex. Baird of Scarborough as secretary-treasurer.

H. H. Ball and H. E. Nichols officiated as scrutineers. There was a lively scrap over the retention on the list of East York of L. A. De Laplante as chairman. The revolt was led by Col. Hazelton of Todmorden and backed up by a number of influential Conservatives from other parts of the riding.

Mr. Hazelton declared that the time had arrived for a change, and that if this was not forthcoming there would be trouble in that district. Several other members added their quota and the suggestion that a patronage committee or in other words an advisory patronage committee be named, to confer with Mr. Cowan the sitting member, as to the appointment of license and other positions was adopted.

A resolution introduced by H. H. Ball and seconded by H. E. Nichols of Richmond Hill, strongly urged upon the association the advisability of taking immediate action in approaching the local municipal bodies with respect to the introduction of hydro-electric power.

In speaking to his resolution Mr. Ball declared that the introduction of the hydro-electric would inaugurate a new era in Canadian life, and suburban life. It was imperative, he said, that the matter be brought before the local municipal councils and petitions circulated among the farming community for the introduction of power and light at the earliest possible moment. The resolution commending the government was unanimously adopted.

Ex-Councillor Nelson Talks Ex-Councillor Nelson of York Township in a spirited attack on the reeve of that municipality, charged that the latter had willfully misrepresented the true state of affairs as between York Township and the hydro-electric. "I charge you to watch all municipal officers in York County, who are Grits," said Mr. Nelson, "as no matter what they say, they are at heart opposed to the hydro-electric."

Want Rural Registration. A resolution moved by Councillor R. L. Baker of North Toronto, seconded by H. E. Nichols, strongly supported the principle of registration in urban and suburban districts as against the present method of getting on the voters' lists. H. H. Ball and others, speaking to the motion, declared that there was no need of rural registration as applied in the city should not be equally applicable to country districts. Frank Howe also supported the movement as did a number of the others.

J. C. Carstairs, Ex-Warden George Henry of York, D'Orsey McGee of East Toronto and William H. Hicks, did not favor the innovation. It was, however, submitted to the meeting and carried by a large majority.

Alex. McCowan, M.L.A., spoke briefly and later in deference to the opposition manifested toward Mr. De Laplante, asked for the appointment of an advisory patronage committee. Dr. W. D. Walters, prior to Mr. McCowan's address, had strongly advised against the policy later adopted.

"If I were the member for East York," said Dr. Walters, "I would deal with every appointment on its merits and I would assume the responsibility incurred thereby."

Following the general meeting, the advisory patronage committee met and dealt with some of the matters in question. Among those present were Wm. Milliken, C. N. Hagerman, L. H. Armstrong, C. T. Lyon, Frank Law, Joe Ground, Ex-Warden Henry, John Hynes, Sam Wilson, J. C. Carstairs, W. H. Peterson, W. W. Thompson, R. A. Fleming, John Thomas, Dr. Teft, Robert Barker, Alfred Mason, Robert McCowan, William Patton, George Chester, Robert Peterson, Mr. Hicks, W. G. Ellis and others.

Some Who Were There. Some of those who were there were Wm. Milliken, Mr. W. G. Ellis, C. N. Hagerman, L. H. Armstrong, C. T. Lyon, Frank Law, Joe Ground, John Hynes, Sam Wilson, J. C. Carstairs, W. H. Peterson, Dr. Armstrong, W. W. Thompson, R. A. Fleming, Jno. Thomas, Dr. Teft, Robert Barker, Alfred Mason, William Patton, Ex-Ald. McMillin, Jas. Moffatt, Mr. Hicks, Robt. McCowan, George Chester, Robt. Peterson and many others.

NORTH TORONTO. NORTH TORONTO, Jan. 11.—(Special.)—All the local rinks are thronged every night, the Glen ridge in Downsville to-night, being especially well patronized. The music by the local town band is a great attraction. North Toronto Library Board's monthly meeting was held last night in their new premises on the east side of Yonge-st., nearly opposite the town hall.

The library at present has about 3000 volumes, and this coming year will increase the number to ten thousand. They also have on file all the leading periodicals and newspapers, and the board have a plan working out by which they expect to supply the public

Apathetic Sentiment the Leading Factor in All Stock Markets

Wall Street in Bearish Mood And Stock Market Drifts Lower

Renewal of Bear Liquidation Finds Security List in Vulnerable Position—Market Closes on Rally.

NEW YORK, Jan. 11.—The leading speculative stocks were under severe pressure to-day, and prices fell. Sentiment was more bearish and traders on the long side of the market were unable to follow up the advantage which they gained yesterday. After a show of strength in the early trading, the market responded to the efforts of aggressive bear selling, and was heavy during the remainder of the day, with periods of pronounced weakness.

Union Pacific was once more the centre of the bear attack and its recovery of yesterday was canceled by a two-point decline. The moving nature of this stock was the leading feature which has attracted so much attention during the last few weeks.

Reading also showed pronounced weakness at times, and fell back two points. Southern Pacific, St. Paul, Canadian Pacific and the copper and steel shares also were under pressure. Their weakness exercised a depressing effect upon the whole list.

BANK SHARES STRONG IN TORONTO MARKET

Renewed Investment Demand the Feature of Apathetic Session—General List Quiet.

World Office, Thursday Evening, January 11.

Outside of a few restricted price changes in some of the specialties, there was little doing of any material interest in the Toronto Stock Exchange to-day. Trading during the morning was of a more active nature than usual, but in the afternoon speculation simmered down to small volumes with prices in certain instances showing a tendency to sag.

The South American traction issues were among the most apathetic on the list, neither Rio nor Sao Paulo coming in for any particular demand. This was particularly true during the afternoon, when only two small lots of Rio changed hands and Sao Paulo made no appearance whatever in the list of speculations.

Rio opened a shade below last night's levels and dropped back further during the day, losing a large fraction of 112-1/2. A portion of this loss was regained during the afternoon when the price got up again to 112-1/2, but the best bid at the close was below that figure. Sao Paulo was not dealt in at all and closed at 185-1/8 bid, yesterday's low point.

Industrial Issues Firm.

The feature of the industrial issues was General Electric which scored a two point advance at 114 and closed well above last night's quotations. The improved status of the electric stocks in Wall-street was accepted as responsible for the outburst of activity here. Some of the other issues showed a firm tone, but such price changes as were shown were generally confined to small figures and did not attract much attention. Canadian Locomotive came in for a slightly improved demand and gained over a point at 107-1/2. The more responsible sentiment regarding the affairs of the company.

A feature of the market was the investment buying, which was noted in bank shares. Bank of Toronto was a particularly strong spot, gaining two points at 207-3/4 and closing bid and asked at 208-1/4. The annual report issued yesterday made a remarkable showing, and sentiment was favorably affected on that account. Dominion, Imperial and Toronto were also strong, the latter closing at 148-1/2.

The market on the whole was in a quiet frame of mind and did not show any of the volatility of the previous days. Traders here were hoping for late. The public speculative movement was on a narrow plane and it was to be expected that anything else that the apathetic feeling was due.

Light Speculation in Montreal Market

Price Movements Small and of Little Moment—General Trend Slightly Easier.

MONTREAL, Jan. 11.—Trading on the stock exchange to-day was in light volume and practically without feature. Price movements were small and generally of no moment, and while there were no signs of an upward movement after the small declines of the week, on the other hand, most of the more attractive issues were steady. Exceptions to this were Canadian Pacific, Montreal Power and Dominion Steel. Under outside influences Canadian Pacific again opened weak and declined from 7-3/4 to 7-1/2. Power and Steel were both off 3-4 on a small trading. Power opened 1-1/2 lower than the last close and was steady and quiet to 123 again and was steady and quiet to 123 again and was steady and quiet to 123 again.

Will Build Line To Mountain Top

Dr. Pearson Says Mexico Tramways Will Assist Popocatepetl.

MEXICO CITY, Jan. 10.—Dr. F. S. Pearson, president of the tramways system here, in which there is a great deal of Canadian capital invested, has announced the intention of his company to build a railway on the top of the snow-covered volcano Popocatepetl, 17,500 feet above sea level.

The company is completing the survey for an electric line from Mexico City to Puebla, the road passing by the mountain top.

Dr. Pearson says that a branch from this road to the mountain top is feasible.

British Consols Decline Further

Labor Troubles Hanging Over London Stock Market—Sentiment is Depressed.

LONDON, Jan. 11.—Money was in good demand to-day. Discount rates were firmer, owing to the demand for gold for India.

Labor troubles caused a further setback in British securities on the stock exchange. Consols fell three-eighths, despite improved weekly statement of the Bank of England. Mining shares and foreign securities fared in sympathy with firm advances from Paris, and copper stocks closed better.

American securities opened quiet and a fraction higher. Prices declined during the first hour, mainly on realizing, and during the latter part of the day were heavy.

The royal procession passing thru the Delhi gates is shown in this week's Sunday World.

NEW YORK BROKER SUSPENDED

NEW YORK, Jan. 11.—W. R. Holligan, board member of the stock exchange firm of Holligan & Co., 111 Broadway, was expelled from the exchange to-day, according to an announcement made to the governors.

The cause of the expulsion was given merely as alleged misrepresentation of securities between parties directly or indirectly affected by the fire in the Equitable building is further delayed until January 15.

Russell Motors Big Pay Roll.

It will be a surprise to many people to know that the works of the Russell Motor Car Co. have grown so rapidly during the last few years as they have. The pay roll of this establishment in West Toronto for the month of November was over \$50,000, and as the increase, it means that the pay roll of this establishment in the western part of the city will approximate three-quarters of a million for the fiscal year.

SIMPSON

Filling Up the Ranks of the Midwinter Sale at Simpson's

Each day sees a new array of values on the firing line, depleted stocks brought up to full strength, and reinforced by dozens of new specials. These opportunities are planned for you—do not miss them.

The White Sale is a Triumph of Merchandising

The quality necessary to give satisfactory wear, and the price to make buying rapid, are both here, as is shown by the items below recited:

Unusual Pricing for Women's Coats

Women's and misses' sizes; new reversible materials in grey and King's blue and brown and purple, made on a variety of the newest of this season's models, with straight lines, square back or with high waist line, collars in the latest design, with round or square backs, or new convertible collar that will button up to throat if desired, patchpockets, collars, pockets and cuffs are all of contrasting materials.
