PEACE CONFERENCE MEETS FIRST WEEK IN JANUARY

Deliberations Expected To Last About Four Months-- First Meetings Will Be for Framing the Preliminaries With Enemy.

Paris, Dec. 6.—The opening of the peace congress is set for the first week in January. It was the desire of the Americans to begin at the earliest possible moment. Other delegations felt that a later date would be necessary owing to the Christmas holidays and the official functions connected with the presence of President Wilson and King Victor Emmanuel of Italy, but the first week in January is finally chosen. The first meetings will be for the actual framing of the preliminaries of peace with the representatives of the enemy powers who will be present.

MUST BE NO STAIN ON ARMY'S LAURELS

General Mangin Issues Proclamation to His Troops Occupying Lorraine.

St. Avoird, Lorraine, Dec. 6.—Gen. Mangin, commanding the French army of occupation in Lorraine, has addressed an order of the day to the troops of the Tenth Army, paying tribute to the fine discipline shown by them during the march thru Lorraine. The order reads: "You will now continue your triumphant march toward the Rhine. Nobody can ask you to forget the abatements committed by the enemy. It is not on the ground of barbarism that you could fight against the enemy; you would be beaten in advance. You will remain worthy of your great mission and your victory in Lorraine, and remember that during the wars of revolution the armies of the republic behaved in such a way that the Rhine repudiated them."

BRITAIN DAY IN UNITED STATES

Two Hundred and Eighty-Eight Cities and Towns Complete Preparations.

New York, Dec. 6.—Tomorrow is Britain Day in the United States. Telegrams yesterday from 288 cities and towns where the American Defence Society has branches, told of completed preparations for the day's observance. Governor Whitman has officially proclaimed the day in New York. Besides a cablegram from Premier David Lloyd George, which reached the British Day headquarters in New York City today, several other messages were received—greetings from Archbishop of York, lord mayor of London; Arthur Henderson, Gen. Bidle, Attorney-General Frederick Smith and prominent British men of the Staff College Institution in England.

LEAGUE OF NATIONS GREATEST WORK OF CONFERENCE

Balfour Outlines His Views on the Coming Peace Congress. TO PREVENT WARS Not Only Curb on Autocracies But on Smaller Independent Countries.

London, Dec. 6.—Arthur J. Balfour, secretary of state for foreign affairs, in outlining his views on the peace conference today, told the Associated Press that he thought the meeting in Paris this month would be merely informal and preliminary to the conference of the great powers at the first of the year, which would formulate all the important terms of peace agreements.

POLICEMEN'S STRIKE APPEARS DEFERRED

Police Keep Mum and Today Present Grievances to Mayor.

Three meetings of the Toronto Police Federal Union were held in the Sons of England Hall yesterday, with an attendance of over 90 per cent of the members in attendance. The only thing outside of routine business transacted, was the nomination of officers, the election of whom will be held next week.

LLOYD GEORGE CABLES THANKS TO AMERICA

New York, Dec. 6.—David Lloyd George, British premier, in a cable message received here today by the National British Day committee, says: "I am always delighted to hear of any work which helps to make our nations understand one another better. We shall never forget the prompt and decisive response of the American president and people to the allied call this spring, and the invaluable part played by the American navy in helping to free the seas from the German pest."

Calling on the Same Lady

Brantford, Dec. 6.—Inspector J. Shute states that a report submitted to the board shows that there were 67 houses in the city which would either have to be renovated or vacated by spring. The location of each one of these houses has been reported to the board for their action.

EX-KAISER AGAIN PROVED FALSIFIER BY KNOWN FACTS

Statement That He Knew of Events Only From Norwegian Papers is Untrue. VERY BUSY ON TRIP Wireless and Torpedo Boat Brought Him Daily Many Cipher Telegrams.

London, Dec. 6.—Dealing with the speech of Kurt Eisner, the Bavarian premier, which he said that comments on certain documents proved that the Kaiser caused the war, the Tageblatt of Berlin says it is true that negotiations on documents often bore signs of the well known inopportuneness of the emperor and declares that there is no doubt the documents added would be the most important and the longest of the series. When it was finished the enemy countries would be called in to ratify the conditions.

WARSHIP HITS MINE; ELEVEN ARE MISSING

London, Dec. 6.—Eleven men are missing as a result of the British warship Cassandra coming in contact with a mine in the Baltic Sea last Wednesday night, according to an official communication issued by the admiralty tonight. Torpedo boat destroyers rescued the remainder of the crew. The text of the admiralty statement says: "The British warship Cassandra struck a mine in the Baltic just before midnight Wednesday and sank at 1 a.m. Thursday. Eleven men are missing. Presumably they were killed by the explosion."

NEW SYSTEM OF GIVING TROOP TRAIN NEWS

To facilitate the giving to the public of full particulars regarding the movement of troop trains, Col. G. A. Dodds, Toronto, has arranged to keep special enquiry offices, equipped with telephones and a staff of three attendants at both North Toronto and Union Stations.

How To Make Work and Business

Everyone Should Get Busy on the Job--Cheaper Building Material and Cheaper Food Are Influences That Will Greatly Help.

"You ask me to put down something practical in the way of helping on business and finding work for our returned soldiers and other unemployed, in view of the offer of the federal and provincial governments to find the money," said a well-known public man to The World. "Sir Edmund Walker shows us all a way by starting to build a big new bank in the city. Even if the Bank of Commerce can't start it right away, they set the ball rolling. It shows their faith in the future, and that's contagious. Let others who can start at once do so."

EIGHT BILLION POUNDS WILL BE BRITAIN'S DEMAND

Lloyd George as Conciliator in First Step Taken to Settle Difficulties Threatening Country.

London, Dec. 6.—Premier Lloyd George has taken up his old role of conciliator. He returned to London today from his speaking tour and took charge of the railroad situation. The premier conferred with Sir Albert Stanley, president of the board of trade, after which Sir Albert received representatives of the railway men and explained the premier's attitude.

Crown Prince Renounces Throne

Paris, Dec. 6.—Crown Prince Friedrich Wilhelm has renounced his German throne. A despatch received in Berlin from the semi-official Wolff Bureau quotes the crown prince in renouncing the throne as having said: "I renounce formally and definitely all rights to the crown of Prussia and the imperial crown which would have fallen to me by the renunciation of the emperor-king or for other reasons."

EXPECTED TROOP SHIP HAS NOT LEFT YET

The White Star Line steamer Olympic, which was expected to arrive any day at Halifax with 7000 returned soldiers, has not left England yet. It is not known how the announcement came to be made in the first place, but is probably a case of "some one has blundered."

BRITISH WARSHIPS AT WILHELMSHAVEN

London, Dec. 7.—The British battleship Hercules, with a naval delegation aboard, escorted by five torpedo-boat destroyers, arrived in Jante Bay Thursday, says a despatch to the Exchange Telegraph from Copenhagen. Jante Bay is the port of the German naval station at Wilhelmshaven.

WORK OF THE WAR CORRESPONDENTS

Scribe of Slaughter Addresses Canadian Club on "Intelligence."

F. A. MCKENZIE

Allied Propaganda by Balloon—How the Yankees Fought.

Whatever Lord Kitchener may have been, the war correspondents believe he was in error about newspaper men...

Hoover, the American food controller, started right by calling in all the cable men and giving them the story of the first food ship arriving for the Belgians...

When the new men came into the army in Britain they learned the only way to get publicity was to use experts—not newspaper men.

"No newspaperman would give away anything that would damage the cause," he said. "There is something we value far more than scoops, that is victory."

"After all, armies want the people at home to know what they are accomplishing." The government was right in one instance however. They believed in a free press, not a gramophone service, and they welcomed criticism.

The second phase of the question was getting the news over to the Germans, who were kept in utter ignorance. When they learned something at Passchendaele, they were told they would be moved to England.

By a service of white balloons floated over the German lines with favorable winds, pamphlets in bundles, giving the names of cities without note or comment were dropped over the enemy territory.

Head office in Montreal of Canadian Bank of Commerce, built by the late Stanford White and admitted to be one of the finest pieces of architecture of its kind in the world.

BANK OF COMMERCE TO BUILD ON KING

One of the finest buildings as yet erected in the city is to be built by the Canadian Bank of Commerce as its head office as soon as conditions in the reconstruction period have become a little more settled.

The business transacted in the present head offices of the institution has grown to such proportions that the larger building has become a necessity.

The present location, on the south side of King street at the corner of Jordan with the additional ground, now occupied by the two buildings on the west, will provide the site for the new bank.

It is the intention to use the whole of the building for the business of the bank, and it will be one of the most modern and imposing in Canada.

GROSS INJUSTICE OF SEWAGE CLAUSE

Works Committee to Test Act Under Ontario Railway Board.

Appearing before the works committee at their regular meeting yesterday, T. R. Ferguson, appearing for a client, asked the committee to have small portions along the sidewalk at 51 Walker avenue removed.

"If the stones are dangerous they should be removed, but not otherwise," said Alderman Hiltz, chairman of the committee.

Application was received by Commissioner Harris of the works department, by Peter Lutz & Sons, Limited, on behalf of the Toronto Terminal Company, for permission to construct a tunnel under the street.

The committee decided to test the act of the provincial house compelling the city to carry sewage from houses in the County of York, yesterday, and refused to grant a E.

HOW TO PROVIDE FOR THE WOMEN

City Hall Meeting to Discuss Reception of Soldier Brides.

Plans to ensure a comfortable reception to the wives and children of soldiers who may be coming from overseas to Canada and who may either pass thru or remain in Toronto were threshed out under many aspects at a meeting held at the city hall yesterday afternoon.

The mayor referred to the women and children arriving in Toronto for whom there was no preparation, no place to receive them and no meals to give them.

Mrs. H. D. Warren said that the Women's Patriotic League has a house which they can use for between 25 and 50 women and children.

Speaking of the patriotic league, T. B. Lee said that the coming of the women and children was something different to that of the coming of the men.

On behalf of the Y.W.C.A., Miss Una Saunders stated that arrangements had been made to meet the soldier brides.

The matter of the coming of the women and children was discussed by the board of the Y.W.C.A. and it was decided that every vessel that would carry 200 or more women...

The care of the coming women should be the responsibility of the church affiliations was the opinion of Mrs. J. M. West.

# PRIZE-GIVING AT ST. ANDREW'S

Dr. Bruce Macdonald Pays Tribute to Fallen Students.

SIR R. FALCONER

A. G. Curry Wins Three Medals—University President Speaks.

Prize day at St. Andrew's College, which took place yesterday afternoon, differed little from the usual ceremony in spite of the fact that during the last term the school has had to move from its home in Rosedale to temporary quarters in Knox College.

Dr. D. Bruce Macdonald, headmaster of the college, read out the long list of college men who had responded to the call to arms, many of whom had received decorations of various kinds and many of whom had given their lives on the field of battle.

The prizes for the junior school were presented by J. K. Macdonald, president of the board of governors. Mr. Macdonald made a few remarks on the transfer of the school to its present quarters and hoped that the influence of the building would have a tendency to cause some of the St. Andrew's boys to enter the ministry. He said the war had depleted that rank of noble men and more were needed, and he hoped they might arise from St. Andrew's College. "I indulge the hope and trust I live to see that hope verified," said the president.

Professor Ballymore, acting principal of Knox College, in presenting the prizes to the boys of forms I, II and III, said that he thought the boys of St. Andrew's College and the men of Knox College were being of mutual benefit to each other, and he was glad such was the case. He referred to the confidence the boys all placed in Dr. Macdonald and the love they bore Mrs. Macdonald.

Sir Robert Falconer presented the prizes to the upper sixth and remarked on the perfect behavior of the college boys, which fact he had seen daily on the university campus. "It often wonders in the effect of the wonderful Norman tower has not a restraining influence on the boys," he said smilingly.

Professor Bowles of Victoria College presented the prizes to the fourth form boys, and Major Archibald of St. Andrew's Hospital to the fifth. Lieutenant Col. John Pringle, pioneer missionary to the Yukon and now back from four years' service in France, presented the prizes to the sixth form boys. Col. Pringle told stories of the early days of the school when he was then a friend. He said St. Andrew's boys were never prizes because he gave the motherland for the part she has played in the war was couched in no mean terms. "The greatest thing England did was when, in the person of that quiet statesman, Sir Edward Grey, she stepped out and said: 'I stand for right.' Canada did her best when she stepped out beside England and said: 'Me, too.'"

Sir John Hendrie presented the following medals to the boys who won them: Governor-general's, A. G. Curry; chairman's medal, J. E. McDougall; Cooper science medal, S. R. Black; headmaster's medal, A. G. Curry; lieutenant-governor's silver medal, R. McCaughin; lieutenant-governor's bronze, A. G. Curry.

The following medals and cups were won: Head prefect's prize, J. D. F. Ross; head prefect's prize, B. W. Emerson; W.Y.I.F. prize in Latin, E. McDougall; James George prize in English, S. A. Beath; Thorley medal for proficiency in shooting, W. D. Lightbourn; Goodwin medal, R. T. Black; II, Christie cup, R. Robertson; 45th Highlanders' Chapter, I.O.D.E., rifle, W. Campbell.

Prize List—Year's Work. Preparatory form: 1, general proficiency, E. W. Denison (III); 2, Dennis Carrick (II). Form I: 1, general proficiency, W. A. Beer (II); 2, H. R. McLean (II); 3, V. E. Bigwood (I).

### CITY BARRISTERS ASK FOR CENTRAL JUDGE

An appeal for legislation to provide a central criminal judge for the City of Toronto to try all criminal cases when the charges are laid in the city, was presented to Premier Hearst yesterday by R. W. Harding, A. J. Russell Snow, J. H. Spence, N. B. Gash and other members of the Ontario Bar Association. They pointed out that this had been tried in the large cities of the United States with success. If it were carried out in Toronto it would remove from Judges Winchester, Coatsworth, Denton or any other who tries cases in the assizes or sessions the power to try Toronto cases.

### SEWAGE NUISANCE APPEAL

The board of control has instructed its city solicitor to enter a further appeal in the case of W. Fieldhouse v. the City of Toronto. Fieldhouse brought a suit against the city, claiming that the Morley avenue sewage disposal plant constituted a nuisance and ruined his business. Judgment was then given against the city by William Mulock. The city then took the case to the appellate division and appealed. The judgment was upheld. Now the city intends to make another appeal.

## BISHOP LOST APPEAL IN MARY BASIL SUIT

Episcopal Corporation of Kingston Win—No Costs Granted.

This was an appeal by the defendants, Spratt, the Roman Catholic Episcopal Corporation of the Diocese of Kingston, Mary Vincent, Mary Magdalene and Alice Alley, without costs. The case made by the respondent in her pleadings is that she was a member of the sisters of charity of the House of Providence, and that a conspiracy was entered into between the appellants or some of them to deprive her of her status as a member of the society and to compel her to leave it, and that in pursuance of and carrying out of the conspiracy she was assaulted with the view of taking her by force to a lunatic asylum in Montreal, and was by the conduct of these appellants compelled to leave the home of the society in which she lived and as a member of the society was entitled to live, and that the result has been that the respondent has been deprived of her rights as a member of the society including her right to be supported and maintained during the remainder of her life.

The chief justice in a written judgment allowed the appeals of Episcopal Corporation of the Diocese of Kingston and the sisters of charity of the House of Providence without costs and dismissed the action as against them without costs. Appeals of the other defendants, Spratt, Regis and Phelan, dismissed with costs. MacLaren, J.A.; Magee, J.A.; and Hodgins, J.A., concurred. Ferguson, J.A., in a written judgment being

## HARBOR COLLEGIATE ANNUAL PRIZE-GIVING

Many of the former students and most of the present ones of Harbord Collegiate Institute were present at the annual commencement exercises held yesterday afternoon at the school. Principal E. W. Hagarty, M.A., in his address, emphasized the fact that the school kept in view three things—discipline, character formation and scholarship. The lasting effects of the discipline and character formation were to be seen in the fact that nearly 500 of the ex-pupils had volunteered for the war, and of these 49 had died. During the four years of the war the collegiate has raised between \$7000 and \$8000 for patriotic purposes, and this had been done without interfering with routine studies.

Miss Constance Boulton of the board of education presented the diplomas and spoke of the fine work done by the school. The school board and citizens ought to be proud of it, she said.

Scholarships. The three J. J. Carter scholarships for Toronto were all won by Harbord pupils. The winners were: Miss Gladys V. Lewis, \$100; H. W. Johnston, \$60; and Miss M. B. Kearney, \$40. These added to the university scholarships won by these pupils make their total earnings: Miss Lewis, \$65; Mr. Johnston, \$215; Miss Kearney, \$200; and Miss K. D. Cordingley, \$180, making a total for the school of \$1150.

Other prize-winners are Miss Mary Mulock, who wins the second Edward Blake scholarship in moderns, Miss M. B. Kearney the second Edward Blake scholarship in mathematics and science, H. W. Johnston the fourth Edward Blake scholarship in classics, Miss K. D. Cordingley sets the first Edward Blake scholarship in modern languages.

## RAILWAY BROTHERHOOD APPEAL PAY SCHEDULE

The Dominion Labor Appeal Board, now sitting at the city hall to inquire into certain C.N.R. matters, yesterday heard the appeal of the Canadian Brotherhood of Railway Employees against the recent finding of the board of conciliation. Recently there was before the C.N.R. a schedule for rates of pay, etc. and they granted the rate of pay, etc. and they granted the brotherhood all excepting four clauses. These were recognition of the brotherhood, date of increases becoming effective, inclusion of certain classes of employees on the no-strike clause. The brotherhood was represented by R. Dykes, general chairman of the branch, C.N.R., and E. Robson, organizer. The company was represented by A. J. Hills, assistant to the president; H. B. Wollen, assistant superintendent of dining cars; A. C. Egan and F. Stephens.

## BABY'S BATTLES FOR HEALTH

Mothers, you can win the battle for the health of your little ones if you will fight it with Baby's Own Tablets—the ideal childhood medicine. The Tablets are a mild but thorough laxative which never fail to banish constipation, indigestion, worms, cold or simple fevers or any other of the minor ills of little ones. Concerning them Mrs. J. P. Hysell, Cassopolis, Que., writes: "Baby's Own Tablets are a great medicine for children. They quickly cured my baby of constipation and I can highly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

## PUBLIC OWNERSHIP STIMULATES THE PLEASURE OF TRAVEL

The government ownership of the Canadian Northern is now universally recognized as a move in the right direction. The relation between the public and public utility ownership is yet to be fully appreciated. No better method can now be adopted than to test the service and to get behind the scenes of the undertaking. This is good business and it works both ways. Comfortable C.N.R. trains leave Toronto for Ottawa and Montreal at 11:00 a.m. daily, and 10:00 a.m. daily, except Sunday.

## STREET CAR SHORTAGE IS BEING OVERCOME

P.A.Y.E. Route in Few Weeks—Changes in the Time-Table.

Assistant General Manager Fred Hubbard of the Toronto Railway Company appeared before the Ontario Railway Board yesterday and outlined the efforts put forth during the past six weeks to improve the street car service of the city. According to the report, 1596 men were employed on the company on Dec. 4, as compared with 1444 employees on Nov. 1. The difficulty of operating because of the shortage of cars is being rapidly overcome. With 147 men in training it is expected that more than sufficient men will be available to operate even the Dec. 4, as compared with a year ago," said Mr. Hubbard, "and we are restoring the time tables to get a better headway. The number of cars undergoing repairs is 95, and some of these are being changed into P.A.Y.E. cars."

## LESS COAL, LESS ASHES.

Due probably to the coal shortage, or the fact that the citizens have been using what coal they have sparingly, a substantial decrease in the number of wagon loads of ashes taken by the figures given out by Commissioner Wilson of the street cleaning department during November. In this month some 11,133 carts and 4951 wagons filled with ashes were carted away, as against the total of 14,242 carts and 5419 wagons for the corresponding month of last year.

Fixing the Price of Wheat, and the Tariff Question.

Hon. George Langley, minister of municipal affairs in the Saskatchewan Government, and identified with the grain grower movement in the west, in a public statement at Regina, Thursday, declared that the Dominion Government should fix the price of the 1919 wheat crop at \$2.25 per bushel, so as to bring it up to the American level.

The United States Government last July fixed the price for the American wheat crop for 1918 at \$2.25 a bushel. At that time no one in the government expected the war to last longer than it did, and it was thought necessary to announce the government's policy well in advance of the fall seeding.

Owing to the prospective influx of wheat to Europe from the Southern Hemisphere, it is taken for granted that the market price of wheat on this continent, next summer, will be about \$1.50 per bushel, and the American farmer will therefore receive for his wheat from the government about 75 cents per bushel more than he could receive in the open market.

But what is to become of the western farmer's demand for free tractors, free implements, and a sweeping reduction in the tariff? The tariff question sort of disappeared when the government began fixing the price of wheat, and gave the western farmer a fancy price. Will it reappear if the government no longer fixes the price of wheat, and the Canadian farmer has to take what he can get for his wheat?

It is certain that the government does not want the tariff question raised, and that if it were raised, it would be raised on a basis of expediency.

And capitalists must be prepared to take the advice of Lloyd George that he handed out yesterday in his declaration to the British public. They must be prepared to see that the workmen have a share of the amenities and conveniences of life, and equally so he tells labor that it must treat capital as they expect to be treated.

Meanwhile a nice ocean voyage, and a pleasant month or two in London and Paris may smooth the wrinkled front of our old friend, H. W. Wood of Alberta. Mr. Wood is a man of strong convictions, and pretty hard to handle. He is known in the west as "the man from Missouri," and he seldom falls for any camouflage. He may not start on his trip until he is assured by Brer Croze that the farmers will get the price they want for their wheat from the Ottawa government, no matter what happens at London or Versailles.

Britain Day.

Not more than a year ago an American lady entered a jeweler's store in Toronto and desired to buy a souvenir spoon. She was shown one with a British flag on it. "Do you think any freemason American would want to buy that?" she indignantly asked. She is probably sorry now that she

is not able to show her souvenir spoon with the Union Jack on it.

We are all conscious of the fact that not the least result of the great war has been the better understanding that has arisen among the English-speaking races. Francis Grierson, in his remarkable new book, "Illusions and Realities of the War," declares that no other issue has anything like the same importance as the union, not necessarily formal, of the United States and Great Britain for the welfare of humanity.

Today a significant thing is happening across the border. Every city from the Atlantic to the Pacific is flying the Union Jack in honor of what is called "Britain Day," to mark the good-will and gratitude of our neighbors for the great services rendered to the republic by the British navy and other forces.

Don't Be a Bolshevik-Maker.

The World wishes to point out to the men who run the city hall, both aldermen and officials, and the Ontario Railway and Municipal Board, and the Legislature of Ontario and their officials, and the federal government at Ottawa, and their officials that neglect of public rights makes Bolsheviks.

For instance, Col. Roly Harris is a Bolshevik-maker when he falls to get the viaduct street car line in operation. If he could see the hundreds of men and women who are out in the cold every morning and evening, stalled at Danforth avenue, by reason of lack of street service, and who would be relieved if the viaduct line were open, he would soon know how he is helping to make Bolsheviks, both male and female.

And the same with all the officials and others who have to do with the settlement of the arbitration to fix the price that the City of Toronto must pay the Metropolitan Railway for the surrender of its franchise for a single track car line on Yonge street in North Toronto. All of the citizens of North Toronto ought to be Bolsheviks today by reason of the delay and inattention and the suffering and inconvenience that they have put up with in regard to this question.

The Ontario Government is making Bolsheviks when it does not improve the municipal law; for instance, see that the townships adjacent to Toronto, and forming the suburbs of Toronto have some other kind of government than township government of the early York period. There is no building law for townships, and when workmen are asked to buy a house, about the size of a tin oyster can, set on a lot, 16 feet frontage, and a little three-foot passage between them, they are inclined to look for the men who had charge of the municipal law, and who have not improved it in this respect. And unless the Ontario Government deals with the whole question of radials and taking over the private-owned lines and linking up private power lines with the Hydro, and nationalizing the whole hydro-electric production of the Niagara Falls, they may, in that way, make Bolsheviks.

There are a lot of Bolsheviks in Hamilton because of inattention to public rights in that portion of the province.

In other words the Ontario Legislature ought to be busy on the job for six months in straightening out the municipal law, and a lot of other tangled that have resulted from Mr. Proutford's, so-called leader of the opposition, is making Bolsheviks when he agrees to sit in with the present policy of the Ontario Government, and to give up all criticism of his legislation.

FIRST FALL OF SNOW.

The man with the muscle pushed a shovel yesterday with a vim in order to dig off the six inches of snow that fell in Toronto. The snow started to come down steadily about 5 p.m. and kept it up until the ground was well covered. It was a fine snow, resembling powder, but the steady, resolute covering down of the winter children in the morning, and, decidedly were able to boast even an inch or more of snow.

JACK MUST CLEAR OUT THE DEAD WOOD

Fortunately for the citizens of Toronto the police have reconsidered their idea of "walking out" and they are now willing to stay on the job, providing an investigation is held into the trouble in the department.

Nothing could be more to their credit and in taking that course they have made themselves worthy of the highest admiration from every man, woman and child in the town.

CHILDREN INVITED TO "BETTER 'OLE" AND DO VERY LITTLE

Special Matinee Saturday Morning for the Kiddies.

Just one more chance this week to see "The Better 'Ole," and you'll be sorry if you miss it. There is a special matinee at 10 a.m. for the children, who are sure to enjoy the adventures of Old Bill, Bert and Alf quite as much as the grown-ups.

The play, centering around the three principal characters, is full of vivid pictures. Old Bill, scoring everything to carry thru the piece of work single handed that saves the French from Morrison appeared before Magistrate Morrison in the county police court yesterday afternoon for a longer term of imprisonment to his parole.

ARMY HORSES AT AUCTION.

Attention is called to the advertisement of the Union Stock Yards in this paper, announcing important auction sales of horses by the British army remount commission on Wednesday next, and the Imperial munitions board on Monday and Tuesday, Dec. 16 and 17.

SOLDIERS FOR FIREMEN.

It was stated by Fire Chief Smith yesterday that he had received over 80 applications for returned soldiers for appointment to the fire department. He said that if these men could pass the necessary examinations, they would be placed on the staff in a very short while. The present staff is 370 of all ranks, but it is proposed to increase this number by an additional 140 men with the inauguration of the double platoon system.

DOUBLE PLATOON SYSTEM.

Everything is now in readiness for the inauguration of the double platoon system in the Toronto Fire Department, which it is expected will make it the most efficient fire-fighting units on the continent. There will be a number of promotions made for executive positions which will be filled with the new system, and these are expected to be announced by Chief Smith on Dec. 14.

INCREASED LICENSING PART OF NEW

Ottawa, Dec. 7. Of the recommendations of the special commission in 1917 to increase and require licensing and canning of the service bus appointments which will be made by the Ontario government, the most important will be the licensing of motor vehicles. The Ontario government has already taken steps to increase the number of licensed motor vehicles, and it is expected that these steps will be further increased.

THE WIFE BY JANE PHELPS

CHAPTER CV. It was only about nine o'clock when Ruth retired. She awoke as the clock struck twelve. She recalled that Brian said he would be home early. She raised herself on her elbow to see if he were in his bed.

It was a clear moonlight night. She could plainly see that the bed was unoccupied. At once she was wide awake. What had happened? She had spent a moment in the darkness, staying in because she had said he would come home early? Then the humorous side of the thought struck her. "Why not?" she asked herself. "What difference really had it made? She had been sound asleep!

"How did your dinner come off?" "Fine." He put his hand in his pocket and fished out a little silver. "That's that of your \$18. That tells the story." Ruth gasped. A stab of something like real pain shot thru her as she remembered that she had earned that \$18, and had not even been paid for it. She was to entertain these friends of hers at home or pay for their entertainment elsewhere.

"You see, we had some wine, and then I had the coffee. Then I had the water a good bit because he had had some so long." There was no apology in Brian's voice. He simply had stated facts. "It would have been cheaper to have entertained them here, and sure, I had Rachel can cook well enough for anyone."

"Rachel," Ruth said very quietly. She felt like adding that she thought she was entitled to know, as long as she had paid for their entertainment. "Two Englishmen."

"Yes and no. That is, they knew a lot of things I want to learn about, and so I invited them to dinner. Rattling fine chaps, both of them."

"Not very long, a couple of weeks." "Why not ask them up and let me meet them?" "Not on your life. They would know I couldn't afford all this, and Rachel, too. No indeed. I earn enough to support the style in which you have made up your mind to live, I shall not make any of the bills and taxes that I bring home."

It was the first time that Brian had said such a thing, in spite of his objections to Ruth's working. He had been cross and fault-finding because Ruth had to be away occasionally. He had acted a bit shame-faced, at first, to have her pay the bills and give him money. But to say that he would not bring people to their home because he didn't support it, was terrible.

Ottawa, Dec. 6.—Tom Moore, president of the Trades and Labor Congress of Canada, left on Thursday evening for Washington, where he will represent Canadian labor at a conference with representatives of the American Federation of Labor to be held on the 14th inst. Among the matters to be discussed is a suggestion of the amalgamation of several Canadian railway organizations, in which railway men of the Dominion are interested. Mr. Moore will place the case before the American representatives.

ASK PROHIBITION UNTIL REFERENDUM

Dominion Temperance Men Ask Ottawa to Keep Act in Force.

Ottawa, Dec. 6.—Continuation of prohibition until decided by referendum was urged on the government this afternoon by the delegation representing the Dominion prohibition committee and strengthening Canada movement. The committee's delegation was composed of Judge Eugene Lafontaine, Montreal; G. A. Warburton, Toronto; Dr. J. G. Shearer, Toronto; Dr. A. Moorey, Toronto, and D. B. Harkness, general secretary, Winnipeg.

The delegation's memorial read as follows: "In view of the benefits now generally recognized by the people of Canada as having resulted from prohibition as provided by means of legislation, limiting the trade in industrial, artistic, scientific and medicinal purposes, thereby greatly reducing drunkenness, crime and wasting of money and machoed, and in view of the status of the order-in-council of March 11, 1918 (P. C. 589), when the articles of peace shall have been signed, it is respectfully submitted that at this time the question of continuing prohibition on permanent to the people of Canada should be put out a manifest disregard of the rights of soldiers overseas to vote thereon."

"That the prime minister and Government of Canada be requested to continue the steps necessary to continue in effect the conditions of the order-in-council of March 11, 1918 (P. C. 589), by having the same embodied in legislation enacted by the Parliament of Canada. "That the legislation so enacted be continued in effect until such time as a vote of the electors of the Dominion of Canada shall have been taken on the question. "That the date be taken at a date not to be fixed at least six months prior to the day of voting."

500,000 CASES OF FLU IN NEW YORK EPIDEMIC... New York, Dec. 6.—More than 500,000 cases of Spanish influenza were reported in this city during the recent epidemic, according to a statement made today by Health Commissioner Copeland, in asking the board of estimates for an appropriation of \$50,000 with which to take precautions against a recurrence of the epidemic. The amount was voted, making a total of \$140,000 thus far appropriated for this purpose.

Montreal Police Arrest Woman For Alleged Theft in Ontario

Kingston, Dec. 6.—Kingston police were notified that a woman known as Pauline Gussell was under arrest at Montreal. The Gussell woman was wanted in Kingston last August on a charge of stealing \$500 from Michael Parasieva of 263 Barton street, Hamilton. Parasieva claimed that he married the woman and that a couple of days after the wedding she suddenly disappeared and at the same time he missed \$500. Kingston police have notified Parasieva, in order to see if he wants to prosecute in the case.

EQUIP DUCK ISLAND.

Kingston, Dec. 6.—In addition to a wireless station for the Duck Island district, where the steamer Minola founded and which has been the scene of so many wrecked mariners are also asking that Duck Island be provided with a wrecking outfit. This part of the bill has been dubbed "the graveyard of Lake Ontario."

CANADA'S EXPORTS TO FRANCE.

Montreal, Dec. 6.—Approximately one-eleventh of Canada's exports in the twelve months ended Oct. 31 went to France, according to a summary of trade returns issued this week. Next to Great Britain and the United States, France stands at the present time as the best customer for Canadian goods. The possibilities for holding this trade will depend for the time being on Canada's willingness to establish credits for France here, until financial and commercial affairs are fully back on a peace basis.

SMALLER INCOMES WERE LIGHTLY TAXED

Washington, Dec. 6.—Direct taxes fell heavily on corporations and on persons having large incomes, and lightly on the great majority of persons earning less than \$3000 a year, it was shown today by the annual report of Internal Revenue Commissioner Daniel G. Roper for the year ending June 30. Altho 2,319,000 persons with incomes of \$3000 or less in 1917 filed returns, including many heads of families having incomes ranging between \$1000 and \$2000, which were reportable but not taxable, they were assessed only \$22,395,000 in the aggregate, or less than \$10 each. # O.H.A. Hold Annual Meeting Today

## HOW DID ASHALANTAS GATHER THAT TEAM?

Along With Leaside Refused Admission to O.H.A. for Not Conforming With Rules.

The Ashlantans and Leaside Athletic Club had applications for membership in the Ontario Hockey Association before the executive meeting last night in the Telegram building, but neither found approval and Leaside's refusal to view is taken by the annual convention today, or by the new executive, neither will be found in the O.H.A. competition this winter.

Ashalantans desired to enter the junior series, and Leaside had both senior and junior teams in contemplation. The executive decided to accept the application on the ground that they came under the regulation excluding commercial or mercantile representative teams from membership in the O.H.A.

In addition, the discussion took in some aspects of the methods of the O.H.A. in gathering a team.

Applications from new clubs that were favorably passed on were from: Senior—Veterans, Royal Air Force, No. 2 Artillery Depot and Newman Club, all of Toronto.

Intermediate—McMaster University, Burlington, Sarnia, Simcoe, Peterboro, Gravenhurst and Whitby Military Hospital.

Junior—Maitlands of Toronto, Royal Military College of Kingston, Sarnia.

The executive also passed resolutions which were in their accustomed places, and the meeting was attended by President-elect, R. A. Gwynne, and Secretary, A. J. Copeland of Midland, Frank Hyde of Woodstock, Geo. McKay of Kingston, W. A. Fry of Dunville and Francis Nelson of Toronto. Past President D. L. Darrach of Colingwood, who guided the O. H. A. thru some of its stormiest years, was a welcome visitor, and will attend the convention.

## Champions Play Dentals Tonight

The interest taken in Kitchener over this S.P.S. Cup game, which ushers in the senior hockey season in Ontario, is evinced by the fact that Manager Charlie Quercy of the Arena last night received a wire from President Riz of the Kitchener Club asking him to reserve a block of sixty seats for the Kitchener crowd.

The game starts at 8:30, with Lawson Whitehead and Steve Vair in charge. The teams will line up as follows:

Kitchener.....Goal	Dentals
McCarthy.....Centre	McCarthy
Kaerke.....Defence	Box
Hiller.....Defence	Box
Parker.....Wing	McCaffery
Trushinski.....Centre	Smith
Krug.....Sub	Smith
Sub	Remick

The St. Patrick's Hockey Club have elected the following officers: Hon. president, A. Richards; vice-president, W. Potts; president, P. Clerici; treasurer, Geo. M. O'Donoghue; secretary, W. Graham.

Eddie Gerard, who has again been elected captain of the Ottawa team, has a large squad of players for the opening practice, to be held tonight at the following list of players who will show up: Gerard, Billy Mooney, George Boucher, Jack Darragh, C. Denny, Skene Roman, Eddie Lowrey, Billy Boucher, Billy Hagie and Sammy Hebert, Ken McKenzie and the two joint boys of the New Edinburgh Sprague Cleghorn is expected to report early next week. The Ottawa will carry a spare goalie, who have decided whether to secure Hebert or Hagie.

Duffy Daffoe and Pecteau, late of the Classics, were the new ones out with the Veterans last night.

A Renfrew despatch says: It is likely that there will be a meeting shortly for the organization of a ladies' hockey league, consisting of the Renfrew and Ottawa teams and one or two others, representing adjacent towns in the Ottawa Valley. There has already been some correspondence on the subject, and it is likely that the league will be formed as planned.

Harry Hyland, formerly of the Wanderers, and last season with Ottawa, announced last night that he had retired from hockey. Hyland now holds a position at the Canadian Allis-Chalmers plant in Montreal, and cannot devote any time to playing hockey. Hyland, during his career with the Wanderers, played every position with the exception of goal, and was one of the most useful men in the club.

Gamey Stratton, the former star forward of the Varsity and Aura Lee champion junior teams, will return from overseas today. Gamey was just as good a soldier as he was a hockey player. Watch the rival managers scramble for this good one.

The organization meeting of the Queen City Club, newcomers in the Junior Beches League, was held last night at their clubrooms. The following officers were elected for the coming season: President, R. Boyce; secretary, W. Hines; executive committee, C. Stinson, P. Spen, Nelson Smith, W. T. Hines.

Billy Miles, the former Varsity star, who returned from overseas this week, will not play hockey this winter. Billy received an injury in a soccer game in England that will keep him out of the game.

The Dental team held a meeting yesterday and elected Charlie Stewart, the goaler, captain for the season. Manager Box has numbered his players for the season, as follows: C. Stewart, Brown, S. Smith, R. Benjie, A. Smith, McCaffery, J. Hudson, T. Stewart, S. Humphrey, J. Olson, 10, Forbes, 11, Box, 12.

## EAST RIVERDALE HOCKEY.

East Riverdale Playgrounds' Juvenile Business Boys' hockey team held a meeting last night and elected A. Orr as manager, and G. Sharp as captain. The juveniles, 15 years of age and under, elected R. Campbell as captain.

## SNOW TOO DEEP FOR SOCCER GAMES

On account of the heavy snow-fall the T. & D. senior game between Base Hospital and Dunlop Rubber, and the junior final between Parkdale and St. David's, have been postponed till Saturday, Dec. 14. The snow is so deep on the fields as to make football impossible. The T. & D. are making a great effort to finish their league schedule, and have till the end of the month to do so.

On account of the heavy fall of snow President Armstrong of the Queen City Junior League has deemed it advisable to postpone the Second Hovers. Will Star game till Dec. 14. Will everyone take notice?

## Seven Teams Tied in New York Bike Grind

Madison Square Garden, New York, Dec. 7.—The first serious injury to a rider in the six-day bicycle race this year occurred late tonight. On the last lap the sixth sprint, McNamara tried to get thru to the front and crashed into Fred Weber's wheel. Both riders were pitched down the banked track, and it was found that Weber had fractured his nose so badly that he will not be able to continue in the race. His partner, Ray Eaton, has until 3 o'clock in the morning to find another teammate.

McNamara escaped with a few scratches. He and his mate, Magin, won four of the sprints. Seven other riders leading the field with 363 points scored in the sprints. Madden and Corry have 301, and Grenda and Hill are third with 231. At midnight the Weber and Eaton team were officially declared out of the race.

The midnight score for 120 hours was 2588 miles and 4 laps. Seven teams were tied at this distance. Three other teams were one lap behind and the Bowler Brothers were 2 laps behind the leaders. The record for 120 hours was 2949 miles and 2 laps, made by Moran and McNamara in 1st of the month to do so.

## Athenaeum Hockey Club Elect Officers

The Athenaeum Club organized their hockey team last night and elected the following officers: President, Dr. H. Cook; vice-president, R. Howard; first vice-president, A. Johnston; secretary, J. McPadyen, Jct. 2350; coach, H. Gerow; delegates to Beches League, A. Brioux, R. Goldsmith.

## Osler Are Victors In Opening Fixture

In the opening fixture of the Senior Inter-Playground Basketball League, Osler defeated Park boys 23 to 22. The final score was four goals, one free throw and one foul shot for Osler, and three free throws and one foul shot for Park.

Osler (55)—Forwards, Douglas (22) and McFarland (4); centre, Mackie (23); defence, Langdon (3) and McCann (2); spare, McFarland.

West-End Curling Club Back Into Game in Old-Time Style.

The annual of the Parkdale Curling Club was held last night and the club decided to back into the game in the old style. For the last few years, Parkdale has been playing at the High Park Club. This season Parkdale will have a rink of their own, but it will be something unusual in that it will be an open-air rink.

## HAWKINS LEADING OWNER AT LATONIA

The Latonia Jockey Club's fall meeting, originally scheduled to open Oct. 24 and to continue to Nov. 16, did not get under way until Nov. 13, because of the epidemic of influenza prevalent at the time necessitating the Kentucky public authorities placing a ban on all public gatherings. After opening on Nov. 13 it was planned to run for ten days and including Thanksgiving Day, making fourteen racing days in all. The club has received 125,000 tickets, and the total receipts for the season are \$850,000. All the stakes features were run during the first ten days of the season, the racing was of a high standard, with all the best of the Eastern horses, supplemented by additions from the East seen in competition.

### SEAGRAM SALE OF CLASSY THOROBBREDS

There is little doubt, since our Titanic sale with the murderous Hun has been concluded to our advantage, that the breeding and racing of the thoroughbred in this country will assume greater proportions than previously attained, and numerous important moves have been made by racing associations during the past crowded fortnight in an effort to meet the revised conditions. Jockey clubs have met and elected officers, breeders have been in session, but in spite of this unusual activity the all-important topic has been the announced sale of the famous Seagram stable of thoro-

bbreds, for many seasons one of the foremost racing stables in Canada and the United States, for as long as memory serves the majority of present day horsemen, the famous yellow and black colors have been annexing notable turf fixtures on the numerous fashionable tracks of the continent. As an instance it requires no effort to recall a vivid picture of Inferno swooping down the stretch in advance of a field of the most formidable horses in training.

It is an indisputable fact that for many years past Mr. Seagram has been a dominating factor in thoroughbred circles, and his ability to witness his horses in action, and which is responsible for his unusual activity in the important sale by auction at The Repository, since the famous Seagram stable of thoro-

bbreds, with the exception of a half-dozen brood mares and three aged stallions retained for sentimental ideas, is a complete dispersal of the famous Seagram stable.

The catalog, which contains the pedigree and a general description of each individual, is complete in every detail and as an introduction reveals interesting information in the tabulated pedigrees of the three noted stallions—Ypsilanti II, Galatine and Havoc, the aged equines of this stud, which have provided the turf with several noted race horses, but used for reference only, as they will spend the balance of their lives at the Seagram farm.

The catalog opens with none other than the aforementioned stallion, Inferno, himself considered by many the greatest race horse ever foaled in Canada. He is a sire of promising reputation and may be foaled, but one cannot refrain from recalling a few of his notable achievements, which include the winning of the King's Plate, Stanley Produce Stakes, Dominion Autumn Handicap, Queen's Hotel Cup, King Edward Hotel Cup (three times), Toronto Cup and Durham Cup (twice). This is conclusive evidence of his ability to carry weight and go long distances, but in addition to this, with but limited opportunities, as Mr. Seagram's band of brood mares was always small, he has assured the racing of Amphion, Hampton Dame, and Seldom is a stallion of his calibre consigned to the stud, and it is anticipated that keen rivalry will prevail for his ownership at the ring-side.

Two other young stallions worthy of a place on any stock farm will also be sold on Tuesday in Rockville (sire of two grand two-year-olds in the sale), and the King's Plate winner, Mandarin, a beautiful chestnut son of Havoc. Mandarin also won the Breeder's Stake, carrying 129 pounds.

Rarely in Canada does the opportunity present itself of securing by auction brood mares, and the present offering, which includes the Church Bell, dam of Amphion, Dolores III, dam of Sea Wall, and Galle Head; Frou Frou, dam of Swah, Rusty, and the famous Galatine, and the dam of Gold Galore; Puritania, dam of Puritan Lass; Saticum, dam of Sati, while the balance of the brood mares that have recently been prominent on the turf, including Rustling, Sweet Colleen, and the famous Galatine.

The four-year-olds, two in number, are the fillies, Statim, by Havoc, and Gold Galore, by Galatine. Both are excellent bred and reliable performers. Statim, by Inferno, St. Frith, by Inferno, Galatine, by Galatine, and Gold Galore, by Galatine, are all bred from the dam of Dark Rosaleen, Belle Mahone and Sweet Colleen, and the bay filly, Twelve Bells, by Inferno, comprise the three-year-olds.

While in training at the Woodbine in the spring of 1917, it was unanimously proclaimed that the Seagram yearlings quartered here superior to any others quartered here this year, and now on the turf, they are being trained on the half dozen in number by Inferno, Ypsilanti II, and Rockville. Five yearlings, all by Galatine, and a four-year-old, not in training, conclude the lot. The yearlings have received but little training the past summer, but are a most uniform lot.

### Is Your Blood Starving For Want of Iron?

Modern Methods of Cooking and Living Have Made an Alarming Increase in Iron Deficiency in Blood of American Men and Women

Why Nuxated Iron so Quickly Builds Up Weak, Nervous, Run-Down Folks—Over 3,000,000 People Annually Taking It in This Country Alone to Increase Their Strength, Power, Energy and Endurance.

"Is your blood starving for want of iron? If you were to go without eating until you became weak, thin and emaciated, you could not do a more serious harm to yourself than when you let your blood literally starve for want of iron—iron that gives it strength and power to change food into living tissue," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital.

"Modern methods of cooking and the rapid pace at which people of this country live have made such an alarming increase in iron deficiency in the blood of American men and women that I have often marvelled at the large number of people who lack iron in their blood, and who never suspect the cause of their weakness, nervous, run-down state. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable."

"I have strongly emphasized the great necessity of physician making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through an iron mill, something like corn through an old mill with rollers so wide apart that the mill can't grind."

"For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all run-down and ragged. Henceforth I shall not iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy."

"As proof of this take the case of former United States Senator and Vice-President, nominee Charles A. Tamm, who at past 65 appears as a young man. I have found Nuxated Iron of the greatest benefit, as a tonic and restorative. Henceforth I shall not be without it. I am in a position to testify for the benefit of others to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recommend Nuxated Iron to those who feel the need of renewed energy and the regularity of bodily functions."

"But in my opinion you can't make strong, broad, forceful men and healthy rope-checked women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Notwith-

standing all that has been said and written on this subject by well-known physicians, thousands of people still linger in doing themselves wrong by using inferior iron remedies. It costs a few cents less, I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as Nux and Iron from other similar iron products, you will get results, remember that such products are an entirely different thing from Nuxated Iron."

"In commenting upon the value of Nuxated Iron for treating red blood, I have written on the subject of iron deficiency in my book, 'The Blood of Man and Woman' (Outdoor Dept.), New York, and the Westchester County Hospital. I have used Nuxated Iron widely in my own practice in most severe, aggravated conditions with unfailing results, and which is presented in a secret remedy, but one which is well known to druggists everywhere. Unlike the iron tonic, it does not irritate the stomach, and its action is gentle and restorative. The manufacturer guarantees successful and satisfactory results to every purchaser, or they will refund your money. It is dispensed in this city by G. T. Tamm, Ltd., and all other druggists."

KAISER'S GUILT

Would Be Shame, Says Lloyd George, if Those Who Brought on War Should Escape.

London, Dec. 6.—In the detailed statement of his policy, issued by Premier Lloyd George today, the premier, after paying a warm tribute to the soldiers and sailors of the empire, said: "The Kaiser must be prosecuted, the war was a crime, terrible crime. It was a crime in the way in which it was planned and in the deliberate wantonness with which it was provoked. It was also a crime in the invasion of a helpless little state and in the wicked and inhuman treatment of the prisoners of war. The Kaiser must be held responsible for this outrage on the humanity of the world. The fact that all these inhuman things were done in the name of God and under the imperial edict of an autocrat does not change their nature. The war was a hideous, abominable crime which has sent millions of the best young men of Europe to death and mutilation and has plunged myriads of homes into desolation. Is no one responsible? Is no one to be called to account? Is there to be no punishment, surely, that is neither God's justice, nor man's. The men responsible for this outrage on the humanity of the world must not be let off because their heads were crowned when they perpetrated these crimes." "The British Government will not be a party to the prosecution of the Kaiser and his accomplices to their law officers to decide. They have invited a body of jurists in England to investigate the matter, and they have unflinchingly come to the conclusion that the Kaiser and his accomplices in the making of this war ought to be tried by an international court. They also report strongly in favor of the punishment of those guilty of murder on the high seas and the abominable ill-treatment of prisoners. The British Government will do its whole influence at the peace conference to see that justice is executed. "After what has happened in the last year or five years, it is impossible to entertain a consideration of the possibility of forming plans for the destruction of a country which offered them hospitality. They thus have forfeited any claim to remain.

ACUTE NERVOUS EXHAUSTION

All Treatments Proved Useless Until He Tried "Fruit-a-tives."

MR. JAS. S. DELGATY.

R. R. No. 4, Gilbert Plains, Man. "In the year 1910 I had nervous prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds.

"The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.'"

"I began to mend almost at once, and after using this Fruit medicine for three or four months I was back to my normal state of health."

"I never had such good health for twenty years as I have enjoyed the past six years. We are now without a box of 'Fruit-a-tives' in the house."

"JAS. S. DELGATY." 50c a box, 6 for \$2.60, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

CHURCH FEDERATION APPROVED AT CONGRESS

Philadelphia, Dec. 5.—The proposed federation of churches was approved and resolutions recommending the appointment of an interdenominational committee of every Protestant faith and of home and foreign missionary societies to take definite steps toward organic church union were unanimously adopted today by the congress for church unity, in session here. Each denomination will have one member on the committee for every 500,000 communicants, acting as delegates to a convention to be held in 1920, when it is proposed to take definite action on the question. The union would be spiritual rather than material. No mechanical change in the form of administration or form of service would be made by individual churches, according to the resolutions.

Gas Explosion at Wallaceburg Badly Wrecks Two Stores

Chatham, Dec. 6.—Two Wallaceburg establishments, Hector Houles' restaurant and James O'Flynn's shoe store were badly wrecked this morning by a gas explosion in the former place, which blew out the plate glass windows, demolished the partition between the stores and hurled the goods into the street. Customers had narrow escapes. Gas escaping from a leaky main caused the explosion.

Winnipeg Labor Men Ask Demobilization Siberian Army

Winnipeg, Dec. 6.—The Winnipeg Trades and Labor Congress at its meeting last night passed a resolution demanding that Canadian troops now in Siberia and western Russia be withdrawn, and that troops being mobilized in Canada to invade Russia be immediately telegraphed to demobilize.

Meeting at Ottawa Plans Work of Catholic Army Huts

Ottawa, Dec. 6.—A meeting of the Canadian directors of the Russian Relief Fund, was held recently in Ottawa, under the presidency of the Rev. Fr. O'Connell, of the Knights of Columbus hall, to plan the work of the government and its one of the most important of the different war projects. Plans were completed with regard to the work that the Knights of Columbus proposes doing in Siberia.

CHILEAN CITIES WRECKED.

Latest Reports of Earthquake Show Devastation Was Widespread. Santiago, Chile, Dec. 6.—The latest reports from the earthquake in Chile show that at Copiapo, capital of Atacama Province, 400 buildings, including the municipal building, were destroyed. The loss of 3,000,000 pesos. At Channaral, on the coast, south of Antofagasta, three tidal waves destroyed a large portion of the city. At Talca, northwest of Copiapo, there were several deaths and many persons were injured. There was heavy property loss at Talca also. There has been no severe shock since Wednesday, but earth tremors were continuing almost without cessation at Copiapo, Channaral and Talca on an early hour this morning. The Chilean Government has appropriated funds for relief work, which is well under way.

WANT NO 'MENTAL WORKERS.'

Berlin, Thursday, Dec. 6.—The meeting in Munich yesterday of the newly constituted "Council of Mental Workers," under the presidency of Prof. Brentano, was dissolved by the police, assisted by armed soldiers. The secretary of the council was arrested on a charge of working against the people's government. Other members were not molested, but their papers were confiscated.

BRITISH WARSHIPS AT REVAL.

Paris, Dec. 6.—(Havas)—British warships of the Russian fleet, under the command of Admiral Jellicoe, are in answer to an urgent request from the Russian government. A similar action will be taken, the newspaper adds, if any other of the small Baltic nations ask allied protection.

6000 DEAD IN SAMOA.

London, Dec. 6.—Six thousand deaths from Spanish influenza have occurred in Samoa, according to a Melbourne dispatch to the Exchange Telegraph Co. The Australian Government has despatched a medical staff to Samoa.

THRILLING RESCUE FROM SUBMARINE

Entombed Sailors Were Fed Thru a Flexible Hose.

BURIED 24 HOURS

Captain Was Killed in Attempting to Ascend to the Surface.

London, Nov. 29.—An extraordinary story of the salvage of a British submarine which went down in Gareloch lock near the Clyde has now been published. The submarine had 73 persons on board, including naval contractors and men from the yard where she had been built. The order was given to submerge and she had descended just beneath the surface when waters began to pour into her. The crew was ordered to stem down to a depth of fifteen fathoms. An inspection showed that the ventilating shaft had been left open and 15 persons in the rear of the vessel were immediately drowned. The fore part was shut off and the 42 persons who were there were saved. How their rescue was accomplished was sensational. A few hours had passed before divers were sent down on what they considered a forlorn hope so far as bringing any one up alive was concerned. Getting to the bottom, they discovered that the stern of the vessel was entombed in many feet of mud. Knocking at the hull, they were amazed to hear a responsive tapping.

Almost impossible task. Then Captain Goodhart attempted a task which reads like a tale from Jules Verne. The high pressure bottles were brought into use, and a 10-foot diameter, with their air, to be projected thru the conning tower and shot into the water, with the hose reaching the surface and giving information regarding the condition of others below. Secures inserted thru a water ward, but his head struck a beam and he was instantly killed. Another officer volunteered to descend, but he was entombed men asked by means of more signaling, for playing cards 'to beguile the tedious waiting'. One of them said, 'Strong wires' were put around the vessel and the air bottles utilized to blow out the mud. The vessel was hauled forward, which enabled the vessel to drive upward at high speed until her bow was well above the water in a perpendicular position.

Immediately a big hole was made in her by acetylene. The 42 men brought out and conveyed to an infirmary. They had been below 24 hours when Captain Goodhart made his ill-fated attempt and altogether the party was down 57 hours before being saved. Captain Goodhart was posthumously awarded the Victoria Cross.

Wider Powers Given to Potato Business Inquiry

St. John, N.B., Dec. 6.—Royal Commissioner J. A. McQueen, investigating in the potato business, today adjourned his court today until Thursday without hearing evidence. Mr. J. A. Murray's counsel could not attend. Mr. McQueen's investigation has been enlarged to include the disposal of \$61,500 paid by Wm. B. Tennant to Geo. E. Jones, McLean, and also to investigate to whom and for what purpose was paid the whole or any part of the sum of \$61,500, to William B. Tennant by the Nova Scotia Construction Company. The extension of the commissioner's power, it is said, was the result of his refusal to allow the last session to divulge to whom he paid the balance of the \$61,500, of which \$33,800 had gone to cover a long list of the purchase and sale of potatoes by the province.

Montreal Irishmen Postpone Drafting Peace Resolution

Montreal, Dec. 6.—The demonstration held this afternoon by the Irishmen drafted to be presented to the peace conference in support of autonomy for Ireland as one of the little nations, after the result of the Boston election is known. Dr. J. K. Foran, in suggestion, was made by the Irishmen. It was hoped, would take part in the demonstration, and had found they were unwilling to appear. The result of the Irish election would be the result of the peace conference.

Carrying of Registration Cards Is No Longer Necessary

Ottawa, Dec. 6.—The Canada Registration Act has been suspended, the registration board will remain active until the end of the war. It is no longer necessary to carry registration cards, nor will young men have to register on coming of age. With the war over, the act has accomplished its purpose.

PRESENTED WAR CROSSES.

Greek Commander-in-Chief Decorates Officers and Men. Salonica, Dec. 5.—General Paraskevalopoulis, the new commander-in-chief of the Greek army, reviewed the first army corps near Saragada today and with General Joannou, the commander of the corps, presented a number of French war crosses and military medals to officers, non-commissioned officers and soldiers of the Greek army, who had distinguished themselves in the recent victorious offensive in Macedonia. The commander-in-chief congratulated the troops on their valor and military bearing. He thanked the French military mission for the services it had rendered the Greek army.

KINGSTON BOAT WRECKED.

Rochester, N.Y., Dec. 6.—The tug Laura Grace of Kingston, with a crew of nine men and with one woman aboard, was driven ashore at Kingston this morning. The tug was wrecked on a shoal. Eight men, the captain and the woman, reached shore safely in a small boat. One man remained on the tug. The tug left Kingston last night, and ran into a storm. After an all-night battle, the navigators lost their bearings and had no idea where they were when the vessel stranded.

BRITISH ELECTIONS DEC. 14

London, Dec. 6.—The general election to the house of commons, the campaign for which is in full swing, will be held on Dec. 14. Several days will elapse after the voting before final returns are known.

Split Allies at Peace Table Germany's Last Hope

Germany's well-known cleverness has worked out a grand plan that causes her to look forward to the future with confidence. She hopes to achieve at the Peace Conference what four years of the sword have not been able to get for her. Secrecy being essential, the whole scheme with typical Teuton finesse is loudly trumpeted through the German press and proclaimed from the rostrum, so that if we are not warned at least it is not their fault. It seems as usual that Germany is staking her all on one throw of the dice and this time the little game is to cause dissension among the Allies at the Peace Table, and particularly between America and Britain.

In THE LITERARY DIGEST this week—December 7th—there is a very striking article consisting of translations from the German press showing how Germany hopes to gain big advantages when America and the Entente "start to squabble among themselves."

Among other articles of timely interest in this number of "The Digest" are:

Your Best Way to Follow the Work of the Peace Conference

The eyes and hopes of the entire world are today centered upon Paris, whither the delegates of the various nations are journeying to the Peace Conference which is to remold Europe and decide, perhaps for centuries to come, the destinies of our planet. The news that comes forth to the waiting millions from the historic halls of Versailles will be in many ways the most important ever published in its far-reaching effect upon humanity at large.

### NOT A CHARITY BUT AN INVESTMENT

Sir John Willison Addresses Credit Men on Reconstruction.

That the government at Ottawa must display decision and action if the problems of reconstruction are to be met successfully, and that confidence and cooperation must prevail between the farm and the factory if the commercial interests of the country are to grapple with the difficulties arising in the near future, was the thought expressed by Sir John Willison at the dinner of the Canadian Credit Men's Association, which was held at the Bedford of Trade last night.

### MORE INFLUENZA DEATHS.

There were four more deaths announced yesterday from Spanish influenza. The deaths were: Mrs. Margaret Almond, 35 Walmer road; Nicholas Christoff (35), 489 East King street; and Herbert Harrison (16), 355 East King street. Wesley Harrison, aged 13, a brother of Herbert, died in the General Hospital, died in the Hospital for Sick Children yesterday afternoon, shortly after admission.

### Collegiate Literary Society Teaches Pupils How to Vote

The election of officers for the Literary Society of the Parkdale Collegiate Institute was held in the school on Friday afternoon, Dec. 6. In order to accustom the pupils to the proper method of voting, ballot slips were printed and returned in a manner as to enable each form to vote separately. A keen competition ensued with the following results: President, T. Smith (acclamation); first vice-president, Miss H. Smith (acclamation); second vice-president, H. Rothwell; secretary, W. Rogers; treasurer, Miss R. Carhart.

### PLAYS PICTURES AND MUSIC.

Princess Next Week. Thrilling incidents and delightful melodies will be found in "Going Up," the musical comedy under the direction of Geo. M. Cohan and Sam H. Harris, which is the attraction at the Princess next week. There will be the usual Wednesday and Saturday matinee at popular prices.

"Going Up" is a musical play. Song hits, funny situations and delightful dance numbers run riot in a story about a young man who, having declared himself an aviator, is forced into an air race with an honest-to-goodness flyer. One of the biggest music hits of the piece is the "Kickin' Toe" number, sung and danced by Janet Velle and Ed. Geer.

The story of the play tells of the hero's efforts to keep from going aloft, and what happens when he is finally forced to take the air forms a series of thrilling and unusual situations. The cast includes Raymond Crane, Roy Purviance, Jerome Daley, William Friend, Billy Cotton, Harry Willin, Humbird Duffey, Jane Duffe, Helen Grooday, Adelaide Hastings and Beatrice Burrows.

The "Victory Girl." Shubert's latest musical comedy, "The Victory Girl," is to be seen at the Royal Alexandra all next week, commencing Monday evening, and with matinees on Wednesday and Saturday. It is said to be just a gay and gleeful girl show. The book and lyrics are by Philip Bartholomae, whose "Very Good, Eddie" will be remembered by playgoers here, and Augustus Barratt is credited with having written the most melodious melodies of the season.

At the Grand Theatre, "The Blue Eyes," a musical comedy, will be presented at the Grand next week. It is a three-act play of laughter with a perfect musical score. The original cast, headed by Lew Welch, Gladys Fisher and William Powers, will be seen, along with a chorus of beautiful girls. Among the song hits are "Blue Eyes," "Honeyuckle Inn," "Nobody Can Take My Heart From You" and a "Kind of Subtle Feeling." During the week at the Grand matinees will be given on Wednesday and Saturday.

"The Birth of a Nation" is positively the last word in the perfection of the motion picture art. Compared with this stupendous production, that has human nature thru all human ages for its theme, even the "Birth of a Nation" seems but a trivial thing.

"The Daughter of Mother Machree," Edward E. Rose, author of "The Rosary," has given to the stage a charming Irish comedy drama entitled "The Daughter of Mother Machree," which will be presented for the first time in Toronto at the Grand Opera House week of Dec. 15. The new play is known as the "sunshine spreader," and its appeal has given it a prominent place in the list of modern theatrical offerings. The sale of seats opens on Monday.

"Oh, Look!" Coming. "Oh, Look!" reputed to be the biggest musical comedy success of the season, with the entire original cast.

"Roseland Girls" at Gayety. Pretty stage production give an unusual beauty to the production will be the "Roseland Girls" who on Monday will begin a week's engagement at the Gayety. The first act, "The First Over," has six different settings. They show the interior of the Pennsylvania Railroad station, the exterior of the Palais Royal, New York, the main salon of the steamship Rose, the stage door of the opera house and Gayety Theatre, the second act, "A Whirl of the Golden West," shows "The Blue Dog," Arizona, a specialty drop for a specialty by Hunter, Chick and Hunter; a palace interior; "Mischief Makers" at Star.

## YOURS

### When You Want It--And We'll Help You Get It

THE HOME in the picture shows some of the features and advantages of homes in the north-eastern section of the city. The typical home up here in the pure air is a clean, new home—in a new district—where you can get a new start as a homeowner. There is a garden, too—and quite frequently some poultry—to cut down the rising cost of living. And if you want to see healthy children—come out here and watch the rosy-cheeked little folks romping in the open spaces in real bracing air.

It feels mighty good to stand out here in Ridgewood or Englewood, north of Danforth, just outside the City Limits, and take a look back at the centre of the City. You feel like saying: "There's the noise and the smoke and the Rent Man over there—and I've left 'em behind." And you can, too—if you will adopt our easy plan of doing it. Many home owners out here began by getting a good-sized piece of ground. As soon as they were able they then built their homes.

That is the plan we recommend to you. We can let you have a nice piece of building land at from \$18 to \$20 per ft., which is very reasonable when you see the higher prices being paid for surrounding property. And you don't need to crowd yourself to pay for it. \$10 down, balance \$5 monthly you will find very easy to meet. For a little more money you might be in time to secure one of the few store sites left on Danforth. City cars serve these properties. Victory Bonds taken as cash. What are you doing this afternoon? Come out with us and see this attractive home section. For appointment phone or call personally.

### POLICE GRIEVANCE DUE TO HABEAS CORPUS

Chief of Police Grasset, approached by the World on the question of police grievances, stated that he knew nothing of them officially, but that as regards the matter of policemen having to lose their sleep to appear in court to give evidence, there was no help for it, as it was laid down by habeas corpus that evidence must be produced against arrested persons within 24 hours of their arrest.

Children of outdoor patients of the Western Hospital will be given a Christmas treat from the proceeds of a hard-time party held at the hospital.

### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance. Don't stay gray! Look young! Get from any drug store a bottle of Wyeth's Sage and Sulphur. The recipe improves, which is merely the old-time other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

### WOMEN'S AVIATION CLUB.

At the meeting of the Canadian Women's Aviation Club, held yesterday afternoon, reports were read of the fine work done daily in the workrooms and during the time of the epidemic, when centres were opened at 36 North street and at 3 Price avenue, for the distribution of pneumonia jackets. One hundred dollars in cash had also been collected for the work.

Supplies had also been sent to Ardour Heights, Leaside and Camp Borden for the men of the aviation corps. A proposition was made to change the work may be for military hospitals for the needs of demobilization and for the Canadian troops in Siberia.
