

to Germany, and it is only from this country that it can possibly go.

The Germans want nickel, which they cannot get except from or thru the States, so that they may more effectively retaliate on the allies by slaughtering and mutilating the sons and brothers of our people, and the sons of English, Irish, Scotch, Welsh, French, Belgian, Russian and Italian mothers.

Nickel as a metal has copper, iron or other metals in its use in the manufacture of munitions. A small quantity of nickel used with the iron produces steel of greatly-increased hardness and tenacity. Its use may be compared to that of leaden or yeast in bread-making, in its action on the entire production. It is almost an essential element in the production of high-class munitions, and absolutely necessary to obtain the best results, in many instances.

Krupps especially require it. It has been asserted and not yet disproved that Krupp control the International Nickel, and it seems beyond question that in any case they are largely interested in it.

From the States the news came that the submarine Deutschland would take back to Germany as return cargo nickel and erude rubber. Then the nickel was published that no Canadian nickel would go by her, as special precautions had been taken to control its distribution. The possibility of the nickel being sent to Germany was questioned, and it was generally understood that only two countries produced nickel, Canada and New Caledonia, the statement was issued that a certain amount of nickel was obtained from copper ore, mined in the States, and a further quantity received from New Caledonia was refined in the States.

This seemed an extraordinary story, especially as New Caledonia belongs to France, and no corroborative particulars or figures were given; but admitting the correctness of the case as stated, the remedy is clear and simple.

These two sources of supply together are insufficient to meet the home requirements for internal consumption of the United States, and if the export of nickel to the States from Canada were stopped there would be no nickel for export from the States to Germany.

Then came the veiled threat that prohibition of the export of refined nickel from Canada to the States might affect the export of refined nickel to the United Kingdom. In other words, an intimation that the Canadian Government did not control Canadian nickel and had better be careful not to dare to interfere with the business of the International Nickel Co.

Refining nickel is a special process, but there are at least three companies in the United Kingdom, whose names I can give, that make it their business, and are known as nickel refiners. They are responsible houses, two of them long established, with the requisite plant, and could undertake to promptly refine considerable quantities.

Crude nickel ore is smelted and reduced to nickel matte and refined by a further process. There is absolutely no good reason why Canadian nickel should not be refined in Great Britain instead of New Jersey, except some possible difference of freight or cost of carriage, no consequence in war time, and altogether important and vital considerations.

An intelligent child could see that Canada shipping nickel to the States, to replace nickel shipped by the States to Germany, is precisely the same thing as shipping nickel to the States, to replace nickel shipped by the States to Germany. Did not the Dominion elect the present government to prevent just such exploitation of Canadian resources for the American advantage as the International Nickel Company is now subjecting us to?

Will any appreciable proportion of the nickel mined in Canada ever be refined in this country, as long as the unrestricted export of nickel ore or matte to the States is permitted?

Is it desirable that the entire production of Canadian nickel should always be controlled by the International Nickel Co., especially in view of the fact that Krupp interest?

The submarine Deutschland will probably leave for Germany with \$600,000 worth of nickel. This is probably its nominal market value, but its weight in gold is more nearly its value to the Germans for war purposes, for they will use it for the destruction and mutilation of our best and bravest. It is for the people of Canada to insist on the government at once doing all in its power to stop Germany getting nickel of any production, and this can be best done by immediately prohibiting the export from Canada of nickel to any antagonistic neutral country. Nickel would then have to be sent to England for refinement, and the product would be in the right place and under proper control. One immediate result would probably be the laying of the foundation stone of a Canadian nickel refinery.

If the Canadian Government, and that they place this question far above party politics, they will take the necessary steps to cut off the German supply of nickel.

But any such step as cannot go to the front can at least spare time to give attention to such questions as this. It would not take long to send a brief letter or postcard to the refiners that represent the electorate's constituency, and a sufficient number of these would count. But it is exceedingly easy to do nothing, or put off, or even sit down and ponder over party politics to their relation to the nickel question.

Ed. Harper Wade.
Quebec, July 19th, 1916.

MAY NOT RECOVER TORONTO WOMEN

Bodies of Mrs. Fletcher and Sister Lie in Ship Channel.

WATER DEEP AND FAST

All Day Dragging Operations Fail to Bring Results.

Special to The Toronto World. SARNIA, July 21.—The bodies of Mrs. Fletcher and Miss O'Brien, the Toronto sisters who drowned in St. Clair near Corunna, yesterday, may never be recovered. The bodies were found in 25 feet of water, where there is a swift current.

Dragging operations were conducted all day today by Constable Davidson and Private Corbett, who were equipped with grappling hooks made for the purpose and no effort was spared. The current was particularly swift at this point. After tomorrow dragging will cease and the bodies will probably never be recovered. It is not impossible they may never be seen again, as victims of drowning accidents often have frequently failed to reappear.

The Hamilton Office of The Toronto World is now located at 40 South Main Street.

MAN KILLED BY TRAIN IN HAMILTON YARDS

George Weston Met Death While Attempting to Board Moving Cars.

FIFTY THOUSAND DAMAGE

Fire in Factory Making Shrapnel Shells, Partially Destroyed Building.

HAMILTON, Saturday, July 22.—Lt.-Col. George D. Fearman, O.C. of the 120th Battalion, which has received orders to prepare to move to new quarters shortly and whose men are now away on their last leave of absence, was in town yesterday. When asked if there was any truth in the rumor that he was to receive a staff appointment and that he would be commanding the 120th Battalion, he replied that he knew nothing of such a change.

One hundred members of the Canadian Mounted Rifles, who were on leave from the 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, TELEGRAPH OPERATORS' FIGHT ENDS IN STABBING

G. W. Dillon Held on Charge of Wounding Richard Drake.

In a fight last night outside the Traders Hotel, Yonge street, G. W. Dillon, of 2 1-2 Bond street, a native of Crab Orchard, Kentucky, stabbed Richard Drake, of the same address, in the right side of the abdomen with a penknife. The blade penetrated Drake's body to the depth of one and one-half inches, severing a small artery. He was removed to St. Michael's Hospital, where the doctors found that the deep wound was not serious.

Both Drake and Dillon are employed as telegraph operators at the G. N. W. having recently been brought here from New York. The trouble started when they were sitting together at the bar in the hotel. Going outside they engaged in an argument which resulted in the stabbing.

Dillon was arrested by Policeman 246 and taken to Court street police station. He is charged with wounding.

UNITED STATES QUITE WORRIED

Serious Complications Over Submarine Problem Are in Sight.

TO EXTEND BLACKLIST

Such Action by British Authorities is Regarded as Likely.

(Continued from Page One.)

merable Merchant vessels, it is strongly suspected by high officials, are the result chiefly of a desire on the part of the German Government to involve the United States in the diplomatic controversy with England. That was the immediate result of the appearance of the first submarine, but the extension of the blacklist of the future are portentous.

Hypheps Protest.

A great hue and cry has gone up from certain alleged American citizens and American corporations having been blacklisted by the British foreign office for trading with the enemy. While officials of the state department are preparing to make a formal protest to Great Britain, the British foreign office will hold the department and among statements at the capitol falls to disclose anyone who will admit that Great Britain is not getting entirely within her rights. Even should this government submit valid reasons upon which to base a protest, England still stands on her undoubted right to dictate to her own subjects where they shall trade and the character of commerce ships flying her flag shall carry.

In the event that these German submarine merchant ships do succeed in making safe journeys it needs no stretch of imagination to foresee that the British foreign office will hold that every American shipping a pound of merchandise of any character on such boats will come within the prohibition of trading with the enemy.

Seas Kjetty Problem.

American concerns willing to ship to Germany direct would certainly be denied the right to do so. It would be required to choose between being blacklisted or taking the profits accruing from this manner of proceeding. The state department officials realize if these submarines are successful they will have a very knotty problem before them with no satisfactory solution in sight. If done, every American shipping a pound of merchandise of any character on such boats will come within the prohibition of trading with the enemy.

May Send Battleship.

It was intimated today that the navy department might arrange the departure from Hampton Roads of the battleship North Carolina, to coincide with the time when the Deutschland attempts to slip in between the Cape Hatteras light and the three-mile limit.

The North Carolina is equipped with several aeroplanes, which would be used in picking up the crew of a British vessel known to be lying off the cape. No orders will be issued until the navy department has received the report of the captain of the submarine. Should the battleship start to Newport to join the rest of the squadron, its departure at that point would be merely a "coincidence."

Just exactly what the navy department is doing in this matter is not disclosed. The British diplomatic representatives have filed no protest as yet to clearance of Deutschland. State department officials are taking up the matter with the British navy department. When officially advised that the submarine was cleared the navy department will instruct the navy department to clear the captain Koenig must go out as he cannot be allowed to remain in the harbor.

YORK COUNTY AND SUBURBS

THE EXPRESS DELIVERY MAKING FINE PROGRESS

Very Successful Meeting Was Held Last Night in Earls-Court.

HAVE ENOUGH BUSINESS

Stated That Companies Do Not Want Their Trade Extended.

A well-attended meeting of the residents of the Earls-Court district was held last evening in Earls-Court School, North Dufferin street, under the auspices of the citizens' express and freight campaign. Chairman J. R. MacNeil presided.

The chairman reviewed the efforts of the committee in collecting information from the merchants in the outlying sections at the three previous meetings held in other sections of the city for the application to the railway board.

Mr. MacNeil brought to the attention of the meeting several instances of recent date, when he said, the express companies had collected exorbitant prices for goods outside their present delivery limits.

H. S. Newman, solicitor to the committee, referred to the present offer for delivery to more than 60,000 citizens of the commercial metropolis of Canada, which would reduce a portion of the application, which will be for an order compelling the express companies to collect and deliver freight and express within the limits of the city as now constituted, or any extension thereof.

Mr. Newman also read a portion of the condition being again passed on to the railway board, and stated that the railway companies had been asked to accept of such applications and orders issued by the board. Mr. Newman urged all business men to volunteer all the information they have, as well as their time, before the board.

Several instances of excessive charges were given by Mr. Newman, including that of the Laes & Coys and J. Gilchrist & Co. Mr. Newman stated that they were giving excessive charges for the delivery of goods to the city.

Mr. Gilchrist stated that he was informed by the express companies that they would not want any more business in the city, and that they would not want to be bothered with the express companies.

Mr. Gilchrist assured the committee of the heavy support for the effort being put forth in the fight for the rights of the people.

George R. Ellis, T. Jones, your chairman and committee, have gone into this matter very thoroughly," said Alderman Gibbons, "and if you will only give your hearty co-operation to them you will be bound to succeed. A short time ago the express delivery question came before the city council and by order of the mayor the legal department of the city was requested to take the matter up before the Dominion Railway Board, and the express companies were brought into existence to take care of the express business in business districts, not for the convenience of the people.

"Why are the citizens of Toronto not catered for in the same manner as the citizens of Montreal," asked Alderman Ellis, "and why are you in Earls-Court not catered for in the same manner as the citizens of Montreal?"

Mr. Newman stated that he was informed by the express companies that they would not want any more business in the city, and that they would not want to be bothered with the express companies.

Mr. Gilchrist assured the committee of the heavy support for the effort being put forth in the fight for the rights of the people.

ENLISTMENTS KEEP UP IN COUNTY BATTALIONS

Many Signing Up and Will Report When Harvest is Over.

Notwithstanding the present slump in recruiting generally felt throughout the country, the prospects before the 270th York Rangers Battalion are exceedingly bright. Reports received from the various depots throughout the county indicate that many who cannot enlist now on account of the pressure of work upon the farms have signified their intention of coming in with the battalion as soon as the harvest is over. Some have already signed up with the understanding that they are to report at that time.

In the meantime, while efforts are not relaxing throughout the county, a special recruiting campaign is being carried on in Earls-Court and North Toronto and some splendid men are being enrolled. One of the recent additions is John Hamilton Johnson, a returned hero, who proved his courage and efficiency at St. Julien and Ypres. He has been appointed a sergeant in the battalion and will serve as scouting officer, for which position his service at the front has admirably fitted him.

CENTRAL ONTARIO HAS RECORD CROP OF HAY

The biggest hay crop ever gathered in central Ontario within the memory of the oldest inhabitant is being slowly gathered up by all. A good weather has been ideal for cutting and curing fully one-third of it yet remains to be removed to the barns. Reports from all parts of the county indicate that the crop will run in some places up as high as three tons to the acre, while two tons this year is an average yield. Nearly all the farmers are working shorthanded, and this, together with the extra weight, makes progress very slow. Reports of extraordinary yields are common, and farmers who are not stacking in the fields in many cases find that their barns will be filled with hay. The dry scorching weather, while bad for the root crop, is giving the spring grain a great start, ensuring good yields.

FOR THE RED CROSS.

There was a big gathering of the youth and beauty of Scarborough at the informal dance and "barn party" at the home of James Atkinson, "Grand Old Man" of the city, on Tuesday evening under the auspices of the Westford Red Cross Society last night. Despite the extreme heat a most enjoyable and successful evening was held. A good number of the funds of the society were realized for the funds of the society.

ANNUAL FIELD DAY.

The Bedford Park West Ratepayers' Association are holding their first annual "field day" and concert this afternoon and evening, the sports beginning at 3 o'clock, refreshments 8 and the concert at 7.30, with something going all the time till 11 o'clock. Everybody will have a turn at the games, as there are classes for all ages and the committee have secured a fine field for the events. Today's sports promise to be very enjoyable and everyone will be welcome.

TODMORROW FIELD DAY.

Todmorden Ratepayers' Association are planning a big day "field day" in the near future, and a public meeting has been called for Tuesday evening next in Toronto Avenue School, when suggestions from all who are interested in the proposed celebration will be welcome.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

salient in order to find troops for a concentration south of the Carpathians to protect Hungary. Hitherto it has been about all that the Germans could do to retard the progress of the Russians on Kovel, and even then the Russians have measurably weakened the grip of the enemy by their recent successes on both sides of the bulge which they are enlarging so that eventually it will encircle Kovel and Vladimir-Volynski. What will they do to protect Hungary?

In the Carpathians, southwest of Kimpolung, the Russians drove the Austrians from a height in the Walpentina region, taking about 1000 prisoners and four guns. This success followed rapidly on the other in the region of Lutsk and the Lipa.

The British Flying Corps fought three encounters with the German aeroplanes and brought down five. The British lost one machine.

The only event of importance, and that only slight, on the British front yesterday afternoon, was the penetration of the northern edge of the Leipzig salient by bombing parties of the enemy. These were driven out. They had only gained a footing in a forward trench. In the night operations the British captured the Fouroux Wood, north of Bazentin. The Germans immediately counter-attacked and gained back a portion of it.

In connection with the German assault on Delville Wood on July 18, British headquarters has established that at least 13 battalions, drawn from four different divisions, were used on a front of 2,000 yards. The losses of the Germans were correspondingly large.

By capturing the Town of Gumushaneh, 50 miles northwest of Bala, the Russian army of the Caucasus has been brought within 50 miles of Erzincan from the north. The capture of Mamakhatun the other day brought the Russians to within fifty miles of Erzincan from the south and they are thus circling on it from two directions. They are prepared to press resolutely forward, their next objective is Sivastopol. There begins the heart of the Moslem power, their next objective is Sivastopol. It is that country that the Turks and Germans, above all things, are desirous of defending. The new menace to Turkey just strongly developed by the latest advance of the Grand Duke Nicholas will probably embarrass her too much to permit the sending of adequate forces for the subjugation of the revolting Arabs.

As if to confirm the assertion in these columns the other day that the political factor was Germany's only chance, the official communication of the German war office started yesterday to play on that factor with the object of encouraging the Germans at home and of stirring up the politicians in the British Parliament who have been showing a refractory mood in connection with the ill-fated enterprise to Bagdad and its unfortunate sequel at Kut-el-Amara. The enemy begins his playing on the political factor by magnifying the successful raid of the Australians on two miles of German front near Fromelles on Wednesday night into a great assault and gives out weird and swollen estimates of the Australian losses, placing them at 2000 killed and 500 made prisoners. He then belittles the British and French successes yesterday by stating that the German front was forced back 800 metres for a space of two miles, but represents this as all the success won on a front of 27 miles, attacked by a force of 200,000 men. He asserts that the British and the French attempted a "main blow" on this front, but it failed.

In reference to the German communication, it may be said as written to appeal to the uneducated. The censor makes the war to be conducted behind a sort of veil and it requires considerable historic and strategic knowledge to interpret its developments. In the present offensive it has been thoroughly established that the plans of the allies do not contemplate the attempting of a steady pressure against the German lines and their gradual reduction, or "crumpling," by a series of steady hammer taps delivered against comparatively small sectors at a time. The plan by no means contemplates hammering away at the same spot all the time. If the German lines suddenly go to pieces somewhere, well and good, but this communication is not essential to the carrying out of the plans of the allies.

The French repulsed a counter-attack by the Germans against their new positions at Soyecourt, south of the Somme, catching the leading German battalion in the open and decimating it. The survivors retreated in great disorder. During the day, the French official communication said last night, nothing new happened on their whole front.

APPROVED OF PROMOTION OF LIEUT.-COL. LABATT

Will Hold Temporary Rank of Colonel While Acting as Commandant at Niagara Comp.

Special to The Toronto World. NIAGARA FALLS, July 21.—In orders tonight the announcement is made that the minister has approved of the promotion of Lieut.-Col. E. H. Labatt to the temporary rank of colonel while acting as camp commandant at Niagara Camp.

Many men are away from leave tonight, so many in fact that the route march for today was called off. The men on leave are of the three battalions which go east Wednesday next. The usual ceremonial drill tomorrow morning is also called off.

Signallers are ordered to take their turn at the ranges for rifle practice. General Lesard left camp yesterday expressing approval of everything. The 160th Battalion is anxiously awaiting orders for overseas.

DISLOCATED SHOULDER.

While riding his bicycle around the corner of Dundas and Biche streets last night, C. E. Thomson, 148 Main street, ran into a wagon, dislocating one of his shoulders. He was taken to Grace Hospital.

RUSSIANS GAIN FRESH SUCCESS

Force Passage of Lipa and Sty and Rout Austrians.

(Continued from Page One.)

been driven across the Lipa at several points.

"The number of prisoners taken in the battle continues to increase, at present numbering 25,000 men and 73 officers. The booty already listed consists of three guns, 49 machine guns, 26 bomb-throwers, 50 cases of grenades and bombs, 60 cases of ammunition, 55 cases of machine gun cartridges, bells, 1000 hand-grenades and a huge quantity of rifle cartridges and other war material.

"The Russian army has a height in the Carpathians is also recorded as follows: "Yesterday (Wednesday) we took about 1000 prisoners and four cannons, three of which were loaded. Prisoners continue to come in. This fighting took place in the mountainous region of Kimpolung, southern Bukovina, in the Walpentina region, where the enemy was driven from one height to another. The flooding of the Dniester River is delaying the operations on the large advance of the Russian front to the advantage of the Austro-Hungarians.

Fee Admits Reverse.

A Vienna despatch says: "Under the pressure of attacks by the Russians, the Austro-Hungarian forces in the region of the Sty and Lipa Rivers, north of the Gallian border, have been forced to withdraw to new positions in the region of Beresteck, says an official statement issued by the war office today. The statement says: "The sector at the mouth of the Lipa the enemy attacked after artillery preparations which lasted several days. His advance by way of Werber was arrested. Nevertheless we withdrew our salient positions. A new thrusting movement was made in the region of Beresteck."

CHILD'S GREAT FALL FROM ROOF OF HOUSE

Hilfred Graham, 18 months old, of 223 Ontario street, fell three stories from the roof of 391 Ontario street last night sustaining severe injuries to the head. Dr. Hutchinson, 317 Sherbourne street, was called, and ordered the child's removal to the Hospital for Sick Children.

On his way home being quarantined because of a fever, Graham was staying with a next-door neighbor. About 7 o'clock the neighbor, who was on a flat on a guard rail, to hand out some clothes, and took the child with her. She believed the little girl climbed the rail, overbalanced and fell to the ground. The child's condition is serious.

EATON'S DAILY STORE NEWS

Store Closes Today at 1 p.m.---No Noon Delivery

Off on a picnic or week-end trip out of town, some place where it is cool, quiet and restful. Join the throng this week-end. Here are suggestions of the supplies you'll require.

GET THEM THIS MORNING

STORE CONVENIENCES The Reading Room, The Third Floor. The Information Bureau, Main Floor. The Parcel and Checking Desk in the Basement.

A Pocket Camera for \$7.50

At a Picnic there are always many unusual occasions where a camera would be appreciated. The group squatted on the grass eating luncheon, or someone in swimming, playing ball, etc.

We recommend the vest pocket camera because of its compactness.

It weighs but 12 ounces, and can be carried without any noticeable bulging of pocket. It is made of aluminum, covered with leather. Fitted with a good achromatic lens and variable speed shutter with two time movements. Price \$7.50

—Main Floor, James St.

Some of the Records From the Columbia August List

- Berceuse from Jocelyn, La Cinquantaine, violin solos, 10-inch double record... 85

Canned Heat Outfits

Canned Heat is solid, creamy matter that can't spill or explode and therefore is much safer and more convenient than liquid fuels.

A lighted match fires the contents into an intensely hot flame, that quickly boils water or cooks any food that may be placed in the covered pan above.

The outfit consists of one nickel-plated covered boiler—pint size—one tin of canned heat and one folding stand for supporting boiler and holding the can of heat in a firm position.

For the Picnic Ball Game

Soft Rubber Balls and flat light-weight bats for the picnic ball game, where both girls and boys can play together.

The balls are in various sizes and colors and are priced at 5c, 10c, 15c, 25c, 35c and 65c

Metal Forks, each, 5c; per dozen... 60

Ice Cream Scoops, each, 15c

WANT THE PREMIER TO CONTEST S.W. TORONTO

Hotelmen Ask That Government Make Liquor Policy the Issue.

The hotelmen want the government to give the election the opportunity of approving or disapproving of its liquor policy in the southwest Toronto constituency. "Why doesn't Mr. Hearst come out and see if he can't save the seat?" asked John F. McGarry, proprietor of the Columbia Hotel, yesterday.

CITY HALL NOTES

Since the hot weather set in at the end of June Toronto has consumed about 10,000,000 more gallons of water per day. Averages in June were from 44,000,000 to 48,000,000 gallons. Last Wednesday no less than 60,000,000 gallons passed thru the water system.

Up to last night nearly 5,000,000 of newly-paid taxes had been deposited in the banks. The final drive for citizens' cash is expected to realize \$7,000,000 out of a possible \$15,000,000.

HOW A CHINAMAN HELPED.

Yesterday, despite the heat, the 79th Battery, Canadian Field Artillery, C. I. E. F., took a little route march to High Park. A few mouth organs and a drum helped the marching. A baseball game, football practice and a swim were enjoyed by the boys. An incident of the marchout is noteworthy. A stop was made in a shady spot on Bloor street, opposite a Chinese laundry. A Sing, the proprietor, immediately came out with pails of fine cold water for the boys. It is almost needless to say how much his kindness was appreciated.

KAISER AND BULGARS PART.

News from Florida is to the effect that the relations between the Germans and the Bulgars in the frontier regions are not all good. One day during Easter serious trouble broke out at Morastz owing to a quarrel between the Bulgars and Germans. The furious Bulgars expressed themselves freely against the German policy. Some Germans strongly objected to the articles and revolvers were drawn. Shots were fired and several officers on both sides were killed and wounded. Order was restored with difficulty.

FORTY KILLED BY STORM.

MEXICO CITY, July 21.—Forty persons, including a number of soldiers, and women, were killed during a severe lightning and rainstorm in the suburbs of Mexico City today.

COMPLETE AGREEMENT WITH NIAGARA POWER CO.

Hydro Will Likely Link Up Soon—Danger of Another Break.

Hon. G. Howard Ferguson admitted yesterday that all arrangements have been completed with the Canadian Niagara Power Co. as to the price of and that the only details remaining were technical problems for the engineers. He declined, however, to make public any more than has already been stated. The important facts, he says, are already out; the price is to be \$12, with 12,500 horse-power delivered immediately, 50,000 by the end of the year, and thereafter any amount up to 100,000.

Engineer Gaby said that yesterday morning's power interruption was caused by another break in the Ontario Power Co.'s lines.

Sir Adam was in Chatham yesterday buying horses and when spoken to over the telephone said he did not understand Hon. Mr. Nesbitt's statement that the hydro would get power as "fast as we can get it." There is any time, he said. The surplus earnings on the whole system, he says, will be sufficient to carry the increased cost of power for the present.

It is probable that the hydro will link up with the Canadian Niagara Power Co. in three or four days.

GRAND TRUNK RAILWAY SYSTEM EXCURSION TO BELLEVILLE.

The Grand Trunk will run an excursion to Belleville on July 22. Tickets good to return until July 24. Good on all trains except the International Limited. Adult's fare \$2.95, and child's \$1.50 return.

For further information apply city ticket office, northwest corner King and Yonge streets, Toronto. edj2

PLAYS, PICTURES AND MUSIC

GOOD BILL AT ALEXANDRA.

On Monday evening Edward H. Robins and the company that bears his name will enter their thirteenth week of record-breaking business in Henrietta Crosman's sparkling comedy triumph, "The Tongues of Men," by Edward Childs Carpenter, author of "The Cinderella Man" and other noted hits. Up to the present time Mr. Robins and his superb company have enjoyed prosperity that any theatrical organization would well be proud of, and in spite of the very warm weather that Torontonians are now experiencing there has been no diminution in the box office takings. No matter how warm it may be outside, the large cooling plant keeps the Alexandra cooled to a temperature of 65 degrees by pure frozen perfumed air.

In "The Tongues of Men," the many funny "hiss and droll situations are exceedingly humorous and keep the audience in good nature throughout the vaude performance.

AT THE HIPPODROME.

For next week the Hippodrome management offers as the headline attraction the miniature musical comedy, "The Revue De Luxe," featuring Frank Knight and "Billie" Stewart, supported by a clever cast of girls in bright songs, pleasing dances and comedy. Kathryn Osterman will be featured in Paul Armstrong's successful play, "The Bluebird," the special feature of the World Film Company.

Mile Merle's pets are clever feathered creatures that perform many surprising feats. Lillian Calvert is a singing comedienne, while Harmon, Zarnes and Dunn in eccentric songs and dances

"Who's Guilty?" series. An unusually interesting instalment of the Strand Topical Review will also be shown. For the latter part of the week there will be presented a dramatization of Robert W. Service's famous poem, "The Spell of the Yukon."

AT HANLAN'S POINT.

One of the greatest novelties that has been seen at Hanlan's Point this season will be presented there next week when Mr. La Belle and Duredevil Hurley will be the attraction. The young lady and her partner perform an act of thrills, in which Mr. La Belle rides down a hundred foot scarp-shaped runway, is hurled 35 feet in the air and caught by her partner, who is hanging by his knees on a crossbar forty feet from the ground. On Sunday afternoon and evening the band of the Royal Grenadiers, under the direction of Lieut. Waldron, will render a splendid program.

WINNIPEG GRAIN MARKET.

Table with columns: Grain, Open, High, Low, Close. Rows: Wheat, Barley, Oats, Flax, Rye.

LAST BIG NIGHT AT CON KENNEDY'S SHOWS

Management Are Giving Liberal Portion of Receipts to Two Hundred and Eighth Unit.

Friday night saw a tremendous crowd on the midway of the Con. T. Kennedy shows, and it is expected that the banner attraction of the week will be recorded tonight, when the engagement of the Kennedy shows will terminate in Toronto. The well-lighted midway, with its free acts, pretty girls, bally-hoo, and band concert has proven a popular spot for outdoor amusement devotees, and they have not neglected the opportunity of seeing the biggest show of this kind on the road.

A liberal portion of the receipts go to the 294th Battalion, under whose auspices the Kennedy shows played here, and this money will be used in equipping the Fusiliers. The Kennedy shows have made good in every way this season have made a bigger and better organization than ever before.

W. J. EDMANSON CATCHES BIG FISH.

Word has been received in the city that W. J. Edmondson of Edmondson & Bates, who is spending a vacation at Algonquin Park, caught a 12-pound salmon trout. The many friends of Mr. Edmondson in Toronto, which he is having tonight.

STUDENT DROWNED.

PLATTSBURG, N. Y., July 21.—Louis Jean, Francoeur, 18, who had come from Italy to attend St. Lawrence Academy, Montreal, was drowned in Lake Champlain, near Cliff Haven, today.

REJECTED SOLDIERS WILL BE EMPLOYED

Services to Be Maintained in Capacity of Police, Clerks, Guards, Etc.

NEW MILITARY ORDER

Separate Home Service Unit Will Be Formed of Discharged Men.

By a Staff Reporter. CAMP BORDEN, July 21.—Authority has just been given by the militia department for the utilizing in a military way of the services of practically all men who are rejected during battalion medical examinations.

Of course the new order only applies to soldiers with minor defects, such as flat feet, but the great mass of men usually rejected will come within it and be transferred to minor battalions. The 205th Battalion of Hamilton is the one now mentioned for the rejected men to be transferred to.

A separate home service battalion will be formed. This idea of having to the country the services of discharged soldiers will, it is expected, be made use of in all military districts of Canada.

One result of the new method will be the putting of men doing military police duty on C.E.F. pay, also separation allowance.

The scheme will also mean that returned soldiers with slight disabilities will not be discharged.

There are now 174 patients in camp, 83 of them in the isolation ward, most of these being measles, mumps and diphtheria.

The hospital has one suspected meningitis case, Pte. McDowell of the 164th Battalion and Dufferin Battalion. He is 22 years old and married. Five nursing sisters will be added to the hospital staff soon.

Promotions and Appointments. Promotions and appointments are announced today as follows:

Lieut.-Col. Osborne, to be 8th Brigade orderly officer.

Lieut. J. L. McCullough, appointed as an officer of 6th Battalion, C.E.F.

Rev. E. F. Pennington, to be chaplain of 12nd Battalion.

Rev. Chas. H. Boulden, to be chaplain of the 17th Mississauga Battalion.

Lieut. G. H. Applebush, appointed to 15th Battalion.

Lieut. R. E. Gunn, promoted to be captain in the 18th Buffs Battalion.

Lieut. A. H. S. Byring, G. C. P. Mass, L. A. Henderson and Pte. Walter F. Smith, appointed to 18th Buffs.

Lieut. G. H. S. Byring, G. C. P. Mass, L. A. Henderson and Pte. Walter F. Smith, appointed to 18th Buffs.

Lieut. G. H. S. Byring, G. C. P. Mass, L. A. Henderson and Pte. Walter F. Smith, appointed to 18th Buffs.

Lieut. G. H. S. Byring, G. C. P. Mass, L. A. Henderson and Pte. Walter F. Smith, appointed to 18th Buffs.

Lieut. G. H. S. Byring, G. C. P. Mass, L. A. Henderson and Pte. Walter F. Smith, appointed to 18th Buffs.

HEADS RECRUITING DEPOT

CAPT. R. J. CHRISTIE, prominent manufacturer, who assumes new military duties.

AT CAMP BORDEN

Major C. A. Warren, assistant director of the medical service at Camp Borden, Ont., is a well-known resident of St. Clair avenue, West Wychwood, where he has been in practice for the past ten years.

W. H. Duncan; 3rd Lt. H. O. Livingston; 4th Lt. A. H. Juckes; 5th Lt. W. G. Moffatt; 6th Lt. C. R. Ferguson; 7th Lt. J. P. Alexander.

RETURNED SOLDIERS HAD DAY AT ISLAND

With Wives and Children, Were Guests of Women at Hanlan's Point.

RECRUITING STILL SLOW

Only Seventeen Men Were Attested Yesterday.

Recruiting was again below the average yesterday, when 17 recruits were obtained out of 85 who offered themselves. These results are slightly better than those of the previous day, but the number who applied was twelve less, thus making the percentage of rejections much lower.

An excellent supper was provided by the women, after which the men were presented with cigars and tobacco.

The business men's department of the Y.M.C.A. is giving a motor ride of about 30 miles to one hundred returned convalescent soldiers on Monday afternoon.

Twenty-one returned soldiers are expected to arrive in Toronto on Tuesday morning, and their landing at Quebec having been received by the authorities at the convalescent hospital yesterday.

The 21st American Legion Battalion, which is recruiting through Ontario, obtained 47 recruits for the first day of this week.

The 28th Forestry Battalion has secured the use of Scarborough Beach Park for next Sunday, both day and evening music by the Queen's Own Band and addresses will entertain the crowd.

The purpose of the meeting is to educate the public into the purposes of the Forestry Battalion. It will be shown that men who exist in it will not be called on to fight, but will do work similar to that done in the forests of Canada.

The town, which has about 3000 inhabitants, is built upon both sides of a ravine, and is noted for its fruit production.

The official communication says: "In the region of Djivizlyk we made further progress, taking prisoner an officer and 60 Turks."

"Between Trebizond and Erzincan after a fight we took the Town of Gumushaneh, in the region northwest of the Town of Kialkitchevli we made prisoner 30 Turkish officers and 400 men and captured important convoys.

We repulsed an enemy offensive in the east of Rivandouza (region of Mosul)."

RUSSIANS RECORD NOTABLE ADVANCE

Capture Town of Gumushaneh Between Trebizond and Erzincan.

GAIN FORTY MILES

Turks Suffer Repulse in Region of Rivandouza, Near Mosul.

PETROGRAD, July 21.—The capture of Gumushaneh by the Russians today marks a notable advance for the Russian Caucasus forces, under Grand Duke Nicholas. Gumushaneh is 40 miles northwest of Balbut, the capture of which was reported by the Petrograd war office on July 18. It is about 50 miles directly north of Erzincan, the objective of the Russian army which recently took Mamakhetun, 40 miles to the west.

The town, which has about 3000 inhabitants, is built upon both sides of a ravine, and is noted for its fruit production.

The official communication says: "In the region of Djivizlyk we made further progress, taking prisoner an officer and 60 Turks."

JUDGMENT IS RESERVED IN THE KELLY CASE

No Decision Was Given on Application for Granting of Bail.

WINNIPEG, July 21.—Argument in the Kelly reserve case was concluded today and judgment was reserved. An application for bail in the event of a new trial being allowed was made on behalf of the prisoner by E. Hartley and he preferred to consider that question after dealing with the general issue. At least a week and probably a longer time will elapse before judgment is rendered.

Chief Justice Howell intimated that in his opinion the accused should not have been found guilty of theft and of receiving in connection with the same transaction.

See 1917 Models Now Ready

The world is humming along at a mighty faster pace than it was twenty years ago—the motor-car pace. Are you keeping abreast of the times? Are you satisfied with your little orbit while everybody else has increased their pleasures and business advantages in ever-widening circles?

The 1917 models are here, a brilliant array of shining beauties, the final word in light sixes, improved right-up-to-the-minute, and yours at a price that makes you wonder how in the world such a splendid six—a six, mind you—can be delivered in Toronto for \$1,175. We will tell you why.

\$1175 Grant-Six \$1175

is built by a \$4,000,000 organization which set out to produce a six which presents all the qualities you find in any first-class six at any price—and to sell the car at less than the price of many "fours." Simply unheard-of value, to be sure, but comparisons will make its reality clear as day to you.

Every Grant owner is entitled to 40 hours' free service on his car, which he may use at any time. We have an attractive proposition to offer responsible agents in unoccupied territory. Write for particulars.

FORT GARRY HORSE HEADED ASSAULT

Canadian Cavalry Regiment Led Mounted Attack on Somme.

LOST FIVE WOUNDED Unit Entered Action for First Time and Won Praise.

LONDON, July 21.—General Seely has received a letter from the general officer commanding the cavalry brigade which carried that the operations on July 14, when British cavalry got to work at mounted troops for the first time since the battle of Mons, saying that the Fort Garry Horse had the honor of supplying the advance guards for both brigades.

FRENCH ARE GIVEN BREATHING SPELL

Last Night's Official Statement Indicates Temporary Lull in Activity.

FOE'S ATTACKS FAILED Earlier Statement Told of Repulse of Fierce Counter-Attacks.

PARIS, July 21.—Tonight's official statement indicates a temporary lull in operations. The earlier communiqué stated that positions captured yesterday by the French south of the Somme were subjected to a vigorous counter-attack during the night. The Germans charged the French line south of Soyecourt, but, the war office announced today, suffered heavy losses and were driven back in disorder.

ALLISON MAY LOSE HONORARY COLONELCY

Ottawa Hears Report—Action, It Taken, Will Be Without Precedent.

By a Staff Reporter. OTTAWA, Ont., July 21.—It is reported here tonight that J. Wesley Allison, the middleman condemned by the Meredith-Duff report, is to be stripped of his honorary colonelcy given him by Gen. Hughes. If this is done it will be the first time this has happened in the history of Canada.

SAURDAY MORNING, JULY 22.

The Meredith-Duff Commission Report.

That General Sir Sam Hughes has been exonerated by the royal commission of wrong-doing in connection with the fuse contracts will not come as a surprise.

The gravamen of the charges presented to the royal commission was that one of the fuse companies had received a contract for the manufacture of 1,666,666 graze fuses at \$4 per fuse, when \$2.50 would have been a generous price.

The report of the commission contains a large amount of information regarding the whole question, but this is sufficient to indicate the need for a strong public policy on the part of the Ontario Government, and of course, also on the part of the Dominion.

The holding and development of power by private interests does not largely assist labor, and only enriches a few, while it imposes a handicap on industry and manufacture generally.

Let the Government Make Them

There should be no hesitation on the part of the Dominion Government in settling the question of the manufacture of the new service rifle.

To entrench another private monopoly in the manufacture of a new service rifle, which may have to be supplanted with a better one any day.

EXAMINATION RESULTS

The Toronto and York County candidates named below have passed the lower school examination for entrance into the Normal Schools and faculties of education.

TO TORONTO. G. E. Albright, Dorothy Andrew, E. H. Archer, E. Bradshaw, E. H. Bastow, K. B. Bell, A. Bice, D. E. Blackwell, M. P. Brown, L. M. Barton.

HOARDING OF UNDEVELOPED POWER. Vigilance in the preservation of the water powers of Canada and their protection from the encroachments of corporations at home or across the border is to be met with in the reports and other activities of the commission of conservation.

UNIVERSITY EXAMINATIONS. The following additional results of examinations have been announced in the Senate in cases where the name is followed by a subject or subjects, in brackets, a supplemental examination must be passed.

LEAFS HAD HOLIDAY RAIN AT ROCHESTER

Will Wind Up Series With Double-Header Today—Boston on Monday.

Owing to a heavy rainstorm in the morning, the Leafs were unable to play at Rochester yesterday. They will wind up the series with a double-header today. Birmingham and his boys will return tonight, and will play Montreal and the world champion Boston Red Sox at the island on Monday.

Christy Mathewson, who was obtained by the Cincinnati Nationals in a trade with the New York Nationals for Horace and Wade Kilffer, signed a contract yesterday to manage the Cincinnati Club for the rest of this season and that of 1917-18.

Rain fell at Providence yesterday and stopped the Providence-Richmond fixture. Detroit and Boston at St. Louis and the New York Yankees at Philadelphia, American League, owing to the wetness.

J. E. Coffindaffer and Paul Carpenter, two right-hand twirlers from the Chillicothe (Ohio) Club, have been contracted by the first baseman Barney Dreyfus to manage the Cincinnati Club for the rest of this season and that of 1917-18.

At Newark (International)—Free hitting characterized yesterday's game between Baltimore and New York. The home team won by the score of 5 to 2.

At Buffalo—Bader experienced no difficulty in holding the Royals safe in yesterday's game, which the Blues won by the score of 3 to 1.

At Washington (American)—Washington pounded Scott for seventeen hits, but was beaten by the Red Sox by the score of 5 to 1.

At Philadelphia (American)—Cleveland bunched nine of its two hits off Cleveland, but was beaten by the Red Sox by the score of 3 to 1.

A scarcity of eels now threaten Germany. The tenuous dish of eel pie was a favorite among the ladies of society before the war.

SARAH BERNHARDT ACTS FOR SOLDIERS AT FRONT

Sarah Bernhardt has been to the front, where she has been entertaining the "Tommy's," giving six performances in three days.

Women have voted in New Zealand for twenty years. The lowest death rate for babies in the world is in New Zealand.

THE ST. LAWRENCE MARKET

There were sixteen loads of hay brought in yesterday, all net selling at \$12 to \$14 per ton.

THE MARKET OUTLOOK

R. E. Kemmer in his weekly market letter says: Reverting to the situation at large, it has been a notable fact that American investors have been absorbing much larger quantity of our securities recently and are apparently preparing to take full advantage of the movement which is impending.

LONDON METAL MARKET

LONDON, July 21.—Spot copper, £121.50; futures, £89 up 11. Silver, £125.50 up 11. Lead, £28 12s 6d up 2s 6d; futures, £26 10s, off 10s.

Harvest Help Excursions to Winnipeg and Northwest

Grand Trunk Railway will run harvest help excursions to Winnipeg and the Canadian Northwest at same rates and conditions as last year. Dates and further particulars will be announced later.

RUMORS OF PEACE UNSETTLE WHEAT

Chicago Market Closes Slightly Higher Than Previous Day. HAD STARTED TO RISE

Then Came Reports of Bulgarians Weakening Upsetting Trade.

CHICAGO, July 21.—Peace rumors virtually offset today the effect of increasing reports of crop damage in the north-west. Prices closed unsettled with the market as a whole 1/4¢ up to 1/2¢ up, as compared with yesterday's finish. Corn gained 1/4¢ to 1/2¢ net, also closed unchanged to 1/2¢ lower and provisions varying from 1/4¢ declines to a rise of 1/2¢.

BUSINESS WAS SMALL BUT PRICES FIRMER

Steel Stocks Strongly Held—Pool Operations Put Smelters at Higher Price.

MINING NOTES

WINZEE BEING SUNK.

A winzee is being sunk at the Crown Reserve on the new veins from the 500-foot level and the values are as good and the vein as promising as the 700-foot level. The National Mines are sinking the shaft to the underlying contact at the rate of 100 feet per month and are now working the vein at the 500-foot level. The mine will be installed a flotation system to treat the low grade ore on the dumps, and the mine with the flotation principle can now be treated at profit.

HUDSON BAY DISCOVERY.

The Hudson Bay was slaughtering mill rock from the walls in their old vein and ran into an entirely new vein six inches wide high grade run parallel with the original Hudson Bay vein, continuation of which is the famous Nipissing No. 64. This vein has a northeast strike and is a very important discovery indeed. It in all probability runs into the Nipissing vein and has a strike that should carry it thru the Genesee property.

DIAMOND DRILLING DONE.

It is reported that the American Goldfields, Limited, just north of the West Dome, is to be extensively diamond drilled almost immediately.

ANOTHER GOOD FIND.

Boston Creek—The Miller Independence has made a remarkably good discovery. A new vein, twelve feet wide, where trenches shows considerable free gold and tellurides. It is 500 feet north of the outcropping of No. 1 vein. On the strength of this discovery, George Miller has purchased the McConnell property adjoining on the east in Catharine Township.

C.P.R. CONTROLS SMELTERS.

The C. P. R. is conducting an advertising publicity campaign across the border, and in a recent article says that it holds control of the Consolidated Mining and Smelting Co., operating a smelter at Trail, which represents an investment of \$1,000,000 and which has been increased recently at an additional cost of \$750,000. The capacity of the plant is 100,000 tons daily. It is added that the company is the only one in the world which is turning out refined gold, silver, copper, lead and zinc.

WORKING ON SHAFT.

Contractor J. McGuire has got well under way with his contract with People's and Ophir Mining Companies in deepening the shaft to the contact. The third round was taken out Tuesday night, giving a depth of 18 feet on the new work. Three 8-hour shifts are now working and good progress should be made from now on. The cost of this work, it will be remembered, is to be borne jointly by the two companies. The work is being done in the shaft of the People's Mining Company and drifting and cross-cutting over to the Ophir boundary line will be commenced as soon as the contact is reached, at a depth of about 550 feet, after which each company will work independently.

CHICAGO GRAIN.

J. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade: Prev. Open. High. Low. Close. Grains.

CHICAGO CAR LOTS.

Wheat—114 1/2, 115 1/2, 115 1/2, 114 1/2, 114 1/2. Corn—80 1/2, 80 1/2, 80 1/2, 80 1/2, 80 1/2.

PRIMARY MOVEMENT.

Wheat—1,528,000, 1,210,000, 942,000. Shipments—875,000, 661,000, 234,000.

NORTHWEST CAR RECEIPTS.

Winnipeg—485, 585, 700. Duluth—27, 95, 88, 143.

LIVERPOOL MARKETS.

LIVERPOOL, July 21.—Closing—Wheat—11 1/2, 11 1/2, 11 1/2, 11 1/2, 11 1/2.

STOCK MARKETS SHOWED INCREASE THIS YEAR

The total receipts of live stock at the City and Union Stock Yards for the past week are as follows:

Table with columns: City, Union, Total. Rows: Cattle, Hogs, Sheep, etc.

CHICAGO LIVE STOCK.

CHICAGO, July 21.—Cattle—Receipts, 1000; market, weak; beefs, \$8.75 to \$10.00; steers, \$8.00 to \$9.00; calves, \$8.00 to \$9.00.

BUFFALO LIVE STOCK.

EAST BUFFALO, July 21.—Cattle—Receipts, 250; active and steady; Veal, receipts, 1500; active and steady.

LONDON WOOL SALES.

LONDON, July 21.—The offerings at the wool sales today amounted to 8000 bales. The demand was good, except for low cross-breeds, which were sold at 10 to 12 1/2 per cent. below the previous week's sales.

LONDON STOCK MARKET.

LONDON, July 21.—Money was scarce early today, but later eased off with discounting.

PAPER STOCKS HIGHER.

Heron and Co. had the following at the close: The Wood and the Loyal. Ames pd was particularly strong stock and altogether the market gave a very good account of itself.

THE ST. LAWRENCE MARKET

There were sixteen loads of hay brought in yesterday, all net selling at \$12 to \$14 per ton.

THE MARKET OUTLOOK

R. E. Kemmer in his weekly market letter says: Reverting to the situation at large, it has been a notable fact that American investors have been absorbing much larger quantity of our securities recently and are apparently preparing to take full advantage of the movement which is impending.

LONDON METAL MARKET

LONDON, July 21.—Spot copper, £121.50; futures, £89 up 11. Silver, £125.50 up 11. Lead, £28 12s 6d up 2s 6d; futures, £26 10s, off 10s.

Harvest Help Excursions to Winnipeg and Northwest

Grand Trunk Railway will run harvest help excursions to Winnipeg and the Canadian Northwest at same rates and conditions as last year. Dates and further particulars will be announced later.

MINE STOCKS DULL BUT HOLDING WELL

A Few Issues Active, But Price Changes Small—Market Devoid of Feature.

There was more activity in the market at the Standard Stock Exchange yesterday, but the midsummer depression has a firm grip on traders and price changes were small either one way or the other.

The silver stocks were the most active in the market, and gave promise of a quick rally when the volume of business increased.

Yesterday there was no feature in the gold stocks. The market was quiet at 22 1/2.

West Dome Consolidated was the most active stock on the list, selling between 86 and 86 1/2 all day.

In the silver stocks with silver up to 69 1/2, Timiskaming showed a tendency to firm up, advancing a point to 64.

Timiskaming showed a tendency to firm up, advancing a point to 64, but selling off again on the close for a small lot.

The closing amount of the close, Schumacher sold back 1/2 point from 48.
