# Imposing Funeral Ceremonies for Late Lord Mayor of Cork Projected France Surprised at Britain's Action Regarding German Property

## LORNE L. HELMER IS FOUND GUILTY OF MANSLAUGHTER

### Strong Recommendation to Mercy.

### GIVE SENTENCE TODAY

Simcoe, Ont., Oct. 27.—(By Can. Press)—Guilty of manslaughter with strong recommendation to mercy was the verdict brought in this evening by the jury in the case of Lorne L. Helmer, charged with the murder of James Learn on July 13 last. The jury went out over two hours. Sentence will be pronounced by Mr. Justice Kelly tomorrow morning at 11 o'clock.

**Police Inspector Testifies.** Shortly after the reopening of the Helmer trial today, John Miller, inspector of provincial police, was called, and told of his arrest of Lorne Helmer on July 30 this year, of his warning against the police, and that Helmer voluntarily made a statement, signed by him, of occurrences surrounding the death of James Learn. These were made at the office of Crown Attorney Slaght, K.C., Simcoe, during the morning, the two, with young Charles, and in the afternoon another statement was made before Mr. Slaght in answer to his questions. Helmer admitted that he had had some words during the morning of July 13 with James Learn, but did not know where it was. Helmer did not know where it was. Helmer did not know where it was.

## BRITAIN RENOUNCES RIGHT TO IMPROVE GERMAN PROPERTY

### Official Announcement of Decision Causes Surprise and Some Resentment in France—Think They Might Have Been Consulted— Germany May Make De- mand on Them.

Paris, Oct. 27.—The French foreign office received official notification today that Great Britain renounces the right of confiscation of German property in the United Kingdom. This has caused great surprise, which is freshly expressed in French official circles, as there had been no previous intimation that such a move was probable.

French officials emphasize the gravity of this move, as they fear Germany will make a similar request of France, which, it is declared, could not be granted. However, they point out that the renunciation by Great Britain of her rights under paragraph 13, annex II, of part eight of the Treaty of Versailles, is not as sweeping as reported at first.

## Five Working Days Likely in Kitchener

Kitchener, Ont., Oct. 27.—(Special).—Local manufacturers will have to make arrangements this winter whereby they can close down their plants for one day a week and work Saturday afternoons in order to overcome the electric power shortage, according to a statement made here today by Supt. V. McIntyre, of the light commission. He declared the city is being cut from 15 to 25 per cent by the Hydro.

## BURNS PROVE FATAL TO FOUR-YEAR-OLD CHILD

Kathleen Posgwanoo Dies in Hospital—Was Trying to Light Coal Oil Lamp.

Little four-year-old Kathleen Posgwanoo, 110 St. Clarens avenue, died in the Hospital for Sick Children at 6:20 o'clock last night from burns received while the little tot was trying to light a coal oil lamp at her home earlier in the afternoon.

## SESSION IN PUBLIC BY LEAGUE COUNCIL; WORK IS REVIEWED

### Financial and Economic Sections of Commission to Be Established.

Brussels, Oct. 27.—The business of the public session this afternoon of the council of the League of Nations included speeches by Leon Bourgeois, president of the council, and Paul Hymans, the Belgian representative. The report on the permanent international court of justice, the report on armaments and the question of the league's budget were also considered.

## MACSWINEY'S BODY IS LYING IN STATE IN LONDON CATHEDRAL

### Six Irish Political Prisoners Bore Coffin to Gates of Prison—Thongs Lined the Streets, But Progress Was Without Incident—Body Watched by Irish Volun- teers.

London, Oct. 27.—The body of the late Lord Mayor of Cork, Terence MacSwiney, is lying in state tonight in St. George's Cathedral. A body-guard composed of members of the Cork and London brigades of the Irish volunteer army, dressed in civilian clothing, is keeping vigil through the night beside the coffin, which, shrouded in a Sinn Fein flag, rests on a catafalque in the cathedral chancel.

## PRESIDENT APPEALS TO PEOPLE OF U. S. TO SUPPORT LEAGUE

Washington, Oct. 27.—The United States was never called upon to make a "more solemn determination than it must make now" on the League of Nations issue, President Wilson declared today in an address delivered at the White House. He spoke to a delegation of pro-league Republicans and independents, headed by Dr. Hamilton Holt, editor of the New York "Independent."

## NEW LIGHT THROWN ON JUTLAND BATTLE

Washington, Oct. 27.—Arguments favoring recognition of the "new republic of Ireland," were formally presented to Secretary Colby at the state department tonight by a delegation of Irish sympathizers, headed by Frank E. Walsh, former joint chairman, with Wm. Howard Taft of the war labor board.

## BRITISH GOVERNMENT HAS DECIDED NOT TO PUBLISH AN OFFICIAL ACCOUNT.

London, Oct. 27.—In the House of Commons today it was stated that the proposal to publish an official account of the battle of Jutland has been abandoned. Information has been received from unofficial German sources throwing considerable light on the battle of Jutland. The record based on British evidence only would, therefore, it was said, be a one-sided version and would create a wrong impression of the battle. The whole of the materials prepared by the admiralty will be incorporated in Sir Julius Corbett's work under the title of "The Jutland Campaign."

## BRITISH EXPEDITION GOING TO ANTARCTIC

### Exploratory Enterprise Greatest Britain Has Ever Under- taken—Six Years' Survey With View to Commercial Development Contemplated—Party Sail Tomorrow From Norfolk, Va.

Ottawa, Oct. 27.—(By Canadian Press)—Hon. F. B. Carvell, chairman of the Board of Railway Commissioners, is expected to return to Ottawa from the west about Friday of this week.

## MINERS PRESENT FRESH DEMAND, CAUSING A HITCH

### British Cabinet Has Been Summoned to Meet Early Today.

## POLICY OF SECRECY

London, Oct. 27.—A new difficulty has arisen, delaying the complete settlement of the coal strike, which this afternoon was believed to have been attained on the basis of an increase in the miners' wages as set forth in the earlier announcement this afternoon. The difficulty is serious, as indicated by the fact that the cabinet has been summoned to meet early tomorrow morning before the conference of the miners and government officials re-assembles.

## U. S. OWES POSITION TO OTHERS' LOSSES

Boston Banker Says Her Status as Creditor Nation is Unavoidable.

Montreal, Oct. 27.—John Jacob Arnold, vice-president of the Bankers' Union for foreign commerce and general manager of the U. V. Greene Co., Boston, addressing a meeting here tonight on world economic conditions, said the position of the United States as a creditor nation was unavoidable. It had been built up as a direct result of the war, whilst the position of Great Britain, Germany and France, as creditor nations, had been acquired by the efforts of the first in aiding in the development of the United States, of the second in building up South America, the Orient; and third, in building up Russia.

## TWENTY CASES LIQUOR IS SEIZED BY SQUAD

Twenty cases of liquor were seized by Plainclothes Officers Ward, Scott and Greenley of the special liquor chasing squad last night in a garage at 478 West Dundas street and Wm. Bell, 96 Nassau street, and Harry Carroll, 344 Denison avenue, were arrested on a charge of illegally selling liquor under the O. T. A.

## EMERGENCY BILL PASSES COMMONS

### Measure Had to Be Modified as Concession to Labor Party.

London, Oct. 27.—The government's emergency bill, which provides for all contingencies in the event the miners' strike should involve the railway and transport workers, was rushed through all its remaining stages today and passed third reading tonight. The bill did not have the smooth passage the government hoped for. It passed through the committee stage, but the government had to make further concessions to the demands of the labor party.

## BRITISH CABINET HAS BEEN SUMMONED TO MEET EARLY TODAY.

London, Oct. 27.—At a special meeting of the Dublin Corporation today, Captain McWalter, high sheriff, urged that those persons who are in the confidence of the remaining hunger strikers ask them not to persist further.

## OPEN VERDICT RENDERED BY JURY ON MACSWINEY

### Lady Mayor Says His Arrest Was Offence Against Laws of Irish Republic and Therefore Illegal.

London, Oct. 27.—A jury of ten men, after twelve minutes' deliberation this morning, returned an open verdict at the inquest over the body of Lord Mayor MacSwiney of Cork, who died in Brixton prison early Monday from the results of his seventy-three day hunger strike.

The verdict was that the deceased had died from heart failure due to a dilated heart, and acute delirium following scurvy, which was due to exhaustion from prolonged refusal to take food.

The widowed lady mayor, dressed in black and heavily veiled, was the only witness on behalf of the MacSwiney family, and was the dominant figure of the proceedings. Her composure was indicated by her quick and pointed replies.

Mrs. MacSwiney successfully resisted the continued attempts of the coroner to have her characterize her late husband's occupation otherwise than as "a volunteer officer of the Irish Republican army."

The inquest, which was held in the bright, sunny office of the prison governor, was attended by 35 persons besides the coroner and jury. These included Mrs. MacSwiney, the dead lord mayor's brother, Sean (John), his sisters, Ann and Mary, his private chaplain, Father Dominic, the lord mayor's secretary, the town clerk and city solicitor of Cork, representatives of Irish civic and political organizations, and home office and other British Government officials.

Mrs. MacSwiney Testifies.

There was a crowd about the prison entrance when the members of the family, accompanied by Art O'Brien, head of the London office of the Irish Self-Determination League, drove up in a taxicab. Mrs. MacSwiney stepped briskly to the door,

which was immediately thrown open, the constables guarding the entrance standing aside deferentially. The coroner arrived shortly afterward and the party filed into the governor's room of the prison.

Mrs. MacSwiney said her name was Miss Frances MacSwiney, and that she lived in Cork. Her husband was Terence James MacSwiney, aged 40, questioned as to his occupation she said:

"My husband did nothing for years but work for his country."

Coroner Wyatt objected to the witness describing her husband as an Irish volunteer, to which she rejoined:

"I don't see why, Ireland has an army of its own; don't you call that an occupation in your army?"

"He went on a hunger strike the day he was arrested, as they had no right to arrest him. It was an offense against the laws of the Irish republic," replied Mrs. MacSwiney spiritedly, to another of Solicitor MacDonald's questions.

Doctor's Evidence.

Dr. Griffiths, the senior medical officer of the prison, said he began attending MacSwiney September 1. "He was then weak and had certain signs of tuberculosis in the chest,"

## GERMANS FORWARD TEN AGREEMENTS

Replies to Invitation of the League Sent to All Nations of World.

Paris, Oct. 27.—The German government, somewhat to the surprise of the council of the League of Nations, has sent to the league offices in London ten treaties or diplomatic agreements entered into by Germany with various powers since January 10, it was learned here today. This step was taken in consequence of the circular invitation sent to all the governments of all the world except that of soviet Russia, by order of the league council at its meeting in Rome in March last.

The treaties and agreements are the Franco-German agreement concerning the harbor of Kehl on the Rhine; the Franco-German exchange of notes respecting article 297 of the treaty of Versailles; Swedish-German notes of March 31 on a German-Swedish commercial treaty; an agreement with the Latvian republic about the exchange of prisoners; an agreement to the same effect between Germany and Hungary; the Franco-German protocol for execution of article 68 of the treaty of Versailles; an agreement between Germany and the Russian soviet for the exchange of nationals; an agreement with various states concerning the preservation or re-establishment of rights in industrial property affected by the world war; further agree-

Fort William, Ont., Oct. 27.—The board of railway commissioners held a sitting here this morning on express rate increases. W. J. Thompson, representing Sault Ste. Marie, was the first witness called. In presenting his argument, he claimed that this city was included in the prairie section and paying western rates, whereas it was considered that the western rate basis should apply.

Col. Milton Francis, on behalf of the Port Arthur Board of Trade, submitted a memorandum in which he set forth that the increase of 40 per cent would bring the new rate from Fort Arthur to Toronto to over 100 per cent, more than pre-war rates. He claimed that the express rates in the United States were only increased 25 per cent, over pre-war rates. He asked the board to consider whether cost of operating warranted so drastic an increase in Canada.

The board will consider all evidence taken in the west upon its arrival in Ottawa.

## BURNHAM'S ADIEU TO MONTENEGRINS

Key Turned in Lock So World May Know Nothing of Atrocities.

Quebec, Que., Oct. 27.—J. Eugene Coreyveau, consul-general for Montenegro, has issued Col. Fred E. Burnham's farewell to Montenegro, read on the eve of his departure for Albania. Col. Burnham went in charge of a Red Cross mission to Montenegro some time ago from Winnipeg.

The document is addressed to the king and queen of Montenegro and to all "true-hearted Montenegrins now refugees from their native land." It points out that the "dawn of allied, brought murder, arson, outrage and extortion" to Montenegro. "Betrayed by friends, terrorized by Serbia, the key is turned in the lock so that the world outside may know nothing of the atrocities within. No nation has fought harder to maintain its existence and independence, and this tragic sequel of the great war will excite pity and sympathy among the lovers of liberty the world over."

**SPLENDID WORK IN CARE OF THE AGED**

Lieutenant-Governor Clarke Speaks in Belmont St. Institution.

**MORE CO-OPERATION**

Ald. Hamilton Promises to Press for Action by Civic Authorities.

His Honor Lieutenant-Governor Clarke presided at the annual meeting of the Industrial Refuge and the Aged Men's and Aged Women's Homes, Belmont street, yesterday afternoon, the reception room in which the meeting was held being filled with friends of the institution.

The National Anthers and devotional exercises, led by T. Crawford Brown, were followed by the introduction of the chairman by Mrs. J. H. Thom in the absence thru illness of Miss Mary Cavan, president of the board.

The lieutenant-governor in a brief address referred to the splendid work done in the homes for the aged and said that he felt that many did not know of the great things done in these and similar institutions.

That the world needs more of the kind of public service given in the homes for the aged, was the keynote of Ald. L. A. Hamilton's address. She thought the Rotary and Kiwanis Clubs were also working along the same lines and urged that the same interest be given to try to interest the civic rulers more and more in such efforts.

Need More Institutions. That the world needs more of the kind of public service given in the homes for the aged, was the keynote of Ald. L. A. Hamilton's address.

**Eats Candy but Loses Her Fat**  
Here's joyful news for every fleshy person who loves good things to eat, especially those who are denying themselves the things they like most because of their desire to keep down their weight or to reduce the fat with which they are already burdened.  
There is no further necessity to diet in order to keep your weight down or reduce the fat you have already acquired.  
The famous Marmola Prescription has been put up in tablet form, and is now sold by all druggists at one dollar for a good size box. To get rid of fat, you need only take three or four pounds a week, just take one of these little tablets after each meal, and before bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain. Use Marmola Prescription Tablets according to directions a few weeks and get results without going through long, tedious diets, strenuous exercise and starvation diet. Get them at any drug store or send the price to the Marmola Co., 53 Garfield Building, Detroit, Mich., and receive them by mail, prepaid, in plain, sealed cover.

### NO PROSECUTIONS OF MILK DEALERS

#### Question of Civil Proceedings Still Remains, Says Crown Attorney.

Crown Attorney J. W. Seymour Corley who was instructed by Mayor Church two weeks ago to advise him on the question of prosecuting milk interests, on the ground that a combine existed, has replied recommending that no prosecution be launched against the distributors of milk.

Mr. Corley's report follows in part: "The legal position is that before any criminal proceedings can be taken written authority of the Board of Commerce of Canada would be required and the first question to be considered is whether or not such authority could be obtained."

"It is to be observed that the evidence adduced before the court was prepared and presented by the board themselves and by the counsel appointed by that board, and the board would, no doubt, be loathe to assist any material evidence and if it were now possible to obtain further evidence than that presented to the board it could be presented only by re-opening the former investigation."

"There still remains to be considered the civil proceedings which might be taken against the National Dairy Association and the milk producers and against the distributors for an order declaring their combinations illegal and dissolving those associations and for an injunction restraining these different bodies from continuing operations under such agreements."

**TORONTO WATER RATES.** In order to secure the 10 per cent. discount, water takers are reminded to pay their water rates forthwith. After Monday, Nov. 1, no discount can be allowed. Water rates may be paid at the city hall or at the west branch city building, 902 Keele street. It is strongly urged, in order to avoid crowding and delay, that payment be made at once and not deferred until the last few days of the collection. Receipts for water rates forwarded by mail will be returned to the sender as speedily as possible, but stamped and addressed "return envelope" must accompany the remittance. Each bill as prepared shows the net amount payable. War stamps must be affixed to all cheques.

**CIVIL SERVICE RETIREMENTS.** The superannuation committee, under the chairmanship of Premier Egan, held its initial meeting at the parliament buildings yesterday, and Civil Service Commissioner McCutcheon was appointed secretary and also a member of a sub-committee composed of deputy Premier Horace Wallace and E. Harley of Osgoode Hall, who will prepare regulations for the carrying out of the government's superannuation scheme for civil servants.

### CONSUMER MUST GET MILK PRICE BENEFIT

"There is a change in conditions all along the line, which seems to indicate that a change in price is warranted," said E. H. Stonehouse, president of the Ontario Milk and Cream Producers' Association, yesterday. He would make no prediction that the price would actually come down. He stated that with the introduction of a six-day week for drivers, and increased cost of bottles and other supplies, the distributors had greater expenses than last year.

Asked what would happen if the producers reduced their prices and the distributors refused to reduce theirs, Mr. Stonehouse replied: "There will be no drop in price, unless the consumer gets the benefit. The thing is being worked out in the interests of everyone. I am satisfied everyone is trying to do what is right and fair in this matter."

The increases in the rates of the Company have been necessitated by increased labour charges and rates, increased cost of all materials used by the Company, increased taxes and Workmen's Compensation rates, and the increased cost of power due to a Court decision which construes the agreement of the Electrical Development Company and arrives at the Rentals payable by a different method than that adopted by the Company in the past.

All these increased payments are matters over which the Company has no control.

The Farmers' Strike

The wheat growers of the American southwest are calling the bluff of the grain dealers, millers and buyers for the export trade.

Then again the farmer has another card up his sleeve. If the country will not pay him a fair price for his wheat because it is too plentiful, he can easily raise the price next year by curtailing production.

Ministry of Labor and Men's Organizations Will Combine Efforts.

As a result of the conference held yesterday afternoon between representatives of ex-service men's organizations in Toronto, and the minister of labor at Queen's Park, a committee has been formed which will have for its object the institution of an ex-service men's department of employment.

Wanted Full Control

The first proposal of the minister was the institution of a bureau entirely independent of any other authority than ex-service men, but on the representatives of both the employment bureau and the soldiers' aid a plan was finally evolved bringing the question of the unemployment of ex-service men under the jurisdiction of the Ontario department of labor.

Some Citizens of Welland Are Trying to Save His Deportation to Philadelphia.

St. Catharines, Ont., Oct. 27.—(By Canadian Press.)—David McNeal, acquitted last Friday night at the Welland assizes of the murder of Margaret Bonczok at Thorold on July 1 last, is still in Welland jail, awaiting deportation in the hands of American federal officers who will take him to Philadelphia to answer to charges of robbery and shooting a policeman.

Several citizens of Welland have interested themselves in McNeal's behalf in an effort to prevent his deportation. McNeal is willing to be extradited and go to Philadelphia to answer the charges rather than be deported, which procedure would close the door against his return to Canada, a country that he voluntarily enlisted to fight for, altho he never reached France.

Several religious organizations have taken up the case and have applied to the G.W.V.A. for assistance in making representations before the minister of justice.

WALL STREET SELLING CONVERGES ON STEELS

More Price Unsettlement and Reduced Output in Progress in Steel Industry—Various Issues Sell Off One to Five Points.

New York, Oct. 27.—The stock market was under incessant pressure today, the extent of the impairment, while comparatively moderate in seasoned shares, assuming wider dimensions among the more speculative issues.

From the very outset selling converged around the steels, that group evidently regarded as especially vulnerable because of the failure of the United States Steel directors to increase the quarterly dividend at yesterday's quarter-meeting.

In all likelihood, however, heaviness of the steel and affiliated stocks was directly due to a general decline in the market as a whole, which was not confined to the steel industry.

Equipped with motors and their sub-products, oils, tobaccos, sugars, chemicals and numerous unclassified specialties were swept into the reactionary movement at extreme losses of one to five points.

BEARS HAVE TURN IN GRAIN MARKET

Effect of Farmers' Combine Offset by Lack of Export Demand.

Chicago, Oct. 26.—Altogether fresh upturn in wheat took place today, the market afterward underwent a sharp setback.

Attention given to farm strike reports was the chief bullish influence. On the other hand, export buying appeared to have come almost to a halt.

The market closed weak, 2 1/2 to 3 1/2 cents net lower, with December 12.00 to 12.04 1/2, and March 2 to 2 1/4.

General buying, associated with current advice about farmers acting to market a decided upturn at the outset.

Some houses had messages saying farmers were picketing and were sending back wheat, but these houses said country acceptance of bids were more liberal than had been expected in view of the settlement of the English coal strike.

Conflicting gossip about the settlement of the English coal strike added to the uncertainty. Then it became more and more apparent that, at least for the time being, exporters had almost completely withdrawn from the market.

Provisions lapsed control. Packers' selling was reported.

THE EXCHANGE RATE

V.—What Controls It?

THE previous numbers of this series explained that the foreign dollar is not money but a commodity, and that the inconvenience of settling international debts in gold has led to the use of Bills of Exchange.

If we bought from the United States goods to exactly the same value as those we sold to them, broadly speaking, there would be no exchange problem between us, since the amount of Bills of Exchange offered for sale in each country would just cover the requirements of those wanting to pay debts in the other.

At present, however, we are buying from the United States far more than they are from us. In consequence many Bills of Exchange, representing Canadian dollars, are being offered in the money markets of the United States by American vendors and few bids are being made for them.

The holders, to dispose of them, lower the price until they become a tempting bargain. The Canadian dollars are therefore at a discount in the United States.

On the other hand, only comparatively few United States dollar Bills of Exchange, created by the sale of Canadian goods, are being offered in Canada and there are many bidders who want to buy them to pay their debts in the United States.

In consequence the competition is keen, the price rises and United States dollars are at a premium here.

We will deal next week in No. VI with the effect on the exchange rate of one result of war financing, namely the Inflation of the Currency.

## RAILWAY PERCENTAGES ALLOWED TO DRAG ON

Board of Control Rejects Resolution to Have Writ Issued Against T. S. R.—Half-Million Dollars Now Due—Heated Debate—Mayor Threatens Solicitor—Question of Company's Ability to Pay—Council Will Decide the Matter.

After an hour of heated debate the board of control yesterday rejected Mayor Church's motion to have a writ issued through the city solicitor against the Toronto Street Railway in an effort to collect the percentages of earnings now overdue for nearly five months, and totaling about half a million dollars. Only Controller Maguire supported the mayor's motion, and Controllers Ramsden and Gibbons voted against it. Controller Cameron did not vote.

Controller Gibbons then moved that the mayor and the finance commissioner be given power to take any action they should consider advisable to collect the percentages, but the mayor declined to put the motion, declaring it was out of order.

"Why out of order?" asked the controller. "The matter has been disposed of," replied the mayor.

The mayor's motion will go on to council without any recommendation on the part of the city hall takes the view that the question of percentages will now be allowed to drag along until the franchise expires ten months hence when they will be held out of the money to be paid to the company by the city for the system.

A big factor in yesterday's decision was a report prepared by Finance Commissioner Ross on the finances of the T. S. R. This report would pay the percentages and continue to pay wages and meet other obligations. The report was prepared after the commissioner had examined the books of the company. It was the evident intention of Mayor Church to keep this report under cover, but the purport of it leaked out. After the evening papers on Tuesday had published brief summaries of it, Mayor Church issued a statement to the morning papers that the evening stories were false and that no such report had been presented by the commissioner. It developed at the board meeting, however, that the commissioner had reported as stated and that the press summaries were correct. Commissioner Ross declared that he had not disclosed the contents of his report. Controller Maguire expressed regret that it had been published.

"They put a dagger in the city's back," declared the mayor.

After some discussion the board decided not to make public the whole report, but Controller Ramsden remarked that if any member of council asked for it at the next meeting of council it would have to be made public.

In opening the discussion, Mayor Church criticized Solicitor Johnston for failing to carry out his instructions and have a writ issued, to which Mr. Johnston replied that the treasurer and commissioner of works had power to have writs issued for the collection of city accounts, on the authority of the board of control.

"Threatened the Solicitor."

"If you do not intend to carry out my instructions we will get someone who will," declared the mayor to Solicitor Johnston.

Controller Cameron declared the mayor was not fair with the solicitor; things had to be done in a legal way. Controller Gibbons referred to an interview credited to the mayor, in which the statement was made that the mayor had given the solicitor instructions on June 5 last to collect the percentages.

"That can't be right," said Controller Gibbons, "there were no percentages overdue on June 5."

Controller Gibbons criticized remarks of the mayor which tended to indicate that the controllers had dilly-dallied with the question.

summer. He had reason to believe that the mayor made no personal effort to collect the percentages until August 10. "I am not going to approve of anyone giving interviews, putting the blame for delay on me in an effort to put himself in a better light," he declared.

"If you had been here as long as I have been you would be used to that," said Controller Cameron.

Continuing, Controller Gibbons said, "If I thought that by supporting the mayor's motion we would be able to collect the percentages and at the same time not interfere with the operation of the street railway service, I would vote for it, but we have no assurance that the city ever recovering the percentages."

Mayor Church said Mr. Ross might not have known all about the subject when he made his report. Anyway, he, the mayor, had never seen the report.

At this point Mr. Ross produced copies of the report and said, addressing the mayor: "It is the same report that was handed to you the other day."

Would Not Raise Fares.

Controller Cameron said that unquestionably the percentages would have to be paid also; it was desired to maintain the street car service. The question to be decided was how both of these aims could best be attained. Controller Gibbons said he had no assurance that wages would not be paid if the percentages were paid. Controller Cameron asked whether, in the event of the railway board taking over and operating the system had they power to increase the fares?

Mayor Church replied that they had not.

"That means that they would use our percentages to meet wage obligations," said Controller Cameron, "and I will not vote for the motion."

Controller Gibbons said that with all the facts before them he was prepared to give the mayor power to take any action he deemed advisable. But the mayor replied that the controller would have to share the responsibility. Mayor Church repeated that the company was able to finance itself by applying to the banks.

Controller Ramsden: "You know Mr. Ross has been trying to find out whether the railway company has been making an honest effort to finance itself and to date he has not discovered that they have not."

Mayor Church expressed surprise that an official should adopt such a course, and Controller Ramsden replied that Mr. Ross had done only what he had been instructed to do.

The result of the vote was, mayor and Controller Maguire for, and Controllers Ramsden and Gibbons against. Controller Cameron did not vote.

Hydro Has Power to TAKE OVER GUELPH LINE

Premier Drury was waited upon yesterday by a deputation from the Guelph City Council, which wanted to know the attitude of the government in regard to the Guelph street railway. They were told that the Hydro-Electric Power Commission wanted the line there were ways to get it, but it was desired to tack it on to other lines under a radio system, the matter would have to be voted on by the people.

## ONTARIO STOCK IN WILL OF IRISHMAN

New York Woman Leaves Estate, Including a Lot in Toronto.

Ten shares of Brazilian Traction, valued at \$928, are the Ontario securities in the estate of Richard Nolan, Russell, J.P., of Ballinacra, county Limerick, Ireland, who died February 14th, 1918, leaving a total estate of \$102,840, and whose will was filed in Toronto today. Under the will, Daniel Nolan, a groom, receives \$200; Matthew Kennedy, herdsman, and Patrick Nolan, steward, each \$150. Sisters and nieces share the residue.

Mrs. Jennie Landau, of New York, who died November 18, left an estate of \$12,866, which includes a lot in Toronto, valued at \$2,500. A sister-in-law in Vienna, the husband and son in New York, share under the will.

Mrs. Laura Elizabeth Goulding, of York township, who died May 19th, left an estate valued at \$11,085. The house at 87 Bernard avenue is valued at \$5,500, mortgages \$3,248, and cash, stocks and household goods complete the estate. Under a will made May 6, a son, Darrell Boles Goulding, receives \$1,000, and two daughters, Georgie G. and Doris L. Goulding, equally share the residue.

## BANK MAKES APPEAL AGAINST ASSESSMENT

The Imperial Bank appealed to the court to revise yesterday against the assessment of the northwest corner of King and Yonge streets, known as the Lawlor building. The land is assessed in two parcels, the first 26 feet on the corner having been raised from \$10,750 a foot to \$12,750 and the inside 34 feet on Kings raised from \$8,250 to \$9,000 a foot. The land has 90 feet depth and the total assessment of land and building is \$112,000, the highest assessed property in Toronto. The bank bought the property in 1918 at a price undisclosed, but it changed hands in 1919 for \$900,000. The bank alleged that the return on the investment was only three per cent. Decision was reserved.

## BUILDING OF CHURCH NOW ASSURED.

The picture shows what the new Riverdale Presbyterian Church will look like when it is erected, on the corner of Pape and Harcourt avenues, the congregation having decided to undertake the work. For some time the project has been held back, although excavation work was finished, but there is now assurance of funds. The building will cover 100 square feet, with the main entrance on Harcourt avenue. The seating capacity will be 1400 and the cost approximately \$150,000. Rev. L. I. Hunter is pastor.

## ONTARIO LAW WEAK PROTECTING WOMEN

Judge Middleton Points to Better Provision for Sheep Than Human Beings.

"How much is a man better than a sheep?" asked Mr. Justice Middleton at Osgoode Hall yesterday in dismissing a claim for \$2,000 damages brought by Mrs. Margaret Street, Orangeville, against Thomas Craig, farmer, for injuries sustained by being attacked by a cow. She was in her mother's garden when a cow belonging to the defendant entered, knocked her down and seriously injured her.

"I greatly regret that I must dismiss this action and that I am driven to this conclusion by the authorities," said his lordship. "It would, in my opinion, be more in accordance with sound reason on principle, to make the owner of the animal answerable for the risk incident to taking his beasts to market, rather than to leave this unfortunate woman a cripple without remedy for that which happened to her without the least fault on her part."

"Our legislature has had the subject before it for consideration and has modified the law so as to afford the owners of sheep a remedy when they are worried by a dog even when it is not known to be vicious, but the law has been left in the unsatisfactory condition I have indicated so far as human beings are concerned, ignoring that which is written, 'How much is a man better than a sheep?'"

## PUPILS OF COUNTY MAY BE EXCLUDED

Lack of Accommodation in Toronto High Schools Makes Step Inevitable.

York county pupils may be excluded from Toronto high schools after December 31, for lack of accommodation. The management committee of the board of education was equally divided yesterday afternoon on the issue, but the chairman of the board considered that the exclusion of non-residents was inevitable.

There are girls who would do much better work without the boys, asserted Mrs. A. C. Courtney, in moving for the establishment of one high school for girls.

Dr. Noble: "Why not one for boys?"

Miss Constance Boulton wanted the opinion of the high school principals. Action was deferred.

Thomas Bengough's appointment as director of vocational guidance was endorsed.

Trustee Hamby's motion for an education director was vigorously opposed by Trustee Boland, who declared it illegal.

Rev. P. E. Powell thought the motion would undermine the officials of the board.

Trustee Boland considered the motion as an attempt to get the government of the schools by a commission, which he favored.

Trustee Edmunds said that a director of education would mean a ten-thousand dollar a year experiment. Things were shaping in the direction of the motion, but it was premature. Trustee Hamby's motion was defeated, duly the mover and Dr. Noble voting in favor of it.

## BALLANTYNE IN TORONTO TODAY

Will Address Navy League Campaigners at Noon in King Edward.

Hon. C. C. Ballantyne, minister of marine and fisheries, wired Hon. Dr. H. J. Cody, chairman of the Toronto campaign committee of the Navy League of Canada, yesterday, stating that he would arrive in Toronto this morning from Ottawa. He has expressed his keen delight at the work of the Navy League, and at noon will address the campaign in the King Edward Hotel. In the evening he will inspect the boys' naval brigade on their ship, "Commodore Jarvis," at the foot of York street. The public are invited to be present.

No figures have as yet been announced as to the number of cheques which have been reached and passed. The Toronto campaign will be continued until the industrial sections are completely canvassed. A number of cheques were received yesterday from Toronto business firms.

## PERMIT GIVEN FOR ADDITION TO HOTEL

King Edward Structure Calls for Expenditure of Two Million Dollars.

Altho the steel of the King Edward Hotel addition is already four storeys above the street and a start has been made on the stonework, the permit was only taken out yesterday. The permit calls for a \$2,000,000 structure. This is the largest permit issued by the city architect's department since the construction of the new Union Station was started. The registry fees totaled \$1,587.

A permit was also issued yesterday for a small addition to the Queen's Hotel, which is also nearly completed. The addition cost \$5,000. Other permits issued yesterday were: Mrs. McMenomy, dwelling, 107 Rose Park drive, \$5,000, and D. H. Atkinson, dwelling, 40 Lansdale road, \$8,000.

## CALL CONFERENCE ON EARLY CLOSING BYLAW

Board of Control Will Hear All Parties Concerned—Mayor Criticizes Curry Amendment—Soldiers Ask Tax Exemption on Club Rooms—Complaint People Suffering Loss Thru Delay Over Viaduct.

The board of control decided to call a conference for next Wednesday of all parties concerned in the early closing bylaw for the purposes of discussing alleged weaknesses of the bylaw. The mayor said there was no doubt that the Curry amendment had made a farce of the bylaw.

Application was made for exemption from taxation on the property at 21 East Gerrard street, occupied by soldiers as club rooms. The owner is prepared to reduce the rent up to the amount of the exemption.

The commissioner had reported that the city had no power to grant exemption. In spite of this Controller Maguire made a plea that something be done to meet their wishes. He urged council to make a grant equal to the taxes.

Controller Cameron said it was easy to talk about helping everyone and everything when the law said it could not be done. Mayor Church suggested getting legislation permitting the city to exempt soldiers' club rooms from taxation. The board decided to ask for a report from the solicitor as to whether a grant could be made equal to the taxes.

Ward 7 ratepayers' Association urged that as the pavement ordered for Bloor street, from Quebec to Jane streets, would probably not be laid before next spring a coat of cinders should be put on at once to make the street passable for wheel traffic. One member of the deputation said the chief difficulty was in getting the cinders carried thru the mud. The board decided to recommend the laying of a temporary walk, either of board or cinders, and the commissioner was instructed to bring in a report on the cost of covering the roadway with cinders.

Mrs. A. M. Huestis, representing the local Mothers' Allowance Commission, asked the board for space in the city hall for offices for the commission. Property Commissioner Chisholm repeated what he said before, that most of the departments are all cramped for space, and that there is no room available. Mayor Church was against providing the space, as he thought it was 70 per cent of the city's duties, but Controller Maguire said it was not a matter to split hairs over, and he moved that the commissioner be instructed to find the necessary space. The motion carried.

Lights on Wagons.

A Riverdale deputation asked the

## NOTED CANADIAN AVIATOR IS DEAD

Lieutenant Ferguson Was Shot Down in German Lines During the War.

Flight-Lieut. John A. A. Ferguson, son of Rev. John Ferguson, pastor of Bathurst Methodist Church, died at his father's home, 881 Markham street, yesterday, after being home one week from Gravenhurst Sanitarium.

Lieut. Ferguson enlisted early in the war with the R.F.C. and went overseas in 1917. Whilst on a flying stunt one of his comrades in the air was attacked by a German plane. Ferguson went to his aid. Whilst helping his comrade he was attacked by two other Hun planes from above, and was shot down in the enemy lines.

Since his return in 1919 Lieut. Ferguson had been in the sanitarium with tuberculosis and suffering from the wound in the knee. It was due to neglect while a prisoner that he contracted tuberculosis. Altho in hospital since 1919, he had only been allowed to come home a week ago. Born in Woodbridge, he was educated at high school and was attending there prior to his enlistment. Surviving are his father and mother, Rev. and Mrs. J. Ferguson, one brother, Marshal, and one sister, Emily.
