Whether there will be a further slide or not is a matter of conjecture, but it is thought by many that this is only the beginning of the trouble.

A NEW YORK INSTANCE

An instance of the growing recognition of the rights of children, and of the importance of efforts to give them a fair start in the race of life, is found in the New York Committee on the Physical Welfare of School Children.

It would be the irony of fate if the Liberal government in England should be compelled to face a rebellion in Egypt.

Mr. Bonanza yesterday, in the house of commons, offered evidence which shows how little attraction there is in the senate for active business men.

The Commercial Travellers Anti-Trust League, which will give a great reception to Bryan when he arrives in New York.

A London paper speaks of Upton Sinclair as a presidential possibility in the United States.

District Attorney Moran is pursuing a popular summer campaign in Boston.

The returns are not yet all in, but it is now quite clear that the Fourth of July celebration killed and maimed more people this year than last.

It was perhaps a needless act of courtesy when the Winnipeg grain exchange closed on the national holiday of the United States.

The Boston Traveller has this delicate thrust at the lawyer: "Jose James, Jr., is his father's son."

The threatened land slide at South Rodney wharf as a result of the dredging operations presents another serious problem to the city council.

With six hundred saloons open the enthusiasm of San Francisco regarding its future will no doubt receive a great stimulus.

The dispute between the city and Mrs. Sterling Barker, of the Ben Lomond hotel, as to the flow of sewage from the property into the lake, was practically settled at city hall yesterday. Hon. H. A. McKeown represented Mrs. Barker, and the city was represented by the Hon. J. C. Cameron. It is understood that the basis of settlement is on the lines that the city shall build an antiseptic cess-pool for the reception of sewage from the hotel, and purchase from Mrs. Barker a strip of land which runs the length of the property to a width of twenty feet from the shore of the lake. The price to be paid was not mentioned.

The coroner's inquiry into the killing of Forest Howard of Glen Farnham, Quebec, by Eva Tracey, was concluded at Cowansville, Quebec, yesterday. Mrs. Tracey admitted the killing, but said that Howard came into her house and attempted to assault her. The jury returned a verdict of "shot in self-defence." After the inquest, Ernest Howard, the brother of the victim, had a warrant sworn out for the woman's arrest on a charge of maliciously killing. She was then placed under arrest.  
For the first time since April 18 San Francisco saloons were permitted to re-open yesterday. Licenses had been granted to about 600 drinking places and all had a crushing business. Provincial Hospital Commissioners Will Dispose of Some Real Estate Holdings in Fairville.  
The commissioners of the Provincial Hospital met yesterday afternoon, when it was decided, on the report of the chief commissioner, Hon. J. La Balle, to sell by auction or tender, and in lots for building purposes, the field between the C. P. R. tracks and the main road in Fairville.  
The chief commissioner said that the government would have the field surveyed as one, and plans would be made showing streets, lanes and building lots suitable for the locality.  
The object in selling the land is to facilitate the building up of Fairville. Plans and the report of the survey will be ready for consideration at the commissioners' regular meeting the first Tuesday in August.  
Improvements in the Provincial Hospital will be carried out according to the suggestions in the medical superintendent's report and will include a new roof for the annex, repairs to one of the main buildings, heating and ventilation for two of the wards and a telephone system to reach attendants in case of emergency. A new fence will also be erected from the main pension bridge around the bend of the road.  
Mr. La Balle said also that the Marsh road has been approved and repairs on the Loch Lomond and other roads would be pushed forward as rapidly as possible.

**OBITUARY**  
Death came very suddenly on Wednesday to John Frawley, one of the best known residents of St. George. He had gone to Eastport on the steamer "Viking" and was returning home. As the steamer was entering Little's Bay he was taken suddenly ill and, stumbling, fell over the main deck rail to the water, eight or ten feet below. He was in the water only two or three minutes, but when picked up life was extinct, so it is presumed his attack was one of apoplexy, or something of that nature. It is known that he had suffered at different times from heart failure.  
On the steamer's arrival at St. George about an hour after the sad affair the family of Mr. Frawley were notified. The funeral will take place probably this morning. Mr. Frawley was a native of St. George, was sixty-one years of age, and for a long time conducted a large general store, now operated by his three sons, George E. Harry, and Arthur, under the name of Frawley Bros. He also leaves one daughter, as well as two brothers, T. H. at Newport (R. I.) and Michael, at St. George, and a sister in Boston. Mr. Frawley was a very genial, kindly man, known and liked by all the people of St. George and vicinity, and the news of his death was heard with the most profound regret.

**Mrs. Moses Shaw**  
Mrs. Moses Shaw died suddenly at Le-preaux on Sunday morning last. She had been ill only one day, death having resulted from dropsy and heart failure. She was formerly Miss Comstock, of Miss's Bay, and is survived by her mother, two brothers and two sisters besides the sorrowing husband. The funeral was held from her residence Monday afternoon.

**PLAYGROUNDS IN OTHER CITIES**  
Five are Open in Montreal -- Detroit Has More and Better Ones.  
Wednesday's Montreal Witness says: "With the warm, bright weather which makes open grassy spaces appreciated, the five playgrounds conducted by the Parks and Playgrounds Association were opened yesterday for the summer. There was no formal opening, but at the largest of the playgrounds, Charlotteville street, Point St. Charles, several of the ladies of the committee, Mrs. Frank Redpath, Mrs. Alex. Murray, Mrs. J. A. Hutchinson, also Miss Alice Redpath, were present to welcome the children, of whom many came when it was known that the playground was opened. The Rev. Father O'Meara, of St. Gabriel church, Point St. Charles, also visited the playground."  
IN DETROIT.  
In Detroit the board of education looks after vacation schools and playgrounds. Miss Mabel Peters has given to the city a copy of the notice to principals and teachers which was sent out last month by W. C. Martindale, superintendent of schools. It is as follows:  
The Detroit vacation schools and playgrounds will be opened Thursday, July 6, for six weeks at the following schools: Durston, Bishop, Cass, Chaney, Russell, and also at the Ducharme playground, corner Joseph Campa avenue and Franklin street.  
The playgrounds will be equipped with swings, lawn swings, teetens, May-poles, hammocks, flying rings, trapeze, horizontal bars, sand piles, etc.  
The playgrounds will be in charge of competent teachers, including, for each playground, at least one kindergarten who has made a study of playground education. Special attention will be given each different age, so that all will find a variety of profitable amusement. Parents may be assured that their children will be safe and happy at the playgrounds.  
Sewing and basketry will be taught by trained teachers and every opportunity given the children to employ the warmest hours of the day in profitable work. Sewing and basketry materials will be furnished free.  
Some of the playgrounds will be equipped with showertebs, the water being heated to the proper temperature for beautiful bathing. Children will furnish their own towels.  
Sloyd schools in connection with the playgrounds will be located at the Scripps, Tilden, Duffield, Compen-Gilbes and Craft schools. Model yacht building will be one of the most attractive branches of this department.  
Baseball and basket-ball leagues will be formed and this work will be under the charge of an experienced coach. Girls will form the basket-ball teams and boys, the baseball.

**BOWELL DIFFERS**  
Ottawa, July 5—Sir Mackenzie Bowell, speaking on senate reform today, said that he was opposed to any change in the present system.  
Sir Mackenzie differed from Senator Ellis' suggestion that the time would come when Canada would separate from the mother country. He hoped the day would never come. The tie between Britain and Canada, as time progressed, would grow stronger.  
Senator Ellis said that to obtain such an alliance with the mother country, as Canadians desire, Canada should have the dignity of a nation.  
The marriage of Chester Home of this city to Miss May Burton of Truro, N. S. was solemnized last evening at the home of the officiating clergyman, Rev. P. J. Stackhouse. The happy couple received numerous wedding gifts.

MEYER COHEN IN THE CITY

Popular Picture Man Here With His Bride—Was Recently Married in New York

Meyer Cohen is in town with his bride, who is a sister of Mrs. Max Ungar of Halifax. They were married in New York four weeks ago. Mr. Cohen will present at the Opera House for three evenings and a matinee, opening July 12th, moving pictures of the San Francisco earthquake. He represents Miles Bros. of San Francisco and New York, the great and only moving picture people on the Pacific coast. Mr. Cohen, whose vitagraph pictures were so great a feature of the last exhibition, says that these San Francisco scenes, with lectures by a man who witnessed the earthquake, will be of absorbing interest. It is his intention to organize a moving picture industry in Canada, and to the Times this morning he set forth a very attractive scheme. He is confident that Canadian scenes from coast to coast offer a great and profitable enterprise, that would be of benefit to the country as well as to the promoters.

WHEN WOMEN LOVE

Popular Melodrama Pleases Large Audience Last Evening.

That "When Women Love" has not lost any of its attraction for St. John theatre goers was evidenced by the large audience in the Opera House last night when the play was given its first production here. The production company is if anything an improvement on the one which visited us last year. It is capable and well balanced. All the members are well up in their lines and business and the result is a finished performance of a clean melodrama. "When Women Love" is a melodrama it is in no sense a "melodrama" drama. It is full of thrillers and exciting moments from the rise of the curtain to its fall but it has escaped being crass, as its characters are natural types of men and women and has night it pleased the audience from start to finish. Curtain calls were the order after each act and they were enthusiastic calls at that.

For the male members of the company the principal work was done by Theo. V. Rennie as Det. Roemer, a detective. Mr. Rennie assumed a number of disguises during the evening and in every case his work was good. Mr. Hoffman had the leading juvenile role of Harold Young and he was manly and convincing in it while Chas. Latham and Harold Weston handled the "heavy" in good style. The comedy was furnished by James A. Callahan who as Phil Watson played a first rate wren. Of the ladies Miss Ada Greenhalgh was the persecuted heroine to the life while Miss Sadie Hilton played the role of the adventuress splendidly. Bessie Dainty as Josie Barnham was as nice as her name and made a hit in the concrete role. "When Women Love" will be repeated this and tomorrow evening and tomorrow afternoon.

SENATOR ELLIS'S SPEECH

St. John, July 5, 1906. To the Editor of the Times:

Sir,—In tonight's issue of your paper, your editorial remarks, in regard to Senator Ellis's speech in the senate chamber, do me the honor to express your opinion of the present state of affairs in Canada.

Canada, at the present time, stands at a point from which three roads diverge; first, the road to independence, such as Senator Ellis suggests; second, the road to annexation with the United States; third, a closer union with Great Britain, with a preferential tariff such as Joseph Chamberlain is at present advocating, and one of the three roads Canada must take, at this point.

The responsibility for the future of Canada depends on the present British government; let them grant us a tariff that will enable our manufacturers to find a profitable market in the mother country; but if they will not, then we must seek our markets elsewhere; let the Declaration of Independence of the United States prove a warning to them that there is a limit, beyond which the home government cannot go.

Canada is fast developing into a self-supporting country, every month marks a period, and a large one, in her growth. If wisdom is shown, in the attitude of the secretary of the colonies, in England's treatment of Canada's demands, then the "Empire" will be strengthened between us, and Canada will eventually prove the brightest jewel in Britain's crown; but, if not, then Britain beware.

Our resources for future wealth are practically unlimited. Our population is rapidly increasing; is developing men of brain and brawn; men striving to do and dare; men capable of directing the destiny of a country, that, like Canada, is just coming of age, is reaching the time when she must choose her future career.

But let us hope that the time will never come when the occasion will arise that Canada will be compelled to choose any other path than that of closer unity with the mother country.

But Senator Ellis' warning is needed, and needed badly, to awake to a sense of their duty the men in whose hands is placed the power to solve the question of Canada's future in relation to the Empire of Great Britain.

CHAS. DE LACEY.
