TEN PAGES—ONE CENT

IRM TOLL IS HEAVY More Than 50 Deaths Caused by Tornado

CINCINNATI IS HARD HIT In Half an Hour Gale Thirty Three Dead; Others Likely In Ruins of 20 Buildings Which Went Down Before 70 Mile Wind - Parts of Missouri and Indiana Swept

According to figures compiled early today, more than fifty persons were killed and several scores injured in a violent wind and rain storm which extended from Nebraska to Ohio last night.

The property damage is estimated at several millions of dollars. In Eastern Missouri the storm assumed the proportions of a tornado, demolishing 162 blocks in St. Charles, a town of about 11,000 people.

Cincinnati, July 8—Available reports early today show that thirty-three persons are dead and fifteen or more missing, and are believed to be buried in the ruins of buildings wrecked during the heavy rain and wind storm which passed over Cincinnati and its suburbs at 9.30 o'clock last night.

Twenty or more houses were blown down, many buildings were unroofed, windows crashed in, lives of thousands of pedestrians imperiled by falling signs and several church steeples were wrecked. Telegraph and telephone service was prostrated for several hours and railroad and interurban traffic seriously delayed.

The storm continued for about thirty minutes, during which rain came down in blinding sheets. The fire department, police patrols and ambulances were called out by alarms from all parts of the city. At Sixth and Mound streets buildings in one block were demolished. River craft also suffered severely.

The towboat Conroy which left Cincinnati for down river a little before the storm broke, struck a pier and sank. Of the crew of twenty-four, eighteen are believed to have been drowned.

In Other Places. St. Louis, Mo., July 8—Reports early today from eastern Missouri, which were swept by a tornado late yesterday, show that seven persons were killed, several scores injured and three are missing.

Indianapolis, July 8—A wind and rain storm which swept Central and Southern Indiana last night, caused three fatalities, many injuries and much property and crop damage.

ONLY TWO CABIN PASSENGERS CAME ON THE SICILIAN Quebec, July 8—The Allan liner Pretorian, here last evening, denies that she had been chased by a German submarine.

The captain of the Sicilian, also here, reported that on his last trip out from Quebec to Liverpool, June 18, five people died and were buried at sea. On her trip back to Quebec the Sicilian had only two cabin passengers and seven third class travelers.

Some Canadian volunteers, a few of them found medically unfit for service, were returned on the Pretorian in charge of Captain Wild, a wounded officer of the 8th Battalion, who is on short leave of absence.

FELL WHILE LEAVING CAR This morning a young woman, while stepping off a street car at the corner of Main and Sherbrooke streets, fell and was severely shaken up. She was assisted to her home, which was nearby.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The disturbance is centered south of Lake Erie and rain has fallen over the greater portion of Ontario quite heavily in the southern districts. Local showers have occurred in Saskatchewan and Alberta while in Manitoba and the maritime provinces the weather has been fine and warm.

Germans Fail Again; The Allies Advance

More Stirring Fighting In The West SOISSONS BOMBARDED

At One Point All Germans in Trenches Killed by Hand Grenades or Bombs - Bringing in More Enemy Troops From Poland

Paris, July 8—The French War Office this afternoon reports: "North of Arras, there were last evening and last night, severe infantry actions of considerable violence. Between Arras and Soissons to the north of the road running from Bethune to Arras, a German attack, preceded by a very heavy bombardment, was completely repulsed. At a point to the north of the railroad station of Soissons, we delivered an attack which made it possible for us to draw nearer to the village.

"We took possession of a line of German trenches after having put an end to all the defenders by the use of hand grenades and bombs. After this we advanced beyond these trenches. We made some prisoners and captured a cannon. "The town of Soissons has been bombarded.

"In the Argonne infantry fighting and cannonading lasted all night. At daybreak in the region of Marie Therese the Germans made an endeavor to come out from their trenches, but they were driven back to their original positions. "Between the Meuse and the Moselle last night saw much fighting in the forest of Apremont and the forest of Lepretre there were, cannonading, rifle fire and the throwing of bombs but with two exceptions the battle was unimportant. These exceptions were between Fed-En-Haye and the forest of Lepretre, where the Germans made an attempt to come out from their trenches, but they were driven back to their original positions.

Moving German Troops London, July 8—Times' correspondent says that according to private reports, all passenger traffic on the German railways has been suspended. He says it is believed that large forces are leaving the eastern front for the western theatre with a view of an impending rush on Calais.

TWO ARMY VETERANS WITH 28TH BATTERY The 28th Battery of Field Artillery, which left Fredericton yesterday for Valcartier included two Imperial army veterans. Both are non-commissioned officers and were received in the South.

One of the veterans is a former member of the 28th Battery of the Royal Field Artillery. They are Sergeant Major W. D. Coates and Sergeant Major J. A. Coates. Sergeant Major J. A. Coates is the orderly room sergeant with the 28th.

Sergeant Fowler has had twenty-two years' service in the Royal Field Artillery, having served in the South African War and in India. He has three medals gained in South Africa and one in India. He also received in this campaign. Sergeant Fowler received his honorable discharge from the imperial service about six years ago and soon afterwards came to New Brunswick to live, taking a farm on the Blue Bell tract in Victoria county. He is married and has three sons, and his family will reside in Fredericton during the time he is on active service.

Sergeant Coates has had twenty-one years' service in the Royal Field Artillery, has been of great value in the organization of the 28th. Major Coates was sixteen years in India, spending part of this service with a mountain battery.

MANY AT FUNERAL OF DAVID H. NASE The funeral of David H. Nase took place this afternoon at 2.15 o'clock from his late residence, 18 Main street, to St. Luke's church, where burial services were conducted by Rev. R. P. McKim, assisted by Rev. W. H. Sampson, Rev. G. Cotton, and Rev. Fred Ellis of Musquash. The church choir sang several hymns. Interment took place in Fernhill.

The large number of magnificent floral tributes gave testimony of the esteem in which Mr. Nase was held. Among them were a large anchor from the vestry of St. Luke's church, a wreath from the members of the choir, a sheaf from the Women's Auxiliary and a wreath from the Board of School Trustees.

BANK CLEARINGS The St. John bank clearings for the week ending today were \$1,909,518; for corresponding week last year, \$2,141,622.

COL. McLEOD'S LETTER SHOULD STIR THEM UP

Canada Can Do Much Along Lines Set Out MANY MACHINE GUNS NEEDED

Shells and Shells, Also - Sends Quotation From London Paper Which Should Move Canadian Government to More Spirited Action

St. John, N. B., July 8—Col. H. F. McLeod, M. P., is now in France and his duties call him every week to the front. He has written a letter to the editor of the Canadian Times, in the course of the letter he quotes with approval the following from the London Daily Mail— "The Germans began the war with 5000 machine guns, whereas the British had only 1000. The Germans know, we had only a negligible quantity of these weapons. Where our troops met the Germans at the outset of the war there were two Germans to each British soldier, there were also twelve German machine guns to each British machine gun. The odds against us were appalling. We attempted to fight with our own rifles and our own machine guns. We were not equipped for the war. We were not equipped with machine guns, protected with concrete curbs and wire entanglements. Their infantry are only brought up in emergencies and are not constantly exposed to bombardments. Their machine guns are sheltered by steel plates and can only be put out of action by a direct hit with high-explosive shell.

Need Lots of Them "Where we British expose hundreds of men they British only lose a few. We can only fire 1,000 shells a minute by reason of their numerous machine guns like every other kind of machinery, we are apt to fall on occasions. An army which uses machine guns sparingly may find that at the critical point and the critical moment there is only one gun, which breaks down. If the weapons are in pairs or threes and four the Germans use them, one of them at least will be in good working order and its stream of lead will crush the attack before the other two are disabled.

The need for an unlimited supply of high explosive shells is an admitted and the main question now so far as they are concerned, is how to turn the shells out with sufficient rapidity. It is known that the Germans are using cast-iron and cast-steel shells, also our shells are the French. The advantage of such shells is that they can be turned out much more quickly than the ordinary pattern of shell, which is slowly manufactured from a steel ingot. Yet when this notice was brought to the attention of the House of Commons on Tuesday Mr. Tennant could only reply with an out-of-date official snuff. He was not aware.

"Only second in importance to the supply of high-explosive shells is an adequate supply of machine guns. The training of the magnificent men of the new armies in their use, if our casualties are to be reduced.

"The guns can be made. They can be made quickly and in large numbers in the United States. They can be made cheaply. The one overwhelming necessity is to get them to the front under conditions under which we have only German machine guns to shoot at, while the Germans have rapidity of fire, thousands of brave living Englishmen."

Col. McLeod continues: "I shall go up again in a couple of days. I have not had my clothes off but twice in 12 nights, but I am feeling pretty fit. I have seen much of the toughest part of all is the increment of the 10 months of war that have transformed such a portion of the glorious land into a horror and, I fear, a pestilence."

DEATH IN EAST ST. JOHN Friends of George W. Wheaton will regret to learn of his death, which took place at his residence in East St. John this morning after an illness of six weeks. He was formerly a resident of Fairville, but moved to East St. John where he was with the Courtenay Bay Construction Company. He was in the sixty-fifth year of his age and is survived by his wife, three sons, Allan J. of this city, and George R. and William W. of Boston, and four daughters, Mrs. J. I. Butler of Maine, Mrs. L. Singland of Sydney, C. B. Mrs. J. Ferguson of Boston, and Mrs. Fred Irvine of West St. John.

FISHING PARTY A fishing party composed of J. A. Lawlor, Alex. Gibb, and Joseph M. McHugh, left today for one of the lakes near Anagance, on the I. C. R. Their return will be awaited with eager anticipation by many friends who have been promised several delicious "pounders" from their baskets.

NEW FERRY COLLECTOR Elmer A. Young of West St. John has been appointed ticket collector in the West Side ferry toll house. For many years Mr. Young has been news agent on the Boston train and has many friends among the traveling public as well as among the citizens generally. He has been receiving hearty congratulations upon his appointment.

The Minnehaha Is On Fire At Sea

Not Serious, Says Captain's Wireless Message, But He is Putting Back to Halifax

New York, July 8—The Atlantic transport line steamship Minnehaha on her way from this port to London, via Halifax, was fighting a fire today in No. 3 hold, according to a wireless message. The Minnehaha sailed from New York July 4, for London, by way of Halifax. She carried no passengers. The captain's message asserted that the fire was not serious. Aboard the Minnehaha was a cargo of approximately 16,000 tons, including munitions of war. At the time the message was sent the ship was about 500 miles southeast of Halifax. The captain said he was putting back to Halifax.

CHILD DIES OF BLACK DIPHTHERIA

Little One Took Cold in Woods - Meeting of Provincial Government

Federicton, July 8—Alice, the eight-year-old daughter of Arthur Rice of Sackville, died this morning after a few days illness from black diphtheria. The disease developed from a severe cold which she contracted while out in the woods last week.

Much interest centres in the meeting of the provincial government called for this evening. It is expected that there will be something in connection with the Valley Railway problem. President Gould arrived last evening. J. H. Corbett, railway minister, and A. D. Galt, of the Hibbard Construction Company, also are here. Premier Clarke is expected at noon, but did not arrive. Dr. Kierstead addressed the municipal council this morning on the European war.

ALL TO GO TO THE MEN AT THE FRONT

The members of the Soldiers' Comfort Association of West St. John in connection with their Soldiers' Day on July 14, desire to correct an impression regarding the destination of contributions. It is stated that all who have contributed to the fund should feel assured that every article received in the campaign will be sent to the men at the front. All the donations will be addressed to the office of the Canadian High Commissioner in London and from there despatched to the boys in the trenches.

It has been suggested that the "Soldiers' Day" movement, but I'm afraid that what I might have said was not what you intended. The members of the association say there is no ground for such fears. Mr. O'Brien is also at the front with the first Canadian Field Ambulance.

ITALIAN CRUISER SUNK BY AUSTRIAN TORPEDO; BRAVE CREW NEARLY ALL SAVED

Fleet Was Carrying on Reconnaissance in Upper Adriatic - Fine Exhibition of Courage and Discipline as Order To Jump Overboard is Given—Success on Land

Rome, July 8—The Italian armored cruiser Anafi was torpedoed and sunk at dawn yesterday by an Austrian submarine while taking part in a reconnaissance in the Upper Adriatic.

An official statement says—"A reconnaissance in force was accomplished last night (July 6), in the upper Adriatic. The Anafi, which took part in the reconnaissance, was torpedoed at dawn on Wednesday by an Austrian submarine and soon listed heavily to port.

"The commander, before giving orders to the crew to jump overboard, cried 'Long live the King, long live Italy.' The entire crew, drawn up along the stern, echoed the shout, giving a remarkable exhibition of courage and discipline.

"The commander, who was the last to leave, slipped overboard a little while before the Anafi sank. Nearly all the officers and crew were saved."

The Anafi, which was completed in 1908, had a displacement of 9,958 tons, and was 4 1/2 feet long. Her complement in times of peace was 684.

Pola, the Austrian naval stronghold, is situated in the upper Adriatic. It is probable the reconnaissance was in that section of the Adriatic.

Success on Land. Rome, July 8—An official statement issued last night says—"An attack against our position at Passo Di Campo in the Val D'Isere was repulsed with heavy losses. "In Cadore our heavy artillery opened fire on the enemy's defensive works at Cortè in the upper valley of Cordevole. At Latagaglia and Tressani in Val Fossalis serious damage was done. In Carzia we repulsed attacks against our positions at Passo Pramio, Mont Scharitz and in the direction of Val Grande.

"Combs continue on the Garbie Plateau where we are making slow but constant progress. Between July 4 and 7 we took 1,400 prisoners.

"On the night of July 6 an Italian dirigible effectively bombarded the railroad junction north of Opicina, northeast of Trieste. Aeroplanes dropped bombs yesterday on the Austrian aviation field near Alesina, causing fires and also on the railroad station at Nabresina. Our victory was complete; the dirigible was returned unharmed."

USE MATTER OF STREET CAR EXTENSION IN GAME OF POLITICS Benevolent Interest of Baxter and Carson - Who Prepared This Circular Letter?

Attorney General Baxter and Councilor Carson appear to have developed a most benevolent interest in the people of East St. John, such as in the estimation of the author of an anonymous circular which has been given wide distribution to assist in their "our full support in any election they wish to run." Here is the circular letter, which speaks for itself—

MOTORMAN UNABLE TO STOP CAR, THOUGH HE TRIED ALL MEANS

Skidded and Got Beyond Control and Thirteen Lives Were Lost

Queenstown, Ont., July 8—The cause of last night's tragedy, when the lives of thirteen Toronto people were crushed out by the derailment of a trolley car, is best indicated by a statement by Motorman Sydney Boyd of Niagara Falls, Ont., who with Conductor George Caswell was in charge of the car. He says: "At Lowry's corner, the third curve about the wharf, the car began to skid. I tried to stop it, but it was too late and began to work in every way to curb its momentum. The brakes would not work, neither was there any effect when I tried the reverse. The rails were greasy and the sand I poured on did not help. I passed the second curve safely, but she was gaining speed all the time. I knew that even if the next curve was passed all right, the car would plunge through the platform at the wharf. I did not lose my head, but tried again and again to break her speed, but to no avail."

Motorman Boyd is an old and tried employee of the system. His shoulder was dislocated and both hands lacerated.

MAJOR MERSERAU RECOVERING.

Mrs. H. F. McLeod of Fredericton, has received word from Mrs. C. J. Merserau that Major Merserau, who was badly injured while carrying despatches during the heavy fighting around Ypres, was progressing favorably and had been able to read a newspaper for a short time. It was feared for a time that his eyesight would be permanently affected, but his progress within the last few weeks has been very pronounced.

EXPECT 4,000 CHILDREN TO BE IN PARADE

Plans For Inspiring Recruits To Rally To Banner of 55th Ave Advanced Today

Arrangements for a mammoth children's parade to be held next Tuesday afternoon were materially advanced at a meeting of the committee in city hall this morning.

C. D. Howard, supervisor of the playgrounds was appointed chief marshal and guaranteed that at least 4,000 children would be in line.

The meeting was called by Order by Commissioner Potts, with Mr. Howard as secretary. The chairman outlined the object which is to arrange a children's parade to stimulate recruiting for the 55th Battalion, on Tuesday, July 18 at 9.30.

Mr. Howard was asked to take charge of the parade and expressed his hearty sympathy with the movement. The idea had occurred to him before and he had great faith in its value. He suggested that the parade be formed on the St. East and that a big start could be made by organizing the playground groups. On account of the patriotic nature of the parade he thought that from 4,000 to 6,000 children would respond.

It was suggested that each child should carry a flag of one of the allies and W. C. Allison and Mr. Howard were appointed to arrange for the purchase of 4,000 flags and the preparation of banners with appropriate inscriptions.

Commissioner Wigmore, Hon. J. E. Wilson and F. B. Ellis were appointed to arrange for at least three bands. The hope was expressed that some of the bands would volunteer.

Mr. Howard was made chief mounted marshal of the parade.

J. N. Golding offered the use of the Star Theatre as a rallying place for the children of the North End.

It was suggested that the mayor and commissioners and the local members of the legislature should ride in automobiles in the parade.

The committee adjourned to meet again on Friday morning at 11.30 in the council chamber at city hall.

STILL WAS OPERATED IN MONTREAL HOUSE

Montreal, July 8—An illicit still was found in the garret of a two-story brick house on Western avenue, Notre Dame de Grace, by members of the fire department yesterday. Some gasoline which was used to operate an engine became ignited and set fire to the beams of the roof. Two men and a woman tried their utmost to extinguish the outbreak but when the flames were beyond their control they made good their escape, knowing that the still was sure to be detected. An automobile capable of carrying five passengers was found in the rear of the house.

PROPOSE A GRUPELLING CROSS-EXAMINATION OF H. K. THAW TODAY

New York, July 8—Harry K. Thaw is to be cross-examined by counsel for the state today. The questions will concern his entire career. Mrs. Thaw may yet be called. Process servers have been sent to serve a writ and bring her here, "to answer for misconduct in not obeying a subpoena directing her to appear before the court yesterday."

American Government Takes Over Sayville

Washington, July 8—The U. S. government today took over the Sayville, I. L., wireless station, the only direct means of communication between the United States and Germany.

Secretary of the Navy Daniels announced that Captain Bullard in charge of the naval radio, had gone to take over the station and would continue its operation with naval forces.

CHOLERA EPIDEMIC SPREADS IN HUNGARY. London, Tuesday, July 8.—A telegram to the Morning Post from Budapest reads: "I learn on good authority that in the prisoners' camp of Debrecen, on the northeastern extreme of the Hungarian Plains, between the seventh and thirteenth of June, 1,414 cholera cases occurred, with 812 deaths. There are now 17,000 prisoners in the camp, all Russians, and cholera seems to have spread among them to an alarming degree."

LEGAL BATTLE FOR MILLIONS IS ENDED

Boston, July 8.—The legal battle for the \$2,000,000 estate left by Louis Cabot is ended.

Settlement of the famous case has come after an agreement arrived at between the testator's children, Mrs. Mary C. Briggs, wife of Dr. L. Vernon Briggs, and Mrs. Charlotte W. Bartol, wife of Dr. John W. Bartol.

While the terms of the settlement are not known, it is learned from the highest authority that Mrs. Briggs, who contested the will, won practically all for which she battled so long in court—40 trial days.

Under the will disposing of about \$2,000,000, Mrs. Briggs and her sister were cut off in favor of their children—the seven grandchildren of the eccentric millionaire sportsman.

But as Mrs. Briggs had but one child her share would only have been \$260,000 while the Bartol family, with six children, would have received the balance of the estate. Consequently Mrs. Briggs brought the matter before the courts and endeavored to break the will a jury decided against her and in favor of the will.

A meeting of the sisters and their counsel was arranged for last Friday. It took place in Mr. Choate's office and, after long discussion terms of settlement were arrived at and an agreement signed.

The terms of this settlement provides,

The entire stock of cut glass in the Art Department, second floor, will be offered at this sale and it will be a collection at a considerable saving. Because of the impossibility of replicating the pieces at the same terms they were in fact extra good values at regular prices, and now being reduced to a large extent, an almost irresistible appeal to the economical housekeeper. The sale will start sharp at 8.30 a. m. and will be for the day and evening only.

FINE WAR PICTURES AT THE GEM THEATRE.

Third Episode of "The Exploits of Elaine"—Novel and Exciting

Essany Comedians Popular

Scenes from the front, and from the general zone of the war proved of interest to patrons of the Gem Theatre yesterday. They were contained in the Pathé News Gazette, and among others included scenes of Canadian Soldiers in the Making, Wounded at Ypres, Russians honored on the Field of Battle, the Dardanelles Campaign, and other instructive and interesting pictures. There was also a good comedy "Sophie and the Faki" in which the Essany comedians aroused hearty laughter.

The presentation of "The Vanishing Jewels" chapter three, in the favorite "The Exploits of Elaine" gave pleasure. It was novel and exciting. The daring heroine experienced further adventures in a huge tank, the entrance of which is sealed by a large stone. The work of rescue is exceedingly difficult, and but for an Oxyacetylene outfit she might have perished. Meanwhile "The Clutching Hand" is still at work. This bill will be repeated today.

Every sheet of aluminum in which "SALADA" is packed is as light as a sheet of note paper, but this wonder metal so completely insulates the tea from any outside odors or atmospheres that "SALADA" remains in all its original purity and freshness.

THE PICNIC SEASON

The outing given to the children of St. John the Baptist Sunday school yesterday at East Mount proved a great success. The winners in the sports were:

Boys, 8 years and under—1st, Thomas Killen; 2nd, Cyril Stevens.
Girls, 8 years and under—1st, Helen England; 2nd, Annie Kendrick.
Boys, 10 years and under—1st, Chas. Swain; 2nd, Harold Miller.
Girls, 10 years and under—1st, Nellie McDevitt; 2nd, Ruby McDevitt.
Boys, 12 years and under—1st, Gordon Lenihan; 2nd, Nicholas Kennedy.
Girls, 12 years and under—1st, Lola Green.
Boys' marathon—1st, William Markey; 2nd, William Crowley.
Sack race—1st, Lewis Miller.
Three-legged race—1st, Thomas Driscoll; 2nd, John Butler.
Shoe scramble—1st, Nicholas Kennedy.
Needle race—1st, Helen Markey.
Dash—1st, Beatrice Money; 2nd, Nellie McCarthy.

Tag-of-war—Sunday school teachers vs. choir, won by the choir.
Altar boys vs. pupils, won by pupils.
A baseball game between the ladies of Eastmount and the Gregorian Club was won by the former by a score of 16 to 2.

Successful Picnic.

Quite a number of people attended the Carleton Presbyterian church picnic, held yesterday at Crescent Beach, Grand Bay. While the gathering of adults was not so great as in previous years, the youngsters seemed to aggregate well above the average.

In the contests of skill, prize winners were: George Stubbs, nine pins; Samuel Irons, hub on block; Mrs. McCrackin, ladies' bean bag, and George Baillie, gentleman's bean bag. A good programme of sports and races was con-

THE CALL OF DUTY

Once more the call for recruits is to be emphasized. A married man who had himself volunteered, but failed to pass the medical examination, said yesterday that one of the things that aroused his indignation when the 26th Battalion was marching through the streets was to see a dozen or more young men who ought to be in the ranks stroll out of a pool room or other resort to see the men pass, and perhaps criticize their appearance.

ST. JOHN OMITTED

The Standard is giving much space to a discussion of the National Transcontinental Railway. We do not observe, however, that it has made any comment on a fact which was tersely stated by a government railway official this week, and quoted by the Standard itself this morning.

THE UNITED STATES

It would exactly suit the purposes of Germany if threats of an extension of submarine warfare to this side of the Atlantic should influence the United States to maintain a neutral position, but the American people are not easily frightened, nor is President Wilson likely to withdraw his attention from the real issue between the two countries.

GOVERNMENT INACTION

Hon. J. D. Hazen says that Canada is prepared to go and manufacture all the war office wants, but we cannot give orders more quickly than the war office asks for them. Will Mr. Hazen say that the government has informed the war office that Canada can produce any given number of shells per week or per month? Does Mr. Hazen or the government know how many shells Canada could produce per month, with the co-operation of the government?

NORRIS NOT GUILTY

In the enquiry into the Fullerton charges at Winnipeg yesterday, William Chambers, a Liberal worker, charged with negotiating a deal to call off the election protests, testified that Newton, a Tory, went to his office and asked if it would be possible to get the protests dropped. He had replied in the negative, saying that expenses amounting to \$20,000 had been incurred.

LIGHTER VEIN

A Bit of a Fat The squire of the village had presented the local "crackers" instruments for a full band, and they were diligently rehearsing some pieces to play on the village green.

"Pipe cleaners!" she gasped as she displayed a little bundle of feathers.

PREMIER NORRIS IS CLEARED

William Chambers Tells of the \$25,000 to Arrange "Saw-off"—Told No One Else of Money and Finally Returned It

Winnipeg, July 7.—William Chambers, the Liberal worker charged with accepting \$25,000 to arrange a saw-off on the election protests was on the stand today before the Royal Commission. He testified that he had been urged to try to arrange the matter by Hon. J. H. Howden and J. N. Newton. He had finally accepted \$25,000 to see what he could do. He had made indirect inquiries but could make no progress. He found Hon. Mr. Norris entirely indifferent. No mention of the money was made to any one except the three of them concerned. When he found that he could make no progress he wanted to return the money but had considerable difficulty in getting Mr. Newton to take it back although this was finally arranged.

CLOSING OF 6TH DISTRICT BAPTIST MEETINGS

The closing session of the sixth Baptist district conference was held in Tabernacle church last evening, Rev. Dr. Hutchison presiding in the absence of the moderator. Votes of thanks were extended to the railway and steamship lines for reduced fares, to the press for courtesies, and to the pastor, Rev. F. P. Dennison, and the members of Tabernacle church, for their hospitality.

church, the president, Mrs. N. C. Scott, presiding. Greetings were brought to the gathering by Mrs. Dennison, Mr. John, and Mrs. J. Arthur Freese, Sussex, responded, and Rev. Dr. Hutchison brought greetings from the men's association. The mission band report, read by Mrs. W. E. McIntyre, was most encouraging. It showed that \$200 was raised in the course of the year. A number of other reports were received from the allied associations, all showing progress and giving promise of further development. Many of the branches were doing Red Cross work in addition this year. The election of officers resulted as follows: President, Mrs. J. A. Freese, Sussex; first vice-president, Mrs. N. C. Scott, St. John; second vice-president, Mrs. Judson Slipp, Hampton; secretary-treasurer, Miss Alice Kelsey, St. John. Reminiscences of the college conference were given by Miss D. Crowell, a reading by Miss C. Wayne, a solo by Miss Goddard, and an address on foreign missions by Miss Tatton, who has recently returned from India.

HISTORY REPEATS ITSELF. (From the Moosejaw Times.) With the Manitoba scandal, the Ottawa war contract scandal and the admitted corrupt practices under the McBride regime in British Columbia, the Dominion of Canada is well nigh as undesirable a position as it was previous to the defeat of the Conservative party in 1896, when prominent financial papers in the old country advised the British investors against loans in Canada on the ground that a people who permitted such rampant corruption in high places could not themselves be honest.

FRANCE CAN MAKE SHELLS SHE NEEDS

Yves Guyot Tells How Nation Organized For Big Output

CAN NOW HOLD HER OWN

Requires U. S. Steel For Munitions, But is Otherwise Ready to Fight Till Victory Comes

London, July 8.—"France can hold her own against Germany. She herself makes all the shells that play such havoc in the enemy's ranks, and she will keep on making all she needs." In this confident tone spoke Yves Guyot, the French economist and former minister of public works in conversation with a newspaper correspondent at a London hotel, where he had been staying a few days while engaged here on Red Cross work.

M. Guyot is sanguine that the French forces will show even greater aggressiveness in the next few months than they have yet done. He is sure that Joffre is able to beat back any fresh German attempt to take Paris and eventually to drive the Germans from France and the region of Alsace Lorraine as the price of war.

"The munitions problem in France is not so acute as England's," said M. Guyot. "In France as soon as the war started we began turning out the shells as fast as our factories could work. So in a short time, they were going full blast. We have been able to supply our army with ample ammunition as well as shells to shake up the enemy whenever we put on spurts."

"It is vitally important that England come to the realization of the need of equipping her own army with adequate ammunition. Up to now, the English army has been sadly handicapped, but with the energetic Lloyd George in command the munitions output in the near future is certain to bring a sudden change in the status of England in the war."

"We in France being in such immediate contact with the horrors of war last autumn sense of the necessity of fully equipping our army forced upon us at the very beginning of the conflict. The only thing we have lacked has been steel, and we have been getting some of that from our old friends, the United States. France has had steel in abundance, but altogether they do not turn out enough for our ammunition works. So we had to turn elsewhere for some of this product, and it was America that came to our aid."

"We have got the steel with which to make shells and the whole spirit prevailing among them is to help France to win the bloodiest war of her history in which where in France the feeling is that the war must go on to the desperate end and that the Allies must win the victory."

"The French soldiers have shown characteristic spirit, courage and daring throughout the war. Under such leadership they have fought valiantly, losing but one man to the Germans' ten."

"That is the strategy of the French warfare. Our field leaders do not believe in the needless sacrifice of men."

"At Dinant and Souillon the German dead were piled up like high walls, so that when our men rushed on, they had extreme difficulty in making way because of the blockade of human bodies. That is the way the German officers throw away the lives of their men. It is a wicked, wanton, brutal waste of human life."

"The French army has the greatest confidence also in its 75 millimeter gun, the greatest ever built, and built entirely by France. In battle these guns work havoc in the German lines."

"The Germans have always boasted that they are the best fighters in Europe and that their guns and shells are the most deadly. In neither respect in this war has Germany shown herself superior. In the engagements with the French army since the time when France caught its breath, France has shown that with all of Germany's many years of preparation for war the German army is actually the inferior of the French, and the near future will show more than ever the hollowness of Germany's boast."

"When asked how long he thought the war would last, M. Guyot shrugged his shoulders. "Nobody can foresee the duration of war," he replied, "but the outcome is not in doubt. Germany may get ahead in some parts of the fighting lines for the moment and the outlook may seem dark, but eventually our enemy will be punished. The war will go until that day."

MUCH CONTRABAND GOING TO EUROPE

Twenty-one Vessels Loaded at New York - Chiefly General Lines

New York, July 7.—Shipments of contraband for Europe from the port of New York are increasing. Orders placed in the United States months ago are now being completed and rushed to this port to be loaded. Twenty vessels were loading at New York for six countries of Europe during the week ended July 7.

These vessels represented a total tonnage of 76,688 and experts say the actual tonnage of the cargo of these vessels would total up to more than 100,000 tons. Eight of the ships were loading for France, five for England, three for Italy, two for Russia; two for Greece and one for Holland.

The supplies loaded here for Europe during the seven days beginning June 29 and ending July 7, were typical in character of those loaded during any seven days within the last two months.

A comparison of the figures shows that the shipment of food supplies is small in comparison with the whole, and also that the amount of actual munitions being loaded is not large. The great bulk of the 100,000 tons loaded in the week were raw materials and general supplies, which might or might not be used for the armies of the nations at war.

France is getting most of the supplies. The only ship loaded with high explosives during the week was the French ship, the *Arctique*. Customs officials carefully watch and cut out the cargo loaded on every outbound vessel, making special note of contraband and munitions. Passenger vessels are not allowed to carry explosives, the single exception being small arms and loaded cartridges which are not considered under the head of munitions for purposes of shipment. Munitions may be carried on passenger vessels, but not in great quantities.

High explosives, dynamite, gunpowder, etc., are loaded from lighters in Gravesend Bay, and the vessels are required to display a danger flag during the process. Exclusive of the *Arctique*, 88 munition-laden vessels were loaded during the week. Russia will get 117, England 99, France 20, and Greece 42. Two vessels from London carried 179 cases of automobile parts and one for Russia was loaded with 40 cases of parts. There were 1271 cases of automobile tires loaded for England.

England will get all of the fifty aeroplanes that were loaded during the week. Most of them were packed in huge cases and lashed to the decks of the White Star Line's *Arctique*. The *Arctique* also carried 1549 cases of empty projectiles.

FAIRVILLE'S COSY PICTURE HOUSE SCREENS "THE LURE OF THE MASK"

"The Lure of the Mask" is a Mutual Master Picture that sets a new high standard in motion picture achievement—a screen portrayal of one of the most successful novels ever published, written by Harold McGrath. It is fitting that such a noted subject be interpreted by an all star cast. Harold Lockwood, whose name is a powerful factor in filmdom, plays the lead. Opposite him is Elsie Lane Wilson, whose success in "Every Woman" has brought her world wide fame. Irving Cummings, Lucy Payton, Hal Clements and a host of others complete the cast. The story has an intense plot. Its beautiful scenic effects are not the least of its attractions. Just holds you until the last flicker is projected on the screen. The program is a comedy. "A Colored Girl's Romance."

We have been instructed to sell the fine home of Mr. Horace King, situated at Millville. This is one of the most complete and up-to-date suburban properties near St. John. The house has an excellent concrete cellar under the entire building and a very efficient hot air heating plant. It also has a splendid private water supply which, by means of large reservoirs in cellar and attic, feeds the bathroom, laundry, toilets and the many wash basins. The lighting is done by a modern acetylene plant. The planning of the house has been very well done, as is shown by the large living room, dining room, with built-in buffet, the many pantries and clothes closets and the very fine finish of the paneled rooms and halls. There is also a good barn and garage, as well as an ice-house and store house. The property is shut off from the street by a massive concrete wall and on the river front there is a very fine gravel beach. This is an ideal all-the-year-round home, having been built with an idea of using it in winter if desired.—THE PRICE—A BARGAIN—See ALLISON & THOMAS 147 Prince William Street Phone M. 1202

BERLIN AND BACK SINCE WAR BEGAN Captain Hart Not Impressed With German Humanity 19 OFFICERS IN ONE ROOM "What Did English Tell You Canadians to Persuade You to Fight?" Was Captors' Question London, July 8—Capt. W. M. Hart, of the C. A. M. C., Winnipeg, boasts that he is the only Canadian who has been sent back since the war started, but he admits that his impressions of the Kaiser's capital were only fleeting. He says that he was captured by the Teutons. Together with a Territorial military officer, he was one of a party of British exchange prisoners who were taken to England. During the Tyres attack at the end of April, Capt. Hart was attached to the 8th Battalion, Western Cavalry, and had care of the wounded. With the O. C. he went to procure ambulances, which they were successful in obtaining, but a blocked road rendered passage impossible. Capt. Hart went forward alone to rejoin the wounded, but was taken prisoner on an open plain by a group of Germans. He was sent to an internment camp at Mainz, and afterwards to Danholm, a small island in the Baltic. The conditions at Mainz were wretched, the bread being much inferior to the war bread of the population, while the most plentiful seemed to be horseflesh. Capt. Hart and his companions, chiefly subalterns, were captured, special interest was shown in the fact that Capt. Hart was a Canadian, and through an interpreter he was asked: "What did the English tell you to persuade you to fight?"

ASK SCHOOL GIRLS TO KNIT SOCKS IN VACATION TIME Montreal, July 8—Several of the teachers in the various schools of the city have undertaken to superintend the summer knitting for the soldiers by the pupils. Through the co-operation of the School Boards of Montreal, Westmount and Notre Dame de Grace, the work is now well organized at the suggestion of the I. O. O. F. In a letter which has been sent to each school the I. O. O. F. says: "It is feared that we must prepare for another winter campaign and great quantities of warm knitted articles will be required. I am sure we all feel that no one should be idle who can help in this great Empire struggle. Your school tasks for the year are finished, and during the two months' vacation we would ask those of you who can to knit one or more articles for the soldiers. The I. O. O. F. will acknowledge your work by presenting a prize to the school sending in the largest number of well-knit articles in September."

RECENT WEDDINGS

Rodgers-Boyd.
 At the residence of George Swanton, Archdeacon W. O. Raymond united in marriage William Samuel Rodgers of Barneville, Kings county, and Miss Jennie Isabel Boyd, daughter of Alexander Boyd of the same place.

Gilliland-Cronk.
 In this city, July 7, at St. Mary's church, Louis J. Gilliland, of Perry's Point, Kings county, and Fanny E. M. Cronk, daughter of Mr. and Mrs. William Cronk, of Moss Glen, Kings county, were united in marriage by the Rev. Dr. Raymond, rector of St. Mary's church.

Burnett-Thomas.
 Jasper W. Burnett of Springhill, York county, N. B., was united in marriage last evening to Miss Ina B. Thomas, of Fredericton Junction, N. B., by Rev. Dr. Hutchinson, at his home in Main street.

Miles-Ward.
 In Exmouth street Methodist church yesterday morning, Rev. W. G. Lane united in marriage Clarence Walker Miles, of the office staff of W. H. Thorne & Company, Limited, and Miss Hazel E. Ward, daughter of Mr. and Mrs. James Ward, 331 Union street. The bride wore a blue traveling suit with hat to match. The wedding march was played by Miss Sandall, church organist. Many handsome remembrances were received, including a silver service from the employees of W. H. Thorne & Company, Limited, a cut glass water pitcher from the firm and an electric table lamp from the bride's associates on the staff of Macaulay Brothers. After a honeymoon trip to Boston and New York Mr. and Mrs. Miles will reside at 168 Leinster street.

Haszwood-Humphries.
 In St. Luke's church last evening Rev. R. P. McKim, rector, united in marriage George F. Haszwood of this city and Miss Hilda, daughter of Mr. and Mrs. Thomas Humphries, of St. John, Nfld. The bride was dressed in grey Bedford cord and wore a black picture hat. Mr. and Mrs. Haszwood will reside in Lancaster Heights.

To Folks Who Dally With Corns

To you who pare corns—
 You who use liquids—
 Or other old-time ways.
 You've amply proved that using such things is merely dallying with a corn.

For your own sake, prove the right way. Millions of people have found it. Half the corns that grow are ended by this wondrous Blue-jay plaster.

The corn pain ceases the moment you apply it. Then the B & B wax—a famous chemist's invention—gently undermines the corn. In 48 hours the whole corn comes out, without any pain or soreness.

Ask your friends. Scores of them have proved that Blue-jay makes it folly to have corns.

These feather-weight suits will tickle you, the lightest, coolest most comfortable suits you have ever framed yourself in.

THE SUPREME FACULTY

Eye-sight is the faculty above all others which we can least afford to lose. One who cannot see is infinitely worse off than those who cannot hear, smell, taste, or feel.

Eye-sight may be called the "controlling faculty" because the other senses depend so much upon it.

WAR ORDERS PLACED TO VALUE OF \$1,500,000,000

Bradstreet's Correspondent Makes This Estimate For United States—An Interesting Report

(Bradstreet)

Our Chicago correspondent says the value of war orders placed throughout the country is \$1,500,000,000, which at a profit of 90 per cent. means \$800,000,000. Buffalo reports a large Russian order for steel rails, also a large contract for steel with which to make shrapnel. A local plant manufacturing benzol has sold its full output for export. Baltimore says manufacturers of workmen's shirts and overalls are working full time in some cases, overtime. From New Haven comes the report that some brass manufacturers have enough orders on hand to keep up activity the next five years, and business with mills manufacturing materials for wooden and rubber garments is sufficient to cause capacity operations. Wooden mills at Burlington, Vt., are busy on war orders, and knit goods plants are well employed. European purchases sustain activity at Bridgeport to which city there has been an influx of workmen, and, in consequence,

it is said rates for furnished rooms have advanced. Booked a long way ahead is the report from Detroit's automobile and brass circles, and some plants here-tofore identified with plumbers' supplies are working on war materials. New Orleans notes that manufacturers of shrapnel are using large quantities of low-grade rolls, which fact is expected to help prices for naval stores, the output of which has been cut 40 per cent. At Chattanooga hosiery manufacturers are doing better than at any time in the last twelve months, and scarcity of foreign dye stuffs is being overcome by increased supplies of domestic materials. Copper is firm notwithstanding the pressure of resale metal. Increased demand is likely as heavy war orders are to be filled. Spelter has reacted upward, owing in part to labor troubles in producing centres. Lead is higher and the undertone is stronger. In machine tool lines little shops are being engaged to turn out parts, improvement is spreading, ability to make deliveries is more desirable than orders, some second-hand tools command prices higher than those originally paid, and plants are being extended. The weekly output of coke has finally exceeded 85,000 tons being the heaviest production since the fore part of April, 1914. Trading interest has been at the early part of last year, and on Monday saloons in the Connellville region are to be closed so as to help keep the supply of labor in condition to work.

MORNING NEWS OVER THE WIRES

The acting premier yesterday denied the report that Sir Robert Borden, while in England, will make arrangements for the government to take over the Canadian Northern and Grand Trunk Pacific railways.

A car loaded with Sunday school children from Toronto jumped the track near Queenstown yesterday and crashed into a trolley pole. Ten persons were killed and about fifty injured.

At the annual meeting of the Maritime Hardware Association in St. Andrew's yesterday, Robert Bartsch, of St. Hayward & Company, St. John, was elected president and R. P. Simmons of James Simmons, Limited, Halifax, was elected vice-president.

BOY SCOUTS' CAMP
CHIPMAN, JULY 31

Plans and Orders For Provincial Gathering

SEND IN NAMES AT ONCE

The Articles Which Will Be Required—Instruction in Scouting is the Object of the Camp—Lt. Col. Wedderburn is Camp Commandant

The time for the instruction camp at Chipman is drawing near, July 31st. A great deal of the success of the camp depends upon the promptness with which the troops going will register with the Provincial Secretary, and thus give time for the final arrangements which are many. It is therefore, urgently requested that those who have decided to go will be so good as to send in their names and numbers going at earliest possible moment to D. MacGuire, Meadham, N. B.

As indicated in the circular sent out the following articles are necessary for the comfort of the troops. Tents enough for all scouts from the same district, each scout to bring two blankets or quilts, two plates, cup, saucer or deep bowl, knife, fork, tea spoon, table spoon, also tooth brush, comb, two towels, two handkerchiefs, extra pair of stockings, extra pair boots, or rubber sneakers, extra suit underwear. The tents would be the better for being provided with a waterproof ground cloth, but this is not absolutely necessary as the camp site is dry and sandy. Each troop or part of troop going should bring a long handled axe weighing about three pounds for getting firewood, also a lantern for each tent.

Following are standing orders for the instruction camp to be held at Chipman for training Boy Scouts, July 31 to August 14.

Camp Commandant—Lt. Col. F. V. Wedderburn, president.
Director—Frederick R. Perrott, Ottawa.

Adjutant—Donald MacGuire, Prov. secretary.
Quartermaster—Hugh Hamilton, W. S. M. Chipman 1st troop.
Medical Officer—Not filled, but likely Dr. Armstrong, Chipman.

1. All troops will report immediately on landing or arrival at camp to Adjutant who will detail, guide and locate troops quarters.

2. Chipman troop will detail Saturday July 31st. 2 orderlies to meet all trains and direct all incoming troops to camp, and 2 orderlies at camp for arrival of boat.

3. Scoutmasters will be held responsible for conduct of respective troops.

4. Strict and immediate compliance with all orders is expected, and will be enforced.

5. Each troop will be held responsible for the general orderliness of ground in immediate vicinity of tents, and will be held responsible for the same.

6. Breakfast and luncheon will be informal, but officers and scouts must dress for tea. Uniforms if possible, otherwise mufti.

7. Betting.
No scout or officer shall enter water for swimming or bathing except at time and place specified, and in the presence of trained swimmers and life guard.

8. Fatigues—Details will be made from day to day for any necessary fatigue duties. A roster will be kept for this purpose.

Officers of Day—A scoutmaster and assistant scoutmaster will be detailed each day for duty. Their duties will be to take charge of camp and be responsible for all fatigues and camp discipline.

Orders—All instructions for day following will be posted each evening at 7.30.

Lectures and conferences will be arranged.

A Scout obeys orders under all circumstances. This is a scout law and all orders must be carried out for the benefit of all concerned.

Daily Routine.
6.30 a. m.—Reveille.
7.15 a. m.—Parade for prayers. Physical exercise and flag raising.

7.45 a. m.—Breakfast.
8.15—Air blankets, tidy tents.

4.30 p. m.—Swimming under certain restrictions.

5.15 p. m.—All dressed for parade.

6.30 p. m.—Tea.

SHE RECOMMENDS

"FRUIT-A-LIVES"

Mrs. Corbett Read the Advertisement and Tried It

Avon, Ont., May 14th, 1914.

"I have used 'Fruit-a-lives' for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I saw 'Fruit-a-lives' advertised with a letter in which some one recommended them very highly, so I tried them. The results were more than satisfactory, and I have no hesitation in recommending 'Fruit-a-lives'."

Time is proving that 'Fruit-a-lives' can always be depended upon to give prompt relief in all cases of Constipation and Stomach Trouble.

SOLDIERS' COMFORTS

Meetings and Plans—Some Donations—Carleton Campaign on July 14

At the monthly meeting of the Soldiers' Comfort Association yesterday afternoon, Mrs. Geo. McAvity presiding, the recording secretary, Miss McLean, read a complete list of goods received since June 25, including a large donation from the Women's Canadian Club of St. Stephen, per Mrs. J. D. Lawson, the results of a field comfort day held June 26; a donation of 400 respirators, made by Mrs. Rankine, with the assistance of the ladies of Woodstock (N. B.).

The treasurer, Mrs. E. E. Church, reported the following donations: J. S. Gregory, \$25; J. T. Knight, \$10; membership fees, \$8.50. Collected by Mrs. James Robinson, Millerton (N. B.): Mrs. Hickson, \$5. Miss Hickson, \$5. Miss Hazel Hickson, \$5. Mrs. Christopher Crocker, \$2. Mrs. John Betts, \$5. Mrs. Holmes Frank, \$5. Mrs. Edward Carr, \$1. Mrs. James Robinson, \$5.

Also from little Miss Marion and Master William McGowan, the sum of \$1, which they had received as a birthday gift from their father, Major McGowan. The corresponding secretary, Mrs. LeLachur, read letters from Mrs. Craig Nichols, Woodmans Point; Mrs. J. D. Lawson, St. Stephen; Mrs. Rankine, Woodstock, and also a card from Mrs. Bedingfield, who offered papers and magazines for the boys in the hospitals.

Mrs. E. A. Young, West St. John, reported 216 members, 60 added in two weeks, and large donations of field comforts coming in daily. They have at present more than 70 ladies knitting socks for the boys in the trenches and have \$28 subscribed for a tobacco fund.

Mrs. A. P. Barnhill, Douglas avenue district, reported a circle of ten members, who are busy knitting and sewing, also \$31.95 on hand with which to purchase supplies.

Mrs. W. Shaw and Mrs. J. Doody, South End convenors, reported having formed a circle of young ladies, who will meet every week and work for the boys on the firing line; also \$35 collected by Mrs. Shaw.

Mrs. W. H. Barraclough reported having received a generous donation of note paper, envelopes, lead pencils and rubbers and socks. Mrs. Walter P. Bonnell, Oranoch, has formed a circle of 28 members. Dr. Bonnell contributed \$5 to buy material for towels. Other donations have been received from residents of Oranoch, also \$9.10 in cash. The Brunswick Chapter, I. O. O. F., contributed through their agent, Mrs. Travers, five dozen pairs of socks. Mrs. Walter Holly was appointed convenor of the knitting committee, and the amount of \$30 was granted for yarn. The rooms, 92 Princess street, are open

every day except Saturday, to the public for contributions.

At a meeting of the Soldiers' Comfort Association held Tuesday evening, arrangements were completed for the observance of Soldiers' day in West St. John July 14. The ladies would greatly appreciate the assistance of friends who have gone forth answering the call of who own carriages and automobiles if duty.

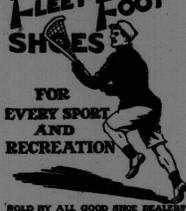

The following articles will be gratefully received: Socks, home-knit or bought; tobacco in all forms, soap, candy, cocoa, boracic ointment, powder, writing paper and envelopes, jam, chewing gum, mouth organs, and money. All contributions will be supplied with cash boxes and those so desiring may contribute in that way. Contributions from the city will also be gratefully received.

THE NEED OF DOCTORS.

The British war office has recalled from the front all medical students who have enlisted and has ordered them to complete their studies in order that they may be able to serve as physicians and surgeons. Special examinations are held at any time for those candidates who are more needed at the front now than are enlisted men. It is stated that the members of the British medical profession have made a very prompt answer to the national call for their services but the need remains very great. Women are volunteering to assist in the home hospitals which have been largely depleted of staff members by the great call from the front.

Free-For-All Fight Occurred in Chicago Tuesday
A free-for-all fight occurred in the seventh inning of the second game in Chicago Tuesday when the home team was playing Cincinnati. After Good tripled he slid into the bag and spiked Olson. Olson became enraged and struck at Good. In a moment they were exchanging blows. The local players came to the assistance of Good. Cincinnati players joined the fracas and Umpire Quigley rushed across the field and picked Olson up and carried him to the stand. Olson attempted to free himself, but Quigley held him until his teammates could quiet him down.
Quigley then ordered him to the clubhouse and made Good follow. All the extra players on the bench also were banded. The spectators rushed across the field when the game was called and surrounded the clubhouse, but there was no more fighting.

Will Not Trade Kauff
Lee Magee, manager of the Brooklyn Federals, after reading a despatch from Chicago that President Depue, who is in New York, is negotiating with President Ward for Kauff to join the Chicago Federals, said—
"There is no possibility of Kauff being traded. He will play with Brooklyn when his suspension is over or not at all."

Picks White Sox to Win
Connie Mack picks the White Sox to win the 1915 pennant. Here is what he says about Howland's outfit:
"The Sox are the best team I have seen this year. Early in the spring I picked the Boston Americans to capture the pennant, but I have changed my mind. I do not figure Detroit dangerous. Regardless of what critics say I think Howland is a good first baseman. All second and short the Sox are as strong as any team; third is about even with Detroit. Schalk is the best catcher in the league and the outfield looks good. The Sox seem now to have a stronger pitching staff than Boston and it was on the hurlers I banked when I selected the Red Sox."
"As for my own club the old men seem to be giving only about two-thirds service to the team and the new ones have to be broken in. However, the vacations won't extend beyond this year."

Club Owner Found Dead
Pittsburg, July 6.—Daniel A. Noonan, president and owner of the Pittsburg Club of the New England Baseball League, was found dead in his office tonight. Physicians said that death was due to heart disease.

Baker on Ineligible List
Philadelphia, July 6.—In signing Larry McLean, the veteran Giant catcher, who was suspended for ten days by the New York National League Club, the Delaware County Club has thrown down the gauntlet to the National Commission. The playing of McLean by Media also affects the standing of Home Run Baker, who is a member of the Upland club of the same organization, as well as every other player in the league. By playing an ineligible player Baker automatically places himself on the ineligible list of organized baseball, and before he can play with the Athletics or any other club in organized baseball he will have to be reinstated by the National Commission.

Baker has Expressed Himself as Willing to Play with the Mackmen under certain conditions which Manager Mack has agreed to and probably will not. But now that Baker has placed himself on the ineligible list Mack cannot play him until he is reinstated and he no doubt will be punished with a heavy fine.
Record Day for Casualties
Many a wounded brave retired from the double disaster in Brooklyn Tuesday. The casualties broke all records for a day. R. Rudolph strained side, C. Schmidt and H. Moran shot by hostile pitchers and H. Gowry, pinched by hostile shortstop. Brooklyn suffered but one disabled athlete, he being John Wesley Coombs. The veteran was working against Rudolph in the first encounter when he was suddenly seized with an attack of the ailment that overcame him in the world's series of 1911. While in the act of delivering a ball to the batter in the fourth inning his arm suddenly fell to his side, he staggered for a moment and then dropped to the ground writhing in pain.
It was close to five minutes before he could recover sufficient to be borne from the field in the arms of four Doogie players. The announcement was made that it will be several weeks before he will recover from the return of his arm injury which kept him out of baseball for three seasons.

Rudolph was seized with his attack in much the same way as Coombs, stopping suddenly while in the act of winding up to pitch and finding himself unable to continue. This occurred late in the first game when the second last batsman of the opposition had taken his turn in the Dodger's last time up.

The last opportunity to be weighed or measured for this race will be Thursday evening at the Power Boat Club, as there will be considerable work to be done by the committee in ascertaining time allowances and getting out final instructions, etc.
It is expected that boats from Fredericton, Gagetown and other up-river points will enter, and besides the fifteen

Goldie Brocks Record.
Waterloo, Ont., July 6.—At the annual Dominion Day meet of the C. W. L. held in Waterloo, George Goulding lowered the Canadian three-mile walk record held by himself by 28.4 seconds. The former was 21.85 and was made on a board walk in Toronto. The new mark is 36.85 seconds from being a world record. Starting from scratch Goulding easily passed a field of five to 60 yards. Freeman and Lark, who came second and third had 20 and 30 yards respectively.

Marine Casualties—23rd and 24th Batteries in Action
Peter M. Grant, of Bangor, P. E. Island, has been wounded and is a prisoner of war at Bruges. The same is reported concerning Frank L. Sharp, Millstream, N. B., and Maynard B. Slack, Wallace, N. S., at Ypres. The same is reported concerning Capt. Cuthbert J. Morgan is now in kills. He has recovered after a severe illness, and is now in the trenches with the Royal Scottish Regiment, according to letters to relatives in North End.
Mrs. H. B. Tippet, of Fairville, has received a letter from her son, "Bud", saying that he is rapidly regaining health after having been wounded some time ago.
Writing from France, C. G. Robinson, of Marysville, N. B., says that the 28th and 24th batteries of artillery stationed last winter in Fredericton are now engaged in action at the front.
The Canadian marine department has issued a warning that all suspicious appearing craft in Canadian waters should be reported.
During a recent hailstorm in Brockton a resident found a combination of hailstones which had become frozen together in such a way as to form a perfect imitation of a set of teeth. Each tooth was formed from a small hailstone, and there was a roof of ice combining them.

Police Stop Fight
Bangor, Me., July 6.—Deputy Chief of Police Mackie stopped the bout here last night between Belgian Brown of Boston and Ernest McIntyre in the tenth round of what was to have been two six-round bouts, claiming that McIntyre was hitting in the breaks.
Brown had slightly outpointed McIntyre up to the tenth, when the negro started rushing and hitting in the breaks. Brown made several protests, but Referee McAuliffe told him to fight the same way, as that arrangement had been agreed to.

Reich Outpointed Savage.
At Reich, of New York, outpointed Jim Savage, of Orange, N. J., in a ten round bout at the Atlas A. A., Boston, on July 2nd.

CHILDREN'S PLEA FOR RECRUITS
Soldiers' Families Will March in Appeal For Reinforcements For Those Now at the Front—Big Parade Next Tuesday
To help fill up the ranks of the 65th Battalion, to prevent its being said that New Brunswick could not complete her regiment because volunteers would not offer, another recruiting endeavor is to be made in St. John, and vicinity. In Montreal a short while ago the children of those having relatives at the front paraded through the streets with banners reminding those at home that they had a father, brother, or other dear one fighting the Empire's battle in France or Flanders.
This idea was suggested at a meeting of the Rotary Club here last week, by S. K. Smith, and was put forward yesterday before a meeting of some of the city commissioners and members of the local legislature. It was decided to have a similar procession in this city on Tuesday afternoon next and a committee, with Commissioner Potts as chairman, was appointed to make arrangements. The parade will aid in this procession and a representative body of men and officers will probably be sent here for the purpose. L. P. D. Tully is chairman of another committee appointed to make a personal canvas in out-of-the-way districts for men.

OLD TIME SPORT

Fred Reid's Bout With Boston Unknown
END GAME IN THIRD ROUND
St. John Man Lost on a Foul—Closing Game of Baseball Season Between the Thistles and Frankins, Former Winning

On Saturday, November 24, 1888, a fifteen round contest between Fred Reid, of Portland (North End), and Jack Magee, of Boston, was staged at an early hour in a well known sporting resort a few miles from the city. Reid was the favorite, having defeated the tip, betook themselves to a rendezvous appointed.
Betting was about even, the local sports being somewhat chary of waging against a man of whom they knew nothing. By mutual consent a well known sporting man was chosen referee and the men and their seconds soon took their positions at their respective corners. Reid, though taller than his opponent was not so heavy about the chest and arms and this together with a big cold, led his friends to believe that he would have to make an up-hill fight. However, as the fight proceeded, Reid refused the rules, laying stress on those relating to fouls and then announced the contestants. As time was called both responded quietly, the chilly atmosphere giving each a desire to warm up.
First round—Each spared warily for a moment and then went at it with a crash, both lunging savagely and Reid going to the ropes in the scuffle. Some lively half-arm work followed and Reid having a slight advantage. They separated in a few seconds and as the Boston lightweight returned to the attack and commenced to force the fight Reid turned like a pivot, and landed a blow on his opponent's face. A phase followed, but Reid was not to be outdone by planting a left on Reid's jaw. Wary work followed and both spaced cautiously for a moment or two after they exchanged a few vicious upper cuts. Reid was the aggressor, but Reid was the fresher, but Reid was still ready for more.
Second round—As time was called the light-weights were at it again, but each took some time to admire the enemy's signs of a fight. Reid was the aggressor and commenced to force the fight. Reid turned like a pivot, and landed a blow on his opponent's face. A phase followed, but Reid was not to be outdone by planting a left on Reid's jaw. Wary work followed and both spaced cautiously for a moment or two after they exchanged a few vicious upper cuts. Reid was the aggressor, but Reid was the fresher, but Reid was still ready for more.

AMBASSADOR DOES A KINDLY ACT ON PIER

Intervenes When Two English Girls Without Guardian Are Threatened With Detention

New York, July 8.—Sir Cecil Spring-Rice, the British ambassador, while at the pier waiting for D. A. Thomas today, interested himself in Miss Sylvia Fletcher Moulton, the fifteen-year-old daughter of a prominent London lawyer, and Miss Gabrielle Hunter, ten years of age, the daughter of Mrs. J. Young Hunter, both of whom arrived unaccompanied by parent or guardian.
Under the immigration laws, girls under sixteen years of age, when travelling alone, can only be admitted by special permission of the immigration authorities. Today, being a holiday, it looked for a time as if they might have to go to Ellis Island. Through the intervention of the Ambassador, they were released, after an hour's delay, in his care. Sir Cecil said that he would bring the matter to the attention of the Secretary of State Mr. Lansing, on his return to Washington tomorrow.

SENDS STORY OF CALEDONIA VOYAGE

An Interesting Letter Comes From Gunner R. Parkinson to His Mother

Mrs. W. Parkinson, 147 Victoria street, has received the following letter from Gunner R. Parkinson, No. 131, 2nd Heavy Battery, 2nd C. O. E. F., Army Post Office, London, Eng. June 24, '15.

Dear Mother:—

We arrived safely this morning after a very pleasant and uneventful voyage. We sailed past Plymouth to Devonport, which is about two miles farther up the harbor. We got about 9.30 a. m., being just nine days to the hour coming over. We went on board the Caledonia on Monday, June 14, but did not sail till Tuesday at 9 a. m. There were great crowds out to see us off. We could hardly march through the streets for them. Below is a copy of my diary:

Monday, 14th—Embarked on board S. S. Caledonia. Made mess orderly for voyage. Wrote letter home.

Tuesday, 15th—Left Halifax 9 a. m. a great send off. Calm, steady travelling, slight fog in evening; feeling fine.

Wednesday, 16th—Fine day, little rough towards evening, saw some porpoise.

Thursday, 17th—Having good time, nice weather.

Friday, 18th—Fine day, enjoying voyage.

Saturday, 19th—Fine day. Alarm drill. Passed steamer about noon.

Sunday, 20th—Fine day, calm. Service for the 28th; passed two steamers.

Monday, 21st—Fine day, fired on large school of porpoises with machine gun. Alarm drill at 8.30.

Tuesday, 22nd—My birthday. Fine day, calm; passed two boats. Saw several whales.

Wednesday, 23rd—Fine day; torpedo-boat met us at 6 p. m. with orders for us to proceed at fastest possible speed. She is going to escort us on.

Thursday, 24th—Slight land at 4 a. m. Docked at 8.30 a. m.; slight fog coming in. Passed several warships, one submarine and training ship. Impregnable coming in.

One of my chums and I were made mess orderlies for the voyage. We had to look after drawing the rations for each meal and getting the meals ready for the fellows. There were sixteen men at our table. I enjoyed the trip fine. We had alarm drill twice, had to run up on deck and put life belts on, just for practice, so that we would know what to do if we got torpedoed or wrecked in any other way. We have several machine guns on board and some of the officers practiced their aim shooting at porpoises. This boat has been to the Dardanelles with troops and had a pretty close shave having several of her boats shot away. We had about 1,800 men on board. I saw several fellows I knew, Harold White, young Caldwell and others. We heard today that it was reported in St. John we were torpedoed. Is it true? "I thought it was unnecessary to cable as you would hear as soon as we got in.

We had to get up at 6 a. m. and go to bed at 9 p. m. The fellows had to do guard and scrub out the different places and physical drill. It was lovely coming in the harbor, all the trees and fields a beautiful green, such as I have never seen since I left England. We expect to start for Smyrna in the morning. They are unloading our ammunition now and as soon as that is done we will start. The 26th and Div. Am. Column have gone already.

Love to all,
RON.

"Fell Doing Duty in Same Quiet Manner in Which He Had Performed it so Many Days in Many Weeks"—A Soldier's Tribute

The following is a copy of a letter sent by Private George R. McCord of the Princess Patricia's to Miss McKel, of Fairville, sister of Rudolf McKel who was killed in the war. Miss McKel is a nurse at the front and she sent the copy of the letter home. It is as follows:—

In the Field
80th May, 1915

Dear Miss McKel:—

Your letter of inquiry regarding the death of your brother has been handled for me.

You may rely upon the following particulars as accurate. Rudolf was mortally wounded behind the parapet of one of our trenches by a rifle bullet in the forehead. The casualty occurred about 16th while we were occupying trenches near Polygon Wood, beyond Ypres.

As he fell he exclaimed: "Well, I am not a dead man yet." These were his last words and they were uttered in a quiet manner which invariably marked his speech. After speaking them he immediately became unconscious and remained so until he passed away some four hours later at a field dressing station which the stretcher-bearers had promptly removed him. We are assured that those hours during which life lingered were wholly painless. His body was interred in a spot in that locality set aside by his regiment for the fallen. He fell in his own trench and his fallen comrades. His burial place is identified by a cross properly set up and bearing the inscription of his name and regimental number.

A young man from St. John, P. E. Ennet McCollum, a very fine boy, was in the same trench with Rudolf and he gave me these particulars about his death and burial, and they are reliable men. The foregoing comprise all the facts I can establish. While they may seem to be meagre, yet you may accept them without any reservation. Your brother's last hours were wholly painless. I am sure I wish that there might have been some message to repeat to your loved ones but there will be to you consolation in the thought that the wound which befell him spared him from conscious suffering.

Rudolf had become well known to all the fellows in the trench and he was quite a favorite. We were both from the 12th Battalion and when we joined this regiment we were both posted to the same company.

Only the day before his death I had read in a Sackville paper about your enlistment in the nursing force. We boys in New Brunswick have been deeply gratified to read of the honors so justly and freely paid to poor Rudolf's memory in his home old St. John in New Brunswick so far away, and so dear to us all.

Rudolf was a man of fine physique and very solidly in bearing. He was the best of soldiers and an equally good comrade. As a soldier he accepted all his tasks without complaint. As a comrade he was a man of most agreeable disposition and pleasing manner. He endured all the hardships and we have undergone many, without flinching. The end came to him without premonition or warning. He fell doing his duty in the same quiet manner in which he had performed it so many days in many weeks. His last words were eminently characteristic of the calm courage with which he was inducted to "an not a dead man yet." What more need be said—Sincerely yours,

28297 Pte. George R. McCord,
Princess Patricia's, Canadian Light Mfg.

HONOR CONFERRED ON MRS. A. W. ADAMS

Elected to Executive of National Chapter, Daughters of Empire—Money Voted by DeMonto Chapter

At a meeting of the DeMonto Chapter I. O. O. F. held on Wednesday morning much important business was transacted. The sum of \$185 was voted to various objects, both patriotic and philanthropic, \$80 being given to the regimental fund of the 26th Battalion, \$60 to the Anti-Tuberculosis Association, \$25 to the Serbian cause, and in response to an appeal from the National Chapter \$10 to be used in the village of Montigny sur Loring, near Marie, in France, whose resources were sadly diminished owing to the assistance it had given to the Belgian refugees and its wounded soldiers.

A pleasing feature of the meeting was the announcement of the honor which had been conferred upon the regent, Mrs. Arthur W. Adams, in being elected a member of the executive of the National Chapter, which is the head chapter of the order.

RECRUITING SLOW IN NOVA SCOTIA

Recruiting is slow in Nova Scotia as well as New Brunswick and an appeal is made for more men. Approximately 500 men are needed to complete the strength of the 40th Nova Scotia Battalion. The battalion, much under strength, was sent forward to Valenciennes several weeks ago, and since then a recruiting base has been at Aldershot, in charge of Captain Dwyer. At Halifax Colonel Flower is receiving recruits.

The Man Who Spends \$20 For His Summer Suit Gets What Would Cost \$25 to \$28 anywhere else

We've built up our unequalled business by proving things to men who were inclined to doubt, and we'll take especial delight in convincing anyone that what we say is exactly so.

And it's easy to see why we give more for the money than any other stores if the conditions under which we do business are only considered.

You buy directly from the makers and the middleman's profit is eliminated from our prices. Consequently you must pay less here than at other stores, where the middleman's profit must be included in their prices.

And in addition to this unquestionable saving in price—a saving of a fourth to a third—we give you other advantages: we provide the largest variety of styles, fabrics, patterns and colors that are to be found anywhere.

We also give you the utmost style and service possible.

SCOVIL BROS., LIMITED, St. John, N. B.

DAVENPORT BEDS WERE NEVER SO POPULAR AS AT THE PRESENT TIME.

We have the largest variety that we have ever shown, at prices ranging from \$15.75 to \$61.00, and upholstered in denim, velour, velvet, crushed plush and tapestry. We also have in stock several of the very latest patterns of Divanette, which is the same as the Davenport when in use, but takes much less wall space when closed.

One of these is not a luxury, but an economy, for it is equal to an extra bedroom in the house without adding to the rent. And you get twenty-four-hours-a-day service from it; a handsome couch by day and a comfortable bed at night.

Where will you find a more profitable investment?
