MAYOR SUGGESTS SOME OF THE TAXES PAID MONTHLY

Annual Report as Commissioner of Finance

Need of More School and Hospital Accommodation—Urges Installation of Incinerator—Harbor Matters.

The following are extracts from the report of the commissioner of finance and public affairs, presented yesterday by Mayor Schofield.

I think it is pretty well understood that the work of the comptroller and chamberlain in this department is all that can be desired and this year has certainly no exception.

These reports show a total assessment of \$1,027,298.82, of which amount there was paid at the discount \$1,819,280.72 or 81.1 per cent of the total amount unpaid up to December 31 was \$206,678.16, of which total there was unpaid.

Before leaving the question of tax collection, I would like to suggest that some thought be given to ways and means of settling the tax bills in twelve equal instalments throughout the year.

What I have in mind is that it might be settled with incomes of \$1,000 or \$1,500, and that they might be settled monthly, allowing them 5 per cent discount or charging them interest on the amount not paid.

I am satisfied that many of this class as they go along would find it much easier than to have a bill for the whole year come in and payable at once.

This year just past we had to make a new agreement with the banks and to pay a slight increase in the price for the use of money.

CAPT. F. HALEY FAR UP RIVER? Letter to Police Chief About Missing Aged St. John Man.

Still another sidelight has been thrown on the mysterious disappearance of Captain Frank Haley aged 76 years, who has been missing since a week ago last Monday.

Several reports were given by people who saw a man answering the description of Captain Haley. One said he was seen in the grounds of the Provincial Hospital and another that he was seen outside the rail of the bridge over the falls.

The latest report comes from northern New Brunswick and is contained in a letter to Chief of Police Smith. The writer is James Stewart of Kilburn, N. B., a place above Woodstock and not far from Perth.

Mr. Stewart writes that he would have written earlier but that the description of Capt. Haley was so meagre, he was not sure until a few days ago when he met a man who knew Captain Haley. Mr. Stewart said that on Thursday afternoon April 28, he met Captain Haley and the latter had lunch at his house on that day.

He did not ascertain his name and had no idea who his visitor was until a few days ago when he was talking to an agent of Murray & Gregory who was in that part of the country.

This agent when he heard the description was sure that Mr. Stewart's visitor was Capt. Haley. In his letter Mr. Stewart said that he had not heard of the man since but that he was traveling north and would probably be in the vicinity of Perth. The police have sent a description to the towns in northern New Brunswick.

"I would," said Hiram, "if I had a garden and a house and a place to sleep for a night in that spare room, following it up with a peaceful breakfast, he would cease forthwith to be a sceptic."

MARGARET LONG CASE TO JURY

Girl Herself a Witness in Defence at Trial in Fredericton.

Fredericton, N. B., May 4.—The case of Margaret Long, a St. John girl, charged with infanticide, will go to the jury this afternoon.

The contention of the defence, as outlined by H. A. Powell, K. C., of St. John, who is associated with C. J. Mellday of St. John as counsel for the girl, is that the crown has failed to produce satisfactory evidence of the complete birth of the child, without which an infanticide charge cannot be proven; and irresponsibility because of temporary insanity brought about by the mental and physical suffering at the time of birth.

Mr. Coholan said he had found the girl absolutely trustworthy in his employment. Dr. J. V. Anglin, superintendent of the Provincial Hospital, St. John, gave detailed evidence as to the possibility of temporary insanity during child birth.

Mr. Powell moved upon five grounds for the withdrawal of the case from the jury, but this was refused. The address of counsel were marked by a suggestion by Mr. Powell that the laws were not by any means perfect when in such cases the girl had to bear the entire responsibility, worry, pain and the man engaged everything.

P. J. Hughes for the crown contended that the charge of infanticide had been fully proven and that the jury had a duty to perform even if it was unjust.

Better Sentiment in Steel and Increased Outputs Noted of Shoes, Coal, Oil, Autos and Tires.

(Bradstreet's) While the volume of trade is little different from last week in most sections, gains being noted over March, but decreases being recorded as compared with April last year in a number of sections, the general feeling is decidedly more optimistic than in the past. Lumber trade reports are conflicting, dullness or its exact opposite being noted, according as different cities are reported. Orders and shipments are officially said to be larger than output. North Pacific coast reports are that output is three-fifths of normal. Demand for lumber and manufacturing material is said to be at only one-third of normal. Refusal of labor to take a lower scale of wages is said to be holding back much building, though high costs of material are a drawback at the same time.

In the canned goods trade, it might be noted that reports from California are that canned vegetables, fruit and fish and dried fruits are in better demand at former prices, whereas a big recent canning centre reports demand lacking and big cuts in output projected.

New York department store trade is below April a year ago in value, but is claimed to be above it in volume.

IN WALL STREET. New York, May 4.—(10.30).—Steel shares were the central feature at the opening of today's stock market because of the twenty per cent wage reduction announced by the U. S. The first transaction in United States common was at 84 3/8, but the price soon advanced to 85, an extreme overnight gain of 7-8 of a point. Independent steel prices were higher by fractions.

Iron issues, especially B. and O., Chesapeake and Ohio, Pittsburg and West Virginia, Seaboard preferred, Colorado and Southern and St. Paul, common and preferred, rose one to two points.

LATE SPORT NEWS

New York, May 4.—Charles (Chick) Evans of Chicago, U. S. amateur golf champion, left on the steamship Adriatic for England today. He will join the other members of the American team, who sailed on last Saturday.

New York, May 4.—Eugene Spalla, heavyweight boxing champion of Italy, and winner of the light-heavyweight championship in the inter-club games of Quebec, Que., May 4.—Work has been started on the half mile track at the exhibition grounds in preparation for running race meet from June 24 to July 1. It is planned to make the track one of the fastest half mile courses in Canada. London, May 4.—E. M. Bealer, title holder, defeated C. S. AT 25 CENTS A BARREL. An Andover correspondent of the Fredericton Gleaser writes: "The farmers of Victoria county have lost heavily on their last season's crop of potatoes. Many of them have a few or seven hundred barrels still on hand, but the potato dealers will not take them off their hands at any price. Any person wants potatoes they can have them for the asking, or for not more than twenty-five cents a bushel. The great loss which the farmers experienced last season by holding their potatoes until spring, when they hoped to get a better price for their stocks, has been a heavy blow to most of them, is not expected to make a very great decrease in the acreage of potatoes put in this year with ground was planted last spring, although some farmers feel very much discouraged."

POLICE INSPECTOR IN GLASGOW KILLED. Glasgow, May 4.—A police inspector was shot dead and a detective wounded, in what is reported to have been the first Sinn Fein attack on the police in Scotland.

BUILDING IN HALIFAX. Halifax Chronicle: During last month the city issued permits for building construction to the value of \$346,670, and a total for the first four months of the year of \$1,048,846. During March of this year permits for building construction to the value of \$144,700 were issued. The permits issued last month included those for about thirty dwellings.

FOR ATHLETIC FIELD. Amherst News.—The athletic field project was brought one step nearer fulfillment by the action of the town council in unanimously adopting the recommendation of the joint investigation committee, at the regular meeting of the council last evening. The recommendation was that twenty acres of the so-called "Charlie Black Field" on Willow street be purchased for a sum not exceeding three thousand dollars.

The same rich quality and lustrous finish of
"Holmes & Edwards" silverplate can be secured
in all table appointments such as tea service, cake
dishes, bread trays, casseroles, etc.

Gleaming Beauty
added to adorable pattern

THE refreshingly new, exclusive patterns and the rich,
gleaming lustre of "Holmes & Edwards" silverware
add an air of distinction and brilliance—make any
table-setting more sumptuous and inviting.

Old-time craftsmanlike hand-burnishing gives "Holmes &
Edwards" a sparkle—a mirror-like sheen—that flashes richly
beneath the glowing lights. No other silverplate gleams so
brightly. And apart from this rich lustre, hand-burnishing
gives to "Holmes & Edwards" silverplate extra wearing quality.

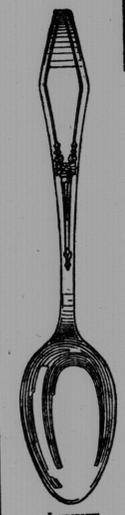

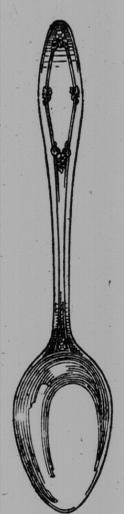

Moreover, this beautiful product of the silversmith's art
is protected at the wear points.

In "Holmes & Edwards" SILVER INLAID blocks of solid
silver are sunk and fused in before plating on the back of
the pieces most often used—just where friction causes wear.

In "Holmes & Edwards" SUPER-PLATE these points are
protected by an extra heavy deposit of pure silver.

To those seeking gifts for the June Bride or tokens for
wedding anniversaries, no more welcome, lasting or fascinating
choice could be desired than a selection of exclusive "Holmes
& Edwards" pieces—the highest quality silverware made.

THE ROTARY CLUB.

The annual meeting of the Rotary Club, held on Monday evening, was an event of no little importance. The report of Secretary Hunt revealed a record of service which gives the club rank as one of the very useful organizations in this city.

HON. MR. ROWELL'S VIEWS.

The visit of Hon. N. W. Rowell to St. John lends interest to his views recently expressed in connection with the subject of Canadian representation at Washington. The Montreal Herald reports: "The original sponsors of the legislation, Sir Robert Borden and Mr. Rowell, came forth from the comparative seclusion to which both have retired since their resignations from the government."

THE PROPOSED ARENA.

The Commercial Club hopes that it may be possible to secure united effort by all organizations and the widest co-operation among the citizens to provide this city with an arena. It is not necessary to argue the case for such a structure as a means of promoting amateur athletic sports in the winter season.

"NOW" OR "NEVER"

This is the Belief of the Promoters of Recent Maritime Conference. The secretary of the recent Maritime conference relative to International Railway freight rates, in writing the St. John board of trade on the subject, under date of May 3, says: "It was agreed at the conference that the time has arrived when the people of the maritime provinces must act if they wish to retain their rights in the International Railway, as conceded to them when entering the confederation pact."

REST.

Come, lie ye to the hill-tops Or turn ye down the glin, To lie the woods and groves Far from the haunts of men. For sometimes hearts grow tired, Striving to reach their goal— Even tho' thy feet be weary Nature will lead the soul.

NEEDED LEGISLATION.

The legal status of the unmarried mother and her child is just now a matter of deep concern in more than one province in Canada. There was introduced by the government in the Nova Scotia legislature last month, and presumably passed, a bill entitled An Act Respecting the Children of Unmarried Parents. This act provides for an official known as the provincial guardian who may have such assistants as may be necessary to administer and enforce the act, and the expenses are to be borne by the legislature.

IN LIGHTER VEIN.

"Are you the proprietor of this restaurant?" the customer inquired. "I am, sir," was the reply. "Then please provide me with pen and paper, quickly, as a customer has also two people to be witnessed." "What is the matter, sir?" asked the proprietor in alarm. "Would you like a doctor?" "No, thank you," was the reply, "but I ordered my dinner at 27 minutes ago, and I think it would be advisable to make my will before I starve to death."

Wanted Too Much.

The Grub Worm and the Butterfly met on the garden walk. "Say," said the Butterfly, "what's this grub doing here making your stink with the Centipede?" "That's right," said the Grub Worm bitterly. "I'm waiting for a lady to come."

THE FALLS BRIDGE.

Hon. F. B. Carvell States Railway Board's Position. Hon. F. B. Carvell, chief of the Board of Railway Commissioners, in writing under the date of May 3 to the secretary of the St. John Board of Trade on the matter of the new railway bridge at the Falls, says: "On arriving this morning from the west, I found your letter of the 14th, ultimo covering a resolution of the St. John Board of Trade. I can only hope the result of all the agitation about the height of a bridge across the river may not result in the use of the old bridge for some years to come."

CASE OF MISS LONG.

Counsel for Defence Argues Possibility of Temporary Insanity. In the case of Miss Margaret Long, charged with infanticide, which is being tried before Mr. Justice Crockett at Fredericton, E. A. Powell, C. C., yesterday emphasized the possibility of temporary insanity caused by child-birth, and several witnesses testified that "she did not know what she was doing" and that she was "entirely out of the normal."

SHIPING.

If anything is to be done now is the time. It is now or never. Furthermore, if we expect to accomplish anything, the interests must act co-operatively in supporting the action which the government's representatives will be taking. Public sentiment must be created and delegates must be appointed to accompany the government's mission to Ottawa.

CENTENARY OF THE DEATH OF NAPOLEON

Grand Daughter Expected to Attend Requiem Mass in Paris Tomorrow.

Paris, May 4.—(Canadian Press)—France tomorrow will observe the centenary of the death of Napoleon Bonaparte by the celebration of a memorial mass at the Notre Dame Cathedral. It is probable that in the great throng will be a grand daughter of the conqueror, says the Petit Parisien. That newspaper discovered this woman, Madame Menard Leon, who is daughter of the natural son of Napoleon by Eléonore de la Plaigne maid of honor to Caroline Murat.

This son was born in 1806 and received from his father the title of "Count Leon." While imprisoned on the island of St. Helena, Napoleon made a will in which he made provision for the son, but the document was never executed. Count Leon married quite late in life, and was the father of a daughter, Madame Leon and three sons, Gustave, Gaston and Fernand. Fernand died of exhaustion following hardships he endured during the great war, having rejoined the colors as an officer. Gaston lives in the Vosges region and Charles died some years ago. Madame Leon is a school teacher.

When interviewed regarding her relation to Napoleon, she said, "I would like a little place at the memorial mass, but who will think of me?"

WEST INDIES TRADE

Trade Preference Not Confined to Canadian Ports.

In a paper prepared by R. A. Leger of Moncton, to be read before the Canadian Club of that city, and which was published in the Moncton Transcript recently, a challenge was issued to the boards of trade of St. John and Halifax, that they should tell if the present trade agreement contains clauses whereby the preference applies only where goods are shipped to and from Canadian ports. "We should know," says the writer, "if New York and Boston are to profit equally with the ports of Montreal, of Halifax and St. John."

For the information of Moncton readers it might be stated that at the last meeting of the St. John board of trade council a letter received by the secretary from Sir George E. Foster on the subject of the West India trade agreement was read. Since then the following telegram has been received from Hon. R. W. Wignmore: "Preference not confined to goods passing through Canadian ports exclusively, but will extend to goods shipped from West Indies to Canada on through bills of lading via United States ports."

COMEDY CASTING
NOVELTY ENJOYED

Athletic Performance at Opera House Made Decided Hit—Other Acts Won Appreciative Applause.

Zeno, Moll and Carr, who were formerly a star attraction with the Alice Lloyd Company, scored a hit in the Opera House yesterday afternoon and last evening, in a sensational and clever acrobatic and comedy casting novelty. The aerial feats of two of the members were exceptionally brilliant, while the third performed on the casting and also executed difficult flips.

Frank Barton won appreciative applause in his offering, which consisted of songs and clever whistling imitations. His whistling was a feature and was thoroughly enjoyed by all.

Bo-Peep and Jack Homer appeared in a novel skill, which combined singing, dancing and impersonations. They are both clever and their unique act held the interest of all. They received hearty applause.

Stephens and Brunelle won favor in a high class singing specialty. Both possess strong and pleasing voices and their solos and duets were tuneful and well rendered. They also interspersed considerable comedy in their act and this added to its popularity.

Goddie and Thorne, "The Two Different Girls," evoked hearty laughter and applause by their antics. The former sang a number of comic numbers and she caught the fancy of the audiences. Her partner sang and danced well.

IF YOU WANT
BABY TO GROW UP

into a hardy, vigorous child, you must make sure you are feeding him properly. Baby should be fed at the breast if possible—and this will always be made easier if the expectant mother will prepare herself by inducing in one of her daily meals a bowlful of Neave's Health Diet. But when baby has to be put on the bottle, extra care must be taken in the choice of the food. Neave's Food has nearly a century's reputation, and many eminent doctors express the opinion that it is the best alternative to mother's milk.

Dr. —, L.R.C.P., L.R.C.S. (Edin.), L.F.S. (Glas), etc., Leeds, writes:—
"Your Neave's Food is doing our patients admirably, for which we are very thankful."

New York, May 4.—Frozen in the centre of cakes of ice, 184 bottles of liquor were found yesterday by customs inspectors on board the steamship Glendola, of the Atlantic Fruit Line. Liquor was also found in fourteen automobile tubes and underneath piles of coal. The total seized was 400 bottles.

MORNING NEWS
OVER THE WIRES

Wage cuts amounting to approximately \$1.40 a day a man have been announced by the United States Steel Corporation. This will effect a reduction in the payroll of about \$150,000,000 annually.

Mrs. Maude Royden, leader of a movement to admit women to the priesthood of the Church of England, occupied the pulpit at a week-day service in a London church yesterday. She did this despite a strong protest by the Bishop of London. In attempting to justify her course of action she said that the head of the Church of England had not always been a man, as Queen Elizabeth, Queen Anne and Queen Victoria had all been supreme heads of the church.

In spite of a petition said to be signed by over 1,190 rate-payers of Fredericton against daylight saving the city council last night voted to put to effect on May 22. An injunction to prevent its inception has been threatened.

Two men giving their names as John Crowe and Simon Bell were arrested near Calais yesterday by customs officers. They were charged with rum running, and were arrested after a sensational dash in an automobile during which five shots were fired at them by a pursuing officer.

In a bone dry campaign being conducted in Sydney, N. S., liquor to the value of over \$40,000 has been seized since last Friday. About 11,000 worth was seized yesterday.

The funeral of John W. Vanderbeck, M. P., of Millerton, N. B., was held yesterday and was very largely attended. The floral offerings were numerous and beautiful. The provincial government was represented by C. J. Morrissey, M. P.

P. P. Interment was at St. John's. Sixty delegates from all parts of the dominion are assembled in Ottawa in attendance at a "Building Industries Parliament." Among the speakers yesterday were J. B. Carswell, John Bruce, Dr. L. W. Gill, Bryce Stewart, Tom Moore, and J. P. Anglin. Both employers and employees were represented. Delegates were present from every branch of the building industry and much was accomplished. On some of the questions brought up there was a complete divergence of opinion and in others complete agreement. Housing conditions were blamed for some of the unrest. It was agreed that wider building work cannot be done until the situation is reduced. The conference will last three days.

At the second annual meeting of the Canadian Daily Newspapers Association held in the King Edward Hotel, Toronto, yesterday, J. E. Atkins of the Toronto Star was elected president for the coming year. Among the directors elected were W. H. Dennis of the Halifax Herald and E. W. McCready of the St. John Telegraph and Times.

The steamer Canadian Explorer, which was aground at the mouth of the Kara River, near Salomonka, has been successfully refloated, undamaged.

The provincial government met last night in Fredericton and transacted routine business. T. P. Regan appeared on behalf of two motion pictures which had been rejected by the board of censors. Consideration was promised.

NEW OIL SYNDICATE.

Vancouver, B. C., May 4.—Claims stated by W. A. J. E. Atkins of the Fort Norman oil fields have been acquired by a Vancouver syndicate and a dominion charter has been granted to James K. Cornwall Syndicate, Limited, for the prospecting and development of petroleum, gas, and mineral deposits.

Colonel Cornwall, a director of the company, will be the field manager, and it is the intention to begin active development in the near future. The company starts out with \$50,000 capitalization as its minimum. The charter provides that the shares have no nominal or par value, but that that amount of capital stock must be subscribed. Vancouver will be the head office of the syndicate with Colonel Cornwall looking after its interests in the local field.

HARD COAL CHEAPER.

Local coal dealers started this week to sell anthracite at the spring price of \$17 a ton, a reduction of \$2.50 a ton from the price which prevailed here during the latter part of the winter. There is no indication yet of a reduction in the price of soft coal. A Sydney despatch yesterday announced a reduction from \$10.15 to \$8.50 a ton for bunkers there.

BODY OF WEALTHY
WOMAN IN WATER

Mrs. Rankine of New York Had Been Ill Since Death of Her Husband.

New York, May 4.—The body of Mrs. Annette K. Rankine, wealthy widow, who disappeared here on April 1, last night was found floating in New York harbor near the South Brooklyn shore. Physicians declare that a cursory examination had failed to disclose any sign of violence. Three rings, two of them set with diamonds, which she is supposed to have had on the day of her disappearance were missing.

Mrs. Rankine was the widow of William Birch Rankine, lawyer and founder of the Niagara Falls Power Company. Following the death of her husband, a few weeks after their marriage, Mrs. Rankine suffered from fainting spells, and had since been in ill-health.

The members of the Last Car Club held a whist drive at the home of Mr. and Mrs. Sinstead, 209 Metcalfe street last evening. Upon the conclusion of the whist drive songs and music were enjoyed.

AFAX AND DAYLIGHT TIME
(Halifax Chronicle)

Four hundred city firms will begin this (Monday) morning, but lock ahead an hour and operate the daylight saving time. Practically all the large firms in the city manufacturing plants and companies will use the daylight saving time. Whether all the other city firms in line and adopt the daylight time is a matter for speculation. The hotels will run on daylight time. The post office staff will run on new time while this does not matter to the public because of the stamp offices and money orders will close on "new time". The

bank staffs will run on new time and practically all the businesses along the water front will operate under this time also, as will professional men.

THE YORK CO. JUDGESHIP.
(Fredericton Mail)

The moribund government at Ottawa has a peculiar way of doing things. On March 8 it declared by order-in-council that County Court Judge Wilson, because of advancing years, was no longer able to perform his duties, and accordingly placed him on the retired list. A few days ago it woke up to the fact that a retiring barrister was needed in connection with the by-election in York-Sunbury and it proceeds to appoint Judge Wilson to the position, thus nullifying in part its own order-in-council. If Judge Wilson is still able properly to discharge his duties why put the country to the expense of paying him a superannuation allowance? On the other hand, if he is not able to perform his duties, why has he been appointed retiring barrister?

"Miss Lizette Brien was born in Moss Glen, Kings county, Canada, on July 17, 1871, and was united in marriage to Frederick Hannah, October 31, 1888, at the place of her childhood home. At the age of fourteen she united with the Methodist church, of which she was a faithful member for eleven years. When twenty-five years of age she and her husband united with the Adventist church, and continued with them up to the time of her departure. Mr. and Mrs. Hannah and family left St. John, where Mr. Hannah had been engaged in the dairy business for a number of years, on May 5, 1912, and for three years resided in Lakerville, Ohio. Removing from there they then located in Loudonville, Ashland county, Ohio, in 1915, making that their home ever since.

HAMPTON MAN IS EXONERATED

Hampton, N. B., May 3.—The indictment against P. W. F. Brewster, in which he was charged by the Hatfield & Scott Company with misappropriation of funds, was quashed by Judge W. B. Jonah in a special session of the Kings county court held here yesterday. It was understood tonight that Mr. Brewster would take proceedings against the complainants for malicious prosecution.

When the case came up yesterday Mr. H. Parlee, who appeared for Mr. Brewster, moved that the indictment be quashed on the ground that the section of the code under which proceedings were taken against him stipulated that action could be taken only when an account for the money was to be made to a third party, and not merely between the plaintiff and defendant. On that objection Judge Jonah quashed the indictment and discharged Mr. Brewster. The judge said that the action was an attempt to use the criminal law for the collection of a debt and that it was a very improper proceeding. G. H. Adair appeared for the crown. The company was not represented by counsel.

SEVEN CITIES ON ONE SITE

Beth-Shan Scene of Many Battles—Was Point of Attack for Crusaders—In Hands of Greeks, Romans and Arabs.

Philadelphia, May 4.—(By Associated Press)—Relics of seven or more cities which successively stood on the same site and of the nine different civilizations are expected to be uncovered by the excavation of the biblical city Beth-shan, in Palestine which is to be undertaken in June. The work will be done under the direction of Clarence S. Fisher, curator of the Egyptian section of the Museum of the University of Pennsylvania. Official permission to undertake this work has been received from the government of Palestine.

Beth-shan is now known as Beit Shean. It is situated in the valley of Jezreel, just west of Jordan and not far south of the Sea of Galilee. The site is believed to have been taken place within sight of this city, perhaps, on any other spot known to history. The investigators hope to find there the keys to the whole history of that section of the world written either on marble slabs containing the laws, decrees, treaties and other information or on bronze tablets or written in clay with cuneiform characters.

Beth-shan was a strategic point of value to any of the great military leaders of ancient times who inspired to try his hand at world domination. It was on the route of all the builders of ancient empires. Beginning 6,000 years ago it suffered the blows of the armies of Sargon, Abraham, Hammurabi, Sennacherib, Nebuchadnezzar, Thothmes, Saul, David, Alexander, Pompey and Napoleon. Joshua led his troops against Beth-shan but could not take it because its defenders used iron chariot-forgemen of the tanks of the world war. The Crusaders made Beth-shan a point of attack in their vain efforts to conquer Damascus. When the Assyrians came down like a wolf on the fold, Beth-shan was one of the places they took and it has dominated in turn by the Greeks, Romans and Arabs. The investigators expect to find there the strata of perhaps more than seven cities each built upon the ruins of the other as successive waves of invasion swept over and destroyed it. It is within sight of the Mount Transfiguration, the scene of battles between David and Saul and the site of the prophet Samuel to enlighten Saul, had her home near this ancient city whose secrets now are sought.

No Use to Aggravate It. "Not for me," replied the man who was doing the family shopping. "There's no pleasure in getting thirty any more."

The mayor was in the chair and all commissioners were present, with the exception of Commissioner Thomson, who is out of the city. The report of the committee of the whole was received and passed. The committee made the following recommendations:

That the following rates be charged for the privilege of using the city swimming scows for the present season, namely: Season tickets for persons under sixteen years of age \$2; over sixteen years of age \$1.50; single admittance, ten cents; lockers, twenty-five cents. That the city engineer be instructed to prepare plans and specification and call for tenders for excavating and back-filling a trench for a twenty-two inch water main in Winter street to Wall street.

A letter was received from the Public Health Association of Toronto telling of a public health convention to be held in that city on May 15, 16 and 17 and asking that a city health officer be present. The communication was ordered received and referred to the board of health.

On motion of Commissioner Bullock, a certificate of indebtedness issued by the provincial deputy treasurer for \$3,000 and interest at five per cent for twenty years was ordered executed. This amount is in conjunction with the housing board loan.

Commissioner Frink reported on the letter of James Myles, complaining of the condition of Wright street towards Gilbert's lane. He had inspected the street and noted that Mr. Myles be notified that, as soon as conditions warrant, improvements will be made of the place complained of. Carried.

On motion the council adjourned.

DELEGATES NAMED FOR CONVENTION

Officers of the New Brunswick Automobile Association for the ensuing year were elected and the report of the secretary-treasurer was made public at the annual meeting of the association held in the board of trade rooms last night.

Linoleum

the Best Floor Covering for the Home

In planning the scheme of home decoration after moving day, careful attention to the choice of floor coverings will reward every housekeeper. For every room, it is possible, as well as tasteful, to use linoleum or linoleum rugs.

Replace worn out rugs or carpets with a pretty linoleum or oilcloth rug, or with Feltol. Your work will be greatly lessened, your floors will be much more attractive, and the health of your family safeguarded. For there are no crevices on these floor coverings where dirt can lodge; no place for germs to multiply.

Choose Linoleum, Floor Oilcloth or Feltol early. They are made for you—made in Canada to meet Canadian climatic needs. By insisting on your dealer supplying you with them you obtain a better product, and for less money.

A Real Bicycle For a Real Boy

"WHY don't you ride your bicycle to school any more, Bill?"

"Well, Dad, everybody laughs at it. The other boys ride rings round me, and call it the old boneshaker."

"Humm! How long have you had it?"

"Why, it's three years, now."

You got it second-hand, Dad—remember?"

"That's right! What kind of bicycles have the other boys?"

"They're nearly all C. C. M.'s. The best ones are, anyway."

"I see. What make would you like best?"

"Why, of course, a C. C. M., Dad, every time!"

Dad Offers Him One for Passing

"Well, now, look here, Bill. If you'll pitch in at school and pass your exams, I'll get you one of those C. C. M. Bicycles. How does that strike you?"

"Dad, I'd do almost anything for a C. C. M. You just watch me!"

"That's the stuff! I've heard C. C. M. Bicycles well spoken of, and one should be a prize worth winning."

"It sure is. C. C. M.'s look so snappy and ride so easy. Pewee Bowman has one of the new models and it has the C. C. M. Triplex Crank Hanger. He loaned it to me yesterday for five minutes. Gee, it was just like riding on air!"

"Why, what difference does the Triplex Hanger make?"

"Well, there's never any looseness or tightness when you're pedalling. You feel that every single bit of weight you put on the pedals counts for speed."

"And the C. C. M. doesn't tire a fellow out, either, Dad. Why young Mac Reynolds—he's only half as big as me—rides around all day on his C. C. M. It never tires him out."

"And there's a special bike that I won't out-grow, Dad. It's equally good for a lad of nine or a youth of twenty. It's called the C. C. M. 18-inch Cutred Bar Model."

"That's a fine idea, Bill. Dig in, now, pass your exams, and that C. C. M. bike is yours."

(Bill Passed All Right.)

THERE are over 1,000 C. C. M. Service Stations in Canada carrying genuine C. C. M. parts and giving C. C. M. service at reasonable cost. Look for the above sign.

EAST END BOYS CLUB.
Last evening Miss Heffer, superin-
tendent of the East End Boys' Club, en-
tertained the fifteen boys who took the
most active part in all activities of the
club during the season. The table was
laid for fifteen people, and was very
prettily decorated with red, yellow and
white streamers. The bounteous supper
supplied was enjoyed by one and all.
After supper, Leo McIntyre tendered
Miss Heffer a hearty vote of thanks in
appreciation of her work during the sea-
son, also for the delightful supper. This
motion was seconded by Wm. McLaughlin,
and all the boys joined heartily in
the applause which followed. Then
when all the boys had arrived, came
two educational moving pictures and
numerous ones, after which half a
dozen boys gave a laughable comedy
sketch. W. K. Haley and A. M. De-
ling, who had addressed the boys, the
former paying special tribute to the work
of Miss Heffer, Peter Murray and A. G.
Slapins in giving the boys instruction.
The boys gave hearty cheers. On cer-
tain evenings, when outdoor activities
are impossible, caretaker Harry Scott
will have the hall open for the boys, but
they now turn their attention to the
playground.

BOARD OF HEALTH.
The regular monthly meeting of the
sub-district board of health was held
yesterday afternoon with John Kelly in
the chair. Miss Edith Haslam, director
of the child welfare work of the V. O.
N. and Miss Jessie Forsyth, acting su-
perintendent, read reports. They reported
that there was much preventable ill-
ness here and suggested a "summer
camp for sickly poor children. Miss S.
E. Brophy, nurse for the St. John as-
sociation for the prevention of tubercu-
losis, reported 222 patients on her list.
Dr. T. Fred Johnston, inspector of dairy
products, reported in detail upon the
premises of milk vendors and recom-
mended withholding licenses from three
dealers. The sanitary inspector, Rich-
ard Walsh, reported several houses in
Douglas Avenue which were drained
through wooden sluices at present cho-
ked, into Marble Cove. It was decided to
notify all property holders whose houses
were not on the line of sewerage to in-
stall the prescribed sanitary vault. Dr.
Warwick was delegated to meet the city
commissioners relative to the annual
clean-up day and the board voted \$200
for this purpose. Dr. Warwick was al-
so appointed delegate to the public health
conference in Toronto to be held this
month. Dr. Mabel Hamilton submitted
her report on the schools.

BERRY CASE IS RESUMED
Moncton, N. B., May 4—When the ad-
journing sitting of the Albert county
court, with Chief Justice Mc-
Keown presiding, resumed yesterday at
Hopewell Cape, the case of Ezekiel
Berry, charged with the murder of his
wife, Minnie Berry, on December 12,
was proceeded with. The witness
called by the crown were George H.
Trosser, the complainant's wife,
Blanche Prosser, Mrs. Bunyan Bannister
and Robert Snowball Colpitts. The
evidence in the main was a reiteration
of that given by the same witnesses at
the preliminary examination. Mrs.
Berry, according to the story of the ac-
cused, left her home after ten o'clock
Saturday night, and on Sunday morn-
ing, when he went to search for her, he
found her body in a pool where the
family got their water. The evidence of
George Prosser was that there was no
evidence in the snow around the pool
that a body had been taken out of it
that morning.

MAYOR SUGGESTS SOME OF THE TAXES PAID MONTHLY

(Continued from page 1.)

money on loan and consequently we only made it for one year, feeling confident the price will go down in the near future.

The amount of money required to carry on all the operations has of necessity steadily increased, owing to the continued increase in wages and raw materials, but as they now all show signs of diminishing, relief seems to be in sight.

There has been some talk of East St. John joining the city, and as it is a section likely to grow considerably in the next few years, it is a question worthy of consideration on both sides.

Unemployment.

I feel obliged to make reference to the unemployment situation, which, while not perhaps so acute here as elsewhere, yet certainly has been visible to a marked degree and must be a matter of public affairs. With the advent of another open season, I feel sure we will be able to deal more ably with it by providing work of a civic nature to give employment; in the meantime we are trying to relieve the distress to the best of our ability by the most of the ladies' committee on the stew kitchen I must heartily commend.

Schools and Hospital.

It seems imperative that more school accommodation should be provided; seemingly the North End, and West End, both need more room, and if building cost gets a little more normal, the matter will evidently have to be seriously considered.

Another very necessary expenditure to be faced will be hospital accommodation, which seems very necessary, as if we were required more particularly for those able to pay for it I think we should expect it to be self-sustaining and it should only be necessary to finance it till the work would be completed, after which it should carry itself according to claims made by those best qualified to speak—the doctors.

Incinerator.

I am earnestly hopeful that this may be undertaken inside of another year as it is most necessary in my opinion. I have looked into the question in several other places, and while the cost of providing for the gathering of garbage would be costly, yet it certainly is needed. I am of opinion that this should be attempted another year even if we have to sacrifice some new street work.

Home Development.

I look upon this as a question of paramount importance to the city, and the matter has been discussed considerably by the council. I am of the opinion that the people generally will be interested in hearing it discussed further, as it will mean a heavy burden to the taxpayer if it should become necessary to replace some of the needed capital expenditure, and to erect a vast amount of new equipment to facilitate work in order to bring the terminals up to date. I am hopeful the council will finally decide to bring the question to the people for consideration.

Union Railway Station.

That has been faithfully promised us for this year and wish it would be an overhead crossing in Mill street which would greatly facilitate in this area. I hope to see it materialize.

Practically all the foregoing, and indeed all our new undertakings, are simply a question of taxes and the ability and willingness of our citizens to pay the same and I feel if we can continue a showing the same as last year, that in within 12 per cent, paid in at the discount periods that it will be possible, by all putting our shoulders to the wheel, to get many of the needed improvements in the near future, for after all there is nothing we should take more pride in than our home town.

IMPOCO IS FLOATED.

A Yarmouth despatch says that the Imperial Oil Company's tanker Impoco, which stranded on Blonde Rock on April 5, was refloated today by the Maritime Wrecking Company of Halifax. She was hauled into deep water. The Impoco is the first steamer stranded on the Blonde Rock that has ever been refloated.

RULE OF THE ROAD.

Halifax, N. S., May 4.—A bill has been introduced in the Nova Scotia legislature providing for a change in the rule that would make passing to the right compulsory throughout the province.

THEY MOTORED 100 MILES IN FLANDERS

Mr. and Mrs. E. Atherton Smith Write From Ostend of Their Tour Around Ypres.

A friend has received from Mr. and Mrs. E. Atherton Smith a number of picture post cards from Belgium. On a card showing a hotel at Ostend and the Ancien Phare, Mrs. Smith writes:— "This hotel is our headquarters. It is near the old Phare or lighthouse. The North Sea is in full view from the hotel, and yesterday (April 17) it was a sight. A wild wind storm necessitated launching of the lifeboat to save the crew of a fishing schooner driven on the sand reefs by the fierce waves."

On two other cards, showing "The Trench of Death at Dixmude and the panorama of the ruins of Ypres, showing the Cloth Hall, Mrs. Smith writes:— "We have motored 100 miles today through the battlefields of Flanders, and saw many such trenches and miles upon miles of shell-torn, ruined country. We read the following notice on the ruins of Cloth Hall at Ypres:—'No stone of this fabric may be taken away. It is holy ground. It is a heritage for all civilized peoples.' The ruins of the Cloth Hall and Cathedral are wonderfully picturesque and are to remain. The shattered homes, the ruined fane's are here, and I feel the very presence of the ghosts—our dear Canadian boys who fell in the many well-cared-for cemeteries."

Mr. Smith, on a card which shows Long Max, the German gun, writes:— "This is Long Max, in its wonderful concrete emplacement, fifty-five feet long, fifteen inches in calibre, which bombarded Dunkirk, twenty-eight miles west. It was elevated about fifty degrees. Forty big shells were fired in one day. This monster gun, about seventy tons, had been brought from Essen on an especially-made railway. Falling to realize their hopes and unable to remove it, they tried to destroy it by lowering the muzzle and firing point blank at the parapet ten feet in front, expecting concussion would wreck the gun. But the shell only ripped through the heavy concrete (as shown), carrying away huge blocks and making a jagged breach. The emplacement was a most formidable mass of concrete, the two wings about twenty feet high, which sheltered ammunition and furnished housing for the crew, being camouflaged with shrubs and placed behind a grove of trees. The gun was electrically fired from half a mile in the rear. The whole presentation was the most impressive feature of an auto ride of a hundred miles in and around the Ypres salient and vicinity."

PAID TAX WITH A 3-CENT STAMP

Income tax returns on which the assessment was figured at one and two cents have been returned at the office of N. P. McLeod, dominion tax inspector. When these returns were made personally, no tax was collected, as it was not worth recording. There was one man, however, who figured that he owed the government three cents, so he affixed a three-cent stamp to the form and mailed it to the inspector.

Up to date, about \$887,000 has been received, but it is expected that this amount will be increased with the arrival of some delayed forms and the adjustment of others on which errors may be found.

DOG TAXES

The task of issuing licenses to the 1,000 or more dog owners in the city has commenced at city hall and up to date thirty-four have been issued. Last year 1,118 people received permits to harbor dogs and the revenue from this source was \$1,968. The rates are the same as last year—\$1 and \$2.

The city has been divided into districts and policemen assigned to each district to make a canvass of the dog owners to ascertain who are liable to the tax and to warn them to procure licenses.

NOVELTY SHOWER.

The young ladies' class of Victoria Street Baptist church tendered a novelty shower to one of their active members, Miss Fay Johnson, who is to be a principal in a coming happy event. She received many useful gifts. The happy function took place in the class room of the church.

DOGS AND GARDENS.

Complaint is made by gardeners that dogs running at large do a lot of damage. This especially true of gardens on Mount Pleasant and near Rockwood Park. The bigger the dog the greater the damage. It is urged that owners of dogs should take better care of them.

SACKVILLE PERSONALS.

(Sackville Post.) It is understood Mrs. Grumland, who has been on the Ladies' College staff during the last year, will not return after the close of the present term. She intends going west this summer for a few weeks, but will probably make her home in Halifax.

We understand Mrs. J. F. Allison and her daughter, Miss Allison, intend leaving shortly for Montreal, where they will probably reside in the future.

"Old Hickory" --- The All Weather Furniture From Mother Nature's Mill!

We might say that "Old Hickory" furniture is made by good old Mother Nature. This because the pieces are just as they come from Nature's mill. "Old Hickory" is hand made because it couldn't be made in any other way; any more than a machine could turn out a lake.

You cannot injure "Old Hickory" with the elements. Rain plays no damage with it; so you have no fear in leaving it out in the open.

And isn't it pretty! Fine, genuine old rustic furniture that embodies grace, comfort and utility. Den, or living room, porch or summer house or lawn—it's right at home in any of them.
