Allies Are Still Nearer To Fere En Tardenois

French and Americans Have the Enemy Nearly Out of Wooded Area—Artillery Fire Today Vigorously Punishing Huns—British Successes

With the American Army on the Aime-Marne Front, July 27—(By the Associated Press.)—The Franco-American forces on the front northeast of Chateau Thierry have driven the Germans almost entirely out of the wooded area which they have so stubbornly defended. The Allied pressure is being constantly maintained, and early today the punishment of the Franco-American troops again began crawling forward.

French Gain More. Paris, July 27—Further advances were recorded by the French last night in the region immediately to the north of the Marne in the district where the Germans have been clinging to the river.

The war office announced today that the French lines were advanced to the north of the Marne. On the Champagne front the French carried out a local operation in the region south of the mountain without a name, as a front of approximately two miles. The French took 200 prisoners in this operation.

ON BRITISH FRONT. London, July 27—The German artillery was active last night in the angle between the Somme and Ancre rivers, northeast of Amiens, today's report announces. Both the British and the enemy artillery displayed activity farther north in the sector of La Bassée Canal.

A BREATHING SPELL. London, July 27—Activity at points occupied by the American troops slackened considerably on Friday, says the Daily Mail correspondent with the American troops in France. Time for a breathing spell has arrived, he adds, and both sides are recovering from the exhaustion of their fiercest efforts. In the Fere and Ris forests, north of the Marne, the Germans seem to be blowing up considerable quantities of munitions and supplies.

Have Captured 30,000. Paris, July 27—The number of German prisoners captured by the Allies since the beginning of the counter-offensive is placed at 300,000 by the Havas Agency.

American troops have discovered at Brocy, north of Chateau Thierry, emplacements of German super-cannons which bombarded towns behind the front and, perhaps, Paris.

The British Statement. London, July 27—The text of the British official statement follows: "During the night our raiding parties entered the enemy's lines in the neighborhood of Sully-Laurette, Neville-Viville, Auzanville, and Lens and brought back several prisoners. "The hostile artillery was active last night between the Somme and Ancre rivers, and there was some activity on the part of both sides in the La Bassée Canal sector."

A Caustic Word. London, July 27—Discussing the latest operations and the German position within the Marne salient, Reuters's correspondent with the American troops in France under date of Friday, says it is well to remember that the Germans still hold the north bank of the Marne for some eight miles from Vincelles to Neuilly. This has not yet been disputed.

This alone, he adds, is proof that the enemy is not in a very desperate hurry to withdraw from the salient, if it is not a hint that he has a large accumulation of stores near the river which it is difficult to remove.

"The French guns in this sector," the correspondent continues, "continually are exploding great dumps of ammunition, which reveals how thick they are. "The early success of the French counter-attack has bred a disposition to expect further rapid advances and perhaps huge captures, but the fighting in the salient offers to the aggressor only the advantage obtainable from the enemy's congested condition and even that cuts both ways, as it leaves masses of men to oppose us."

"Our progress in the last week gave the enemy ample time to begin re-organization outside the salient. We are not likely to go much farther without discovering a disposition to withstand us. We may regard with some suspicion the enemy's intentions along the river front. His position may not be an enviable one, but there are points in it not unfavorable to an attack."

ALIENS AND THE ARMY. The military department at Ottawa has issued instructions to the various military districts throughout Canada to the effect that aliens who were erroneously drafted under the military service act, are to be struck off the strength of the army. They must prove to the satisfaction of the general officer commanding the district in which they were drafted that they are aliens.

Mitkofski Expelled. Amsterdam, July 27—Prof. Paul M. Mitkofski, the leader of the constitutional democrats in Russia, has been expelled from Kiev by the Ukrainian government, according to the Vorwärts. The reason is that his presence there hindered the conclusion of the peace treaty between Russia and the Ukraine.

Deny Valcartier Report. Montreal, July 27—Yesterday's announcement that Valcartier's camp will be broken up next week was given a straight denial by military headquarters last night.

WORSE FOR THE GERMANS THAN FIRST THOUGHT

Attempt Against British Yesterday Had Disastrous Results

Troops Honored for Service in Italy Sent Against Haig's Men and Are Badly Beaten—Australians' Effective Work

With the British Army in France, July 26—(By the Associated Press.)—The German attack this morning near Meteren had even more disastrous results for the enemy than was first believed. It proved a complete failure.

It appears that the Germans intended to reach the Giza road, south of Meteren, from where they could menace the town. Accordingly they sent over two companies from each regiment of the 15th division, which just repulsed other troops who had been badly mauled during the month. The 12th division came up from Italy. One regiment was sent against "Kaiser Karl" shoulder straps, won for its services in the Italian theatre.

This regiment, however, will get no decorations for the deeds it performed today. Scotch troops met with heavy losses and prevented the Germans from getting anywhere near their objective. The Germans managed to get one small outpost, that was all. In the same locality the Australians are busy knocking the Germans about. Their shells have been following nearly all the cross roads, dunes and other targets within range. The shells for the last few days have made the ground very soft and sticky, and the Germans have been unable to get to the north it will not require much more rain to require a change in them.

LIEUTENANT J. A. CYR IS MISSING

Ottawa, July 27—Today's list of eighty-two casualties includes two killed in action, two accidentally killed, three died of wounds, eight missing, four prisoners of war, fifty-four wounded, one gassed and eight ill. Those from the maritime provinces follow:

Accidentally Killed. Lieut. R. M. Scovill, St. Stephen, N. B. (Previously announced).

Died. J. C. Stewart, Malagash, N. S.; C. J. Watson, address not stated.

Missing. Lieut. J. A. Cyr, St. Hilare, N. B. ARTILLERY.

Founded. F. J. Coughlan, South Nelson, N. B. Gassed. J. Watson, address not stated.

Ill. G. Watters, Fairville, N. B. RAILWAY TROOPS.

Wounded. N. Johnson, address not stated; W. Boutillier, 974 Barrington street, Halifax, N. S.

CETEWAYO'S SON DIES IN CANADA

Brookville, Ont., July 27—Far from his native South African kraals, Charles Cetewayo, mining engineer, who claimed to be a prince of the royal Zulu blood, the son of the late King Cetewayo, of Zululand, and the protégé of Queen Victoria, died in the Brookville General Hospital to which he was admitted on July 8 suffering from an incurable disease.

Physicians and others who have become interested in Cetewayo's case since his arrival here for treatment have no doubt that he was, if not a son at least a relative of the Zulu chieftain, who caused so much trouble to the British in Natal in the mid-Victorian era.

Charles Cetewayo, as the hospital attendant knew him, was between fifty and sixty years of age and was a mining engineer and expert. Cetewayo had been engaged in observation of mica properties in the vicinity of Westport, Ont., when admitted to the hospital. From details that have been gathered from different persons who conversed with him, it is learned that Cetewayo held claim to be the son of the late King Cetewayo upon whose death he was taken to England at the instigation of Queen Victoria, and there educated under her direction. After a ten year military course he entered the British army and served in the South African war where he was wounded and received a pension. He was apparently well read and professed to be a Christian.

Martial Law in Roumania. London, July 26—A despatch to the Exchange Telegraph from Amsterdam says the Weser Zeitung, of Bremen, learns from Bucharest that the King of Roumania has been ordered to place all Roumanian territory under martial law.

Cobb Holds the Lead

Drops Four Points But Still Leads

Also Best Run-Maker in American League—Wheat Climbs to Second Place in the National

Chicago, July 27—Ty Cobb continued to lead American League batters during the last week. He played in but four games from July 24, and although he dropped four points he still is far in the lead, hitting within seventeen points of the 400 mark. The fleet-footed Detroit outfielder failed to register a run during the week, but his mark, headed by five better than that of Harry Hooper of Boston. Ruth, of Boston, failed to chalk up any more home runs but his eleven remain high. Sheen, of Boston, added a quartet of sacrifices to his string and that department of his record remains high. St. Louis, with two regulars in the 400 class, leads the league in team batting with 268. Boston leads in club batting with 372. Leading batters are Cobb, Detroit, 282; Burns, Philadelphia, 282; Sisler, St. Louis, 282; Demmitt, St. Louis, 300; Ruth, Boston, 314.

Wheat, Brooklyn outfielder, made the best showing of National League batters. He climbed from eighth place to second, boosting his average from .306 to .321. Grob, Cincinnati, continued at the head of the list with an average of .350, which is a drop of sixteen points since last week.

Cruise of St. Louis, with his six home runs, remained high man in that department, and Rensch of Cincinnati, with nineteen sacrifices, headed the sacrifice list. Carey of Pittsburgh, retains the stolen base honors with forty-one thefts, and Burns of New York, tops the list with sixty-one runs scored. New York's mark of 971 remained high in club batting and Cincinnati's 271 average continued high for team batting.

Leading batters—Grob, Cincinnati, .350; Wheat, Brooklyn, .321; J. C. Smith, Boston, .320; Daubert, Brooklyn, .317.

NO SUNDAY WORK FOR SYDNEY STEEL MEN

Sydney, N.S., July 27—The local steel workers, who have been negotiating with the Dominion Iron and Steel Company for some days regarding a further readjustment of wages, have proclaimed Sunday a "holiday" and have given notice that they will not work from seven on Sunday morning till seven on Monday morning. This action the men's representatives say is taken as a protest against what they consider to be the unsatisfactory manner in which the company is conducting the negotiations.

EX-EMPEROR OF RUSSIA ASKS PERMISSION TO ENTER CONVENT

London, July 27—Berlin newspapers publish a telegram from Moscow saying that the former Russian emperor has asked the Lenin government permission to enter a convent in Sweden and take with her her daughters. Permission has been withheld for the time being.

FIRE IN PRESTON.

Preston, Ont., July 27—Loss estimated at \$30,000 was caused by a fire to-day in the Nisipel Block, King street, yesterday. The situation for a time looked so serious that the Galt fire department was called in.

Western Union Indicted.

New York, July 27—The Western Union Telegraph Company was indicted by a federal grand jury here yesterday on charges of having transmitted messages by mail instead of by wire.

Twelve Deaths on C. G. R.

Twelve deaths occurred among the C. G. R. employes in the Employers' Relief and Insurance Association during the month ending July 25.

BRITISH STRIKERS HAVE TELL

BROUGHT DOWN 4,106 ENEMY PLANES IN YEAR

British Losses in Same Time Only 1,217

AN APPEAL TO STATES

Request for Every Motor They Can Send Across—Germans Hard Hit in The Air Work of Last Week

New York, July 27—An appeal from Lord West, head of the air board in London, for the United States to send the British air forces "every motor you can," was read by Major Gen. W. S. Brannan, controller general of equipment in the British Air Council, at a luncheon given in the general's honor yesterday. Referring to the fact that the British had brought down 4,106 enemy planes in the last twelve months against a loss of 1,217 British machines, Lord West said that the ratio of British superiority is growing very fast in all directions of air activity.

London, July 27—The official communication issued by the air ministry 26-28 successful attacks were carried out on the station and factory at Forstheim (Baden), the factory at Baden and the house at Osnabrück. Four hostile aircraft were bombed and attacked with machine gun fire and hand-grenades were fired upon with machine guns. All our machines returned.

London, July 26—Throughout the week the fighting on the western front has been of a violent character. From a trustworthy source it is learned that during the week the British destroyed sixty-six enemy machines and drove down fifteen out of control. Fifty-one British machines are missing. One hundred and fifty-four tons of bombs were dropped. The week's record for long distance bombing attacks was that of the night of July 25-26. Twenty-five raids were made into Germany's territory. Thionville was bombed four times, and there had proved themselves among the best.

Senator Philippe Roy, Canadian commissioner-general to France, entertained the editors later at the Paris home of Dr. Henri De Rollich, which has been donated to the Allied officers of a club-house.

FRENCH PREMIER AND PRESIDENT RECEIVE CANADIAN EDITORS

Paris, July 27—Premier Clemenceau yesterday received a representative group of Canadian editors who are visiting France. He expressed the wish to give them his personal testimony that, without the aid of the French and English, the Canadian and Australian efforts would have proved themselves among the best.

President Poincaré received the party this afternoon.

TORONTO ANNOYED BY FREIGHT RATE INCREASE

Toronto, July 27—There is widespread discontent in commercial circles here over an Ottawa announcement of an increase in freight rates which amounts to approximately twenty per cent over all.

"Putting the matter humanely and in a few words, I think that it is a crying shame the way this has been done," declared T. Marshall, traffic expert of the board of trade. "I think that Sir Henry Drayton might have had the decency at least to hold a session over the matter. Ultimately, only the consumers must pay. The surprising thing of all is that apparently the railway commission has evidently not taken the shipping houses or the general public into consideration at all."

GERMANY SWINGS BIG STICK OVER AUSTRIA

Zurich, Switzerland, July 26—Concurrently with the resignation of the Austrian cabinet, the German censorship has allowed the Berlin correspondent of the Basel Nachrichten to forward to his paper a delayed telegram which states that, as a result of recent conferences at army headquarters, the Austrian government has been notified that Germany's objection to the so-called Austro-Polish settlement are insuperable.

KAISER SPEAKS TRUTH FOR ONCE

The Hague, July 26—"The hardest part of the job is still before us. The enemy knows the war is about to reach the point of decision and is summing all his strength for a final defence and counter-offensive."

This was the observation of the German Emperor, recorded by Karl Rosner in the Berlin Lokal Anzeiger, and apparently made on the eve of General Foch's offensive.

IN THE MARKET.

Berries on the local market this morning were rather scarce and the dealers who were fortunate enough to have some were very easily disposing of them at a high price. Blueberries and strawberries were selling at twenty cents a box, while raspberries were bringing twenty-five. Green peas and other green stuffs were in the market in abundance at good prices. Peas were selling for sixty cents a peck.

NEW TROUBLE BETWEEN GERMANY AND HOLLAND

London, July 26—A despatch to the Exchange Telegraph from Amsterdam says that fresh difficulties have arisen between Germany and Holland over economic questions. The shipment of potatoes to Germany has been stopped, and their urgent need in Holland, and coal shipments from Germany to Holland have ceased. Negotiations are proceeding slowly at the Hague.

DEFINITELY END MONTREAL STREET RAILWAY WAGES TROUBLE

Montreal, July 27—Last night the employees of the Montreal Street Railway accepted the terms offered by the company and agreed to forego a strike. They are to be paid back wages during the coming month covering the period during which they accrued, viz. June 1 to date, and to go on the new scale at once.

HE'S 'OVER THERE' AND WANTS TO BE A KILTIE

Mrs. John Macaulay of Brooklyn, N. Y., is visiting her mother, Mrs. William Singlet, corner Princess and Pitt streets, after an absence of thirteen years from her home city. Mrs. Macaulay has several married sisters in town also, and a brother. Like many other ex-St. John brothers and fathers, the Brooklyn visitor is a member of the St. John's club, and she is now in England ready for service in the battle zone. In a recent letter Master Macaulay writes that his boyhood's fond ambition to become a kiltie may yet be realized, as he has posted his request for transfer to a Highland regiment as soon as possible. Doubtless this is the double-Scotch blood asserting itself, the Macaulay and Sinclair strains. Kenneth is the only son in the Macaulay household, a bright, stalwart Y. M. C. A. lad.

One of the Joys of Summer

## COOL WHITE SHOES

Dainty, Light and Airy

**\$3.00 to \$10.00**

"If it's new, we have it."  
"If we have it, its new."

Isn't it a real treat on a hot day to slip on a pair of cool white linen or canvas Oxfords? Is there anything quite so easy, and so restful? And when white shoes may be had in such smart and attractive styles as are featured in Waterbury & Rising's White Display the wonder is that every woman in town is not enjoying this, the ideal of all Summer Footwear.

We have all sizes NOW, but under present transportation conditions that is all we can promise.

White Canvas Pumps.....\$2.35 to \$4.00  
White Kid Pumps.....\$6.00 and \$10.00

### DEMONSTRATION, FIRST IN CALVIN, PROVED POPULAR

Not only canning was demonstrated at the Calvin church yesterday afternoon, when the Housewives' League held its first demonstration. Nothing was more clearly demonstrated than that a room equipped for the practical exposition of the aims of the Food Board was needed in the city and such given was greatly appreciated. Almost all the seats were occupied and the Housewives' League was complimented by two experts, Miss Gladys Baxter, of St. John, and Miss Sue Prescott, of Albert (N. B.), who in a very businesslike manner showed how the directions in the new food board cookery books for canning salmons, greens and plums should be carried out. Mrs. Wilson gave a stirring five minutes' talk on the need of food economy, and Mrs. Richard Hooper made some interesting announcements concerning the use to which the league will put its newly acquired gift of a hall for demonstration purposes.

Mrs. Richard Hooper presided at the meeting and welcomed the large number who were present and she then introduced the two demonstrators. Both Miss Baxter and Miss Prescott are graduates of the Acadia College household science school and Miss Baxter has also taken a post graduate course in dietetics at the Toronto hospital. Miss Prescott canned salmon in two ways, with a brine and with water, and Miss Baxter used the one sterilization or the cold pack method, and their clear explanation of the process helped to make the mysteries of canning thoroughly understood. There are tricks in every trade and two demonstrators are not the willing and anxious to let their hearers know all which they had learned themselves. As explained by these canning "not a complicated process with a multitude of rules but a simple case of using common sense.

During the demonstration Mrs. Coopet announced that the league had arranged to have twelve ladies give five minute talks on subjects connected with food conservation at the women's meetings in the city. She also said that the Calvin hall would be opened every afternoon except Saturday and Sunday from 3 to 5:30 p.m. for three months, that it will be occupied by the league. On every Friday demonstration to which the public is invited will be held there and on the other days some one will be on hand in the hall to give help and advice to any who may wish to see the material and can them in the hall using the excellent new equipment free, but paying for any lighting or fuel which they may use. A great variety of literature on food economy and conservation will be distributed free also. The announcement was received with many expressions of pleasure.

Mrs. Wilson spoke on how the woman who stays at home can do her bit helping the Allies, how she can be efficient method and strict economy be a big factor in winning the war. In concluding her well-worded address she said that now was the time to break old habits and to form new ones in order that the straitened conditions which would follow the war might be met with preparedness.

### Children's Tub Dresses

In a variety of Styles and Colors may still be procured for vacation or school wear. Plaids, Stripes, Plain Colors, and Combinations of Two Materials, made in Smart High Waisted, Pocketed styles, are very becoming, and may be found in sizes from 6 to 14 years. Prices from 75c. to \$3.00.

We have just received a shipment of

KING STREET GERMAIN STREET MARKET SQUARE

### Another Day Shows Gains For Allies

(Undated War Lead by Associated Press)

The sixth day of the Allied offensive on the Soissons-Rheims salient saw a lessening in the intensity of the battle along the front, but the fighting continues in progress.

Along the Rhine, however, and southwest of Rheims, the Franco-Americans, British and Italian troops were still at deadly grips with the enemy on various sectors.

The Germans stoutly held in the forest region north of the Marne to hold back the French and American troops, debouching from the woods, a strong counter-attack. The enemy, however, everywhere was forced slightly further back to the north as the forests now have been almost entirely cleared of Germans.

Southwest of Rheims heavy reinforcements of British and American troops, debouching from the woods, sharply toward Rheims, the French are fighting in the immediate region of Reuil, where the battle line turns sharply toward Rheims, the French have captured several important points of vantage, including the village of Reuil and also advanced their line northward, setting to rest the violence of the German counter-attack.

To the northeast where the Germans are facing the British the Germans have recaptured Mery and Hill 204, but the British have retained their hold on Virgny and most of the other territory taken in that region.

Eastward from Rheims in Champagne the French have now regained nearly all their old line positions and daily are harassing the Germans with counter-attacks.

Before the fighting died down along the western side of the Rheims-Soissons salient, the villages of Oulchy-Le-Chateau and Villenotte were captured by French and American troops, Thursday, who advanced their lines eastward of Oulchy. The fall of Oulchy gives the Allies freedom the key to the heights dominating Fere-en-Tardenois, which lies only a short distance to the east. At Oulchy four guns and hundreds of prisoners were captured by the American and French troops.

Big allied guns have been pulled up in this region and are heavily shelling the sectors before them over which it is supposed to push forward for the capture of Fere-en-Tardenois when the time is ripe. Meantime Allied big guns over the entire salient continue to throw shells from all angles into the German forces inside the big bag.

While there has been no attempt by the Germans at a general retreat from the salient, the belief prevails along the battle front that an indication that a retreat is proposed is shown by the fact that the enemy is using comparatively small forces of infantry on various sectors under attack, depending mainly on his ma-

### THE STORY OF THE STAIRS

Every time you go up stairs you can test your state of health—the condition of your blood.

Do you arrive at the top of the stairs breathless? Does your heart palpitate violently? Do you have a pain in your side? Perhaps you even have to stop half way up, with limbs trembling and head dizzy, too exhausted to go further without resting. These are unfailing signs of anaemia. As soon as your blood becomes impoverished or impure the stair-case becomes an instrument of torture. When this is so you are unfit for work; your blood is watery and your nerves exhausted, you are losing the joy of an active life and paving the way for a further break down and decline. In this condition one can do nothing can save you. You must put new, rich, red blood into your veins without further delay and build up your health anew. To get this new rich blood give Dr. Williams' Pink Pills a fair trial, and you will give you new vitality, sound health, and the power to resist and throw off disease. For more than a generation this favorite medicine has been in use throughout the world and has made many thousands of weak, despondent men and women bright, active and strong.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Lower Cove Team Wins

In a very fast and exciting game of baseball played last evening on the inside, the Lower Cove Volunteers defeated the Victorias by a score of 5 to 2. Paree pitching for the Volunteers, did some very good pitching and had good support behind him. Battery for the winning team: Paree and Jones. Battery for the losing team: Johnson and O'Neill.

### SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand, the baby lies beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated.

During the summer the mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prices 45c. to \$8.00

Mattings in various widths and colorings.

You need not worry over the price of a Broom when you can get a Genuine

## Bissell Carpet Sweeper

for so little. Grand Rapids quality is the best. We guarantee every Sweeper.....Price \$4.25

Grand Rapids Vacuum Cleaner, Combination Sweeper and Cleaner equally reliable.....Price \$10.50

Shown in our Carpet Department.

## New Pine Pillows

New Pine Pillows, very fragrant and soothing. Patriotic and other mottoes.....Prices 20c., 25c., 35c., 75c., 95c. and \$1.00

Annex, Ground Floor.

### GERMANS NOW HOLD NOTHING OF GROUND GAINED JULY 15

London, July 26—The Germans today claim virtually nothing of the ground they conquered in their great attack of July 15 along the Marne, says Reuter's correspondent at French Headquarters.

East of Rheims the correspondent adds, General Gouraud's army by a series of brilliant local operations has expelled the enemy almost everywhere from the narrow belts he occupied in Gouraud's advanced zone.

### Grand Complexion Improver? Better Than Cosmetics

When it's so easy to get back the bloom of youth to faded cheeks, when skin blemishes can be removed, why die to the root of the trouble—remove the cause—correct the condition that keeps you from looking as you ought.

Don't let Dr. Williams' Pink Pills and very soon you'll have a complexion to be proud of. How much happier you'll feel—pinkish cheeks, cheeks ray again, eyes bright, spirits good, joyous health again returned. Never a failure with Dr. Williams' Pink Pills, get a 25c. box today.

### RUSSIAN HARVEST ABOVE THE AVERAGE

London, July 26—Harvesting has begun and reports from all Russia indicate a yield generally over the average, says a Russian wireless despatch received here tonight.

"There will be bread for all in the towns and the poor localities," the despatch adds.

Natural Philosopher.

Examine in physics—What happens when a light falls into the water at an angle of forty-five degrees? Stude-It goes out.

## Corns Stop Hurting, Then They Lift Out With Fingers

No pain or soreness! Corns and calluses just shrivel up and lift off—Try it!

A noted Cincinnati chemist discovered a new ether compound and called it frezono and it now can be had in tiny bottles for a few cents from any drug store.

You simply apply a few drops of frezono upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers. Really! No humbug! No pain, not a bit of soreness, either when applying frezono or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! Works like a charm. Keep it on the dresser.

Sub-Committee To Hear Postmen: The Wage Scale Too Many Want Leave From The Camp at Sussex New Elevator At Reid's Point Ready For Use

Ottawa, July 26—The government has following out the understanding arrived at with the representatives of the postal employees, appointed the following sub-committee to confer with and hear their representatives: Hon. A. K. MacLean, chairman; Sir Thomas White, Hon. J. A. Calder, Hon. F. B. Carvell, Hon. G. D. Robertson and Hon. P. E. Blondin. Alex. MacMorris, secretary of the Postal Employees' Federation, has been informed and notified that the sub-committee is prepared to begin the hearing at once.

Salaries of Men. Ottawa, July 26—Following a long sitting of the cabinet this afternoon, statements were given out regarding the salaries paid to letter-carriers, porters, messengers and mail clerks employed by the government. Hon. C. J. Doherty, acting prime minister, stated that instructions had been issued to postmasters to discontinue the services of those men who refused to return to work. The statement issued this evening follows: "The subject facts regarding the salary of letter-carriers, porters, messengers and mail clerks, are as follows: When any one of these officials enters the service, he receives a salary of \$3 per day for the first year, \$2.50 for the second year, \$2.00 for the third year, \$2.75 for the fourth year and \$3 per day thereafter.

When in the whole of Canada 1,102 letter-carriers, of whom 102 are in the \$2 per day class, sixty-three in the \$2.25 class, sixty-one in the \$2.50 class, 142 in the \$2.75 class and 1,784 in the \$3 class. Of porters there are 234 divided as follows: Thirty-nine in the \$2 class, thirty-one in the \$2.25 class, thirty-eight in the \$2.50 class, sixty-eight in the \$2.75 class and 947 in the maximum class. Of messengers there is a total of forty-four divided as follows: Two in the \$2 per day class, sixty-three in the \$2.25 class, one in the \$2.75 class and 85 in the \$3 class.

Of mail transfer clerks, there are 187, divided as follows: Twenty in the \$2 class, thirty-one in the \$2.25 class, thirty-eight in the \$2.50 class, sixty-eight in the \$2.75 class and 107 in the \$3 class. It will thus be seen that out of a total of 2,937 of these officials 2,277 are in the maximum class and only 660 in the minimum class. In all portions of Canada west of St. Lawrence the minimum class receives a salary of \$2.75. To these figures must be added the following: \$100 bonus in the estimates voted by parliament and is now being paid for 1918; \$150 which for many years have been paid these officials west of St. Lawrence; \$200 bonus in the estimates voted by parliament and is now being paid these officials west of St. Lawrence; \$100 which has been paid to all employees for a long period of years.

On this statement of facts the government is willing, and has appointed a committee of counsel to confer with their employees, hear any representations the latter may desire to make, and fairly consider the demands.

RELIGION AND THE WAR. (Toronto Star). A Lutheran minister at Cologne accuses the Pope of complicity with the enemies of Germany. He sees the hands of Rome in Bohemia. The Czech leaders in Bohemia had to be imprisoned at the beginning of the war, and the Catholics, who were taken prisoners of war, were fighting on the side of the allies. "Then look at Hitler and his millions of Catholics. See how the Pope is using his power among them to rob Germany of victory. The Pope is fighting against us in divisions of Nationalist Polish soldiers, many of them prisoners taken from our ranks, and many recruited in the United States and Canada. Internally the Poles, under the direction of the Pope, are doing all they can to dare go on the rebellion against the central powers."

On the other side there are charges that the Pope is in league with Germany. It is clear that both cannot be true. The truth seems to be that the differences between Protestants and Catholics have nothing to do with the war. There are Protestants on both sides and Catholics on both sides. Protestant Ulster is fighting against Protestant Prussia.

LEMON JUICE FOR FRECKLES. Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very low cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

PRINCE A SPENDTHRIFT. After having listened to arguments for the day, the Hon. Justice High Court in Berlin has decided that Prince Friedrich Leopold, Jr., son of a cousin of Kaiser Wilhelm, is a spendthrift not to be trusted with the management of his own property and must remain under guardianship, despite the fact of his having attained his majority almost two years ago, reports the Lokal-Anzeiger of June 26. The prince has filed his suit and it appears that the young Hohenzollern was especially lavish in his purchases of jewelry and trinkets for his fiancée, and that his mother pawned her life insurance policy for \$75,000 to meet his debts. This suit got to the ears of his father, who is worth more than \$13,000,000, and the insurance policy was redeemed at once, although the prince in general had refused to be responsible for his son's debts.

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES" without receiving any benefit.

MR. ALEXANDER MUNRO. R. R. No. 1, Lorne, Ont. "For over three years I was confined to bed with Rheumatism. During that time I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit. Finally I decided to try 'Fruit-a-tives.' Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

MR. ALEXANDER MUNRO. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Lemon Extract Is More Than Half Alcohol

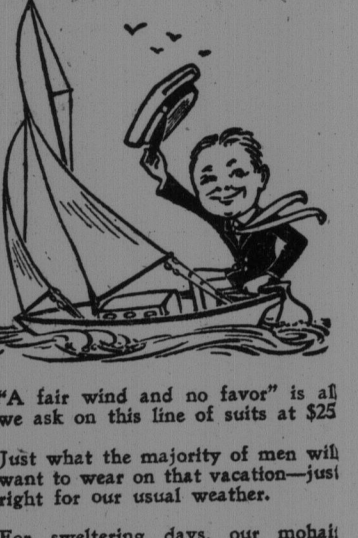

That the alcoholic strength of extract of lemon is 32.27 per cent absolute alcohol, and that this percentage was necessary to cut the oil in the lemon and hold it in solution, was the gist of the evidence given by M. Y. Paddock, provincial analyst, in the police court yesterday afternoon in the case against the Bragley Drug Company, charged under the provisions of the act prohibiting the sale of lemon containing more than two per cent absolute alcohol. Cross-examined by the defence, Paddock testified that his analysis of a six ounce bottle of lemon extract showed that it contained 19.67 per cent absolute alcohol. He said that the Board of Health had ordered the Bragley Drug Company to stop selling lemon extract containing more than two per cent absolute alcohol. He said that the Board of Health had ordered the Bragley Drug Company to stop selling lemon extract containing more than two per cent absolute alcohol.

SOCIAL WORK FOR THE SOLDIERS IN TORONTO

A movement has been organized in Toronto to co-ordinate the work of all organizations in behalf of the returned soldiers either in hospital, in Toronto, or discharged from hospital. The new organization is being organized in Toronto for the treatment of returned soldiers, and is being organized in Toronto for the treatment of returned soldiers.

THE TRUTH BY ACCIDENT.

(Kansas City Star) When the Austrian premier, however, speaks of "this war which was forced upon us," one may, by shaking the statement, hear a grain of truth rattling around. It is reasonable to suppose that the Kaiser did force the war on Austria, along with Germany.

"A fair wind and no favor" is all we ask on this line of suits at \$25. Just what the majority of men will want to wear on that vacation—just right for our usual weather. For sweltering days, our mohair suits at \$15.

Gilmour's, 68 King St. Open Friday evenings: Close Saturdays at 1; during June, July and August.

WE SPECIALIZE IN CORRECTING DEFECTIVE VISION

If you have a refractive error, muscular troubles, or eyes strained from overwork, then you need exactly the service we render. If your eyes need anything further we will advise you. Let us be your counsellors first.

ENDS DANGER OF RAILWAY TROUBLES

Montreal, July 26—The empire's lines of communication in Canada may hereafter be practically guaranteed from the menace of railway labor troubles, according to leading representatives of railway labor and members of the Canadian Railway War Board in joint session in the Windsor Hotel here today. As a result of conferences commenced here and continued tomorrow it is expected that a board of railway labor commissioners, consisting of equal numbers of railway labor representatives and representatives of the Canadian Railway War Board acting for the employers, will be inaugurated at once not only to interpret and administer the Meadler act, but also to deal with all railway labor disputes in Canada for the period, thus making the possibility of strikes to the lowest possible point.

It's a Davis cigar!

PERFECTION. Think what must go into a cigar—both in the way of tobacco and skill—before the largest cigar manufacturers in the Dominion could conscientiously label it PERFECTION. Seven inspections to make quite sure each cigar is perfect. The 10 Cent Cigar. S. DAVIS & SONS, Limited, MONTREAL 163.

### LINK CHILDREN WITH CHURCHES

Immigrants Learn Industry and Patriotism

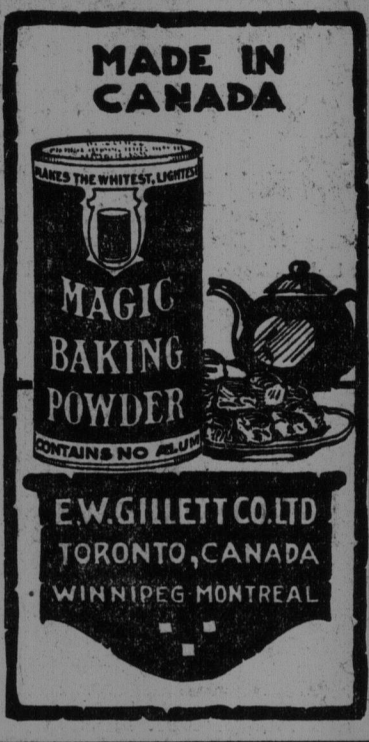

Institutes Provided—Youngsters Find Places for Amusement Under Guidance Instead of on Streets

(Toronto Globe.)

The streets of New York in July, when a million school children were set free from studies, made so profound an impression, eighteen years ago, upon Dr. E. G. Boville, formerly of Hamilton, and a half brother of the Deputy Minister of Finance, that he sought and found a solution.

Quite as noticeable as the idle children were the empty churches, and Dr. Boville's plan for the Daily Vacation Bible Schools involved the linking up of the two, giving the churches the touch with the people that they lacked and calling in the voluntary services of theological and other students on vacation.

This movement came to Canada about five years ago and now there are eight vacation schools, besides a kindergarten school in Dovercourt road. The eight are in the Memorial Institute on Richmond street, the Reformed Episcopal church on College street, the Community Institute on Spadina avenue, St. George's Episcopal church on John street, Victor Mission on Queen and Jarvis streets, the Mission of Jarvis Street Baptist church on Parliament street and the Riverdale Baptist Church on First avenue and Bolton street.

Fred Gerred is at the head of the movement in Toronto, Thomas Bengough is vocational director and Miss Taggart of the Ontario Sunday School Association is secretary. Mr. Bengough would like to see the name changed to "Holiday Vacation Schools" for that more nearly describes their scope.

the Rev. M. C. Maclean of the Institute Church have charge of a most interesting work among the little Brits, Italians, Poles and other immigrants who abound in that locality.

The singing of "Holy, Holy, Holy," followed by a prayer, the singing of the Lord's Prayer, repeating in unison the 100th Psalm, singing of a patriotic song and repeating of "Our Talent Story," the possible of the five talents, completed the opening exercises, in which all the youngsters ranging in age from four to fourteen joined with a will.

Behind the scenes we inspected the great balls of carpet rags, the durable hooked rag mats the boys are making for their mothers, the fly-swatters which are doubly good work and bring quick results, both in manufacture and use, the embroidery the girls do, and many other things, including fireless cookers, the idea for which one of the teachers brought from Miss Waud's recent demonstration, and which, like the fly-swatters, exercise their educative influence in two ways.

In the College Street Presbyterian Church, T. A. McWhorter, a school principal, is in charge, with Mr. Thompson of the Central Technical School and many other volunteers assisting him. Here one found little girls happily knitting, some as young as eight years being at work on socks. Clay modelling, the making of bead chains from colored paper, sewing kindergarten work, basketry and many other activities, were in progress and perhaps nobody was happier than the boys who were making bird houses and those who were making hammocks. Mr. McWhorter hopes to have thirty of the latter for sale; good, strong, excellent hammocks, fit to compete with those regularly on the market.

At the next school, under Mrs. C. J. Cameron, at Community Institute, hammocks were much in favor, too. One boy had learned the work and completed his first hammock in the short time since the school opened. Another asked to repeat the Parable of the Sower, went through it perfectly while going on with his hammock as easily as an expert knitter goes on with her sock as she talks. Here the eager children, wanting to use their hands, had overflowed into the tin backyards and were working there, while, at the front door, on Spadina avenue, stood a wistful semi-circle of little Hebrews, whose parents had forbidden them to enter for fear of the Gentile teaching they might get. As a matter of fact, the work conforms to no denomination, and there are Jews and Gentiles, Roman Catholics and Protestants, British and foreign, all working together and receiving no doctrinal teaching but learning something of the beautiful stories and parables from the Bible.

In a kindergarten room upstairs chains of paper and straw were being made, even by the chubby fingers of a two-year-old.

The children hate the time to come when they must go home, and often ask if they cannot come in the afternoon or on Saturday.

At Bloor Street Baptist Church the children were being tagged and numbered to prevent losses at the picnic for which they were bound. Each clutched a parcel of lunch and looked very blissful over the prospects of the day. These picnics occur once a week in all the vacation schools.

At Parliament Street, in the rooms occupied at other times by the Macedonian Mission, the Rev. Mr. Gunton, Mrs. Gunton and Mr. Andoff, the Macedonian missionary, have as many as 189 children to look after in the morning.

Here, at elsewhere, there are sewing baskets, and many other activities, including wood carving and the very popular fly-swatters.

Picturesque and patriotic closing exercises were in progress, which included the saluting of the flag and taking of the pledge:

"We pledge allegiance to the flag of Canada and the Empire, for peace, welfare and good government to all."

Then, while marching out, each of these small people, of a dozen different nationalities, loyally saluted the flag.

## Chalmers

MADE IN CANADA

**T**HERE is a sure way to place to-day's Chalmers rightly in your esteem. Drive it. Compare its motor action, its performance on the road with other cars you have driven.

A great advance has been made in automobile motors. Two Chalmers features, the "Hot Spot" and "Rams-horn" manifold have done away with the handicap of poor gasoline.

They have effected fine smooth motor performance—in a sensibly priced car.

Be prepared then, to see a motor that "warms up" instantly—a smooth efficient motor. Test its flexibility, its power, its ease of control. Be critical. If you are accustomed to a car that "handles" well certainly you will warm to to-day's Chalmers.

You are invited to put the Chalmers to the test—any test. Let the motor tell its own story. A demonstration can be arranged for you—any time.

CHALMERS MOTOR CO. of Canada, Limited, Walkerville, Ont.

#### THE BRITISH IN BAGDAD

(Exchange.)

An official report upon the results of the occupation of the Bagdad region by the British expeditionary forces in the Mesopotamia Valley shows that Great Britain is adopting there the same progressive policy that has marked the administration of Egypt and India. Slightly over a year ago the British army entered Bagdad. Already in the ancient

capital of Haroun-al-Rashid a police force and fire department have been organized. The old-fashioned oil lamps have been replaced by electric lights. The water supply has been improved and extended. Mosques have been repaired, roads have been paved, and schools, including a training school for native teachers, have been opened. The streets are now well watered in dry weather and sanitary officials have

penetrated the most hidden corners of the city. The municipal government has been made self-supporting. Two bridges have been thrown across the Tigris River. These are some of the changes which have come quietly and unnoted.

The attitude of Great Britain towards Mesopotamia is in striking contrast with Germany's treatment of Belgium. The Germans have restored none of the industries of that country except those

which serve their military purposes, and they are continuing to send Belgians to Germany to work in munition factories. Sixty-six Belgians were tried in June by a German military court for opposing the German administration; twenty-four were condemned to death and seven executed immediately.

George Bowen was granted \$80,000 damages by an Edmonton jury for injuries received in a railway collision.

*War times are teaching us that there is no economy in buying the cheapest goods nor the fancy high priced ones. We are depending on the solid values of the good standard brands—the brands that were good in peace time and have doubly proved their worth in war time.*

*Red Rose Tea—costing today only about 1/4 of a cent per cup—is one of the solid war time values that anyone can afford—and that everyone will enjoy.*

*It is truly a war time tea*

Red Rose Coffee is as generously good as Red Rose Tea

## The Razor that takes no Holiday

**M**OST men, no matter how busy, simply have to take a holiday occasionally to renew their vigor and keenness. So did the razors they used to depend on.

Not so the Gillette Safety Razor! Its keenness is renewed in ten seconds—by slipping in a fresh blade. The thousandth shave is as good as the first—and no time is lost in honing, stropping or "resting it up".

It's lucky for the millions of Gillette owners that this is true, for when they take vacations—leaving home conveniences behind—their beards grow lustier than ever. Here's where the Gillette is at its best. For it no beard is too stiff and no shaving accessories too primitive. Nor does any other shave feel so good as the Gillette shave you revel in as you clean up after a strenuous day in the open.

Even if you haven't yet used a Gillette at home, take one with you the next time you travel; and tell your touring friends about it. If you've a friend on a journey to Europe—in khaki—see that he has a Gillette Razor too. He'll get even more good out of it than you will yourself.

Gillette Sets cost \$5.00 and up—everywhere.

**Gillette Safety Razor Co. of Canada, Limited**

Office and Factory:

INFANT ASYLUM WRECKED BY AUSTRIAN HUNS

The Austrian Huns are no different from the German Huns. Here is a picture of the remains of an infant asylum at Venice wrecked by Austrian airplanes.

Huns Are Not Super-Men In Submarine Building

Hard Facts Show Germans Not So Clever As Once Admitted To Be

London, July 24.—The Germans are nothing like as clever as they imagine themselves to be... The remarkable thing is that the Germans put forth these details but that they should not have been accepted either on this side of the North Sea or on the other.

to these vessels as "so-called" submarine cruisers. What is the truth about these craft? They are not 400 feet long, but less than thirty feet long, their speed on the surface is not twenty-eight knots, but about twelve; when submerged they can travel only at fifteen knots.

Fancy and Fact. Let us descend from the realms of German fancy to hard facts. It may come as a surprise to those who are not familiar with warship design to learn that no battleship has yet been constructed which can steam from the United States to Japan without putting in at a coaling pier for fuel.

Every warship is a compromise between the demands put forward for offensive power, defensive power, speed and range of action. In designing a ship of war various values are attached to these factors according to the purpose for which the vessel is going to be used.

Submarines of 2,000 Tons. In point of fact, the very term "submarine cruiser" is a misnomer. It was invented in order to deceive the German people and support their confidence.

AMERICAN'S VISIT TO A FRENCH CEMETERY

A Touching Description is Written By Officer

(Buffalo Herald.)

An American officer with Pershing's army in France has written a letter to his wife with a touching description of a visit to a French cemetery.

"Come with me, then to this little village on the banks of a sleepy little village nestled in the broad valley through which the river flows. In an ordinary time a village of a few thousand inhabitants, it is now almost empty because most of the people who would find it had fled to safer places during the last four years and the victims of the terrible war are still in the streets of the village.

BORDEN CRITICIZED BY THE TORONTO WORLD. Toronto, July 27.—In a front page editorial the World says: "Sir Robert Borden had not been in office three years before he had smashed the Conservative party beyond repair."

THOUGHT IT WAS SUICIDE. A prominent merchant was discovered a few days ago brandishing a razor at midnight. His wife called for assistance but found her husband was only paring his corns.

What's become of Blagidin? "He's laid up, a victim of the war." "I didn't even know he had enlisted." "He hasn't. He sprained his larynx telling how things ought to be done."

News of the Churches

Seventh Day Adventists "What Will Become of Turkey?" Speaker J. L. WILSON 7 P. M. SUNDAY NIGHT, July 28th Orange Hall, Simonds Street ALL ARE WELCOME

Tabernacle Baptist Church Haymarket Square REV. A. LAWRENCE TEDFORD, Pastor. Sunday, July 28, will be a Big Day.

Rev. F. Patrick Denison, former pastor, will be with the Pastor throughout the day and taking part in the services. 11 a. m., the pastor preaches on "The Soul's Comforter."

At the evening meeting, 6:45, ex-Pastor F. P. Denison will preach. This will be a splendid opportunity for Mr. Denison's many friends to renew fellowship. Don't miss the services. You will hear something good. God has wonderfully blessed this fearless preacher in his new work.

FOR OUR DEAD. (Sir Sidney Low, in London Daily Chronicle.) For you our dead, beyond the sea, Who save your lives to hold us free, By us, who keep your memory, What can be said?

# WHAT'S NEW AT THE MOVIES

## SPORT NEWS OF THE DAY; HOME AND ABROAD

**BASEBALL.**  
Given Another Month.  
Washington, July 26.—Professional baseball players were given until September 1 to seek essential employment, or be called to the colors in an order issued by Secretary Baker today, denying the application of the national baseball commission that the effective time of the work or fight regulations as they apply to the baseball industry be extended to October 15.

The secretary said that the limited extension of time was given because of the representation made that baseball players may have been put in a less favorable attitude than others affected by the regulations because of their reliance on his statement that the question of their inclusion in the terms of the order would not be decided until a case had arisen. He made it plain, however, that the war department is interested solely in the strengthening of the nation's military forces as the winning of the war is regarded as the first consideration.

Ban Johnson Satisfied.  
Cincinnati, July 26.—B. B. Johnson, president of the American League, who is in Cincinnati said the decision of Secretary Baker was satisfactory to him.

No World Series?  
Boston, Mass., July 26.—There will be little demand for a world's series this year, in the opinion of John K. Tenzel, president of the National League, in commenting tonight on the effect of the decision of Secretary of War Baker that the "work or fight" rule would not be applied to baseball players until September 1.

American League.  
Chicago, July 26.—Chicago made it two straight from Boston today by bunching hits off Jones. The score was 7 to 2. The score: R. H. E.  
Chicago.....010000010—2 6 1  
Boston.....0020000—7 9 0  
Batteries—Foster, Kinney and Agnew; Mayer; Clotte and Schalk.

Cleveland Takes First.  
Cleveland, July 26.—Cleveland took the opening game of the series from New York today, 8 to 3. The score: R. H. E.  
Cleveland.....21000000—8 8 2  
New York.....21000000—3 8 2  
Batteries—Keating, Robinson, Love and Hannah; Coveleski and O'Neill.

Hits With Bases Full.  
St. Louis, July 26.—F. Walker's hit with bases filled in the eleventh inning gave Detroit a 2 to 1 victory over Philadelphia today. The score: R. H. E.  
Philadelphia.....0000010000—1 8 0  
Detroit.....0100000001—2 10 0  
Batteries—Greig and McAvoy; Sealand and Stansae.

Washington Won.

Army of 75,000 Fairly Efficient Troops—Turkistan Proclaimed a Republic

London, July 26.—A peasant rebellion has broken out in the Ukraine on a formidable scale, according to information received today. Seventy-five thousand peasants, fairly efficient troops, with their officers and instructors, are advancing against the Germans, detachments of whom have withdrawn before the hostile advance, retreating to Kiev. The peasants are well armed.

Turkistan Republic  
Amsterdam, July 26.—The fifth national congress of Turkistan has proclaimed Turkistan to be a republic in alliance with Russia, according to a dispatch to the Colonial Gazette. The executive body comprises eleven Mohammedans.

**OUR FRIEND THE DOG.**  
A Few Reasons Why He Should Be Conserved and Cherished.

(Toronto Mail and Empire)  
A wrathful correspondent of the Mail and Empire suggests that dogs ought to be killed off in wartime or else such a stiff tax imposed upon their owners as greatly to reduce the dog population. Similar anti-dog views have been expressed since the war in England. Only the other day Lord Claud Hamilton said that pet dogs are a nuisance and that if he had his way he would "slaughter all the Pekingeses dogs in the country and have them made into meat pies." Not long ago Punch presented a picture of a tough looking citizen grooming an equally tough-looking bull terrier, while a curate addressed him as follows—"Don't you think, my good man, that in keeping a useful animal, a pig, for instance, and a nice fool I'd look guineas?" "Yes," growled the dog fancier, "and a nice fool I'd look guineas!" Proposals to destroy dogs are founded rather on personal prejudice or ignorance than on a consideration of the advantages to be gained by their extermination. The assertion that they consume much food that might better be converted to human use is not justified. As a rule dogs live on table scraps and odds and ends of food which would otherwise be wasted. As for the Hamilton suggestion about making Pekes into meat pies, it is probable that all the Pekes in the British Isles would not provide a single enjoyable meal for one battalion.

It is true that dogs frequently kill sheep, but they also kill cats and rats

**REPLACING THE HORSE.**  
Mrs. Overwate had a deadly gleam in her eyes as she entered her butcher's and said in a withering voice: "Mr. Aitchison, how do you account for the fact that there was a piece of rubber tire in the sausage I bought here yesterday?" "Ah, my dear madam," responded the butcher, rising to the occasion, "that just serves as an illustration of how the motor car is replacing the horse everywhere nowadays."—Pittsburgh Chronicle-Telegraph.

"Hannah," said the mistress to her new girl, "you can take that brown serge dress of mine and put it in soak." "Yes'm," said Hannah, "who's your favorite pawnbroker?"—Household Words.

**WAITING FOR THE SQUEAL.**  
Small Boy's Comrade Had Followed Him to the Dentist's.

"I want to have a tooth drawn," announced the small boy with the steel gray eye, "and I want gas."

"You're too young to have gas, my little man," said the dentist. "Besides, I'm sure you aren't afraid of being hurt. Sit still and be a man."

"But I'm afraid I shall not be able to help giving a bit of a squeal when it comes out."

"Well, that won't matter at all," said the dentist. "I'm sure I shall not mind."

"No, but I shall. Look out of that window."

The dentist looked out and saw a lot of grinning lads standing on the sidewalk.

"They're all the kids I've fought and whacked," said the small patron, "and they've come to hear me holler."—Baltimore Evening Sun.

A \$1,750,000 freight yard is being built at Providence, R. I., by the New Haven Railroad.

### LOCAL NEWS

#### POLICE COURT

Two persons were before the magistrate this morning on a charge of drunkenness. They were both remanded.

#### MARRIAGES AND BIRTHS

Seven marriages and fourteen births—eight boys and six girls—were reported to the registrar during the week.

#### WEST END LEAGUE

A very exciting game was played on the Queen Square diamond last evening in which the Giants took the Dominions into camp to the tune of 6-8. Both teams played good ball and the crowd went away well satisfied.

#### FUNERALS TO-DAY

The funeral of Donald Burton Gregory, son of Mr. and Mrs. W. F. Gregory, St. James street, will take place this afternoon from his parents' residence. Services will be conducted by Rev. H. G. Cook and interment will be made in Fernhill.

#### EIGHTEEN DEATHS

Eighteen deaths were reported to the board of health during the week as follows:—Accidental drowning, four; tuberculosis, three; myocarditis, two; heart disease, two; and diabetes, influenza, convulsions, scarlet fever, tubercular meningitis, cerebral hemorrhage and cerebral thrombosis, each one.

#### ASCENDING THE FILM LADDER

Roy Mitchell of this city, who left for Montreal some two years ago to try his luck and abilities in the larger film field of Montreal, is in town visiting friends and relatives. He is now attached to the sales force of the Paramount pictures in the Canadian territory. When he left here Mr. Mitchell was operating a picture machine in one of the smaller theatres.

#### ATKINSON-HACHEY

At Stone church on the 25th inst., William H. Atkinson of Woodstock, N. B., and Miss Mary Hachey of Chatham, N. B., were married by Rev. G. A. Khuring. Following the ceremony they drove to the home of the bride's brother, Frank Hachey, Pond street, where a dainty breakfast was served. The groom's present to the bride was a substantial check, and to the bridesmaid, Miss Alice Hachey, a string of pearl beads. To the groomsmen, Fred Woodcock and Harold Smith, the bride gave a pearl stick pin. The bride was beautifully gowned in cream satin with hat to match. In the evening a very enjoyable time was spent in dancing.

#### THE DEADLY KID DRIVER AGAIN

The police have a fruitful field of endeavor among juvenile rascals now that they are warned that they will be round them up. Only this morning an automobile loaded with women and children was caught in the act of approaching the foot of Garden street hill off Wall street was almost struck by a grocery wagon carrying some milk cans. The woman driver, who was driving at a mere youngster. The auto driver squirmed and twisted his car to meet the anti-rail-ticket lady. The kid reinsman and finally the vehicles came within an ace of smashing one another. The man in the grocery wagon shouted to the boy to watch where he was going and a saucy answer was all that came out of the kid's mouth. "If it hadn't been for my carful of people I'd have jumped out and spanked that boy," said the frail automobilist, "then I'd have thrashed the whole matter out in the police court."

#### A MEAN THEFT

A bit of highway robbery by a pair of girl crooks has been reported to the county authorities. A young lady was boarding a suburban train bound for the city yesterday, she dropped her silver mesh purse containing some money in bills. The train pulled out before she noticed her loss but her purse was noticed by a boy who picked it up and started to take it home with the intention of trying to locate the owner. As he was leaving the station he was met by two young women who noticed the purse he was carrying. They asked if he had found it and then one of them promptly claimed it as her property. Taking the purse from the lad, they proceeded to the station and boarded an east-bound train. The county police authorities are on the train and the recovery of the stolen property is expected.

#### ST. JOHN CONTRACTOR A HUSTLER

George Lawson, one of St. John's younger circle of contracting builders, is making quite a name for himself in connection with his reconstruction activities in the devastated city of Halifax. Soon after the explosion he repaired the King Edward Hotel in Halifax and did smaller jobs with as much speed as the emergency conditions demanded. This efficient quality of hustle attracted attention and Mr. Lawson has had no difficulty in securing other good contracts. At present time he is working on a big contract in connection with the establishment of an iron shipbuilding plant on the Dartmouth side of the city's harbor. His particular slice of this job is the immense concrete machine shop. A large gang is at work. George Lawson is yet a young man—in his early thirties—a former North End boy, but a good builder and a hustler with a capital H.

#### JOKES AND LAUGHTER LIGHTEN THEIR TASK

Fifteen good men and true, with Engineer Hatfield to give the grade, worked till nearly 10 o'clock last night, or until it was so dark they could not see to advantage, on the new south end playground. The last of the huge concrete heap was removed, and now it is only a question of removing humps, filling hollows and preparing the outfield for the roller. Boys could play a good game of ball on the field as it is, and one of the workers who had visited the Carleton ground the night before came back satisfied that the south end has much the better ground of the two. It will take another week, however, to fix it up, and there will be lots to do after that, for the Improvement League is determined to make a thorough job of it. Work with teams and volunteers will be resumed on Monday evening. It is safe to say there were more jokes and laughter on this ground last evening among the merry band of workers than in any group of the number in the whole city. And they stayed until the particular task they had in hand was finished.

#### The Man In The Street

Will some one kindly volunteer to tow this fog out to sea and lose it?

The office boy defines the fog as nature's camouflage to conceal an otherwise perfectly fine day.

U. S. folk have been requested to put themselves on a sugar ration of two pounds per capita per month, and the sweet young thing who dearly loves her chocolate cream agrees with Sherman's idea of what war is, even if her careful upbringing makes her unwilling to say it out loud.

Mealless days, ones in which wheatless days followed and sugarless days are in prospect; so long as they lead to Kaiserless days, the civilized people of this war-ridden world will gladly put up with them.

Czechs of Bohemia have decided that the finest demonstration of loyalty which they can furnish is to be found in the betrayal of Austria. This seems to be a case where treason becomes a virtue.

A thousand cars in the city and only thirty-two car owners have volunteered to give convalescent soldiers a drive. Even the price of gasoline does not seem to have convinced some folk that there is a war on.

"Germans miscalculated strength of Allied armies," says war dispatch. Lendendorff must have left his adding machine at home.

Professional ball players must either work or fight. Is this another scheme to encourage matrimony?

Siberia has declared her independence, but Siberia will have some difficulty in deciding to whom to mail the declaration of independence.

Alleged owners of Carleton mill pond lots are invited to establish their claims by settling in the mud for twenty years to secure squatters' rights.

German government is begging for gold and jewelry. Why beg? Haven't they got the strength to take it?

Old-timers are showing up the younger citizens in the way they are taking hold of that south end playground.

With a grant of \$900 in cash and about \$8,000 worth of volunteer labor they have transformed a dump into a first class playground—but they say they still can use some more help.

#### PAY INCREASED

Telephone Girls Given Higher Pay, Beginning This Week

The New Brunswick Telephone Company is one of the latest corporations to recognize the higher cost of living by voluntarily increasing the wages of their employees. With high wages being offered in so many other lines of work the company has found it necessary to pay the operators higher salaries in order to keep them. The efficiency of the service and the satisfaction of the patrons is largely in the hands of the girls who operate the switch boards and the company finds it worth while to keep those who have been trained to the work.

The minimum salary has been raised and the increase arranged so that the pay envelope grows fatter each three months, until the maximum of forty dollars a month is received. In addition to this the company pays a bonus for long service, beginning at the end of the first year and increasing each year. The new scale went into effect this week and, if the girls who answer the calls are chirping "Number, please!" in a happier tone of voice, this probably is the explanation.

#### STRATFORD ADOPTS COAL RATIONING PLAN

Follows Guelph's Method of Distribution—Also Orders 500 Cord's Wood.

Stratford, July 27.—The City Council has adopted the Guelph system of coal rationing, whereby coal is divided among citizens equally on a percentage basis under the direction of the Fuel Commissioner. The council also ordered 50 cords or more of hardwood from Algonquin Park, to cost the citizens \$18 a cord, delivered.
