MAKING PROGRESS AT NIAGARA FALLS

Basis of Agreement on Mexican Land Question Promises—More Fighting Reported

(Canadian Press) Niagara Falls, Ont., May 26—Latest developments here indicate that the Mexican and American delegates as a result of their conferences with the mediators over the agrarian problem, are converging toward a point where they can meet on some ground of agreement looking toward an ultimate solution of the vexing land question of Mexico herself. The fact that the Mexicans had announced that they would issue a formal statement today, was taken as a sign that they are willing to have the question considered in some form by the conference here. They are hopeful of meeting the United States half way in adoption of some suggestion to be submitted to the new provisional government in Mexico which might be used as a finger post in pointing the way to a final solution. The Mexican land question is recognized by all as a fertile breeder of revolutions or sectional uprisings. It is virtually conceded here that an insistent demand by the United States for a guaranty in precise terms cannot be met by the Mexican representatives since they have no power to bind such an independent government as this mediation conference aims to bring into existence. Delegates from the United States doubtless will have to content themselves with the best pledge the Mexican delegates are able to give and to rely upon this promise that arrangement will be honestly carried out. The Mexican delegates are about ready to present a list of suitable persons from which to choose a provisional president. The American government and mediators are to indicate one who would be acceptable. It is the intention of the Mexicans to present a declaration of principles on the land problem and in respect of educational reforms. A satisfactory agreement involving the dispute between the Huerta government and the United States on the international phase of equation was declared to have been reached. Denial was made that Carranza had refused to consider any form of mediation proposals. Mexico City, May 26—Fighting is reported to be in progress around Mazatlan. Mexico City, Mex., May 26—There is a hopeful feeling official circles with regard to the peace conference, but it is believed they will continue longer than at first expected. London, May 26—It is semi-officially stated that the British government is using all its influence in behalf of the mediators at Niagara Falls as it believes a successful outcome now will establish a precedent for all of Latin America.

HAVE UNTIL JUNE 1

Matter of the East End League Players and the C. A. A. U.

The matter of the East End League baseball players and liability to suspension on account of being unregistered and taking part in a league that is not sanctioned by the C. A. A. U., has been referred to L. A. Gaston, the president of the maritime province branch of the association, and he has handed out a ruling that seems from the outside to be very lenient in this case. The dictum is that the players, who number perhaps half a hundred, be given until June 1 to take out their registration cards and that the league come under the wing of the union. Should the league fail to comply the members will be forced either to refrain from taking part in any of the games of the league, or lose their amateur standing. On the other hand, should the league come in by that time, it will be necessary for the players to be registered or they will be penalized. It is hoped by those guarding sport that, for the sake of the league and sport on a clean basis in the city that both the league and the players will look at this matter in the right light.

VALUABLE BULLDOG DEAD WHEN TAKEN FROM CRATE

Montreal, May 26—At the opening of the Mount Royal Kennel Club annual show this morning, it was found one of the most valuable exhibits was dead in its crate when it arrived from Ottawa. It was a building, known as Worsley Costermonger, valued at \$750 and owned by Henry Wilson of Ottawa.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service. Synopsis—Pressure is high over the Atlantic and Pacific states and low over the northern portion of the continent. Showers or thunder storms have been experienced generally from Manitoba to the maritime provinces, but the rainfall has been heavy only in a few localities. Fine and Warm Maritime—Fresh south to west winds, a few local showers, but generally fine and warm today and on Wednesday.

ROYAL COMMISSION TO TAKE UP DUGAL CHARGES HERE, THURSDAY, JUNE 4

The first session of the Royal Commission to investigate the Dugal charges will be held in the circuit court room of the St. John court house on Thursday, June 4, at 2:30 o'clock, p. m. This announcement was made today by Mr. Justice McKeown, chairman of the commission. The first meeting will be devoted to organization and all those who have business with the commission in connection with the matters to be investigated will be expected to be present at this session. Judge McKeown has received word from Judge Wells, who has been residing in Ottawa lately, that he has accepted the appointment and will be in St. John in a few days to confer with the other commissioners regarding the preliminary arrangements.

Whole Family Drown While on Holiday on Lake Nipissing

Father, Mother and Two Children Lost From Canoe—Collie Dog Brings Wordless Message of Dead

North Bay, Ont., May 26—In Lake Nipissing, on the holiday, a whole family was wiped out in a terrible tragedy of waves. Early this morning a young collie dog came whining to the government roadmaking camp, and attracted attention to the lake front. Straight to the beach the dog led and there lying on the sand were the bodies of two children clasped in a rigid death grip of their mother. The bodies were identified as those of Mrs. Arthur Mansbridge, twenty-one years, who lived with her husband and two children at Lakeside Park. The family was out picnicking and fishing from a canoe, and at evening when they were returning home the lake blew up rough and the canoe upset. Father, mother and children sank beneath the waves. The body of the father has not yet been found. In the canoe was the children's playmate, a Scotch collie pup, which swam ashore and carried his wordless message of death. Jerry Lynch of Cobalt committed suicide while dependent from ill health and other reasons. He was fifty-five years old, well known in the district, and had been connected with the hotel and restaurant business in various towns of the north country.

St. John Stood Well in The Time of Business Depression

This is Tribute of Bank of Nova Scotia General Manager, Here Today

While the country at large has not yet recovered from the effects of the recent depression in business and financial circles, H. A. Richardson, general manager of the Bank of Nova Scotia, who is in the city today, professed himself well satisfied with the situation and with the outlook. "We were going ahead at too rapid a pace for a while," he said, "and it was necessary that business should slow down a bit and mark time until there could be a readjustment to bring things to a sounder arrangement. The time has now come to move along at about the same rate of progress in spite of depressions elsewhere. Business here is more conservative and does not suffer from either the periods of inflated activity or the inevitable reactions. St. John seems to have preserved her standing especially well." Mr. Richardson said this morning that the view was of special significance. He merely stayed here a day on his way from Halifax and will leave this evening for Montreal, going on to Toronto a day later. In reply to a question regarding their plans for the former Bank of Nova Scotia building in Prince William street, Mr. Richardson said that they had no plans in view for it, but are simply awaiting a purchaser who is willing to pay enough for the building.

DISCOVERY MAY BE OF MUCH VALUE IN THE COMBATING OF DISEASE

Paris, May 26—A discovery, which may lead to the preparation of serums conferring immunity from many of the contagious diseases, was communicated to the Academy of Sciences last night by Professor A. Darsonval. For many years an unknown substance in serums, which has been named alexin, and which has the property of destroying pathogenic germs or neutralizing their effects, has been under minute investigation, but its nature was never determined until Dr. Tissot at last succeeded in analyzing the substance and ascertaining the exact effect of each element contained in it.

WILL WED IN BOSTON

Many friends in St. John will be interested to learn that Mr. and Mrs. Ward P. Colwell, formerly of this city, announce the marriage of their daughter, Miss Anna Louise, to Walter Graves Irvine, of Worcester, Mass., the ceremony to be performed in Boston on Saturday next. They will reside in Worcester. Miss Lulu Colwell was a favorite singer in Brussels street church a few years ago, and after going to live with her uncle in Worcester won fresh laurels as a choir singer and soloist in that city. Later her family removed from St. John to Boston, where they now reside. Mr. Colwell was for years an active member of Brussels street Baptist church.

LOG CABIN AFFIRE

A log cabin owned by Berton Seely and some other boys near Long Lake was almost destroyed by fire on Sunday afternoon and it was with difficulty that the blaze was kept from spreading to the woods. That it did not do so is due to a great extent to the efforts of a party of young men who fought the flames for some time. They were aided greatly by Gustav A. Kubring of the forestry class of the U. N. B., who brought the results of his studies into active use.

CHILD DEAD

Sympathy was extended to Roy S. Cooper, of Renforth, in the loss of his two weeks' old son, Roy Willey Cooper, whose death occurred yesterday. This is the second time that Mr. Cooper's home has been saddened by death in two weeks, as the death of his wife occurred just a fortnight ago. She was a daughter of J. W. Hornbrook of this city.

JUDGMENT FOR MOONEY & SONS

Action Which Arose Out of Collapse of Building in Peters Street

Mr. Justice McKeown delivered judgment in favor of the defendants this morning in the case of Arthur A. LeBlanc and Fred Harty vs. B. Mooney & Sons. This was a case under the Workmen's Compensation Act, an action for injuries received by the petitioners while at work in a building in Peters street when it collapsed several months ago. The petitions were dismissed as no aged thirty-year-old member of Messrs. Mooney and Sons, D. Mullin K. C. appeared for the petitioners and Weidman and McLean for the defendants.

KNIGHTS OF COLUMBUS

The members of St. John Council 987, Knights of Columbus, are requested to meet in their rooms, Columbus Hall, Coburg street, at 8 o'clock this evening, to arrange to attend the funeral of their late brother, Frank V. Conlon.

HOT IN MONTREAL

Montreal, May 26—There was every indication that today would be hottest of the summer so far. The humidity at 8 a. m. was 86. The maximum temperature at eight o'clock was 76.2. At noon it was 78.

New York, May 26—Advices from Paris are that part of the late Sir John Murray-Scott's collection which remained in Paris, has been sold by the owner, Lady Sackville-West, to an art dealer for \$1,400,000.

FEAR AVIATOR IS LOST

London, May 26—All hope of finding Gustave Hamel, a famous aviator, has been abandoned. It is now regarded as certain that he perished in a flight from the French coast Saturday night and has been blown into the North Sea.

ONE KILLED IN STORM

Superior, Wis., May 26—One man was killed and more than half a million dollars damage was done by a storm which swept this city and surrounding country last night.

MOTOR BOAT AROUND

The trim little motor launch "Skiddow" owned by Charles Brosnan of the St. John Power Boat Club, is around at Craig's Point, near the Brosnan summer cottage. She dragged her anchor yesterday afternoon during a high wind and ran high on the beach. It is not thought that she is damaged and she probably will be gotten off today.

THE LUDLOW

The ferry steamer Ludlow, which lost her propeller last week and has been on the blocks while a new one was being fitted, will be in service again tomorrow. The Governor Carleton will need some certainty when she is taken off, as the result of her collision with a schooner.

TORONTO HOME RULERS IN JOYFUL GATHERING

John Redmond, a new picture of the Irish home rule leader, was the main feature of the Irish home rule bill was the occasion of a joyful gathering of Toronto home rulers last night. A cablegram was sent congratulating Mr. Redmond and Premier Asquith on the passage of the bill.

THE QUEEN'S BIRTHDAY

London, May 26—Booming of cannon in royal salute early today woke Londoners to observe the birthday of Queen Mary. The queen is forty-seven years old. The city was decorated with flags and flowers, and in every city throughout Great Britain the day was celebrated. Messages of congratulations came to Her Majesty from all over Europe.

Frank Conlon Meets Death In Moncton; City Shocked

Popular St. John Photographer Thrown From Automobile While Boarding It in Motion

News which reached the city early this morning from Moncton, telling of the death of Frank V. Conlon in an automobile accident there, caused a severe shock to his numerous friends, and heartfelt sympathy for his bereaved family. Only last night he had left home in his characteristic light-hearted manner, and it has spread even more amongst his many friends in St. John, to whom the news came as a fearful shock and one which they will not soon forget.

FRANK V. CONLON

Mr. Conlon was extremely popular. He had a wide host of friends here and elsewhere. He was twenty-six years of age and the eldest son of Mr. and Mrs. A. Conlon. Besides his parents, he is survived by four brothers and four sisters. The brothers are Charles, of Montreal, in the employ of the Canadian Oil Co., Leonard A., barrister; Frederick of the Standard reporting staff, and James of the Telegraph staff, while the sisters are Miss Kathleen, Josephine, Mary and Alice, all at school here. The young man was associated in business with his father as a photographer in his studio in King street, and was recognized as one of the leaders in his art in a wide sphere. He was a member of St. John Council, 987, Knights of Columbus, and was active in its interests, and particularly well liked by his associates. He was also a past president of the Father Mathew Association, and had been prominent in amateur theatricals in the city. Of a bright and pleasing disposition, cheerful and obliging at all times, he was a prime favorite in any gathering, and he will be sorely missed by a great circle of friends who have been plunged into sorrow at his untimely death.

Mr. Conlon was so overcome by the accident in which Frank Conlon lost his life that he remained in the Moncton hospital this forenoon. He said his six cylinder roadster was running down Robinson street when Mr. Conlon tried to get aboard. Mr. Melanson said he was seated on the opposite side of the auto and was not watching the young man. He thinks he did not get on the running board but tripped and fell against a stone thereby fracturing his skull. He is positive the car did not run over him. Mr. Melanson says he did not know anything was wrong till one of two young ladies who were with him called out that someone was hurt. He at once backed the car up the street and was sent in time to see Mr. Conlon picked up.

DR. PARKIN TREADS FORBIDDEN GROUND

Makes Tory Speech at Empire Day Dinner—Sir George Reid's Neat Summary in Reply

London, May 26—Although the first rule of the Royal Colonial Institute expressly bans political partisanship or discussion, Dr. George Parkin, director of the Rhodes Scholarship trust, and Doctor Parkin excused his allusion on the ground that his subject was "Related Ideals of the Institute." His argument was that the old country might benefit by the wider range of knowledge represented in the political experience represented in the combined units of the empire. What the people in the other corners of the world most desired was that the people of this country should be brought back to political sanity. Sir George Reid, Australian high commissioner, sarcastically hinted that all did not know anything was wrong till the reputation of the mother of parliaments was that 100 Liberals should vote against the government. Speaking of imperial defence, Sir George, who rarely forgoes an opportunity of prodding Canada, declared that either Australia was taking it too seriously or Canada too easily.

LOSS OF MILLION IN LUMBER YARDS FIRE

Cleveland, Ohio, May 26—Fire in the lumber yards on the flats last night caused a loss estimated at \$1,000,000 and destroyed a large portion of the central viaduct. The lumber yards destroyed were those of the Fisher & Wilson Lumber Company and the Martin Lumber Company. The yard of the Saginaw Bay Lumber Company and elevator A-3 of the Cleveland grain company were badly damaged.

MORGAN DENIES THE TESTIMONY OF MELLEN

New York, May 26—J. P. Morgan characterizes as untrue the testimony of Charles S. Mellen, before the interstate commerce commission, that J. Pierpont Morgan concealed from Mr. Mellen facts regarding the New Haven road, which Mr. Mellen should have known. Mr. Morgan offered to produce, before any proper tribunal, the record of J. P. Morgan & Company and the personal records of his father.

WILD WOMEN ARE GIVEN WARNING

London, Eng., May 26—Sentence of six months was imposed upon Mary Spencer, a militant, who slashed a painting in the Royal Academy last Friday. Other suffragettes and male supporters were given four months for the window smashing. The court rebuked them for lawlessness and warned them that they would regret their actions if popular wrath was aroused.

TWENTY-FIVE MEXICAN MINERS KILLED BY FALL OF MACHINERY IN SHAFT

Mexico City, May 26—While a heavy piece of machinery was being lowered into a shaft at Santa Gertrudis mine at Pachuca yesterday, it fell, killing twenty-five miners. All were Mexicans. Several of the mine bosses were arrested.

SHAMROCK IV NOW IN WATER

Challenger Launched, Without a Hitch, at Noon Today at Gosport

(Canadian Press) Gosport, Eng., May 26—The Shamrock IV, challenger for the America's cup, was launched here today and christened by the Countess of Shaftesbury. The new challenger took water on the stroke of noon. There was no hitch and she slid down the ways easily as the Countess of Shaftesbury, who had done similar service for the Shamrock III, christened Sir Thomas Lipton's latest creation.

The little shipping town was gaily decorated with British and American flags, with which was intermingled the yellow flag with the big green shamrock of the Royal Ulster Yacht Club, while every body present also wore a shamrock. Many telegrams and messages with good wishes were received today by both Sir Thomas Lipton and Charles E. Nicholson, the designer. Sir Thomas entertained his guests at luncheon after the launching.

FOUR YEARS AT PENAL SERVITUDE

Sentence on London Stock Broker—Amount Involved Large

London, May 26—A sentence of four years' penal servitude was passed today upon Charles Edward Fenner, a London stock broker on a charge of fraudulent conversion of share certificates, in connection with Marconi share scandals. The crown prosecutor said that money and securities misappropriated by Fenner amounted to \$380,000.

HOME SCENE OF COMBAT

Police Court Hears of an Exciting Bout

An exciting bout, as it was termed by the court, consisting of one three minute round between two colored men was told of in the police court this morning. The scene was laid in the drawing room of Mr. Watts' house in Sparf Cove road last Thursday evening and the contestants were Clement Watts and Preston Manifold while C. Collymore acted as referee. Watts is said to have struck the first blow and carried out one of his teeth was knocked out. This he wanted to produce in evidence.

TERMINAL COMMITTEE

In the interests of the "safety first" movement, a terminal safety committee has been formed from amongst the employees about the local depot properties, following a meeting addressed by George Bradshaw, safety engineer, of the G. T. Railway, Montreal, and J. E. Long, safety engineer for the Canadian Government Railways. The following railway employees were selected as members of the committee: P. A. Gallagher, F. H. Probert, Wm. E. McKee, F. Tapley, T. L. Irvine, J. W. Rusk, J. T. Downey, George Hughson, Chas. James, Alex. Duncan, J. Ward and J. Dunlop.

Don't Be a "Just As Good" Store

When a customer calls for a certain article by name or brand the wise storekeeper gives it to him. He does not offer something else as "just as good." It does not pay in the long run. This is the age of advertising—the daylight age. The articles advertised in this newspaper are there because their backers believe that they have merit and that the public will demand them. Keep in stock the goods that are advertised in the newspaper of your city by the manufacturers. When your customers ask for these goods, don't try to sell them something else instead.

TAKE MORE INTEREST IN POLITICAL AFFAIRS
 (Woman's Journal.)
 One of the effects of woman suffrage in the State of Washington is the tremendous increase of interest on the part of women all over the state in social and economic problems, writes Leo Jones, secretary of the Bureau of Debate and Discussion. Extension Division, University of Washington. This is evidenced by the change in the type of subjects which many women's clubs are discussing. There is a decided tendency of these organizations to select for their chief study such topics as "Woman and Child Labor," "Poverty," "Eugenics," and "Vocational Education," rather than such subjects as "Byzantine Art" and "Oriental Rugs."
 The same increase of interest in public questions among a younger group of women is shown by the activities of the women students of the University of Washington. Every year a relatively larger number of women take courses in economics, sociology and related subjects. The women's debating activities are better supported by the women of the university than are the men's debating activities by the men, considering the fact that there are over one-third more men than women attending the university. The women have two debating clubs, the men two. The women have three intercollegiate debates, in which seven women participate; the men have four annual intercollegiate debates, in which eight men participate. Inter-club debates are held annually, of which the women debaters usually win a large percentage. The questions which the women are debating this year are "Minimum Wage," "Restriction of Immigration," and "International Conciliation."
 Most of this interest has developed since 1910, when Washington became an equal suffrage State, and much of it can be attributed to the participation of women in political affairs.

COAL RICH IN HEAT VALUE
 This Kind Has The Maximum of Burnable Matter With The Minimum of Ash—It is Clean Coal

All coals are much alike in appearance, but there is a great difference in the work they do. Low grade coal will burn out quickly without much heat except in starting. High grade coal burns gradually and evenly and holds its heat for the longest time. The special American anthracite being imported by the Consumers Coal Co. is a coal rich in heat, lasting in effect and leaves a surprisingly small amount of ash to go to the ash barrel. Just at the present time, they are quoting lowest summer prices on all sizes of anthracite. Household prices will do well to inquire about this coal and get prices, if they anticipate filling their bins through the summer for winter use. Consumers Coal Company's address is 381 Charlotte street, just below British street. Phone M-2670. This American anthracite is clean glossy coal and means more than the ordinary value to the ton.

THE MERCHANTS' BANK
 Report Shows a Satisfactory Year, With a Profit of 17.8 Per Cent.
 The Annual Statement of the Merchants Bank of Canada for the year ending April 30, 1914, which is now being published in the different newspapers, shows the excellent financial condition in which this institution is being maintained.
 As the close of the financial year of the Merchants Bank was changed, in 1912, from November 30th to April 30th, 1913, the last statement issued, previous to the present one, only covered a period of five months, consequently it is impossible to make a comparison between the yearly statement just published and the previous one covering only five months.
 A reference to the Annual Statement ending April 30th, 1914, shows a Net Profit, outside of Premium on New Stock and balance brought forward from April 30, 1913, of \$1,218,694.48, which sum equals \$18 per cent on the average Reserve Fund (\$6,968,500, average Reserve Fund \$6,479,600).
 During the year just ended, the sums of \$400,000 and \$190,000, respectively were transferred from Profit and Loss, and Premium on New Stock, to Reserve Fund.
 The Officers' Pension Fund was augmented to the extent of \$50,000, and amounts of \$100,000 and \$135,000 respectively were written off Bank Premiums Account and Depreciation in Bonds and Investments, leaving a balance to be carried forward of \$248,134.67.
 The Reserve Fund of the Bank now reaches the large sum of \$7,000,000 made up as follows: Balance, April 30, 1913, \$6,410,175, Transferred from Profit and Loss Account \$400,000, and Premium on New Stock \$190,000, respectively.
 The average Paid-up Capital for the year ending April 30, 1914, is \$6,868,500.

The arrival of some hundreds of Hindus at Victoria gives the Borden government a knotty problem to solve.

British Columbia does not want the Hindus. They, however, are British subjects, and the British government is not looking for trouble in India.

It is the irony of fate that a government at Ottawa which boasts of its lofty imperialism should be called upon to deal with this question.

It is also one of the ironies of fate that on Empire Day the citizens of one portion of the Empire find themselves held up at the portals of a Dominion which is honoring the day and regards itself as one of the most loyal of all states of the Empire.

What will Mr. Borden do about it?

The cause of woman suffrage has made great gains in recent years in the state of Massachusetts, which not so very long ago regarded the propaganda with disfavor.

The legislature of the state has voted in favor of a constitutional amendment enfranchising women.

In the house the vote was 168 to 39, and in the senate 84 to 2. It will be necessary, however, to have the bill passed again next year and then take a vote of the people at the polls.

The fact that the bill received such an enormous majority in both houses may be regarded as an assurance that the legislature will again endorse it, and that it will also be endorsed at the polls.

The friends of woman suffrage are right in attaching considerable significance to the action of the legislature in a state so conservative as Massachusetts.

When the militant suffragettes make "shoot the King" their battle cry, they arrive at a stage where further toleration of their methods ceases to possess any redeeming feature.

The King cannot grant their request for the suffrage. The United Kingdom is not a despotism. However willing the King may be to grant the suffrage to all women, he must get the consent of parliament, and parliament is the creation of the people themselves.

Of course no one takes these women seriously, so far as they may threaten violence to the King's person, but the danger is that some irreligious wretch may be inspired by their frantic outbursts to commit a great crime. The militant campaign reached its climax some time ago and is now a waning force.

It has lost the respect of the people, and if these women persist much longer in their mad course the people will deal with them without waiting for the action of the courts.

Disastrous Fire at Berry's Mills

Moncton, N. B., May 25—Seven buildings, including two dwellings, a school house, barns and outbuildings, causing a loss of about ten thousand dollars, were burned this afternoon at Berry's Mills about eight miles from Moncton along the northern division of the I. C. R. The fire started about noon on the roof of Daniel Berry's house which was soon levelled to the ground. A heavy gale was blowing and burnig boards and shingles were blown to other parts of the neighborhood. The house and barn belonging to Gilbert Lutz, adjoining Berry's were destroyed and soon several other buildings were on fire.

RECENT DEATHS

Mrs. Louisa Christina Rowan, widow of the late Archibald Rowan, of this city, formerly dominion gas inspector, died yesterday afternoon at her home in Fredericton after a lengthy illness. Her first husband was T. Fred Barker, son of T. B. Barker, of the firm of T. B. Barker & Sons, this city. Mrs. Rowan was a daughter of the late H. B. Crosby and for many years resided in St. John, where she was well known, but for some time has made her home in Fredericton. She is survived by two sons, George E. Barker with F. B. Edgercombe, Fredericton, and Frank A. Rowan electrician also of provincial capital, and two daughters, Misses L. Gertrude and Marian L. Barker at home; also one sister, Mrs. John M. Taylor, of St. John who was with her at the time of her death.

News of the death of Col. John Tilton, formerly of St. John and for some years deputy minister of fisheries, was received in the city on Sunday. Col. Tilton passed away at his residence in Ottawa after a short illness. He was 77 years old. He is survived by his wife, who was a Miss O'Dell of Eastport. Postmaster Tilton of Fairville is a brother.

The death of Mrs. William Ashford, formerly Miss Christie A. Robertson, of Tabusintac, occurred on Sunday, aged eighty-two years, at her home in New-castle. She is survived by her husband, three sons, four daughters, thirty-three grandchildren, two brothers and one sister.

David Alton, aged sixty-seven years, died suddenly on Sunday evening at his home in Sussex.

SUPERIOR SINGERS OPEN AT IMPERIAL.
Holiday Crowds Get a Rich Bill at the Keith House.

Holiday-making was not confined to fishing and gambling on suburban greens if the attendance at the Keith house, King Square, was to be taken as a criterion yesterday. The Imperial was crowded afternoon and night. The programme had a holiday quality to it—the same bill will be repeated today. There was comedy openers in "Fraid Cat," a pretty little Vitagraph story of a clubby were cheap (Bobby Connelley) who saved his father from the grasp of a money-lender. The old French fun-makes, Whiffles, was to the fore as well and handed out a lot of merriment. In dramatic pictures the adventures of early days in the West were again requisitioned to furnish thrills, etc. "The Raid of the Red Marauders" did this handsomely.

But it was in the musical department the Imperial shone most brightly. Gertrude Leltoy was cordially welcomed back after a two years absence and re-instated herself a favorite by singing a patriotic air entitled "A Song of Canada." Signor Sienno Pettini, a splendid Italian tenor of the operatic school, was also well received. His number was a Spanish love-song "L'Amor," full of spirit and accompanied with characteristic Spanish dash and verve. The orchestra played a nice list of numbers.

Tomorrow afternoon the Imperial announces Charles Klein's "Daughter of Men." This is a companion production to "The Lion and the Mouse," "The Third Degree," etc. and is shown in five parts. Kathryn for the end of the week.

FAREWELL WEEK AT OPERA HOUSE

Thompson-Woods Stock Company Giving Review of Their Best Comedies.

The Thompson-Woods Stock Company on the opening night of their final week at the Opera House faced a large and friendly audience last night in a repetition of one of their most pronounced successes. Girls' chorus and continued applause at the end of each act brought the members of the company before the curtain and it was evident that the John theatre goes well with the popular players with considerable regret. Mr. Meharry gave his usual finished performance. Edgar Holt in this comedy but Miss Frances Brandt was not quite as effective perhaps as in previous performances of this play but still gave a very admirable presentation of her part and had many warm admirers. Miss Edith Derby finds scope for her capabilities as a comedy actress and is very good as Lucy Purcell, the elocutionist. In lighter parts Miss Davis and Mr. Hodges were also very popular and played up to their usual standards. Girls' chorus will be repeated this evening; tomorrow for the matinee and the evening The Nest Egg will be given; Thursday and Friday, A Gentleman's Stature and for Saturday matinee and evening The Private Secretary. These plays are the comedies which the company has presented in St. John. In the case of Girls yesterday the others afford an opportunity for different members of the company to do their best work.

Fine Holiday Programme at Popular Theatre Repeated Today—Modern Police Methods Shown in Essayay Feature.

The holiday bill at the Gem Theatre afforded intense pleasure to the patrons who visited there yesterday. The feature was a two part Essayay production entitled "Let 'em Run Escapes" showing the capable workings of the police net. The vigilance of modern police methods and the network of evidence brought out following up-to-date methods in criminology was a story with a strong appeal, portraying the sufferings of an innocent man accused of another's crime, but a happy climax was given through the capable workings of the police net. The Gem orchestra furnished a delightful programme. Comedy was supplied in plentiful abundance by Universal. In his screaming farce "Ups and Downs," while a forceful drama of love and adventure on the Mexican border was given in "Moulin's Sacrifice." The show two part feature "The Salvation of Salsolus Horn Pipe, Irish reel and jig, and others were ably executed, and both artists cannot be praised too highly for their clean, clever performance. Un-derstanding during the engagement of Quaint and Queer, the all star Theatre always has been partial to good dancing.

The eccentric number in the first of the programme is a variety of comedy antics requiring skill and dexterity of movement to perform. The Waltham Saloons Horn Pipe, Irish reel and jig, and others were ably executed, and both artists cannot be praised too highly for their clean, clever performance. Un-derstanding during the engagement of Quaint and Queer, the all star Theatre always has been partial to good dancing.

THE DESERT TRIBESMAN. EXCLUSIVE FILM FEATURE AT THE UNIQUE.

The sixth of the Exclusive film series being shown at the Unique Theatre every Monday and Tuesday, was presented yesterday. The all star Theatre production of The Desert Tribesman. It would be hard to find a more ideal holiday feature than this excellent picture, and it was thoroughly enjoyed by capacity house all day yesterday.

The story is forceful and appealing because of its original theme, and is a decided get-away from a worn plot. The scenes are mostly laid in the desert and the palace of the Caliph, the latter re-peatedly.

We always remember those who have done us a favor—when we want another favor done—Judge.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is full of poisons, they weaken from overwork, become sluggish; the eliminative tissues clog and the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and holds no mistake by having a good kidney flushing any time.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds Or More

"I'd certainly give most anything to be able to fat up a few pounds and stay thin man or woman. Such result is not impossible, despite past failures. Given a people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestine until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a combination of six of the best strengthening, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkably apparent. Gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh-producing effect, be used by those who are not willing to increase their weight ten pounds or more.

MORNING NEWS OVER THE WIRE

Forest fires are raging near the villages of Purcell's Cove and Ferguson's Cove, Nova Scotia. Several buildings about these places have been destroyed. A building on the premises of R. W. Stevens, at the Grove near Woodstock, was destroyed by fire yesterday. The fire started in the woods some distance away and was liable to have done much greater damage but for a sudden change of wind.

Gonzoni, Unionist, in the by-election at Iptwich, England, on Saturday, won from C. F. G. Masterman, Liberal, by a vote of 6,406 to 5,784, with Scurr, Socialist, running 898.

Archibald Casey, of Vancouver, was in Woodstock, N. B., on Sunday, and preached there in St. Gertrude's church. Potatoes in Carleton county are selling at \$1 a barrel, another drop having occurred.

IN ENGLAND'S DRINKING AGE
Prime Asks Why Old-Time Drunkenness Was Winked At

London, May 26—When did drunkenness become a general vice? Was the question asked by the Archbishop of Canterbury in an address at the anniversary of the Church of England Temperance Society, held at Lambeth Palace.

Drunkenness, remarked the archbishop, "seems in" only in a very incidental way in the books of the sixteenth, seventeenth and eighteenth centuries. In the literature of those times one found Sabbath-breaking, profanity, blasphemy and other offenses freely named, but drunkenness was alluded to in a very incidental way.

Mention was made in one book, said the archbishop, of special action being taken to ensure and punish parish clerks for being drunk during divine service. One had in that a very serious picture of the way in which the vice was regarded.

Was it, asked the archbishop, that drink did not produce so much drunkenness as it did today? Was it that the more active life, the more frequent riding taken on horseback, counteracted it? Was it the mischief arising from the actual drunkenness was not realized? Or was drunkenness so common among the leading people that it was difficult for any one living in glass houses to throw stones? He suggested that someone should undertake the solution of the problem.

ERUPTIONS ON YOUR FACE OR BODY

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other eruptions come from humors which may be either inherited or acquired through defective digestion and assimilation.

To treat these eruptions, with drying medicines is dangerous.

Ask your druggist for Hood's Sarsaparilla. It helps the system discharge the humors, and improves the digestion and assimilation. It goes to the roots of diseases. Get it today.

ONE OF PRELATES HONORED

Cardinal Begin, of Quebec. Rome, May 25.—At a secret consistor, held at the Vatican this morning Pope Pius created thirteen new cardinals.

Among the names of the new cardinals was Monsignor Louis Nazaire Begin, Archbishop of Quebec, Canada.

The allocation of the Epope was a strong appeal for political and social peace through the restoration of religion and the influence of the church.

(Times' Special Correspondence)

London, May 16.—Considerable discussion has arisen as a result of the decision of the Allan Line to make Quebec and not Montreal the summer port for the new liners, Albatian and Calgarian. The feeling in underwriting circles in London is that the risks of running these vessels to Montreal are too heavy for any prudent company to venture.

With all consideration for the feelings of Montreal in this matter, it is pointed out that if the passage of these steamers was attended by any accident, Canada and the Canadian trade would suffer for years to come owing to the higher premiums underwriters would impose on the St. Lawrence trade, apart altogether from the unpopularity of the St. Lawrence route would acquire.

The advent of the big ship in the Canadian trade will stimulate the Montreal Harbor Commission to still further efforts; and the question being debated among interested parties is here "how far can the accommodation be adapted to the new requirements?" Canadian steamers must increase in size if for no other reason than to meet the competition of the New York service both east and west.

The consolidation of the German companies, and the placing on the New York route, of German liners exceeding in size and luxury those owned by British competitors will result only in similar measures being taken by British shipowners on the same route, and in the general increase in size Canadian vessels will have to grow in proportion.

THE MERCHANTS' BANK OF CANADA
Proceedings of the Fifty-First Annual Meeting of the Shareholders

The fifty-first annual meeting of the Merchants' Bank of Canada was held yesterday in the Board Room at the head offices at Montreal. The chair was taken at 12 o'clock, noon, by Sir H. Montagu Allan, the President. Others in attendance were: Messrs. Thomas Long, Alex. Barnett, C. C. Ballantyne, A. J. Dawes, Farquhar Robertson, Geo. L. Cairns, Alfred B. Evans, E. F. Hehden, John Patterson, A. Piddington, Alex. D. Fraser, George Hague, W. H. Dixon, Arthur Browning, W. B. Blackadar, T. E. Merrett, John Beattie, David Kinghorn, R. Shaw, W. B. Shaw, D. C. Macarow, H. B. Loucks, R. Campbell Nelles, C. R. Black, A. Haig Sims, D. A. Lewis, J. M. Kilbourn and H. H. Ransome. Mr. J. M. Kilbourn was appointed Secretary of the meeting.

THE ANNUAL REPORT.
The report of the Directors was read by the President, as follows:—
The Board have much pleasure in submitting the result of the year's business, closing with the 30th April last. On an average capital and rest of \$18,848,100, the Bank has earned 9.18 per cent, which is a little lower rate than a year ago. Meanwhile, our capital stock has been further augmented by the disposal of the uncollected shares, making the dividend disbursements somewhat greater. In the Profit and Loss Statement you will observe \$185,000, applied in reduction of the sum representing the bonds and securities, which during the year have suffered a fall in price. To bring them to their market value the Board have authorized the writing of them down by that sum.

I have great pleasure today in congratulating the shareholders upon a very notable event in the history of the Bank—the fiftieth anniversary of its establishment—and also upon the happy attainment of the goal of the Board's ambition for many years back, namely, the placing of the Reserve Fund upon an equality with the paid up Capital. This consummation has been at length attained. The paid up Capital is now \$7,000,000 and the Reserve Fund \$7,000,000, as you will see from the statement placed before you.

During the past year we have opened branches at the following points:—
In Quebec: Chateauguay Basin, Huntingdon, Maisonneuve, Montreal, St. Denis Street, Ormstown and Vaudeville. In Ontario: Bronte, Clarkson, Hamilton East End, Sarnia and St. Catharines. In Alberta: West Edmonton, Raymond and Rimbey. In Saskatchewan: Pastern, Porres, Humboldt, Kelowna, Limerick and Shewanaw. In British Columbia: Ganges Harbour, Oak Bay and Victoria North End. In Manitoba: Starbuck, and in Nova Scotia, New Glasgow.

And we have closed the following offices:—In Alberta: New Norway, Pincher Station and Walsh, and in Ontario: Sandwich.
I have now to bring a very important matter before you, involving a new departure for the better handling of our Bank Premises Account, and for the rendering available of a substantial proportion of the sum represented. To this end, we are arranging for the establishment of a Holding Company, entirely owned and controlled by the Bank, our premises at various points to be made over to the Company at the appraised valuation of the property, and the Company will pay the interest on the bonds, the proceeds of the sale of which will be available in the Bank's business as the Board may direct, the amount over and above the bonds to be represented by stock in the Holding Company. An appraisal of our properties is at present being undertaken, with a view to our carrying out the plan at an early date.

The Board will today ask the shareholders to appoint Auditors for the coming year, in accordance with the Bank Act.
The requirements under the new Bank Act covering the preparation of the Annual Statement, together with the growth of the Bank, make it desirable that more time be given for this work. We find it, therefore, necessary that the date of the Annual Meeting be put forward somewhat. We accordingly propose to hold the Annual Meeting on Wednesday, May 27, 1914, at 10 o'clock, noon, at the head offices at Montreal. The Board ask you to sanction a change of date to the first Wednesday in June, which will meet requirements. All of which is respectfully submitted.

H. MONTAGU ALLAN, President.

E. F. HEHDEN, General Manager. H. MONTAGU ALLAN, President.
In moving the adoption of the Report, which was seconded by Mr. Thomas Long, the President invited discussion.
In reply to enquiry by Mr. John Patterson, it was stated that shareholders would be given an opportunity of taking up bonds of the holding company for the Bank Premises, if they desired to do so.
Replying to an enquiry from Mr. R. C. Nelles, it was made clear that the proposed change in the date of the Annual Meeting, mentioned in the Report

made no change in the close of the Bank's year or the date of payment of dividends, but affected the date of the Annual Meeting only.
Mr. Nelles—The only comment I have to make upon this Report is to congratulate the Board on having written off \$135,000 in connection with depreciation. Some private concerns and banks do not do that. There has undoubtedly been a depreciation, which I do not think will last, and I think an appreciation will come later on.
The report was then adopted.

THE GENERAL MANAGER'S ADDRESS.

The General Manager, Mr. E. F. Hehden, then made his annual address, as follows:—
There is very little to be said this year beyond that the country has come through a more than usual trying time the past twelve months. The transition was almost kaleidoscopic—from a period of plethora and easy money, with deposits rising in upon us, to a time of scarcity, with the blue-ruin prophet abroad in the land, the wish being rather to the thought, and the Banks, taken as a whole, took early note of the sudden change in the financial outlook, and took their measures accordingly. They were materially assisted by the excellent crop reaped almost throughout Canada, which was largely marketed, so soon as threshed, to the great advantage of the general situation. There were many other factors at work making for relief. Meanwhile, we have moved into calmer waters, and while money is not yet easy in Canada, I believe we are on the highroad to better times and a renewal abroad of confidence in us, which will, I firmly think, be given in more or less many years to come, in us, which the position in Canada today appears to me to be full of promise. Last summer I travelled throughout the Northwest and British Columbia, visiting nearly all our branches, and I should have been sceptical indeed if I did not see much to fill me with hope, situated as to location, especially in the larger cities, always be advantageously situated as to location, especially in the larger cities, in the centres do not often change hands. The past year we have secured desirable sites in Montreal, Hamilton, Windsor, Galt and St. Catharines. These we have acquired what we deem to be the best one or two disadvisedly, where we have been laboring under in the past, but not being very well situated, have now been permanently and satisfactorily dealt with. Temporarily, these investments will not be productive, but later on we shall, without doubt, receive substantial benefits therefrom. It must be borne in mind that we are endeavoring to build for the future, and that this era in banking history in Canada is, if anything, constructive. You are getting, meanwhile, a fair return upon your money. We have also acquired during the year good vantage points in many smaller places, and we are endeavoring to acquire, including in many instances, desirable sites for the staff, the Board having considerably provided that the officers of the Bank, particularly at out-of-the-way places, should be reasonably comfortably housed. With the establishment of the Holding Company, as referred to by the President, the sum representing Bank Premises in the Balance Sheet will be substantially less. The proceeds of the bonds to be sold will all be applied thereon. Bank Premises account, however, will not necessarily remain there. It will probably increase again, for this is a new and growing country and we must of course keep abreast of the times.
May I now express the hope that the coming year's business may in every way reach our reasonable expectations.

Enquiry was made as to the purchase of additional property in connection with the office building, and the shareholders were informed that property had been bought in rear of the present building to ensure the lighting of the present office and to permit of enlargement when required.

The motion of Messrs. Farquhar Robertson and G. L. Cairns, to change the date of the Annual Meeting to the first Wednesday in June was unanimously adopted.

On motion of Messrs. John Patterson and A. Piddington Messrs. Vivian Hay and H. H. Ransome were appointed auditors of the bank, to hold office until the next annual general meeting, their remuneration not to be more than \$5,000 in all.

On motion of Messrs. Alex. D. Fraser and A. Haig Sims, Messrs. J. Patterson and A. Piddington were appointed Scrutineers for the election of Directors.

Mr. A. Haig Sims moved, seconded by Mr. D. Kinghorn, that the Scrutineers cast one ballot in favor of the following:—Messrs. Farquhar Robertson, Alex. Allan, C. C. Ballantyne, A. J. Dawes, F. Howard Wilson, Farquhar Robertson, Geo. L. Cairns and Alfred B. Evans.
The motion was unanimously carried, and these directors were declared elected.

Sir H. Montagu Allan: On behalf of the old Board I beg to tender you our thanks for the confidence you have shown in our work by re-electing us.
Mr. A. Haig Sims, seconded by Mr. Arthur Browning, moved a vote of thanks to the President and Directors for their services during the past year, and also to the General Manager and the staff.

The President expressed thanks for himself and the Board of Directors, and the General Manager and the staff, for the expression of the shareholders' appreciation of the year's work.

Mr. G. Hague, former General Manager of the Bank, in a brief speech, congratulated the Board upon the excellent result for the year, also in closing certain branches, the latter action giving assurance that the condition of the business at the various branches was having the Board's close attention.

The President said that all the share holders were glad to see their veteran, Mr. Hague, with them, and hoped he would be able to attend many subsequent meetings of the Directors, Sir H. Montagu Allan was re-elected as President and Mr. K. W. Blockwell as Vice-President.

VERA CRUZ FORT HAS STOOD FOUR HUNDRED YEARS

Mexican Seaport City of 25,000 Has Interesting History

SPANIARDS' LAST STAND
City Now Held by United States Forces is Mexico's Chief Seaport—Quaint Old Cosmopolitan Town—Its History

Vera Cruz, the first port of the Mexican Republic, and now in the hands of the United States troops, is one of the oldest, quaintest and most cosmopolitan of the Mexican coast towns, with a population of 25,000. It is in the Gulf of Mexico and was one of the first places to be settled by the Spanish invaders, and the scene of battles ancient and modern. Today it presents a curious blend of both periods—the new buildings standing side by side with diminutive negro casitas, and certain parts of the city resembling Valencia and Bilbao transplanted to the new world. The city epitomizes the whole of Mexican history. Here the Spaniards planted their first stockade, fought their first battle with the natives, and established their base of supplies while they attacked the great stronghold of the Aztecs.

Spaniards' Last Stand
From it they sent back their Indian laden with gold, wrested from the Indians. For three centuries it was the main port of New Spain, and when the Mexicans threw off the Spanish yoke the last flag of Spain was hauled down from the fortress of San Juan de Lula, in the Bay of Vera Cruz, one mile from the mainland.

LONDON SOCIETY

Suburban Life Now Is The Attraction

HER DOG SAVES HER JEWELS

Hotel Thieves Only Partly Successful—Practical Jokers Among Society—Arthur Carter at Oxford

(Times' Special Correspondent.)

London, May 16.—Of London amusements in the daytime society is tired. There will be practically no afternoon receptions this season. Visiting is also out of date and it is only in the suburbs that people think of taking the trouble to call after a dinner-party. If you invite your friends to luncheon they expect to be taken in motor cars to one of the rural clubs—to Hantsley or Hurlingham, for example—for society is madder than ever on sport and sporting attire is studied as it never was before by both men and women.

The best set are beginning to regard houses in Piccadilly, Park Lane and Grosvenor Square as bourgeois, preferring places within motoring distance of town.

Society is tremendously taken up with the country, gardening and outdoor pastimes. Smart women have little silver garden tools with which to dig and dig and pride of garden is much greater than pride of house. Smart men-about-town give their hostesses delightful sets of garden implements which are the most acceptable of gifts. The other afternoon I was shown at a house in Holborn a set of these which was being sent, on the order of the Marquis, to several ladies at whose house it recently stayed.

Mrs. "Montie" Elliot, who is a daughter of Lady Barrymore, had a remarkable experience recently with some other staying at a seaside hotel. She has a favorite terrier which goes about a great deal with her and sleeps in her room at night in a basket provided for him. Among those at the hotel was one who was understood to be a medical doctor and made himself extremely affable to all the visitors. On various occasions he told Mrs. Elliot that he had heard she allowed her dog to sleep in her room and that it was a great mistake and unhealthy; she should, he declared, let him occupy one of the kennels provided by the management. For a long time she refused and then she said she would do so, as she expressed it, "to get done of the man."

After having given her promise she was sorry and late at night went to the manager and had the dog brought back to her room. Sometime in the small hours the animal began to bark furiously and Mrs. Elliot, who was sitting up, stepped to the door and saw the dog's footprints. Next morning her maid came

entrance to ships because of the many close, small reefs. The harbor has an area of 550 acres and an average depth of thirty feet. The mouth, eighty-six feet wide, is protected by a light-house. Formerly ships were obliged to put to sea for safety in a blow. Recently, more than \$200,000 has been spent to make the harbor safe with breakers and seawalls, with artificial blocks weighing more than thirty tons each. The harbor is full of man-eating sharks.

Four Railways.
There are four railways in Vera Cruz—the Mexican Railway, the Inter-Oceanic, Vera Cruz, and Isthmus Railway and the Vera Cruz Limited. The chief hotels are near the railway stations and docks, and are generally under Spanish management, but English is also spoken at them. There are tramways connecting the railway stations and traversing the main avenue, which boasts of asphalt. Vera Cruz pass most of the exports and imports of Southern and Central Mexico, nearly one-fourth of the country's total imports, entailing a customs collection of over 1,000,000 pesos a month. Ships of all nations lie within its harbor, though recently Tampico has developed as a formidable rival. The Avenida de la Independencia which leads from the Mexican railway station, is the main thoroughfare and in it are the best shops and houses, with wooden balconies and huge old-fashioned doors.

The city's gathering place, however, especially in the evenings, when band-play and the popular sports itself, is in the Plaza de la Constitution.

that it was rolled in a piece of paper which bore the royal crest and the dress "Windsor Castle." The utmost precaution is being taken that the Princess shall meet only the right men, those who realize to the full the difference between their position and that of her Royal Highness. At the juvenal dances at Buckingham Palace the queen keeps a close eye on her daughter, never allowing the princess to select a same partner twice in the evening.
For a long time society has been a field of practical jokers, but they have cropped up again and among the principal recent culprits are said to be young matrons and a smart debutante. They play jokes that are not always in any means good-natured. They surround several people to Sunderland House by telephone to "little help" the other night, and when they arrived they found the place in darkness and the blinds drawn, the Duchesse de Marlborough being away. The Duchess of Marlborough had snubbed the Marquis de Sever and in return they ordered a tier and morning carriages for his funeral, but the guests dismissed procession of carriages stopped outside his door in Grenville Street, much to the vexation of the distinguished Portuguese.
To a hostess who was entertaining a large dinner-party to which the joke was not invited they sent a telegram "joking" the party was at his hotel stating that a friend was dangerous. They fancied the man was out town, but he was really at his hotel among the guests, so the squib in it case did not go off.

INTO HOOPS OR TURKISH TROUSERS!

French Fashion Dame Isn't Sure Where She'll Land - As Paris Pictures Show

(By Maybelle Mortimer).

These pictures, direct from Paris, are of the gowns that are worn by the society women of France's capital.

They all show the popularity of the cape and they also show no widening of the skirt about the feet.

The new tunic is long, which is the explanation of the sudden blossoming in the gown departments of the stores at least sixty days before the usual time.

The long tunic that comes below the knees is the kind that will be worn in summer and early fall.

Parisiennes are wearing the cape gathered into sleeves and tied down to the waist in front with their trotteurs

suits, and every one of them wears white spats with her morning suit.

White gloves are still the only wear, although there is a determined effort on the part of many to introduce the old-fashioned light shades of pink, blue and lavender.

Ruffles and frills are seen on all afternoon costumes, and black and white is worn more than any other color.

It will be seen by the illustration that fashion in France is quite vague and restless as it is over here. No one as yet knows just which way the fickle Dame is going to walk—whether it is toward hoops or Turkish trousers, but it is sure

SPLITTING PAINS IN THE MUSCLES

DRIVEN OUT QUICKLY BY "NERVILINE"

Rheumatic Pains Go—Suffering Ceases—Cure Comes in Even Chronic Cases.

For aching bones and sore muscles nothing will soothe away the pain like Nerviline.

For nerve-racking twinges in the muscles, for torturing backache or lumbago, you'll find Nerviline is full of amazing power.

You see, Nerviline has the power—it's about five times stronger than ordinary remedies, and can penetrate very deeply.

It contains juices and extracts of certain herbs that give it a strange power to drive out congestion, inflammation or pain.

You are safe in using Nerviline. Just rub it on—it won't blister or burn, and can do nothing but good.

Whenever there is pain or suffering Nerviline will go and will drive it out. It penetrates to every cell of a sore muscle; it sinks to the heart of every stiff sore joint; it searches out the pain of rheumatism quickly.

Give Nerviline a trial. See how fast it will limber your lame back, how quickly it will cure neuralgic headaches, how fast it will break up a bad cold or ease a sore throat.

The best family pain-remedy ever made is Nerviline. Forty years of great success prove this.

For emergent ills, when the doctor isn't handy, there is nothing better than the 50c. family size bottle; trial size 25c. all dealers or the Catarhozone Co., Kingston, Canada.

To Grow Hair on a Bald Head

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort.

Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist; Bay Rum, 6 ounces; Lavania de Composee, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume.

This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

BETTER FEELING IN LONDON MARKET

London, May 25—There was an improved tendency in the stock markets today. The markets were quiet, however, the chief incidents being the observance of Empire Day by the singing of the national anthem and the decoration of the South African war memorials.

Consols were unsteady but fractionally higher. A city of Vancouver drainage loan of \$3,000,000 in four denominated cent bonds was being underwritten.

Home rails were brighter and Americans improved at the opening but receded later. Canadian Pacific opened bright at 199 1/2 and touched 200, but then dropped back to 199 1/4. Foreign rails were weak at first but recovered.

HEART WAS SO BAD Could Not Do Her Housework

Many women get run down and are unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mrs. Thomas Melville, Saltcoats, Sask., writes:—I thought it my duty to write and tell you how much your Heart and Nerve Pills did for me. My heart was so bad I could not sleep, eat nor walk about the house. I could not do my housework at all, and what my husband could not do had to go undone.

I had two small children depending on me besides three men to cook for, and it worried me to not be able to do anything. My husband had taken some of your pills some years ago, and insisted on my trying them, so I started, and before I had taken them two weeks I was considerably better, and before I had taken two boxes I was doing my own work again. Any one suffering from heart or nerve trouble should just give your pills a trial. If anyone cares to write me I will gladly give them all the information I know concerning your wonderful medicine.

Milburn's Heart and Nerve Pills are 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ATTENTION MOTHERS

If You Have or Know of a Delicate Child Read This Letter

"My little daughter Louise, aged nine years, has always been delicate, anemic, had no appetite and seemed listless, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and instead of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and now she is as strong as a horse and full of vim and vigor. As my child was an anemic for so long makes the reason all the stronger for me to recommend it to others in similar condition." George E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. Wasson's Drug Store 2

EVERY WHITE MAN ON THE JOB TAKEN OUT OF DISTRICT ON STRETCHER

One of Most Bothersome Pieces of Work on Panama Canal Completed

Panama, May 26—One of the most bothersome pieces of work on the canal has just been completed. For more than four months work has been in progress on the dike known as Cano Saddle, which was built to prevent Gatun Lake from running into the Atlantic Ocean. The dike is about twenty-five miles north of Gatun and can be reached only by boats on Gatun Lake. At that point the surface of the lake reached to within a few feet of a low narrow ridge through which the waters might have worked their way and thus washed a passage into the Atlantic.

To prevent this the dike, or saddle, thirty feet high and about 1,200 feet long, was constructed. During the course of the work about 4,000 men were employed, this great number being necessary because of the prevalence of malaria. It is said that every white man who worked on the job was brought out of the district on a stretcher and unconscious. In spite of this, however, not a death occurred, every one of the laborers having recovered their health on being brought back to the Canal Zone.

EMPEROR MUST ORDER HIS SAUSAGES SATURDAY NIGHT

Berlin, May 26—If the emperor desires sausages for his Sunday evening meal, he can buy them the night before, just like any common citizen, or else go without. The laws regulating sale and delivery of Sunday orders may be filed where "their immediate carrying out is demanded by the public interest."

BLACK HANDKERCHIEFS NOW

London, May 26—Black handkerchiefs are now the craze of the fashionable set in London. They are made in the very finest muslin or lawn and often spotted with a color, or else brilliant hued initials adorn one corner.

Most of the new handkerchiefs appear to be obviously more ornamental than useful, and are composed of the most flimsy materials, even nainon not being considered too flimsy.

Very exquisite to go with the painted nainon gowns that are presently to be the rage are the tiny flowered morsels in white, or the most delicate colors sprinkled all over with violets or roses.

Others have borders of dogs or cats' heads all round the inside of the hem.

Some women are having portraits of their husbands embroidered in the corners of their handkerchiefs.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation of the such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do my own amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ALICE LAWSON, 125 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtues.

Jacob A. Riis Has Only a Few Weeks to Live.

Barre, May 26—"Slightly weaker" was the doctor's report on the condition of Jacob A. Riis, writer and social worker who is ill at his summer home here.

Dr. W. S. Bates, the attending physician, said that hope for M. Riis recovery had been abandoned, and that the patient could not live more than a few weeks at the most.

Fly Swatting Is Useless

Our Dominion Entomologist says: "I am convinced that the practical results of the fly swatting campaigns that have been carried on by some of our newspapers are useless as fly reducers."

But the fact that one ten-cent packet of WILSON'S FLY PADS is capable of killing a bushel of flies proves them to be the best of all fly killers and recommends their continuous use to good housekeepers.

WILSON'S FLY PADS are sold by all grocers and druggists everywhere.

CANNOT RECOVER MONETARY LOSS IN TITANIC DISASTER

Washington, May 25—Practically nothing may be recovered by those who lost relatives or baggage in the Titanic disaster as a result of a decision today by the supreme court.

The court held that the liability of the Oceanic Steam Navigation Company against the \$10,000,000 in claims against it as regulating the Titanic is limited in suits in the United States by the American Limited Liability law of 1851 to the value of the salvage recovered and to the freight and passage money received on the Titanic's voyage.

That amounts in all to about \$91,000. The decision in no way affects suits against the owners in other countries.

"MY KIDNEYS HURT ME ALL THE TIME"

Gin Pills Cured Them - Free Sample Box Leads to Cure

Only those who have been tortured with Kidney Trouble can appreciate how Mr. Trumper suffered. Being a railroad man, he was called upon to do all kinds of heavy work. The constant strain of lifting, weakened the kidneys.

FRANK TRUMPER, Nanapan, Ont. Do sharp twinges catch you as you stoop? Are you subject to Rheumatism, Sciatica or Lumbago? Does your Bladder give trouble? Take Gin Pills on our positive guarantee that they will cure you or money refunded, 50c a box - \$2.50. At dealers, or direct if you cannot obtain from druggist. Sample box free if you mention this paper, National Drug and Chemical Co., of Canada, Limited, Toronto.

In a certain Cincinnati theatre, the house physician received a seat for each performance, since he is supposed to be on hand each evening.

Naturally, the plays sometimes pall on the doctor, and he longs for a change - hence this story:

One evening a stage hand hastily ran to the front and down the aisle to the doctor's seat. He whispered in the ear of the occupant, "Hurry back at once, doc. The leading lady has had an attack!" The man in the seat followed the stage man somewhat reluctantly.

"In the dressing room of the leading lady, doctor," wailed one of the actresses, wringing her hands.

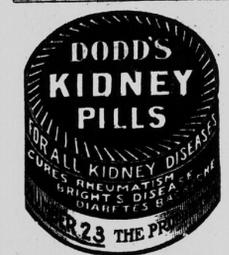

"Have you poured water on her head?" solemnly asked the doctor.

"Yes, a whole bucketful - but in our excitement we got hold of the wrong marked. 'Not to be used except in case of fire.'"

"I fear you have made a fatal error," said the doctor. Then he scribbled something on a bit of paper. "Take this to the drug store and get it filled."

When the leading lady found herself alone with the doctor, she opened her eyes. "Doctor," she gasped, "you're a good fellow, aren't you? I know you are, aware that there's nothing the matter with me. I want a day off, and I don't want to go on in this act. Can you fix it?"

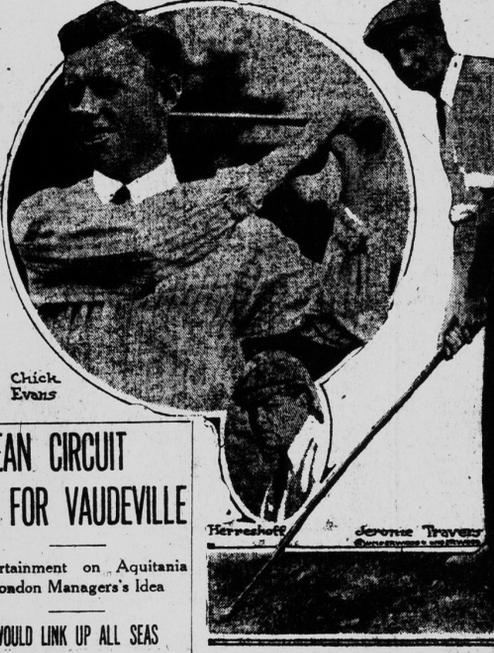

"You bet I can," said the doctor, wringing her hand sympathetically. "I ain't no doctor. I came in on his ticket." - Lippincott's.

Radway's Ready Relief

Apply the Relief to the throat and chest with the finger and thumb. Rub the Relief in such doses as will freely move the bowels. For a sudden cold, take a full dose of Radway's Pills, and a teaspoonful of Relief with a teaspoonful of molasses, tea, or coffee. Rubbing the Relief on the neck and throat will break out, and in the more severe cases will be gone.

American Golfers on English Links

Mr. Allen has just finished converting the Georgian saloon on Deck A of the Aquitania into a theatre to accommodate 1,500, the seating being arranged on the same plan as that of the London Hippodrome. He has built a well equipped vaudeville stage and provided an orchestra of sixteen performers. Ten large cabins with four baths immediately behind the stage are arranged as dressing rooms. There is also a special dark room for newspaper photographers.

LACK OF AMBITION SENDS 200 RECRUITS BACK TO MINORS; WHITE AND RITCHIE MATED AT LAST

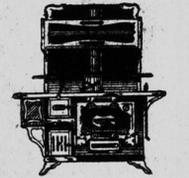

ten does a manager tell me that the man was not good enough. Nine out of ten who are sent back would have won a place had they worked hard, shown ambition and desire to hustle. You read the other day that Ralph Constock was sent to Providence by the Detroit club, which paid \$10,000 for him. His case is one in point. I have watched this boy for four years, almost ever since he started to pitch. I was interested. He is a nice boy, an intelligent one, handsome, quiet, rather refined; a fellow one cannot help liking - and he is a great pitcher. Yet Detroit gave \$10,000 for him to turn him over to a minor league club. Why?

Constock has one fault. He is too self-satisfied. Seven clubs have owned him; seven managers, not counting Providence, knew he was a good pitcher - and for only one has he made a success. To jump from the pulpit to the prize ring - Charlie White at last has his chance. He is going to get a crack at him. His case is one in point. For three years his ambition has been to battle the championship.

Ritchie, of course, is indignant at the charge that he did not want any of White's game and that he was striving to run out and avoid a match. I think there are several things Ritchie would rather do than get into a ring with the Jewish lad. But now he is in and, boys, it will be a great battle.

A BIG CAPABLE STOVE

A STOVE is an important purchase. Choose your stove carefully.

What has the Gurney-Oxford to offer? First of all it's a big, heavy, capable stove. It has the lasting qualities of an heirloom.

It's a spacious stove, the top is broad and deep; the ovens are high and wide.

The grates are constructed to give the fire abundance of air; this means fuel-economy.

There are no cold corners in a Gurney-Oxford oven; the heat goes through divided flues over the oven and to all sides of it.

The Gurney-Oxford Economiser regulates all the drafts and gives you complete control of the fire at all times. Don't buy a stove for price only or for looks. Come in and let us show you the Gurney-Oxford.

It's the most economical and satisfactory stove ever built, and the best investment you can make for your home.

HOME RULE BILL IS ADOPTED

Passes Third Reading in Commons - Goes to Peers Merely as Matter of Form - Redmond Hopes For Peace

London, May 25 - By a vote of 351 to 274, a majority of 77, the house of commons today read a third time the Irish home rule bill and passed the hard fought measure on to the house of lords.

The end of the struggle came quite suddenly, the Unionists refusing to debate the bill without further information as to the government's intentions in regard to the proposed amending measure.

After a brief speech by Premier Asquith, in which he defended the government against a charge of ignoring the rights of the minority and redressing the balance of power between the parties by means of the parliament act, he said he was introducing an amending bill not because he thought the Irish home rule measure was bad or imperfect, but because he was anxious for peace.

The vote was then taken and the announcement of the figures, showing a majority of 77 for the bill, brought out a great demonstration by the Nationalists and the Liberals. As one man, they rose from their seats cheering and waving hats and handkerchiefs.

The division was taken strictly on party lines. The followers of William O'Brien abstained from voting. Mr. O'Brien expressing the view that "the premier's action was not straight dealing either with England or Ireland."

John E. Redmond, the Irish Nationalist leader, in a statement this evening, says that the division in the house of commons is equivalent to the passage of the home rule bill into law, and expresses the earnest hope that the Ulsterites "who are genuinely nervous as to their position, will abandon unreasonable demands and enter into a conciliatory discussion with their fellow countrymen with regard to the points of the bill upon which they desire further safeguards."

"Today's division," says Mr. Redmond, "marks the death after an inglorious history of the 114 years of the union of Pitt and Castlereagh. Its place is to be taken by a new union found upon mutual respect and good will between the two islands."

ACADIA COLLEGE

Wolfville, N. S., May 25 - (Special) - The anniversary exercises today included the class day of the seminary graduates. Each member of the class received from the seminary a copy of Lyman Abbott's Christ's Secret of Happiness.

In the evening the Acadia Collegiate and Business Academy had its closing exercises. I. L. Mosher won the first prize of \$80, offered by St. Catherine's Imperial Order of the Daughters and the Empire, and H. H. Titus the second of \$30.

Among the list of graduates at Acadia University this week are W. A. Ferris, H. G. Lawrence, of St. John, while in the prize winners' list appears the name of C. R. White, of St. Martins, who was the leader of the middle class, winning \$10, and also Boat's graduates from the business department are: H. G. Lawrence, St. John and W. P. Jackson, Wilson's Beach.

Troubled With Weak Back and Kidneys For 10 Years

Many people fail to understand the significance of a lame, weak, sore or aching back. When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Talk notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Donan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Donan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Donan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.35, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DALY DAY IN BOSTON; GOLD WATCH FOR FORMER ST. JOHN BALL PLAYER

Many "fans" in baseball circles, and scores of other friends throughout the city will be interested in the celebration of Daly Day, in Boston, on Saturday, in honor of a former North End boy, Tommy Daly—the White Sox player whose work was cheered by King George in London. It was a great day for Daly's friends in Boston and they turned out at Fenway park in large numbers. About the grounds and in the streets of Boston, boys and men sold buttons and banners with the picture of the former St. John lad thereon, and the inscription "Daly Day, May 26, 1914," and in the park the majority of the fans waved "Daly banners."

Barry, of Cambridge, Rev. Father Doody, spiritual director of St. Mary's Athletic Club, of which Daly was a member, his mother, Mrs. T. Daly, his sister, Miss Mary, both formerly of St. John, Miss Grace Mahoney of North End, his uncle, James B. Daly, of the local customs office, Miss Barry, of Cambridge, and Francis Donovan, chairman of the committee of arrangements for the day. Daly played well during the game and was enthusiastically cheered. He was naturally somewhat nervous at the reception given to him, for because of his being hardly out of his teens, he is not as hardened to such ovations as a veteran would be, and a slight accident which happened to his sister, Miss Mary, during the game increased his nervousness. She was struck by a foul ball and had her hand painfully bruised. Daly lived up to his reputation as a clever ballplayer and had two hits besides showing up well in field work. His friends in St. John will be pleased at the testimonials of esteem attested by his admirers in the states and will wish him further honors.

FOR THEIR NATIVE LAND

President of Lebanon League of Progress Visits Local Syrians

N. A. Mokarzel, editor and proprietor of The Guidance, a New York daily and the president of the Lebanon League of Progress, the most powerful society of its kind in the Turkish empire, reached St. John late on Saturday evening and was met by his friend, Arthur Wakim, U. S. immigration officer, who received him on behalf of many friends notably N. J. Lahoud, one of the leading Syrian merchants of the city. Mr. Mokarzel delivered a speech to his countrymen who gathered from the two societies, Syrian Protection Association and St. Raymond's Society.

The Lebanese, who are called Syrians in this country and who enjoy autonomy in their country, which is known all over the world by its history and struggles for Christianity are trying to enforce their constitution, which was suggested to them after the massacres of 1880 by the six great powers of Europe. They are indifferent regarding their seaports, customs and post offices, etc., but they are resolute in their determination to secure again their fertile lands that they say were taken from them by treachery and deceit. They are not raising any cry or disturbance and all they wish is to obtain their constitutional rights.

Mr. Mokarzel, who is the founder of the Lebanon League of Progress, is traveling all over the United States and Canada, also South and Central America. He is received with open arms by all his patriots and his friends in all cities all over these countries, who have thanked him for his zeal in furthering their affairs in the old land. He expects to get away on tonight's train for Halifax where he will, no doubt, be welcomed by the Syrian people there. From there he will proceed to Sydney and North Sydney.

Mr. Mokarzel also was entertained by the president of the Syrian Protection Association this afternoon and also was welcomed by the president and secretary of the St. Raymond's Society. The heads of both these organizations represented their societies.

Forty hours. It was announced in St. John the Baptist church on Sunday that the Forty Hours Devotion would be begun on Friday morning and concluded on Sunday evening.

NO MEETING OF COUNCIL TODAY

Mayor in Ottawa Tomorrow and Will Wire if Further Delegation Necessary

Owing to the absence of Mayor Frink in Toronto and of Commissioner Wigmore in Wolfville, the weekly meeting of the common council has been postponed until the end of the week.

The mayor is attending the town-planning conference. From Toronto he will go to Ottawa tomorrow to interview the ministers of public work and of marine and fisheries regarding harbor development work. If he finds it necessary he will wire to the other commissioners asking them to arrange an additional delegation to support the claims of the city. He will not be back until Friday or Saturday.

Commissioner Wigmore will not return until Thursday or Friday.

Tenders for castings, cement and other supplies for the water and sewerage department closed at noon today but will not be opened until the next council meeting is held.

FAIRVILLE NEWS

On Sunday special patriotic services were held in the Fairville Methodist church appropriate to Victoria Day. A large Union Jack was draped over the pulpit and a picture of Queen Victoria was prominently placed. A picture of King George also was in position. Rev. R. J. Haughton of the Congregational church in St. John, preached on "The Empire of Love" making special mention of Queen Victoria's special attributes as wife and mother. The evening service was conducted by Rev. Gilbert Earle who spoke on "Christian Patriotism." The choir rendered special music and in the evening "O Canada" was sung in place of the regular anthem.

During the evening service Mr. Earle accepted on behalf of the congregation a fine set of pulpit chairs, which were used for the first time Sunday. This is a gift from the "Climbers' Class" of eighteen young men in the Sunday School who raised the necessary funds themselves. The chairs are of heavy oak, upholstered in dark red plush and the young men feel justly proud of the handsome present for which the minister thanked the class and expressed appreciation.

Robert Crawford, who was injured on Sunday evening when returning from Musquash when his horse became frightened at a car and threw him from the wagon, is said to be considerably easier today and his injuries are not so serious as were at first expected. The holiday was quietly spent in Fairville and vicinity, many went fishing as usual. In spite of the rather cold high wind in the afternoon organized picnic parties also went out. A number of homes were decorated with flags more or less and in the evening fireworks were set off. Altogether the celebration was generally enjoyed without disaster.

The prompt, efficient and hearty response of the Fairville firemen to the appeal of residents threatened by forest fire on Sunday night is being freely commented upon. This is only a volunteer corps but their courage, enterprise and their willingness upon occasion to aid sufferers beyond the local fire district shows them to possess the true fire fighter's spirit.

LEAVING ST. JOHN. Harold D. Wetmore, printer, employed by C. H. Flewelling, and who is well known in connection with the Y. M. C. A. gymnasium and Bible classes, has been offered a position as assistant instructor in the Brooklyn, N. Y., Y. M. C. A., and will go there about June 1. The staff of Mr. Flewelling presented to him a fountain pen with engraved initials, and J. W. Flewelling expressed the regret of all the concern at losing so good a workman and comrade, desiring every success to come to him in his new vocation. Mr. Wetmore was equally sorry to break the connection, but all are sure he will be a live wire somewhere.

JUNE WEDDINGS. Mr. and Mrs. M. T. Somerville of Cady's, N. B., announce the engagement of their second daughter, Annie Myrtle, to Willard Miller, only son of the late Willard Miller, of Southamton, N. B. Marriage to take place in June. Mr. and Mrs. John Harrington, of Lunenburg Heights, wish to announce the engagement of their daughter, Clara Elizabeth, to George Wm. Harkins, the wedding to take place in June.

HAVE YOU YOURS? Only 488 dog licenses have been issued so far this year. This is less than a third of the total number usually issued and indicates a great rush at the last moment by those who wish to avoid paying the double tax which will go into effect on July 1. An effort will be made this year to insist upon licenses being taken out for all dogs in the city, and it is possible that the number of licenses will be increased over last year.

TO ENCOURAGE SHEEP RAISING

Ottawa Officials Visiting Maritime Provinces to Stimulate This Industry

The dominion government is now carrying out a plan for the improvement of conditions in regard to the raising of sheep and the production of wool in the maritime provinces and in this connection has sent a wool expert, F. M. Jennings, of the department of agriculture to this section of the country to make an examination of the industry and to instruct sheep breeders and wool raisers in the grading and marketing of wool with a view to increasing the production and obtaining better value for their stock.

Mr. Jennings is now in Moncton and was in conversation with a Times representative yesterday afternoon. Although he has not yet commenced his tour of the provinces on the mission on which he was sent from Ottawa, he said that from what he had seen of the country through which he passed he was quite confident that New Brunswick was excellently adapted for wool production on a large scale.

Having spent practically his whole lifetime in the production and manufacture of wool, Mr. Jennings is in a position to judge the value of the industry in this province. His work is confined wholly to the wool, the matter of improvement of the live stock looking after by another representative of the department of agriculture, who is associated with him on his tour.

Besides New Brunswick, Mr. Jennings' trip will cover Nova Scotia, Prince Edward Island and the eastern section of Quebec. His idea is to encourage breeders in the sheep raising industry, to assist them in instituting it and to show them the most remunerative way to grade and market their product. The Times correspondent at St. John, P. E. I., correspondent writes: "There will be a good supply of wool right in this province. The sheep industry, which has been almost entirely abandoned, now promises to come up again. One factor tending to assist it is the organization of the Sheep Breeders' Association, the objects of which are to enlarge the breeding and improving of sheep by the co-operation with the department of agriculture and the Exhibition Association. The use of pure bred rams is being encouraged, and the government is assisting the association to provide against loss from sheep killed by dogs. The government will pay annually, an amount equal to the membership fee. When a claim has been made on the association for loss so incurred the association will investigate the claim, and if found to be valid will pay 75 per cent. of the value of the sheep killed. The government also will recoup the association and the amount of 75 per cent. of the loss."

TOOK MONEY FROM LITTLE BANK WHERE CHILD HAD FEW CENTS

That is Tale About James Moore Told in Police Court Today

James Moore was arrested on a warrant charging him with assaulting his wife Mrs. Moore, a care-worn woman, took the stand and said that her husband came home drunk on Friday night and brought another drunken man in with him; that the next morning he went to a little bank where one of the children had saved a few cents, and when she tried to stop him, he struck here in the face twice. She says he took the bank and broke it open and went out with the contents. Mrs. Moore said she had nine children, the youngest of whom is five months, and that she worked in a baker shop to earn bread for her children. Her husband, she said, worked occasionally.

KNIGHTS OF COLUMBUS DEGREE IN MONCTON

The first, second and third degrees were conferred on a large number of candidates in the Knights of Columbus hall in Moncton on Sunday afternoon and evening. About fifty members of the local council were present, as well as others from councils in New Brunswick and Nova Scotia. The majority of the local knights returned home this morning.

Last evening the visiting knights and lady friends were entertained by the Moncton council at a ball in their handsome and spacious hall. About 200 couples in all were present.

EARL AND COUNTESS TO BE HERE NEXT MONTH

"Dowager" writes to the Times from London: "The Earl and Countess of Ashburnham expect to return to Canada in June and will spend the summer in Fredericton, Lady Ashburnham's former home. Since her arrival in England, Lady Ashburnham has not been out a great deal, but has been living quietly in the country. The romantic discovery of the Ashburnham silver in the banker's vaults, and its sale some weeks ago was a much discussed event. I understand that Lord and Lady Ashburnham intend spend part of each year in Canada."

BEALS-HOLMES. A very popular event took place at Coverdale, Kings county, N. B., on May 20, when Ida May, daughter of William Holmes, married in marriage to James Beals, of Halifax, N. S. No Matter from what Viewpoint a Man may look at it, There's a Very Decided Advantage in Buying Clothes at Oak Hall

If it's a Question of Price—no store in the city can give you as much for your money. In buying at Oak Hall you buy directly of the makers and you save the middleman's profit. You get the same or a better merchandise for one-third to one-fourth less than other stores charge. If it's a Question of Quality—you will get better fabrics, better tailoring, better linings and better trimmings in Oak Hall clothes than you can get in any other make. If It's a Question of Style—Oak Hall clothes are absolutely correct—no clothes can be more. If It's a Question of Variety—you'll find more new styles, more new fabrics, more new patterns, and more new color effects to choose from at Oak Hall than at any other store in Saint John. We could go on and write columns about the superiority of Oak Hall clothes, but a personal examination of the clothes themselves will offer a much more convincing argument in their favor than anything we could say about them. See them, take hold of them, try them on, look them over carefully, inside and out, and you'll realize that you can't possibly get the most for your money unless you buy your clothes at Oak Hall. Men's New Summer Suits, \$6.00 to \$30. KING STREET COR. GERMAIN GREATER OAK HALL SCOVIL BROS., LIMITED, St. John, N. B.
