AGITATION FOR ELECTRIC JUICE

Citizens Interested and Agitation
May Bear Fruit

Lieut. R. W. Lindsay of Fredericton has been visiting Mrs. Lindsay's friends here and manifests a great interest in the establishment of a local electric plant. A number of local business men attended a meeting in M. L. Hayward's office on Monday evening and heard Lieut. Lindsay's proposal, which was that a crude oil engine be employed to furnish about 50 horse power. The lieutenant was not able to give details of the cost nor of the service that could be produced, but, on the other hand, the community has a very definite idea of what they need. Various industries will require from 5 to 60 h. p. each or a total of a 100 h. p. per day. Any lighting system that does not give light as quickly and as continuously as a kerosene lamp is unworthy the name of electric light. A 24 hour service is demanded. It has been established that electricity can be profitably used for the transmission of natural powers, and in its use this way it has all other forces beaten to a frazzle. Its possibilities are power, light, and heat, in any quantity where ever and whenever it is wanted. If experts will examine the opportunities for power at the mouth of the Beaguine and Little Presque Isle they will find there in either case, capacity of 1000 h. p. per diem. It has been going to waste for millions of years; let us hope it will not continue so.

The people have no fault to find with the Glass plant but his is only sufficient to give the people an idea of what a real plant—light or power when you want it—would be like.

THE BEST MEDICINE FOR LITTLE ONES

There is no medicine for little ones to equal Baby's Own Tablets. The Tablets are a mild but thorough laxative; pleasant to take; do not gripe, and never fail to relieve the little one of constipation, indigestion, colic or any of the other minor ailments. Concerning them Mrs. Jos. Monserolle, Bel River Ridge, N. B., writes: "I believe Baby's Own Tablets are the finest medicine for little ones I have ever used. From my own experience I would recommend every mother to keep a box on hand." The Tablets are sold by medicine dealers or by mail at 35 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Easter Meeting

The Easter meeting of the Parish of Brighton met on the usual day and the Wardens, Fred H. Stevens and H. W. Annett were re-elected. Both, however, re-

fused to act giving as their reason that they would show no less activity in the church's welfare and if the honors were passed around more frequently, it might encourage others to become more active. Mr. Annett refused point blank and nominated T. B. Thistle as people's warden and Mr. Stevens refusing nominated R. R. Latson. O. D. Dickson, vestry clerk, was absent, but an abstract of the year's business was submitted which shows that the needs of maintenance were more than fully met and the building fund was augmented by more than \$800.

The old vestry was re-elected and Fred H. Stevens was nominated delegate to synod.

Frederick Thibodeau

The body of Frederick Thibodeau, who died of pneumonia in Bangor on Wednesday, arrived at Grand Falls on Friday. He was a son of Mr. and Mrs. Firmin Thibodeau and leaves, beside his parents, four brothers, Walter, Max, Frank and Joseph, and one sister, Miss Vena. He was twenty-eight years of age and was doing well as a barber in Bangor where he was taken ill. Mrs. Thibodeau received a message on Tuesday telling her of her son's serious condition, and that he wished to see her. She left at once and had the comfort of being with her son a few hours before he died. The funeral was held on Saturday.

Pte. Clarence Chapman arrived home this week from overseas. The first belonging to this place. Needless to say he received a warm welcome. He is looking fine. He was away over three years and was wounded three times.

Another B.L.B., boy Harry Dyer, is on the way home.

Mr. and Mrs. Joy Jenkins Billy Brook have been visiting with relatives in the place for two days.

Turney Johnson and William Johnson have been hauling for Alonzo Johnson this week from Plaster Rock. Alonzo and family are moving back to Orbow after spending a year at Forest Glen.

The ice ran out of the river here on Tuesday, April 8.

Men are preparing for stream driving next week.

John S. and Guy Jenkins lost six head cattle recently. They were over the river and it is supposed they started to cross and went through the ice.

J. B. Cliff, Sisson Ridge, was around this week canvassing for apple trees.

Miss Tessa Chapman who has been staying at Plaster Rock for a few weeks, came home this week to welcome her brother, Clarence.

Quite a number from this place attended the reception for Pte. Walter Wells at Orbow last week.

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Re-construction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 5th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chain of service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:-

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free eatables, cigarettes, candies, etc.
3. Red Triangle men on every troop train to provide regularly free drinks, eatables and cigarettes, organize games and sing songs, and furnish information.
4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hotels to furnish bed and board at low rates and to be a rendezvous for soldiers.
6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y.M.C.A. includes the following vitally important developments:-

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the factory workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts, where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of many Christianities.

Canadian Y.M.C.A. Red Triangle Campaign \$1,100,000 May 5 to 5

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

"I Am So Short of Breath"

"I MUST be your heart, Grand Dad."

"Yes, I suppose it is. I am getting old, you know."

"Oh, you are not so old. You have got run down after the cold you had and will be all right when you get your blood built up again."

"Well, I hope so, dear."

"You remember how weak my heart was, Grand Dad, when I used to be pale and anaemic. It was no joke for me to climb these stairs then."

"You are all right now, aren't you?"

"I never felt better in my life, Grand Dad, and if you will use Dr. Chase's Nerve Food for a while you will get strong and well, too. That is what cured me."

"But do you think the Nerve Food is any good for old men like me?"

"I am sure it is. I often read letters in the newspapers from old people telling about what a great benefit it has been to them by enriching the blood and increasing their vitality."

As an example of what Dr. Chase's Nerve Food does for people of advanced years, here is a letter from Mr. James Richards, 73 Dundas St., Belleville, Ont., who is 89 years of age. He writes:

"I was suffering from a weakness of the heart, shortness of breath and frequent dizzy spells which used to force me to go and lie down for a time. I secured Dr. Chase's Nerve Food and received such splendid results that I continued its use until I am now feeling fine and am not troubled with these symptoms any more."

Dr. Chase's Nerve Food, 50c a box, 6 for \$2.75, all dealers or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

Paint as a Matter of PRIDE

Which House Dominates Your Block? SOMEWHERE in "Every community" is a house which always smiles at you. It is always a little more cheerful looking than the others, brighter, better kept, and well painted.

And that house has a good owner and a good painter too. His house is so inviting that it is like a hand stretched out to you. You are bound to feel glad that its owner lives near you.

B-H PAINT 70% Pure White Lead 30% Pure Zinc 100% Pure Paint

Somewhere else in "Every community" stands another house. Its owner has become discouraged. He has quit trying. He has lost his ambition and gradually has accepted the fate of a town and street.

You know that this is so, because his house says so. It is dingy, beginning to crack and sag, and is unpainted.

Its owner is not a good citizen. He has not done his share. His house stands out like a "black thumb." It is like a whole neighborhood of unpainted and crumbling. Owners of new houses avoid its neighborhood.

SPRING CLEANING DANGERS

Every housekeeper knows how many little accidents are met with during "spring cleaning." One of the most easily the most place becomes infected with dust and germs. The danger of this lies in the fact that infection—slight at first, if not attended to, may become inflamed, cause great suffering and inconvenience, and frequently lead to blood poisoning.

To safeguard yourself, apply Zam-Buk at once to all cuts, scratches, abrasions, burns and sores. This antiseptic balm immediately destroys all germs and prevents any danger of festering or blood poisoning. Zam-Buk also cures pain and stops bleeding, so quickly that no time need be lost by those who apply it as soon as an injury is sustained. Then the healing process begins and the skin grows over again, so that in a comparatively short time the wound is completely healed.

Zam-Buk is best for cuts, scratches, abrasions, burns and sores. All dealers, 50c. box.

Zam-Buk

Don't suffer! A tiny bottle of Zam-Buk costs but a few cents at any drug store. Apply a few drops on the cuts, calluses and "hard skin" on the feet, then lift them off.

When Zam-Buk removes corns from the feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, as I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

—Mrs. A. M. BIRD, 100 Main St., Providence, R. I.

Backache and nervousness are symptoms of women's weakness, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but seek the help of a woman who has been helped by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

HARTLAND, N. B., APRIL 24, 1919

POTATOES

American potato growers are pushing forward with vigor the propaganda for the re-imposition of the duty on potatoes. They claim that the farmers have not a fair chance against Canadian competition. They claim that everything that goes into the production of potatoes in Canada is cheaper than in the United States. It is doubtful that if this question were thoroughly investigated that it would be found to be true.

It is fact that New Brunswick and Canadian farmers generally carry on their business on a much safer plan than the Aroostook farmers. The latter depends almost wholly upon the success of the potato crops and a bad year frequently puts many of them out of business. The Canadian farmers carry on such diversified farming, that they are reasonably sure of success in one way while another may totally fail.

Referring again to the potato market and the rather peevish demand from other writers for protective tariff it might be pointed out the Carleton and Victoria county farmers at all times receive from 25 to 1.00 less per barrel than our Aroostook neighbors.

It is presumed that one reason for this is advantage in freight rates—a car sent from Fort Fairfield to Boston, being delivered cheaper than a carload shipped from Hartland to the same point.

Aroostook farmers must not forget that the United States is not Canada's only market for potatoes. The Montreal and Toronto markets are much more depended upon and seem to be less liable fluctuation, while our shipments to Cuba, to Belgium, and to England have become renowned.

NEW BRUNSWICK WHEAT

Donald Fraser of Fraser Companies, Ltd., Plaster Rock, is among the visitors to the city today. Mr. Fraser in addition to his lumbering business, carries on extensive farming operations at Plaster Rock. Last season he produced 2,000 bushels of high grade wheat. He had it ground into flour at the mill at Bristol. The output amounted to about 350 barrels. Its superior quality was attested by the fact that it found a ready sale when placed alongside of high class brands.

RHEUMATISM CAN BE CURED

The Trouble is Rooted in the Blood and Can Only be Cured Through the Blood

In the days of our grandfather's rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism as well as many young people. Medical science did not understand the trouble—did not know that it was rooted in the blood. It was thought that rheumatism was the effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not cure the trouble. In those days there were thousands of rheumatic cripples. Now medical science understands that rheumatism is a disease of the blood and that with good, rich, red blood any man or woman of any age can defy the trouble. Rheumatism can be cured by killing the poison in the blood which causes it. For this purpose the blood-making, blood-enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of these pills that has robbed rheumatism of its terrors. In proof of Dr. Williams' Pink Pills to cure this trouble, Miss Jennie Stockdale, Hall's Bridge, Ont., says: "Two winters ago I was taken with a bad attack of rheumatism, and was in bed for over two months, most of which time I could not sleep or enjoy rest day or night. The trouble also affected my nerves, which were very bad. I tried several remedies but did not get any help from them, and then, acting on the advice of a friend, I decided to try Dr. Williams' Pink Pills. I soon felt that the pills were helping me, and after taking eight boxes I am glad to say I was able to go about again as usual, and am now enjoying the best of health with plenty of good, rich blood which makes me feel like an altogether different person. I earnestly advise those suffering from rheumatism, nervousness and kindred troubles not to delay using Dr. Williams' Pink Pills as, like myself, I am sure they will find a cure through their use."

You can get Dr. Williams' Pink Pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Kidney Disease Overcome

Mr. James Prouse, cattle dealer, Shebo, Sask., writes: "For about ten years I suffered from kidney disease, at times I was bad with backache, and derangements of the digestive organs. During that time I was treated by four different doctors. One day I read in Dr. Chase's Almanac about the Kidney-Liver Pills and began to use them. Altogether I used six boxes. All I need say is that I feel well now and attribute this condition to the use of Dr. Chase's Kidney-Liver Pills."

A CRIPPLE FOR THREE YEARS

Happier in Bed With Rheumatism Until He Took "FRUIT-A-TIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.

"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit."

Finally, I decided to try "Fruit-a-tives". Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO.

60c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Our teachers, Miss Pearson and Miss Anderson, spent the holidays at their homes in Hartland and Canterbury.
