LITTLE BY LITTLE.

When the new years come and the old years go, How, little by little, all things grow ! All things grow-and all decay-Little by little passing away. Ripen the harvest of golden grain, Waving and flashing in the sun, When the summer at last is done. Little by little they ripen so As the new years come and the old years go.

Low on the ground an arorn lies, Little by little it mounts to the skies. Shartow and shelter for wandering h rds, Home for a hun leed singing birds. Little by little the great rocks grew, Long, long ago when the world was new; Slowly and silently, stately and free, Cities of coral under the sea Little by little are builded—while so— The new years come and the old years go.

Little by little old tasks are done; So are the crowns of the faithful won, So is heaven in our hearts begun. With work and with weeping, with laughter and

play. Little by little the longest day And the longest life is parsing away, Passing without return-while se The new years come and the old years go.

of the day, viz.—the School Law—I am, as I always have been, a firm supporter and strong advoca, of Free Non-Sectarian whols, believing that the state owes to every child a good sound secular colucation, and should leave instruction in creeds and religious tenets to Parents, Guardians, and Passors; therefore I am opposed to any charge in the present law that would establish separate or demanitational schools, my motto b ing "eq al right, and equal privil ges to each

and all."

Pelieving that a great majority of the independent and intelligent Electors of Charlotte County will indorse the above views, and having received a large vote at the last general election as a Free School man. I now come forward with confidence, trusting that you will elect me as one of your representatives for the next term. I only ask a fair trial, and if I should prove inadequate for the task of unworthy of your confidence, you can easily select another to take my place.

Not for Sale in Book or News Stores.

THE ALDINE, while is used with all the regularity, has none of the temporary ro timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of arristic skill, in black and white. Altho' each succeeding number affords a fresh plea sure to its friends, the real value and beauty of THE AIDINE will be most appreciated afyear. ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have with a world-wide reputation, and in the art craires of Europe it is an admitted fact that the wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates." is rapidly stelding to a more educated and discrimianting taste which recognizes the advantage of superior artistic quality with greater fa-ALDINE possess all the delicacy and elaborate finish of the most coatly steel plate. while they afford a better rendering of the

In addition to designs by the members of the National Academy, and other notes American artists, THEXT DINE will reproduced with a view of the highest artistic success and greatest general interest. Thus the eubser ber to THE ALDINE will, at a trifling cost, enjoy in his own home the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will

be by Thes Moran and J. D Woodward.
The Christmas issue for 1874 will contain

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and 'T'e West.' One is a view in the White Mountains, New Hamp-shire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artists acope and coloring. The chromos are each worked from thirty distinc plates, and are in size (12x16) and appear. ance exact fac similies of the originals. The prerentation of a worthy example of Ameri ca's greatest landscape painter to the sub-scribers of THE ALDINE was a bold but pecufirstly happy idea, and its successful resliga-tion is attested by the following testimonial over the signature of Mr. Moran himself.

Dr. J. Walker's California Vinegar Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinesaa Bittersa in healing the sick of every disease man is heir to. In their treatment, a purgative, exerting a powerful influence upon these various organs, is creentially necessary. There is no esthartic for the purpose equal to Dr. J. Walkele's Vikegar Bitterses, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restorting the healthy functions of the digestive Cegans.
