coats and Waterproof
Sheets.**

STEADY TRADE CONTINUES.—London reports to Bradstreet's say that the steady trade continues to pass in most staple lines of merchandise, while retailers in adjacent rural centres in very many cases report trade to be better with them than it was a year ago. Manufacturers are continually on the alert to secure new business, and general conditions give reasons for confidence in the future. Collections are very fair.

Western States will probably be nearing the lakes by Monday.

"Anybody that takes up rifle shooting in earnest becomes an enthusiast, and I expect that the businessmen and others who are now coming to the ranges will keep it up, even after the war is over."

water traffic with Austria has been suspended, and goods destined for Austrian ports are being abandoned at the docks.

Professor John Dearnness, whose reputation as an astrologer is wide, has

upon Sarayevu.

The Lord Mayor of London: "The arrival of the Canadian contingent is an event of profound significance, for it heralds the important help which Canada always gives the motherland, and continues that splendid tradition of patriotism and affection ever associated with the great Dominion."

Toronto, Oct. 3.—Although there has been no official announcement made of landing of any Canadian troops in the old country, cables today contain references to greetings made by Lord Mayor of London, Sir Wm. Osler, Lord Rosebery, and others, to Canadian troops, and it is thought some of the contingent have already appeared in the old country.

Blow Up Bridge and Repulse Germans at Termonde—Bombardment of Whole Line of Defences Heavy During Early Hours of Friday.

[Canadian Press.] London, Oct. 3.—A dispatch from Antwerp to the Reuter Telegram Company tells of the fighting around Antwerp. "The town of Liere was being severely shelled by the Germans today, and many houses were damaged. Tonight the Belgians, with the bayonet, repulsed the German attack on the fort of Liere. The capture of this fort would inflict severe losses on the Germans." "The Belgians allowed the enemy to approach Waelhem tonight. The forts of the open fire, compelling the Germans to retire with losses." "Termonde was also attacked during the night, but the Belgians blew up a bridge and repulsed the Germans." "The morning the Germans over Antwerp at 4 o'clock this morning, too high for our fire."	WHOLE LINE ATTACKED. London, Oct. 3.—8 a.m.—Describing the fighting of Friday in the environs of Antwerp, the correspondent of the Times writes: "During the early hours of Friday there was a heavy bombardment of the whole line of the Antwerp defences from Boom, five and a half miles northwest of Malines, to Liere, nine and a half miles south of Antwerp. It was especially severe at the forts of Wavre-St. Catharines. Toward midday the firing of the Germans became desultory and perfunctory." "The Belgian army continued active, but the German reply was intermittent and chiefly directed on the bridge in the village of Waelhem." "During the morning the Germans penetrated to the fort of Wavre-St. Catharines, but were driven back."

PREACHING LOSES ITS GRIP ON HEART

Christian Churches Fail to Meet Demand of Age.

ATTENDANCE IS DECLINING

Methodists See Need of New Ethical Advance.

REFORMED EVANGELIZATION

General Conference Considers Appointment of Special Apostle.

[Canadian Press.]

OTTAWA, Oct. 2.—Some objection was registered following the reading of the report of the committee on evangelism at the Methodist general conference this afternoon.

"It is true there has been progress and activity in the church in the past quadrennium," began the report. Figures were given to illustrate the growth.

Proceeding, the report stated in part:

"Nevertheless, it is impossible to be blind to the fact that our church is not showing the aggressively evangelizing power we might reasonably expect of a body so strong, so well organized and of such traditions. In common with all the churches of Christendom, the Methodist Church is failing to meet the demands of the world with that all-conquering enthusiasm which has swept her onward in the great periods of advance in the past."

"Church-attendance is declining. The preaching is losing its grip on the heart and conscience."

"Over large areas religious life is becoming more formal and superficial."

"We recognize the problem is world-wide and assumes different phases in different areas."

"Confining ourselves to America, and especially to Canada, we venture to express the conviction that the church is suffering from success."

"The church has so diffused the principles of Christianity that she has drawn on herself a severity of criticism she has never known before."

"She is condemned today, not for her unlikeliness to the world, but for her likeness to it. Non-Christianity is not sufficiently Christian, but because she disregards some of Christ's plainest teachings."

"Must Silence Criticism."

"We believe she can recover her declining influence only as she will at once silence criticism and arouse in men the old sense of moral defeat. This means a new ethical advance."

"The people of Christ must again become a peculiar people, particularly so in the realm of business and politics."

"The church must uncompromisingly proclaim the deadly peril of riches. She must substitute co-operation for the incurably un-Christian principle of competition. The dominant aim of commerce and industry must come to be service, not profit."

"The sacred task of Government must be lifted from its present level, too often marked by sordidness and immorality. The church must create a new conscience."

"The foregoing made up the preamble and was passed. The committee finally recommended that the call of evangelism be set apart to inspire a revival of Christian fervor. On this the conference decided to defer action for a session."

"Church Facing Crisis."

"That report is a melancholy wall of despair," declared Joseph Gibson, of Ingersoll. He defined some of his objections.

Dr. E. S. P. Rose, Montreal, said it is the church, not Christianity that is facing the crisis, and held that the report did not set out the conditions and facts. Other delegates held different views.

The recommendation to appoint a special evangelist and to conduct a discussion, and action was deferred.

Rev. W. S. Griffin, still hale and virile at the age of 88, was again appointed treasurer of the superannuated fund. He has held the office since 1892. His election caused general satisfaction, and he was given a big demonstration.

The recommendation of a special committee to assist the British Methodist Episcopal Church, whose members are colored folk; and that the conference agree with the training ministers for that church, found favor.

Still Favor Church Union.

Without a discussion, the conference unanimously endorsed the recommendation of its special committee appointed to report on the question of church union.

The committee's report was a discussion, the conference readily agreed and passed the report of which the following was the substance:

"We recommend the general conference to appoint on the nomination of the committee on church union, a committee of 50, to meet with similar committees already appointed by the Presbyterian General Assembly and the Congregational Church Union for the purpose of continuing negotiations for the organic union of the above churches; that this committee report the results of its negotiations and deliberations to the general conference special committee, which shall also receive the reports of the action of the other negotiating churches in the matter of church union; and if, in the judgment of the general conference special committee, the reports received warrant further action, it may call a special meeting of the general conference to consider the matter of consummating the proposed union."

The committee in its report stated that it had considered twelve memorials dealing with various aspects of church union, and other data on the subject, and in its preamble stated:

"Inasmuch as the Methodist Church, by the vote of her courts has cordially and consistently endorsed the proposals for organic union made by the general conference of 1902, and approved the basis which resulted from these proposals, we recommend," etc., as above.

NO GROUND LOST, SOME IS GAINED BY THE ALLIED ARMY

Offensive Work of the Enemy Shows Lack of Leadership, Says British Official Report — Artillery Fire Also Determined.

London, Oct. 2.—The official bureau issued a statement tonight from the headquarters of the British expeditionary force under date of September 29, concerning the movements of the British forces and the French armies in immediate touch with it. The statement followed:

"The general situation, as viewed on the map, remains practically the same as that described in the last letter, and the task of the army has been the offensive."

"No ground has been lost. Some has been gained, and every counter-attack has been repulsed—in certain instances with very severe losses to the enemy."

ENEMY LACKS LEADERSHIP.

"Nevertheless the question of position is only a part of the battle, and there has been considerable improvement in the situation in another important respect. Recent offensive efforts of the enemy have been made without cohesion, his assaults being delivered by comparatively small bodies acting without co-operation with those on either side. Some of them indeed evinced clear signs of inferior leadership, this bearing out statements made by prisoners as to great losses."

"Further, the hostile artillery fire has decreased in volume and deteriorated both in control and direction. The first is probably due to the transfer of metal to other quarters, but the two latter facts may be the direct result of the activity of our aircraft and their interference with the enemy's air reconnaissance and observation of his fire."

Captive Balloons Used.

"The Germans recently have been relying to some extent on observations from captive balloons sent up at some distance in the rear of their first line, which method, whatever its cause, is a poor substitute for the direct overhead reconnaissance obtainable from aeroplanes."

"As a consequence the damage being done to us is wholly disproportionate to the amount of ammunition expended by the enemy. For the last few days it has amounted to pitting certain areas with large craters and in rendering some villages unhealthy, as the soldiers put it. A concrete example of what was on one occasion achieved against our infantry trenches is given later."

Aeroplane Brought Down.

"Of recent events an actual narrative will be carried on the 25th to the 29th inclusive. During the whole of this period the weather has remained fine, though it has not been so bright as it was. On Friday the 25th, comparative quiet reigned in our sphere of action. The only incident worthy of special mention was the passage of a German aeroplane over the front line. It was flying high but drew a general fusillade from below with the result that the pilot was killed outright and the observer was wounded. The latter, however, managed to continue the fight for some miles but was then compelled to descend, his petrol tank having been struck. He was captured by the French."

Germany Lose 1,000.

"That on a general attack was made against the greater part of the allies' position and it was renewed in the early morning of the 26th. The Germans were everywhere repulsed with losses. Indeed, opposite one portion of our lines, where they were caught in mass by our machine guns and howitzers, firing at different ranges, it is estimated that they left 1,000 killed or wounded."

"The attitude of our troops may be judged from the fact that the official report next morning from one corps of which one division had borne the brunt of the fighting, ran thus laconically:

Report From One Corps.

"The night was quiet except for a certain amount of shelling both from the enemy and ourselves at 3:30 a.m."

"At 3:40 a.m. an attack was made on our right. At 5 a.m. there was a general attack on the right of the front line. The enemy was repulsed with heavy losses. The fighting was very hard, but our troops were victorious."

"The Germans came on in 'T' formation, followed almost immediately by a column in support. After a very few minutes the men had closed up into a mob which afforded an excellent target for our fire."

"On Sunday, the 27th, while the Germans heavy guns were in action their machine guns could be heard playing hymn tunes, presumably at divine service."

"The enemy made an important advance on the right of the front line, and renewed it in strength at one point with, however, no better success than on the previous night. Shelling continued all day along the whole front."

"On Monday, the 28th, there was nothing more severe than a bombardment and intermittent sniping, and this inactivity continued during Tuesday, the 29th, except for a night attack against our right."

Type of Fighting.

"The incident that occurred Sunday, the 27th, serves to illustrate the type of fighting that has for the past two weeks been going on intermittently on various parts of our lines. It also brings out the extreme difficulty of ascertaining what is actually happening during an action, apart from what seems to be happening, and points to the value of good entrenchments."

"At a certain point in our front our advance trenches are on the north of the Aisne, not far from a village, on a hillside, and also within a short distance of German works, being on a slope of a spilling down by subsidiary valley running north and a main valley of the river. It was a calm, sunny afternoon, but hazy, and from our point of view, south of the river, it was difficult to locate exactly on the far bank the well-concealed trenches."

"From far and near, the sullen boom of guns echoed along the valley, and at intervals in a different direction, and the sky was flecked with the almost motionless smoke of anti-aircraft shells. Suddenly, without any warning, for the reports of the distant howitzers from which they were fired could not be distinguished from the distant reports, three or four heavy shells fell into the village, sending up huge clouds of dust and smoke, which appeared in a brownish-grey column. To this no reply was made by our side."

Reports in Quick Succession.

"Shortly afterwards, there was a quick succession of reports from a point on the right of the front line."

Minard's Liniment Company, Limited:

Gents—A customer of ours cured a very bad case of distemper in a valuable horse by the use of MINARD'S LINIMENT. Yours truly,

AIRSHIPS GUARD CROSSING TROOPS

Safely Conveyed British Expeditionary Forces to France and Have Done Fine Work.

[Canadian Press.]

LONDON, Oct. 2.—3:45 p.m.—The extent of the work of the airships rendered by flying machines and airships co-operating in the naval and military movements, is shown by the following statement, issued tonight by the official press bureau:

"While the expeditionary force was being moved abroad a strong patrol to the eastward of the straits of Dover was undertaken by both seaplanes and airships of the naval air service. The airships remained steadily patrolling between the French and English coasts for ten and twelve hours, while further to the east, with the assistance of the Belgian authorities, a temporary seaplane base was established at Ostend and a patrol kept up with seaplanes between this place and the English coast opposite."

A Daring Feat.

"By this means it was impossible for the enemy's ships to approach the straits without being seen for many miles. On one occasion during the movement, a German patrol boat, one of the airship's patrols, became necessary to change one of the propeller blades. The captain feared it would be necessary to land on this purpose, but two of the crew immediately volunteered to carry out the difficult task in the air, and climbing out to a bracket carrying the propeller, they were seen to do the hazardous work of changing the propeller blade, 2,000 feet above the sea."

"On Aug. 27, when Ostend was occupied by a force of marines, a strong squadron of aeroplanes under Wing Commander Samson, complete with transport, landed at Ostend and was sent over. Later this aeroplane camp was moved and much good work was being carried out by aeroplanes supported by a motor force. Advanced bases have been established some distances inland."

Work With Armed Cars.

"On one occasion the airships have taken place between the armed motor car supports and bands of uniforms. All these affairs have been successful with the exception of one in which a German plane was shot down in the air and in prisoners taken. The naval armed cars and aeroplanes have assisted the French forces of artillery and infantry on several occasions. Good work has been done in dropping bombs upon positions of military importance and railway communications."

CANADA MUST SEND 1,000 MEN A MONTH

Gap-Fillers Will Be Needed Until the End of the War.

[Special to The Advertiser.]

OTTAWA, Oct. 2.—Next week there will be another conference respecting the French-Canadian expeditionary force, which it is proposed to raise. It is understood that the Government has given its consent to the enlistment of such a force and that it will comprise four regiments of four thousand men. However, the order for actual enlistment has not yet been made. This step will be taken as soon as the Hon. Sam Hughes returns to Ottawa. If he does not return early in the week the order will issue with the signature of Sir Robert Borden, who has been acting minister of militia in the absence of Col. Hughes.

There is likely to be considerable additional recruiting in the west. It is reported that there are many men in the ranks of the Canadian Expeditionary Force who are looking for a chance to go to Europe with a rifle. From now until the end of the war Canada will have to send forward gap-fillers at the rate of a thousand per month.

Quebec and the west will be the portions of the country most largely drawn upon in the near future.

Petitions Sent Government Because of Stop of German Chemical Imports.

TORONTO, Oct. 2.—The Department of Lands, Forests and Mines reports that as a result of cessation of the importation of German chemicals into Canada, many petitions have been received asking for the development or further investigation of the fields of ore which are supposed to contain important chemical materials.

"Germany has been supplying half of the world's entire demand for sodium cyanide. That chemical is produced from zinc, of which Canada possesses valuable deposits. Another item in commercial fertilizer, two million dollars worth of which have been coming to Canada annually in recent years. The Canadians have been near Kingston, and have threatened to do many American textile factories. The Matanzas will sail from New York next Wednesday, October 7."

TO SAVE TEXTILE FACTORIES.

WASHINGTON, Oct. 2.—Private interests have charted the American West for a trip to Rotterdam to bring back a cargo of dyestuffs and other chemicals, the lack of which since the outbreak of the European war has threatened to close many American textile factories. The Matanzas will sail from New York next Wednesday, October 7.

MITTON-MACNIVEN

RIDGETOWN, Oct. 1.—A pretty wedding took place last evening at the home of Mr. and Mrs. W. W. Mitton, Main street, east, when their only daughter, Miss Margaret MacNiven, B.A., was married to Mr. William Edgar MacNiven, B.A., of Edmonton, Alberta, son of Mr. and Mrs. S. M. MacNiven, of Mount Forest, Ontario. The ceremony was performed by Rev. A. L. Snyder, of Brantford, who officiated at the marriage of the bride's mother and father.

The bride, who wore an ivory satin dress, was given away by her father. Her only attendant being Miss Evelyn Mitton, niece of the bride, who acted as flower bearer.

After the wedding dinner, which was served in the spacious dining-room, Mr. and Mrs. MacNiven left on a short honeymoon trip to Toronto and Ottawa and will return to Ridgeway before leaving for their future home in Edmonton.

AMONG THE OUT-OF-TOWN GUESTS were Mr. and Mrs. Gardner, Mr. J. MacNiven, Mr. Leo MacCauley, L. L. B. and Mr. G. Adams, L. L. B., of Toronto; Mr. and Mrs. A. L. Ridley, Mrs. Grace Chilver, Dr. and Mrs. Carron, of Detroit; Miss Malott and Miss Nelson, of St. Thomas; Mrs. H. R. Sharp, Owen Sound; Mr. and Mrs. D. O. Wayne, Mapleton; Mrs. James Yates, Goderich; Mr. and Mrs. J. Clark, Brantford.

COMPERS PROPOSE PEACE.

NEW YORK, Oct. 2.—An appeal for a world congress for the establishment of peace was issued yesterday by Samuel Compers, president of the American Federation of Labor, who announced that the first session would be held in New York City in the autumn of 1915. The congress is to be held in New York City in the autumn of 1915. The congress is to be held in New York City in the autumn of 1915.

CAN'T STOP HICCOUGHING

[Special to The Advertiser.]

ORIENTAL RUG SALE

ONE-QUARTER OFF NEXT WEEK

30 Splendid Specimens To Be Cleared

This will be a very exceptional opportunity for acquiring, at far less than the market price, and doubtless for less than will again be possible this year for such rugs as are listed below in this sale. They include the beautiful Mirzapore, Malabar and Akbar Rugs. Sizes for almost any room will be found in the collection, of which we have prepared a brief description of each, giving the regular price, as well as sale price of every rug. This sale is not a dealer's consignment of leftovers or end of season's stock, but our own personal selection from the world's greatest importer from the Orient. Choicest designs and colorings in already moderately-priced rugs. Thirty only in this sale for a quick stock-clearance at a flat price reduction of 25 per cent.

MALABAR, MIRZAPORE and AKBAR ORIENTAL RUGS—A FLAT REDUCTION OF 25% ON ALL

It will pay out-of-town customers to come a distance for this sale if thinking of the purchase of Oriental Rugs. Here we give a carefully prepared list of sizes and prices briefly described for your guidance. Come Monday for first choice.

- | | |
|--|--|
| Rug No. 614—Mirzapore Rug, cream ground, royal blue and red decoration. Size 14.3 x 11.2. Was \$55.00, for \$41.25 | Rug No. 11922—Mirzapore, cream, blue and tan. Size 7.8 x 10.2. Was \$30.00, for \$22.50 |
| This would be a splendid rug for a large living-room, club-room or office. | Rug No. 1355—Mirzapore, rich red and royal blue. Size 8.4 x 11.4. Was \$35.00, for \$26.25 |
| Rug No. 11921—Mirzapore Rug, cream ground, cream and rose decoration. Size 11.4 x 8.5. Was \$35.00, for \$26.25 | Rug No. 11935—Mirzapore, ivory ground, red border. Size 5.2 x 8.3. Was \$17.00, for \$12.75 |
| Rug No. 232—Malabar Rug, light blue ground, with soft shadings of tan and green. Very finely woven. Size 9.2 x 12.2. Was \$65.00, for \$48.75 | Rug No. 8092—Akbar, rose and light green. Size 3.1 x 6.2. \$17.50, for \$13.13 |
| Rug No. 6730—Mirzapore, red ground, royal blue and red. Size 11.3 x 8.5. Was \$45.00, for \$33.75 | Rug No. 762—Heavy Turkish Runner, Size 3 x 9.6. Was \$20.00, for \$15.00 |
| Rug No. 6732—Mirzapore, blue and bronze on green ground. Size 11.3 x 8.2. Was \$35.00, for \$26.25 | Several smaller Mirzapore and Turkish Rugs also included in the sale. Sizes from 2.7 x 5.3 to 4.2 x 7.2. All at Quarter-Off. |
| Rug No. 558—Malabar, ivory and rose. Size 9 x 12. Was \$65.00, for \$48.75 | 127 AXMINSTER HEARTH RUGS, \$1.29 EACH. |

We were fortunate in securing 127 more of these Heavy Axminster Hearth Rugs. We should clear this lot out in about one hour on Monday morning. They are regular \$2.50 quality. On sale at **\$1.29** each

Third Floor.

Baby Buggies, Go-Carts and Sulkies

19 to Clear at Big Reductions

We have just 19 left, which we are anxious to dispose of, as the floor space taken up with this stock will be needed for the display of Trunks, Leather Goods, Stoves and Kitchen Utensils, when Toy-Town opens up next month. It is necessary to plan ahead, and we have priced these Buggies, etc., at prices which should quickly clear the floor.

3 only Sulkies. Regular \$4.50. To clear **\$3.49**

5 only Sulkies. Regular \$6.00 to \$7.00. To clear **\$4.49**

1 only Sulkies. Regular \$9.00. To clear **\$6.57**

3 only Go-Carts. Regular \$10.00. To clear **\$6.75**

2 only Go-Carts. Regular \$15.00. To clear **\$9.75**

2 only Buggies. Regular \$25.00. To clear **\$16.59**

2 only Buggies. Regular \$27.50. To clear **\$19.95**

A \$40.00 "Gurney Oxford" Range for \$30.00

We still have a limited number of these high class Stoves to sell at this very special price. TEN MORE KILLED AND 24 WOUNDED

Latest British Casualty List—Lieut. Naylor-Leyland Succumbs.

LONDON, Oct. 2.—1940 p.m.—Lieut.-Col. G. V. Naylor-Leyland, of the Royal Horse Guards, second son of the late Sir Herbert Naylor-Leyland, whose wife was Miss Jeanne Chamberlain, of Cleveland, Ohio, who was previously reported as having been wounded, has succumbed to his injuries.

PLANS PROGRAM OF IMPROVEMENT

City Engineering Department Maps Out Many Undertakings For Fall.

\$700,000 YEAR'S TOTAL

Work Put Through This Year Will Be Record-Breaking.

The city engineering department will undertake a big batch of local improvements this fall, according to a program of work which will go to the council next Monday. The improvements consist largely of curbs and gutters, sidewalks and road improvements. The department now has 472 men at work, compared to 320 a month ago, and it is said that this force is larger than at any time during the year. It is being urged that most of the proposed work be done to give the unemployed work.

RUSSIANS INVADE GERMAN TERRITORY

Occupy Presdasso and Leipouny and Chase Enemy From Other Towns With Loss.

[Canadian Press.] Petrograd, Oct. 2.—The general staff headquarters last night issued the following official statement: "The battle of the front in Eastern Prussia continues on the line of Mariampol. No decisive result has yet been obtained. Have at last occupied the German positions at Presdasso, west of Synov. Under a night offensive attack by the Russians, the enemy retired from Synov. In the direction of Suwalki, the movement of the Germans, pursued by the Russian cavalry, der protection of artillery, became at a disorderly retreat. "Fierce fighting is going on in the vicinity of Suwalki. German reinforcements sent by the railroads toward Suwalki, to the rescue of the retreating troops, took the offensive in at Augustowo and Suwalki. Near Raczka, the Germans made bayonet charges, but met with casualties, many of their men killed or wounded. Augustowo was being bombarded in heavy artillery from the north. On the side of the town up to the afternoon of October 1, when the Russian army took the offensive resolutely drove the enemy from that region. The enemy also was forced to evacuate Suwalki and Grajewo, where the Russian troops invaded German territory. "The Russians have captured some automobile trucks from a German column operating against Ossowetz."

FIREWORKS FACTORY EXPLOSION KILLS THREE

Over Twenty Injured When Powder Magazine Blows Up.

[Canadian Press.] Jersey City, N. J., Oct. 3.—Three men were killed and many injured today when the powder magazine of the fireworks manufacturing plant of the Detweiler & Street Company on the Hackensack Meadows blew up and shook the city. It was reported to police headquarters that the number injured was probably forty. All the ambulances in Jersey City were sent to the scene. Windows were broken in buildings a mile away.

Wedding Bells

WAKERLEY-WOODWARD.

A pretty wedding was solemnized at the home of Mr. and Mrs. C. S. Woodward, 240 Ottawa avenue, on Thursday afternoon at 2:30 o'clock, when their daughter, Beatrice Maude, was united in marriage to Arthur H. O. Wakerley, of this city. The ceremony was performed by Canon Gunne, of Christ Church. The house was tastefully decorated for the occasion. The wedding march was delightfully rendered by Miss Dorothy Winget, niece of the bride. The bride, who was given away by her father, was dressed in white silk crepe de chine, with bridal veil, and attended by her sister Winifred, as bridesmaid. The groom was attended by Stanley W. Whitcomb. After the wedding breakfast the happy couple left by G. T. R. for Toronto and other eastern points. Mr. and Mrs. Wakerley will reside at 171 Tecumseh avenue on their return.

OPEN ON TUESDAY

Pedestrians Can Use New Bridge at Wharfedale Road Then.

City Engineer Asplund announced today that the Wharfedale road bridge would be opened to pedestrians on Tuesday of next week and by the middle of the month, when the approaches to the bridge are completed, the structure will be thrown open to vehicular traffic.

There have been a number of announcements as to when the bridge would be opened to the public, but Mr. Asplund said today that residents of West London and South London could positively use the bridge commencing Tuesday. Excavation work on Dundas street will, which is to be paved this fall, has enabled the engineering department to hurry the work on the approaches to the bridge because of the short haul of the dirt and gravel.

BOY RENDERS ENGINEER UNCONSCIOUS IN CAB

Komoka Youth Throws Stone That Disables London Driver at Throttle of Fast C. P. R. Train.

Struck in the eye by a stone thrown by a small boy, George Progers, 576 Oxford street, engineer on the C. P. R. passenger train, which arrives in London from the west at 7:20 p.m.,

was rendered unconscious in the cab of his engine near Komoka last night. The train was brought to London by the fireman.

Engineer Progers was immediately attended upon arriving in the city by Dr. W. J. Stevenson. The stone struck the engineer in the right eye as he was looking along the tracks, with his head partly out of the window. He recovered consciousness some time after. He may lose the sight of his eye, but his condition this afternoon was reported as fair.

LEFT WING AGAIN POINT OF ATTACK

Violent Efforts of Enemy To Break Through Prove Futile—Allies Are Holding.

[Canadian Press.] London, Oct. 2.—Commenting on the status of the battle in northern France, the correspondent of the Times at Paris, says:

"The violence of the battle seems to be concentrated for the moment on the left wing, which has prolonged itself to a point within 30 or 40 miles of the Belgian border, south of Arras. Through this line the Germans have attempted to break with the object of isolating the forces of the allies in the north. The combats in this region have been extremely violent, but the allies hold the enemy well in spite of the partial successes by the Germans."

All along the front of this immense line—the right, the left and the centre—the enemy has tried to break through in vain. Nowhere have the French yielded. On the contrary, they have steadily and methodically progressed, especially on the right wing. New progress has been made also in the Argonne region."

LITTLE WORK FOR LONDON CHINESE

Unemployed Among the City's Celestial Population Is Unprecedented.

BLAME WESTERN EXODUS

Influx From Prairie Provinces Gluts Labor Markets of East.

According to statements made by leading Chinese merchants and restaurant men in this city, the influx of Chinese in London out of work is unprecedented. Never, it is said, in the history of the city have there been so many Chinese here who are out of work, and who stand little chance of securing employment.

The reason given for the unusual situation is that there has been a great exodus of Chinese from the western provinces. Most of them are coming eastward, and this city apparently has more than its share.

The men congregate at many of the Chinese laundries and stores here, which are said to be a kind of employment bureau. When Chinese in other Western Ontario cities are in need of men they communicate with the bureau here, and are supplied.

While waiting for employment the men are given their board and lodging in return for which it is said they must work around the premises. Chinese here say that present indications do not promise any alleviation to the situation.

PRAYERS FOR PEACE IN CHURCHES SUNDAY

Ministers Will Refer to General Peace Day Services in United States.

From all church pulpits tomorrow, ministers will refer in their sermons to Peace Day, which is being observed in all churches of all denominations throughout the United States, in accordance with a proclamation issued by President Wilson several weeks ago.

The Canadian Layman's Missionary Association, through its secretary, Dr. Rowell, M. P., took up the movement in Canada. Mr. Rowell, in a speech at New York, shortly after President Wilson's proclamation had been issued to the churches, declared that the movement should be made continent-wide. Since then, many cities in the Dominion have decided to make Sunday, October 4, Peace Day.

Prayers for peace, and the end of the slaughter of human life in Europe, will be offered in all the churches.

THREATENS COMMITMENT FOR CONTEMPT OF COURT

London Manufacturer Declared To Have Ignored Court's Injunction.

An atmosphere of chewing gum again prevailed at the court house today, when a motion was heard to commit Percy H. Short, jail, on the grounds of contempt of court, for having violated the injunction of the court withdrawing him from using certain boxes and cartons for the sale of chewing gum. The plaintiff company, the Wm. Vigney Chewing Gum Company, alleges that contrary to the injunction issued in its action against Short, which was heard at the last assizes, the local man has continued to use the labels protected by the Wm. Vigney patent.

Justice Kelly, who presided at the weekly court, declared his opinion that the injunction has been violated, and stated that an order for commitment to jail will be issued against Short unless he immediately satisfies the plaintiffs forthwith that he will obey the order of the court. George S. Gibbons acted for the Wm. Vigney Company.

SEVENTY THOUSAND INDIANS IN FRANCE

Paris Expects Great Deeds From These Splendid Soldiers Who Are So Eager.

[Canadian Press.] Paris, Oct. 2.—Parisians are elated over the arrival of the seventy thousand British Indian troops, who have joined the allied armies in the field, and from whom magnificent work is confidently expected. These men are the flower of India's defense forces, and exhibit a wonderful keenness to meet the Kaiser's troops face to face.

The Associated Press correspondent learned at Metz from the adjutant of Prince Oscar, the fifth son of the Emperor, that the Prince on September 28, according to an official announcement, received the Iron Cross for his work in the field.

Today's casualty list contains about 9,600 names and includes a mention of the wounding of Prince Joachim, the youngest son of the Emperor, at Schaeftz, East Prussia.

EXCITEMENT TOO MUCH FOR PRINCE

Kaiser's Fifth Son, Called To Lead, Had Heart Cramp.

YOUNGEST SON WOUNDED

The Latest Casualty List Has 9,600 Names, Including Major-Generals.

[Canadian Press.] Berlin, Oct. 2.—9 p.m.—Via London, Oct. 2.—6:30 a.m.—Major-General Freiherr von der Horst, the commander of the Twentieth Infantry Brigade, was killed while leading his troops September 28, according to an official announcement tonight. He had previously received the Iron Cross for his work in the field.

Today's casualty list contains about 9,600 names and includes a mention of the wounding of Prince Joachim, the youngest son of the Emperor, at Schaeftz, East Prussia.

On the Spotlight

Moving pictures come for a week's stay at the local legitimate house next week. The papers of other cities describe the places as worth a visit, and the prices charged here are the same as in other places. The week following, beginning October 12, has had a rare confusion of announcements. The papers that know whether Marie Tempest or May A. Bell Marks is to be the attraction. Marie Tempest is announced today as coming on Thursday, giving day, which comes on the first day of the Marks' appearance. Marie Tempest comes back from England this season, and there will be a treat for theatregoers if she has been booked.

There will be a dearth of the theatrical attractions in the United States this year, and the producers are said to be already afraid of booking their productions on the Canadian side. Several new things have appeared in Toronto and business was fair, but it is said that James K. Hackett has given Broadway warning that the public is not in a mood for "heavy stuff" at any rate. Certainly James K. came to Canada when the depression following the announcement of war was at its height. A number of New York producers have been holding their productions back. They realize that at this time the theatre is a doubtful proposition. A farce may be the thing, but one or two "screams" have been cancelled. With so few new attractions it is not likely that many will reach this city.

In discussing an article which appeared in the last issue of this paper, the crowding of moving picture theatres, one of the managers made a point that is worth considering. While admitting that there was crowding he maintained that it is more the fault of the patrons than the management.

"Our records will show," he said, "that if a person will come early there will be room for all. We want the people to come to the theatre, but we do not think that they should remain for two shows, as many do. While there is no rule to cause them to leave until they feel like it, the fact is that many stay for more than one show, and the result is that some are kept waiting."

That is one of the most serious difficulties that moving picture managers have to contend with. If the people will leave as soon as they have seen the show through, there will not be half the crowding.

At the same time we have good reason to believe that within a short time a considerable addition will be made to at least one theatre in order to accommodate larger crowds.

Mr. C. E. Bernard is just about to open one of the prettiest little theatres in Western Ontario. It is the Grand Empire in East London. It has been completely remodelled and modernized. It has an indirect lighting system, the first of its kind in the West. It is a perfect apparatus for ventilation. Mr. Bernard will show the Universal pictures, and there will be no more of the "one show" and "two show" system. He intends to use fairly short films, and to give a show of variety, which will run the same length as the other houses. The house now has a seating capacity of 450 persons.

Tom Marks, leading man and director of the Tom Marks Stocking, playing several weeks' engagement in this city, is apparently a popular man with the youngsters.

Yesterday, as he was walking along Richmond street near Kent street, several hundred youngsters, led loose on protesting humanity by the ringing of the school bell at St. Peter's school nearby, fell upon him and scrambled out onto the sidewalk. They spied the big actor.

"There's Tom Marks!" a high treble piped.

Never did pursuing army make such a determined and whirling charge as did the shrieking mass of good citizens who surrounded the queer old man.

Caps were flung into the air and from several hundred throats rose shrill and high, several hundred yells in different keys, just to show that they were proud of their accomplishment.

To escape from the "attentions" that were becoming too numerous and frequent to be pleasant, Mr. Marks fled through the yelling, howling, whooping small boys who were having a good time and realized it as well as appreciated that fact with all the energy pent in their small bodies.

RELIEF COMMITTEE TO FIX PAYMENTS

Will Arrange Scale For Soldiers' Families at Meeting This Evening.

A meeting of the members of the patriotic relief committee will be held at 8 o'clock tonight when a definite basis for the payment of relief probably will be adopted.

In all likelihood the committee will decide on the Comaught basis, which according to the most generally accepted plan, provides for the payment of the relief of distressed families of soldiers on active service. Under this system the income from all sources of the family is taken into account, and if below \$30 a month, is brought up to that amount and an additional allowance is made for each child, varying according to the children's ages.

This basis would have been adopted by the London committee before this, but it was decided to wait to see if other similar bodies would adopt it also, so that the plan would be everywhere. As several committees have not taken action yet, however, it probably will be decided not to wait any longer.

STILL HARD AT IT

Western Fair Officials Finishing Up Work of Big Exhibition.

The offices of the Western Fair Association on Richmond street continue to be one of the busiest places in the city, and a visitor to Secretary A. M. Hunt's headquarters realizes that the conclusion of the exhibition does not mean the end of the work of the officials.

Ever since the fair closed Mr. Hunt and his assistants have been and still are working hard. The prices are not yet distributed, and some of the attendants at the exhibition grounds are still to be paid.

Until this mass of work has been done and Mr. Hunt has taken a needed vacation, no attempt will be made to compile statistics of the attendance figures. Mr. Hunt proposes to take two weeks' holidays, commencing about the middle of next week.

FUNERAL OF J. F. FENNEL

Relatives of Auto Accident Victim. Company Remains to Toronto.

The body of John Francis Fennel, killed in an automobile accident near Hyde Park on Thursday night, was sent to Toronto last night on the 4:25 Great Trunk train. A brother and a cousin of the dead man, who came to the city yesterday morning to make arrangements for the funeral, accompanied the casket on the train. They will take charge of the funeral arrangements.

SUPPORTS PLAYGROUNDS

Chairman A. E. Silverwood, of the playgrounds committee of the board of education, and Inspector of Public Schools C. B. Edwards, completed an inspection of most of the school playgrounds in the city this week.

Mr. Silverwood is an enthusiastic supporter of school sports, and believes in the motto that "All work and no play makes Jack a dull boy." Some recommendation, in support of this motto, will probably be adopted at a meeting of the playgrounds committee which will be held on Monday afternoon when Mr. Silverwood and Inspector Edwards will submit a report.

The recommendations of the committee will be considered by the board at a meeting Tuesday afternoon.

MANY NEW MEDS.

Registration of New Students More Than Last Year—18 Freshmen.

The registration of new students at the Western Medical College, as in the arts department university, shows a very considerable increase. Up to an early hour this afternoon eighteen had been enrolled, as compared with a total of first-year registrations last year of 16, and the figure is likely to go a good deal higher before registration closes on Tuesday.

Three Horses For Sale

Sealed bids addressed to the Board of Control will be received by the City Clerk until 4 p.m. on Friday, October 9, for the sale of three horses.

The city reserves the right to reject any and all bids, and to accept any bid. Any further information will be furnished by the Chief of the Fire Department.

JOHN AITKEN, Chief Fire Department. C. M. R. GRAHAM, Mayor. 324-2-6

NEWS

STOLE HIS "CAR".—Police have been asked to locate the boys who took a small toy car from a small boy residing at 179 Richmond street. The youngster was playing on the sidewalk near his home when several other small boys are said

Every Canadian Housewife Should Insist Upon "Sweetheart" and "Loyal Brands"

of Spices, Coffees, Mustards, Jelly Powders, Baking Powders, Flavoring Extracts, Etc.

"Sweetheart" Baking Powder

In Airtight, Dustproof Canisters
At 10c, 15c and 20c

"Sweetheart" Baking Powder is the ultimate result of twenty years of experiments in search of the finest and purest baking powder that could be made. Nothing but the finest ingredients are employed in the making of "Sweetheart" Baking Powder. Manufactured in a clear, sunlit room, where the best of ventilation prevails, it goes to you as clean and pure as the virgin snow. When next you bake a pan of biscuits, try this recipe. We're sure you'll be a constant user after:

Emergency Biscuit—Two cups flour; one-half teaspoon-salt, 1 teaspoon "Sweetheart" Baking Powder; mix and sift; rub 1 tablespoon butter. Mix to a thick batter with milk, drop by small spoonfuls on greased pans, and bake in quick oven.

"Loyal Blend" Coffee

"Loyal Blend" Coffee is the last word in Coffee perfection. Of specially selected berries, grown on the plateau lands of the finest coffee plantations in the world, it is unexcelled. There the finest berries are selected for "Loyal Blend" and shipped to us in dust-proof, air-proof receptacles. When it arrives at our plant it is stored in a specially-prepared store-room before being roasted by us. Then it is cut by us—note: not ground—by a new steel cutting process, which does not crush the berry. This leaves the natural flavor in the coffee. All chaff is removed by a vacuum process, and when you buy "Loyal Blend" Coffee at your grocer's in air-tight, dust and germ-proof canisters, you are getting the finest Coffee sold in the world today—and at a reasonable price.

Each canister contains a recipe for making delicious coffee.

"Sweetheart" Jelly Powder

Firm, perfect in color and guaranteed pure. They are manufactured by us of the choicest of fruits, selected by our buyers to make "Sweetheart" Jellies. Easily prepared, they make a delicious dessert, which is a favorite with all once it is tried. No trouble in making "Sweetheart" into any kind of mold, or in having it retain its clearness and body. It is excellent for garnishing meat dishes. It is also a favorite with children and is good for them, too.

"Sweetheart" Manna Tapioca—Another of our products which is easily prepared and easily digested. It is full of nutriment, and being a non-irritant, makes the finest of food for babies and invalids. It takes only a few minutes to prepare, and makes a delicious dessert. Try this recipe next time you are planning a dessert:

"Slice layer bananas, slice layer oranges, slice layer pineapple, pears or any fruit you like, and a few walnuts, one-half box "Sweetheart" Manna Tapioca, soaked in one-half pint of cold water half an hour. Then add one-half pint boiling water. Squeeze a lemon, sweeten to taste, pour over fruit and serve with cream or boiled custard.

"SWEETHEART" and "LOYAL BLEND" Brands are sold in the best grocery stores in Canada. Insist upon them. If your grocer does not keep them send us his name.

Write us today for a Recipe and Cook Book, containing hundreds of valuable recipes, which is Absolutely Free.

All Our Goods Are Manufactured In Our Sanitary Factory In London By Canadians.

DESCRIBES TRIP TO THE PACIFIC COAST

Miss Grace Blackburn Addresses Canadian Clubs at Normal School.

A most descriptive account of her trip to the Pacific coast, and the sixth convention of Associated Canadian Clubs, was given by Miss Grace Blackburn last night in the Normal School before a large audience composed of members of the Women's and Men's Canadian Clubs of London.

Step by step Miss Blackburn traced her route across Canada, drawing attention to its boundless prairies and vast mountains. The fact that a large part of western Canada was not peopled was deplored by the speaker, who said: "Why should there be one man in the world crowded for room, or one little child pining for air, while this great land stands empty?"

Described the Rockies. A very vivid description was given of the Canadian Rockies. Among these vast productions of nature man and his thoughts seemed puny and unworthy. In referring to the Fraser River, Miss Blackburn paid tribute to the explorers who in 1881 accomplished the difficult feat of descending its waters some 750 miles, in regard to Vancouver city, it was stated to be a city just completing its 25th year, with a population of 130,000. "It is the brightest, the busiest, and most beautiful city in the world," said the speaker.

The Evils of Speculation. Among the interesting addresses given at the convention were the president's address and that of Miss Raynor, of British Columbia, on education. The former drew attention to the fact that if Canada was to rise to the highest development it was necessary that the game of swapping real estate and gambling mines and other resources must cease. "We must no longer place our lands in the hands of speculators and real estate men. We must give the poor man a chance. Women are looking for soft jobs and soft hands and developing soft heads. We need strength of character in men and women."

Vote of Thanks Passed. A very hearty vote of thanks was passed to Miss Blackburn at the close of her address. F. P. Betts, closing the motion, seconded by Mrs. Donald McLean, Mr. Betts pointed out that Miss Blackburn represented not only London at the convention, but Ontario clubs as well.

The pleasure of the evening was largely added to by the singing of Mr. Alderson, who possesses a most pleasing baritone, rich in volume, yet sweet. Two of his numbers were: "All Through the Night," and "Annie Laurie." Miss Gladys Andrus accompanied him most happily. Following the program refreshments were served upstairs, where the table was prettily centred with red roses and mignonette.

IS AN HONORARY COLONEL

[Special to The Advertiser.] OTTAWA, Oct. 2.—The latest accession to the ranks of war is the Canadian minister of customs, the Hon. J. D. Reid is now an honorary colonel and as such has been identified with the fifty-sixth Grenville Regiment. He joins the honorary colonels brigade of which Col. Sir Robert Borden and Col. Sir John Robert Rogers are members.

Uniform Appeals to the Fair Sex

Even if the Scarlet Tunic Has Been Replaced by Prosaic Khaki, It Still Holds Its Charm.

To many a winsome London lassie in these breathless war times, the military uniform lends to the man inside an added attraction. Although the brilliant red tunic has been replaced by the more sombre khaki, it's all the same. It's still military, and being so, makes it hold the centre of the stage ahead of all else.

There is always an attraction about soldiers for everyone—particularly big girls and small boys. Just now, however, with their laddies volunteering for active service at the front, the uniform has attained an added popularity to the maidens.

Scenes around the local armories bear out this statement. Drill nights, when spectators are admitted, find many young ladies in the visitors' gallery watching the manoeuvres. Whether Tommy Atkins is a captain, a lieutenant or only a private, it's all the same to the particular girl who is following his every motion with her eyes. Yes, there's some decided advantages in wearing a uniform.

Military activities bring about some queer coincidences. For example: Two young men loved a certain young lady. One (the one whom she liked best) was a sergeant. The other had never been issued a uniform in his life. He was liked second best. In everyday commercial life No. 1 worked under No. 2. No. 2, knowing his chances were nil with the young lady, liked to "lord it over" the favored suitor. Anon No. 2 thought he would volunteer. He did. It happened he went into the section under his rival. Conditions then were reversed. The watching young lady realized that after about five minutes. Yes, there are advantages.

DEADLIER THAN WAR

Cholera More Formidable to Austrians Than Russians, Says Londoner.

That the outbreak of cholera in the ranks of the Austrian army is likely to prove a much more formidable enemy than the Russians, is the opinion of Maurice Wolf, 265 Dundas street, who has been an actual observer of the ravages of this dread disease.

In the eastern part of Russia, where Mr. Wolf spent his youth, epidemics of cholera are common in the fall, especially in the smaller towns, and he says that in one small town near Odessa he remembers one year when the disease more than decimated the population.

"It is terribly contagious," he told The Advertiser, "and very deadly. Of those who contract it more than 75 per cent die. The victims are buried as hastily as possible, often before their bodies are cold, to prevent the disease spreading, and all their clothes and personal effects are burned."

"An epidemic in an army would be very difficult to control. The only thing that could be done would be to impose absolute quarantine in any section where the disease made its appearance, and the difficulties in the way of doing that must be apparent. To my mind, if cholera has attacked the Austrian army it means that the army must cease to exist as a fighting force."

Mr. Wolf says cholera is caused by bad food. It usually disappears with the coming of very cold weather.

INTEREST GROWING IN SEMI-WEEKLY PRACTICES

Men of Seventh Fusiliers Are Developing Into First-Class Shots.

The keenest interest is being taken by the men of the Seventh Fusiliers in the semi-weekly rifle practice at the Cove ranges and they are developing rapidly into first class shots.

Up to the present their records have not been tabulated, but each man's score marked with his name and the date has been placed in a box on the range and today Capt. T. J. Murphy, the newly-appointed musketry instructor, will check up these and prepare a summary, showing what progress has been made.

The shoots are not in the nature of competitions, and his personal satisfaction is the only reward a man may hope to get by making a good score. Nevertheless, the spirit of rivalry is present always, and each man is keenly anxious to out-shoot his fellows.

Capt. Murphy officially takes over his new duties today and he is confident that this afternoon's turnout at the ranges will be the biggest yet.

WILL HOLD POULTRY SHOW ON OCTOBER 9, 10 AND 12

Local Thanksgiving Exhibition of Poultry and Pigeons Will Eclipse All Previous Showings.

The London Poultry and Pet Stock Association will hold its annual Thanksgiving show on October 9, 10 and 12. Entries close today. The show is a year promise to eclipse any previous exhibitions of poultry and pet stock held by the association in this city. All of the leading local poultry fanciers will be there with their winning birds and a keen competition is certain to be the result. The showing of pigeons this season will be a record-breaker. All the old-time exhibitors as well as many first-timers are preparing for the fight for red tickets. During the past year many new birds have been imported from England and all big city lots are acknowledged to be greatly improved. The attendance this year should break all records.

INDORSES ENGINEER FOR HIRING COMPETENT MEN

Real Estate Owners' Association Would Not Give Civic Positions to Friends of Aldermen.

City Engineer W. N. Ashplant has found able champions in the members of the Real Estate Owners' Association. The following resolution was passed by that body last night:

Resolved, that this association indorses the action of the city engineer in hiring men for civic positions that are competent instead of incompetents and friends of the aldermen and controllers.

BUYING HORSES IN ILLINOIS. ST. LOUIS, Oct. 2.—Two thousand horses for the British army have been selected by representatives of the British Government at the National stock yards here.

KEEP MINARD'S LINIMENT IN THE HOUSE.

Should Utilize Garbage Residue

Autoists Want Street Holes Repaired With Clinkers and Ashes.

That the clinker and ash from the city incinerator should be used to fill in holes in the gravel road and that the garbage men should fill these holes in their spare time is the suggestion made by a motorist to The Advertiser.

It is said that Garbage Superintendent Dodd made this suggestion to those in authority, but the suggestion was not taken up. The gentleman from the range of automobiles that the city streets are filled with chassis and creaks. It is a fine thing for the repair men, but is hard on axles and death to comfortable riding.

IN THE POLICE COURT

A Decorated Face. A black eye, a cut on his nose, and several cuts spread over his face, told the story when John McDonald, who claimed to be from Toronto, climbed wearily to his feet, when his name was called in police court today. John was charged with being drunk and disorderly.

The proprietor of the Bank Hotel stated in court that McDonald had thrown "bricks" through the bar window after the bartender had put him out on the street. P. C. Singleton happened along about that time and gathered up among the motley array in the prisoners' box, was on deck again this morning.

"I knew perfectly well when I let you go the day before yesterday, after just getting out from a term, that you would be back again," said the court reprovingly. "Five dollars and costs, or 15 days."

"Put me on the list," said Murphy. "The last time I was on I didn't drink for a year."

"I'll put you on the list, too," said his worship.

Remanded on Theft Charge.

When he was charged with stealing a coat, a pipe and a tobacco pouch, the property of West Snell, from an auto yesterday, John Snell pleaded "guilty" this morning. He was apprehended yesterday shortly after the theft had been committed by Detectives Robert Epleton and Harry Down. Shaw claims to have worked in Woodstock and Ingersoll in hotels, recently. He declared that he has a sick wife who he is keeping in the Salvation Army hospital in South London. His story will be investigated by Chief of Police Williams.

MILLION-DOLLAR LOAN FOR HYDRO-ELECTRIC

TORONTO, Oct. 2.—In order to take care of the extension of the hydro-electric system in different parts of the province, the provincial treasurer is issuing a loan of \$1,000,000 five per cent bonds. The loan demand is strong in view of the short term and the added one per cent interest. The proceeds of this loan will be used to retire advances up to this time from the banks.

"DRYS" OPEN FIRE IN REDUCTION CAMPAIGN

Will Wage Vigorous Fight To Cut Off Six Licenses in the City.

The first gun in the campaign for license reduction in the city was fired by the temperance forces yesterday afternoon, when a joint committee, composed of representatives of the W. C. T. U., the Men's Federation, and members of the various churches met in the Y. M. C. A., and drew up a form of petition, asking for the abolition of six licenses.

Ask Pastors to Co-operate. The secretary was instructed to send a copy of the petition to each of the city pastors, the Salvation Army, and other bodies who are co-operating in the work, and a committee was appointed to work in conjunction with these to secure as many signatures as possible.

By October 20 it is expected the petitions will be signed by a sufficient number of voters to justify the city council in bringing the matter to a vote, and the petition will be submitted to the city fathers early next month.

Plan Vigorous Campaign. From that time forward a vigorous campaign will be conducted, and the temperance people are confident that their efforts will be crowned with success.

WILL LAY CORNER-STONE

Ridout Street Methodist Church Will Be Dedicated Thanksgiving Day Service.

The corner-stone of the new Ridout Street Methodist Church will be laid on Thanksgiving Day, October 12, at 2:30 p.m. Rev. George N. Hazen, president of the London Conference, will officiate at the ceremony, which will include the regular service prescribed for such occasions, special music and addresses by members of the local ministry.

The committee in charge of the arrangements has not decided yet whom it will ask to actually lay the stone.

VETERAN ENGINEER FORMER LONDON MAN

George Harland Dies in St. Thomas After a Long Illness.

[Special to The Advertiser.] ST. THOMAS, Oct. 2.—George Harland, one of the oldest Grand Trunk railway engineers in Canada, died at his residence, 112 Main street, Friday. Deceased had been in poor health for several months.

Mr. Harland came to St. Thomas from London, Ont., in 1873, with the Great Western Railway, and continued with the Grand Trunk, when that system took over the Air line. He was placed on the retired list two years ago. He was in his 68th year, and was survived by four daughters: Mrs. Arthur Armitage, Mrs. T. Bellows, Mrs. G. E. Bowley, and Miss Harland, and two sons: Charles and Henry, both of St. Thomas.

ORCHESTRA ON STRIKE.

Oct. 2.—The members of the orchestra of the Orpheum, Gayety and Princess theatres having decided to go on strike in sympathy with the stage hands, the management of these places of amusement are filling their places with men.

Work For All

If the men and women of Canada will buy nothing but "Canadian-Made" Goods from now to January First, every workman in Canada will be employed and the country will enjoy a period of prosperity hitherto undreamed of.

Canadian manufacturers are doing their duty under present stress in endeavoring to keep plants running and men employed regardless of profits.

Good Canadians will show enlightened patriotism, as well as sound business common sense, by buying only "Made in Canada" goods, thus building up their own prosperity and looking after those who remain at home.

And "Made in Canada" goods offer equal value with those made anywhere else in the world.

Employ Canadian Dollars to Employ Canadian Workmen

CARNEGIE STEEL COMPANY TO REDUCE WAGE RATES

Notice Posted in Pittsburgh of Desire to End Agreement.

PITTSBURGH, Oct. 2.—Notices were posted in the works of the Carnegie Steel Company in the Pittsburgh district today that the company desired to terminate the wage agreement, which has been in effect fifteen years.

A. C. Dinkey, president of the Carnegie Company, which is a subsidiary of the United States Steel Corporation, said tonight that the company desired to prepare for a probable readjustment of the wage scale.

He said there had been a depression in the steel business on account of the European war, and that the company would be better able to deal with its

perplexities if not restricted by the present agreement. That any change in the wage scale would be for a short period and dependent wholly on business conditions was pointed out by Mr. Dinkey.

Card of Thanks. Mr. and Mrs. Stewart and family, Chelsea Green, wish to thank their many friends and acquaintances for their kindness and sympathy shown in their recent sad bereavement.

GERMANS SUFFER TERRIBLE DEFEAT

Routed in Two Provinces of Russian Poland.

LEFT CANNON AND RIFLES
Lost 30,000 Killed and 20,000 Prisoners.

(Canadian Press.)

LONDON, Oct. 2.—10:30 p.m.—A dispatch to the Central News from Rome says:

"The Russian embassy here has issued a communication which announces that the Germans have suffered a terrible defeat in the provinces of Lodz and Suwalki, Russian Poland."

"The Germans, the communication says, were attacked with extreme violence and compelled to flee from Suwalki, Ostrowiec and other towns, leaving behind them great quantities of transport and guns. Their troops threw away their rifles and baggage. Numerous cannon were abandoned in the quagmire."

Other telegrams from Petrograd, the Central News correspondent at Rome says, declare that the Germans have lost 30,000 men in killed or

wounded and 20,000 men taken prisoners.

GERMAN OPERATIONS HAVE ALL FAILED.

PARIS, Oct. 2.—9:20 p.m.—A dispatch to the Havas Agency from Petrograd gives the following official announcement:

"A division of Russian cavalry has obtained a brilliant success against the advance guard of Germans leaving Andrejew, government of Kielce, Russian Poland, in the direction of the city of Kielce. The enemy, surprised, threw down their arms and ammunition and fled, while the Russian cavalry cut up a lagging detachment."

"The German operations in Russian territory have nearly all failed, their artillery being defenceless on the roads, which are not mined. Most of the batteries become stuck in the mud as soon as they leave the principal routes."

PRZEMYSL ATTACKED FROM ALL SIDES.

LONDON, Oct. 2.—12:05 a.m.—Reuters' Rome correspondent says that news received in the Italian capital from the Russian headquarters is to the effect that Przemyśl, Galicia, has been attacked by the Russians on all sides. Two of the forts, it is stated, already have been taken and from these the Russians have been able to silence several Austrian batteries.

CHAMBERMAID GAVE ALL TO FATHERLAND

Rome Women in Rome Donate All Valuables to Fund.

(Canadian Press.)
Rome, Oct. 2.—10:10 p.m.—Via Paris, Oct. 2.—9:45 a.m.—A meeting, of the

German Prisoners Marching Through Antwerp

under guard of English troops, are being taken to ship to be removed to a prison camp in England.

German women here today to collect funds for a war present to the Fatherland. The women in attendance gave all the valuables they possessed, and a chambermaid insisted on giving her bank roll ending for 3,000 lire (about

\$600), though she was urged to keep part of it. The German women here sent to Germany three cars loaded with trappings for the wounded, made from their household linen.

BATTLE LINE IS NEAR TO BELGIUM

Allies Said to Have Reached Arras.

SHARP BATTLE AT ROYE
Germans Have Strong Force Near Turn in Line.

(Canadian Press.)

LONDON, Oct. 2.—9:20 p.m.—The battle of the Aisne, as it is still called, although the armies contending in it have spread far beyond that river, has been in progress just three weeks now, and no decision has yet been reached. The reports coming from Paris earlier in the week that the results of the Allies' operations were about to be attained, were premature, and from all appearances there must be more hard fighting before either side gives way.

The heaviest blows are being given and taken in the western area where, according to today's French official communication, an extremely violent battle continues, especially in the Roye district, where the Germans have concentrated considerable forces. The communication added that the action was extending more and more northward, and that the fighting front now extended to the district south of Arras.

This, apparently, was a modest account of the northward advance of the French, for private telegrams received in London actually had reached that the French actually had reached Arras. Stubborn resistance is being offered by the Germans in the vicinity of Roye, where earlier in the week, they succeeded in occupying the heights which they, however, were later compelled to give up.

Along the front from the Oise to the Meuse Rivers, according to the French report, only partial operations have been attempted by either side. Frontal attacks by the allies have, as a matter of fact, been discontinued, while the flanks are fighting for ascendancy.

Germans Fall at St. Mihiel.
On the allies' right the Germans have made another attempt to cross the Meuse at St. Mihiel, where they got across last week. The German attempt to regain this ground, which they had abandoned when threatened on their flank by troops from Toul, was made yesterday when they tried to throw a bridge across the river. The bridge, however, according to the French report, was destroyed during the night.

The Germans, who are supposed to have had the assistance of heavy Austrian guns, apparently have failed in their first attempt to pierce the outer line of forts at Antwerp. Official reports and statements by correspondents say that none of the Belgian forts have been severely damaged, and that the German infantry attacks were repulsed with heavy losses to the attackers.

May Stop Antwerp.
The opinion is expressed here that the Germans do not intend at present to make a serious attempt to besiege Antwerp, and that the purpose of keeping the Belgians within the fortress and stopping sorties, which were disconcerting to the Germans occupying the rest of the country, and occasionally disconcerting their plans.

Again reports are in circulation that the Germans are making preparations to evacuate Belgium, or at any rate, that portion as far east as Brussels. It is said that their forces in Brussels are packing up. Still another rumor has it that the German staff headquarters has been removed from Luxembourg to Mainz.

Great Battle Near Cracow.
The battle which promises to be the greatest and most important of the eastern campaign has commenced near Cracow, Galicia, where an Austro-German army estimated to number 800,000 men is endeavoring to check the Rus-

sian advance. This combined Austro-German army has occupied a line just inside the Russian Poland frontier from Cracow through Czenstochowa to Kalisz and has had lots of time to prepare defensive positions. Both sides are bringing up reinforcements. The Germans are hurrying their forces from Breslau and the southwest. All the Bohemian and Moravian railways are congested with German troops and war material.

German Invasion Fails.
The German plan for an invasion of Russia from East Prussia has failed, according to Russian official reports. The reports say the Germans got as far as the western bank of the Niemen River but found strong Russian forces in the hills on the eastern bank. Being in low and marshy ground the Germans, according to the Russian viewpoint, were at a disadvantage and could not advance.

A fight is now in progress at Miranopol, near the northeastern Prussian frontier, while further south in the Suwalki district, the Russians claim to have turned the Germans' retreat into disorderly flight.
More heavy fighting is taking place at Augustowo, 140 miles northeast of Warsaw in the province of Suwalki, where the Germans have received reinforcements and been able to take the offensive. At Grajewo, 25 miles southwest of Augustowo, the Russians have again entered German territory, and at Alawa the Russians claim a victory over the Germans.

NEW HYDRO LINE FROM EAST LONDON TO LUCAN

[Special to The Advertiser.]
LUCAN, Oct. 2.—Word has been received here that plans are being prepared for a new hydro line to run from London via St. Johns to Lucan. It was stated to The Advertiser today that the new line will run from the London Asylum Adelaide street, north on Adelaide to the Seventh Concession of London Township, west to St. Johns and from there north to Lucan.
A sub-station will be erected at St. Johns and a line will be built from there to Masonville if it is needed. It is stated that work will be commenced on the line before long.

BABY ECZEMA BECOMES CHRONIC

Causing Great Suffering and Anxiety—Prompt Relief and Cure by Dr. Chase's Ointment.

This is one reason why every mother should know about Dr. Chase's Ointment, since it is an unfailing cure for all itching skin diseases.
Mrs. F. Clarke, Belmont, Mass., writes: "My baby had eczema on her ear. The sore was very bad, and nothing seemed to do her much good. Hearing of the remarkable cures Dr. Chase's Ointment was making, we sent for some, and after the third application the sore began to heal. I am glad to say that it is quite well now, and we give the credit to Dr. Chase's Ointment. We cannot recommend this preparation too highly."

Here is another letter, which tells of the cure of a five-weeks-old baby: Mrs. Wallace Minton, River John Road, Colchester County, N. S., writes: "My little girl took eczema when she was five weeks old. Though we doctored her until she was nearly a year old, she got no better. I was advised to use Dr. Chase's Ointment, and this treatment completely cured her."

CURE HIS DRINKING

It Can Be Done and Will Save His Future—His Work—His Life.
Often our best and cleverest are those on whom the drink disease fastens. It is a disease, for the inflamed stomach sets up that terrible craving that makes men forget their promises and all that is near and dear to them.
Alcure is guaranteed to give satisfaction or money refunded. It removes the craving, soothes the nerves, builds up the system, and renders drink distasteful. Alcure can be had at our store, \$1.00 per box. Alcure No. 1 is tasteless and odorless and can be given secretly. Alcure No. 2 is the voluntary treatment. Try it today. Ask for free Alcure booklet. W. T. Strong, druggist, 184 Dundas street, London.

INLAND REVENUE RETURNS

Show Falling Off for Month of September.

The inland revenue collections for September totaled \$34,764.26, the separate items being: Spirits, ex-warehouse, \$7,474.57; malt, ex-warehouse, \$6,216.93; raw tobacco leaf, ex-warehouse, \$13,759.77; cigars, ex-warehouse, \$258.50; cigars, ex-factory, \$4,732.72; cigar license, \$50; other collections, 72c.
The total collections for September, 1913, amounted to \$33,345.15, so that last month shows a falling off as compared with the corresponding month of last year of \$3,578.89, or approximately 10 per cent.
This year's figures for September include the collection of back duties payable under the new tariff regulations which were made retro-active. The extra collections on this score amounted to several thousand dollars.

KETTLEWELL - ROEMMILE

At the Presbyterian home in Appin, on Wednesday, the marriage took place of Miss Iva Isabella Roemmle, third daughter of Mr. H. Roemmle Jun., of North Elkhart, to Mr. William Kettlewell of the same place.
The bride looked charming in a beautiful pale blue silk crepe gown, trimmed with cream over lace, and carrying a bouquet of bridal roses.
Mr. and Mrs. Kettlewell left on the evening train from North Appin to spend a couple of weeks, visiting with relatives in Windsor, Detroit and Chicago.
After their return, they intend residing on Mr. Kettlewell's farm at North Elkhart.

AUSTRIANS CLAIM MARKED PROGRESS

Deny Absolutely That 40th Hungarian Honved Division Was Annihilated by Servians.

[Canadian Press.]
Vienna, Oct. 2, via London, Oct. 3.—12:40 p.m.—An official communication signed by Field Marshal Potiorek has been given out here, and is as follows: For the past two days our troops in Servia have been attacking the enemy. Up to the present time our offensive movements against the enemy, who is strongly fortified in positions further protected with barbed wire entanglements, have proceeded slowly, but favorably.

"There has been started with energy a movement to clear the regions in Bosnia which have been disturbed by Servian and Montenegrin troops and irregulars.

The announcement from Servia concerning the annihilation of the 40

THE LOCAL MARKET

The local market this morning was not as large as last Saturday's, but was a good-sized one, nevertheless.

Potatoes are still selling at the rate of 50c a bag, but as there is a large supply, they will probably be cheaper before the day is out. Cabbage were 2c cheaper, corn, cauliflowers and pumpkins being a little dearer.

Oats have dropped again, and are now selling at \$1.40 per cwt.

Wheat has gone down 5c a bushel. There has been so little wheat appearing on the local market that prices are hard to fix. The price this morning was \$1.05 per bushel.

Creamery butter is easier, selling at 25c to 30c.

All the butchers' meats remain firm, with the exception of spring lamb, which is 1c easier.

Poultry and fruit prices remain unchanged.

Grain, Per Cwt.
Wheat, per cwt. \$1.40 to \$1.53
Oats, per cwt. 1.40 to 1.40
Barley, per cwt. 1.40 to 1.40
Corn, per bu. 45 to 51
Potatoes, new, 50 to 60
Potatoes, per bag, 70 to 80
Beets, per doz. 15 to 15
Pickling onions, quart 10 to 10
Onions, per doz. 20 to 20
Lettuce, per doz. 20 to 20
Cucumbers, each 1 to 1
Cabbage, each 5 to 8
Tomatoes, per basket 25 to 25
Radishes, per doz. 20 to 20
Gherkins, per 100 25 to 40
Turnips, per 100 25 to 30
Carrots, 3 bunches 5 to 5
Corn, per doz. 5 to 12
Cauliflower, each 8 to 10
Mushrooms, each 10 to 15
Pumpkins, each 6 to 10
Citrons, each 15 to 15
Squash, each 15 to 15
Celery, each 5 to 10

Fruits.
Peaches, per basket 50 to 1.00
Apples, per bu. 40 to 50
Pickling pears, bu. 100 to 100
Pears, per bu. 1.00 to 1.00
Crab apples, basket, 25 to 25
Grapes, per basket, 25 to 25

Hay and Straw.
Hay, per ton, 11.00 to 14.00
Straw, per load, 7 to 8
Straw, per ton, 50 to 8.50

Dairy Products.
Butter, rolls, 27 to 28
Butter, fancy, retail, 30 to 33
Butter, creamery, lb. 23 to 31
Butter, crock, retail, 15 to 15
Eggs, state, wholesale 25 to 26

New SIX

FIVE-PASSENGER.

\$1450

SEVEN-PASSENGER, \$1,875.

Two body styles: Five-Passenger and Seven-Passenger Touring. Wheelbase—121 inches. Long Stroke (5-inch), Small Bore (3 1/2-inch) Motor. Six Cylinders, in Bloc. Smokeless, Non-Leaking Lubrication System. Larger Valve Openings. New, Exhaust-Silencing Muffler. Annular Piston Rings. Cellular Radiator. Lighter Reciprocating Parts. Crowned Fenders. Lightened Clutch Operation. 150 Pounds Lighter. 15 1/2-inch Brakes. 34x4-inch Tires on Q. D. Demountable Rims; Safety Tread on Rear.

Roomier Front and Rear Compartments. Continuous Aluminum Foot Board. One-Man Type Top. Built-in Rain and Clear Vision Ventilating Windshield, Attaching Rigidly to Top. Scientific Anti-Rumble Gasoline Tank in Cowl. Magnetic, Non-Leaking Gasoline

Gauge, the only One Approved by Insurance Underwriters. Full-Floating Rear Axle. Shaft Locking Into Taper at Hub. Full Equipment of 13 Timken Roller Bearings. Irreversible Steering. Interlocking Ignition and Lighting Switches. 24 Finishing Operations in Painting Bodies Studebaker Blue.

New FOUR Touring Car \$1250

Two Body Styles: Five-Passenger Touring, Three-Passenger Roadster. Wheelbase—108 inches. Long Stroke (5-inch), Small Bore (3 1/2-inch) Motor. Four Cylinders, in Bloc. Exhaust, Manifold Cast Separate. Smokeless, Non-Leaking Lubrication System. Larger Valve Openings.

Pressed Steel Push-Rods. Annular Piston Rings. Tubular Radiator with Auxiliary Water Tank. Crowned Fenders. Special Dimming Headlights. 100 Pounds Lighter. Hot-Jacketed Schaebler Carburetor Bolted to Cylinders.

Magnetic, Non-Leaking Gasoline Gauge, the only One Approved by Insurance Underwriters. Generous Footroom in Both Compartments. 34x4-inch Tires on Q. D. Demountable Rims; Safety Tread on Rear. One-Man Type Top. Built-in Rain and Clear Vision Ventilating Windshield, Attaching Rigidly to Top. Full-Floating Rear Axle. Shaft Locking Into Taper at Hub. Full Equipment of 13 Timken Roller Bearings. Irreversible Steering. Push Dash Equipment. Extra Rim and Carrier. 24 Finishing Operations in Painting Bodies Studebaker Blue.

New FOUR Roadster \$1250

A three-seated Roadster that actually seats three grown persons in perfect comfort. Driver's seat set slightly forward. A special top, baggage compartment at rear, etc. Same general specifications as FOUR Touring Car.

The New

Studebaker Automobiles

One-Profit Cars Because They Are Studebaker Manufactured Cars

Today—or tomorrow—go to the Studebaker store and see the new Studebaker models, FOUR and SIX.

Two types of each—five-passenger SIX and seven-passenger SIX; FOUR Touring Car and FOUR Roadster.

You will find them competing with cars that sell at prices \$500 higher; and you will also find them showing higher quality throughout.

Studebaker prices are lower because these cars are completely manufactured in Studebaker plants, carry but one profit, and impose no middleman's tax on the buyer.

But we do not want or ask you to consider Studebaker Cars solely on price.

If you ask why they are better—why they give and always have given thorough satisfaction—consider the aims, ideals and honesty of purpose behind them; the quality of Studebaker materials; the vast extent and intensiveness of Studebaker manufacturing methods; the excellence of their engineering design; and the fact that in each and every important or vital particular these cars welcome comparison with the highest priced.

There is only one way by which Studebaker quality can be put into a "Four" or a "Six" to sell at Studebaker prices.

That is the Studebaker way, which means complete manufacturing and the elimination of the parts middlemen and their extra profit; not the assembled or semi-manufactured way.

Complete manufacturing, its economies and the excess value it puts into the cars represent the Studebaker ideal.

In the case of the Studebaker, millions of dollars are invested in plants, machinery and special equipment.

Our huge production and sales turn our investments into manufacturing economies—we can well afford equipment the cost of which must be prohibitive to any producer whose output is smaller than Studebaker.

For example, we maintain the largest and most completely equipped laboratories in the automobile industry, which not only work out the special formula for Studebaker steels, but test and analyze the steels to be certain they are up to specifications.

We maintain huge heat-treating plants for the heat-treatment of vital parts, like gears, axle shafts, front axles, etc.

We make our drop forgings in our own forge shops.

We cast and machine and build complete every Studebaker motor.

We make our springs in our own spring plant.

We make our bodies and tops in our own body and top factories.

In short, we make a greater proportion of the parts for Studebaker cars than other producers make for their cars.

And being complete manufacturers, we can and do make the parts of Studebaker cars of better, stronger, longer-wearing materials; and put better value into the cars at a stated price.

Ride in the new Studebaker and you will see the result of Studebaker complete manufacturing.

If you are not expert enough to appreciate this value, ask the advice of some man who is expert.

He will tell you that the way the Studebaker sticks to the road is due to its perfect balance, and that, in turn, is due to scientific design—complete manufacturing.

He will tell you that the lack of vibration is due to perfect fit and alignment of parts—again the result of complete manufacturing.

"MADE IN CANADA"

AUSTRIAN CAPITAL MAY BE REMOVED TO A SAFER PLACE

ROME, Oct. 2 (via Paris, Oct. 2).—A great impression has been produced by a report circulating in diplomatic circles here, to the effect that the Austrian Government, in view of the present situation, is urging Emperor Francis Joseph to transfer the court and seat of government to either Prague or Salzburg. It is asserted that the emperor dislikes the project, because

of the effect which would be produced throughout the empire. Prague is better adapted for a provisional capital, but it is objected to, it is said, because of the hostility of the Bohemians. At Salzburg the emperor would have a magnificent castle as a residence, but there would be poor accommodations for the Government officials.

GERMAN CRUISERS DESTROY FINE TOWN

Papeiti, Port of French Island of Tahiti, Bombarded—Gunboat Sunk.

[Canadian Press.] BORDEAUX, Oct. 2.—12:40 a.m.—The German cruisers Scharnhorst and Gneisenau, on Sept. 22, bombarded and had destroyed Papeiti, principal town and port of the French island of Tahiti, the most important member of the Society group in the Pacific Ocean. Such is the news received here by Minister of Colonies Gaston Doumergue. The cruisers also sunk the dismantled French gunboat Zelee, a sister ship to the Surprise, in the harbor, and then put out to sea.

Japs Threaten Chinese Unless Troops Remove

PEKING, China, Oct. 2.—1:10 a.m.—The Japanese Government has requested China to remove the Chinese soldiers from the railway line that connects Tsing-Tau with Tsi-Nan.

BRITAIN TO REVISE ITS CONTRABAND RULE

Holland Can Import Foodstuffs Without Fearing Interference.

[Canadian Press.] LONDON, Oct. 2.—9 p.m.—Further communications were exchanged today in London by the British and American Governments with regard to contraband.

It can be stated on high authority that the British Government is contemplating revision of its proclamation relating to contraband. Such goods as foodstuffs consigned to Holland in neutral ships are to be unmolested, of course, since Holland has placed an embargo on the exportation of foodstuffs, and other changes will, doubtless be announced very soon in the lists of contraband.

Says German Staff Has Gone Back To Mainz Fort

[Canadian Press.] LONDON, Oct. 2.—1:05 p.m.—In a dispatch from Amsterdam, the correspondent of the Central News says advice reaching there today from Brussels set forth that there is every reason to anticipate the early withdrawal of the Germans from the Belgian capital. Wounded men are being sent back to Germany, he says, and the German official documents are being packed up. Continuing, the correspondent says he has learned from a good source that the German general staff has left Luxembourg in 80 motorcars for Mainz.

SUNDAY IS PEACE DAY IN NEW YORK

Special Services in Nearly All Churches, With Appeals For Relief Work.

[Canadian Press.] New York, Oct. 2.—According to announcements, churches of all denominations in New York city and immediately vicinity will observe Peace Day tomorrow, in accordance with the request of President Wilson for prayers for world peace.

Secretary of State William J. Bryan will deliver the peace address in Carnegie Hall at the Free Synagogue service tomorrow. He will be the first of a long list of speakers.

In nearly all churches appeals will be made for the relief of women and children in Europe. A special appeal is also made for starving children in Serbia, by the Archbishop of Belgrade, head of the Serbian Church.

Laymen of the Episcopal Church plan to follow up Peace Sunday with appeals to bankers, lawyers and all other business and professional men to work for peace. About fifty New York rectors will preach on "The Call to Men" on Sunday, October 11, and a mass meeting will be held on October 16.

MINARD'S LINIMENT RELIEVES NEURALGIA.

Prisoners of War Work for Captors

Upper pictures show how Germans make their British prisoners of war labor in the field.

Lower picture shows how the French authorities make their German prisoners of war clean up the debris from the streets.

BRITISH AND FRENCH TROOPS BELIEVE VICTORY IS NEAR

ON THE BATTLE FRONT—VIA PARIS, Oct. 2.—9:31 p.m.—A thrill was in the air all along the extended allied lines today. The French and British troops who have been over a fortnight in the closest contact with the Germans felt that they had accomplished their hard task of preventing the Germans from breaking through the human barrier erected between them and their main objective, Paris, and that this meant eventual victory for the allies.

The lines of the trenches make the battle front appear like deeply scarred fields. The allies, who quickly learned the lesson in burrowing, at some places faced the Germans within a quarter of a mile. Their field entrenchments offer admirable shelter from the effects of the German artillery, which consequently reduces their casualties and permits the allies to await in comparative safety the German attacks, which must be made across the open, and often at terrible cost.

GERMAN FURY UNABATED. The fury of the German onslaughts was unabated today, especially on the western wing; but their every effort was met with vigor by the allies, who seemed to vie with each other in throwing all their strength and courage against the attackers.

The scene of the most violent attacks changes day by day. The Germans, finding it impossible to penetrate the allied lines in the vicinity of Rheims and Soissons, quickly transported many of their divisions farther northwest, and today hurled them against Reims. Again they failed, although tonight they had not ceased their efforts to batter down the resistance.

The allies' great turning movement continued today, and their western wing extended toward Arras.

HUNDREDS OF GERMAN PRISONERS. Reports from the other end of the line on the frontier show the progress of the allies to be slow but sure. Hundreds of German prisoners fell into the hands of the allies at every point, and it was remarked that among them the majority were Bavarians, who seem to have been prominent in the front of the German attack. Spies are so numerous along the front that orders have been issued stating that any German in civilian dress encountered will be considered a spy, and those furnishing him with clothes will be regarded as accomplices. Germans who do not surrender on the first summons to do so will be executed.

The order says that any group of more than three armed Germans found behind the allies' lines will be considered as ghouls and shot, while every person committing robberies on the battlefields, whether civilian or soldier, will be court-martialed.

TWO GERMAN AUXILIARIES SUNK

LONDON, Oct. 2.—10:25 p.m.—A dispatch to Lloyd's Agency from Bordeaux says it is officially announced that a French gunboat has sunk two German auxiliary ships, the Rhios and Itolo.

GERMAN AEROPLANE CHASED BY JAPANESE

Was Trying to Attack Warships, But Failed.

[Canadian Press.] Tokio, Oct. 3.—A German aeroplane from Tsing-Tau has made two attempts to attack Japanese warships; neither was successful. Japanese aeroplanes went in pursuit of the German aircraft, and were subjected to bomb fire.

A captive balloon, which has been seen above Tsing-Tau has been hauled down. It is believed to have been damaged, but to what extent is not known.

IF GREECE FIGHTS, WILL BE FOR ALLIES

LONDON, Oct. 2.—4:55 a.m.—A dispatch to the Express from Rome states that it is reported there that Emperor William of Germany has sent a telegram to the King of Greece warning him that if Greece enters into a war against Turkey, Germany will not guarantee the future existence of Greece.

King Constantine replied, the dispatch declares, that if any of the Balkan states took up arms on either side, Greece would declare for the Triple Entente.

[Canadian Press.] London, Oct. 3.—10:10 a.m.—A Copenhagen dispatch to the Central News says that the German general staff has announced that no correspondent, painter or photographer will be allowed in the future at the German frontier.

GERMANS DRIVEN BACK BY BELGIANS

Repulse Efforts of Invaders on Antwerp Forts.

BLOW UP A BRIDGE

Prevent Enemy From Making Progress Against Termonde.

[Canadian Press.]

LONDON, Oct. 2.—8:20 p.m.—The Antwerp correspondent of the Exchange Telegraph Company has sent the following dispatch:

"The German attack on the fort and approaches of Koningshoek (one of the new forts on the outer line) was last night repulsed.

"A violent attack on Termonde was repulsed at 2 o'clock this morning, the Belgians blowing up the bridge (over the Scheidt).

"The Belgians undertook a counter-attack from Antwerp Friday morning on the front of the eastern position. This still continues."

GERMANS STRICKEN WITH TYPHOID.

LONDON, Oct. 2.—5:05 p.m.—It is reported in Amsterdam, telegraphs the correspondent of the Central News in that city, that 800 German troops on the lines between Brussels and Antwerp are suffering from typhoid fever.

VILLAGERS FLEE INTO ANTWERP.

AMSTERDAM (via London), Oct. 2.—A dispatch to the Telegraph from Antwerp says:

"The population of all the villages between the first and second rings of forts surrounding the city are fleeing into Antwerp, but there is no panic here. The inhabitants feel certain that help will come.

"Fifty thousand refugees have arrived from Ghent, 5,000 from Bruges, 3,000 from Coutrai and 2,000 from Oostend.

"Behind, and in the enemy's lines, in the Provinces of Brabant, Limburg and Hainaut, Belgian volunteers have succeeded in blowing up the railway track at ten places, besides destroying bridges and viaducts."

Notice To The Public

WE, the undersigned, representing the Merchants of London who desire to serve the best interests of the City and Dominion, pledge ourselves to do our utmost with a view towards controlling retail prices in London that they may not increase beyond the means of the citizens during the present war. It will be understood that prices may increase, but we, as loyal Canadians, promise to carry on our business with the least margin of profit possible.

War was unavoidable and Canada must do her share. We firmly believe that the merchant who attempts to gouge the public at a crisis, such as this, is as much a traitor to his flag as the man who sells the plans of a fortress.

Despite the fact that the great nations of Europe are engaged in war, the people of Canada must eat, sleep, buy clothes and carry on the usual routine. War does not mean ruination unless unscrupulous merchants seek to wring blood money out of the people. We are all going to stay in business and do everything we can to protect our customers. It is entirely unnecessary to purchase your stock all at one time. Forget the war during business hours—Great Britain cannot lose.

TO REMOVE BLACKHEADS.

Sprinkle a little Po Theoline (procu-
rable at any drug store), on a hot, wet
sponge, and rub briskly over the af-
fected parts; then rinse, and note how
the blackheads have disappeared. Any-
one troubled with these unsightly im-
purities should certainly try this remedy.

Fruit-growers will find John Shar-
man, representative of E. D. Smith,
nursery stock, etc., at Darch & Hun-
ter Seed Company, Market entrance
Thursdays and Saturdays.

**TROUBLED WITH CANCER, TUMOR

ST. ANDREW'S CHURCH

WELCOMES NEW PASTOR

**Auditorium Crowded at Re-
ception of Mr. and Mrs.
D. C. McGregor.**

A packed auditorium marked the re-
ception tendered Rev. and Mrs. D. C.
McGregor at St. Andrew's Church last
night. It was the first time that many
of the members of the congregation
had heard Mr. McGregor speak, the call
having been extended to him without
any personal conferences between the
church and the newly inducted pas-
tor.

In replying to the address of welcome
that was made by David Ross, Rev. Mr.
McGregor expressed his appreciation at
meeting with those who were to form
his congregation during his pastorate
here. Mr. McGregor's words made a
marked impression on the audience, and
it was easily seen that they felt their
choice had been a wise one.

Mr. McFarlane Remembered.
C. R. Somerville spoke briefly on Mr.
McGregor's work along social lines be-
fore accepting the call to this city. At
the conclusion of his remarks he pre-
sented Rev. Hugh McFarlane with a
purse of gold on behalf of the con-
gregation, as a token of the good wishes
of the members for his faithful ser-
vice since he has been connected with
the church. Mrs. C. E. Wheeler, on
behalf of the Ladies' Aid of the church,
presented Mr. McGregor with a gown.

Presentation to Mr. Mitchell.
A purse of gold was presented by T.
H. Purdon, K.C., to Rev. Thomas Mit-
chell, who, as moderator, was
chiefly responsible for bringing Dr. Mc-
Gregor to London. Rev. J. G. Stuart,
of Knox Church, officiated at the de-
votional exercises.

A pleasing repertoire of musical selec-
tions was given by members of the
church. Solos by Chris Pink, Miss
Elsie Smith and W. A. McCutcheon,
brought forth many encores.

At the conclusion of the program, a
dainty luncheon was served by the
ladies, while music was furnished by
school orchestra. A. E. Silverwood pre-
sided.

**VISITING EXPERT HAS
HIGH PRAISE FOR
CANADIAN RAILWAY.**

Mr. A. E. Goff, of the Great Indian
Peninsula Railway, has just concluded
his tour of the Dominion. He declares
that he has been greatly impressed
with the progress made by Canadian
railroads, and by the Grand Trunk and
Grand Trunk Pacific, in particular.

The intensity of the Grand Trunk
system's mileage and the unlimited pos-
sibility of further extension first im-
pressed him, he says.

"Next, the remarkable engineering
obstacles of bridging and tunnelling
which have been overcome in linking up
so huge a system, apart from the ven-
ture of the undertaking at a time
when the present rapid development
could hardly have been foreseen.

I was particularly struck with the
good understanding which exists be-
tween the executive and the staff. The
result of this mutual confidence was
manifest in the local enthusiasm and
efficiency of the various departments
of work at headquarters in Montreal,
as well as elsewhere, and made for a
general esprit de corps which is not
often met with. Outside the office
atmosphere the same spirit was
evinced between the travelling public
and the staff. The hotels of the Grand
Trunk are wonderfully homelike and
surprisingly cheap.

"The 'Chateau
Laurier,' one of the finest hotels in
the world, is suitably located and a
truly magnificent building. The meth-
od of dealing with passengers' luggage
strikes one as remarkably simple and
effective, and is a real time and worry
saver. On the commercial side, the
grain elevator, and the many other
things that interested a stranger, and
so did the large freight terminal I had
the privilege of going over. Another
noticeable feature that impressed me
was a little note of the unselfish efforts
made by one and all to see that traf-
fic, not merely in a concrete sense but
in individual merchandise, was expedi-
tiously transported. This regard for
commerce has evolved itself into a sys-
tem known as the 'manifest freight
service,' whereby it is within the re-
gion of possibility to keep an eye not
on each whole trainload of impor-
tant merchandise, but on each carload,
as well from the moment of dispatch
from shipping point, as they term it in
Canada, to destination."

LONDON'S NEWEST THEATRE

The attention to the Empire The-
atre, on Dundas street, in East London,
are rapidly nearing completion. The
seating capacity has been increased to
about 1500. A new ventilating system is
being installed, which will insure a good
supply of pure, fresh air at all times.
Another feature of the new picture
machine has been purchased, thereby
doing away with the annoying waits
between pictures. The lighting fixtures
are of the latest full indirect type,
which throw a beautiful flood of mel-
low light throughout the auditorium,
and yet a light bulb cannot be seen
anywhere by the audience. A new pic-
ture machine is being placed in po-
sition; with this screen absolutely
perfect protection of the picture is
guaranteed, even with all the house
lights on. These and many other im-
provements, which Mr. C. E. Bernard,
owner of the theatre, is having instal-
led, will make the Empire Theatre the
most up-to-date picture playhouse in
Western Ontario. The policy of this
theatre will be to present only the latest
and best photographic material. The
opening is expected to take place on
Monday night, Oct. 12.

**OTHER SOCIETIES
BLAME PATRIOTIC
FUND CAMPAIGN**

**Say It Seriously Affected
Their Revenues For the
Present Year.**

**LACK FUNDS TO AID POOR
Relief Committee Has Money
But Is Hampered by Con-
stitution's Wording.**

A peculiar condition has arisen as a
result of some ambiguity in the word-
ing of the constitution of the patri-
otic relief fund, and as a con-
sequence, while distress among the
wives and families of soldiers who
have gone to the front is being re-
lieved, other cases of distress are being
neglected, and the relief fund is
financially brought into disrepute, with-
out the committee has not the power
to deal.

Originally the fund was intended for
the relief of general distress in the
city, but according to the constitution,
relief is not to be given except to the
wives of soldiers, only in cases of
unemployment and distress resulting
from the war.

The interpretation the executive has
placed on this clause is that it ap-
plies only to men and women who are
out of employment and in a condition
of actual distress, and distress, which
is a direct result of the war. Unem-
ployed persons who apply to the
committee are referred to the em-
ployment bureau, and, where possible,
work is secured for them, but in
many cases no work is available, and
in these cases the application is sub-
mitted to the chairman of the relief
committee, who decides whether or
not under the terms of the constitution
relief can be given.

Hard To Determine.
Up to this point no relief has been
given out of the funds at the com-
mittee's disposal of the difficulties in
the way of determining that unemploy-
ment and consequent distress are the
direct results of the war being almost
insurmountable. Then the real diffi-
culty crops up. The employment
bureau refers the applicants to one
or other of the charitable institutions,
but practically all of these are without
funds except in the case of the Vin-
cent de St. Paul organization, which
is in a position to take care of dis-
tress among the Roman Catholics of
the city all through the winter.

It is said, if any woman
would have subscribed to the funds of
these institutions gave to the patriotic
fund instead, and were not able to
give for other purposes.

Suggestion Made.
A suggestion may be put forward
that the patriotic relief committee
guarantee the funds of the various
charitable bodies, which are ordinari-
ly take care of distress arising
from general causes. In the mean-
time, however, dozens of people in the
city are waiting for employment or means
and acute suffering is the result.

Before systematic payment can be
made out of the fund, however, the
committee must ascertain what other
sources of income, if any, a woman
has. That is, if she is receiving the
government separation allowance of
\$20 a month, but nothing else, she
would receive out of the patriotic fund
\$10 a month. The general feeling is
that, where a soldier makes arrange-
ments for his wife to receive part of
his pay while he is away, this should
not be taken into account in distrib-
uting the fund, but this point has not
yet been decided.

Information Is Required.
In any case, before systematic pay-
ments are made, the committee must
learn from an authoritative source that
the husband actually has left with the
continent. Many of those who went
to Ypres, or other front-line towns, were sent back
at the last moment.

In the meantime the immediate needs
of the families left behind are being
suffered for by means of contributions
of meat, shoes, clothes, coal and
other necessities, and in some special
cases, which have to be submitted
to the executive, by small payments of
money to cover arrears of rent and
so forth.

**PATRIOTIC CONCERT AT
ARMORIES DRAWS CROWD**

Excellent Program Given Under
Ausps of Seventh Reg-
iment Chapter, I. O. D. E.

The patriotic concert given under
the auspices of the Seventh Regiment
Chapter, I. O. D. E., at the Armories
last night, drew large crowds to the
night. What was easily the hit of
the evening was the singing of "It's a
Long Way to Tipperary," by Chris
Pink, as played by the Seventh Reg-
iment Band under the direction of
Bandmaster Albert Slater.

As an encore, the song was sung by
a lusty chorus, consisting of a detail
of men from the Seventh Regiment,
who paraded the drill floor in uni-
form.

The band gave many popular num-
bers that drew hearty encores. Among
them were, "Lorraine March," "Festal
Overture," and a tubular bells selected
by Corporal Traher.

A recitation by Vincent Perry on the
"Battle of Passchendaele" brought rounds
of applause as did the work of the
pupils of Mrs. Henderson, in Scotch
and Irish dancing. They are Misses Jean
Walker, Marion Stark, Irene Anderson,
Teresa Cooper and Kenneth Dunne.

**"Fruit-a-lives" Keeps Young
and Old in Splendid Health.**

J. W. HAMMOND, ESQ.

Scotland, Ont., August 25, 1913.
"Fruit-a-lives" are the only pills man-
ufactured, to my way of thinking. They
work completely, no gripping whatever,
and one is ready for any ordinary pa-
son at a dose. My wife was a martyr
to Constipation. We tried everything on
the calendar without satisfaction, and
spent large sums of money, until we
happened on "Fruit-a-lives." I cannot
say too much in their favor.

"We have used them in the family for
about two years, and we would not use
anything else as long as we can get
"Fruit-a-lives."

"Their action is mild, and no distress
at all. I have recommended them to
many other people, and our whole fam-
ily uses them."

"J. W. HAMMOND."

Those who have been cured by "Fruit-
a-lives" are proud and happy to tell a
sick or ailing friend about these won-
derful tablets made from fruit juices.

Fifty cents a box, 6 for \$2.50, trial size
25 cents. At all dealers, or sent on re-
ceipt of price by Fruit-a-lives Limited,
Ottawa.

**450 EVENING STUDENTS
FOR INDUSTRIAL SCHOOL**

75 Full-Time Pupils Are Already En-
rolled for Day Classes.

A highly encouraging report on the
prospects for the coming term was
presented last night to the Industrial
School committee of the board of edu-
cation by H. B. Best, principal of the
Industrial and Art School. He stated
that 75 full-time day pupils had been
enrolled; and that over 450 applica-
tions had been received for entrance to
the evening classes.

The committee decided to establish a
class in higher academic work for
girls having high school entrance
standing. This was done in conformity
with a recommendation made by Dr.
Merchant, superintendent of technical
schools for Ontario.

It was decided also to add six new
evening machines and other machinery
to the equipment of the school.

**EVERYBODY LOVES
A LADY FAIR**

And a Lady Can Have a Fair,
Clear Complexion by Using
Stuart's Calcium Wafers
After Each Meal.

You women ought to hear some men
rave over a beautifully clean and
clear skin. There is nothing that so
charms a man as a woman as this.
Where there are pimples, blotches, liver
spots, etc., the complexion is ashy and
filled with impurities. Clear the blood
and these defects disappear at once.
That is what Stuart's Calcium Wafers
do almost beyond belief.

Stuart's Calcium Wafers are known
to hundreds of thousands of men and
women. Perhaps some of the faces you
admire now were made beautifully free
from skin blemishes by Stuart's Calcium
Wafers.

You won't be always worrying about
what your friends and strangers think
of your "broken-out" face, if you give
these wonderful little wafers a chance.

That's because they go right to the
seat of the trouble, the blood, driving
out all impurities, strengthening it,
toning it up. And when the blood is
clear the skin is free from blemish.

Stuart's Calcium Wafers are perfectly
harmless and may be taken freely by
anyone. They contain absolutely no
mercury, no poisonous drugs, no opiates.

Stuart's Calcium Wafers contain Cal-
cium Sulphide, and mild alterative—
every doctor prescribes them a hundred
times a year. They are the most effec-
tive blood-purifiers known to man.

It doesn't matter whether you have
blackheads and pimples, "something
awful" or boils, fever, rash, carbuncles,
eczema, liver spots or a muddy com-
plexion, try Stuart's Calcium Wafers
and get a surprise in a short time.

Buy a box from your druggist any-
where. All druggists keep them in stock.
Price, 50c. A small sample package will
be mailed free to anyone who will ad-
dress F. A. Stuart Company, 175 Stuart
building, Marshall, Mich. Absolutely
Free.
