HOHENZOLLERN IN FRESH CONSPIRACY AGAINST ALLIES?

Statesmen Suspect He is Planning Monster German Federation

IS KAISER AT BACK OF INTRIGUE?

Statesmen Believe Ex-German Ruler May Yet be Plotting Against Allies

ABDICATION VOID? Lord Insists Fangs of War Not to be Drawn—Not Wanted in Holland

By Courier Leased Wire
 London, Nov. 18.—The rumors that William Hohenzollern, the former German emperor, may possibly return to Germany as suggested by the Berlin Lokal Anzeiger's hint that he would not be refused an entry to that country, have created a considerable stir here. They are featured by several of the morning newspapers as creating an uncertain situation which is rendered more doubtful by accounts of the work of the German propagandists in several countries.

The fear mainly is that the former emperor would sooner or later become the centre of a reactionary movement in Germany, when the revolutionary storm has subsided. The advocates of the return to his former empire.

On the other hand the fact of the former ruler placing himself in the hands of the new rulers of Germany would be welcomed in other quarters. These rulers, the Morning Post argues should be able to execute judgment upon him and in so doing would only be acting as fitting instruments of justice.

There is, everywhere, however, agreement in the idea that the emperor's presence in Holland is intolerable, and it is insisted that he must somehow be made impotent to do further mischief. The reports from Holland show that the uninvited guest is being more and more unwelcome there, notwithstanding his quiet retirement. Belated advice from the Hague show that the Dutch Socialists, after a long session on Friday last, their objection to his presence, and demanded that he be transported. A dispatch to the Daily Mail from The Hague reports that the German Socialists council in Antwerp on Thursday passed a resolution that the "Soldiers' and Workmen's Council in Berlin demand the extradition of the former emperor and the former king, as well as certain generals. The resolution expresses belief that the emperor exercises too much influence in Holland and forms the centre of counter-revolutionary intrigues.

The Daily Express sees the possibility of a plot to trick the Allies and create a federation far exceeding in strength and resources the former German empire. In the course of an article this newspaper contends that the former emperor is back of Chancellor Ebert, former Chancellor Maximilian of Baden, and Field Marshal von Hindenburg, and it lays emphasis upon the fact that the emperor signed no formal abdication and issued no valedictory message. A number of leading Allied diplomats and statesmen, including Lord Robert Cecil, under secretary of state for foreign affairs, believe that something is brewing in Germany in the direction of a plot to trap the Allies. The Express declares, "The facts appear to indicate, it adds, the existence of a plan to foment social revolutions in Holland and Switzerland and possibly in Sweden through pro-German agitators. It is also desired according to these indications, the newspaper declares, to foment social revolution in allied countries, to provide for the eventual return of the former emperor to Germany, the restoration of the old regime and the formation of a greatly extended German federation."

Lord Robert Cecil Says Britain Would be Justified in Seeking Redress

By Courier Leased Wire
 London, Nov. 18.—Replying to an allusion by Arthur Ponsonby, member of Parliament for the Stirling district of Scotland, that there were rumors of Great Britain sending a military expedition to Russia, Lord Robert Cecil, under secretary of state for foreign affairs, said today in the House of Commons that he could give no information without consulting with the War Office.

He reviewed the grave offenses of the Bolshevik Government, saying: "If they had been committed by any civilized government Great Britain would be justified in seeking redress by force of arms." He declared that the Bolshevik Government was entitled to no consideration whatever from the British Government.

CITY TAKES OVER CONTROL OF COAL

Delivery of All Fuel Will be Regulated From the Central Office

By Courier Leased Wire
 Amsterdam, Nov. 18.—(By the Associated Press).—The first step since the founding of the German Empire the "Marseillaise" was played by a German band leading a procession down Unter den Linden to-day.

It is believed that Hugo Haase, secretary for foreign affairs, and Wilhelm Dittmann, secretary of domestic affairs, transport, justice and health are expected to hold the situation in the new republic. It is believed that the more moderate members of the government are not disposed to rigidly exclude bourgeois elements from the government. The Reichstag is apparently deserted by its former colleagues.

At a meeting of the government on Friday, the German premier told the Vossische Zeitung on Friday that the government was firmly determined to summon the Constituent Assembly, but that it was impossible to effectively hold the elections before January. By which time the troops will have returned home. He considered untenable the objection that delay would hinder the gathering of the peace delegates.

Basel, Nov. 18.—Foreign Minister Baur of the German-Austrian Government has sent an address to President Wilson confirming the proclamation of the German-Austrian republic and expressing the hope that President Wilson in accordance with his principles support the efforts of Germany in Austria to effect a union with Germany. He points out that this is the same as recognizing the rights of the Poles, Italians and Jews to unite with neighboring lands outside of Austria-Hungary.

The foreign minister also hopes that Mr. Wilson will announce an early discussion of peace, preliminary and concludes by saying that the government is constituted of representatives of all parties and has no need to be afraid of the peace conference. This task, however, has been difficult because of the lack of food, the blockade being said to threaten famine.

OLD LIBERALS AND LABOR PARTY OPPOSE L. GEORGE

Stage is Set For General Election in Britain; Political Interest Submerged, However, by the Attention Paid Closing Events of War

By Courier Leased Wire
 LONDON, Nov. 18.—By the Associated Press.—In normal times the country would be in a fever of excitement over the election. Interest in politics, however, show submerged under the greater interest in the closing events of the war.

The political situation is peculiar because there is only one man in the field, and there is no concentrated opposition to him. All factions approve of Premier Lloyd George's reconstruction plans, as far as they go. What opposition exists is divided into sections.

The fact is the old Liberal organization, led by former Premier Asquith, which opposes the election as untimely, principally because only 40 per cent. of the soldiers, according to their estimates, will be able to vote. They say the soldiers have the greatest claim to a vote in the settlement of the war.

The other section is the Labor Party, which has its own program, including the nationalization of railways, mines and other public works, with compensation to the owners. Lord Northcliffe's papers and the leading Liberal organs invite the premier to be more specific in the statement of his plans, and ask him to tell how he proposes to secure land for the soldiers, which is one of the chief planks in his platform. They ask how he will pay for this land, and how he will finance his proposal for the extensive building of workmen's houses.

CALAMITY, SAYS ASQUITH

By Courier Leased Wire
 London, Nov. 18.—Herbert H. Asquith, former premier, in delivering an election speech at Claxton Hall, Westminster, tonight, said that when the whole future development of the world was in the crucible, it was both a blessing and a calamity that the country should be plunged into the tumult of a general election.

He said his case against holding an election was greatly strengthened by the fact that the men most entitled to exercise an opinion on the reconstruction of affairs—the soldiers in the field—would be unable to vote. The House of Commons which will be brought into existence, he said, will be of such a nature as to lack the right authority.

He said that he was prepared to give fullest support to any government which grappled with the problems of reconstruction on progressive lines, but he added: "When the lion and lamb lie down together, it is something to be feared, and that the lion has not lost its taste for live mutton."

Mr. Asquith contended that the country was so much agreed on peace aims as it had previously been in accord on war aims, and that the international council chamber would act with the indisputable mandate of a united people. Moreover, he said, there was no vital divergence about essential transitional measures, at home necessitating immediate election.

Referring to the restraint in criticism and debate which has prevailed, Mr. Asquith said: "We must get back as soon as possible to the old atmosphere of freedom. There is no government and no parliament but will benefit thereby. I advise the Liberals to take a straightforward course; to keep their

eyes open and their hands clean." Mr. Asquith declared the value of free trade had been proved by the war, because it had enabled Great Britain to bear virtually the whole heavy burden of the alliance. Referring to the numerous points of policy advocated by Premier Lloyd George, which the Liberals can fully support, he deprecated in the strongest language conflicts between members of the Liberal party.

He said he would refuse to countenance opposition to any Liberal candidate who had been true to his pledges to the party. He said that the anomalous conditions under which the country had been living for the past few years must be terminated. He referred not merely to restrictions on personal liberty and freedom of speech, but said even compulsory military service must be ended.

Off to Meet Sir Wilfrid

Leaders of the Reform party in the county met at the town hall here yesterday afternoon to appoint delegates to meet Sir Wilfrid. H. R. Donly, president of the county organization, occupied the chair. The resignation of Mr. J. Porter as secretary-treasurer was tabled, and W. E. Kelly, E. C. O'Connell, and W. E. Kelly, E. C. O'Connell, were appointed to the "off to meet" party.

The proceedings were quite formal. Practically no business other than that indicated above was transacted, and the meeting, there were upwards of seven-hundred present, broke up without any expression of gratitude that the war is about over, without three cheers for Laurier or even the usual "God Save the King" or the National Anthem as a break-away.

The delegates appointed follow:

South Riding—Oliver Burnham, Pt. Rowan, Mrs. Henry Sinclair, Pt. Dover.
Simcoe—W. E. Kelly, Mrs. J. E. Austin.

GERMAN NAVY EMBARKS ON SURRENDER AT SEA

Grand Fleet Will Haul Down Its Flag to Betty This Week

London, Nov. 18.—The greatest and most dramatic naval surrender in the world's history takes place today. Admiral Sir David Beatty of the British Grand Fleet has stipulated details for the delivery of the fleet of Germany to the British. The terms of the armistice granted to Germany, and that Admiral Beatty of the German navy had promised their prompt surrender on official statements had been issued. As yet, no announcement has been made as to the precise time of their delivery or as to the ports in which they will be interned.

Admiral Beatty Represented

London, Nov. 18.—The Times' naval correspondent writing on the subject of the submission of the German fleet, says:

"The surrender in accordance with the armistice conditions will be made to a British fleet of the Grand Fleet in France and America, as well as our own, are represented. In its outward signs the business cannot fail to be impressive.

The Significance of Surrender

"There is another significance which attaches to this act of submission, for it represents the non-fulfillment of one of the principal purposes for which the German navy was created—to protect Germany's sea trade and colonies.

List of German Vessels

A Berlin telegram received in Amsterdam gives the list of the vessels to be handed over:

Battleships: Kaiser, Kaiserin, König Albert, Kronprinz Wilhelm, Prinz Regent Luitpold, Markgraf, Grosser Kuruerst, Bayern, König and Friedrich der Grosse.

KEENAN AND LEE PLAN TO REVEAL CANADIAN LEAGUE

Form Circuit of Montreal, Ottawa, Toronto, Brantford, Hamilton and London

London, Ont., Nov. 18.—Joe Joe Keenan, the local baseball leader, has been working quietly for the past few weeks, planning for a revival of the Canadian Baseball League for next summer in a most comprehensive manner. He is in communication with George "Knotty" Lee of Toronto and expects matters to be brought to such a point that organization will be started shortly in the various cities this winter.

"The time is ripe with the cessation of war to get things started this winter," said Mr. Keenan, but I am not much in favor of the taking in of any New York State cities, as I believe that a league composed of purely Canadian cities would prove a bigger success, and one that every Canadian would take deep interest in."

There is a disposition on the part of the soldiers and population to forget the war. Their hopes everywhere are placed on President Wilson, who they expect to come quickly to their assistance with provision. It is on this condition solely that it is possible to maintain order.

MUSIC AND Drama

GENERAL POST

A thoroughly delighted audience filled out of the Grand Opera House last night after witnessing the English comedy success, "General Post." The title has no reference to any general as such, but simply to an old English post office and the various participants change places at frequent intervals. In like manner the play shows the changed places brought about by the war. Sir Dennis Broughton, the husband of the old lady, with all the social prejudices of his class, having together with a superior officer and the latter's wife, finally contrive to bring about a match between the daughter of the house and the tailor (now brigadier-general), although there had been a big rumour in the village had caught the fancy of the same Betty. The very clever production is from the pen of the same author as "The White Feather," a playwright who is not yet thirty years old. It was certainly one of the most notable of modern successes.

President Wilson has decided to

As far as Wilson is concerned
matters are still at too close range
to permit of a proper perspective of
him. He has occupied the unique
position of securing a second term
mainly because he kept his country

almost immediately thereafter taken
the step which openly ranged the
United States against Germany.

THE BRITISH CONTEST
In the British election, which takes
place on December 14th, after lack of
any fight for many years, there will
be many new and unknown elements
to be considered. One of the notable
departures consists of the fact that
the contests will take place on the one
day, instead of dragging over some
three weeks as hitherto.

The numbers of members to be
elected will be 701—31 more than the
present membership of the House.

NOTICE
Increase in Subscription Rates
Commencing Dec. 1, 1918
The subscription rates of the Brantford Daily Courier and the Brantford Daily
Expositor, commencing December 1st, 1918, will be as follows:
Delivered in Brantford and Vicinity, 45c. per month
By the year, Paid in Advance, \$5.00 per annum
By Mail, " 4.00 per annum
Single Copies, 2c.
After publication of this notice, payments in advance on subscriptions will only
be accepted to December 1st at the old rate, after that at the new rate.
This advance in subscription rates has been made necessary by the tremendous
increase in the cost of white paper, the price of which has recently been fixed by the
Paper Controller at Ottawa. By this one item alone thousands of dollars are added to
our annual cost of production, and in addition, labor, presses, stereotype supplies, type
and all other items of expense have enormously advanced in price during the last few
years.
Even at the new rates the Brantford papers are only now charging prices which
have been in force for some time back on almost all the other daily newspapers publish-
ed in this section of the Dominion. In many cities the subscription rates are very
much higher.

Thanks Tendered Fire Department

Chief Lewis and the members of the Fire Brigade wish to acknowledge with many thanks a cheque and the following letter:

November 18th, 1918.
Daniel J. Lewis, Esq.,
Chief, Fire Department,
Brantford, Ont.

My Dear Chief,
I desire to express to you and the members of your Department my appreciation of the services rendered during the recent fire which threatened to destroy my house and which but for the prompt and efficient service rendered by you would have undoubtedly resulted in the total destruction of the house and its contents. Through the efforts of the Department my library, which to a great extent I could not have replaced, was completely saved and the fire was subdued without unnecessary flooding the premises with water, and considering the fierceness of the fire the loss was kept as low as possible.

The City of Brantford has a very valuable service in an efficient Fire Department.

Will you kindly accept and use as you see fit the enclosed cheque.

Yours sincerely,
W. T. Henderson.

VICTORY LOAN TOTAL FOR ALL CANADA \$676,027,217

Ontario Alone Raised Well Over \$300,000,000 - Final Figures Announced Last Night

Toronto, Nov. 19.—The most surprising and magnificent effort which the Dominion of Canada has ever made was the 1918 Victory Loan.

While the final returns were received last night it was found that the City of Toronto and all the other large cities in Canada, the Province of Ontario, and all the other provinces, with one possible exception, the Dominion as a whole, appeared to forget that there were such things as objectives for the objectives were left as far behind that they seemed unimportant things. Toronto, for example, started with an original objective of \$80,000,000, and did not stop until the wonderful total of \$344,984,100 had been raised up.

The Province of Ontario, setting out with the aim of raising \$250,000,000, at half the loan, returned the astonishing total of \$329,620,000, which is grand total for the Dominion, as announced at Massey Hall last night, was \$676,027,217.

Some idea of the extent to which other provinces exceeded their objectives may be gathered from the following figures, though with regard to Prince Edward Island it should be remembered that the returns are not complete.

Table with columns: Province, Objective, Subscriptions. Includes British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Montreal, Quebec, New Brunswick, Nova Scotia, P. E. Island.

Records of Cities
The Ontario cities are also entitled to much credit for the part they played in filling up the provincial total, the following being the returns issued through the Ontario executive showing amounts subscribed and per capita:

Table with columns: City, Amount, Per Capita. Includes Belleville, Brantford, Chatham, Galt, Guelph, Hamilton, Kingston, Kitchener, London, Niagara Falls, Peterboro, Sarina, St. Catharines, St. Thomas, Stratford, Welland, Windsor, Woodstock, Saint Ste. Marie.

Quick to Go.
Doctor—You are as sound as a

Patient—I hope I last longer
than one, doctor.

Petticoats And Frills.
"What's the objection to petti-
coat government?"
"Some people appear to be afraid
it will lead to too many frills."

A Compromise.
A vacationist just returned, relates
having overheard this bit of bucolic
dickering:
"Hiram, when are you going to pay
me them eight dollars for pasturin'
your heifer? I've had her now for
about ten weeks."
"Why, Sam, the critter ain't worth
more'n ten dollars."
"Well, s'posin' I keep her for
what you owe me?"
"Not by a jugful! Tell you what
I'll do, though—keep her two weeks
more an' you kin have her."

Her Reasoning.
Settlement Worker—Does your
husband have steady work?
Poor Woman—I think so, mum;
at least, he's never out of the work-
house more than a week at a time.

Real Patriotism.
"My wife has decided to buy a
Victory Bond instead of a new
gown."
"Fine. Greater love hath no wo-
man than this, that she will give up
a new gown for any cause whatso-
ever."

Everybody Accommodated.
Tommy—(just off train, with con-
siderable luggage)—"Cabby, how
much is it for me to Litchford?"
Cabby—"Two shillings, sir."
Tommy—"How much for my lug-
gage?"
Cabby—"Free, sir."
Tommy—"Take the luggage, I'll
walk."

One Casualty.
Following a night skirmish, a
Tommy appeared at a field dressing
station.
"Oh, a bullet in the leg," he de-
clared.
"Where?" asked the doctor.
"That's the funny thing about it,"
said the soldier. "I don't feel it,
and I can't find it, and I walked all
the way here, but my leg is all blood
from the hip down."
"Come into the light," commanded
the doctor.
Investigation disclosed a punctured
and empty canteen. The water had
seeped down the soldier's
breaches and he had decided that it
was blood.

The Hurst Tire.
Uncle Bill, hearing an explosion in
the immediate neighborhood, said to
his small nephew, sitting in the auto-
mobile beside him: "Get out Jimmy,
and look at the tire, and see if it
is flat."
"It looks pretty good," said
Jimmy upon inspection. "It's only
flat on the bottom side."

Great Stunt.
"You seem fascinated."
"I was watching that mule twitch
his ears."
"Eh?"
"If I could do that, what a com-
edian I'd be."

NEW ROUTE TO WESTERN
CANADA
On your next trip to Western Can-
ada why not travel over a new route,
using two famous trains on your
journey and traversing some of the
most interesting territory in the Do-
minion? The International Limited
of the Grand Trunk will carry you
from Montreal to Toronto, where
another famous train, The National,
starts on its west-bound flight to
Winnipeg. The National is a through
train which leaves Toronto at 8:35
p.m. on Tuesday, Thursday and
Saturday. The rails of the Grand
Trunk are used to North Bay, which
is reached early on the morning fol-
lowing the departure from Toronto.
A daylight run is made through the
lake-land beauties of the Temiskam-
ing and Northern Ontario in Coch-
rane, calling at Cobalt, with its
wonderful mining activity. From
Cochrane to Winnipeg your journey
lies over the Canadian Government
Railway with splendid opportunities
of inspecting the fertile regions of
New Ontario, including the famed
clay belt, where tens of thousands of
settlers will make their homes in the
future. The three railways have
combined to make the passenger
service over this new route, of the
highest possible standard. The great-

there is no added expense for rail-

other route. For further particulars

By Courier Leased Wire
Washington, Nov. 18.—The Su-
preme Court refused today to review
the case of Thomas J. Mooney, labor
leader, under sentence to die Decem-
ber 13, for murder in connection
with a bomb explosion two years ago
in San Francisco. Mooney's counsel
appealed to the Supreme Court after
a long fight in California to appeal
decisions of the state courts. In
asking the Supreme Court to review
his case, Mooney charged that his
conviction had been obtained
through fraud on the part of the
district attorney, who had use of

not discovered, he claimed, until
after his conviction, but efforts to

After the reading and confirming
of the minutes, the treasurer, Mrs.
Jordan, gave her financial state-
ment. It showed the balance of
\$150.85. A further report showed
the members had filed and forward-
ed 78 Christmas stockings.

Rev. Mr. Jenkins called the at-
tention of the members to a cam-
paign to be conducted this first of
next week to provide a fund to care
for the families in the city who have
suffered in the recent epidemic. The
Chapter pledged its support in this
laudable enterprise, and voted \$50
towards the fund.

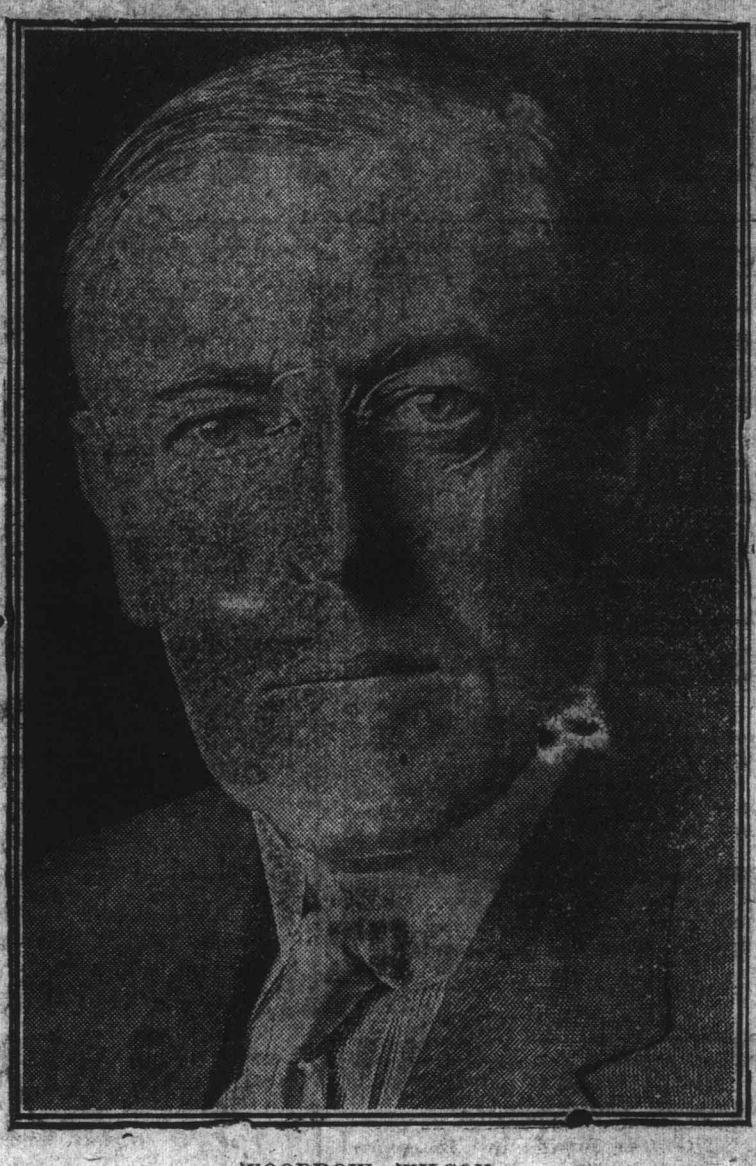

An appeal from the Navy League
at Halifax was splendidly supported
in this connection the Regent is giv-
ing the \$15 prize which was won by
her car in the Victory Loan parade.
This amount will be supplemented
sufficiently to fill 10 bags for our gal-
lant sailors.

Mrs. Gordon Smith introduced the
following resolution, which was
adopted:
"Whereas it has pleased Almighty
God to bring a glorious victory to
our arms and navy,
And whereas many of our mem-
bers have freely and gladly sent their
husbands and sons to uphold the
honor of the British Empire,
And whereas many of them have
paid the supreme sacrifice in order
that liberty, justice and righteous-
ness might prevail,
And whereas the wonderful bless-
ings of peace have, after four long
years, come to us again,
Therefore, we, the members of
the I. O. D. E. at our
regular meeting, November 18th,
1918, do humbly express our thank-
fulness to God that He in His in-
finite goodness and mercy has once
more granted peace to reign on the
earth. And we again tender our lov-
ing sympathy to those of our chap-
ter who have lost their dear ones
through this war. Their noble sacri-
fice has not been in vain."
Mr. Smith, of Kitchener, was
present in connection with the pro-
posed series of entertainments to be
given by the Legion Bureau under
patronage of the chapter.

The singing of the National An-
them brought the meeting to a close.

POPE AFFIRMS
HIS SATISFACTION
Expresses Pleasure at Solution
of Austro-Italian
Territorial Problems
Rome, Nov. 17. The Osservatore,
Roman, the official Vatican organ,
today prints a letter from Pope
Benedito to Cardinal Caspari, the
papal secretary of state in which the
pontiff says that after the recent
happy success of the Italian armies
of the Apostolic See there were ef-
forts made to excite in the Italian
public mind the belief that the Pope
had experienced some regrets over
the victory. The latter points out
that in a papal letter of the first of
August, 1917, and on other occa-
sions, we have expressed repeated
wishes that the territorial questions
between Austria and Italy receive
a solution conformable to the just
aspirations of the people, and re-
cently we have given instructions to
the nuncio to Vienna to establish
friendly relations with the differ-
ent nationalities of the Austro-Hun-
garian Empire, which are now con-
stituted independent states."

COST OF LIVING
STILL AVIATING
Prices Continue to Ascend
During Last Month
of the War
LABOR DEPT. REPORTS
By Courier Leased Wire
During October, the last full
month of the war period, the cost of
living in Canada was still ascending,
according to figures compiled by the
Labor Department at Ottawa. This
statement applies both to the index
number of wholesale prices, which
rose approximately four points as
compared with September and the
weekly budget of staple foods. This
budget averaged \$13.54 in some 60
cities as compared with \$13.31 in
September and \$11.81 in October,
1917. The retail price of meats was
slightly lower than in September, but
eggs, milk and butter were higher.

The department reports that the
loss of time on account of industrial
disputes amount to 65,969 working
days. This was less than in Septem-
ber, but greater than in October,
1917. The percentage of unemploy-
ment among trade unions was less
than one per cent on October 1, but
this condition was disturbed by the
influenza epidemic.

CONGRATULATORY
MESSAGES EXCHANGE
Sims to Wemyss, and Persh-
ing to Haig — Praise
For the U. S.
By Courier Leased Wire.
London, Nov. 16.—(Delayed) —
Congratulatory messages have pas-
sed between Admiral Sims, command-
er of the naval forces in European
waters and Vice-Admiral Wemyss,
British first sea lord:
"It is a fact patent to all the
world that the defeat of Germany in
a large part was accomplished by the
power of the British navy," said Ad-
miral Sims.

Vice-Admiral Wemyss replying
wrote as follows:
"We recognize with feelings of
gratitude the debt we owe the United
States navy for its whole-hearted
support during the past 18 months,
not only in the anti-submarine cam-
paign and the intensive mine laying
program, but also in sending its bat-
tle squadrons to reinforce the grand
fleet."
"We do not forget that your de-
stiny came to our assistance at a
moment when our small craft were
feeling the severe strain of three
years of continuous warfare. We
admire the singleness of purpose
which actuated your every effort and
approach to the full the loyal way
in which you have worked with us
throughout."

"The close co-operation between
our two services has, I venture to
think, been one of the outstanding
features of the war. Future genera-
tions in both navies will always re-
member their predecessors who
worked shoulder to shoulder during
these momentous times to uphold
right and justice."
Pershing to Haig.
London, Saturday, Nov. 16.—(De-
layed) —Field Marshal Haig pub-
lishes the following telegram in a
special order of the day:
"From General Pershing, Nov. 11:
"My Dear Marshal—
"Please accept my hearty greet-
ings and congratulations and those
of the American Expeditionary
forces, which we send you and the
armies under your command on this
day. It has indeed been an honor
for the American troops to fight be-
side your British veterans in the
war against tyranny of militarism.
The new associations we have form-
ed will be cherished ever."
From Field Marshal Haig, Nov.
13:
"I am greatly touched by the kind
message you have been good enough
to send to us. The whole British
army joins me in sending our heart-
iest thanks and greetings to you and
the American forces in France, who
so greatly contributed to the present
successful issues. We shall ever
remember the devotion of your
troops in dangers and difficulties
which we shared in common in the
recent great battle, and we heartily
reciprocate the feeling you express
that our new relations may be de-
veloped and continued through all
time."

CLIP THIS AND PIN
ON WIFE'S DRESSER

Warns women against cutting corners
and says they lift right
out.

Because style decrees that women
crowd and buckle up their tender
toes in high heel footwear they suf-
fer from corns, then they cut and
trim at these painful pests which
merely makes the corn grow hard.
This suicidal habit may cause lock-
jaw and women are warned to stop
it.
A few drops of a drug called free-
zone applied directly upon a sore
corn gives quick relief and soon the
entire corn, root and all lifts out
without pain. Ask the drug store
man for a quarter of an ounce of
freezone, which costs very little, but
is sufficient to remove every hard
or soft corn or callus from one's feet.
This drug is gummy, but it dries
in a moment and simply shrivels up
the corn without inflaming or irritat-
ing the surrounding tissue or skin.

More German
Propaganda
Campaign in U. S. to Rouse
Sympathy and Senti-
ments of Leniency
Washington, Nov. 18.—Govern-
ment agents see evidence that Ger-
man propaganda machinery in the
United States is being put in working
order again to promote sentiments
of leniency toward Germany in peace
terms. Consequently department of
Justice officials to-day warned that
the public should remain watchful
against resumption of organized pro-
paganda by interested Germany ac-
tively pro-German and for the past
year passive.
Concerted movement is apparent,
officials say, in organizations of many
individuals, few organizations, for-
merly active in German interests and
some newspapers. There is no or-
ganized leadership, it is believed,
but local interests have taken their cue
from official pleas from Germany for
leniency in armistice and final peace
terms.
It is stated that the Department
of Justice agencies have ordered the
internment of some Germans since
the armistice was signed a week ago.
Official reports show German repre-
sentatives in various parts of the
world still actively engaged in
spreading propaganda to create and
enhance feelings of hostility toward
the United States and the Allied
countries. Fokhardt, the notorious
German ambassador at Mexico City,
again is reported doing his utmost
to make Mexico hostile to the United
States, and recently had published
throughout Mexico that the German
army had not been defeated and that
the German navy was still fighting
the Allied navies.
