

THREE IN AN ESTATE CASE

Court Asked For Directions in the Brandon Suit.

W. M. Findlay Gets Judgment in Stearns Case.

Dr. Aikin Allowed \$100 For Professional Services.

Application has been made by Publow & Ogilvie for directions as to the mode of procedure in the Brandon will case.

The efforts to bulldoze Ald. Ryan, Forth and Applegarth have not had the desired effect.

When the matter comes up, it will likely be decided how long the case will hang fire.

An action brought by Dr. Aikin against the estate of Miss Heslop, of Ancaster, for an account for medical services, was tried this morning in the Surrogate Court.

THE SAN.

Ladies' Auxiliary Reports the Southam Home Open.

At the meeting of the Ladies' Auxiliary of the Hamilton Health Association, held this morning, it was announced that the new Southam home was complete and ready for occupancy.

Miss Renton's report for last month for the down town dispensary was very satisfactory. There are thirty patients on the visiting list.

The following donations were received at the dispensary during the month: Mrs. Dr. Olmsted, \$2; Mrs. Doolittle, four pair wristlets, one pair mitts, one neck scarf; Miss Wilcox, two hot water bags; friend, a parcel of magazines.

TRAVELLERS.

Vice-Presidents Elected and Nominations For Board.

A meeting of the Hamilton branch of the Commercial Travellers' Association was held in the Royal Hotel on Saturday evening for the purpose of nominating candidates for the offices and board.

The matter of the annual entertainment will be decided at a later date.

TRAFFIC BLOCKED.

The street cars were blocked for a short time on Saturday afternoon in front of the Terminal Station by one of the large beach cars.

TAMMANY CROWD FOR THE HYDRO.

Coercion and Intimidation Tried Upon Ald. Forth—Further Postponement Likely.

Although the power question will likely be laid over again by the Council tonight until the committee confers with the commission, it is believed that the Hydro supporters will try a new tack.

The efforts to bulldoze Ald. Ryan, Forth and Applegarth have not had the desired effect.

New Dreadnought

London, Nov. 8.—The newest British Dreadnought-cruiser Lion and her sister ship, for which contracts have just been let, will, according to a high authority, be remarkable for their formidable tonnage of 26,350 and speed of 28 knots.

The latest British battleship, the Orion, which is about to be laid down at Portsmouth, will be of 22,600 tons.

NEW LIGHTS.

Equipment Installed at the Beach on Saturday.

Captain Lumby installed the new lights at the Beach on Saturday night, and the old reliable Macassa was the first vessel to pass them.

After the Macassa the large Hamilton steamer Arabian passed through. Inward, and shortly afterwards the R. & O. steamer Belleville passed, also inward.

MORE WORK.

Westinghouse Company Secures Large Contract In Toronto.

The tender of the Canadian Westinghouse Company, of this city, for the motors for the electric pumps to be installed at the main pumping station and high level pumping station has been accepted by the board of control.

OVER 100

Went Forward at the Closing Evangelistic Meeting.

Three weeks of special evangelistic effort were brought to a close in Barton Street Methodist Church yesterday. The services have been largely attended throughout and have resulted in many conversions.

One Barrel of Cider

Can be preserved and clarified for 50 cents. Parke's Cider Preservative is the most effectual article on the market for this purpose.

To Let.

Warehouse, 15 Hughson street south. Also to let warehouse in rear, four stories and basement, elevator, vaults for \$25 per month.

The Man in Overalls

Let us hope that in this new police station there will be cells enough to allow of grading the prisoners—keeping the young and innocent separate from the old and hardened sinners.

A standing vote of thanks is due the men who peddled around town the subscription sheets for the Y. W. C. A. and Y. M. C. A. Also have a sigh of relief that the ordeal is over.

If you don't do as the Herald tells you, off goes your head, Mr. Alderman! Did you ever hear such impudence?

Viewed in the light of the football game, we are just as many grown up children behaving like youngsters.

Do you ever read the Sunday school lesson in Saturday's Times?

So far Mr. Studholme has not expressed a desire to run for Mayor. He knows when he is well off.

J. M. Gibson is a large employer of labor. Wonder if his men want to see him hounded out of Government House. It might be worth while finding out.

When a young man known to be crazy can carry a revolver and poison on his person, need we wonder if the papers are full of the reports of tragedies? Any more of that kind around loose?

Now if Mayor McLaren succeeds in getting better terms for Hamilton from the Hydro-Electric Commission, I suppose he will be denounced as a scoundrel by the Herald folks.

The policeman who cannot run round the block without getting palpitation of the heart should go into training.

The Royal Academy of Art people should lose no time in making a noise like an exhibition if they intend to make their picture show a success in Hamilton.

The Twentieth Century Club is all torn up the back about the Canadian navy and the defence of the Empire.

The editor of the Toronto Saturday Night makes a public personal appeal to Premier Laurier to bounce the Minister of Militia from the Cabinet because of his alleged immorality.

With a view to keeping up the hilarity and making things pleasant all round, some night, or next week, we might have a procession of all the city York Loan depositors.

Somebody no doubt will concoct some scheme whereby we will have to pay an admission fee to see Halley's Comet, advertised as a stellar attraction next summer.

As Mr. VanAllen truly says, there was no schooling in our young days.

If this should meet the eye of some young fellow or young girl who is living away from home, and who is forgetting the old folks at home, he or she will write at once. You never can tell how cherished father or mother would be by a letter from you. Do it to-night.

IDENTIFIED.

Three Men Killed on Track Meritton Men.

(Special Wire to the Times.) St. Catharines, Ont., Nov. 8.—The three men killed by the west-bound Grand Trunk express near here about 8 o'clock last night were identified to-day as Edward Hurston, aged 40, who has been working on the construction of the new Lincoln Paper Mill, in the same place.

ASTOR DIVORCE.

New York, Nov. 8.—Mrs. John Jacob Astor was to-day granted an interlocutory decree of divorce from her husband, Col. Astor, by Justice Mills, sitting in the Supreme Court at New York city.

PLAYED A WINNER BUT DIDN'T CASH.

Fine of \$200 Imposed In a Gambling Case Brought In Spirit of Revenge.

William Carroll, 104 James street north, was found guilty of keeping a betting house by Magistrate Jells this morning, and fined \$200. The complainant was Levi O. Kelley, 271 Mary street, and the case was the outcome of a bet he said he had made not being cashed.

The specific dates on which the offences were charged were between June 22 and July 3 and on Oct. 5, all of this year.

George Lynet-Stanton, K. C., for the defence, said the charge was most unfair. It was too indefinite to answer.

He contended that the charge must be laid against his client on a stated time.

The Magistrate said if the Crown had a specific date they should have alleged it.

"One swallow doesn't make a summer," said Mr. Washington.

"The name of the horse," does not amount to keeping a common gambling house," said Mr. Stanton.

Then the Magistrate and Crown Attorney conferred, and the aforesaid specific dates were stated.

INSTRUCTION IN MORALS.

Rev. E. B. Lancelley Before the Ministerial Association.

The Hamilton Ministerial Association held its semi-monthly meeting in the board room of Centenary Church this morning, with the President, Rev. Hugh McDiarmid, in the chair.

A committee, consisting of Rev. H. G. Livingstone, Rev. J. A. Wilson, and Rev. James Bracken, was appointed to make arrangements for the mission services to be held in this city early in the new year by Melville Trotter, the great missionary evangelist of Grand Rapids, Mich.

Rev. John Young brought up the matter of race track gambling. A committee was appointed, consisting of Rev. J. Young, Rev. W. H. Sedgewick and Rev. Hugh McDiarmid, to prepare a resolution to present at the next meeting.

Rev. E. B. Lancelley read an interesting paper on "Moral Instruction in the Public Schools." Mr. Lancelley did not argue for religion or denominational teaching of the Bible, but for the inculcation of the foundation principles of morality, such as truth, justice, mercy and other qualities essential to the every day life of a man.

E. R. BREDIN.

Popular Employee of Telephone Company Died In Toronto.

Mr. Egerton Ryerson Bredin, for fifteen years with the Bell Telephone Company of this city, passed away in Toronto at the home of his father, Dr. Hawtry Bredin, 119 Ann street. Deceased, who was taken ill here about ten days ago with pneumonia, went to Toronto for treatment, but during the last few days his illness developed alarming symptoms, and yesterday he passed away.

FELL INTO BAY.

To fall into the cold waters of Hamilton Bay, clothes and all, was the unpleasant experience of Mr. Ted Burniston, of this city, yesterday afternoon. He was heroically saved from his peculiar predicament by the able assistance of his son-in-law, Mr. Rolly Bowker, to whom great credit is due.

TACKETT'S BOW-BELLS CIGARETTES.

These cigarettes are made from a blend of the choicest Virginia tobaccos. Bow-Bells straight cut cigarettes, twenty in a package, are sold for 15 cents at peep's cigar store, 107 King street east.

NO TRACE, BUT POLICE ARE KEEPING EYE OPEN FOR ROBBERS.

In spite of the diligent scrutiny being kept up by the local police in an effort to trace the Canadian Express robbers at Niagara Falls last Friday, nothing has been seen or heard of them around here.

Chief Smith said that the perpetrators of the hold-up, or knock-down, are either within the ranks of the company or have an intimate knowledge of the workings of the office at that point in particular. A sharp look out, however, will be kept up by Chief Smith and his men.

OVER 4,000

Will Attend Eucharistic Congress in Montreal Next Year.

Vicar-General Mahoney, rector of St. Mary's Cathedral, who has returned from the meeting of the Plenary Council at Quebec, announced yesterday that the Eucharistic Congress would meet next year in Montreal. Over 4,000 prelates, bishops and priests from all over the world will attend.

SLOW ABOUT RETURNING IT.

John Lannoult Kept Money He Got to Buy Drink. Also Stole His Brother's Coat So He Goes Down.

The Coal Man Proved That He Did Not Steal.

John Lannoult, 83 John street, goes to jail for two months. Last Friday he was found guilty of stealing his brother's overcoat, and was remanded for sentence.

Prisoner replied that complainant gave him \$10 to get a flask of whiskey, and he failed to return with the whiskey or change, but he intended to pay it back in two weeks.

"You intended to give the coat back," commented the Magistrate. The sentence of one month on each charge was imposed, to run consecutively.

George Stokes, a coal man, did not steal Sarah Kidd's dollar. The Magistrate said so, though Sarah emphatically persisted in telling the court that he did.

When Stokes got up to give his evidence she persisted in crying out, "He stole it, he stole it, all right." And a score of police cried "Shut up," but she refused to be quieted.

Michael Flood was in a most undignified condition yesterday; he was drunk. It is serious to be in such a state on the Lord's day, therefore Michael was taxed \$5.

James Thompson, ancient and decrepit, has a weakness for sleeping in Dan Sullivan's livery stable, in spite of protestation from the proprietor. Saturday he went there to lay his head, but P. C.'s Stator and McKay were called, and he stayed the week end in the city's emporium on King William street.

Apparently Martin Lynch feels no shame at being behind the Police Court fence. He was there again this morning, the old offence registered against him. He was drunk, uproariously so on Saturday. It cost him \$2.

CASE CLOSED.

Attorney General's Department on Kinrade Confession.

A letter has been sent by the Attorney-General's Department to Lieut.-Col. Sir Percy Sherwood, head of the Dominion police, to be forwarded to the Home Government in reference to the astonishing confession of Edward Bedford that he was the Kinrade murderer. The discrepancies in his story are pointed out, and the suggestion is made that he be examined as to his sanity.

IN ASYLUM.

William Macklem Has Been Taken to the Mountain.

William Macklem, the Barton Township youth who evinced a desire to kill his sweetheart, Minnie O'Connor, on Friday night and afterwards kill himself, has been examined by Doctors McGillivray and Launin, acting Medical Health Officers, and he has been found to be insane. He was examined on Saturday and at once committed to the Asylum.

PERSONAL.

Mrs. C. L. M. Harris will not receive again until the New Year. Mrs. David Walker is visiting in Perth this week, the guest of Miss Eardley-Wilmut. Mrs. Hannah entertained at her home on Saturday evening in honor of her husband's 54th birthday.

WANTED THE TIMES.

Although an extra supply was printed the demand for last Thursday's Times has been so great that there is not a copy left in the office, except the file copy.

Synopsis of Canadian North-west Land Regulations.

ANY person who is the sole head of a fam- ily, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in per- son at the Dominion Lands Agency or Sub- Agency of the district. Entry by proxy may be made at the Agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain conditions a homesteader in good standing may pre-empt a quarter-section adjoining his land, at a price of \$200 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted the homestead right may obtain a pre-emption may take a purchased homestead in certain districts. Price \$1.00 per acre. Duties—Must reside six months in residence upon and cultivate fifty acres and erect a house worth \$200.00. W. W. CORY, Deputy of the Minister of the Interior. N. CUT OF LOGS. Bangor, Me., Nov. 8.—The completion of the rafting operations on the Penobscot for the season shows that nearly 120,000,000 feet of logs have come down to the boom from the east and west branches of the river and its tributaries. Last year only 15,000,000 feet were rafted down. This season's total, however, includes 9,000,000 feet which were cut last year.

COTTON REPORT. Washington, Nov. 8.—The census bureau today issued a report showing that 7,912,317 bales counting round bales as half bales, have been ginned from the growth of 1909 to Nov. 1, as compared with 8,197,557 bales for 1908.

THE HAMILTON TIMES

MONDAY, NOV. 8, 1909.

WHY THREATS FAIL.

The Herald's endeavor to bulldoze the aldermen in the power matter will fail. Its bogey needs new paint, as it no longer terrifies anybody. The man to be considered by the aldermen is the Ratepayer.

The aldermen whom the Herald is threatening and abusing are the aldermen who are looking after the ratepayers' interests, and its reason for rage and threats is because they do so, instead of sacrificing the ratepayer to its bosses' plot.

There is no opposition in the Council to making the Hydro contract for the 1,000 horse-power of current. The question is as to protecting the rights of the city in that contract.

The Herald insists that the aldermen should commit the city to the contract without any safeguarding clauses.

The aldermen whom it abuses and attempts to coerce by threats, ask that the right of the city to profit by its part ownership of the power line, and its nearness to the Falls, should be conceded; and that it should be specifically exempted from the 30-year monopoly clause (condemned by the Herald) of the Hydro contract.

If the commission had frankly agreed to those very reasonable requests, the contract would have been signed and the affair closed at last Council meeting.

Why would the Commission not agree to them?

At whose instigation were the promised concessions withdrawn?

Is there a single honest ratepayer in Hamilton who would not heartily approve of the action of the aldermen in standing out for these protective clauses?

Do we not believe there is one. And that is why the Herald, fighting for the anti-Hamilton interests, resorts to threats and abuse of the aldermen. It knows that those aldermen who thus guard the ratepayers' interests have no need to fear the ratepayers. They can afford to laugh at the organ's tactics, and to challenge examination of their course.

Why, indeed, should they be abused for standing out for terms which give the city the benefit of its natural advantages? Why should any Hamilton man, or paper, or influence attempt to turn them from such a course?

The duty of the Council is to secure the safeguarding clauses, or refuse to have anything to do with the scheme.

THE PROBLEM FOR THE LORDS.

The passage of the Lloyd-George budget by the Commons by an overwhelming majority removes the last hope which the Lords had harbored that discussion might be created in the lower House resulting in such a division as might afford excuse for the peers intermeddling under pretence of protecting the interests of the people. It is also to be noticed that in his remarks on the third reading, Premier Asquith took occasion to throw out a challenge to Mr. Balfour, leader of the Opposition, by asserting that protection or so-called tariff reform, meaning the imposition of heavier taxes upon the industry of the country was the only alternative to the acceptance of the budget. Although Mr. Balfour was thus directly invited to declare himself in favor of Chamberlainism, he appears to have evaded the issue.

At Birmingham recently he delivered a speech which was read by the Chamberlinites as a frank acceptance of their theories; but on the floor of the House, and with the Premier's direct invitation before him, he refused to commit himself in any way. If Balfour is driven to throw in his influence with the protectionists, he will do so as the boy takes his dose of castor oil because it is forced upon him, not because he likes it.

The consideration of the budget by the Lords will be taken up on Nov. 22, after the brief Commons' adjournment. In the meantime, the peers will be in a position to act with a knowledge of the probable consequences of their course. Perhaps the solidarity of the Commons will not be without its effect on the blustering members of the upper House, and the leaders may find it easier to keep them under control. To accept the budget after the lordly expressions of contempt indulged in will be a very bitter dose for the aristocratic branch of the legislature to swallow. To reject it will be to challenge a struggle in which the Lords will be pitted against the People, and the result of which cannot be in doubt. For the next two weeks there will be much hustling and the bringing of much influence to bear to induce the irremovable to modify their rancour and agree to some general policy which will not have the appearance of presenting the peers as defying the people. And if the leaders in the Upper House can succeed in controlling their followers, we may be sure that there will be no rejection of the budget. To accept it may look like surrender; but even surrender, for the moment, may be better than to force a crisis that would result in stripping the hereditary legislators of more of their powers and privileges.

The Hydrantarian organ is diligent at manufacturing stories about "people" being "worked up" to a white heat of indignation" because the aldermen do not clap Hydro fetters on Hamilton for 30 years, and it bubbles about "committees" waiting on certain aldermen to influence their action; but you may have noticed that it does not fill columns with the names of the "indignant" and influential ones! Why not give out the names?

ANOTHER "NEST OF TRAITORS."

The outbreak of Mr. Kemp, ex-M. P. East Toronto, in a speech at the Tory meeting on Wednesday night, places him squarely with the insurgents who seek to undermine and supplant Mr. R. L. Borden as the Tory leader. Mr. Kemp declared against the defence policy unambiguously adopted by the Canadian Parliament and approved by the Imperial Defence Conference. In doing so, he threw in his lot with the later "Nest of Traitors" who seek to treat Mr. Borden as Foster and his fellow conspirators of the earlier nest of traitors sought Sir Mackenzie Bowell's political assassination. It is a small but noisy clique. It looks to Foster for leadership; but Foster, apparently, is yet unwilling to come out into the open and antagonize the nominal leader of his party. The views of the insurgents are fittingly voiced by such Tory organs as the Toronto Telegram, Kingston Standard, Hamilton Herald and Winnipeg Tribune. There is a disposition on the part of some other organs of the party to try to make defence a party issue, but Mr. Borden's determination to adhere to the policy for which he, in common with all the members of Parliament, declared, renders it a little difficult for them to make it an issue. Perhaps that feeling accounts for the many sneering and derogatory references made to-day to the Conservative leader. The Winnipeg Free Press thus pertinently refers to the party mutiny:

There is, it becomes increasingly evident, a movement to discipline Mr. Borden or to depose him from the leadership of the Conservative party. Mr. Borden is one of the leaders of this movement, if he is not the prime mover. Either alternative would be fatal to Mr. Borden's political future; the public if he showed the confidence of being covered by these noisy mutineers. On the other hand, if he whips them into submission, making it clear to them and the public that he is the master, he may succeed in removing a present general impression that he is not a big enough man adequately to fill the great position of Minister of Canada. It is Mr. Borden's opportunity, if he has courage to recognize it.

What the mutineers want is a chance for a raging, tearing agitation over the naval question, in which the Liberals will be denounced as traitors to the flag, with special reflections upon Sir Wilfrid Laurier's race and religion. Undeterred by the failure of previous campaigns of this nature they cannot restrain their eagerness to embark upon another, which they doubtless plan to carry to lengths hitherto undreamed of. Mr. Borden, who is learning a few lessons in the school of statesmanship kept by Sir Wilfrid Laurier, stands in the way of their plans; therefore they are conspiring to have his head.

If they have their way, and the dividing issue between the two parties becomes this question of Imperial defence, which has hitherto been kept out of politics, we shall see lively times. The Liberals would doubtless welcome the contest with alacrity. It would be of enormous present and permanent value to the party to be called upon to vindicate Liberal principles of government in a campaign in which the reactionary side would be frankly taken by the Conservatives.

Thus far, Mr. Borden has shown no disposition to be stamped. Mr. Kemp's utterances would indicate that he is of opinion that Mr. Borden might well be jettisoned from the party ship. The Winnipeg Tribune urges Foster to raise the flag of revolt and seize the leadership. Foster, however, is probably impossible; his past is ever before his party and the country. If, however, the new "Nest of Traitors" should succeed in deposing Mr. Borden, and making a party issue of Canada's policy of defence, Canadian Liberals would have every reason to welcome the judgment of the electors upon the course taken by the Government.

EDITORIAL NOTES.

Well, these Ottawa Rough Riders found the Tigers—a pretty hard proposition.

With a little judicious manuring these Tigers' claws should be good for a few more victories this season. What?

Canada gained in October twenty-eight branches of chartered banks. Four branches were closed, and 32 branches opened.

Canada's fire losses for the first 10 months of the year were \$16,536,534. The greatest single October loss was occasioned by the big elevator fire at Quebec, \$1,200,700.

Mr. F. F. Dardee is to be chief Liberal whip in the Commons. Mr. Dardee is a capable politician. He comes of good Liberal stock and will doubtless uphold the credit of the name in his new office.

A big steel plant is projected for Welland, and that town rejoices. The new electric system of smelting will be employed, and is expected to work a revolution in steel production.

Now we are to have an anti-toxin for fatigue. What may not a dose of this serum do for the hired man about the term he has done his chores at 9 p. m.? Next thing we may hear of will be electric lighting to enable him to work a 24-hour day.

The French Government rake off from licensed gambling resorts amounted for the season just closed to \$943,393. The Government permits this evil to flourish on condition of its paying 15 per cent. of the money bet.

did not call for the extreme penalty of the law, but at the same time, to grant a free pardon would have been to establish a bad precedent.

In a speech at Stratroy on Saturday Hon. Mr. Graham intimated that no matter what action was taken by the United States under their new tariff, the Canadian Government would not be stampeded, but would proceed to map out her own course in a dignified and independent manner.

L. N. Ford, the New York Tribune's correspondent in London, thinks that the British elections will not be delayed, whether the budget is rejected by the Lords or not. There is ample time, however, for the public to learn about the election programme without accepting the conclusions of speculating correspondents.

The Mail and Empire founds an editorial upon what it calls "Mackenzie King's derisive references to the farmers who aspire to parliamentary honors." Mr. King made no such reference, and the Mail and Empire well knows that. The charge is a product of the Mail and Empire's imagination, and has been deliberately concocted with the purpose of creating prejudice among those who may be unfortunate enough to take their views as it is furnished by the untrustworthy organ.

According to a Macon, Ga., despatch, the Georgia branch of "The National Farmers' Union" has raised \$350,000, and deposited the cash in a hundred Georgia banks, in order to aid the farmers to hold their crops for the 20c price they expect to get for it before next summer. It is a great scheme, but it will not work. The Georgia cotton planters will have a lot more sense after they have a year's experience with the effort to manipulate the cotton market so as to fleece the public. But some of them will probably have less money.

The Goderich Signal, commenting upon the Times' advice to the Legislature, to aim at a just assessment act based upon sound principles instead of trying to amend the present act so fearfully blotched by municipal meddlers, very pertinently asks:

"Would it not be well for the committee first to give its attention to the principles upon which taxation should be based, and in this way work out an assessment act which would stand the test of years?" It would indeed be a very short-sighted policy to attempt to arrive at a satisfactory basis of legislation by any patch work scheme.

Those who have been attempting to make a hero and a martyr out of Ferrer, the Spanish anarchist, are finding their task an exceedingly hard one. Not only does the man appear to have been a dangerous firebrand, who incited others to crime, but he appears to have been utterly without moral principle in his private life. Since it has become known that he deserted his wife and left his daughters to shift for themselves, to take up with an "affinity," on whom he was squandering the fortune left to him by a female admirer, the better class of newspaper appears to have ceased to represent him in the hero role.

The Herald once more gives an "authoritative statement" of Hamilton's share of the cost of the Hydro transmission line, cost of maintenance and operation, etc. from which it asks its readers to believe that Ald. Pergrine's figures were grossly excessive. As a matter of fact, an examination of the Herald's figures shows them to be just another case of working over one of the numerous and various "estimates" with which we have been so frequently entertained. We shall not know the cost of the power till the end of the first complete year (if then!), when the Commission apportions the cost. That the Herald well knows. Why should it lend itself to such efforts to deceive the people, think you?

According to an elaborate compilation made by a New York paper, the crime of suicide is increasing in the United States. The returns from a number of leading cities are given in detail. For the whole country the ratio has advanced from 18.8 per 100,000 of population in 1907 to 21.8 in 1908. The suicides in 65 cities during last year also show an increased ratio over the average for 10 years inclusive of 1907, during which period the ratio was 18.1. In the ten-year period Pittsburgh made a fairly favorable record when compared with the larger cities, being 23rd in the 65, with a rate of 15.8 per 100,000, as against 50.6 for San Francisco, 28.2 for St. Louis, 21.9 for Chicago, 21.3 for Cincinnati and 20.8 for New York. In 1908, sad to relate, Pittsburgh lost her standing by moving up to ninth place with a rate of 23.6, Oakland, Cal., heading the list at 66.2 and San Francisco coming next with a rate of 55.8.

JAMES ROBERTSON. (Toronto News). Presbyterians everywhere will appreciate the unique tribute paid to the memory of the late Rev. Dr. James Robertson by the Governor-General. THE POWER MATTER

The Aldermen Should Protect the City.

To the Editor of the Times: Sir,—As you must very well know by this time, I have taken quite an interest in the power question for the last year or two, although I feel sometimes as though I would gladly leave it to other people. But the good book says: "Be not weary in well doing;" therefore I toil on, doing the very best I can, leaving the result with God. I see there is some likelihood of the Power Commission coming down off its high horse, and that some day it will come down, it won't do Hamilton any good. You see, the Commissioners' hands are tied through the contract they have made with other municipalities. They cannot depart far from the course they have taken, not if it would win Hamilton. They cannot unseat the local power company, and yet there is nearly one-half of our Council willing to pay a higher price for power to an outside concern. Doesn't it beat everything! They must be blind as bats, or a very thoughtless lot of men. The Cataract people spent a lot of good money a year ago last summer in advertising before the fact that their game is not up. Something like a hundred dollars a day went to local newspapers. How much have the Commissioners spent in advertising the Hydro concern? I venture to say, nothing. They have another way of doing it. They are in a position to force their scheme on the people, no matter if the people want it or not. Of course, the Commission pays its hirelings, and pays them well, it is most likely; but be assured the city will be led by it in the end. The Commission has already put the city to a great expense for which it will never get any return, and that expense is not about half of a year agreement the Commissioners are asking for is too long. It won't go down as far as electric power is concerned this might be a new world thirty years hence. I believe electricity is here to stay, but there will be new appliances which may be applied before half of that 30-year contract has expired, and still the city would be stuck on to the Hydro, though I think the Hydro power act will be disallowed; if not immediately, farther on it surely will. It will cause so much dissatisfaction amongst the power users and those who have signed the contract that the government will be threatened. That game has been going on for years past. Some of them dare not say a word for the local power company; if they did, they were called "Cataract men." An alderman is, or should be, the guardian of every industry in the city; and why should he be the man in public eye, threatened men live long. Shakespeare says: "Cowards die many times before their death. The valiant never taste of death but once."

Yours respectfully, John Mitchell.

USING STEAM.

Traction Thrashing Engine Hitched to Two Double Ploughs. (Special Wire to the Times).

Woodstock, Ont., Nov. 8.—Plowing by steam is a decided novelty in old Ontario, but the ground is being turned over by that agency on an Oxford farm to-day. Reeve W. Forbes, of West Zorra, a progressive farmer, has hitched a traction thrashing engine to two double ploughs, turning four furrows at once and has started into a 22-acre field, which he expects to finish in four days and at much less cost than plowing in the ordinary way. It would take a team of horses three weeks to plow the field. The experiment is being watched with a great deal of interest, and plowing with an engine may become general if it can be proved that the cost is less. Coal and wood both are used as fuel.

APPROVE OF CONVENTION.

Wentworth Liberals Want a Free Discussion.

Diamond Jubilee of the Dundas Baptist Church.

Scarlet Fever Too Prevalent to Re-open Schools.

Dundas, Nov. 8.—The meeting of the Executive of the North Wentworth Liberal Association, on Saturday, was well attended by representative Liberals throughout the riding.

The main business of the meeting was to discuss matters pertaining to the convention to be held in Toronto in June next. The members of the Wentworth Association were in happy accord with the proposal that the convention should be no cut and dried affair, but an expression of Liberal views from the Province as a whole. As the best means to obtain the views of the people it was decided that a committee composed of the executive, the chairman and secretary of each polling sub-division, be appointed, which committee would be the matter of the appointment of a customs collector for Dundas came up. Opinion was divided, some taking the stand that the appointment of relatives of sitting members was not wise; others saying that the trouble made over it was raised by disappointed applicants.

The funeral of the late John T. Holmes took place, with Masonic honors yesterday afternoon. It was largely attended, the deceased being held in high esteem by a large circle of friends. Rev. E. A. Irving conducted the church burial services, and the Masonic ceremony was conducted by Worshipful Master Wm. Mount, of the local lodge. The pallbearers were Melvin Leason, T. E. Palling, Chas. Lennie, Harry Tyson, D. McMillan, and Joe Webster.

The diamond jubilee of the Baptist Church began yesterday. Two fine sermons were preached, morning and evening, by Rev. Mr. McDonald, of Aylmer, a former pastor, the next preceding meeting a thoroughly appreciated address was given by Rev. Mr. Bates, of Woodstock Baptist College, a son of a former pastor of nearly half a century ago. All the meetings were largely attended, and of great interest.

Owing to almost daily outbreaks of scarlet fever, the schools were not re-opened to-day, as was directed a few days ago.

The Y. M. C. A. song service in the Unique theatre last evening was fairly well attended. To add to the interest of these meetings the promoters hereafter propose that a solo shall be added to the programme for each Sunday evening. The soloist last evening was Bert Baker.

AT EBENEZER.

New Mission In East End Was Crowded Yesterday.

Yesterday afternoon and evening saw Ebenezer Hall crowded with interested audiences, many of whom had come from a distance to hear Mr. Robert Murdoch, the gospel preacher and teacher. The afternoon address was on "Christian Fellowship—Its Ground, Scope and Purpose," and was a very interesting as well as a helpful position of the word of God. The address was especially beneficial to Sunday school teachers, and some who were present expressed themselves in a very enthusiastic way about the help they had received.

Mr. Murdoch took a few of the many scriptures bearing on the fellowship question, and explained them in such an able and simple manner that none might misunderstand him or fail to grasp his meaning. The speaker emphasized the fact that one must be a Christian before one could understand the real meaning of Christian fellowship. Some of the scriptures he read spoke of "the fellowship of the blood of Christ," which was the ground of all Christian fellowship and included every sinner saved by grace; "the fellowship of His Son"; "the fellowship of ministering to the saints"; "the fellowship of preaching the gospel"; "the fellowship in the mystery," which mystery is the church; "fellowship in the gospel"; "fellowship of the Spirit"; "fellowship or partnership in Christ's sufferings"; and "the fellowship of sympathy" or care one for another.

Mr. Murdoch spoke forcibly on each of these scriptures, emphasizing the necessity of closer fellowship of all God's children, the need of more love and care displayed one to another, and the absolute avoidance of anything which might generate strife and division among Christians.

At 2.30 in the afternoon Mr. Horn, of Orillia, spoke to a number of children on "God's Love to Sinners." The Sunday school will be held for a little while at 2.30, pending supplies from the publishers, when a regular Sunday school will be commenced at the usual hour.

The attendance at the evening service was very large, and a pleasing feature was the number of strangers present. Mr. Murdoch spoke on "The Reality and Power of Things Unseen."

Mr. Murdoch will speak to-night on "The Worth and Welfare of the Soul." All are invited and especially those interested in Sunday school work. Meetings every night this week.

NOT AT POLE. Admiral Chester Denies That Cook Was There, But He Declares Peary Was at the North Pole. Washington, Nov. 8.—That Dr. Frederick Cook could not have reached the Pole, and that Commander Peary did attain the goal that has cost the lives of so many intrepid explorers, were statements made to-night by Rear Admiral C. M. Chester, retired. The officer was a member of the committee of the National Geographic Society that passed upon Commander Peary's data and announced their conviction of its genuineness. The lecture, delivered to scientists in the hall of the University Club, created a profound impression, for it was practically the first utterance of an official of the Geographic Society, although given unofficially, which has flatly and openly cast discredit on Dr. Cook. Admiral Chester contended that Dr. Cook erred in saying that at a certain point in his travels north he witnessed a remarkable sunset. If he had been at that point, the speaker continued, he would have found the sun high in the heavens. The testimony of the Esquimaux, who accompanied Dr. Cook, the admiral insisted, showed conclusively that the party witnessed the sunset at 81 degrees north, a considerable distance from the Pole. The speaker made numerous references to the nautical almanac to disprove Cook's contention and to prove those of Peary. A GOOD YEAR. Hamilton Horticultural Society Held Annual Meeting. At the annual meeting of the Hamilton Horticultural Society, held on Saturday evening in the museum, in the public library building, a most encouraging report of the past year was presented by the secretary-treasurer, J. O. McCulloch. The receipts were \$227.58, and the expenditures \$739.78, leaving a balance of \$87.80 in the society's favor. The chief item of the expenses was \$564.95, spent in distributing plants, bulbs and periodicals, and in providing for lectures, all of which were given free by the society. After this report was adopted the officers for the ensuing year were elected, and resulted as follows: Honorary President—A. Alexander. President—Jos. Kneeshaw. Honorary directors—Adam Brown and J. M. Dickson. Directors—F. H. Lambe, J. A. Webster, J. F. Ballard, J. W. Jones, Dr. Storms, C. L. Hildebrand, A. W. Palmer, J. S. Whitfield and J. O. McCulloch. Secretary-Treasurer—J. O. McCulloch. Auditors—M. H. Little and Thos. Wilson. Appreciation was expressed to the retiring president, J. M. Dickson, for his efficient services given during his term of office, and it was decided to appoint him an honorary director. The meeting on the whole was a very good one and the members are looking forward to a most successful year.

HER HUSBAND. Woman Unwittingly Runs Auto Over His Already Mangled Body. Atlanta, Ga., Nov. 8.—After being mangled by two automobiles last night and while he was on the ground, dying, Harvey L. Anderson, a merchant, was run over by another motor which his wife was driving. Mrs. Anderson, without knowing that she had driven her husband over, A. A., in mistaking that someone had been struck, hurried into a nearby house and telephoned for an ambulance for the injured man. When the ambulance arrived Mrs. Anderson saw that her car had struck her husband. Mrs. Anderson had been spending the evening with a friend near her home. Anderson started after his wife, but before he had gone far was run down from behind by a car driven by Dr. J. M. Crawford. As soon as Mr. Crawford's car passed over Anderson, his body was struck by a car which was running after the first motor. Mrs. Anderson had decided to go to meet her husband in her friend's automobile. She was driving slowly when her machine passed over the dying man. Anderson was practically torn to pieces by the cars. HEAD CUT OFF. Circus Employee Killed and Body Found on Track. Macon, Ga., Nov. 8.—Walter Hyde, aged 28, of Brooklyn, N.Y., an attaché of the Barnum & Bailey show, was killed yesterday and placed on the track of the Southern Railway near Central City Park, according to Coroner Young. His decapitated body was found on the tracks with the left leg severed. Even when her costume is out of sight the chorus girl may have something on her mind.

MET DEATH IN AN INSTANT.

Three Men Killed by the Cars Near St. Catharines.

Stepped Off One Track on to Another One.

Names Unknown But Looked Like Workmen.

St. Catharines, Nov. 7.—A triple fatality occurred in Grantham township, a mile and a half from the Grand Trunk station, this city, shortly after 8 o'clock. Three men, whose identity cannot be learned, were killed. The bodies were brought to the station, where they were viewed by Coroners Merritt and Jory, who then handed them over to be prepared for burial. The men present the appearance of workmen rather than tramps. Their death was caused by train number nineteen. From what can be learned the men were walking on the east-bound track when the train number two, leaving the local station at 8.03, approached them. In stepping from the track to avoid the danger, they jumped immediately in front of the other train, due at the station at 8.07. Engineer Lynch, of Toronto, who was driving the train which struck the men, brought it to a stop, having seen the men as they stepped upon the west-bound track. Search was made and the bodies of two were soon found by the train crew and passengers, who placed them in the baggage car, in which they were brought to the station. When the station was reached it was found that only two men had been picked up, but when the engineer declared that three had been struck the search was continued, with the result that the third man was found on the cow-catcher. He was still alive, and a hurried call was made for the ambulance, but death followed in a few minutes. Search of the bodies at the undertaking rooms failed to reveal the slightest clue to the identity of any of the victims. The men appear to be all middle-aged, one having the features of an Italian, the second of a Swede and the third of an Irishman. The bodies were considerably mangled, all having been struck in the mouth, and both legs were broken. The largest man of the three had no shoes, but wore a heavy pair of socks. Further search at the scene of the fatality later in the night resulted in finding three hats and a pair of house carpet slippers. One man's pockets contained a small ruby ring, a clay pipe and a box of salve. The second man had a pay envelope marked "J. T. Wright, Sept. 30th, 1909, \$25.80." A small circular in his pocket regarding owning a house was also found. The third man had two pocket handkerchiefs and a jackknife. One peculiar thing was that in one man's pocket was found the bowl of a pipe, and in another pocket was found the stem which had been broken from the bowl. Not a cent of money was found in the pockets of any of the victims. Conductor Johns, Toronto, was in charge of the train.

Mr. U. E. Gillen, Superintendent of the division in which the accident happened, gave the following statement early this morning:

"At 8.01 train number 19, Engineer Lynch and Conductor Johns, when one-quarter mile east of St. Catharines, and while passing train number 2, bound for New York, struck three unknown men, who were walking along the track. Two of these were fatally injured and the other expired before the train could get him to the station. Engineer Lynch says that the men, who had stepped over on the track to avoid the New York train, became visible to him when only thirty feet away, giving him no time to stop. The train would be running at a speed of 35 to 40 miles an hour at the time. Engineer Lynch has been asked by the coroner to give his story of the fatality, and will, accordingly, do so to-day."

SHOT BIGAMIST.

Kinward, Alias Weir, Has One Home at Hurlburt, Ont.

Detroit, Nov. 8.—John Kinward, who was shot by Detective Sergeant Bodinus on Friday night in attempting to escape after his arrest for bigamy, was alive to-night, though he will die, Kinward was in the custody of two detectives, but was not handcuffed and when the trio were alighting from a street car in the downtown district he suddenly bolted. He ignored one bullet that was fired wild as a warning, and the warning cries to stop or be shot, and the next bullet got him in the back, although Bodinus says he shot at his legs. Kinward is an Englishman, and in February, 1908, as John Weir, he married Emma Mickle, of Detroit. In an intercepted letter to his mother in Bristol, England, she found an enclosure addressed to Mrs. J. Kinward, of Hurlburt, Ont., which was to be mailed her from Bristol. It said he was saving money to join her next July, and that he would have plenty of funds to make his wife and the baby happy. It was filled with honeyed words and at the bottom were numberless crosses for kisses.

The Detroit wife told her discovery to her stepfather, Christopher A. Thiele. Mr. Thiele sent a letter to the Ontario wife, telling of his suspicions. He received a convincing reply. Mrs. Kinward sent on a picture of her husband and the certificate of her marriage.

Since the shooting the Detroit wife has been most solicitous for him.

FREELTON WOMEN.

The Women's Missionary meeting was held in the Freelon Baptist Church on November 5, when Miss Basterville, returned missionary from India, gave a very interesting and instructive address, having lived with the people in India for twenty-one years. A programme was also given, including a short address from the president, Mrs. Haines; duets by Mrs. (Dr.) McQueen and Miss Grace; recitations by Miss Barnett, Strabane, and Miss Lena Revell, Mountsberg. After the programme tea was served. All enjoyed the meeting and went home feeling they were the better of being there.

Following a complaint from a leader of the Bradford Free Will Baptist church, the police made a search of the hall on George street, recovering the scroll from another section.

The Healing Power of Pine

If you have ever taken a walk through a forest of pine trees you will remember how, almost unconsciously, the head was thrown back and lungs expanded as you inhaled with long deep breaths the glorious pine-laden air. How invigorating it was—how healing!

The medicinal virtues of pine have been recognized in medical practice for many years. For coughs and colds the mixture of two ounces of Glycerine with a half-ounce of Virgin Oil of Pine and eight ounces of pure Whiskey is highly recommended. It is classed as a tenacious and powerful of this mixture, four times a day, will break a cold in twenty-four hours and cure any cough that is curable. The ingredients are not expensive and can be bought in any good drugstore, the genuine Virgin Oil of Pine being put up for dispensing only by the Leach Chemical Co., Windsor, Ont.

WITH MINERS.

Glance at the Gold and Silver Mines of North Ontario.

Grand Trunk's Cobalt Special—The Fever Abating.

To the Editor of the Times:

Sir,—I arrived here on Sunday last on the comfortable and well-equipped "Cobalt Special" of the G. T. R. Every traveler to and from the north country owes a debt of gratitude to this line for its latest effort to augment his comfort. The company has recently arranged with the T. & N. O. Railway Company to connect a parlor-library-cafe, car with the "Special" at North Bay, and now, north-bound, you can take a leisurely breakfast in a comfortable, well-appointed car, as you run through the barren backwoods of the approaches to the silver country, or returning, you dine without the wild, dyspepsia-breeding rush of the twenty-minute stop for dinner, with its ice-cold soup and boiling tea and amount of milk can cool. Of course the topic of the day is gold, and great excitement exists over the discoveries of this metal at Porcupine Lake, west of Matheson. Many fine samples of free gold have come down from this district, and are on exhibition. Diversions of course have left Halesbury and Cobalt for the 45-mile trip beyond Red Pine Lake, and the rush of prospectors still continues. In the townships of Tisdale and Whitney all the land available for staking has been taken up, and the prospectors are spreading south into the forest reserves. The gold reports from Larder Lake are most promising, and two mines, the Reddick and the Victoria Creek, are working, and others are expected to shortly. In Whitney and Tisdale the gold is all in quartz, and some has run as high as \$200 to the ton.

Near Cobalt the silver mines are active all round. The Nova Scotia is bagging one from No. 11, and their first car is reported to average 3,000 oz. ore. The Crown Reserve reports are most encouraging. In regard to the shipping of the "Silver Side" it is still in the lead, with six cars shipped for the week ending Oct. 23, and eight last week, and I believe that fourteen cars for two weeks stands pretty nearly a record for the camp. Next comes the Nipissing with three cars last week, O'Brien and Kerr's, each, each, eight of Way two and Buffalo and Coniagos one each.

I have just heard of an 80-pound nugget found on the Downey claims at Elk Lake, but I have had no opportunity yet to see it. I have, however, walked on the famous "Silver Side" walk at the Lawson mine, about four miles from Cobalt, where a scrape of the boot shows the white metal in plain sight and makes you long for a pick and a bag with no one near.

A stage line has been started from Elk Lake to Gowganda, and it is expected that from ten to twelve carloads of ore will come out from Gowganda this coming season. The Reeves Dobbie, Blackburn, Boyd Gordon, and the Mann will be the principal shippers.

From inside information I hear that a big Cobalt deal has just gone through. Mr. J. C. O'Donnell, of Springfield, Mass., has purchased a block of claims in the township of Coleman, in the very centre of the silver district, and surrounded by many well-known mines. I understand the purchase price was a pretty high one. The fever here is subsiding slowly, and it is hoped that the colder weather will be a material help in checking it. But as one walks about the busy town of Cobalt, one cannot help marveling that the sickness is not 100 per cent. worse. Everyone is far too busy making money to think of sanitary matters seriously. But the greatest praise must be given to Mr. Rogers, of the Coniagos mine, and his efficient staff of co-workers for the marvelous cleaning-up of the town that they have effected. However, until sewage is installed and pure water obtained, the fever cannot be entirely stamped out. Drinking water is imported and costs us from 15 to 25 cents a bottle, so it is not desirable to work up a thirst.

I hope to visit some of the outlying mines this week, and furnish you with some interesting details. Yours truly,

P. T. A.

NEW WARSHIP.

The Orion a Terrible Engine of Destruction.

New York, Nov. 7.—A cable despatch to the Sun from London says: "The world was appalled three years ago when it learned that the Orion, a magnificent warship of the British navy, had been wrecked on a reef and caused the cost of a single warship of the first magnitude suddenly leap to \$10,000,000. To-day we are told that the ship now being laid down with cost \$15,000,000. Great Britain will build it to 60 per cent. greater power and speed than the Orion. The gun power of the Orion was 10,000 horse-power. The speed will be slightly increased, while the size will advance 20 per cent. The Orion will be the name of the great monster of this description, and if the experiments justify it her principal armament will consist of ten 15.5 guns."

T. V. Gearing and the firm of Nicholson & Curtis have formed a joint partnership for the purpose of completing the stone work in the walls of the ruined portion of the parliament buildings, Toronto. It is understood that an open contract has been given to them, and the profits are payable on a 50 per cent. basis. No limit stipulated.

A man who always is truthful when he tells his wife that he is going to the club should be put in a glass case, but—she—if she believes him, don't say a word.

THE ELECTIONS.

Will Likely be Held in January in Any Event.

Nationalist Party May Hold the Balance of Power.

New York, Nov. 7.—I. N. Ford, the Tribune's London correspondent, sends the following: "There are no signs of royal activity in making peace between the Houses of Parliament. The King has his usual round of social engagements, and he continues to enjoy himself as though there were no constitutional crisis in sight, yet his influence is held in reserve to enable the Government and the Lords to avoid blunders in tactics, and to agree upon an interim finance arrangement. If the two Houses are in open conflict, the Ministers have not made any mistakes in rallying their party and carrying the budget through the Commons by an immense majority."

"The chief Liberal whip has announced that the elections will be held early in January. Whether the budget goes through the Lords or is held up by the three hundred Peers league together for its destruction, the elections will not be deferred. The Ministers themselves will seek a vote of confidence from the Lords, and will not allow the Lords to pose as the unchallenged champions of democracy."

"If the Lords really want the people to vote on the budget they have only to pass the finance bill and it will virtually become a referendum for the nation in January. Whether the budget goes through the Lords or is held up by the three hundred Peers league together for its destruction, the elections will not be deferred. The Ministers themselves will seek a vote of confidence from the Lords, and will not allow the Lords to pose as the unchallenged champions of democracy."

ANNIVERSARY AT ST. THOMAS

Fine Sermon by Rev. Canon Cody of Toronto.

New Curate Enters Upon Work at Christ's Church.

Second of Sermons on Young Man and His Evenings.

Filled to the doors was the Church of St. Thomas, last night, on the occasion of the anniversary service there. Rev. Canon Cody, of Toronto, was the preacher, and that eloquent divine preached a sermon abounding with lessons for truth and the impelling personality of Christ Jesus was beautifully shown. The text was from John's Gospel II-9, "Are there not twelve hours in the day?" Canon Cody used that text to show the importance of using the twelve hours of the day for the Master's service and the tremendous responsibility in not taking full advantage of them. Answer every call to duty, urged the preacher, never mind how hard and antagonistic the task may be, for it is distributed. We are not called on to live the whole day at once, for what we see in its distribution God sees in its unity. We may not know at the end that there was a purpose, but He knows. Jesus believed in twelve hours' work, work with faith, as St. Paul did the same. Neither of them shrank from foes or temptation. How varied were the activities of Jesus. He had intensity of purpose. He recognized that time was short, and it was ever before Him for when a boy he said, "I must be about my father's business." Most of us are afraid to look time in the face, said the preacher, and we don't realize that time is a trust committed to us. "What are we doing with the hours? Are we drifting or are we marching forward? There are only twelve hours in the day. Can we afford to waste any away? Every hour will bless or curse us and when they fly back to God then we shall know of the things that were left undone; therefore every hour should be spent in an endeavor to build us up," emphasized the speaker.

Dr. Johnson had engraved on the face of his watch the words, "The night cometh" as a reminder of the shortness of time. No man has more time than he needs and there is a tendency to-day to be idle or lazy, but we must be strenuous, not fussy or fretful. "There is a task for every man and a time for every task," said Canon Cody. The day is not to be measured by time alone, but by work, for we live in deeds and time can be counted by heart throbs, for he most lives who feels most. Do not think there is never such a busy time as when Christ was here; the time was full of distractions and eruptions yet He left a legacy of peace behind.

Finally the speaker pointed out that in all the strenuousness of life Christ alone can bring the calm and the only solution to the problems of life is for Christ to rise up within us and speak the word of peace. Jesus never intended to work a thirteenth hour for there is no promise of blessing if we do, and that extra hour we may simply stumble on in the darkness and lose that life. "How many hours in our lives?" asked the preacher. Every day comes with its tale of opportunity and how often it goes away with trifles instead of achievements. No man can have more time than he needs and no man's life is too short, for we must all be up and doing.

YOUNG MEN'S EVENINGS.

At the close of the morning service in First Methodist Church yesterday reception, and communion services were held. The pastor, Rev. E. B. Lancelley, welcomed into fellowship twenty-four new members, after which he and Rev. James Aude administered communion. At the evening service Mr. Lancelley preached the second of his sermons on "The Young Man and His Evenings." The subject last night was "Companionship." He spoke from two texts in Proverbs: "He that walketh with wise men shall be wise; but a companion of fools shall be destroyed," and "He that hath friends must show himself friendly." He said that the young man in going out into the world might find a home where he was surrounded by the best of influences, and he might be followed by the most earnest prayers, but his future would depend upon his companionships. He therefore urged the young men to resolutely avoid all companionships that were below the standard of his own beliefs to be right. He did not like familiarity with crime. One reason why large cities find it difficult to maintain efficient police was that these men were necessarily in close contact with crime. "Associate as much as possible with truth, worth and nobility of character," he said, "seek always the fellowship of superior men. If you are already in a calling, seek the fellowship of the best men in it. Get close to the men of energy, of thought, of mind, of manners; get in touch with Jesus—have him as your companion every day."

After the service a social half-hour was spent in the school room.

REV. MR. ARCHBOLD.

Christ's Church Cathedral was well filled yesterday morning to hear Rev. H. T. Archbold, the new curate, preach his first sermon. Mr. Archbold made an excellent impression. He selected for his text a portion of John xiii, 13, "Follow me," and pointed out the duties of the parents in directing the thoughts of their children to follow in the footsteps of the Master. He said man should not be entirely guided by text books, but should place full confidence in the Master and follow Him. The average person was apt to look at the popular side of a theory, and base his estimates in that way without forming his own conception of it. The ideal was therefore a necessity of human nature. He proceeded to point out the advantage of keeping the children in close touch with the church, so that they would not wander off along the by-ways of sin. He said the parents, guardians and teachers or those upon whom the teaching of the children devolved should be made to realize the responsibilities take in the after life of the child. They should seek to eliminate that part of the associations which might lead towards sin, and should substitute that which would tend to elevate the ideals of the children, so that they would always follow in the steps of the Master. To do so properly those in charge would necessarily need to exemplify by their actions that which they were teaching. The church of Christ did not hesitate, but boldly stood

for that which was right, and as such the children should be taught to attend regularly, and those in charge of them should set the example. Prayer should not be neglected, as it was communion with God, and as such tended to strengthen Christian ideals.

CENTENARY CHURCH.

It was quarterly meeting Sunday yesterday in the Centenary Church, and a large congregation attended the morning service. The splendid choir under the direction of Mr. W. H. Hewlett gave fine selections of music, appropriate to the theme for the occasion.

Rev. Dr. Smith, the pastor, showed the vigor of youth, while he comforted many hearts from the text in Jeremiah II, 50, "Let Jerusalem come into your mind." It was the old story of the people of Israel returning from the captivity of Babylon. The prophet forewarned them of the many discouragements they would find all along the journey, and to inspire them with hope and courage they were advised to keep Jerusalem in their minds. It was applied to every honest heart in the great battle of life to-day. In climbing a long ladder to a given height, it is well to look upward. To look down is to weaken the heart for further climbing. Look upward! It was for the joy that lay before them that they endured the cross and despised the shame. Every honest soul will do well amid the toils and perils of life to "Let Jerusalem come into the mind." Dr. Smith's sermons are eminently practical, and accompanied by a sweet, pervading influence that cannot fail to bring spiritual blessing. After the sermon the young adults were received into church membership, followed by the Sacrament of the Lord's Supper to a large number.

MAYOR SPOKE AT THE P. S. A.

Some Ways In Which Civic Good May Be Promoted.

An enthusiastic attendance was present at the regular meeting of the Men's P. S. A. Brotherhood in First Congregational Church yesterday afternoon. Rev. Ernest H. Tippett occupied the chair, and before introducing Mayor McLaren, the special speaker, he paid high tribute to his character and ability. Although he, the chairman, had resided in Hamilton only a short time, he believed Mr. McLaren to be a man of firm convictions, who dared to have an opinion, and, having that opinion, remain steadfast to it in spite of all opposition.

In addressing the meeting Mayor McLaren said that the best way to have a better and greater Hamilton was for every person to think less of himself and more of the other fellow. The city as a whole would improve and all would get what they wanted more quickly if the city were composed of a better class of workmen and capitalists—men who had the welfare of the city at heart. A good way of improving Hamilton was to have every class meet together, and instead of looking for questions on which to war with each other, seek the ones on which good was to be done. These members always managed to bring up some question to get the people at daggers with one another, and all other questions were forgotten. Mr. McLaren said he was proud of the city of Hamilton. His only ambition as far as the duty of Hamilton got together as far as possible and to look for points on which they could agree, no matter what their religion, politics or strong opinions on certain questions were. In conclusion he emphasized that this was the keynote of success.

The special music provided by the choir and members of the Brotherhood was a pleasing feature of the meeting.

MRS. ROBINSON Will Not Be Hanged—Will Be Jailed For Ten Years.

Ottawa, Nov. 7.—At yesterday's meeting of the Cabinet it was decided to recommend to his excellency the Governor-General that the death sentence passed on Mrs. Annie Robinson, of Sudbury, for the murder of her daughters' illegitimate children be commuted to ten years' imprisonment. In view of the appalling circumstances that confronted the unfortunate woman and impelled her to commit the crime, the Cabinet promptly decided that the death penalty should not be exacted. It was felt, however, that it would not be in the interests of justice to recommend a full pardon, as the crime was undoubtedly one of murder, and that to set a new precedent of a full pardon after a conviction for murder created for palliating circumstances all cried for the exercise of mercy, would be unwise. After all the facts of the case were carefully considered and notice taken of the general sentiment of the country, as expressed in the immense number of petitions received, it was decided that the claims of justice and of mercy would be best met by a limited term in the penitentiary.

JUVENILE TEMPLARS.

The first meeting of a new term of International Juvenile Templars, I. O. G. T., was held in the C. O. O. F. Hall on Saturday afternoon and was well attended. Mrs. Robert Morrison, Superintendent, capably presiding. The juvenile executive submitted the plan of campaign for the ensuing three months. The Temple will have a busy winter session. The palladium was furnished by F. S. Morrison, Grand Treasurer, ably assisted by Mrs. A. H. Lyle, P. D. V. T., and Mrs. T. McNaughton, as installing marshals. Brief orations by several of the newly installed officers were warmly applauded. A prize has been offered by F. S. Morrison for competition among the members during the present term. Next Saturday afternoon, Tom Macnaughton, the Grand Superintendent of Juvenile Work, will provide the weekly programme.

Farm Laborer Ends Life.

Oshawa, Nov. 7.—Samuel Smith, an Englishman, who had been working on a farm near Oshawa since June last, committed suicide with morphine. No motive is known for his rash act, though he had made an attempt about two weeks ago. He was 35 years old, unmarried, and had been in Canada about five years.

THE LABOR CONVENTION.

Great Problems Confront Labor Men In Toronto.

Speech of Gompers Looked Forward to With Interest.

The Bucks Stove Case—The Electrical Workers.

Toronto, Nov. 8.—The twenty-ninth annual convention of the American Federation of Labor, which began here to-day, bids fair to become historic. The American Federation of Labor represents an industrial army of over three million workers. The four hundred and fifty delegates are their picked men, their captains and their strategists, who form the Federation's diplomatic service and council of war. "Old Sam," as Gompers is affectionately called by his co-workers, has had an interesting career. He was born of Dutch parentage, almost within sound of Bow Bells, in London, nearly sixty years ago. At the age of ten, being the oldest of a family of eight, he was put to work at cigar-making. Three years later his parents took him to New York, and at fourteen years of age he became the first

SAMUEL GOMPERS.

member of the newly-formed Cigar-makers' International. Up till his thirty-seventh year he worked at his trade, but since then he has been a writer on labor topics and a leader in the trade union movement.

When Mr. Gompers took charge of the movement it comprised ten national unions, with a membership of 100,000. At the last convention in Denver it comprised 17 international unions, with a membership of 2,300,000. During the year the Railwaysmen's Union have affiliated with the Federation, bringing in about a million men.

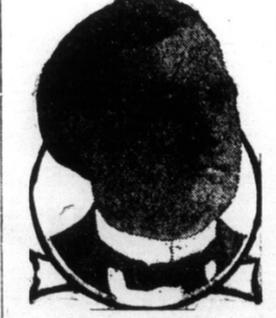

Of the other officers, the Secretary, Frank Morrison, and John A. Flitt, the General Organizer for Canada, are Canadians by birth. James Dunean, the First Vice-President, is of Scotch birth. He is Secretary-Treasurer of the International Granite Cutters, and a member of many public bodies. John Mitchell, the Second Vice-President, jumped into fame as the miners' leader in the great coal strike a few years ago. For both these offices it is likely there may be a contest. Mr. Mitchell having accepted during the year a lucrative position under the National Civic Federation, and Mr. Dunean having aroused some hostility over a letter he wrote to the Boot and Shoe Workers during a strike at the W. L. Douglas shoe factories.

The sentence of imprisonment hanging over the heads of Gompers, Morrison and Mitchell for disobeying the State court injunction forbidding them to put the Bucks Stove Company on the boycott, list, is expected to do more than anything else to rally the convention to the support of "Old Sam."

The issue raised by the internal struggle among the electrical workers; the latest decision of the United States Court of Appeals, upholding the prison sentences pronounced against three Federalist officials; the question of independent political action; Gompers' report on European conditions; jurisdiction controversies between various international unions, and probable contests for office, are some of the main subjects that will enliven the two-week session of the A. F. of L.

There is no division of opinion regarding the matter of appealing the Bucks stove case, in which Gompers, Mitchell and Morrison have been pronounced guilty of contempt of court, to the highest judicial tribunal. This was the decision of the Denver convention of the American Federation of Labor a year ago, and will be the decision at Toronto.

The action of the Court of Appeals

FRANK MORRISON.

last week in affirming Judge Wright's sentence has stirred the whole labor world into action. If the laborites lose in the United States Supreme Court, they will appeal to the country—in fact, they are doing so now—and the powers claimed by the judiciary may be forced to the front as a dominant political issue.

The report of Gompers relative to his European tour to study industrial and political conditions, and the recommendations that he will probably make, will prove interesting. In the older countries the organized workers are identified with socialist and labor parties, and have their own representatives in all the principal legislative assemblies to voice the demands of labor.

The old jurisdictional controversies between the brewers on the one hand and the teamsters and firemen on the other, between the carpenters and woodworkers, between the plumbers and steamfitters, between the seamen and longshoremen, and other contests, will be heard again.

The Right House HAMILTON'S FAVORITE SHOPPING PLACE

Our Second Big Morning Sale

Did you read of our Morning Sales in Saturday's papers? If not, we can explain them in a few words. The Right House is too crowded in the afternoon—have you noticed the rush?—and we have some trouble tending the wants of our patrons as quickly as we like to do it—this despite the additional saleswomen we employed.

We decided, therefore, to make it well worth any woman's time to shop at The Right House before 12 o'clock noon. Saturday's advertisements announced some rich plums for this morning's selling. To-day you will find more of them grouped around this statement and these are richer bargains than those offered on Saturday—so rich, in fact, that they mark the high water point in Right House bargains. Remember the injunction—nothing marked down for the Morning Sale will be sold at the reduced price after 12 o'clock noon.

CAREY BROTHERS. Carey Bros. again put on an interesting and instructive moving picture programme in Association Hall on Saturday afternoon and evening. The attendance was not what the show merited, but all those who were present were thoroughly delighted.

THE JUNGLE KINGS WALLOPED OTTAWA

OLD RIVALS BATTLED AT THE CRICKET GROUNDS ON SATURDAY AFTERNOON BEFORE NEARLY 6,000 PEOPLE.

The First Three Quarters Provided One of the Best Gridiron Contests Ever Seen in Jungletown, But in the Last Quarter the Tigers Cut Loose and Made the Rough Riders Look Like a Bunch of Selling Platers.

"It was a fine game, and I am proud that the Tigers can defeat the Rough Riders on any field in the country, their own included."—Lieut. Governor Gibson.

"It was a good exhibition, but both teams were bad at times."—Don Cameron, Hamilton.

"After seeing the game I am convinced that the Tigers can defeat the Rough Riders on any field in the country, their own included."—Doc Thompson, Hamilton.

"Ottawa made a mistake in kicking so much to the Hamilton backs."—Harvey Pulford, Ottawa.

"It was a punk exhibition. Tigers put up a poor game in the first half, and the Ottawa were rotten in the last half."—Umpire Harry Griffith, Toronto.

"The Jungle Terrors have a trifle on the Senators in every department of the game."—Inter-Provincial President Seymour.

"The best team won."—Referee Dr. W. B. Hendry, Toronto.

"After this game no one can say the Tigers are not in condition. They came stronger in the last half than in the first."—Treasurer Hugh Murray, Hamilton.

"Don't be too jubilant until after the play off. I think with another two weeks' training our boys can just about turn the trick on neutral grounds."—President Dr. Nagle, Ottawa.

"After the boys got started they played a fine game. I think we can just about land the championship."—Captain Ben Simpson.

"The team did not seem able to stand the pace in the last half, but a little condition will fix that."—Captain Jack Williams.

"The Tiger-Varsity game for the Dominion championship and Grey Cup should be one of the best in years."—Tommy Church, Toronto.

"King Clancy was so gold-dinged sore that he couldn't do anything but cuss, and so we didn't get his opinion."—Sporting Editor.

Possibly the largest crowd that ever witnessed a gridiron battle in Hamilton was at the Cricket Grounds on Saturday afternoon to see the mighty Tigers and Rough Riders fight it out for the supremacy of the Inter-Provincial League.

A conservative estimate places the attendance near the six thousand mark, and it was only the limited seating accommodation that kept it from being nearly half again as large. Every square foot of ground from which a view of the field could be got was occupied, while telegraph poles, fences and the surrounding house tops all carried their load of enthusiastic fans.

Before noon a crowd had gathered at the entrance gate so as to get a place of vantage in the bleachers, and between 2 and 3 o'clock all roads led to the Cricket Grounds. The street cars could not handle the crowd, and at this hour there was a continual string of people between the centre of the city and the grounds. The cultivators and sellers of mums did a rushing business, nearly every fan having a generous flower and a string of ribbon tied to his lapel. The weather, which was exceptional for the time of year, was ideal for football. Not warm enough to affect the players, and not cold enough to chill the spectators. It was a glorious day, old Sol shining forth right bravely, and only a slight wind blowing from the southeast.

ROOTERS MADE A HIT.
The Rooters' Club made a big hit, and after the game even the Ottawa players were forced to admit that there was some clam to them. Meeting at the Ramblers Club they marched to the cricket grounds about two hundred strong and took up their position in the middle of the north stand. They were greeted by cheers, and that was about the only time the rest of the spectators got a chance to make themselves heard. Their parades not only amused the crowd, but the players as well, and

leader Frederick Murphy is to be congratulated on the success of the club. It was he who organized it, and their cheering and singing was a great encouragement to the Tigers in the first quarter when the Rough Riders were putting up such a strong game.

FIRST THREE QUARTERS EVEN.

For the first three quarters Saturday's game was as tight a contest as any one could well wish to see. At the end of the first half it was either team's game, and with the Rough Riders well-known finishing powers in their mind, the Tiger supporters were not any too sanguine of a victory. However, the game proved that the Tigers are also great finishers, and the last quarter was simply a walk away for the yellow and black. When Williams put over a pretty drop after a few minutes of play the crowd was surprised, but when a rouge quickly followed on the heels of this score, the crowd sat up and took notice. At this stage of the game the Ottawas were playing strenuous football, and all through the first quarter they had considerably the best of the play. They entered the game with the determination of settling the "Big Four" championship there and then, and at the end of the first quarter it looked as though they would about do it. However, the Jungle Terrors were only waking up, and when ends were changed, two kicks to the dead line and a rouge were put on before the half time whistle blew. The crowd brightened up after this, and at no other stage of the game did they have cause to fear for the safety of their favorites.

75 OTTAWA SUPPORTERS.

The Ottawa crowd, about seventy-five strong, occupied a section of the stand near the Hamilton rooters, but after the first quarter they were remarkably quiet. Perhaps they became discouraged at the way the game was going; perhaps they found it was useless to yell as the local rooters drowned their voices every time they began to root.

The Ottawas found it very hard to stop "Dutch" Burton.

They were supremely confident of their team's ability to administer a beating to the Tigers, and a few of them, having the courage of their convictions, wagered a few dollars on the result with a local bookmaker. Getting odds of two and a half to one. Some of them were surprised to see Ottawa at such a long price, and said they couldn't understand it. They are poorer, but wiser men now. However, at the outside, not more than five hundred dollars were put up, and there still remains about ten thousand good Hamilton plunks in the pockets of the citizens of the capital that were gathered in at that famous game last year. But they are canny people, and won't put up their money unless their team is playing on its own grounds.

LIVED UP TO REPUTATION.

The Rough Riders have the reputation of being about the dirtiest team in the Inter-Provincial League, and they certainly lived up to their reputation on Saturday afternoon. A half a dozen deliberate attempts were made to put Ben Simpson out of the game, and in the last half, when they saw they had no chance of winning the game, they did not attempt to play football, but almost every man on the team seemed to have but one object, and that was to get the Tiger captain, Bert Stronach, the Ottawa's big outside wingman, repeated the stunt he tore off three weeks ago in Ottawa, and fiercely charged Simpson after he had kicked the ball. If this was not a deliberate attempt to injure Simpson at least nearly everybody who witnessed it thought so, and the referee was also of that opinion, as he sent Stronach to the touchlines for five min-

utes. About ten minutes later Ferguson, the big scrimmage man, broke through the line, made straight for the Tiger captain, and sent both fists crashing into his face. On both these occasions Simpson was knocked out for short periods. Ben had hardly recovered from the last onslaught and was standing in position to catch the ball when Sheriff charged him at a terrific rate. Sheriff got away with this as he was on side, but Wally Barron fixed him a few minutes later in a scrimmage, and it is not likely that Sheriff will try any more dirty work of that kind, especially if Wally is marking him. It seemed that the officials were sharp enough at catching the Tigers when they did anything against the rules, and Barron was sent off for the rest of the game for giving Sheriff a gentle reminder to behave, by way of a stiff right hander to the jaw. All through the game Simpson was made the object of brutal attacks, and it is a marvel how he managed to stay on his feet. He was knocked down, kneed, kicked and every known method of scragging was practised on him. Without taking the Ottawas' motives into consideration, it would be a mighty good thing for them if Simpson was put out of the game for the rest of the season—we make no accusations, but they would have a chance of winning out in the play off. It can be left to those who know the Rough Riders to form their own opinion.

LAST QUARTER ROUGH.

In the last quarter both teams began to mix it up freely, and five players were on the bench at one time. Kilt waded eloquent over some play and talked back to the ump, for which he did five minutes. Liz Marriott did time for rescuing Awrey from Stronach. Liz overdid the job in the excitement. Wig also graced the bench for a few minutes, as did a couple of Ottawa men. The Tigers should have the Indian sign on the Senators from now on, as the latter quit cold when the found that the Jungle Terrors could hand back more than they got when it came to roughing it. The Rough Riders started the dirty work, but they were the first to want to quit. In the last half Williams got two good tackles, clean but hard, one from Brammer and another from Wigle, and he quit. It has always been said that Williams was only a star on his own field, and his exhibition on Saturday would not go in any way to disprove it.

Another thing that was proved on Saturday was that all the reports about players being laid up with bad knees and sprained muscles were false. It is not the first time that tricks of this kind have been tried with a view of throwing the champions off their guard, but happily the Tigers are wise enough to profit by past lessons. The whole Ottawa team was in the best of shape, and they surely can make no excuse for their defeat. However, Clancy is a genius, and he will likely have the setback all explained away in the next issue of the Ottawa papers.

CROWD WELL HANDLED.

The way the immense crowd was handled was certainly a credit to the Tiger Football Club. It has been usual all year for the occupants of the bleachers to rush out on the field at half time, but no such thing happened last Saturday. An extra large squad of police was on hand, and they were very strict in keeping the crowd on the right side of the rail. Consequently the players were never interfered with.

Martin Kilt was apparently doubtful of the usage he would receive if he fell into the hands of the Tiger wings, and was taking no chances. He just tried one buck, and after that he did not attempt to hit the line. Perhaps it was just as well. On the other hand, Awrey bucked on several occasions, and for good gains, too. On one of them he was pushed through for a try.

PRACTICALLY A TIE.

The Tigers and Ottawa are now tied for the top position in the Inter-Provincial League, and a play-off will be necessary on neutral grounds. The officers of both clubs got together on Saturday night to

settle on a place, but could not come to an agreement. The Ottawa men wanted Montreal, and Tigers wanted Toronto. It was proposed that the play off be held in Kingston, the same as last year, but again Ottawa demurred. As they could not come to any agreement, the question will have to be settled by the President or a committee of the Inter-Provincial League. It is a question between Toronto and Kingston, with the odds in favor of the former city.

The Tigers have still to defeat the Argonauts at Toronto next Saturday before they are entitled to play off with Ottawa, but a victory over the Scullers is looked upon as almost certain. Judging by the result of the game in Montreal on Saturday, in which the Argos defeated the Wings-Wheel team by a score of 22 to 4, the Orsmen have improved vastly on their form shown here on Oct. 16. In their game a week ago with the Rough Riders they lead until the last few minutes of play, only to lose the game on a fumble. The Argos wing line is big and strong, and if their back division plays a steady game the Tigers will have a hard fight to win. However, no great feat is entertained regarding the result of this game.

OTTAWA A GOOD TEAM.

There is hardly as much to choose between the Tigers and Ottawa as Saturday's score would indicate. It is doubtful if the Tigers could defeat Ottawa on their own grounds, and the game on neutral grounds between these teams should be exceedingly interesting. Should the game be played in Toronto, as it likely will, a contingent of over a thousand fans will accompany the team to the battle ground. The Rooters' Club would also be there, and unless the students turn out to root for Ottawa the Jungle Kings would have the best of whatever encouragement is inspired by rooting. If the game were held in Montreal the Rough Riders would have the best of it from a rooting standpoint, unless Montreal turned out strong for the Tigers. The Ottawas are not loved any too well in the eastern metropolis, while the Tigers are in pretty strong. The Montreal Football Club would like to see the Tigers win, that is, judging by the way the members of the two clubs fraternize when they get together, and it is just possible that the Jungle Kings would get as much support in Montreal as in Toronto. The club's object, then, in holding it in the Queen City is to give

the citizens of Hamilton a chance to see the game. Last year, when the Tigers played Varsity for the Dominion championship, over a thousand Hamilton fans saw the game, and an even larger crowd would go down to see them put it over the Rough Riders.

After the game was over on Saturday the rooters lined up in column of "route" got away for some sensational runs, and outkicked the Senators every time it came to a duel of punts. The scrimmages were about equal, but the yellow and black wings had it on the Ottawa line by an appreciable margin.

The Hamilton back division played almost a perfect game. They caught well, got away for some sensational runs, and outkicked the Senators every time it came to a duel of punts. The scrimmages were about equal, but the yellow and black wings had it on the Ottawa line by an appreciable margin.

BURTON A STAR.

Frank (Dutch) Burton was the star of the Hamilton backs. He played a faultless game, and the Tigers certainly made no mistake in playing him instead of Harvey. Although the intermediate captain is a wonderful footballist, he could not have improved on Burton's work. Dutch got over for two tries and only hard luck kept him from getting a third. He caught everything that came into his territory, and his long runs through broken fields brought the crowd to their feet on more than one occasion. The Ottawa wings seemed to have the greatest difficulty in bringing him down, and they did not even have the satisfaction of putting him out. Kennedy went at him once like a battering ram at a gate, but he got the worse of it, and Dutch came up smiling. Both his tries were the result of long runs, and even the redoubtable Stronach was unable to get him. Dutch certainly made himself popular with the fans by his exhibition on Saturday, as strengthened his claim as one of the steadiest half backs in the business. He is absolutely fearless, and being short, runs close to the ground, and is consequently the tacklers and throwing off a couple more, he made a fake pass to Smith, dodged another man, and got over the line for a touch down. And the crowd went wild over this feat, and cheered vociferously. Moore never had a superior as a running half back, and probably never will. His zig-zag runs have made him famous all over the Dominion, and other teams look upon him as one of the most dangerous men on the Tiger team. He has been chosen every year as the right half back on the all-star Canadian team. He also did not escape without a few unfair tackles, and Johnson, the Ottawa full back, was sent off for five minutes for charging him after he had fallen, and was lying on the ground.

MOORE WAS BRILLIANT.

Art Moore was as usual one of the bright spots on the Hamilton back division. He tore off some marvelous runs, his zig-zag tactics seeming to be a great puzzle to the Ottawa wing men. The play in which he went over for a try was a great piece of head work. After running clean around the end, dodging a couple of tacklers and throwing off a couple more, he made a fake pass to Smith, dodged another man, and got over the line for a touch down. And the crowd went wild over this feat, and cheered vociferously. Moore never had a superior as a running half back, and probably never will. His zig-zag runs have made him famous all over the Dominion, and other teams look upon him as one of the most dangerous men on the Tiger team. He has been chosen every year as the right half back on the all-star Canadian team. He also did not escape without a few unfair tackles, and Johnson, the Ottawa full back, was sent off for five minutes for charging him after he had fallen, and was lying on the ground.

SMITH A FIND.

George Smith is fast making a name for himself as one of the best full-backs in the game. He jumped into senior for the first time this year and made good from the start. He is a sure catch, passes exceptionally well, a fast runner, and a good punter. On Saturday he played a faultless game, with one exception, when he left the ball roll on the ground for about ten yards before picking it up. But for this one mistake, his work could not have been improved upon. He assisted Simpson when the punting be-

came heavy, and his long kicks were ground gainers.

SIMPSON WAS GAME.

Although the work of Captain Ben Simpson did not show up as well as some of the other backs, considering the handling he got, he was the shining star of both teams by a big margin. Not one man in a hundred, yes, a thousand, could have stood up under the treatment he received, and it was only the indomitable spirit of game-ness in the man that kept him on his feet. Brutally attacked time after time, and only half conscious in the last quarter of the game he took his punishment like a man, without a murmur. His booting leg was in wonderful condition, and he outpunted Williams at all stages of the game. Some thought he was making a mistake by turning it into a punting game in the last half, but the score showed the wisdom of this course.

George Awrey is developing into a crackerjack of a quarter back, and promises to be as good as his famous predecessor, George Ballard. His great buck through the scrimmage in the third quarter that resulted in a touch down, was a clever piece of work. It was giving the Tigers five points, but gave them confidence.

HOW WINGS PLAYED.

On the wing line every man put up a fine game. Gerald Wigle was always conspicuous, and although he did not succeed in getting through for any big runs, he hit the line for good gains. Wally Barron played his best game of the season. Sheriff was never able to pass him, while on the other hand, Wally broke through quick and was down the field as fast as the outside wings on a couple of occasions. He was always in the game and never lagged. He plunged for good gains, and tackled like a Don Lyon, not so low, but quite as effectively.

Jack Gray and Isbister, although not

Wally Barron says he never did life that face of Sheriff's.

as conspicuous as usual, played a hard, steady game. They blocked well, and were good at plunging and breaking through.

In the scrimmage, Norman Brammer, the athletic copper, stood out prominently, as usual. Huckle is one of the finds of the season, and has taken to football like a duck to water. He always gets his man, and gets him hard. He is strong and quick, and is one of the fastest men on the team. His great forte is gathering in loose balls, and at this he is an adept.

Husky Craig is one of the steadiest men on the yellow and black team. He is aggressive, and a strong defence man. Husky never backs down for any man, and Ferguson found his match on Saturday.

Pfeiffer's first year in senior company has been a complete success. He holds down the position as well as his famous predecessor, Denny McCarthy, and the Tigers were certainly fortunate in having such a man to put in the scrim.

It has been said that Walter Marriott is the only man who can hold Stronach, and Liz certainly had the big Scot stopped on Saturday. He is one of the fastest and most reliable wing men the Tigers ever had, and always puts up a stellar game.

Art Turner followed up fast and did some good tackling, forcing a couple of rouges, and otherwise making the Ottawa backs feel his presence.

Don Lyon watched the game from the side lines, but had his suit on, ready to jump into the game at a moment's notice. Don says it is a lot harder to sit on a bench and watch the other fellows play than being in the game. He will be

in the game next Saturday against the Argos.

Perhaps it was Marriott's marking or perhaps some other reason, but Stronach did not put up the game that was expected of him. Moore, Burton and Smith ran away from him, and he did not get down the field as fast as usual. Williams played a good game until he got one good tackle, and after that he was very careful. At the end of the game his leg went back on him, and Gerard and McCann did all the kicking.

The Ottawa line blocked well, but could not buck with the Tigers.

The whole trouble was that the Tigers were too much for them.

PUNTS.

Rah! Rah! Rah!

Great crowd.

Florida weather.

Glorious victory.

The championship is cinched.

Argos at Toronto on Saturday are the next victims.

Then the Rough Riders once again, and Varsity, and the Unwary comes to Hamilton.

The arrangements by the Hamilton club for handling the great crowd were as perfect as they could possibly be; the field of play was kept absolutely clean, and no interference from spectators was possible.

Even Fred Murphy, the rooters' leader, had to get inside the ropes, and Constable Reynolds made "King" Clancy move off the line, too.

The Rooters' Club, decked in Tiger colors, and headed by a band, attracted much attention as it marched to the grounds.

With Fred Murphy leading, the rooters marched on the field singing "Hail, Hail, the Gang's All Here!"

The Ottawa rooters, about a hundred strong, sat a little to the west, and there was a hot cross fire as both sections yelled their battle slogan. The Ottawa boys made themselves heard despite their disparity in numbers.

When the Tigers marched on the field the rooters greeted them with this parody to the tune of "Harrigan":
Hamilton spells Hamilton,
Where the Tigers always boss the jungle,
Hardly ever make a skip or fumble,
Ha-mil-ton for me.

It's a name that the game has always been connected with,
Hamilton, that's me.

And then to the tune of "Mr Dooley" they favored Capt. Simpson with this:
Oh, Benny Simpson,
Oh, Benny Simpson,
The greatest cap the city ever knew.
As fast or faster
Than he was last year,
He always makes the
Other bunch skidoo.

he was greeted by the rooters with three cheers and a tiger. His Honor was one of the most enthusiastic rooters on the ground. At one critical moment in the game he and Col. Moodie were rooting so hard that the bench on which they stood collapsed.

Capt. Williams before the game protested to the officials and Tiger officers about the field of play, and reserved the right to protest the game. His objection was that the dead line was too close to the goal posts.

When the Rough Riders gave the Tigers tail the first twist the rooters winced, and began to bottle up their enthusiasm. Fred Murphy woke them up. "Come on, you look as though you were painted on the seats," he said.

When Moore got away on his first sensational sixty-yard dash down the field the rooters burst into song as follows to the tune of "John Doe":

Art, Moore, Art Moore, A zig-zag run or we'll get sore. We want it soon, we want no bluff, For any old thing is not enough. A score, Art Moore. A try last year was only 4. So be it alive, it now counts 5. The original Art Moore.

And the "artful dodger" came right back with another, going forty yards for a try in the last quarter.

THE PLAY.

Lieut.-Governor Gibson started the game at 2.55. Ottawa won the toss, and chose to defend the east goal.

With the sun at their backs, Isbister kicked off. Williams returning nicely to Moore, who was downed at midfield. Awrey went through from the scrimmage for ten yards, Simpson booting on the second down to Williams, who marked neatly, kicking to Isbister, who misjudged the punt, Smith recovering and passing to Simpson, who fumbled, but recovered quickly.

The Tigers surprised the crowd five minutes after play began by a series of daring combination plays. It was mighty risky work with the Ottawa wings following up like lightning, and gained little. Williams was making no mistakes, and after marking Simpson's kick at midfield he returned to Isbister, who fumbled, Ottawa getting possession, Stronach falling on it.

Williams went around the end from the scrimmage for ten yards, but Barron nailed Kilt on the second down before he got started. On the third down Williams dropped a beautiful goal from the side of the field, thirty yards out, and the Ottawa rooters went wild with joy.

Ottawa 3, Tigers 0. Williams made a nice return of Isbister's kick as the Tiger wings swooped down on him. Awrey got the ball at midfield and went fifteen yards before being stopped. From the scrimmage he passed to Moore, who passed to Smith, the play netting ten yards. McCann fumbled Simpson's kick, but Ottawa recovered. George Smith caught Williams' long punt, and made a beautiful thirty-yard run before being downed on the Ottawa twenty-yard line.

The Tigers were playing desperately for a try. Awrey went through for five yards, and Grey made a similar gain on the second down. Awrey lost the ball a minute later, though, and Ottawa worked the ball back to Tiger territory. Smith, whose brilliant playing had the big crowd on edge, justified the confidence reposed in him. He carried the ball from the Tigers' twenty-five yard line to the forty yards, dodging through half a dozen Ottawa men before he was thrown. The advantage was lost, however, in the next few minutes. McCann fumbled Simpson's kick, and Moore got the ball in a brisk scramble. The ball was worked back to centre, and Simpson kicked from there into touch at Ottawa's ten yard line. Williams quickly returned to centre, Burton being downed there. McCann handled Simpson's long punt to the Ottawa line in beautiful fashion, when a score for Hamilton seemed certain.

Simpson carried Williams' punt fifteen yards before he was stopped at centre. Smith from the scrimmage kicked high to McCann, who was downed at Ottawa's 25.

Tigers held the Ottawa line for no gain on the first two downs, and then Williams booted to Moore, who was anchored by three Ottawa wings at midfield after making ten yards. McCann returned Simpson's punt, kicking over Smith's head, the Hamilton back recovering at his own fifty-yard line, where Stronach nailed him.

Grey's buck on the first down was a failure. Wigle went through for four yards on the second down, and then Simpson booted into touch near midfield.

Williams was shoved back for a small loss while trying an end run from the scrimmage. Kilt fumbled the ball from the scrimmage on the second down, but recovered, and on the third down Williams booted to Burton, who carried the ball ten yards to Tiger's forty line. McCann was put out making the tackle, and the game delayed five minutes.

Wigle got three yards on the first down, and an offside gave Tigers ten more, Grey losing the ball at midfield.

Smith caught Williams' punt and made a daring pass to Moore, who fumbled, Ottawa getting possession. Williams booted high and Ottawa, following up fast, got the ball ten yards out from the Hamilton goal. Before Simpson could run Williams' high punt out he was forced to rouge, just before the quarter ended.

Quarter score: Ottawa 4, Tigers 0.

SECOND QUARTER.

Tigers were now kicking against the sun. Gerrard's kick was returned by Simpson, Gerrard advancing the ball ten yards to Ottawa's forty. Tigers grabbed the ball in a loose play, Simpson kicking high to Gerrard, who was flopped by Marriott and Turner at his own fifteen. Ottawa's first buck netted a small gain. The second one failed, and then Williams kicked to touch at Ottawa's forty.

McCann fumbled Simpson's kick from the scrimmage, and Marriott got possession ten yards from the Ottawa line in a desperate scramble.

The first down got Tigers nothing, but Awrey went around the end for five yards on the second, being shoved into touch at Ottawa's five-yard line. Tigers attempted a buck, and lost possession, McCann being put out in the mix-up and forced to retire, Jack Sheriff being substituted.

Turner charged through the Ottawa wing line and forced Williams back for a loss on Ottawa's five-yard line. Simpson was downed at Ottawa's 35, after handling Williams' punt.

Simpson kicked from the scrimmage to Williams, who fumbled, and was forced to kick to the dead line to prevent a try.

Tigers 1, Ottawa 4. Stronach downed Simpson at Ottawa's forty after the Hamilton half-back grabbed Williams' punt. Tigers got ten on an offside, advancing to Ottawa's thirty. Simpson kicking from there to McCann, who was stopped behind the line by Turner and forced to rouge.

Williams tried a fake kick, Kennedy grabbing the ball and being downed by Isbister near midfield. Williams tried to go around the end from the scrimmage and was downed by Marriott after going five yards. Stronach, following up fast, nailed the ball when Moore fumbled, and rolled seven yards before being stopped. Kennedy was roasted by the crowd for his tactics in the scrimmage. Williams kicked to Simpson, who was downed at Tiger's 35.

The ball travelled back to midfield, Williams kicking to Simpson, who fumbled, Smith recovering the ball on the Tiger line after Ottawa dribbled it for a big gain. Gerrard was nailed at Tiger's forty, after catching Simpson's punt.

An offside gave Tigers possession at their own 40, after Williams' high kick, which bounded into a bunch of Tiger and Ottawa wings, was brought back. Christy's leg was injured in the mix-up, and the game was delayed five minutes.

After Grey failed to make a gain on the buck Simpson kicked on the second down, the ball going into touch at midfield.

Williams made a slight gain on the first buck, and then kicked on the second down to Smith who was pinned on Tiger's twenty yard line.

Simpson kicked to touch at midfield, Tigers retaining possession on Ottawa's offside, Simpson kicking from the scrimmage to Johnston, who fumbled, Williams recovering, and being downed by Turner at Ottawa's fifteen.

Simpson marked Williams' punt to Williams, who was nailed on Ottawa's fifteen yard line. Kilt passing the ball from the scrimmage to Gerrard, who was downed after going two yards. Williams then kicked into touch at Ottawa's 45, Simpson from the scrimmage making a long punt to Johnston who returned to Simpson at Ottawa's forty-five, Simpson marking, and kicking to Williams behind the line. Williams ran the ball out five yards. The first down netted Ottawa nothing and Williams booted to Simpson, who carried the ball to Ottawa's 35. Moore fumbled, a difficult pass from Awrey and Simpson recovered, kicking behind the line to McCann, who was downed three yards out by Marriott.

Williams booted to Simpson, who was downed by Stronach. Simpson's high kick as he was being tackled was followed up by George Smith for a gain of fifteen yards, Simpson kicking from there to the dead line, making the score, Tigers 3-Ottawa 4.

Isbister dribbled Williams' kick-off to touch, where Burton fell on the ball. Simpson kicking to McCann who fumbled, but recovered, and was downed twenty yards out. Ottawa recovered Williams' kick into the scrimmage ten yards out, just as half time sounded.

Half-time score, Tigers 3-Ottawa 4.

THIRD QUARTER.

Ottawa clearly had all the best of the play in the first quarter, and their work in the second quarter threw a scare into the Hamilton fans, although the yellow and black supporters relied on the good old Jungle Terrors to tear things up in the second half. And they did not disappoint them. The third quarter gave the Tigers a lead that satisfied the cheering crowd, and the way they swept through the Ottawa line and rolled the score up in the last quarter, sent Tigerville wild with joy.

Isbister booted the ball off in the second half. Gerrard returning to touch at midfield, Simpson's high kick from the scrimmage was returned by Williams, and handled by Smith, who ran fifteen yards, going down at centre. Christy's knee was injured making the tackle.

Barron tried a buck on the first down, but got only a yard. Simpson kicking on the second down to Gerrard, who fumbled, Husky Craig nailing the ball 20 yards out. Ottawa blocked, Simpson's kick was blocked and Ottawa dribbled into touch at Tiger's twenty. Simpson handled Williams' punt, kicking into touch at Tiger's forty. Williams made a beautiful return of Simpson's kick, the ball going into touch at Ottawa's forty. Ottawa retaining possession, the ball having touched a Tiger.

Williams was brought down for a loss of five yards by Turner on the first down, the Tiger wing injuring his arm making the tackle. Simpson returned Williams' punt to McCann, who was downed by Wigle in midfield. Williams kicked from the scrimmage to Burton, the ball going to midfield on an offside. Tigers regaining possession. Johnston recovered Simpson's punt, which Williams fumbled, and was downed after going five yards. Isbister broke through the Ottawa wings and nailed Williams before he could kick, Williams booting into touch at his own forty yard line on the second down.

Gerrard carried Simpson's long punt behind the line out twenty-five yards before being tossed, Williams kicking into touch at midfield from the scrimmage. Simpson's buck failed, and he kicked on the second down to Johnston, who returned into touch at Ottawa's 35. Smith kicked from the scrimmage to Williams, Burton getting the return and being downed at Ottawa's 40. Moore was pushed into touch on an end run, gaining three yards. Wigle's buck failed, and then Simpson kicked high, Moore saving after Ottawa fumbled.

Williams fumbled Simpson's kick, and Turner fell on the ball fifteen yards from the Ottawa line. Simpson set the crowd wild with delight when he booted to the dead line, tying the score.

Tigers 4, Ottawa 4. The ball was called back after the officials had discussed the play, but Simpson immediately booted to the same place again, the score remaining.

Burton got Williams' punt, returning to Ottawa's ten. Tigers charged through the Ottawa line, blocking the kick. Wigle going in the mix-up. Ottawa scrimmaged five yards out from its own line. Tigers holding them on down, Williams on the third being forced to kick into touch at his own fifteen-yard line for a distinct loss.

Barron failed to make anything on the buck, Simpson's kick behind the line being dribbled three yards out, where Tigers scrimmaged, after Grey, who was knocked out for three minutes, recovered.

The immense crowd gave a roar that almost made the mountain tremble when Awrey went over in a fumble for a try, which Moore failed to convert.

Tigers 9, Ottawa 4. Wigle returned Ferguson's kick and Isbister nailed Gerrard at midfield. Simpson, after fumbling, recovered Williams' kick and was flopped on his own ten-yard line. Awrey and Isbister failed to gain on the bucks, and Simpson booted to Johnston, Smith accepting the return and going down at his own fifteen-yard line. Williams returned Simpson's kick to the dead line.

Isbister tried a fake kick, fumbled and Turner recovered, going down twenty yards out. Tigers looked dangerous for a minute, until Art Moore brought the crowd to its feet when he made one of his sensational dashes down the field for a gain of sixty yards. It was one of the real sensational features of the game, and the cheering was tremendous. Getting the ball from Awrey at the scrimmage, he tore through the end of the wing line and, after dodging McCann, a move that caused him to lose his balance when he had a clear field, he tore through for another twenty yards before stumbling to the ground. Johnston, who charged him when he was on the ground, was ruled off for two minutes. Moore was knocked out for five minutes.

Smith made a beautiful kick to Johnston, who tore through the wings in sensational fashion, passing midfield and getting to Tiger's 25-yard line before Simpson made a brilliant tackle. After a punting duel between Simpson and Williams, Ottawa scrimmaged at midfield, Turner going off at this time to even up for Christy, who was laid out in a tackle.

Smith ran Williams' punt out fifteen yards, Wigle and Isbister making five each on two downs. Simpson's kick was blocked, Tigers recovering, but losing possession on a forward pass. Williams, after trying in vain to go around the end, kicked, Tigers running the ball out ten yards from their line.

Moore went around the end for three yards. Isbister failed to make ground on a buck, and then Smith made a beautiful punt into touch at Hamilton 45-yard line. Williams was downed by Barron for a loss of ten yards when he tried to get away from the scrimmage. Williams kicked to Simpson, who was charged by Stronach and knocked out, but not before he booted to centre, where Ottawa fumbled, Bramer grabbing the ball. The crowd gave Stronach an awful roar for his dirty work, and he was ruled off for five minutes. Simpson was justly cheered when he got on his feet.

Burton took Awrey's pass from the scrimmage, and wiggled through for fifteen yards before Ferguson stopped him. Awrey, Moore and Smith made another fifteen on a combination play. The third down netted another ten yards, Awrey passing to Isbister, who, when tackled, took a desperate chance and passed to Burton. Smith kicked to Williams on Ottawa's line just as the quarter ended.

Third quarter score: Tigers 9, Ottawa 5.

LAST QUARTER.

The dirty work begun by the Ottawa team just before the close of the third quarter put the crowd in an ugly mood, and the Tigers were called upon to rough it. They opened up the last quarter with a rush. After a lively punting duel, Ferguson kicking to Moore, who returned to McCann, who booted to Burton, the little half-back made a brilliant fifty-yard run, carrying the ball to Ottawa's 25-yard line before being downed. "Dutch" was given an ovation. Awrey passed from the scrimmage to Smith, who recovered after fumbling, inadvertently making a forward pass, which gave Ottawa possession 30 yards out.

Gerrard accepted Williams' pass, but his attempt to kick was blocked, and Wigle nailed the ball, Tigers bucking for five yards. Bramer's arm was hurt. Smith dropped a difficult pass from the Ottawa line, and Williams ran the ball out, being forced into touch just outside his own line. Williams relieved by kicking high over Smith's head to Ottawa's 45. McCann fumbled Simpson's punt, but Johnston recovered, and was downed after five yards out. Moore recovered, dodged through the Ottawa wings, made a bluff to pass to Smith, who was following close, and then shot over the Ottawa line for a try. The great half had to run nearly a hundred yards across the field to dodge the Ottawa wings, and he carried the ball for a brilliant play of forty yards. It was a straight gain, his heady work in bluffing the Ottawa wings and throwing them off their guard, when he made them believe he had passed to Smith, eliciting a tremendous ovation from the crowd. He failed to convert.

Tigers 14, Ottawa 5. Ferguson dribbled the fake kick to Johnston, who fell on the ball at Hamilton's 45. Smith made five yards from the scrimmage, and then Simpson kicked behind the line to Johnston, who was anchored by Barron before he could run the ball out.

Tigers 15, Ottawa 5. Simpson immediately returned Williams' kick to Johnston, who was forced to rouge.

Tigers 16, Ottawa 5. Williams toed the ball and started to run, Pfeiffer downing him at the thirty yard line. An end run by Williams yielded no gain.

Stronach, who had begun to play rough, charged into Marriott during the scrimmage, apparently without cause. The big Tiger wing man promptly threw Stronach and had it not been for the interference of Moore and other Tiger players, who grabbed Marriott, there would probably have been a bad mix-up. Marriott drew back his arm to strike the Ottawa man and the crowd who had been watching the tactics of Stronach, urged the Tiger man to wallop him. Marriott went off for five minutes. Simpson, when play was resumed, kicked to the dead line for another point.

Tigers 17, Ottawa 5. Simpson handled Kilt's punt, passing to Moore when charged by the Ottawa wings. Burton, Ottawa half-back made a splendid punt to Williams, who was forced to rouge.

Tigers 18, Ottawa 5. Before the point was scored Simpson was laid out by Sheriff, who charged him without cause.

Moore fumbled Kilt's kick at the Ottawa wings swooped down on him, but Smith recovered nicely, kicking from the scrimmage to Johnston, who returned to Burton. "Dutch" brought the crowd to its feet when he made another sensational forty-yard run, going over for a try, which Moore converted, making the score:

Tigers 24, Ottawa 5. Ferguson kicked to Isbister, who returned to Williams. Isbister handled Williams' return and was shoved into touch at centre, dropping the ball when tackled. Williams kicked to Burton, who made five yards. Simpson, from the scrimmage kicked to Gerrard, who returned to Smith into touch at Hamilton's forty.

Smith returned Williams' kick to Gerrard, the latter booting to Smith. Wigle was sent off for charging Gerrard. Smith punted from Hamilton's 45 to McCann, who fumbled, recovered, and booted to Simpson, who was downed at Hamilton's 45.

Moore's end run was stopped and Simpson booted to Williams, who fumbled, Johnston recovering. His kick was blocked, and Grey flopped on the ball. Ferguson went off for two minutes for charging Simpson. Awrey got five yards on a buck from the scrimmage. The officials were loudly applauded when they ruled Kilt off for his dirty work. Gerrard moved up to quarter. Simpson's kick to Johnston was fumbled, but the ball came back on an offside and Wally Barron went off for the rest of the game because the referee caught him handing the Ottawa players back some of their own medicine.

Grey nailed Gerrard twice, stopping any gains on Ottawa's first two downs. Johnston's kick was blocked and Bramer dribbled, Johnston kicking to the dead line to save a try. The ball was called back on an offside, however, Gerrard booting to Simpson at Hamilton's 45. Williams, after fumbling Moore's kick, recovered and kicked to Moore, who was tackled at the 40-yard line. McCann returned Simpson's punt from behind the line fifteen yards, Awrey bringing him down. Moore fumbled the punt, but Smith recovered at centre.

Johnstone fumbled Smith's high kick. Williams recovering, just as Wigle and Isbister nailed him fifteen yards out. Simpson handled Gerrard's punt and tried a drop, which failed, Ottawa running the ball five yards out. Gerrard's side kick across the field was captured by Burton, who followed up like a flash and went over twenty yards for a try, which Moore converted, making the score:

Tigers 30, Ottawa 5. Williams kicked to Wigle, who was downed near centre. Moore tried an end run for no gain, and Tigers were preparing to scrimmage on their forty-yard line when the whistle blew.

Full score, Tigers 30, Ottawa 5.

Dunpas All the Way at Toronto. Valleyites Defeated Argo II by 23 to 1 at Toronto.

Toronto, Nov. 8.—Dundas defeated Argo II in a game on Varsity campus yesterday for the Intermediate League championship. The score was 23 to 1, showing plainly that the Dundas team had it all their own way from the first. The game was clean throughout. Joffite, the full-back for the Argo, being the only one injured enough to retire from the game. Only two touchdowns were made in the whole play. The line-up was: Dundas (23)—Full-back, C. Quackenbush; halves, Martin, Binkley and Mallett; quarter-back, Lang; wings, Craig, Smith and G. Quackenbush; scrummen, Lee, Norton and Fleming.

Argo II (1)—Full-back, Joffite; halves, Geo. Sifton and Poole; wings, McArthur, Thompson, Lytle, Woods, Zowak, McKenzie; scrummen, Sprague, Baycroft and Kennedy.

In the first quarter, Dundas made eight points, two points by a kick to dead-line and a rouse. Ross Craig got a touchdown, and Mallett converted. Argo got one point by a touch in goal.

In the second quarter Dundas scored three points on rouses, the score at half time being Dundas 11, Argo 1.

Dundas scored two points in the third quarter by touches in goal, and scored another by Argo themselves kicking into their own dead line.

In the fourth quarter, Dundas made another touch down and scored four dead-line points. The Argo, first McArthur, Tommy Hay, of the Argo, and McArthur, of McMaster, were unplayable.

"Which do you consider the best brand of shaving soap?" asked the man in the chair. "Oh, it's all a matter of taste," replied the barber.

COMMENT AND GOSSIP

The organization meeting of the City Ten Pin League was held on Saturday evening at the Brunswick bowling alleys. The following officers were elected: C. I. Aitchison, President; William Moore, Vice-President; C. L. Nelson, Secretary.

The following clubs will compose the league: Westinghouse, Bendas, Hamilton Bowling Club, H. B. & A. C. Colonials and Internationals.

The league games will be bowled on Tuesday and Wednesday nights of each week, starting Nov. 16. There will be three rounds, the winners to play off for the championship and the Klein & Binkley trophy. The games will take place on the Brunswick alleys.

Johnson declares that Jeffries looked like an extremely tired man to him during their New York conference. Johnson looked the same way to Ketchell about half a minute before he knocked Stanley into dreamland. So you never can tell.

George Bonhag's victory at ten miles on Saturday was from a field that included some of the best long-distance runners. Bonhag won in the remarkable time of 52 minutes 34.4 seconds, breaking Willie Day's American record of 52 minutes 28.5 seconds, that has stood unshaken since 1889.

Jim Jeffries has placed himself on record as saying that pugilism is a parlor game compared to football. In football it's a case of eleven men on one at a time, while in the ring it's an even proposition, declares Jeff. Sounds well-to-pugilistic followers.

The best contest of the year in English light circles is slated for this evening at the National Sporting Club, when Freddie Welsh and Johnnie Summers meet for the English lightweight championship and a purse of \$5,000.

Queen's asked themselves as to Lawson's inability to punt: Why doesn't he miff more? And answered: Because he isn't given more. Then they set out to boot everything his way, with the result that the oval went wobbling through him, over him and around the otherwise wonderful player.

Is it absolutely necessary to pay attention to all these tiddy fo la "bids" for the Jeffries-Johnson fight when the object of them is as plain as one of Ed. Corrigan's classic smiles? There is no bid worthy of consideration unless it comes from California, where fighting is tolerated, or Nevada, where it is legal. Attempts to put impossible places on the map through the medium of this mooted affair should be snuffed. One may be pinched for even thinking about prize fighting in the State of Washington, and as for Oklahoma, when that state was being organized they gathered

at the central Y. M. C. A. gymnasium Saturday night the first games in the Church League were played.

The first game between Centenary and First Congregational was keenly contested, and resulted in a victory for the former team in the last few minutes of play by the score of 12-11.

The second game was a surprise. The spectators looked forward to see a rattling good game, but E. E. Y. M. C. A. put it all over St. Andrew's, who were expected to win. The Y. M. C. A. team were ahead from start to finish, at which time the score was 30-8. Shenton and Laid put up good games for E. E. Y. M. C. A., while Manson and Weir did most of the work for St. Andrew's.

Toronto Favored For the Play-Off. Final Game Between Tigers and Ottawa Will Likely be There.

Ottawa, Nov. 8.—In all probability the saw-off match between the Hamilton and Ottawa teams, should one be necessary, as expected to decide the championship of the inter-provincial, will be fought out at Toronto, on Nov. 20, a week from Saturday. After Saturday's game at Hamilton, Dr. Nagle and Tom Clancy, of the Ottawas, had a conference with President Thompson, of the Tigers, and President Seymour. The relative merits of Toronto and Montreal were discussed, but there did not seem any possibility of the clubs agreeing, and President Seymour put an end to the wrangling by declaring if they were forced the selection of a town for the match on his shoulders he would follow the precedent set by ex-President Molson, of Montreal, and order the teams to play at Kingston. Neither club wants another trip to the limestone city for the big game, as they barely cleared their expenses there last year. Toronto is favored on account of the fact that there is greater football interest there than at Montreal, and because of the climatic conditions. Tom Clancy stated tonight that Toronto was almost sure to get the big game, in which even the Queen City will center the market for the big rugby finals.

MONTREAL WANTS PLAY-OFF. Montreal, Nov. 8.—While nothing official has been done, it is understood that Montreal will use up both Ottawa and Hamilton in the advantage of having the play-off game in the inter-provincial series on the M. A. A. field. The club would be able to offer the clubs a gridiron second to none, where the teams can fight it out without interference of any description. The game would surely draw a larger crowd than at Kingston last year, and there is no comparison between the two fields.

Another U. S. Rugby Victim. Utica, N. Y., Nov. 8.—Joseph Pickering, 17 years old, member of the Cazenova football eleven, sustained what are believed to be mortal injuries in a game with the Colgate Academy eleven at Hamilton, Ont., Saturday afternoon. During a scrimmage Pickering was buried under a pile of struggling players and his spine subjected to terrific pressure, resulting in the fracturing of a vertebra.

George Bonhag Breaks Record. New York, Nov. 8.—George Bonhag, of the 12th American Athletic Club, broke all American running records from five miles up to eight miles on Saturday and won the ten-mile national championship in 52 minutes 28.5 seconds, against a formidable field of 22 distance men.

Bonhag took the lead at the start and was never headed. James F. Crowley, of the same club, finished second, Win. Bailey, NY Y. A. C., third.

The former American record is 52 minutes 28.5 seconds, made by Willie Day, at Staten Island, has stood for twenty years.

PLAYED A WINNER BUT DIDN'T CASH.

(Continued from Page 1.)

"Yes, sir; Mr. Kelley." "Did he put up any money?" "I guess so."

Then Simons said he didn't really see Kelley make a bet, but Kelley told him (witness) he did.

Kelley told of having been in Carroll's on many occasions, especially during the races, and he saw a man named MacDonaid taking money for bets.

"Was Mr. Carroll there?" "Yes." "How did you make your bet?" "On a ticket, and I played John Carroll (a horse) for first."

Witness then made out a slip for the enlightenment of the court, as to how bets are made.

"You did not play William Carroll?" humorously queried Mr. Washington.

"No, sir." "Did you see others making bets there?" "Yes."

Kelley said he did not go in again after that day, the 5th of July, as the horse he backed did not win.

"You are easily discouraged," remarked Mr. Washington.

Witness said he was in again this fall and made a bet the same way.

The horse he backed won. He had \$5 in it, but he didn't get his winnings.

"That's what I'm here for," said Kelley.

"When you put in one of those tickets don't you get anything back?" "No, sir; carry it in your head."

He then said he called on Mr. Carroll repeatedly to get that ticket cashed, but defendant said he couldn't find the ticket on which was recorded the bet.

"Did you ever cash a bet there?" "Yes, sir; I bet on a horse named Simcoe one day last spring, and got my money."

"Why didn't you lay a charge last spring?" asked Mr. Stanton.

"Because he dealt fair with me then." "So you laid this charge just for spite?" "Yes, sir."

"Did Mr. Carroll make the bet with you?" "No, sir."

"Did you tell him you made a bet?" "Yes, sir; he saw me make a bet with a man."

"Do you know the man's name you bet with?" "No, sir."

"Did you ask Mr. Carroll if he would like to have an interview with Chief Smith?" "Yes, sir."

"You meant him to understand you would prosecute him?" "Yes, sir."
