The Third Opition—No Action This Session 3. The Government may be able to persuade their friends from Quebec not to demand Remedial Legislation this session, on the understanding that if Manitoba does not remove the disabilities under which the Catholics of Manitoba labor that the Government will hold another session of Parliament and pass Remedial Legislation before going to the country. This seems to be the course favored by many Senator Frank Smith, so it is reported, being one of those who incline to this view.

OBJECTS TO SIR C, H. TUPPER'S "HUMILIATING INSINUATIONS."

Abe Orpen's Montreal Pool Rooms Raided -More Trouble Between Poet Frechette and the Clergy-Bank Manager's Regret at Newfoundland Not Coming Into the Union.

Montreal, June 19.—The following is the text of Judge Resnoyers' letter of protest to the Minister of Justice in onnection with the latter's remarks on

the St. Louis case:

If the reports of the public press are true, you have lately qualified my decision in the St. Louis matter as a "miscarriage of justice," Such a term involves in itself a slur on the administration of justice in Montreal, and also upon myself, which I cannot here re-senting. Whilst I am always ready to senting. Whilst I am always ready to submit to any honest criticism of my actions as a public functionary, I feel it is my right to protest against any humiliating insinuation, which such terms or any similar terms may involve, whether it comes from the Minister of Justice, the natural protector of tribunals and indees of the country, or tribunals and judges of the country, or from any other individual. I have no other way of defending myself against such unfair attacks but this protest, and I take the liberty of using it. I may add that such remarks on the part of the Minister of Justice who has pro-bably not read the evidence and cer-

bably not read the evidence and certainly not seen the witnesses cannot but have the most demoralizing effect upon the administration of justice. I remain, sir, yours respectfully, M. C. Desnoyers, J.S.P.

In the discussion on the case in the House on June 6, Sir Charies used these words: "It could noth ave been anticipated, it was not anticipated by the cipated, it was not anticipated by the law officers of the Crown, that such an unfortunate miscarriage of justice would take place in Montreal."

London, June 19.—Dr. Ward of Montreal, the choice of the Assembly as the successor to Dr. Reid, the venerable clerk, and agent of the church, asked leave to give the matter mature and deliberate consideration, and the Assembly granted his request.

Overtures were read from the Presbyteries of London and Toronto respecting the appointment of a professor to the vacant chair of Old Testament excessis and analogetics at Knox College.

rture be set aside and that the Assem-confirm the selection of the College ard in naming Dr. MacIntosh, Philadel-

The matter was further discussed and several amendments proposed, when Principal Caven spoke He took the first public opportunity of stating that the lecturers who had temporarily filled the chair for the past year, Messrs. Ramsay and Duncan, had done their work exceedingly well. He admitted that the staff would be strengthened by an additional professor, that he knew nothing unfavorable of Prof MacIntosh, but in the face of the opinion of six-sevenths of the alumni he would greatly hesitate to complete the appointment at the present

ment of chairs and delaying the appointment until next Assembly was carried.

Mr. Wilkinson retorted that he hadn't come there to be robbed but to secure justice, whereupon Magistrate Richardson warned him that a repetition of fis remark would mean another dollar.

Sunday next will be the last Sunday of Rev. Mr. Langford's pastorate over the Hope Methodist Church, East Toronto. His place will be taken by the Rev.J.D. Fitzpatrick, formerly of Scarboro Township, but who has been lately living in the city of Toronto, pursuing his college course at Victoria University. Mr. Fitzpatrick has had three years' experience patrick has had three years' experience in preaching in the Midlands and gave the work up to take his degree. Mr. Langford goes to Dundalk.

There is a considerable amount of feeling on the Island in reference to the cyclist residents riding their wheels on the sidewalks, which some parties think is not only exceedingly inconvenient for pedestrians, but also dangerous. They pedestrians, but also dangerous. They are anxious that the bylaw regarding bicyclists and sidewalks should be enforced on the Island as in other parts of the city, and to that end a petition has been signed and forwarded to the Police Commissioners for their action. The decision of the Police Commissioners is being awaited with interest.

Out of Sorts.—Symptoms, Headache, loss of appetite, furred tongue and general indisposition. These symptoms, if neglected, develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in successioon and a oure will be effected.
