SNOOKS VS. FOOZLE WAS GOOD

Upstreamers Provide a Most Diver-
ting Evening Entertainment in
Primrose Theatre.

The "Upstreamers" were greeted with a bumper house on Thursday night when they put on "The Great Matrimonial Trial." Snooks vs Fozzie together with many specialties including acrobatic stunts, dialogues and songs. A number of instrumental selections given by "The Melody Men," added to the pleasure of the occasion. So large was the audience that many were unable to gain admission to the theatre so a matinee was arranged for the following afternoon. The reception of the various features and numbers was most enthusiastic and the audience had an evening of much and varied enjoyment. Results were an indication of the reception given here to a good local production well advertised.

The opening number on the programme was an overture by the Bridgetown Melody Men and this was followed by two selections by the Male Quartette Messrs C. E. Wheeler, Geo. Wheeler, Rev. J. H. Preston, and Mr. Arthur C. Charlton. The selections choruses were "Comin' thro' the Rye" and "In the Gloaming."

Then came the Dark Town Twisters, the Longtime Brothers, Charlie and John in amusing colored dialogue. This was followed by clever acrobatic stunts by Prof. Gosson and George Jefferson.

A selection by the Melody Men completed the first part of the programme and sale of home-made candy took place during intermission.

Part Two introduced a side-splitting performance, "The Great Matrimonial Trial." Snooks vs Fozzie with cast of characters as follows:
Solomon Fobb, an elderly Judge, Arnold Wood.
Henry Hines, Clerk, George Jefferson.
Thomas Fozzie, Proprietor of a Matrimonial Bureau, Defendant, Joe Dan.
Abraham Octavius Snooks, the Plaintiff, a bachelor forty years old, in want of a wife, Ralph Henson.
Demosthenes Guff, Counsel for the Plaintiff, Chas Anderson.
Lemuel Gump, Counsel for the Defendant, Chas. LeBrun.
Patrick Hooligan, Officer, Gordon Norman.
Miss Talker, a neighborhood gossip, anxious for a husband, Kenneth Robinson.
Mrs. Heartbreaker, an actress looking for her sixth husband, George Stevens.
Mrs. Bridget O'Tool, a middle-aged buxom Irish woman, Guy Henson.
Miss Estuvaline, an advocate of Woman's Rights, looking for a chance to marry, Victor Walker.
Mrs. Hinkley, a widow of fifty, mother of a nice little family and real anxious to wed, Clarence FitzRandolph.
Mrs. Hinkley's children, Mary (Ronald Brooks), Henry (Ned Gesner) George (Norman Orlando), Fred (Francis Orlando).
Jurymen: Messrs A. F. Hiltz, (objected to), W. E. Gesner, (objected to), John Donat, B. N. Messinger, K. Leslie, C. E. Wheeler, Rev. J. H. Preston, Arthur Charlton.
The trial was characterized by rollicking humor and amusing farce. All the members of the cast took their parts exceedingly well and many timely and amusing local hits were made that convulsed the audience.

MEETING OF RURAL DEANERY

Good Attendance of Clergymen—
Pleasant and Profitable Sessions
Held on Monday and Tuesday.

A chapter meeting of the Rural Deanery of Annapolis, was held in Bridgetown, on Monday and Tuesday of this week. All the incumbents of the Deanery were in attendance excepting the Rev. T. C. Mellor, rector of Annapolis, who was unavoidably absent through indisposition.

On Monday afternoon in addition to routine business, Hebrews, Chapter I, was read and studied in the Greek text, an illuminating paper thereon being submitted by Rural Dean DeLoe.

On Monday evening a service was held in St. James church in which the visiting clergy took part, the preacher being the Rev. R. A. Miller, M.A., B.D., rector of Middleton.

Tuesday's programme commenced with a celebration of the Holy Communion at 8 a.m. at which service a sermon (ad clerum) was preached by the Rev. R. A. Neish, B.A., rector of Granville.

Assembling for the morning service at 10.15 a paper was contributed by the Rev. Canon Morris on "Rejuvenation."

At 1.15 the clergy were guests of Canon and Mrs. Underwood for lunch at the rectory.

For the afternoon session two papers were submitted for discussion, the first by the Rev. M. Taylor, rector of Weymouth.

"The teachings of Christ, the true solution of our industrial problems," the second by the Rev. R. A. Miller on the 22nd Psalm. Each paper was discussed at length.

Under the head of miscellaneous business arrangements were made for the next meeting to be held at Weymouth the last week in August.

Votes of thanks were also passed to the various hosts and hostesses for their kind and genial hospitality.

In the evening a service was held in St. Mary's church, Belleisle, the visiting clergy again taking part. At this service the Rev. A. W. L. Smith, rector of St. Clements, was the preacher.

This was brought to a close a gathering pleasant and profitable in every way.

The boys who took the parts of the would-be brides were well made up and some of them particularly so, and were good counterparts of handsome and attractive ladies who kept the audience guessing.

The rendition showed careful and painstaking attention by the boys and was a high tribute to the splendid training received from Mrs. Will Lockett who directed the entertainment.

This entertainment will be repeated in Belleisle Hall next Friday evening commencing at 8 o'clock.

ANNUAL MEETING BOARD OF TRADE

Officers Elected—Government Asked to Vote Money For New Post Office—D. A. R. Asked For Crossing Bell—Other Matters Discussed.

The annual meeting of the Bridgetown Board of Trade was held on Friday evening in their rooms in the Royal Bank Building and officers were elected as follows:—
President—M. C. Foster.
Vice-Pres.—Karl Freeman.
Sec.—Treasurer—Vinton A. Lloyd.
A nominating committee composed of C. B. Longmire, E. A. Hicks, and J. S. Magee nominated the following Council:—
Dr. Armstrong, A. B. McKenzie, H. B. Hicks, F. M. Graves, P. W. Longmire, V. A. Lloyd, H. S. Magee and R. A. Hicks.

Some discussion took place on regulations governing a free express delivery in this town and a committee consisting of H. B. Hicks, C. B. Longmire, J. S. Moses, E. A. Hicks was appointed to assist the secretary in drawing up a map illustrating the requirements to be complied with for a free express delivery.

Instructions were issued to bill all organizations which have been using the Board of Trade room. The sign at Carleton Corner is to be renewed.

The secretary was instructed to write our Dominion representative to request the Federal Government to make a grant for the erection of a new Post Office here and also to write Manager Geo. E. Graham of the Dominion Atlantic Railway to have a crossing bell installed at the D. A. R. Crossing, Queen Street.

Last year Moira was the only Canadian Chocolate manufacturer represented at the great British Empire Exhibition, Wembley. This year, in response to official requests, they will exhibit again.

Each of the Acrostatic Boxes contains, besides a full pound of Moira's Chocolates, a booklet giving four Cross Word Puzzles as well as the latest twist, an Acrostatic.

For centaries sugar was so precious it was sold by apothecaries.

IMPROVEMENTS FOR QUEEN STREET

Paint up Campaign Suggested and Appeal to be Made to the Pride of Owners of Dinky Buildings.

This is clean-up week in town and very considerable improvements are expected to take place during the next few days. A movement is on foot to stimulate the brightening up of properties especially on Queen St. the business centre. It is surprising what an improvement a little paint will make and if everyone would come to the view that use of paint on buildings is an investment and not an expense, there would be few dingy and disreputable looking premises about the centre of the town. Ill kept properties drive away business, they drive away visitors and give to the town an air of decadence which is not in accordance with the facts. Many properties are well looked after and well kept up. Others could be much improved at a trifling expense. Wake up. Shake a leg and take some more pride, especially in the appearance of the business section of the town. Queen Street needs permanent street repairs.

DIGBY PREPARING FOR BALL SEASON

Plan to Enter League With Bear River, Weymouth and Annapolis.

Digby—The annual meeting of the Digby Athletic Club was held Friday evening and arrangements were made for the coming season, when it is hoped to form a baseball league between Bear River, Weymouth, Annapolis and Digby. It was decided at the meeting to have the grounds put in shape and to hold practise every day. There is good material in Digby for a ball team and it is hoped that everyone who can play will turn out for practise and try to make the team.

The following officers for the ensuing year were elected:—
President—Frank L. Anderson.
1st Vice-President—H. E. Jones.
2nd Vice-President—Dr. S. B. MacGregor.
Secretary—A. J. Dillon.
Treasurer—P. C. R. Harris.
Field Committee—P. W. Holdsworth, J. W. Merkel, Dr. W. Turnbull.
Entertainment Committee—L. Morse F. K. Hayden, W. J. Agate.

Frank K. Hayden was elected manager of the ball team, C. F. McBride chairman of Collection Committee, and C. B. Simmonds as Auditor.

HISTORICAL CELEBRATION

300th Anniversary of Founding of Order of Knights of Barons of Nova Scotia Fittingly Celebrated.—
Mr. Edmund Clark Celebrates 103rd Birthday.—
Other Notes.

Annapolis Royal.—The celebration in connection with the 300th anniversary of the founding of the order of Barons of Nova Scotia, was very successfully carried out on Wednesday. In the afternoon a beautiful brass tablet was unveiled by Mrs. J. M. Owen, President of the Historical Association of Annapolis Royal, who also, on behalf of the Association presented to Fort Anne Park, a portrait of Charles I in his royal robes and a large painting in oils of General Sir William Fenwick Williams, who was born at Annapolis in 1800. These ceremonies were performed in the Superintendent's office, with its interesting surroundings where the guests were welcomed by Mr. L. M. Fortier. Those present were Rev. W. B. Muir of Sherbrooke, N. S.; Dr. J. D. Logan, of Halifax, recently appointed Dominion Archivist; Archibald G. Burnham, of St. John, N. B., representing the New Brunswick Historical Association; Capt. C. Clarkson Shaw, of Halifax, a descendant of a Baronet of Nova Scotia; Mayor and Mrs. G. A. Hawksworth; Mr. and Mrs. J. M. Owen; Mr. and Mrs. F. W. Harris; Mr. and Mrs. G. W. Bellevue; Mr. and Mrs. F. C. Whitman; Mrs. B. C. Borden, 2nd Vice-Regent, Fort Anne Chapter, I. O. O. E.; Mrs. R. S. Miller and Mrs. E. McClafferty. Regrets were read from Mr. Charles Stewart, Minister of Interior, Ottawa; Miss Mary Daly Halifax; Chief Justice and Mrs. R. Harris, Halifax; Dr. and Mrs. L. J. Lovett, Bear River, and Mr. J. D. W. Stevens, Annapolis Royal. After the visitors had signed the register, they were the guests of Mr. Fortier at afternoon tea in Copeland's ice-cream parlour.

The evening meeting was held in the Town Hall and very largely attended. The President, Mrs. Owen, was in the chair, and the minutes and correspondence read by the Secretary, Mr. G. W. Bellevue, after which Capt. C. Clarkson Shaw presented the Association with a beautiful edition of the "History of the Baronetage of Nova Scotia" and Mr. Fortier told the story of the handsome portrait of General Williams, which had been presented by Mrs. Owen that afternoon. Rev. Mr. Muir, the principal speaker of the evening, received a most cordial welcome from his old parishioners and friends, and his paper on "The Baronets of Nova Scotia" was especially interesting and delivered with his well-remembered gift of oratory. A vote of thanks moved by Dr. Borden and seconded by Mr. Fortier, was presented by Mrs. Owen in appreciation of Mr. Muir's splendid

ROY MITCHELL IS SUPERIOR TO EDGAR MARTIN AND LANDS KNOCKOUT BLOW

Shows Boy Tries Hard and Home up Well—Haligonian Has Opponent Hanging on After Sixth.

Joggins Mines—Thursday, Roy Mitchell, sensational Halifax heavyweight boxer, showing Dempsey form, knocked out Edgar Martin, hero of 56 battles in the United States and Canada, here Thursday night in the final round of a ten round bout. Martin made a good showing against his faster opponent, but Mitchell had the local hanging on after the sixth round.

Mitchell Cuts Loose.

Going into the tenth round, Mitchell decided to end the bout suddenly and this he did. He clipped Martin with rights and lefts until a clinch was forced. As they squared off again, Mitchell sent home his mighty right and the cash customer listened to the count of ten.—(Herald.)

OBITUARY

Frank O. Hatch.

The death took place at Chestnut Hill, Massachusetts, on April 29th, of Mr. Frank O. Hatch, aged 49 years. He leaves six children, four daughters, Marjorie, married in Boston, Jennie, Frances and Carolyn. Two sons John and George. Mr. Hatch was a brother-in-law of Mrs. Edward Taylor of Carleton Corner. A particular sad feature is the fact that Mr. Hatch passed away only three days after his wife and the children in ages between 16 and 3 years are thus bereft in so short a space of time of their parents.

DISTRICT CONVENTION OF SUNDAY SCHOOLS HELD AT MIDDLETON

Middleton.—The District Sunday School Convention took place Thursday in the United Church, Rev. Waldo C. Machum, Executive and Boys' Work Secretary of the Maritime Religious Educational Council, was president. Rev. W. R. Turner was in the chair, Willard Shafter acting as Secretary pro tem in place of Mrs. M. W. Brown. Two new Sunday Schools, Brooklyn and Wilmet, were reported organized during the year.

Officers for ensuing year are:—
President, Rev. W. R. Turner; Vice-President, F. E. Cox; Secretary-Treasurer, Mrs. A. J. Banks.

Mr. Machum delivered an address on Sunday School work, emphasizing religious education and missions, and spoke of the benefit of trained leadership and S. S. evangelism. The speaker also laid emphasis on the Boys' and Girls' Camps and Summer Schools. "Pinehurst" is the camp for this district, the girls going in from June 29th to July 10th; boys, from July 13th to 23rd. He asked, particularly, for a large attendance this year.

The camp training, he said, was particularly good in its results of character building and developing reliability. Summer Schools at Wolfville and Sackville, N. B., are excellent for the training of the young.

Mr. Machum is conducting a series of seven conventions in this district—Nictaux, Melvern, Lawrenceton, Bridgetown, Granville Ferry and East Waldeck.

A WORD FOR THE OLD HORSE.

"Bystander" in the Toronto Globe of Saturday has the following:
The horse and buggy is now so rare except in a few remote sections, that it prompts glances from a turning head, and perhaps an arching of the eyebrows. It has almost passed out as the motor car entered. It will belong to the museums of a future generation.

But wait a minute! One who knew it well and can speak of it with feeling, just as any man of 50 might do today, if he stopped and looked backward, has lifted his voice for the old nag. It is Chauncey M. Depew, who was 91 on Thursday, and was annually as Chairman of the Board of Directors of the New York Central Railway.

"The cheery old gentleman, who believes the world is growing better, and lives an active, normal life, beginning with his 'daily dozen' to the sound of music, turned his mind back to the family nag, now being driven out by the motor car.

"It was an aid to courtship and happy matrimony," he said. "Every boy when I was young, 70 years ago, saved his money to buy a bright red buggy. His father had a horse. The horse was educated, but not trained. He, being a family horse, had a great interest in promoting families, so when he saw the boy and girl sitting close together he would slow down and the reins would be dropped. Then he would stop—but they didn't care."
Mr. Depew has lived long enough not to worry over changes in fashion. "Flappers," echoed Feminist Depew who owned to be one of Susan B. Anthony's earliest supporters and a convert of Mrs. Stanton's. "They're just a fashion. I've lived through" he added with a mock sigh, "the wasp waist, the bustle and the hoop-skirt. I've known the time when a woman's greatest glory was hair that reached to her ankles—and that time will come again; it all moves in cycles.

"Women, however, lose a bit of their femininity in entering man's world. But that can't be helped; they are forced in through economic circumstances. Yes, I expect to see them railroad executives. They'll be in everything yet." He chuckled as he said he feared no woman ever would "capitalize reticence."

Press Comment

TOO MANY LAWS.

Los Angeles Times: In the days of Moses ten laws were considered ample for the regulation of the people. Since then we have had more than 1,300,000 enactments of various kinds in this country alone, and there are still thousands of citizens who are clamoring for more laws. And in the mighty flood of legislation the original ten laws appear to be dangerously near submerged.

THE NEW JUDIA.

Manchester Guardian: Standing at the geographic meeting-point of East and West, with its Semitic origin and acquired Western habit, the Jewish people may well serve as interpreter of the new civilization to the older one. It has its own Arabs to assimilate and the vast Arab population north and east and south of it to

GRINDING OUT WORDS INSTEAD OF LAWS.

La Presse: "The budget debate has this year 'dragged' in a particularly respectable manner, and we are right in calling it useless when the organic character of Parliament is considered. Of course the desire of every member to take part in the debate is perfectly legitimate. Every one considers that he owes it to his electors to give this manifestation of his parliamentary competence and as the occasion does not always present itself

BRITISH SACRIFICE.

London Daily Mail: So far as Great Britain is concerned, she has already disarmed. She has drastically cut down her army. Her air force is but the shadow of the great organization which it was at the close of the war, when it was superior in strength and efficiency to that of any other nation. The British navy now takes second place in the world, whether in point of numbers or of new ships. No people in the world have made such sacrifices for peace; perhaps, also, no people in the world, not even our Allies, the French, have suffered so much from war.

CHINA AND THE SOVIET.

Hong Kong Press: All (foreign powers) are interested in seeing that China respects her treaty obligations, and all are anxious to see China enjoying peace and prosperity through-out the land. China's highest interests coincide with the best interests of the Powers. When M. Chicherin declares that "China regards the Union of Soviet Republics interestingly as her one and only friend," he is evidently under the misapprehension that the noisy little groups that surround the Soviet Ambassador at Peking and his adjutant at Canton are to be regarded as "China." It is a delusion.

POLITICS IN PALESTINE.

London Times: (Arab leaders in Palestine have adopted the Zakhulist method of teaching political propaganda in the schools.) In Syria across the border the French have long realized the danger of Egyptian influence on native aspirations, and their censorship on Cairo papers coming into Beirut is as strictly as it is frequently exercised. British rule is traditionally chary of interference with the freedom of the Press, but the subordination of education to politics is a different matter. In fairness alike to national safety and to the education of the young Arab it is absolutely essential that the first sign of political propaganda in the schools of Palestine should be checked without a moment's delay.

THE PALESTINE EXPERIMENT.

De Monzie in Le Journal (Paris): The enterprise of Judaism in this corner of the world which it has coveted throughout the centuries is one of the most remarkable triumphs of the spirit. It cannot but help Britain to be associated with such a triumph and it will be disastrous for us to continue putting our faith only in temporal or temporary powers that is to say the power of the sword. True patriotism demands our consideration of all the great spiritual movements of humanity.

SONG OF THE MYSTIC.

I walk down the Valley of Silence—
Down the dim, voiceless Valley—

And I hear not the fall of a footstep
Around me save God's and my own;
And the hush of my heart is as holy
As hovers where angels have flown!

UPPER CLEMENTS MAN CELEBRATES 104TH BIRTHDAY

Annapolis Royal—Tuesday Edmund Clarke entered upon his 104th year at his home in Upper Clements where he has lived for a great many years with his daughter, Mrs. Fenwick Balm, and received his friends informally. Mr. Clarke's memory is very clear, and he not only recalls things which happened when he was a child, but can easily run back in his mind over the past hundred years and tell occurrences during that long span of years almost two life times. For years Mr. and Mrs. Clarke had had charge of the County Home in Bridgetown afterwards they moved to Belleisle where Mr. Clarke died, then Mr. Clarke came to Annapolis to live with his daughter.

Mr. Clarke, keenly interested in all topics of the day, has the newspapers read to him every night, owing to loss of sight a year or more ago. Regular hours and plenty of outdoor exercise is the secret of good health and longevity, according to Mr. Clarke. Annapolis Royal is very proud of him and he has had many messages of congratulations on his birthday. Mr. Adam Clark of Upper Grandville, is a son of the centenarian.

The council has consented to try out either oil or tarvia whichever will be considered best for the purpose. The question of the disposition of the large square of ground, formerly used as a baseball diamond, was also brought up for consideration. It was decided that a small park should be made of it. Other Troubles Women Often Have Relieved by Lydia E. Pinkham's Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was a year ago. I was in a bad condition and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a bonny baby girl four months old. I do my house work and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. UPPER CLEMENTS MAN CELEBRATES 104TH BIRTHDAY

Annapolis Royal—Tuesday Edmund Clarke entered upon his 104th year at his home in Upper Clements where he has lived for a great many years with his daughter, Mrs. Fenwick Balm, and received his friends informally. Mr. Clarke's memory is very clear, and he not only recalls things which happened when he was a child, but can easily run back in his mind over the past hundred years and tell occurrences during that long span of years almost two life times.

SOME SUGGESTIONS FOR THOSE SEEKING TO INCREASE BOYS' INTEREST IN MUSIC.

The following are a few suggestions which may prove helpful to those engaged in advancing the interests of music among boys at mid-week group sessions or meetings:
If you have a pianist, spend a few moments every now and again singing some of the songs that appear on your song sheet.

Try an informal sing song around the piano after the meeting proper is over. Some boys are very shy at hearing their own voices in song and the advantage of the informal approach is that it is liable to make the boy feel more at home.

Commence with the better known songs. Find out what they know well. Discourage hollering, but do not be too academic. Close with one of the finer songs, such as "Just a Song at Twilight," or a good old hymn that the boys know, such as "Faith of Our Fathers," or "I Need Thee Every Hour."

In connection with sacred songs, try to put more content and meaning into hymns. Link them up, if possible, with the lives of the men who wrote them. Make the boys acquainted with the circumstances under which they were written. A hymn will mean far more to a boy when it has been linked up with the human element. A hymn that once was meaningless suddenly becomes purposeful under this method.

Other suggestions might be added, but the above, if closely followed, should tend to improve the individual boy's taste along musical lines.

IMPROVEMENT OF NEGLECTED LAND.

(Experimental Farms Note.) Experiments with several different treatments for the improvement of poor or neglected land were undertaken at Charlottetown in 1916. When noxious weeds, including ox-eye-daisy and yarrow, are present, a three year rotation of potatoes, grain, clover may be used to advantage. Can clover be grown on land that has been neglected for years? Yes, it can. One successful method is to cut over the land to be improved early in July, or before the weeds form seed. After the first soaking rain plough it 4 inches to 5 inches deep and roll the same day. Cultivate occasionally through the summer to destroy weeds and improve the tilth of the soil. Ridge up late in the autumn to give the frost a better chance to do its beneficial work.

E. MacMahon, of Kentville, president of the Maritime Board of Trade and head of the United Fruit Companies of Nova Scotia.

THE DECLINE OF NEIGHBORLI- NESS.

The woman of today has forgotten, in the hurry and turmoil of city life, the art of being neighborly; the art that distinguished her kindly, bustling grandmother. It is to be regretted that this is so, for society, to be permanent and certainly to be progressive has to be linked together. We must have points of contact with our fellows. The more there are of these, the more substantial is the general condition.

The mothers of yesterday were less hurried than those of today, and consequently less selfish. They had time for the simpler pleasures which gave them as much enjoyment as the complex, strenuous, businesslike affairs of today. They could be interested in the people whose lives touched their own through propinquity, and without any sacrifice of their own more immediate home duties. They could loan and borrow; they could rendering assistance in times of joy and

These acts made them more kindly and more tolerant as well. They had a chance to get behind the scenes of life, to see their fellows when they were not playing parts, and when the paint and the powder were washed off. They got at the mysteries of existence, the love of a good wife for a bad husband, the forgiveness of fond parents for frailties of sons and daughters. They went out of themselves to get their knowledge, and when it was theirs it broadened them. Little of the sort rewards the aloofness of the present day. To meet at party or at formal dinner; to know people by their gowns and to make their parties social clearing houses doesn't put any man or woman into the warm, instructive, self-developing relations which followed upon the old big-hearted neighborliness.

This is a pity. A greater pity lurks behind in the knowledge that nothing can improve affairs. The world is too busy to go backward, and so it grows colder every day.

HARNESSING THE TIDES OF FUNDY.

Hydraulic Engineer Busy at Fredericton.

Fredericton — Dexter P. Cooper, Philadelphia, internationally known hydraulic engineer, Friday morning, took the first steps towards securing titles to the holdings along the New Brunswick side of the St. Croix river, necessary for the \$100,000,000 scheme on which he has been working for some years for harnessing the tidal waters of the Bay of Fundy in Passamaquoddy Bay.

Following a conference with Premier Veniot, Mr. Cooper spent Friday morning at the parliament buildings looking up titles and various records in the different government offices in connection with the lands necessary for proceeding with the project, which it is estimated will develop 600,000 horse power of electricity, which could be marketed at rates which would be lower than ever before heard of.

While in the city Mr. Cooper also had a conference with Matthew Lodge Moncton, at whose request he has been acting in an advisory capacity in connection with the project for harnessing the tidal waters of the Bay of Fundy in the Petitedoac river.

DEVELOPING INSTRUMENTAL MUSIC IN PUBLIC SCHOOLS.

From Canadian Bureau For The Advancement of Music, Ryrle Building, Toronto.

There is little doubt that the next decade will see the standardization of instrumental procedure in the public schools, that all the children of all the people may secure at public expense such fundamental training in music as can be consummated in the twelve years of school life, in conjunction with the academic subjects which everyday existence and educational requirements demand.

This leads us to consider music as a vocational subject, a phase which has not received much consideration. The demand for experienced performers upon the usual and unusual instruments is as great today as in the past, and the augmented orchestra much in vogue in the white-screen theatre is commencing all the available players.

The Canadian boy is just as well qualified to become a proficient performer upon the oboe, bassoon, French horn and similar instruments—not included in the solo four—as the boys of France, Russia, Italy or Germany. Given the same opportunities for musical instruction, it is safe to state that the Canadian boy can become as expert as his foreign cousins and bring to his art a corresponding equivalent in education, morals, manner and musicianship.

PRINTERS' UNION ASSERTS THAT CREDIT SELLING THREATENS THE NATION.

Indianapolis.—Warning that the personal indebtedness of the average American wage earner has grown to an alarming amount, endangering the independence of the worker, will be issued to members of the International Typographical Union as a result of a lying cost survey made by the union's statistical department, was the announcement made today in a statement by James M. Lynch, president, and J. W. Hays, secretary-treasurer.

"Good wages and healthful working conditions cannot add greatly to the wage earner's happiness if he persists in getting into debt," said Mr. Lynch. "The root of the evil is the tremendous growth of credit business which in the last decade has raised a need for defense of the worker against the 'high pressure' type of salesman. Bankers and business men realize the gravity of this condition, but find it difficult to check the trend away from thrift."

Rapidly increasing production and lack of foreign markets has turned the full force of the nation's highly organized selling force upon the domestic field. The result is the wage earner, as well as other classes, has been driven into debt. It is possible these days to 'buy' almost anything under the sun with a small down payment.

"Business itself is suffering as well as the consuming public from this state of affairs. It is being driven to an impasse. Buying power is being sopped up in advance of its development; cost of doing business is increasing fearfully.

"The remedy is to check the insidiously growing tendency to ill-considered extravagance on the part of the worker. Insinuating salesmen, trained in selling psychology and in 'credit desire' abetted by wives, jealous of their neighbors' displays, are constantly waiting to take the broadening in a weak moment and unload something on him. Our statistical department has found the case of a man who engaged himself to meet monthly payments actually in excess of his salary, living expenses having been left completely out of calculations.

"America, the greatest creditor nation on earth, with ten and one-half billions owing to her, is in a fair way to become the greatest nation of debtors on earth."

UNLIFTING THE SALMON.

When the salmon, after years of wandering in the vasty deep, feels the urge of nostalgia and turns again home, his eagerness to revisit the haunts of his youth brooks no barrier. Wriggling up the riffles, leaping cascades ten or twelve feet in height, stemming the swiftest currents, he reaches the waters of his nativity or dies gamely in the attempt, says the N. Y. Herald-Tribune.

Time was when fish ladders, which are chutes through which pours a stream sufficient to float a salmon, were built to ease him over dams that were thrown across rivers to assist navigation or supply hydro-electric power. But the use of salmon wheels contrivances that dip the returning sea rover from his element and never return him thither, has made the creatures wary. Of late they have come to regard fish ladders as snares set by man to accomplish the first stage of their conversion into food.

Hence it has become necessary to invoke the aid of engineering science that the salmon may be eased along his homeward way. It is planned to provide the proposed great dam in the Columbia River with escalators which will receive the fish after his first dash at a cascade and convey him gently to the smooth water at the next level. This device, it is believed, will appeal strongly to salmon already wearied with a journey of hundreds of miles. Panting as does the hart for the water brooks, he will

be delighted to find help along the way.

Of course, the plan is as yet untried. The Chinooks and Silverlades and Steelheads may regard the escalators and running their heads against a rock on the shore, destroy themselves rather than fall into the hands of the enemy. In such an event some other method of getting them over the dam must be found; for salmon only reproduce their kind amid the scenes of their childhood; and so valuable are they as a food for human beings that they cannot be allowed to become extinct.

CONDEMN AS "PAGAN AND INDECENT."

Fashionable Dress of Women in Venetian Diocese.

(Toronto Mail.)

Rome.—The bishops of the entire Venetian Archdiocese went to Venice Thursday to discuss the problem of women's fashionable dress, which they condemned unanimously as "pagan and indecent."

They decided first that all priests under them must refuse Communion to all girls and women wearing collarless or sleeveless, even short-sleeved dresses, and declared they considered it a lesser evil if women who long for fashionable clothes, despite the Pope's crusade against them, did not enter churches at all rather than "frequent God's house in such clothing."

This important decision was embodied in a rather long communication which will be sent to every parish priest throughout the Venetian archdiocese.

"The pagan invasion in women's dress is striking in its excesses," it says. "We see many women and girls giving themselves up foolishly to sports which every day lower the dignity and sense of shame which should belong to their sex. This excessive mania for every trend of sport excites women to moral dangers and habits of life which are directly opposed to women's mission in family and social dispensation."

"But what saddens us most is the fact that despite frequent appeals for reflection every scandalous fashion makes more progress now than ever before. This is not only in complete contrast to Bible teaching, but even to natural morality."

The declaration then makes one more appeal to parents and guardians to suppress, among their girls and women folk, modern dress and modern sports.

It is said here that when the Pope read the declaration he cried: "splendid; I wish all congregations would follow their example."

C. P. K. IN FAVOR OF POLICY OF CO-OPERATION.

President Beatty Tells Shareholders of Proposal Discussed With Government.

Montreal.—Addressing shareholders of the Canadian Pacific Railway at the annual meeting here Friday afternoon, E. W. Beatty, President of the Company, declared that although the Canadian Pacific was in favor of a co-operative policy, which would eliminate as far as possible, duplication of train service on the lines of that railway system, and of the Canadian National Railways such a policy was not sufficient to constitute a solution to Canada's railway difficulties.

This, he said, was the only proposal that had been discussed between the Canadian Pacific and the Dominion Government, and no situation had arisen which should give the shareholders of the Company any reason to believe that their interests would be adversely affected in finding a solution to Canada's problems as regards the Canadian National Railways.

Regarding the shipping side of the Company's business, Mr. Beatty found it singular that the Dominion Government should have started a movement toward Government control of shipping rates, with lower rates as the object, through the Petersen Contract, at a moment when it was well known that shipping, particularly freight, had given "very unsatisfactory financial results during the past two years." He felt sure that the public generally would get a much more accurate knowledge of the Atlantic shipping situation if publication was made of the evidence being given on the subject before a committee of the House of Commons.

Mr. Beatty regretted the somewhat disappointing results achieved in the field of immigration, adding that he and the President of the Canadian National Railways had "made representations" which he thought would tend to bring more immigrants into the Dominion.

FACTS ABOUT TEA SERIES—No. 7

The Advent of Tea to England

Tea was not used to any extent in England till about the middle of the seventeenth century, although knowledge of the wonderful qualities of the beverage had reached Europe as early as 1517. During the seventeenth century, all tea was imported from China and cost from \$25.00 to \$50.00 per pound. Not until 1836 did any tea reach England from India. In that year the first shipment was made from the now famous tea growing district of Assam. India today supplies fully half the world's tea requirements and provides some of the finest teas grown. The rich body of "SALADA" is due to the select India teas used in the blend.

Chase, who has recently returned from the other side gave a report on the interviews he had while in London with the members of the Economic Council.

The Economic Council has been formed to devise way and means of increasing the trade in foodstuffs within the Empire. The British government has voted £1,000,000 for this use, quite a proportion of which is to be set apart for the apple industry.

Mr. Chase pointed out that the total import of apples into Britain from all her dominions for the season 1923-24 was 2,104,480 bbls. These figures are made up by converting boxes into barrels at the rate of 3 boxes to a barrel. Of this quantity of 2,104,480 bbls, Nova Scotia contributed 1,251,774 bbls. That is, Nova Scotia shipped 399,068 bbls more than all the other dominions combined including Ontario and British Columbia. The summary of the shipments from the overseas dominions is as follows:

Nova Scotia	1,251,774
Ontario	71,471
British Columbia	186,511
Tasmania, Australia and New Zealand	592,582
South Africa	2,142
Total	2,104,480

Grand Total from all Overseas Dominions 2,104,480
Total in excess from Nova Scotia over all other Overseas Dominions combined 399,068
It can be clearly seen from this how Nova Scotia is vitally interested in the matter of British Preference.

The Shippers' Association is working energetically in this matter and it is hoped that with the aid of Provincial and Dominion government some of this £1,000,000 voted by the British Government, will be utilized in some way to encourage the fruit growing industry of this province.

MOTOR COMPETITION WITH RAILWAYS.

In the United States as well as in Canada railways are finding their traffic seriously curtailed by the competition of the motor bus and auto truck. The total number of passenger cars carried by American railways last year was 931,307,000, a decline of nearly 50,000,000 as compared with the previous year. The revenue from passenger traffic was nearly \$72,000,000 less than in 1923. The decrease in passenger traffic and revenue was not local but extended to all parts of the Union in about equal proportions. "Motor travel obviously is cutting seriously into railroad revenues and will continue to do so to a greater extent in coming years," Christian Science Monitor says in commenting on the situation: "It is primarily in distances up to 150 miles that the motor bus and truck offer the keenest competition, and it is in the eastern district, particularly on branch rail lines, that this competition is the most intense and, to the railroads, the most disastrous."

HISTORICAL CELEBRATIONS.

(Continued from Page One.)
Irene Walker he came to live with Mrs. Balcom.
A quiet wedding took place at St. Luke's church on Monday morning when Miss Susy L. Buckler, daughter of Mrs. Mary and the late Alfred Buckler of Dalhousie became the wife of Joseph H. Street, of Newcastle, N. S. The bride, who was given away by her mother, wore a travelling suit of navy blue. Following the ceremony which was performed by Rev. T. C. Mellor, Mr. and Mrs. Street left for their future home in Newcastle.
The annual meeting of the Tennis Club was called for Friday afternoon. But before any business could be transacted, the wailing of the fire siren, caused the hasty departure of the President, C. N. Whitman and the session was unanimously postponed. The fire was located in the office of F. C. Whitman, and called forth the best efforts of the firemen to keep it from spreading. The building was completely gutted and all its contents destroyed. The steamer Granville had a narrow escape, being aground at the wharf, a few yards from the burning building, but the wind fortunately blew the flames in the opposite direction.
Mr. and Mrs. James Horsfall of Upper Clements, Mr. and Mrs. Karl Bishop of New York; and Rev. and Mrs. Edward Brown of Purgwash, N. S., are all receiving congratulations on the arrival of baby daughters. Mrs. Brown was formerly Miss Blanche Potter.
Mr. and Mrs. Charles Spears have moved in the Ernest Bartheaux house on the Cape Road, formerly occupied by E. J. Freeman, and Mr. and Mrs. Ernest Atkinson and their little son and daughter are moving in the E. F. Neville house, St. George Street.

CENTRAL CLARENCE

Dr. S. N. Miller and wife were guests of Mrs. Elizabeth Messenger on Sunday.
Mr. and Mrs. Roy Whitman and Mr.

and Mrs. Wm. Whitman have moved to Paradise and are occupying Roy's new bungalow.

Wilfred Bishop has purchased the Whitman property on the Leonard road and with his wife and mother have taken possession.
Mrs. Ida Witham is expected home soon. She has spent the winter in Florida.

Miss Bessie Lockhart (Missionary), was a guest at the week-end of Mr. and Mrs. A. J. Wheelock.
Mrs. Rupert Chesley of Paradise, is staying for a time with Mr. and Mrs. M. C. Marshall.
Mrs. Bradford Hall and young son of Parrshoro, are visiting her mother, Mrs. L. E. Smith and F. M. Smith and wife.

Mr. and Mrs. Floyd Smith went to Weston on Saturday, returning Sunday.
The ladies of the W. M. A. S. are making preparations for a pageant, "Women of the Bible," to be given some time in June.

The annual business meeting of the Clarence and Paradise churches was held at the former church on Wednesday afternoon, May 6th. The church stands well financially, the sum of \$4700 having been raised the past year for all purposes. At the close of the afternoon session tea was served in the vestry. In the evening Rev. P. R. Hayden gave a very fine address, their furnishing special music. There was a large attendance at both sessions.

Four young men in Clarence have joined the Boys' Guernsey Heifer Club and have each purchased a pure blood heifer. The owners of the stock are Arthur Bartheaux, Murray Leonard, Gerald Johnston and Chet Davies.

ST. CROIX COVE.

Rev. J. H. Balcom, Paradise, occupied the pulpit here Sunday. He was a visitor at the home of Capt. E. Britton.
Miss Ethel Stevenson spent the week-end at the home of her parents, and Mr. and Mrs. Chester Hall, with her sister, Mrs. Melbourne Slocum.

CLEMENTSPORT

(The Queen of The Basin.)

Mrs. Amanda E. Gould, who has been spending a few months in Halifax, came to Clementsport on Tuesday 5th inst., and was the guest of her brother, Mr. H. L. Vroom until Friday, when she returned to her home in Norwood, Mass. We are glad to learn that she will return to Clementsport the last of the month and remain for the summer.

Mr. H. Hicks to date purchased probably 250,000 ft. of stave wood for Mr. Tupper Warne, of Digby, and it is being towed down the Basin in rafts.

Mr. Lindley McFadden, of Lynn, Mass., son of Mr. and Mrs. Wm. McFadden, Waldeck, arrived home on Tuesday the 5th inst. in his auto.

Miss E. Leigh left on Wednesday 6th inst. for Halifax to visit her sister, Mrs. Woodberry.

Capt. Robt. Hawding left for Boston, Thursday 7th inst., on a business trip, returning Tuesday 12th inst.

Dr. F. F. Smith and Mrs. Smith of Granville, were here on Thursday 7th inst., calling on their friends, Mr. and Mrs. J. F. Whitman.

Mrs. Wm. Sanford spent a few days last week of Mrs. Zenas Sanford at Frasertown.

Friday was Arbor Day in the schools and since there were no trees to be planted, all turned out and were busy as beavers in cleaning up the school grounds, which certainly adds to the general appearance of the village. We wish the school had a larger playground. The children are limited to a very small area.

Mr. and Mrs. Connell of Bear River were week-end guests of Mr. and Mrs. L. V. Shaw. Mrs. Connell is a niece of Mrs. Shaw's. Mr. Connell is relieving manager in the Royal Bank, Bear River, for Mr. W. M. Romans, who is on sick leave.

On Sunday 10th inst., at high noon, amid brilliant sunshine at Burrill's Cove, the Rev. Frank Smith, Baptist pastor, administered the rite of Holy Baptism to Miss Bertha Potter, and the Misses Edith and Evelyn Barrill. A large number witnessed the ceremony. The same evening the newly baptized were received into the Baptist church and took their first communion. There was a large congregation present.

Mr. Kennedy had finished the Burn's well and loaded his machinery for shipment. He goes to Tupperville to bore a well for Mr. A. B. Messenger.

The Rev. A. W. L. Smith left on Monday for Bridgetown to attend the meeting of the Deanery of Annapolis. On Tuesday evening he preached at Belleisle.

Mrs. Arthur Gates goes to Smith's Cove for the summer, to take charge of the "Big House" for Mr. W. Cossaboom.

Gardening is in full swing and the lawns and gardens are showing the interest and care of their owners. We trust that this summer Clementsport will have a greater show of blooms and budding than ever before.

Several citizens have been fishing lately. All have declared they thoroughly enjoyed themselves, even if the catch was small. They say, however, "The breed are small, but the flavour are delicious."

PEROTTE.

Mr. and Mrs. Wm. Bancroft and son John, had a fishing trip May 4th, with Mr. and Mrs. Fred Todd. They caught over five dozen of the speckled beauties.
Mr. Jack Lynch arrived home the other night with a new Ford truck.
Miss Linda Ramsay is visiting at the home of her brother-in-law, Mr. Joseph Mills, Morse Road.
Mr. Wallace Goldsmith and family, and Miss Hazel Spurr attended the Odd-fellows anniversary at Annapolis, May 3rd.

GRANVILLE CENTRE.

Mr. Aubrey Baltzer has purchased a Star car.
Glad to report Miss Sue Troop commencing after her recent illness.
Mr. Judson Withers has returned from Mass., and with his mother, Mrs. Alice Withers, have opened their home for the summer. Glad to have them with us again.

Mr. and Mrs. Roy Willett recently spent the week-end in Margareville at the home of Mrs. Willett's parents, Mr. and Mrs. MacLean.

Prof. Landry of the Agricultural College, Truro, gave a lecture and moving picture entertainment in the hall here Friday evening, May 7th.

Rev. H. R. Beyer of St. John, occupied the pulpit of the United Baptist church, Sunday evening, May 2nd. Mr. Beyer is executive secretary of the Promotion and Finance Committee, and took for his subject, "Our Resources" applying it in the interest of Denominational Work.

Brooklyn.

Mr. and Mrs. P. Poole visited their daughter, Mrs. Joseph Phinney, Upper Granville the 3rd.
Miss Lottie Marshall spent over Sunday with her parents.

BRIDGETOWN BAPTIST CHURCH

Sunday Services:
Church School, 12 noon.
Public Worship 11 a.m.
Evening Service 7.30 p.m.

Mother's Day will be observed at both morning and evening services, Sunday, May 17th. At the morning service the pastor will preach a Mother's Day sermon and at the evening service there will be a service of story and song entitled "The Mothers of the Bible." Since Mother's Day was established the custom of wearing a flower on that date in honor of one's mother has become wide-spread. A white flower is worn by those whose mothers have passed on, and bright colored flowers are worn by those whose mothers are still here with us. Let us all wear a flower and come to both services.

INGLISVILLE.

Mrs. Ada Balcom has returned home after spending a few days at the home of Mr. and Mrs. M. Daniels, Lawrencetown South.
Recent guests of Mr. and Mrs. S. Bayers were Mr. and Mrs. J. P. Bent, of Middleton, Mr. and Mrs. S. Foster of Port George, and Mrs. Helen Gates of Albany.

Mr. and Mrs. Chester Beals and children of Berwick, were week-end guests of Mr. and Mrs. L. M. Beals.
Mrs. Armanda Beals has returned home after spending three weeks at Clarence.

Miss Leta Messenger of Centrelea, was a recent guest of Mr. and Mrs. M. Beals.
The W. M. A. S. held their May meeting at the home of Mrs. John Banks. All report a pleasant time.

Five of our young people, Lottie and Willis Gates, Marie McGill, Renford Naudier and Fred Cook united with the Baptist church by baptism, also Mrs. Gordon Beals was received by letter from Nictaux church on Sunday, May 3rd, Rev. A. H. Whitman, pastor.

The supper held at the home of Mr. and Mrs. Milred Beals was a success. The sum of about \$27.00 being realized. Proceeds for repairs on Methodist church.

A bear of immense size, weighing about 700 pounds, was captured by Mr. Rowter and Mr. R. P. Best. It was first caught in a trap and while endeavoring to make its escape with the trap was shot. Mr. Bruin had one foot missing, which shows he came nearly meeting his fate before. Last spring several sheep and lambs were killed, and this spring Mr. Best had just a sheep and lamb.

LONGLEY—At Upper Granville, May 11th, 1925, Israel F. Longley, aged 72 years, 7-1c.

UPPER GRANVILLE.

Young life is apparent in this vicinity. Lambs, foxes, rabbits and weasels are numerous and we are hoping will yield good returns to all those who are striving faithfully to help humanity, not forgetful of self-preservation. The spring has been cold and backward but tilling is going on and in due time the promised seed time and harvest will be sure. Mr. Edmund Clark has passed his one hundred and third mile stone and still possesses wonderful vigor of mind and body. We extend deepest sympathy to his grandson, Mr. Fritz Balcom, near Annapolis Royal, who is passing through deep sorrow, being bereaved of his lovely wife at so young an age. We read in books that God is good and Heaven not far away. But things in books scarce understood good plain in flowers of May.

MOUNT ROSE.

Mrs. Sarah Grant has returned to the home of her daughter Mrs. Asabel Whitman after spending several months with relatives in New Germany.

The sum of \$9.00 was cleared at the ice-cream sale held at the home of Mr and Mrs. Edmund Bent on Wednesday evening.

On Sunday, May 10th our pulpit was occupied by Rev. Haddon Balcom, of Paradise. His sermon was very much enjoyed by all who had the privilege of hearing him. Mrs. Harry Hines and Mrs. P. L. Sabeau spent Thursday visiting at the home of Mrs. Harold Anderson, Port Lorne.

5000 FACTS ABOUT CANADA.

"5000 Facts about Canada" is famous as a rich storehouse of information about the Dominion. It is the production of Frank Yeigh, the recognized authority on this country as writer and lecturer. The 22nd annual edition is out for 1925, and will, as in former years, be welcomed by an appreciative public. Fifty chapters—From "Agriculture" to "Yakom"—include a series of striking facts presented in a crisp, terse form that fastens them on the mind. The 1925 issue contains much new matter, including a striking comparative table of our national growth during the quarter of a century since 1900. The book may be secured at leading dealers, or by sending 35 cents to the Canadian Facts Publishing Co., 588 Huron Street, Toronto. He who would know Canada will find this wonderful little book a means to that end.

VARIOUS TYPES OF FUEL BEING TESTED. Coals And Coke Being Tried In Standard House Furnaces.

Ottawa—The Dominion Fuel Board and the fuel testing division of the Mines, are making a series of tests upon various types of fuels, with a view to determining their relative values when burned in standard types of hot water house-heating furnaces as used in Ontario and Quebec.

These tests, which are still in progress, are being made upon the various types of anthracite, American, Welsh and Scotch; various types of coke, coke made in by-product ovens; some high grade, low volatile bituminous or semi-bituminous coals, and a representative series of Alberta coals.

The results of tests to date have shown that the British anthracites, the coals and certain of the high-grade low volatile bituminous coals, including the Alberta coals of the Canmore class appear to have a higher heating value than the average American anthracite sold at Ottawa, that is, it requires a smaller quantity of these fuels than it does of American anthracite to deliver a unit quantity of heat.

It requires from 1 1/4 tons to as high as 1 1/2 tons of these coals to deliver the same quantity of heat as one ton of average American anthracite delivered at Ottawa.

Other factors, such as the relative frequency of firing, required, also enter into the problem of determining the relative values of these various fuels.

CANNING FACTORY TO OPEN AT WATERVILLE. New Industry Will Commence Operations This Season.—Will Handle Small Fruits And Vegetables on Extensive Scale.

Considerable of a stir has been created in Waterville and vicinity by the announcement that Smith Bros. and Whitman, fruit and vegetable canners, have acquired the warehouse premises of J. G. Hood at that place and are already getting under way for establishing and operating a large canning factory.

This new industry will be equipped for handling all kinds of native fruits, berries and vegetables, and it is the intention of the Company, we understand, to have the plant in readiness to take care of this season's early products, such as strawberries, peas and beans, etc. When organization is fully completed, the plant, it is understood will be in operation at least or nine months of the year and will not only provide the farmers and fruit growers of the district with a ready market for their produce but will also give employment to from fifteen to twenty hands.

The Cornwallis Board of Trade, with headquarters at Waterville, have been instrumental to a large extent in inducing this promising industry to locate in Waterville, and are giving the promoters every assistance in their enterprise. The Cornwallis Board of Trade have also shown great activity in various other efforts to wards promoting the welfare and development of Waterville and the outlying districts, and the fruit which is the horn of their efforts is a striking example of what can be accomplished by a live and energetic organization of this nature.—(Berwick Register.)

Statistics given on Wednesday by the United States Immigration officers at Yarmouth, show for the month just closed a slight falling off in passengers travel between Yarmouth and Boston as compared with the corresponding month of the past two years. During the month 2,187 persons left Yarmouth for Boston and 1,916 arrived from that port. Making a total of 3,243 as compared with 4,161 of last year, when the departures for the United States totalled 2,796; and 3,612 in 1923, when the exodus to that country totalled 2,729. Other corresponding months of the past ten years ranged from 2,512 in 1919 to as low as 1,457 in 1917.

SEVENTEEN MILLIONS CUT IN C. N. R. ESTIMATES. Ottawa—Hon. G. P. Graham, Minister of Railways, somewhat surprised the House by announcing a reduction of seventeen millions in the Canadian National estimates. He spoke of a conference and the application of a fine tooth-comb over expenditures. The upshot was that a vote of \$7,500,000 in supplementaries now before the House would not be pressed. In addition, when the main Canadian National estimates were in committee of supply, a reduction of ten millions would be moved.

Here and There

The Good Roads Department of Manitoba expects to complete the Trans-Canada Highway through that province by October the first. This will complete the road from Brandon west to the Saskatchewan boundary.

The city of Halifax, N.B. is planning to re-establish its Provincial Exhibition this coming fall according to Mayor Murphy. The fair has only been held once or twice since the war prior to which it was an annual event.

The Canadian Trade Commissioner at Liverpool, England, is taking steps to interest Canadian business men in the export of crushed oyster shells to Great Britain. The United States exports 20,000 tons of crushed shells annually to the British Isles.

The official opening of Crystal Garden, Victoria's latest and finest Amusement Park will take place on June 26th. Celebrations, including a ball, processions, and sports, will mark the occasion and are scheduled to continue until July 1st.

Navigation on the Great Lakes and the St. Lawrence is now open and has provided employment for hundreds of men from Montreal, Toronto and other cities who have been idle during the winter. Shipping circles are optimistic concerning the season just commenced.

It is announced that the Banff, Alberta, Pow-Wow and Indians Day celebration which takes place annually, will be held this year, July 23 and 24 in the Yoho Valley. On these days the Stoney tribe of Indians in full regalia, hold their Pow-Wow and compete in contests of every kind.

There are approximately 2,200,000 persons attending school in this country. Of this number, 1,000 are at institutions for the blind and mute; 81,000 at vocational schools or classes; 14,000 at Indian schools and the remainder attend colleges, universities, subsidized and private schools and institutions for training teachers.

With a view to arranging a new trade and transportation agreement between Canada and the British West Indies a conference is to be held at Ottawa in June which will be attended by representatives of the Governments of Canada, Bermuda, Leeward and Windward Islands, Barbadoes, Trinidad, British Guiana, Jamaica and British Honduras.

The gold mines of northern Ontario are said to have yielded a higher income during the first quarter of 1925 than in any similar period in their history. Estimates place the income of mining companies in the Porcupine district at nearly six million dollars and in the Kirkland District at one and a quarter millions.

John Hartney, Canadian Pacific Railway engineer, who has recently completed his 42nd year in the company's service, was the guest of honor at a banquet given by the Brotherhood of Locomotive Engineers on St. George's Day at Smiths Falls, Ont. Mr. Hartney, is President Beatty's special engineer and was presented with a gold cane.

In an effort to individualize the name of Saint John, N.B., the City Corporation, Board of Trade, and other organizations are in future to spell its name out in full. This port has grown rapidly in importance in recent years and in addition to being the winter headquarters of the fleet of the Canadian Pacific Railway, is also a port of call for numerous lines operating between Canada and Europe, as well as the centre of a large fishing industry.

MAKE CARE OF BABIES EASIER

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep. What is needed is a gentle laxative that will sweeten the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and are guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. Toussaint, Ste. Sophie, Que., writes:—"I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets, I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

FEWER BAD ACCIDENTS.

79 Accidental Deaths in Nova Scotia in 1924.

Halifax, N. S.—There was marked decrease in fatal and disabling accidents among workmen in Nova Scotia during 1924 as compared with 1923, according to the report tabled in the Legislative Assembly, covering the operations of the Workmen's Compensation Board, now in its ninth year of operation. There were 79 accidental deaths and 6,222 other accidents reported in 1924, a total decrease of 482 and the cost in claims for 1924 was \$166,000 less than the previous year. The board's statistics showed that there was a 20 per cent decrease in wages paid in 1924 as compared with the previous year, indicating to a great degree non-progress of industrial conditions for the two years. The total amount of wages paid out in Nova Scotia by those industries whose books were open to the board was \$45,197,852.00 in 1924.

The report showed a cash surplus on hand at the end of 1924 of \$72,390.44 and a book surplus of \$184,971.65. The total amount of bad or doubtful debts recorded since the act came into operation was \$35,000 representing less than one-half of one per cent, of the assignments.

Mr. and Mrs. Street left shortly after the ceremony for their future home in Newcastle.

PROPOSED NEW STEAMER FOR BAY SERVICE.

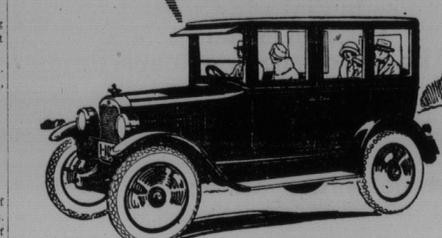

Parishboro—K. J. Cochrane, of the Cochrane Shipbuilding Co., Fox River, accompanied by E. C. McDade, President of the Parishboro Board of Trade, were in Kentville a few days ago, where Mr. Cochrane submitted to the General Manager and other officials of the D. A. R., specifications and a model of the proposed new steamer to be built for the Parishboro-Kingsport-Wolfville service for which government subsidies amounting to \$8,000 per year has been granted. It is understood the specifications were satisfactory to the railway heads and will be forwarded to Ottawa for approval. As soon as the contract is awarded it is the intention to rush construction of the steamer. The proposed plans call for a steamer 112 feet long with accommodation for eight motor cars.

HIDDEN RESOURCES. Alberta Geologist Says 62 Billion Tons of Coal Lies Beneath Province's Soil.

Edmonton.—Sixty-two billions tons of coal, half of this amount recoverable—lie beneath the surface of Alberta soil, according to Professor J. A. Allan, provincial geologist and head of the department of geology of the University of Alberta, in a statement made before the Alberta Coal Commission. The commission was also told that \$12,000,000 had been lost by the abandonment of coal mines during the past twenty years, this figure being compiled by returns made to John T. Stirling, provincial chief inspector of mines. This is ascribed to loss of markets.

Recent Price Reductions make Overland World's Lowest Priced FOUR-DOOR SEDAN with Sliding Gear Transmission

This beautiful five-passenger Sedan which showed an amazing sales increase of 72 per cent last year—is today \$105 less in price. The same high quality and complete equipment are maintained. The Overland four-door Sedan is now not only the "World's Lowest Priced four-door Sedan with sliding gear transmission" but is the World's Greatest Value. Overland's original "23 big-car advantages" continue to be engineered into this splendid car, as into the entire Overland line. Bigger power—disc clutch—extra large, removable axle shafts—oversize brakes—comfortable Triplex Springs—big economy—are only a few of the advanced features that are making Overland such an outstanding success. Competitive dealers and salesmen everywhere are questioning whether Willys-Overland can continue to produce such remarkable cars at such remarkably low prices. But let Willys-Overland worry about that! See these cars today. Long, easy terms if desired.

TERM EXPIRES JULY, 1926.

Baron Byng May be Invited to Retain Office.

Ottawa.—It is understood on good authority that Baron Byng will be invited to serve a second term as Governor-General of Canada.

His five years term as the King's representative in the Dominion expires in July, 1926, and it now appears very possible he will remain for a further term. There has been much speculation as to who will succeed Lord Byng. Whether or not he will succeed himself now seems to be a matter for his own choice.

COST OF TERMINALS. Ottawa—Expenditure to date on the Halifax ocean and rail terminals totals \$17,064,768 and it will take about \$6,000,000 more to finish them in accordance with original plans, it was stated in the House Thursday in answer to a question.

Mr. J. A. MacDonald, formerly of the Royal Bank staff here, but now of Truro, spent a vacation here at the home of Mr. and Mrs. T. J. Marshall. Dr. Armstrong, Mrs. Armstrong and Miss Margaret Armstrong, motored to Halifax, Saturday, and attended convocation at Dalhousie University, where Mr. Maurice Armstrong received the degree of B. A. on Monday.

Mrs. Charles Forsythe and her son Murray, were guests last Sunday of the former's nephew, Mr. Chesley Forsythe.

Mr. O. P. Goucher of Middleton, was a visitor in town on Monday.

Miss Doris Pickup of Granville Ferry, is a guest this week of Miss Ethel Daniels.

Mrs. Fred Forsythe and son, Mr. Ormond Forsythe of Greenwich, were guests on Sunday of the former's son, Mr. Chesley Forsythe and of Mrs. Forsythe.

YOUNG PEOPLE AS GOOD NOW AS THOSE OF YORE.

Present Day Youth "Fully up to Standard of Former Years" Declares Church Worker.

Lawrencetown—The Annapolis County Baptist Quarterly Meeting convened with the Melvern Square Baptist Church on Monday evening, and continued all day Tuesday. Rev. M. W. Brown, pastor of the Post George Baptist Church, presided at all the sessions, except Tuesday evening, when Rev. G. C. Durkee, of Clementsvale, acted as chairman.

On Monday evening Rev. J. W. Messinger, the newly settled pastor of the Nictaux Baptist church, was introduced and delivered a discourse on the subject, "The Life That Lifts," in which he clearly showed that such a life must be sympathetic, prayerful and spiritual and does not depend upon wealth or social position.

At the Tuesday session the report on Denominational Funds, presented by the Secretary, Rev. A. Gibson, of Annapolis, showed a total of over \$2,000 raised, or less than half the amount allotted to the churches of the district for the year ending July 31st, but the prospect is favorable for raising their respective allotments.

At the session a paper was read by Miss Mary Anthony, of Bridgetown, on "The Value of the Baptist Young Peoples' Union as a School of Training for our Young People." Miss Anthony's paper was followed by another on "Young Peoples' Work" by Miss Lula Harnish, of Greywood.

Another paper on the subject of "The Bible and Our Young People" was prepared by Mrs. W. S. Smith, of Paradise, and read by Rev. P. R. Hayden, of Bridgetown. The writer urged a more thorough and systematic study of the Bible by the young people.

The following officers were re-elected—Rev. M. W. Brown, D. D., President; Rev. G. C. Durkee, Vice-President; Rev. A. Gibson, Secretary. Additional members of the Executive—Rev. W. S. Smith and Frank Smith.

The remainder of the afternoon session was given over to the County Women's Missionary Aid Society, Mrs. M. B. Whitman, of Margareville, presided; Mrs. E. H. Freeman, of Lawrencetown, acted as Secretary.

At the evening session, Rev. W. C. Machum, Baptist Young Peoples' General Secretary, delivered an address on the subject, "The Relation of the Church to the Young Peoples' Movement." Mr. Machum stressed especially the need of the right kind of Christian leadership for the young people of today, and emphasized the fact that the young people of today, morally, socially and spiritually, were fully up to the standard of former years.

Resolutions were passed expressing confidence in and pledging support to Rev. H. R. Grant, D. D., and Rev. A. J. Presser in the field of social and moral reform, and regret that legislative action had not been taken with regard to abolishing the export liquor houses of Halifax; also urging more thorough and systematic instructions in temperance principles in churches and public schools.

The next meeting of the District will be held with the West Dalhousie Baptist church on July 13th and 14th.

All members of Autumn Leaf Rebekah Lodge are requested to be present on the evening of May 18th. Entertainment and refreshments.

SADIE E. HICKS, Secy.

The death took place at his home at Granville, of Mr. Israel F. Longley, a highly respected and esteemed citizen. We trust to publish an extended obituary in our next issue.

The Morning Chronicle Tourist number generally speaking contained very good write ups of various towns in the Province, but Bridgetown was passed down with seven lines, one of which got lost altogether in the make up.

Saturday evening just as Mr. William McLeod had gotten into Mr. Elias Mitchell's carriage near the abbottan, a car came by and frightened the horse which ran away. Mr. Mitchell jumped out but his friend stayed in the carriage. All the horse was stopped near the post office. Mr. Mitchell escaped with minor injury.

Tuesday's Herald contains a half tone cut of Mr. Maurice Armstrong, who delivered the valedictory address for the graduating class in Arts at Dalhousie University on Monday.

Mr. Elias Ramey will race Carina Bingen in the 3 minute class and Mr. Norman Dargie is taking Grey Bird for the 230 class races at Aylesford on May 25th.

OBITUARY.

Azatha Maude Bent.

The death took place at his home in Tupperville on Monday evening of Miss Azatha Maude Bent, daughter of Mr. and Mrs. Howard Bent of Tupperville. She is survived by her parents, three brothers at home, Carl, Leon and Gerald, two sisters, Edith of Boston, and Mrs. Hush Porter of Woodville, Kings County. The deceased was a bright girl of studious habits and of pleasing personality and her parents have the sincere sympathy of many friends in the loss of a daughter at so early an age. The funeral takes place on Friday afternoon, and services will be conducted by Rev. J. H. Freestone.

INTERESTING LIFE SKETCH OF ANNAPOLIS CENTENARIAN.

Clark Royal—Looking like one of Sargent's "Prophets" with massive frame (over six feet tall) and snow-white beard, Edmund Clark, 103 years of age, gave The Herald the following sketch of his long and active life: "I was born in Granville, May 5th, 1822, three miles below Bridgetown, where I lived almost all my life, with the exception of about three months in St. Stephen, N. B., at work in a shipyard.

"My father's name was Robert Clark and my mother was Catherine Bohaker. I worked on the old covered bridge at Bridgetown, on the Upper Granville Methodist church, and Providence Methodist church, Bridgetown, and other smaller buildings, but most of my time was occupied in building ships with Wallace Fowler and "Gil" Chute and a foreman, whose name I have forgotten, as fellow workmen.

"One vessel, which I finished, was built at Marshall's Cove, now Port Lorne. She was named the "Hayward." A great crowd assembled to see the launching. The "Hayward" sailed for England. The pay for such work in those days was around \$12 a month, half money and half trade at company stores.

"I was married when 24 years of age to Irene Walker, whose father was William Walker, and we celebrated our fiftieth anniversary some years before her death. We lived on the old Clark homestead on land my grandfather had purchased upon his arrival in Halifax, whence he had sailed in his own vessel from England, bringing his motherless children with him, my mother having died just before his departure.

"For a great many years I had care of the poor. After the erection of the County Home, I became the keeper of that institution where I was for 13 years, and for five years had charge of the Bridgetown Asylum.

"I then removed to my home, one mile from Bridgetown and after the death of my wife in 1905, my son William Clark, moving to B. C., I came to Annapolis to spend my remaining year with my daughter, Mrs. Fawcett Balcom. My son, Adam Clark, resides in Bridgetown. These are the remaining children of a family of eight.

"I feel deep in my heart the recent bereavement of my granddaughter, Mrs. Fritz Balcom. Unfortunately I have lost my eye sight and my hearing is not so good."

Note—His intellect is as keen as ever and local historians may glean many items from his wonderful storehouse of memories.—(Herald.)

VALEDICTORY BY LOCAL BOY

Mr. Maurice Armstrong, Graduate of Dalhousie, gives Fine Address at Convocation.

To Mr. Maurice Armstrong, son of Dr. M. E. Armstrong of this town and nephew of Premier Armstrong, was assigned the honor of delivering the Valedictory address at the Convocation at Dalhousie University when degrees were presented. The address was one of much merit and a splendid effort by our talented and popular young townsman. He said in part:

"If we have learned anything at college it should be the smallness of our knowledge." It continued, "We have but torn the robe of truth and that but a faint taste of the mysteries of learning. In going forth from our college it should be our resolve to carry on our studies. We have had a liberal introduction to many subjects but for the most part only an introduction. Therefore, let us not cease to be students with our graduation, but continue diligently in our search after knowledge.

"It is but a step from this to our next duty. As college trained men and women, we have had a great advantage over the majority of our countrymen. We have gained an outlook on life and an insight into things which they can never have. Whole new worlds of interest have been opened up to us. These advantages must not be wasted. They place us in a position of responsibility; we owe certain duties to society. Never before has there been a time when the world needed strong, clear-thinking men and women more than it does today. There is a call for leaders and it is the college graduates who must answer this call. In all branches of commerce and industry, of science and literature, in the Church and in the State, men and women full of hope and optimism are needed.

"Canada, our own country, especially calls. She is still in her youth and is passing through trying times. In 1914 some of her bravest and best crossed the great sea never to return. It is up to us to fill their places. We can hear them speaking to us—some of them sons of old Dalhousie like ourselves—

Land of Opportunity.

"Canada is a land of opportunity. The wealth of her fisheries, of her mines and her forests is untold. Her capacity for growth and improvement is unbounded. If Canada is to grow into the strong, Christian nation we wish to see her, she needs the loyal support of every person here. Fame and wealth may be more quickly attainable beyond our borders, but the voice of our own country speaks first.

"As we draw near to the close of our college days and prepare to begin a new chapter in our lives, let us remember that the world is holding out a challenge to us. She is calling for earnest and sincere men and women who are willing to work diligently and unselfishly for her. Let us accept the challenge and invest our lives in the service of and for the betterment of our country and our fellow-men. True success and fame come not through selfishness but through self-sacrifice and service. We have finished our college education, but let us not sit with folded hands
