

BOYS' SCHOOL SUITS

NOW is the time to prepare the boys for school, and ours is the stock to select from. We have our new fall lines in and a better showing will be hard to find, with prices that must please even the closest buyers.

Starting at \$2.98

We show a splendid strong suit, in Norfolk style, sizes 24 to 28, made in neat shades of grey and brownish mixed tweeds, full cut bloomers. The same lines in the larger sizes 29 to 34 and 35 for \$3.98.

Strong on the Following Prices:

We bought heavy this year to sell at \$4.50, \$5.00, \$6.00 and \$6.50. There is a splendid range of patterns at all four prices, and you can dress your boys in smart suits at moderate prices.

Two Pant Norfolk Suits

We strongly advise our customers to buy suits with two pairs of pants whenever possible. We have stocked three specials at \$10.00, in blue, grey and brown, and buying them as we did,

before the war advance upon fabrics, we can honestly say that these same suits today are well worth \$12.00. The materials are good solid all-wool twill tweeds, and beautifully made.

Bloomers full cut and strongly sewn. With two pairs of pants we sell these splendid suits for \$10.00.

HAMILTON NEWS

FAIL TO RECOVER BODIES FROM BAY

Police Believe Victims of Drowning Accident Aged Held by Motor Boat.

HAMILTON WON SERIES

Jockey Club Race Track May Be Used as Camping Ground for Troops.

By a Staff Reporter. HAMILTON, Thursday, Aug. 19.—Last night the bodies of Arnold Church and John Robertson, who were drowned Sunday last, had not been recovered. Constables Emms and Snelling have been searching for the bodies for the past two days, but have been unable to find any traces of them. On one occasion they succeeded in getting the motor boat, but thought was the sunken motor boat, but when they attempted to pull it up the hook was attached to the propeller and broke away. Shortly after they succeeded in bringing up the motor boat, and the police and others who are assisting in the search are now confident that the bodies are held down by the motor boat, and that it will be necessary to raise the motor boat before the bodies can be recovered. Under ordinary circumstances the bodies would rise to the surface in five days, but being pinned down by the boat, this will be impossible, and every effort is being put forth to get the boat up.

Insure Civic Buildings.
City Clerk Kent was yesterday given power by the board of control to place insurance on all civic buildings, providing the premiums do not exceed \$250 for three years. Ald. Peebles submitted a scheme whereby the city could insure its buildings for a term of three years at a cost of \$800, but, as it was pointed out by the clerk that the cost would be \$1,000 extra for the short premium, owing to the fact that they are now four months overdue, it was decided to drop the plan.

Met Death by Train.
"We, the jury, find from the evidence submitted that Freeman Haines came to his death by being struck by a Grand Trunk train while waiting for a Grand Trunk right of way near Lynden on Sunday morning last. The above was the verdict rendered by Coroner Coleman's jury last evening after investigating the circumstances surrounding the death of Freeman Haines, 3 West Cannon street, who was found by a Grand Trunk crew, lying beside the tracks in an unconscious condition, near Lynden last Sunday morning. He died at the City Hospital early Monday."

Inquest This Evening.
The inquest into the death of Theo. A. Ivey, the well-known forist, who was killed last Saturday evening when the fire in which he was struck by a Grand Trunk engine at the corner of King street and Ferguson avenue, will be held this evening.

Furniture Men at Play.
The Hamilton Furniture Dealers' Association yesterday afternoon entertained furniture dealers from Toronto, London, Paris, St. Catharines, Brantford, Hamilton and several other places at a picnic at Hamilton Beach. An interesting program of sports was held, and was followed by a banquet at the Beach Hotel.

Race Tracks for Troops.
The Jockey Club tracks, the various parts of Canada are being leased by the government for military purposes. The authorities point out that the reason for this is that the clubs are all equipped with splendid stables for the horses, and that the interior of the tracks make splendid parade grounds.

Discipline Recruits.
The local military officials are making arrangements to take action against any men who fail to attend the parades after enlisting for active service. For some time past about a dozen volunteers have failed to show up for parades, and in order to put a stop to it summonses will be issued against them and they will be compelled to appear before Magistrate Jell.

Coal Scarce this Winter.
Many of the local coal dealers state that the Hamilton and Canada will probably suffer from a scarcity of coal this winter as a result of the large number of Italians who have left the country and mines to return to their own country to fight. Few Americans will work in the mines, and it is feared that the supply of coal will not nearly meet the demand.

Hamilton Receive Honors.
St. Thomas broke the five-game series with Hamilton by breaking even yesterday afternoon, making it three wins out of five. St. Thomas won the first struggle by a score of 4-3, but the second game came back strong in the second fray and were victorious by a score of 5-3. Poor when Hernandez allowed King to run home, where he was tagged.

St. Thomas scored two runs in the initial period of the encounter as a result of two bad errors and a double by Kelly. YORK COUNTY AND SUBURBS

LADIES APPEALED TO MEN TO ENLIST

Attend a Meeting of Women's Home Guard at Dundurn Heights.

WOMEN DO THEIR "BIT"

W. F. Maclean, M.P., Made Appeal for Men to Flock to Colors.

Recruiting in Toronto received a remarkable impetus last night when 1200 people gathered on the spacious lawns at Dundurn, the residence of Miss Jessie McNab, 850 St. Clair avenue, to attend a recruiting meeting held under the direction of the Women's Home Guard.

With the 13th York Rangers' Band playing patriotic airs, booths, Union Jacks and Chinese lanterns scattered over the lawn, convincing appeals for the young man to do his "bit," and officers of the Women's Home Guard eagerly taking the names of the willing ones, one of the most successful recruiting meetings since the war began was held.

Lieut.-Col. McQueen, chairman, before introducing the speakers, spoke in glowing terms of the heroic work performed by the Canadians, and called upon all single men to emulate their work.

Controller F. S. Spence, who followed, mentioned the big part that Toronto had taken in the recruiting, and pointed out the contrast between England and Germany, where in the latter country conscription prevailed, but in this country a man went willingly to fight for liberty and honor.

"How many men will enlist tonight?" asked Miss Jessie McNab, "I have fifty women who handed in their names to join the Women's Home and there are 100 more who have promised."

"I have asked the churches to help with prayers in connection with patriotic work," said Miss McNab, "I would recognize it as his work," said Miss McNab, "if my father were living today he would be glad to know that the old Whip-poor-Will estate on the west side of Dundurn, consisting of the soldiers' children and dependents and the wounded from the front. If we are to win the war, it is not only the men who will not use the program, I have a great deal of work for myself." Miss McNab then gave a synopsis of the work taken up each week at Dundurn Heights, consisting of Red Cross work on Friday afternoons, and the Women's Home Guard drill in the direction of Col. Galloway.

On other days the first class and various other activities in connection with the soldiers are taken up.

In closing, Lieut.-Col. McQueen said, appealing to the men: "If you do not enlist, we will find something for you to do. We will keep you busy if you do not go overseas. We will make you do something for your King and country."

Dr. Brown, Oakwood, was presented with a handsome writin' portfolio. Miss McCulloch, treasurer, on behalf of the Women's Home Guard, for his valuable services in connection with the organization. Dr. Brown responded suitably.

PUSHING HARVEST WITH ALL VIGOR

Farmers Took Advantage of Yesterday's Good Weather Conditions.

THRASHING UNDER WAY

Fall Wheat Fair Sample and May Not Be Seriously Damaged.

Yesterday was ideal for the farmers and throut the county and practically all over the central portion of Ontario the work of cutting, the show, was being pushed with vigor. In the immediate neighborhood of Toronto, where the damage from the recent storms was more pronounced than in many other sections, the farmers are greatly handicapped by the condition of the land. Every low-lying spot is a source of trouble to the binder, sinking into the ground, and in scores of cases planks and rails are required to raise it enough to allow the team to get out on the solid land. The cutting, in one direction, causes endless delay. From five to six acres a day is the limit.

Around Milliken's Corners and north of that the greatest difficulty is experienced in cutting. On the 4th of September of Markham yesterday, in the neighborhood of Cashel, wheat was being taken into the barns, and today, if the fine weather continues, hundreds of acres will be safely garnered.

Thrashing under way and fall wheat, despite a month of soaking, is a fair milling sample and may not be seriously damaged. Everywhere the stocks are being thrown apart giving the sun and wind a chance to get in. Farmers report the oat crop as showing a big loss from shelling, the grain being very plump and exposed. In the stock the loss will not be so great, but uncut lands will, it is estimated, under the best possible conditions, show a loss of 25 per cent. Little or no barley has been drawn in. In all about 25 miles have been in stock, with the balance uncut. Nothing has been done in the roof fields in the last two or three weeks, nor will there be time now permitting it, even if the soil was in condition. Corn is growing rapidly and warm, dry weather alone is required to make conditions ideal. Second crops of alfalfa are being cut and pasture is better than in years. In three days, if the wheat and barley in York, Ontario and Peel Counties will be in the barns.

NINE GANGS BUILDING ROADS THROUGHOUT COUNTY

Active Work Goes on in Highway Construction and Twenty-Five Miles Built.

E. A. James, York County highway engineer, said last night that at the present time nine gangs are actively engaged in road-making. They are located at Cashel and Unionville, in Markham Township, on the Kingston road, in Scarborough, one on Yonge street at Jefferson, two on the Vaughan road, two in the neighborhood of Weston and one on the Dundas road.

In all about 25 miles have been built and probably as much more will be laid down before the close of the season.

NEWMARKET PATRIOTIC MEETING WAS SUCCESS

At a patriotic meeting held on the grounds of R. F. Schmidt, in Newmarket last night, between \$300 and \$400 was raised for Red Cross work. Speaking was done by patriotic speakers, but there were a number of musical selections, and the town band was present during the evening and rendered a number of patriotic songs. The Home Guard, to the number of 300, was present, the fine marching band of the 36th Regiment, and a large crowd in a large sum to the Red Cross fund.

FAIRBANK PATRIOTIC MEETINGS OWING TO MEMBERS HAVING JOINED COLORS

Fully 75 per cent of the able-bodied men in Fairbank district have left for active service or to work on munitions work. The West Fairbank Ratepayers' Association have discontinued their weekly meetings for the time being owing to the fact that a large majority of their members have joined the forces. The last meeting they leave the section was W. F. Munroe, 351 Gilbert avenue, who has joined the 36th Regiment and who will be ordered for an unknown destination.

COUNCIL TO DISCUSS IT

Secretary Ralph of the Earls Court Business Men's Association has received a communication from City Clerk Littlejohn in which he states that the matter of express deliveries for the Earls Court district will be placed before the next meeting of the city council.

HOTEL TECK.

The special midday luncheon served at fifty cents finds immediate favor with business and professional men. A la carte menu at moderate prices.

COL. CURRIE APPEALS TO MEN TO ENLIST

Col. Currie was the chief speaker at a patriotic picnic held at Long Branch Park yesterday afternoon and evening. More than 1000 people were present and the proceedings were carried on until a late hour, the concert in the evening being followed by a dance. The fine band of the 48th Highlanders was on the grounds in the evening and a large sum was realized by the sale of home-made cooking and confectionery.

Col. Currie made a strong appeal for recruits. Dr. Forbes Godfrey, M. L. A., Capt. T. A. Wallace and James Croppick returned soldiers from the front and a former resident of Etobicoke Township, also spoke. The picnic was under the direction of the Etobicoke Township Council.

WOMEN'S INSTITUTES HELD UNION PICNIC

Need of Well Directed Effort Emphasized and Views Exchanged on Many Topics.

The first annual picnic of the West York Women's Institute, held under the direction of the united societies, took place at Scarborough Heights Park, on the lake front, yesterday afternoon, and was in all respects eminently successful. Apart from the educational benefits derived the members, over a wide district, exchanged views on many topics, formed new acquaintances and renewed old ones.

During the afternoon an excellent address was given by Miss Chapman of Toronto, on Red Cross and Institute work, urging the members to renewed diligence in all lines of patriotic and household work. This need for well directed effort in the economical management of the average Canadian home was in all respects eminently successful. Apart from the educational benefits derived the members, over a wide district, exchanged views on many topics, formed new acquaintances and renewed old ones.

SERIOUS RESULTS OF RECENT INJURY

Mrs. E. Staggmore, Who Was Hit by Motor Car, is Unconscious.

WAS DROWNED IN POND

Charles Henry, Twelve, Thought to Have Struck Head While Diving.

Tuesday evening Mrs. Eva Staggmore, 46 Irwin avenue, was run down by a motor car driven by E. C. White, 29 Pembroke street, at the corner of University and Elm streets, and after receiving attention at the General Hospital was removed to her home.

Least evening she lapsed into unconsciousness and the police ambulance removed her to St. Michael's Hospital, where she is thought to be in a critical condition.

Thomas Long, 50 Mansfield avenue, was arrested last evening by Detective Holmes, charged with the theft of five motor car tires and some electrical fixtures from A. Taget, West Queen street.

DROWNED IN POND. Charles E. Henry, 12, 25 Earls Court avenue, was drowned yesterday afternoon in Swift's Pond, corner of Keele street and St. Clair avenue.

A huge stack of hay, containing 1500 tons and valued at \$2000, caught fire yesterday afternoon in the Union Stock Yards, West Toronto. It was impossible to do more than prevent the blaze from spreading.

MURDERERS CONVICTED. Safrey Patrick, Tobern and Elio Vancio appeared before Judge Denton in the county court yesterday on a charge of breaking into the Delta Film Factory, 56 Lowther avenue, and stealing several suits of clothes.

Panick was convicted and sentenced to five months, but Tobern and Vancio were released on insufficient evidence.

The campaign conducted by the morality department against the leaving of helpless infants without proper protection is bearing fruit, from the front of many stores down town yesterday.

The first case was prosecuted in the juvenile court yesterday, and after a severe lecture by Commissioner Boyd the mother was allowed to go.

Three more cases will be heard this afternoon on the same charge.

Car Stolen. While attending the performance at Loew's Theatre last night, Frank McCaulin, a real estate dealer, had his Ford car stolen (No. 3850), and up to the present the police have been unable to locate it.

Since the inauguration of the register of alien enemies a total of 488 have been apprehended and dealt with in the following manner:

Registered aliens 356 Interned 132 Exacts granted 95

The duty of a registered alien requires that he must report once a month, and this combined with the location of dilatory ones, keeps a staff of eleven men constantly employed.

Detective Murray is occupied in handling the 3888 registers a month. While Detectives Maurer and Hess are detailed to the alien enemy cases and alien colonies.

Tails Held-Up Story. Arthur Redferne appeared in the police court yesterday and was sent to a jury on a charge of assaulting and attempting to rob William Capewell.

Capewell said that Redferne called at his house to have some tools removed from a job that he had been working on. He was driving with Redferne beside him on the seat when the assault occurred.

Redferne whistled and then threw his arms tightly around him. Two fellows wearing masks then mounted to the seat, one of whom struck Capewell, rendering him unconscious.

Redferne was identified later and his arrest followed.

Collided With Truck. When going to a fire yesterday afternoon, one of the big motor fire trucks from the East Richmond street crashed into a motor car at the corner of Victoria and Richmond streets, knocking off the mud and badly smashing the side of the auto. No one was injured.

ORANGEVILLE WOMAN SUCCEUMBS TO BURNS

Mrs. Albert Hoare Received Terrible Injuries When Clothes Caught Fire.

Special to The Toronto World. ORANGEVILLE, Ont., Aug. 18.—Mrs. Albert Hoare, 75 Main street, has succumbed to terrible burns received yesterday afternoon when her apron caught fire while lifting a pot from the stove at her home.

Mrs. Hoare ran to the street in a frantic state and a number of neighbors hurried to her assistance, tearing off her clothing in an effort to relieve her suffering.

Dr. James and Dr. T. H. Henry were summoned and everything possible was done to save her life, but death was inevitable, owing to the nature of her injuries.

She had only recently been discharged from the local hospital, where she was successfully operated on for appendicitis.

CHILD GORED TO DEATH BY BULL NEAR LONDON

Eighteen Months Old Daughter of David Webster Attacked by Mad Animal.

LONDON, Ont., Aug. 18.—The year and a half old daughter of David Webster, a farmer of the Village of Appin, west of Perth, was gored to death yesterday when her apron caught fire while lifting a pot from the stove at her home.

Mrs. Hoare ran to the street in a frantic state and a number of neighbors hurried to her assistance, tearing off her clothing in an effort to relieve her suffering.

NEW NOTE IS HANDED BY ITALY TO SERBIA

Albanian Territory Must Be Evacuated or Italian Troops Will Occupy It.

BERLIN, Aug. 18.—(By wireless to Tuckerton, N.J.)—The Overseas News Agency gave out today the following despatch from Budapest:

The newspaper Anap has received a telegram from Sofia, saying that the Italian minister to Serbia had handed Premier and Foreign Minister Patchitch of Serbia a new note, at the same time verbally communicating the request of the Italian Government that Serbia immediately evacuate the Albanian territory she had occupied, and informing him that Italian troops were already on the way in sufficient number to occupy Albania.

Patchitch expressed astonishment at Italy's step.

ALLEGES CANADA IS NOT DOING DUTY IN CONFLICT

Proportionately Should Send Half Million Men, Declares N. W. Rowell, K.C.

WOODSTOCK, Ont., Aug. 18.—N. W. Rowell, K.C., Ontario Liberal leader, in a patriotic address at the laying of the corner-stone of a new Methodist church at Lakeside, north of here, this afternoon, stated that there was no reason why Canada should not, proportionately, take as big a part in the present war as the mother country, and on this basis the Dominion should send 500,000 troops to the front.

The speaker also expressed the opinion that the women of Canada were responding individually to a greater extent than the men.

Lieut.-Col. Donald Sutherland of Princeton, who was wounded at St. Julien, and who is to command the overseas battalion about to be raised in western Ontario, was another speaker.

NEUTRALS DESIRE PEACE BUT REMAIN INACTIVE

Representative of Woman's Movement Gives Pessimistic View to Wilson.

WASHINGTON, Aug. 18.—A pessimistic view of the outlook for peace in Europe was given to President Wilson today by Miss Emily Balch of Boston, who visited officials in Norway, Sweden, Denmark, Russia, Holland and Great Britain, as representative of the women's peace conference, which met at The Hague.

Miss Balch told the president that in Norway, Sweden, Denmark and Holland she presented to officials a resolution adopted by some 100 women advocating a meeting of representatives of neutrals to bring about peace.

She said the officials displayed interest in the movement, but gave no definite promises to take it up. She had a personal talk with the King of Norway, and gave the president an outline of his attitude. There was a general desire in Europe for the war's end, she said, but no definite move for peace had received encouragement.

BRITAIN PERMITS GERMAN EXPORTS TO REACH U.S.

Goods Were Ordered Before March, But Were Not Paid For.

LONDON, Aug. 18.—At the request of A. G. Hays, attorney for the American consignees, Great Britain has issued permits for the shipment of some consignments of German goods which were ordered before March 1, but were not paid for.

The consignments, some of which already are in Rotterdam awaiting shipment, while others have not yet left Germany, are valued at several million of marks.

Stratford, Aug. 18.—Judge Barron of this city fears that his son, Lieut. Barron, of the Royal Flying Corps, was lost on the Royal Edward, torpedoed in the Aegean Sea on Saturday morning last.

Lieut. Barron, who was formerly a cadet in the Canadian navy, was to proceed to the Dardanelles, and Judge Barron believes he was on the Royal Edward.

ONLY FOURTEEN LIVES ARE LOST

But Property Damage at Galveston Reaches Fifteen Million Dollars.

OTHER PLACES SUFFER

Army Camp at Houston Was Destroyed by Tidal Wave.

DALLAS, Tex., Aug. 18.—Cheering news was brought to this city tonight in a message that was flashed to thousands of anxious persons who had friends and relatives in the storm-stricken City of Galveston—Only fourteen deaths in Galveston.

Galveston has undergone one of the severest storms in the annals of the Gulf of Mexico.

A thousand feet of her sea wall which skirts the southern side of the city has been torn away, and the causeway which connects Galveston with the outside world has been cut in two at the draw-bridge.

Three fires have done great damage, and the city is without adequate water supply. It is said the financial loss the city has undergone will equal that of the 1900 storm, which was estimated at \$15,000,000.

The mayor has proclaimed the city under martial law, and after a survey of the losses announced that Galveston would not call on other communities for aid.

In Virginia Point, the north end of the causeway, more than a score are dead; at Texas City, 18, ten of whom were soldiers, are reported drowned, seven at Laporte and three at Lynchburg.

War department despatches sent from Houston, Texas, this morning said the army camp there had been destroyed by a tidal wave and high tide, which covered the city with three to five feet of water. Troopers were searching for dead and caring for the injured.

The United States camp at Fort Crockett also has been completely wiped out, but no loss of life there is reported. All animals belonging to the army were drowned. The transport McMillan is aground on Pelican Island and the vessel is damaged. The town is under martial law.

AUSTRALIAN BANKERS TRANSFER GOLD TO U.S.

Two Million Dollars Will Be Placed to Credit of British Banks.

SAN FRANCISCO, Aug. 18.—Two million dollars in gold sovereigns of British coinage arrived here today on the steamer Ventura, shipped by Australian bankers and consigned to three San Francisco banks, to be exchanged at the United States branch mint here for United States gold coins.

The money is to be placed to the credit of Australian and English banks, temporarily.

The British gold was received here by the Wells Fargo Nevada National Bank, the Canadian Bank of Commerce and the Anglo and London-Paris National Bank.

Beauty Guards Against Harm Done by Summer Sun and Wind

By LUCREZIA BORI
Prima Donna of the Metropolitan Opera Company, New York.

VACATION days will soon be at an end, and already the letters are pouring in asking for remedies to correct the harm done to complexions by sun-burn and wind. Few girls remember, while they were acquiring the "healthy" tan and freckles, that it would require weeks and weeks of patient treatment to remove it.

Mix these together well and apply to the affected skin at night, and in the morning wash the face off with a bland soap and warm water, and afterward apply the following lotion:

- Citric acid..... 20 grains
 - Infusion of rose..... 4 pint
- Before giving you the formulas for bleaches which will remove tan I wish to state that about making them more than half the failures when mixing toilet preparations are due to the fact that they are not properly prepared. In the first place, the fats must never be allowed to become hot. Once this happens the cream will not congeal. Sprayed and white wash should be softened, which means a slight warming—nothing more. Then you must blend them with the glycerine and oils, and in the preparation of creams must be of glass or porcelain.

A Sunburn Remedy.
A cream especially recommended for the aftermath of sunburn and tan is made from the following ingredients:

- Sweet almond oil..... 2 ounces
 - White wax..... 3 drams
 - Spermaceti..... 3 drams
 - Powdered benzoin..... 4 drams
 - Glycerine..... 2 ounces
 - Orange flower water..... 1 ounce
 - Oil of neroli..... 1/2 ounce
 - Oil of petit grain..... 5 drops
- Break the wax and spermaceti into small bits and soften them. Then add the almond oil. Mix the orange flower water and the glycerine together, and to this add the borax. Pour this preparation into the fats, beating constantly. If the cream begins to harden before the mixture is complete, place in a bath of hot water until it is softened. A most splendid bleach for tan is a mixture of:

- Powdered borax..... 1/2 ounces
 - Acetate of soda..... 3 ounces
 - Tincture of guaiacum..... 1/2 ounces
 - Tincture of benzoin..... 1 pint
 - Rosewater..... 1 pint
- Mix thoroughly and apply to the skin two or three times every day.

Remedies for Freckles.
There are several freckle remedies which I consider excellent, but you must not expect the little brown spots to disappear over night or in a month even.

- The first cream contains: Petroleum..... 1 ounce av. Lanolin (anhydrous)..... 1 ounce av. Hydrogen peroxide..... 1 fluid ounce Acetic acid..... 1 fluid dram

After thoroughly cleansing the skin apply the freckle cream and allow it to remain on as long as you are indoors. Before retiring coat the skin with the cream and keep it on all night.

If the freckles do not yield entirely to this treatment they will at least be greatly ameliorated. The length of time it takes to effect a cure varies with different persons. One must be patient with these preparations, as they do not agree with all skins equally well.

For more obstinate freckles there is a cream composed of the following ingredients:

- Elder flower ointment..... 1 ounce
- Sulphate of zinc..... 20 grains

REVELATIONS OF A WIFE

By Adele Garrison

A Gem of a Maid.

THE maid whom I had liked so well at first sight held her single reference out to me with pride shining in her eyes. I took it and drew from the envelope a sheet of notepaper whose appearance betokened the belongings of a well-bred woman. I unfolded it and read:

She laughed gleefully, displaying a set of beautiful white teeth. "Right now, this meant. See, I brought my work dress, my apron, my cap. 'You like me to wear cap?' I look nice in cap." She smiled contentedly.

"Of course," I answered. "And I will give you a trial for a week. You may come out into the kitchen now, and I will show you where things are, and tell you about dinner."

"As I proceeded her into the kitchen I had a sudden qualm. I knew Dicky's fastidious taste, and that underneath all his good-natured unconventionality he had rigid ideas of his own upon some topics. I happened to remember that nothing made him so nervous and irritable as bad service in a restaurant.

"SARAH S. CLARKE. I could read between the lines of this letter. It was too late now, however. I was committed to a week of her service."

"No, I shall have to order them. I did not see the marketman this morning. I was ill. We will have a small pot roast of beef—Mr. Graham is very fond of that—with a horseradish sauce, potatoes cooked with the meat, some spinach, not creamed, simply chopped with plenty of butter and seasonings, and a lettuce and green pepper salad. Mr. Graham will make the dressing at the table."

"What for dessert?" "No dessert tonight, just cheese and coffee. You do not want too much to eat for a first dinner. I will telephone for the things now." I turned away. But she plucked at my sleeve.

"Right here," I opened the door of an unused closet. "You may keep your things here. I shall want you to sleep at home, I have no room here. Her face fell. 'I can sleep out, yes, if you have no room. But I no like to be out of my house. Maybe after while you get bigger flat, room for me?'"

Secrets of Health and Happiness

Chewing Food Too Finely as Harmful as Too Little

By DR. LEONARD KEENE HIRSBERG

A. B. M. A., M. D. (Johns Hopkins University)

MAN is a creature that walks on two legs and bites. That is to say, we "chew" and "eat." In spite of his teeth, however, many a man, like a cow with her cud, bolts his food almost at one fell swoop. Such persons, I take it, never really know what it is to have their teeth set on edge. Perhaps even such a thing as the digestion that waits on appetite is unknown to them.

DR. HIRSBERG

In the bright lexicon of youth, with its finely polished ivories, there should be no such word as falling digestion. Casting meat in the teeth of one who fails to chew is worse than throwing pearls before swine, because the muscles and enamel-covered prongs of mastication usually needs must be exercised.

Decay of the stomach and other human structures are not uncommonly a sequence to the gulping of lumped, undissolved food.

Among the more than merely elegant essentials of human nutrition, the individual necessities of the tissues, the palatability of the nutriment, the mechanical amount of aliment possible to consume, the combinations of the diet, and last but by no means the least, the mechanical state of the swallowed ration.

The upper teeth and their counterparts below, the "upper" incisors and the "lower" ones, as a 2-year-old youngster calls them, are the pestles and mortars of the dietetic apothecary shop.

Find Happy Medium.
The fineness of division, the density of the food particles, the macerated and ground-up condition of what enters the cat's paws are important part in the work of your digestive apparatus.

Taken by and large, there is a moderation and midway point, or happy medium, just short of the superfine division of the foods, which makes for complete digestion. If chewed to such extremes advised by certain faddists you may as well turn your stomachs to all intents and purposes into a mudding bag.

Some old people or those whose gastric juices and acids have gone, or whose stomachs are such a stomach, unquilted, goes like the pitcher that went once too often to the well.

Be all this as it may, experiments upon pigs prove in a measure that although wheat meal is 10 per cent more digestible than whole wheat, it is better to let your own teeth do the grinding or mudding than to be lost in the artificial mill.

It is not sensational by any means, however, to insist that the fine grinding of food particles the larger will be the surface of the vitamins successfully assimilated by the digestive juices.

Saliva, Digestive Aid.
The saliva, equally with the gastric and the intestinal juices, is a most potent digestive juice. Until the mechanical instruments of nutrition, that is, the teeth, gums and muscles, crush the foods concealed in the shells, salts, fibres and what not, but little of the nutriment is available for absorption.

In continuation of this knowledge, the discovery has been made that a few very stout persons, who give an excessive mastication of their victuals. On the other hand, some thin, cadaverous looking dyspeptics with voracious appetites bolt their foods as does the wily ostrich or the unhappy Harlem Scot.

It must be plain from a few of such observations that Slim Jim loses his ailment in waste. The essential ingredients pass the frontiers of digestion unharmed and unused.

Fat Jack by virtue of a super-abundant dental armamentary unaccustomed to these persons, overdoes his part, chews his food to the point of interpenetration, and thus, poor fellow, by overwork which might to a better purpose

Answers to Health Questions.
V. D.—Q—Are a good soap and ointment good for chronic eruptions on the face? If not, give a good remedy to cure them.

A—Does the eruption itch? Is it yellow, red, white, purple or what? Is it flat or raised, round or square? Does it burn? Is it pointed. You must give me more details. There are a score of eruptions.

L. P. S.—Q—What is the cause and cure for an oily, greasy face?

A—What is the cause of my hands perspiring almost continually?

A—Drink and eat no soups or other hot dishes. Shun fatty, fried foods, and wash the face with lime water.

M. V. C.—Q—I am only 15 years of age yet my skin is very dry and beginning to wrinkle. Will you please suggest a remedy?

Try this cream. It is very good: Oil of sweet almonds..... 4 ounces White wax..... 1 ounce Glycerine..... 1 ounce Rosewater..... 2 ounces Pulverized tannin..... 1 dram

F. M. H.—Q—I am suffering from what is known as "barber's itch." Will you please suggest a remedy?

A—The following lotion applied to the face twice a day will cure it: Calamine..... 3/4 drams Zinc oxide..... 1/2 drams Glycerine..... 1/2 drams Lime water and rosewater..... 8 ounces.

Mrs. E. J.—Q—What can I do to rid myself of mucus in the back of my nose and throat, especially when I have inhaled steam?

A—Have the nose and throat examined by a good physician and the adenoids and tonsils removed, if necessary. In the mean time irrigate the nose and throat three times a day with alkaline antiseptic fluid diluted three times with water.

Three Minute Journeys

WHERE A MIMIC BATTLE CELEBRATES ALL EVENTS.

I NEVER saw Arabs in real battle, but if they fight with more deadly earnestness than they do in play, I do not want to see them. I was at the annual feast that coincides with our harvest home that I saw an Arab celebration that came near being as devastating as a real battle.

There were two companies who were to take part in a sham battle—one party being entrenched on the other trying to dislodge them. The fighting was all to be with blank cartridges, which were dealt out to the men before the battle.

That was all right, and the dark eager faces, insubstantial as the men themselves, were all excited between the two companies. Suddenly the leader of the attacking party, which was on horseback, circled about the beleaguered host, shooting and shouting with deafening racket party was seen to fall from his horse. Without dismounting a half-dozen of his followers had sprung in and lifted him, evidently thinking it was an accident. It was not. A bullet hole

through his breast told a tale of treachery only too plainly. But the game never stopped, and we in the grand stand knew nothing of it until later. One of the six who had rescued the fallen chief was told off to bear him to a place of safety—but not back where the authorities had been ordered to cover it up. The other five immediately substituted real cartridges and attacked fiercer than ever. The battle waged only a few minutes longer when the beleaguered were seen flying in every direction. Not until then was it found that their

chief, too, was dead with five bullets through his head or heart. That tragic fact was not known, however, to but few persons for some time to come, as the authorities hurried to cover it up. It seems that the two commanding officers—young Bedouins—carried a feud which had rankled for a long time, and it is supposed that the captain of the beleaguered force took his chances of never being found out, as all were supposed to be shooting with blank cartridges only. It was one of the five avengers who told the facts months afterwards.

The crescent of Turkey, which before long may disappear from the list of national badges, has a curious pedigree. The old Byzantine empire used a crescent and star, and the star was sophisticated by the Crusaders into a cross. The star is supposed to be the star of Bethlehem; the crescent the "inconstant moon." The Ottoman Turks found the crescent at Constantinople ready for them, but they put it over the cross or star.

English people look for great things this year. It is a current belief that the year '15 is always a lucky one for the little light island. In 915, Edward the Elder, son of Alfred, drove the Danes from the five midland counties. In 1015, Edmund Ironside completed the rout of the last remaining vestiges of the Vikings and made the island really a compact nation. In 1215, Magna Charta

Diary of a Well-Dressed Girl

By SYLVIA GERARD

Remodelling a Taffeta Frock on Youthful Lines.

I THINK a motherless girl is the most pathetic thing in the world. Hilda Saunders, one of Cicely's chums, is visiting us, and although her father has surrounded her with every luxury, she plainly shows that she misses the mother care.

When we helped her unpack we admired her pretty frocks and hats, but Hilda shook her head and said: "Yes, but they are not my own."

One of her prettiest afternoon frocks had a skirt of dark blue taffeta and a bodice of taffeta, and chiffon cloth of the same tone. The bodice was much too old in style for such a slight, ethereal-looking creature as Hilda, so I slipped it apart, hoping to find a more youthful way to make it. The material was cut in such small pieces it was impossible to use them again, and after trying to match the taffeta and chiffon I had to make up my mind to make the bodice of white or cream-colored chiffon.

I copied the blouse of Cicely's rose-colored taffeta, only instead of tucking it across the shoulders I gathered it into the shoulder seams to form soft folds. Hilda has beautiful arms, so I made the sleeves extremely short and trimmed them with lace and double frills of the chiffon. I also used lace for the high collar, which I extended across the back of the pointed neck line.

The skirt of this frock was a horrible fit, so I ripped open the side seams and slightly gored them. Then I gathered the top and folded a girle of taffeta about the waist.

An underskirt extends several inches below the tunic, and as it hung unevenly, I straightened the hem. From the taffeta, which had been used for the bodice, made long, narrow folds, and with these formed scalloped scallops about the edge of each skirt.

Then to repeat the color note of the skirt in the bodice, made suspender straps of the taffeta, and fastening the ends to each side of the front, crossed them over in gender fashion with a knot in the centre. They pass over the shoulders, and are crossed again in the centre of the back, making an extremely effective trimming for the bodice.

When Hilda tried on the frock I found that it needed some touch of color to liven it up, so I tucked two deep pink roses in at the girle. She looks like a different girl in this frock, and says that she is "spelled" and will never again be satisfied with shop clothes.

Before she leaves us, however, I hope to have her trained to know just the kind of frocks she should wear to bring out her Puritan-like beauty and charm.

They're not. I know very little about

fashions, and my clothes never look like yours or Cicely's."

After she had been with us a few days I found this to be true. No matter what frock she wore there was something wrong. It fitted badly, was an awkward length or too elaborately trimmed, and she always seemed to have a little alteration, so I undertook to remodel Hilda's wardrobe.

Advice to Girls

By Annie Laurie

DEAR ANNIE LAURIE: A year ago, while visiting relatives, I met a real nice young man. He showed me a good time while they were in the year, and I have written each other occasionally. I am visiting here again, and he has been out on an average of two nights a week, but there are rumors that he is engaged. Now, Annie Laurie, I am growing very fond of him, but of course if he is engaged I think it best I should stop "caring." Would you advise me to ask him, for that is the only way of finding out?

world, either, if you find that the rumors have told you the truth this time for sometimes they do. It's so much better to find out a man's true nature before it is too late. I always try to weigh well what rumor says, and count them my good friends, not my enemies, when I prove them in the right.

DEAR ANNIE LAURIE: I'm neither heart-broken nor love-sick, but I want you to do something for a perpetual "dreamer." I possess a great imaginative power. My imaginations are so real, so vivid, that it is hard for me to be convinced that they are not true. I imagine some of the sweetest, most beautiful dreams a mortal could dream, and then again I imagine the most horrible, tragic happenings in the world. I become frightened from them sometimes, and people think I'm only nervous, and pay no attention to it. It is beginning to grow alarming.

DREAMER. I'll not tell you to consult a physician, Dreamer, in this case. In this wonderful machine which we have been entrusted to use through life, and which we call the body, there is an indicator that shows when the fuel is running low. While the machines all come out of the same factory there are slight variations in their make-up, and therefore this indicator may be found in different parts of the body. I believe your indicator shows a seriously depleted state of fuel supply. See if you don't need more food, more sleep and more fresh air.

DEAR ANNIE LAURIE: I am a senior, and 17 years old, and am considered not dull at all. Do not tell me to consult a physician. I am afraid this imaginary world is going to detract my mind from my studies if I do not stop it. But it seems quite impossible to stop. Can you advise me in any way?

REPORTED VILLA IS ANXIOUS FOR PEACE. Reply to Appeal Received by Washington, But Not Made Public.

DEMAND OF CARRANZA Wants His Authority Recognized in Restoration of Government.

WASHINGTON, Aug. 18.—Gen. Villa's reply to the pan-American appeal for a peace conference among the Mexican factions was received today by Villa's agent here and will be presented to Secretary Lansing tomorrow.

Gen. Carranza's response has not been in course of preparation. That he will endeavor to convince the pan-American conferees that recognition of his government is the wise course to pursue and the only way to establish peace in Mexico, is generally understood here.

It became known tonight that all the principal Carranza generals have entered into an agreement to make similar replies to the appeal sent them.

Sir Cecil Spring-Rice, the British ambassador, called on Secretary Lansing today to talk over the Mexican situation. Great Britain is concerned over the large English holdings in Mexico and is anxious to support a plan for restoration of peace.

The battleships Louisiana and New Hampshire arrived at Vera Cruz today after a rough passage across the gulf.

AFFIDAVITS REJECTED. Woodward and Keever Must Explain Acts as Remount Agents.

WOLFVILLE, N.S., Aug. 18.—Evidence that a horse refused at the time of the Boer war had been accepted last August for use in the present conflict was supplied to the Davidson War Contracts Commission at its hearing this afternoon.

Another interesting swap. John Seifried, Wolfville, said that he was paid \$170 for a "doctored" horse.

At the morning session, affidavits by Todd Woodward and Frank Keever, remount agents, who bought horses in Nova Scotia for the government, last August, and whose horse dealings the commission is anxious to probe, explaining why they cannot leave the United States just now, were rejected.

Commission Admired. Sir Charles Davidson said Woodward and Keever were making vain excuses for staying in the country done before. These men could not hope to deal with the commission in that fashion.

Recruiting at Jail. Governor Chambers of the Toronto Jail is taking an active part in securing recruits for the local regiments.

Inquest was opened. Coroner Gardner last night opened the inquest on James Marchant of Scarborough Postoffice, who died yesterday morning in the General Hospital.

Wychwood Quality to Meet Dunlops in Final for Robertson Cup.

Wychwood beat Overseas by 4 to 0 in the semi-final Robertson Cup game at Eaton's field, and thus qualified to meet Dunlops in the final on Aug. 25. It was a very even game in the first half, Wychwood leading at half time 1 to 0, scored by McCool. Turvey (two) and Ingarfield (one) added goals for Wychwood in the second half. Overseas' forwards were very weak, only Taylor showing anything near top form.

Beat the Cardinals Before Forty-Seven Thousand Fans—Cubs Shut Out Superbas

At Boston—(National)—A crowd estimated at 47,000 persons filled the Braves' field, the greatest baseball park in the country, to overflowing, at its opening yesterday. The Boston, who took advantage of the occasion to raise the blue and gold pennant, won in the world's series with the Philadelphia Athletics last year, defeated St. Louis by 3 to 1. Loving cups and flowers were presented to President Gaffney and Mayor Curley of Boston, Clark Griffith, manager of the Washington Americans, pitched the first ball, a strike, to Manager Stallings of the Braves.

English Turf Gossip

Black Jester, winner of the last St. Leger Stakes, and Snow Marten, winner of the New Oaks, were beaten by Apothecary in the race for the Newmarket Gold Cup on July 27. This race was a substitute for the Ascot Gold Cup, the Ascot authorities contributing \$5000 to the prize fund. The distance was two miles. The winner started at 33 to 1. Apothecary is a chestnut colt, three years old, by Radium, a son of Bend Or that won the Goodwood Cup and the Doncaster Cup in 1914. Sand Path, the dam of Apothecary, was by Rightaway out of Santissima, by St. Simon. The winner will probably meet Pommern, winner of the Irish Derby, in the new September Stakes, Newmarket, three months. James de Rothschild owns the colt.

THE MAN BEHIND THE GUN

There is a man we see in khaki. And as you down the street he goes. You would hardly turn to greet him. Human target for our foes. He has volunteered for service. 'Mid the din of battle's roar. Prepared to give his life and blood. What could he give us more? His brother, dressed in navy blue, 'O'er Neptune's rugged crest. Is an asset to the freedom. Were it not for Jack and Tommy. Our race would soon be run. He's the bright of our power. He's the man behind the gun. With firm intent he'll lead the way. We'll be free. Our wheels of commerce onward grind. Our ships steer out to sea. You can follow up your business. In the factory, shop or store. But remember for the price in blood. Of them who shed their gore. And you who seek for pleasure. In their dying hour of need. Breathe a prayer for Jack and Tommy. They're the ramparts of our breed. You may rest upon your pillow. With the frost, snow, rain or sun. Thank the man, behind eyes that guard you.

Lacrosse DAY AT ORANGEVILLE

SHELburne Put Out of Running by the Dufferins—Juniors Also Won.

ORANGEVILLE, Aug. 18.—The Dufferins this afternoon proved this to be some lacrosse centre, decisively defeating two teams from Shelburne. As a preliminary feature, the Dufferins Juniors played an exhibition game with a team from Shelburne. The local, all little chaps, showed good form and judgment, winning by 9 to 2. Much interest attached to the meeting of the Shelburne and Orangeville Intermediate teams, owing to the former club having won their protest against the Dufferins, who on the last clash played Sables of Brampton, who signed with the Dufferins early in the season, Brampton having no intermediate team this year. The game today was a scheduled match. The protested game will be played in Shelburne on Friday. The visitors were clearly outclassed by the Dufferins, the score being 16 to 4, and it is not likely the match on Friday in Shelburne will show much change in the form of the players today. In the first quarter six goals were scored. Shelburne securing but one. In the next period it was four to two in favor of the Dufferins. In the third quarter Dufferins notched four more, and Shelburne one, and in the last quarter Shelburne was shut out and the home team added three more goals, making the score 16 to 4. Leonard Smith of Toronto acted as referee. Umpires—George Morrison, Orangeville, and Victor Phillips, Shelburne. Line-up: Shelburne (4)—Goal, Kayes; point, Skelton; cover, Cameron; first defence, Silk; second defence, McCormack; full back, P. Gallagher; outside, E. Gallagher; inside, W. Gallagher. Orangeville (16)—Goal, Booth; point, Chapman; cover, Cushing; first defence, Cranston; second defence, Scott; centre, Stevenson; second home, Keith; first home, Ewing; outside, O. B. Brown; inside, J. B. Brown.

FRESH ADVANCES IN STEEL STOCKS

Wall Street Cheered - by Advances From All Leading Centres.

EXCHANGE STIFFENED

Proposal to Establish Credits Had Effect on New York.

NEW YORK, Aug. 18.—Stocks purchased their familiar course today, the so-called specialties and affiliated issues absorbing the bulk of speculation.

Deals in the railways were negligible, the only noteworthy exception being Chicago, Rock Island and Pacific Railway, which rose 1/2 point by receipt of the establishment of the Ontario commission against the old Rock Island Company, thereby offering hope of restoration of the former.

Rates of exchange on the principal European centres strengthened very decidedly, but failed to register all their advances. While definite details are still lacking, it is taken for granted that arrangements are in progress of completion for the establishment of the British and French credits here.

The bond market was lower in the main, with some strength in mercantile and utility issues.

United States bonds were unchanged on call.

Munitions and Steel Stocks Weak on Toronto Market—Crow's Nest Cook Strong.

A larger list was included in yesterday's dealings on the Toronto Exchange, but prices were irregular. The munition and steel stocks were easier, but the list closed with a general decline.

LONDON, Aug. 18.—The sharp recovery in New York cable transfers to 4.69 and 4.70 cheered sentiment in the money market today.

The American was the best section in the stock exchange. Durbin buyers for wheat, oats and barley for future shipment.

CANADIAN CROPS IMPRESS CHICAGO

Outlook for Bumper Yield Offset News From Western States.

MORE EXPORT SALES

Market Closed Fairly Firm on Reports of European Buying.

CHICAGO, Aug. 18.—Extremely bullish reports from the spring crop region, including the Canadian northwest, acted in the wheat market today as almost a counterweight to heavy rains over Kansas, Missouri and Nebraska.

December and May were the wheat options here that chiefly felt the influence of the promising outlook in the spring wheat belt.

Export sales of 800,000 bushels of Manitoba and 500,000 bushels of Ontario wheat were reported today.

Corn wound up at 75 1/2 for September and 6 1/2 for December, retaining an advance that was largely the result of cooler temperatures, which would tend to retard the growth of the crop.

Other options were inclined to ease off. Provisions ranged higher than somewhat liberal receipts of hogs throughout the west.

Canadian Car Led Upturn in the Afternoon Trading.

MONTREAL, Aug. 18.—The reaction that set in in local stocks on Tuesday furthered this morning and most of the active members of the war order.

Canadian Car appeared to constitute the pivotal point in the day's changing movement.

A HEAVY MARKET IN FRUIT SECTION

Plums Continue Slow of Sale Because of Price of Sugar.

TOMATOES ARE LOWER

Declined in Price as Did Cucumbers and Blueberries Yesterday.

There was a very heavy market again yesterday, values on the bulk of shipments keeping about Tuesday's quotations, with the exception of tomatoes, blueberries and cucumbers, which were lower.

Plums are difficult to dispose of, as they require a lot of sugar, and the majority of people cannot afford them on that account.

There is not much demand for pears yet, the 11-quart basket at 40c. Canadian cantaloupes are increasing in quantity and improving in quality.

Wholesale Fruits. Apples—Imported, 1 1/2 per hamper; Canada, 2 1/2 per hamper.

There were eight loads of hay brought out yesterday, selling at 15 to 20 per ton.
