**THE TORONTO WORLD ONE CENT MORNING PAPER.**

**SLEEPING CAR RATES.**  
The Canadian Pacific has for some years admitted the necessity of affording the traveling public reasonable sleeping car rates as far as its trans-continental line is concerned. It has in use, on its through trains, what is known as tourist cars, which are at the disposal of the second-class passengers. The rate from Toronto to Vancouver for a berth in one of these cars is \$7.50. Similar accommodation in the Pullman costs \$18. In addition to the \$18 it is necessary that a passenger should have a first-class ticket, which, on a Toronto to Vancouver ticket, costs \$10 more than the second-class ticket. The difference in the two styles of accommodation is therefore \$20.50 for a five-day trip.

What accommodation this tourist car affords, we allow the Canadian Pacific itself to explain, which it does as follows in one of its folders.

A Canadian Pacific tourist car is very similar in general appearance to the world-renowned palace sleepers of this company, and is far superior to other second-class cars sometimes given the same title to catch the unwary. It is large, airy, perfectly ventilated, fully upholstered in leather or corduroy; roomy and well-appointed toilet rooms for ladies and gentlemen, supplied with plenty of water, towels, soap, combs, brushes, etc. The assistants are heavily carpeted. Portable section partitions, which firmly lock in place at night, make an open interior, with no obstructing berth support by day, and insure perfect seclusion to each berth by night. The berths are made up precisely as in modern palace sleeping cars. A competent porter, trained in the company's palace sleeping cars, accompanies each car through to destination, to make up berths and otherwise attend to the comfort of our patrons.

A full equipment of berth curtains, mattresses, pillows, clean linen, lunch tables, etc., is provided, and the toilet rooms are supplied with towels, soap, combs, brushes, etc. In the kitchen, a full set of kitchen appliances for making tea and coffee, warming food, etc., and large tanks built in the car are kept filled with water for toilet purposes, and pure ice water is always, winter or summer, to be found in the drinking tanks.

The journey to Vancouver occupies five days. The rate per day therefore for the use of this car is \$1.50. The passenger rates in the Pullman are \$5.99 more per day than those in the tourist cars. If the C.P.R. can provide sleeping accommodation for trans-continental passengers at \$1.50 per day, it ought to be able to furnish a similar service on one night trips in Eastern Canada. If such a service were put on between Montreal and Toronto and available for second-class passengers, it says 75 cents a berth, we venture to say that one or more cars would be filled every night. As for first-class passengers, if it pays the company to furnish this splendid accommodation for second-class passengers at \$1.50 per day, it ought to pay them handsomely also to sell berths in the Pullman cars at half the price they now charge.

One dollar per night for a berth is ample. It is all the service that is worth and all the ordinary man and woman can pay. Let the rich and those who like to blow themselves have the extravagantly-built and high-priced palace sleepers; give the common people who travel at night the common comfort of a plain bed.

**ADVERTISING IN TORONTO.**

The advertising of cities has developed of late into a fine art. Toronto has made spasmodic efforts to secure the holding of conventions and to induce tourists to visit the city, but we have done very little in this direction compared with many American cities. The city of Des Moines, Iowa, is making an effort to secure the next convention of the Brotherhood of Locomotive Firemen. In order to get this convention the City Council had a book of ample proportions, specially prepared to influence the delegates in Toronto in favor of Des Moines. The book is liberally illustrated and sets forth the attractions of the city, tells in plain terms just how the city would treat the convention, and makes the best possible case in favor of Des Moines being selected for the convention.

A gentleman from Milwaukee has also been in the city for some time past, pushing the claims of that place for the holding of the convention. He carries with him an ample supply of literature of all kinds, descriptive of the advantages of Milwaukee, not only as a convention city, but in every other respect. It is said that this gentleman is employed the year round to further the interests of Milwaukee in securing conventions and inducing tourists to visit that place. He makes the statement that he has been successful this season in inducing 98 different bodies to visit Milwaukee during the course of next year. Whether this is so or not, it is a fact that he has done a great deal of good for the city of Milwaukee, and that any expense connected with his mission will be ten times repaid by the influx of visitors to that city.

Toronto gets a fair share of conventions and tourist traffic without much special solicitation. This year especially we have been favored with a large number of visitors, particularly from the Southern States. An article in another column will show how much the visit of these people this summer has been appreciated by our business men. They all state that the business done with these American visitors was very considerable, and they all agree that an intelligent effort should be made to secure a repetition, or rather an increase, of the same class of traffic next year. It is time for Toronto to follow the

**Strong Native Faction Objects to American Methods and Asks for Restoration of the Queen.**  
San Francisco, Sept. 22.—The steamship Alameda arrived yesterday from Honolulu, bringing news up to Sept. 14. The Congressional Commission to Hawaii, which was sent to investigate the Hawaiian situation, has returned to Honolulu. The Hawaiian people are not so serene as they were when the Commission first arrived. They are objecting to the American methods of governing the islands, and are asking for the restoration of the Queen. The Committee on Fire Insurance suggests that the question which has been troubling the Methodist people for four years, and after some questioning, the Board of Directors has decided to organize an insurance company as soon as possible. Shares will be issued for \$50,000. The company will be organized by the members of the Methodist church, and will be purely Methodist.

**CONFIRMED.**  
Striking Confirmatory Evidence From Brighton.  
Gentlemen—Some months ago I wrote you briefly in regard to what Dr. Ward's Blood and Nerve Pills had done for me. Now, after a lapse of five months since taking Dr. Ward's Pills, and not having any further trouble, I have done for me. When a lad about eight years of age I fell into a cellar a distance of ten feet, striking on my head and causing concussion of the brain. I was taken to a London, Eng., Hospital, remaining there over four weeks, the first seven days not recovering consciousness. I am now 25 years old and from the time of my accident until I began taking Dr. Ward's Pills five months ago I had been subject to fainting spells, never before having any other ailment. As a result of this attack I became more frequent, lasted longer, and left me with less vitality. I was weak, low in strength or stamina, always very low-spirited and down-hearted; I was indignant that every thing and every person was going against me, and life only had a dark side for me. My appetite was poor most of the time, but I am now happy to say that, since taking Dr. Ward's Blood and Nerve Pills, I have had one fainting spell, and that was shortly after I began taking them, so I have no hesitation in saying that Dr. Ward's Pills cured me. Before taking them I always looked for a fainting spell not more than two weeks apart; now, I would be greatly surprised to see a recurrence of these spells. Life is now bright and cheerful, my mind, down-hearted feeling is gone, being replaced by a contented, hopeful feeling. I feel better, my appetite is good, and in every respect I have experienced the health and strength-restoring properties of Dr. Ward's Blood and Nerve Pills. They certainly have proved a blessing to me. Yours truly, (Signed), Thomas Stanton, Brighton, Ont.

**MURDER MYSTERY**

Emma Gill of Southington the Victim.

Persons Who Cut Up the Body Secured at Any Time Escape is Impossible. Guilt of Son Has Been Under Arrest.

Bridgport, Conn., Sept. 22.—Police Birmingham said today no reason to doubt any further mystery of the Yellow Mill murder. The victim was, beyond a doubt, Emma Gill, of "Her mother, we expect, will try to see the head and shoulders of the girl's teeth. looked after the girl's teeth. This day will probably solve the mystery. As to Foster, I in the world but that he knew the manner in which the girl died. I think I can safely secure the person who cut up any time we want to make it impossible for the party to get away. Whether or not it woman I decline to say at this time. Harry Guilford, son of Dr. Guilford, was arrested shortly after 10 o'clock this afternoon as he entered his mother's house on Gil Street. He had evidently been in the vicinity of the police station and had placed the key in the door when he was arrested. He was taken to the police station and locked up.

SARGENT STANDS AGAIN

The Present Grand Master, B. of L. F. Will Seek Another Term.

Saturday Will Likely See the Conclusion of the Convention—A Place of Meeting to be Chosen—Three Committees Yet to Report—Election of Officers Keenly Watched—Personal Points.

The convention of the B. of L. F. is now drawing to a close. The interest of everyone is centered on the elections. In the regular order of business the election comes last, but there is a move on foot to institute them today.

It is probable the convention will go to Milwaukee, and though Cleveland has put a good fight for headquarters, it looks as if there would be no change, although in previous elections the dark horse has frequently come out winner.

The delegates, visiting everyone have a good name for Toronto. One delegate thinks that within five years the present convention will be the cause of 200 additional families in Toronto. It is the intention of the delegates to express their appreciation of Mayor Shaw and the Council by presenting them with a token, to take the form of an address or something else.

As announced exclusively in The World, Grand Master Sargent will again be a candidate for the chief honor at the coming elections of the B. of L. F. The only reason that might induce the Grand Master to withhold his name was that he was appointed by President McManis as one of the members of the Industrial Committee, but full particulars of which have already appeared.

The commission is one that would have lasted in its office for two years, but had also been a permanent thing. The reasons that induced Mr. Sargent to go up as a candidate for Grand Master were brought to bear on him, and that he could not bring himself to part from the B. of L. F. The fact that Mrs. Sargent's work in the Grand Master's office had some influence with the Grand Master's decision. The convention will last till Saturday at least, but being the Magazine Committee, the Committee on Welfare, and the Committee on Salaries to report. Besides this there is the election of officers, the selection of Grand Lodge officers, and other business.

An effort will be made to finish up by Saturday, but there is a chance that the meeting may go on for two days next week. The longest previous convention was a 17-day affair at Hamilton. All the past officers are present, and it is probable there will be much change, as the boys know they have a most efficient corps and will give a most change any one of them. There was a rumor that Eugene V. Debs was here to secure the control and the magazine, but there is a chance that the only reason Debs came to the convention was that he has attended every one since 1877, and also that he was booked to lecture at a point adjacent to the line of Toronto.

SPARKS.

The delegate of 44, W. W. Gills, wants F. J. May's recipe for a good duel. Bro. F. W. Lewis of 184 and D. S. Moore of 75. Cards are out announcing a duel and the delegates know what it's about. Again, there is a woman referee, and the only reason Bro. S. B. Northrop, 462, can be depended on, as he has a well-kept head.

Delegate Baker of 104, James Burke of 85—sit down and give the lawyers a chance. W. Pears of 410: I want to go on record. Bro. Kelley of 284, the parliamentarian, lives in the Grand East and H. Zink of 614 think of running a footrace before the convention adjourns.

Bartholomew, 300, has the smallest representative here, known in Long Island City, New York, as "The Spider."

Delegate Terry of 483 has commenced writing red roses in his nose, according to the question of the boys is "What is it for?" Mr. W. Boy (?) and clerks at the Walker House are uniting in their efforts to entice the delegates and their ladies, and the boys are loud in their praises of the house.

"Shorty" Johnson of 149 and Morynagh of 207 are going to run a footrace down Queen street at 3 p.m. to-day, providing Johnson will get stiffs. Bro. Hinsdale and Fred Keefer are to be refereed.

"Denny" Sowles of 508, better known as "Detroit's Giant."

F. J. Brennan's "Previous Question." Asa Dillon—Murphy of 443. Bro. J. R. Nourton of 145, Harper and somebody else.

Condie of 211 says he has a Company 9 at South Easton, Pa. Wilson says: "That's nothin'." When he was at Bro. May's home at Halstead, Pa., he ran out of nickels.

Dr. McNamara of 443 is prescribing for Simeon Clark's racer, who is wanted at St. Johnsbury, Vt.

Ferkins of 181, Hamilton, Ont., wants to know when Kern of 67 will take another carriage ride.

F. W. Hoeking of the Brotherhood Hat Manufacturing Company is coupling business with his work at the convention.

O. H. Miller, the salve man, lost his grip. There is a box of salve offered as a reward for its return.

C. W. Maler wants to know where Penny-baker is going to locate his red lemonade stand.

E. Pravel of No. 11: Hear, hear. C. J. Johnston of 140: Lay it on the table.

O. K. Potts' circus will move on or about Monday for Niagara Falls with the following animals, mentioned particularly in red letters on the bill board: 234, Incubated by chief goat trainer, L. Butterfield, of 208, side-show brawler; C. W. Anderson of 480, Pittsburgh, Kansas, as general manager.

H. N. Lamb, "Previous Question." My had a little lamb, His fleece was white as snow, And every place May went Miter was sure to go.

Alex. McIntyre of 471 doesn't say much, but there's more in his head than any arch hairs.

G. K. Kingsley of 281 represents the Credentials Committee with the dignity of a lord.

"George W. Adams of 165 'Sit down.'" The ideal delegates, Calhoun of No. 7, and Mooner from 231.

"Hanniban, Hanniban, I didn't think you'd fool a man." The ladies of the Walker House attended the Princess and witnessed "The Silver King." Mrs. Warnock and Miss Garry got so interested in the play that they wanted to assist Mrs. Deaver in her better struggle.

against poverty. Miss Hinsdale and Miss Wilson said "Sit down, sit down." Little Gertrude Mooner is the wife of the Walker House. Who upset the coffee? F. J. Hargreaves of 349, from "the only State in the world," New Jersey.

E. Pravel of No. 11: Hear, hear. C. J. Johnston of 140: Lay it on the table.

George Garrison of No. 1 is contracting to take home with him two dozen of souveniers, "Maid of the Mist."

Delegates and visitors were loud in expressing appreciation of Engineers' Entertainment, and "Dad" Miles served as chairman with the dignity of a Tom Read.

Brennan of No. 12, is to be a ladies' man.

If W. J. Garrison would turn in earlier he would not be aware that the delegates are not late. He can prove by a policeman.

Mr. and Mrs. C. B. Cook went out for a boat ride yesterday. Miss Maggie also went.

The guests of the Kensington would like to have photographs of Stanger and Bauer when they are down.

Editor Carter is going to have a fine October number of The Magazine. He has collected photographs of the various committees, almost endless in number, which will appear. The photograph at the grand ball and others will make up the sum.

Bro. Alger is one of the greatest talkers in the hall. He talks, he says, to keep others quiet.

The Webb C. Ball Company of Cleveland, Ohio, manufacturers of the railroad watch that the boys rely a good deal on, have issued a black leather passbook for presentation to the members of the present convention. The yellow leather interior contains minute descriptions of the various watches manufactured by the firm and gives pleasure to prominent railroads.

The officials who use them. The inner pages are blank for notes, and after that is a talk, "Don't abuse your watch," and, amongst other interesting items, is the following:

Some Interesting Facts. In a lecture recently given before the students of the University of Toronto, President M. E. Ingalls of the Big Four system gave an array of facts, showing the magnitude of the railway business of the United States at the close of the fiscal year ended June 30, 1936. There were 182,000 miles of railway lines, 39,950 locomotives and 1,597,000 cars in operation. During that year 331,000,000 passengers were carried and 765,000,000 tons of freight. The aggregate of freight carried one mile was 24,000,000,000 tons, at an average rate of 2.6 cents per ton per mile.

If all the freight cars in the United States were placed in line they would reach from Boston to San Francisco, back to Boston again and thence to Chicago, and the engines in use would cover a track from Boston to Philadelphia.

The railways of this country employ 826,000 men, while, with those indirectly employed in making supplies for railways, including the families, the number of people directly dependent on railroads mounts up to 10,000,000, or one-seventh of the population of the United States.

There is no more popular man among the boys than Second Vice-Grand Master C. A. Wilson. He has been a Grand Lodge officer for a large number of years, and is a tremendous jolliter. He is a hard and steady worker. Brother Wilson is taking photographs on the trip over his extensive territory, and from them showing magic lantern views. He is a past master with his kodak and his lantern, and helps to amuse and educate the boys. One time the general brother, while sharing another's room, put on one of his own hosts, which were black, and one belonging to his friend, which were white. The host, who was a scented and Bro. Wilson put up his feet to be shined, whereas the black shiner, in horror and dismay, backed up and said: "Say, boss, what kind of feet you got, anyway?"

Bro. Wilson: Fe-ramble.

MAY RESULT IN TWO DEATHS.

Probably Fatal Accident at Colliery—Fatal Accident at Colliery—Fatal Accident at Colliery.

Collingwood, Ont., Sept. 22.—The Great Northern Exhibition held here this week has been a great success, the exhibits being far ahead of former years. More especially is this the case in the fruit exhibit, the quality being excellent and the quantity enormous. The attendance is far in excess of former years and the directors will have to enlarge their buildings and extend their grounds, as all the enclosure was very much crowded.

An unfortunate accident happened, which spoiled the enjoyment of the spectators and will perhaps end in the loss of two lives. In the second best of free-form running race, immediately after the start, a young man attempted to cross the track and was struck down by the front foot of Led's Mar's jockey. Her hind foot also struck him and lifted him off the ground and threw him under the rest of the horses where he was terribly mangled.

Lead's Mar's jockey, a lad named Bellwood, was pitched on his head and picked up senseless. The other lad was got out as quickly as possible and taken to the hospital, who was on hand, ordered his removal to the hospital. He also attended to identify the first boy.

Your correspondent caught Dr. McKay to-night coming from the hospital and his report is that the unknown boy is still unconscious and very badly injured, born on the head and body. However, he thinks he has a chance to recover. The jockey, Asa Dillon, however, he is not so sure of as he has a nasty scalp wound and a depressed concussion of the brain. He also is unconscious.

Constable Lenhart and a Bystander Shot by the Man.

Cumberland, Md., Sept. 22.—Frank P. Myers shot and instantly killed John Lenhart, a constable, and Michael Keenan, a bystander, at Garrett, Md., yesterday, while resisting eviction from a house which was the subject of a family dispute. He then barricaded the doors and windows, but was finally captured by the sheriff of the county. As he was being taken to jail someone in the crowd shot the prisoner in the head and he fell dead in the sheriff's arms. A posse is hunting for the man who shot Myers.

PERHAPS "THE DEWEY ISLANDS."

Congressman Favors This Name if Philippines Are Secured.

Washington, Sept. 22.—If all the Philippines are taken by the United States Congress will probably rename them. Many of the senators and representatives who have visited here lately have suggested that the new possessions be called the "Dewey Islands."

Congress will have the task of renaming all the islands which have recently come into possession of the United States. The Republic of Hawaii will be changed into the "Territory of Hawaii," and the Island of Porto Rico will probably be known as the "Territory of Porto Rico."

Where Is Esau Cudney.

The friends of Esau Cudney of Galt are anxious to see the whereabouts of the man who went to Toronto to see the Exhibition, and stayed with some friends at 87 Garden-avenue. On Farmington they went to the Fair with a lady friend, and the two became separated in the crowd. Thinking that Esau would turn up all right, her friend went home. Since then nothing has been heard of him.

THIEVES PUT A WOMAN ON ICE.

A Chicago Saloon Keeper's Wife Thrown Into a Refrigerator by Robbers Who Escape.

Chicago, Sept. 22.—The long and the short of it, whose specialty is holding up saloons and putting their victims in iceboxes, varied their program yesterday morning by placing a woman on ice.

The wife of John Powers was in charge of her husband's saloon when the robbers entered and announced their business. Mrs. Powers did not show any desire to hand over her money and it was necessary to hustle her into submission. The robbers then covered her with a big refrigerator and thrown in. Her husband returned and gave an alarm. The men escaped while keeping him coveredly with their rifles. One of the robbers wore a soldier's uniform.

An hour afterwards two thieves entered the saloon of Thomas Kerwin, No. 3112 of Grove-avenue, drew revolvers and demanded his cash. The saloonkeeper, seizing two revolvers, opened fire on them, which was returned. The fastidious robber for several minutes, when the men fled, leaving Kerwin master of the situation, but the saloon was almost a wreck.

HAD RUN AWAY FROM HOME.

Two Young Montpelier Ladies Arrested—Dress, Frivolous Anarchy—Arrestation at the Doctor's.

Ottawa, Sept. 22.—(Special)—Two young ladies, Miss Foley and Miss Chris, from Montpelier, Vt., were arrested on the arrival of the Boston train at the Central Depot this morning on the strength of a telegram from their parents, stating that they had run away from home. The girls will be detained in custody until the arrival of their guardians from Montpelier. One of the peculiar features of the affair is that both the young ladies had return telegrams from their starting point. Another is found in the number of police officials that were thought necessary to make the detention.

Died in Doctors' Hands. Ernest Elbourne, the 15-year-old son of George Elbourne, 535 Nepean-street, died at 2 o'clock yesterday while undergoing an operation for ingrowing toenails. The operation, which was being conducted by Dr. Bepko and J. P. Kernan, was completed without incident, but the boy died of a heart attack while the wind-pipe and death resulted from asphyxiation. Deceased was under the influence of chloroform.

Mosley Was Refused Bail. Austin Bowen and W. J. Mosley appeared before Judge McTavish on a charge of attempted highway robbery and conspiracy. They elected to be tried by jury, and were remanded to the Fall Assizes. Mosley, who alone made the demand, was refused bail.

BISHOP LORRAINE INSTALLED.

A Day of Importance to Pembroke, Especially in Roman Catholic Circles.

Pembroke, Ont., Sept. 22.—At 9 a.m. all the visiting prelates, archbishops, bishops, canons, vicars-general, provincials and superiors of religious orders and colleges and priests who came for the coronation of His Right Reverend N. Z. Lorraine, went in procession from the Bishop's Palace to the beautiful cathedral, which was artistically decorated for the occasion. The magnificent arch in front of the palace had the motto: "Eilecti non laborant frustra" (My elect shall not labor in vain).

The arch in front of the cathedral had two mottoes, viz.: "Long live the first Bishop of Pembroke," and "Welcome to our illustrious Pontifical High Mass was celebrated by Right Rev. N. Z. Lorraine, Rev. E. A. Lattin, rector of the cathedral, Pembroke, was assistant priest; Rev. A. Chaine, Amport; V. Ferreri, Vincent, deacons of honor; Rev. H. S. Marion, Douglas, deacon; and J. P. Kernan, Brudenell, surfer; Rev. B. Jankowski, Wilno, and J. L. McInerney, Brudenell, acolytes; Rev. J. J. Ryan, Brudenell, and A. Renard, Point Alexander, masters of ceremonies. Arch-bishop Duhamel assisted in full pontifical vestments, accompanied by Archbishop O'Rourke, Very Rev. D. Foley, Almonte, and Very Rev. P. McCarthy, Ottawa. Rev. B. J. Kernan, Quyon, was cross-bearer; Rev. H. Gouin, master of ceremonies.

The Sermons. Right Rev. J. M. Enard of Valleyfield, preached the French sermon, taking for his text: "My elect shall not labor in vain." Very Rev. J. J. McCann, Administrator of Toronto, preached the English sermon, on the words: "Thou art Peter and upon this rock I will build my church."

Both sermons were very eloquent and appropriate and were listened to throughout by the large congregation with rapt attention.

The music was superb and did credit to all who participated.

Mass addresses were presented from the clergy and people. The clergy's address was read by Father Lattin and the people's address by Rev. H. S. Marion and Rev. A. Brunet.

The addresses from the people in English and French were read respectively by Mayor T. Murray, Dr. Bedard and J. P. Pasinavite, J. Wilmitz and A. Kitchener, who presented an address in French.

F. E. Goodwin and J. Leggs presented addresses from the C.M.B.A., and Foresters. These addresses were accompanied by a chorus of about 150 from the people of the whole diocese.

Right Rev. Bishop Lorraine replied to the addresses and thanked the visitors for their attendance and the people for the success of the feast. The proceedings were crowned by a grand banquet, tendered by the ladies of the town in the Academy Hall of the convent.

To-night a reception was given at the palace to the citizens, which was largely attended.

BANQUET WITHOUT WINE.

Canadian Fire Underwriters Dined at Kingsville With Black Tea as the Strongest Drink.

Kingsville, Ont., Sept. 22.—The 15th annual meeting of the Canadian Fire Underwriters' Association convened at the Hotel Metrowas here yesterday. The members present: P. H. Sims, President, occupied the chair during an all-day session. At 7.30 the annual banquet and dinner was served and nine host Antidote of the Metrowas was put up a first-class menu. The only guest present was Alf. W. Smith of Toronto, who presided at the banquet. He made a complete within 20 minutes of his recent serious accident, was greatly appreciated by all. The banquet would be complete without this recovery from his speech. "Our Queen," "Past Presidents," "Toronto Board of Fire Underwriters," and "The Ladies" were very ably responded to by the members of the association. H. S. Sims, President, E. A. Lilly, Montreal, and H. M. Blackburn, Toronto, vice-presidents. The members expressed great satisfaction at the improvement in water supply appliances throughout Ontario and Quebec, and were greatly pleased with Kingsville and the surrounding country. No arrangements were on hand at the banquet. It was strictly a temperance gathering, black tea being served instead of wine. The members will disband to-morrow morning.

Dearer Money.

London, Sept. 22.—The Bank of England has increased its rate of discount from 2 1/4 to 3 per cent.

"THE BUSY STORE AT THE BUSY CORNER"

Strong Specials for Swift Saturday Selling

We have told you before of the immense advantage our position gives us in the clothing business. Buying the cloth direct from the weavers gets it here at first cost. Designing, cutting and making all our clothing on the premises insures the latest styles and reduces the cost of production to a minimum. Our watchfulness prevents "slop work" getting into the garments, as is invariably the case where one firm makes clothes for many people's selling. These are the reasons why we can and do sell better clothing for less money than any other clothing seller in the Dominion. Once a week appears the story of our efforts to win a big trade all day Saturday, and for to-morrow our bargains are rich beyond question.

Store Open Till 10 p.m. Saturday.

Men's 4-Button Single-Breasted Sack Suit, in good quality, pure all-wool materials, chevrons, tweeds and cashmeres, choice patterns, neat effects, brown, Oxford grey and dark mixed colors, good farmer's satin linings, sizes 37 to 44, regular \$35 to \$75.00, special \$25.00 to \$50.00.

Men's Suits for \$5.00. The range we offer for Saturday's selling surpasses all previous efforts. After our early September business we found we had a great number of suits left, the balance of different lines. These we have placed on several tables, and although the sizes are somewhat broken, we have complete sizes from 34 to 44 breast measurement. The prices of them range from \$6.00 to \$10.00. To make a quick clearance we have marked them \$5.00. It will pay you to get around here early, so that you can make a good selection, and get your right size. Store opens at 8 o'clock.

Men's Stylish Pants, \$1.98. Cut in the latest fashion, in the newest stripes and hatching of English woads. We know of no material that will give better wear or keep the shape as well, perfectly infolded by our own tailors, every seam stayed with linen, strong pockets, buttons well sewn. Their equal cannot be found elsewhere for less than \$3.50.

200 different designs of Men's Fall Business Suits, fresh from our own workshops, made of the worsteds, cashmeres, Scotch tweeds, unsharred and smooth faced serges, cut either single or double breasted in every style, tailored and finished perfectly, regular \$12.75 to \$15.00, special \$10.00 to \$12.50.

Gentlemen's Extra Grade Fall Top Coats, made of XXX quality English woads, with the latest fall color effects, lined with the best satin lining, serge, English strap seams, French faced shoulders, satin piped edges, all finishing being done by our own hand, really worth \$15.00 to \$20.00, special \$14.95.

Gentlemen's Prince Albert Coats and Vests of high-grade English Venetian and light worsteds, best grade satin serge linings, edges stitched or silk bound, made from start to finish and equal in every respect to \$25 custom-made garments, special \$14.95.
