

# It's a "Clean-Up" Sale

## Over \$100,000.00 Worth of High Class Furs to Be Disposed of

There is only one good term that we can apply to this sale and that is a general "clean up." We have taken stock and we find that we are going to carry over altogether too much. So we are taking the only real good and sure way to lighten that stock---By cutting prices.

Now cutting prices at this particular time means a great deal to you for there has been an enormous advance in the price of all furs in London, England. The price of Canadian mink alone has advanced one dollar per pelt. This sale offers you a chance that will positively never come again. Next year there will be at least fifty per cent. advance in every fur.

Every thing in fur in the big showrooms is reduced from twenty per cent. up. AND REMEMBER THERE IS NO OLD STOCK, ALL THIS SEASON'S FURS AND, WITH FEW EXCEPTIONS, EVERY GARMENT MADE ON THE PREMISES. THE SALE IS FOR CASH ONLY. YOU SHOULD CALL AND SEE THE WAY GOODS ARE MARKED.

### All Reduced---All Good Furs and All New

- Children's White Coney and Iceland Lamb Coats, were \$12.00 and \$16.50, for \$6.00 and \$10.00.
- Alaska Sable Muffs, splendid value, were \$15.00, for \$10.00.
- Alaska Sable Four-skin Scarves, were \$22.50 and \$25.00, for \$15.00.
- Blue and Black Wolf Muffs, in Rug designs, were \$15.00, for \$13.50.
- Blue and Black Throw Ties of Wolf, were \$15.00, for \$10.00; Black Wolf Stoles, were \$20.00 and \$30.00, for \$15.00.
- Fifty Dyed Sable Muffs, were \$7.50, for \$5.00.
- Marmot Sets at greatly reduced prices, from \$10.00 upwards.
- Muskrat Coats for Ladies, splendid for motor-ing or driving; three-quarters or full length, at prices reduced now \$75.00 to \$100.00.
- Twenty-five Persian Lamb Jackets, 24, 26 and 28 inches long; were \$135.00 and \$150.00 for \$100.00.

We cannot impress too strongly upon you the fact that all fur is steadily going up in price and that the latest reports from the London market show the advance is no small item, in some cases being one hundred per cent. Canadian mink, the most popular of all furs, is quoted at one dollar a skin higher this month than ever before. To buy any kind of fur to-day and especially at this sale is an investment worth considering.

### JURY UNABLE TO LEARN WHY ENGINE LEFT TRACK

Inquest Into Sunday's Wreck—Elgar Choir's Fine Program—Boxing Bout Gave Good Sport.

HAMILTON, Feb. 1.—(Special.)—The coroner's jury, inquired into the Sunday morning wreck on the T. H. & B. spur line, in which Henry Rumble, the engineer, was killed, brought in a verdict to-night, to the effect that Rumble came to his death by being crushed by his engine, but that they were unable to discover what caused the engine to leave the tracks. The Elgar Choir, conducted by Bruce A. Carey, gave the first of its sixth annual series of concerts this evening in the Grand Opera House, which was crowded, and scored another triumph. It was assisted by the Buffalo Orchestral Society and Mrs. Barnes-Holmes, Buffalo. The work attempted to-night was the Angelus (Chaminade), arranged by Mr. Carey, and Sea Drift, a choral rhapsody (S. Coleridge-Taylor). The choir will give another concert Wednesday evening, assisted by the Toronto Symphony Orchestra. Andrew Lewis, 331 East Ferry-street, was arrested to-night charged with assaulting George Mason and with being drunk and disorderly.

The Boxing Bout. The three boxing bouts put on in the drill hall to-night, under the auspices of the Army Medical Corps, drew a big house and gave a good evening's sport. The main event was a round-robin bout between Frank Carroll, Toronto, and Jack Brennan, Philadelphia. It was declared a draw, but Carroll had clearly the best of it and would have been given the decision had it not been agreed between him and Brennan that the contest was to be a draw on account of the fact that clean breaks were insisted upon, and Brennan said that he could not adapt himself to that style of boxing, being accustomed to hitting with one hand free. There were two preliminaries. Hunt and Britton boxed four rounds to a draw and Nott, Brantford, got the decision over Artie Fair, Hamilton. It was supposed to be a six-round bout, but Fair hurt his wrist in the fourth round and was unable to continue, so the decision went to the Brantford man, who Fair was the aggressor. Billy Carroll was the referee.

Gain to Kentucky Pastor. The St. Paul's church has extended a call to Rev. Felix Taylor, Lexington, Ky. The board of control has discovered that it cannot impose a penalty greater than five per cent. for arrears in taxes. J. J. Scott, K.C., declines to give the names of those for whom he is acting in the purchase of the Hamilton Gaslight Co. W. A. Gordon, a Toronto broker, is said to be behind the deal. The offer is \$110 a share, or \$300,000 in addition to assuming the bonded indebtedness of \$200,000. Walter R. Dowie, 25 Oxford-street, a T. H. and B. brakeman, was run over by a car last night, losing part of an arm and a leg. There was a general slump in prices on the Central Market this morning, the price of eggs dropping from 50 to 35 cents a dozen; butter from 22 to 25 cents, and potatoes from 80 to 60 cents a bag. Judge Snider has awarded Carmelo Scime \$661 damages against Colgas Costanza for breach of promise.

### UNIONISTS LOST LAST ONE

Gives Liberals a Majority of Their Own in the House. LONDON, Feb. 1.—The Liberals won the election at Wick Burghs, which was polled yesterday, from the Unionists, B. Munro defeating Sir A. Bignold, so they will just have one more member in the new parliament than the Tories, the respective representation being Liberals 274, Unionists 273. The return of two Conservatives for the north division and west division respectively of Cork County to-day completes the Irish elections. Out of 82 Nationalists in the new house, a dozen of them are followers of Wm. O'Brien.

### STILL AFTER GUARANTEE

C. N. R. Don't Like to Take "No" for an Answer From Legislature. A rumor is current at the parliament buildings that Mackenzie & Mann will renew at the present session of the legislature their petition, which was turned down last year, to have the form of provincial aid to a section of the line of the Canadian Northern into the clay belt of northern Ontario changed from a subvention of 4000 acres of land per mile, to a guarantee of the bonds of the railway. It will be remembered that Premier Whitney was firm last year. "No guarantee" was his ultimatum, and that settled it. Whether the railway officials think they see signs of softening, which might preface a more favorable answer, or whatever other reason may suffice, the rumor is undoubtedly afloat. In this connection it is worthy of

### ONLY ONE FOUND ALIVE

#### 79 MINERS ARE KILLED

Forty Bodies Recovered—Hope Abandoned For All Who Were in the Workings at Explosion.

PRIMERO, Col., Feb. 1.—To-night in Primero, where yesterday the lives of 79 miners were snuffed out by an explosion in the main stop of the Colorado Fuel and Iron Co.'s mine, the bodies of 40 victims lie in the temporary morgue installed in the machine shop. A large force of men still is engaged in restoring ventilation through the mine and hundreds of people are lined about the mouth of the shaft awaiting the recovery of the bodies. The cause of the disaster is still unknown, and definite information as to

the cause is not expected until the mine is completely cleared and an investigation is completed. Leonardo Virgen, a Mexican, and the only surviving miner, is unable to make a clear statement. Immediately following the explosion a column of dust and smoke poured out of the main entrance. Large pieces of timber were thrown from the entrance more than a hundred feet, and with such terrible force that a string of cars in the mine mouth was blown from the track. The huge ventilating fans were put in operation, and within an hour rescuing parties were forcing their way into the gas-filled workings. A huge cave-in at the mouth of the main stop blocked entrance at that point, but the rescuers followed the hundred yards, gaining entrance to the main stop thru a cross-cut. It was not until the relief party reached entry A7, on the main stop, that they found the first evidences of the destruction wrought by the explosion. Here about a dozen bodies were encountered, but the rescuers pushed on in the hope of finding signs

of life. A little further on the party came across Leonardo Virgen, shortly after 2 o'clock this morning. As if waking from a deep sleep Virgen opened his eyes and said: "Please may I get home now." Virgen was hurried to the temporary hospital. To-day he had sufficiently recovered to join the ranks of watchers around the mine entrance. Encouraged by the findings of Virgen, the rescuers worked with renewed energy, hoping to find others alive within the recesses of the mine, but failing in this up to the evening, those still missing were given up as lost. Early last night local workers had been reinforced by squads of miners from surrounding camps. Rescue work was pushed with frequent reliefs until to-night, this advance guard had pushed within 40 yards of the face of the main stop. Orders were issued to-day thru officials of the Colorado Fuel and Iron Co. to issue provisions to families of the victims until a permanent system of relief could be organized. Strive manfully for righteousness.—Roosevelt.

For Tankard And Cups

Note and Comment

The curlers made good progress yesterday on keen ice, getting through the last of the local Tankard groups and reducing the District Cup to the semi-finals, that will be played this morning at Toronto, at Queen City, and Queen City at Parkdale, at Granite. As the temperature is rising, the curling, though weather permitting, will try it tomorrow.

Lakeview champions last year, were beaten by the Granite after putting in a remarkable performance. The Granite, one down, had an end to go, with Wilson finished, and a draw around in the end. Parkdale's guard shot in the end, while the Granite kept getting in the end, while the Granite kept getting in the end, while the Granite kept getting in the end.

A. R. Goldie, president of the Ontario Curling Association, announces his rink of Galt curlers that he is taking to Winnipeg for the Dominion Curling Championships. The party leaves for Winnipeg on Saturday night.

Simpson Rennie, who was going to enter for Winnipeg, has decided to abandon his intention owing to illness in the family of his wife, his second player.

Jimmy Cosgrave, the crack sculler of the Argonauts, states that while he was injured playing hockey, it was the most he has ever had, and the doctor assures him that he will be back in the water in a few days. He will take a short rest, and about March 1 will begin work on the rowing machine.

Quite a party will accompany the single-screwed boat to England. The Henley dates are July 1, 2 and 3. Cosgrave won the junior, intermediate and senior Canadian championships last year at St. Catharines, and but for an unfortunate mix-up at Detroit, he would have won the senior American championship as well.

Hamilton is to have a single-link competition. James Dixon, president of the Victoria Curling Club, has been elected to the position of president of the Ontario Curling Association, and the County of Wentworth, to be elected to the position of president of the Ontario Curling Association.

Tommy Burns has been invited to visit Paris to fight Joe Jeannette. A contest of the kind would certainly be a tremendous draw in Paris, and Burns, a tremendous French extraction, is a great favorite with Parisians. Apart from the record for gate receipts, it is at present undoubtably the best chance of becoming the champion of the world.

According to an Australian paper, early last month Burns was doing a light, progressive preparation for a fight with Australia. Stanley Ketchel, Sam Langford, Sandy Ferguson, and other lot possible opponents were mentioned.

Mayor McCarthy of San Francisco shocked the reformers with his announcement that he hopes to be re-elected. He has no personal animosity against the gamblers, and these forms of amusement will get it. "Stop gambling and the grass will grow in the streets," said McCarthy. McCarthy outlives his remarkable policy.

While no radical changes were made in the baseball playing rules, the revision last week was of a kind to clear up several knotty points which have been cleared up, and altogether, the code is clearer and less open to different interpretations than it was before.

It is pointed out that the argument against putting battery errors in the regular error column, which led to a rule once passed being revoked, was not worthy of much consideration. It is true that the pitcher and catcher should handle the ball better than the other players on the field, but they handle it with the same care as the other players.

Clark Griffith of Cincinnati has hit on a novel device for home batting practice. The device consists of a baseball on a wooden base, with an extra cover to which extra covers are attached, one on each side. One of the covers is fastened to the floor and the other to the ceiling, allowing the ball to swing loosely at about the height of the batter's head.

Red McMahon, the well-known book-maker, who represented Buffalo at almost every race track on the continent, is back in Bisontown on a visit to Jack Donville, where he did business in the ring at Moncrief Park. Mr. McMahon says that the meeting was flourishing about Christmas, and speculation ran high, but when adversity struck them the majority of the books slumped badly, and McMahon, falling off, he quit in disgust. Red's contribution to the Jacksonville ring is said to be \$50,000.

On the other hand, another layer, well known at Woodbine, and later at the Park, Jack Sheehan, or, to give him his own name, M. Rosenberg, who is at Moncrief, had a run of luck the last few days, and his intimates declare that up to that time he was about \$5000 winner. Had it been for two or three horses running, he would have been many times this amount to the good.

At All Saints. The officers of All Saints' synagogues beg to announce to their members that they have secured the services of Mr. Marshall as physical director. Mr. Marshall is the holder of the Golden Arrow, the highest award attained by a physical instructor of Central M.C.A.

On All Saints' floor this evening, two basketball games will take place, between West End Y.M.C.A. Intermediates and All Saints' Intermediates, and Septons of West End Y.M.C.A. and Olympic of All Saints.

\$110.00 WASHINGTON, D. C. AND RETURN From Suspension Bridge via Lehigh Valley R. R., Friday, February 4th. Stop-over allowed Baltimore and Philadelphia. Particulars 64 King-street East, Toronto, Ont.

GRANITE WIN GROUP 3 DEFEATING PARKDALE

Score 33 to 26, But Last End De-cided the Game—District Cup Play.

Granite go into the Tankard final as a result of their victory yesterday afternoon at Queen City over Parkdale in the last game of Group 3. It was a splendid contest, and the victory was a well-deserved one. Granite's play was excellent, and Parkdale's play was poor.

Varsity Outclassed BY PARKDALE 14 TO 4

Wanderers Beat Haileybury—T.C.G. Lose at Newmarket—Barrie v. Markdale To-night.

Parkdale made Varsity look like a dirty dozen in a clean pack last night at Mutual-Street, when they walloped them to the tune of 14 to 4. The padders always being the better. The score at half-time was 3 to 2 in Parkdale's favor, but the score was no indication of the play, as they had it all over the students.

Parkdale had everything last night, they fairly checked the students off their feet, especially when it came to checking back, while the padder forwards had little difficulty in getting inside the Varsity defence. The forwards were very busy shooting that the score wasn't even larger.

Parkdale played a nice combination game, while Varsity resorted to individualism, the result being that their attack was broken up by the Parkdale defence. Varsity were very slow in following up any advantage, while the padders were the reverse, and the fierceness of their attack at times fairly sweeping the students off their feet.

By Parkdale winning last night, both Varsity and Varsity have to defeat T. C. G. the next time they meet to make the better team, and it was only a question of how big the score would be. Mr. Price did not hope for any in the closing minutes of play, his work being very dictatorial. Only one accident happened during the evening, when a Varsity player was forced to retire, taking Rennie with him.

Record at Ottawa Joe Patchen II Wins Best Time 2.17 3-4

OTTAWA, Feb. 1.—(Special).—The third day's racing of the Central Canada Race Association was again favored with good weather. The attendance must have been at least five thousand people, and they have never seen better racing than to-day. The principal event of the meeting, or one that is always looked upon as the principal event, is the 2 1/4 mile stake for racers, which usually brings together all the good horses from all over the country. It was in the 2 1/4 mile stake that the record was made, and Joe Patchen II. won the race in 2.17 3/4.

The record was made by Joe Patchen II. in 2.17 3/4. The race was a 2 1/4 mile stake for racers, which usually brings together all the good horses from all over the country. It was in the 2 1/4 mile stake that the record was made, and Joe Patchen II. won the race in 2.17 3/4.

PORT ARTHUR AND FORT WILLIAM TELEPHONES.

Port Arthur has just given another evidence of its progressive spirit in the purchase of the Bell Telephone Co.'s franchise. For the sum of \$3500, the city purchased outright the franchise, and all the rights of the company to poles and overhead work on the streets, the only privilege the company retains being the right of connection with the municipal central station for long distance calls.

Little has been said in Toronto for some time about the local telephone system, but the long-suffering subscribers are never allowed to forget what the Bell system means. One of these days Toronto may follow the example of the twin cities and own a telephone system worthy of the capital of Ontario.

THE PRIDE OF SCOTLAND.

In the green hills of Scotland are to be found some of the finest roads in Europe. This is the case not only in the well-populated districts, but in the craggy mountainous parts where poor highways might be expected.

The farmers of Scotland do not have to spend their time improving the roads, but work where their training tells to the best advantage, namely, on the farm.

The roads are under the management of the county and borough councils, and are looked after by engineers and inspectors in charge of staffs of workmen engaged because of their knowledge of this class of labor. Where the work is not done by the councils themselves, the inspector advertises for tenders for so many miles of road, and the contractors must do the work up to specification. Particular attention is paid on the Scottish roads to the material which enters into the foundations and the surface dressing. This is always of the hardest material obtainable in the respective localities through which the roads pass.

The moment that a rut or hollow is noticed it is immediately repaired, and in consequence the Scottish roads have become the pride of the country.

Scottish roads are as smooth as the floor and represent just the type of highway required in the settled portions of the Province of Ontario.

The time has arrived to gather together in a great, impressive convention the municipal officers, engineers and interested citizens of this province. The people of Ontario know now fairly well what they want. Such a convention of road builders will crystallize the good roads sentiment into a suitable form to lay before the provincial administration.

IMPERIAL NAVAL DEFENCE.

While The World has already expressed its agreement with the view that neither a money contribution nor the gift of battleships can be a permanent or satisfactory solution of the problem involved in Canada's responsibility for her share in imperial defence, it has also recognized that should occasion arise the offer of two or even more Dreadnoughts might become her immediate duty. Whatever may be the ultimate relative position of the British self-governing states, among themselves, is a question without bearing on the existing situation. Conditions must be faced as they are. Even if the naval bill passes—some years may elapse before a Canadian navy can lend efficient aid in preserving imperial maritime pre-eminence, and meanwhile what ought Canada to do should the imperial government deem it necessary or prudent to increase materially the strength of the navy, which stands between the empire and disruption?

ONE MEDICINE THAT DID ANY GOOD

After Suffering Tortures for Years. This Lady Found Happy Relief in "Fruit-a-tives."

FRANKVILLE, Ont., June 11th, 1908. "I have received most wonderful benefit from taking 'Fruit-a-tives.' I suffered for years from headaches and pain in the back, and I consulted doctor after doctor, but to no avail. I took every remedy obtainable without any relief. Then I began taking 'Fruit-a-tives' and this was the only medicine that ever did me any good. I took several boxes and now I am entirely well of all my dreadful headaches and back-aches."

MRS. FRANK EATON.

"I take 'Fruit-a-tives' occasionally still, but I am quite cured of the trouble that was so long incurable. In order that others who suffer as I suffered may try this wonderful medicine and be cured."

(Signed) Mrs. FRANK EATON.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50 or trial box, 25c—or sent post-paid on receipt of price by Fruit-a-tives Limited, Ottawa.

sent state of the nation and the present balance of interests. To leave in the legislature a section of the most important and authoritative position. He will appoint all municipal employees, other than the city clerk and unskilled workmen, subject in certain cases to the recommendation of the head of the department concerned, and in the case of the city solicitor, to the approval of two members of the council. He may remove any employee and veto any ordinance making an appropriation. His power of supervision is made real over all the civic departments. He is required to have all the accounts audited at least yearly and may appoint experts to enquire into the conduct of any department. Failure or refusal on the part of any officer or employee to exhibit books or papers to the mayor forms ground for removal. These extensive powers have been granted because it was thought necessary to have one man immediately responsible to the citizens for the efficiency of the civic administration.

NEEDED—A GREAT MAN!

Goldwin Smith's Prayer is That Britain May Find Him.

Goldwin Smith writes the New York Sun as follows on the situation in England:

"Let the believers in party government work in Great Britain. After a struggle over a matter of internal unity to this day, the result is a deadlock. The choice, the outcome is a deadlock. In an emergency, which party in power proposes to sell to undisciplined and unscrupulous interests the disaffection of the unity of the kingdom?"

"In discussing the question of repeal of the union, it is to be borne in mind that the North of Ireland is British and loyal and by treaty would be put under the power of its enemies."

Coalition ministries in England, upholders of party government tell us, have been failures. Party feeling has become ingrained and has spread through the national frame and the disposition of the statesmen. There have, however, been enough transitions of leadership from one side to the other to show that partisanship is not the degree of nature. Now, too, the parties are being torn by internal dissension. There are five sections differing in their main aims. A trustworthiness court, Socialists and Home Rulers, sitting together, but otherwise plainly not united enough to form a solid base for government nor likely to be more united in the future.

Now, the question arises, is it better to sell it, that of the upper house of parliament. A trustworthiness court must evidently be. The country could never be sure without it. No one in the world would propose to put the kingdom, and not the kingdom only, but the vast and varied empire, including India, absolutely into the hands of such a body as the house of commons, universal and female suffrage. The title which in the Middle Ages the peers had as being men only the great proprietors but the chiefs of the nation and its leaders in war is gone. The reconstruction of the house will be complete and thoroughly adapted to the pre-

WIDOW BROWNS HERSELF

Wife's Daughters Were Enjoying Themselves at Opera House.

GALT, Feb. 1.—(Special.)—Mrs. Hamblin, widow of Hepler, in a fit of despondency, drowned herself in the eastern last night. She was 37 years of age and had three daughters, who were attending the opera house when their mother took her life.

ESTABLISHED 1864.

JOHN CATTO & SON

Uncovered

During preparations for Stock-taking we have uncovered many odds and ends of broken lines of House Furnishing Goods and Linens. These we will dispose of during the next couple of weeks before new goods begin to come in. This is really a supplement to our January sale, and those who have not got in on late special values have thus another chance.

WOOL BLANKETS. (Slightly soiled) Regularly \$3.50 to \$8.50. Now \$2.50 to \$6.50 Pair.

WHITE QUILTS. (Slightly soiled) Regularly \$1.00 to \$5.50. Now 75c to \$4.00 Each.

EMBROIDERED LINEN BEDS. REGULARLY \$9.00 to \$20.00. Now \$7.00, \$8.00, \$10.00, \$12.00, \$15.00.

JAPANESE EMBROIDERED AND HAND-MADE TEA CLOTHS. Regularly \$2.00 to \$4.50. Now \$1.50, \$2.00, \$2.50, \$3.00 Each.

BATH TOWELS. Big range of assorted kinds at 25 cents each.

CUSHIONS. Splendid selection of Lounge and Parlor Cushions—broken ranges and oddments. Regularly \$2.50 to \$5.00. Now \$1.50 to \$3.00.

TABLE NAPKINS. Splendid weaving, pure linen, prettiest patterns, 25 and 26 in. sizes. Regularly \$3.50, \$4.00, \$4.50. Clearing \$3.00 dozen.

TABLE CLOTHS. (Bleach damaged) Large sizes, as 3 1/2 x 3 and 3 1/2 x 4, 5 and 6 yards, in splendid quality and range of patterns, and only very slightly bleach-damaged. At One-third Below Regular.

55 to 61 KING ST. EAST, TORONTO.

ROSEDALE GOLF LINKS

Will Be Cut into Building Lots and Put on Market.

The Rosedale Golf Links of about 30 acres are being laid out in lots, and will be known as the "St. Andrew's Gardens."

The Gardens will extend from the new extension of Glen-road on the east over to MacLennan on the west, and the approaches to the Gardens from these streets will be eighty feet wide with handsome gates at the entrances, Harton Walker and Tanner and Gates, Victoria-street, are getting out the plans and will have the property ready for sale in a few days.

The soil links formerly consisted of the Hallam estate, the Jamieson estate, and Mrs. Nellie Graham of Wimpolex a property, prior to purchase by a syndicate.

Breach of Companies' Act.

For a breach of the companies' act, the Chicago Alberta Oil Company was summoned to appear in the afternoon police court yesterday.

The case was for not publishing a prospectus. J. W. Curry, K.C., appeared for the company's agent, F. Davis, and stated that he had advised the defendant to stop business and that the manager of the company in Victoria, B.C., had been written to send money to pay the fine. The case was adjourned until Feb. 8.

Osgoode Literary Society.

The Osgoode Literary and Legal Society held the first of a series of oratorical contests at Convocation Hall last night with the president, Hugh John Macdonald, in the chair, and a large audience present.

The contestants and their subjects were: E. H. E. Cheverly, "The Vindication of Shylock"; E. T. Bedford, "Juvenile Offenders"; F. B. Edmunds, "Canadian Nationalities"; W. H. Waters, "Canada Our Native Land"; E. H. Convey, "Peace." The judges, H. C. Macdonald, E. H. Ferguson and E. A. Donald, unanimously awarded the decision in favor of Mr. Convey.

Harper, Customs Broker, McKinnon Building, Toronto.

Speculation in city have lost \$100,000 this season.

THE WEATHER

OBSERVATORY, TORONTO, Feb. 1, 4 p.m.—The disturbance which was last night developing off the middle Atlantic Coast is now centered to the southward of Nova Scotia, and does not appear to be very energetic.

Rain and sleet have fallen to-day in Eastern Nova Scotia, while in other parts of the Dominion the weather has been fine. The temperature has been a little higher than yesterday in Ontario and a little lower in Quebec and the western provinces.

Minimum and maximum temperatures—Victoria, 23-37; Vancouver, 27-32; Kamloops, 24-34; Calgary, 6-20; Edmonton, 6-28; Prince Albert, 4-10; Regina, 10-21; Winnipeg, 16-26; Port Arthur, 14-22; Parry Sound, 14-22; London, 14-22; Ottawa, 14-22; Toronto, 24; Montreal, zero-16; Quebec, 4 below-10; St. John, 13-28; Halifax, 28-34.

Probabilities—Lower Lakes and Georgian Bay—Southerly winds; milder; fair at first, followed by light local snow or sleet.

Upper St. Lawrence and Ottawa—Fair and a little milder, followed by light snow at night.

Lower St. Lawrence and Gulf—Fair and moderately cold.

Maritime—Northerly winds, clearing and colder, preceded in Eastern Nova Scotia by a heavy snowfall.

Superior—Northerly winds; light snowfalls; not much change in temperature.

Manitoba and Saskatchewan—Fair and moderately cold.

Alberta—Fair and a little milder.

THE BAROMETER.

Time. Therm. Bar. Wind. 8 a.m. 17 29.85 9 W. 11 a.m. 20 29.82 9 W. 2 p.m. 23 29.82 9 W. 4 p.m. 27 29.79 15 S.W. 8 p.m. 27 29.79 15 S.W.

Mean of day 24; difference from average 7 above; highest, 32; lowest, 17.

STEAMSHIP ARRIVALS.

Feb. 1 At From. Pomeranian—London—Halifax. K. W. der Groene—New York—Bremen. Aranka—New York—Hamburg. Nickerl—New York—Bremen. California—New York—New York. Mongolian—Glasgow—Philadelphia. Carmania—Philadelphia—New York. R. P. Wilhelm—Bremen—New York. Estonia—Rotterdam—New York. Germania—Gibraltar—New York. Normanic—Genoa—Boston.

CARNEY—On Tuesday, February 1st, 1910, at St. Michael's Hospital, John J. Carney, beloved husband of Alice Carney, late of Port William, Ont. Funeral, noon, Tuesday, February 1st, 1910, at her late residence, 66 Primrose-street, Catering, Mrs. J. J. Carney, 66 Primrose-street, Beverly.

Funeral, Thursday, February 4th, at 9:30 a.m., at St. Michael's Hospital, Toronto, Ontario, to Mount Hope Cemetery.

HEWITT—On Tuesday, Feb. 1st, 1910, at his late residence, 174 St. Lawrence-street, Toronto, Ontario, Thomas Hewitt, beloved husband of Agnes Back, in his 33rd year.

Funeral at 3:30, Thursday, to St. John's Cemetery, North York.

HAWES—On Jan. 31, 1910, at the age of 23 years, Michael, beloved son of Fred J. and Ma. Hawes.

Funeral at 2:30 p.m. Wednesday, 2nd inst., from his late residence, Napier-street, Riverdale, to Mount Pleasant Cemetery. Deeply regretted.

BORING FOR OIL IN ALBERTA

American-Canadian Company Finding Promising Traces.

EDMONTON, Alberta, Feb. 1—(Special.)—The Canadian Oil Company of Morinville are said to have struck Drakotas at 2500 feet deep and are still boring in the same formation at 2750 feet. The Canadian Oil Company of Morinville are said to have struck Drakotas at 2500 feet deep and are still boring in the same formation at 2750 feet.

The hole for some distance along the Athabasca River, and is saturated with heavy petroleum. The same formation outcrops along the Wabiskaw River, and at the junction of Smoky and Peace Rivers.

During the warm weather, tar or thin pitch oozes out of the baptes at different places.

Abundance of natural gas has been struck at different places, which, together with the heavy oil, must be looked upon as a favorable indication that oil will be struck in some places.

BEREAVED WIFE GETS \$4000.

London Guarantee & Accident Pays First Webwood Claim.

The widow of the late Thomas Ainsworth, hotelkeeper at Blind River, who was killed in the recent Webwood accident, has been paid \$4000 by the London Guarantee, the cheque going forward from the company's office, corner Yonge and Richmond-streets, yesterday.

Mr. Ainsworth took out an accident policy for \$2000 with the London Guarantee and Accident Company five weeks ago. It included the double liability clause, usual with London Guarantee policies, providing that in case of injury or death while traveling as a passenger on a train, the insured, or his beneficiaries, would be compensated to the extent of double the liability applying for ordinary accidents.

Although the total amount of the claims against the London Guarantee through the Webwood accident are not known, they will be heavier than at first supposed. The unfortunate accident had the effect of greatly stimulating accident insurance business and the London Guarantee has written policies on many persons who might otherwise have neglected this precaution.

S. DUMFRIES LOCAL OPTION

Judge Hardy Reserves Decision on the Record.

BRANTFORD, Feb. 1—(Special.)—Decision was reserved by Judge Hardy in the recent of local option ballots in South Dumfries, where the bylaw had two majorities over the three-fifths. Three ballots, two for local option, are in dispute, while one was thrown out on each side.

C. R. HAS SURPLUS

Continued From Page 1.

way from The Pas Mission—87 miles shorter. A ship will be sent up this year to make a thorough examination of the entrance to the two harbors, and to give official information concerning many of the points.

He was not prepared to say whether the railway would be a government work, but this question would not delay construction.

Mr. Graham said there would be no appropriation this year for the Georgian Bay Canal.

The centre span of the Quebec Bridge, he stated, would be 150 feet high, and the whole structure would take four years to build.

Capital Account.

Turning to the question of capital account, the minister said that nobody expected to see when capital account shall cease, that time was distant. It had to be remembered in discussing the intercolonial that 75 per cent. of the railway of this country had gone into liquidation, and much of the original investment had been wiped out, but the original investment in the I. C. R. was still marked up against it.

He regarded as capital anything that was new that gave it additional value.

Mr. Graham, in dealing with the P. E. I. Railway, declared that nobody expected it to be a paying concern, for the traffic was insufficient. This year had seen a capital expenditure of \$170,000, compared with \$66,261 last year. His deficit this year would be about \$70,000.

The minister concluded by remarking that where other railways had no competition, their rates were higher than the I. C. R., and if a private company had had this monopoly, the people would have had to pay two and one-half times higher freight rates than they have paid.

Replying to Mr. Maclean, he said there was no danger of the railway being handed over to a private corporation.

Haggart's Warning.

Hon. John Haggart, former minister of railways, speaking after recess, said that the proposal to build a railway to the Hudson Bay was a very beautiful scheme, but he would warn the minister before against it.

He believed that wheat could be brought to Lake Superior and shipped via this route to Great Britain cheaper than via the Hudson Bay.

Mr. Haggart severely criticized the government in connection with the Quebec bridge matter. He predicted that the bridge would cost the province from fifteen to eighteen million dollars, or more than the government had claimed the N. T. R. would actually cost the country.

He presented figures to show that the cost of the new transcontinental line from Moncton to the Pacific would in the end be approximately \$200,000,000, and said that the cost of the eastern section would be no heavy that, when finished, the company would discover that it could not be made pay, and would refuse to operate it.

OPPOSE MILLER BILL

Horse Breeders' Association Pass Resolution Against Restriction.

A resolution disapproving of the Miller anti-horse racing bill under consideration at Ottawa, as being calculated to retard the development of a high standard of breeding by discouraging interest in trials of speed, was passed at the annual meeting of the Ontario Horse Breeders' Association, held at the Walker House last night.

The association, which has a membership of 434, includes the Canadian Clydesdale, shire, hackney, and thoroughbred association and also the Canadian Pony Society.

The action of the directors in declining to hold the annual horse show in Guelph was approved, the sentiment being that the event, which has hitherto been held in Toronto, did not receive sufficient support.

Among those who spoke were Dr. Rutledge, Dominion veterinary inspector, and Joseph Downey, M.L.A.

Directors appointed were: John A. Bogg, Queenville; Wm. Smith, Columbus; T. A. Graham, Claremont; John Bright, Myrtle; W. Renfrew, Toronto; George Gourley, Unionville; James Henderson, Beeton; Peter Christie, Manchester; James Pearce, Markham; A. E. Major, Whitby; Robert Miller, Stouffville; John Graham, Highfield; J. M. Gardhouse, Weston; William Hendrie, Hamilton; Dr. Webster, George's Point; Toronto; H. M. Robinson, Toronto; W. R. Meade, Kingston-road.

Representative on Canadian National Exhibition Board, Wm. Smith, Coburn.

At a subsequent meeting of the directors Mr. Smith was unanimously re-elected president.

"HANDBOOK" IS THE EVIL NOT RACE TRACK BETTING

That's the Consensus of Opinion of Experienced Police Officers—Former "Book" Favored.

OTTAWA, Feb. 1—(Special.)—Conditions in British Columbia, due, or ascribed, to the hundred days of racing at Victoria and Vancouver last summer, were dealt with at the morning session of the commission on the bill to prevent bookmaking and pool selling. Mr. Raney called Hon. Mr. Simpson and Messrs. Barnard and Ogilvie, the members for Victoria and Vancouver, who said that protracted meetings were bad for the neighborhood in which they were held, but not desirable in any form. Mr. McCarthy agreed with them.

The witnesses said they had a short meeting in British Columbia for many years past with public betting, but there had been no objection from any part of the public. It was long meetings, partly due to the proximity of Seattle, that fact was found with Victoria and Vancouver 43 days. The Victoria track is owned by the city and controlled by the exhibition board and after the 61 days decided to permit bookmaking at the short meeting held in the fall.

A. H. Beaton, who represented the harness interest in opposition to the bill, announced that he would call several witnesses to-morrow.

Rev. Dr. Shearer and Mr. Ranney visited the ice races of the Central Canada Association on the Ottawa River. The Ottawa race won in straight heats, but the representatives of the moral reform council had allowed the opportunity to put a crimp in the books to pass them by.

Evils Outside Race Course.

Mr. Cowan was the first witness at the night session and gave it as his opinion that the worst evils resulted from the introduction of credit betting, as a result of abolishing the bookmaker, might lead to greater cause of complaint.

He believed in the necessity of racing for the horse, and could see a vast improvement in conditions if the handbook and the pool-room were abolished, and the duration of race meetings cut down. To legalize individual betting while prohibiting bookmaking might create a state of affairs which he was not prepared to say, but that he believed to be a possibility.

Going over the list of shareholders and directors of the British Columbia Thoroughbred Association of Vancouver, which was headed by G. A. Powell, Mr. Cowan said it represented the best and most influential people there, who would not be connected with any unworthy projects.

Police Magistrate, Leggett of Windsor, said that he had no evils or troubles to complain of there during his term of office. Many Windsor people, however, had had the same advantages to the city, which was not aware of any public opinion to the contrary.

He told Mr. Ranney that he was secretary of the police, and that he had never heard of any demoralization of the police as a consequence of the racing.

Mr. Raney got some information from E. T. Mahon, K. C., solicitor for the Niagara Racing Association, as to the financial affairs of that club, which the committee did not seem to think pertinent to the matter at hand.

Provincial Detective Chief of Toronto, who had been assigned for work at the different tracks in Ontario, described them as orderly and well conducted in the interests of the public. There was no important proportion of crime resulting from betting on these tracks, and he knew of no such thing as cases of breach of trust arising from that source.

Handbook the Curse.

The handbook, he considered a great evil, an illegal affair going on the year round and in all kinds of secret places. The handbook habit was not a development of track betting, and he knew many handbook players who had never been on a race course in their lives. It was Detective Green who planned successful raids on the Toronto handbooks, and he is the best posted official in the country on the subject. He was doubtful of the practicality of a law which prohibited betting on the tracks and legalized individual betting.

The fact that there was no legal bookmaking in New York did not in any way prevent Toronto handbooks from doing business on New York races. They operated in Toronto just the same as before the Hughes law was passed.

Mr. Monk and other members of the committee had some fun with The Globe for publishing racing reports and anti-betting editorials, and for claiming the honor traffic, while printing half-page advertisements of somebody's whiskey and beer.

Hamilton Likes Racing. Detective Bleakley and Inspector McMahon of Hamilton were both in attendance, but the sitting closed with the evidence of the former. He was quite positive that Hamilton people favored the meeting of the Hamilton Jockey Club, and that the police records showed no evil results. It would be a great improvement from everybody's point of view to return to the old system of fixed stands for the bookmakers.

Handbooks operated the year round and were a curse because of their edge of what they were doing. There was a law in New York prohibiting bookmaking in that state, but handbooks in Canada operated on the New York races just the same as ever.

As a police officer, he considered it practically impossible to enforce a law prohibiting betting on the race course, when so many people did not approve of it and officers would be required for every visitor to the track to carry it out.

The committee adjourned till to-morrow morning.

OTTAWA, Feb. 1—At the annual

AN EVENT EXTRAORDINARY

KAY'S

Great February

Carpet Sale

REDUCED PRICES ON ALL CARPETS IN STOCK

Terms: Prompt Cash

We devote February of this year to a sale the like of which has occurred but rarely in the long history of this house—A General Reduction Sale of Carpets.

This February Sale is not confined to oddments, remnants, or ends of discontinued lines, but embraces every piece of carpet in the store.

The bulk of our enormous stock consists of Axminsters, Brussels, and Wiltons, woven especially for us by the foremost makers in Great Britain—firms that for nearly sixty years have supplied us with the unrivalled carpets that have made the name of Kay famous from Nova Scotia to Vancouver.

During this month every yard of carpet in stock is on sale at reduced prices such as these:—

AXMINSTERS Per Yard Regularly \$2.50 for \$2.75 Regularly \$2.40 and \$2.50 for \$2.00 Regularly \$1.75 and \$1.85 for \$1.50

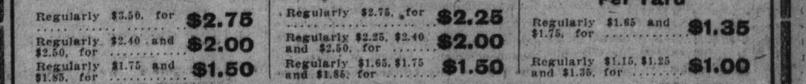

WILTONS Per Yard Regularly \$2.75 for \$2.25 Regularly \$2.25, \$2.40 and \$2.50 for \$2.00 Regularly \$1.65, \$1.75 and \$1.85 for \$1.50

BRUSSELS Per Yard Regularly \$1.65 and \$1.75 for \$1.35 Regularly \$1.15, \$1.25 and \$1.35 for \$1.00

We expect by this sale to interest a great many new customers in KAY QUALITY CARPETS, and incidentally to clear our shelves in readiness for large importations of new goods shortly to arrive.

"SALADA" is sold only in sealed lead packages, proof against odors and dirt. It can't be contaminated

"SALADA" is tea at its best—in all its garden freshness. You buy it in small quantities as you require it—always fresh.

East and West—North and South, wherever you may go—you find "SALADA" Tea. It comes to you direct from the tea-gardens of Ceylon—all its garden freshness and native purity perfectly preserved in sealed "SALADA" packets. It reaches you just fifteen weeks after being picked in far off Ceylon—twelve thousand miles away.

"SALADA" is "hill-grown" tea—grown on plantations, high upon the hills of Ceylon. The leaves are small and tender, with a rich, full flavor. "SALADA" is always of unvarying good quality—wherever or whenever you buy it. Will you be content with the ordinary tea when you can get "SALADA" from your grocer?

SCIENCE HOPES TO HEAL IN YOUTH CRIME DISEASE

Plan Adopted by New York Medical, Legal and City Authorities to Eradicate Criminal Tendencies.

NEW YORK, Feb. 1.—Medical science, the courts and the city authorities in New York have joined in an effort to arrest or eradicate criminal tendencies in the young. An announcement of a definite plan was made today as the result of conferences between President John D. Lindsay of the New York Society for the Prevention of Cruelty to Children, Justice Deuel of the children's court and Dr. Otto Schupp, chief of the Children's Hospital.

Recruits brought to the children's court whose delinquency is attributed to physical causes will be examined by experts. Rooms for their examination will be equipped immediately in the children's society headquarters, fourth and Eleventh-streets. The examining staff will consist of Dr. Schupp and Drs. Gibb, Winters, Bulkley and Brown of the children's society corps. Their findings will be submitted to the presiding officer of the children's court for disposition.

The number of cases calling for such operations will probably not be large, Justice Deuel said. Dr. Schupp's investigations, which led to the present plan, disclosed that hereditary blood taints which can be remedied often bring a child into court when the child is not otherwise responsible. These blood taints, if unchecked, often lead to careers that are habitually criminal.

Mrs. Vanderbilt's Part in the Plan. For the treatment of such cases, adequate quarters must be provided. Mrs. W. K. Vanderbilt, sr., who visited the children's court recently to study conditions, is looked upon as the person most likely to furnish quarters. A farm nearby or a home within the city limits probably will be secured and adequately equipped. This would necessitate the outlay of a large sum by Mrs. Vanderbilt.

In the report of the children's court received by Mayor Gaynor is included a summary of conditions which led to the adoption of plans on a broad humanitarian scale probably never before attempted by any city in the world. The report says in part: "It has long been known scientifically that many adult criminals are victims of conditions acquired or hereditary, which result in mental disturbances predisposing them to the development of criminal tendencies. With such cases the time for relief, if curative or ameliorating remedies are possible, is in youth and at the first indication of criminal tendencies, and the best opportunity, therefore, is thru the children's court, where such unfortunate will naturally drift.

Give Your Stomach A Vacation. By Using Stuart's Dyspepsia Tablets Which Digest Food Without Any Aid. A Trial Package Sent Free.

The stomach should have a rest when it is tired out and irritated from dyspepsia and indigestion. One should not call upon the stomach in this condition to do its full and complete duty. What the stomach needs is natural assistance and when this is given it not only responds quickly to the needed rest, but comes back to its duties refreshed and invigorated.

When you feel as though your stomach were a piece of lead, when gases or food or acid from your throat, when your tongue is coated and your appetite gone, it is high time to send your stomach on a vacation. The stomach is constantly coming in contact with foreign substances, which it must reduce in form to give strength and health to the other organs of the body. It is the commissary department of the human system and must furnish from such supplies as come to it all that such a system demands.

Stuart's Dyspepsia Tablets impart all the power, vigor and strength necessary to the stomach. They do the stomach's work and without calling on this organ for assistance. If you would put your meal in a glass jar and wish it place the correct amount of Stuart's Dyspepsia Tablets you could sit down and watch these little tablets digest the meal as perfectly as the most healthy stomach. This demonstration has been made in almost every state in the Union by these tablets, one grain of a single ingredient being capable of digesting 3000 grains of food.

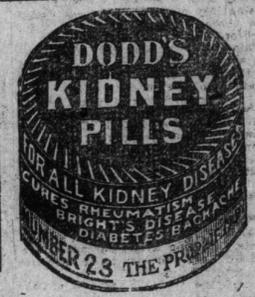

GLIMPSE OF THE MENDELSSOHN CHOIR

Some of the men and women who have spread the artistic fame of Toronto thruout some of the great cities of the United States. The Choir will appear shortly in Cleveland.

Children's Crusade Mendelssohn Choir Program To-Night

In "The Children's Crusade," Gabriel Pierné has given the world what is in many respects a new departure in musical composition. This is true of the form of the work no less than of the spirit and quality. As a student of the Paris Conservatoire he displays a greater freedom from the German school than most of the recent writers, while he does not disdain the methods by which the German orchestral writers have attained their most sumptuous effects.

Pierné was born at Metz, August 16, 1853. In his student career he received first prize as pianist in 1879, first prize for fagot in 1881, and first prize as organist in 1882, and also the Grand Prix de Rome which gave him three years in Rome studying music, painting, sculpture, engraving and architecture. It was in 1904 that "The Children's Crusade" was awarded the special prize which is a triennial institution by the City of Paris. In 1905 the work was produced by M. Edouard Colonne at the Concerts du Chatelet, with a chorus of 200 children, 200 adults, and a large orchestra. The Mendelssohn Choir is thus presenting the work under very similar conditions, with a slightly stronger body of voices.

The story of "The Children's Crusade" arises out of the conditions existing in the thirteenth century when efforts to succor the Christians of Palestine were thwarted by the struggles between the Abbigenese, the Saracens and the rest of Europe. One chronicler tells of 50,000 boys and girls who raised the sweet, the piteous, the restful cry, "Lord Jesus, have mercy on us Thy Holy Cross! We are going to Jerusalem to deliver the Sepulchre of our Saviour!" This army of children marched in two bodies, one from Germany over the Alps, the other from Paris to Marseilles. Parents strove to keep their children, but some strange force impelled them onward, and they could not be hindered. At Genoa 7000 of them appeared and demanded transportation. The authorities provided seven ships on which they embarked, but after two days at sea were caught in a (right-

ful storm, and some of the vessels were lost, the children's bodies being cast ashore at St. Peter's Isle, where Pope Gregory IX erected a church to their memory. There are four parts in Pierné's setting of this tragical story. Part I is "The Forthsetting," picturing the celestial summons, the enthusiastic response of the children, and the vain pleading of the parents. Part II, "The Highway," and describes the children's journey to Genoa. Part III, "The Sea," depicts the scenes, and incidents on the arrival of the children at the Mediterranean. Part IV, "The Saviour in the Storm," portrays a storm and the shipwreck, the cries of the children, their prayers for help, and the heavenly vision of the Saviour obtained by Alain, one of the children. "The Crusade" will be sung to-night and to-morrow night in Massey Hall, by the Mendelssohn Choir, supported by the Theodore Thomas Orchestra.

Up-Set Sick Feeling

That follows taking a dose of castor oil, salts or calomel, is about the worst you can endure—Ugh—it gives one the creeps. You don't have to have it—CASCARETS move the bowels—tone up the liver—without these bad feelings. Try them.

CASCARETS are a box for a week's treatment all druggists. Biggest seller in the world. Millions boxes a month.

G. H. GOODERHAM RE-ELECTED

Ald. McBride Succeeds W. K. George on Exhibition Board.

At the meeting of the Exhibition Association directors yesterday, Ald. McBride rather upset expectations by wresting from W. K. George, a former president, his place on the executive committee. The other members are Mayor Geary and John A. Coopy. George H. Gooderham was re-elected president, W. K. McNaught, honorary president, John G. Kent, first vice-president and Joseph Oliver, second vice-president.

The chairman of the committees are: Manufacturers and liberal arts, George Booth; horse committee, breeding classes, Wm. Smith; harness classes, W. J. Stark; cattle committee, Robert Miller; sheep and swine committee, Robert Miller; poultry and pet stock, Ald. John Dunn; agricultural industries, H. R. Frankland; dairy, W. W. Ballantyne; art and education, John A. Cooper; grounds and buildings, Ald. R. H. Graham; hospital and sanitary, Dr. E. E. King; dog committee, John G. Kent; special attractions, Joseph Oliver.

Jamaica Wants U. S. Trade. KINGSTON, Jamaica, Feb. 1.—(C. A. P. Cable.)—The royal commission on trade began taking evidence today. A suggestion was made by a representative of the chambers of commerce that Canada should open negotiations with the United States with a view to closer trade relations with Jamaica, while Jamaica should continue to find the open market with the United States.

Crazed by Study; Suicide. LONDON, Ont., Feb. 1.—Marinus Jensen, a young Dane, aged 22, committed suicide by drinking carbolic acid. He was employed as a baker and had worked in Toronto. Some weeks ago he determined to be a keeper and securing a correspondence school course, he worked so hard at nights that his mind was affected.

ONE FARE TO MOUNT PLEASANT

Mayor Geary Suggests Third Rail to Carry City Cars.

That the city has no power to compel the street railway to carry out its written promise of 1897 to give a single fare to Mount Pleasant cemetery was the disappointing information given by the city solicitor. However, Mayor Geary is having the city engineer's department prepare a plan showing the difficulty over the difference in gauge between the street railway tracks and those of the Metropolitan railway can be overcome by placing a third rail inside the radial tracks to carry city cars.

There would be less crowding of street cars if the public would serve the company's injunction, "wait for the next car" was the injunction given yesterday by the city engineer. Mr. Rust complains, however, of the poor service given by the belt line cars after 11:25 p.m., as the withdrawal of cars to the barns leaves twenty-minute and even twenty-four minute intervals.

Organs for 50c Per Week. This is the offer Heintzman & Co., 115-117 King-street, W., are making. These organs are all in good shape, being taken in exchange for the firm's new pianos. They bear the names of the best known makers and at the price, 55c to \$75, should be quick sellers. The remarkably easy terms—50c per week—put them within the reach of every one. Call at the showrooms and have them shown to you before it is too late.

Choice of a Distinguished Artist. It is a significant fact that the great visiting artists who come to Canada invariably select a Heintzman & Co. piano, the piano made by the old firm of Heintzman & Co., Limited, 115-117 King-street, W., Toronto. The latest piano selected by this old Canadian to pay compliment to this old Canadian firm is Mark Hamburg, who will use a Heintzman & Co. piano exclusively in his Canadian tour from the Atlantic to the Pacific, including the Massey Hall recital of next week.

### NATURE OF BUSINESS

The Company manufactures John Mackintosh's Celebrated Toffee, the trade name of which are Old English Toffees, Treacle Toffee, Vienna Toffee, Butter Scotch, Russian Toffee, and Buttermilk Toffee, as supplied to

### QUEEN ALEXANDRA AND THE EMPRESS OF RUSSIA.

The business is particularly profitable, and possesses the advantage of being thoroughly established in Canada as in all other large countries. An understanding of the profit and sale may be gleaned from the knowledge that over 22 tons daily, or 8,030 tons annually, are consumed in Great Britain alone.

### History of John Mackintosh's Toffee

THE MACKINTOSH TOFFEE business was established some 40 years ago in the City of Halifax, England. Mr. Mackintosh commenced business absolutely without capital, boiling his celebrated Toffee in an ordinary kitchen pan on his cottage fire. To-day Mr. Mackintosh controls the largest and oldest Toffee manufacturing business in the world.

### IMPORTED FROM ENGLAND AND UNITED STATES.

Prior to the establishing of a factory in this country over three cases, or 2,688 packages, of Mackintosh's Toffee were consumed by Canadians daily. This business was done from England and United States, without the assistance of advertising or local management.

### BROOKVILLE WORKS.

The works at Brockville, Ontario, have been in active operation for the past 18 months. The buildings are large and commodious, and are constructed and equipped in a manner suitable to the purposes of the business. The modern machinery and special appliances installed guarantee a manufacturing capacity of 7 tons of John Mackintosh's Toffee daily, or 2,555 tons annually.

### ACTUAL PROFITS.

The cost of producing one case, containing 896 packages, of John Mackintosh's Toffee ready for sale is \$14.00. Study these profits:

Cost of Producing One Case	\$14 00
Sale Price Mackintosh to Wholesaler	26 85
Sale Price Wholesaler to Retailer	31 36
Sale Price Retailer to Consumer	44 80

### PERCENTAGE.

Mackintosh's Profit	92 per cent.
Wholesale Profit	14 per cent.
Retailer's Profit	30 per cent.

### CAPACITY.

The capacity of the Mackintosh factory at Brockville, Canada, is 60 cases per working day.

### REFERENCES.

John Mackintosh's Toffee is so very favorably known that it is scarcely necessary to offer further reference as to the sterling worth of the business or those associated in its welfare. Any reference required may be obtained either from the confectionery trade or from the mercantile agencies.

### FOR SUBSCRIPTION.

We offer for subscription 500 7 per cent. Cumulative Preference Shares of \$100.00 par value each.

Time of Application	\$25.00 per share
Time of Allotment	\$75.00 per share

### DIVIDEND-SHARING PLAN.

By-law No 7 provides that after a 7 per cent. Dividend has been paid on the Cumulative Preference Shares, and on the common shares, the surplus shall be equally divided between the preference and common shares.

### DIVIDEND CHEQUES.

Dividend cheques will be mailed on the 1st days of March, June, September and December in each year.

### MARKET VALUE OF SHARES.

To-day the market value of these shares is \$100.00 each. They are being purchased principally by shrewd investors, who are familiar with the English and United States companies. These men know the business and realize the value of the opportunity contained in this offering. Immediately 500 shares are fully subscribed the offering will be withdrawn and the market value will be enhanced considerably.

### MY OPINION.

"I visited Brockville on Jan. 14th, and remained there 4 days. My sole object in going there was to investigate the works and business of John Mackintosh's Toffee, Limited. I studied the details of the business carefully, and, in addition to finding a magnificently equipped factory in active operation, I found a good business managed by men of sterling worth and sound reputation, who have a thorough and practical understanding of the business gained at the works of the parent Company of John Mackintosh, Limited, Halifax, England, the oldest and largest Toffee Manufacturers in the world. The future welfare of these men is centred in the business and the result of their determination and effort will be the building of a large and important enterprise in Canada."

### REMEMBER.

These shares bear interest at the rate of 7 per cent. per annum, with the opportunity of earning additional interest owing to the dividend sharing plan adopted.

### HOW TO COME TO A DECISION.

Having read the above, you must realize that this offer is particularly good, that it constitutes a security with all the advantages of a real estate investment, at the same time containing the interest-bearing ability of a good industrial institution. In view of these facts, is not this investment worth your consideration as an excellent opportunity for saving, and increasing your capital?

### PAYMENTS.

Time of Application	\$25.00 Per Share.
Time of Allotment	\$75.00 Per Share.

### HOW TO SUBSCRIBE.

Apply to my office or write stating how many shares you wish, enclosing \$25.00 deposit for each share ordered. Subscription books are now open at my office and will close immediately 500 shares are subscribed, or not later than Tuesday, Feb. 16th.

## 69 CARS AT ONION YARDS MARKET STEADY AND FIRM

### Sheep, Lambs, Calves Firm—Hogs Easier—Prime Cattle Are Scarce.

The railways reported 69 cars at the City Yards, consisting of 125 cars, 118 hogs, 27 sheep, 19 calves and 2 horses. The quality generally was medium for cattle. There was a fair trade for all classes of live stock, with little change in prices. Good to choice cattle were firm. Exports.

Nothing of any account was doing on this market in exporters, except for a few hogs, which were reported at \$4.50 to \$5.25.

### Butchers.

Geo. Rowntree bought 200 cattle for the Halifax Abattoir Company, reporting 100 lbs. as follows: Steers and heifers, \$4.50 to \$5.40; cows, \$3 to \$4.65; hogs at \$4.50 to \$5.20.

### At Milkers and Springers.

The market was well supplied with cows, 75 or 80 being on sale. Prices were firmer, at \$5.25 to \$6.00 per cwt.

### Veal Calves.

Receipts light; prices firm, at \$2 to \$2.50 per cwt.

### Sheep and Lambs.

The run of sheep and lambs was light, but prices remained about steady. Ewes, \$4.00 to \$5 per cwt.; lambs, \$3.50 to \$4.00; 100 lbs. at \$4.50 to \$5.00 for first-class quality lambs; common to medium lambs at \$3 to \$4 per cwt.

### Hogs.

Mr. Harris' prices are \$5.15, fed and watered at the market, and \$4.90, f.o.b. to the country points. Mr. Kennedy's prices are \$5.15, f.o.b. cars at country points, and \$4.90, f.o.b. and watered.

### May be at Wilson sold: 3 export steers, 1050 lbs. each, at \$5.00; 10 export steers, 1150 lbs. each, at \$5.00; 10 export steers, 1200 lbs. each, at \$5.00; 10 export steers, 1250 lbs. each, at \$5.00; 10 export steers, 1300 lbs. each, at \$5.00; 10 export steers, 1350 lbs. each, at \$5.00; 10 export steers, 1400 lbs. each, at \$5.00; 10 export steers, 1450 lbs. each, at \$5.00; 10 export steers, 1500 lbs. each, at \$5.00; 10 export steers, 1550 lbs. each, at \$5.00; 10 export steers, 1600 lbs. each, at \$5.00; 10 export steers, 1650 lbs. each, at \$5.00; 10 export steers, 1700 lbs. each, at \$5.00; 10 export steers, 1750 lbs. each, at \$5.00; 10 export steers, 1800 lbs. each, at \$5.00; 10 export steers, 1850 lbs. each, at \$5.00; 10 export steers, 1900 lbs. each, at \$5.00; 10 export steers, 1950 lbs. each, at \$5.00; 10 export steers, 2000 lbs. each, at \$5.00; 10 export steers, 2050 lbs. each, at \$5.00; 10 export steers, 2100 lbs. each, at \$5.00; 10 export steers, 2150 lbs. each, at \$5.00; 10 export steers, 2200 lbs. each, at \$5.00; 10 export steers, 2250 lbs. each, at \$5.00; 10 export steers, 2300 lbs. each, at \$5.00; 10 export steers, 2350 lbs. each, at \$5.00; 10 export steers, 2400 lbs. each, at \$5.00; 10 export steers, 2450 lbs. each, at \$5.00; 10 export steers, 2500 lbs. each, at \$5.00; 10 export steers, 2550 lbs. each, at \$5.00; 10 export steers, 2600 lbs. each, at \$5.00; 10 export steers, 2650 lbs. each, at \$5.00; 10 export steers, 2700 lbs. each, at \$5.00; 10 export steers, 2750 lbs. each, at \$5.00; 10 export steers, 2800 lbs. each, at \$5.00; 10 export steers, 2850 lbs. each, at \$5.00; 10 export steers, 2900 lbs. each, at \$5.00; 10 export steers, 2950 lbs. each, at \$5.00; 10 export steers, 3000 lbs. each, at \$5.00; 10 export steers, 3050 lbs. each, at \$5.00; 10 export steers, 3100 lbs. each, at \$5.00; 10 export steers, 3150 lbs. each, at \$5.00; 10 export steers, 3200 lbs. each, at \$5.00; 10 export steers, 3250 lbs. each, at \$5.00; 10 export steers, 3300 lbs. each, at \$5.00; 10 export steers, 3350 lbs. each, at \$5.00; 10 export steers, 3400 lbs. each, at \$5.00; 10 export steers, 3450 lbs. each, at \$5.00; 10 export steers, 3500 lbs. each, at \$5.00; 10 export steers, 3550 lbs. each, at \$5.00; 10 export steers, 3600 lbs. each, at \$5.00; 10 export steers, 3650 lbs. each, at \$5.00; 10 export steers, 3700 lbs. each, at \$5.00; 10 export steers, 3750 lbs. each, at \$5.00; 10 export steers, 3800 lbs. each, at \$5.00; 10 export steers, 3850 lbs. each, at \$5.00; 10 export steers, 3900 lbs. each, at \$5.00; 10 export steers, 3950 lbs. each, at \$5.00; 10 export steers, 4000 lbs. each, at \$5.00; 10 export steers, 4050 lbs. each, at \$5.00; 10 export steers, 4100 lbs. each, at \$5.00; 10 export steers, 4150 lbs. each, at \$5.00; 10 export steers, 4200 lbs. each, at \$5.00; 10 export steers, 4250 lbs. each, at \$5.00; 10 export steers, 4300 lbs. each, at \$5.00; 10 export steers, 4350 lbs. each, at \$5.00; 10 export steers, 4400 lbs. each, at \$5.00; 10 export steers, 4450 lbs. each, at \$5.00; 10 export steers, 4500 lbs. each, at \$5.00; 10 export steers, 4550 lbs. each, at \$5.00; 10 export steers, 4600 lbs. each, at \$5.00; 10 export steers, 4650 lbs. each, at \$5.00; 10 export steers, 4700 lbs. each, at \$5.00; 10 export steers, 4750 lbs. each, at \$5.00; 10 export steers, 4800 lbs. each, at \$5.00; 10 export steers, 4850 lbs. each, at \$5.00; 10 export steers, 4900 lbs. each, at \$5.00; 10 export steers, 4950 lbs. each, at \$5.00; 10 export steers, 5000 lbs. each, at \$5.00; 10 export steers, 5050 lbs. each, at \$5.00; 10 export steers, 5100 lbs. each, at \$5.00; 10 export steers, 5150 lbs. each, at \$5.00; 10 export steers, 5200 lbs. each, at \$5.00; 10 export steers, 5250 lbs. each, at \$5.00; 10 export steers, 5300 lbs. each, at \$5.00; 10 export steers, 5350 lbs. each, at \$5.00; 10 export steers, 5400 lbs. each, at \$5.00; 10 export steers, 5450 lbs. each, at \$5.00; 10 export steers, 5500 lbs. each, at \$5.00; 10 export steers, 5550 lbs. each, at \$5.00; 10 export steers, 5600 lbs. each, at \$5.00; 10 export steers, 5650 lbs. each, at \$5.00; 10 export steers, 5700 lbs. each, at \$5.00; 10 export steers, 5750 lbs. each, at \$5.00; 10 export steers, 5800 lbs. each, at \$5.00; 10 export steers, 5850 lbs. each, at \$5.00; 10 export steers, 5900 lbs. each, at \$5.00; 10 export steers, 5950 lbs. each, at \$5.00; 10 export steers, 6000 lbs. each, at \$5.00; 10 export steers, 6050 lbs. each, at \$5.00; 10 export steers, 6100 lbs. each, at \$5.00; 10 export steers, 6150 lbs. each, at \$5.00; 10 export steers, 6200 lbs. each, at \$5.00; 10 export steers, 6250 lbs. each, at \$5.00; 10 export steers, 6300 lbs. each, at \$5.00; 10 export steers, 6350 lbs. each, at \$5.00; 10 export steers, 6400 lbs. each, at \$5.00; 10 export steers, 6450 lbs. each, at \$5.00; 10 export steers, 6500 lbs. each, at \$5.00; # FARMING

# STOCK PAGE

## A GASTRONOMIC JEREMIAH

Talk about Jeremiah's abomination of desolation! What about the folly of the blindfolded consumers who are boycotting meat? Does not their action aim a blow—a body blow below the belt, at the farmer? Will it not prove a boomerang in the end to elevate meat prices still higher?

Here is what The Breeders' Gazette of Chicago says on the situation and there is no better authority on the continent:

"The United States Government's cold figures of stock shortage fall like a wet blanket on the meat boycott. Meat animals are less in number than on Jan. 1 last year by 8,465,000. They are 8,000,000 less than the preceding four-year January average.

"Cattle other than milch cows are short 2,100,000 head. Compared with the four-year average the cattle shortage is 2,241,000. Hogs are short 3,365,000 from last year, and 5,760,000 from the four-year average. Sheep show an increase of 1,132,000 head, but at that the total stands 6,747,000 less than seven years ago.

"This is a total shortage of over 5 1/2 per cent. An eminent statistician declares that there must be an annual increase in crops of 5 per cent. to keep pace with consumption. Figured on this basis we have a shortage of nearly 11 per cent. Will these figures end the boycott? Probably not. Conceived in the sin of unpardonable ignorance, born in the iniquity of the spirit of the throat-cutting boycott, nurtured in the passion of a thoughtless people inflamed by a yellow press, it is likely that it will continue for a time. When dead, its memory will linger to curse its instigators.

Again, it is to be wondered at that the working man above all others should lend the boycott the support of the unions. Aneut, this, the same good authority has this rather forcible editorial:

"Heaven help the workman if the farmers turn their own weapon against them. The farm can live without the shop. The shop cannot live without the farm. It is desirable to fight the devil with fire only as a last resort, but sometimes we reach that last resort. It is to be hoped that we have not yet reached it.

The workmen of Canada should not lend their influence to any such movement. We believe our industrial organizations and the farmers have too much in common, and more hard-headed common-sense than to plant their heels on the wrong heather.

Pineapples, 2 1/2.	4 00	4 50
Apples, Canadian, bbl.	1 25	1 50

GRAIN AND PRODUCE.		
Lower cables from Liverpool prompted reports of a demand for cash wheat and scattered commission house buying induced a rally, which was checked by heavy selling from previous session, closing around top for the day. The remarkable strength displayed by companies' local dealers experienced some difficulty in keeping in touch with the market. Quotations for Manitoba wheat were firmer, at 42 1/2 to 43 1/2.		
Local grain dealers' quotations are as follows:		
Manitoba wheat—No. 1 northern, \$1 12 1/2; No. 2 northern, \$1 11 1/2; track, lake ports; 1/2c over these prices with winter surplus.		
Wheat—No. 2 mixed, \$1 07 to \$1 08; No. 2 white, \$1 08 to \$1 09.		
Oats—Canadian western oats, No. 2, 45c; lake ports, 45c; Ontario, No. 2, 38c; at points of shipment.		
Buckwheat—No. 2, 51c to 52c, outside.		
Barley—No. 2, 57c; No. 2X, 55c to 56c; No. 3c, outside.		
Mill feed—Manitoba bran, \$2 per ton; shorts, \$1 to \$1 1/4; track, Ontario; bran, \$2 in bags. Shorts, \$2 more.		
Rye—62c outside.		
Manitoba flour—Quotations at Toronto at present, 55c; second patents, 53c; strong brands, 51c; 90 per cent. patents, new, 2s 6d bid, c.i.f., Glasgow.		
Corn—New, kiln-dried, corn, 23c; new, No. 3 yellow, 20c; No. 4 yellow, 7c; Toronto freight.		
Peas—No. 2, 85c outside.		
Ontario flour—Wheat flour for export, \$1 50, seaboard.		

Toronto Sugar Market.					
St. Lawrence sugars are quoted as follows: Granulated, 42c per cwt., in barrels; No. 1 golden, 45c per cwt., in barrels; Beaver, 45c per cwt., in bags. All other grades of sugar are 10c to 15c less in 100-lb. bags prices are 10c less.					
Winnipeg Wheat Market.					
Wheat—May \$1 07 1/2, July \$1 08 1/2.					
Chicago Markets.					
J. P. Bickell & Co., Lawlor Building, report the following quotations on the Chicago Board of Trade:

# There is Oil in Northern Alberta

## If you are interested in The California-Alberta Oil Co. read this evidence

### Against --- We have W. A. Fraser, author and geological expert (?), who has been thus put forward as an eminent authority by one of the local papers.

Who W. A. Fraser is, and Why He Condemns These Cheap Imitations of Real Oil Companies.

W. A. Fraser, geological expert and author, who is frequently quoted in connection with the notation of these oil companies in Alberta, and who condemns them out of hand, has had thirty years' experience in the oil fields of the world. On behalf of the British Government, Mr. Fraser explored the oil fields of India, and he was employed by the Canadian Government to explore and report upon the possibilities of both Northern and Southern Alberta in connection with the production of petroleum. The first experts to survey the Alberta field were Dr. G. M. Dawson of the Geological Survey and Mr. W. A. Fraser, the two gentlemen working together on behalf of the Canadian Government. It therefore can be safely concluded that when Mr. Fraser condemns the present exploitation, he knows what he is talking about, and his pronouncement is authoritative.

Lots of 'Tar.' But Little Oil.

Speaking of the Northern Alberta fields, in which is located land of the California Alberta Oil Company, W. A. Fraser says: "Northern Alberta produces maltha, a pitch-like substance, which does not contain over 3 to 5 per cent. of burning oil, and gas galore. I believe it to be the largest natural gas reservoir in the world. Both this gas and the presence of maltha will effectively block any attempts to bore to depth in this country."

An instance of the author and expert's business foresight:

Gave Land Away, Because It Was No Good. "As an indication of the value from an oil-producing point of view, I may state that I owned 160 acres of promising oil land as there is in Northern Alberta, and I gave it away. This land was at Athabasca Landing, the most promising centre, and I actually gave it away, because it promised no returns."—W. A. Fraser.

## We have such great men as Professor Bell, Dr. George M. Dawson, Elihu Stewart, For---W. J. Bredin, Richard George McConnell, and Henry Anthony Conroy.

Reports of the Select Committee of the Senate, Sessions 1887 and 1888, issued by Department Interior. Professor Bell, B.A.Sc., M.D., C.M., F.R.S.C., etc., etc., Assistant Director of the Geological Survey of Canada, Page 19, speaking of the Athabasca River and Athabasca District, stated before the committee, appointed by the Senate, that "PROBABLY THE GREATEST FIELD FOR PETROLEUM IN THE WORLD IS THE ATHABASCA COUNTRY."

Evidence of Mr. Elihu Stewart, of the City of Ottawa, at the time Superintendent of Forestry for the Dominion Government, since retired from the Public Service to Engage in Private Business. Pages 49 and 50.

Evidence of W. J. Bredin, Member of the Local Legislature of Alberta for the Division of Athabasca, and Residing at Lesser Slave Lake, Heard Before the Select Committee, April 3, 1907.

There are evidences of tar and bitumen all the way down to the Arctic Sea, so he was told. It is a well known fact that there is a large amount of tar and bitumen in the Athabasca country. There is also a large amount of tar and bitumen in the Athabasca country. There is also a large amount of tar and bitumen in the Athabasca country.

THE TAR SANDS EVIDENCE AN UPWELLING OF PETROLEUM TO THE SURFACE UNEQUALLED ELSEWHERE IN THE WORLD.

ARE CHANCES FOR OIL. EVERYONE KNOWS ABOUT THE TAR SANDS ALONG THE ATHABASCA. There is tar there for about 100 miles to a depth of 150 to 200 feet, and several feet below it there are indications of oil, and the tar is just dropping out of the banks all the time. FOR ABOUT 100 MILES ALONG THE RIVER THE BANKS PRACTICALLY ARE ASPHALT. To a layman it looks like asphalt, tar and sand mixed together.

Here is Partner's Statement. Evidence of Dr. George M. Dawson, Assistant Director of the Geological Survey of Canada (same report as above). Page 68: Explained that he had a personal acquaintance with the Athabasca from the landing to the river, and stated that "the pitch found along the Athabasca may probably be of considerable value in the future, BUT IN THE MEANTIME WAS MOST IMPORTANTLY AN EXTENSIVE DEPOSIT OF PETROLEUM existing in the country in which it occurred. THE QUANTITY APPEARED TO BE PRACTICALLY INEXHAUSTIBLE."

THE TAR SANDS EVIDENCE AN UPWELLING OF PETROLEUM TO THE SURFACE UNEQUALLED ELSEWHERE IN THE WORLD.

YET ANOTHER. Evidence of Henry Anthony Conroy, of the Department of Indian Affairs, Inspector Under Treaty Number Eight, Heard Before the Select Committee, February 25, 1907.

And Now Some Others Who Have No Stock to Sell and No Circulation of Paper to Enlarge. Evidence of Mr. Richard George McConnell, Geologist in the Geological Survey Department, heard before the Select Committee, Feb. 18, 1907, Page 18, 1907, Page 18.

THE TAR SANDS EVIDENCE AN UPWELLING OF PETROLEUM TO THE SURFACE UNEQUALLED ELSEWHERE IN THE WORLD.

Plan of Development. The company's main offices are at Fort McMurray, some 400 miles from Edmonton. The Waterways and Athabasca Railway is now being built into the district, and it is expected this road will be completed in three years. In the meanwhile the new concern will proceed to erect refineries and the other necessary buildings and as soon as the railway is in operation to exportation, will be in the market with petroleum, the residues and asphalt. Maltha will be produced in large quantities and shipped east, as well as the finest grade of lubricating oil, and the company hope to be in the market with a product for pavement which will easily compete with the products now being shipped into the country from Trinidad and Mexico. Active operations will be commenced at once.

From Winnipeg Free Press, Jan. 12, 1910, also Published in the Globe of Jan. 12.

Winnipeg business men: Messrs. F. W. Hutchings, W. A. Campbell, John Galt, Thomas Kelly, R. A. Fraser, Senator T. G. Davis, John Machray, W. R. Mullock, K.C., G. F. Carruthers and W. C. Lestkov. The Americans present at a gathering which may prove historic were: G. H. Roth, a member of the Marshalltown, Iowa, independent oil company in the United States; Robt. Jontz, president of the Drexel National Bank, Chicago, Illinois; Senator Cox, of the United States Senate; President Walker of the First National Bank, North Dakota; James W. Taylor, a large capitalist and financier of Minneapolis, and several others whose names were not announced. The meeting was held for the purpose of electing officers in the company and considering plans for the incorporation of the firm.

Winnipeg Free Press, Jan. 12, 1910. A highly important step towards the development of Canada's great hinterland was taken on Saturday, when the Athabasca Oil and Asphalt Company was organized at a meeting held in the Royal Alexandra Hotel. Many of the leading capitalists of Canada and the United States were present, or will be associated with the company, which will be capitalized at five million dollars, and which will concentrate its efforts in the operation of the oil fields in the vicinity of Fort McMurray, 400 miles north of Edmonton, which are believed to be the richest in America. Amongst those present at the meeting were the following representative

## CARVE OUT NEW WARDS MR. FORMAN TO REPORT

### Section East of the Don to Be Divided May Be Eight Wards.

Redistribution of the seven wards of the city, so as to give more equitable representation both in respect to population and area, will probably go into effect before the holding of the municipal elections in January, 1911. At yesterday's meeting of the special civic committee entrusted with the duty of reporting on a fair carving, it was unanimously agreed that something must be done, and that, as a civic bylaw gives power to redistribute the wards for elections in the ensuing year, provided a redistribution bylaw is passed before July 15, it would not be necessary to obtain permissive legislation. The outcome was that Assessment Commissioner Forman was instructed to report on a just division of the city east of the Don into two wards, and the splitting up of the remainder into both five and six wards, so that the merits of either plan can be considered. Several points cropped up in the debate, one being as to whether the aldermen should not be elected by the city at large, while Controller Ward re-audited his scheme of government by commission. Two Riverdale Wards. Controller Ward, who was appointed chairman, said the demand for redistribution came from the first and seventh wards. The former, with a population of 42,000 and a wide area, considered that three representatives were not adequate, while the seventh ward, with a population of 12,000 and two aldermen, wished to have three representatives. He favored Controller Spence's idea of dividing the area east of the Don, a natural boundary, into two wards, with a dividing line at Greenwood-avenue, and suggested that Wyckwood, Dovercourt and Earlsford be included in the seventh ward, so as to entitle it to another alderman. This would mean having eight wards and 24 aldermen, comparing with seven wards and 20 aldermen, as at present. Wants Fewer Aldermen. Ald. McMurrin believed in decreasing the number of aldermen instead of creating more, and also that, instead of irregular ward boundaries, the divisions should be on a straight line from the waterfront to the north-south line. Controller Ward thought there should be a graduated scale of remuneration for aldermen—those representing the larger wards to receive the higher compensation. He submitted figures supplied by the assessment commissioner, showing the population west of Bathurst-street to be 122,000; between Bathurst and Simcoe-street 60,000, and east of Simcoe-street 117,000. That the aldermen should be elected by the city at large was Ald. McMurrin's proposal, as a means of doing away with sectionalism of feeling. "We might divide the city at Spadina-avenue and have an alderman elected for each division," suggested the chairman, Ald. Maguire, also favored electing by the whole body of citizens. "Rep. by Pop." Controller Spence held that the principle of representation by population rather than area should be adopted. If the section east of Greenwood-avenue were given two aldermen, as proposed by Controller Ward, and the district between Greenwood-avenue and the Don three, there would be one alderman for 3000 population, a disproportionate representation. He thought two aldermen for each section more equitable. "At the earliest opportunity, I will move to have a commission appointed for three years," Ald. Maguire volunteered Controller Ward. He explained that he would have the mayor and six commissioners elected by the people for three years. Ald. Maguire supported the plan, remarking that it had been found to work well in United States cities. Ald. Baird said he would like to see the area north of the northern C. P. R. tracks created a separate ward. He was not in favor of adding to the seventh ward, the districts proposed. In informal discussion after the meeting, it appeared that the scheme of government by commission was regarded as of doubtful merit. Controller Spence held that the present system is a wholesome check and that a commission would simply be a controlling body not subject to such influence. The necessity of going to the polls every year also exercised a salutary influence. Similar views were expressed by others.

YORK COUNTY West Toronto North Toronto East Toronto

DR. BRUCE SMITH SAYS PLACE IS OVERCROWDED

Industrial Home Must Be Enlarged—Yonge Street Farms Sold—County News Notes.

Yesterday's meeting of the York County Council was unmarked by any spectacular feature and the members plodded along pretty much in routine lines, advancing general business at the stage.

The report of Dr. R. W. Bruce Smith dealing with the conditions at the House of Refuge at Newmarket, was a comprehensive one, and while in the main complimentary, dealt with a few points in the matter in general. Overcrowding was the principal ground of attack on the part of Dr. Bruce Smith and summing up he said in substance that it is a shame that an aid and wealthy municipality like York County should have such a condition of overcrowding.

Radical changes are suggested along the line of fire escapes, and this matter the council, thru the commissioners, will doubtless remedy this year. A number of interesting notes were appended to the inspector's report, the following among the rest: The amount of land owned by the county is 70 acres, of which 66 is under cultivation. The assessed value is \$700. The financial receipts for the year from all sources were \$911.92, of which the county contributed \$495, other sources \$416.92, and from the sale of farm products, \$291.71. The net cost to the county for the industrial home was \$7105. There are 60 males and 21 females in the institution, a total of 81, with all but 3 on the free list. The superintendent gets \$400, the matron \$200, the cook \$15 a month and three maids \$15 a month each. The local inspector gets \$425 a year and Dr. Yonke \$200, while the net cost to the county per week per patient is placed at \$1.61.

The Industrial Home commissioners during the year just closed were: Deputy Reeve, H. Paterson, the Mayor, and W. G. Hill of Pefferlaw. At today's session the incoming commissioners will be appointed. Solicitor T. A. Gibson of North Toronto, and two or three of those favorable to the passage of the Artisan Water Co.'s, Ltd., project were around the council chamber yesterday, and, incidentally, supported the passage of the motion. That a number of the members of the county council will support the project seems assured, but they are mostly from the villages and towns and largely in the minority. The representatives of the rural municipalities will ever permit a company to tap the living springs at Whitechurch, diverting them out of their course, is unthinkable. That the legislature would sanction the passage of such a bill is incredible.

The big question now before the county council is that of equalization, and this promises to occupy the attention of the members pretty well up to Saturday. Reeve Dan Longhouse presented a largely signed petition from the ratepayers of S.S. No. 15, N. Vaughan Township, against the proposed annexation with Woodbridge School Section for continuation class purposes. Deputy Reeve Cameron presented a similar one from S. S. No. 12. On Thursday evening there will be a wholesale exodus of the members to Sutton West, where the township people are tendering Warden Arthur Pugsley a complimentary dinner. The Metropolitan Railway will place a special car at the disposal of the county fathers.

These high school trustees were appointed at Tuesday's meeting of the county council. Weston, N. H. Smith, Keown, Newmarket, R. H. Smith, Richmond Hill, John Innes, and Aurora. Owing to the absence of Peter Speight from the council the trustees

for Markham High School could not be named. The candidates for Industrial Home commissioners are: Reeve Thompson of Holland Landing; D. C. Longhouse of Vaughan, and Reeve Jonathan High of Markham Township, all good men and true.

DOVERCOURT. The Rev. F. J. Maxwell of Brantford will take all the services at Davenport Church Sunday, Feb. 6. He is a strong man and the large audience will hear a presentation of the truth of great eloquence and power. James Simpson, chairman of the board of education, will speak to the men of the "Oakwood Club," 1100 Davenport-road, next Sunday, Feb. 6, at 8 o'clock. The meeting is open to all the men of the district and a large number will be present.

RICHMOND HILL. RICHMOND HILL, Feb. 1.—(Special.)—Communion service was held in the Methodist Church yesterday, preparatory service for which was addressed by Rev. Mr. Gordon of Maple. The telephone lines are busy making connections and equipping other homes and businesses with the Bell, in a few days our central, which has been greatly improved, will be coupled with the very extensive connections of the Bethesda, Stouffville, as well as the Vaughan Independent lines.

YONGE STREET FARMS SOLD. Two important property sales of farm land have recently gone through in the Yonge-street, comprising the onward march of values up along the northern highway. One of these is that of the 100 acres owned by Deputy Reeve W. H. Paterson of Scarborough Township, lot 29, con. 2, West York, to John Wanless, Jr., the well-known jeweler. The farm lies 3 1/2 miles west of Yonge-street, and while the soil is excellent, the buildings are only in fair repair. The price paid was only in fair repair of \$7000. It is not known what disposition, if any, Mr. Wanless will make of the property. Another sale of West York farm property, distant from Yonge-street about 1 1/2 miles, is that of the Medd farm, immediately across from the Paterson property, and containing 200 acres of good land, to A. P. Allan of the Allan Manufacturing Co. The price paid by Mr. Allan is said to be \$15,000, and he will retain and manage it as a modern and progressive proposition. Not in many years has the trend of city investment been so pronounced toward rural life as at present. The Medd and Paterson farms are distant from the city limits about ten miles.

MOUNT DENNIS. MOUNT DENNIS, Feb. 1.—(Special.)—The young men of the village have formed a hockey club and will make preparations to enter teams in the West Toronto League next season. Jas. Fox, sr., has presented the club with sufficient property for a large rink, and the ground has already been flooded.

NORTH TORONTO. Council Meet and Put Thru Good Deal of Business.

NORTH TORONTO, Feb. 1.—(Special.)—The town council met to-night, Mayor Brown presiding. Following the minutes of last meeting, the clerk read the communications, one of which was from the Dovercourt Land Company, asking council to take over several new streets on their property, Lawrence's Heights, which was referred to the works committee. Applications were received from the various committees, and these recommendations adopted: "That the Eglinton Young Men's Club be permitted to use the town hall rent free for their concert on Monday evening. That the town place poles of the street

EAST TORONTO. Lady Was Seriously Injured—Visiting in Town. EAST TORONTO, Feb. 1.—(Special.)—Mrs. George Weston of Manitoba, and staying with a friend on Ann-street, was visiting at the home of Mr. Brown, West Gerrard-street, narrowly escaped serious injury to-night. As it is Mrs. Weston received a severe shaking in her head and had to be taken to the home of her friend in an ambulance. The firemen of East Toronto were exercising their horses and the sleigh slewing struck Mrs. Weston, who was result stoned. The accident was entirely unforeseen and no blame is attached to anyone. Dr. Demary attended the injured lady and N. B. Cobbleck summoned an ambulance and had her conveyed to the city.

THORNHILL. THORNHILL, Feb. 1.—(Special.)—The grand master of the Masonic Order, Judge D. F. McWhart of Sarnia, has appointed Edw. Francis of this place district deputy grand master of Toronto district No. 11, to fill the vacancy caused by the death of R. W. Bro. W. Wilbo. This is the third time within a few years that Mr. Francis has been highly honored by his Masonic brethren. Real estate still continues to improve in this locality; valuable building lots are being purchased by Toronto people, where they intend building fine residences and make this their home, thus adding more wealth and beauty to this already beautiful and healthy suburb of Toronto, noted for its natural scenery and abundance of general water. It is fast becoming one of the favorite resorts of the inhabitants of the Queen City.

A GOOD-LOOKING TEAM. Apropos of the sale by Harry Fisher of Malvern a few days ago of his splendid bay team to McMichael and Torrance of Markham, for \$700, A. W. Galbraith, the well-known photographer of 229 Yonge-street, has in his hands a splendid picture of this handsome pair of Clydes. Many good judges pronounce the picture and team alike among the best. Take a look at them as you walk down Yonge-street this morning.

Greclian National Assembly. BERLIN, Feb. 1.—The decision of King George of Greece to call a national assembly awakens the apprehension of the German Government circles that the step leads to serious complications with Turkey.

PROBABILITIES—Southernly winds; milder; fair at first, followed by snow or sleet.

Bedroom Furniture in the Focus of Thursday's Attention

WHEN you stop to think—why should Furniture be cheap this February? Timber, especially the fine furniture woods, is getting scarcer all the time. The conservators of our Natural Resources will have to take due note of the vanishing oaks and walnuts. And the demand of the newly opened-up parts of Canada—New Ontario and the Northwest—taxes the resources of the factories to supply. Labor is no cheaper than it has been. Why should Furniture be selling below standard prices?

The answer may not be logical, but it carries weight nevertheless. The reason is because we want to sell it below standard prices. February is the month we concentrate upon Furniture. It is the time we advertise our Furniture department in a very practical way. It is the time we choose for making inroads into our stock so as to keep it from "settling down." We want life, movement, change, variety, in every part of our stock. February we devote our chief attention to furniture, and the February Furniture Sale is the result.

Bedroom Furniture for Thursday

WHEN YOU BUY REAL ESTATE

You buy something that you know to exist, something that must inevitably increase in value.

Why do all rich men invest in REAL ESTATE? Because they know it is a SURE INVESTMENT, and they will have SOMETHING TO FALL BACK ON if their other investments fail.

NEW LISKEARD Real Estate is one of the best investments of the kind on the market to-day.

I am offering some choice lots in this live town at very reasonable prices.

Let me send you a list of the properties I have together with a plan of the town showing locations.

GEORGE WEAVER, Post Office Block, NEW LISKEARD, ONT.

MEN, READ!

I Give This Book Free

To any man who will mail me this coupon I will send free (closely sealed) my finely illustrated book regarding the cause and cure of diseases. This book is written in plain language, explains many secrets you should know. It tells how you can cure yourself in the privacy of your own home without the use of drugs.

Don't spend another cent on doctors and their worthless medicines. Nature's remedy cures to stay cured. You should know it. If you suffer from weakness of any kind, rheumatism, lame back, sciatica, lumbago, debility, drains, loss of power, indigestion, kidney, liver or bowel troubles, you must not fail to get this book.

Don't wait another minute. The reason so many men neglect to use my Belt is that they fear it will fall like other things they have tried. Now, the security that I offer to the doubtful man is that he need not pay for my Belt until it does for him what I say it will do; if he in turn will give me reasonable security that he will pay me when cured. But, as I have tested my Belt on thousands of men, I can assure you that I know that Dr. McLaughlin's Belt cured them or not. Give me reasonable security. I will arrange the Belt and send it to you, and you can

PAY WHEN YOU ARE CURED MR. WILLIAM P. MORTER, Box 57, Hawkebury, Ont., writes: "I am pleased to report a good account as regards my health. I am beginning to find myself stronger. Certainly your Belt does its duty, and its work is sure."

DR. M. O. McLAUGHLIN, 112 Yonge Street, Toronto, Can. Dear Sir,—Please forward me one of your Books, as advertised. L-18-10 NAME ADDRESS Office Hours: 9 a.m. to 6 p.m. Wednesday and Saturday until 8:30 p.m. Write plainly.
