EIGHTEENTH YEAR

DESPERATE FIGHTING NOW

Turkish Headquarters Advanced to Milouna.

THE FIRST SERIOUSLY PLANNED BATTLE.

Edhem Pasha Suppressing the News of the Progress of His Army.

Fearing That the Greeks Might Cut Off His Supplies—What Does Russia Mean?—The Last Height Commanding Tyrnovo Captured by the Turks—At Night Tyrnovo Was Also Taken From the Greek Forces—Sixty Thousand Greeks Now Face the Turkish Hordes on the Thessalian Plain in Defence of Larissa—Horrible Treatment of Wounded Opponents by the Moslem Fanatics—Fires Built Around the Unfortunate, Who Are Roasted to Death—Said to be No Great Commander in Charge of the Greek Army, While Edhem Pasha, With a German Officer at His Back, is Proclaimed a Great General.

Larissa, April 21.—The first seriously planned battle commenced today. Early this morning Edhem Pasha's advance guard, under General Mavromichali and Mavris advanced against the Greeks in force from Reveni, Bourhasi and Stellas. The fighting was greatly extended and the battle raged till late this afternoon with varying fortune. The Greeks were assisted by thousands of irregulars, who harassed the Turkish outposts and wings, as well as participated in the general engagement. The Turks had an overwhelming superiority in numbers. They had constructed earthworks and trenches everywhere, and in and behind these awaited the attacks of the Greeks.

On the whole they clung tenaciously to their defences, while the Greeks attacked these again and again with the most desperate bravery. In spite of the furious attacks still made upon them, the Greeks continue to hold the Reveni and Nezera Passes. At 3 o'clock this afternoon it is practically a drawn battle.

The Crown Prince Constantine is hurrying reinforcements to the front.

LAST HEIGHT CAPTURED.

And the Turks Will Descend into the Thessalian Plain.

Foot of Milouna Pass, April 20 (afternoon).—The last height commanding Tyrnovo has just been captured by the Turks. The infantry advance was supported by cavalry, the soldiers cheering lustily as they began the attack.

Mendous Pasha has prepared to descend at 9 a.m. tomorrow into the Thessalian plain. Taking the road to the left, which will lead to the base of the foothills, large bodies of cavalry will push forward to the front, while the infantry takes possession of the buildings which the Greeks have left in their hurried retreat.

It was the task of Nischat Pasha to attack the lower heights, the last Greek stronghold commanding Tyrnovo. The Turkish batteries, each gun dragged by fifty men, pushed forward and bombarded the Greek position. A deep ravine lay between the infantry forces and the two armies, it was strewn with heavy rocks and loose boulders.

After sharp fighting the Greek batteries withdrew, but the Greek infantry continued to defend the position until compelled to retire.

Heavy firing has been heard from the direction of Zakros throughout the afternoon and the struggle at Karyza still continues, each side in turn advancing and retreating across the frontier.

EVERYBODY WANTS TO KNOW ABOUT THE TARIFF.

THIS IS THE GREAT DAY

Then the Lengthy Suspense of Business is to be Relieved.

Will the Government Put a Duty on Pennsylvania Coal and Thus Keep Faith With the Nova Scotia Barons Who Helped Them Win the Local Election?—Patrons and Artisanal Implement Men Are in Evidence at the Capital—General Notes From Ottawa.

Ottawa, April 21.—(Special.)—Everybody is agog as to what tariff changes the Budget will unfold to-morrow. It is believed that the Minister of Finance, who was supposed to be in London, has returned, and that the strength of the Nova Scotia local elections, and in return for the assistance given the Liberals by the coal barons, will put a duty of 40 or 50 cents a ton on Pennsylvania anthracite coal. This will be out-herding Herod.

Agricultural implements are likely to come under a uniform rate of 25 per cent. Mr. Lyman Jones of the Massey Company has been here all day.

Mr. George Gooderham and Mr. Blackstock were also here to-day, and as it is said to be in connection with a proposal of the Government to increase the excise on spirits. At present the excise on whisky is 45 cents a gallon less than the customs duty on whisky. Several important articles, such as iron, steel, and tin, are to be put on the free list, so let the patrons out. The general impression of the tariff, however, is that it will not be lightened, but rather increased. But to-morrow afternoon we shall know.

SUPPRESSION BY THE TURKS.

Edhem Pasha Won't Permit News to be Sent From Larissa.

London, April 21.—Commenting on the absence of definite news to-day from Larissa, the headquarters of the Turkish troops in Macedonia, the Daily Mail says it has received a private telegram from one of its correspondents on the scene of hostilities indicating that Edhem Pasha is suppressing all despatches.

This correspondent adds: "The whole situation appears changed by the treaty with which the Greeks are holding Reveni Pass, whereby they may possibly turn Edhem Pasha's position and cut off his communications with Larissa."

SUSPENSE AT ATHENS.

Nerves are Strained Owing to the Lack of Definite News.

Athens, April 21.—The public suspense here is terrible owing to the lack of definite news. The Government has received telegrams from Larissa throughout the day, urging the prompt despatch of reinforcements. At that point, as the Greek troops are being exhausted by the incessant Turkish attacks, the situation is becoming more and more critical.

THE DIAMOND JUBILEE.

An influential deputation interviewed the military authorities to-day on matters pertaining to the Queen's Diamond Jubilee celebration in Ottawa. The deputation was headed by Mayor Bingham. Major-General Gascoigne received the deputation very cordially. The object of the visit was to ascertain if it would be possible to have a change of order for the proposed military review on May 24, fixing it for June 22, so as to have the troops at home on the occasion of the Diamond Jubilee. Gen. Gascoigne replied stating his anxiety to meet the wishes of the citizens of Ottawa as far as possible. He recognized that it would be pleasant to have the troops in the city on the occasion of the jubilee.

THE TURKS ADVANCE.

Night.—The Greek posts at Milouna and Tyrnovo were captured at noon to-day. The Turkish headquarters have been removed from Ellassona to Milouna.

It is estimated that the Greek forces now in the Thessalian plain in front of Edhem Pasha and between this point and Larissa number at least 60,000, but the Greek prisoners say that their reserves are exhausted.

A military telegraphic line has been extended to Milouna, but as yet there is no postal service. From the heights can be seen huge clouds of dust in the distance, which indicate that large bodies of Greek infantry are en route from Larissa to defend the heights not yet captured at Tyrnovo, but they will probably be too late. The coolness and courage of the Turks in attack are beyond praise.

Great Destruction in Mississippi and Louisiana Caused by the Spring Freshets.

Memphis, Tenn., April 21.—The sixth break in the Mississippi Delta levee system occurred at 10 o'clock this morning at a point a few miles south of Lake Providence, La., on the Mississippi delta of the river. The break is a rushing tide of water from the Mississippi delta of the river, which has already been partly inundated from the earlier break and to-day's overflow. It is believed that the break will affect the situation in that vicinity.

LEVEES ARE BREAKING.

Great Destruction in Mississippi and Louisiana Caused by the Spring Freshets.

Memphis, Tenn., April 21.—The work of the river on the levees is as nothing to that going on now. Planters and farmers, laborers and mechanics, have abandoned everything else and are camping on the weak spots along the river, endeavoring to hold them against a mass of water which is almost impenetrable. More material is being put now than ever before, and the activity is superhuman. Miles of new work on levees are being carried out, and the work is being done with a vigor and energy that is almost unparalleled.

MGR. DEL VAL'S REPORT

Some of the Things the Delegate Will Say

REGARDING HIS MISSION.

Dominion and Manitoba Governments Didn't Ask Him to Come

And Settle the School Question—Protestants Completely Ignore His Mission—Bishops Do Not Want to Interfere in Political Questions—The Settlement Not Acceptable to the Catholics—Clergy Enjoyed to Absent From Alluding to Political Questions in the Pulpit—General News From Montreal.

Montreal, April 21.—(Special.)—People who appear to know what they are talking about declare that Mr. Mery Del Val's report will be as follows:

1. That the Governments of Canada and Manitoba did not invite him to come here and settle the school question.
2. That Protestants completely ignore his mission to Canada.
3. That the bishops do not interfere and are not interfering in political questions where religion has no role to play.
4. That it is the duty of the bishops to look after and protect the moral and religious education of Catholic children.
5. That the so-called settlement of the Manitoba school question is not acceptable to the Catholic conscience.
6. That the delegate strongly recommends that the episcopacy and the Catholic clergy abstain from making allusions to men or to purely political questions in the pulpit.

Later Messrs. Del Val and Belmont met at the Board of Trade to-day and were addressed by the Mayor, Lord and Lady Aberdeen, Sir Donald Smith and others, favoring the Ontario solution, which is to cost the snug little sum of \$1,000,000. Lord Aberdeen stated that several gentlemen he had met in Montreal were of the opinion that the settlement should be raised. A resolution was passed approving the scheme and a committee will be appointed. Mayor Wilson Smith said he had no objection to the scheme, but he was in favor of a viceregal residence for Montreal.

OTHER MONTREAL NEWS.

Grand Trunk has agreed to sell the South Shore Railway, running from St. Lambert to St. John's, to the Canadian National Railway, who had been drinking heavily, went into an Ontario-made snoring, and was carried to a hospital, where he died.

THE CUBAN CRISIS LAST.

Havana, April 21.—The well-known insurgent leader, Julian Zaldívar, who was captured by the Spanish authorities in Pinar del Rio, has been personally admitted to the Hotel de la Habana, and says he is surprised because he considers the insurgent cause to be a final catastrophe for Cuba. He is a man of high intelligence and has been dispersed, every leader acting on his own account, and he has been taken to the prison of the Spanish authorities.

CHICAGO, APRIL 21.—More demonstration has been discovered in connection with the Western road. The report circulated that the Missouri Pacific and the Western road were to be sold to the Pullman Company in Denver, has led the other roads to pay attention to the matter. The Western road has been sold to the Pullman Company, and the sale is expected to be completed in the near future.

LAST DAY OF DOG SHOW AT GRANITE RINK.

A Pure Blast.

The opponents of Sunday cars are getting desperate. Yesterday The News stated that all young men who registered as manhood suffrage voters would thereafter have to pay a poll tax. This is a pure bluff. The registration will be used for the Sunday car vote and for nothing else. The News is afraid of a strike, and is hoping to defeat the car.

arrived within two kilometres of Larissa. He adds that his troops have commenced the investment of Larissa and that Mendous Pasha and Omervat Pasha expect to capture it within three days.

Assuring News for King George.

Athens, April 21.—Midnight.—The Crown Prince Constantine telegraphs from Larissa, the headquarters of the Greek forces in Thessaly: "We have kept all our positions and the situation to-day is excellent. Every road by which the Turks can descend into the Thessalian plain has been secured by the concentration of our troops. I cannot wire at greater length now. I am fighting myself. So is Prince Nicholas."

Col. Vassos is Firm.

London, April 21.—A despatch to The Times from Canes says that the Italian Consul is visiting the camp of Col. Vassos with a view of inducing the Italian volunteers to return home. He has had a long interview with Col. Vassos, who said he could not control the insurgents and feared they were preparing to take some action calculated to lead to serious complications. The Italian Consul gathered the impression that an attack was meditated on the positions occupied by the international troops. Col. Vassos declared that he would not hesitate to attack Canes if ordered to do so by the Greek Government, but he added that in such an event he would give due notice to the admirals.

Are the best proof of the quality of any firm's goods... The following letter speaks for itself: "My wheel (Griffiths Leader) arrived on the 10th; I was surprised to get it so soon. It is a beauty. We have compared it with the \$100 wheels in town, and they all pronounce mine the best."

Although worth \$100, we sell them for \$70. Quantity controls price, and we are THE WORLD'S LARGEST CYCLE DEALERS.

COL. CLARK'S BULING. Why Race Was Declared Off on the Rover Race—Charles Clark's This Morning Explains.

Memphis, April 21.—To-day the weather was warm and the track deep in dirt. The state feature was the Cleveland race, which started at 11:16 miles. There were four starters. Typoon II was the favorite at odds-on, while Linda and May had odds of 2 to 1 each. Sharon 10 to 1. Typoon led to the start, and the race was a close one. Typoon won easily by two lengths from Linda. The time, 1:45, lowers the track record one second. Four favours were the card.

They are still talking of yesterday's jumping race. Col. M. Lewis Clark, the prevailing judge, said a job, and after long deliberation, made his decision. The race was a handicap, and the winner, Linda, carried 115 lbs. It was generally understood that the race was between Linda and Fugate, both members of the Canadian jumping contingent. Charles Phelan, Fugate's owner, had the mount on him, and C. Brown, who is the best cross-country rider on the track, was up on Linda. Rover proved the right one, and Linda was the winner. THE ONLY FUN THEY HAD WAS A LITTLE SPAT.

Mr. Speaker Had to Interfere in Order to Stop the Rumpus.

It wasn't so much what Oliver said as the peculiar tone in which he said it that caused the row in the House to-day. The only relief to the monotony of the afternoon was a spat between Messrs. Davin and Oliver, which led to the interference of Mr. Speaker.

DESPERATE FIGHTING NOW

Continued from page 1.

ing armed and made ready. Next week thousands will start for the frontier from the provinces long famous for the fine quality of their fighting men.

REINFORCEMENTS CALLED FOR

Edhem Pasha Has Asked for 40,000 More Men at Once.

Constantinople, April 21.—The sitting of the military commission has been continuous since yesterday at the Yildirim Palace. It is reported that Edhem Pasha has asked for 40,000 reinforcements, and that orders have been sent to Salonica to hasten the despatch of the reserves to the frontier.

The mobilization of 40 additional battalions has been decided upon, and the enrollment of volunteers is being considered.

The sturdy resistance offered by the Greeks was wholly unexpected and the idea that the forces of Edhem Pasha would have a military promenade to Larissa has already been abandoned.

Telegrams received by the Pasha from the Albanian provinces show that the Albanian irregulars are devastating the country in many localities, and especially along the line of the railway between Preveza and Janina.

The local authorities are powerless to restrain them.

An Imperial Turkish fleet has been issued entering the Turkish fleet to avoid a battle at sea and to remain under the protection of the fortifications.

WHAT DAMAS'S CAPTURE MEANS

The Food Supplies of the Turkish Army Can Be Interfered With.

Edhem Pasha has been greatly depressed by the reverse of his troops at Miloussa Pass. This success and the fact that the fall of Preveza seems imminent virtually offset the calamity at Miloussa.

If the Greek divisions effect a union at Damask, as is expected, there is almost nothing in the way of their prompt advance to Ellassona.

If Tyrnavos falls into the hands of Edhem Pasha and the Turkish troops swoop down upon the plain and advance to Larissa to meet the force concentrated there under the Crown Prince, they will be better equipped divisions of the Greek army.

This seems to have been the object of Greek strategy. Should the Greeks succeed in reducing the forts at Preveza, as now seems probable, and in occupying the town with the large land forces co-operating with the bombarding warships, the road to Janina would be open and the Turkish troops in Epirus placed at the most serious disadvantage.

Strategic Value of Preveza.

The strategic value of Preveza in the Turkish division in Albania is that as long as it remains in the hands of the Turks it makes possible a steady line of munitions and food supplies.

Preveza in the hands of the Greeks the line would be promptly cut, and it would be practically impossible to re-visit the Turkish troops by the long land route through Macedonia.

On the other hand the Greek troops could be re-visited by sea. It is stated here in well-informed circles that the eastern squadron of the Greek fleet, which will shortly be reinforced by the frigate Spathaki, is planning an important movement.

This is probably directed against Salonica. If this is made with despatch it is quite possible that the Greek ships could reach the gulf and shell the town of Salonica before the Aegean squadron of the Turkish fleet could intervene.

The object of such bombardment would be to cut off the Macedonian line of supplies to Edhem Pasha's camp at Ellassona.

Should the Greek troops advance from Damask to Ellassona the line of Turkish supplies could be cut at that point and render the naval movement unnecessary. And it is possible that the brilliant success at Damask will cause a modification in the sea program of the Greeks.

Fortunes Evenly Divided

Taking a general survey of the field this morning the fortunes of war thus far are pretty evenly divided, but the chances for the immediate future are decidedly in favor of the Greeks.

The Report Confirmed.

Athens, April 21.—The report of the capture of Damask by the Greeks under General Simitzis is confirmed by official despatches.

Official despatches report also that further heavy breaches have been made in the Turkish forts at Preveza.

The bombardment ceased at nightfall, but will be resumed this morning (Wednesday). The Ironclad Spathaki has left the Gulf of Arta to join the eastern squadron, which, it is said, has an important mission.

Old war correspondents telegraph that they never saw such fighting. The men on either side don't seem to know what fear is. Turkish fatalities and Greek fury led the opening ranks several times on Sunday and Monday to stand face to face with each other until both were mowed down by the merciless mutual slaughter.

One hillside in Miloussa Pass was literally covered with dead and dying Greeks before possession was yielded to the Turks. The bloody work of Sunday and Monday in Thessaly was so terrible that one of two correspondents estimate the killed and wounded on both sides at 20,000. This is entirely beyond belief, considering the number of men engaged, but it indicates the character of the fighting.

It tends also to justify the opinion expressed in last night's despatches that the war would be terrific but brief.

The war would be terrific but brief, because everyone in Europe has believed that hostilities will not extend beyond ten days.

WHAT KING GEORGE SAYS

His Majesty Denies That Greece Ceded Her Frontiers Against Turkey.

Paris, April 21.—The correspondent of the Journal at Athens has an interview with King George of Greece at the palace yesterday. His Majesty is quoted as saying he believed to the last moment that peace would be maintained and did his utmost to bring about a pacific solution of the matters in dispute.

THE GREEKS ARE BEING GOOD WORK-MAEN

London, April 21.—The latest details as to the fighting at Miloussa Pass make it evident that the Greeks suffered severely because of their lack of artillery.

Several of the war correspondents aver that if the Greeks had possessed anything like adequate artillery, the Turks would never have captured positions so obstinately held by the Greeks.

GERMANY IS RESPONSIBLE

The Turks have clearly much to be thankful for in the years of organization of their artillery by German officers.

SOME WARLIKE REMORS

The Greeks are being Good Work-MAEN

London, April 21.—A despatch to the Morning Post from Constantinople says that the report that the Greek volunteers have cut the Salonica railway near Kavalla is not confirmed.

But the Greeks have occupied Mytilene and Chios after a sharp engagement with the Turkish troops.

POWERS WILL HOLD CRETE

A telegram to the Times from St. Petersburg says that Count Muraviev, the Russian Foreign Minister, has dispatched a circular note to the powers advising them to observe an expectant attitude in case either Turkey or Greece should require intervention.

The correspondent understands that all the powers have agreed to hold Crete with the force already there.

A despatch to the Times from Cairo says that the Turkish Government has called upon the Khedive to expel all Greeks from Egypt.

As the Greeks number 50,000, and are the chief promoters of commerce and trade, their removal is desired by none save the Old Turkish Party. It is probable that France will undertake to protect them and thus the expulsion will be avoided.

Waiting for the Greek Fleet.

Salonica, April 21.—Lookouts have been stationed on all the prominent headlands and points of vantage overlooking the bay with instructions to immediately report the appearance of the Greek fleet, which is expected to make a demonstration against this place very shortly.

The harbor has been thoroughly mined, a number of torpedo boats have been stationed in well-selected places, the entrance of the harbor from Cape Kara to the town with the large land forces co-operating with the bombarding warships, the road to Janina would be open and the Turkish troops in Epirus placed at the most serious disadvantage.

GOLD MINING IN ONTARIO.

Mr. A. M. Hay of London, Eng., is interested.

BRITISH CAPITAL IS SLOW

Because of the War Scare and Failure in South Africa.

Disatisfied With the New Mining Law

North Hastings Farmers Who Do Not Own the Mineral Rights in Their Property Oppose the New Law

Among the prominent mining men just now adjoining at the Queen's Hotel is Mr. A. M. Hay of London, Eng. Mr. Hay has for two years past spent more or less time in the Italy River country, and the res. in London trying to interest English capital in Ontario's mineral resources. He is at present on the way to Rat Portage, and about which he will spend the coming summer.

Interviewed by The World at the Queen's yesterday afternoon, Mr. Hay, in answer to a question as to how Ontario's gold fields are regarded in the Old Country, said that beginning to believe that there are such fields, and that, outside of the few private parties interested, nobody knows really anything about the mines of Ontario.

British Columbia mines, Mr. Hay says, are far better, for they have been before the English people for several years, and it is beginning to be acknowledged that there is something in them. The question of the British public is a slow process, and properties have to reach the dividend-paying stage before they will be taken up by any extent in England.

Mr. Hay, by the way, has done perhaps more than any other man to advance the mines of this province in London. On former visits to the Old Country he has secured the attention of the Cornucopia, the Black Jack, the Golden Gate and the Gold Hill properties, and he has shown that it is not advisable to offer any holdings at all. As a matter of fact, the only properties he has been able to sell in South Africa, it is absolutely impossible to sell any other property in the way of mines. He had, however, persuaded a number of gentlemen, who are now here this summer, that he thinks is the most effective way to advertise our mines, and to get them up in England.

"It is true," The World asked, "that Gold, England is hawking about for sale in London," was the reply. Mr. Hay expresses dissatisfaction over our new mining law. He says it will have the effect of deterring capital from coming into the country on a large scale.

BOOM HAS SET IN.

Hastings County Gold Claims Changing Hands—Belleville People in the Lead.

It is said that a number of Hastings county residents, who have been in quiet possession of agricultural and timber lands under long leases, are being supplied with news of the arrival of prospectors, who proceed to work sinking shafts in farmers' peaceful back yards. Indignant protests are occasionally lodged in, but in most cases it is discovered that the farmers' rights are as to the surface only, and that the mineral rights have been disposed of to the intruders. No case has so far been taken into court, and inquiry has invariably established the rights of the intruders to sink their shafts.

The interest in the gold mines in Hastings, says The Belleville Sun, is becoming more and more pronounced. The past week many sections have changed hands and in any price in the history of the mining revival. The most important news of the week is that the Canada Gold Fields Company of Deloro are fully satisfied with their already extensive operations, and are proceeding to buy up large additional tracts of land. They alone have secured more than a million dollars in the past few months, and under option have paid for in full, but many thousands dollars have been paid by the company this month for new options. A banking institution in the north paid out \$700,000 for two or three tracts of land, and a prominent Bellevillan, The Deloro Company have now three prospecting parties at work and are buying up the misapprehended properties which can be secured.

A rumor that several large strikes have been made by Belleville parties, who are developing properties in the vicinity of Tudor lock, has given a fresh stimulus to local investment and at least four strong Belleville prospecting companies have started to work before the first of April. Several gold properties changed hands in Belleville within a few days.

Aid. W. A. Hungerford's interest in the gold fields has now become a fact, and he is expected to buy up some 1700 acres. Not the least conspicuous are his free-milling properties in Madoc and Deloro.

It is understood a strong United States syndicate will be operating on the free-milling properties of the county, and the name of the syndicate is believed to be mentioned as the prime mover in the syndicate's behalf.

Saw Mill City.

There has been surveyed on the east side of Saw Bill Lake, the property of the Saw Bill Lake Gold Mining Company's property, and that of the Hammond Gold Reef Company, a town site of over 350 lots; the name of the town is to be Saw Bill City. The town was laid out by an eastern city engineer, and provision has been made for the necessary parks and driveways, and in fact for a modern, up-to-date town. It is splendidly situated on Saw Bill Lake, a beautiful sheet of water eight miles long and a half mile wide, and will be easy of access from the many mines in operation in that district. Several of the best of the mining claims have been taken up surrounding the Saw Bill Lake, and it is expected that the town will be fed by a very rich district and a large population of heavy consumers. Reservations have been made for churches and schools and other necessary public buildings. The Saw Bill Lake Gold Mining Company have a lease of a portion of the town near the lake shore, upon which they are erecting their stamp mill, assay office and other buildings necessary to the camp. A suitable lot has been reserved by the same company for a club house, which will be erected at some future date when the company are turning out a plentiful supply of gold bricks, and want to afford proper hospitality to the visitors to their property.

Nearly 300 men are at work in the

PROMOTERS KOOTENAY.

Inspecting Mines for Big Financiers.

SAMPLING WORKS WANTED

A Stampede for River Claims Around Edmonton and Alberta

Owing to the Substitution of Modern Methods for Raising and Treating the Gold-Laden Black Sands of the Saskatchewan—Mines Near Calgary—A Railway for Midway—Editor Boyle in Trouble—British Columbia Mining News

One of the big mining promoters of London, Eng., are sending representatives to the Kootenays. The latest to take this step is John Taylor whose firm is said to rank first among all the mining financiers of the great west. The firm is among the most conservative in England, and the fact that it is sending an agent to Roseland says a good deal for the Trail Creek camp.

15,000 Tons Already This Year.

The shipments of ore from the mines of Roseland from Jan. 1, until April 15, amount to 15,000 tons. The last shipment was 115 tons; the War Eagle 260 tons; Iron Mask, 83; Columbia and Kootenay, 45; Jones, 26, and seven other mines, of which 83 tons were concentrates from the O.K.

Sampling Ore.

There is no doubt but that the Kootenays should have seen great work done, and the ore sent from Roseland not sampled either before or after shipment, and it is pointed out that if careful and economic methods were in vogue all consignments would stand a better show of being fairly treated by the smelter people.

THE SARAH CLAIM.

All Deaths Now Removed—This Gold Property of Good Size—A \$200,000 Assay.

Since the splendid strike of freemitting quartz on the Sarah claim, owned by the Morning Glory Mining Company, which was made two weeks ago, considerable misapprehension and doubt appear to have existed as to the size of the claim, and it is pointed out that a survey would show the claim to be the size of the Sarah claim.

All doubts on this subject, however, are now set at rest. We were shown a plan of the claim, which shows a claim, measuring 148 feet on one end, 95 on the other, and 452 feet across as shown on the plan. The claim is owned by the Morning Glory Mining Company, and is situated on the north side of the river, and is a very rich claim.
