Rome, Oct. 27.—Pope Benedict has sent to Cardinal Gibbons a contribution of 10,000 francs, to head a list of contributions in the United States for the assistance of Belgian children. The Pope expresses regret that, owing to present conditions, he is unable to do more.

Catarrah Leads To Consumption

Catarrah is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is the best remedy for catarrah.

DEMY T. AT UNION MEANS END OF THE PRESBYTERIAN CHURCH

Toronto, Oct. 27.—At a meeting of the executive of the Presbyterian church union committee here, it was agreed to send a deputation in reference to the convocation of last week, denying that the union is an ending of the Presbyterian church or a surrender of any vital belief or principle of government, and asserting that, on the contrary, these beliefs and principles, carried forward into the united church, will thus become effective in a much wider sphere; denying also that a single dollar of the funds of the church was used during all these years for propaganda; asserting that the expenses of the committee were definitely authorized by the assembly and were shared in by the majority and the minority alike, and that the Presbyterian Church, having resolved upon union in a regular and constitutional way, will, without doubt, proceed to consummate the union after the war, as was decided by the last general assembly.

KINGS COUNTY SOLDIERS

(Sussex Record) Capt. E. H. Bowen has returned from England, following the recent death of his only child, Billy. Capt. Lawrence has gone to Parrsboro, where Mrs. Lawrence has been staying.

Capt. E. H. Bowen has returned from the front on three months' furlough and is staying at the residence of his father-in-law, Mayor Wallace. Capt. Bowen was with the 65th battalion, and when it was broken up, he was transferred to a Montreal battalion in the trenches and contracted pleuro-pneumonia and was sent to a hospital. He has almost completely recovered and will probably return to England at the end of his leave.

Mr. and Mrs. G. A. Keith, Butternut Ridge, received word that their son, Pte. Charlie N. Keith, had been wounded quite seriously in the back, and went to England the last of October as a member of the 50th battalion. He has been in the trenches eight months.

Leut. Frank Armstrong and Leut. William McDougall, both of whom were attached to the 14th battalion, have gone to France for service, their battalion having been called on for reinforcements.

Major Hall Fairweather, who was attached to the 14th battalion for some time, has been given a staff appointment, and will probably be in charge of the depot for returned soldiers in St. John. Major Fairweather left for Ottawa last week in connection with his appointment.

Private George Clarke of Carr Hill, has returned from England for physical disability. Mr. Clarke has two brothers with the 104th battalion, of which he himself was a member. He was one of the early recruits from Havelock. Later he did the work recruiting and secured a large number of men.

Major Harry Finkins, son of Police Magistrate Finkins, of Sussex, is seriously ill at the Royal Victoria Hospital, Montreal. Major Finkins was injured during the course of a voyage to Bermuda. From this mishap he never recovered and was finally sent to a hospital in England and then ordered home. Major Finkins was here a few days and left for Ottawa, where his condition was found to be serious. He was on one train to Montreal, where he is receiving radium treatment for a tumor, the result of his fall on shipboard.

Mrs. MacLaughlin, wife of Major MacLaughlin; Mrs. Black, wife of Capt. Harry Black, and Mrs. Boggs, wife of Major Boggs, all officers of the 104th Battalion, will probably leave for England in the next few days, as the battalion is to be stationed in England for several months. With the advent of these ladies to the officers of the regiment will have all gone across, with the exception of Gunner A. B. Keith, Havelock, is expected to return with her husband.

Private Charles Price, son of Mrs. A. L. Price, of Spruce Lodge, has been admitted to hospital, suffering from slight wounds. Mr. Price left a fine position in New York and came to Sussex to enlist in the 6th battalion. He has seen considerable service in the trenches. He is, however, expected to return with her husband.

Among the wounded Sussex boys, who may be home before long, is Leut. Harry Warren, of the 50th battalion. He was wounded in the shoulder and hand, and he has written that he expects to be discharged and to have his Christmas dinner in Sussex.

CARL STRAKOSCH DEAD.

Husband of the Late Clara Louise Kellogg Expires Suddenly. Hartford, Conn., Oct. 27.—Carl Strakosch, husband of the late Clara Louise Kellogg, opera singer, who died at her home in New Hartford on May 14, was found dead here in his room at the Hotel Hauslein. He was in his fifty-seventh year, and seemingly had been in good health, having planned a motor trip. He called his adopted daughter, Miss Claire Strakosch, at seven o'clock in the morning, saying he felt ill, and she sent for a physician who arrived after Mr. Strakosch had died. Heart disease was given later by the medical examiner as the cause of his death.

Mr. Strakosch was born in Vienna, and was a member of a famous musical family. After being manager for Miss Kellogg for several years they were married in 1897. Four years ago they celebrated their twenty-fifth wedding anniversary at their home in New Hartford, and the whole countryside joined in the festivities.

CHRISTIANIZED JEWS WHO RETAIN RACIAL FEASTS St. Louis, Mo., Oct. 27.—Jews, who have accepted Jesus Christ as the Messiah and have become communicants of the Protestant Episcopal church, may retain, if they desire, the Jewish national and racial customs and feasts, according to a ruling of the house of deputies of the church's general convention in session here.

The action was based on a resolution that had been presented by the Rev. Floyd W. Tompkins, of Philadelphia. It was asserted that there are in America hundreds of Jews who have accepted Christ and yet have hesitated to affiliate with Christian denominations because they do not care to abandon their racial custom.

Efforts to have women permitted to sit as delegates in the house of deputies of the general convention were abandoned when, on the heels of a rejection at the hands of the house of bishops, a lower house committee reported the proposal adversely.

THE MAYOR IS RIGHT

The suggestion of Mayor Hayes that a comprehensive plan of street work for next year should be considered and approved as soon as possible ought to commend itself to the council. There is great need of improvement of a number of important streets, where the work should be of a permanent character.

POLICEWOMEN

Following up a suggestion made by the Times yesterday, the Young Women's Patriotic Association last evening endorsed by resolution the policy of appointing policewomen, and will take the matter up with the chief of police.

THE PROPOSED LAND TAX

In reference to the proposed tax on land, to which allusion was made in the Times yesterday, the following are the resolutions adopted at the single tax conference at Niagara Falls, and which will be pressed upon parliament by a delegation from the Canadian Committee for Taxation of Land Values.

on land values of Canada would produce an additional revenue of approximately eighty million dollars per annum, with a maximum of equity and certainty, and may be collected through existing organizations with a minimum of expense.

"One of the most important acts of the Canadian Tax Reform Conference held at Niagara Falls in August was the recommendation to the Dominion government to levy a tax upon the land values of the Dominion to provide for the carrying on of the war and the financing of the burden which the war has made inevitable.

The President's declaration will be welcomed by the Allies, and would be more welcome if he followed it by action in the matter of the violation of Germany's pledge to him when it was only the presence of American warships that saved the lives of victims of the U-38 at the very door of the United States.

The Teutonic advance in Dobruja is halted by the Danube River. On the Transylvania border the Roumanians claim to be holding their own. Thus far, therefore, the enemy has failed to get a decision in Roumania, and the fear that the country may be overrun is not as great as it was a short time ago.

LIGHTER VEIN

An English school inspector, who did not look beyond military age, got a blond for his Oliver the other day. He invited a class, he was examining to put questions to him.

"Now, boys," he said, "don't be shy; it's your turn now. Ask me any question you like on any subject you care, and if I can't answer it."

"After hesitating, a small but courageous boy held up his hand and blurted out: 'Why are you not in khaki?'"

Breakfast was being partaken of at a seaside boarding house recently, and it was thought that the "funny man" of the company had expended his anecdotal loquacity.

But it was not so. The irrepressible one raised the cup of tea to his lips, and after taking a little sip laid the cup on a chair beside him.

Project Finds Favor With Young Women's Patriotic Association

By a unanimous vote last night the Young Women's Patriotic Association of this city expressed its approval of the suggestion of the employment of two policewomen by the city during the coming winter to patrol the streets looking after the interests of young girls who may be abroad.

Major Legere, second in command of the 160th Battalion, addressed the club last night and was warmly received. MEN OF 160TH ARE WELCOMED AT ST. DAVID'S HALLOWEEN GATHERING.

St. David's school room was gay with Halloween decorations late evening when the doors were thrown open for the first time. The "home" for the men in khaki quartered in the city, more than 200 of whom were present.

R. E. Armstrong, as chairman, welcomed the soldiers, especially those of the 160th Battalion who were present for the first time. Miss Marion Crutchank acted as pianist and many a rousing chorus was given by the soldiers.

During the evening Miss Freda Jenkins sang and Miss Carrie Ballie gave a reading. A quartette was beautifully rendered by boys of the 160th.

About 9 o'clock Capt. Morrow, the very popular chaplain of the 160th, arrived and was greeted with cheers and cries of "For he's a jolly good fellow." At the request of the men Capt. Morrow spoke in a very happy vein, voicing the appreciation and thanks of the boys for all that the good people of St. David's are doing for them.

Prizes for Halloween games were won by Sergt. Marsh and Private Guy and were presented amidst much laughter. Refreshments were served by the ladies and the gathering broke up with loud and prolonged cheers and the singing of God Save the King.

Herman and others wish to change the system. There is small probability that it will be changed. There will be a lot of trouble until the training camp opens in the spring and then everybody will forget about it. Sooner or later, however, the time will arrive when the man that lays the golden eggs will be down and show every indication of giving the ghost. Then there will be a big galling for the tonics, restoratives and stimulants that have been given long before.

WOULD PROHIBIT SALE OF PLAYERS AFTER AUG. 1

President of Phillies Will Start a Crusade Against Growing Evil

New York, Oct. 26.—W. F. Baker, president of the Phillies, has started a crusade against the growing evil in the league baseball. When the National League meets in December, Baker will introduce a rule prohibiting the sale of a player after August 1, except by the waiver route. Baker declared that he calculated to strengthen the pennant contenders after midseason should be made impossible. He pointed to the Merkle-McCarty swap as a case in point.

"I intend to make a strong fight against the practice of strengthening leading teams in the last few weeks of the season," said the owner of the Phillies. "It looks too much like a hippo-drome. If a ball team is in the race the manager should be compelled to go along with the players in hand without securing others from teams that have no chance.

"If the National League will adopt my rule such deals as was McCarty-Merkle transfer cannot be made after the first of August unless waivers are secured. The Brooklyn boys were hard up for a first baseman when Daubert became injured so they got Merkle, who undoubtedly helped them. The Giants landed a first class catcher in McCarty, but if my rule had been in vogue it would have been necessary to obtain waivers on that player and McGraw might not have secured him.

"It is unfair to patrons of the game to bolster up teams in this manner and I believe that restrictions, such as I intend to offer, are necessary. If a major league manager cannot shape up his team properly by the first of August he should be compelled to take the consequences."

Stefansson On Arctic Survey

Telegram Picked up by Whaling Vessel—Names Cape After Murray

Ottawa, Oct. 27.—The first direct word from the Polar Bear has been received, since he left to explore the Beaufort Sea, when he discovered in Beaufort Sea, was received by the government this week.

Stefansson, on May 8, the date of the telegram received by the Naval Service Department, was at Cape Murray, latitude 78, longitude 116. This is the location of the land reported by Stefansson and on all known maps is unmarked. Cape Murray, it is supposed, is a promontory on this new Canadian territory. It is thought that Stefansson has named the cape from Murray, a Scotch scientist, who perished in the wreck of the ill-fated Kariuk, his first vessel.

Has Strained Ankle. At that date all the party were well except Stefansson himself, who was laid up with a badly strained ankle. He was optimistic over the course of his expedition, and reported he had already started a survey of the new land. The telegram was sent from San Francisco, having been brought down from the north by the steamer Herby, a trading and whaling vessel owned by Liches & Co., of San Francisco.

Party All Well. He reports that fourteen people were engaged in sled work exploring the new land and were all well on April 10. He had postponed the intended ice exploration of Beaufort Sea until 1917 on account of the parties in the North Star and Polar Bear not meeting at the proposed date. He added that the survey of the new land was well begun. The support party was returning on the ship, Castel, Anderson, Naukousak, a well known Eskimo, and several other Eskimos.

He reported that the weather had been heavy since his arrival at Cape Murray, but Stormskind previously saw a line extending some forty miles north by west and the water sky confirmed this. "We are living mainly on game," he adds. "The dogs are not so good as in former years, otherwise the equipment and prospects are good. We have three

MONEY POURING INTO AROOSTOOK COUNTY TO PAY FOR POTATOES

Caribou, Oct. 28.—Aroostook county is enjoying one of the most prosperous fall seasons on record, a season favorable from the opening of spring. There was fair weather for planting, seeding and hoeing with fine weather for securing one of the heaviest crops of hay in the history of the county. There was good weather to harvest the grain crop, which is an average yield, and one of the most favorable seasons in years for harvesting the potato crop which is a fairly good yield.

Potatoes could lay out on the ground throughout the time of digging without being frozen. Prices have steadily advanced from the first, from \$1.50 to \$2.25 per barrel, the present price. There was help enough to secure the crop in good time and condition.

Potatoes are moving steadily but receipts are rather light. About 100 cars a day leave the county. This means about \$70,000 a day paid to the farmers of the county, and \$2,000,000 a month. Most farmers are making good use of money received in paying off mortgages and laying by a bank account for rainy days. Still not a few are spending lavishly, and the dealers in automobiles are having a brisk trade.

Talk of Merger By Grain Men

Steps Towards Consolidation of All Farmers' Organizations in the West; President Says Still Nebulous

Calgary, Alta., Oct. 27.—The News-Telegram says: "The great consolidation of all the farming organizations in Western Canada is about to be completed. At the recent meeting of the representatives of the several organizations of the three prairie provinces in Winnipeg, all points were agreed upon and the final action is about to be taken by submitting to all the shareholders of all the organizations for a vote, the issues involved. A meeting of the representatives of each organization will take place early in November, and thereupon a vote will be ordered and taken when a majority in favor, the greatest grain merger of the world will have been effected."

"The organizations involved are the Grain Growers' Company of Manitoba, the Alberta Farmers' Co-operative Elevator Company, the Grain Growers' Association, the United Farmers of Alberta, the Saskatchewan Co-operative Elevator Company, and the Manitoba Grain Growers' Association. The Canadian Council of Agriculture is a party to the move, and the other provinces also have signified their intention to join in the great merger."

"The scheme embraces a system of transferring shares of the Alberta and Saskatchewan organizations for shares of the Grain Growers' Grain Company of Manitoba."

"A subsidiary company of the Grain Growers' Company, the New York Exporting Agency, also will be involved in the gigantic plan."

"Thus, with one stroke, if the final consummation takes place, the leaders of the farmers of Western Canada will effect a stupendous farmers' organization. It will comprise membership of more than 100,000 farmers, with the goodwill and support of twice as many more. It will be a potent factor in Canadian politics and finance, and will in the end do much of its own manufacturing, importing, building of towns, hospitals, roads, etc. Its own men to office, and in fact, with the interests of the public life of the Dominion."

Says Report Misleading. Winnipeg, Oct. 27.—This statement was presented to a meeting of the directors of the Manitoba Grain Growers' Association, representatives of the Grain Growers' Grain Company, which happened to be in session, and C. H. Hendrick, speaking for the meeting, said: "The statements contained in the despatch are not correct. In the first place, some of the organizations mentioned have not considered the matter in a very nebulous state, and the despatch is entirely misleading."

"Canadian Imperialists." "Canadian Imperialists" was the name given an organization formed last night at a meeting of parents and relatives of men in khaki, held at Empire Hall, 19 Brussels street. About forty-five were present and a constitution was adopted, and a president and secretary were elected. Dr. James Manning was chosen president and Fred E. Pieworski, secretary. Adjournment was made for one week, when organization will be further proceeded with. All parents and relatives of soldiers are invited to attend, for it is hoped to make the organization most representative. The object is primarily of a patriotic nature.

It is urgently requested by the committee of every father, brother and son in the city or county be present at Empire Hall, No. 19 Brussels street, for final organization and election of officers on Thursday evening, Nov. 2, at 8 o'clock.

"Silent Louie" Gets 20 Years. New York, Oct. 26.—Robert Katzenmuller, known also as "Silent Louie," 20 years of age, of Brooklyn, who was convicted last week of the murder of Edward Maher, was sentenced by Justice Frederick E. Crane, in the Supreme Court, to serve not less than 20 years or life in Sing Sing.

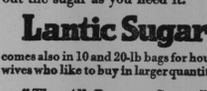

Maher was shot in the back on June 15, outside the Old Homestead Hall. The district attorney contended that Katzenmuller killed Maher to avenge an insult rendered to Edith Ward, the sweetest of Katzenmuller.

Miss Ward and Michael Walsh, 28 years of age, of 122 Meeker avenue, are awaiting trial charged with having been accomplices of Katzenmuller. Katzenmuller was jubilant because he was convicted of murder in the second degree, thereby escaping the electric chair.

London, Oct. 26, 4:17 p.m.—The subject of Roumania was brought up again in the house of commons today, when Premier Asquith said that "the military situation of Roumania was engaging the most anxious attention, not only of this government, but of those of our allies."

"They have taken and are taking now," he added, "every possible step to support our gallant comrades in Roumania in the splendid struggle they are making. I hope we shall not take unduly pessimistic views. In Russia, France, England and Italy there have been and there are concerted measures in which each of us is doing all in his power to support Roumania in her struggle for independence."

WORKERS FOR BOYS GATHER AT BANQUET

One hundred workers for boys' interests, including thirty-five leaders from other points in the province, gathered at Bond's last evening and launched the first big movement for the Canadian Standard Efficiency Test course, that is to be the chief topic during the leadership conference today, and the boys' big convention that opens formally this afternoon.

Rev. Frank Langford, of Toronto, one of the members of the Standard Efficiency Test team, Rev. P. R. Hayward, of Fairville, C. H. Meyers and T. H. Hutchinson were the speakers at the past grand evening, that followed the banquet. Rev. J. H. A. Anderson, chairman of the New Brunswick advisory committee for co-operation in boys' work, acted as toastmaster.

Mr. Hayward's Fine Address. One of the most impressive addresses of the evening was given by Rev. P. R. Hayward, of Fairville, who spoke on "The Conservation of Boy Life as Canada's Greatest Task." He said this task was of the utmost importance because of its urgency, because it involved modern temptations, and the possibilities of development after the war, because of its vastness, meaning, as it does the conservation of 500,000 boys yearly being spent in the Sunday school, and lastly because of its strategic possibilities.

Following Mr. Hayward's address Rev. Frank Langford chartered a boy of 15, who is at present earning a living, having been taken out of school last year. This proved very interesting and gave a clear insight into the intellectual, physical, social and religious standing of a boy in relation to the community is determined by the team, took up "Organization."

National and American League representatives have seen the evidence from opposite views, and it has been at these times that Mr. Hermann, as chairman has on more than one occasion stepped into the breach and given the benefit of the doubt, when it existed, to the American League.

There is no question in the minds of all those who know this self same Garry Hermann, that in rendering such decisions, he being part owner and a member of the National League, he would sooner be criticized by his own immediate confederates of the National League for such decisions, than have it said and thought by those of the opposition that he had put him in the position of chairman by their votes and the baseball public in general, that, owing to his position as third party, he voted for the National League and his own interests.

When Mr. Hermann steps down, if he does, as chairman of the commission, one and all that have followed the game can well say that he did his work and did it well, so well, that he has not only a clear conscience, but the knowledge that the baseball public support of the game—knows as well as it knows the hardships he has had to contend with for being in the unhappy position of chairman of the National Commission, and principal owner of a National League club at the same time. It is one of the greatest tributes that could be paid to him and the American League, that it is members of his own, the National League, that are looking for a new agreement and new head for the National Commission. Let it go at that.

Who will be the new head, if one there is? In the first place it must of necessity be one who has no affiliations with either of the major leagues or interests therein, one who must have a knowledge of the game from A to Z, one who is and has been actively connected with the game for years and thereby kept in touch with any and every phase of the game from an executive and playing standpoint; one who has sought to do something to further the best interests of the game and has succeeded in doing so.

Barney Dreyfuss, president of the Pittsburgh Baseball Club, not only outlines but proposes to establish a new baseball agreement and national commission. This news to the many who are interested in major league baseball, comes as a sort of surprise. However, as the writer, in an article eulogistic of Edward Grant Barrow in the Canadian edition of Spalding's Baseball Guide of 1912, made many complimentary remarks concerning this gentleman and in the course of the article predicted that Mr. Barrow would, not later than 1917, be at the head of the baseball commission as chairman. Again last March, through the columns of the Times-Star on the same subject, in an article "Glimpse of Barrow for Garry Hermann's chair," the writer said that Barrow had the inside track for the position.

Baseball magnates, managers and others interested will at this time be inclined to say boo, nothing to it, Garry Hermann can stay there as long as he likes. Whenever and wherever you see smoke you can bet there is fire. Garry Hermann, chairman of the National Commission, has always proven himself a true gentleman and clean sportsman, as each and every one who has ever come into contact with him can well testify. As chairman of the commission and part owner of the Cincinnati Baseball Club of the National League, he has had trials and tribulations through this dual connection that would have undoubtedly driven many a railroad or bank president nutty. Notwithstanding, he has since his connection with the National Commission at all times been fair and more so. Barrow for Garry Hermann's chair," the writer said that Barrow had the inside track for the position.

available men in active service for the position from Maine to California, from New Orleans to Montreal. What leaders of any and all leagues aside from the majors can show the executive ability, resourcefulness, aggressiveness and general working knowledge of the game and its wants as Edward Grant Barrow, president of the International League?

In years gone by he has been player and manager of major league clubs, later still manager of International League teams and in 1912 advanced to the position of president of the at present International League.

He accomplished more in 1912 and 13 for the advancement of his league to a higher classification and many other reforms than his predecessors had done in years. When the Federal League took the field, each and every baseball magnate of any prominence knows what he did to hold his league intact, and he honestly earned the title of the King Albert of Belgium of the baseball war. Time and again were his forces shot to pieces, but, with the aid of his game and gallant eight generals—the presidents of the International League clubs—who thoroughly believed in him, he won the admiration and respect of the entire baseball world and the writer asks again—who can the National and American Leagues pick to succeed Garry Hermann as chairman of the National Commission other than Edward Grant Barrow to get the results necessary?

BRITISH GOVERNMENT CONSIDERING MINIMUM WAGE FOR ALL WORKERS.

London, Oct. 26.—Replying to a deputation today on the subject of the high price of food and the low wages paid shopkeeping employes in the distributing trades, Walter Runciman, president of the board of trade, made the interesting announcement that the government was considering the whole question of a minimum wage for all workers. He added that legislation might become necessary to deal with the sale of milk, and that the subject of municipal shops being established for the supply of season a other foodstuffs was also being considered.

Regarding the request that the government should take over the wheat supply, Mr. Runciman pointed out the difficulties created by the fact that a large portion of the grain comes from abroad.

WORLD'S SERIES COSTS MONEY Possible To Reduce Prices Unless Expenses Are Cut, Says Ebbets

St. John, N. Y., Oct. 26 - In order to cut down the prevailing prices of seats at World's Series games the expenses of conductors must also be reduced, says Ebbets of the Superbas in entering on the report that Benon of the American League was charged here. But a greater item is the automobile hire, especially in the opposition city, where the last people boost the rates immediately they learn the visiting club is in town. You'd be surprised the way they rubbed it into us in Boston.

"The Brooklyn club did not make as much out of the World's Series as many believe. Besides the tremendous expenses already mentioned, we had to give 25 per cent. of our share to the National League. Our part was exactly 15 per cent. of the total. Were the receipts reduced to \$200,000, that would mean about \$40,000. Take out the expenses we incurred, including the entertainment of visitors and presents to the players, and the club would be practically nothing. If the series were between two clubs at the extreme end of the circuit, say Brooklyn and St. Louis, the outcome would actually be a loss on a \$500,000 basis.

MAE MURRAY in "THE DREAM GIRL" Romance and adventure, the meeting and clashing of high life and low life, form the dominating elements. It is one of the best of the Famous Players recent pictures. The excellent cast includes Theodore Roberts, Mary Mersch and James Neill.

LIBERTY "The Desert of Lost Souls" is the title of the sixth chapter, and it's a smashing good dramatic story. Eddie Polo does some wonderful stunts and sets a hot pace for the bandits, while Marie Walcamp brings the Texas Rangers in for a sensational finish.

Sinigaglia was six feet four inches in height and rowed at 210 pounds. The Italian sportsman's death came about through blood-poisoning. He had been hit with a bullet, which penetrated his left lung, while on a scouting expedition. Some of his comrades, unskilled in first aid, no doubt in the final heat of the men of "Wild Bill" got most of the "breaks" in 1917, but that they will be of a type that will not warrant the permanent retention of an ambulance in the shadows of Coogan's Bluff.

glove. He kept forcing matters just the same, but Levinisky kept shooting at his face, jaw and body. Occasionally Dillon landed with right or left, but did not set like a boxer who was after the victory. Referee Larry Conly's decision, awarding Levinisky the bout, met with the approval of the fans.

Dillon was the favorite last night. His hands were not in good condition, perhaps, and the railroads from Philadelphia, where he boxed Harry Williams may have affected him.

For the first six rounds Dillon acted like the boxer he is credited with being, but in the last half he acted as if he didn't care a great deal how the battle went.

Levinisky hit Dillon enough times to make an impression, but there was not enough force behind the blows to make Dillon do any heavy breathing. The latter is one of the coolest boxers that has been seen here in a long time.

Levinisky looked to be in good shape, and weighed about 182 pounds. Dillon appeared to weigh about the same, but Levinisky had height and reach on Dillon. The latter was the aggressor most of the time and did not seem to mind the punches Levinisky threw at him when he was boring in.

Levinisky did most of his hitting with his left and landed it repeatedly to Dillon's body and jaw.

Dillon resorted to body punching most of the time, but often sent both hands to the face and jaw. He missed a lot, and the Beavers and Nationals split even, each taking two points. Both teams showed themselves to be in fine form and the rolling was good.

The pair started off slowly, but gradually warmed up. The opening round was Dillon's. In the second session, Levinisky jabbed and hooked Dillon often with his left. Dillon countering to head and body with both hands. The round was Levinisky's.

Dillon started the third session with a rush and although he landed some good punches, he received some good left counters to body and face. They had several warm exchanges, with Dillon landing with both hands. Levinisky at the end of the round was breathing hard.

Both did considerable body punching in the fourth session. The fifth started off lively and for a number of seconds they mixed it up at a fast pace. Levinisky used his long left to good advantage, landing it many times on Dillon's face and body. The latter sent several short rights to the side of Levinisky's head and banged him hard with both hands in the stomach.

The sixth round was fast. Levinisky sent his left often to Dillon's face, while Dillon worked on the body mostly. After the sixth it became a bit one-sided, Dillon acting as if he was tired. From the way that he hit it looked as if his hands were in bad shape and that it hurt him to land with the back of the

Monday, Tuesday and Wednesday MRS. LESLIE CARTER "THE HEART OF MARYLAND"

NO PLAY IN THE HISTORY OF THE AMERICAN DRAMA has gained any more success than "The Heart of Maryland," in which Mrs. Leslie Carter first won great fame. The play is from the pen of David Belasco, and the superb production with which he introduced it to the public at the Herald Square Theatre nearly twenty years ago, brought his fame as a stage director to the highest pinnacle in America. Since that time Belasco has had any number of big stage successes, but not one of them has equalled the "Heart of Maryland" as far as number of performances or gross profits are concerned. "The Heart of Maryland" played continuously, with Mrs. Leslie Carter in the title role, for over four years, and then was very popular on tour for five years more, and even now is being presented very often by Stock companies and traveling repertory shows. The story is the finest piece of dramatic work ever conceived in relation to the Civil War of the States. As a human drama it is most remarkable, and no one, unless they have a heart of stone, could fail to be touched by the tremendous situations arising from a conflict where brother is pitted against brother, and father against son. Mrs. Carter's interpretation of the role of

Maryland Calvert will always be remembered by those who saw her on the speaking stage. Mrs. Carter finally secured the right to produce "The Heart of Maryland" in motion pictures with the original star in her own great part. They decided that it should be greater than any previous production of their company, engaging Herbert Brenon as the director. And no better man for such a stupendous task could be imagined. It was Brenon who created "Nephtune's Daughter," and he just recently finished another tremendous production, "The Daughter of the Gods," which is said to have cost one million dollars.

As far as expense was concerned in "The Heart of Maryland," no limits were put on Mr. Brenon, and about \$200,000 was expended in making the picture, which is stupendous in every sense of the word. The battle scenes employed thousands upon thousands of men, and in the parts where heavy emotional situations arise, Mr. Brenon has so directed that there is the utmost simplicity and a really convincing quality in the acting.

Great aid was given to the director by Mrs. Carter, who, of course, was thoroughly familiar with her part, and by Mr. Belasco, who has declared that the picture version is even finer than it was on the stage.

THIS MORNING'S SESSION OF BOYS WORK CONFERENCE

Addresses, With Discussion, on Sunday School Procedure, Organization and Mid-week Meetings

The morning session of the leaders' conference in connection with the Canadian Standard Efficiency tests was organized taken up with discussions on organization; Sunday programme and the mid-week meetings.

At 9 o'clock the session was opened with prayer and devotional exercises and the singing of hymns. Rev. W. A. Rose, general secretary of the New Brunswick Sunday School Association, led in a discussion on "organization." He told of the necessity of organizing thoroughly and of the advantages of organization, especially for the young man. With good organization among boys, there was the advantage of fellowship and the distribution of responsibility. Plans, means and methods of organization were suggested in the discussion.

Rev. L. W. Williamson then led in the discussion of the Sunday programme in the Sunday school. Every class of a boy's organization, he said, must belong to a Sunday school.

Discussion, with varied opinions as to the length of the Sunday school period, was engaged in by those present. The practice of breaking in on the procedure of the lesson with announcements should be abolished, said the leader. "There is too much time wasted in Sunday schools today with no practical results." The school spirit was absolutely necessary in a Sunday class. The vital thing in any Sunday school was the conversion of time and the study of God's truth; everything else was of a minor consideration.

It was generally agreed that the lesson period should be a discussion rather than a sermon by one individual.

Rev. T. H. Hutchinson next led in a discussion on the mid-week programme. He explained the advantages thereof, saying that religion was something that was an every day activity, and also from a social standpoint there should be meetings of the class through the week.

Mr. Hutchinson said that the test should be made the week following the preparation. The test takes many weeks and a regular course is followed, as laid down in the programme. If difficulty is met with in the choosing of men for the talks, women can be invited.

The session was brought to a close by prayer led by Rev. F. S. Dowling.

Today at the noon hour luncheon in the advisory committee met and the various sub-committees were closed to look after their part of the work. The committee will consist of a minister and a layman from each denomination.

At the afternoon session Rev. C. A. Myers will talk on "Enlightening and training leaders," while Rev. Frank Langford will deliver a sermon on "Religious Revival."

This evening the conference for the boys will open with the arrival of the boys today at 7:30 o'clock. The standard efficiency test will be presented to the boys.

FROM GORDON PINNEY

The following letters have been received by Mrs. John Pinney, East St. John:

Epsom Com. Hospital
Division 8, Hut 8.

Dear Mother—Just a few lines to let you know I am back in Epsom once more, how long I don't know. I expect will be about a month, it is the same old place, just as I left it in the spring. They do not keep a man in hospital unless it is a serious case, as they are all kept filled while the big push is on; but leave it to us to do, and make a name which they will share in time to come, while the men who make it pay the supreme price. Well, I must close this sermon. Hoping this finds you all well at home, as it leaves me, your loving son,
GORDON.

Dear Sister—Just a few lines to let you know I have just received the sad and terrible news of Frank's death. It came as a great shock to me, even though I was prepared for the worst. I only hope that you all at home will not grieve too much. Try and look at it in this light, that it was an honorable end and that he did his duty, for he often told me he would sooner die than leave it to us to do, and make a name which they will share in time to come, while the men who make it pay the supreme price. Well, I must close this sermon. Hoping this finds you all well at home, as it leaves me, your loving brother,
