

MILITARY DRILL  
IN JAP SCHOOLS

Decide to Adopt Universal Training for Boys of Nation.

Tokyo, (United Press, by Mail)—  
Universal Military training in Japan—a programme to be started by placing army officers in middle schools and colleges throughout the empire, is advocated by officials in the Department of Education, who have agreed to cooperate with the Department of War in putting the system into operation.  
While physical education is given as one of the prime reasons for instituting at this time, national defense also is declared to be chief among the causes underlying the movement actually to realize the project.  
"The plan of adopting military training in middle (high) schools and colleges was brought to our attention several years ago," Vice-Minister Matsuzura, of education administrative department remarked in an interview with the United Press. "However, its realization prior to this time was not practical. We are now discussing the project seriously with a view to putting it into operation."  
"No definite decision has been reached as to the method of adopting military training in schools, but it has been strongly advised that all middle schools and colleges have military officers in active service as advisers or instructors."  
"I approve of the adoption of military training by schools for various reasons. It improves the physical condition of young men and at the same time stimulates the sense of duty for national defense. It will drive some of them that military training and duty for national defense is not the affair of the War Department alone."  
"It is not always best that nations should be armed heavily, and the standing national army should be reduced. This, however, is not meant to indicate that we need no national defense. The adoption of military training by schools will prepare students in the country to be ready to be efficient soldiers with less training than that given in the army. Incidentally, it may solve a problem of reducing the term of actual service in the army."  
Physical culture with a certain amount of military training has been practiced since about 1887 in the schools of Japan. The authorities propose now to emphasize this branch of school curriculum "for the improvement of the physical condition of the country's young men, thus increasing efficiency for national defense."  
The national defense part seems to be the basis of the entire plan, and it was reiterated by Matsuzura in his interview with a representative of The Japan Advertiser.  
Tetsuta Kawakami, a Diet member the Suiyoku and Parliamentary Councilor to the Minister of Education, expressed another view of the subject. He believes the training project will mean a reduction of Japan's army under the Department of War.  
"It goes without saying," he declared, "that arms in the Japanese army are antiquated and modern implements of war. The source of revenue for this modernization is to be found in a reduction of the army by six or seven divisions."  
"The Government is now planning to reduce the army by four divisions and the political parties are proposing a further reduction, making it in all six divisions. If schools should adopt a system of military training, the officers in the army division which are to be reduced may have their jobs at schools without being displaced from the army."  
Universal training is foreseen by high officials interested in the matter. This, they declare, will "raise the efficiency of the nation."

BUFFET SERVICE AN IMPROVEMENT  
New Service on Trains Between St. John and Moncton Meets With Favor.

Since the change of time on C. N. R. lines effective Sept. 28th, provisions have been made for a better buffet service on trains Nos. 19 and 20 between Moncton and St. John.

No. 20 train, leaving St. John at 6.15 p. m., carries a buffet-parlor car as far as Moncton, and on this train excellent meals are served, the menu including such substantial items as steaks, chops, etc., cooked to order by a competent chef.

This improvement in the service is finding favor with many travelers. The same service is furnished on the buffet car leaving Moncton on train No. 19 at 10.35 a. m., and reaching St. John at 1.45 p. m.

A through sleeping car for Halifax is carried on train No. 20 except on Saturday evenings, and is transferred at Truro to No. 8 train from Sydney and carried to Halifax, arriving at 8.40 a. m.

A cafe-parlor car is operated from St. John to Moncton on train No. 14, leaving at 1.25 p. m., serving regular meals. This car operates from Moncton to St. John on train No. 48, leaving Moncton at 8.35 p. m.

ST. JOHN, N. B., OCTOBER 21, 1924

NELSON - TRAFALGAR - THE SPIRIT.

Nelson stands first among those Newbold calls the Sea-kings. To-day we recall Trafalgar, and with it the spirit that runs through the age-long and ever inspiring sea story of the race.

GOOD BUSINESS.

The Community Sale so successfully launched yesterday by a big group of merchants who have devoted no little thought and energy to the enterprise strikes a lively note of interest for St. John people as well as for those living in the surrounding territory.

A NOTABLE "COME-BACK"

When in July of 1921 Louis K. Liggett, head of the United Drug Company and a leader in a good many activities here in Boston and New England, found himself in financial difficulties brought on by a depression that hit so many large corporations at that time, it was generally agreed by those who knew the man that he would eventually emerge from his troubles.

N. B. GUIDE WRITES.

Every sportsman will be interested in the November issue of Rod and Gun in Canada. Raymond Thompson has an unusually good story entitled "The Sins of the Fathers. Some Wild Animal Trails and Some Adventures Along the Coast of the Gulf of St. Lawrence."

MUSICAL FESTIVALS.

The Rector of St. Peter's church made a suggestion to the Rotary Club yesterday that is of great social value. It is a suggestion the citizens at large would do well to take into serious consideration.

THE PORT.

The coming conference with the steamship representatives in connection with port matters is timely and will have important results. It should serve, first of all, to clear up the misunderstanding existing in some quarters as to the discussion over top wharfage on Brain, and all friends of the Winter Port will hope that within a few days all those who are actively seeking to promote the expansion of harbor traffic and port facilities will find common ground and act vigorously in unison.

THE PROBLEM OF OLD FURNITURE

London, Oct. 4—(Associated Press, by mail)—Of the making of many different kinds of fakes there seems to be no end. There have been faked pictures ever since artists first began to use paints. There are so many faked Rembrandts in existence that few prospective purchasers will complete a deal for one of the great Dutchman's works without consulting an expert. Just now an unusually active business in faked furniture is reported.

WHAT CROOKS GET

The United States pays its crooks three billions of dollars a year. Of these vast wages to dishonesty two-thirds is paid by the public voluntarily for worthless, "get-rich-quick" stocks. The remaining one billion is taken forcibly from the public by embezzlers, bandits and thieves and through credit frauds.

SCARS.

The smell of ruin in the air, when rusty twilight comes too early down, will take the hearts of strong men unawares, and lure them from the friendly, lighted town.

Three Incidents at Geneva

At Geneva, where Premier MacDonald and Premier Herriot of France met on terms of great goodwill, three incidents occurred which are recorded as follows in Headway, the Journal of the League of Nations. It shows that Ramsay MacDonald is not deficient in those courtesies in which the French expect.

IN LIGHTER VEIN

Our Merry Mendicants. "Who was that man who accosted you?" "He said he was an old sea-dog and asked me if I wouldn't give him a bone."

STORE WINDOW SMASHED.

There was a loud crash of glass in King street shortly after last midnight, and when the police rushed to the scene they learned that the cords holding a display of heavy rolled cloth in the window of A. O. Skinner's store, 58 King street, had broken and the heavy rolls smashed the large front plate glass window also another in the entrance to the establishment. The proprietor was notified and the front of the establishment was secured.

Princess Unbobbed

To bob or not to bob is a question just as vexing to the Indian maiden as it is to her pale-faced sister, Princess Jewell Dawn (above) of the Wyandott tribe, refuses to surrender to the styles, but Ellen Norris (below) of the Kiwanis tribe, finally has done so. The tribes live near the Oregon-California boundary.

OCTOBER BRIDES

Willet-Manning. One of the prettiest weddings of the month will be that of Miss Helen Marie Willet Manning, daughter of Dr. and Mrs. James Manning, Germain street, and Kenneth McLeod Willet, son of Mr. and Mrs. David R. Willet, Mecklenburg street, at 5:45 p.m. today, when Rev. A. L. Fleming, rector of St. John's (Stone) church will solemnize their marriage in the church. The church has been decorated with hydrangeas by the Badminton club and is very attractive in its floral trimmings. The bride, who will be given in marriage by her father, will wear a wedding gown of white crepe satin and Duchess lace with pearl trimmings. Her bridal veil is of net, with Juliet cap, caught with orange blossoms. She will carry a shower bouquet of Ophelia roses. Miss Edna Shaw will be bridesmaid and will wear a gown of jade flat crepe with black hat and carry Exeter roses. Little Miss Evelyn Fritz will be flower girl and will wear a peach colored or gandy, trimmed with lace and streamers and sweet peas. Mrs. Manning, the mother of the bride will wear a handsome gown of georgette and all over lace and becoming black hat. Mrs. Stanley Harrison will bring the bride's "Perfect Love," while the register is being signed. Alan MacGowan will attend the groom, and the ushers will be Lawrence Manning, brother of the bride, Gordon Willet, brother of the groom, Douglas Fritz and Henry Morris.

Anderson-George. Sackville, Oct. 20—A pretty wedding took place at 8 o'clock on Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. Arthur N. George, Upper Sackville, when their daughter, Bessie Louise, was united in marriage to Mr. Charles Victor Anderson, son of Mr. and Mrs. A. C. Anderson, of Framingham, Mass. Rev. J. H. Philip officiated at the ceremony and was assisted by Rev. David Price.

Blakeney-O'Donnell. Moncton, Oct. 20—A quiet wedding took place at the home of Mrs. C. E. Norton, Sunny Brae, Saturday evening at 8 o'clock, when her daughter, Mrs. Daisy M. O'Donnell, became the bride of Sherman Blakeney, also of Sunny Brae. The ceremony was performed by Rev. D. H. Macdonald in the presence of the relatives of the bride and groom.

DEATHS

Mrs. Seward B. Cross. Beaver Harbor, Oct. 20—The death of Mrs. Seward B. Cross occurred on October 10, at her home in Beaver Harbor, after a long illness of heart trouble. Mrs. Cross was 71 years of age and had a large circle of friends who will regret her death. She is survived by her husband, one son, Neil, one daughter, Mrs. G. W. McKay, and two sisters and two brothers, Mrs. Sydney Munroe, Miss Teresa Tatton, George H. and William J. Tatton. The funeral took place on Sunday and was conducted by Rev. Gordon S. Beckett, pastor of the Baptist church here. Many beautiful floral tributes were contributed.

Mrs. R. Walter Cunningham. Mrs. Rosella H. Cunningham, wife of R. Walter Cunningham, 68 Portland street, died Monday, Oct. 20, at her residence after an illness of some months. She was the daughter of Mr. and Mrs. George Babcock and leaves, besides her husband and parents, one infant daughter, Jean Margaret, and two sisters, Mrs. J. Gordon Brown, of Arthurville, Victoria county, N. B., and Miss Jean Babcock, at home. She was a member of Knox church. Mr. and Mrs. Cunningham had been married for a little over a year and much sympathy is felt for the young husband and baby daughter, who is a few months old. The funeral will be held on Wednesday afternoon from her late residence with service at 2:30 o'clock.

Samuel W. Smith. Samuel W. Smith of Boundary Creek died at the Moncton city hospital yesterday afternoon. A native of Coverdale, Albert county, he had resided in Boundary Creek for the last 10 years. He was in his 84th year. Besides his wife, he is survived by three sons—Robert, Burr and Donald; four brothers—Weldon and David of Coverdale, Alonso of Nova Scotia, and Albert of Montreal; and three sisters—Mrs. M. P. Steeves of Dover, N. H., Miss Edie Smith of New York, and Miss Sadie at home.

Mid Season Opening

The Spear Millinery Company announce the showing of a collection of hats suited for afternoon wear, comprising velvets combined with maline, lace, ostrich and fur. Waltz hats of gold and silver, metallic laces, beaded, etc., for evening wear. All these hats personally selected and shown for first time Wednesday and Thursday, Oct. 22 and 23.

Spear Millinery Co. 177-179 Union Street

SCHOOLS SHOULD PREVENT MISFITS

A Discussion in Victoria on the Value of Vocational Training.

"I think our schools should provide a set of experiences whereby children will find themselves, and the gifts which nature has given them. To prevent misfits should be the great ideal of the school," claimed John Kyle, provincial organizer of technical education, in the course of remarks which he addressed to the Wagon's Institute conference at its final session yesterday afternoon, says the Victoria Colonist. Mr. Kyle spoke of the ideal rather than the attainment reached. Up to the present the employers of labor had not been linked up with the school. This was a hope entertained for the future. The school was gradually becoming a place providing ways and means for people "to try themselves out." This could not be done with books alone; diverse occupations were required.

Mr. Kyle came at the invitation of the conference to reply to any questions which the delegates might have to ask on the subject of technical education. In reply to one such question he said that he considered manual training should be taught from the moment the boy entered school; also domestic science for the girl. The little pupils should be started with big tools; little tools supplied later for the big pupils. The rural districts and smaller towns were often more appreciative of the facilities provided in the curriculum. At Cassidy the company had been so impressed with the value of manual training that they had paid for it themselves; in Surrey the people had built their own centre; Kelowna, severely handicapped for room, had erected a place themselves. The Government up to the sum of \$800 paid 50 per cent. of the cost of equipment and training; for the teacher they paid the same grant as for an ordinary teacher, ranging from \$460 up to \$880

Sparkling winter days build robust children. You want your child to pass the winter months of each day out of doors, completely happy and safe. JAEGER pure wool underwear is the most insurance against cold. There is much to be said to mothers on the subject of pure wool. Briefly, the JAEGER brand mark on the child's undergarments means the following advantages: practically non-shrinkable; not too warm in home or heated school rooms; perfect fit and comfort; true economy. Caution: For the growing child buy JAEGER underwear. JAEGER because it is going to last a long time.

Urges Compulsion. "Establish the work in the first and second class cities; most of them have the equipment already, and it would mean little hardship for them if it were compulsory. Ultimately it would work down to the third class districts. STUDENTS HOLD ELECTION. Gordon R. Nicholson, '25, was elected president of the Students' Association of the University of New Brunswick Law School, at the first meeting of the student body held last night. Percy J. Steeves, '26, was elected vice-

ADVENTURES OF THE TWINS  
 By Olive Roberts Barton

Nick jumped off his sea-horse and knocked at the front door. The Sand Man, Captain Pennywinkle and the Twins rode away on their sea-horses.

If the Twins had not been so worried about getting the lost sleepy sand, they would have noticed that under the sea there are as beautiful gardens of sea-flowers as there are on the earth. Flowers of every color were there. But who has time to think of anything when babies all over the world are yawning their heads off nearly long after moon-up, and no Sand Man or a single grain of sleepy sand to put them to sleep. By and by they came to Davy Jones' locker. Davy Jones is the gentleman who lives at the bottom of the sea. He has built himself a fine big palace out of wrecked ships, so he will have a place to entertain lost sailors who come there to visit. He is so rich that his gold would make even Captain Kidd look as poor as little black Sambo. Nick jumped off his sea-horse and knocked at the front door. But nobody came. Then he knocked some more. But still nobody came. "That's queer," said Captain Pennywinkle. "I was talking to Davy Jones just before you came. I wonder what's wrong." He jumped off his sea-horse and

A Friend of the Family

"I smell a mouse. I mean I smell a minnow, for there aren't any mice, I mean mice—I mean mice in the sea."  
 "What do you smell a minnow for?" asked Nancy.  
 "Because I have an idea," said Captain Pennywinkle. "What for is Mister Davy Jones fast asleep when he is eating his dinner? And what for is everybody else asleep? Because somebody has played a joke! Your friend Finchnose has been here."  
 "Finchnose?" said the Sand Man, "and he isn't our friend, sir, either!"  
 "My mistake!" said Captain Pennywinkle. "But what's the difference what his name is as long as he has been here and gone?"  
 "That's so," said the Sand Man. "Gee and the sleepy sand with him. But not all of it."  
 "Ho, hum!" yawned Mister Jones just as he woke up and stretched. "I do declare, but that soup made me sleep! Why, hello everybody! I didn't know we had company."  
 And then Captain Pennywinkle told him all about everything.  
 "Ha, ha, ha!" laughed Davy Jones. "Stole the sleepy sand, did he? Just to keep the babies awake all night! Well, I'll soon fix that. I'll send out my magic anchor and if he is in the sea at all, we'll catch him in two minutes."

FABLES ON HEALTH  
**Some Kitchen Hints**

Keeping the pantry and kitchen in sanitary condition was another problem. Mollie Mann took upon herself when the hygiene course was started at her school. The Mann kitchen was a bit old-fashioned without the tiled floors and such as go into many more up-to-date places. Food chambers should be closely watched. They should frequently be washed with and scrubbed with soap-suds. Use a brush. A few drops of ammonia in the water will help. Dry with a cloth and let the sun bake upon it. Clean the ice box thoroughly and frequently. Do this when the ice is low. Hot, soapy water should be used on the ice racks. The ice chamber should be particularly well scrubbed. The waste pipe should be removed and boiling water poured through it. The pantry should be most carefully watched to see that no fruits or vegetables are rotting and that no foods are giving forth bad odors. Keep the shelves carefully washed and disinfected, for it is from here that the food for the table comes and no chance of contamination should be taken.

Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them. Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature does. It makes forever unnecessary the use of habit-forming drugs and pills. Kellogg's Bran, cooked and krumpled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran. Eat at least two tablespoonfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg flavor. Eat Kellogg's Bran, cooked and krumpled, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package. Kellogg's Bran is the road back to health. It is made in Toronto, Canada, and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

LIVERPOOL SAID IT IS SECOND CITY OF EMPIRE

Liverpool, the Second City of the Empire. This proud slogan was emblazoned on the outside of the Civic Hall at Wembley during the Mersey City's civic week, and it is a challenge which has not passed unnoticed by other large centres of the country. For instance, Birmingham is first in point of area (48,601 acres) and Liverpool is third (21,219 acres); Glasgow is first in respect of both rateable value (£10,480,454) and population (1,034,178), with Liverpool second (2,874,178) and third (2,603,118) respectively. On what then does Liverpool base its claim? Listen to the Lord Mayor: "The sea is really the foundation of the Empire's greatness, and we are the Empire's greatest seaport. Twenty-six per cent of the total British steam tonnage is owned by members of the Liverpool Steamship Owners' Association—a figure of 5,740,190 tons. Liverpool is the greatest port in the world, with imports second in value only to London, and exports exceeding those of London and five other British ports combined. Liverpool and Merseyside also embrace large manufacturing interests—shipbuilding and repairing, soap manufacturing, and heavy and fine chemical works, to mention only a few—and Liverpool is the second largest milling centre in the world. We claim to be the second city of the empire on points. You may take certain aspects of a city, such as population, and challenge our claim, but you might as well say that the Chinese Empire is the greatest in the world, all depends on the terms of reference. Liverpool's commercial value, her maritime importance in an Empire based on the sea, her schools and institutions, her art treasures, and now we can add her glorious cathedral, should all be taken into account; and we claim that if this is done Liverpool is undoubtedly second only to London."

Thousands like her wait too long  
 Like a thief in the night comes Pyorrhoea  
 If she had only known!  
 He pays the price of neglect

4 out of 5 get Pyorrhoea  
 The fight against Pyorrhoea is a fight against overwhelming odds. Statistics prove that four out of every five over 40—and thousands younger, too—may Pyorrhoea's dread ed toll. Will you?

**Be on your guard for signs of Pyorrhoea**

Just as the stability of a building is dependent upon its foundations, so healthy teeth depend upon healthy gums. Bleeding gums are the first sign of Pyorrhoea's approach. Then they begin to recede and the healthy pink color gives place to a pale, whitish tint. Soon the teeth are loosened, pus pockets form and drain disease-breeding poisons through the system. Forhan's For the Gums contains just the right proportion of Forhan's Astringent (as used by the dental profession) to neutralize oral poisons, and keep the gums in a firm, strong, healthy condition. Even if you don't care to discontinue your favorite dentifrice, at least start using Forhan's once a day. Forhan's is more than a tooth paste; it checks Pyorrhoea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes. Formula of R. J. Forhan, D. D. S. Forhan's, Limited, Montreal.

showing improvement and is declared to be holding her own. Miss Murray was taking dietetics in a New York school and had returned only two weeks after her vacation here. She was obliged to return home and was operated upon very shortly after arriving here. Her condition was very serious, but hopes for her recovery are assured.

Mr. Lawrence Manning, son of Dr. and Mrs. James Manning, has arrived in the city from New York and will be in attendance at the wedding of his sister, Miss Marjorie Manning, when she is married to Mr. Kenneth Willet today. The wedding will be at 6:45 o'clock this afternoon in St. John's (Stone) church.

Miss Mary Murray, granddaughter of Mrs. John McMillan, who was operated upon in the General Public Hospital on Saturday is reported to be

in Moncton, where Mr. Hazen was manager of the Royal Bank for some years, are taking up residence in Yarmouth, N. S., where Mr. Hazen will become manager of the Royal Bank of that town. He will take his vacation before taking over his new duties.

A reunion is in prospect to be given by the Loyalist chapter, I. O. D. E., in the near future. The women of the chapter are already assembling the cast for the various parts and Mrs. Allan G. McAvity will be pianist. The Royal Standard chapter is holding a rummage sale this week and several chapters are taking charge of the Cadet's Tag Day, under the convener-ship of Mrs. M. B. Edwards. St. Vincent's Alumnae will hold a tea later in the week. The Doorkeepers' Circle, of the King's Daughters will hold a tea and there will be several other events to make up a busy week.

Mrs. H. B. Peck, corresponding secretary of the St. John council, has returned home after a short visit in Montreal en route. Mrs. G. Wilford Campbell, who was a delegate to the National Council from St. John, is visiting her daughter, Mrs. C. W. Sweet, in London, Ontario.

Mr. and Mrs. J. Stuart MacLeod and family have arrived in Moncton, where Mr. MacLeod will take charge of the Royal Bank of Canada in that city. He has been transferred from Prince Rupert, B. C., and will be welcomed to the Maritimes, where he was born, being a native of Sydney, N. S. Mr. and Mrs. Ward C. Hazen, who were

ously by the W. A. but because of the rapidity of Arctic transport had not reached them before they came to St. John for their furlough. Their journey back to the Arctic had been without adventure and the two children had proved splendid little travelers.

The messages from Mr. and Mrs. Merritt were some of them contained in a letter from Mrs. Merritt which was read by Miss Lester and some of them had been related to Mrs. Alfred Morrissy, president of the branch by Mrs. Stringer at the recent dominion triennial convention.

The meeting was the first devotional and business meeting of the year and was well attended. Mrs. A. L. Fleming read the address which Rev. F. J. LeRoy had given at the meeting of the diocese W. A. recently held

with his wife and two children has returned to his missionary work in the Arctic and will spend the winter at Herschel Island. Mr. Merritt was a member of Stone church congregation and the members of the W. A. have been specially interested in his work. Mr. Merritt was ordained by Bishop Stringer of MacKenzie River diocese, the diocese in which his mission field is situated. Mr. Merritt had previously been hindered in his missionary work by the fact that he was not ordained and could not administer the sacraments and it was the wish of Bishop Stringer that he should be ordained before he returned to the far north.

It was said at the meeting that Mr. and Mrs. Merritt had at last connected with the household furnishings which had been sent them three years previ-

ously by the W. A. but because of the rapidity of Arctic transport had not reached them before they came to St. John for their furlough. Their journey back to the Arctic had been without adventure and the two children had proved splendid little travelers.

**REV. E. MERRITT IS  
ORDAINED IN WEST**

St. John Clergyman is Devoting Himself to Work in the Arctic.

At the meeting of section A of the W. A. of St. John's (Stone) church yesterday an account was given of the ordination of Rev. Eldon Merritt, who with his wife and two children has returned to his missionary work in the Arctic and will spend the winter at Herschel Island. Mr. Merritt was a member of Stone church congregation and the members of the W. A. have been specially interested in his work. Mr. Merritt was ordained by Bishop Stringer of MacKenzie River diocese, the diocese in which his mission field is situated. Mr. Merritt had previously been hindered in his missionary work by the fact that he was not ordained and could not administer the sacraments and it was the wish of Bishop Stringer that he should be ordained before he returned to the far north.

Miss Lester was appointed secretary for Living Message in the place of Mrs. H. C. Welmore who will spend the winter in Boston and Mrs. John Crawford a former member was welcomed on her return and was appointed recording secretary in the absence of Miss Wilcox.

**ST. GEORGE'S W. A.  
PLANS FOR WORK**

The W. A. of St. George's church held its first Dorcas meeting of the season last night and made plans for the winter's work. It was decided to send an outfit to the Indian girl at Lac LaRonge school as in former years and this work was to be carried on

under the direction of Mrs. John Carrier, Dorcas secretary. A beginning was made in the overseas work of which Mrs. W. P. Wilson is the committee convenor. The branch opened the season with a rally night to which all the members of the congregation were invited and which took the form of a school. Refreshments were served. The first regular business and devotional meeting was held last week with Mrs. Corey Green, president, in the chair. Mrs. Arthur Rawlings gave a detailed report of the annual diocesan meeting and Mrs. Willis Waring gave an account of the recent triennial meeting of the National W. A. held in Hamilton, Ont., and spoke specially of the work among white settlers which is a new undertaking.

**Instant Postum** offers everything you desire in a meal-time beverage. It is delightful, invigorating, fragrant—with the great advantage of safety for one and all. It is absolutely pure and wholesome—free from the poisons Caffeine and Tannin found in tea and coffee, which are the frequent cause of poor sleeping, excitable nerves, indigestion and similar troubles. *Better health goes hand in hand with Instant Postum.*

Instant Postum—a pure cereal beverage—is particularly delicious and wholesome for children when made with hot milk. Try it this way yourself—for a richer, smoother flavor. Economical—costs half-a-cent a cup. Ask for it at your restaurant, your club and on the train. For those who prefer it, there is Postum Cereal, made by boiling for twenty minutes. Accept Carrie Blanchard's offer. Send the coupon.

Canadian Postum Cereal Co., Limited  
Head Office: 45 Front St. East, Toronto  
Factory: Windsor, Ontario

**"There's a Reason"**  
**INSTANT  
POSTUM**

You know how many children do not like the taste of milk. You know how they like to have the same drink as the "grown-ups." You know, too, how good it is for them to have a hot drink!

Make Instant Postum for them, using hot milk instead of boiling water! They'll like the taste immediately! And they will get the food elements of wheat, plus the nourishment of milk, in a hot drink that is economical and so easy to make!

Miss Hazel M. Stewart left on Saturday for Malden, Mass., where she will visit friends.

Mrs. E. E. Milliken, of Houlton, Me., and grandson, Mr. Leonard Milliken, are visiting Mr. and Mrs. G. W. Parker, Gooderich street, having come for the Parker-Daley wedding. Mrs. Milliken entertained last evening at the Royal Hotel at a dinner for Miss Daley. The guests were the immediate families of the bride and groom.

Miss Ruby Windsor, of Boston, is visiting Mrs. Freeman W. Hamm, Douglas avenue, coming here for the wedding of Miss Marion Delyea, which will take place on Wednesday afternoon.

Mrs. Alfred W. Estey is still in Moncton, owing to the severe illness of her sister, Mrs. F. Williams, who does not show signs of improvement so far.

Mrs. J. E. Donald and little son, Master James Donald, expect to leave for California on Wednesday of this week to join Mr. Donald, who is in business there, having preceded them some time ago. Mrs. Donald has resigned her position at the Royal Hotel, 191 Princess street. She will leave in the evening train following her sister's wedding to Mr. Ralph Parker in the morning.

Mrs. Thomas O. Bell returned to her home in Moncton yesterday after visiting Miss F. Miller in Fairville and Mrs. Frank Stevens, King street east.

**PRESENTATION TO  
CHOIR MEMBERS**

A merry party was entertained at the Portland Methodist parsonage, 111 Paradise Row, last evening, when Rev. and Mrs. H. A. Goodwin were hosts for the choir of the church. The occasion was to honor Mr. and Mrs. Roy L. Thompson and Mr. and Mrs. Walter Merrill, members of the choir, who have recently been married. H. W. Broomfield and Rev. Mr. Goodwin made the presentations to the young people. The presentation of a purse of gold to John Salmon, who has been a member of the choir for 35 years was made by F. S. Thomas, chairman of the choir committee. The short addresses made at the presentations expressed heartfelt sentiments of good-will and appreciation. Mr. Salmon received an ovation for his faithful service. Fred Jones gave a reading and Miss Phyllis MacCowan sang a solo. Games and community singing were enjoyed and the hosts served delicious refreshments, assisted by a committee of her guests. The recipients of the gifts made suitable responses of pleasure at the honor accorded them.

**HAVE MEETING.**

Moulton Temple No. 14 Pythian Sisters held its regular meeting last night with M. E. C. Mrs. B. Porter, presiding. Only routine business was transacted.

PLEASE ACCEPT A packet FREE to try. Simply use the coupon

**See This, Madam**

This soap flake does the work you may now be buying 3 different kinds to do

- The most exquisite fabric or the roughest of rough wash,
- Dainty dishware; real lace or heavy blankets,
- Kitchen dishcloths or your most treasured table linen,
- These remarkable flakes—Princess Flakes—pure, unadulterated soap—made and guaranteed by the makers of Palmolive Soap, clean them all in the best way that each can be cleaned!
- Now we offer you a test free. Prove these qualities to yourself. Compare them with other soap flakes, powders, bar soaps, etc. Note the convenience, the economy. Use the coupon and get a demonstration packet free.

**A flake that does all jobs well**  
Women told us they wanted one flake that would do all jobs well. It was so expensive to buy many different kinds of soap preparations, each for a special purpose. So, to meet that need, we created Princess Flakes.

**OUR GUARANTEE**  
We guarantee to replace any washable garment, which by reason of its having been washed with Princess Soap Flakes has been damaged in texture or its color made to run, provided such garment has been washed in accordance with our instructions.

- A flake that The Palmolive Company absolutely guarantees not to run color or injure the most delicate fabrics—any fabric that water alone will not injure.
- A flake that is pure soap—unadulterated—hence more economical, because less is required to do the work.
- That has no superior in a washing machine among preparations especially made for that purpose.
- That makes fine glassware sparkle and china glisten—yet cleans kitchen utensils, floors, woodwork, etc., equally as effectively.
- That saves you money. That saves buying several kinds of soap preparations to meet different household requirements.

**Don't buy—try it first**  
The coupon is good for a packet free—a liberal trial packet.  
Use the coupon. Get a packet without cost. You will thank us for what this new flake brings.

**OUR CHALLENGE**

We challenge anyone to produce a soap flake, soap chip, soap powder or any sort of laundry soap product, which is better than

**Princess Soap Flakes**

- for any laundry, general household or scrubbing purpose.
- for laundering washable dainty garments, lingerie, laces, curtains, etc., made of cotton, linen, silk or wool.
- for the family wash or for use in the washing machine.
- for washing dishes, cleaning woodwork, washing windows, and general kitchen scrubbing.

We challenge anyone to produce a soap preparation (other than a toilet soap) which will leave your hands in as perfect condition as PRINCESS Soap Flakes.

## St. John's 2nd Annual Community Sale

Brings to the citizens of St. John and surrounding territory one big week of special shopping—inducements to prove to the public the advantages of shopping in St. John. Every store of those participating will be aglow with all the latest fall merchandise. Something for all. "Watch for official Community Window Cards as you shop."

## Imperial Theatre

Imperial Theatre has for eleven years been a potent factor in entertaining the thousands of people who visit St. John, whether they be casual travelers, tourists from the States or delegates to conventions. The theatre is so conveniently located, its appointments are so luxurious, its programmes of pictures are so good and up-to-date, orchestral music the finest in Eastern Canada, that no person, no matter how fastidious his or her tastes, is edified and charmed with the bill of fare. It takes real money to keep the Imperial at such a high standard of amusement efficiency, the best part of \$500 per day. Everything about the theatre and in its programmes indicates this, therefore by sheer quality and merit the big eighteen-hundred seat house keeps pleasing the people and drawing the crowds. During Community Week it is anticipated the Imperial will enjoy an especial run of out-of-town folks.

## Judge Deplores Sensationalism In Montreal Murder Case

### ENGLISH METHODS OF JUSTICE CITED BY JUDGE MARTIN

Crisp Comment on the Case of the Five Montreal Murderers.

### TOO MUCH "PIFFLE"

Bandits Interviewed in Connection with Police Probe But "Nothing Doing."

Montreal, Oct. 21.—(United Press)—Chief Justice Martin, acting Chief Justice of the Superior Court at the action of the Supreme Court of Canada in dismissing the application for a writ of habeas corpus made by the five bandits now in the Bordeaux Jail awaiting execution for their part in the Ontario street subway murder of April 1. His Lordship's declaration was made at a non-political dinner tendered at the Reform Club to Mr. Justice Boyer on the occasion of his elevation to the Superior Court bench.

"I am gratified to observe," said Mr. Justice Martin in the course of his address, "that the Supreme Court of Canada has today rejected the application for habeas corpus made in behalf of five condemned murderers who were tried in due course and had every opportunity of presenting their defence—such as it was—and whose conviction was unanimously confirmed by the Court of Appeals of this province. I deplore the columns of senseless puff published in some of our newspapers concerning these bandits." (Applause.)

The speaker said that during the summer, while in London, he had listened to the appeal of the Eastbourne Bungalow murderer before the Court of Criminal Appeal. The murderer had been committed in April; the prisoner had been tried convicted in July. His appeal had been dismissed.

"And Mr. Justice Martin added, when he turned and went from the dock after the dismissal of his appeal, every criminal in England knew that the case was dead, and that there would be no re-hearings, reprieves or pardons, or habeas corpus, or anything approaching such a thing as the approaching door or lurid description of the scaffold; everyone understood the execution of the sentence would be quietly and swiftly carried out, and that courts could be efficient. He was hanged on September 9."

**The Police Probe.**

Montreal, Oct. 21.—Prospects of another visit to "murderers' row" by every criminal in England knew that the case was dead, and that there would be no re-hearings, reprieves or pardons, or habeas corpus, or anything approaching such a thing as the approaching door or lurid description of the scaffold; everyone understood the execution of the sentence would be quietly and swiftly carried out, and that courts could be efficient. He was hanged on September 9."

**The Police Probe.**

Montreal, Oct. 21.—Prospects of another visit to "murderers' row" by every criminal in England knew that the case was dead, and that there would be no re-hearings, reprieves or pardons, or habeas corpus, or anything approaching such a thing as the approaching door or lurid description of the scaffold; everyone understood the execution of the sentence would be quietly and swiftly carried out, and that courts could be efficient. He was hanged on September 9."

### Oct. 21 England's Might At Sea Was Shown At Famed Trafalgar

Admiral Nelson's Signal Still Is Rallying Call Of Empire.

Today marks the anniversary of the Battle of Trafalgar, fought on October 21, 1805, in which Lord Nelson decisively defeated the French fleet but lost his own life. While the history of this battle is well known, the progress of the events leading up to it will prove interesting at this time. The admiral's famous signal "England expects that every man who calls his duty" has been the rallying call of Empire ever since.

For some time previous to the decisive battle Lord Nelson had been on the lookout for the French fleet. He had been placed in supreme command of the British fleet which in the last days of September, 1805, was hovering off the coast of Cadiz, whither the French and Spanish fleet had fled. Villeneuve, the admiral commanding the combined fleets of France and Spain, put to sea on October 20. He obeyed a peremptory command of Napoleon, who had left Cadiz trusting to a false report that Nelson had only twenty ships. Nelson, eager to decoy the Frenchman, had kept a considerable distance from the coast.

Knowing that the ships of the enemy were numerous, he had forty at anchor in the bay. On the morning of October 21, the fleet of Villeneuve was descried off the Cape and the English fleet was formed into two columns, the northern led by Nelson in the famous Victory, while the southern was under the command of Collingwood. Nelson had some of his senior officers and captains aboard the Victory and explained his plans. It was after they had left for their vessels that he realized that he must speak to his men and it was then that the famous signal was flown from the flagship, "England expects that every man who calls his duty." It is said that Villeneuve, as he heard the shouting, exclaimed to his officers, "All is lost."

**Breaks the Line.**

The southern column broke into action about noon and Collingwood first broke the hostile line, pouring a destructive broadside into one of the enemy vessels. His vessel, the Royal Sovereign, however, had outlasted her consort and was soon surrounded by the vessels. The northern column by this time was engaged and broadsides after broadsides was exchanged.

Each side could be written of particulars of each vessel's experience that day, but the story would have only one end, the cool and gallant bravery of the men, the mercy shown by ceasing fire so soon as a ship surrendered to the victor, and the patient suffering of the wounded.

The French had sharpshooters between the topsails and masts, and ships, a custom which Nelson disliked, as he did not consider it correct naval warfare. The topsails and masts, at times tugged, cover the orders and stars.

### Latest Rail Giant

Here's the giant turbine locomotive which made its appearance at the recent German exhibition in Berlin. It uses oil as fuel and can be driven either by steam or water.

### IMMIGRATION TO CANADA AIDED NOTHING DRIVES AWAY REGRET

This is Said to be the Effect of the U. S. Quota Law.

Ottawa, Oct. 21.—The effect of present restrictions placed on immigration into the United States will be to stimulate settlement in Canada, according to reports received by the two large transportation systems of the Dominion.

The Canadian Pacific Railway and the Canadian National Railway—indicate that millions of persons in Europe desire to find new homes across the Atlantic if they can obtain the means for making the journey. These reports are based on studies of the immigration situation at its sources in various European countries.

Recognizing the necessity of assisting the desirable settler whose presence in the still open spaces of Western Canada is sought by the Government, immigration authorities here have devised several schemes of aid to the immigrant. Increased ocean fares coupled with depreciated currency in European countries have rendered the money problem of the pilgrim acute. One plan was the Empire Settlement scheme under which there has been considerable assisted immigration from Great Britain although this fell short of expectations. The latest experiment, aimed at bringing British settlers to the Dominion, is now being tried.

Under an agreement recently concluded between the British and Canadian governments, 3,000 British families will be settled on the land in Canada. The settlers will be selected by Dominion government representatives. The British government will provide funds for their equipment and ocean fares, aggregating \$4,500,000 and \$5,000,000, the settlers to repay the amount over a period of five years. The immigrants will be given their choice of government land in any province they may select, the majority, it is expected, favoring the Northwest. The first group of immigrants under this agreement is expected in March.

While arrangements are in progress to increase immigration from abroad, recent official reports indicate that what the Government regarded as a serious leakage of population—the trek of Canadians to the southward—has been stopped in large measure. Slack business in the Dominion some months ago had caused a great drift of Canadians across the international boundary. Now, according to a bulletin issued by the Department of Immigration, these are returning. A report covering the five months ending August last shows that in that period 28,861 persons, of whom 20,189 were Canadian-born, returned from the United States to the Dominion.

### Ute Chief and His Wife Are to Rest Under "Paleface's" Memorial

Montrose, Colo., Oct. 21.—(United Press)—Chief Ouray, "friend of the paleface," and his favorite wife, Chipeta, whose passing early last September marked the closing of the last chapter in Ute history of western Colorado, are to be united in death.

For a score of years Chief McCook, successor to Ouray and brother of Chipeta, kept secret the location of the mountain crag where lies the body of Ouray, following the custom of the Utes in burial of their dead chieftains.

When Queen Chipeta died, Chief McCook was asked to divulge the secret hiding place of her husband's body that the two historical western characters might be buried side by side, and a fitting memorial erected over their last resting place.

For weeks McCook kept silent, then called his braves to the council chamber. "It is the will of the Great Spirit and Ouray," McCook decided, that his predecessor's body should go to the "palefaces" whom he had befriended and who think of him in terms of the greatest praise they have for any western aborigine.

Hence, the Whites have won their last treaty with the Utes. "Buckskin Charlie," emissary from McCook, carried these tidings to officials in Montrose. He said it was the will of his chief that the bodies of Ouray and Chipeta be buried in a cemetery at Ignacio, Colo., near here, and the spot favored most by the two when they ruled supreme over this region.

Ouray's body lies under the rimrock only a mile or two from Ignacio. "Buckskin Charlie" reported, "When proper ceremonial services have been said, Chief McCook will once again climb to the rimrock, remove the body of Chief Ouray, together with the personal articles buried with it, and take it to Ignacio. The body of Queen Chipeta will be taken from Dragon, Utah, where it was interred."

Already action has been started here to raise a large memorial fund, to commemorate through all generations to come the Indian who made peace with the white settlers with scarcely a drop of bloodshed, and the once beautiful wife who sided him.

### FATHER CLORAN MAKES APPEAL TO ROTARY CLUB

Urges Universal Action to Promote an Annual Musical Festival.

POWER OF MUSIC

Rector of St. Peter's Deplores Listlessness in Many Directions.

The following is the very striking address delivered yesterday before the Rotary Club by Rev. James A. Cloran, C.S.S.R., rector of St. Peter's church: Mr. President and Gentlemen:

I keenly appreciate the opportunity afforded me to address such a distinguished body of St. John citizens. I will frankly say I have long wished for such an opportunity, and now that it is given me I trust I will make good use of it. You will understand me when I say a man of my calling and in my capacity, with a who's reaction of the community more or less at times anxious to know just what measure of approval and support he could count upon in a crisis, in circles outside his own. This anxiety is even more accentuated at the present time, when it would seem that priests and ministers should be made to count more in the movement now on foot to rally the scattered forces of our city.

Many of us here in St. John have been living in a fool's paradise, believing ourselves almost perfect, and regarding peacefully on our imaginary laurels. Now, there is no use laying the blame at any individual's door; we are all at fault as a result of our own inactivity. Many of us here in St. John have been living in a fool's paradise, believing ourselves almost perfect, and regarding peacefully on our imaginary laurels. Now, there is no use laying the blame at any individual's door; we are all at fault as a result of our own inactivity. Many of us here in St. John have been living in a fool's paradise, believing ourselves almost perfect, and regarding peacefully on our imaginary laurels. Now, there is no use laying the blame at any individual's door; we are all at fault as a result of our own inactivity.

### NOTHING DRIVES AWAY REGRET

This is Said to be the Effect of the U. S. Quota Law.

Ottawa, Oct. 21.—The effect of present restrictions placed on immigration into the United States will be to stimulate settlement in Canada, according to reports received by the two large transportation systems of the Dominion.

The Canadian Pacific Railway and the Canadian National Railway—indicate that millions of persons in Europe desire to find new homes across the Atlantic if they can obtain the means for making the journey. These reports are based on studies of the immigration situation at its sources in various European countries.

Recognizing the necessity of assisting the desirable settler whose presence in the still open spaces of Western Canada is sought by the Government, immigration authorities here have devised several schemes of aid to the immigrant. Increased ocean fares coupled with depreciated currency in European countries have rendered the money problem of the pilgrim acute. One plan was the Empire Settlement scheme under which there has been considerable assisted immigration from Great Britain although this fell short of expectations. The latest experiment, aimed at bringing British settlers to the Dominion, is now being tried.

Under an agreement recently concluded between the British and Canadian governments, 3,000 British families will be settled on the land in Canada. The settlers will be selected by Dominion government representatives. The British government will provide funds for their equipment and ocean fares, aggregating \$4,500,000 and \$5,000,000, the settlers to repay the amount over a period of five years. The immigrants will be given their choice of government land in any province they may select, the majority, it is expected, favoring the Northwest. The first group of immigrants under this agreement is expected in March.

While arrangements are in progress to increase immigration from abroad, recent official reports indicate that what the Government regarded as a serious leakage of population—the trek of Canadians to the southward—has been stopped in large measure. Slack business in the Dominion some months ago had caused a great drift of Canadians across the international boundary. Now, according to a bulletin issued by the Department of Immigration, these are returning. A report covering the five months ending August last shows that in that period 28,861 persons, of whom 20,189 were Canadian-born, returned from the United States to the Dominion.

### A RED ROOM WOULD DRIVE A MAN MAD

White Blue and Yellow Have Soothing Effect—A Talk on Paint.

Atlantic City, N. J., Oct. 20.—"If a man were confined in a room the color of which was exclusively a brilliant red, for six months, he would go insane. Inharmonious color surroundings and gloomy rooms cause domestic unhappiness and many serious mental and physical illnesses."

Harry A. Gardner, director of the Institute of Paint and Varnish Research, Washington, D. C., made this statement at the convention of the Paint Manufacturers' Association of the United States in the Ambassador Hotel.

Mr. Gardner described experiments made with animals, which proved that they were kept in dark rooms, they not only lost weight rapidly but failed to reproduce. Light colors and cheerful surroundings had the opposite effect.

"It is reasonable to suppose, therefore," he said, "that such reactions would apply to human beings. In fact a study of this situation is now being made in many scientific institutions. As a result of experiments along these lines, we have found, for example, that persons who suffer from nervous disorders should be surrounded by quiet blue tones, and that chrome yellow benefits a shell-shocked soldier."

It was said that only one out of every four homes in the country gets a coat of paint every four years, and that this neglect costs the country property deterioration \$1,800,000,000 a year, a sum four times the annual fire loss.

Among the statements made at the convention was that chrome and aluminum paint on radiators cut down the heat 80 per cent, and that Bureau of Standards tests showed that white paint gave a maximum of radiation.

### THE MODERN WOMAN SUPERIOR TO MEN

Edward Carpenter Celebrates 80th Birthday With Praise of 20th Century Girl.

London, Oct. 20.—The modern girl, whose ways not infrequently shock her elders nowadays, has a staunch defender in Edward Carpenter, the poet and philosopher, who renounced wealth and position half a century ago to become a Socialist pioneer.

Four score years have given Mr. Carpenter ample opportunities for observing the ways of women, and he now celebrates his eightieth birthday with a paean in praise of the girl of the twentieth century. "While I am overwhelmed at the incapacity of the average man, I have nothing but admiration for the modern woman," said Mr. Carpenter. "She is a marvelous product of the age."

"I remember the women of the last generation and their limited lives. Dabbling with water colors, doing a little embroidery, and having no opinions whatever used to be considered not only suitable, but the only life for a girl. In those days, if a girl had opinions on anything more important than her dresses, she was considered a freak by the other girls, and heavily sat upon by the married women."

"The war offered the opportunity of the psychological moment for woman to find her freedom. Now all the problems that she has to face arise from the fact that she still is obliged to conform to certain standards that were intended for a totally different creature, the woman of yesterday."

"One of the most striking differences between this generation and the last is the way in which women say what they mean with what used to be masculine directness. They once seemed to make a point of saying what they did not mean. I never knew why this was so."

"Although this is a hopeful age. Things are moving in the right direction, towards more freedom and a more sensible outlook. The curse of the age is lack of seriousness. I believe women will do much towards putting the world straight again."

As to the location of the stores of these receivers, and that was all.

The investigation was adjourned until next Monday.

### THIS LOVE POTION HAD WRONG EFFECT

In The End The Police Had to Come to The Rescue.

Jersey City, N. J., Oct. 20.—Stanton Bernstein, a druggist, thought he had discovered a clever way to get pretty Mary Ribetivalk after getting rid of her husband, the police suspect.

Mary went to the drug store recently and Bernstein confided that Julian, the husband had been chasing around with other women. But Bernstein had solved the secret of the famous love pillers so popular in the French court a couple of centuries ago and was well equipped to help Mary win back Julian's love. Bernstein, according to Mary, told her to hold the "love potion" under Julian's nose while he was in bed and then pull the covers over his head.

The first application of the "pillers" only succeeded in making Julian deathly sick, so Mary went back for another bottle.

The second application caused Julian to wonder what it was all about, and after a family conference, the love potion was given to the police.

The police decided that the "love potion" was just plain chloroform.

### Town Topics Tid-bits on the Tip of Everybody's Tongue

**Velp, Once More**

Town Topics told a few weeks ago how a package of Moirs was sent to a gentleman in Velp, Holland. In his enthusiasm he shared them around, writing that recipients "were more than pleased with the chocolates as they tasted superlatively delicious."

One of those tasting the treat happened to be the manager of an export and import company, trading with the Dutch East Indies, Java, Sumatra, Borneo, etc.

Straightaway he sat down and wrote for the price of handling Moirs products in these territories and Holland. He has undertaken to put up an order to secure the exclusive contract.

**SOVIET RUSSIA ELIMINATING HOLIDAYS FOR WORKERS**

London, Oct. 4.—(Associated Press, by Mail)—Soviet Russia is becoming a little less each year, it is said, the paradise for the workman that it started out to be. This is particularly so in the matter of working days, as shown by figures published by the Russian trade delegation.

The workers of Russia now labor 260 days out of the year while in 1921 they were compelled to work only 221 to be law abiding citizens. Last year the holidays recognized by the government and Sundays gave the workers 108 days of leisure, which is 39 fewer than they had in 1921.

In 1923 the working hours for each man were 1,948, an average of less than 10 hours a week. The working hours averaged about 3,100 a year.

**THIRD SET OF TWINS.**

Jefferson Highlands, N. H., Oct. 21.—Mrs. Walter Holmes of this town has just become the mother of twins, her 14th and 15th children. The two babies in a crib at the Lancaster Hospital represent the third pair of twins that have been born to Mr. and Mrs. Holmes. These six children have had no brothers and sisters, as Mr. and Mrs. Holmes are parents to 15 boys and girls, nine of whom are living.

Mrs. Holmes is well under 40 years and her oldest child is under 20.

### Use the Want Ad Way

### You can always get SOFT COAL

A N abundance of soft coal at lower prices is available every year—and may soon be the only fuel available.

Thousands of homes are protected from fuel shortage by McClary's Sunshine Furnace—It burns any kind of coal.

Consult McClary's dealer. He will place a heating system which is fully guaranteed to make your home comfortably warm.

The AIR BLAST RING is an exclusive McClary's feature insuring a continuous burning of soft coal. Thousands already in use.

**McClary's SUNSHINE FURNACE**

### Appeal For Unity

Now for the remedy. First of all we must remember St. John is not a large city; consequently what there is of it ought to be one solid unit. Every individual ought to be made to count. There should be no such thing as hostility or division. There should be, on the contrary, an admirable spirit of unity and civic pride. Our common interest should be to produce in every sphere men of real worth, men whom we can pit against strangers, and who will prove real heroes and reflect credit upon us.

There is only one way to accomplish this, and that is by competition. Competition is the life of the community, but in everything. We should not be afraid of it. If we are, then we are not as good as we think we are. We should improve ourselves, and the best way to improve is to establish this same practice of competition right among ourselves. A good sportmanlike, healthy rivalry is always productive of good.

Take one department, athletics, for example, in which there has been competition, baseball, rowing, skating, etc. Have we not succeeded in developing real stars? Have we not brought glory to our city? As it has been in this department, so can it be in all others. Competition amongst local merchants, competition amongst journalists, competition amongst manufacturers, competition amongst scholars, competition amongst artists.

Lack of interest.

This may appear to some of you as trivial, but I can assure you it is not. I could point out to you a number of examples of how little is done to improve one's standing in the community, and of how so many are content to worry along with mediocre circumstances—so much so that I have heard it said there is something in the air, in the climate, that has this baneful effect upon the people. I don't believe it, and I have so come to be part and parcel of St. John that now I would resent it. It is just a lack of interest and enthusiasm in general that has gradually grown upon us, and that may of us thoroughly deplore.

And the reason for noting the importance of competition before this distinguished gathering is to point out to you the duties of Rotarians with regard to it. As I understand it, Rotary is composed of representative men from every business and profession in the community. Surely then it is a representative assembly—a sort of senate that cannot have but the best interests of all at heart. Add to this their motto is service—a word that excludes aloofness, narrowness and selfishness; a word, on the contrary, that is synonymous with broadness, generosity and self-sacrifice.

It is therefore Rotary's duty to utilize these weekly meetings to draw an almost indefinite number of schemes and plans for the greater good of the whole city. One who would be selfish narrow or biased with regard either to views or what is at his disposal, could hardly be said to possess the spirit of our club. Campaigns could be inaugurated for the popularization of such schemes and plans, and prizes could be awarded for those who excel in their execution.

But someone will say: "Why not make a suggestion yourself? This is all too general. Point out some definite line of competition for us to pursue." (Continued on page 10, 8th column.)

### MANY ISSUES OF IMPORTANCE TO BE DECIDED IN STATES ON NOVEMBER 4

#### Tax Exemption, School Matters, Sport and Other Questions.

New York, Oct. 21.—When the voters of the country go to the polls on Nov. 4, their principal duty, from a national standpoint, will be to register their choice for President and Vice-President. In many states they will be called upon to choose new state officials, but in nearly all they will be asked to express their approval or disapproval of proposed state constitutional amendments and a variety of other propositions referred to the people by the state legislatures.

Adjusted compensation or aid for veterans of the World War will be voted upon in several states. In some instances the veterans of the Spanish-American War and the Philippine Insurrection are included, while in one the question takes in the veterans of the Civil War.

Florida may become the haven of the wealthy if the voters of that state approve a proposed constitutional amendment which provides that the state shall levy no tax on inheritance from taxation to heads of families on household goods and personal effects up to \$500.

North Carolina would be in a position to embark in the steamship business with a state-owned line if the voters approve a proposed bond issue of \$6,500,000. Of the amount \$7,000,000 would be available to establish the state-owned steamship line. Aid to World War veterans in establishing homes by loans of not more than \$2,500 to each veteran would be available if another proposed bond issue of \$2,000,000 is approved.

Compensation and aid to veterans would be provided by constitutional amendments or referendum question in other states as follows: Alabama would exempt all former service men of the army, navy and marine corps from paying poll tax. Kansas would recognize the service of veterans in the Spanish-American War, Philippine Insurrection and China relief expedition with compensation at the rate of \$1 a day for each day of service, the maximum to any veteran to be \$600.

Louisiana would increase pensions to Confederate veterans; Maryland and Montana would provide aid or adjusted compensation, the question in the latter state depending upon the compensation amendment being carried; Oregon would extend the provisions of the soldier bonus amendment to female residents of the state who were engaged in the war department during the World War, and to veterans of the Spanish-American War, Philippine Insurrection and the Civil War; Texas would extend the adjusted compensation for veterans of the World War, Spanish-American War, Philippine Insurrection and the Civil War; Texas would extend the adjusted compensation for veterans of the World War, Spanish-American War, Philippine Insurrection and the Civil War; Texas would extend the adjusted compensation for veterans of the World War, Spanish-American War, Philippine Insurrection and the Civil War.

South Carolina and Georgia apparently are getting too much state legislation, and in both the voters are asked to approve constitutional amendments providing for biennial sessions of the legislature instead of the annual sessions as at present.

The question of legislating out of existence all private and parochial schools will come before the voters of Michigan and Washington. In the former it is proposed as a constitutional amendment, while in Washington it is put before the people as an initiative measure, and proposes to close all private schools to children under 16 years of age. In that state it would affect schools conducted by the Roman Catholics, Lutherans, Episcopalians and Seventh Day Adventists, as well as numerous military academies for boys and private schools for girls.

A similar law passed in Oregon was declared unconstitutional by the federal district Court of Appeals. The case then was taken to the Supreme Court of the United States, which is expected finally to determine the question of constitutionality at the term which was convened this month.

California will go into the power business on an extensive scale if the voters approve of a proposal to have

the governor appoint a board to develop and distribute water and electric energy and to issue \$500,000,000 worth of bonds to further the projects. Questions affecting aliens are to be voted upon in California and Nevada. The former would put a poll tax on every male inhabitant of the state for educational purposes, exempting persons paying real or property tax. In Nevada it is proposed to repeal that portion of the state constitution which guarantees to aliens the same rights as to native born citizens in respect to the possession, enjoyment and ownership of property.

Arizona and California voters will decide two questions of interest to the sporting fraternity. The former would provide for the creation of a state racing commission and authorize the operation of pari-mutuel betting machines in Arizona. California, which in the past has been the scene of many championship ring contests, now limits bouts to four rounds. It is proposed to create a state athletic commission and to permit wrestling and boxing bouts for prizes or purses, the boxing bouts to be limited to 12 rounds.

Other proposals will be voted upon as follows: Kentucky, for a \$50,000,000 bond issue to complete the state's primary road system; Mississippi, to levy income, severance and excise taxes; Montana, to repeal law providing for special primary election usually held in May of general election year, to select candidates for president and vice-president.

Nebraska, to provide for nomination by direct primary of candidates for United States senator, representatives in Congress and state and county elective officers.

Oregon, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Hudson Tunnel. New Jersey, for bond issue of \$8,000,000 as state's share for completion of vehicular tunnel under the Hudson river between Jersey City and New York, and the Delaware river bridge between Camden and Philadelphia.

Arizona, for a bond issue of \$5,000,000 for a paved highway from Phoenix to Blythe, Cal.

Massachusetts, to decide whether the state judicial constitution prohibiting the employment of children in industry shall be continued in operation, whether the word "male" shall be stricken from the statutes in order that women shall be eligible to hold state, county or municipal offices on an equal basis with men; whether the state shall enforce a state prohibition enforcement act.

Wisconsin, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

Washington, to provide that all voters must read and write English language; to repeal income tax law; to make compulsory application of workmen's compensation law to all veterans.

### Early Winter Colds

#### Caught Disease On the HANDS!

Skin disease threatens us every day. Inevitable germs of blood-poison, eczema, etc., are waiting to infect the least cut or sore place. The money you use carries germs—you get them on the handles, rails and straps of the trains and street cars, and in a score of other ways. Suffer through Zambuk. Mr. Henry C. Davis, of South 17th Street, Kansas City, U.S.A., has just escaped a virulent type of eczema which attacked his wrists, through use of public towels.

"Had medical advice," he says, "tried in vain all sorts of so-called eczema remedies, without finding the hoped-for relief. Zambuk treatment soon gave positive results. It took away the painful irritation and quickly purified and healed the deep troublesome sores."

Flush your kidneys by drinking a glass of water before breakfast. Occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. ### FATHER CLORAN MAKES APPEAL TO ROTARY CLUB

#### (Continued from page 9.)

of action Rotarians should take in order to live up to its motto and reflect credit upon all its members." That, gentlemen is just what I purpose doing, and I am very thankful for the chance you have given me to do it.

The line of competition I would begin with is music. While not out of a musician myself, I am deeply interested in it, and I am sure that after religion the greatest home-making factor there is in existence, and if we are to have truly good, truly heroic citizens, we must make for them good, happy homes. But more of this another time.

In my more for music I would like to see St. John take its place with other cities of the Dominion, and stage annually what is called a musical festival. This musical festival as conducted elsewhere is one grand meeting of all the amateur musicians of the locality. Distinguished virtuoso and musical critics are invited from far and near to act as judges, and handsome prizes are awarded those who excel in their respective classes. These classes vary in scope. Thus, for example, in the city of Halifax the competition is limited to school children. They compete in choral singing and sight reading. As far as I know every school in that city takes part in the festival, and the earnestness with which they prepare for it is only equalled by the intense interest and excitement evinced during the competition. In the city of Ottawa a musical festival is opened to church choirs only, but in the western city, Winnipeg, Calgary, Vancouver, it embraces every department of music—church choirs, school choirs, orchestras, soloists and instrumentalists; and it lasts from three days to a whole week. This is what is understood by a music festival.

Now here are some of the newspaper headlines reporting the festival in the various cities. Ottawa paper says: "One of the rarest treats of a recent musical festival was the excellent playing of the local High School Orchestra in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

### HEAVY KIDNEYS EXAMINED BY YOUR DOCTOR

#### Take Salts to Wash Kidneys if Back Pains You Suffer From

Flush your kidneys by drinking a glass of water before breakfast. Occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's various wastes, get dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.

### CHEAPER TURKEYS, IS PREDICTION

#### Dr. E. A. Smith Thinks that Turkeys are going to be cheap in New Brunswick at Christmas because of the great success which has attended the efforts of the turkey raisers this year. He reports that not for a great many years have the farmers had such success with

their turkeys. One farmer told him that they had set 24 eggs and that 21 birds had been hatched. He knew of many similar cases.

The farmers of Shediac were well content with the success of the potato crop this year. Never before had the yield been so great. They were receiving \$1 a barrel which with an ordinary crop was equal to \$2 a barrel.

Now here is the plan I have in mind. Take it for what it is worth. A society has already offered to sponsor the movement. I am proposing that that society extend an invitation to every other organization in the city to attend a meeting to arrange for the festival. From all the organizations do not set dates, to draw up programmes, to invite judges, and in general to conduct the entire festival.

Now, my question to you is this: Would it not be well within the scope of Rotary, first, to espouse this cause; secondly, to encourage universal participation in it; thirdly, to help remove obstacles; fourthly, to point out to city officials, school boards and citizens in general the obvious benefits that will accrue to all of us; fifthly, to arrange for receipts for judges on Feb. 15. This legislation makes obligatory the licensing of all plumbers practicing in New Brunswick. Nobody who does not hold a plumber's license may practice his trade after Feb. 5. Licenses will be issued by the Plumbers' Examining Board, which is to consist of the Chief Medical Health officer of the province, one journeyman and one other member who must be an employing plumber. The appointment of the examining board is to be made by the Minister of Health. The board is to draw up regulations for the examination of plumbers, and examinations are to be held semi-annually. Plumbers who have been working for five years will be required to obtain a license, but will not need to take the examination. They will, however, be required to pay the license fee, which is \$5 for the first year and \$2 each year in which a renewal license is taken out. Those candidates who fail to pass the examination will receive back the \$5 license fee. Licenses will be kept on file at the Department of Health and can be renewed from year to year by the annual payment of \$2 unless they are revoked by the Minister of Health on recommendation from the examining board. Each person entering the work of plumbing as a learner or assistant must have his name registered together with the address of his employer.

GETTING READY FOR THE MILITARY BALL

Committees are Named for Social Event of Armistice Night.

The military ball which will be held at the Armouries on Armistice night, Nov. 10, promises to eclipse altogether the very successful military ball of carnival week in 1922 when the attendance was more than 1,000 and the carnival queens were a very special attraction.

General committee—Major A. G. Rainnie, chairman; Captain E. G. Coolin, secretary-treasurer; Major G. G. Anglin, Captain E. C. Armstrong, Captain H. A. Campbell, Captain E. H. J. Barber, Lieutenant F. V. Markham.

Floor, music, programme committee—Major G. G. Anglin, Lieutenant C. Millidge, Lieutenant D. McKean. Catering committee—Captain E. A. Campbell, Captain E. C. Armstrong, Major J. R. Gale.

ARRANGE FOR TEA. Plans for the tea and sale to be held about the middle of November were made at the bi-monthly meeting of the Lend-a-Hand Circle of The King's Daughters held last night at the Guild with Mrs. Walker Gregg, president, in the chair.

Better Home-Made Candies

MAKE your candy at home with Carnation Milk—bon bons, creams, pralines, taffy, fudge. Make them from the recipes given in the Carnation Recipe Book.

Carnation is just pure fresh milk, evaporated to double richness, kept safe by sterilization. Order several tall (16 oz.) cans or a case of 48 cans from your grocer.

There are over 100 tested recipes in the Carnation Recipe Book. Write for a copy.

PARLOR BON BONS: Put equal parts of Carnation Milk and white of egg into a bowl; then stir in XXXX confectioner's sugar until mixture is stiff enough to shape.

COUNCIL MEETING A NOTABLE ONE

Mrs. H. B. Peck Speaks of Women's Convention in Toronto.

A wonderful meeting and a wonderful trip was how Mrs. H. B. Peck spoke of the annual convention of the National Council of Women which she had just attended in Toronto.

Mrs. Peck said that the weather had been ideal and the delegates had been most lavishly entertained. Before the convention the council members in Toronto had held a council theatre night that had been so successful that abundant funds were available to entertain the convention royally.

Delegates Named. Of the nine members besides the president, Miss C. E. Carmichael, of New Glasgow, those chosen to attend the quinquennial meeting of the International Council of Women to be held in Washington next year were as follows:

had begun her report with the statement received from the convener of the committee in St. John, Mrs. A. C. D. Wilson, and Mrs. Wilson's report had been very well received.

A real whole wheat porridge

If you like a hot porridge that is not a mush—one that you have to chew—try this one: Place several Shredded Wheat Biscuits in a saucepan, adding salt and enough water to cover the bottom of the pan.

PREMIER SPEAKS TO CANADIAN CLUB

Vancouver, B. C., Oct. 20.—Taking as his topic the recent Imperial conference, Right Hon. W. L. Mackenzie King addressed the Canadian Club here today. He told the audience of the

composition of that body, its work and its accomplishments, taking most of the time to point out how the conference functions when matters relating to but one part of the Empire came up for consideration, or between one part of the Empire and another, or when questions affecting the whole Empire were concerned.

Radiates Energy

"The Mighty Atom"

In a perfect food a sufficient supply of proteins is essential. OXO Cubes present valuable beef-proteins in a soluble form and, in addition, accessory substances which increase nutrition.

Tasty Dishes

OXO Cubes provide appetising soups, stews, gravies, and enrich all meat-dishes with little trouble and great economy.

Strength for the Invalid

OXO Cubes are dietetically superior to beef-tea, and more economical. Hospitals, infirmaries, and public institutions use OXO in preference to beef-tea.

The Children's Meals

Let the children start and end the day with OXO and milk. Add an OXO Cube to a bowl of hot milk (diluted, if desired), and serve with bread or toast.

For Business Girls

OXO Cube sandwiches, or a cup of OXO and a few biscuits, make a sustaining and economical lunch. Many sedentary workers prefer an OXO lunch to heavier diet.

For the Children FREE

Tommy Tomkins Painting Book never fails to delight the children. It amuses them while teaching them to paint. Send four OXO Cube Wrappers to Oxo Limited, 232 Lemoine Street, Montreal, Que.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Grain Conveyor Galleries, St. John, N. B." will be received by the undersigned, Thursday, October 30, 1934, for the construction of Grain Conveyor Galleries, at Berth 16, St. John Harbour, N. B.

Plans and forms of contract can be seen and specifications and forms of tender obtained at this Department at the office of the Engineer, Old Post Office Building, St. John, N. B.; District Engineers Office, Postal Station "H", Montreal, Que., and Equity Building, Toronto, Ont.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

Note—Blue prints can be obtained from this Department by depositing an accepted cheque for the sum of \$25.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order, S. E. O'BRIEN, Secretary, Department of Public Works, Ottawa, October 10, 1934.

In the Financial World

MARKET FIRMER AT TODAY'S OPENINGS

Steel Strong—Copper and Oil Recede Fraction—Montreal Gains.

New York, Oct. 21.—Buying support for the steel shares and further accumulation of low-priced rail issues imparted a firmer tone to the stock market at today's opening, although fractional declines took place in the copper and oil groups. Price of gold moved up a point. Consolidated gas, a longtime was hammered down five points.

Montreal, Oct. 21.—A few good fractional gains were registered at the opening of today's stock market, including an overnight advance in three-quarters in steamship preferred, the most active issue during the early trading. Can Cottons was up a half to 104 and Brazilian a quarter to 81 1/2. The balance of the list was unchanged.

Montreal, Oct. 21.—Cable transfers, 4.48 1/2.

WORLD TOPICS

DISCUSSED IN LONDON LETTER

Ramsay MacDonald's Doorstep Speech as His Government Resigned.

DELVILLE WOOD Famed Place on Western Front Being Replanted—Supplied Rum.

(Correspondence of Times-Star.)

London, Oct. 9.—At 11 o'clock last night, with a packed and overworked House of Commons assembled within and an angry and excited crowd waiting outside Westminster, the long delayed defeat of the Labor Ministry on that issue took place. By overwhelming majority of combined Conservative and Liberal votes, a motion was carried against the Government, demanding a committee of inquiry into the recent abandonment of a Communist editor's prosecution for sedition.

OPINIONS ON THE STOCK MARKET

New York, Oct. 21.—Hornblower & Weeks, who are the only financial opinion that the rally has the semblance of a genuine recovery in the market which probably has commenced a trend downward, made it well known that stocks are not accumulated in any way and that the market is not a genuine recovery in the market which probably has commenced a trend downward.

Morning Stock Letter

(From McDougall & Cowans.) New York, Oct. 21.—There is still no indication of any definite trend in the market. The fact that money rates have sagged back to 3 per cent, has created a better feeling, but these rates themselves are due to a large extent to the coming election. Waiting for the trial of the money market. Selling on with material, the market is not hard, and it will take a while to get the market to act as a market which will be a decided move to the right.

Current Events.

New York, Oct. 21.—Negotiations for French loan in U. S. between J. P. Morgan & Co. and the French Government proceeded satisfactorily. No definite decision was reached after the election.

PLAN RE-UNION OF TWO BATTERIES

Arrangements for a Get Together of 23rd and 24th Next Year.

Arrangements for a reunion of members of the 23rd and 24th Batteries, C. F. A. were undertaken at a dinner attended by some 17 Frederician members of the two units the other day.

Another Air Route.

The sudden political crisis caught Lord Thomson far from the parliamentary base. He is now in the hands of the Admiralty, and his mission to the east included among other matters, arrangements for the new Cairo-Bagdad air service.

Replanting Delville Wood.

Not an ex-convict man anywhere, who served on the western front, but will be interested to know that Delville Wood is to be replanted. By arrangement between the governments of France and South Africa this area, at present a desolation of charred and splintered tree stumps overwhelmed by dense undergrowth, will be replanted with Spanish oak, chestnut, ash, birch, beech and hornbeam.

The Trouble at Irak.

The inner history of the incidents on the northern frontier of Irak, which are now engaging the attention of diplomats in London, Constantinople, and

Will Plough Waters of the Pacific

The Canadian Pacific is adding two other vessels to its already large fleet of steamships, the Princess Kathleen, recently launched by Lady Mount Stephen at the Cleveland yards of John Brown and Company, and destined for service on the Pacific Coast triangular run—Vancouver, Victoria and Seattle, and the Princess Marguerite which is being fitted in the same yards for the same service.

Both of the new steamers are twin-screw, oil burning vessels with a capacity for 2,000 miles and a speed of 22 knots. They have been specially designed for sea steadiness and are most commodious. Night accommodation has been arranged for 320 first class passengers, and there is day accommodation for over one thousand. All modern electrical conveniences have been installed, and special attention has been given to the design of the spacious public rooms—writing, observation, smoking, dining, library and veranda. The vessels will be placed into immediate service upon delivery at the Pacific Coast.

harmless and amusing incident, ended in swooping acrobatics and spitting machine-guns, a disastrous retreat by the remnants of the Turks, and a diplomatic potter at Geneva and elsewhere. It will be a long time, however, before another rally attempts to dispossess a hard-working midwife of revenue derived from the Assyrian Christians.

Some time later we heard that a Turkish muller was living among them—a kind of minor general. He seems to have been a harmless person, who occasionally collected taxes from the Assyrian Christians, but never by any chance sent the proceeds to Angora.

What the coming struggle will be is extremely doubtful, and few prognosticators venture to predict an independent majority for any of the three parties. Those who do not go either Labor or Conservative will be defeated at the polls. Neither Mr. Asquith nor Mr. Lloyd George are assured of return to the next House of Commons. Some people talk of the possibility of a coalition government by either Mr. Asquith or Mr. Baldwin forming a ministry to carry out the present government's policy.

Mr. MacDonald's Doorstep Speech. After the shouting and the tumult, the attention of the parliament was attracted to the speech of Ramsay MacDonald, who was wearing his usual soft felt hat and old lounge suit, but the Palace Yard lamps revealed his familiar white locks and grizzled moustache.

They were at a loss to know what to do with the high Turkish official, but eventually they returned him to the Turkish Government like a piece of lost property, accompanied by a suggested bribe of £100,000.

The happy thought occurred to one London journalist of adventuring into Thomas Burke's Limehouse Chinatown to gain first-hand views from the indomitable oriental engineer on the subject of the proposed canal.

SHOE OUTPUT OF CANADA INCREASES

Number of Pairs Made in 1923 is 873,094 More Than Last Year

Montreal, Oct. 20.—The number of pairs of boots, shoes and slippers made in Canada in 1923 amounted to 18,067,800, an increase of 873,094 pairs over the production of the previous year, according to a preliminary report on the leather boot and shoe industry issued by the Dominion Bureau of Statistics. The total value of production in 1923 was \$46,890,897, an increase of \$186,889 over the value of the previous year's production.

Revolt at Fashion's Dictates. The woman who cannot afford to spend too much on her clothes, but wants to keep pace with fashion, should postpone the purchase of her winter clothes (writes a woman correspondent). In spite of all that has been written about the new fashions, women have really not made up their minds what they mean to wear, and for the moment are revolting in an almost unprecedented way against the dictates of fashion.

JOHNSTON LODGE ACTIVITIES. Johnston Lodge, L. O. B. A. No. 19, at a recent meeting in the Orange Hall, Germain street, with Mrs. C. W. Stephens, W. M., in the chair, initiated two candidates and three were given the second degree. Four applications for membership were received.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

JOHANNY McINTYRE AWARDED DECISION

Outpoints Chris Newton, of Toronto—Collie Kane Wins Preliminary.

A fair sized gathering of boxing fans assembled in St. Andrew's rink last evening to see Johnny McIntyre and Chris Newton engaged in a ten round bout.

Taken as a whole the programme was not as thrilling as some staged by the Commercial A. C. although it was no fault of the management. The talent was undoubtedly there but the contestants engaged in too much clinching and at times wrestling in this manner their showing.

In the preliminary bout Collie Kane showed a willingness to mix and it was his aggression that resulted in his being awarded the honors. McIntyre, at times appeared to be a better boxer, but time after time when he landed a clean blow he failed to follow up and lost every advantage thus gained.

They Won For Washington in 1885

Washington once idolized these men as it does 'Buck' Harris and his boys today. They, too, won a pennant for it—the capital's first, and its only one until the Senators came home from Boston the other day.

BOWLING SEASON GETS UNDER WAY

Crash of Candle Pins Resumed, Heraldng Opening of Leagues.

The Knights of Pythias team took three points from the Knights of Columbus team in the Inter-Association Bowling League game on the Imperial alleys last night.

clinging was resorted to although Newton was the chief offender in this instance. When the gong sounded to end hostilities the fans surged to the ring side to await the decision.

JOHNNY McINTYRE, Y. M. C. I. TONIGHT

Members of the Y. M. C. I. are looking forward with keen anticipation to a big reorganization meeting and smoker to be held this evening in the Institute auditorium.

ROBINSON PLANNING TO BOLSTER TEAM

President Ebbs announces That Deals are Pending for Infielders.

"I won't predict that Brooklyn will win the pennant, but I'll say that we will have a better club than this year."

EPINARD WILL BE RETIRED TO STUD

Famous French Thoroughbred to Return to France—Foot Injured.

New York, Oct. 20.—Epinaard, famous French thoroughbred, will not race again and will be retired to stud upon his return to France.

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

NEW OPERA HOUSE  
PLAY ENJOYED

House of Glass is Well Presented by the Carroll Players.

"The House of Glass," a drama in four acts, is the offering of the F. James Carroll for this week. A good play, well acted. The bulk of the work falls on the shoulders of Miss Nancy Duncan. Last night she was given rounds of applause, and in the scenes held the audience in gripping attention. It was some seconds after she had finished one scene before audible applause came.

The story is that of a young girl in New York, falsely accused of being in league with a thief, sentenced to a three-year term in jail, and paroled after a year and a half. She breaks her parole and goes west where she is married to a prominent railway man. Returning to New York she lives in dread of the law. She is discovered by the police and confined to her husband, who has always held the doctrine that "once in jail you are damned," but he is led by his love for her to change his attitude and all ends well.

Richard Polette as "Burke," the crook who was responsible for getting the unsuspecting heroine into difficulties and later did his best to make her innocent plain, gave a splendid rendition of the part and made a hit with the audience.

As Harvey Lake, the intolerant husband who could see no good in or credit to any one charged with a crime, Foster Williams added to the reputation which he has already made since coming here.

Clyde Franklin as the headquarters man, never letting up until he had captured his man, acted by the hat of the audience as he followed the unfortunate Margaret Case over the country.

"Himmler" Swift had a part new to him and demonstrated that he could do something besides provide laughs for the audience when need arose and as the corporation lawyer and later staunch friend of Mrs. Lake, he acted his part convincingly.

Owen Coll in the part of "Atwood," the railway magnate, gave his usual good performance.

The other members of the cast had small parts which they filled most acceptably and all added to the enjoyment of the performance—Miss Trevor, as "Nelle"; Miss DeWesle, as the boarding house mistress; Jack Mack, as "Crowley"; Fred Marshall as the policeman; Philip Boland as the butler; Winifred Gilmore as the maid; and George Smith as the governor.

**HEARTS OF OAK ON QUEEN SQ. SCREEN**  
Wm. Fox Screen Version of the Great Stage Play Enjoyed.

"Hearts of Oak" has been a big stage play and now it has been brought to the screen in all its melodramatic glory. The motion picture certainly does not suffer by comparison in fact the wider facilities offer bigger territory to present the various sequences of this unusual story.

The Pearl King's Wife

Meet Mrs. Adolph, wife of the French pearl king and one of the most beautiful leaders of Parisian society. A talented actress, she has taken leading roles in many plays for charity, but has refused, so far, many offers to go on the professional stage.

SAYS ORIENT HAS "TOO MUCH WEST"

Japanese Leader Thinks His Country Has Gone Too Far.

Tokyo, Oct. 21.—(United Press)—Mitsuru Toyama, known as Japan's "Robin Hood," and one of the most influential reactionary leaders in Japan, believes that the Empire's greatest mistake made since the Orient came into touch with occidental culture has been the "headlong manner in which Japan has adopted the material teachings of the west."

Toyama said in an interview that many thoughtful persons now are beginning to realize that it is "high time for her to introspect and retrospect and even to retrogress over certain events, and to readjust western ideas on the basis of the national spirit."

He deplored modern tendencies in Japan which he thinks are causing the nation's culture to be sacrificed on the altar of materialism.

However, that "the spiritual will eventually prevail over the materialistic." He is a great believer in the philosophy of Confucius.

On an Asiatic Federation, Toyama said: "The white and colored races treat each other justly and humanely, there should be no necessity for such an organization in the eastern part of the world. However, since such is not the case, the formation of such an organization is the natural outcome of the present situation. The immigration act in America I believe has hastened the formation of such a co-operative organization."

**DEANERY MEETING AND S.S. TEACHERS' ASSOCIATION**  
The address of Rev. Dr. R. A. Hills, general secretary of the Religious Council of Canada, and of Rev. Canon C. W. Vernon, general secretary of the Social Service Council of the Church of England, Canada, which were delivered yesterday at the meeting of the St. John Deanery, and at the Deanery Sunday School Teachers' Association meetings, were a splendid inspiration to all who heard them.

The Deanery meeting was held in St. John's church with Rev. Dean, Rev. W. H. Sampson presiding. Dr. Hills spoke of Sunday school work and Canon Vernon of Social Service endeavors.

COURTAIN PLAYS IN NEW YORK

The following from the New York Times of last Sunday will be read with interest by St. John people who attended the excellent organ recital given in the Germania street Baptist church here a few days ago:

"Charles M. Corbin began a fourth year of organ recitals at Wanamaker's yesterday with a programme enriched orchestral by the All-Artists' Ensemble led by Edgar Carver. There was an audience that overflowed hall and gallery. Mozart's 'Figaro' overture, parts of Grieg's 'Peer Gynt,' Dvorak's Largo from the 'New World,' and Jansef's 'Præclidium' were the chief works, to which Courbain added solos from Bach, Schumann, Franck and Widor. Frederick Wiederman of Prague will play Nov. 10, and the following week Marcel Dupre."

Curling Iron Kills Hair; Silmerine Improves It

Many a woman loses the silky, fluffy and brilliant appearance of her hair through habitual use of the curling iron. Certainly it can do the hair no good to dry up its natural oil, stifle the life out of it, making it harsh, brittle and dull. And there's no excuse for that, now that it is known what can be accomplished by the simple silmerine method. Liquid silmerine really preserves the life, lustre and beauty of the hair. The curling iron is a most captivating and most long-lasting, as you've never tried it before. It's a little with brush just before doing up your hair. It is neither sticky nor greasy, but quite pleasant to use.

FICTION IN U.S. IS COSTLY AFFAIR

Rough Estimate Places it at Thirty Millions of Dollars.

New York, Oct. 21.—(By Canadian Press)—The cost of a national election in the United States is roughly estimated at \$30,000,000. About one-third of the cost is paid by the states out of revenues raised by taxation. The remainder is paid principally by the dominant parties out of funds made up by campaign contributions.

No accurate figures have been compiled upon the cost of holding elections in the states, but \$10,000,000 is a conservative estimate. The cost in New York State alone is about \$1,750,000. This includes the printing of ballots, the renting of polling places and the payment of judges, but does not include the cost of registering the voters and holding primaries.

The campaign of 1920 was admitted to be the most expensive in the history of the country, but the grand total of expenditures, as reported by the party committees, and given in the following table, amounted to only \$10,338,509.92, as follows:

Table with 2 columns: Party, Amount. Republican Democratic National Com. \$5,319,729.32; Congressional Com. 24,498.05; Senatorial Com. 875,989.05; State Com. 826,890.29; Total \$8,100,739.21. Democratic National Com. \$2,181,274.02; Congressional Com. 24,498.05; Senatorial Com. 875,989.05; State Com. 2,078,960.55; Total \$5,160,721.67.

CROOK PICTURE IS UNIQUE FEATURE

James Kirkwood and Lila Lee Star in "Inner-Sight."

"Love's Whirlpool," the screen version of Martha Lord's novel, "The Inner Sight," which opened last night at the Unique theatre, is an interesting story, well acted. It deals with the reformation of two crooks, and the awakening of a selfish man through the force of spiritualism. The sinister mystery of the underworld and the occult mystery of clairvoyant seances furnish thrills aplenty.

James Kirkwood gives a splendid interpretation of Jim Reagan, master crook, who is redeemed through the power of great love. Lila Lee's portrayal of Molly, Jim's sweetheart, is an admirable one. This is the first time Miss Lee has had a chance to portray a "woman" part. It is a new Lila Lee we see in "Molly," but she is just as charming as a woman of poise as she was as an effervescent girl. Midge Bellamy has the other prominent feminine role and does some excellent work as Nadine Milton. The entire supporting cast is good. It includes Robert Agnew, Edward Martindale, Mathew Betz, Margaret Livingston, Clarence Geldert and Joe Mills.

Among the gripping scenes are: A shipwreck, Larry's escape from prison, seances and a police raid. The photography is excellent, especially in the shipwreck and "spirit" scenes.

WOMEN'S COATS AT BARGAIN PRICES

### SAYS PORT BUSINESS DEPENDS MUCH ON COUNCIL'S ATTITUDE ON CHARGES

General Outlook Good, Declares D. W. Ledingham on Return From Montreal, But Says Top Wharfage Matter Has Much to Do With It.

While the prospects are good for a successful winter port season, the volume of business depends largely on the attitude taken by the Common Council in connection with the top wharfage charges, was a statement made this morning by D. W. Ledingham, local manager for Furness Withy and Co. Ltd., on his return after a business trip to Montreal. Eliminate these charges, he said, and the chief complaint of the shipping companies against the Port of St. John had been removed. Referring to present conditions in Montreal, Mr. Ledingham said that the shipping business was especially brisk and vast quantities of grain were moving through that port. He added that the feeling was general there that the grain movement would continue heavy through the winter months, although perhaps not so heavy as at present. That a fair portion of this grain would be shipped through St. John was the consensus of opinion providing there was a lowering of the high expenses at this port. Referring to the present shipping rates Mr. Ledingham said that shipping companies were anxious to get a bare margin of profit owing to the extreme competition and, in many cases, at a small loss. As a result of this, he declared, every item of expense counted, and the steamship lines did not favor St. John as the expenses

### LOCAL NEWS

**CITY WORK.**  
Work at the Crown street sewer was progressing thoroughly. Commissioner Wigmore said this morning and pipe is being laid at East St. John each day.

**BAZAAR FOR ORPHANS.**  
The Misses Marion Clark, Doris Holder, Lillian Sudbear, and Ruth Titus, held a bazaar recently at 91 Metcalf street and handed the proceeds, \$8.80, to the treasurer of the N. B. Protestant Orphans' Home. Grateful acknowledgment has been made.

**LOOKING TO 1925.**  
Plans are now being made for the beautifying the public squares for next season, it was said this morning by Commissioner Frink. The bulbs for winter planting have been ordered and will be placed in the beds in the near future.

**TRAFFIC CASES.**  
George T. McCormack and J. A. Mason were each fined \$10 in the police court this morning on charges of exceeding the speed limit with their automobiles in Douglas avenue. Defendants were reported by Special Constable McBrien.

**ENGAGEMENT OF INTEREST.**  
Montreal Gazette: Mr. and Mrs. James Donville of Manor d'Atan, Bessiers, announce the engagement of their only daughter, Anne de Beaujeu, to Signor Luciano Marica of the Foreign Office, Rome, who is soon to take up his post as secretary to the Embassy at Washington. The wedding will take place in November.

**THE HANSON-GLEANER CASE.**  
The appeal bench which will hear the appeal in the case of W. B. Hanson, M. P. vs. The Gleaner, Limited, says the Prefecture Mall, will be composed of Mr. Justice Grimmer of the Appeal Division, and Mr. Justice LeBlanc and Mr. Justice Byrne of the King's Bench Division. The other members of the bench cannot sit because of connection with the case.

**TO TORONTO TODAY.**  
Hugh H. McElean, provincial fire marshal, will leave this evening for Toronto to attend the annual convention of the Dominion Fire Marshals' Association. He expects that J. A. Thomas, fire marshal for British Columbia and president of the association, and Major Rudland, fire marshal for Nova Scotia, will arrive this afternoon on the Halifax express and accompany him to Toronto.

**PRESBYTERY HERE TODAY.**  
A special meeting of the St. John Presbytery has been called for this afternoon in St. Andrew's church. The main item for consideration of the meeting was the resignation of Rev. W. J. Beris from the Lorneville charge. Several home mission matters were also to come before the meeting. Rev. Mr. Beris is undecided where he will locate, although it is said there is a possibility he may take up work at East St. John.

**WRITES FROM IRELAND ABOUT LATE MR. FARRELL.**  
The Times-Star today received a communication from Michael Farrell of Lark Hill, County of Tipperary, Ireland, asking for information about the late Michael Farrell, who died in this city recently. The writer said he thought he might be a relative and was anxious to learn as much about him as possible. From enquiries made today it was learned that the late Mr. Farrell was born on the outskirts of Tuam in Galway. So far as is known he had only one brother and two sisters.

### CITY STREET WORK

Good progress was being made with the Seelye street and Brunswick Place paving, and some repairs were being made to a retaining wall in Dorchester street, said Commissioner Frink today. With regard to Brunswick Place, the commissioner said it was the first street of which he had knowledge that was paved with all the substructures and services installed and he hoped it would be some time before the surface of the street would have to be broken. The water and sewerage services have been given to each lot, whether occupied or not.

Work has been begun on the retaining wall in Prince Edward street. It will be 178 feet in length, starting at the corner of Richmond street. It takes the place of an old dry stone and log retaining wall which was erected before records of such work were kept and must be more than 80 years old, Commissioner Frink said.

### As Hiram Sees It

"Well sir," said Mr. Hiram Hornbeam to The Times reporter, "you orto see the daisies an' the butter-tups an' flowers bloomin' all over The Settlement."  
"One moment," said the reporter, and he rose to close the door. "I am not taking any chance with draughts. Be-er!"  
"I picked a hull lot o' blueberries in the sack field yesterday," said Hiram.  
"If you don't mind," said the reporter, approaching the radiator, "I'll have some heat."  
"I found some ripe strawberries in the garden last night," said Hiram.  
"What are you asking a load for cut hardwood for immediate delivery?" asked the reporter.  
"There ain't no snow to haul it on," said Hiram.  
"I have been sneezing for a week and I'm taking pills and tablets and hot drinks for half that time. I am not interested in anything but blankets, handkerchiefs, and some form of expression suitable to my case."  
"I guess I better beat it," said Hiram.  
The reporter sneezed a fervent assent.

### COMMUNITY SALE HAS GOOD START

Increased Business Comes to Merchants—Many Attractions in Shops

St. John's community sale got away to a good start yesterday in all of the different stores which are co-operating in the annual event. Although yesterday was but the first day for the sale the management of the stores reported that there were many out-of-town people among their increased number of customers, and that buying had been decidedly heavier for Monday than it had been for some time past. Although the sale had been extensively advertised some of them did not think that the out-of-town people had as yet fully realized that the sale was of special interest to them, for in addition to their receiving the benefit of the reduced prices there was the substantial attraction in the form of reimbursement for railway transportation. Wednesday and the remaining days of the week would see a great many more people in town, they felt.

**WIFE OF CAPTAIN WM. HENDERSON, NORTH END, DEAD**  
Mrs. Alice Henderson, wife of William Henderson, much respected resident of the North End since her young married life passed away at her home at Victoria Wharf this morning after a lingering illness. She was a daughter of the late Henry and Hannah Denney Whaley and leaves the following family besides her husband: Edward Henderson of this city; Emory, attached to the local military establishment; Thomas H. of the Blue Ribbon Beverage Co.; William, who has his home at Victoria Wharf on the river; Vernon of the Ames-Holden Co. employe; Mr. H. B. Curran and Mrs. Ambrose Guy of North End. Mrs. William Cronk of Mass Glen are sisters and George A. Whelpley and David Whelpley of the city are brothers.

**THIEVES MAKE \$500 DOCK STREET HAUL**  
Get Into Jacob Lambert's Store and Make Their Selections.  
Another daring robbery was perpetrated last night when dry goods, hoot and shoe and jewelry store of Jacob Lambert in Dock street was broken into and goods valued at approximately \$500 was stolen. The thief or thieves forced an entrance by means of a window in the rear of the building and once inside apparently took their time choosing desired articles. Boxes of goods were emptied and taken, while entire trays of rings and watches were stolen.

**MRS. FERRIS TO SING TOMORROW NIGHT FOR RADIO**  
St. John friends of Mrs. Blake Ferris, one of the city's prominent singers, will be interested to learn that Mrs. Ferris is to sing in a radio programme tomorrow night. Her solo will be broadcasted from the Brunswick Hotel Back Bay, in Boston. This is the same station from which another St. John singer, Dr. P. L. Bonnell, broadcasted last week. Mrs. Ferris will sing at 8:30 o'clock sharp. Mrs. Ferris was billed to sing at a banquet at the Hotel Bellevue, Boston, on Saturday night.

**HAD CLOSE CALL**  
The Ocean Limited from Halifax on Sunday hit a car owned by E. A. Young of Montreal, when it stalled on the crossing at Cook's Brook, but when the train came back, the train having been stopped, it was found that only the fender had been dented in. Mrs. Young was driving the car from Shediac, and besides her husband, she had her little daughter with her. The curtains were up. When the crossing was reached she stalled the car and when the engine died the noise of the approaching express, which had been drowned out, was clearly heard. Young leaped from the car, pulled out his wife and daughter and succeeded in moving the car back almost clear of the crossing engine. The three escaped what had seemed almost certain death.

### SHOOTING SUPPLIES
