EMPEROR OF MADEIRA DEAD

Emperor Charles Has Passed Away.

A Few Days With Anemia and Cerebral Disturbances—Exiled by After Two Attempts to Gain Throne.

(Canadian Press Cable)
Vienna, April 1.—Former emperor of Austria-Hungary, Emperor Charles, died at his residence in Madeira, Portugal, at the age of 62, after a long illness. He was taken ill at Madeira on the island of Madeira for more than a week ago.

EMPEROR CHARLES.

He had been suffering from but advanced from pulmonary tuberculosis and later it was found that he was suffering from cerebral complications. He became so serious on Saturday evening that he was unable to attend to his duties. He died peacefully at 10:30 p.m. on Saturday. He was 62 years of age. He had been exiled from Austria in 1914. He had two attempts to regain the throne. He was married to Empress Elizabeth.

RECIPROCAL LIVESTOCK

Agreement That Negotiations With United States Red.

Washington, April 1.—Recommendation of the National Live Stock Association, which has been in conference here since Saturday, is that the United States and Canada should negotiate a reciprocal livestock agreement. The association's action is in line with the recommendation of the American Cattle Raisers' Association, which also is in conference here. The association's action is in line with the recommendation of the American Cattle Raisers' Association, which also is in conference here.

OFFICIAL OF BANK SUICIDES

London, April 1.—W. T. Fenton, secretary of the National Bank of Canada, left his desk to go to a luncheon, after which he was found dead in his office. He had been suffering from a heart ailment.

DEATH OF BELGIAN IN MAY

London, April 1.—It is announced that the Belgian government will pay a state pension to the widow and three children of a Belgian soldier who was killed in the war. The pension is to be paid for the rest of the soldier's life.

Stock Market

Stock market was steady and quiet today. The market was active in the morning but became quiet in the afternoon. The market was active in the morning but became quiet in the afternoon.

FIERY CROSSING ON HIGH PEAKS IN COAL REGION

Morgantown, W. Va., April 1.—On the eve of the coal strike residents of this city were startled at nine o'clock last night by the appearance of four fiery crosses on four high peaks overlooking the city. These lit the sky vividly and the spectacle continued for twenty minutes. No information as to the origin of the crosses or the persons who threw them is available. It is believed that the crosses were thrown by the Ku Klux Klan, which is said to have been in existence here for a number of months.

POLICE AND ARMY MEMBERS FIGHT

Fierce Encounter Near Border of Tyrone.

Belfast, April 1.—A fierce fight between a party of police and members of the Irish Republican Army took place near the border of Tyrone county, Ulster, last night. The police were engaged in patrolling the district, which is mountainous and difficult to traverse. The police were engaged in patrolling the district, which is mountainous and difficult to traverse.

Bomb Kills Little Boy in Belfast

Belfast, April 1.—A bomb explosion in Belfast today killed a young boy and wounded several others. The bomb was thrown from a car. The explosion occurred in a crowded street. The boy was killed instantly. Several other children were wounded.

Loss of \$800,000 a Day in Wages and 20,000 Families Affected—Some Shooting in Part of the Affected Districts.

(Canadian Press)
Indianapolis, April 1.—Confident that the suspension of work begun at midnight by non-union miners would result today in a complete tie up of the country's coal supply, officials of the United Mine Workers of America today issued reports showing the exact extent of the shut-down. At least \$800,000 in wages, expected by the union to be lost, is the result of the strike. The first time in the history of the coal industry union officials said both bituminous and anthracite fields were tied up simultaneously and the union estimate was that 6,000 of the 7,000 mines in the country were closed as a result of the walk-out. The only production of coal in the country was reported from Kentucky, where 5,000 miners are under contract to work for another year.

Non-Union Man Shot.

Bloomsburg, Pa., March 31.—Anthony Vanigan said by the police to be a non-union miner was shot from ambush today on his way to work in the Scotch Valley, eight miles from here. His wound probably proved fatal. Vanigan was shot by a man who was after a controversy over the discharge of a blacksmith. Some non-union men remained at work.

POSTAL CHANGE

Postmaster Flagler has been advised by the postoffice department at Ottawa, that beginning today, the mail transfer agents at St. John have been transferred from the supervision of the acting district superintendent of postal services, and placed under the direction of himself. The men affected are M. J. Dwyer, senior in charge; N. J. Danery, R. H. Myles, J. J. Gullahan, T. W. Pile and F. G. O'Brien.

TRIAL ON TUESDAY.

The trial of William Perry, charged with an attempt to murder, was set for Tuesday in the circuit court this morning. Perry was brought in this morning to be reported upon as to his physical condition to stand trial, and it was reported that he would be fit for Tuesday. The court was therefore adjourned until that time.

HOUSEWIVES' CHEAP MILK CRUSADE

Housewives of Deal, England, started to run a cheap milk depot about two months ago to cut down the dairymen's price of 30 cents a quart. They brought the price down to 16 cents, have built up a big business and are making a profit. The dairymen, however, are making a profit. The photo shows one of the drivers leaving the milk depot for her morning rounds.

COAL MINERS ARE IDLE TODAY

Bituminous and Anthracite Fields Tied Up.

Loss of \$800,000 a Day in Wages and 20,000 Families Affected—Some Shooting in Part of the Affected Districts.

APPEAL TO SAVE FAMOUS CLIPPER

Record-breaking Sailing Ship Built by Nova Scotian in Year 1869.

Boston, April 1.—An appeal to the pride of Boston to save from the junk heap the famous clipper ship, *Glory of the Seas*, built at Donald McKay's shipyard in East Boston in 1869, has been received from Cornelius J. Vanderbilt, in Tacoma, Wash., and the Maritime Association has started a movement to have the one proud queen of the seas brought to the port of her birth to be exhibited as a reminder of the days when she and other ships of her type carried the United States flag to every corner of the globe.

WINNIPEG HOUSE IS LIKELY TO KEEP AT IT TILL THURSDAY

Winnipeg, April 1.—As the result of a debate on the provincial hydro-electric system occupying practically all the time at the two sessions of the legislature, the house will probably adjourn on Thursday night, and it is declared there is enough business on hand to keep the house going till Thursday at any rate.

WEATHER REPORT

Phelix and Ferdinand
Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, Director of meteorological service.

Synopsis—A disturbance which moved up from the Mississippi Valley yesterday has caused a heavy fall of rain, sleet and snow over Ontario and western Quebec and another disturbance is centered this morning near Nantucket indicating stormy weather in the maritime provinces. In the west the weather has been fair and mild.

Forecast—Clearing Tomorrow. Maritime—Strong winds and gales from northwest with snow and rain. Sunday, clearing with northwest winds. Gulf and North Shore—Northwest winds, fair tonight followed by snow in some districts tonight and Sunday. New England—Rain this afternoon, fair tonight and Sunday, little change in northwest this afternoon.

Toronto, April 1.—Temperatures—Highest Lowest Stations. 9 a.m. Yesterday, night.

Chicago Grain Market.
Chicago, April 1.—Opening:—Wheat—May 1.31-4; July 1.167-8. Corn—May 57.1-4; July 60.7-8. Oats—May 26.1-4; July 86.5-8.

ESTIMATES IN THE COMMONS

Labor Figures are Reduced by \$15,000.

Point of Order Sets Back the Defence Amalgamation Bill—Senator Wants Income Tax Collection System Simplified.

(Canadian Press)
Ottawa, April 1.—Yesterday in the House of Commons Premier King announced that the house would probably adjourn on the Wednesday prior to Good Friday, and the adjournment to last until the following Tuesday.

APPEAL TO SAVE FAMOUS CLIPPER

As Hiram Sees It

"Hiram," said the Times reporter, "I have seen three or four tiny spears of grass that look as if the sun had just coaxed them forth. They may be a survival of last fall's growth, but they are fresh and green. They set me thinking of the wide fields, the brooks, and the budding trees. We have come through the winter very well."

Colored Woman in Montreal Gives Evidence About Fire in her Home.

Montreal, April 1.—At an inquiry yesterday into the causes of fire that occurred at her residence at 28 Desnoyers street on last Sunday, Mrs. Ethel Griffith, colored woman, said that she had twenty-three pairs of shoes in a cupboard, and she found them to wear all these shoes, she said she changed her shoes every time she changed her suit. She could not remember how many silk dresses she had, but she said she had many hats belonging to her had been burned.

AMENDMENT TO THE CONFIDENCE MOTION IN HOUSE

London, April 1.—(Canadian Press Cable)—It is understood that the speaker of the House of Commons has agreed to refer the labor party amendment to the vote of confidence motion which will be proposed in the House on Monday. It is said to be a clearer issue and also to be preferable as coming from the larger of the two parties. The independent members will support the Labor amendment but the Conservatives critic of the government will either vote against it or abstain from voting.

STEPS TO KEEP PEACE IN THE BALTIC STATES

Riga, April 1.—Steps designed to maintain peace in the Baltic states were taken at a pre-conference here today when the delegates of the four participating countries signed an agreement favoring the principle of armament limitation and providing for armament neutrality on the frontiers, in which only a few guaranteed duty troops would be permitted. The agreement expressed a sincere desire for universal peace, and stipulates that in the event any disputed questions arise, an endeavor be made to reach solutions by peaceful means. The countries which signed the agreement are Soviet Russia, Poland, Latvia and Estonia.

LABOR NOW IS 74 STRONG IN THE COMMONS

London, April 1.—(Canadian Press)—The labor party, with the latest recruit in East Leicester, Alderman Banton, now number 74, nearly twice as many as the Independent Liberals in the House of Commons.

GETTING IN LINE FOR HYDRO-ELECTRIC

Engineers at Work in Sussex Examining Electric Equipment Now in Use—Will Report to Council.

(Sussex Record) From present indications the long wished for hydro-electric power will soon be a reality and citizens of Sussex before many months have passed over their heads will be able to enjoy its manifold benefits. This week Messrs. Graham and Lumsden, of Halifax, N. S., two expert engineers of the Nova Scotia Power Company, have been at work in Sussex examining the electric light equipment at present in use in the town with the object in view of finding out what portion of it could be used if taken over by the town, and the value of same. They will also prepare and submit an estimate on the cost of an entire new plant for the distribution of hydro in Sussex. Both reports will very shortly be placed with the Town Council for its consideration, and afterward will be submitted to the ratepayers at a public meeting that will be called for that purpose, when action will be taken on the matter.

Messrs. Graham and Lumsden, the engineers here, have been engaged at work in connection with hydro at Hampton and other places along the line. The convenience of a day service of electric light, and the advantages to be obtained from the power will be greatly appreciated when hydro becomes a reality.

CANADIANS LOSE TO WESTMINSTERS

Boston, March 31.—The Westminsters, hockey champions of the United States, defeated a Canadian team announced as the Torontos by a score of 2 to 1 tonight. The Canadians came here to fill the dates originally assigned for an international series between the Granites, Canadian champions, and Westminister for the world title.

The Granites were refused permission to come, but several of their players were members of the team that played tonight. The winning goal was scored by Captain Downing of Westminister in the last period after Goal-keeper Britton of the Torontos had stopped the puck but allowed it to roll by.

IMPERIAL Tuesday, April 4th at 8.45 p.m. (After the First Show) "THE FACTS ON HYDRO" Full, frank and open discussion of today's biggest civic issue by His Worship Mayor Schofield

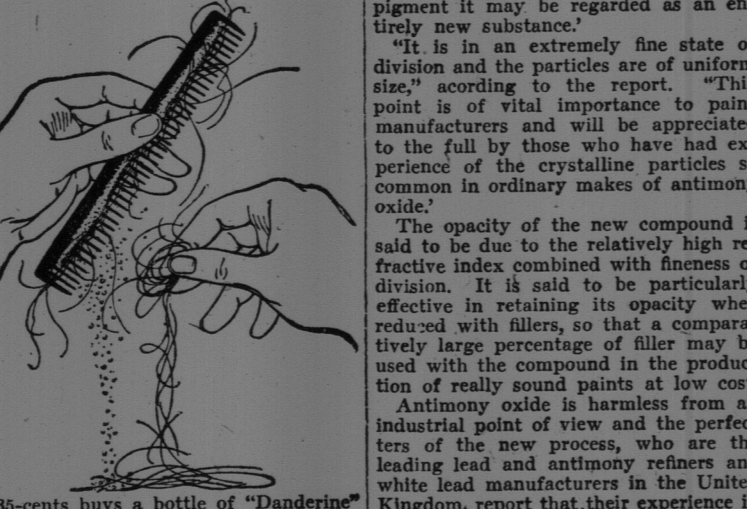

FOR GAME PRESERVE NORTH OF THE SOO

Petition will be Presented to Ontario Minister to Set Apart 200,000 Acres. Sault Ste. Marie, Ont., April 1.—A petition which has been passed by the Board of Trade and other public bodies of the Sault and district, and is expected will be favorably considered by others, will be presented to Hon. Mr. Biggs asking that a game reserve be established in the territory north of the Sault whereby 200,000 acres of provincial crown lands or other acreage be set aside for the protection and propagation of big game.

"Your petitioners," says the document, "verily believe that the establishment of such a game reserve is absolutely necessary in order to prevent the practical extinction in the near future of big game in the territory referred to. The depletion of moose and deer everywhere in the District of Algoma is due to several causes, chief of which are: (1) The alarming increase of timber wolves; (2) The great number of poachers who take moose and deer indiscriminately throughout the year; (3) The impossibility of policing the vast territory of forest lands where trappers and lumbermen operate, and (4) The severe winter season of 1921-22, which made the deer fall an easy victim for wolves."

The petition asks that the reserve be established adjacent to the Algoma Central Railway.

DANDERINE Stops Hair Coming Out; Thickens, Beautifies

35-cents buys a bottle of "Danderine" and keeps it for a long time. It is a pure white after long exposure, even under trying atmospheric conditions. The exposure tests of the manufacturers extended well over three years and no sign of cracking or "yellowing" has appeared, and very slight "chalking" far less than with white lead under similar conditions, is said. The durability of the new non-poisonous pigment is therefore considered established.

DICTATORSHIP AIMED AT

London, April 1.—Reuter's Adelaide correspondent cables that Premier Hughes of Australia, addressing business and professional men, said that practically all the great Australian trades unions were affiliated with the Third International, or organizations endorsed by Trotsky and Lenin. He said these aimed at the substitution of proletarian dictatorship for democracy. One way of combating the menace, Premier Hughes suggested, was to weld together the disunited political elements in support of stable, loyal government. Immigration was urgently essential, he said, and the unqualified preservation of a white Australia was to be put above all other considerations.

STOMACH TROUBLE

In five minutes "Pape's Diapepsin" ends Indigestion Gases Acidity Sourness Flatulence Palpitation

"Take 'Pape's Diapepsin' now! Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only sixty cents for a large case at drug stores.

Some New Furniture For Easter

Grown Over Gold

The gold mines of India must lie under the soil where Blue Bird Orange Pegoe is grown.

How otherwise could this tea get the precious color, the golden richness, that sets it apart from common tea?

Blue Bird Tea

"Brings Happiness"

A NEW FACTOR IN PAINTS.

Non-Poisonous and Durable, White Oxide Pigment is Said to Lessen Cost.

A white pigment has recently been put on the market in England which is essentially a white oxide of antimony, but which, it is asserted, has entirely done away with the objections which previously existed in connection with the compound known as white oxide of antimony.

A late British trade bulletin has the following to say regarding the new pigments: "This compound (white oxide of antimony) has previously been tried for pigimentary purposes, but, owing chiefly to the fact that it was impossible to produce a compound of consistently good color, the experiments led to no practical results." The new process which has been evolved is said to be one which has brought out and developed all the latent qualities of the substance, so that, although chemically it is antimony oxide, yet physically and as a pigment it may be regarded as an entirely new substance.

It is in an extremely fine state of division and the particles are of uniform size," according to the report. "This point is of vital importance to paint manufacturers and will be appreciated to the full by those who have had experience of the crystalline particles so common in ordinary makes of antimony oxide."

The opacity of the new compound is said to be due to the relatively high refractive index combined with fineness of division. It is said to be particularly effective in retaining its opacity when reduced with fillers, so that a comparatively large percentage of filler may be used without loss of opacity in the production of really sound paints at low cost.

Antimony oxide is harmless from an industrial point of view and the perfection of the new process, who are the leading lead and antimony refiners and white lead manufacturers in the United Kingdom, reports that their experience in manufacturing the new compound has been marked by entire freedom from any trouble in regard to the health of the men engaged in its production. Paints made from it may safely be described, therefore, they say, as non-poisonous.

The new pigment is fast to light and remains a pure white after long exposure, even under trying atmospheric conditions. The exposure tests of the manufacturers extended well over three years and no sign of cracking or "yellowing" has appeared, and very slight "chalking" far less than with white lead under similar conditions, is said. The durability of the new non-poisonous pigment is therefore considered established.

It is reported that about forty years ago a pure antimony oxide ore was brought to London and used for the making of a paint to be used for painting London gasometers, it being selected because of its durability.

The new compound is said to be already finding a field in the manufacture of distempers and water paints, printing inks, linoleum and oil cloth, owing to its constancy of color, opacity and

fastness to light. Paint experts are said to consider it a pigment of the very widest possibilities.

BIG DEAL IN NARCOTICS IS BROUGHT TO LIGHT

Windsor, Ont., April 1.—Charged with armed robbery in connection with the theft of \$3,500 worth of opium and cocaine, Kenneth McIntee, a Windsor taxi driver, reserved his plea in the police court and was remanded eight days for further hearing. Harry Bolton, charged with conspiring to rob Ralph Berlin, owner of the drugs, was dealt with similarly. He also reserved his plea.

According to the police, Berlin brought the narcotics from Montreal and arranged with Bolton to get a buyer. When the course of the evening, games and Berlin visited Bolton's home to make the

sale, he says, he was held up and robbed. He accuses Bolton of "double-crossing" him.

Berlin, the police say, will be charged with illegal possession of the drugs. Several other men said to be connected with the affair are being sought. At retail prices the drugs would be worth \$10,000, the police said.

Use Minard's Liniment or the Flu.

A novelty shower was tendered Mrs. Arthur Steel, formerly Miss Olive Scott, on Thursday night by twenty-three members of the Friendly Bible Class of Portland street Methodist church. The affair was held at the home of Miss Annie Archer, 65 Harrison street, and, during the course of the evening, games and music were enjoyed.

HOUSE GETS KITCHEN AND A BANK ACCOUNT

(Ottawa Journal) Action brought by Mrs. I. E. Lewis, of Kempsville, Ont., against her husband, George Ernest Lewis, of North Gower, to recover the custody of her three children was settled out of court yesterday at the suggestion of Justice Latchford, of the Supreme Court of Ontario.

The terms of the settlement are that Mrs. Lewis is to get a new kitchen, \$100 which to start a bank account of her own, and \$5 for her personal use very week. She is to go back and live with her husband and both are to make a effort to live as man and wife should. Mrs. Lewis originally sued for the possession of her three children, Elid, aged 14, Albert E., aged three, and Jessie, one year old. She charged cruelty and "voluntarily" stating that her husband refused to her associating with women of her church congregation.

On the other hand Mr. Lewis maintained that by treating her "husband-like," and that the reason she left him was to go to live with her mother. Justice Latchford wished the couple married again, expressing the hope at the time that the "amendments" to their original mode of life would bring happiness to the troubled family.

THE SOLDIERS' MONUMENT

The Editor of The Times: I am sure our citizens will be glad to hear that at last a public monument is to be erected in our city in memory of our gallant sailors and men killed in the great war. This monument backed up by the I. O. D. E. of the G. W. V. A. is sure to succeed in the money can easily be raised. I suggest that the Canadian clubs, tary Club &c. be asked to assist and after large amounts are received, it every citizen be asked to contribute \$1, thus thousands will find pride in the monument having a personal interest in its erection, and passing it day could be continually reminded of our lost ones and of the glorious deeds of 1914-1918.

We have read of the Cenotaph erected in the heart of London, which still has wreaths of flowers placed at the base daily, while throughout England there is hardly a village or town without a war memorial in the principal street; many cities in Canada have followed suit, so let not St. John be the last to erect something worthy of our gallant dead.

Yours truly,
LOYAL CITIZEN.

FORMER CHIEF INSPECTOR IN NEW BRUNSWICK IS ONE OF EXECUTIVE

Ottawa, April 1.—Gratification at the premier's response to their presentation of prohibition was expressed by the Dominion committee on liquor legislation, which concluded their two days' yesterday. Dr. D. B. Harkness, chief inspector of the Liquor Commission, N. W. Rowell and Chief Clerk of Quebec are to be in a position on the executive. W. D. Wilson, Fredrickson, and John King, Prince Edward Island.

HAMBERLAIN'S

Age and Happiness
Old age should mean experience, knowledge and wisdom. Not poor digestion, sluggish liver and a general feeling of ill-health, despondency and misery. One of Chamberlain's Tablets taken immediately after supper will improve digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. Try Chamberlain's Tablets. You'll like them. Tablets 25c.

ABLETS 25c

YEARS A DEPLETED FRANCE.
ulation May Be 25,000,000 in 1925, Paris Paper Says.

April 1.—The Matin in an arduous predicts that France, if she not awaken to the danger of the birthrate, will be, by 1925, a nation of 25,000,000 people. The prognosis is based on the alarming decline in marriages and deaths during the two years, which, if continued, if it is to 1920 reduce the population from 39,000,000 to 35,000,000.

referring to the present agitation in the chamber over military service, the Matin urges that body to remember that the safeguarding of one's nationality is the most essential of the entire programme of national defence.

STIPENDS WERE RAISED.

Many Congregations Pay New Minimum to Pastors.
Toronto, April 1.—It has been announced by the Board of Home Missions and Social Service of the Presbyterian Church of Canada that 414 congregations had raised the salaries of ministers to comply with the new minimum recommended by the General Assembly, namely, \$1,800 a year, with a manse. The response, it was said, had been entirely satisfactory so far, though many congregations were still to be consulted.

LENENT STUDY CLASS.

Each of the Anglican mission fields in turn was to be the subject of the weekly Lenten study classes arranged under the co-operation of Mrs. Cortland Robinson, diocesan W. A. convener of literature, and Japan was the field dealt with in the papers given at yesterday's study class held at St. Luke's church. Mrs. James P. Robertson, in her paper, gave an interesting historical sketch of Japan and

BETTER THAN HARD COAL

Soft coal so free from stove that it does not make whistlers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is small heating stoves. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 1, 1922

The Evening Times and Star

ST. JOHN, N. B., APRIL 1, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE MILK SUPPLY. More than 90 per cent of the milk consumed in Philadelphia is sold in capped bottles from the retail wagons, thus eliminating adulteration and infection.

TEACHERS' SALARIES. The annual report of the schools of New Brunswick for the last year gives a comparative statement of salaries of teachers in 1911 and 1921, as follows:

Table with 3 columns: Year (1911, 1921), Salary Range, and Total Salaries for Men and Women.

Dr. Carter observes that the increase in salaries is not confined to this province but holds everywhere. He quotes from the last report of State Supt. Thomas of Maine tables showing the increase there since 1915.

AMATEUR SPORT. The reader of the sporting columns of some provincial newspapers might get the impression that the case for amateur sport had been ruined by President Covey of the Maritime Branch of the Amateur Athletic Union of Canada.

COMPETITION IS LIFE OF TRADE—SOMETIMES. Brampton, April 1—Ken Wei Die has discovered a new way to kill competition. Ling Sing, a rival "shirtshiner" in town, was taking Ken's customers away fast enough to make it uncomfortable.

THROW STREAM OF WATER OVER TEN-STORY HOTEL. Windsor, April 1—The local fire department apparatus threw a stream of water at 80 pounds nozzle pressure more than 100 feet above the roof of the ten-story Prince Edward Hotel, Ouellette avenue and Park street.

SHORTHORN HERD SOLD. Calgary, April 1—The pure-bred herd of shorthorns owned by Duncan Marshall, federal commissioner of agriculture and former minister of agriculture for Alberta, was sold by auction at his farm near Olds, Alberta, on Saturday, a handsome six-year-old cow, brought top price of \$845, while quite a lot of the cows and heifers sold for over \$200.

LIGHTER VEIN. Wisdom. "It says here:—One of the idols most revered by any heathen is a figure of a woman, seated reclining her chin in her hands," said Mrs. Smith, reading from a book.

Mixed. A certain church was contemplating giving a tea to necessitous children. Timidly a little chap knocked at the minister's door.

Getting Back. Walter—Grilled steak, and choose a tough one. Chief (in surprise)—Why tough?

Historic Tree Decaying. Elm Under Which Daniel Boone Held Court Located. The Daniel Boone Judgment Tree, under which the famous Indian fighter held court during the early part of the nineteenth century, has been the subject of considerable discussion both as to what and where it was.

Another St. John Case Settled and Another Soldier is Located. The "Clean Sweep Campaign" for adjustment of claims of returned soldiers is still being energetically prosecuted by the various branches of the association in conjunction with the dominion command at Ottawa.

NOTED ROMANTIC GLENGARRY CAIRN HISTORIC SITE. Ottawa, March 31—The romantic Glengarry cairn, on Monument Island situated in the St. Lawrence river in the county of Glengarry and opposite the town of Lancaster, has been purchased by the department of the interior from the department of Indian affairs.

LARSEN'S RADIO LINK WITH WORLD

Powerful Wireless Will Keep Him in Touch on Five-year Drift Through Polar Basin—Exploration by Airplane.

(New York Times)

From the depths of the silent Arctic, Roald Amundsen will keep in daily touch with civilization by the wireless telephone as he progresses in his five-year drifting voyage over the roof of the world among the unexplored mysteries of the north polar seas.

Amundsen cannot ignore the possible benefits of the wireless telephone on this said Captain Amundsen, discoverer of the South Pole and explorer of the polar regions, after his arrival from Norway to start final preparations for his north polar trip. "Amundsen's radio has been so great in the last few years, and particularly in the field of wireless telephony, that it is probable that a voice from the silent North may call out each day to tell the world what lies locked within the ice of the polar seas."

One of the most powerful wireless sets has been brought from the Marconi Company in London by Captain Amundsen, who says that his ice-bucking polar cruiser, the Maud, will be able to send wireless messages in international code at a distance of about 2,000 miles. This means that he will be in touch with wireless stations in Alaska, the Behring Sea and Norway. Linked up with this powerful radio equipment will be one of the best wireless telephone sets Captain Amundsen can find in this country, and he will start out today on a search for this apparatus.

"The greatest advances in wireless telephony have been made in this country," said Captain Amundsen, "and it is probable that we shall be able to find apparatus here for the needs of this modern expedition."

Record-Holding Monoplane.

The first Arctic explorer to use the plane for soaring over the unexplored regions, Captain Amundsen has accepted the gift of an all-metal monoplane from J. L. Larsen, president of the J. L. Aircraft Corporation, and on Thursday will start test flights with the machine at the field at Central Park, N. Y. It has been decided that the second plane to be taken on this expedition will be an Avro airplane of British make.

The Larsen Company offered him the L. L. all-metal plane, which established a record for endurance flight at Mineola on Dec. 29 last by remaining in the air for 26 hours 19 minutes and 35 seconds, and which was flown about 600 miles from Mineola to Fort Norman in the Arctic circle. On its long hop to the frozen north the machine functioned perfectly at temperatures as low as 45 degrees below zero, and it is believed that the plane will be of ideal type for the uses of the explorers. The plane cost about \$40,000. The Avro was selected because of its dependability. It was used as an instruction machine during the war and is an exceptionally stable up-and-downer in the air. Aviators say that it is of the easiest landing machines made and useful for all kinds of aerial reconnaissance.

Mr. Larsen said that he would equip the monoplane with skids, pontoons and wheels so that it would be capable of landing and taking off on snow, water or land. The machine itself weighs about 2,400 pounds, with a thirty-foot wing spread, and is capable of carrying 3,000 pounds, or one and a quarter times its own weight.

Avro Will Pick Out Course.

"Due to Mr. Larsen's fine co-operation," said Captain Amundsen, "I feel that this is going to be the crowning achievement of my life. The north polar basin is included in some millions of square miles of territory which has never been visited by scientists. There

DYE SKIRT, COAT DRAPERIES WITH "DIAMOND DYES"

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind, then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

West African jungle collecting natural history specimens for the natural history department of the British Museum. His father had meant to make the journey but the boy went in his stead.

Young Wortham has already traveled 8,000 miles and has reached Bikuba in the Cameroons. In a letter home relating some of his experiences on the trek to Bikuba he writes:

"Hearing a strange sound from behind I turned and beheld no less than a man on a motor bike. He dismounted and remarked that he was Dr. Webber, of the American Mission, and that he guessed I was Mr. Wortham, and I had better jump on the bike. I did, we had a bumpy but very enjoyable ride, and I thus saved 86 miles of walking and two days in reaching Elat, which is the largest station on the American Mission."

Stores Open Saturday

KING STREET GERMAIN STREET MARKET SQUARE

For Spanish Influenza

The Liniment That Relieves All Ailments.

THEY WON'T GROW HAIR.

Peanuts, However, Have Many Useful Attributes, U. S. Exports Find.

Although the nutritive value of peanuts ranks high, there is no foundation to the recently circulated report that peanuts will promote the growth of hair. From experiments conducted by the Bureau of Chemistry of the United States Department of Agriculture with regard to the chemical and nutritive properties of the peanut, it has been found that the shelled peanut contains about 20 per cent. protein of a high nutritive quality. The oil, another product obtained from the peanut, is easily digested and also furnishes a large amount of fuel and energy.

When we eat protein we consume in reality eighteen or twenty substances, known as amino acids, each one of which may have quite special functions in nutrition. Some proteins are deficient in certain of these acids and will not promote growth.

Peanut protein, however, is rich in the amino acids which are lacking in the proteins of corn and grain, and for that reason peanuts are an excellent supplement to a cereal diet, whether in the form of a meal or press cake fed with corn and cereal feeds to animals or as a supplement to wheat protein when used with wheat flour in bread making.

The erroneous idea that eating peanuts will affect the growth of hair may have arisen from the fact that hair, wool, feathers, and similar animal tissues, when analyzed, show a relatively large amount of cystine, which is one of the amino acids present in protein.

Even were the assumption true that by eating foods containing cystine the growth of hair could be stimulated, it would not apply in the case of peanuts, which do not contain as high a percentage of cystine as many other common foods.

TUBERCULOSIS IS WORSE THAN WAR

Costs United States 500,000 Lives per Year—Remedy for Snoring.

(Montreal Gazette.)

"Does your husband sleep out loud? Because, if he does, papa will have to be muzzled," said Dr. J. C. Elliott, in his Health Lecture, last night, when he spoke on Scientific Breathing for Health and Lung Development.

"If any of you have contracted the dangerous habit of breathing through their mouth instead of through the nose, you will have to follow the example of one of the wildest of the aboriginal tribes in North America, the Hopi Indians, who when they find their babies breathing through the mouth, fasten a piece of cloth over the mouth so that the child will develop the proper breathing habit."

"Improper and unscientific breathing is responsible for a great proportion of the lung diseases of the world, and for practically all of the minor lung troubles, such as common colds, whooping cough, and influenza."

"The Great White Plague is a sinister factor in the daily life of the continent," the speaker said. "We have heard much of the toll that war takes of human life, but I say that the loss of life in the recent terrible world conflict was negligible compared to the annual loss of life from tuberculosis. Canada lost 60,000 men, the flower of her young manhood, in the war, and the United States lost 75,000 for the two years that she was at war, but every year in the United States alone there are 800,000 deaths from tuberculosis."

"But that evil can be overcome by proper scientific methods. The children in the schools must be taught how to breathe properly, and more attention must be paid to having the homes and

the offices of the people at a healthy temperature. Great results may be accomplished by these two things alone. In the United States the Anti-Tuberculosis League has reduced the annual death rate from tuberculosis in the last ten years by twenty-five per cent. "If progress at the same rate is made in the future," said Dr. Elliott, "in thirty years from now there will be practically no tuberculosis in the United States."

"With the average individual today, breathing in a scientific manner is a lost art."

Does Not Feel the Weight of Years

SHE GIVES THE CREDIT TO DODD'S KIDNEY PILLS.

Nova Scotia with Kidney Troubles gone can't realize she is eighty and sings the praise of Dodd's Kidney Pills.

White Rock Mills, N. S., March 31—(Special)—Eighty years of age but still feeling many years younger, Miss Amy Schofield, a highly respected old resident here is prepared to give all the credit to Dodd's Kidney Pills.

"I cannot speak highly enough of Dodd's Kidney Pills," Miss Schofield says. "I was so weak I could hardly walk and my back hurt me. I suffered troubles at night so I scarce could sleep. I got six boxes of Dodd's Kidney Pills and took them. They did me so much good and I can do so much work I can't realize I was eighty my last birthday."

"The kidneys are the first to show the strain of advanced years. Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys."

FIND MISSING RADIUM AFTER LONG SEARCH

Hamilton's \$20,000 Supply Reported Found in Syracuse.

Toronto, April 1—It is said that \$20,000 worth of radium, which disappeared from Hamilton City Hospital several months ago, has been located in Syracuse, N. Y.

The radium had been inserted in the side of a cancer patient, and was said to have been stolen from there while the man was in a comatose condition due to the effects of the treatment.

An expert was brought to Hamilton from Pittsburg and made a vain search of the city's sewers for the precious mineral when it disappeared.

HIS LONELY FURROW.

Frederickton Mail.—J. D. Palmer, the new leader of the Conservative party, in provincial politics, paid a visit to the legislature last evening. His visit was not of an official nature or evidently the veteran Mr. Pinder well puts it in conversation with a friend, yesterday: "He was chosen against our advice and he can get along without our assistance."

Silk Lisle Undervests, cumfy cut style. Easter Special 78c.

INTERNAL BATHING ENDS CONSTIPATION; DRUGS THROWN OUT

"After using your J. B. L. Cascade four months I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me," writes William Devoy of Lethbridge, Alta., to the Dr. Tyrrell Hygienic Institute, Toronto. "Previous to using it I could not get a day without a drug of some sort, and since using it I have not swallowed five cents' worth of drugs. I spent more than \$300 in two years previous to hearing of the J. B. L."

Chronic constipation is never cured permanently by the use of medicines. Larger and larger doses usually become necessary to obtain even temporary relief, the consequences being a weakening of the system.

Nature's own cure, just sterilized warm water, is the only scientific and permanent treatment for constipation, and its attendant ills—headache, indigestion, sleeplessness, and loss of energy.

T. Babin, Proprietor Hotel Alexandria, Ottawa, writes: "I have used the J. B. L. Cascade two years. It has made a new man of me. In reality I feel that I would not sell it for all the money in this world if I could not buy another."

The J. B. L. Cascade will be shown and explained to you by E. Clinton Brown, Druggist, Union and Waterloo sts., J. N. Munro, 357 Main Street, St. John, N. B., who will give you free on request an interesting booklet by Dr. Charles A. Tyrrell, on "Why Man of Today is Only 50 Pcg Cent Efficient."

"Raw From Eczema Doctors Do Their Best"

"Forty years I suffered. One leg raw from toes to body. No living man could believe what I suffered. It was D.D.D. that relieved me, and for three years I haven't had a sign of eczema."

These words are taken from the letter of Reginald Chesterfield, Ontario, Mr. Garrett Druggist, Union and Waterloo sts., J. N. Munro, 357 Main Street, St. John, N. B., who will give you free on request an interesting booklet by Dr. Charles A. Tyrrell, on "Why Man of Today is Only 50 Pcg Cent Efficient."

You haven't tried the cooling, healing D.D.D. for skin disease we shall be glad to give a bottle today on our personal guarantee \$1.00 a bottle. Try D. D. D. Soap, too.

Lotion for Skin Disease
is sold in St. John by E. Clinton Druggist.

not come conveniently to our store, D.D.D. Co., Dept. 88, 37 York Ave., if they will send you free trial bottle on merely postage and packing.

RECENT WEDDINGS

Ellingwood-Giffin.

Rev. C. R. Freeman, pastor of Charlotte street, west end, Baptist church, yesterday solemnized the marriage of Miss Agnes May Gillen, of Souris (P. E. I.) to Joseph Albert Ellingwood, of this city.

RECENT DEATHS

Miss Lillian Manchester.

Word was received yesterday of the death of Miss Lillian Manchester, who passed away on Thursday at Winnipeg. Miss Manchester was the daughter of the late Mr. and Mrs. John Manchester of Aponahqui, but had resided in Winnipeg for the last seventeen years. She is survived by four sisters, Mrs. W. J. Mills, Sussex; Miss Katherine Manchester, Aponahqui; Miss Sarah Manchester and Mrs. A. V. Davidson, of Winnipeg; four brothers, Dr. J. W. Manchester of Winnipeg, Walter Manchester, Warren, Manitoba; James H. Manchester, Aponahqui, and Percy Manchester of this city; James Manchester of St. John is an uncle, and Mrs. John Tillotson, also of this city, is a cousin. Accompanied by Miss Sarah Manchester, the body will arrive at Aponahqui on Tuesday afternoon, where service will be held at the Church of the Evening by Rev. Canon Shawan.

EVENING SCHOOL DANCING.

London County Council on the Look-out for Instructors.

"I notice with amazement," a ratepayer writes to The Daily Mail, "that the London County Council is advertising, in hard times like these, for instructors, at 10s. a lesson, who will teach folk songs and country dancing to students at evening institutions. Is it fair that our money should be wasted like this?"

"Youths and girls who come to take technical instruction at the evening courses," explained an official in the Education Department of the Council, "have been working all day, and they really need a little exercise and diversion now and then. Folk dancing freshens them up physically and mentally and enables them to get all the best out of their other work."

"It might be urged, of course, that now and then an evening or a part of an evening might be devoted to fostering, thus obviating the slight expense of an instructor, but then we should have people down on us for encouraging frivolity. There are very few of these folk-dancing classes, and we consider that they are fully justified."

SUGGEST FUND FOR SMALL CASE

Money Offered by Individuals to Ensure More Intensive Inquiry.

(Mail and Empire, Toronto.) The offer by certain persons unknown to contribute to a fund for a more intensive probing of the mystery surrounding the disappearance of Ambrose J. Small is the latest development in the case which, for over two years, has baffled all attempts at solution.

Questioned in reference to the suggested fund for the further prosecution of inquiries, Gideon Grant, K. C., solicitor for the Misses Small, sisters of the missing millionaire, stated that dissatisfaction with the efforts already made to solve the mystery were responsible for the suggestion.

Although the sum of \$25,000 has been mentioned in connection with the proposal, Mr. Grant stated that he had no knowledge of any definite figure. Col. Greer last night denied that he had said there was a possibility that John Doughty would be brought from Kingston for a further examination.

Col. Greer also denied any knowledge of the proposal to ask the municipal and provincial governments for financial assistance.

Commencing This Week A New Feature

RADIO

The Newest Marvel of This Marvelous Age

You will find each week in THE LITERARY DIGEST, beginning with the April 1st number, the same up-to-the-minute, authoritative, comprehensive, condensed, world-wide news of the Radio field as THE DIGEST gives of every other field of human thought and endeavor.

In keeping with the high standard set by every other department of THE DIGEST, the new Radio department will be under the direct supervision of an expert and high authority, assuring readers of unbiased, correct, and genuinely helpful service.

So far as is possible, all articles will be written in clear, non-technical language for those not familiar with all the scientific terms or principles of Radio. Yet they will be as easily understood by the expert as by the layman and beginner, and will be freely illustrated.

Thus THE LITERARY DIGEST inaugurates a new, unique, and helpful service of pronounced value and almost unlimited scope for which the phenomenal interest of hundreds of thousands of people in Radio has created a positive, ever-increasing demand.

Other interesting, helpful, and timely news-articles in this week's DIGEST are:

ILLITERATE IMMIGRANTS.
 South Africa Will Enforce Strict Ex-
 clusion.
 London, April 1.—According to a Ren-
 ter despatch from Pretoria, it is officially
 announced that an increasing number of
 immigrants are arriving at South African
 Union ports, who are unable to read and
 write of the European languages, conse-
 quently they are prohibited immigrants.
 The provisions of the act, it is an-
 nounced, will be strictly enforced in
 future, and friends or relatives of in-
 tending immigrants are advised to notify
 them of the requirements of the act.

**THE TRAGEDY OF
 PRESENT DAY**

**Lack of Co-operation for Pre-
 vention of Disease—Fifty
 per cent of Deaths of Babies
 Under One Year Due to
 Impure Milk.**
 (Montreal Gazette.)
 "Kissing is unsanitary, and does not
 really tend to good health, and if one
 wants to kiss promiscuously one should
 choose somebody of one's own size. It
 is not fair to insist on kissing somebody
 else's baby if you happen to meet it in
 the street," said Dr. J. C. Elliott last
 night at his health lecture in St. James
 Methodist church on "Prevention of Dis-
 eases by Right Living."
 Dr. Elliott said the civilized nations of
 the world have studied this question of
 prevention of disease until they have
 brought it to a fine science, and in-
 stanced the precautions that are taken at
 all the ports of immigration into these
 countries to ensure that no virulent dis-
 eases be brought to our shores. But the
 great tragedy of today is that the rank
 and file of men and women are lacking
 in co-operation for the prevention of dis-
 ease, and for the preservation of their
 own homes and families. Every indi-
 vidual must be a conscientious laborer
 in this work, as well as the physicians
 and scientists.
 "When digging the Panama Canal the
 French government failed, not because of
 any shortage of money, but because they
 could not induce men to go and work
 in that zone of death, Panama, as it then
 was. But when the United States gov-
 ernment took over the work they sent an
 army into Panama. Not an army of men
 armed with picks and shovels, but a
 corps of civilians armed with cans of
 DDT, who exterminated the breed-
 ing places of the deadly mosquitoes, and
 made it possible for men to work in
 that area. And today the death rate of
 Panama is no greater than that of Lon-
 don, Paris, New York, or any other great
 city of the world."
 And with the help of all the men and
 women of the world, this question
 of the prevention of disease by deat
 with.
 One of the most widespread causes of
 disease is lack of proper care in regard
 to the food supply. "You may observe
 every other law of health, take sufficient
 exercise, bathe properly, breathe sci-
 entifically, and have the correct mind at-
 titude towards health, but if your food
 supply is wrong, the others will not avail
 you anything," said Dr. Elliott.
 "While I have done everything in my
 power to help the cause of prohibition
 in the United States," said Dr. Elliott,
 "I still hold to the opinion that more
 people die every year in that country
 from over-eating, than ever died in one
 year from over-drinking."
 Dealing with the question of how
 municipalities can help in the cause of
 prevention of disease, Dr. Elliott said a
 pure water supply is more important
 than the reserve of gold in the banks of
 a city. The City of Niagara, he said,
 used to have attacks of typhoid fever
 every fall some four or five years ago,
 and the city authorities found that this was
 because the water supply—the river
 Niagara—had been turned into a verita-
 ble river of death through the City of
 Buffalo emptying its sewage into the
 Niagara. Steps were taken to fight this,
 and a water filtering and purifying plant
 was built at Niagara at a cost of over
 \$2,000,000 and the result was that these
 virulent outbreaks of typhoid immedi-
 ately ceased. Cincinnati had a similar
 experience, and a similar remedy was
 adopted with equally good results.
 No less important is the fact that the
 milk supply must be pure. Fifty per
 cent of the deaths of babies under one
 year are caused by impure milk. The
 meat supply is also of vital importance,
 and in his opinion the meat supply of
 Canada is the finest of which he knew.
 "Expectation on the streets of the
 city should be absolutely prohibitive,"
 said Dr. Elliott, "and I believe it is, but
 the law should be enforced, as this is a
 most serious cause of infection, especially
 in the summer."
**REV. A. S. LEWIS
 TO VANCOUVER**
 (Amherst News)
 Many readers of the News will learn
 with interest that Rev. A. S. Lewis is
 to move soon to the Pacific Coast, re-
 sponding to the call of the First Baptist
 Church at Regina to take up the pastor-
 ate of the Cameron Memorial Church
 at Vancouver.
 Rev. Mr. Lewis is a Cumberland boy,
 having been born at Parrsboro, a son
 of the late Gals Lewis of that place,
 his mother being a Miss Barnes, a sister
 of Silas Barnes, Esq. of Maccan. His
 wife was a daughter of the late Rev.
 D. C. Lawson of Westmorland Point, a
 sister of B. J. Lawson. He is a gradu-
 ate of Acadia College and Newton
 Theological Seminary. His Nova Scotia
 pastorates were, Aylesford, Bridgetown,
 Yarmouth and Windsor. Between his
 pastorates at Yarmouth and Windsor he
 spent several years as pastor of the First
 Baptist Church, New Westminister, B.
 C. While at Newton he was pastor for
 some time of the Baptist Church at
 West Roxboro. In all his pastorates he
 has made marked success. Recently he
 received an urgent call to Sydney, N. S.
 and his many friends in the east were in-
 hopes that he would return to the Mari-
 time Provinces.
 Mr. Lewis is going to the coast to
 take up work for which he is well
 suited, namely, the uniting of two con-
 gregations into one effective body, a task
 that he has already accomplished in
 the Eastern Canada and in Regina. When
 he went to Regina there were two Bap-
 tist churches, the First and Stuart
 street, but with the advent of Mr. Lewis
 the two congregations were joined up.
 When he takes up his duties at Van-
 couver he will consolidate the Fairview
 congregation, which will hold service at

Shaughnessy heights, at a point situ-
 ated equally between two districts which
 formerly had had a minister, but both
 of whom have gone elsewhere. A tem-
 porary edifice has been erected, but later
 an up-to-date church will be built, and
 this, task has fallen to the lot of Mr.
 Lewis and his co-workers.

**FLEET OF 80 FORDS
 TO COMBAT CRIME**

New York, April 1.—Police Commissioner Enright says that he intended in
 a few days to provide a Ford runabout
 automobile for every precinct to aid the
 uniformed force in running down rob-
 bers. He said that a sergeant and a
 policeman would be assigned to each
 vehicle for the twenty-four hours of
 each day.
 The machine will patrol their precincts
 from the station by telephone so that
 in the event of a hold-up of other dis-
 turbance they can hasten to the scene
 and gather up other policemen on the
 way.
 Although there will be about eighty
 runabouts used. There will also be
 twenty large touring cars for the use of
 detectives in branch bureaus and for
 members of the traffic squad. Detectives
 will cruise about in this car in these
 cars and also will serve as flying squad-
 rons to await word of hold-ups at their
 respective headquarters.
 It seemed last night as if all hands
 had taken a day off yesterday. The police
 had reported not a single serious
 hold-up all day.
 The police also expect that under the
 powers conferred on the force by the bill
 recently signed by Governor Miller,
 which placed the licensing of automo-
 biles in the control of the police de-
 partment, the number of automobile
 thefts will be considerably decreased.
 When the full force of police automo-
 bile squads was in operation, it was
 said at police headquarters yesterday,
 detectives aided by the uniformed force
 would begin a systematic search of the
 city for stolen cars.
POLICEWOMAN FACES TRIAL
 Washington Lieutenant Accused of Res-
 taining to Obey Orders.
 Washington, April 1—Mrs. Mina
 C. Van Winkle, the only woman holding
 the rank of lieutenant in the Washington
 police department, must stand trial on
 charges of conduct "prejudicial to the
 good order, reputation and discipline of
 the department," as a result of delay re-
 cently in releasing two runaway girls
 from Brooklyn, N. Y., who were ar-
 rested here.
 Mrs. Van Winkle was ordered by her
 superior officer to release the girls, but
 declined, pending an investigation of the
 conduct of the girls by the Woman's
 Bureau, of which she is the head.
 Mrs. Van Winkle was appointed to the
 police force by the late Superintendent
 Pullman several years ago. She was
 a resident of Newark, N. J., where she
 had engaged in social welfare work,
 which attracted the attention of the au-
 thorities here, who asked her to accept
 a commission in the police department.
London's Traffic.
 On February 28, Princess Mary's wed-
 ding day, it is estimated that over five
 million passengers were carried on the
 underground railways in London. This is
 a record.
 The L. C. C. trams carry 2 1/2 mil-
 lion passengers, which is about 600,000
 above the average.
 At times the Underground companies
 were moving more than 500,000 passeng-
 ers an hour.

Use the Want Ad. Way

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 1, 1922

The MORE they cost — the harder they fall when they go up against this marvelous NEW

Cole Eight Ninety

This New Cole Model Eight Ninety is ready to actually out-perform any car in America today. This challenge is made to dealers as well as to owners. No car at any price is barred—the more they cost, the harder they fall.

We are prepared to show:

- quicker get-away
- more power in high on the hills
- more speed on the straight-away
- surer, quicker and quieter brakes
- better cooling
- more miles per gallon of gasoline
- easier handling
- better balance
- the most beautiful and aristocratic car on the American market today at any price.

Mr. Motorist!

Here's Your
Protection...

The Old Way
The tiresome way.
The Dangerous way.
One hand constantly busy sweeping the windshield.

The Folberth Way
The comfortable way.
The safe way. Both hands free for driving.

Perfect Vision

—and Both Hands Always Free for Safe Driving

WET, slippery pavements—blinding, blurring gusts of rain and sleet—scurrying pedestrians, heads bent under umbrellas, looming suddenly before the car—that's a combination that every motorist dreads.

It's not a time for one hand driving. It's a time for clear vision. A time when both hands are needed and all attention should be concentrated upon safe driving. That's when a

FOLBERTH

Automatic
Windshield Cleaner

"It cleans while you drive"

proves its mettle. Just open a convenient finger control and back and forth sweeps the cleaner blade, regularly as the pendulum of a clock. The suction of the motor furnished free power. Snow or rain is swept away as soon as it strikes the windshield.

At most good garages and accessory dealers—or supplied direct if no dealer available. Installation is easy. Just a tube from the cleaner to the intake manifold, no effect on the motor, no cost for operation; not electrical.

Tint Your Walls With Alabastine

Beautiful, Sanitary,

Easy to Apply

You'd be surprised how easily you can produce beautiful decorative effects, almost limitless in variety, with Alabastine, which is the correct wall coating for all apartments where pure air is necessary and durability desired.

BETTER THAN WALL PAPER. Alabastine is the most economical and satisfactory of all wall coatings. Paste and perishable glue are used with wall paper and kalsomine. Alabastine is clean, sweet, and gives the walls a chance to "breathe."

LOCAL NEWS

TRAFFIC CASE Thomas Pettie pleaded guilty in the police court today to a charge of allowing his horse to stand unattended and without a foot-strap. He was fined \$10.

BOY OUT LATE A juvenile was before the police court today charged with being out at 1.50 o'clock this morning and not giving a satisfactory account of himself.

THE WEEK'S DEATHS. Twelve deaths were reported to the sub-district board of health during the week. Five of these were caused by pneumonia and one each from influenza, gastro-enteritis, arterio-sclerosis, cerebral hemorrhage, polio-encephalitis, carcinoma of stomach and carcinoma of bowel.

THE BOYS LEAD. Twenty-four new citizens were registered with the sub-district board of health this week, baby boys being in the majority with thirteen. Registration of four marriages was made.

THE SAVINGS BANK. During March, this year, the withdrawals from the dominion savings bank branch here exceeded the deposits by about \$8,000. Last year's March figures showed a margin of about the same amount on the other side of the books. The figures for last month were: Deposits, \$46,937.34; withdrawals, \$54,988.01.

RAILWAY CHANGES. As the result of the superannuation of Conductor Willard Board, of the C. N. R., several other conductors' runs have been changed. Conductor J. W. Cole, who was on the Hampton suburban, has been appointed to the Maritime Express; Conductor R. L. Hunter will take charge of the Hampton suburban and R. McManus will replace Conductor Hunter on the Halifax Express.

INSPECTION CONTINUED. A. Price, general manager of the C. P. R. eastern lines, who yesterday inspected the Fredericton-Grand Lake and the New Brunswick and Atlantic Railway companies' lines, left this morning to inspect the Moosehead sub-division. He was accompanied by J. M. Woodman, general superintendent of the Atlantic Railway, and R. McManus, who went for the McAdam to meet him.

SALES TODAY. A very successful pantry sale was held today in the lobby of the Imperial Theatre by the Sunshine Club, the proceeds to go for the work of the Hospital Aid. Those in charge of the sale were Mrs. H. Stackhouse, Mrs. George Cuthbertson and Mrs. J. K. Lawson.

The Ladies' Aid of Queen Square Methodist church held a rummage sale this morning in the lobby of the Queen Square Theatre in aid of church funds and a substantial sum was realized.

HALIFAX BOXERS COMING HERE. Word has been received from the St. Mary's Athletic Club in Halifax that they expect to send McInnes, Chisholm and Healey, winners at the Nova Scotia provincial boxing championships held recently in Halifax in the 118, 125 and 135 pound classes respectively, to the maritime championships to be held in St. John on April 12 and 13 by the St. John Garrison Sports and Entertainment Association. Chisholm and Healey are well known in the city, having been entrants at the city championships held in the armory recently. It is also expected that there will be other entrants from the St. Mary's Club and from the other winners at the Halifax event.

POLICE COURT. Three men were before the police magistrate this morning to answer charges of drunkenness. One of them had been picked up early this morning and he was fined \$8 for the offence and \$8 for the drunkenness. The other two were remanded. Thomas Harding and Joseph Creary pleaded guilty and Abby Grant pleaded not guilty to charges of being members of a crowd singing, shouting and causing a disturbance in Sheriff Street on Wednesday evening. Constable Bets testified that some in the crowd were using profanity in their remarks about him and another policeman. All three were sent to jail.

POSTMASTER RETURNS. Postmaster J. S. Flaglor returned to duty this morning after a two-week vacation spent at the home of his son in Boston. On last Sunday night Mr. Flaglor had the pleasure of "listening in" at a radio concert. The apparatus owned by his son and among the things sent broadcast from the plant of the American Research Radio Company at Medford Hill, was a solo by Breat Curtis, thirteen year old soprano soloist of Trinity church, Boston. The evening's entertainment ended with a full church service, even to the sermon. It was estimated that fully 80,000 people were listening in. Mrs. Flaglor, who has been in Washington and other points in the United States for some time, accompanied her husband as far as Welsford. She will arrive in the city on Tuesday.

DIED IN THE WEST. News has been received from Walter O. Marshall of Big Muddy, Saskatchewan that his father, Thomas Marshall died there on March 18th and would be buried in their family burying ground. Mr. Marshall left St. John, his native city, for the west, eleven years ago with his wife and family to join his brother, James, who had then been there some time and prospering as a rancher, and raising horses and cattle in large numbers. Mr. Marshall had also done well in the west but the energy required to carry on impaired his health and he died at the age of fifty-two years, leaving his wife, formerly Miss Dobbins of Rothesay, and three sons, W. O. Wm. H. and Percy T. and two daughters, Miss Muriel at home and Mrs. G. R. Merritt of Pangman, Saskatchewan. His surviving brothers and sisters are James, at Big Muddy; George in Denver, Colorado; Robert in Durv, Mass.; Mrs. Ross Matson, New Hampshire; Mrs. W. H. Wilson of Moose Jaw, who recently accompanied the remains of her husband to St. John for burial in Fernhill. Charles and William Marshall, his brothers, died some time ago. Their widows are Mrs. Sarah Marshall of Fredericton and Mrs. Emma Marshall of this city. Mr. Marshall was for many years in employ of the Maritime Mail Co., this city and had been a member of Marlborough Lodge, Sons of England, for twenty-four years. This news came to C. Ledford, a personal friend of the late Mr. Marshall. It is well known that W. O. Marshall, who sent this news, served in the Royal Navy during the great war.

SERIOUS FIRE IN HAMPTON

J. W. Smith Warehouse and Lot of Lumber at the Station Burned.

A disastrous fire struck at Hampton Station early this morning, when a blaze was discovered about 1.30 o'clock in the large wooden warehouse owned by Councillor J. William Smith. When the alarm was given the engineer of a train standing at the station helped to contain the flames by repeated blasts of his whistle. A bucket brigade was formed in quick order but the burning by this time had become a roaring furnace and a pile of lumber near by had also caught and the brigade turned their attention to saving the houses, some of which were in close proximity to the burning building. In their effort they were successful but it was remarked this morning that a wind had been blowing, such as prevailed on the previous night, the whole village would have been in ruins this morning. In two hours the warehouse and lumber were completely demolished, but all danger to the other buildings was declared to be over.

Mr. Smith himself is in Boston, but Ren Smith, his son, in talking to a Times reporter this morning, said that the warehouse was full of goods for use in their general store, including a quantity of hardware, a car of fertilizer, a lot of lime and cement and a car of coal. About 25,000 feet of lumber was left. From the corresponding period last year they had forwarded 7,540,000 bushels. During March, 2,400,000 bushels were sent forward in ocean liners, and were sent forward in ocean liners, and there is still approximately 1,000,000 bushels in the elevators. Last year during March, 2,895,000 bushels were shipped but there was no more grain left. From present indications this year's business will exceed last year's by more than 3,000,000 bushels.

GRAIN SHIPMENTS KEEP WELL AHEAD

So far this season the C. P. R. have sent forward from their elevators in West St. John 10,600,000 bushels of grain. For the corresponding period last year they had forwarded 7,540,000 bushels. During March, 2,400,000 bushels were sent forward in ocean liners, and were sent forward in ocean liners, and there is still approximately 1,000,000 bushels in the elevators. Last year during March, 2,895,000 bushels were shipped but there was no more grain left. From present indications this year's business will exceed last year's by more than 3,000,000 bushels.

DEATH OF MRS. E. BATES. Mrs. Edward Bates passed away at an early hour this morning at her home, 80 Duke street. Five years ago she suffered a stroke and although never fully recovered, was able to be about and attend to her household duties. On Tuesday night she took a bad turn and had been slowly sinking until death ended her sufferings. A sad feature of the case is that her husband was in Calgary and is not expected home until Wednesday morning. Mrs. Bates' maiden name was Matilda Jane McEldon. Besides her husband she is survived by two daughters, Mrs. James Frankum of Sisseton, Alta.; Miss Catherine C. at home; two sons, Jack McP., and Edward R., both of this city, and two sisters, Mrs. Evelyn Thorpe of Salem, Mass., and Mrs. Angus Ross of this city. The sympathy of a wide circle of friends will be extended to the bereaved family.

GOING TO EUROPE. The Canadian-Pacific Steamships, Ltd., liner Scandinavian will sail on this afternoon for Southampton, Antwerp and Havre. She will have approximately 300 passengers, in addition to general cargo. Among the cabin passengers were W. Frank Hitheway and Miss Grace Hatheway of this city, who are en route to Havre; Mrs. J. H. Rowe of Montreal, who is accompanying the body of her husband to Southampton; and Rev. W. N. Roche of Montreal. The Montcalm will not reach port before Monday at noon, according to the latest reports received at C. P. R. headquarters. She has more than 1,000 passengers en route from Liverpool. The Tuniton is also due from Glasgow around the first of the week with more than 400 passengers.

NOMINATION PAPERS IN. The nomination papers of H. R. McLellan and Edward Sears, both candidates for the mayor's chair in the civic elections, were filed with H. E. Wardroper, common clerk, this morning. Mr. Wardroper has also received the papers of John B. Jones, Thomas H. Bullock and Rupert W. Wigmore, who will stand for election as commissioners. The papers of Mayor Schofield, Alexander Corbet and E. Hilliard have not yet been received but are expected before noon on Monday when nominations will close.

MUST RAISE HULL TO SECURE BODIES

Hope of Speedy Recovery of Victims of Explosion Abandoned.

Sarnia, April 1.—Hope of immediate recovery of the bodies of Ransome A. Campbell and Clifford D. Atkinson, engineers of the ill-fated ferry Omar D. Conger have been practically abandoned. So much debris surrounds the hull, which now rests the bottom of Black River, that a search for the bodies would be hopeless. William Thompson, the diver who went down three times Tuesday to explore the wreck, reported:

It will probably take a week or two to remove the hull, Henry McMorran, Manager of the Port Huron & Sarnia Ferry Company said. Until it is raised there is practically no hope of recovering the bodies in the mass of broken and twisted machinery and other debris at the bottom of the river, he said. The barge Atmosphere returned to the scene of the catastrophe today to prepare to raise the hull. All the debris will have to be removed from the wreck, before the hull itself can be raised. Thompson, the diver, will make trips into the bottom of the river to assist in the work.

SALE OF SHARES OF THE BELL TELEPHONE CO. Montreal, April 1. The Bell Telephone Company has sold to a syndicate composed of Royal Securities Corporation, Limited, Greenshields & Co., and Amelius S. Jarvis & Co. two million dollars, par value, of its eight per cent. common shares, which will be offered to the Canadian investor in due course.

WHAT THE FUTURE HOLDS FOR US

Natural Advantages of St. John Pointed Out by Manager of West Side Industry.

A strong argument for the future of St. John as a large industrial centre was made by a Times reporter the other day by J. Garnet Ryan, general manager of the Canada Mill and Wire Co., of West St. John.

A BIG GAIN IN CUSTOMS RECEIPTS

The customs returns here for March show a gain of \$374,136.56 over the same month last year.

MODEL COW BARNS

About a mile away from the centre of the town, on the Canada Road to St. John, are located the cow barns of St. John's Fraser Companies, Ltd.

To observe the modern equipment for watering and feeding, and to talk with Ghiorral Peterson, in charge of the barns, is an education in "cow culture."

Perhaps the most interesting creature around the barns is "Cleopatra," a six-year-old registered bull weighing about a ton and a quarter.

SLEIGHS AND FURS RULE AGAIN; SNOW COVERS MONTREAL

Montreal, April 1—Last night a severe snowfall swept down upon the city. This morning the appearance of sleighs and coat coats served to remind citizens that winter was in no hurry to go.

MAURETANIA'S SPEEDY VOYAGE

The Robert Reford Company, local agents for the Cunard Line, received word this morning that the steamship Mauretania arrived at New York from Southampton yesterday morning, making the trip across in five days, twelve hours and seventeen minutes and steaming a distance of 3,161 miles.

ALL INVITED

to attend the special reviv meetings, Prince Edward street, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 4

RUINED TEMPLES
IN MALTA SURVIVE
FROM STONE AGE

Remarkable Discoveries Made
by Excavators of Prehistoric
Buildings.

London, Feb. 20.—(By mail.)—Some of the remarkable prehistoric buildings in Malta and Gozo have been uncovered for years, but the last and most elaborate, that at Hal-Tarxien, overlooking the plateau of Ras Hanut, was only completely excavated about three years ago.

COULD HARDLY
MOVE IN HER BED

Eight Boxes of "FRUIT-A-TIVES"
Completely Relieved Her.

MADAM RICHER.

Labelle, P. Q., April 13, 1921.
"It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me.

PIMPLES ON FACE
FOR 3 YEARS

Also On Arms. Very Sore.
Cuticura Healed.

"For three years my daughter was troubled with pimples on her face and arms. They were hard, large, and red, and some of them festered and were very sore.

COULDN'T DO
HOUSEWORK
HEART WAS SO BAD

Many women get weak and run down
and unable to look after their household
duties owing to the heart action becom-
ing impaired or the nervous system un-
strung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc.

FUTURE OF INDIA
IS WITHIN EMPIRE

Lord Reading Spoke at a
Banquet in His Honor at
Alwar.

Delhi, India, April 1.—Speaking at a banquet in honor of Lord Reading, the viceroy, at Alwar, the Maharajah of Alwar said the princes of India some- times received gratuitous official advice from quarters not directly concerned in their affairs.

"Purify the Blood"

THIS is the doctor's advice to most people whose blood he analyzes at this season of the year.

RED PEPPER HEAT
STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

Best Cough Mixture
Is Home Made

Acts With Speed—Loosens the Phlegm—Stops the Irritation and Coughing Cess.

now be determined. In any case it would seem certain that their construction extended over a not inconsiderable period of time, and that eventually they were abandoned by the Neolithic folk, and were utilized by a succeeding people of the Bronze Age as sepulchres; for at a much higher level are found numerous remains of cremation burials, the date of which is easily determined by the presence of bronze implements of an early type.

WAR OF REVENGE
IS POSSIBILITY

American Delegate to Paris
Peace Conference Makes a
Statement—Not for Many
Years.

London, Ont., April 1.—The members of the Chamber of Commerce and the Canadian Club were addressed at the noon luncheon on Wednesday by Prof. J. T. Shotwell of Columbia University, New York, and a native of Stratford, Ont. Prof. Shotwell, who was a member of the American delegation at the Peace Conference in Paris, said that there is a possibility that the Germans may attempt a war of revenge, but it has been established that they have no large secret stores of arms or munitions, so that they would be for many years in rather poor circumstances to conduct such a campaign.

some probability that they may have served as rollers to transport the large stones to the places where they were to be erected.

ONLY FOUR C. N. R.
PASSENGERS KILLED

Ottawa, March 31.—Of more than 51,000 passengers carried on Canadian railroads during the year ending Dec. 31, 1921, only four were killed and 240 injured according to statistics contained in the annual report of the board of railway commissioners for Canada tabled in the house this afternoon.

Mr. Roy McSwain, High Bank, P. E. I., writes: "I was troubled with boils for some time, and had as many as six on my neck at once, but after using one bottle of Burdock Blood Bitters I was relieved of them in a few days, so I feel that I can say that Burdock Blood Bitters is a grand blood medicine, and can recommend it highly."

BOY, FALLING FROM RAFT,
DROWNED IN LYNN RIVER

Simcoe, Ont., April 1.—The waters of the Lynn River claimed a victim here when Harry Fick, aged fourteen, adopted son of George Fick of Sub-division Five, slipped off a raft which he and little Wilfred Stewart were operating after school at the foot of Sydenham street.

NET LOSS ON C. G. M. M. SHIPS.

Ottawa, April 1.—The net loss on the operation of the ships of the Canadian Government Merchant Marine during 1921 was \$2,210,724.55, exclusive of depreciation and interest due the government.

GRAVE OMISSION.

Another 1,200,000 men have joined the ranks of the unemployed in Great Britain, through strikes and lockouts in the shipbuilding and engineering trades. Nobody has yet planned Britain's industrial troubles on prohibition.

Rheumatism
Left Him As if
By Magic!

Had Suffered Over 50 Years!
Now 83 Years, Yet A Big Surprise to Friends

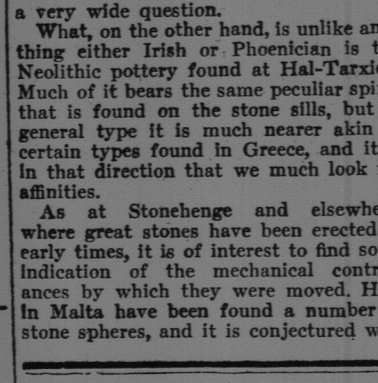

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. B. Ashelman. "Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

MRS. E. A. SMITH AGAIN PRESIDENT

Election of Officers of the Women's Council Yesterday—Some Interesting Reports.

At the afternoon session of the annual meeting of the Local Council of Women yesterday, Mrs. E. Atherton Smith was re-elected president for the coming year.

Treasurer's Report.

The treasurer's report, presented by Miss Alice E. Estey, showed total general receipts, \$4,722.73, and expenditures, \$4,656.10, including two Roschard tag days which netted \$3,489.19, for the Children's Aid fund.

Reports of committees and societies were given. Mrs. W. B. Tennant gave the milk fund committee report.

CHURCH'S Alabastine SOLD WATER. Before you redecorate see our booklet on the new Alabastine Opaline Effects. Something new—beautiful and economical. The Alabastine Company, Paris, Limited. Winnipeg, Man. 40

In all, 114 babies had been receiving milk during the year. Many Lives Saved.

Not one of the milk fund babies had died and the V. O. nurses, who administered the fund, believed half of the babies would have died without the milk.

The report of the Ladies' Auxiliary of the Seamen's Mission was read by Mrs. Watt; the Victorian Order of Nurses, by Mrs. H. A. Powell; The King's Daughters, by Mrs. R. C. Thomas; the Protestant Orphans Home, by Mrs. David McLellan; the Women's Canadian Club, by Mrs. Gordon MacDonald; the Animal Rescue League, by Miss Lillian Hazen; the Animals' Memorial fountain, by Miss Lillian Hazen; the Women's Hospital Aid, by Mrs. A. W. Estey; the Red Cross Society, by Miss Grace W. Leavitt; the High School Alumnae, by Miss Barbara Dobson.

Mrs. H. H. Pickett, as convener of the committee, gave the report on citizenship and read a letter from the national convener, Dr. J. Stowe Gullen, who has been nominated as national president, who urged the study of civics in "Societies of Good Citizenship," and many important reforms.

Mrs. J. Willard Smith, as convener for the committee on Child Welfare, told of the various organizations which were working along these lines.

Mrs. E. Atherton Smith and Mrs. R. J. Hooper spoke of the coming case-finding campaign to be launched by the St. John Society for the Prevention of Tuberculosis.

nominee for motion picture censor, in reporting on her work as censor, told of the value of this work and of its arduous labors, as well as its demands. Actors and actresses themselves were among the greatest menaces to the success of motion pictures, and moral censorship of the industry was to be undertaken.

Mrs. R. J. Hooper, as convener of the committee on public health, reported that infant and maternal welfare and fire prevention had been added to the scope of the committee by the national convener.

Regarding the eye clinic in connection with school inspection, suggested by Mrs. Hooper, Mrs. Smith said the council would endeavor to finance the undertaking when a suitable room could be secured in the General Public Hospital.

Mrs. Anne Tingey, convener of the committee on the conservation of natural resources, pointed out the serious need for a definite policy in this regard.

Mrs. W. C. Good, as convener of the committee on natural recreation, spoke of the growth of the interest in sports.

Mrs. H. B. Peck, convener of the committee on agriculture gave good advice for home gardens in St. John, recommending the use of lime stone.

Mrs. A. C. D. Wilson, as the council's censorship recommendations.

To free your skin from blemishes—the right way. ASK a skin specialist why it is that your skin is continually breaking out with disfiguring little blemishes. Each night just before retiring, wash your face with Woodbury's Facial Soap and warm water, finishing with a dash of cold water, and dry carefully.

VETERANS' BODIES WILL AMALGAMATE

Toronto Union of West End G. A. U. V. and Parkdale G. W. V. A. Under Way.

(Toronto Mail and Empire) The initial steps towards the amalgamation of the West End Branch of the G. A. U. V. and the Parkdale Branch of the G. W. V. A. were taken at a largely attended and enthusiastic meeting of the former organization, held last night in St. Leger's Hall and attended by practically the whole executive of the Parkdale Branch, G. W. V. A. The movement, which is in accordance with the instructions of the Dominion Veterans' Alliance, favoring local amalgamation of branches of the different veterans' bodies has been under way for some time.

The meeting last night was addressed by J. Fred Marsh, Dominion secretary of the G. A. U. V.; the president of the Parkdale G. W. V. A., and S. J. Kelly, assistant Dominion secretary of the G. A. U. V. In his address, Mr. Marsh referred to the financial statement of the G. A. U. V. Dominion body, which was submitted last Wednesday, and showed over \$30,000 in the Dominion treasury of the organization.

THE FEAST OF UNLEAVENED BREAD

The Feast of Unleavened Bread, otherwise known as Passover, begins this year on Wednesday, April 12, and will be observed by all Jewish people for a

A Profitable Profession for Women

period of seven or eight days, according to their interpretation of the Biblical injunction in Exodus 23:14.

During the Passover week all Jewish families abstain from eating leaven in any form and in its stead use the Matzo, concluding the festival on April 19th.

The first and last days are days of holy convocation. That is, services are held on these days in the synagogues.

The evening of the first day of Passover is particularly important.

This evening is known in Jewish circles as "Seder Night." Its intent is to unite members of a household about the festive board and there read together the ritual compiled for the occasion and known as the "Haggadah." This liturgical composition recites the chief events of the Exodus of the Children of Israel from Egypt and with many a quaint song and story revives memories of hardship in ancient times from which the people of Israel were delivered by a strong hand and an outstretched arm.

Passover, it will readily be seen, reaches back to remote antiquity when it was observed by the Hebrew tribes in the dawn of history as an agricultural festival incident to spring. At an early period in the history of these tribes they attained a degree of self-consciousness and associated historical events with their career. The Exodus from Egyptian bondage was commemorated in this Pesach feast. An entirely new content was invested in the feast which became a message of freedom and a memorial of deliverance from slavery and oppression.

The festival of Pesach was used by the synagogues as a means of consecrating the Jewish home to God, the Redeemer and Protector of Israel. The story of the deliverance of their forefathers from bondage and slavery reminded the Jews of God's providential guidance and gave them confidence in the final redemption of all humanity from tyranny and injustice.

The Passover Feast is keyed to this dominant thought of liberty and redemption from bigotry, ignorance and oppression. The importance of the feast lodges in the emphasis placed on the quality of freedom announced for all who are near or far away. Each one is to regard himself as if he came forth from the house of Egyptian bondage.

That American Israel may be the better imbued with the high purposes of the feast, the Conference of American Rabbis is preparing a new edition

RAIN OR SHINE

Advertisement for Regal Table Salt, featuring a logo with a sun and rain and the text 'Always Runs Freely REGAL FREE RUNNING Table Salt THE CANADIAN SALT CO. LIMITED'.

of the Haggadah to be used in the homes of American Jews.

The Seder celebration radiates an exuberant spirit of thankfulness and joy. The symbolism of the festival which is elaborate and utilizes several unique recipes reflects the circumstances of the enslavement of the Children of Israel in Egypt as well as the hopeful outlook for the final triumph of freedom for all mankind.

The third of a series of Masonic lectures was delivered last evening to a large gathering of Masons in their temple by Dr. H. S. Bridges, his subject being "Landmarks in Masonic History." The address was deeply interesting and hearty appreciation was expressed to Dr. Bridges at the conclusion. Grand Master J. D. P. B. MacKenzie, of Chatham, accompanied by R. A. Loggie, was present at the meeting.

INTERNATIONAL SPEED TRUCK

Quick Delivery at Low Cost

ANY merchant in any city—big or little—must face keen competition. His competitors can sell equally good merchandise at equally low prices. —But, he can give quicker and more effective delivery service if he will equip himself to do so; and quick delivery soon makes friends and builds trade.

The International Speed Truck has been designed and built especially to meet the demand for quick delivery. It has the necessary speed, plus the rugged strength of construction that gives it long life. Upkeep expense is low because the truck embodies the same sturdy dependability for which the entire line of International Motor Trucks is known wherever used.

Let us help you cut your hauling and delivery costs. Write today for Catalog No. 2.

A QUIET DAY IN THE LEGISLATURE

Considerable Business Transacted With Little Speech Making

Fredericton, March 31—Today was a very quiet one in the legislature. No time was spent in speech making and the members did a considerable amount of business.

Mr. King gave notice of motion for Wednesday next that in the opinion of the legislature the Canadian National Railways should use coal mined in New Brunswick on trains operated in this province.

Mr. Martin gave notice of motion for Wednesday next that in the opinion of the legislature a conference should be arranged between representatives of the Dominion and the various provincial governments for the purpose of considering legislation covering unemployment insurance, old age pensions, eight-hour day and other matters affecting labor conditions.

The house adjourned until Tuesday at 2.30 p. m.

An effort will be made to conclude the business of the session next week, but it is doubtful if this can be accomplished.

Hon. Mr. Foster, replying to Mr. Richards, said that at the present time there was about \$60,000 of Valley Railway funds in the hands of the trustees.

Hon. Mr. Mesereau explained that the bill had been prepared under the direction of the advisory board of the Women's Institute, the members of which, who included some of the finest women in the province, had devoted much time to the work.

Hon. Mr. Foster said that in looking over the bill he noticed that it prescribed by-laws and other detail work which could very well be left to the board of directors.

Hon. Mr. Mesereau, replying to a question, said that the work of the Women's Institute had been carried on for the last ten years under the regulations prescribed by the department of agriculture.

Hon. Mr. Mesereau, replying to a question, said that the work of the Women's Institute had been carried on for the last ten years under the regulations prescribed by the department of agriculture.

Catalogs. We make a specialty of fine catalogue work and large editions. Unlike most printing plants in Canada, under the same roof as our printery, we have a complete photo-engraving plant which can supply the line or half tone illustrations required in the preparation of catalogues.

Our Saw Mill Has Started FOR THE SEASON. No more need of culling the pile for Dimension Lumber—joists, sills, frames, etc.—which can now be cut for you quickly, in just the lengths you require.

WALTER NORTHRUP IS FOUND GUILTY. The case of the King vs. Walter E. Northrup, charged with the theft of goods from the C. P. R. and also with receiving stolen goods knowing them to be stolen, occupied the circuit court before Judge Barry nearly all day yesterday.

Lindsay Enters Plea of Guilty. (Canadian Press Dispatch.) New York, March 31—A. E. Lindsay, former stock broker, accused of swindling wealthy society women and others out of nearly \$1,000,000, today pleaded guilty to an indictment charging him with the larceny of \$18,000 from Mrs. W. H. Arnold.

GOV. GRANT SWORN IN. Halifax, March 31—Lieutenant-Governor McCallum Grant was sworn into office for his second term here today.

EASTER HOLIDAYS. Ottawa, March 31—Questioned in the house this afternoon as to the Easter adjournment, Hon. W. L. Mackenzie King, premier, said the custom in the past had been to adjourn from the Wednesday prior to Good Friday until the following Tuesday.

A BIRTHDAY SURPRISE. About fifty of the friends of Miss Marjorie Ricketts tendered her a surprise birthday party at the home of her parents, Mr. and Mrs. H. Ricketts, 499 Main street, last evening.

Main street, last evening. On behalf of the company, M. D. Blair presented to Miss Ricketts a pendant. The evening was spent in music and dancing, and during the course of it refreshments were served.

The Jewett Is Here

The Price Is \$1725

The New Jewett Light Six is now on exhibition in our show rooms.

To you, and everyone who is interested in motor cars, we extend a very cordial invitation to see this car and arrange for a demonstration.

And we do not hesitate to say in advance that you are going to be surprised, delighted and not a little mystified.

You are going to be surprised because the Jewett is all that you have imagined—and a great deal more.

You are going to be delighted because it is the very car that you have hoped for—and waited for—these many years.

You are going to be mystified because you will, for the first time, view a fine quality six at the price of a four.

To produce this car and sell it for \$1725 f. o. b. St. John, has required years of study and all the ingenuity and resources of the Paige Engineering staff.

It would have been a simple matter to compromise on four cylinder construction and thus achieve a popular price. But mere price was not the aim and the Four can no longer be considered in terms of fine engineering.

This is the day of six cylinders because the six is an inherently balanced mechanism. The natural balance and overlapping power impulses mean, smooth, even, vibrationless riding qualities.

These, in turn, mean maximum economy

because friction and vibration are the chief destructive agents in mechanics.

You have only to ride in the best four that was ever built to realize its fundamental imperfections.

The Four must "fight" to get under way. It delivers a series of vicious, stabbing blows on the crank shaft. In consequence, the entire car throbs and vibrates like a tuning fork.

How long, do you imagine, can any mechanism remain staunch and tight under such punishment?

Fours will "run," of course. But how do they run? And how much genuine satisfaction is there in the running?

Is it a nerve-racking chug-chug or the soft, thrilling purr of overlapping impulses.

For these reasons, and many others, the New Jewett is a six with a mighty reservoir of fifty horse power.

It will sweep you over the road at sixty miles per hour, if you like, or amble along at three. And, at either pace, you will travel as sensible people want to travel—easily, smoothly, quietly.

In spite of its amazingly low price, the Jewett is a car of rare beauty, finish and appointment. It is a stinging rebuke to the common place designs of the popular priced field.

Best of all it is built as all Paige products are built to serve you faithfully and with deep respect for your pocket book.

But come in and see the Jewett for yourself. Come prepared to ride with us. For that is the one way that you can experience the thrill of commanding a fifty horse power six cylinder motor.

That is the one way that you can actually know and appreciate the Jewett.

ST. JOHN BRANCH—W. H. Lugadin, Manager

ACCUMULATIVE BONDS

are a medium of investment especially attractive to those having a sum of money on which they are prepared to allow the interest to accumulate. We issue these Bonds for \$100, or any multiple thereof. They bear interest at 5 1/2 per cent per annum, COMPOUNDED HALF-YEARLY, and the following table shows the amounts restored to purchase Bonds for specified sums payable at the end of five years:

\$76.24 will purchase a Bond for\$100
\$152.48 will purchase a Bond for\$200
\$381.20 will purchase a Bond for\$500
\$762.40 will purchase a Bond for\$1,000

Money invested to return simple interest at 5 1/2 per cent per annum, payable half yearly, will double itself in a little over 13 years, whereas if invested to return the same rate compounded half yearly it will double itself in less than 13 years.

We particularly recommend these Bonds to those not in need of an immediate return on their investment or to anyone wishing to provide an amount for a specific purpose at some future date.

Any further information desired will be gladly furnished on request.

LIONS AGAIN WIN THE CITY LEAGUE

The City Bowling League has just completed its schedule for 1921-1922 on Black's Alleys, and the Lions, last year's winners again are the champions.

Why Is It that nine people out of ten wear down their heels on one side? We don't know ourselves—but we do know how to straighten those worn down heels so that they will give better satisfaction for a longer time than when you first bought the shoes. Give us a trial. Our charges are reasonable.

We shall be pleased to bear your footprints. Skates Sharpened.

graved past City League champions as follows: 1914-16, Ramblers; 1916-18, Sweeps; 1918-19, Ramblers; 1919-20, Ramblers; 1920-21, Lions.

The Lions have duplicated their 1920-21 performance and have captured the very fine individual cups, offered by the league, besides.

The light for second place for some time has been very keen and the result in doubt until the last game, but the Nationals succeeded in winning this position and will also receive individual cups.

A. W. Covey, of the Ramblers, is the high average bowler of the league with the fine average of 97.40-45, having competed in twenty of his team's twenty-one games, and is the winner of the Hon. J. B. M. Baxter's prize.

Bruce Winchester, of the Nationals, with 96.43-48, is second and will receive the prize for this position, donated by F. C. Beatey.

T. L. Wilson, of the Lions, finished third with 96.49-63 and is the winner of a prize donated by H. W. Parrie.

Joseph Harrington, of the Lions, will receive, through the kindness of Major R. A. McAVILY, a prize for having had the highest average, irrespective of percentage of games rolled. Joe had the very enviable average of 97.40-45 but could not participate in regular league prizes, as he had not bowled the necessary 75 per cent of the scheduled games.

Thomas Jenkins, Sweeps, won the high three with 352 and Allan Beatey, Ramblers, rolled 142 for the high single string and both will receive league prizes, as customary.

Plans are now under way for a banquet to be held in the near future when it is hoped the league can have as guests Hon. J. B. M. Baxter, the league's honorary president, Commissioner Thornton and the several other friends and supporters of the league, and it is planned to have the various prizes presented at this time.

A roll-off of much interest took place last evening, when a low man on each of the teams competed for an umbrella donated by A. Jordan, who for the past few years has made a very acceptable donation. This roll-off was won by Gordon Henderson, of Lions.

League Standing table with columns for team, W, L, P.C., and scores.

Total pinfall and game average: Lions 29907 1410 Ramblers 29445 1403 Nationals 29261 1393 Sweeps 29078 1384

MISUNDERSTANDING ABOUT READING

Position of Viceroy of India Discussed

The Troubles in the Rand—"Sir Arthur Balfour" Rings Strangely in the Ear—The Story of a Royal Stocking

(From our own Correspondent.)

London, March 16—There is much misunderstanding regarding the position of Lord Reading, and much nonsense has been written about his differences with the India office.

the Moslem danger, and both are eager for a Turkish settlement which would at least remove some of them. Where misunderstandings have arisen has been in the policy of action. From time to time Whitehall has suggested a certain course to Simla, but left the decision to the Indian Government as the authority on the spot, and from time to time Lord Reading has delayed action, not because he is opposed to it, but in order that as a new viceroy he might first study the situation for himself, with the result that matters had been far advanced before he made up his mind.

social standards since Germany unchained the demons of brute fury in 1914; and it also shows how disastrously, under modern conditions, a gigantic plot can be fomented against established order. Here we have Bolshevik commandoes in the state using bombs, aeroplane and artillery to keep the peace. It is like a chapter from some wild romance by Mr. Wells. What has happened in South Africa, like other dominions overseas, suffering the inevitable collapse following the war's economic exhaustion, is failure to appreciate the lessons already learned in this country of the necessity for reduced wages and higher taxation. The burdens borne by South Africa in this latter respect bear no comparison with ours. And malevolent agitators work on the spirit of discontent and revolt to further their own outrageous ends.

of a company prospectus. It is impossible to resist the suspicion that had he followed his own inclination Arthur James would have remained plain Mr. Balfour to the end of his days. But King George was set on his receiving this signal mark of royal favor. It would have seemed churlish to refuse, and A. J. does not find it easy to be churlish. People are asking whether he could not have received the Garter, with its wonderful blue sash, without receiving the title. Unfortunately there is no precedent for such a thing where the Order of the Garter is concerned. The only parallel, if parallel it can be called, is the case of the Archbishop of Canterbury, Rev. Randall Davidson, was made a K. C. V. O. in 1902 and later a G. C. V. O., but it was duly pointed out by the Court Circular at the time that he did not receive the accolade, that he would not be styled "Sir" and that Mrs. Davidson would remain plain Mrs. Davidson. Happily, whatever happens, (even if he were to receive a peerage), A. J. will still be "Arthur" to all his friends. None of his intimates ever thinks of calling him anything else, any more than he himself would ever dream of calling the present Marquis of Salisbury anything but "Jim." Arthur's favorite club nowadays is the Athenaeum, but there was a time when he used to affect the Garrick a great deal. Indeed it would surprise a

First place at the Show

For many years McLaughlin has occupied the premier position in the Canadian Automobile Shows. That McLaughlin should retain this place year after year reflects convincingly the high regard in which McLaughlin-Buick Cars are held by the Canadian public.

The McLaughlin-Buick is the outstanding example of the efficient Canadian built car. Heavy parts such as Motors and Axles, are manufactured in the new completely equipped General Motors plants in Walkerville. The assembling, body building, sheet metal work, top building, upholstering and painting, etc., is done at Oshawa. Canadian capital and Canadian labor combine in the production of the McLaughlin-Buick.

good many people that when he was some minister that club became the centre of considerable political activity. Many secret political conclaves took place within its walls. A private room was always kept at Mr. Balfour's disposal. Why the Garrick was chosen for the purpose I cannot imagine. Possibly because it was about the last place that could be suspected of any such goings-on.

A Hatless House.

I had occasion one day this week to pay a visit to the House of Commons, and I noticed that the practice of wearing hats in the chamber itself is steadily declining. I cannot imagine that it is the presence of Lady Astor in this august assembly which has brought about this change. It is much more likely that it is to be attributed to the growing unpopularity of the silk "topper." Somehow the bowler hat never got acclimated to the green benches of St. Stephen's.

Among the minor fascinations of unfrequented London are its old curiosity shops. Just off Great Portland Street, in the same thoroughfare as the Middlesex Hospital, there is an admirable one. At the present hour the central attraction is a rather pathetic and shy white stocking, with openwork at the ankle, which hangs in the window full-length and right end up, stuck to the glass by a piece of postage-stamp edging. It bears an inscription on a fragment of yellow paper, obviously penned in faded ink, "Queen Victoria's stocking—with initials V. R. and the Royal Crown." A careful investigation bears out this claim. There are the initials of the great old queen who has been dead these twenty years, though it seems like half a century to us nowadays; and there is the crown, both proudly worked into the fabric of the stocking just above the knee. And only a few hours earlier I had been looking in the splendid apartments of St. James' Palace at the wedding dress of Queen Victoria's granddaughter. Somehow the exhibition of this solitary silk stocking struck me as slightly indecorous. The stocking was so palpably Early Victorian. In the days when ladies wore such stockings as those, Englishwomen had no such things as legs—except at Drury Lane or Covent Garden, of course.

Queen Victoria's Stocking. Among the minor fascinations of unfrequented London are its old curiosity shops. Just off Great Portland Street, in the same thoroughfare as the Middlesex Hospital, there is an admirable one. At the present hour the central attraction is a rather pathetic and shy white stocking, with openwork at the ankle, which hangs in the window full-length and right end up, stuck to the glass by a piece of postage-stamp edging. It bears an inscription on a fragment of yellow paper, obviously penned in faded ink, "Queen Victoria's stocking—with initials V. R. and the Royal Crown." A careful investigation bears out this claim. There are the initials of the great old queen who has been dead these twenty years, though it seems like half a century to us nowadays; and there is the crown, both proudly worked into the fabric of the stocking just above the knee. And only a few hours earlier I had been looking in the splendid apartments of St. James' Palace at the wedding dress of Queen Victoria's granddaughter. Somehow the exhibition of this solitary silk stocking struck me as slightly indecorous. The stocking was so palpably Early Victorian. In the days when ladies wore such stockings as those, Englishwomen had no such things as legs—except at Drury Lane or Covent Garden, of course.

Latest in Lifeboats. The secretary of the Royal Lifeboat National Institute tells me that they are having built for them what will be the largest motor lifeboat in the world, with several new and important improvements incorporated. The new boat will be some sixty feet long, with fifteen feet beam, and a displacement of forty tons, fitted with twin screws driven by two seventy-five H. P. motors, and pro-

jectively unsinkable, built almost entirely of double thickness of teak, with steel bulkheads and a hundred buoyant air-cases, each one a separate water-tight compartment. Other novel features include two cabins to hold fifty passengers and total accommodation for 150. One cabin will be fitted with a stove, a vital improvement, which will allow rescued persons—often in a state of exhaustion and collapse from exposure to get warmth and hot food at once. The equipment includes a line-throwing gun and searchlight and a life-saving net, which, stretched amidships when alongside a vessel with high sides, will allow the people on board to jump into the lifeboat with safety. The hundred-mile radius of the new boat will permit a much wider range of work. She will cost about £20,000. To equip the most important stations with this latest type of lifeboat would mean a heavy drain on the resources of the institution.

New Galsworthy Play.

Those who attended the first night of Mr. Galsworthy's new play, "Loyalties," at the St. Martin's Theatre, predict as successful a run for this social drama as for "The Skin Game." For my part I prefer the latter play immeasurably. "Loyalties" is finely written, superbly staged and acted, as all Galsworthy plays have the good fortune to be, but it seems to me, though exciting and dramatic enough, just a little depressing. It may be said that if "Loyalties" is depressing, the same is true of Hamlet. But there is a difference between being devoured by liquid fire and being steered over a gas stove. The chief actors in the play are Ernest Milton, Eric Matherin, Dawson Millward, J. H. Roberts, Cathleen Nesbitt, Meggie Albanesi—all excellent.

Breaking New Ground.

There is a strong probability that the Parliamentary Golf Handicap will be played this year over in France. Usually the first two rounds are decided at Deal, Sandwich, Rye, or Littlestone, but an invitation has been received from the Le Touquet Club that our M. P.'s should take a trip over the channel and fight their battles on French soil. Decision in the matter depends on the number of entries received, and the novelty of the idea may possibly promote its success. But the outing will be rather an expensive one for a single day's golf, and it would be interesting to know how our legislators reconcile it with the lip-service they constantly pay to the blessed word "economy."

The Pictoscope.

It is the obvious that is never obvious, and, although millions see and enjoy the "pictures" every day of the week, it has been left to one observant individual to realize that, good as the majority of films may be, and pictorially descriptive of life, there is still something lacking. Take a photograph of any ordinary scene, close one eye, and apply the hand as a telescope to the other, and the view at once becomes stereoscopic. The inventor of this new device has applied this idea by means of a small lens fitted to the projector of a cinema film, where-

by the flashing of an ordinary picture on the screen becomes instantly stereoscopic. I was one of the few spectators to witness the showing of an ordinary film, which was immediately rewound and repeated with the new device attached, and the demonstration was remarkable, the comparison in favor of the second picture being little short of marvellous. Apart from its artistic value, the chief recommendation is simplicity, and it is certain that another milestone has been reeled off in the development of the cinematograph. It has been aptly named the "Pictoscope."

Friends of Mrs. Duffus, Halifax, will hear with regret that she has been quite ill for the last few weeks but they hope soon to be informed of her rapid convalescence.

A GARDEN FULL OF GLADIOLI for \$1.00

THE GLADIOLIUS

is one of the most satisfactory flowers grown, because it blooms continuously when it is cut and put in water, just as well as when in the ground. There is no reason why every family cannot enjoy this grand flower, for the simple reason that it is as easy to grow as the potato. You can have them in bloom from July to frost if you plant a few bulbs each month from April to July. For only one dollar we will send 25 bulbs of our EXHIBITION mixture, which covers every conceivable shade in the Gladioli kingdom. Last year we sold 50,000 of the bulbs, and have received hundreds of testimonials as to their merits. ORDER YOUR BULBS NOW so as to have them to plant when you begin making your garden. Write today and secure this splendid collection of Gladioli bulbs for only \$1.00, prepaid to your home, anywhere in Canada, with our 1918 Spring Catalog. Also ask for list of named Gladioli covering over 75 varieties. DUPUY & FERGUSON 48 Jacques Cartier Square, Montreal.

The new black-boning "Durabone" is a feature of the D & A Model 231, and adds another reason for the purchase of this D & A. "Durabone" preserves its spring almost indefinitely and assures to the wearer a long life and to the wearer, both comfort and absence of ungraceful folds and creases. Number 231 is designed for slender to medium stout figures. Ask your corsetier. Made in Canada. Wholesale corsetry DOMINION CORSET CO. MONTREAL QUEBEC TORONTO Makers of La Diva and Golden Corsets

AVOID THE HOLD-UP

"There's a Board Meeting at 10 o'clock and I'll be late," said the director of a prosperous concern as he stood watching the removal of a blown-out tire. "I told you to put that 'Gutta Percha' tire on before we left. I can't afford the time these hold-ups cost." Business men don't relish stops on the road to fix tires. Chauffeurs don't like it either. Instruct your chauffeur to put "Gutta Percha" Tires on your car and you will both enjoy the assurance of trips without stops.

'Gutta Percha' Tires

PRICE: No business man can expect reliable service from a poor tire. Pay the right price—get a standard make tire—a "Gutta Percha" Cord Tire—and your satisfaction is sure.

When you are thinking about things and muttering to yourself during the replacing of a tire, just register a wee resolution that henceforth you will motor on tires that don't blow out—"GUTTA PERCHAS."
