LEAGUE COUNCIL
SMOOTHS THINGS

Poles and Lithuanians Agree to Stop Fighting

Settlement of Dispute to Follow—Finland Also Agrees, With Reservations, on Aland Island Question.

Paris, Sept. 21.—The ninth session of the council of the League of Nations adjourned yesterday after having smoothed out difficulties among four nations in controversy which at one time threatened to result in war. Through its action in the Polish-Lithuanian crisis the council succeeded in getting the two countries to agree to an immediate suspension of hostilities pending a settlement of their dispute which both sides agreed to accept.

Finland also ironed out her difficulties with the council by accepting, with certain reservations the report of the council on the Aland Island question, which calls for an investigation by three commissioners. League officials explained that, although neither Finland nor Sweden was legally bound to accept the league's decision they were morally bound to accept them. It was further pointed out that a settlement if backed by public opinion would virtually compel acceptance.

FLATS COVERED
WITH HERRING

Gulls in Thousands Feast on Little Fish Stranded at Courtenay Bay.

Whether it was the championship regatta or some other attraction has not yet been ascertained, but the waters of Courtenay Bay yesterday and today presented a picture which has never been seen before. Thousands of herring were stranded on Sunday evening and continuing all day yesterday, thousands upon thousands of them, enjoying the feast of their lives. The fish came in with each tide and were in evidence everywhere where there was a drop of water. Great schools of them made their way up the Marsh Creek and Little River and ardent fishermen simply stood knee deep in the stream and scooped hundreds of fish which were jammed into them. Those who saw the spectacle said that it was the most remarkable witnessed in this section for some time.

NEW RABBI HERE

Rev. Dr. C. A. Press, Ph. D. Plans for Jewish Community Centre.

Rev. Carl A. Press, Ph. D. has arrived in St. John and will take up in the administration of the amalgamated congregations of the local Hebrews. Dr. Press received his early education in Europe and has been formerly rabbi at Vancouver, B. C. and Portland, Oregon. He is thirty-two years of age.

The united congregations are now planning to remodel the old synagogue on Carlton street into a community centre. Provision will be made for a Hebrew school, auditorium and gymnasium with swimming tank. It is expected that the alterations will cost at least \$15,000.

FORTY YEARS
ON POLICE FORCE

Last night Sergeant Aaron Hastings, the popular court sergeant at local police headquarters, completed forty years of service with the St. John police force. He was sworn in as a patrolman on September 20, 1880 and since that time has had a creditable record as a policeman and sergeant. His promotion came three years after he joined the force. For the last nine years he has efficiently filled the position as police court sergeant and has always maintained order and commanded respect of all with whom he had dealings. He is congratulated on having such a long and admirable record and his many friends wish him many more years of service with the police force.

BURIAL TODAY

The funeral of Francis J. O'Connor took place this morning from his late residence, 106 Duke street, to the Cathedral, where solemn requiem high mass was celebrated by Rev. Zoel Landry, with Rev. Raymond McCarthy deacon, and Rev. Simon Gram sub-deacon. Rev. M. Duke was master of ceremonies and final absolution was given by Right Rev. E. A. LeBlanc, with Rev. H. Ramage in the sanctuary. Interment was in the new Catholic cemetery.

Not Many Hear Premier. Compton, Que., Sept. 21.—Premier Meighen addressed a rather small crowd here today.

Miners' Trouble in
Nova Scotia Revived

Strike in All the Mines Is Talked Of

Executive Is Unanimous Against Acceptance of Terms of Royal Commission Award—The Points of Difference.

(Canadian Press.)
Glace Bay, N. S., Sept. 21.—Following an all-day discussion of the royal commission report, the executive of the United Mine Workers last night unanimously decided against acceptance; also to ask the locals to pass resolutions authorizing the executive to re-open negotiations with all Nova Scotia operators. Crystallized, the attitude of the miners is that they will ask for the \$1 a day to date workers, and twenty-four cents a ton to contract men—and have conditions remain as they were laid down under the McKinnon award. This means that the chief stumbling block in the way of acceptance is that portion of the report recommending the adoption of the partial advance and sliding scale scheme suggested by the commission as a means of increasing production of coal.

Briefly, the situation is this:
1. The miners' executive reject the idea of the partial advance and sliding scale scheme, claiming the right to open negotiations with the operators every four months.
2. They reject the principle of "compulsory arbitration," which would be contained in the idea of the body recommended by the commission to be set up between operators and men, which the commission held would go far to settle minor disputes and obviate the possibility of "vacations" and "holidays."
Silly Barrett, international board member of the U. M. W., said last night that if the operators did not grant the demands as outlined a strike in all Nova Scotia mines would result.

ANOTHER BIG
LIQUOR SEIZURE

Eighteen Barrels and 183 Cases Captured at Edmondston.

(Special To The Times.)
Fredericton, N. B., Sept. 21.—Chief Inspector W. D. Wilson has been informed of the seizure of a large quantity of liquor at Edmondston on Monday by sub-inspector A. McLaughlin. It embraces 940 bags of oats, 183 cases of liquor and eighteen barrels of liquor, and is supposed to have originated in the province of Quebec.

The seized goods are on their way to Fredericton and are expected. The inspector Wilson went to St. John this morning.
Mrs. Marie Louise Cameron, widow of John Cameron of this city died this morning at the age of seventy-six. She is survived by one son Donald Cameron, postmaster of Fredericton, also one brother, P. Chalmers of Pottsville, Pa. The funeral will take place on Thursday afternoon. Mrs. Cameron was highly esteemed by all who knew her. She was a prominent member of the parish church.

WARRANT FOR A
MONTREAL DOCTOR

Nova Scotia End to This Case About Body of Girl.

Montreal, Sept. 21.—A warrant was this morning issued by Crown Attorney Walsh for the arrest of a Montreal doctor on a charge of making a false entry in connection with the death certificate for Miss Winnifred Hannan who, the local police believe, to be the Miss Hannan whose body was sent from Montreal to Lunenburg, N. S., where it was found that the condition of the body did not conform to particulars given in the certificate.
The management of the Grand Union hotel here, where Miss Hannan's body was reported to have been prior to being sent to Lunenburg, this morning disclaimed all knowledge of the affair of that she stayed there. A telegram addressed to Mrs. Clara Hamm and believed to have come from Toronto reached the hotel last week, but as nobody claimed it it was returned to the telegraph company. Inquiry established that the body of "Winnifred Hannan" was sent to Lunenburg on Sept. 14 from 60 Windsor street. There is no such address in Montreal.
The attorney-general's department at Quebec was notified and as a result of the investigation conducted by the police the warrant for the local doctor's arrest was issued.

SPORTS FOR CHILDREN

Frank White is arranging to hold a series of sports for children on the South End playgrounds next Saturday afternoon. They will be conducted under the auspices of the Playgrounds Association, and all children ranging in age from four to sixteen years may compete. Money has been donated by citizens and prizes will be secured for the winners.

THE FRENCH PRESIDENCY
Paris, Sept. 21.—The resignation of Paul Deschanel as president of France, was read in the senate and chamber of deputies today.

TRADE MATTERS
BEFORE CONGRESS

Phase of Relations of Canada and West Indies

"Buy Direct From Us Instead of Through New York," Says Delegate—Imperial Trade Committee Is Suggested.

(Canadian Press.)
Toronto, Sept. 21.—In discussion of preferential trade within the empire by the ninth Congress of the Chambers of Commerce of the British Empire yesterday, Geo. F. Higgins, representing the chambers of commerce of Trinidad, West Indies, said the West Indies would like to see free trade within the whole British Empire, but wanted it to be "bought" and not "freed" as it was accepted in England. He criticized some of the features of the reciprocal trade arrangement between Canada and the West Indies.

He said the West Indies were grateful to Canada for maintaining a subsidized steamship service, but objection was taken to the Canadians doing all their purchasing from the West Indies through New York brokers. "If the buyers in this country will come to us direct," said Mr. Higgins, "we will be able to get closer together." Mr. Higgins said that for political reasons political union between Canada and the West Indies was impossible.

Lloyd Harris of Brampton, Ont., declared that "the whole policy of the British West Indies is settled in London by civil servants or government officials who know nothing about trade and look down upon trade." The government has no initiative, he added, and was lacking in initiative. He had learned to expect no results from anything a government might do. Mr. Harris advocated the appointment of an imperial trade committee, to be composed of three representatives from each of the dominions and colonies, and a certain number from the mother country, who would sit in London as a permanent council to study imperial trade questions. "I do not believe," he said, "that we have this in the hands of a government," Mr. Harris said, "it must be done by men who are qualified by practical experience and business training."

THE GREAT SECRET
MAY BE KEPT

Maine Court Decides Women Need Not Tell Age When Registering as Voter.

Portland, Me., Sept. 21.—The supreme court yesterday decided that a woman should not be required to tell her age in order to qualify as a voter. In a writ of mandamus ordered to enroll Mrs. Elizabeth Alden Holman "regardless of the fact that she refused to give the exact date of her birth or her exact age when the registrars will be heard if they wish to oppose the order."
Mrs. Holman was refused enrollment on September 4 when she insisted that it was sufficient for her, or any woman, to describe her age as "over twenty-one years." She announced her intention of making a test case on the issue.

FREDERICTON RACES

Fredericton, N. B., Sept. 21.—Under ideal weather conditions the Fredericton Jockey Club's fall races will open this afternoon.
There are three races on the opening card for today. In the 2:12 trot and pace action will be between Belle, Belle, and Belle. In the 2:14 trot and pace, against Roy Volo and Little Anna S, on the bottom with Blanche H. favorite at almost even money against the field to win the 2:25 trot, and Quincey and Northern Mac, 2:15, an open stake race from Aroostook county.

DOCTOR UNDER
OBSERVATION

Test Sanity of Physician Charged with Murder of Wife and Child.
Muskegon, Mich., Sept. 21.—Dr. Otis Sedgewick of Whitehall, Mich., charged with the murder of his wife and three-year-old daughter, by strangulation, was committed to the hospital at Traverse City yesterday for observation as to his sanity. Physicians had pronounced him in a state of mental collapse.
The doctor was forcibly held at the county jail yesterday. He had refused to eat or drink since his imprisonment on Thursday.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbean to the Times reporter, "I've settled down for a quiet evening with the newspaper of Hiram's tonight. I'm in come. Mrs. Ann Perkins. She'd been visiting up to Hiram's, an' Mrs. Hicks she'd got mother big pile from the department store with a half lot of clothes in it. It took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. It was gored up the back an' tucked down the sides. It had a belt that fastened like a whiffletree, an' a collar made of some kind of fur that was awful nice feelin' on the neck. I guess it must-a-been imported from Rosalie on somewhere, an' was the only one of its kind in Canada. Then I took Mrs. Ann half an hour to tell all about a new coat. AUTO ACCIDENT ON NASHWAAK

Woman Reported Badly Hurt - Car Number That of Gordon Schofield, Blackville.

Fredericton, N. B., Sept. 21—One woman is reported to have suffered injuries which will probably prove fatal, while several others are said to have been seriously hurt in an automobile accident at Mount Hope in the Pennac district on the Nashwaak this afternoon. Identity is unknown. The car is registered in this province as 10410.

CUT SERVICE ON VALLEY LINE?

Mr. Brady Gives Intimation in Fredericton—Says Earnings Far Below Operating Cost.

(Special to Times.) Fredericton, N. B., Sept. 21—A curtailment in the train service on the St. John and Quebec Railway, which is under C. N. R. operation, was forecasted by F. P. Brady, general manager of C. N. R. eastern lines, here yesterday. He said the curtailment had not been definitely decided upon, but that it was probable early in January after the rush of holiday traffic.

When asked why, Mr. Brady said that the St. John and Quebec Railway between Centreville and St. John was not producing sufficient revenue to warrant the continuation of a daily service and that the suggestion was to change it to a tri-weekly service as formerly. He said the cost of operation per train mile was from \$3 to \$5.20 but that the revenue earned by the passenger train runs only from forty-five cents to sixty cents per train mile.

Mr. Brady said that he was not able to differentiate between the Centreville-Fredericton section of the line and the Fredericton-St. John section in the matter of earnings, but the revenue which he mentioned was the total from passenger, express business and mail. He believed the returns were as large as could be expected from the country traversed by the line and fair for a new railway.

AUSTRALIA'S NEW TARIFF.

Rates on Beer, Spirits and Tobacco Have Been Much Raised.

Rates of duty on beer, spirits and tobacco products have been increased by Australia. These alterations affect customers tariff which went into operation on March 25 of this year and which is now being discussed by the Parliament of that country.

The rate on beer in bulk has been increased to 3 shillings per gallon and in bottle to 8 shillings 6 pence per gallon. The former rate was 6 pence for both. The duty on spirits has been raised from 3 shillings a gallon to 21 shillings on brandy, 33 shillings on whiskey and 22 shillings on gin.

BIRTHS McKINNEY—At 100 Wright street, Sept. 19, 1920, to Mr. and Mrs. H. McKinney, a son—Edward Patterson.

DEATHS KELLY—In this city, Sept. 21, 1920, John J., third son of John and Susan Kelly, leaving his parents, three sisters and four brothers to mourn.

IN MEMORIAM MAGEE—In loving memory of James Percy Magee, who departed this life Sept. 21, 1916. "Gone but not forgotten."

GOOD THINGS COMING TO THEATRES OF ST. JOHN

AUDIENCE SAW THE STAGING OF SHOW "Maid of the Mountain" a Tremendous Success in Halifax Last Night—Some Amusing Incidents.

Manager John F. O'Connell of the Majestic Theatre, Halifax, in a long-distance telephone conversation, today reported that in spite of a chain of circumstances, which might as well be considered humorous as otherwise since everything turned out all right, "The Maid of the Mountain" show was a tremendous success at its opening last night. Transportation delays and the magnitude of the production kept the curtain-raising back until after ten o'clock, but as a novelty the patient audience was allowed to witness the "setting" of the show. However, in spite of all delays and mental strain the presentation of the famous comic opera was marvelous and when the audience arose to sing the National Anthem at 1:30 this morning the tribute of applause was thunderous.

KANAZAWA JAPS AT OPERA HOUSE

Will Appear in a Whirlwind Acrobatic Offering - In Addition There Will Be Lots of Mirth, Singing, etc.

The feature acts in the new vaudeville programme at the Opera House tonight will be the Kanazawa Japs, who will appear in a whirlwind acrobatic and equilibrist offering which has been making a big hit on the leading vaudeville circuits. In addition there will be Azalea Fontaine, "The Web Girl," in singing, dancing and bits of comedy; Lewis and Manning, in a comedy singing skit; Jolly and Wild and Chas. Woody, in "Who's Your Tailor?," a snappy singing and talking skit; Billy Connors, a dispenser of anecdotes and funny stories. There will also be another episode of "The Silent Avenger," a popular motion picture serial featuring William Duncan.

UNIQUE SHOWS BIG FEATURE

"Are You Legally Married?" All This Week - A Clever and Sensational Picturization.

The Unique has made an enviable reputation for the merit of its pictures, and "fans" freely saying that "there are none better." But this week the popular Charlie street house will out-do itself by showing "Are You Legally Married," featuring handsome dashing Lew Cody and Rosemary Thebe. Regular prices and hours.

WATCH FOR CHANGE AT OPERA HOUSE

The Opera House will make a temporary change in policy for three days only, starting Friday afternoon, offering instead of the regular vaudeville bill, the W. S. Bates Musical Follies, with Ben Loring and Dora Davis and the Honey Girl chorus, in a rollicking musical comedy, "The Charming Widow," a feast of song, dancing, fun and pretty girls. The serial picture "The Third Eye" will be run as usual, immediately ahead of the musical comedy. The hours will be the same, afternoon at 2:30, evening at 8 and 10 o'clock. There will be no change in the prices.

NOT DEFINITE YET ABOUT FUEL CONTROL

Ottawa, Sept. 21—(By Canadian Press)—The railway board has not definitely decided to restore as yet the fuel control system, but will again consider the matter today or tomorrow.

VICTORY FOR WRANGLER

Constantinople, Sept. 21—Gen. Wrangel's latest cavalry drive against the Bolsheviks in south Russia has won him strategic positions on the railway and resulted in the capture of more than 2,000 prisoners and quantities of supplies so it is reported in advices from the Crimea.

FIRE TODAY

The North End fire department responded to a call from box 132, Chesley street, at noon today to extinguish a fire which started around the chimney in the upper section of a house owned by H. Conroy. It was extinguished before much damage was done.

LOOKS MORE LIKE STRIKE OLD COUNTRY

London, Sept. 21—The executive of the miners' federation informed representatives of the men today that in the opinion of the committee nothing had taken place during its negotiations with the government to justify the prevention of a strike of the miners at the expiration next Saturday of the strike notices previously handed in.

ANTI-ALCOHOL CONGRESS MEETS

International Gathering Is Opening in Washington Today With Many Countries Represented.

Washington, Sept. 21—The Fifteenth International Congress against alcoholism will open here today for a six day session with delegates from most parts of the world present. Originally, the congress was to have assembled in 1915, but having been postponed year to year because of the war its present meeting is the first since that at Milan, Italy, in 1913.

Speakers from fifteen foreign countries are on the programme. Those from the United States will include William J. Bryan, Attorney-General Palmer and Secretary Daniels, who will discuss phases of national prohibition. In addition to the speeches, the congress will stage a pageant illustrating the anti-alcohol movement in this country. An exhibit also will be held of material and methods used in the world campaign against liquor, and of the manufacture and sale of soft drinks.

LOWER PRICES ON SILK FROCKS

Every woman will be interested to learn that silk frocks, formerly selling for as high as \$65 can now be bought for the very low price of \$48. Not every place, of course, but at the Women's Shop—Oak Hall, where a very special sale of dresses of Crepe de Chine, Taffeta, Satin and Georgette combinations, is now in progress.

PERSONALS

Geo. C. Mullin of Boston, a popular conductor on the Boston and Maine railroad and wife, came in on the Boston train yesterday to visit relatives in the North End.

Mrs. W. Harold Hayes left last evening on a short visit to Quebec and Montreal.

Miss Jean Anduevas of the C. N. R. spent Sunday at her home in Sussex.

Mrs. Murray H. Campbell of Montreal arrived in the city on Friday at noon on a visit to her sister-in-law, Miss Winnifred Campbell, 195 Sydney street.

Mr. and Mrs. Benjamin MacKenzie of Hill Grove, Westmorland Co., announce the engagement of their eldest daughter, Miss Jean MacKenzie, to Mr. R. H. Gilliland, superintendent of the C. P. R. at Brownville Junction, arriving in the city on the Montreal train today.

STOKERS GIVE UP AFTER TWO DAYS OF HUNGER STRIKE

Montreal, Sept. 21—Nine stokers of the Norwegian freighter G. S. Gilbert, while that vessel was in the Montreal harbor, decided to give up their strike. The stokers were caused by the refusal of Captain Ericsson to give the men all the wages due them because he feared they were planning to desert, but he offered them \$10 each. They told him they would not work, while he told them that until the boilers were cleaned they would not get anything to eat. At the end of the second day the hunger strikers gave in.

The Hall proposition will have to be taken up and also business relating to the coming winter season. By order of the President, 11865-9-24

UNREST IN BRITISH LABOR

Discontent Made Strong Impression Upon Rev. W. D. Reid

Fierce Liquor Contest - Belgium Making Rapid Strides in Reconstruction Without Thought of 8-Hour Day.

(Montreal Gazette.) The feeling of unrest and discontentment that permeates the labor ranks of England was so borne in upon the Rev. W. D. Reid, of Stanley Presbyterian Church, who has recently returned from a three months' vacation spent in the British Isles, and Europe, that he stated last night from a pulpit that it had made upon him perhaps the strongest impression of his entire trip abroad.

"Almost every organization of workers in the country," said the speaker, "is either striking or talking strike. A recent edition of the Scotsman contained over a column of notices of strikes. It has been proved without a doubt that the Bolshevism of Russia has much to do with it, that large sums of Bolshevist money are being sent into Britain, and the impression is abroad that many of the labor leaders would declare for a Soviet Government tomorrow if they could."

Continuing with a brief summary of impressions gathered in the older civilizations, Dr. Reid touched on the temperance situation in England and Scotland. There seems to be considerable growth of temperance sentiment in both countries, especially in Scotland, and there is no man in Britain about whom the supporters of both sides of the liquor question in Scotland during the autumn when a plebiscite is to be taken. The brewers and distillers have engaged speakers to tour the country in their interests, and a poster campaign has already been instigated. Temperance forces are equally active in preparation. The latter have a bitter grievance against Lloyd George, namely, that, although when the liquor question was a great supporter of temperance, since coming into power he has done absolutely nothing to advance the cause of the temperance forces.

There is no man in Britain about whom there are such diverse opinions held," said the speaker, "as about the little Welsh Premier. He is either condemned as a political opportunist without any of the qualities of statesmanship, or lauded as the greatest man that Britain has produced since the days of the great English statesmen."

Church Union favored. Religious affairs were said to be in much the same condition as in this country, the church having been generally in returning to pre-war conditions in the matter of attendance and church life generally. There is a strong tendency to force down Canadian prices. Shipments of new crop Spanish raisins are on the way but definite quotations are not yet named. The current market is strong and the crop estimate has been considerably reduced, this coupled with the increased demand in the United States for wine purposes tend to make prices higher. Opening prices on new crop Tarragon almonds and filberts in the shell are quoted materially lower than last year while new crop shelled almonds and walnuts are five to six cents per pound higher than last year. Nothing of interest has developed in the tea market during the week, the market is steady to firm. The condition in the primary markets for coffee is weak with lower prices on futures; these lower prices will not affect the market until the end of October. The new crop Honduras and Blue Rose Texas rice opened at fully three cents per pound under last year's opening quotations. The first crop of Jersey sweet potatoes have arrived. Other vegetables are in abundance and prices are fairly maintained with the exception of potatoes which are in a weak market. Peaches are arriving in large quantities and are moving freely. Elbertas will begin about the latter part of next week. Plums are in heavy receipt and prices are lower. Oranges are holding firm and likely to remain so for the balance of the season. Coinciding with the increased freight rates flour advanced 25 cents a barrel and millfeeds \$2.50 a ton.

Fresh meats are easier with lower quotations on beef cuts and spring lamb. Barrel pork is a shade higher while smoked meats are unchanged. The butter market is steady with a large demand for the better grade which is in short supply; lower grades are not in demand, with prices of the same uncertain.

SIR WILFRID'S INK WELL. DONATED FOR HOSPITAL. Niagara Falls, Ont., Sept. 21—A unique souvenir of Canadian political history has come to Niagara Falls. It is the ink well that was used by Sir Wilfrid Laurier in the old House of Commons in Ottawa before the great fire that destroyed the Parliament Buildings in 1916. It has been placed in a handsome brass ink stand, and donated by Ernest Green to be sold for the benefit of the Niagara Falls General Hospital fund.

Bias Charged. Copenhagen, Sept. 21—Danish papers have been outspoken in their criticism of the Olympic games at Antwerp. They complain that awards were given on the principle of "Let the best man win if he is an ally."

The National Tidende's special correspondent at Antwerp charges that all Finnes were umpires in the games in favor of the allies. Typical in this respect, the correspondent says, was the sword combat between Denmark and Italy. All experts were agreed, he states, that Denmark were superior; nevertheless, the umpires gave the victory to Italy.

Lord Beaverbrook attended a luncheon in New York yesterday giving in his honor by leaders of the moving picture industry in the United States.

GROCERY REPORTS FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week. Some declines and some advances are noted in the market reports from Montreal, and in Toronto prices are for the most part steady with a slightly easier tendency in some directions. The sugar situation is still unchanged, but some second-hand lots are being offered below refiners' prices.

USE The Want Ad Way

Fabrikoid, the ideal wall covering for home, office, club, church or hall

—a permanent finish for walls, which will survive years of wear, which does not need to be renewed, painted or even vanished, and is as easily cleaned as a painted surface.

Fabrikoid costs more than ordinary wall paper, but its finish is a durable one that means economy.

For those rooms where panelled walls are suitable, Fabrikoid completes the finish with a richness that is unsurpassed in appearance and surprising in its beauty. No more suitable finish can be found for dining rooms, reception halls or billiard rooms in private homes, for offices, for the club or hotel lounge or smoking rooms, for church anterooms or for public halls and lodge rooms.

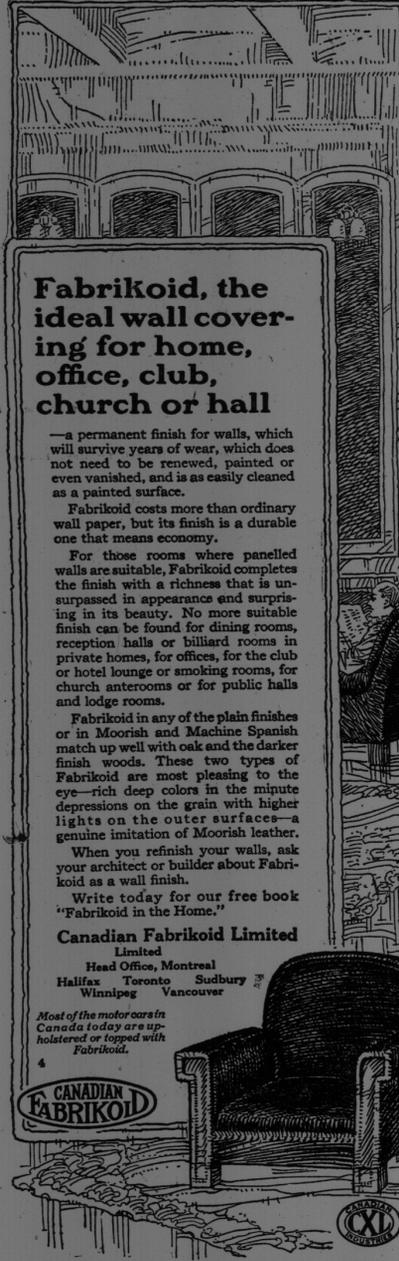

Fabrikoid in any of the plain finishes or in Moorish and Machine Spanish match up well with oak and the darker finish woods. These two types of Fabrikoid are most pleasing to the eye—rich deep colors in the minute depressions on the grain with higher lights on the outer surfaces—a genuine imitation of Moorish leather.

When you refinish your walls, ask your architect or builder about Fabrikoid as a wall finish.

Write today for our free book "Fabrikoid in the Home."

Canadian Fabrikoid Limited
Head Office, Montreal
Halifax Toronto Sudbury
Winnipeg Vancouver

Most of the motor cars in Canada today are upholstered or topped with Fabrikoid.

IF YOU ENJOY GOOD COFFEE DO THIS—

Order some "SEAL BRAND" made from the choicest upland berries, grown in luscious tropic hills, full of spicy nourishment and stimulating fragrance—the beans cleaned, blended and roasted with rare skill.

SEAL BRAND

Then in making, allow a tablespoonful of coffee to each cup desired, pour boiling water on it, simmer five minutes, clear with a dash of cold water.

Your dealer sells "SEAL BRAND", whole, ground, and fine-ground, in 1/2, 1 and 2-lb. tins, hermetically sealed, so that the coffee reaches you rich in its original strength.

CHASE & SANBORN
MONTREAL.

RED ROSE TEA is good tea

THE distinctive Red Rose flavor, aroma and rich, full strength is found in every Red Rose Sealed Carton.

Never sold in bulk.

You will always enjoy Red Rose Coffee

CANADIAN SHOES FOR CANADIAN PEOPLE

Why You Should Buy Shoes Now!

WE Shoe Manufacturers of Canada—and there are 158 of us in all—feel that there are certain features relating to our industry that you should know.

One of the principal things is this—

There is little likelihood that shoe prices will be very much lower than at present, for some months to come, at least.

IN any event, any reduction that the manufacturer may be able to make to the retailer will be slight; on the other hand, there is a possibility that prices on some styles may be higher.

Your shoe retailer bases his prices to you on what he pays the manufacturer. We, in turn, are dependent on the cost of leather and other things, as well as of labor.

We buy our materials months before our shoes are on your feet, and the price of these shoes is naturally regulated by the cost of the materials of which they are made, and of the handiwork expended on them.

Therefore, our advice to you—and we give it in all sincerity—is to BUY NOW any shoes you need for your self or your family. Don't buy extravagantly or recklessly, but do so carefully and judiciously.

Your retailer will give you this same advice too, if you ask him. He knows, as we do, that if the public demand for footwear suddenly started up abnormally, scarcity of shoes and higher prices would probably result.

This is a situation that should be mutually avoided, and will be if you buy what shoes you need, as you need them.

Canada produces footwear of every desirable type, and of standard quality in all grades. When you buy Made in Canada Footwear you are assured, at fair prices always, of the utmost that modern skill can produce in Comfort, Service and Style.

SHOE MANUFACTURERS ASSOCIATION OF CANADA

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 21, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE BY-ELECTIONS.

So far as the constituency of St. John-Albert was concerned the result of the by-election was never in doubt. The Liberal party was not agreed as to the wisdom of contesting the seat now, with the general elections not far away; and a divided party had no hope of success against a member of the government.

Premier Meighen will be well pleased with yesterday's results, which he may reasonably anticipate will have some influence in other by-elections. The citizens of Halifax will be well pleased that the minister of public works is a Nova Scotian who is in sympathy with their views regarding port development and both Halifax and St. John people should be able to assume that the combined influence of Mr. McCurdy and Mr. Wigmore will ensure a more rapid equipment of the two national ports for the handling of business which only awaits the facilities.

THE HEALTH DEPARTMENT.

It would be a calamity if the work of the public health department of this province should be interrupted at a time when it is steadily being better organized and made more effective under the guidance of the minister to whom New Brunswick owes this far-reaching and beneficial legislation. A newspaper or politician who condemns the health act or attempts to belittle the minister will get but little sympathy among the people at large. The latter know that now if an epidemic occurs in any part of the province there is a local health organization to grapple with it, backed by all the resources of the provincial department; and that in the case of a general epidemic the whole province has these organizations, to co-operate and minimize the results of the outbreak. Who can compute the value of the work done by the health department since Dr. Roberts during the first outbreak of influenza in this province? There is now an infinitely better organization, but it is not only in connection with epidemics that the department proves its value. The recent child-welfare exhibit at the St. John fair was a revelation of what a modern health department really means; but there is also the matter of vital statistics without which no intelligent health work on a broad scale is possible. We are told that the old provincial health act could have done all that was necessary, but it never was done. It would be rather foolish to expect results in an emergency from a local board of health whose chairman might be dead or removed to another county. The old health act and its administration were a by-word. Whatever good features the act may have possessed were rendered worthless by the inaction of the authorities. Today the conditions are completely changed. There is a well-organized department with a responsible minister, and the money expended brings results in a steadily growing public appreciation of what good health means for the province as well as the individual. The value of medical inspection, district nursing, cottage hospitals, co-operation with the splendid work of the Red Cross, better sanitation, pure milk, child-welfare work, and every phase of effort along health lines is more and more appreciated because there is a public health department with a live man at its head. The mental survey of the province that is to be made will be of immense value, as it proved to be in British Columbia and Manitoba, and will prove to be in other provinces this year. It is easy to sneer and to shout extravagance, but the Foster government has delivered the goods. At a great meeting of medical experts in the United States, when they were discussing properly organized health departments, one speaker said that while the American people were talking the little Canadian province of New Brunswick had acted and showed them the way. Let credit be given where credit is due, and the Foster government and its minister of health will be given a mandate to go on with their work. To none others should the work of the health department appear as strongly as to the women of the province.

The by-election being over, Hon. Mr. Wigmore will now be free to bring along some of those wharves and other terminals. True, the government made no definite pledges, but it is becoming the habit to "trust the government," so far as the harbor is concerned. And yet, by their works we shall know them.

THE AGRICULTURAL POLICY.

According to the Standard, which has had more or less experience in farming, and is quite an authority on potatoes, Hon. Mr. Tweeddale is a sad failure. It is nevertheless true that while Mr. Tweeddale has been minister of agriculture the number of cattle, sheep and hogs in the province has been increased, there has been a revival of interest in dairying, of wheat raising and milling, and it has been made possible for farmers to get lime for fertilizing purposes on exceptionally favorable terms. In the same period the method of handling fruit has been so improved that it is now a profitable business. Farmers especially will appreciate the following summary of a speech by Deputy Minister Bradt at the recent exhibition at Woodstock, as follows:

"Mr. Bradt, referring to the natural resources of the province, said he had seen at the St. John exhibition apples from the St. John river valley which rivalled the Annapolis Valley product, and last week in the Montreal market the New Brunswick apples secured highest prices. The farmers' co-operative creamery company at Moncton, the largest in the maritime provinces, was said by Mr. Bradt to have made 800,000 pounds of butter and \$80,000 worth of cream this year, and another dairy company has been established at Fredericton which will soon rival the Moncton concern. The facts that New Brunswick is taking the lead in agriculture, that an Ayrshire heifer at the experimental farm, Fredericton, will establish a dominion record in milk production this year and that the New Brunswick utility barred rock hen had won first honor from the best stocks in Canada were points emphasized by the speaker. New Brunswick had started the system of grading pure bred rams and the sheep industry has so increased that Professor Sackville, O. A. G. Guelph, has secured a New Brunswick ram to head the herd at that great institution."

The Woodstock exhibition itself was an eloquent proof of the progress in agriculture being made in New Brunswick. That progress has been encouraged, not hindered, by the policy of the Foster government, and the record speaks for itself. Farmers' societies, boys' clubs, girls' clubs, women's institutes, have all been encouraged, in addition to the regular work of the department. It is quite true that farmers are demanding a large representation in the legislature of this as well as of other provinces; but they are not seeking a return to such conditions as would prevail if the perpetrators of the patriotic potato deal should regain power.

BOLSHEVISTS AND OTHERS.

The Herald, the Socialist organ in London, has declined to accept the \$75,000 of Bolshevik gold offered it for propaganda purposes. The Herald and its friends thought they saw an opportunity to further their designs upon England, which they regard as the strongest force to be overcome before a world revolution can be thought about. The English people will now see more clearly the nature of the foe that has already gained entry into the country, and is working through the radical element in labor organizations to overthrow ordered government and bring Great Britain to the condition of Russia. These propagandists have no lack of funds for use abroad. During the Winnipeg strike last year money flowed in freely from Chicago. Wherever anyone is found ready to preach the doctrine of Bolshevism funds are provided. It is said that Toronto is now being made the chief center of propaganda in Canada. It is well to be on the alert.

This, however, is not the only danger, for there is an element in this country which would create a fear of Bolshevism in the hope of gaining political advantage and party and personal gain. It is quite easy to see that when the general elections are brought on in Canada there will be three slogans for the Conservative party. There will be: "Up with the tariff," "Down with Bolshevism," and "Beware of the United States." And of course the Bolshevists will include pretty nearly all of those who do not vote Conservative. Speaking in East Elkin last week Sir George Foster said:

"Be careful before you arise and from the top of the soap-box, or anywhere else, propound that responsible government shall be swept aside, smashed to pieces—that you shall put some class interest in its place—Soviet, Bolshevik, miners' or Farmers' party. I care not what it is—one is almost as bad as the other when it puts itself upon the class basis."

It ought to occur to Sir George that if in a general election either of the parties he names gained a victory it would be because it had a majority of the people behind it, and therefore could hardly be described as a class; and that if several of them combined to form an administration they would still represent a majority of the people. And that, surely, is responsible government. Or would Sir George have us believe that responsible government exists only when it is a Conservative government? And what will the Farmers say about being classed with Bolshevists?

HOW MANY? The panic men forecasted has not yet centered by; our flag is not half-mast, and we are living high. What though the prophet rages throughout the heedless land? We're drawing princely wages, our work is in demand; we find the money growing upon the evergreens, when we are blithely going to work in limousines. Where once the guildders trickled, they now in rivers shine; how many have you picked, how many are in brine? The times, so brisk and breezy, have lasted until now; and money's been so easy we fed it to the cow; and I am not predicting a dreadful time to come, or dreamily inflicting a preachment out of plumb. But if you wake tomorrow and find the boom is dead, will you be forced to borrow before the week is sped? For months you have been tickled, the dollars came so swift; how many have you plucked, because of inborn thrift? How many have you carried to some safe banker's vault, while you sought a perfect aphorism tarried with grape juice and near malt? It is a time enchanted, when roubles grow like weeds; how many have you planted, how many helpful seeds?

CANADA—EAST AND WEST

Dominion Happenings of Other Days

MOUNT ROYAL.

Few cities have within their limits such a natural beauty as Montreal with its great Mount Royal rising 700 feet above the sea level. It is today one of the finest mountain parks within city limits to be found on the continent. Annually it is visited by thousands from all parts of the world who are enchanted by the view obtained from the look-outs prepared upon its summit. The park with its wonderful trees came into the possession of the city in 1875. Since that time it has been held as a perpetual playground for the citizens. At that time the ocean may have rolled between the Laurentian and the Appalachian hills. In its bed a mass of shells and other marine formations accumulated to a depth of probably two miles resulting at length in the filling of the sea. Then came the earthshakes and the upheavals that thrust hill after hill high above the plains surrounding Montreal. Mount Royal is supposed to have had its beginning in a great vent torn in the surface of the earth. When it may have been very near the middle of the Paleozoic era, a perfect cone characterized by very low forms of life. This burning mountain poured forth its fiery flood until the crest rose from five to ten thousand feet above the level of the sea. This has entirely disappeared with the exception of seven hundred feet which probably formed the inner core of the volcano. The lava of the original hill was probably six or seven miles from that of the present mountain. The fiery torrent poured down the slopes and into the river in the form of a lava flow. As it cooled formed the barrier that results now in the Lachine rapids on the St. Lawrence.

IN LIGHTER VEIN.

To Ken Vision. "That fellow seems to be an expert repair man."

"His knowledge of automobiles is uncanny."

"Sometimes when he looks at my car I suspect he is exactly how much a month I'm paying for it."—Birmingham Age-Herald.

The mother's heart sank as she entered the abode of her newly married daughter and found the young wife in tears—floods of 'em.

"What's the matter my darling?" she demanded anxiously.

"O, Edward is a brute—a brute!" wailed the girl for she was only a child.

"Why do you say so?" asked the mother, her temper rising at the thought of the unhappiness which this man had brought upon her daughter.

"He came home late for supper last night and—and I scolded him a little."

"Quite right, too," agreed the older lady. "And what did he do?"

"O, mother, he—he—"

"Did he—did that callous wretch dare to strike you?"

"O, worse than that, mother! He just sat there—and yawned!"

A little girl was interested in watching the men in her father's orchard putting bands of tar round the tree trunks to prevent ground insects from crawling up, and asked a good many questions.

Some weeks later when out with her mother she noticed a man with a mourning band round his left sleeve.

"Mother," she said, "what's to keep them from crawling up his other arm?"

SCHOOL AND CLOTHES.

That there is a direct connection between the kind of necktie and pants that Tommy and Billy and Sammy are wearing to school this year, and the decline of school discipline, an exact ratio between Susie's dress goods and her willfulness, is the opinion of teachers in East Boston schools, after one week's experience.

Principals of some of the schools, who do not wish to be identified with the information personally, told a reporter that the situation is very noticeable this year. "Overdressed children, appearing in classrooms clad in satin and broadcloths and silks, are very difficult to manage," asserted one of them, today.

"At the childhood stage of life youngsters are quite susceptible to the fashion of clothes, and when they enter a class where their schoolmates, in the large majority, wear more sensible clothing they become 'superior' to a degree which would be laughable if it were not serious."

"Besides the tendency to develop snobbishness, which is to be deplored, there is the natural reaction on the part of the other children, which results in envy and sensitiveness. The public grammar schools are no places for a parade of fashion. Children there should be clothed in serviceable, neat clothes, and there should be an elimination of fur cuffs and silks."

NOVA SCOTIAS TO CHURCH IN WESTMOUNT. Montreal, Sept. 21.—Rev. D. V. Warner, a native Nova Scotian, and the son of a clergyman, has been appointed assistant to Rev. Edward Bushell, rector of St. Matthew's church, Westmount.

Ban Johnston Says Law Is to Be Sought

Grand Jury Probe of Alleged Throwing of Games in the World Series of Last Year.

Chicago, Sept. 21.—Grand jury investigation of alleged gambling by baseball players in last year's world's series and the same between the Chicago and Philadelphia National League clubs on Aug. 31, will start on Wednesday with a score of baseball officials, players and writers subpoenaed to testify. Jacob (Rube) Benton, pitcher for the New York National League Club, is the only player called to testify thus far. Mr. Replege said he "believed Benton had information the grand jury needed," and that Benton would be asked "to tell what a certain player asked him to do."

The grand jury will not be given any bulk of evidence concerning baseball pools, he said, but every attempt will be made "to get into the real gambling—the throwing of games by star players."

It became known last night that a committee of baseball writers appointed to investigate charges that the Chicago-Philadelphia National League game referred to by the grand jury had been "fixed" for Philadelphia to win, had done little thus far.

A little before news of the grand jury investigation became public, President Johnston made a statement in which he said that the American League will ask congress to enact a law at its next session making betting on a baseball game a penitentiary offence.

President Johnston said the league would ask that this law be made as severe as possible and would so as to eliminate all baseball pools. Only in this way, he said, could gambling be definitely eliminated from baseball.

Minard's Liniment for sale everywhere.

BESIEGE THREE NEGROES IN CHURCH

Had Killed White Man; Fled from Avengers

Squads of Policemen Free Them and Prevent Riot After Efforts of Chicago Priest Fail to Disperse Crowd.

Chicago, Sept. 21.—Three negroes were besieged for more than an hour in St. Gabriel's church on the south side last night. A mob of 1,000 persons were after the negroes, who had killed a white man, Charles Barrett, who is said to have gone to the rescue of a white girl insulted by the negroes. They were rescued and placed in jail when squads of policemen were sent to avert a possible race riot.

Soon after Barrett had been killed, three negroes were dragged from a street car two blocks away and severely beaten. The negroes who killed Barrett, cutting his throat with a razor, were chased several blocks by a continually increasing crowd, and finally dashed into the church. Two hid in the confessional and one back of the altar.

Sticks and stones were thrown at the church and frequent yells of "lynch them" came from the crowd. Father Burke, pastor of the church, appeared at the entrance and for several minutes pleaded with the crowd to disperse, but without avail. Only when policemen, armed with rifles, appeared did the mob break up.

AS IN DAYS OF BUFFALO BILL

Herd of Thousand Wild Bison Found in MacKenzie River Basin.

Winnipeg, Sept. 21.—A herd of wild bison, numbering more than 1,000 animals, and to be the last herd on the North American continent, has been discovered roaming in the country in the MacKenzie River basin.

F. H. Kito, D. S. L., exploring engineer of the natural resources intelligence branch of the department of the interior, Ottawa, is the discoverer, and says he received reports of another herd equally large further north.

DIES AT SECOND ATTEMPT.

Dr. David Goldstein of Metuchen, N. J., Shoots Himself in Hartford.

Hartford, Sept. 22—Dr. David Goldstein of Metuchen, N. J., who took mercurial poison a week ago and was saved only by quick work with a stomach pump, later eluded his relatives and friends and shot himself, considerably shorter than the one written when he took mercury tablets, saying he could endure life no longer.

His relatives say he suffered a nervous breakdown during the influenza epidemic, when he was a lieutenant in the dental division of the United States army, stationed at Jacksonville, Fla. In his farewell letter he said he was quite sane, but preferred death to a ridiculous existence and was sure God would forgive him.

He formerly practiced dentistry in New York city. He leaves a mother, Mrs. Ida Goldstein of Metuchen, a brother, Benjamin, of Metuchen, and four sisters, of whom three, Mrs. Gussie Berkowitz, Mrs. Ida Walton and Mrs. Rose Lieberman, live in New York city.

YOM KIPPUR

September 22 is observed as Yom Kippur, the Day of Atonement, by the Jews throughout the world. This is the greatest fast of the Jewish year. From sunset of the 21st till sunset of the 22nd the observant Jew neither eats nor drinks, but devotes the day to fervent worship. Yom Kippur is distinctive among Jewish holidays, for it is not associated with nature or with history. It is a day for the searching of the heart to find peace with God.

The fast originated in Biblical times, and is described in the sixteenth chapter of the book of Leviticus. In those days the people fasted and afflicted themselves while the high priest made atonement for the entire house of Israel. This atonement was made in ancient fashion by sacrifices, and especially by the symbolic rite of driving the scapegoat into the wilderness to bear away the sins of the people.

Now prayers take the place of sacrifices. In modern Judaism prayer is the right form of approaching God. Jews

devote the Day of Atonement to prayers for the forgiving of their sins. They avoid all ordinary and sordid interests on this Sabbath of Sabbaths. The fasting is abrogated, however, for children, old people and the sick, or in times of famine and pestilence, or such contingencies as are incident to the deprivations of war.

The aim of Yom Kippur is atonement through prayer and repentance.

A feature of Yom Kippur is the memorial service. Men and women think of their dear departed and of the great and good who served mankind.

DUKE OF CONNAUGHT TO WED, GOSSIP SAYS.

New York, Sept. 21.—The engagement of the former Adle Grant of New York now the widowed Lady Essex, and the Duke of Connaught, uncle of King George V., is about to be announced, according to cable advices from London. The correspondent is assured on excellent authority that the engagement has taken place and will soon be acknowledged officially.

THE LATE W. T. WHITEHEAD.

He Was in Cotton Manufacturing Business Many Years.

(Montreal Gazette—Saturday.) The death occurred suddenly yesterday at his residence, 101 Chumley street, of William Thomas Whitehead in his 56th year. Born in 1864, he was educated at King's College School, Windsor, N. S., and at an early age entered the cotton manufacturing business.

In 1899 he promoted the Colonial Dyeing and Bleaching plant, and the Mount Royal Spinning Company, both of which are now owned and controlled by the Dominion Textile Company, and was also interested in the organization of the Wabasso Cotton Company of Three Rivers.

Mr. Whitehead was a member of several clubs, including the Mount Royal, St. James, Forest and Stream, Hunt Club and Montreal Jockey Club. In addition to his widow, he is survived by his son, T. Ross Whitehead, vice-president of Whitehead, Winslow, Limited, of which firm he was president; by two younger sons, W. T. Whitehead, junior, and Robert Labatt Whitehead; and by a daughter, Mrs. Geo. Drysdale Drummond, of Montreal. Mr. Whitehead's eldest son, Capt. Ward Whitehead, was killed in April, 1915, while serving with the 18th Battalion in the second battle of Ypres. Mr. T. Ross Whitehead also saw service with the Royal Flying Corps in France and Italy.

MAYOR CARRIES HIS LUNCH

Peters Joins the Crusade Against Boston Restaurants' High Prices.

Boston, Sept. 21.—Mayor Andrew J. Peters has joined the "Bring-Your-From-Home Club" as a means of compelling Boston restaurant proprietors to reduce their prices, which have recently been generally advanced. The mayor's wife each morning puts up his lunch, and the mayor at noontime eats it at his desk in the city hall.

"I think the idea of carrying a lunch from home an excellent idea," he said. "I do it myself quite often. The prices in Boston restaurants are outrageous. There was a time when you could get a good lunch at noontime for a reasonable sum, but now it is out of the question. You know I am not above carrying my lunch from home. Many people think I am wealthy, but I am not."

STRANGERS HELD WITH CURTAIN CORD

Sudbury, Ont., Sept. 21.—Mrs. Dorina Gelinna, twenty-three years of age, committed suicide in her apartment here last week by strangling herself with a curtain cord. She had been separated from her husband and little boy for three years, and had been despondent. Her melancholia had been aggravated by a recent visit to see the child and she took her own life. There was no inquest.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS.

Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight the disease. Ferronone cures because it builds up, because it removes the blood and cleanses the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferronone does cure. Col. H. M. Russ, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferronone. He writes: "I couldn't get around without a cane, and then only with difficulty."

"Rheumatism took complete control of my limbs. "Suffering was more intense than hardships on the battlefield. "When my doctor had done his best I got Ferronone. "Then came a quick change. "Ferronone gave me comfort at once, eased the pain and took the stiffness out of my muscles. "I am well today. Ferronone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If you present medicine is useless give it up. Don't experiment again. Ferronone is known on all sides to be a cure that does cure. Why not get a supply today. The sooner you begin Ferronone the quicker you'll get well. Price 60c per box or six for \$2.50, at all dealers, or direct by mail from The Catarthosone Co., Kingston, Ont.

10,000,000 PEOPLE TAKE NUXATED IRON TO HELP BUILD UP THEIR STRENGTH, ENERGY AND ENDURANCE. ASK YOUR DRUGGIST. DON'T ACCEPT SUBSTITUTES.

SOUTH AFRICA OFFERS MARKET

Now Large Buyer of Canadian Goods and Will Improve.

(Toronto Globe.)

That Pretoria, South Africa, will soon rank as one of the foremost industrial cities of the world, owing to her metal industries, is the prediction of J. Wallace, a delegate from Pretoria to the Chamber of Commerce convention. It has been known for years, he states, that there were extensive iron fields in the vicinity and the erection of a foundry has entirely justified this optimistic view. Pig iron (suitable for steel) is being produced more cheaply by far than in any other country.

"For instance," said Mr. Wallace, "the United States Steel Corporation was able to assemble raw materials before the war at a cost of \$42 a ton, and for \$24 a ton at the end of last year. Against this the Pretoria iron mines calculate that they are able to assemble the material for a ton of similar pig iron for \$2 less than the American pre-war price, or \$12 less than the American price at the end of 1919."

"South Africa, with its crying need for railways, agricultural implements, and mining machinery, offers a very large market for iron and steel. When the needs of the country have been satisfied in this respect and given favorable railway rates there is prospect of a large export trade. "The Union of South Africa is a large buyer of Canadian goods, the imports during the year of 1919 being more than \$9,000,000 in value. "Practically the only commodity which the union exports to Canada is wool, of which a large quantity is wool, the quantity so exported in 1919 being 400,000 pounds to the value of \$325,000."

Old Folks' Coughs, Catarrh, Bronchitis Quickly Cured

This Tells of a Method That Cures Without Using Drugs.

Elderly people take cold easily. Unlike young folks, they recover slowly. That is why so many people past middle life die of pneumonia. Cough Syrup seldom does much good because they seldom digest it. Any doctor knows that a much more effective treatment is CATARRHOZONE, which cleans and soothes the irritated surfaces of the throat.

In using Catarrhosone you do not take medicine into the stomach—you simply breathe into the throat, nose and lungs rich piney balsamic vapor, so full of healing power that colds, catarrh and bronchitis disappear almost instantly.

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure medicinal essences, whereas with other remedies the affected parts could not be reached and harm would result through burning the stomach with drugs.

A Catarrhosone inhaler in your pocket and a purse enables you to stop a cold with the first sneeze. Large size costs \$1.00 and supplies treatment for two months, small size, 50c, trial size, 25c; all stores, druggists and The Catarthosone Co., Kingston, Canada.

CIVIL CONTROL FOR MILK

Considered by Producers and Board in Toronto.

Toronto, September 21.—Almost simultaneously, and by a coincidence, the Toronto Milk Producers' Association held a meeting at which municipal ownership and control of milk was advocated, and a special committee of the Toronto Board of Control discussed the advisability of this city going into the dairy business on its own account. Neither body was aware that the other was in session.

At the Milk Producers' meeting, Prof. H. H. Dean, head of the department of animal husbandry, at the Ontario Agricultural College, Guelph, advocating public ownership of the milk business, said: "By the city's handling the distribution of milk the price could be reduced to the consumer and at the same time raised to the producer." Professor Dean suggested that the milk producers and civil representatives should get together and see if they could not cut out unnecessary expenses.

At the meeting of the civil committee, Alderman Rick estimated a saving of \$1,500 a day, or \$500,000 a year, to the citizens of Toronto by the reduction of the price of one cent a quart, even if no greater saving were effected, under municipal ownership and control. No definite action was taken on the question of municipal ownership at either meeting.

THE COAL STRIKE

London, Sept. 20.—There was little hope tonight that the strike of the coal miners, set for Sept. 27, could be averted. The executive of the miners' federation had another long conference today with Sir Robert Horne, president of the board of trade, but no agreement could be reached on the question of an increase of two shillings per day in wages as demanded by the miners.

Women's Appetites Grow.

London, Sept. 21.—Presiding at an annual meeting of a restaurant company John Pearce said that the greatly increased revenue was due to the large amount being spent by women. Formerly he said they would be satisfied with bins and milk. Now they order substantial meals.

Husband Fines Wife.

London, Eng., Sept. 21.—Petty fines which a husband imposed on his neglected wife were described in police court when Mrs. Ivy Holliday was granted a separation. They had been married five years. He imposed a system of fines on his wife for trivial offences, taking the money out of her allowance.

Suicides in Den of Lions.

Bombay, India, Sept. 21.—A native Hindu committed suicide by entering a den of lions at the Bombay Zoo. When his body was found two lions were snarling over the remains.

"If you think you will not have an accident, ask the man who had one, and then think safety," says the Safety League.

THE WONDERFUL FRUIT MEDICINE

Every Home in Canada Needs "Fruit-a-Lives"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-Lives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed. "Fruit-a-Lives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-Lives Limited, Ottawa, Ont.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets for week ended Sept. 16, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

Where and how the new railway rates will fall is one of the topics that the market discusses at length this week. In some cases it will make no difference in prices quoted, although the difference will come when the buyer pays for the material from the present location of the mill to his own premises. Much felt the special cost of haulage increases because the United States freight rates cover the case. Considerable of the concern is that the purchaser shall pay only the increase granted to the roads.

Although there is nothing official to warrant the belief, the trade seems to feel that there is bound to be a move that will do away with the dual steel market that exists now, viz., the selling schedule of the corporation and of the independent, between which there is a difference so great that it cannot be reconciled. Most of the deliveries that are now coming from the independent mills and as a result the prevailing prices are very high.

Machinery houses report in several cases that they have had a number of very interesting inquiries during the past few days, and that deliveries on orders that have been booked some time ago are coming through in a very satisfactory way.

The government railroads are buying small tools now, particularly carbon and high speed drills. As a general thing though the trading that is being done is in smaller lots.

Several houses report that they find it necessary to pay more attention to their collections than usual, reporting some of these as being rather slow.

In hardly any section of the steel, iron or allied trades can it be said that there is any buying being done for stock now, prices and deliveries being very much opposed to any such policy.

ARNSTEIN IN JAIL

New York, Sept. 20.—Federal Judge Manton today issued an order directing that Julius W. (Nick) Arnstein, publisher of the "master mind" in New York's "five million dollar bank theft" be placed in Ludlow street jail until he obeyed a court order to answer questions in bank-robbery proceedings brought against him.

HEARTBURN or heaviness after meals are most annoying manifestations of acid-dyspepsia.

KI-MOIDS pleasant to take, neutralize acidity and help restore normal digestion.

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

Big Leaguers Use Absorbine Jr.

Many of the stars in the big leagues endorse "ABSORBINE JR." for the rub down after the game.

"They know that 'ABSORBINE JR.' is the ideal rub-down and liniment for athletes. Every amateur would make it a point to have a rub-down with 'ABSORBINE JR.' before and after the game. \$1.25 a bottle—at most druggists or sent postpaid by W. E. YOUNG, Inc., Lyman Building, Montreal, Que."

Just Apply This Paste and the Hairs Will Vanish

(Boudoir Secrets.)

The judicious use of delatone paste insures any woman a clean, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs for two or three minutes. When the paste is removed, and the skin washed, every trace of hair will have vanished. No pain attends the use of the delatone and it will not hurt the most sensitive skin, but to insure results, see that you get real delatone.

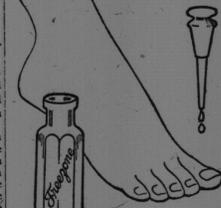

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will prevent the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scap sores, eczema and teething rash. All dealers one box.

Zam-Buk "FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with your fingers. Try it! Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, corn between the toes, and the calluses, without soreness or irritation.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You may say "California."

DROP THAT COUGH!

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a single hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

AK HEADACHE TABLETS
For Headaches and Neuralgia

NEW LIST ON WIRE NAILS IS SPECIAL FEATURE

(Hardware and Metal, Sept. 18.) The special feature of the work is the new list on wire nails. The prices of "extras" are revised and though some sizes are unchanged there is a considerable advance on others especially in the smaller sizes, but the base price is unchanged. These changes were not unexpected and were forecast by Hardware and Metal two weeks ago; the increased freight rates from United States steel mills having affected price of raw materials.

Bar iron and mild steel have also advanced in price, due, it is stated, to freight rates and under production. The cessation of the urgent demand for sheets by the auto trade is allowing the mills to direct tonnage into other lines and it is believed that the pinnacle of high premium prices for these goods is now passed and unless unforeseen circumstances should arise prices from now on should moderate on these goods.

Among goods advanced in price are wooden dash churns, washboards, bakeware and several other lines of woodware. Electric heaters are costing more, as are curly combs.

Among lines reduced in price are some lines of wrapping twines and garden hose for spring. Lower prices are granted on rosin, turpentine and linseed oil are unchanged. Prices on paint seem likely to remain as they are for the present.

Scarcity continues in pipe and fittings and in galvanized sheets which are in some cases being quoted higher. In metals it has recovered and lead is a little easier. Fall goods are selling readily and collections are said to be satisfactory.

OLD COUNTRY PEOPLE

The Editor of the Times.

Sir,—Like a stone thrown into a pool, the sad suicide, which occurred the other day, has caused a ripple, which has been increasing to an ever widening circle ever since. People from the old land have met me on the street, called me up over the phone, and otherwise intimated to me that something should be done to prevent any such circumstance occurring again.

The meeting of the Old Country Club last Friday night, which was reported in your valuable paper, as having gone on record to increase its sphere of usefulness was one of the results of this evidencing interest. It is now felt by many of the members of the club that the old country people now resident in the city, would right now get behind this

WORTH ITS WEIGHT IN GOLD, STATES FARMER

Travel World Over and You Couldn't Find the Equal of Tanlac, Says Conrod. Feels Hundred Per Cent. Better.

"If you travelled the world over I don't believe you could find a better medicine than Tanlac," was the emphatic statement made recently by Isaac Conrod, well-known and prosperous farmer, living at Chezzetooke, Halifax County, N.S.

"I was troubled so had with indigestion for four years, I couldn't eat a thing without suffering the worst kind of pains afterwards. I had a disagreeable feeling like a lump in my stomach after meals, and what I ate would sour and form gas that bloated me up till I was in perfect misery. I lost all desire for food and frequently had spells of nausea, when I could not retain the little I did force

movement, it would be made to produce good results, and be of much benefit not only to old country people, but to the city as a whole. Will the English, Scotch, Irish and Welsh people interested in this movement please drop a card to Mrs. Roby, 291 City Road, our secretary, who will be glad to furnish them with full

particulars, and a mass meeting will then be arranged. Thanking you, Mr. Editor, for the valuable space, I remain on behalf of the O. C. C., Yours respectfully, PHIL HORNE, Vice-Pres. St. John, N. B., 20, 9, '20.

Beauty Secrets for Women

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and "dragging down." Some women took it years ago and have felt younger and well ever since. Doctor Pierce's Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send ten cents for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or branch in Bridgeburg, Ont.

Five Things Happen
When you brush teeth in this way

All statements approved by authorities

Dental science has produced a new teeth-cleaning method. Millions of people have already adopted it. Leading dentists everywhere advise it. In effective ways it combats the film on teeth. And it deals with this tooth wrecker as was never done before.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Very few people have escaped these film-caused troubles. Ordinary methods do not end this film. So millions who brush teeth daily find they still disolor and decay.

Modern dentistry finds that most tooth troubles are caused by film. The film at first is viscous. You can feel it now. But it clings to teeth, enters crevices and stays. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay.

Now new ways have been found to fight film. Careful tests have proved them. High dental authorities approve them. They are all combined in a dentifrice called Pepsodent. It meets every modern requirement. And this new tooth paste is fast coming into world-wide use.

Some results of Pepsodent appear rapidly. Within one week the good effects will be amazing to you. One ingredient is pepsin. One multiplies the starch digestant in the saliva, to digest starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids. Two factors directly attack the films. One of them keeps the teeth so highly polished that film cannot easily cling. In all these ways it brings and maintains whiter, safer teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how the teeth whiten as the film-coat disappears. Compare the results with your old methods. Then let those evident results tell you what is best. Cut out the coupon now.

LOCAL NEWS

The following St. John students have registered at Mount Allison Ladies' College for 1920: Marjorie Bullock, Helen Hammond, Marjorie Johnson, Constance McDonald, Dorothy Nice, Marion Peterson, Marjorie Northrop, Grace Slipp, Dorothy Slipp, Marion Smith, Gladys Styles and Ruth Thompson.

Miss Heffer, superintendent of playgrounds and the boys' club, is in Boston and will be away from the city for about three weeks, during which time she will make a study of the community work for boys in that city with a view to arranging the winter programme for the boys' club along the most approved and up-to-date lines.

P. L. Higgins of Moncton, provincial president of the Retail Merchants' Association, will join other delegates to the convention in St. Stephen here today and will leave tonight for St. Stephen. About twenty delegates will attend from the city. E. L. Trowen, dominion secretary of the association arrived in St. Stephen today accompanied by Norman S. Jones of Hamilton, Ont. F. W. Stewart will not arrive until Wednesday.

Miss Frances Alward, provincial secretary, will leave this evening for St. Stephen.

The house girls of the Y. W. C. A., King street home met last night and organized a residence club. Officers were elected as follows: President, Miss Gladys Kett, vice president, Miss Winnifred Brown, secretary, Miss Law, treasurer, Miss Fernie Baiser. The president

and Miss Tapscott were appointed committee to frame a constitution and bye-laws to be submitted to the next meeting.

A well attended masquerade dance was held last night at Renforth, by the Renforth Outing Association, in the clubhouse. About 200 were present and enjoyed the evening to the full. The ladies' prize was won by Mrs. Hugh

Gregory as Dolly Varden and the gentlemen's prize by James Driscoll as Prince Charming. The music was provided by a volunteer orchestra known as the Fatima Four. The chaperones were Mesdames Joseph Pritchard, Dr. R. I. Robertson, Guy Burrill and Ralph Fowler.

At a special meeting of the St. George Pulp and Paper Company held in the city yesterday an offer of purchase was considered but no action taken. It is reported that the New York World is after the property. It is expected that an announcement will be made by E. G. Murphy, the managing director, in a short time.

Many additions have been made to the collections of the Natural History Society recently including a set of leads and horns sent by Lady Barker, a large bison head presented by Mrs. John Thomson, a moose head by Mrs. J. R. McIntosh, a Rocky Mountain sheep, presented by Rev. H. A. Cody, and several horns of deer and caribou of New Brunswick. Miss Helen J. MacMillan of Jacques River, presented to the museum several articles of clothing from Korea.

A banquet was held at the Union club last evening in honor of C. C. Ferguson of Winnipeg, general manager of the Great West Life Insurance Company. The great increase in the business of the association. G. W. Merritt presided. Those present besides the guest of honor and the chairman were: Isadore Amund, St. John; Dexter Allan, Woodstock; R. J. Foley, Petitcodiac; Guy G. Kierstead, Hampton; Philippe Langis, Campbellton; Col. C. J. Maceroneau, Fredericton; C. Martin Merritt, St. John; J. H. Price, Canterbury; L. V. Read, Moncton; E. P. O'Toole, St. John; James Neville, Fredericton, and Dr. Thomas Walker of St. John, medical advisor to the company.

CLOSED SHOP FOR THE CARPENTERS, SAYS GOMPERTS.
Indianapolis, Sept. 21—The closed shop is as essential to the carpentering industry as other lines of trade, said Samuel Gomperts, president of the A. F. of L. in an address here yesterday before the national convention of the United Brotherhood of Carpenters and Joiners of America. Nearly 800 delegates from all parts of Canada, the United States and the Panama Canal zone are here.

New War on White Plague.
London, Eng., Sept. 21—Preparations for a new crusade against the white plague are going forward at the offices of the National Association for the Prevention of the disease, which will be distributed by van, film and leaflet.

THE REAL TEST
of home baked food comes when the second helping is offered. The appearance, texture and taste of food raised with **MAGIC BAKING POWDER** is bound to be pleasing and satisfactory in every sense. Magic is an economical and healthful leavener, and because of its uniformity in strength and results, has justly earned its reputation of being Canada's Perfect Baking Powder.
Send name and address for free copy of "The Magic Way" containing selected recipes, many of which are illustrated in colors.

THE NOVA SCOTIA VETERANS IN CONVENTION
(Canadian Press Despatch.)
Digby, N.S., Sept. 20—The annual convention of the Nova Scotia Command of G. W. V. A., opened this afternoon, when addresses of welcome were delivered by Mayor Nicholls and Town Clerk Goudry. They were replied to by Welsford Macdonald, New Glasgow and acting-President D. MacDougall of Glace Bay. Mr. Macdonald in his address expressed the high ideals of comradeship and of service to the country.

A Woman Curate.
Vienna, Austria, Sept. 21—A congregation in the Black Forest has appointed a woman curate. Her duties are to assist the pastor in church administration, preside the high ideals of comradeship and of service to the country.

WILSON HOLDS HAND
Believed He Has Delayed Carrying Out Treaties Matter.
Washington, Sept. 21—President Wilson, it is believed here, has decided to delay carrying out the directions of Article 84 of the new Merchant Marine act relative to termination of certain commercial treaties until congress reconvenes in December.

The section directs the president within ninety days of the signing of the bill—which became a law on June 4—to give notice to the governments of all countries parties to commercial treaties with the United States that the provisions of any such treaty which restricts the United States in imposing discrim-

story import duties and tonnage dues on foreign vessels will be terminated.

HAD TO KILL 50 CHICKENS BEFORE HE FOUND HIS DIAMOND.
Davenport, Ia., Sept. 21—It was a tedious process for H. L. Walbourne, a grocer and butcher, to recover a lost diamond valued at \$600, for he was unable to tell which of his 150 chickens had swallowed the gem. The diamond was missing from his ring after he had unloaded the chickens from crates and placed them in a coop and he suspected one of the fowls had eaten it. He found the jewel today in the gizzard of the fiftieth fowl he slaughtered.

Two Deaths From Mosquito.
Hilford, Eng., Sept. 21—Upset by the death of his son, Corporal W. F. Eden, from a mosquito bite, the father died the next day. Both were buried in the same grave.

Sept. 21, '20.

Help Yourself

Every last dollar should be hard at work today in productive enterprises—promoting Canada's great and necessary expansion—helping to ensure continued prosperity.

Among the million buyers of Victory Bonds in Canada were manufacturers and business men who bought them as a business reserve. Now, when expansions are necessary, some of these bonds are being sold and become available. In buying a portion of these you provide the ready cash which ensures expansion and capacity production. You help yourself indirectly by participating in the general prosperity. You help yourself directly by turning idle funds into profitable earning funds.

Every idle dollar is a brake on the wheels of commerce. Put your money to effective work. Victory Bonds are beyond all comparison the best investment in Canada. They may be secured in seven maturities and may be bought in amounts varying from \$50 upwards.

Your orders will receive our best attention.

Lieoman Shocked, Smokes. Hammon, N. J., Sept. 21—Although

nearly killed when a shock of high voltage passed through his body while he was at work on a telegraph pole, Angelo

Cappucco insisted upon smoking a cigar while he was put aboard an express train and rushed to the hospital.

Why are People So Indifferent about Sleep

TO watch some of your friends, you might think sleep was the most unimportant thing in the world.

Yet every man could earn more, would enjoy his work and play more, if he would make sure of a good, sound sleep every night—all his nerves and muscles relaxed, and storing up new energy for the day.

And if he wakes up tired day after day he'd better look to his sleeping equipment—the wooden bed that squeaks; the metal bed that rattles; the old-fashioned spring that sags and sways; the lumpy, unsanitary mattress and pillows.

You'd never get the right kind of sleep except in a sturdy, noiseless bed, with flat, resilient spring, a soft, even mattress and clean pillow, all inviting you to relax and go soundly to sleep.

The truly noiseless Bed is the Simmons Metal Bed—built for sleep. Just as the sleep-inducing Spring is a Simmons "Waldorf," of specially tempered spring coils. Fine springs that fit the contour of the body

and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sun-lit factories. Used in thousands of fastidious Canadian homes.

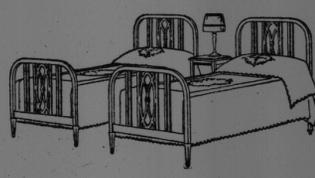

And Simmons Pillows, which rest the head and neck exactly as they need to be rested. Simmons Limited is a specialist in Twin Beds—a pioneer in that fine modern principle of a separate bed for each sleeper.

Simmons Metal Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Cribs are the most sought after sleeping equipment in leading stores right here in town.

The prices are little if any higher than for the ordinary. And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

The "CAMBRIDGE" Design 1964—In Twin Pair Made of Simmons new Square Steel Tubing—seamless, smooth and beautifully finished. Equilibrated enameled in the accepted Decorative Colors. Has the Simmons patented pressed steel noiseless Corner Locks. Easy rolling casters. Your choice of Twin Pair and Double Width. Specially pleasing in Twin Pair.

PROSPECTS GOOD IN CHARLOTTE

Premier Foster returned last night from St. Stephen where he had been in conference with members of the local government party yesterday.

The convention of the government forces is to be held in St. Stephen on Wednesday, and Hon. Mr. Foster said last night that interest is keen and a large and representative meeting is confidently expected.

The premier added that prospects for a strong ticket in Charlotte are excellent and that there was every reason to be pleased with the outlook.

ENGAGEMENTS ANNOUNCED

Mr. and Mrs. A. E. O'Leary, of Richibucto, have announced the engagement of their only daughter, Leah Alvina, to Charles Arthur O'Brien of St. Stephen, the marriage to take place early in October.

Mrs. Robert Addison Belyea, of West St. John has announced the approaching marriage of her daughter, Lily Amelia, to Thomas Benjamin Willis, which will take place at Washington (D. C.), on September 28.

The bride will be at home, Florence, South Carolina, after October 5.

M'CURDY WINS IN COLCHESTER

Hon. F. B. McCurdy, minister of public works, was elected in Colchester county, N. S., yesterday by a majority of 1,505, over his opponent, Captain Hugh Dickson. The vote in Truro stood 2,941 for McCurdy and 831 for Dickson, a majority of 2,110, but in the county Dickson ran ahead by 605. The details follow:

Table with 2 columns: Name and Votes. Includes Truro, Clifton, Brookfield, Stewiacke, etc.

PENNY IDENTITY DISK

London, August 29.—(Canadian Associated Press, By Mail)—The following letter appeared in a recent issue of the Daily Mail.

I have recently had given to me, in change a penny identity disc stamped "Keen R. St. John, Canadians 189189" and should be pleased to hand it to any person who can substantiate a claim thereto.

Possibly it may be of great sentimental value to some friend or relation of a brave Canadian who has "gone west"—Stephen T. Cooke, Ye Olde Thatched House, Epping, Essex.

A HYPOTHETICAL CASE BUT OFTEN VERY TRUE!

"Why Change Your Wife?" Created Discussion When Shown at Imperial Yesterday.

The Imperial is running a big picture just now that seems to be setting folks to talking. It is entitled "Why Change Your Wife?" and though the title has no doubt been chosen for its frank advertising value the subject itself is so handled as to stir all kinds of discussion.

There are people who think these kind of mate personal matters should be kept out of the realm of entertainment houses, but when it is realized that the major portion of every community now attend the movies what better or more representative forum could the people have for the discussion of universal questions?

It is the hypothetical case of a splendid fellow who has married one of those ever-loving girls who watches him like a cat watching a mouse. She truly loves him and is a good wife but her own tastes lie in the direction of the classics, against her hubby smoking resolutely opposed to his having a glass of beer and even down flat-footed against an occasional visit to the theatre.

By mere chance a fluffy little being drifts into hubby's life and a chain of incidents precipitates a divorce suit. Then after the husband marries the newcomer wife who is a divorcee, she grows sordid and petulant and when an accident throws the husband into the arms of his old love again there is a battle of wits and words. The fluffy wife grows sordid and petulant and when an accident throws the husband into the arms of his old love again there is a battle of wits and words.

UNIQUE HAS A FILM SENSATION

The smashing picture success "Are You Legally Married" which opened at the Unique Theatre yesterday is creating probably more discussion than any photoplay yet offered to the screen. It is a pictorial sensation which holding a gripping heart interest in most appealing human and poignant manner. It presents a theme unusual and unique in type which stimulates an expectancy only revealing itself in the very last foot of film on the screen.

Law Court who takes the leading part, and that delightful personality in the form of Rosemary Thebe plays the leading feminine role. It is played with a striking plot of today and a problem of great dramatic value.

Y. W. C. A. MEETING

At a meeting of the board of directors of the Y. W. C. A. held in King street yesterday, Mrs. John A. McAvity, the president, was in the chair and plans were made for the winter work. Mrs. Edna Austin led the devotional exercises. Miss Tapscott gave her first report as general secretary. Miss Mary Allison submitted her report as the girls' work secretary. Mrs. R. A. Jamieson in the Travelers' Aid report showed the wide usefulness of this branch of the work.

CURLING CLUB FAIR

The Carleton Curling Club fair was opened in the Carleton rink last night by Mayor Schofield and Commissioner Thornton and a large crowd attended. The rink was artistically decorated and the various booths and places of amusement were attractive. The Martello band provided the music.

The various committees and booth attendants are as follows: General chairman of the committee, F. T. Belyea, president of the club; purchasing committee, P. F. Brown, J. P. Brittain, and C. E. Driscoll; games committee, F. T. Belyea, C. E. Driscoll and C. O. Morris; treasurers, E. S. Roxborough, William Stuart; music committee, F. T. Belyea; booth building, C. G. Howard; decorations, F. T. Belyea; games' Devil among the tailors, V. Joyce, H. Lingley, P. F. Brown; doll wheel, J. F. Brittain, F. C. Colwell; chocolate wheel, E. S. Roxborough, W. L. Stuart; excelsior, Harry Feters; coin game, C. E. H. Strange; doorman, B. Colwell; booths: Refreshments, Joseph Nichols; air gun, E. G. Howard; candy table, Mrs. J. P. Brittain, Mrs. P. F. Brown, Mrs. S. Irons; ice cream booth, Mrs. H. Lingley, Miss Irons, Miss Howard; hoop-a-la, Mrs. J. Nichols; fish pond, Mrs. F. Belyea, Miss Howard, Miss Roxborough.

PRIZES LAST NIGHT WERE AS FOLLOWS

Door prize, Harold Clark; air gun, Mrs. Jeffries; excelsior, H. McLaughlin.

Cuticura Soap shaves without soap.

SCORE A HIT

Young - Adams Company's Success in "A Woman at Bay" at Queen Square.

From the rise of the curtain on the first act to the drop of the last, the large audience present at the first performance of "A Woman at Bay" at the Queen Square Theatre last evening were so greatly interested that all else was forgotten for the time being. The play proved to be one of the best offerings that the Young-Adams Company have so far given. Each character appeared to be particularly suited to each actor.

Miss Marjorie Adams as Nance or Neil Windman made the hit of the evening with her clever portrayal of a difficult part and in the hands of a less competent actress it would have met with failure. Her scenes with Emmerson (Mr. Young) were exceptionally well done. It was a battle of wits first; Emmerson then Wildman; finally the woman's wit predominated and all ended well.

Mr. Young gave an admirable performance of Emmerson the detective and his work was exceptionally good last night. Geo. C. Denton, as "Hobson," his scene looked and acted the part to perfection. Sidney M. Leonard as Tom proved a valuable actor worthy of the good impression he has made in St. John.

Mal Murray handled the comedy to a nicety and Miss Margaret Young as Alice looked sweetly pretty and acted her part with vivacity and grace. Miss Marie Fischer as Martha made a dear old house-keeper. David Riggan and Geo. Carruth appeared in character parts that were well done.

The settings were all good, particularly

Just a minute, please!

PEOPLE have pride, of course. Pride in their appearance, their work, or their homes.

And that's healthy. But the sort of pride that sneers at an Ingersoll watch because it's low priced is the pride that leads to extravagance and waste.

Thomas A. Edison isn't too proud to carry a Maple Leaf Ingersoll. Plenty of other men whose foot prints are on the sands of time keep time with an Ingersoll.

As a matter of fact an Ingersoll is a watch to be proud of. If you had a servant or an employee who gave the sort of accurate, trustworthy, faithful service in all weathers and conditions that an Ingersoll Maple Leaf gives you, you'd be justly proud. You'd think you were a good picker.

And when you can pick out an Ingersoll Maple Leaf for \$3.25—or \$4.00 if you want the Radiolite that tells time in the dark—you ought to be proud of the chance.

Maple Leaf Radiolite \$4.00

Models from \$3.25 to \$14.50

Dye Right

Don't risk your material in a poor dye. Each package of Diamond Dyes contains directions so simple that any woman can diamond-dye a new rich color into old garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods.

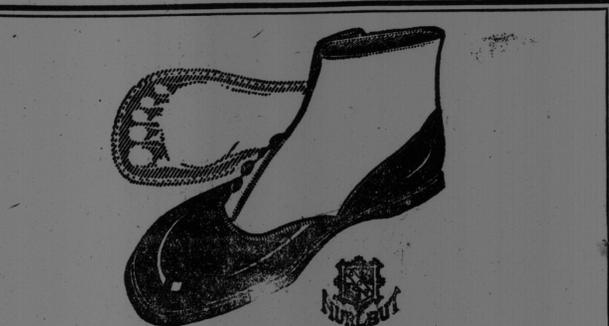

Diamond Dyes

FAST FADELESS

ly in the first act, which, with its snow-storm, was very realistic. The vaudeville between acts was changed and met with approval. "A Woman at Bay" is a good play, well presented and large houses for the remaining performances, Tuesday and Wednesday, are looked for.

Milkman Blames the Rain. London, Eng., Sept. 21.—Bruce Bredd, a dairyman, was fined \$25 because his milk contained 7 per cent. of added water. The defence was that rain water accidentally got into the samples taken by the inspectors.

Never Met Before Wedding. Southend, Eng., Sept. 21.—Mrs. Ernest Snell applied to the court for a separation from her late husband who deserted her. She said she never met him until the day of their wedding, their courtship having been carried on by letters while he was in the army.

Admittedly!! —the longest wearing—highest quality Children's Shoe on the Market

NOT only because of the children's comfort—not only because of their smart appearance—but also by reason of ECONOMY are Hurlbut Shoes chosen by thousands upon thousands of Canadian Mothers.

Shoe Expense is a real problem to most Mothers—the Children seem to wear out shoes in no time. But the Mothers who buy Hurlbut know by experience that a pair of Hurlbut actually outlast two or three pairs of ordinary shoes.

The reason for this is based simply on the quality of materials and the class of workmanship,—just the same reason that an all-wool suit is better than a mixture.

When you are asked to pay somewhat more for Hurlbut than for "ordinary" shoes, remember that it is just this difference of price which makes possible the outstanding QUALITY contained in every pair of Hurlbut, and that they actually DO represent "Lowest-price-per-day's-wear."

Mothers! Send for Free Booklet and further particulars

HURLBUT CUSHION-SOLE Shoes for Children. Made at Preston, Canada. Sole Wholesale Distributor for Canada: PHILIP JACOBI Toronto. Sold only through your local dealer. If he does not handle Hurlbut, write us and we will see that you are supplied.

DAINTINESS IN HOSIERY!

Essential isn't it? Yet ideas of thrift urge one to have, as well, the dependable Penmans quality. Now, buying of fine hose is simplified—wonderfully. Your natural preference for sheerness, coloring, shapeliness, soft texture may be satisfied, prudently, if you remember one thing—the name Penmans.

Daintiness is not extravagance when you buy Penmans.

Penmans Hosiery "THE STANDARD OF EXCELLENCE"

Lantic Sugar for preserving peaches. You'll like it fine!

Have You Tried the New Fish Food SCOTCH SNACK. Made from rich, meaty Canadian deep sea fish—free of bones—well seasoned—ready to spread on bread and biscuits, or make into salads and croquettes. GET A JAR TODAY AT ALL GROCERS.

Goddess Won approbation "Goddess" Lace in Front corsets were first made only a few years ago, and won instant approval. The patented underclasp prevents pinching. The special French "Goddess" boning gives absolute ease and freedom, yet holds the figure to its most perfect form. Excellent in workmanship—and materials. These qualities appealed to the charming screen Artist—Anita Stewart who wrote: "Without undue compression the "Goddess" adds to the grace of the figure".

PARIS VIVAUDOU MONTREAL LONDON NEW YORK

MAVIS T A L C Housecleaning is always fatiguing. When everything is made spot and span you are tired out and uncomfortable. But a sprinkle of Mavis Talc will help make you feel like yourself again. Irresistible!

SPORT NEWS OF A DAY: HOME AND ABROAD

BASEBALL

The Big Leagues

New York, Sept. 21—Brooklyn Nationals increase their lead over New York yesterday by 2 1/2 games, while the three American League leaders all won, Cleveland retaining its game and a half lead over Chicago.

National League

Brooklyn, Sept. 21—Brooklyn won the final game of the Brooklyn-Pittsburgh series yesterday 2 to 1. Brooklyn won twelve of the twenty-two games played with Pittsburgh this season. Pittsburgh 1, Brooklyn 2.

New York, Sept. 21—New York and Cincinnati broke even in yesterday's double-header. New York won the first game, scoring three of their runs on wild throws by Groh and Daubert. The Reds took the second contest when Eller cattered the Giants' twelve hits. He struck out eight men. The Reds hit both tenon and Ferritt hard. Cincinnati 2, New York 5. Second game—Cincinnati 1, New York 3.

Boston, Sept. 21—Boston and Chicago divided honors in their double-header yesterday, Alexander pitching the victors to a six to one decision in the first game, while Boston hit Vaughan hard in the early innings and gained a nine to one decision in the second game. Chicago 6, Boston 1. Second game—Chicago 1, Boston 3.

Philadelphia, Sept. 21—Hubbell weakened after allowing two singles in the first six innings, and St. Louis finally won from Philadelphia yesterday 4 to 1, securing the winning run off Rixey in the seventh inning, on singles by Stock and Forsyth and McHenry's sacrifice fly. St. Louis 4, Philadelphia 3.

National League Standing

Table with columns: Team, Won, Lost, P.C. Brooklyn 88, 59, .599; New York 81, 63, .562; Cincinnati 77, 68, .529; Pittsburgh 72, 73, .496; St. Louis 68, 75, .471; Boston 58, 80, .421; Philadelphia 54, 87, .383

American League

Chicago, Sept. 21—The Chicago White Sox strengthened their grip on second place in the American League pennant yesterday when they landed their thirteenth straight victory by defeating Philadelphia 13 to 6. Faber, who tamed New York on Friday, held the Athletics scoreless until the ninth, when they scored five hits, which, with six, or, netted six runs. Chicago continued its heavy hitting, collecting fifteen hits in three Philadelphia pitchers. Rixberg led the attack with four safe blows in four times at bat. Philadelphia 6, Chicago 13.

St. Louis, Sept. 21—Ruth's double, Frazer's single, and Peckinpaw's bunt, combined to give New York a four to three victory over St. Louis in an eleven-inning game yesterday. Spectacular fielding featured the game. New York 4, St. Louis 3.

Cleveland, Sept. 21—Cleveland won its thirteenth consecutive victory yesterday by defeating Boston 8 to 3. It was Mall's at straight victory since joining the club. Garner drove in six of the league's eight runs with two triples and a single. Boston 3, Cleveland 8.

Detroit, Sept. 21—Washington bunched its off two Detroit pitchers yesterday with errors and bases on balls and took its third game of the series 9 to 3. Washington 9, Detroit 3.

Ruth Outstrips Cobb

In his day fans considered the mighty Hans Wagner, the Pirate shortstop, the greatest swifter that ever swung a bat. Even today many hold to the theory that Wagner was greater than Babe Ruth. But figures prove otherwise. They show that in his seven years as a big league star George Herman Ruth has run his home-run record up to 98 for league games only. It took Hans Wagner just twenty-one years to pole 100 four-bag clouds.

On Wednesday Babe Ruth scored his 147th run for the season. This equaled the great record made by Ty Cobb in 1912. The wonderful Georgian scored his 147 runs in 148 games, while Ruth put his over in 129 games.

Ruth Outstrips Cobb. St. Louis, Mo., Sept. 21—Babe Ruth, home run champion, shattered another record here yesterday, scoring his 148th run of the season in the eleventh inning, to give New York a 4 to 3 victory over St. Louis. The previous mark of 147 runs was established by Ty Cobb in 1911.

THE RING

Frenchman Defeated. Philadelphia, Sept. 21—Joe Burman of Chicago outpointed Charlie Ledoux of France, here last night. Burman had the better of six of the eight rounds. Both men fought hard and the bout was fast from start to finish. Kid Wolfe and Cleveland outpointed Battling Faced of Reading in six rounds. Wolfe carried the fight to him in every round.

Quebec Bouts.

Quebec, Sept. 21—(Canadian Press)—Benny Gould, a Toronto bantamweight, fought a ten round draw with Charlie White of Quebec at Montmorency Falls last night. Each man took one round and the others were even. In the semi-final Frankie Corrigan lost on a foul to Joe Legare.

Carpenter to Be Guest

Jack Frost, president of the Arena of Jersey City, has sent invitations to Georges Carpentier, heavyweight champion of Europe, and his manager, Francois Descamps, to be the club's guests at the Mike O'Dowd-Ted Kid Lewis bout, which the club will hold in the Jersey City hall ball park on September 23.

"Lewis has been challenging Carpentier to fight," said Frost, "and we have decided to try to arrange a match between the winner of the Lewis-O'Dowd bout and Carpentier. The Frenchman thought it would be a good scheme to let him get a line on the ability of the men who are seeking a bout with him. We also plan to send invitations to Dempsey and Jack Kearns."

THE TURF

A Big Day

Columbus, Ohio, Sept. 21—The biggest single day's programme of the entire grand circuit race meeting here will be the offering of today, when \$15,000 in purses and stakes is to be distributed in four races. The feature event is the 2 1/4 B. and M. trot (closed) for a purse of \$5,000. Peter Manning is expected to be the favorite in this event. The Horse Review Futurity for three-year-old trotters, purse \$6,000, is another big attraction. Other events are the 2:06 trot, the Capitol City, purse \$3,000, in which Peter Coley, Peter June, Nedds and other winners of the year are eligible, and the 2:07 class pace.

Grand Circuit Meet.

At the grand circuit meeting in Columbus yesterday, five events were carried out and some good racing resulted. One of the feature events was the two-year-

old trot, the Horse Review Futurity, purse \$2,500, which was won by Rose Scott, best time 2:06 1/4. In the 2:06 class pace, the King stake for a purse of \$3,000, Hal Malone won in straight heats, best time 2:02 1/4. The 2:11 class trot went to Miss Perfection, two out of three heats, best time 2:08 3/4. Oro Direct won the 2:18 class pace, two out of three heats, best time 2:06 1/4. Dan Elger captured the 2:18 class pace, second division, two out of three heats, best time 2:06 1/4.

ROWING

Halifax to Hold Regatta

A despatch from Halifax says that plans are being perfected for a big regatta to be held there in carnival week, and that Hilton Belyea, of this city, will star George Herman Ruth in straight heats, best time 2:02 1/4. The 2:11 class trot went to Miss Perfection, two out of three heats, best time 2:08 3/4. Oro Direct won the 2:18 class pace, two out of three heats, best time 2:06 1/4. Dan Elger captured the 2:18 class pace, second division, two out of three heats, best time 2:06 1/4.

FOR NEW YORK PLANT

Motor Company Takes Action Under Water Power Act, Planning a Factory Near Troy. Washington, Sept. 22—The Ford Motor Company has asked the Federal Power Commission for a license under the new waterpower act to construct a project on the Hudson River at Troy, N. Y., to supply power for a new manufacturing plant at that place. The proposed project will generate 6,000 horsepower and the plant will be built over the government dam at Troy, for which the company already has purchased land on Green Island.

BOWLING

Wellington League

A well attended meeting of the Wellington Bowling league was held last evening in the G. W. V. A. rooms and W. J. Brown was elected president. Arrangements were made for the league to roll on the G. W. V. A. alleys again this year. Indications point to a good active season and the fight for the league championship is expected to be close. The following will be represented by teams: G. W. V. A., Customs House, Nashua Pulp and Paper Company, Trocadero Club, J. & A. McMillan, Corns Chocolates, Limited; C. N. R. and one other to be announced later.

LOCAL NEWS
PROBATE COURT.
 In the matter of the estate of Edward Kirk, personality \$700, Mrs. Annie Boyd, widow, has been appointed executrix. Dr. W. B. Wallace, K. C., was proctor. She was sole beneficiary under the will.

BOATSMEN AWAY.
 Jerry Shea of Dorchester, Mass., champion single shell oarsman of New England, who was defeated in the maritime championships held in Courtenay Bay yesterday, left for his home this morning. He was accompanied by his brother and his cousin, John W. Shea, who won second place in the junior event.

STILL TREATING THE CHILDREN
 J. D. O'Connell, the picnic King, writing to a friend here, says he is still busy putting on his free picnics and money scrambles. At the time of writing he was in Charlottetown, but was pretty nearly to the end of his eastern activities. His next move will be to warmer climes, for holding of more picnics.

HOME FROM WEST.
 Twenty-five young men arrived in the city today on the Montreal train from Manitoba and Saskatchewan, where they were engaged in harvesting. They are en route to their homes in Prince Edward Island. Speaking of conditions they said that they were good, and that there was an exceptionally large yield this year.

TRUMAN-APPLEBY.
 In St. Jude's church last night at 8.30 Rev. J. H. A. Holmes united in marriage Miss Irene D. Appleby, daughter of Mr. and Mrs. Robert N. Appleby of Chapel street, West Side, and W. Frank Truman, son of Mr. and Mrs. E. F. Truman, Dufferin row, West Side. The bride, who was given away by her father, was becomingly attired in a navy blue traveling suit with picture hat. They were unattended. After the ceremony a dainty wedding supper was served at the home of the bride's parents and, amid showers of confetti and with many hearty congratulations and best wishes for happiness, Mr. and Mrs. Truman left on the midnight train for their home in Newcastle, where the groom is a popular druggist and recently purchased the establishment of Dickenson & Troy there. Many beautiful presents were received, testifying to the popularity of the bride and groom.

MAJORITY FOR WIGMORE 4,203
 Amended Figures of Yesterday's Election — Analysis of Colchester Vote.
 Amended figures announced this morning in connection with yesterday's by-election in St. John and Albert gives Hon. R. W. Wigmore, minister of customs and inland revenue, a majority of 4,203 over Dr. A. P. Emery.

MANY MATTERS OF IMPORTANCE FOR ST. JOHN
Important Visit of C. N. R. President and Directors — Depot Viaduct One of Subjects.
 D. B. Hanna, president of the Canadian National Railways, accompanied by the board of directors, Mayor Schofield and Commissioners Bullock, Jones and Thornton, made a tour of all the C. N. R. property in the city this morning. At noon the party lunched at the Union Club and there was the question of an overhead viaduct at that point in which the city, the C. N. R., the C. P. R. and the street railway were interested.

SLIPPED OUT OF COAT; ESCAPED
Arrested Later on Warrant—Today's Police Court Proceedings.
 A case in which Phillip Bushfan was charged with assaulting his wife, was before the police court this morning and he pleaded not guilty. Mrs. Bushfan said he was drinking on Friday morning and he struck her, dragged her on the floor and tried to choke her. He admitted that she threw a flat-iron and poker at him, but in self-defence. The accused denied the accusations. The case was postponed.

Timely Showing of Men's Fall Underwear
 Are you prepared for the cold days of Fall?
 A look at the wide range of Fall Underwear both in Combinations and Two-Piece Suits, which we are showing, will soon satisfy you that we have just what you want.
 Among the various weights and brands we are showing there is a great variety of Stanfield's Unshrinkable Underwear in grades and weights to suit all tastes.
 STANFIELD'S COMBINATIONS are shown in four different weights and weaves. All most suitable for Fall wear. \$5.00, \$6.75, \$7.50, \$8.00
 STANFIELD'S TWO-PIECE SUITS in medium and two heavy weights, for Fall and Winter wear. Medium. \$2.50 and \$3.25 garment Heavy. \$3.75 and \$4.25 garment
 Besides these lines we are showing several grades of Penman's Underwear, Tru-Knit Underwear, Watson's Underwear and Eureka Underwear, both in Combinations and Two-Piece Suits.

Why Start a Big Coal Fire when a Little Oil Heater Will Do?
 With a NEW PERFECTION HEATER rooms without regular heat are made comfortable in short order.
 Take it wherever the extra heat is required, and in a few minutes it changes chill to cheery warmth. No trouble and very little expense.
 PERFECTION OIL HEATERS cost little to buy and little to use. They burn kerosene, an ideal fuel because it is low priced, easy to handle, and everywhere obtainable. They are handsomely finished, smokeless, odorless and absolutely guaranteed.
 We Have a Few of these Heaters to Offer at Last Year's Prices Which You Will Find to Be Very Attractive

Rugs and Floor Coverings
 In presenting our Fall Displays of Rugs and Floor Coverings of all kinds, we have the feeling of pride which comes with the consciousness of a large accomplishment under difficulty.
 To select and assemble such a great collection of Fine Rugs is an imposing task even under favorable conditions, but with the conditions that now prevail in the Rug markets and other manufacturers of High Grade Floor Coverings, providing a stock such as our patrons expect of us, is an undertaking of immense proportions, yet we feel our present displays leave little to be desired in completeness, beauty and excellence of quality; we ask you to be the judge.
A. Ernest Everett
 THE HOUSE FURNISHER
 91 Charlotte Street
 We have decided to continue Saturday half-holiday during September. Store open Friday evenings until Ten, as usual.

Scarfs and Mufflers For Early Fall and Winter
 A variety here freshly opened for the usual demand. Plain wool, of local production, of excellent workmanship, naturally, or the higher priced Alpaca and Llama from the Andes of Peru and then again that matchless product for soft downy wear—Camel's hair. Guaranteed, of course.
\$9 to \$20 in Easy Steps
