CANNOT IMPORT AIGRETTES FOR SALE ELSEWHERE

Washington, Nov. 3—Aigrettes and other plumage which are denied importation into the United States under the new tariff act, cannot be received from a foreign country for delivery to a firm in this country desiring to re-direct and re-forward to its agents in Canada or other countries.

The treasury department so ruled today in a decision for Postmaster General Burleson. No objection would be raised by the treasury department, however, if arrangements be made by which packages containing such feathers could be forwarded by postal officials and remain in their custody in order to avoid the possibility of their remaining in the United States.

THEIR GOLDEN WEDDING

Captain John Bain Formerly Sailed Out of the Port of St. John

An event, which does not occur in the history of every family, took place at Culloden last night, when Capt. and Mrs. John Bain celebrated their golden wedding. About fifty invited guests were present, and after a sumptuous supper had been served, Harry Bain, their eldest son, presented to the aged couple a purse of \$50 in gold from their children and grandchildren. After an interesting reply, "Blessed be the tie that binds" was sung by all.

MORE THAN EVER

Increased Capacity for Mental Labor Since Using Postum.

Many former tea and coffee drinkers who have mental work to perform, day after day, have found a better capacity and greater endurance by using Postum instead of tea or coffee. (Tea is just as harmful as coffee because it contains caffeine the same drug found in coffee.)

A Western woman writes: "I had drunk coffee for about twenty years, and finally had what the doctor called 'coffee heart'; I was nervous and extremely dependent; had little mental or physical strength left, had kidney trouble and constipation.

"The first noticeable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steady.

"Then I became less dependent, and the desire to be active again showed proof of renewed physical and mental strength.

"I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard, mental labor with less fatigue than ever before."

"There's a Reason."

MRS. PANKHURST HEARS BAD NEWS ABOUT SYLVIA

Chicago, Nov. 3—Revelations of suffering undergone by Miss Sylvia Pankhurst recently, greatly perturbed her mother, Mrs. Emmeline Pankhurst, when she received a letter here today from her other daughter, Christabel.

The letter stated that Miss Sylvia again had been subjected to forcible feeding after being "starved within an inch of her life."

"Sylvia had a great and successful fight Monday, but on Tuesday was arrested by fifty policemen and a collection of plain clothes men," said the letter. "We shall fight our best for her and the East Side will no doubt pay up Annie (Miss Annie Kenney) in some health than she has ever been and we are making plans for her protection."

Miss Christabel, asks if her mother can do anything to interest American physicians in bringing pressure on their British colleagues without whom, she says, the "Cat and Mouse" torture would be impossible. The doctor, she says, watches the starving patient weaker to the last limit of safety and then scientifically forcibly feeds them back to life again.

"The doctor is in fact the only one who has any power over the suffragette and he is not only policeman but torturer," continues the letter. "It was the information Mrs. Kenney had that saved you and Annie Kenney last summer, so evidently the doctors of other lands have some influence."

CANADIAN CRUISER BACK FROM ARCTIC WITH ALLETTE'S CREW

The Acadia Saved the Shipwrecked Men From Spending The Winter in Hudson Bay Ice

Canso, N. S., Nov. 3—The Canadian government steamer Acadia, Commander Anderson, put into Canso today short of coal and after bunkering here proceeded to Sable Island to investigate conditions there in connection with the reported new island in that vicinity.

The Acadia has the crew of the wrecked steamer Allette, including thirteen Chinamen. A very different story would have been told of the fate of the Allette crew had not the Acadia picked them up.

Ice conditions in Hudson Bay are very bad. The Allette got out only by hard battling with foes coming through Fox channel.

The captain of the wrecked Allette says that his ship was badly stove by pan ice and was saved from immediate destruction by "Ed" Robinson's bulge heads. These, however, were not sufficient to keep back the flow of water for any length of time, and the ship began to settle by the head.

Captain Robertson saw that his only safety was in trying to beach his ship. This he was able to do in the mouth of the Nelson river. The ice in the river, however, prevented him from landing, and as all the ashore boats had been put into winter quarters, he could get no assistance from that quarter.

Fortunately, the Acadia, on her way home with her surveying crew, picked them up, and thus saved them the probable fate of spending the winter in the northern country with scant provisions and shelter.

On the way down the Labrador coast Captain Anderson was advised by wireless to proceed to Sable Island and the investigation the Acadia will proceed to Halifax, arriving there on Thursday probably.

Daily Hints For the Cook

Wise Jumbles

One cup of butter, two of sugar, three eggs, one wine glass of wine, one spoonful of vanilla and flour enough to roll out. Roll as thin as the blade of a knife, and cut with an oval cutter. Bake on tin sheets, in a quick oven, until a dark brown. These will keep a year if kept in a tin box and in a dry place.

CHRISTIAN SCIENCE

Present indications point to a big attendance at the lecture on Christian Science which is to be delivered at the Opera House this coming Sunday, Nov. 10.

The lecturer, Virgil O. Strickler, is a member of the board of lecturership of The First Church of Christ, Scientist, in Boston (Mass.), and anything he may say on this subject may be taken as authentic.

Mr. Strickler is said to be a pleasing lecturer and has lectured on his subject in all quarters of the continent—fully six thousand persons thronged the grand edifice at Boston to hear him lecture there.

The hour set for the lecture is 8 o'clock.

Election Case to Privy Council

Winnipeg, Nov. 4—E. L. Taylor, K. C., member elect for the provincial constituency of Gimli will appeal to the privy council against a recent ruling of the Manitoba court of appeals in the Gimli election.

Also have nineteen grandchildren and four great-grandchildren.

Captain Bain's life has been mostly spent on the sea. For fifty years he sailed between St. John, Digby and Boston, and other freighting ports. About ten years ago he retired and is now spending his remaining days at his home in Culloden, where the aged couple have a host of friends.

Sensible Method Of Removing Wrinkles

(From Woman's Realm.)

If crow's feet appear prematurely about the eyes, apply a lotion made by dissolving an ounce of sorbic in a half pint of witch hazel. This is the best quick-acting treatment known, as it tends to restore normal conditions. It tightens and strengthens the skin, likewise the underlying tissue, the loosening and softening of which are the cause of this trouble. It also has a tonic effect, which not only aids in the same direction but, by increasing the circulation, helps to bring a healthy color to the face.

The same solution, acting as it does, naturally affects not only every wrinkle and line, but hanging or flabby cheeks and chin, as well. Tell the druggist you want powdered sorbic, in which form it is most effective. When your face wears a tired expression, bathe it with this refreshing, revivifying liquid.

100 PEOPLE CURED OF ECZEMA

WITHIN the past few months one hundred people have written to the Zam-Buk Co., expressing gratitude for their cure of eczema by Zam-Buk. Zam-Buk cures eczema—not in a few isolated cases, but in nearly every case in which it is given a fair trial. Why not let it cure you?

He Suffered for 20 Years

MR. GEORGE J. TAYLOR, Lower Napan, N. B., writes:—I have eczema for over twenty years. At first it appeared in small spots and then began to spread, until I suffered acute misery. I went to a doctor, who gave me a tonic and skin treatment. After using it for a while I saw that it was not doing much good, and decided to try another, but with the same result—eczema always came back, and always a little worse than before.

By this time it had spread all over my face and head, and I was obliged to stay indoors. The irritation and burning was terrific, and I thought at times that I would go crazy from it. No one could imagine what I suffered with it and I was obliged to give up my work.

At that time I happened to see Zam-Buk advertised, and decided to try a box. After the first application I felt relief. It soothed and eased the burning and itching. I persevered with the treatment, and although my case was so bad that it took some time to effect a cure, in the end Zam-Buk cured me completely.

EAST END ARMY TO FORGE GOVERNMENT TO GIVE VOTE

London, Nov. 4—The militant branch of the suffragette organization is busy raising an army in the East End of London to force the government to yield to the demands of the women. Sylvia Pankhurst announced this at a meeting last evening. She said the army is to be under the command of Sir Francis Vane Bart, who was captain of the 3rd Royal Lancaster Regiment in the Boer war. He will have several army officers to assist him.

How to Tell Whether Tea and Coffee are Causing your Troubles

It seems easy to leave off drinking tea or coffee and note the results.

But you say, "I can't do without my morning cup," so the dreary days follow one another, the same old pains and aches slowly growing a little worse. Do you dare think of the road ahead, if that downward tendency keeps on, and why shouldn't it unless you change the daily habit?

Suppose today you assert your right to crush the habit and start a new and healthful life.

It's easy to quit tea and coffee and take on

POSTUM

It is made of clean, whole wheat, and contains no CAFFEINE—the drug in tea and coffee that causes so much trouble.

Is not only free from the poison in tea and coffee, but contains the natural phosphate of potash found in a part of the wheat berry which is included in making this famous food-drink.

It builds up broken-down body, brain and nerve cells, and no one needs this more than the chronic tea or coffee drinker.

Postum now comes in two forms. Regular Postum must be well boiled. Instant Postum is a soluble powder. A spoonful dissolves in a cup of hot water and, with sugar and cream, makes a perfect cup Instantly.

Grocers everywhere sell both kinds.

Ten days freedom from tea and coffee will show

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

When Children Squint you can be sure there is something wrong with their eyes or they would not have to make an effort to see.

GLASSES are necessary, and the earlier you learn what the trouble is, the better for the child.

Sixty carloads of cattle were shipped from Montreal to the American market on Wednesday last week. Large shipments have also been made from other parts of Canada.

JUVENILE DELINQUENCY

Last year 2,000 cases of juvenile delinquency were brought before the court in Montreal, and this year the number were much larger. Last year there were brought before the juvenile court that city 881 cases of theft by children under 16 years of age.

Mr. Borden Leaves New York

New York, Nov. 4.—Hon. R. L. Borden and Mrs. Borden, left today for the south. The Canadian premier expects to remain in the south until the end of the month, resting, and then return to Ottawa to prepare for the session which will begin towards the middle of January.

court. The record shows that only about ten per cent of those brought before the court appeared there a second time. Moreover, in many cases young girls are brought before the judge and are prevailed upon to change their ways without having been formally arrested.

Attention is just now being centred upon social conditions in St. John. At the annual meeting of the Associated Charities, men who have been for years in close touch with social conditions gravely and regretfully expressed the belief that at no time in their experience were the moral conditions affecting young girls and boys as bad as they are at the present time.

Of the campaign in South Bruce, so signally won by the Liberals, the Walkerton correspondent of the Montreal Daily Mail, independent, says—"The contest was fought largely on the naval question, prominence having been given to this issue by both sides.

Apparently there is a lull in the matter of the mail steamships, pending the meeting of the board of trade tomorrow evening. It is confidently asserted by the Conservative leaders who have been opposed to any further agitation that the long promised assurances will surely be received tomorrow.

On Friday last the Times referred to the great Liberal victory in South Bruce and the greatly reduced Tory majority in East Middlesex.

It is worthy of note that in the recent election in South Bruce the Liberal candidate declared himself on every platform to be in favor of reciprocity as well as of a Canadian navy.

It is not surprising under such conditions that there is a steadily more emphatic demand for action by the government to reduce the cost of living in Canada.

BIRTHDAYS OF NOTABILITIES

TUESDAY, NOVEMBER 4

The Hon. Raoul Dandurand, dominion senator and eminent lawyer, is fifty-two years of age today. He is a native of Montreal, where he became a leader of the bar. Called to the senate in 1908, he became its speaker in 1905.

This is also the birthday of T. C. Keefer, veteran civil engineer, who has had much to do during his lifetime with the building of railways, canals and waterworks in Canada. He was born in Thorold, Ont., on November 4, 1831, and now resides in Ottawa.

Jean Blewett, one of the best known women writers in Canada, whose work has appeared extensively in the Toronto Globe and other papers, was born in Scotia, on Lake Erie, on November 4, 1862.

LIGHTER VEIN

Ought to be Clean

They had grouped themselves about the open fireplace in the big library of the country house after dinner, and the talk turned to the relative moral standards of men and women. The discussion raged long and furiously, until the hostess in an attempt to stem the tide, exclaimed: "Well, you will all agree, anyway, that women's minds are cleaner than men's."

Why They Leave the Farm

"Farmer to his son: 'Johnnie, after supper be sure and cut enough kindling. Then finish the milking and see that the horses are bedded and fed. Be sure that the chickens are locked up and don't forget to finish bagging the grain for the load I'm going to take to town tomorrow. Be sure to get all this done. I'm going to the meetings to discuss 'How to Keep the Boys on the Farm.'"

Proof Positive

"Look out for those new neighbors. I know they will be chronic borrowers."

The village butcher, a heavy man, possessed a heavy voice, and he was exercising it at the local concert by singing several unappreciated eclogues.

TORY MAJORITY REDUCED

Brampton, Ont., Nov. 3.—With one poll to hear from, J. R. Fallis, Conservative, has a majority of 875 in the provincial by-election in Peel, defeating A. H. Milner, Liberal. This seat was vacated by Sam Charters, Conservative, who was appointed registrar of the county. Mr. Charters' majority at the last general election was 700.

POPULAR MUSIC AT THE IMPERIAL NOW

Singing Team Make Fine Impression on Tremendous Crowds

That the people of St. John—at least that quota represented by the large crowds at the Imperial Theatre yesterday—like the best of the late music, definitely served to them, was evidenced by the plaudits that followed each appearance of the Josephine Lileb Duo. The newcomers seemed to tickle the patrons of the big house greatly and it is safe to assume their jingling numbers will be hummed throughout the town before the week is far spent. Miss Lileb and Lorne MacAdam are two operatic people who broke away from company work and entered the vaudeville field. They evidence culture, stage experience and best of all, they know what to put into their act. Well dressed and agile, they go through their two solos, two duets, and medley number smartly and pleasingly, making a finished refreshing performance. As a central item in the imperial's bill they fit finely.

The leading picture shown in this programme yesterday was a Latin term drama under the caption The Road to the Dawn. It was strong and startlingly real for the simple reason that Arthur Johnston and Lottie Briscoe played the leads and Mr. Johnston directed the whole production which was enacted in rural Maine. Mr. Johnston is a master producer and when he plays in the picture his own hand is left out. The lesson taught by the feature picture is strong and up-to-date. There were a Pathé scientific film dealing with the wonders of oxygen, a travel scene in China, and a Vitagraph comedy. Miss Brock, who is on her farewell week, sang The Nightingale very artistically.

THE COMMON COUNCIL

At the weekly meeting of the Common Council yesterday afternoon the commissioner of finance reported expenditures during October \$116,097, and recommended for payment accounts totalling \$9,897.

He reported that D. C. Clark had submitted a tender of \$1,600 for repairs to North wharf, damaged by steamer Wabana. It was agreed to award the contract at this figure if the Dominion Coal Company would reimburse the city. The case of a city shed on Union street, W. E., to the J. S. Metcalf Company until March for \$75 was authorized.

The commissioner also reported that he has accepted the tender of George McKean for 17,000 feet of spruce for sidewalk repairs on the west side.

The mayor was authorized to ask the mayor of Toronto to represent St. John at the session of the Canadian Union of Municipalities, at which the subject of level railway crossings is discussed.

A request from the St. John Railway Company for permission to erect a pole on Reed's Point for lighting purposes was referred to the Commissioner of Public Works.

Such an investigation, and that the city was in no way liable.

GLOVE DEPT. FRONT STORE

dent Wilson, I fear the results of his present campaign is directed against the transportation monopoly that is throttling the industries of New England.

"My record in behalf of popular government, election reform, prison reform, improved labor conditions and other progressive principles speaks for itself. The three other parties are merely advocating things that I have long stood for and largely achieved.

"The Progressive party, with its dray loads of crates, scattering over Boston, each carrying his own soap box, has borrowed nearly all of my platform. I alone have a clear-cut issue.

"When last June I vetoed the railroad bill establishing the control of western trolley lines by the New Haven, and forty-two Democrats broke their pledges and helped to pass the bill over my veto, I decided to cut loose.

"I now demand that the various transportation companies constituting the New Haven monopoly be absolutely divorced.

"The New Haven, the Boston and Maine, the trolley lines and the steamship lines must be separated. American trunk lines must no longer be allowed to dominate our transportation and pervert it to their own purposes. Wall street must not loot our stockholders. There

must be access to our ports from Canadian trunk lines.

"It must never again be possible for Charles S. Mellen or any one else to dominate all the industrial and commercial activity of New England by bottling up trade routes.

"I want a clear mandate from the people to finish the work that an outraged public sentiment has started. And if they return me to office, I believe that, even without a partisan organization in the legislature, I can do it.

"For parties are no longer necessary. The day of independence in politics has come, and a principle, embodied in a man, can be driven to success by the mere pressure of public sentiment."

"I'M MY OWN PARTY!" SAYS GOV. FOSS

"Parties Aren't Necessary Any More Anymore! It's Only Principles That Count!"

The Man-Without-a-Party Who Is Bucking the Republican, Democratic and Progressive Candidates For the Governorship of Massachusetts, In an Interview, Declares the Personal Equation is All That Cuts a Figure in 20th Century Politics

(Times Special Correspondence) Boston, Mass., Nov. 1.—The Governor without a Party stood under the gilded dome of the capitol on Beacon Hill, an image of confident energy.

"I'm my own party," he said. "And, my boy, I'm going to win!"

"Well," said the interviewer, "your excellency doubtless belongs to a very estimable party. But what's wrong with the Democratic party?"

"A great deal," replied the independent and protean governor, while bushy eyebrows and bristling moustache lost their fierceness in a patronizing grin.

"The Democratic party, of course, is not any worse than the Republican—but it ought to know better! I'm out of both and glad of it!"

"I'd leave the Progressive party, too, if I belonged to it!"

Beyond preadventure, Governor Foss is a fine little party leaver. He formerly ran for congress as a Republican. After the perpetration of the Payne-Aldrich tariff bill he suddenly flipped and ran as a reciprocity Democrat—and won, to the consternation of the G. O. P. machine.

Then he jumped to the top of the democratic ticket and ran for governor, winning again, with still more G. O. P. consternation.

Machine politicians and reputable citizens of both parties acquired the habit of shaking their fists toward the capitol dome, as Mohammedans pray toward Mecca, and muttering incoherent profanity. But Foss kept right on governing and running, and was re-elected twice.

Now he is running for his fourth term—which is sacrilege, according to Massachusetts tradition.

Gov. Eugene Foss

ies, even if I am my own manager, financial backer and press agent.

"I left the Republican party because, in this state, it was dominated by a corrupt machine, and because nationally it was blind to tariff iniquities and the value of reciprocity as an international principle of trade.

"I left the Democratic party this year, because the Democratic organization of Massachusetts is corrupt and hopeless and because, though I supported Pres-

THE FOUR CANDIDATES WHO WANT TO GOVERN THE BAY STATE

Eugene Noble Foss, republican-democratic-independent, one of the wealthiest manufacturers of the state, already three times democratic governor.

David I. Webb, democratic, supported by the democratic organizations; present lieutenant governor.

Augustus P. Gardner, republican, congressman and son-in-law of Senator Lodge.

Charles Sumner Bird, progressive, who is waging a vigorous "soap box" campaign.

TORONTO WILL

ASK POWER FOR

CIVIC REFORMS

Assessment Reform in Which Land
Will Be Taxed Higher Than
Buildings and Income, One of
Them

Toronto, Nov. 3.—After an all-day
consultation with the heads of the vari-
ous civic departments, the board of con-
trol today decided to recommend to the
city council that application be made to
the Ontario legislature for legislation,
providing for:

The imposition of a wheelage tax on
all vehicles, used in public thorough-
fares and the regulation of the width of
streets.

The placing of the medical inspection
of schools in charge of the medical offi-
cer of health.

Extension of the act governing sta-
tionary engineers, to include portable
engines.

Regulation or prohibition of operation
of street pianos by females or children.

The licensing of public garages and
civic control of the location of private
garages.

An appointment by the city council of a
second representative on the Toronto
Hydro-Electric Commission, who is not a
member of the city council.

The application to be made for assess-
ment reform, if the recommendation of
the board of control is endorsed by the
city council is the sequel to the plebiscite
taken on January last when the
people voted in favor of the assessment
of buildings, business and income on a
lower basis than land.

The question of increased increment
tax was discussed at great length, two
propositions being considered, namely:
A tax on transfers of land based on
the sale price, and an annual increment
tax, by which the city would collect a
portion of the increase in value. It
is understood that the latter question did
not find much favor. No definite deci-
sion was reached in the matter, to which
further consideration will be given at
a future meeting.

Ottawa, Nov. 3.—William Chapman, a
French translator on the house of com-
mons staff, was ordered by Chief Justice
McGee to appear in the supreme court of
Ontario today to pay his wife \$50 per
month alimony. The action was brought
by Mrs. Chapman, who claimed her hus-
band left her in November, 1911, and
has not since contributed a cent towards
her upkeep. Several witnesses testified
that Chapman was in the habit of taking
alimony, and Mrs. Chapman deposed to
it.

Chapman asserted he took the option
of his physician's orders. He said the
marriage which took place in 1909 was
much against his will, but said that the
plaintiff threatened if he did not marry
she would sue for influence with
several senators to have him discharged
from his position. He finally consented
to, "though it was very much against
my will," he added. Chapman also de-
posed that while on a trip to Paris his
wife became friendly with a young
musician on board.

Justice Meredith, in giving judgment,
said there was nothing in the evidence
submitted to him to show that Chapman
had justification in denying his wife, bed
and board.

Certain girls and men who have a fair
amount of honor and scrupulousness,
whose business or ordinary social affairs
are concerned, appear to lack these quali-
ties entirely when it comes to a ques-
tion of love. If such a girl sees a man
to whom she is attracted and whom she
learns is engaged, she does not let fact
prevent her from trying to win him
away from his fiancée. If such a man
sees a girl whom he wants to marry, he
will try to win her even if she is on the
eve of marriage with someone else.

Doubtless competition enters into love
affairs, but it should be legitimate com-
petition. By all standards of honor,
poaching upon preserves in love which
already belong to some one else is un-
fair. Worldly rewards may sometimes
seem not to be withheld from those who
poach—but what outsider can judge of
the real state of affairs under the sur-
face? Certainly, the highest rewards of
the spirit can never belong to the poacher;
and in the long run, what brings us
happiness is a finely-refined conscience
which we know we have not violated,
and a heart which refuses to take a dis-
honest advantage at the cost of some
one else's pain.—Maude Bedford Warren
in Woman's World for November.

In a San Francisco park has been
found a tree called the sleeping
palm, which was brought there from
more than a year ago, and is now the only
specimen in the United States. Once in
fifty years the tree is covered with
many colored blossoms and exudes a
perfume which fills the air for a dis-
tance around and has a soporific effect.

THE POACHER IN LOVE

Honor and scrupulousness are ideals
which should not be laid away in the
shelves of our souls, but should be part
of the well-used furnishings of our daily
lives. We respond to these ideals when
we see them represented in novels or
the stage, or in other people's actions
and we should not fail to remember that
when we ourselves are tested we have
no right to sacrifice these high prin-
ciple to some strong but unworthy desire.

Certain girls and men who have a fair
amount of honor and scrupulousness,
whose business or ordinary social affairs
are concerned, appear to lack these quali-
ties entirely when it comes to a ques-

FIRST MONEY WAS PAID OVER TODAY

Purchase of King Street Building For C. P. R. St. John Headquarters. At last a definite announcement of the purchase of the building in King Street by the C. P. R. has been made. There have been many rumors but little that was authentic. The Times now is in a position to say definitely what has been done.

The C. P. R. today completed the arrangements for the purchase of the building on the corner of King and George streets owned by the heirs of the Foster estate and will take possession on February 1.

The chief difficulty in the way of the purchase has been the fact that the building was under lease to W. J. Fraser of Fraser, Fraser & Co., who has retained possession of the building since the days when he occupied it. During recent years Mr. Fraser has sublet the building to various tenants and all these had to be reckoned with. After long drawn out negotiations an agreement with Mr. Fraser was reached and today the first money to bind the bargain was paid.

Under the agreement made the C. P. R. will take possession on February 1, and Mr. Fraser has made arrangements with his tenants that they shall vacate by that date. The tenants affected include J. M. Roberts & Co., R. J. Patterson, D. M. & J. Patterson, Smith Runniman & Co., Steadman & Smith, Co., Ltd., and J. Shone & Co., all of whom will be seeking new quarters.

When the C. P. R. takes possession the work of remodeling the building will be commenced at once and this will include the addition of another story. When ready for occupancy the building will house the general offices of the C. P. R. and the telegraph office and the Dominion Express Company.

WANTS 5,000 TO WORK IN THE FOREIGN MISSION FIELDS

General Booth Buys in Toronto - Commissioner Rees Likely to Recover. Toronto, Nov. 4 - General Booth met the officers who are attending the annual congress from outside the city, in the army headquarters yesterday, both in the morning and afternoon. The meetings were private. The object was to give the officers an opportunity of getting into close touch with their general.

Last night all the officers, including the local staff, met the general in council and an interesting discussion followed upon the work and its needs for the future. An important part was the question of helping supply 1,000 missionaries whom the general wishes to send to the foreign field within the next five years.

Today the general devoted himself entirely to the work of the congress. The physicians in attendance reported that the condition of Commissioner Rees, of the Salvation Army, has improved, and they are now confident he will recover from his illness.

(The charge for inserting notices of Births, Marriages or Deaths, is 50 cents.)

DEATHS. MOORE - In this city on 80th inst., David Moore of Black River, in the 40th year of his age, leaving a sorrowing wife, four small children, mother, four sisters and four brothers. Notice of funeral later.

BISHOP'S CHARGE TO ANGLICAN SYNOD

(Continued from page 1) ers earnestly strive to impress upon their pupils the principles of faith by which they themselves are living. He was glad to bear witness to the Christian character of those who are teaching in the schools, and the teacher's desire to mould the child's character along Christian lines can only be exercised within narrow limitations in support of this statement he cited the regulations of the Board of Education, and while admitting the value of the teaching prescribed he expressed doubts as to whether or not it could be effectively carried out.

In looking about for a remedy for this state of affairs His Lordship thought the present policy of the public schools was a domestic one. They should do everything in their power to make the work of the Sunday schools as complete as possible. In almost every parish there was a dearth of children, and he suggested that the clergy in the work of the Sabbath school. He was glad to note that the religious instruction given in the Sunday school work in many districts as the result of stimulus which had come from the Board of Education, and he hoped that this commission was well worthy of their confidence and he hoped that it would have the hearty support of both clergy and laity.

In regard to the religious training of the young he might say whether it is not possible to reverse at least in part the present policy of the public schools in relation to the Bible. Let us see whether in spite of former failures it is not possible for us to do something. We have been talking of Christian unity but here is an opportunity to do something more than talk.

He suggested that the Synod send the various churches a strong message to present to the minister of public works and the minister of marine will submit the report of the board to the minister of the board in a separate report. MAKE BIG SUCCESS IN MUSICAL COMEDY

Stock Company Greatly Pleas Patrons in Forty-Five Minutes From Broadway

Forty-five Minutes from Broadway played a large number of patrons in the Opera House last evening. This musical comedy, written by George M. Cohan, abounds with humorous dialogue and amusing situations as was attested by the peals of laughter and hearty applause evoked from the audience time and time again throughout the performance.

The play is a three act comedy, Tom Bennett, heir to a large fortune, comes into possession of more than a million dollars in the church in the United States in the diocese of Fredericton was the wicked and baseless charges being brought against him by Mary when he intended to marry Bennett's secretary "Kid" Derby, who had had "piled" money for five years, and who furnished most of the comedy in the production.

The present average is a little less than \$700 and falls below what the accepted Methodist standard by \$100. The closing list of recommendations of Mr. Derby, who acted the part of Miss Florence, was very sweet and charming and added to her ever-growing list of admirers in the comedy. The play was very well sung and the chorus sang long Mary, in which she took the leading part, was also much enjoyed.

ST. LUKE'S MISSION. Special Services Brought to a Successful Close Last Night

The special services in St. Luke's church, which have been going on for the last two weeks, came to a successful close last night. A large congregation was present to hear the last message of the missioner, Rev. H. G. Marr, who spoke as his text Heb. 2-3, "How shall we escape if we neglect so great salvation?"

He said the apostle was speaking of the great experiences of God's people Israel and how at times they had deliberately neglected the great salvation which was offered to them. He said that at times they had actually turned their backs on the great salvation which was offered to them.

He said that at times they had actually turned their backs on the great salvation which was offered to them. He said that at times they had actually turned their backs on the great salvation which was offered to them.

No One Will Speak of Mexican Situation. PRESIDENT GOES TO VOTE

Believed That Powers Are Agreed to Support United States' Position in Matter of Restoring Peace in Mexico

(Canadian Press) Washington, Nov. 4 - President Wilson let the Mexican situation slumber for a few hours today, while he went to Princeton, N. J., to vote. The tension over the United States government's ultimatum to Huerta was not relieved by the president's absence, however, and just before Mr. Wilson left the White House, he conferred with Secretary of State Bryan.

All officials here were constantly silent over the notice to Huerta to resign the provisional presidency of Mexico and rest no partisan. The understanding was that the attitude here is to make no announcements just now and await the next step.

The great interest centered about Huerta's conference, with the Mexico City diplomatic corps. As soon as Charge O'Shaughnessy had delivered the latest note, Huerta called in the diplomats but no announcement of their conference was made.

President Wilson promised to be in touch with the situation precisely every hour he was away today, and to return to Washington tonight. Administration officials directly connected with the Mexican negotiations, have adopted a policy of absolute silence. The elimination of Huerta as a sine qua non is admittedly the fundamental principle of the administration policy, but beyond this the successive steps taken or contemplated, are not disclosed.

An air of confidence in official circles is taken to indicate that the United States is satisfied that practically all the great powers have agreed to support the administration's policy, at least to the extent of observing a strictly neutral attitude and allowing the United States to test its own plan for restoring peace in Mexico.

London, Nov. 4 - According to the Daily Telegraph, among the friends of Sir Cecil Spring Rice there is a prevailing doubt as to whether in the near future he may find the rigor of the American climate too severe to permit him to continue his duties.

The Times this morning says: "We have authority to state that Sir Cecil Rice's absence from the British embassy at Washington is due to the state of his health. He has not been well recently, and had been advised to take a complete rest. Sir William Tyrreth, the British ambassador in Mexico, is expected to be personally visited to an old friend, who has been in contemplation for some time."

COVILL BARCLAY, councillor of the embassy, will leave for Washington on Saturday and Lord Eastaue, secretary, the third secretary, is proceeding to his post at once, so that the whole staff of the embassy, with the exception of the ambassador, will be in Washington next week.

The Times, in an editorial, says that while it is extremely regrettable that the ambassador has been absent from his post, it is difficult to understand, however, "his paper," why the minister, Mr. Spring Rice, should be underfunded, while the ambassador was absent.

The Daily Mail thinks it extraordinary that at such a critical time the British public should be kept in ignorance of the ambassador's absence. "It is difficult to understand, however, "his paper," why the minister, Mr. Spring Rice, should be underfunded, while the ambassador was absent.

"Whatever may be the diplomatic trouble between Washington and London, there is not the slightest doubt about the sentiments of the British public, which desires no sacrifice of American good will on the question of who is to be the president of Mexico."

"Articles and cartoons in sober and usually well-informed American newspapers prove that the British position is not clear but must be made clear to all that we never claimed any special or exceptional position in Mexico."

Mexico City, Nov. 4 - President Huerta has been told he must resign the presidency of Mexico without loss of time, and that he must not leave as his successor General Blanquet, his minister of war, or any other member of his official family or of the unofficial coterie whom he might be expected to control.

This ultimatum from Washington was conveyed to President Huerta through his private secretary, Senor Labago, by Nelson O'Shaughnessy, the American charge d'affaires, acting under instructions from the state department.

CATHEDRAL WEDDING

A very pretty wedding took place in the Cathedral of the Immaculate Conception this morning at six o'clock when Rev. Wm. Duke united in marriage Miss Mary McCarly to James J. McMahon of Butte, Montana. The bride, looking charming in a tailor-made suit of pearl grey, whirled, with hat to match. She carried a bouquet of white carnations. The groom was supported by Leo McCarthy, nephew of the bride. The groom's present to the bride was a gold watch, to the bridesmaid a gold bracelet, and the groomsmen a set ring. After the ceremony a wedding breakfast was served at the home of the bride's brother in St. James street. The bride and groom left on a honeymoon trip to New York and other cities in the United States. Mr. and Mrs. McMahon received many beautiful presents, including cut glass and silver, and a substantial check from the bride's relatives.

THE BOARD'S DUTY

St. John Globe - Aside altogether from the agreement there is the national aspect of this mail service which should not be lost sight of. The Board of Trade and City Council will do well to trace before boards of trade and councils from one end of Canada to the other the fact that leading steamship men have said, time and time again, that if the mail boats came here direct mails could be landed in Montreal and the west hours ahead of the time it is possible to make by the Halifax route. It is right that every city and town in Canada should understand this phase of the situation.

THE BY-ELECTIONS

Out of seven by-elections since the present government assumed power the Conservatives have won four - Macdonald, Hochelaga, Chateaugay, and Miramichi. The Liberals have won three - South Kentville, Richelieu and South Bruce.

The government took only one seat, Chateaugay, from the opposition and the opposition took one seat, South Bruce, from the government.

Burns Detective Tells About Investigation Of The Police Matters Here Offered Chief Clark Money to Aid in Purchase of Market Building - Sent to Mr. McLellan - Says Moral Conditions Here Worse Than in Large Cities

The police investigation took a dramatic turn last night, and evidence of a Boston detective whom Mr. McLellan, without warning, placed on the stand, created a stir. The detective told of a crafty scheme in which he declared Chief Clark was involved, to buy the market building at a price not profitable to the city.

During the evening there was an exciting passage of arms between Commissioner McLellan and Daniel Mullin, K. C. After the detective's story was heard, Chief Clark was called, but he asked for time to prepare a statement, and it was finally decided to adjourn the investigation a week to allow the chief an opportunity to prepare his answer to the detective's allegations.

William A. Sullivan, of the William J. Burns National Detective Agency, took the stand and said the chief, police, and several of the leading citizens, whose names he kept secret, were connected with a deal from which they were to receive graft from him. This involved the purchase of the market building from the city by the detective, alias William McGregor, interested in amusement houses. Chief Clark, he said, introduced him to another man who was to "graze," Commissioner McLellan for putting through deal.

The conditions of things in general in the city, Sullivan described as "pretty rotten." He declared there is absolutely no proper police protection, and the street conditions, particularly with respect to the morals of young girls, are worse, he said, than those existing in the notorious streets of the larger cities.

Sullivan first said that he had been sent to the city here by the Boston agency. He referred to many cases which the Burns' agency had handled and among them "cleaning up" of Nashua (N. H.), which he himself conducted.

Take Cascarets tonight, put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and other troubles; cleanse your inside organs of all the bile, gases and constipated matter which is producing your misery.

Mr. Sullivan called upon the chief several times, and talked to him on various matters, and several times, he said, the chief expressed his opinion of Commissioner McLellan, which was not a very favorable one. The chief said he was having trouble with the market building in the investigation, but that the government was onto his game and had told him he couldn't have the chief's place until (Chief Clark) had died or resigned.

On the course of a conversation during these visits the detective said he told the chief that the market building in Charlotte street was for sale. He also suggested to the chief, he said, that he would like to buy the market building and asked the chief to whom he should go to see about it.

The chief sent Mr. A. to the mayor and from the latter I learned that \$300,000 would be paid for it. Then he asked the chief if he thought that McLellan would refuse \$10,000 if he saw it spread before him. The chief replied that he thought he would suggest someone who would graze McLellan. I said I had \$25,000 over mentioned to get through and that I would not forget the chief. The chief said he would have to consider Mr. Sullivan, alias McGregor, on calling on Chief Clark later, he said, "I asked him if any of the commissioners could be approached. He said he would try to get one of the commissioners could be bought - not for a small sum, but he thought \$10,000 would do it."

Asked if he had been able to find things fairly open here as regards the sale of liquor, the witness said he was able to get liquor after hours. He thought the bar room kept open here, but in other places it was not the same. "I can go out on Sunday and get all the booze I want," he said, "but I can't get a drink of soda. I can go into Smythe street and on the docks and get a 'hipper' any time, and men stand and sign at a house and the liquor will walk down."

"MARY" IS NOW WORTH A MILLION DOLLARS

The First of Her Love Experiences at the Imperial Tomorrow Those of you who have been following the series of amazing stories, "What Happened to Mary," at the Nickel and Imperial Theatres, will be delighted to learn that Mary, though now worth \$1,000,000 left her by her mysterious grandfather, is a society princess whose hand is sought on all sides by gay and gallant soldiers of fortune.

Flushed with the great success of the original "Mary" series in McClure's publication, "The Ladies' World" and as depicted by Edison's star players in motion pictures, it was decided to furnish the eager public with a sumptuous sequel to the adventures. This sequel goes thoroughly into Mary's affairs of the heart, and because of the lavish money represented by all of the parties of the comedy-drama, the production, both literary and pictorial, is magnificent in the extreme.

Tomorrow Mary will reappear at the Imperial Theatre-headquarters for all good things-and now a cultured refined actress abounding in exquisite gowns and every comfort of life, will disclose to her legion of friends in St. John the innermost groupings of her heart and soul. EASY WAY TO STOP HAIR FROM COMING

A harmless home remedy, compounded principally from the powerful Permethoneo shrub of Peru, has been found highly effective in preventing the falling of hair from scalp. Men and women whose hair is growing alarmingly thin and falling out every day should try it. It is harmless and very inexpensive and whole thing can be prepared at home by any druggist. Merely mix up in an 8 oz. bottle 2 oz. Lavone de posee, 6 oz. Bay Rum and 1-2 dr. of Menthol Crystals. Shake well and apply to scalp for an hour, when ready for use. The Lavone in the name is the pharmaceutical name of the substance which is diluted and scientifically prepared for medicinal purposes. It is the scalp with the fringe of a medium stiff brush for about three or four days use in this way cannot find a single loose or straggling hair. Dandruff will disappear and your scalp covered with a growth of fine downy new hair, which will grow with amazing rapidity.

St. Paul, Minn., Nov. 3.-Editor Grosvenor, enclosing the first part of his final argument for the government in the suit to dissolve the International Harvester Company, this afternoon appeared before the judges of the United States District Court that unless "Harvester Trust" is disintegrated in a few years will own monopoly of every implement used in this country for the American farmer. The special assistant to the attorney general specified Cyrus McCormick, James Deering, of Chicago, as the beneficiaries of these families, and characterized their "willing to use their great power to fix prices and intimidate local dealers means of crushing competition."

Mr. McLellan-Sit down. I'll let you know where you stand when you start to threaten me. I can meet you any way, even in a room and with a watch. You'll understand that you have no right here. You have been sitting here for a long time. (Lord laughing.) Mr. Mullin then resumed his seat. Mr. McLellan conferred with Recorder Baxter and Chief Clark was asked how long he would require to prepare a statement in answer to the charges made by Mr. Sullivan. He replied that it would take him a week.

The commissioner said that the investigation would still be continued. The chief-Like Tenney's brook, isn't it? Mr. McLellan-Goes on forever? A-Yes. A-Yes. Mr. McLellan-I know there's a lot of babbling about it, but that is not the question. Q-Heating of the investigation was adjourned for a week, to give the chief an opportunity making a statement in answer to the charges. He is to be correct.

Q-Do you know that Sullivan went to Boston? A-No. Q-Why did you write letters to him in Boston? A-In answer to one from him. (Laughter.) The chief-I think you might have order here. Q-You admit that \$25,000 was mentioned to you. A-Yes, as brokerage. Q-Then why did Mr. Sullivan ask you to take the money? A-Because he said he heard you were very impulsive and he would like a man to talk to you. Q-Why do you suppose he offered you the money? A-I don't know. If he had gone a little farther, he would have landed

PUTTING OFF THE USE OF HERPICIDE IS SIMPLY ANOTHER WAY OF PUTTING OFF THE HAIR

The tendency to put off until tomorrow when we should do today accounts for most of the bad heads we see in the front row. Newbro's Herpicide stops falling hair and prevents baldness. The dandruff is destroyed by its use and a condition of health maintained in the hair and scalp.

Modern Beacon Fires THE old beacon fires were the great advertising mediums of their age. Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce-the "beacon" fires of Newspaper Advertising. The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods. Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada Each day sees more articles given publicity in the newspapers. Are your products and your business in the valley of obscurity, or are they blessed forth by the beacon fires of advertising on the high hills of public favor?

MAGINTYRE CASE IN COUNTY COURT

Judge Forbes Ready Any Time That Suits Prisoner's Counsel

TRAVIS TO BE TRIED AGAIN

Case to Come Before Judge McKeown This Month—Matter of Bail Skipping in Which Sureties May Be Called on to Pay

The November sitting of the County Court opened this morning, His Honor Judge Forbes presiding. The docket was unusually small, there being but one civil case entered for trial, and no criminal business. No grand jury had been summoned. The depositions in the case of the King vs. MacIntyre, charged with the theft of \$10,000 from the Bank of Nova Scotia had been received and His Honor instructed the clerk to require from the counsel for the defence if the prisoner would elect to be tried without a jury. In view of the confession produced in the police court he would, he said, dispose of the case at any time that was suitable to the prisoner's counsel.

In the case of the King vs. Thompson, assault, J. A. Barry representing the attorney-general, said that it was the intention of the crown to have a new trial.

A. A. Wilson, K. C., who appeared for the prisoner at the last court, when the defendant was not in court because he understood he was not to appear until called for. Instructions were given to have Thompson appear in court Monday morning at eleven o'clock.

In the case of the King vs. Charles Boylan, assault, in which the defendant skipped his bail, the sureties, Alfred Brennan and Arthur F. Cassidy were called upon to produce the defendant, and Mr. Barry announced that failing this, he would move for forfeiture of bail at the end of the court.

The only civil case is the jury cause of James P. Shepard vs. William Stevens, in which the record is filed by Dr. W. B. Wallace, K. C.

The naturalization papers of Joseph Dorbia and Jacob M. Tannman were read by W. H. Harrison. The petit jurors are D. Arnold Fox, James A. Cooper, Thos. Cogger, Jr., Roy W. Giegey, Michael J. L. Mulholland (absent), George D. Wainaker (excused), Robt. D. Campbell, Douglas Malcolm (absent), Frank S. Alwood, Frederick B. Peterson, R. M. Barwick, J. M. Scovill, Jr., Frank A. Kinneer, William F. Hines, Richard M. Dean, John T. Cummings, Jr., John T. McGowan, A. Chip Ritchie, Walter F. Spruel (absent), David L. Soule, Roy L. Rigby.

The court adjourned until ten o'clock on Monday morning.

The Travis case. At the adjourned circuit before Mr. Justice White this morning in the case of the King vs. John Travis, J. B. M.

READY FOR GRAIN BY NOVEMBER 20

(Continued from page 1)

THE BIG NEW SAND POINT ELEVATOR

The site provided was part of the foreshore and the foundations had to be sunk through the mud and water to reach bed rock. While this work was in progress a seawall was constructed around the site, and a large area enclosed and afterwards filled in to provide room for railway tracks and sidings.

The work on the foundations was commenced in September, 1912, and considerable difficulty was experienced owing to the fact that the site was covered with water part of the time and was subject to a variation of about twenty-eight feet between high and low tides. The foundations, which consist of concrete piers, were completed in January of this year, and work on the superstructure was immediately commenced. The big undertaking has been hurried forward until it is now nearing completion. The elevator will be ready to handle grain about November 20, and will be entirely completed about a month later.

The big building is 198 feet long, ninety-three feet wide, and 202 feet high from tracks to roof. The height from the tracks to the top of the bins is 109 feet. The construction of the main part of the elevator is entirely of reinforced concrete with cupola of structural steel closed in with corrugated steel siding. The floors and roof are of reinforced concrete and the building is, therefore, absolutely fireproof.

Million Bushels. The grain will be handled in seventy-five circular bins, fifteen feet in diameter and eighty-six feet high, with ninety-

Baxter, K. C., who appeared for the attorney-general, said that the intention of the crown was to try the prisoner again on the charge of breaking and entering Leaky & Company's premises in Duke street. The court adjourned sine die and the next trial will take place before Judge McKeown at the November circuit.

In Chambers. In the case of the Murray Printing Company Limited vs. the Father Morley Printing Company Limited, an application of E. C. Weyman for the plaintiff, an order was granted by Mr. Justice McKeown a committal to issue to take the evidence of W. S. Murray and others in Toronto. J. H. F. Ford opposed the application.

ONE SESSION MATTER STILL BEING CONSIDERED

Chief Superintendent of Education in City For Several Days—Technical Education

Dr. W. S. Carter, chief superintendent of education, arrived in the city this morning and will remain two or three days, looking into matters in connection with the local schools. This evening he will be in the lecture hall to be given by Alfred Noyes in Keith's theatre. He said this morning that no decision had as yet been reached with regard to the matter of cancelling the one session privilege on incidental days. The idea is now under consideration.

The superintendent said he had been very favorably impressed with conditions in the schools in Halifax on his recent visit there and the management of the technical school and the institute for the deaf and dumb in particular. Technical schools were bound to come in New Brunswick, he said. The advantages to be gained from their establishment were so numerous and popular that they must cause technical study to be taken up and he was in hopes the time would not be far distant when such a course would be undertaken.

MISS VANWART RE-ELECTED

A very largely attended meeting of the U. B. W. Mission Study Class took place last evening at the home of the president, Miss E. K. Vanwart, in Main street, when interesting reports were received and the election of officers for the ensuing year carried out. The retiring secretary, Mrs. J. R. Vanwart, presented her report upon the work of the last year and it was very heartily received. The election of officers for the coming year resulted in the choice of Miss E. K. Vanwart, re-elected as president, Mrs. F. H. Wentworth as vice-president, and Mrs. J. J. Gilles as secretary.

It was decided this year to take up the study of the book "The King's Business." Leaders of the different classes were chosen and other matters of interest to the members dealt with. After the business session, the president entertained the members to a very enjoyable thimble party.

FURTHER ADJOURNED. The case against five boys charged with breaking into C. F. Francis' store in Mill street and stealing goods, was further adjourned in the police court yesterday afternoon until tomorrow afternoon.
