Proportional Representation Bill Is Rejected, 238 To 144 MOBILIZATION OF ULSTER DENIED

LIBERALS' MEASURE DEFEATED

Revival of Talk of Early General Election in Great Britain. BREACH WIDENS MacDonald Left Question to House After Sounding Labor Party.

London, May 2.—(Canadian Press) The House of Commons this afternoon rejected by a vote of 238 to 144 the proportional representation bill sponsored by the Liberals. London, May 2.—(British United Press) The Liberals hoped by the proportional representation measure to make a better showing at future elections, but so far the Laborites stand firm for the "free vote" and show no inclination to support the Liberal policy in return for Liberal endorsement of the budget. It is believed that the Government's attitude will have the effect of again widening the Liberal-Labor breach. The Evening Star (Liberal) today calls the Labor attitude "short-sighted," and the Evening News points out that it will probably hasten a general election.

Lieut.-Governor Is 70 Years Old

Congratulations are in order today to His Honor William F. Todd, Lieut.-Governor of New Brunswick. He was born on May 2, 1854, at St. Andrews. He is the sixteenth anniversary of the province, and assumed office February 28, 1923, on the retirement of Hon. Wm. Pugsley.

SHAREHOLDERS ARE SLOW IN PAYING UP

Only \$200,000 of \$2,000,000 Paid in on Home Bank Account. Toronto, May 2.—Of \$2,000,000 due from Home Bank shareholders on the double liability call, time for payment of which expires today, barely \$200,000 had been remitted up to last night. Very few of those who paid did so in person, the vast majority being content to mail in their contributions. Warrants will be taken to group up delinquent payments now rests with the liquidators. It is expected, however, that a large number of remittances will be received within the next day or so, many of which are no doubt now in the mails.

STANDARD OIL IS AFTER CONTRACTS

Reported Co-Operating With Germans Following Death of Hugo Stinnes. Berlin, May 2.—(United Press)—The Standard Oil Company is reported co-operating with large German concerns for extensive Russian oil and benzene contracts. It is indicated the new deal supplants negotiations which a group headed by the late Hugo Stinnes had been trying to conduct.

Wire Briefs

Athens, May 2.—The Republic of Greece was inaugurated yesterday with the singing of a solemn Te Deum in the Cathedral. Geneva, May 2.—The League of Nations has officially announced the convocation of the fifth annual assembly of the League for September in Geneva. London, May 2.—(United News)—It is said officially that Belgium is disposed to begin negotiations for resumption of normal relations with Russia. Berlin, May 2.—(United Press)—It is reported that Adolf Hitler and his companions, imprisoned for the abortive "beer hall" rebellion in Munich last year, will be pardoned in the near future. Ottawa, May 2.—Exports of Canadian agricultural products to the United States in the six months ended March were \$41,180,000, as against \$39,841,180 in the corresponding period last year. London, May 2.—(Special cable)—The Finance Times declares today the abolition of the McKenna duties will mean the liquidation of fifty per cent. of the British motor industry, which embraces the abortive "beer hall" rebellion in Munich last year, will be pardoned in the near future. Ottawa, May 2.—Exports of Canadian agricultural products to the United States in the six months ended March were \$41,180,000, as against \$39,841,180 in the corresponding period last year. Make Inspection of Halifax Facilities

Halifax, N. S., May 2.—G. Hilmer Lundbeck, U. S. representative and general manager of the Swedish American Line, New York, accompanied by several agents of the line in U. S. and Canadian cities, arrived here yesterday on an inspection tour. They propose to investigate the port and immigration facilities here and the handling of passengers from Scandinavian points. The purpose is to familiarize the agents with the facilities here in a campaign to bring Scandinavian passengers to Canada through this port.

Chicago, May 2.—Rekbon Luxemburg found a pocketbook containing \$125 lost by Myron Appleyard, real estate man. Rekbon was rewarded with a handsome dog collar. He is a collie.

SAYS POSTAL EMPLOYEES REJECT IT

Declares Civil Service Commission's Recommendation Will Not Do. PRESIDENT SPEAKS Says 15 Per Cent. Increase Would Not Make Up for Loss of Bonus.

Ottawa, May 2.—(Canadian Press)—The recommendation of the Civil Service Commission to the Government as to revised salary schedules for the postal employees of Canada will not be accepted by the employees, says the Citizen this morning. A definite statement to this effect was made by G. R. Jackson, Toronto, president of the Dominion Federation of Postal Employees last night, according to the paper. "If the report as published in the Citizen is the substance of the official report from the Civil Service Commission the terms offered are entirely unsatisfactory and will not be accepted," said Mr. Jackson, who is in the capital pending the outcome of negotiations which are being carried on with the Government. "Mr. Jackson would say nothing further, stating that he had not been able to get a substantiation of the report as published, and would have treated comment to make when the official decree is given. "Officials of local unions, however, were not so backward in stating their feelings," continues the Citizen, "and it is evident that they consider that a fifteen per cent. increase, which is reported to be offered, would not, in their opinion, make up for the loss of the bonus, and in any case they maintain that the increase should cover a little more than the bonus covered, as the cost of living, they hold has increased again over last year."

STORM DEATH TOLL NOW PUT AT 109

Injured Number 500 and Property Loss Said to Exceed \$10,000,000. Atlanta, Ga., May 2.—Reports gathered placed the total death list at 109 in the terrible storm which swept through seven southern states Tuesday. There still was no definite estimate of the persons injured, but belief is held that the number will reach 500. Property damage was greater than at first thought, it was indicated today. The only estimate attempted—that of \$10,000,000 probably will be exceeded. South Carolina was the worst stricken of the seven states visited by the tornadoes. Red Cross workers and others were at Anderson, and the Hoped Hill settlement state troops were on guard. Property damage at Anderson alone was \$750,000. Latest tabulations disclosed the following deaths—South Carolina, 81; Georgia, 13; Alabama, 11; North Carolina, 6; Louisiana, 1; Arkansas, 1; Virginia, 1. The additional deaths were reported from Columbia, where two injured persons died in hospitals; and at Robertsonville, N. C., where related reports told of a twister striking there. Twenty homes were said to have been destroyed and an appeal for aid was sent out by Mayor G. H. Cox. One unidentified woman was killed.

THE MONTREAL REDS HAVE SYMPATHIZER

Ald. Joseph Schubert Stands Up For Red Flag in Procession. Montreal, May 2.—Montreal Socialists yesterday carried out their traditional May Day parade, and Montreal police performed their time-honored function of capturing the red flag. Three large blood-red emblems, two emergency flags hoisted on an open umbrella, the brilliant scarf worn by Michael Duguay who headed the procession, and the red trappings from two auto buses filled with women and children fell to the police, who despatched the booty to headquarters to be stored away with the May Day loot of other years. Seven times the officers raided the mile-long line, for the Socialists had all kinds of ruses for concealing their colors. The seizures were made without trouble beyond a burly red who received a stiff punch on the jaw for resisting the police. Rain forced abandonment of the usual Champ de Mars speeches, but a mass meeting was held last night. "I say that the repeated seizures of red flags are only provocative, and lead the people from whom they are taken to wonder if there really is such liberty in Canada as they had been led to believe," said Alderman Joseph Schubert, of St. Louis ward, Labor member of the City Council, at the afternoon's meeting of the council. Schubert stated that Premier Ramsay MacDonald had participated in such demonstrations.

BRITISH TO TEST GIANT AIRSHIP

Will Build Great One as Possible Auxiliary For Ocean Reconnaissance. London, May 2.—The Daily Mail says that the cabinet is understood to have approved a recommendation by one of its sub-committees to experiment with airships of greater size, speed and power than any hitherto produced. The paper says that the air ministry will build a big airship station and a very large long range airship with which the navy will make tests as an auxiliary air cruiser for ocean reconnaissance.

Harry K. Thaw Goes To Home

Pittsburg, Pa., May 2.—Harry K. Thaw came home yesterday following his release on parole. The disposal of the appeal in his sanity case filed by his former wife, Evelyn Nesbit, is the only thing standing in the way of his absolute freedom.

For Children's Sake Leaves Them Little

New York, May 2.—Charles H. Baker, of Mohegan Lake, whose estate is estimated at more than \$100,000, made only small cash bequests to his heirs in his will, filed with Surrogate George A. Slater at White Plains. His purpose was explained by the instrument was fashioned by the desire that "my children shall be strong and sturdy and courageous; that my boys strive for honor, fame and a reasonable competency, rather than go at fortunes; that they reverse women; that my daughter may have for her husbands men of character, thrift and industry, rather than of fortune and title." No instance was the cash bequest more than \$5,000.

SUSSEX MAN DIES SUDDENLY AT WORK

Robert Price Stricken While at Duties With Sussex Manufacturing Co. (Special to The Times). Sussex, N. B., May 2.—Robert Price, an employe of the Sussex Manufacturing Co., dropped dead this morning at 3.30 o'clock while employed at his duties. He was leading a sack into a cart when he was suddenly stricken with an attack of acute indigestion, and passed away almost immediately, and before the arrival of medical aid, which was at once summoned. Mr. Price, who was 65 years of age, had been in the employ of the Sussex Manufacturing Company for twelve years and was much esteemed by his employers and fellow-workers. He is survived by his wife, two sons, Ralph and Earl, and one daughter, Mrs. Walker of Vancouver.

REBELLION IN CUBA IS SPREADING

New Uprising in Province of Cienfuegos is Reported Today. SEVERAL CLASHES Zayas Seeks Fighting Money—U. S. Cruiser Reaches Havana Harbor. (United Press). Havana, Cuba, May 2.—The situation created by revolt of some soldiers in Santa Clara province assumed more serious proportions today following a persistent report that General Velez has landed on the north coast and will assume charge of the movement against the government of President Zayas. Armando Soto, brother of the secretary of the Veterans and Patriots Association, was reported killed when government soldiers fired on rebels in a clash at Abreus, in Santa Clara province, late yesterday. The military has issued an order for search of all automobiles and other vehicles leaving Havana for the interior. Zayas Wants Money President Zayas has asked an appropriation of \$1,000,000 to combat the rebellion and has put censorship on news from the interior and the press has been asked to print only such reports as are authorized. A new uprising was reported in the Province of Cienfuegos. The government has put censorship on news from the interior and the press has been asked to print only such reports as are authorized.

CAPE PAPER IS AGAINST BUDGET

Expresses Practically the Same Views as Did the Melbourne Age. London, May 2.—(Canadian Press Cable)—The London Morning Post's Capetown correspondent quotes the Cape Times as commenting on the new British Budget as follows: "From the Imperial viewpoint, unless the Commons reverses the Government's adverse views on preference, it may easily live in history as the Budget which dealt a far-reaching and vital blow at the commercial duty of the Empire. Should parliament fail to record a majority vote in favor of the conference scheme the Dominions may be driven to make trade arrangements outside the Empire which may ultimately mean a serious loss of markets to the manufacturers of the United Kingdom."

TRYING TO BLOCK THE UNION BILL

Fight in Nova Scotia is Transferred to Legislative Council. Halifax, May 2.—The Legislative Council was last night the scene of renewed efforts of opponents of the church union bill to block the passage of the measure, which is now in the hands of that body. Walter Crowe, K. C., Sydney, was heard for the anti-unionists, and Hector McInnes, K. C., appeared for the unionists, at a public hearing granted by the council committee. Several amendments were submitted by Mr. Crowe, practically all of which had been previously submitted.

British and Belgian Premiers in Conference

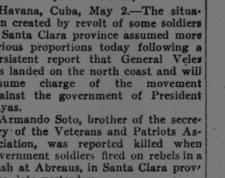

London, May 2.—(United Press)—Premier Theunis and former Minister Hyams of Belgium were here today to confer with Premier MacDonald at the Premier's country house, Chequers, in an effort to harmonize the British and French views on reparations, so that the Dawes Young reports will be approached in the same spirit by each nation. The Belgian statesmen were guests of honor today at a luncheon in the Belgian Embassy, which was attended by Frank Kellogg, U. S. Ambassador.

Using Boys As House Servants

Nottingham, Eng., May 2.—The acute domestic servant problem here apparently has been solved by housewives engaging lads trained at a home for destitute boys. It was said that the demand for the services of the boys during the last year had been greater than the managers of the home could meet.

Spain's Fairest Maiden

Spain has grown tired watching beauty contests in the United States, England, France and other countries. So she stages one of her own. And here is the pretty maid whom the judges decided was the prettiest in all Spain. They call her Senorita La Goya.

Bank Note Company Head Wills Business to Woman Secretary

New York, May 2.—Ownership of the New York Bank Note Company, 75 Sixth avenue, is transferred to Miss Ethel Graham Allen, its treasurer, by the will of George H. Kendall, president of the company, filed in Surrogate's Court. Miss Allen also was secretary to Mr. Kendall. Miss Allen was named as executrix, but has withdrawn in favor of Mr. Kendall's widow, who, with other members of the family, is said to be completely satisfied with the disposition Mr. Kendall made of his property. In his will, Mr. Kendall said the gift of the business which he regarded as his "monument," is in recognition of faithful and efficient service for which Miss Allen had refused bonuses, saying she would accept nothing she had not earned. "She is thoroughly honest," the testator declared, "knows the vast complications of my business as well as I do, and in many instances, better, and is the only person who does. Be the choice a wise one or not, it is the only one that can save it from immediate wreck. My only fear is that she will not accept the gift and I ask the protection of the court for her against any attempt to make it difficult for her to do so." Mr. Kendall provided in his will for members of his family, left a specific bequest of \$10,000 for Mrs. Allen, and named her as residuary legatee. In his will, which was executed in 1915, he set aside \$50,000 for the erection of a mausoleum, "the most beautiful of which I was able to conceive, the full data and models of which now exist among my effects." He increased this amount to \$150,000 in a codicil, saying that while \$50,000 would have been ample in 1915, costs had mounted so much since the war that the larger sum would be necessary.

THE PACE TELLS

New York Reported to Have 200,000 Slightly Demented in Population. New York, May 2.—(United News)—New York now may claim the questionable distinction of including the largest lunatic community on earth within its five boroughs. A bulletin issued yesterday declared 200,000 or one in every 30 New Yorkers, were slightly demented.

Etherize Dogs To Pull Quills

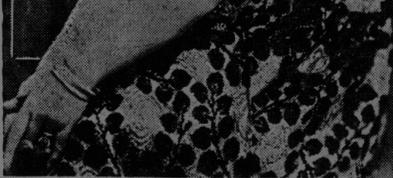

South Londonderry, Vt., May 2.—Two local surgeons had to etherize a pair of hounds here after the dogs ran a hedgehog down and filled their jaws and heads with quills. The doctors etherized and operated as they would on a human being. The dogs ran a hedgehog in the woods and came whimpering into town after a battle with the porcupine with their muzzles transfixed with quills. Dr. A. C. Walker and Dr. G. V. Heffron administered ether, strapping the dogs to a table and pulled or cut out quills from lips, ears, tongues and gums. The dogs will recover.

Would Make Money Itself on Stamps

Dublin, May 2.—The Free State Post Office department proposes to make money out of stamp collectors on its used stamps. Since August 1922 special instructions have been in force to retain the stamps on telegraph forms with a view to their value on the market. There are nearly 5,000,000 of cancelled stamps, and of these nearly 800,000 are of the higher values, from two to ten shillings. The idea of the post office is to invite tenders of purchase. From the nature of the tender, only firms able to take large lots will be able to compete. It is estimated these cancelled stamps will bring \$100,000.

IRISH ISSUE TO THE FRONT ONCE MORE

MacDonald Government to Stand by Boundary Treaty. NO MOBILIZING Report That Ulster Constabulary Ordered for Service Denied. London, May 2.—(British United Press) Reports of the mobilization of the famous Ulster Constabulary, following a definite ultimatum issued yesterday evening by Premier Craig, brings the Irish problem once more into the forefront of the day's news. Belfast, May 2.—(Canadian Press) Reports that the Ulster government had ordered one of the border sections of its special constabulary to prepare for mobilization have no foundation in fact, it is declared in competent quarters here. The reports, it appears, arose from the circumstance that this special branch of the Ulster Constabulary has an annual training period, like the British Territorials, and that this period now is approaching. Press View Changes. London, May 2.—(British United Press)—A strange reversal of opinion in Conservative circles on the Ulster question is revealed in those journals of London that still reflect their viewpoint. The Times takes the lead with a strong request this morning that Ulster cease trifling with the question, and take steps to appoint a commissioner of the boundary conference at once, provided that it is clearly and definitely understood beforehand that the duties and objects of such a representative are merely to adjust the boundary for the mutual convenience of both sides too the dispute for the purposes of administration. Changes Front. The London Express turns a complete somersault, and abandons the stand which it took three days ago when it maintained that the question was invulnerable. Today it gives special prominence to the decision of the government to stand four square to the terms of the treaty. "It is quite impossible for Britain to take any action that would deprive the Free State of any rights that have already been conferred upon her by the terms of the treaty," says The Express. The Morning Post, on the other hand, is chiefly concerned in flaying Lord Birkenhead, and maintains Sir James Craig's position. Dublin reports how that there is considerable dissatisfaction and not a little anxiety growing out of this situation, which is regarded by all parties as most unhappy and most unsatisfactory as well as full of possibility for mischief. London, May 2.—The Ulster Government has issued orders to a special section of the constabulary to prepare for mobilization on the Armagh border, according to the Belfast correspondent of the London Daily Herald. The constabulary group, which is organized on the old militia system, is now equipped on modern army lines. Preparations are going forward on a warlike scale in Armagh, the despatch states.

Spain has grown tired watching beauty contests in the United States, England, France and other countries. So she stages one of her own. And here is the pretty maid whom the judges decided was the prettiest in all Spain. They call her Senorita La Goya.

DELAWANA, SPEED SCHOONER, LOST

Lunenburg Cup Contender of 1920 Ends Career Off N. S. Coast. Halifax, N. S., May 2.—The Lunenburg schooner Delawana, Canadian entrant in the first international schooner race, in 1920, in which the Gloucester boat Esperanto was the winner, was lost yesterday on the eastern coast of this province when her spring stay snapped, causing the main mast to crash down, smashing in the stern of the boat. Captain Wm. Cook and crew escaped in their dories and made shore in safety.

Weather Report

Toronto, May 2.—The disturbance which was centered in New England yesterday has moved northward in Quebec, with diminished energy. Rain has been general in eastern Canada, while from the Great Lakes westward the weather has been fair, rather cool in Ontario and Manitoba, and quite warm in Saskatchewan and Alberta. Forecasts—Gulf and North Shore—West and southwest winds; mostly fair and cool today and Saturday; a few scattered showers. Unsettled Showers. Maritime—Moderate southwesterly winds; fair and warmer. THEY DID WELL AT INSPECTION

Mt. Allison Officers Training Corps Members Have Won Commendation.

A satisfactory showing was made by the Mount Allison University Officers Training Corps on final inspection last evening at Sackville, according to Lt.-Col. H. C. Sparling, D. S. O., who conducted the examination and who returned here this morning.

The members of the corps displayed a good individual knowledge of the work, said Col. Sparling. He was assisted at the inspection by Lt.-Col. T. E. Powers, D. S. O., and Captain H. A. Campbell. The corps is commanded by Major F. L. West, other officers being Capt. J. E. Colson, Lt. K. B. Palmer and Lt. D. M. Angeve.

Lt.-Col. Powers is conducting a school for signalling at Sackville at present, Col. Sparling said, with the signal section of the N. B. Rangers and of the Sackville Cadet Corps in attendance.

Col. Sparling also announced this morning that the examinations in the theoretical portion of the militia staff course had been completed. Nine candidates wrote the examinations. The successful ones will go to St. John's, Quebec, for two weeks' practical training, commencing on July 11.

N. B. TRACK NOTES. High Knob Beauty, 2:14 1/4, a pacer which was imported to New Brunswick by H. C. Jewett, of Fredericton, later raced successfully by S. E. Rice of St. John, and now owned by Dr. D. H. McAllister, of Sussex, says the Fredericton Gleaser, has arrived in Fredericton in charge of William E. Egan, who is to get her ready for the 1924 campaign.

Johnny Conroy, who kept Roy Volo, 2:08 1/4, in top form for a good many seasons, is expected from Cape Breton with Bud Hal, 2:10 1/4, now owned at New Waterford.

Arrival of another new pacer at St. Stephen is also reported, Mike McGregor, 2:18 1/4, an eligible for the 2:18 pacing events, having reached there during the past few days. It is stated that he will be in the Groves stable.

Holmes, was greatly enjoyed.

Among those present were George Y. Wilson and W. A. Doherty, who have been connected with the lodge for many years. Refreshments were served at the close.

GETS READY FOR SUMMER WORK

Commissioner Frink Speaks of Some of His Department Plans.

Commissioner Frink is busy preparing for the summer work of the public works department and said this morning that among the jobs to be undertaken first were the Boar's Head Road and Sandy Point Road, both of which in places were in bad condition.

He is to visit the West Side this afternoon to choose a location for the stone crusher on that side of the harbor. The crusher at the North End quarry will be started up the latter part of next week.

Plans for the new stables of the department, which it is proposed to build in Rothsey avenue, are completed and at an early date will be laid before the council and authority to proceed with the work asked for. As soon as the new stables have been completed it is the intention to tear down the old structures in King street east and Carman street and leave this block free for any purpose the city may desire. It has been suggested that a central fire station be erected here to care for apparatus now housed at No. 1 and No. 3 stations and No. 1 hook and ladder house.

GETS 10 YEARS AND FINE OF \$10,000

Governor McCray of Indiana is Sent to Atlanta—State Courts Scored.

Indianapolis, May 2.—Warren T. McCray, former Governor of Indiana, has been sentenced to ten years in the federal penitentiary at Atlanta, Ga., and to pay a fine of \$10,000 by Judge A. B. Anderson. Judge Anderson said McCray's testimony while he was on trial, in which he was found guilty of using the mails in furtherance of a scheme to defraud, had been plain perjury.

When sentence was pronounced McCray's expression did not change. He had sat throughout the judge's scathing remarks with his chin resting in his right hand, his lips pressed together tightly and gazing in the general direction of the bench. State Courts Scored.

The sentence was that McCray should be fined \$10,000 and sentenced to five years on each of the thirteen counts charging him with using the mails to defraud. The court specified, however, that the sentences should run cumulatively only until they reached ten years and \$10,000 fine. The sentence of five years imprisonment and \$10,000 fine on each count is the maximum under the law.

In delivering sentence Judge Anderson criticized the state courts for failure to convict in the charges against McCray for wholesale forgeries and hundreds of violations of the statutes. It was shown that he had obtained about \$1,000,000 from bankers and others in Indiana on forged notes. McCray admitted the forgeries, but said he did not expect any one to lose money.

According to the rule of the Department of Justice, McCray cannot be paroled, because another federal indictment stands against him. Immediately after court adjourned McCray was taken from the court room to the marshal's office and remained there until time for his departure for Atlanta. With him at the marshal's office were his five attorneys, William B. Robinson, his son-in-law, and Fred B. Robinson, secretary of the state purchasing committee. Lieutenant-Governor Emmett F. Branch of Martinsville succeeds as Governor.

HYDRO MEETING.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, who was in the city yesterday and today left at noon for his home in Shediac. This morning he met Premier Veniot and discussed hydro matters with him. After the conference he said there was nothing to give out. The commission now has 9,000 customers on the Musquash system, which is just about half the number of electric power users in the province.

TO TAKE HIM BACK.

Parole Officer Fish of Thomaston prison in Thomaston, Me., arrived in the city on the Boston train at noon today to take charge of Andrew G. Cronket, who recently gave himself up to local authorities, saying he escaped from the Maine prison. Cronket was serving a five-year term for breaking and entering. The parole officer will leave this evening with his prisoner.

LIBEL CASE IS GIVEN NEW TURN

Jurisdiction of Court is Questioned—It Goes to Circuit.

A question of jurisdiction was raised this morning by Wm. M. Ryan, one of the counsel for the prosecution, when J. L. Jacobson was brought before Judge J. A. Barry in the County Court.

Henderson, and when brought before Judge Barry decided that it was not within his powers to try the case, and the prisoner was therefore remanded for trial in the next Circuit Court.

The original charge was brought at the instance of Mrs. Florence McLellan, who based her accusation on a letter alleged written by the defendant, in which she charged that he uttered a libel against her. Jacobson was sent up for trial by Magistrate Henderson, and when brought before Judge Barry a few days ago elected to be tried by Speedy Trials. The case was set for this morning.

D. Mullin, K. C., appeared with Mr. Ryan on behalf of the crown, and S. H. Hutton was present in the interests of the prisoner.

WILL TAKE RIFLE RANGE MATTER TO THE CAPITAL

That he would proceed to Ottawa in the not distant future to take up with the Hon. E. M. McDonald, minister of militia, the matter of the sale of the rifle range to the city was said this morning by Commissioner Frink. He had waited since last fall for the minister to come here and discuss the matter, he said, and now he had made up his mind not to wait much longer.

Cardinal Mundelein To Sail Tomorrow

Paris, May 2.—Cardinal Mundelein of Chicago, accompanied by his secretary, Monsignor Sheil, is passing his few days in Paris quietly catching up with his belated diocesan correspondence. He will sail on the Berengaria for New York on Saturday.

HERE'S THE FIRST ONE.

A local angler landed thirty-four trout near the Chapman bridge, on the upper waters of the La Plancher river, says the Amherst News. The trout were between ten and fourteen inches in length. One weighed a pound and three-quarters.

BUYS C. G. M. STEAMER.

The C. G. M. Canadian Lugger has been purchased by Capt. Kirkwood, acting for other parties, says the Halifax Echo. This steamer is one of the five inspected last week by Sir Thomas Wilson, of Belfast, Ireland.

Captain Kirkwood was formerly owner of the steamer J. H. Plummer which he took round to Vancouver from Montreal last year and disposed of to the Pacific Coast.

19 KING

WAS AT TOMB OF TUTANKHAMEN

St. John Man Has Traveled 250,000 Miles Since the War.

More than 250,000 miles since his return to Canada from overseas service in 1918, is the travel record established by Holly H. Patchell, of St. John, who has just returned home from another trip to the other side of the world. Mr. Patchell, who left Canada in 1915 as Sergeant Major of the 23rd Battery, C. F. A., mobilized in Fredericton, has been sailing the high seas in steamers for the last five years, and is now preparing to take his papers for captain's certificate. He is already qualified as a chief officer.

Since he was last in St. John 15 months ago, Mr. Patchell has made three trips from New York on different steamers, sailing to eastern ports. On the first voyage he went to Italy, Egypt, Aden, Singapore, French Indo-China, Sumatra, Java and India. While in Egypt he visited Luxor and saw Lord Carnarvon and Howard Carter at the tomb of Tutankhamen.

Sailing again from New York, he visited Turkey and Greece and last November in Turkey he was present during the British evacuation and saw the setting up of the Turkish government.

Included in the laws of the new government was one that imposed a tax of 1,000 Turkish pounds (about \$600) a month on foreign coastwise shipping, which resulted in the tying up of more than 60 U. S. vessels in the Golden Horn, awaiting the result of an effort to have this tax lifted. Mr. Patchell returned to New York for Christmas.

Early in the new year, he set out again this time for Asia Minor and while there he witnessed some pathetic scenes which followed the evacuation of Turkey by the Greeks and the corresponding exodus of the Turks from Greece. As the number of Greeks returning to their own land totaled 1 1/2 millions, the exodus of the Turks from Greece was forced to care for inflicted quite a burden on the economic resources of the country. But the Greeks, Mr. Patchell said, have done wonderful work for all these extra people and while their suffering has been great, the efforts of the New East Relief have gone a long way to assist them in their plight. In nearly every city and town in the country, a collection of small shacks has been erected to house them and food and clothing has been brought in in great quantities from the U. S. and other countries.

Mr. Patchell was in Greece on March 25 when the Greek revolution took place and saw many interesting sights. A remarkable thing about the campaign carried on by the steamers with which Mr. Patchell has sailed from New York, he said, was the fact that the principal freight carried was flour and grain for Mediterranean and other eastern ports, and more than 90 per cent of it was grown and milled in Canada.

Among the freight which the vessels on which he sailed brought back to the United States was a large shipment of liquid rubber, carried in a solution of ammonia and water in airtight containers, which was brought for the manufacture of U. S. government parchment.

Mr. Patchell will remain here until some time this summer, during which he will take his examinations for master's certificate.

Premier Veniot in City—Lauds the Good Roads Convention.

H. G. Acres, Ontario hydro expert who has been engaged by the Provincial Government as consulting engineer on the proposed Grand Falls hydro development, will be in the city next week and will go on to Grand Falls to inspect the situation there, according to an announcement made here today by Premier Veniot, who came in from Fredericton last evening. Hon. Mr. Veniot attended a session of the N. B. Electric Power Commission here this morning, at which route business was transacted.

The Roads. Regarding the opening of the roads, Premier Veniot said that yesterday's rain would interfere with arrangements that had been completed to open the roads next Monday. He said he expected they would be open for traffic late next week if the weather continued fine.

Premier Veniot expects to leave this evening for his home in Bathurst. He has no special plans for the future but has been invited to address several conventions. Owing to pressure of his duties as Premier and Minister of Public Works, he said he would be compelled to decline several. "I will attend the good roads convention at St. Andrews in June," said Premier Veniot, "as I think this is one of the most important conventions ever to come to the province. It will mean a great deal in the way of advertising for the province."

Small Orders Big to Marcus' Eyes

Only in part do Marcus' like to feel that the rise of their patronage has come about through the value, variety and taste of their furniture.

Marcus hold to the notion that SERVICE comes above all. A hard word to explain briefly—but to them it seems a matter of doing your level best for everybody you come in contact with, regardless of whether you do business with them or not, regardless of whether the order is large or small.

TIED, NERVOUS MOTHERS

are the direct cause of much unhappiness in our homes; their condition irritates and wears upon the husband and often ruins a child's disposition. This condition of the mother is often due to some weakness which makes her entirely unfit to perform her household duties and bear the strain upon her nerves that governing children involves. Every woman who finds herself in this condition should remember that statistics prove that 98 out of every 100 women who suffer from female ill are helped by Lydia E. Pinkham's Vegetable Compound, and lose no time in giving it a fair trial.

Each person who rides in a passenger coach means more than two tons of weight for the railroad to transport. This calculation is based on seating capacity and the weight of cars.

"Mother Is My Coach," Says Marathon Winner

CLARENCE H. DE MAR AND HIS MOTHER

Boston—"I never had a coach," says Clarence De Mar, who recently won the American marathon at Boston for the fourth time, setting a new record. "I just ate the good food that Ma cooked for me and I imagine that was better than any kind of expert coaching I could have got."

De Mar is a Boston printer and part of his training routine consists in running to and from his workshop, a distance of some nine miles. "I never spend any car fare to go any place," De Mar tells you. "It's more fun running or walking."

De Mar will head the American marathon squad to Paris this summer for the Olympics.

ST. JOHN, N. B., MAY 2, 1924

LEST WE FORGET.

The people of this country who cheered their sons as they set out for the war, and who expressed honest and deep admiration of the courage and sacrifice they displayed during the most trying years of the struggle, should now listen attentively to the appeal of Canada's war pensioners.

These pensioners of whom there are 48,000, not counting 19,000 war widows, through their organizations are asking Parliament for a continuance of the pension bonus, and that continuance should be granted.

The war pension bonus is in a class by itself. It was brought into force in 1919, and it is a fact that the idea of supplementing the pensions at that time was based on the belief that the cost of living would soon return to something like the 1913 level.

Renewing the bonus, or adding it permanently to the pension will not add to the country's present expenditure, and the Canadian people who are represented in Parliament, however much they may favor economy, do not desire to practice it at the expense of the soldier pensioners or the war widows.

During the war, particularly when it was in its darkest period, there was little economy in blood or in treasure. The soldiers who fought for Canada did not spare themselves. Those who survived injuries did not get pensions unless they deserved them.

MORE BRITISH.

Immigration increases, and a pleasing feature is that the percentage of arrivals from Great Britain is increasing. Canada received 148,550 newcomers in the year ended March 31, as compared with 72,987 the year before, an increase of 104 per cent.

Of course immigration in the former period was very low, but the figures for the last twelve months indicate that with improving conditions in Canada the tide of immigration will rise rapidly.

agreement should provide the big stick. When did soft words ever do more than encourage German resistance? Germany accepts them only as proof of weakness.

Press Comment

THE COMMON THINGS.

It is astonishing how little many of us know about the common things around us. Shells and sand, birds and butterflies, sunset and sunrise, curving wave and crimson heather, flower and field, mountain and valley may hold for us a wealth of wonder and joy if we are in a mood to discover it.

PLANT A TREE.

There is no excuse for not planting trees because they take a long time to grow. It takes a long time to save money, but the smallest savings of the people, invested in bank accounts, homes and life insurance, form the bulk of the wealth of this nation.

THE RIGHT TO PLAY.

The Kingston Whig strongly advocates community playgrounds. These are necessities of modern life in cities because of the increased danger on the streets from electric cars and automobiles.

THE OPEN FIREPLACE.

There has grown up everywhere an etiquette, almost a ritual, of the fireplace, supported by a host of conventional superstitions. In fact, except at the peril, disturb your hostess's coils without her permission; you do not cross them, or stand them on end, or put domestic devils still persists, play any stranger's tricks with the tongs, the poker, or the logs.

A QUICK RECOVERY.

During his mission to the United States in 1887-8 Mr. Joseph Chamberlain was entertained by the New York Chamber of Commerce, when his health was proposed by Mr. Lamar, a member of President Cleveland's cabinet. He had carefully prepared his reply, but he was so disturbed by hearing Mr. Lamar quote one line from a passage which he had intended to use, but he quickly recovered.

Hon. T. A. Low, Minister of Trade and Commerce, has responded courteously and favorably to the St. John Board of Trade's request in regard to a pamphlet and map recently issued for use at the British Empire Exhibition.

The taxation of small incomes and the question of unpaid taxes evidently need careful and extensive inquiry at the hands of the new Council. The Chamberlain's statement that a very high proportion of those whose taxes are unpaid are really unable to pay—some thousands of them—reveals a rather dire situation. But evidently a still larger number can pay but do not try to do so.

30-DAY LIMIT ON MOTORISTS TO U. S.

The American motorists crossing the border into Canada this summer will be presented a neat little yellow card, Canadian in making the trip to the States will be presented blue cards. INQUEST RESUMES TONIGHT.

The inquest into the sudden death of Raymond Nichol Latid, aged 45 years, which occurred in his East St. John home on Monday, April 24, will be continued before Coroner H. A. Porter and jury in the County Court rooms this evening at 8 o'clock. At the previous hearing evidence was given by the father and mother of the boy, Mr. and Mrs. Wm. A. Laird, who he had partaken only of good wholesome food; that he had slept in bed with two other children; that when awakened at 4:30 in the morning, when the father was getting ready for work, the boy presented the appearance of being very ill and soon afterwards died in his father's arms.

LAWYER ILL; CASE DEFERRED.

The case of C. B. Fairley, collector of customs in Campbellton, who is under arrest charged under section 369 of the Criminal Code, which deals with the offence of stealing from the Government, which was to have come up for hearing in Dalhousie on Wednesday has been postponed owing to the illness of the Crown prosecutor, Fairley was remanded, but the case will, under the law, have to come before the Judge within eight days of the date of remanding.

UPKEEP GIFTS DECREASE.

A marked falling off in the gifts for maintenance was reported at the meeting of the directors of the New Brunswick Protestant Orphanage Home yesterday afternoon. It was said that the total amount received for maintenance during the month was \$400 and the average monthly expenses of the three institutions now being conducted was \$2,800. Dr. James Manning presided at the meeting which was held in the Braid street home. Other reports were satisfactory. The children's health was good and the institutions were filled to capacity. Arrangements were made for the annual meeting in the Board of Trade rooms on May 12.

SEEK SUPPLIES FOR LABRADOR HOSPITAL

The local branch of the Grenfell Mission is planning for its first collection of garments for the mission this season and has sent out to its circle of particulars of the kind of garments most required. The appeal this year is specially stressed because of equipping a new hospital, The Emily Beaver Chamberlain Memorial Hospital at North West River, Labrador, which was built by Mrs. Lockwood as a memorial to her mother, was destroyed by fire and one patient was burned. Mrs. Lockwood has offered to supplement the insurance money to the required extent in order that the hospital may be rebuilt and there will be need of entirely new equipment.

Two Fire Alarms on Moving Day. The fire department was called out twice yesterday, the first time on account of an oil stove catching on fire in a room of the house on the corner of Queen and Carmarthen streets while new tenants, who had arrived in the rain storm, were trying to dry out bedding that had just been moved in. The burning stove was thrown out a window and there was no damage other than the destruction of the oil stove. Shortly after 10 o'clock last night a chimney fire in the Union street residence occupied by H. Shirley near the corner of Charlotte and Union streets called the firemen out. A good dose of coarse salt put the fire out in the flue and prevented any more dense smoke from alarming the people in the street.

ADVENTURES OF THE TWINS

By Olive Roberts Barlow

THE ABSENT-MINDED FISHERMAN.

"Hello there, everybody!" he cried. "Let's go to see the fisherman who found the funny bottle," said Nick. "Doesn't he live in Once-Upon-a-Time Land?" "Right-o," said Mister Mugs. So they all climbed into the little car and away they went over seven times seven frog-ponds and seven times seven minnow-brooks until at last they came to a great, big ocean. And there was the fisherman's cot.

"What queer bottle!" asked the fisherman in surprise. "The one you fished out of the water one time," said Nick. "It had a bad cork in it, and when you took the cork out he came out, too, like smoke. That's what the story said."

"By the great horn spoon!" cried the fisherman. "So it did! Only it all happened so long ago I had forgotten about it. I only got that bad fellow back in the bottle by fooling him. I put the bottle away in a cupboard and I've kept it ever since. I plumb forgot I had it."

The fisherman hauled it down, but in doing so the stopper fell out and as quick as a flash a thin stream of smoke started to come out. It soon grew to an enormous size, floating up to the ceiling, and a giant appeared.

"Hello, there, everybody!" he cried. "Where am I? I must have been asleep."

"You have," said the fisherman. "You've been asleep for years 'n' years."

"Oh, I remember," said the big fellow. "And you played a trick on me to get me back in the bottle. For I'm too smart for you. The first thing I'm smart for to do is to swallow the sea so you can't catch any more fish. And the second thing is—"

But he didn't finish, for just then a marvelous thing happened.

Mr. Mugs opened two windows and the wind rushed in at one window and blew the bottle giant out of the other, because he was only smoke, anyway—or something like it.

"OO-oo-oo! I want back in my bottle!" they heard him say away off in the distance.

But it was too late. He was gone for good.

"Well, I guess I'll sleep better now," said the fisherman. "It isn't very comfortable to have a giant round your house."

"Why, I thought you said you had forgotten about him!" cried Mister Mugs.

"Well, I guess I forgot that I had

You'll Get Rid of Blackheads Sure

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dust and secretions that form in the pores of the skin. The peroxide powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

forgot," said the fisherman. "Oh, but I am getting absent-minded! Do you know whether I caught a herring or not when I was fishing?" "No, you didn't," said Nancy. "There were none in the boat."

"Well, then, if you'll excuse me," said the fisherman, "I'll go and get one for my supper. I do feel better not to have a giant in the house. Or was it a dwarf? I forget already."

"Good-bye!" called the visitors as they rode away.

FABLES ON HEALTH  
Keep Mouth Clean

Mr. Mann of Anytown had a habit of picking pencils up from his desk and putting them in his mouth. His children did it, too.

If a pencil wasn't handy an eraser sufficed as well, and if it wasn't an eraser it was something else.

Such habits are bad. The prospects of picking up dirt and germs are good. Only food and drink, clean forks and spoons and a toothbrush should enter one's mouth, if contagion is to be guarded against.

Oral hygiene, or care of the mouth and teeth, should be carefully watched. First of all, the dentist should be advised of teeth conditions, and a careful cleaning at least twice a day is something everyone should remember. Chewing hard crusts and hard bread is good exercise for the teeth and gums and helps make them stronger. Eating of calcium food, particularly by children, also helps to build strong teeth. Spinach, buttermilk, string beans, asparagus and carrots are among the calcium foods easily obtainable.

WATCH LIGHTS. Watch the lighting in your kitchen and have lights arranged where you need them most. A light that flickers or dazzles produces eyestrain and headache.

BAN RED FLAG IN MAY DAY PARADE

Gloucester Police Order Big Banner Removed From Prominent Place

Gloucester, May 1—A determined stand was taken by the police authorities here today in connection with the carrying of the Red Flag in the May Day parade. When the parade had formed at its starting place in Union street, Chief of Police George Costey went to the scene, surveyed the banners and noticing that at the front of the parade there was a large red banner with the words "May Day 1924" displayed thereon ordered the banner removed from its prominent place.

Some objection was registered by one of the deposed officers of the U.

Mr. and Mrs. W. Kilburn, who have been in the city all winter left this week for Kilburn, Victoria county, where Mr. Kilburn has built a bungalow near the home of his mother, Mrs. Alice Kilburn, they will reside for the summer months. Mrs. Kilburn made many friends here. She has a pleasing voice and was heard here in several concerts at the Home for Incurables and other institutions where she was greatly appreciated. Mrs. Kilburn, who is an English woman, was a Red Cross worker in England during the war, and sang frequently for the soldiers at private entertainments. Their many friends hope that Mr. and Mrs. Kilburn will return here in the fall.

Mrs. Ralph St. J. Hayes was hostess last week at a tea for a few intimate friends of Mrs. Fred Kilburn prior to her departure with Mr. Kilburn for Kilburn, their summer home. Several other informal events were given for them among their many friends here.

Mrs. T. E. Ryder, of Montreal, who is visiting her mother, Mrs. W. H. Barnaby, was the occasion for a very informal tea, last week, given by Miss Clara Schofield in her honor.

Mrs. Frank Cane, sister of Mr. J. Lupton McAvity, is the guest of Mr. and Mrs. McAvity, coming from Montreal a few days ago. She was the occasion for a tea yesterday afternoon, when Mrs. Allan G. McAvity entertained a few intimate friends in honor of Mrs. Cane. Mrs. Ryder, of Montreal, was an invited guest.

Mrs. William J. Angus left for Boston last week with her mother, Mrs. John A. McAvity, who went to Washington, D. C. Mrs. Angus will return home next Wednesday.

L. G. Crosby returned yesterday from an extended trip to South Carolina and Virginia Hot Springs. He was accompanied by Mrs. Crosby, who remained over in Boston.

Mr. William W. Jardine, of Douglas avenue, announces the engagement of his daughter, Miss Zephia Taylor, to Mr. Ira John French, of New Haven, Conn.

Mr. and Mrs. Walter H. Golding, 36 Sydney street, announce the engagement of their daughter, Olive Whippley, to Gerald Messenger Hoyt, of Bridgetown, N. S. The marriage will take place in June.

Miss May Flett, inspector for the Maritime Provinces for the Patriotic Fund, left yesterday for Sydney, Cape Breton, in connection with the administration of the fund. She expects to be away for two weeks. Miss Flett was in Fredericton this week.

Mrs. Ida Spike, of Andover, who was the guest of Mrs. George Murray, 91 Pitt street, while attending the W. A. diocesan meetings, went to Parisville yesterday afternoon, to spend a few days with her sisters-in-law, the Misses Spike. She will leave this af-

**W. M. S. ELECTS OFFICERS.**

The W. M. S. of the Queen Square Methodist church held its annual meeting in the parlors of the church last night and elected the following officers: President, Mrs. Neil MacLaughlan; vice-presidents, first, Mrs. C. W. Dickinson; second, Mrs. S. E. Logan; recording secretary, Mrs. T. O. Dale; corresponding secretary, Mrs. Charlotte Pratt; treasurer, Mrs. J. Taylor; strangers' secretary, Mrs. Robert Wilks; superintendent of Christian stewardship, Mrs. Belle Blizzard; superintendent of mite boxes, Mrs. J. Copp; superintendent of Little Light Bearers, Miss J. Betts. Routine business was dealt with and reports presented. Mrs. MacLaughlan presided.

**GIVEN LINEN SHOWER.**

A linen shower was held last night at the home of Mrs. Stephen Munford, 72½ Spring street, in honor of her daughter, Mrs. W. A. Blair, who is leaving shortly to make her home in Somerville, Mass. Many very beautiful gifts of linen were presented to Mrs. Blair. The evening was pleasantly spent with games and refreshments were served. Those assisting in the serving were Mrs. M. Strong, Miss G. Munford, Mrs. Gordon Munford and Mrs. S. Munford.

**SPORTSWEAR OUTFIT**

For sportswear what could be smarter or more practical than this! The loose blouse of striped material and the plain skirt have simply banned any extra fullness or excess material, but they have not sacrificed smartness or comfort.

**THE SARDINE FISHERY.**

An Eastport letter to the Bangor News says: "Herring continue plentiful in Canadian waters. Supplies arrive here daily and night work has been necessary at times in a few canneries. The fishermen are planning on a busy herring fishing season. It may be delayed this spring as the majority of weirs are not in condition for catching schools of fish. May weather should be more favorable for repairing weirs in various parts of Passamaquoddy Bay, along the border river St. Croix and even in the great Bay of Fundy where the largest supplies have been caught since April 15.

"Some of the officials of Seacoast Canning Company are eagerly waiting to learn the particulars of the various rumors being circulated here as to the prospects of prominent sardine factory owners of Eastport and Lubec taking over the property during May. The company owns four factories in Eastport, two at Lubec and one at Robbinston."

**LEFTOVERS.**

Left-over spinach or greens should be packed in small jelly molds and put in the refrigerator, and turned out when they are chilled and eaten as salad with French dressing.

**PEAR SALAD.**  
Canned pears and dates combine to make a delicious and nourishing salad.

**CLEANING FLOORS.**

Crude petroleum can be used to cleanse floors that have been painted, varnished or oiled.

(Unless otherwise specified these recipes are planned for four persons.)

Oysters are perhaps as easy to prepare and serve for a Sunday evening supper as any food.

Dill pickles or gherkins, piquant sandwiches, a fruit salad with cheese straws and tea or coffee might well accompany either of these oyster dishes.

**Oysters en Brochette**

One quart large oysters, thinly cut bacon, strips of toast, slices of lemon. One quart of oysters equals about 24 large oysters. There should be 24 pieces of bacon cut the same size as the oysters. Clean and drain oysters. Alternate an oyster and a piece of bacon on a skewer. Baste each oyster with a little melted butter. Put skewers across a narrow dripping or baking pan and cook in a hot oven or under the flame for fifteen minutes. As the bacon cooks the oil from it bastes the oysters. Arrange oysters and bacon on narrow strips of toast and garnish with slices of lemon. Pour drippings in the pan over oysters and serve at once. Allow four oysters and four pieces of bacon for each person. The skewers may be removed or not at the cook prefers. If you have enough skewers for each service it's rather

**OYSTERS WITH RICE.**  
One-half cup rice, 1 quart boiling water, 1 teaspoon salt, 4 tablespoons butter, 1 pint oysters, 1 cup white sauce, salt, paprika, mustard, 2 teaspoons lemon juice, 2 tablespoons grated cheese.

Wash rice through several waters. Drain and add slowly to rapidly boiling salt water. Boil twenty minutes. Drain and pour boiling water through rice. Drain again. Melt butter in a pan with a tight-fitting cover, add rice and shake over fire. Cover and let stand in a warm oven until needed.

Clean and drain oysters. Put a layer of rice in a well buttered baking dish, add half the oysters, sprinkle with salt, paprika, a dash of mustard and lemon juice. Pour over half the white sauce. Cover with another layer of rice, add remaining oysters, seasonings and white sauce and cover with rice. Sprinkle with grated cheese and bake about forty minutes in a moderate oven.

**RELIEF RETURNS GROW.**

Rev. A. E. Kochaly, field secretary of the Armenian Relief committee in New Brunswick, returned to the city last night from a visit to centres along the St. John River. He spent the week-end at Hartland where large congregations attended his Sunday services and a packed house greeted his showing of the Armenian relief work committee that had been formed in Hartland to conduct the canvass there and the cause was receiving a fine response. He also visited Andover, Perth and Arookook Junction where he had started the campaign previously. After attending to some of the office details in St. John, Mr. Kochaly will leave for Hillsboro where he will speak on Sunday. He considers that the month of April has been the best in the history of the campaign in New Brunswick.

## HE'S ALIVE! LOOK AT HIM!

George Gillespie, the A. E. F.'s "finest and most complete corpse," wants the world to know he still is very much alive. He has been reported officially dead many times. At Romagne a shell splintered 10 ribs. Then he was buried in a shell-hole, but managed to crawl out. The hospital he was in was bombed, and the ship he came home on caught fire. But now he can't show any disability and the government has cut off his allowance. He is an electrical engineer at the Hawthorne works of the Western Electric Company in Chicago.

## BETTER MOVIES HIS HOBBY

George W. Bingham, though 78 years old, still is working for better movies. He has just perfected a new sprocketless camera and projector that uses perforationless film. It will permit the use of a single film for three years, he declares, while the life of a film is now three months. Bingham has been in the movie camera game more than 20 years, starting in the old Vitagraph days.

Wants Navy League to Urge the Use of Canadian Ports

PRESIDENT ADDRESSES N. B. BRANCH

R. E. Armstrong Makes a Point of Strengthening Canada's Sea Power

YEAR IS REVIEWED

Plea for Expansion and for Public Interest in League Objects.

R. E. Armstrong, in his address as president of the New Brunswick Division of the Navy League, at the annual meeting here this afternoon, took opportunity again to present the claims of Canadian ports over U. S. ports for handling the Canadian trade.

The N. B. Division of the Navy League, closely affiliated as it is with the Seamen's Institute at St. John, has had a somewhat active year—a year that has been mixed with pleasure and labor as well as sorrow.

Domestic Executive

During May of last year it was a delight to be able to attend the Dominion executive conference at Port Arthur, and to learn from President Harris that the Navy League had affiliated with the Navy League of Great Britain as a result of the president's visit to the motherland and of the inspiring addresses which he had delivered.

The fact that Port Arthur and its large port, Port William, handle a large portion of Canada's grain traffic, afforded our president an opportunity to get in close touch with the commercial organizations of the two ports and to ascertain from them the nature of the shipping traffic passing through these ports.

President Harris' Visit

It was a great pleasure to the Navy League during the early part of October last year to receive a visit from President Harris and his good wife, and to hear the inspiring addresses which the president delivered before the Rotary Club and other good bodies at St. John.

Death of Manager Brindle

The Navy League and the Seamen's Institute suffered a sudden demise of Manager Walter Brindle, of the Seamen's Institute. Loyal to the King of Kings and to his earthly sovereign, he was also loyal to the men of the sea, so that he had not only the respect and confidence of the affiliated organizations with which he was associated, but also of the public and of the seamen of the port.

The Seamen's Institute has been actively functioning throughout the winter season. The number of seamen in attendance in the winter months was 31,797. Many unemployed seamen came down to St. John from Montreal and Lake ports. They came at an early date, when there were few ships in the port and scarcely any vacancies for them to fill, so that they imposed a heavy burden upon the Institute and its officials.

Christmas Treat The annual Christmas treat to the sailors was a most enjoyable one. There were 18 ships in port at the

Milestones in Career of Chas. F. Murphy, Boss of Tammany Hall

Here are some of the vital dates in the life of Charles Francis Murphy, boss of Tammany Hall, New York: 1858—Born June 20, in a tenement on the East Side. 1864—Entered the public schools. 1872—Employed in "Barney" Curtin's saloon as "handy man."

SUSSEX PERSONALS

The Kings County Record has the following: Mr. and Mrs. Joseph Moore left this week for Petitcodiac, where they will reside. Mrs. L. A. Langstroth, St. John, is in town for a few days.

Next Council Meeting

The president has been advised that the next annual meeting of the Dominion Council will be held in Victoria, B. C., during the month of June, when it is expected that an opportunity will be afforded the Navy League to visit the ships of the Special Service Squadron.

Visit of Flagship

The city of St. John and the Navy League branch were honored on the 24th of September last by the arrival in port of Vice-Admiral Sir Michael Culme-Seymour, R. N., Commander-in-Chief of H. M. Ships and Vessels on the North America and West Indies Station, in his flagship H. M. S. Cape Town. Notice of his arrival was forwarded to the Navy League by Lt.-Gov. Todd.

Black Hosiery Stretched

Although most well dressed women have been converted to light stockings, black ones are said to be creeping back into favor—particularly very thin ones.

VISITS OF MEN OF THE SEA TO LOCAL INSTITUTIONS 31,797 IN LAST SEASON

Activities are Reported on at Annual Meeting This Afternoon.

At the annual meeting of the Seamen's Institute held this afternoon the reports submitted show that the last season was a busy one. The financial report shows that a smaller balance was on hand at the end of the year than at the end of last year. Regret at the death of Walter Brindle, for some years manager of the Institute, was expressed by the officers.

The acting manager, Wallace Brindle, in his report covered very fully the activities of the last winter. He extended thanks for the aid given by the Ladies' Guild and the various film exchanges in the city that supplied reels for the picture shows, and to other organizations.

The statistical report is as follows: Letters..... 31,797 Hospital visits..... 70 Visits to ships..... 60 Services..... \$3,120 Money deposited..... \$1,600 Money sent home..... \$1,120 Magazines given..... 2,836 Ships' concerts..... 11 Other concerts..... 9 Picture shows..... 6 Religious literature..... 1,808

The financial report showed receipts of \$7,707.09, including the balance from last year; and expenditures of \$7,606.96, leaving a balance on hand of \$100.13. The receipts were: General subscriptions..... \$866.00 Dominion Government grant..... 200.00 S. S. Co. collection..... 1,942.78 Dormitory..... 183.40 Canteen..... 550.94 Concerts..... 101.70 Rental of hall..... 1,000.00 Bond interest..... 618.43 Net return Davidson building..... 829.14 Navy League, interest on eqt..... 2,619.61 Balance May 1, 1923..... 385.70

Among the expenditures were the following: Salaries..... \$3,120.72 Fuel and light..... 620.71 Telephone..... 1,892.78 Fire insurance..... 558.43 Repairs to Institute..... 277.84 Stationery and printing..... 97.81

LOCAL ATHLETES DESERVE SUPPORT

Several St. John Aspirants Have Good Chance for Olympics.

In looking over the list of local athletes who should have a try-out for the Olympic trials in Montreal, the name of "Beef" Malcom, Trojans A. C. star, should not be left out. This boy possesses the physique to make an outstanding shot putter and he should be encouraged to get into training for this event.

At the maritime indoor championship meet in the Arena, last fall, Malcom gave some of the spectators quite a scare in heaving the ball round shot, Malcom pushed it almost into the stands for a pup of 40 feet. Malcom himself did not realize how near he was to the stands. On his second throw Malcom did 41 feet, while the 21-year-old boy. It shows there are great possibilities in him that should be encouraged.

OPIMUM CONTROL IS EXPERTS' PROBLEM

Plan is to be Considered at Geneva in Next November.

Geneva, May 2.—A programme which will limit effectively the production of opium and other narcotics and eventually result in the complete suppression of the drug traffic, has been prepared by Edwin Neville, the U. S. member on the Committee of Experts of the League of Nations, and accepted by the committee to be submitted at the Opium Conference which will meet in Geneva next November. The Neville plan will be given the support of the English delegates to the conference, particularly the sections which affect countries bordering on India whose commerce is carried on through Indian ports.

WAS A CHATHAM MAN.

We noticed in The Times-Star of Saturday, says the Chatham World, a picture of the Wimbledon team of 1878, and amongst them was Lt.-Col. T. G. Loggie. At the period named he was only Sergt. Loggie, but he is included as belonging to Fredericton. It is true he has been for many years a resident of that city, but he was in 1873 a resident of Chatham and a member of the old 78th, which was the mother regiment of the North Shore Battalion. Col. Loggie was born in the County of Northumberland, and was for many years a resident of Chatham and we don't intend to relinquish our claim to him.

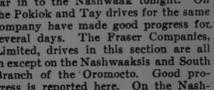

TURBANS.

Turbans are worn very closely and tightly about the heads these days and give the effect of having no crinoline foundation anywhere.

LOGS REPORTED RUNNING WELL

The first arrivals of bank logs at Springhill were reported Wednesday says the Fredericton Mail. It is estimated that some ten million feet of bank logs will come down. The Sewells will handle logs for the owners and processors at Springhill. The Douglas mill started its season's sawing today in Devon. S. Douglas Co., Limited, will have its drive on the Dunbar to the Nashwaak tonight. On the Pokok and Tay drives for the same company have made good progress for several days. The Fraser Companies, Limited, drives in this section are all excellent on the Nashwaak and South Branch of the Oromocto. Good progress is reported here. On the Nashwaak the drives of the Nashwaak Pulp and Paper Company are coming along satisfactorily with water rising. Driving on the Keswick for the E. Burt Lumber Co. also is satisfactory.

HE'S HELD

Morris Selzman, Toledo (O.) drugist, is held on a manslaughter charge in connection with the deaths of nearly a score of men following a "canned heat" party. He is accused of selling the soda water bottles. Three of his clerks were arrested with him.

HAD SAILED THE SEAS FOR 50 YEARS

Capt. Jas. Hayes, Who Died Yesterday, Visited Many Parts of World.

WRECKED 4 TIMES

Retained Vigor of Body and Mind, Though He was 95 Years Old.

News of the death of Captain James Hayes, which occurred yesterday at the age of 95 years, was read with regret last evening by a large circle of friends. For more than forty years he was a resident of Dufferin row, West St. John, and was a familiar figure in that locality. He retired from the sea more than a quarter of a century ago and took up his residence in the house which he had constructed about 15 years before. He took a keen interest in gardening and his well-kept grounds were always a delight to the passers-by.

Captain Hayes was born in St. Andrews in 1830, the second of a family of six boys and three girls, children of Mr. and Mrs. John Hayes, who came to New Brunswick from Cork, Ireland, and settled in St. Andrews.

Mr. Hayes, senior, was a stevedore by trade, and died at the age of 85 from an attack of yellow fever caught while at work on a West Indian steamer which went to St. Andrews for cargo. At the age of 14, James Hayes went to work in rope factory at St. Andrews, where he remained until he was 20 years of age. At the age of 17 he took to the sea and for the next 60 years he sailed in every quarter of the globe, except Russia and Turkey, and made six complete trips around the world. He was shipwrecked four times, being compelled to abandon two ships at sea, and having two others go ashore.

He studied navigation in schools at London, Liverpool and Glasgow. He had 25 years sailed from St. John in vessels belonging to the late Wallace W. Turnbull. He was also engaged as sailing master for William Thomson and other prominent shipowners and commanded vessels sailing from New York and St. Andrews.

Despite his age, Captain Hayes had a remarkably keen intellect and possessed a wonderful memory. Many of his friends have spent delightful hours while the aged seaman recounted some of the experiences culled from his large fund of reminiscences, and while he had long passed the allotted span of three score years and ten, his death caused much sorrow among those who numbered him amongst their friends.

APRIL, 1924, PROVED SUBNORMAL MONTH

Below Average in Temperature, Sunshine Hours and Rainfall

April of 1924 has not a record of which it has any cause to be proud. D. L. Hutchinson of the meteorological observatory yesterday gave some facts and figures concerning April that show the drabblings of human beings to have been well founded. April had a mean temperature, that was 3.8 degrees below the average and its hours of sunshine were 48 less than the normal. The month was a low one whatever the records considered, for it was low even in rainfall, having four-tenths of an inch less of total precipitation than April should have.

The highest temperature was recorded on Sunday, April 27, when the mercury reached 55.7 degrees and the lowest temperature came on April 1, being 24.5 degrees. The same month in the previous year had a much greater variety of temperatures. On April 21, 1923, the temperature was 63.6 and on April 1, 1923, the thermometer registered seven degrees. The mean temperature for April, 1924, was 36.7, or 3.3 below the normal. The three months of February, March and April have all been below the average in mean temperature.

The rainfall of the month totalled 1.5 inches and the snowfall 13 inches, a total precipitation of 3.1 inches, 4.5 below the average. The total precipitation in April, 1923, amounted to 1.5 inches, or 1.6 inches less than the normal, and 7.8 inches of snow. There were altogether 102 hours of bright sunshine in the month just closing, which was 48 below the normal, or 14 per cent. less than the average.

May has not made a good beginning whatever it may do later on. Yesterday's showers of varying strength added their share of disagreeableness to a very wet variety of rain that brought half an inch of rainfall. Temperatures varied from 46 degrees to 40 degrees but there was a rawness in the air that made the temperature appear even colder.

Freight Rate Differences Determine Whether Vancouver or St. John Used

R. E. Armstrong, secretary of the Board of Trade, has been in correspondence lately with one of the leading grain exporting firms at Montreal, the head of which has been on a tour throughout western Canada.

One of the points suggested was the fixing of a grain division on the coast, the head of which has been on a tour throughout western Canada. The following statements were made in a letter received by the Board of Trade yesterday:

"In reference to Medicine Hat as the point from which grain can go to Vancouver, this is the option I have about the territory, that grain would go to Vancouver instead of coming east. Of course, it all depends on rates and if the ocean rate from Vancouver and the rate from interior points to Vancouver is cheaper than shipping via Fort William and eastern ports, naturally this would induce the business to go that way.

"The margin of profit in the export trade is so small that even one-quarter cent per bushel will turn the business from one port to another; in fact, very often one-eighth cent difference will decide the matter. This information impresses the need for close scrutiny being given to the matter of rates if the ports of the Maritimes are to get a proper share of Canada's western grain traffic," Mr. Armstrong said yesterday.

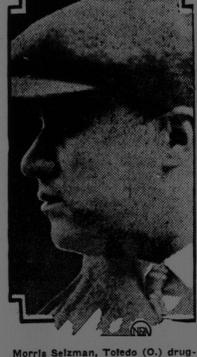

FOSTER TO RETIRE AS HEAD OF SCHOOL

Fredericton, May 1.—"Dr. B. C. Foster will retire from the principalship of the High School at the end of the present term and will receive a pension of \$400 annually from the School Board," said an official report of the April meeting of the board held yesterday afternoon. In addition, he receives a pension of \$800 per annum under the School Teachers' Pensions Act.

AGED AFRICAN IN ENGLAND TELLS OF TIME LIVINGSTONE SAVED HIM

Was Body Servant of Great Explorer for Several Years.

(By Dominion News Service.)

London, May 1.—A link with Livingstone! In his little cottage at Chislehurst in Kent lives Arab Makepo, alias George Whatto, once an African slave. He was liberated by the great missionary, became his body servant for many years, and later came to England to be baptised and to live.

The old man's jet black face lit up with pride and affection as he poured forth an eloquent tribute to his liberator.

"I don't know whether I am nearer ninety than eighty," he said. "You see, there was no registration of births at Con-con, on the Congo where I was born."

"Con-con? You must spell it as I pronounce it. All I know is that the village was at the foot of some very great mountains. Lions used to prowl in and out at night sometimes, and my mother would frighten them off with a stick taken from the fire. It all seems very long ago, but I remember the first sight of Dr. Livingstone as if it was yesterday."

Sold By Brother
" My brother had sold me to the Portuguese, and with about 100 men, 200 women, and 200 girls and boys, we were being marched down towards the Zambezi, where the Portuguese were waiting to take us aboard a slave ship at the river's mouth.

the chains with great pliers and sawing of the wooden collars.

"Then we were all bathed and fed Livingstone Comes

and marched off to Zambesi village, where three great chiefs received us. They were Dr. Livingstone, Mr. Walker, and Bishop Mackenzie.

"A tall figure, with stern but kindly face, came towards us and asked many questions of the English officer. I was in front, being probably the youngest there, and Dr. Livingstone put his hand on my head and made me understand he wanted to know my name.

"Trembling all over, I mumbled 'Arab Makepo.' He smiled broadly, and turned me over to Mr. Walker. I'll keep this youngster for my 'boy,' he said.

"Whether he chose me because I was the youngest or because of my Scottish-sounding name, I don't know," said the old man.

"Well, I made beds, waited at table—Bishop Mackenzie taught me how to lay and use a knife and fork—and, of course, attended church and learnt to pray in English.

Happy Days
Those were very happy times. At night the whole lot of us would dance in the open while my Governor (it was always 'my Governor' with the old man now) would look on and applaud.

"My greatest joy used to be the early morning shooting expeditions. My Governor was a splendid shot with his double-barrelled elephant gun, and I have seen him kill antelope, alligators and hippopotamus. The last was a great treat to us blacks, and parties were sent up to cut up the flesh. I have never known him go out after lions, and that makes me wonder how he came by his injured arm. He must have been attacked unawares. "On these expeditions I would carry the ammunition round my neck, and at night would sleep in his shakedown with him—the other 'boys' guarding the bivouac in turn. "Well, as you know, he was poisoned by jealous blacks, and I came to England, where at Oxford, I was christened George Whatto. "The name is more convenient, as I look forward to the day when I shall hear 'my Governor' call me 'Arab' again."

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

"Dear Sirs: I am so wonderfully happy over my discovery, and I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krummled Bran.

Every morning I take two table-spoonfuls before my breakfast—and since the latter part of August I must admit have had no experience of the spell which I have had for years. I have started my little girl of four years on your Bran, and already I have noticed a change in her. (Name and address on request.)

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran. Kellogg's Bran, cooked and krummled, made in Toronto, Canada, is served by Canada's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

remodel the present ruin of the old Court House or to erect a new one, said that it would make very little difference to himself personally, but he felt that the remodeling of the ruins could be accomplished at a very much less expense than would be required to erect a new building.

"Needed Badly and Quickly." He thought that the taxpayers had enough burdens at the present without loading them with any more. The consensus of opinion appeared to be, he said, that the old building should be reconstructed.

In addition to the million dollar proposition which had been advanced being too expensive for the depleted purse of the citizens, such a building was not necessary, he said. What was needed, however, was a suitable court house, and it was needed badly and quickly.

In respect to having the Judges' chambers and the law library under the one roof with the regular court, he said that that was a matter for the province to determine, and did not rest with the municipality. To make the court house really modern in every degree, however, he said it would be necessary to determine, and to be agreed upon by the lawyers in arguing cases and in citing authorities would be within easy reach. Both Sir J. Douglas Hazen, Chief Justice of the Chancery Division of the Supreme Court of New Brunswick, and His Honor Judge John A. Barry, of the St. John County Court in interview last night, expressed themselves in favor of the plan to remodel the old court house in preference to building a new one, which each said would be too expensive a proposition to hold on the shoulders of the citizens of the city at the present time.

Sir Douglas Hazen said that in his opinion the same thing to do was to remodel the present ruins, making the interior of the building modern in every way. He felt that if this were done all the courts could be housed satisfactorily. Judge Barry, when asked whether he thought the best plan would be to

DUKE'S VISIT SOON PLEASING TO ULSTER

Belfast, May 2.—The announcement that the Duke and Duchess of York will pay an official visit to northern Ireland in July has been received with great gratification in Ulster. They will be the guests of the Mar-

quess and Marchioness of Londonderry while in the Belfast district, and will also be entertained by the Duke of Abercorn, Governor of Northern Ireland, and the Duchess of Abercorn at Baronscourt.

During their visit their Royal Highnesses will fulfil several engagements in Belfast, Londonderry and other centres of Ulster. One of the principal engagements of the Duke of York in Belfast will be to unveil a war memorial at Queen's University. This will

be the first visit of the Duke and Duchess to northern Ireland, and they are assured of an enthusiastic reception.

Add a bit of sugar or salt if you like. Ask your grocer for Sealdsweet whenever you are unable to secure fresh Sealdsweet grapefruit or prefer the goods in cans.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.

Beautiful Floors—and easy to choose

TIME was, when the choice of a floor covering required that every inch of the room be covered. This meant a big expenditure and a long, laborious task in laying. Today is different. Floors must be simple, clean, easily-cared-for. The domestic help problem is a real one and every item of work must be cut down to reasonable proportions. You may settle these floor covering anxieties at once and for all by choosing

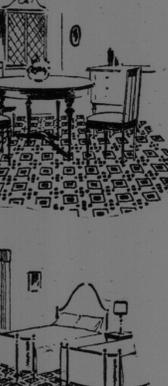

Dominion Linoleum Rugs

for all your floors. Dominion Linoleum Rugs are obtainable in convenient sizes to meet all room requirements. They are easy to handle and easy to lay and cling to the floor without fastening. Where the whole room is to be covered, Dominion Linoleum by the yard is the solution. In either case, you are assured of long wear, comfort and economy and release from hours and hours of tedious beating and sweeping.

A Wonderful Array of Patterns

Beautiful designs have always been a feature of Dominion Linoleums. This year we offer a wider range of choice than ever. Patterns, worked out by skilled designers and developed in many delicate and distinctive shades and tones of coloring, give unusual scope to your ingenuity in room decoration. Choosing is really a pleasure.

Dominion Linoleum will not split, crack or tear. Its exceptional durability makes the already low price seem lower still.

This label is on the face of all genuine Dominion Linoleum and Dominion Linoleum Rugs. Look for it and also for the strong, long-fibre burlap back that means strength and long wear.

PADEREWSKI'S PET POODLE ILL

Too much travel, too little exercise, an attack of cold and old age was too much for Ping Lung, Ignace Paderewski's 15-year-old pet Pekinese poodle. The poodle is sick—may be ill die. Mr. Paderewski cancelled his engagements, wired ahead for specialists and nurses and then took Ping Lung from Sioux City, Ia., to Chicago in his special car. Mr. and Mrs. Paderewski are in constant attendance while an attempt is being made to save the pup. Picture shows the Paderewskis and the dog.

An officer is in constant guard at the special car, in Chicago, wherein the specialists and expert nurses are trying to save the life of Ping Lung, Paderewski's pet dog. The photograph shows reporters waiting for Paderewski to come out and give them the latest word.

ONLY FIVE PASSENGERS KILLED IN THREE YEARS ON BRITISH AIRSHIPS

Thousands of People Have Been Transported With Small Loss of Life.

London, May 2.—(United Press)—Four years of commercial aviation, only three crashes on regular routes and only five passengers killed! Such is the record established by British flyers in handling tens of millions of passengers between England and the continent since commercial transport by air was introduced in 1919. To this comparatively insignificant toll must be added, however, the lives of six members of crews and injured passengers numbering three. And even then the toll remains comparatively insignificant.

BROTHER OF ST. JOHN MAN LOSES LIFE

Charles White Killed at White's Cove by Falling Shed.

White's Cove, Queens Co., N. B., May 1.—Crushed by the weight of a collapsing frame shed, Charles White was instantly killed at his home at White's Cove this morning. His stepson, Roy Orchard, who was assisting him in righting the shed in a high wind had his leg broken and is suffering considerable pain. With his stepson he went out to place a prop against the building to support it against the wind but as he had got within distance of the shed and was about to put the prop in place a heavy gust of wind toppled the whole structure over upon him and inflicting serious injury to his stepson also. Besides his wife and stepson, Mr. White is survived by one son, Dr. Frank White in Boston and one brother, Harvey E. White, of St. John, inspector of weights and measures of the department of customs.

RECALLS NOTED STRONG MAN, CYR

Dispute Now On as to Who is Strongest Man in the World.

London, May 2.—Who is the strongest man on earth? The title has been claimed by many Herculean giants, including Louis Cyr, the French Canadian, Sampson, the Yorkshireman, Sandow, Apollo Ajax, Vansittart, Launceston, Elliott and Georges Hackenschmidt. Now Alexander Zaas, a Russian, from Vilna, is asserted to be the champion. His physique is 5 ft. 4 in. in height, possesses a moderately thick chest, taper waist, and short, sturdy, unshapely legs. His speciality is breaking chains. What he reveals in making curly letters of the alphabet out of half-inch thick strands of iron wire. His piece de resistance is to lie on a cushion of nails (business end upwards) while a huge block of stone is lowered on his "tummy." In case the nails do not do their duty, men come along with sledge hammers and tap more or less earnestly on the stone till splinters fly. Hammering at the nails through a two-inch plank with his bare hand is another of his feats. There is a Dutchman named Breibner, now in New York, who does these feats with a Zaas—much more. He also claims to be the "strongest man on earth." The strong-man business has been somewhat popular for many years. Sandow made it a tremendously popular form of entertainment. He invested a crude game with a kind of artistry and brought intelligent application of his principles to bear upon strength as such. His poster in a softly lighted cabinet, the base of which revolved, set a fashion for performing strong men that obtains today.

Corns Don't Pare Them!

Cutting a corn is always dangerous. Blue-jay ends corns. Kills the pain instantly, then the corn loosens and comes out. No risk, no constant trouble. Get Blue-jay at your druggist.

Blue-jay TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness, premature fermentation by the use of a little Bismarated Magnesia at their meals.

There is probably no better, safer or more reliable stomachic than Bismarated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity without need of any other medicine and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthily without need of pills, purgatives or artificial digestants.

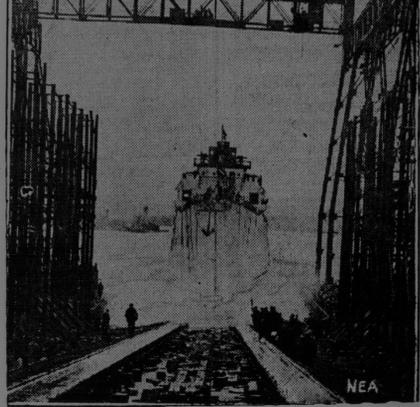

Get a few ounces of Bismarated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bismarated form is not a laxative. Try it and see what it does for you at your next meal and see if this isn't the best advice you ever had on "what to eat."

NAMED CURATOR OF LOG COMPANY

W. C. Jackson of Fredericton, Manager of Concern is Given Appointment

Fredericton, May 1.—Walter C. Jackson, of this city, who has been manager of the company for some years, was appointed curator today for the St. John River Log Driving Company for the appointment of a curator was liquidation under the New Brunswick Winding Up Act. The appointment was made by the Registrar of the Supreme Court to whom the matter was referred by Mr. Justice Barry, who is ill. The application for the appointment of a curator was made some time ago by J. Fraser Gregory of St. John, president of the company, when a statement showed assets with an estimated value of upwards of \$100,000 and liabilities much less. The company have maintained a boom and rafting works in the St. John River above and below Fredericton under a co-operative arrangement since they succeeded the Fredericton Boom Company several years ago.

NEWEST AMERICAN WARSHIP

REV. J. M. MURCHISON NAMED SECRETARY

To Fill Bible Society Post Once Occupied by Rev. F. S. Porter.

The executive of the New Brunswick Bible Society, in a special meeting yesterday afternoon confirmed the appointment of Rev. J. M. Murchison, of Malpeque, P. E. I., as field secretary for the society in New Brunswick and Prince Edward Island. The appointment had been made tentatively at the meeting of the Canadian Bible Society in Toronto. Hon. J. G. Forbes, the president, was in the chair and all sections of the province were represented. Mr. Murchison is a native of Prince Edward Island and for the last five or six years has had charge of the Presbyterian church at Malpeque. He is a graduate of Pine Hill College, Halifax, and has been a successful minister. He is a young man in the early thirties and is an enthusiast in the work of the Bible Society. J. H. Stevenson, manager of the Bank of Nova Scotia, St. John, is a brother-in-law. Mr. Murchison will succeed Rev. J. S. Porter, who resigned a few months ago to accept a pastorate in the United States. Mr. Porter's territory included Nova Scotia and Newfoundland, the district has now been separated, with one field secretary for New Brunswick and Prince Edward Island. The meeting also appointed two new colporteurs, J. A. Fletcher, of Burnsville, Kings county, was appointed as colporteur for Westmorland and Albert counties and J. McQuarrie, of Fredericton, for Carleton and Victoria counties.

PRINCE OF WALES MAY COME AGAIN

Calgary, Alta., May 1.—"His Royal Highness, the Prince of Wales, is likely to be with us again this fall."

This clause is in a letter received by William Reader, superintendent of Calgary Parks yesterday from Professor W. L. Carlyle, manager of the "Royal rancher's ranch" at Pekisko. Prof. Carlyle is at present in London having been called to England to consult with the Prince. Mr. Reader is superintending the laying out of the E. F. Ranch.

A tank tread for wagons was recently tried out and worked very well.

John H. Vaughan A Crank on Gas:

"When it comes to what you are putting into your own good car," said John H. Vaughan, of Francis & Vaughan, I find they all need doctoring — except Fundy Gas.

"That stuff is like riding a thoroughbred as compared to a livery hack. All you've got to do is just jump to your engine and she jumps right ahead — with other gas you wait a minute, coaxing.

"So much for my Essex. Out on the lake, with Fundy in my Evinrude motor, no more need I strain, fuss and fool with the gas.

"Fundy has the pep, the power—you can't just describe how it hums along the road, but you sure can see it, all the way."

Very Few Accidents

Since the statistical year 1919-20, the number of annual machine flights per fatal accident had risen from 377 to 2,000 and the mileage flown, at a similar ratio, has increased from 84,000 to 380,000. The total mileage for the past three calendar years respectively has been stretched from 644,000 in 1920 to 943,000 in 1923. British machines handled 11,947 of the 15,136 passengers passing through British aerodromes in 1923, besides a major percentage of the 823-tons of goods imported and exported by air.

Rigid Legislation

Great Britain's adaptation of the general legislation is said to be more rigid than that of any other power. In an intensive effort to avoid accidents she is following the conviction that an ounce of prevention is worth a pound of cure. "Gypsy" flyers and machines are things unknown. Inefficiency and inferiority are hounded out of the air. It is a stiff examination required of the personnel operating and maintaining aircraft. No machine can fly in the commercial service without an original certificate of airworthiness, supplemented by a daily flying certificate. Experts determine on the spot whether a plane is capable of taking the strains and stresses of the particular flight intended. Regulations cover every part of the construction from the smallest split-pin to the machine itself.

SOVIET WILL FLOAT NEW LOTTERY LOAN

Moscow, May 1.—It is officially announced that the Soviet has decided to float a new lottery loan. This latest effort to bring order out of chaos is the "Peasants' Lottery Loan" for 50,000,000 gold roubles maturing in December, 1926. It will be issued in 12 series of 5,000,000 gold roubles each in one, three, and five rouble denomination bonds. The denominations are low, it is stated, because the authorities are "anxious to attract the masses, and not merely the village proprietors or richer peasants." The issue price will be 85 kopecks.

Free to Asthma and Hay Fever Sufferers

Free Trial of Method That Anyone Can Use Without Discomfort or Loss of Time. We have a method for the control of Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Chronic Asthma, Hay Fever, or Croup, should send for a free Trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with Asthma, Hay Fever, or Croup, should send for a free Trial of our method. We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, linctuses, "patent" smokes, etc., have failed. We want to show everyone at our expense, that our method is designed to deal with difficult breathing, all wheezing, and all those terrible attacks.

BLOWN FROM GUNS IN AFGHANISTAN

Calcutta, May 1.—There has been an outbreak of fanaticism among Afghan tribesmen in Khost and Jelalabad, and at the latter place two men have been blown from guns after an attempt was made on the life of the Governor. From Khost it is reported that some mullahs who pursued a crusade against the Amir's religious restrictions were ordered to appear in Kabul to prove their objections. This they omitted to do, and orders were sent to the Governor of Khost to summon the Mangal mullahs and dispatch the obstinate mullahs to Kabul. By this time the flame of fanaticism was alight. In place of the usual two score mullahs, 5,000 well-armed Mangal tribesmen were collected and proceeded to burn down the local villages, while interference with the telephone line of Kabul threatened to cut off communication with the capital. Various concessions were granted without delay, and the latest news is that the force is dispersing.

For any fresh wound that may become infected, such as a cut, scratch or contact with a rusty nail, apply tincture of iodine immediately.

POLITE BANDIT

Alfred Brian, "courtesy bandit," even remembered to thank the Los Angeles judge who sentenced him to five years in prison. Here is the courtly bow he bestowed upon the court. Extreme politeness always marked his exploits in highway-manship. Alfred specialized in "picking up" petting parties. Taking his victims' telephone numbers, he invariably told them where they might find their autos and pawned jewelry, undon.

Safe for Young and Old

Let mothers with growing daughters interest themselves in this matter and see that their judgment is enforced. A rule followed by many is to take a spoonful of Dr. Caldwell's Laxative Syrup Pepsin once a week until the bowels function daily, and at such other times as there is headache, biliousness, sores and fever blisters, lack of energy and appetite, sleeplessness, indigestion.

False Modesty Wrecks Health

THE young lady just assuming the responsibilities of a woman is very apt to be self-conscious of her physical functions, and in consequence neglect them. There is no time, however, when it is more important for her to look after them. Chief among her troubles is constipation, and her suffering will be serious when she gets older if she does not regulate her bowels now. Mrs. J. Charbonneau, 3410 Adam, Montreal, recommends Dr. Caldwell's Laxative Syrup Pepsin to all her friends, and Mrs. Henry Joyce, Crofton, Ont., says it is the best remedy for constipation she ever used.

An occasional dose of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN Keeps young girls fit

Public Recognizes Merit. You will quickly see the difference between a mild laxative like Dr. Caldwell's Laxative Syrup Pepsin and castor oil, or rough cathartics and physics. Syrup Pepsin acts gently and does not gripe. Increased doses are not necessary. A bottle can be had at any drug store, and a spoonful costs less than a cent. It has been successfully used for thirty years and is the largest selling liquid laxative in the world, over 10 million bottles having been sold in drug stores last year. Remove the infected Sebum and you remove the cause of most baldness

Written Guarantee to Grow Hair, or Money Back

This is a direct offer to grow hair on your head. An offer backed by our written guarantee, given by your own Drug or Department Store. If we fail, it costs you nothing. We have recently made amazing discoveries. We have proven that while 4 men in 7 are either bald, or partly bald, at 40, only about 9 men in a hundred need ever be bald. Hair roots seldom die from natural causes. They can be revived. We have proved this by regrowing hair on 91 heads in 100. Highest authorities approve this new way. Great dermatologists now employ similar methods — many charge as much as \$300 for similar basic treatment. Baldness is a symptom of a disease. Note this fact and mark it. It is most frequently a symptom of infection of the Sebum—the scalp oil.

We Guarantee IN WRITING New Hair in 90 Days Falling Hair Stopped or Costs Nothing—unless we grow hair.

The Van Ess 3-bottle treatment is absolutely guaranteed. You are the sole judge. The warrant is given by your own dealer. All we require is his signature showing you have purchased a ninety-day treatment. If it fails, we refund your money. Hence you assume no risk making this test. Note the Rubber Cap. The hollow nipples feed down medication into follicles of scalp where it is needed.

Warrant Given by Your Dealer

No red tape. The guarantee is positive. You are the judge. Your own Drug or Department Store gives it with each 3-bottle purchase. Go today, ask them for the Van Ess Treatment. The guarantee will accompany it. If the treatment fails — your money back. Over 400,000 men have tested Van Ess under this same guarantee.

4 Men in 7 Bald at 40 Yet 91% Needlessly, by Tests

Our experience shows falling hair most always due to infected Sebum. Now overcome.

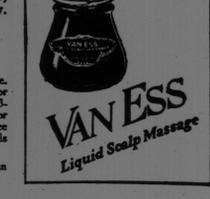

Remove the infected Sebum and you remove the cause of most baldness

Remove that infection and your hair will generally grow. We back this statement with a money-back guarantee. Hence it is folly for any man with falling hair not to make the test. Now We Remove It. Our treatment is based on a new principle. It penetrates to the follicles of the hair. It kills infection — removes the infected Sebum. It stops falling hair. It revives the dormant hair roots, generally makes new hair grow. Remember, it is guaranteed.

Warrant Given by Your Dealer

No red tape. The guarantee is positive. You are the judge. Your own Drug or Department Store gives it with each 3-bottle purchase. Go today, ask them for the Van Ess Treatment. SWORDFISH ATTACKS FISHERMEN

WITHIN the last two or three years catching swordfish off the coast of Nova Scotia has developed from a sport into an industry of no small dimensions.

Swordfish has sufficient of the element of danger to give it a fascination for those engaged in it, and it savours somewhat of whale fishing.

Swordfish sometimes weigh as much as half a ton. One which approached this weight recently caught a panicle in Montauk Bay, when, maddened by hunger, it turned on its attackers and demolished a fishing boat by cutting most of the bottom away, and throwing the crew into the water.

A Four Hundred Pound Swordfish and a Seventy Pound Cod

the struggling line the monster charged other boats in the vicinity and sent them scampering to all parts of the Bay.

For shipment by Dominion Express over Canada Pacific lines to inland points each fish is crated separately and sent forward in the regular refrigerated equipment.

SPORTS NEWS GLEANED FROM WORLD'S CENTURES

FAITHFUL FEW KEEP QUITS GAME ALIVE; PLAN SUMMER ACTIVITY

New Court Planned; May Bid for Maritime Championships

If present plans of the Thistle Quilt Club of this city materialize this ancient and once very popular game is due for a real "come back". As a result of interest manifested by ten enthusiasts the game has been perpetuated in this city and many a thrilling match has been played although the results were seldom chronicled. Realizing that the time is ripe to start a real boosting campaign with a view to popularizing this invigorating sport the members of the club have decided on a course of action which should bring immediate results.

Richard D. Colgan is president of the club and Walter Gamblin secretary-treasurer, and associated with them as charter members are David Colgan, Thomas Flynn, Frank Smith, William Turner, Archie Copp, Frank Murphy, Robert Hutchinson and Roy McVeigh. It has been decided to apply to the Maritime branch of the A. A. U. of C. for affiliation and to endeavor to promote interest not only in St. John, but in outlying districts as well.

At the present time the club has a court near the Thistle Curling rink and every Tuesday and Thursday evening during the summer months match games are played. Owing to the fact that, up to the present time, there has been no competition in this city interest in the game has not been manifest, except by the actual club members. Now, however, a movement is on foot to interest the executive of the Playgrounds Association and have them build a court on the Allison grounds.

If this materializes and another club is organized, it is felt that some prizes awarded to the winners. One of the main objects in having other clubs organized is with a view to having the maritime championships held in this city. Nova Scotia has had a monopoly on this series for many years, due to the lack of interest in New Brunswick, but it is felt that Nova Scotia players would willingly cooperate to help boost the game here and would favor a meeting being awarded to St. John.

There are said to be a number of good players in Sussex and until a year or two ago many games were played there. It is said that some of the competition resulted in their club disbanding. A hope is expressed that the Sussex boys will reorganize and if they do they can rest assured that the Thistle members will eagerly await an opportunity to meet them in matches.

Two years ago the Thistle Club sent Archie Copp to Truro as a representative and this year they are planning on sending several entries to the maritime championship meet in Nova Scotia. If the membership of the club increases and interest in the game warrants the members say they will seriously consider erecting a club house where visiting teams could be properly entertained and social evenings enjoyed.

Here's the Game. An explanation of this game might be in line and should prove interesting to those who have witnessed matches and who are not familiar with the rules. The pastime resembles the ancient discus throwing, which formed one of the five games of the Greek pentathlon. The modern quoit, however, is a far lighter missile and is constructed as a circular iron ring to be thrown or pitched at a fixed object. This ring is flattened, having a thick inner edge and a thin outer edge. The

latter is slightly indented at a given spot to receive the tip of the player's forefinger without cutting it. The limit as to the weight of the quoit is usually fixed by the contestants and this should be specified before the commencement of a match. The diameter is restricted to eight inches over all. Iron or hard wood pegs are driven into the ground at a certain distance apart, usually 47 feet. There may be one or more players on a side and each has two quoits. These he may throw successively; or else each player throws one at a time and a second round follows in the same order. The throwing takes place the reverse way after each round.

A player grasps the quoit with his forefinger along the outer edge and the tip in the dent, holding the two surfaces between the thumb and the other fingers. In pitching a slight rotary motion is imparted by a twist of the wrist in order that the quoit may pass smoothly and horizontally through the air and alight flat. Each player attempts to make his quoit pitch on the head or pin so that the head of the latter passes through the circular opening in the centre of the missile. Such a success is termed a "ringer" and three or five points are scored. Quoits of opposite sides alighting equidistant from the pin do not score at all. If a player has both his quoits nearer the pin than any of his opponents he scores two; while if only one is nearer he is entitled to count one.

This game is quite popular in many country towns in England and in the mining districts of the Midlands and Lancashire. A few years ago it was also popular in many places throughout Canada, but in more recent years it has not been played so extensively. Here's for a revival.

Ball Problems By Billy Evans

QUESTIONS. 1. Can a base runner advance on a foul fly that is caught? 2. If a base runner fails to touch a base, does the umpire pay any attention to the failure, unless an appeal is made? 3. What bases must be occupied and how many out, for the infield fly to be effective? ANSWERS. 1. He certainly can if he holds his base until the ball is caught. 2. The umpire pays no attention to such an error, unless the mistake is observed by the team if the field, and an appeal is made. 3. First and second, or first and third must be occupied, and less than two out.

Scores Knock Out in Fourth Round—Stribling Also Triumphs.

Paul Berlenbach, Astoria light heavyweight, knocked out Harold Abbott, rugged Rockaway Beach middle weight, Tuesday night in the fourth round of their scheduled ten-round bout, which was one of the principal attractions at the Olympic benefit boxing show in Madison Square Garden, New York. A crowd of \$485 paid \$48,699 to see the show, the profits of which will go towards defraying the expenses of American competitors in the Olympic games in Paris in the summer.

The victory of Berlenbach supplied the biggest thrill for the crowd in the evening's programme. Stribling, victor of the main bout, a six-round affair between Young Stribling and Mike Burke. The contest was stopped after 1 minute 59 seconds of the fourth round when Berlenbach had a rival in a precarious condition and on the verge of a knockout.

In a special six-round bout which topped the evening's programme, Stribling received the decision over Burke. Abbott, in full retreat practically from the start of the bout, was floored in the third session. He took the benefit of the count of nine before arising and was being battered to the canvas in a neutral corner in the fourth when Referee Jack O'Sullivan, convinced, advised the crowd that Abbott was hopelessly outclassed, stepped between the pair while Berlenbach was pounding his rival and ended hostilities. The referee was welcomed by the crowd. The contest by that time had ceased to be interesting from a competitive standpoint.

In his victory Berlenbach did not particularly impress the crowd. He was wild in his attack, wilder than has been his custom in previous bouts, and his effectiveness. He outlasted Abbott at every turn, however, and chased him all the way until in the fourth round he finally caught him in a neutral corner and pounded him until the bout was stopped.

MISS LUCY SMITH IS NEW PRESIDENT

The annual meeting of the Germanist Baptist church tennis club was held last evening with a good attendance. A new clay top has been put on the court and it has been enlarged. Reports of the retiring officers were received and adopted. The following are the officers for the coming year: President, Miss Lucy Smith; vice-president, Harold Mott; secretary, Miss Lottie Hart, treasurer, A. G. Gunter; additional members of executive, E. J. Alexander and F. McLean; tea committee, Miss W. Dunbrack, Miss Hazel Morse and Miss Marion Belding.

Vienna, May 1.—Georges Carpentier, French heavyweight, knocked out Arthur Townley of England in the second round of a scheduled 20-round bout here today.

latter is slightly indented at a given spot to receive the tip of the player's forefinger without cutting it. The limit as to the weight of the quoit is usually fixed by the contestants and this should be specified before the commencement of a match. The diameter is restricted to eight inches over all. Iron or hard wood pegs are driven into the ground at a certain distance apart, usually 47 feet. There may be one or more players on a side and each has two quoits. These he may throw successively; or else each player throws one at a time and a second round follows in the same order. The throwing takes place the reverse way after each round.

A player grasps the quoit with his forefinger along the outer edge and the tip in the dent, holding the two surfaces between the thumb and the other fingers. In pitching a slight rotary motion is imparted by a twist of the wrist in order that the quoit may pass smoothly and horizontally through the air and alight flat. Each player attempts to make his quoit pitch on the head or pin so that the head of the latter passes through the circular opening in the centre of the missile. Such a success is termed a "ringer" and three or five points are scored. Quoits of opposite sides alighting equidistant from the pin do not score at all. If a player has both his quoits nearer the pin than any of his opponents he scores two; while if only one is nearer he is entitled to count one.

This game is quite popular in many country towns in England and in the mining districts of the Midlands and Lancashire. A few years ago it was also popular in many places throughout Canada, but in more recent years it has not been played so extensively. Here's for a revival.

Maritime Basketball Champions

Ball Problems By Billy Evans

QUESTIONS. 1. Can a base runner advance on a foul fly that is caught? 2. If a base runner fails to touch a base, does the umpire pay any attention to the failure, unless an appeal is made? 3. What bases must be occupied and how many out, for the infield fly to be effective? ANSWERS. 1. He certainly can if he holds his base until the ball is caught. 2. The umpire pays no attention to such an error, unless the mistake is observed by the team if the field, and an appeal is made. 3. First and second, or first and third must be occupied, and less than two out.

JOHNSTON STOPS CHAMPION MARCH

MICKEY WALKER TO DEFEND HIS TITLE

Philadelphia, May 2.—Mickey Walker, welterweight champion, has signed a contract to meet Lew Tendler, Philadelphia lightweight, for the world's title at the Philadelphia National League park on June 2. The men were signed by Taylor and Gunnis, Philadelphia promoters, and the bout will be ten rounds to a decision under the Pennsylvania law. The promoters said the guarantee to the fighters was the largest ever offered in the state.

PREDICTS BETTER PITCHING.

Walter Johnson, famous pitcher of the Washington Nationals, is sure pitching will be much improved this year. He bases his belief entirely on the theory that the almost constant use of new balls made it hard for a pitcher to use his curve. This practice is to be curtailed by the umpires this year.

EPINARD THWICE BEATEN

Epinaud, turf champion of France, has twice been defeated. Once he trailed as a two-year-old and last fall he was beaten in the Cambridgebridge handicap in England. He was forced to tote 128 pounds, the heaviest burden ever carried by a three-year-old in that race.

St. James Comes From Behind and Wins Quite Handily.

Mighty Zer, the Ranocas stable's champion three-year-old of the 1923 season, tasted defeat for the second time since his ignominious showing in the Freshness Stakes at Pimlico just about a year ago, when George D. Widener's three-year-old colt St. James took his measure in the \$6,000 Pacesetter Handicap at the Jamaica race course Tuesday afternoon—and did it easily. With Clarence Kummer up and 112 pounds in the saddle, St. James was receiving four pounds from Zer under the scale, fairly and squarely beat the Ranocas star, coming from in back after Zer had taken the track and winning by two and a half lengths. He ran six furlongs in 1:13-3, only two-fifths of a second slower than the track record. The race was worth \$4,500 to the owner of the winner. The Ranocas entry was the odds-on-favorite, with the winner held 5 to 1 at post time.

## GIRLS GIVE CLEVER GYM EXHIBITION

Many Enjoy Features Which Mark Closing at St. Vincent's

Graceful dances, neatly executed drills and marches and games that were brisk and merry were all included in the excellent exhibition given by the pupils of St. Vincent's gymnasium last night as the first of the two performances marking the closing of the gymnasium season. Under the direction of Miss Mary Vincent, the instructress of the physical department of the Catholic Women's League, the pupils had been well trained.

More than 150 pupils took part. They appeared in the opening grand march with the babies of the sub-junior classes in dainty white dresses, followed by the other classes graded according to height. The girls wore their smart gymnasium suits for the first part of the programme. The hearty singing of "O Canada" was the grand finale of the opening march.

Various Classes.

The junior gave a splendid account of themselves in dumbbell drill and the sub-junior captivated everyone in their dainty little folk dances, the Trisix Polka, the Danish Dance and the Shoemakers.

The intermediates gave a demonstration of Indian club swinging, doing many elaborate motions with apparent ease and fine rhythm.

The High School girls gave a Swedish drill with mimetics of the motions of athletes in various well known games and their precision and grace made the drill very attractive. The intermediates then appeared in a lively and pleasing drill entitled "Jingle Bells". The bells on their wrists made merry music for their little and graceful movements.

The four classes next took part in games. The sub-junior had a gay frolic in "Trop the handkerchief". The juniors played the relay game of "Telegram" and the intermediates were swift and fleet in their team game of schlag ball. The High School girls had some good fun in their push relay in which a dumbbell traversed much territory with amazing accuracy and speed.

Six Special Dancers.

The special dancing class of six pupils provided some of the star performance of the evening and appeared in a dance militaire and in the closing number of the programme, a rhythmic waltz. In the rhythmic waltz, they wore pretty dresses, each of a different color, and appeared as a flashing rainbow. The marching tactics of the High School girls were among the neatest and most applauded number of the programme.

Another costume number was the dainty minuet of the juniors. Then the intermediates came dancing their Irish jig in correct colleen attire. The Italian folk dance of the High School girls was a gay and pretty dance number.

A grand march of all the performers closed the display.

The large gymnasium and the gallery were filled with spectators. The weather had had no dampening effect on the attendance and everybody was greatly pleased with the excellent showing of the pupils. Miss E. Lynch was the pianist.

His Lordship Bishop LeBlanc was present and expressed his appreciation of the programme, which will be repeated this evening.

Was Constipated For Several Years

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hedican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

His Lordship Bishop LeBlanc was present and expressed his appreciation of the programme, which will be repeated this evening.

Was Constipated For Several Years

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hedican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Weekly Scandal

Rumor says Mary Pickford and Doug Fairbanks will be seen in "The Miracle" when they return from Europe, though goodness only knows what as "Sun Up" closes a long run in New York soon, after playing almost a solid year. It moves to Chicago... Mahlon Hamilton signs for Road... Raoul Walsh, who directed "The Thief of Bagdad," is negotiating for film rights to "The Miracle". Herbert Brenon will produce "Peter Pan" for Paramount... Continuity for "Tarnish," filmed version of all ready, and production will commence soon. —MAURICE HENLE.

## The Expert's Testimony

Wife—"My goodness, the pie doesn't seem to be very good." "What's the trouble with it, I found it all right?" Wife—"Well, there's something wrong. Will you refuse a second piece?" —Houston Post.
