**CONSTITUTION OF THE  
MISSIONARY SOCIETY OF THE METHODIST CHURCH  
OF CANADA.**

ADOPTED BY THE GENERAL CONFERENCE, 1878.

**I.—NAME.**

This Society shall be known as "The Missionary Society of the Methodist Church of Canada."

**II.—OBJECT.**

The Object of the Society is the support and enlargement of the Indian, French, Domestic, Foreign, and other Missions which are carried on under the direction of the Conferences of the Methodist Church of Canada.

**III.—MEMBERS.**

Every person paying annually the sum of four dollars and upwards, and every person collecting annually ten dollars and upwards, for this Society, shall be deemed a member, and entitled to a copy of the Annual Conference Report. And every person paying annually twenty-five dollars, or collecting for the Society thirty dollars or upwards, shall also be entitled to a copy of the General Report.

**IV.—AUXILIARY AND BRANCH SOCIETIES.**

The Methodist Missionary Societies within the bounds of any Annual Conference shall collectively be entitled "The Auxiliary Missionary Society" for that Conference; and severally shall be entitled "Branch Societies" of such Auxiliary. Missionary Societies formed in our Sunday-schools shall be entitled "Juvenile Branches" of the Conference Auxiliary.

**V.—TREASURERS.**

1. Each Annual Conference may appoint a Treasurer, through whom all remittances to or from the head office shall be sent. In case any Annual Conference does not make such an appointment, then all remittances to and from the head office shall be made through the Chairmen of Districts in such Conference.

2. The Superintendent of a Circuit or Mission shall be Treasurer of the Branch Societies on his Circuit or Mission.

**V.—REMITTANCES.**

The money raised on any Circuit or Mission shall be transmitted as soon as collected to the Chairman of the District, deducting only what has been disbursed for incidental and local expenses; and the Chairman shall, in turn, remit promptly to the General Treasurer, through the Conference Treasurer, (or directly if there be no Conference Treasurer,) all moneys received, deducting only necessary incidental expenses. All moneys from the General Treasurer to a District shall also pass through the Chairman's hands.

**VII.—CIRCUIT LISTS.**

The Superintendent of each Circuit or Mission shall prepare annually, not later than the first day of the Annual District Meeting, a list of all subscribers, of two dollars and upwards, also the aggregate of all collections and sums under two dollars; such lists to be sent without delay to the Conference Treasurer or Chairman, who shall forward them to the Mission Rooms for insertion in the Annual Report, together with a statement of the gross receipts, local disbursements, and remittances.

**VIII.—CENTRAL BOARD.**

1. There shall be a Central Missionary Board for the management of the Missionary Fund, which shall meet annually at such time and place as it may appoint.

2. This Board shall be composed of the President of the General Conference, the Officers of the Missionary Society, one Minister to be chosen annually by each Annual Conference, one Layman to be chosen annually by the laymen of each Conference Missionary Committee, and six other persons—one-half of whom shall be laymen—to be appointed by the General Conference, and to continue in office for four years.

3. The duties of this Board shall be to review the Missionary work, and apportion the funds committed to it, to the respective Conferences according to the necessities of the various depart-

ments of the work. A necessary appropriation of funds to Mission Districts.

4. When an appropriation by the Central Board to any department of the work of the Conference Committee shall be made, liberty to divert any part of the same to any other department shall be granted.

5. Vacancies occurring in the Conferences represented on the Executive Committee of the General Conference may be filled by the General Conference may be filled by the Committee of Finance.

6. In the event of the inability of any of the Officers of the Society, the Committee of Finance shall appoint a person to fill the vacant place until the next meeting of the Central Board, such appointment may be changed, pending the next General Conference.

7. The Committee of Finance shall have authority to suspend any Officer of the Society for incompetency or neglect of the duties of his office, and supply his place till the next meeting of the Central Board, with authority to fill the vacant place until the next General Conference.

**IX.—COMMITTEE ON**

A Committee, to be called the Committee of Consultation, shall be annually appointed by the Central Board, consisting of the President of the General Conference, the Officers of the Missionary Society, twelve other members—six Ministers and six laymen—the majority shall be members of the Society who shall provide during the sessions of said Committee with the minutes and proceedings of said Committee, and to be entered in a minute book to be kept by the Central Board at its next meeting.

**X.—ANNUAL MEETING.**

An Annual Public Meeting shall be held at such time and place as may be determined by the Central Board.

## Constitution.

ments of the work. Also to make the necessary appropriations to the various Mission Districts.

4. When an appropriation is made by the Central Board to any particular department of the work, the Annual Conference Committee shall not be at liberty to divert any part of the grant to any other department.

5. Vacancies occurring among Conferences represented may be filled by the Executive Committee of the Conference affected; and vacancies occurring among those appointed by the General Conference may be filled by the Committee of Consultation and Finance.

6. In the event of the death or disability of any of the Officers of the Society, the Committee of Consultation and Finance shall appoint a suitable person to fill the vacancy till the next meeting of the Central Board, when such appointment may be confirmed or changed, pending the meeting of the next General Conference.

7. The Committee of Consultation and Finance shall also have authority to suspend any Officer of the Missionary Society for incompetency or for culpable neglect of the duties of his office, and supply his place till the next meeting of the Central Board, which shall have authority to fill the vacancy till the next General Conference.

### IX.—COMMITTEE ON FINANCE.

A Committee, to be called the Committee of Consultation and Finance, shall be annually appointed by the Central Board, consisting of the President of the General Conference, the Officers of the Missionary Society, and twelve other members—six ministers and six laymen—the majority of whom shall be members of the Central Board, who shall provide during the interval of the sessions of said Board for any exigencies that may arise. All the proceedings of said Committee shall be entered in a minute book, and reported to the Central Board at its next annual meeting.

### X.—ANNUAL MEETING.

An Annual Public Meeting of the

members and friends of this Society shall be held at the time and place appointed by the Central Board, connected with such religious services as may be deemed expedient.

### XI.—GENERAL OFFICERS AND THEIR DUTIES.

1. The General Conference shall appoint the General Secretaries and Treasurers of the Missionary Society, who shall be *ex-officio* members of the Central Board.

2. The General Secretaries shall, previous to each Financial District Meeting, furnish each Chairman of a District with a schedule to be filled up by said Chairman at the Financial District Meeting, showing the estimated income and expenditure of each Mission for the support of ministers and preachers, the amount of Missionary grant recommended by the Financial District Meetings, etc., etc., which schedule shall be forwarded to the General Secretaries without delay. From these schedules the General Secretaries shall prepare a tabular statement for the information of the Central Board, in order that its members may intelligently and justly apportion the funds of the Society to the several Conferences.

3. It shall be the duty of the General Secretaries to make themselves acquainted with the entire Mission Field, by official correspondence and personal visitation when practicable. It shall also be the duty of the Secretaries to publish the Annual General Report of the Society and the Reports of the several Annual Conferences, with a statement of their income and expenditure.

4. In the discharge of their duties, the Officers of the Society shall act in harmony with the legally-appointed courts and officers of the General and Annual Conferences. Provided always, that in case of any emergency arising that may require prompt action in the matter of supplying any remote Mission, it shall be competent for them, on the recommendation of the Committee of Consultation and Finance, to request the proper authorities of any Annual Conference to aid them in meeting such emergency, by appointing one of its ministers or preachers to such Mission.

## STANDING RESOLUTIONS.

### SPECIAL CLAIMS.

**SUPPLY IN CASE OF SICKNESS.**—In case a Missionary is laid aside during the year by sickness which incapacitates him for work, the President of Conference and Chairman of the District may, if they judge it necessary, procure a suitable supply; and the Treasurers, on being duly certified of the facts, accompanied by a Physician's certificate as to the health of the Missionary, are authorized to pay towards the cost of such supply an amount not exceeding the proportion of a single unordained man's salary, for the period during which his services are necessary, within the current Conference year.

**SUPPLY IN CASE OF DEATH.**—In case of the death of a Missionary, his family shall be privileged to remain on the Mission and receive the allowance for the rest of the year; and an amount for a supply, similar to that mentioned in the preceding regulation, may be allowed.

**SUPPLY PENDING THE REMOVAL OF A MISSIONARY.**—In case a Missionary is removed from a distant station, and it is found necessary to supply his new field of labor, until such time as he can reach it, a grant for such supply may be made, similar in amount to that mentioned in the preceding cases.

### AFFLICTION.

These grants are intended to HELP in cases where expenses incurred by sickness are exceptionally great, or the salary unusually small. It is to be understood, therefore, that only cases of this exceptional character will hereafter be entertained, and the Board reserves the right of granting either the whole or part of such claim, as it may judge expedient.—*Adopted by General Conference.*

In order to prevent unnecessary delay in the settlement of Special Claims, it is recommended that they be presented at the next District Meeting—Financial or Annual—and, if recommended by such meeting, forwarded at once, with the physician's (or other) bill duly receipted, to the General Secretaries.

### ERECTION AND REPAIRS OF MISSION PREMISES, &c.

1. No application for a grant for new Mission premises, or buildings, will be entertained, unless a description of the proposed buildings, with their estimated cost, has first been submitted to, and the expenditure distinctly authorized by, the Central Board, or the Committee of Consultation and Finance.

2. The same rule will be observed in regard to the repairing of Mission Buildings, and the purchase of Furniture.

#### TIME FOR THE BRANCH SOCIETIES' RETURNS.

The Treasurers' Report shall be closed from year to year on the last day of June, and the Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected and paid to the Treasurers at or before the May District Meeting.

#### REPORTS OF MISSIONS.

A Report of the Religious State of the Missions shall be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting.

#### CORRESPONDENCE.

The Chairmen shall require regular quarterly communications to be made by each of the Missionaries on their respective Districts, to the Secretaries of the Society, giving information of the state and prospects of the several Missions in which they are employed.

#### PUBLICATION OF ANNUAL REPORTS.

After the present year the following method shall be adopted:— Let the Secretaries publish an Annual Report for each Conference, containing a brief religious summary of our whole Mission work, the names of Subscribers of \$2.00 and upwards, and the Disbursements of each Conference; also a General Report, containing the religious summary, the aggregate of income from each Circuit and Mission, and a statement of all expenditure.—*Resolution of General Conference.*

(For distribution of Reports, see Art. III. of "Constitution.")

#### MISSIONARY INTELLIGENCE.

The publication of the *Missionary Notices* is hereby discontinued, and instead thereof the editors of the *Guardian* and *Wesleyan* are directed to place at the disposal of the Missionary Secretaries sufficient space in their columns for the publication of such matter as is usually published in the *Missionary Notices*. All communications from the Mission Districts, intended for publication in the organs of the Church, shall be first examined and approved by the Missionary Secretaries.—*Resolution of General Conference.*

## REPORT.

1880-1881.

**P**ROGRESS in laudable and philanthropic efforts to ameliorate the miseries and sufferings of the human race is a sure stimulant to zeal and benevolence. Temporary absence of success is not always an indication of an imperfect conception of the right means to accomplish a desirable and beneficial change; various hostile forces may be awakened to thwart the purest designs for the welfare of men, hence the faith and courage of the most ardent will, in such circumstances, be needed to overcome the gloomy apprehensions of the timid and faint-hearted; but when success and fruitfulness attend the instrumentality set in motion, all who are interested should partake of the inspiration thereby created, and readily unite in continuous efforts for the maintenance of an agency which has been crowned with success.

Within the fifty-six years of the Society's Missionary life, its days of depression and difficulty have principally originated with an insufficient income, sometimes affected by general commercial derangement, abridging resources for the support of Missions undertaken in times of commercial prosperity. Happily the past year has been marked by an increase upon its predecessor, but still largely beneath the wants of the work in which the Society is engaged. Of its religious character the Committee have always had to speak in the language of encouragement and hope. Apostolic and Church history warn us to expect diversity of success: the sower scatters the seed, but the harvest has not always met cherished expectations; birds of prey, unfruitful soil, or unfavourable elements have limited, to some extent, the production anticipated, but no place has been entirely barren. From Japan to Newfoundland, when examining every spot occupied by the Society's labourers, with devout humility and heart-

felt gratitude, we may exclaim:—" Now, thanks be unto God, which " always causeth us to triumph in Christ, and maketh manifest the " savour of his knowledge by us in every place !"—2 Cor. ii. 14.

The Committee are greatly encouraged by the fidelity and labours which have been shown by the toilers in the Master's vineyard the past year, and join with them in giving the praise and honour to the great Head of the Church for abiding tokens of his presence and blessing, which have been manifested throughout the Mission field they occupy and cultivate.

It is due to those who generously sustain this good work that they should know what is the result of the year's labours ; to ascertain this, a careful perusal of the Reports from the several stations will give ample and gratifying information. These Reports are not only drawn up with conscientious care, but, by Conference regulation, are read at each District Meeting, and must receive the sanction of that court before they are forwarded to the Missionary authorities. In some instances they are too brief, when considering the work accomplished, and where the rule is neglected, ingratitude and responsibility rest somewhere.

" Why should the wonders He has wrought  
Be lost in silence, or forgot ? "

and when brought under the power of the Gospel, in its converting and transforming influences, are apt scholars in adopting the usages of civilization. As a proof of their industry, the Government Indian Superintendent reports, under the head of "Fish, Oil, Furs, &c.,—the statistics of the customs show a total amount of \$273,501 exported "under this head, the greater portion of these articles has been produced by Indians." They are exceedingly anxious for Christian teachers, and when realizing the blessings of "the truth as it is in Jesus," manifest the utmost desire for the conversion of their fellow-men. The extension of the work of God among them is only limited by the want of means to increase the number of labourers. These must be chiefly drawn from the membership of the native Church, practical proof having already been given of their talent and adaptation to extend the knowledge of Christ. Under careful and judicious guidance of the Missionaries now in this field, we may anticipate an increase of churches and schools, should the increase of the Society's funds justify the Committee in enlarging the appropriations necessary to extend the work. At Port Simpson and Naas the testimonies borne to the living Church and to the death-beds of some of its members are joyous evidences of what a loving and Almighty Saviour does, in making these "brands plucked out of the fire" wise unto salvation.

VICTORIA.

Amidst the difficulties which stand in the way of our success, we have had many tokens of Divine favour on this Mission during the year. Though we have had many removals, we have had a good degree of prosperity which has greatly encouraged us in our work. We have had thirty-five removals, seventeen dropped and seven deaths. Those who leave us during the summer to work on steamboats, or at the canneries, or on the railroad, take with them a note of removal, and they are generally very faithful in presenting it to the Church where they happen to live for the time being. This is a great protection to them. Considering the many temptations to which they are subject, it is a matter of surprise, as well as of thankfulness, that so few fall from their steadfastness. The number dropped has been far exceeded by the number received. Twenty-nine—including those on trial—have been added to the Church during the year; some of them have been converted from Paganism. We have had several very happy deaths. I felt it to be a privilege to visit them, and to witness their implicit confidence and triumph in Christ. Thus have we been permitted to gather in a small portion of the harvest, as well as to sow the seed. If any of our friends who are growing cold in the cause of

Missions could hear the expressions of gratitude of some of those poor creatures for sending them the Gospel, it would awaken within them an increased zeal and earnestness in this great work.

The women are making great improvements in housekeeping and all domestic industries. Several of them have sewing-machines and work them successfully; some have learned the dress-making, and others make men's garments. They keep their houses neat and clean. A Lodge of Good Templars has been organized during the year which is well attended. We have held one social, and I expect to hold another in two weeks. The singing, recitations, and readings are given by the Indians. All these things tend to develop them in civilization and refinement.

WM. POLLARD.

CHINESE MISSION.—There are not fewer than two thousand Chinamen in British Columbia, and a large number of these reside in and around Victoria, and yet, in our present circumstances, they seem to be inaccessible to us. We could do but little by visiting them at their places of employment. This is sometimes offensive to their employers. The only way in which we can reach them religiously is through a Mission-school. They are very desirous to learn the English language and by using religious text books, especially the Bible in the school, they are taught religion and the language at the same time.

When the Sanford Mission-school was closed, twenty were reading in the Bible-class and fifteen were committing Scripture to memory. Had the school been continued it is more than probable that before this time there would have been a flourishing Chinese Church in the city. Many of them are anxious to have the school re-opened. We hope that the Committee will see its way clear to re-commence the Chinese work.

WM. POLLARD.

### NANAIMO.

The oversight of this part of our work has not only been one of anxiety, but also of spiritual profit and satisfaction. The people were much pleased when they were led to hope, last fall, that a teacher would be sent to instruct the children, but were much disappointed when they became aware that the engagement with the teacher had been cancelled. It has not been easy to remove from their minds the dissatisfaction which the disappointment occasioned. Our congregations during the year would have been larger, as also the attendance upon class and prayer-meeting, but for the extent to which their time of residence is divided between what is known as the Camp and Nanaimo River Reserve.

It would be a great advantage to this part of our work could we have a visit, say twice a year, from some white missionary who understands the language, and who could, on the occasion of his visits, spend a few weeks among them. Eight have been received during the year. Present membership, 43.

**NEW WESTMINSTER.**

The Indian congregation, though very small, has been regularly met, and preaching, prayer, and class-meeting sustained among these people, several of whom have been converted to God and baptized during the year. Two of these have died in the faith. E. ROBSON.

**BURRARD INLET.**

The local tribes are much demoralized by the too common facilities for obtaining intoxicating liquors, and from this cause mostly the work of God among them has suffered, so that we no longer report any Church members.

We have preached, however, to parties of Northern Indians at times,—stray bands of our Port Simpson people, who occasionally obtain work at the mills. The vile surroundings which tempt these migratory parties are such that we invariably advise them to return to the more healthy moral atmosphere of our Northern Missions. We do all we can to brighten their stay with us by directing them to a trustful look at an uplifted and omnipotent Saviour. C. BRYANT.

**PORT SIMPSON.**

With gratitude to the God of Missions, we review the work on this extensive field during the past twelve months. We have had great trials and great triumphs; some have proved unfaithful, while others have been quickened into new life, and many, I trust, have recently found the pearl of great price.

There never was a greater interest taken in the study of the Bible than now; it is very pleasing to see with what earnestness many attend the different meetings held for this purpose. We have had as many as sixty and eighty old people meet after the Sabbath morning service to commit to memory the text in their native tongue; these old people, many of them grey-headed and with staff in hand, seem to delight to stay for the text, and thus they go off with one more verse of God's word to comfort and bless them.

One old woman said, "Missionary, you think, perhaps, that I forget all the good words. No, I have a little box full of pebbles, and I have a text in my heart for every pebble I have put in it." At the same hour there is a large gathering of young or middle-aged people with their Bibles in the Church, memorizing the text both in English and Tsimpshean.

We have been blessed with a welcome work of grace the past two months, especially among the old people; it commenced immediately on the very sudden death of a fine old man, who received the name, Enoch Wood. In a few weeks nearly every old man and woman were in attendance on class and prayer-meetings, and it resulted in our receiving sixty or seventy by baptism. Some of these had been on trial for years; others of them had said, "the children may go and get to know the Bible and the new way, but we are too old." Now

they are most earnest, and the Church, generally, has been much blessed.

A large number of new houses have gone up, and our new School-house has been so far completed that we can use it. It will cost nearly \$1,000 when complete, and much of this has been raised by the people. Indeed, Simpson begins to have a settled town-like appearance.

We have moved slowly with our "Girls' Home," and are much in need of a person to take charge of it, as Miss Lawrence is still engaged in teaching the day-school. We have had twelve in number all winter. We need a first-class male teacher to take charge of the school, who would preach and do general work in the absence of the Missionary.

The school and services at Kit-a-mat have been carried on by our native teacher, Patrick Russ, and a heavy blow has been struck at conjuring, witchcraft, polygamy, and all other heathen vices by the steady progress made by the Gospel among the people. Here we have a day-school with about thirty in attendance. It would be well if we could have a white teacher there, as the people very much wish it, and we might include Kit-Loop, etc., in his work. These people speak a dialect of the Bella-Bella language.

The work at Port Essington is doing well under the careful leadership of our native teacher, W. H. Pierce. A bell-tower has been made to the Church, and some other improvements added. Our agents carry on a day-school of thirty-five scholars.

The Forks of the Skeena has been taken up by the Church Missionary Society, so it was thought best that Bro. Tate, who was appointed by last Conference to that large and promising field, should take Bella-Bella. This arrangement has relieved me of the superintendence of this distant field, and will leave less travelling to be done the next year.

The Tongass people, over the border, in Alaska, who have asked the Gospel at our hands so long, came over in large numbers in the fall, and have spent the winter with us. We have held a special "Chin-nook" service for them every Sabbath, and many of them have, by this means, been led to Christ; and we hope they will take the truth to their friends who are still living in the grossest darkness. My visits to the Naas have been of much comfort to my own soul.

Several of our members have died very happy during the past year, leaving a blessed testimony behind that they were going to be with Jesus.

I have travelled during the year about 2,700 miles, and been caught in storms when there seemed the greatest danger. "But out of all the Lord has brought us by His love."

Baptized, 216: 151 adults and 65 children; married 49 couples. Present membership, 276; increase, 69. This does not include about 40 of the Tongass people on trial.

## NAAS.

The past winter has been one of great trial and toil ; but we rejoice to say the good hand of our God hath been over us for good, so that the year has not been a barren one. By God's blessing we have received thirty-nine into the Church during the year. On the 6th of last month twenty adults were baptized and received into full membership. On the same day a love-feast was held, the Holy Spirit was poured out, and many witnessed to the power of God to cleanse from sin ; and at the evening service, when an invitation was given for all those who were willing to consecrate all to God, to come forward, the whole congregation pressed forward, and the house was full of cries and prayers, and not only were our members quickened, but some who had hitherto been undecided came out "on the Lord's side." Several families leaving heathenism have united with our Mission during the winter months.

Eleven of our members have been called away by death, but our loss has been their gain, for they all left a blessed testimony behind that the Jesus they loved in health was their support in death, and that they have gone to be "forever with the Lord." One young man who had stayed a short time in our village and learned about Jesus, going home with his parents, was taken sick in a heathen village. Against his wish the father called in the old medicine-man, who, doubtless, hastened the poor boy's death. He died in their midst, saying, "Father, forgive me, and wash my sins away in Thy blood ;" and so his ransomed spirit passed from that dark village to a mansion in the sky. Also, an aged woman died happy in Jesus. On her death-bed she saw what appeared to be four white women, who had come to carry her to her son, on the other side of the river (this little one had died when quite young). It seemed a trial for her at first to give up her seven children, but grace was given, and she said, "Jesus will take care of my children," and she passed away, speaking sweetly of heaven. A white man was also brought to Jesus and converted. His eyes were opened, he saw himself a sinner, believed in Jesus, and now makes a profession before all. In class, one evening, he said, "I was born in the land of Sabbath-bells (Scotland), but yet knew nothing of religion, and, after wandering in various parts of the world for thirty-five years, I was led to the Naas River to find Jesus."

No sooner is an Indian converted than he becomes anxious for the conversion of his heathen friends, and never were our Christians more earnestly seeking to draw their friends to Jesus than at the present time. A young man from the interior, who came last spring and joined our Mission, came one morning in November with his Testament, saying, "Please find me that text where it says, 'Jesus' blood cleanseth from all sin,' when I heard you preach that, it warmed my heart, and now I have heard that my mother is sick, I want to carry that word to her ;" and so he went one hundred and twenty miles to tell his heathen friends the good news that Jesus' blood "cleanseth from all sin."

T. Crosby.

Mrs. Green had taught our day-school for two years, but as the school grew and her domestic duties increased it became impossible for her to continue to do so; accordingly, in August, the chairman engaged Miss Stirtan, a zealous teacher, who is getting on admirably with the school, which continues to grow, and was never in a more flourishing condition—seventy in attendance. Increase for the year, 17.

We are thankful to our Heavenly Father for preserving our lives amidst many dangers. We are now very busy, this is the "oolichan" season. These delicious fish come every year in March. The people from Port Simpson, Metlahkatlah, Skeena River, Tongass, and interior tribes, come here to prepare food, remaining from two to three months, so that we have the blessed privilege of preaching Jesus to thousands of precious souls. The people being divided into several camps, necessitates considerable travel.

Last Sabbath, in walking over the ice to an appointment at Port Simpson camp, with some young men, when near the middle of the river the ice suddenly broke, and two of my young men fell into the cold swift water. Fortunately we had brought a small canoe on a sleigh, in case of an emergency, which we instantly launched, otherwise, as the ice broke all around, we would have been without help:—

" But out of all, the Lord  
Hath brought us by His love,  
And still He doth His help afford  
And hides our life above."

We reached the camp safely, and spoke to the people who crowded the house, from the words, "Enoch walked with God." We realized the presence of our Master, and felt it to be a glorious privilege, that man by faith may still walk with God. After visiting four camps, and attending to the sick—twice my feet broke through the rotten ice—we reached home at half-past eleven, thankful to Him who had preserved our lives. Our services are all well attended, never before did the interior people come in such numbers. We trust many of them will give their hearts to Jesus. Members, 160. A. E. GREEN.

#### BELLA-BELLA.

After receiving our appointment from the Conference, we started from Skeena River, in July, 1880. We had travelled nearly three-fourths of the journey when we were informed that Bishop Ridley, of the Church Missionary Society, had sent a man to the very spot to which we were going. We consulted with Bros. Crosby and Green, personally, and with the Chairman and several other ministers by letter, when we came to the conclusion that it would be unadvisable to proceed farther; and as Bella-Bella was urgently asking for a Missionary, we retraced our steps to that field of labour.

We praise God for the abundant manifestations of His presence and power to save, during the few months that we have been among

One year ago they might have been found in the midst of heathenism of the darkest and most cruel nature—to-day, many of them are "sitting at the feet of Jesus, clothed and in their right mind." Our religious services have been attended by old and young, and about ninety have come out on the Lord's side. We have brought out two young men as exhorters and class-leaders. They are earnest in their work, and are doing good service for the Master.

Mrs. Tate has kept up the day-school with a total attendance of eighty, and an average of forty-five. We cannot secure the Government grant on account of having but one daily session, this being all that Mrs. Tate could accomplish in connection with the household duties, visiting the sick, etc. The school is comparatively large, and ought to have a teacher, whose whole time could be devoted to it.

During the winter we have erected a Mission-house and a school-house; the latter serves the purpose of a Church also. The Indians have subscribed to the amount of \$462 toward the erection of the above.

BELLA COOLA.—We have made one visit to this place, and feel thoroughly convinced that this will be a grand field for Missionary labour. We would strongly advocate the appointment of a Missionary, or at least a married teacher, to this very important field. We trust that the incoming year may be one of great spiritual success, when hundreds of these poor people shall be brought to the Saviour. Members, 87.

### EDMONTON HOUSE.

LITTLE change of a favourable nature has attended the history of this Mission since the last year's REPORT was issued; nor can much be expected until a suitable Missionary can be obtained to take charge of its spiritual interests, who will make a longer stay than what has unhappily marked the previous appointments. The teacher, Mr. Glass, recently appointed to the day-school, conducts religious service, and established a Sabbath-school. Of these, he says, "he is encouraged in his Mission-work by the sympathies of the people."

## WOODVILLE.

Bro. Nelson, sent out last summer as a teacher to this Mission, writes, under date of Nov. 16th :—"We are all well ; Mrs. N.'s health very much improved. Found things very much out of repair—a great amount of work to be done. The Indians are coming in to the Lake,—over thirty families, or about one hundred and fifty people. They are building houses and settling down. They seem glad some one was sent among them. I talk to or with them every Sunday morning, and have class and prayer-meeting in the afternoon. They all turn out to morning service, and are very attentive. The class is well attended. We have some real earnest soldiers of the cross."

*The following from the same is of later date :—*

The attendance at school would be much larger, but many of the children have not sufficient clothing for the cold weather. When mild, many of them come barefoot, though the snow be deep, and only a piece of a blanket to cover them. I wish some of our Sabbath-schools of Ontario would kindly remember the poor little half-naked, and in some cases entirely nude, boys and girls of this great country, by sending them some of their cast-off clothing. It would cost them very little ; and, Oh ! how it would gladden their little hearts to receive such a present.

The Indians of this section receive less from the Government than in many other places, as the impression is that there is more game about Edmonton than further south ; but there is little or no winter game, and the destitution and want in some instances are very great. Notwithstanding their misery and hunger, life and property are perfectly safe. We find the children very apt and willing to learn. Some, in less than three months, have learned lessons of one and two syllables, understand and do small sums in addition, and, in writing, make rapid progress. They have already learned to sing over half-a-dozen hymns very nicely. It is cheering to hear them singing in the stillness of the evening, often the whole family joining in. Owing to there being no permanent Missionary among them, and through their being brought into contact with the Romish Church, a number of families have joined that communion, whose teaching seems to benefit or better them no more than their pagan traditions, as they have no regard for the Sabbath, and think it no wrong to gamble off all they have—blankets, horses, and even their wives. When I first visited them, asking them to send their children to school, they looked suspiciously at me, and said, "Na-mo-yah." I left, trying to think of some place or way by which I might reach them, not forgetting them at the throne of grace. After the school had been opened some time, and they saw the scholars with their hair cut and faces and hands clean, and showing a marked improvement generally, also that they were learning a little English, they concluded to let them come. But they were not to "learn to pray." Oh ! the hold the priests have on these poor people.

But their prejudice is friendly toward us.

But their prejudice is gradually giving way, and they are more friendly toward us.

Our Sabbath services are generally well attended. Only a few are not constant church-goers. I meet with and talk to them in the forenoon, after which we have class-meeting; and in the afternoon, Sabbath-school and prayer-meeting. We had meetings Tuesday and Thursday evenings during the winter, but now they are all busy putting in their crops, and we find it more convenient to have services only on Sabbath.

We had a pleasant visit from Mr. and Mrs. McLachlan, in January. He conducted Sabbath services, baptized and married quite a number. We had our first visit from our Chairman, Bro. McDougall, last month. His visit did us good. He encouraged and instructed us in our work, delivered a practical discourse to the Indians in the morning, followed by a conversational meeting, which took up the remainder of the day.

#### VICTORIA.

I cannot return as bright a report of this Mission as I would wish. The order seems to be hard work, and little to show for it. Still our services—preaching, class, and prayer-meetings—are all well attended. We have been endeavouring to keep up a school. At present, Mrs. McLachlan is attending to that department of Mission work.

Though I have just written that our report is not what we wish, yet you must not imagine that we are entirely without signs of the Master's presence. The members of the Church are becoming greatly quickened, and the adherents are evincing a seriousness that is certainly encouraging. It is true that one feels discouraged at times, but still I feel that a glorious harvest will yet be reaped here, and soon. We are greatly cheered by the assurances that reach us from time to time, that earnest prayer is being offered for us. I trust that the Church in general strengthens our hands by united prayer. Backed by this mighty influence, we feel that failure is impossible. I may add that I am still hard at work at the language, and hope ere long to be able, at least, to converse with the Indians in their mother tongue.

J. A. MCLACHLAN.

#### WHITE FISH LAKE.

As the Rev. H. B. Steinhauer is on duty in Ontario, and the White Fish Lake Mission is left in my charge, a few words from me concerning the state of affairs here may not be out of place.

There has been very little sickness, one death, one marriage, a number of births, and five children have been baptized by Rev. J. A. McLachlan, who also administered the Sacrament of the Lord's Supper. The preaching services, conducted by two local preachers, viz., Benjamin Sinclair and John Hunter, are well attended. I would say of the people that their earnestness in worship, and their

zeal displayed in coming to church, some on foot eight miles and some more, are gratifying evidences of their appreciation of the means of grace, and of the heartfelt religion which many of them experience. The class-meetings and prayer-meetings are often "melting seasons," and we feel "it is good to be here." Nor is the beloved Missionary, "Father Steinhauer," forgotten, for we all pray for his safety and success.

The roofless walls of our new church, which is beautifully situated, seem to be making mute appeals for help. How we long for its completion. We are cramped for room in the old one on ordinary occasions. The people would like some help to build a new school-house this summer, which is much needed; and they seem to be very poor indeed, although they raise quite a crop of potatoes, barley, and wheat on their little farms, or gardens rather; but everything they buy they have to pay a great price for, and that eats up their little crop very fast.

#### THE SCHOOL.

We arrived here on Friday, Sept. 3, 1880, and received a hearty and hospitable welcome. At a public council, called to interview the new teacher, we were encouraged by the kind and appreciative greetings of the Chief and others, at whose request we commenced our school the next day, and have great reason for believing that we are in the path of duty. We have had good health, have purchased a home, fitted up a residence, and that without the loss of a day to the school, for Mrs. Y. helped me, and we are contented with our lot. We love the children very much, for they take such an interest in all the school exercises. There are about forty children of school age residing here, besides visitors from Good Fish Lake occasionally. Our average for the last quarter has been twenty-five, and the greatest number attending on any one day has been thirty-three, twenty-one of whom read in the New Testament. We have also a large Sabbath-school, and ample opportunity for developing our musical talent; for the children and adults, too, seem always ready to sing, and they take up a tune very readily, nor are they very long in learning the words.

In conclusion, we would ask your prayers for us, that we may become more and more useful in this fertile field.

JAS. A. YOUMANS.

#### MORLEY.

The past year has been one of slow but steady progress. Our people have been moving up towards a better understanding of Christianity and its teachings. In the Church, at the Mission-house, and in the camp, anxious inquiry has been made and deep concern manifested because of those things which are spiritual and eternal. Our services have been well attended. During the winter the church was crowded every Sabbath. The class and prayer-meetings are much appreciated; especially in the former do we often hear testimony

which makes us forget for the time the hard experience of our lot. The day and Sabbath-schools have been better attended than ever heretofore. This also is very encouraging. The transient state of this people has been one of our chief drawbacks.

We have also made rapid strides towards civilization: Our people have put up between fifty and sixty houses (some of these finished), not mere shanties, but very good log-houses of hewn timber. Many of these would do credit to the handiwork of a white man. They have also learned to make lumber, and some of them have become expert in the use of the whip-saw. They have now about one hundred acres ploughed and fenced, but met serious discouragement this spring from the fact of there being no seed for them. The responsibility of this falls on the Indian Department of our Government. In consequence, only one-third of the prepared land is under crop.

Profoundly grateful for the mercy of our Heavenly Father, who has smiled upon our efforts at home, protected us from many dangers abroad, during long and perilous journeys, and hopefully looking into and working for the future, we will enter (D.V.) the incoming Conference year.

JOHN MCDUGALL.

#### FORT MCLEOD.

Our work has been preparatory. We have laboured chiefly among the members of the Mounted Police, white settlers, and floating population. The Indian work has been attended to, but has not received the attention due to it. This was owing to the unsettled state of the Indians among whom our lot is cast, the amount of time demanded of us for the white work, and the want of a teacher. More time is now given to them. When we get fully located among them the most of our time will be employed in their interest. Indian services were held during the early part of the year, but were discontinued for want of an interpreter, and through the departure of the Indians. There are four white services, which have been well attended. The school has succeeded well. We had to give it up for some time, owing to sickness and removals. Many have listened to the Gospel for the first time in many years, and some have heard it for the first time in their lives. There have been difficulties, yet God has blessed us. Some have expressed a desire to "buy the truth and sell it not." Adherents of every denomination represented here have formed part of our congregations. We have a work in this Rocky Mountain District, and a position in the country. Our white work, for the present, must become subordinate, but in a year or two must be earnestly laid hold of. The past has been successful, and the prospects are pleasing and full of hope.

### NORWAY HOUSE.

THIS oldest of our Missions presents but few changes. The members which left, forming the Fisher River Band, have had their places largely supplied by families coming in from the country around. The services are well attended, and the prayer and class-meetings are as fully recognized as the worship on the Lord's Day. There has been a growing disposition to hold a service, as a class which more resembles a Scripture reading, which has resulted injuriously to the growth of grace in the membership. At present there is a return to the old paths, much to the improvement of the religious interests of the members.

The school has been taught but part of the year, but has now been opened with good hopes of greater good. Members, 263.

ORRIN GERMAN.

### OXFORD HOUSE

Presents no new features. There are but few at the Mission, except in the autumn and spring, which interferes greatly with the success of the Missionary, both in religious and educational work. Another difficulty exists in the fact that at the time when the Missionary must visit Island Lake to meet the bands then on their return from the hunting-grounds is the time he is specially needed at Oxford House. A plan is in contemplation to obviate this difficulty, and it is hoped that both places may get the attention they need at the only time they are accessible. Members, 175.

### NELSON RIVER

Is visited once a year. During three or four weeks only in the early summer are the members accessible, and then it seems desirable to employ the time in almost continuous religious exercises, so as to stimulate the zeal of the people, who for the rest of the year are scattered in the northern forest in their accustomed hunt. This band, meagre as their advantages are, give great satisfaction; and Mr. Isbister, the agent of the Hudson Bay Company has greatly aided the work. Members, 70.

Of Beren's River, a hundred miles up, twice visited; and Poplar, on the lake, and Dog's Head, are visited four times a year. We now cannot speak encouragingly of these polygamous bands, and yet there is a longing to hear the Word of Life, and a very vile opponent of religion has recently sought admission to the Church; so we see the Word which is of God is among them. We labour hopefully, more so than in the past. Members, 67.

**FISHER RIVER.**

The new settlement at Fisher River gives much encouragement. All the families are comfortably settled on the Reserve. No suffering existed during the winter, though the fishing was poor; yet the beginnings of farming are very hopeful. All attend service on the Lord's Day, spending the day at the place of service. Preaching in the morning in English, most of the Indians having English hymn-books, which they can read. In the afternoon the Sunday-school is taught, and at half-past two p.m. the service in Indian is conducted. ### NEW CREDIT.

This year we have received on trial for Church membership some very interesting inquirers after truth, who, when converted, may be useful. There are hindrances, perhaps peculiar to the Indians, to a steady growth in grace which the Missionary has to mourn over. Some, however, are appropriating the graces of the Spirit, and growing strong in the Lord. All the old people, with one or two exceptions, have passed away, leaving a good testimony of Christ saving to the uttermost.

By the untiring efforts of Chief Herkimer, a beautiful Church organ has been secured and paid for. The Quarterly Board presented Mr. Herkimer a hearty vote of thanks. Your Missionary was kindly remembered with a presentation of \$20, the result of a social after paying for the organ. Financially, the Mission is ahead of the past for many years. May a genuine revival of pure religion soon follow.

### GRAND RIVER.

Our congregations are on the increase, especially at the Stone Ridge appointment. Some of the Pagan Indians are beginning to attend our services. I am obliged to have an interpreter at each appointment. I find it very difficult to get the right kind of man; those who can interpret well are unsteady in their habits, and those whose habits can be relied on are poor interpreters. However, we have to do the best we can under the circumstances. After making up for deaths and removals, we have a small increase of members.

### MUNCEY.

During the past year all the services on this Mission have been faithfully sustained. Nothing of a remarkable nature has occurred, but we trust there has been a maturing of religious intelligence, and an increase of spiritual life among our people. An increase of intellectual and of spiritual power by the anointing unction of the Holy Ghost, will accomplish what all other means fail to effect. Nothing but real Apostolic living and labours will save the Indians of our country, or any other class of fallen humanity. The Bethel appointment is this year transferred to Iona Circuit, leaving six on this Mission.

The outlook on this Mission is, on the whole, of an encouraging nature. During the Conference year now closing, we have, by the Divine blessing, been able, not only to keep up the work as we found it at the beginning of the year, but have somewhat enlarged it by taking up a new appointment, for preaching, in another part of the Mission and establishing another Sabbath-school. This new Sabbath-school is superintended and taught by the Indian members of our Church, while the Bible-class and Sabbath-school, at the old appointment, is superintended and taught by the resident Missionary, assisted by his daughter and one of our Indian members. These two Sabbath-schools and Bible-class, which number about fifty children and young men, are doing a good work.

During the year our congregations have been good, and many of our services times of great spiritual profit, though we have been labouring under a great disadvantage, having to use the school-house for all our services. During the year we have been doing what we could to raise money to repair the Mission Church. Our efforts in this direction have been principally confined to the Indians, as we wished to impress upon the minds of our people the practical duty of helping themselves. We expect in a few weeks to have the Church ready for re-opening, as the work of repairing it is now progressing. We hope, that with the funds on hand—including the \$100 grant by the Missionary Society—and what will be raised at the opening services, to be quite free from debt.

The day-school, under the charge of the Missionary teacher, Miss Hyndman, is doing a good work among the Indian children.

The Oneida tribe, numbering 680, though receiving no annuity from Government, are improving in temporal and spiritual things, and increasing in numbers and learning to help themselves. There is also an increasing desire for education among the 150 children on the reserve.

The Indians, at their own expense, have prepared a good school-house in a distant part of the reserve; and have thus far paid the teacher and furnished the school requisites. There are sufficient children for another school without taking from the Mission-school. It would very materially strengthen and enlarge our influence, as a Church, if a small grant, say of \$100, were made to this school by the Society or the Indian Department.

In conclusion, we would remark that, while the past year has been one of great trial and affliction, occasioned by the sickness and death of the Missionary's wife, who was a faithful worker in the Mission cause, God has mercifully sustained us in our work. We have kept up all our appointments, and visited the sick and the people generally. As we keep no horse we have walked some hundreds of miles to do our work, and rejoice to be able to do so. The ordinances of the sanctuary and the class-meetings have been well attended; and, spiritually, the members are, with very few exceptions, in a healthy state. At our special services last winter there were several conversions, and we report a small increase. In the Sabbath-school, under the direction of Mrs. Creighton, an increasing endeavour is made to sow the good seed in the minds of the young. And besides their educational training, our efforts for their religious culture are diligently seconded by Miss Armstrong, the day-school teacher. Both institutions are efficiently conducted.

I expressed a hope a year ago that by this time the debt incurred in the purchase of an excellent organ would be paid off. I have not been disappointed. The responsibility has been fully met.

I notice with pleasure that some of our people are paying increased attention to the cultivation of their farms. Were this to become general, the means of subsistence would not be so uncertain as with many they are now. Our temperance work has been well sustained, and has been the means of saving many of our young men from the blighting influence of strong drink. Some things we have still occasion to deplore. May the Great Head of the Church undertake for us, overthrow His and our enemies, and extend among us His own cause and kingdom. Members, 92.

I am sorry we cannot report more favourably of our Mission for the past year. We have had more than our usual hindrances; in the first place, although we had last year to report a hard winter, the present one has been very much more severe, and greatly more trying to the Indians, as this has contributed to their poverty. Several of them, indeed, have suffered very much from the want of the common necessaries of life. In the next place it has been a time of great and unusual sickness, as the measles have been for several months among our people, and still exist in some of the families. In addition to this, the severity of the winter has developed an unusual amount of pulmonary affliction, from which cause not less than ten deaths have occurred. All these circumstances combined have contributed to diminish our Missionary subscriptions considerably. Added to this, Bro. Buchanan has preached regularly at Roseneath for several months past, and we have not, as heretofore, called on the white friends, who used to attend our church, for assistance. In other respects we have great cause for thankfulness that so little drunkenness now exists in our midst, although there are a few who still give way to this vice. It is remarked by all that there has been much less this winter than for many years. Our class-meetings are times of much hallowed feeling to our people, as well as our quarterly services; and when the people are all at home the Sabbath means are well attended. Both day and Sabbath-schools are also well attended; although for a few weeks we had to close them in consequence of the measles, yet they are now open again, and the children are making considerable progress. Our total membership is 41, including 5 whites. Five whites who were reported as members last year are now members of the Roseneath congregation.

Our Indians being, in point of numbers, considerably less than other bands on former fields of labour, and our work being immediately restricted to this locality, we are not prepared to present either a varied or an extended report when compared with past times. Our regular services, however, as well as our cottage meetings, and protracted efforts, have been seasons of good, the Indians, with scarcely an exception, greatly encouraging us by their very serious deportment in the house of God. Some of them, we are led to hope, are not far from the kingdom of God, whilst others, veterans in the cause, are still valiant for the faith. We have the hearty co-operation of our Official

Board, one of whom, a native local preacher, continues to render very efficient service. The Sabbath and day-schools are progressing favourably, although the average attendance at the latter, is far from encouraging to the teacher, who has most praiseworthy, as well as most efficiently, discharged the duties of her calling. Considerable efforts have been put forth to arrest intemperance, and very satisfactory success has been the result.

The Indians have, out of their own funds, painted the outside of the church and the fence, and by a grant from the Missionary Society we have greatly improved the Mission property. Two of our members have entered into rest, one of whom, an assistant leader, was held in high esteem by us. Members: Indians, 26; whites, 9; total, 35.

It is with gratitude to the Great Head of the Church that we record the mercies of another Conference year. Our labours amongst these Indian brethren and sisters have been new, but we have enjoyed our work, believing the appointment to be of God. The presence of the Master has cheered us greatly as we have attended to our various duties as their Missionary; and, blessed be God, our labours have not been in vain in the Lord. Some have been converted, and others greatly quickened during the year. God has taken some to himself who witnessed a good confession of faith in the power of Jesus to save the poor Indian in life's latest hour. Eleven of our members have died during the year. Our people have contributed to all our Connexional funds, and it is pleasant to record advancement, particularly in their offerings to our Missionary fund. They have also contributed a little towards the support of their Missionary.

Our Sabbath-school has been kept open all the year, and the attendance has been encouraging. We use the "Uniform Lessons" in order to illustrate and impress the truth on the hearts of our young Indians. The Mission school now under the efficient instruction of our indefatigable teacher, Miss Barrett, is in a most hopeful condition. We have found her a willing helper in the work of the Lord. The continual prayer of our heart for these dear people is, "O Lord, revive thy work!" Will those that love Jesus and the Indians join us at the throne of grace? Much good has been accomplished among these Indians during the past year. Most of the converts who have been taken on trial remain faithful and active Christians.

The Sabbath-school is not so well attended as is desirable, and existing circumstances render it impossible to keep it open more than six months in the year. The day-school is prospering, but the parents do not seem to fully appreciate its advantages, or the attendance would be larger and more regular. We trust that the instructions given will prove a blessing to the rising generation, and its fruit be seen after many days. Number of members, 61; on trial, 6. Total, 67.

### WALPOLE ISLAND.

On reporting this Mission the sixth year, I feel truly grateful to the Giver of all good for His goodness to us as a Church, that he has granted us peace and prosperity in all our borders. When I was taken sick last fall, the Mission was in a more healthy and vigorous state than it ever had been before. From the Conference up to the 15th of September, I had taken into the Church, by baptism, etc., ten Pagans. In the year I have received thirty four; eleven were Pagans. We have lost seven by death, ten by removals, etc.; I return an increase of seventeen.

Our day-school is doing a very good work; but our average is far from what it would have been if the past year had been a common one. If I had acted in accordance with my own judgment, I would have closed the school in August, for a time. Take the summer and fall, the Island was for most part of the time under water. Another thing which has been very much against the average, the measles got into the school, and the most of our pupils were bad with them one time of the winter or at another. Many of our people, in August, had not the first thing in the shape of food for the year. Then wheat, corn, etc., all gone by the rain. Yet there is no suffering reported. Why? Because our people acted like men, and wrought for themselves and families wherever they could get work. After all, they are now engaged in painting their school-house and putting up a bell; the whole will cost them about \$81. This is doing well under their trials of the year

### SAUGEEN.

During the past year we have endeavoured to promote the best interests of the Indians, both as regards their bodies and their souls. The sick have been constantly visited, and their temporal as well as their spiritual wants frequently supplied.

It has been a year of very great trial and discouragement; the Devil seems to have been allowed to put forth unusual and determined efforts to lead captive and accomplish the ruin of this band. Drunken-

ness has been much more prevalent than for many years past, and the result was a marked decrease in attendance on the means of grace. The Indian is fully aware of the inconsistencies of professing to be pious while indulging in the use of the accursed fire-water. After drinking they will not come near the means of grace for months. I have become quite discouraged in prosecuting parties for giving the Indians liquor, having had to fight the battle alone, and meeting with opposition from those from whom I might reasonably expect sympathy and assistance. Yet there are encouragements in the work, for many give evidence of sterling piety in life, and there have been some most victorious and triumphant deaths during the year. We must continue to put forth earnest efforts to save these poor souls from sin and hell, and not leave them to the malice and power of the adversary of their souls. May the Great Spirit save them! This Mission is large—too large for one man to attend to and give satisfaction—having between 500 and 600 Indians on the reserve; of these a very small portion, between thirty and forty, are Catholics. The Protestants all attend Church, and of the members all attend class-meeting, if not regularly, occasionally. The work is four appointments each Sabbath, and a Sabbath-school, and to walk from ten to fourteen miles, going and returning.

Financially, our people are in a very poor state, which is much against them. But we had a grand revival during the year, and the people are now being stirred up again. A few were added in the past and we are expecting more. We have peace and harmony. Baptized, 12; buried, 11; married one couple. Members, 85.

#### CHRISTIAN ISLAND.

With few exceptions our Indians still love to attend the house of prayer. Their agricultural improvements are not such as we would like to see; their loading of barges on the north shore, once every two weeks, is one of their drawbacks, and temptations are met by the weak-minded ones, and they go astray. We are thankful for the measure of peace vouchsafed to us. A young Indian, whose parents are Pagans, has been baptized, and also a woman, brought up in the Romish Church, now confesses that she receives good every time she attends Divine service.

Two families have moved from Beausoliel Island to this place. We have yet ten members there, and they have been visited three times during the year.

The winter has been hard on some of our people; consequently, their help to the good cause may be a little less than last year.

After the loss of 1 removal, 1 withdrawn, and 2 expelled, we have 98 members; a small increase of 3. A new parsonage is much needed.

I send you the Report of the Indian Mission on Parry Island, etc., as furnished by the native agent.

We thank God for the progress of this Mission. The work has been carried on faithfully with showers of blessings from on high. Souls have been quickened, and many young people have been converted. One of our young Indians is now labouring faithfully as a class-leader, and is highly appreciated throughout this Mission field. Our Sabbath-schools have been a great help to us.

We thank God for the great help we got from the Upper Canada Bible Society. The Bibles in English have been distributed among the Sunday-schools, and many Ojibway Testaments have also been distributed among our Indians on the north shore of Georgian Bay, even the young Pagans and Roman Catholics have now the blessed book in their possession. We hope that many will be saved thereby. Two young men have been brought from Paganism to Christ, and they are now rejoicing in the Lord. Your Missionary has visited the appointments as often as he could, and earnestly hopes that the seed sown will bring forth much good. Members, 100. WESLEY CASSON,

## OKA, CAUGHNAWAGA, AND ST. REGIS.

These Missions are still cheering our hope and encouraging our efforts to spread among the aborigines of our province a knowledge of the truth as it is in Jesus. The vitalizing power of the Gospel has, through the year, been witnessed in the different stages of the Christian life; the sound conversion, and the joyous and triumphant death of its subjects; and in no instance was there ground for any doubt as to its efficiency to meet such wants of our nature.

Disturbing elements have been largely at work during the year, and a certain amount of mischief has resulted from such; yet, the counteracting and conserving power of the grace of God has, through all, been pleasingly exemplified.

The death of Chief Joseph who was, through a number of years, so fully identified with his Indian brethren in their movements, and with us in working out their emancipation from Romish superstition and slavery, is greatly felt; nor do we yet see how our loss is to be repaired. Then, again, an agitation for the removal of the Oka Indians to a settlement in the west has been productive of no small measure of uneasiness and danger. Yet, despite these untoward circumstances, there has been a steady and progressive work; greatly helped by a series of revival services held for several weeks at the Oka village.

An arrangement to supply Joseph's place at the important appointment of Cornwall Island, where there are some forty families of Indians, all of whom are comfortably settled on lands of their own, has been made; but, as yet, the Caughnawaga and St. Regis appointments are unprovided for. It is hoped that at no distant day this lack may be met.

SAWTENHEIMER.

ALLEN SALT.

In addition to the school at Oka village, another was opened at a settlement some four miles distant, where were about forty children, who, heretofore, were unsupplied with any educational means. This, with the school at the Oka village, and as well that at Cornwall Island, has been efficiently and satisfactorily conducted. In the revival in the village, the scholars of that school were largely partakers of the benefits which flowed from it, a fact shown by their readiness to take part in the class and prayer-meeting services, weekly held among them.

JOHN BORLAND.

### LAKE OF THE TWO MOUNTAINS—OKA.

The difficulties in our path, during the past year, have been many and great; yet the Lord's presence has been with us, and we have been blest and successful in our labours. During the winter we held a series of services for the revival of the work of God, which resulted in the conversion of quite a number, especially of young persons, and in the quickening of the whole Church. This is witnessed in the spirit of all our services, and in the readiness with which the young people take part in our class and prayer-meetings. The deaths of two young Indian women during the year were delightful evidences of the reality of their professions while in health, and the power of Divine grace to save, not only from any fear of death, but into a joyous anticipation of the life to come. One of them suffered very much during her last illness, yet her great desire was to have prayer and the singing of hymns. She died in the triumphs of a Christian hope. The other case was that of a younger person, a Sabbath-school scholar of fifteen years, and not long before this a member of the Church of Rome. She evinced so joyous a hope of a better land that a number of persons who were present, spoke of her with surprise and wonder. Some of them, Roman Catholics, went for the priest, as they thought such a person should not be permitted to die out of the communion of the true Church, and to be lost. But she was too fast on the Rock of Ages to be moved by the priest of Rome; and he had to leave her utterly worsted and discomfited. Yet, the Romanists have not hesitated, since then, to say: "She is a saint in heaven." Thus it is the Indians, as they die, show that our Mission among them has not been "in word only but in power, and in the Holy Ghost, and in much assurance."

Our day and Sabbath-schools are made a great blessing to the young. A new school opened during the year, about four miles from the village, is giving its measure of influence for work; and has proved to be a great success, not less for preaching and prayer services than for the objects of the school. At present, much difficulty is felt in getting a place in the Oka village, for the school and our services generally. Our school-house has been taken from us; yet we hope, ere long, to obtain another building to meet our want in this particular. During the year, eleven persons, who at its commencement were members of the Roman Catholic Church, have joined us; one of them

### MOUNT ELGIN INDUSTRIAL INSTITUTION.

The esteemed Governor of this branch of our work having requested to be relieved from his onerous duties and responsibilities, we give in full his interesting report, expressing our sincere regret at the loss of his valuable services:—

The six years and a-half of my incumbency in this Institution have been years of great anxiety, care, and toil; but, I rejoice to say, they have been very prosperous, in the advancement of the religious and material interests of the Institution, as well as in the intellectual development and spiritual attainments of the pupils; and the past year has been as much, or more fully marked by these evidences of advancement as any of the former.

The school has been in a very fine state of prosperity throughout the year. The scholars have evinced a growing interest in their studies; some of them are frequently found, during their leisure hours, in groups, studying. They have evinced increased attention to instruction given, promptness and fidelity in the performance of duties enjoined, and greater deference and respect for those appointed to govern and instruct them. The farm is increasing in productiveness—the erection of our large and excellent stock barn—30 x 110 feet—containing in its first compartment stalls for thirty-two cows; in the second, six pens, for cows and young calves; in the third, ample room for twenty calves, of first year, with two pens for the younger and weaker; and in the fourth, ample room, of first-class quality, for one hundred sheep, with best arrangements for light and fresh air. For this erection we received from the Honorable the Indian Department of the Government \$1,000. We have also built a very good and commodious carriage-house, and have added eighty rods more of good board fence to the farm.

To give to the Officers and Patrons of our noble Missionary Society, the Central Board, the Committee of Finance, and the friends of the Institution generally, a correct idea of the building, its compartments, and the improvements made during our period of service, we add:—The building is a large, substantial one, built of brick, two-stories above the basement. It contains eight compartments in the basement—scholars' dining-room, kitchen, room for milk pails, pans, crocks, etc.; one for flour bins, working, and furnace; a milk and butter room; one for bread, meat, and all kinds of prepared food for immediate use; one for vegetables; and one for all kinds of fruit; the two last are new; the others we have thoroughly cleaned and repaired; they are all well drained, with tile under the floors; the four first-named are floored with one and a-half inch flooring, well laid on cedar joists; the milk, bread, vegetable, and fruit cellars are all made with good cemented floors; have made a brick entry to the vegetable and fruit cellars; have taken down the south wall of the upper and lower kitchens, which was just ready to fall, laid the foundation deep and securely, built up a new wall of good brick; made a new entry to the lower kitchen, new floor in upper kitchen, plastered the walls, made new iron sink in the upper and a wooden one in lower kitchen. It contains also an oven-room, with an ample oven, which we have also improved, in which we bake three or four times per week, and from seventy-five to eighty loaves at each time for the scholars. On the first floor there are twelve rooms. In the Governor's apartments there is an ample parlour, a suitable office, and a bedroom, with front hall between the two latter. At the front door, in the centre of the front side of the building, at a proper distance from front door, stairs lead to upper hall, where there are four good bedrooms, distinct and separate from all other parts of the house. A good-sized school-room, in the wing at north end of the house, with washroom at east end, and a small room between the school-room and main hall for bookcase, etc. Main hall,

running from north-east to south-west end of the house; a bedroom for girls off upper and lower kitchens; on left side, a large dining-room for Governor and family; upper kitchen in second wing, running south-east of rear side of the house, with two pantries and entry. Next to the dining-room is the store-room, containing the boys' clothes and new materials. Next is the matron's room; and on the opposite side of the hall the sewing-room, where the Indian girls work; and the principal entrance for the Indian girls is between these two, at the end of the hall. The dormitories for the Indian girls are upstairs, in three rooms, separate from the rest of the house, over the sewing, stove, and matron's rooms. The storeroom for the Indian girls' clothing, etc., is between the Governor's apartments and the dormitories for the Indian girls, and may be entered from either. The boys' dormitory is over the school-room, entered by stairs from the boys' washroom. Next, in main building is the teachers' room, from which he has immediate access to the boys' dormitory. From centre of main building, stairs lead to the hall in north end of second story; men's bedroom on right side, joining the teachers' room; on the left is the carpenters' room; the north-west corner room is the room for the sick, among the boys, when needed.

We have laid new floors in the school-room, main hall, sewing-room, and upper kitchen; have taken off two, three, four, and in some five coats of old paper from the walls of all these rooms and halls; several of the ceilings have been made new, and also large portions of all the walls and other ceilings, and then put new paper on all the walls of all the rooms and halls, upstairs and down, except the school-room and boys' dormitory, and this we have done with our own hands, besides other essential improvements. We also put a new roof upon the main building, laying the shingles in lime mortar.

We have built a new frame outside-kitchen for salting and packing meat, keeping bran, bags, and for general purposes; a brick smoke and ash-house of suitable size; an ice and oil-house; two large sheds, 16 x 50 feet each, for wood, waggons, etc.; a tool-house in the end of the north side one; the carriage and ice-house being between the sheds; an excellent wood-house 20 x 52 feet, containing 100 cords of four feet wood, running east, from east end of north shed; raised and put new foundation under the slaughter-house and shed attached, used for oven wood; planted more than one hundred fruit trees, some in place of those destroyed which the Rev. James Gray planted. We have now two hundred fruit trees, many just beginning to bear, which we have fenced securely; have made two wells or water tanks, each 14 feet deep and 10 feet in circumference in the clear, bricked up with eight-inch walls, and plastered, as well as bricked up with water-lime mortar, one at the house and the other at the barn. We have water in good supply in case of fire, and for general purposes; raised the carpenter and shoe shop and shoemaker's residence, and put a solid foundation under them; plastered and finished the shoemaker's residence and shop, besides other improvements; built a lumber shed for the carpenter's shop, 16 x 50 feet, and have filled it with lumber of different kinds, much of it black walnut, which will last for years, with comparatively small cost; have built a waggon shed of sufficient size to contain three waggons and three sleighs, with hay racks and boxes, etc.; a house for agricultural implements; one for boys, 20 x 60 feet, with five apartments, and two others made in an addition; raised the old barn, put new timbers into the foundation where needed, large stones or rocks under it, making the foundation secure, enclosed it with new boards, increased the granary in the barn to twice its capacity, lined it with sheet iron above and on all sides, so that we have not even the smell of mice in it. We have added 24 feet to the length of barn, by the same width (35 feet); also, a new barn, 140 x 24 feet, running south-east, where the old one stood, which we had to take down. We moved the old driving-house to the south-east end of the barnyard; have made a stable of it for colts, and one for mares with foal; built a house for the married farmer costing \$500; have added at least twenty-five acres of crop-bearing land to the farm; made not less than three miles of good board fence; have raised a full supply of farm produce for the Institution, and some to spare, which averages twice as much as was ever raised formerly.

We will add a few observations from the Report of the Valutors of Stock, etc., for the present year.

"In passing over the good. We found the wheat crop good; potatoes very marked improvement are reasonably good; so splendid; heifers also some very extensive improvement. We consider that cattle, sheep, hogs, and our notice."

We found the wheat crop looking exceedingly well; oat crop fair; grass or hay crop good; potatoes looking very well; carrots and mangels not very well. We think that under the able management of the Rev. Thomas Cosford, there is a very marked improvement in the appearance of the farm. Also, some of the horses are reasonably good; some very nice young colts; cows very good; steers are splendid; heifers also good; stocks are generally looking well. We observe that some very extensive improvements have been made in buildings, viz.: Drive-houses, etc. We consider that there is about the best arrangement for stabling horses, cattle, sheep, hogs, and animals of all ages and kinds, that has ever come under our notice."

OUR AIM, in supporting and working this Institution, is to educate and elevate the Indian youth of our country, that they may become instrumental in the elevation and salvation of their own people.

On this point we will add: The best, most tractable, and successful pupils we get, are the children whose parents, when young, were educated in this Institution. The gentleman who took the census on this Reserve, this spring, assured me and others, that, while taking the census, when he found an Indian whose home indicated a state of greater thrift and improvement, made it a point to enquire, and invariably found that they had been educated and taught to work in this Institution. Many of our Indian girls have been employed as servants, and have given good satisfaction; some, after spending a year in one place, their employers have parted with them reluctantly, and have applied for others. We have had applications for them from very respectable families, but, at the close of their time, their parents, or some other person, are very anxious that they should return home, and the attraction prevails. Others of our scholars are now succeeding well as School Teachers.

Our fifty Indian pupils recite, with a good degree of readiness and correctness, from 200 to 600 Scripture verses every Sabbath, generally about 400. We teach the "International Sabbath-school Lessons," never urge them to learn more than the lessons, but always to learn them well.

THOMAS COSFORD.

THIS year has been one of greater encouragement than the last. Last year, owing to a pretty thorough pruning, we were obliged to report a decrease, but this year we are glad to report an increase of fifty-seven in the membership, to which each of the several Missions has contributed.

As to the work in Tokio, the brethren, Hiraiwa and Asagawa, have given reports of the two churches. We have besides two other preaching places; one is within our compound in Tsukiji; the other is in a division of the city called Hougo. We commenced preaching there (Hougo) about a year ago. It has been a time of seed sowing, for as yet we have not reaped any fruit in the form of baptisms and additions to the church. We are, however, not without hope that our labours may be rewarded. We are on the lookout for other preaching places, and purpose opening three as soon as we can fix upon eligible localities. We are also in hope that the new work which Mr. Hiraiwa has taken up in Asakusa (see Report) may develop into a church.

*Shidzuoka.*—Mr. Yamanaka speaks favourably of the condition of Shidzuoka, but we cannot hope for any great extension there until we get a better preaching place. There is an opportunity now of securing land for a church in a promising locality. The District Meeting re-affirms its resolution of last year, and asks the Committee for \$500 with which to buy the land and build the church. I earnestly hope that the Committee will be able to make the grant this year.

*Numadzu.*—This place seems to have had a year of prosperity under the faithful labours of Bro. Miyagawa.

*Kofu.*—See Bro. Eby's report.

I think that the spiritual condition of the several Missions is very encouraging. In each place we have genuine Christians, persons of undoubted piety.

We are also very thankful to the Great Head of the Church for raising up for the ministry of the Word, such men as have this year finished their probation, and have been recommended for ordination. They are good men and true—men of power. We have confidence in them and love them, and I think that, as a band of workers (both native and foreign) we were never more hopeful, and never felt more resolved to work for God and to expect great things from Him.

The ladies of our Missions are endeavouring to work according as they have opportunity. Miss Moulton, Mrs. Meacham's sister, has attended the Sabbath-school at Ushigome, so far as her health would permit. Since January, until within a short time, she has not been able to go often, but Mrs. Eby has taken the work for her wherever she could. Mrs. McDonald goes to the school at Shitaya.

## TOKIO.

SHITAYA CHURCH.—This church was newly built in December, 1879, and was dedicated to the worship of our Almighty God on the 21st of the same month, and since then the services have been held regularly twice on every Sunday, and once on a week-night. Mr. Sugiyama Hikoroku was then doing the pastoral work, and the members were six in number, of whom five were transferred from Ushigome Church.

By the District Meeting of last year I was appointed to do the pastoral work in this church, and since then I have been working in this sphere with God's help; and now I wish to report briefly what our Master has done here for us.

In November, last year, we held every-evening service during two weeks, and the church was well attended. The Rev. Dr. Crecker, of the Evangelical Association, and the Rev. J. Soper, of the M. E. Church, were brotherly affected to come and help us once each. Eleven souls, both old and young, were converted and brought to Christ by this meeting.

Other memorable events were the glorious manifestation of God's power and grace at the first quarterly service and love feast held in this church in March, this year, and the peaceful departure of an old veteran, Mr. Kubo, to that land where there is no sorrow and no death. This one Mr. Kubo began to attend our service from January of last year, and his eye was directed to the bleeding Calvary. He looked at it with steady gaze, and at last was melted in his tears for the love manifested, and was received into the full membership by the holy rite of baptism, in August of the same year. He was all the time growing in faith unto faith; but he got ill towards the end of the year, which lasted to this year. During his illness his brothers and sisters in Christ went to comfort him, when he was always glad to talk of the glorious hope in heaven. Every time when I visited him he said, with joy and tears, that he was very thankful for the privilege of having lived on the earth so long as to see the day of salvation. We always parted with prayer and thanksgiving. He slept in Jesus most peacefully, on the 20th of May, in the 65th year of his age.

Those who were baptized and received into the membership since I came till now, are nineteen persons, so that the present total membership (one died and one dropped) is twenty-three in number, of whom twelve are males, seven females, and four children; and there are six persons yet on trial. The Church is (it seems to me) in good health; members are praying one for another, are exhorting one another, and especially most of them are very eager to study, and search into, the Word of God.

The Sabbath-school, which is open in the afternoon in the church, is pretty well attended; Mrs McDonald, Miss Wada, and three young men, besides myself, are conducting the school.

There is yet one thing connected with my Church work which would not be, I think, improper to notice here. The whole city of

OSON McDONALD.

the large Tokio is politically divided into six "districts," and there is one called "Asakusa District," the largest of all, just to the neighbour of "Shitaya District," in which our church is situated. Well, in that Asakusa District, there lives one Takamura, a prominent member of the Asakusa District Assembly, who was one without God in the whole world. He began to come to our service in Shitaya now and then since about the fall of the last year (I know not from what motive), and also went about to attend other churches of different denominations for some time. Every time when he came to the church (though it was occasional) I was always on the appointment of our other chapels. He used, when come, to discuss on religious subjects with the preacher of that time, as well as with some members of the Church, and he would not believe in the existence of God, and would not admit the miracles of Christ at all. And he was so much obstinate and determined for his conviction that he became somewhat notorious there. I missed the opportunity of seeing him, and so, one day about the middle of April, this year, I called on him at his house, and talked with him mildly on political, moral, and religious subjects, for about four hours. In the course of conversation he said he could not well understand the preaching of Christianity in churches, because preachers, in general, use hard words, illustrations, and examples from foreign countries, such biblical expressions as could be understood only by those who know and believe in the Bible already, &c. And if there be some one who will preach in plain, simple words, in such a manner and with such illustrations that the commonest people can understand, then he will try to gather the rude, ignorant people in his neighbourhood who could hardly be called human beings, and ask that preacher to come and preach to them for their good. My heart was moved, and I said that I always consider preaching is not for the preacher himself, nor to display his learning and talent, but solely and purely for the good and benefit of hearers; and so, however splendid the preaching may be if the hearers could not be benefitted thereby that preaching is, so far, a failure. Though I am a very inefficient one, yet please try me; I will try to preach in such a manner as you wished to have, so far as I can. I continued to say that the truth is one and eternal as God is, but the way to illustrate it is not one at all. Though, however, I will try to preach in such a manner as the commonest of people will be pleased to listen; but I cannot disguise the truth, I cannot do such a thing as to call this tree (pointing to a pine in the front) a fir. This you must know beforehand.

We agreed upon, and I delivered my first sermon to a pretty large audience at a large leather work establishment in his neighbourhood, on the evening of the 4th of May. Now, I am holding the meeting there on every Wednesday evening. All listen remarkably well. May our Master honour me to reap some fruit at least!

Our female class-meeting is very interesting indeed, though the number does not excel a dozen. In October the last seven men amongst our members consulted together for a philanthropic purpose and giving some amount of money cheerfully, though it is yet small. And the same men also are very earnest for the salvation of themselves and for others; they meet regularly to pray for the subject, and they undertook themselves the labour to call sinners to Christ. Would God answer our prayers and show us special grace!

### SHIDZUOKA.

During this ecclesiastical year the spiritual state of this Mission is prospering. Owing to various circumstances, especially to the unfavourable situation and building of the chapel, our congregation has not been large. There has been a slight increase in number; four persons received baptism, one came from another church, two are on trial. We have held three services every week in the chapel. Our Sunday-school and class-meeting are well attended. Present membership is, adults, 48; children, 15; on trial, 2; total, 65.

YEMU YAMANAKA.

### NUMADZU.

(Translated by one of our young men.)

Since I have been called to the holy and important office of pastorship of this chapel in August of thirteenth year of the epoch Meiji (1880), I have been constantly praying to the Lord for His help, and He has graciously heard our prayers and has blessed my work on this Circuit.

Numadzu is a very small place, and its inhabitants are not generally moral, and they chiefly aim at worldly things. Owing to this the Church members do not increase rapidly, but the Lord has added seven adults and three children to the Church during this year, besides there are one adult and one child on trial. This might be said a good harvest, if we consider the state of the citizens as above stated; and I feel very thankful that not one has gone away from the Lord's Church, nor one who is retarded in his faith; and the spiritual state of the believers during this year is prospering. We hold four services in a week—two on Sabbath, and one on Monday evening, and one more on Friday evening. Average number of attendance in morning service of each Sunday is about twenty, some kept away by sickness, etc. On evening, attendance is same, but about twenty stand out-doors and hear preaching, and among them are some earnest hearers. The people feel diffident to come into the chapel, and therefore they stand outside. I hope that some fruit may come from them. On the evening of Wednesday the average number is about

T. HIRAIWA.

three services every  
class-meeting, \*

ten, besides about ten outstanding, on average. On Friday evening the service is held in a private house of a believer, and the attendance fifteen on an average number, besides about two unbelievers. This service is very promising, and those who have been added to the Church during this year have been gathered mostly from this service.

On every Sunday afternoon Sunday-school children are taught, and they are studious and promising well. We hope to have Women's meeting from the coming July.

There are two appointments beside, one in Hiraimura and another in Iwabuchi. These places are not without promise, though the attendants are very few. I go to each of these places twice in a month, and I will willingly go if there are any other places where Gospel preaching is wanted.

On the whole, the spiritual state of this Mission is prospering under the gracious hand of God. But as the reapers are few in number, while there is plenty to be gathered, I am constantly praying to God that He might increase the number of the reapers.

MINORA MIYAGAWA.

#### KOFU.

The last year in Kofu has been one of hard and faithful labour, without a striking amount of external results; and yet, to those acquainted with Mission work in Japan, there are causes of great thankfulness in the condition of the church in Kofu. The spiritual strength of the little flock has greatly increased as is evidenced by the fact—a remarkable fact in Japan—that the removal of the foreign Missionary caused no strain, no weakening on the part of those left behind. Instead of declension there has been steady growth ever since I left, as is evidenced by the number received on trial, and the doubled financial return of the last quarter. Most of the new members reported are the wives and children of men who were members before, but two or three new families have come in. Since I came away the Church has to be content with a small hired house; they, too, are in need of a church building. Full members, 25; on trial, 11; children under twelve years, 9; total, 45; increase, 17.

Owing to the interest of our Chairman in the work, which he has visited, and to the prayers of many of our people to retain their connexion with our Church, three of our appointments, embracing some sixty members, are likely to be attached to the Alice Mission, and supplied by an English-speaking German minister. Personally, we are very sorry that even one member must be transferred, and yet we are consoled by the thought that they will continue to enjoy the Arminian form of doctrine, and we indulge the hope that our countrymen in the Ottawa valley will yet all be converted to God by its agency. THE French work has not differed materially from that of former years. It may be said, however, that the prospect shines with greater brightness, and thus gives the Missionary a greater encouragement to pursue his arduous duties. The desire to acquire a knowledge of divine truth, on the part of the French Romanists, is increasing on every hand; and with such, a corresponding doubtfulness in the assumptions of the priests of Rome. One of our Missionaries tells us in his report, that on several occasions he has been most cordially welcomed into their houses, and asked to read and expound to them the Word of God. Another says: "Large numbers of Romanists, with ever increasing attention and interest, may be found especially in our evening services." Such manifestations of desire for a knowledge of God's word do not escape the vigilant eyes of the priests, nor fail to excite in them a determination to arrest and crush it

out. But their displays of zeal on such occasions—sometimes rising to outbursts of fury—frequently tells strongly against them; and fruits of a bitter disappointment, only, is left for them to gather. A case in point is the following:—One of our Missionaries having learned that a Bible he had loaned a French Romanist was taken from him by his priest, went with the man to demand its restoration. This the priest refused, but after storming for a time, he opened the door and ordered the Missionary and his friend out of his house. The man seeing the spirit and conduct of the priest, together with the weakness of the arguments he used for his defence, concluded that after all the Protestants might be right in their religious belief. He therefore asked for another copy of the Scriptures, which, on receiving, he so read as not only to obtain a thorough knowledge of the truth, but also of the peace which flows from justification by faith in the Lord Jesus Christ. Since then he embraces every opportunity to disseminate a knowledge of God's Word, and of the heartfelt religion he so distinctly professes. Of Montreal we are told, "*We are really in the midst of a constant revival.*"

A discouraging element in this work, and one very much felt, is the greatly increased emigration of the French people to the United States. In this emigration our French converts largely partake. Indeed, the fact of their renunciation of the Church of Rome becomes a motive, additional and potent, to any which may influence their fellow countrymen, to leave Canada for the States. By leaving Canada they get away from the priests' great influence to annoy and injure them; while in the States they can more readily mingle with Protestants without any fear of molestation. Not a Mission but has more or less this fact to mourn over. Bro. Beaudry tells us that "the only real discouragement worth naming has been the unprecedentedly large emigration of our families and young people to the United States and to the West in search of more congenial surroundings." And further, he adds: "This tide has, unfortunately for us, taken even some of our young men who, we hoped, would have joined us in our great work." Bro. Charbonnel does not hesitate to say, after closely counting up the families he from time to time has lost in this way, that but for their emigration from Canada he would now have around him in Sherbrooke a larger congregation than has any English minister in that town.

It is some consolation, however, to know that after all these persons are not lost to the great cause of the Redeemer; for they are being gathered with, and forming large portions of, the French

#### MONTREAL CENTRE, ETC.

This Mission field has been the scene of many a conflict and victory during the year, and the blessings of heaven upon us have been many. The only real discouragement worth naming has been the unprecedented large emigration of our families and young people to the United States and to the West in search of more congenial surroundings. This tide has, unfortunately for us, taken even some of our young men who, we hoped, would have joined us in our great work. However, we "thank God and take courage" for the following interesting facts which we are able to record:

1. Though the congregations at our Sabbath services are not largely increased, they are somewhat more uniform. Large numbers of Romanists, with ever-increasing attention and interest, may be found especially in our evening services. They behave much better than formerly.

2. Our week-day gatherings, though held very frequently, namely, Monday, Wednesday, Friday, and Saturday evenings, are largely attended. There is an evident deepening of spiritual experience. In interest developed, and in numbers in attendance, these meetings are a wonder to all people. In a ministry of a quarter of a century, in a great variety of fields, I have never seen the like. We are really in the midst of a constant revival. This is, perhaps, the most hopeful sign of the times among us.

3. Our Sunday-school, though greatly affected by removals, still works on with undiminished enterprise and zeal. The average attendance is large, and the average collections for the Missionary cause unabated.

4. The founding this year of a Methodist Institute in connection with this church for the purpose of training young men for our Mission work, and to encourage in all a taste for higher education, has given to our work a hold upon the confidence of our people as to its permanence and wide-spreading usefulness, which it never had before. This is one of the fortresses on the frontier line of our advancing column, and gives a new heart to those who are in the "brunt of the battle." This institution should ere long be permanently endowed, and sufficiently enlarged to meet the necessities of our growing work.

5. Faith in the feasibility of our work seems to be increasing in the hearts of all. This includes even many prominent Roman Catholics, who in several instances have testified their interest in our efforts.

6. The debt on our church property is gradually diminishing, being now six thousand dollars, (\$6,000) only about one-half of the

original purchase and repairs ; and all this has been realized in two years and a few months, and in the midst of an unparalleled national financial crisis.

7. But "the best of all is, God is with us." Had we no other token, this alone would comfort and inspire us. Thus in our bitterest conflicts we are enabled to sing,

"Fierce and long the battle rages,  
But our help is near ;  
Onward comes our great Commander,  
Cheer, my comrades, cheer."

#### STATISTICS.

After the great loss by removals of sixty persons from our rolls, we continue with an aggregate membership of 110, a decrease from last year of only 43. Baptisms of adults, 7 ; children, 12 ; marriages, 14 ; burials, 6.

NOTE.—We have held regular Sabbath services once a fortnight at Belle Riviere, P.Q., during the year, where a growing interest is apparent both among French Canadians and English-speaking people. Many other places in the vicinity of Montreal might be visited with great advantage to the work, had we the means. The men are ready, but the means wanting!

#### POINT ST. CHARLES.

This field comprises Point St. Charles, Tanneries West, and Cote St. Paul. I have gone over it visiting, to converse with the people and distribute Bibles, Testaments, portions of the Scriptures, and Tracts. In it I have three preaching places, which I occupy each Sabbath day. The services have many times been crowned with manifestations of the Divine presence. In my visits among the French Roman Catholics I oft times meet with rebuffs, yet there are others who treat me with the greatest kindness, and accept my services with much cordiality. A number of our best and most earnest members have left for the States. Much of my labour has been to seek employment, and other forms of assistance, for those who, on becoming Protestants, are violently persecuted by their Romanist countrymen.

#### HULL AND OTTAWA.

The efforts to disturb us in our work have been, throughout the year, very great and continuous. In various ways our enemies have laboured to intimidate persons from having anything to do with us ; and actually went so far as to endeavour to capture and carry away some that were converted under our ministry. Nevertheless, we have held our position, and have continued to preach to benighted Romanists, as to others, the glorious Gospel of the blessed God. Our meetings are fairly attended, but would be much more so but from fear of the violence the Romanists frequently resort to. We have appealed

on several occasions to the authorities for protection, but without any beneficial effect. Repeatedly have stones and other missiles been thrown at us through our windows; while insults have been hurled at our people in the streets as they have been returning to their homes. This spirit of persecution is further seen in the fact, that as soon as a Romanist turns to the Saviour he is deprived, so far as their influence extends, of the means of subsistence heretofore made use of; and in such instances we have to minister to the temporal as well as the spiritual wants of such persons. A great and pressing want of this Mission is a church, and which should be in Ottawa; as those who live in Ottawa dislike to come to Hull, where the people are so intolerant, but where now our place of meeting is. A Ladies' Association, recently formed for French Missionary purposes, is likely to be of great benefit to us. Already has it rendered important aid in snatching from a circle of infuriated relatives, an exceedingly bright and intelligent French woman, and placing her in an educational establishment where she will be fitted for future usefulness. We have as members 56, which is an increase, during the year, of 20. Thirteen of these were savingly converted in the course of the year.

J. SYVRET.

**SHERBROOKE.**

The prospects of this Mission a year ago were very bright and encouraging; but a large emigration which set in since then has altogether dashed our hopes to the ground, and compelled us, in several instances, to begin our work almost anew. Not less than sixteen families have, during the year, left us and gone to the States. Our disappointment is somewhat alleviated by the fact that if lost to us, in a certain sense, they are not lost to Christ's cause, for the churches in the States have received them, with which at once, on arriving there, they connected themselves. A minister of one of those churches wrote me some time ago, saying, "Send us plenty like those we have already had from you." Yet, however gratifying such may be to the pastors, who thus are reaping the fruit of our labour, it cannot be so to us, as by such removals we are kept in a weak and infantile condition; and not by any means in circumstances to prosecute our work with the efficiency and success we so naturally and strongly desire. A calculation I have recently made on the removals by emigration, which have attended my labours in these parts, enables me to say, that had such remained with me, and thus formed members of my Church, I should now be the pastor of a larger church than any English minister in Sherbrooke.

Another point I desire to draw attention to is, that the Connexion buildings erected here through my instance, now several years ago, were designed for an educational institute, to benefit the French youth, who in great numbers are growing up without any scholastic opportunities but such as are offered them in Roman Catholic institutions. There are not less than fifty children scattered among a Papist people, who have no other educational advantages. And what

are these but to rivet on the youthful mind the errors of the dark superstitions of Popery? Ignorance, or an education in the errors and under the malign influences of the Romish Church, is the only choice possessed by them. But should such a condition be forced upon them? I think not; and, therefore, I appeal to the Methodist Church to supply the means that this building may be employed in the way originally designed.

I report this year thirty-six French families, comprehending ninety-three persons; sixteen families of sixty-two persons who have removed; eight families of nineteen persons I have dropped. Of the above are twelve English families of thirty-nine persons. Thus we have in membership 132 persons. We have lost by removals, 62; dropped, 19; died, 2.

THOS. CHARBONNEL.

#### KINGSLEY SIDING, ETC.

With much gratitude to God we present our report of the work of salvation on this Mission during the past year. The people, in increasing numbers, desire a knowledge of the word of God, and cordially hail the presence of the Missionary to make it known to them. In a number of instances, they, even though still Romanists, will welcome the Missionary, spread a cloth on the table, and placing the Bible thereon, gather around him to have him read to them the Word of God. In one instance I gave a Bible to a French Romanist, a farmer, whose wife and daughter could read. Their priest, however, finding the Bible in their possession, came and took it away. Learning this fact I called on the priest to restore me the Bible as I had but loaned it to the farmer. This he refused, and raging in a kind of fury, he ordered me out of the house. This had a strong effect upon the man from whom the priest had taken the Bible. He thought if the priest had no better arguments than those he then used the Protestants might be nearer right than was generally supposed; or, than was admitted by the priest. He asked me for another Bible, and I gave him a Testament. He had it read to him over and over again, and obtained, as a consequence, not only a knowledge of the Word of God and of salvation through Christ alone, but also that peace which passeth understanding. Since then he has become an active promoter of the circulation of the Word of God; and hence in addition to a distinct avowal of Christ as his all-sufficient Saviour, he labours to distribute among his people the Holy Scriptures. Amidst many scenes of bitter persecution, which the priests are maintaining in these parts, we are urging on our way; and the Word of God is spreading throughout the land. Emigration to the States is ever robbing us of many of our most promising members and friends. In one neighbourhood we have lost five families, numbering about twenty-five persons. I visit throughout the township of Wotten, Tingwick, Kingsley Falls, North Ham, and in St. Paul de Chester; which labour fully fills my hands and my time. I have about fifty-two families to whom I read the Bible, and with whom I can pray. These families

comprehend one hundred and twenty-two Church members. In the circuit there are three children, and

This year has been a very successful one. We have succeeded in adding to our number a considerable population, and of adding to it several years disconnection of the Circuit, which services of the Church on large and respectable villages a temperance will, we humbly trust, and commodious churches are generally very which English and I which places not un- seen. We have had dropped. We now than last year.

In this large village we have not only a against, but one arising its pernicious influence to the fact, that the interests, in which Believing, or affecting, they see no reason for therefore, treat with on such a subject.

Nevertheless, our attended; and our work We have an appointment and have recently taken eighteen persons, previously joined us. This act of agitating these years the first instance, an Methodist Church at is about twenty miles from house to house,

A. GEOFFROY.

#### ROXTON POND, ETC.

This year has been one of hard labour, yet such has not been in vain. We have succeeded in rebuilding our church at Roxton Pond, and of adding to it a neat and comfortable parsonage. The consequence of which is, the re-opening of services which had been for several years discontinued, and a revival of interest in this the head of the Circuit, which cannot fail to have a beneficial effect on a considerable population in the village and around it. The re-opening services of the Church were marked by much of the Divine presence on large and respectable congregations; the savour of which will doubtless be seen after many days. We have commenced in the village a temperance organization; a thing much needed, and which will, we humbly trust, result in much good. We now have two nice and commodious churches on this Mission, in which the congregations are generally very good. We have six other preaching places, in which English and French are largely mixed; and in the services of which places not unfrequently a number of French Romanists are seen. We have had during the year twenty-eight removals and one dropped. We now have sixty-four members, being twenty-five less than last year.

EDWARD DEGRUCHY.

#### WATERLOC.

In this large village, in which are many French Romanists, we have not only a strong Roman Catholic influence to contend against, but one arising from Universalism also, which has spread its pernicious influences among the French people. This is owing to the fact, that the proprietors of several large manufacturing interests, in which many French are working, are of that faith. Believing, or affecting to believe, in the doctrines of Universalism, they see no reason for troubling themselves about any religion; and, therefore, treat with utmost indifference anything which may be said on such a subject.

Nevertheless, our meetings in the village are pretty well attended; and our work, on the whole, may be said to be prospering. We have an appointment at a French neighbourhood in Stukely, and have recently taken up one in Ely. In this last place some eighteen persons, previously connected with the Baptist Church, have joined us. This act was purely their own, and one they have been agitating these years past. Several of them were Methodists in the first instance, and became united to the Baptists because no Methodist Church at the time was near them. This appointment is about twenty miles from Waterloo. Our principal work is visiting from house to house, as it is the only way we can effectually do

anything with a people who are so watched over by their spiritual rulers.

By emigration we have lost considerably during the year. This keeps us, as it were, always beginning our work afresh, year by year, and as though we made no real advance in our course. From our membership we have lost by removals, 7; by dropped, 4; and now we report 34 members only.

LEVIS.

“Not by might, nor by power, but by my Spirit, saith the Lord of Hosts.” This word of the Lord has been verified in Levis. While the services have been in English, many of the Canadians have been drawn in. A circle of friends has been formed, with many of whom quiet religious conversations have been held. Gospel hymns have been listened to with evident delight. The pleasure and thankfulness expressed because of visits to their homes, together with many earnest questions and solicitations for prayers, give most encouraging proofs of the workings of the Holy Spirit in their hearts. May the Lord, with His mighty hand, soon raise a magnificent structure upon the foundation which He has already laid. Many prayers are offered for Levis. Shall we not expect that soon the Master will open the windows of heaven and pour us out a blessing? Lord, increase our faith!

which is annually put to every minister in the Connexion—"Does he believe and preach all our doctrines?" Bro. Smith stated "that his doctrinal views were not in accordance with the standards of our Church; that he had not yet tendered his resignation to the President of the Conference,—that he now withdrew from the Church, as he was not willing to be bound by our Doctrinal Standards." It is to be much regretted that this alteration of belief had not culminated before the Society had been put to the expense of sending the minister and family to such a distant and important Mission, entrusting to him also the care and oversight of an extensive District.

The Committee are glad to state that the temporary commotion occasioned by the withdrawal of a minister from such a prominent position is rapidly passing away, and from the arrangements made by the Conference to supply the vacancy they anticipate a speedy return to spiritual health and prosperity; grateful to God for the fidelity shown by the official and other membership of the Church, and lamenting the injury inflicted by the "free thought" of an unstable teacher. #### NANAIMO AND WELLINGTON.

We cannot report as favourably respecting the varied interests of this Mission as we could wish. The largely diminished output of the Vancouver Coal Co.'s Mines has created an unprecedented dullness in trade. With a population probably one-third less than it was a year ago, yet our congregations have continued good. The social means of grace have been irregularly attended, owing to peculiarities in time of working.

At Wellington, also, the work in the mines has been intermitted, though, on the whole, to a far less extent than at Nanaimo. The success of the Sabbath-school at Wellington has been very marked, and is mainly attributable to the energetic efforts of Bro. James Haggart, manager of the South Wellington Mine, who is the efficient superintendent. During the year about \$260 has been raised by this school for school purposes. This appointment is growing in importance year by year, and if we are to retain our hold as a Church upon the population, it is important that it have a good supply.

At Nanaimo, special services were held for three weeks in January, which resulted in a gracious quickening of that part of the membership who were able to attend. We have given an occasional service to the people of Maple Bay, taking advantage of the steamer leaving Nanaimo on Wednesday and returning on Friday. A regular semi-monthly Sabbath service was continued at Cedar, six miles distant from Nanaimo, until the congregations (always small) could no longer assemble, on account of the deep snow and unbroken roads.

We report an increase of over thirty per cent. compared with last year in the regular contributions to the Mission Fund, which is attributable to a faithful canvass by our lady collectors, under circumstances of great discouragement. Members, 43.

#### NEW WESTMINSTER.

We have reason to be thankful for a year of peace, and at least moderate prosperity on this Mission. The congregations have been good compared with previous years. The Sunday-school maintains its interest and usefulness. The outlying neighbourhoods have been visited, so far as practicable, and the Gospel preached; temperance meetings held, pastoral calls made, and religious tracts distributed freely, with encouraging results. Members, 28; Indians, 8; on trial, 6; total, 42.

E. ROBSON.

#### BURRARD INLET.

The toil bestowed upon this Mission for the past three years has not been altogether fruitless, for owing to the peculiar character of this field its success cannot be always reckoned in schedules or by tabulated returns. In 1878, I found the parsonage was finished only so as to accommodate a single, but not a married, minister. But by working with my own hands, aided by my family, and at considerable personal outlay, the house is now—with garden attached—a comfortable family residence.

My continued and regular attention to the religious interests of the work has not, I am happy to say, been broken, either by weather or sickness, although it has, at times, tried my physical endurance to its utmost tension. Of saving results, while they are not as visible as could be desired, yet we cannot altogether judge, for many of our congregations are mariners who sail to distant shores, and we remember the blessing promised to "bread cast upon the waters." As about five hundred vessels on an average clear from this port in the foreign lumber trade, the far reaching value of our labours cannot be told on this side of eternity. The resident population is but limited, and only a few regularly attended Divine worship. Some have recently passed away who enjoyed the benefit of a resident Missionary, and although their names are not in the records of the church below, yet, as brands plucked from the burning, we trust they are written in the Lamb's Book of Life. Financially, we have been hindered by the paralyzed condition of the lumber trade; but the North Arm appointment has come to the rescue nobly, by an unprecedented support of Circuit funds, Bro. Robson having kindly contributed to this by a lecture for that purpose.

The importance of this Mission is likely to increase from the early location of the overland Railway terminus, somewhere within its bounds. Members, 10.

CARIBOO.

We close our labours of four years on this Mission with gratitude to Almighty God for His great goodness shown to us during our stay here. We have had a kind and liberal people with whom to labour; and our hearts have been cheered by the many expressions of their liberality, given in a most tangible way. Although, since coming here, the population has decreased nearly one-half, yet our congregation in Barkerville has been steadily increasing. At Stanley, the mines are nearly all worked out, and many of the miners have left for other camps. The congregation there is now very small, and we have made it a monthly appointment. We visit the mouth of Quesnelle six or seven times during the year. This place contains a population of about fifty whites and four hundred Chinese, and is situated about sixty miles below Barkerville. We have also visited many other places during the year, a report of which I will send, before leaving here, to the Mission Rooms.

Our Sabbath-school in Barkerville is in a flourishing condition, and there are evidences of good being done among the children. Our prayer and class-meetings are well attended, and have been seasons of joy and peace to our souls. Members, 11; increase, 1.

NICOLA VALLEY.

In presenting our report for another year, we feel called upon to express our gratitude to God for His continued care. After having travelled during the year upwards of five thousand miles on horseback, over all kinds of roads and in all kinds of weather, when the thermometer registered 100° in the shade, and again when the mercury was frozen, we are constrained to come to the conclusion that an unerring hand has led, and an omnipotent arm protected. To those unacquainted with the character of the field, the question might naturally suggest itself,—Why not concentrate your labours, and confine your efforts to a much smaller compass? but to a person on the ground and acquainted with the work, the answer is at hand, viz., want of material on which to operate. In no one section of the

interior of this province have we population enough to justify a man in giving all his time and attention thereto. The itinerant system is the only one that can meet the wants and wishes of the scattered settlements through this large district. This necessitates the elapse of a period of from four to six weeks between the religious services in several places, and with means of grace so seldom it is hard either to keep up the interest or effect any permanent good. This state of things, however, is not going to continue for all time, as Nicola Valley alone will, in the course of a few years, be able to support a minister and afford him plenty of work to occupy all his time. At present they are asking for twice as much preaching as they have been getting; and Kamloops, a place which is sure to grow, is also claiming greater attention. Then, besides the above mentioned places, there are some half dozen others lying from twenty-five to fifty miles apart, and from one hundred to one hundred and fifty miles from my boarding place, where congregations ranging from twenty to fifty gladly come—some of them through great difficulties—to listen to the Gospel message. From what I know of the country, I think two men should be sent, one to take Nicola and Kamloops and pay an occasional visit to the central points along the Cariboo waggou road, and the other to take the country lying south-east of here, which would include Grand Prairie, Spallumcheen and Mission Valley. The last mentioned places I have only been able to visit about three times a year, and there is a population of more than one hundred. The congregations, on the whole, throughout the year, have been good, and the attention manifested has been a source of encouragement. We have tried to organize Sunday-schools in two or three places, but owing to the distance at which settlers live apart, and the difficulties lying in the way of the children attending, we cannot yet pronounce them a success, but are confident that in the course of time they will become both attractive and useful. In the Spallumcheen Valley, and also at Kamloops, ground has been offered free on which to build a church, and a public meeting was held at each place to discuss the matter; but, owing to the embarrassed circumstances of many of the most willing ones, we thought it best to delay action for a time. We are the only Church ministering to this scattered population, excepting the Roman Catholic, we must therefore prosecute the work begun, and though up to the present it may seem purely a labour of love on the part of the Church to supply the means of grace, the time may come when there will be material and spiritual prosperity commensurate with the expense and efforts put forth. The past year has been one of numerical and financial prosperity. Several newly-formed classes are fairly attended. The usages of the Church have been duly observed. The connexional funds have been well sustained. Many of our Sabbath-school children have been brought to Christ. The outlook is an encouraging one. ### PLYMPTON.

In common with other Missions we have felt the evil effect of last year's wet season. Our circuit is large, and the difficulties of locomotion great, but the year has had its encouragements, and we have enjoyed on the whole a time of prosperity, and we are hopeful for the future of this field of labour. Members, 47.

### SELKIRK.

We have had regular services at both East and West Selkirk during the year, each Lord's day. The classes have been regularly met, and well attended. The debt has been reduced considerably. Visits have been made to the Canada Pacific Railroad and Rat Portage, with encouraging success. Our present membership is 18.

### ROCKWOOD

This Mission, organized in 1874, is from sixteen to forty-five miles north and north-west of Winnipeg, has eight appointments, with a total attendance on worship of four hundred. Stonewall, a

rising village on the Canada Pacific Railroad, is our headquarters, where we have a small parsonage, and a commodious church. Class and prayer-meetings are well sustained, and congregations are on the increase. Our church debt has been cancelled, and we are building at Ridgeway, with \$111 to start upon. Our Mission suffered much from the wet of last season, but still there are signs of promise on every hand, the best of which is that many are seeking the Saviour. Members, 38.

We have enjoyed a year of progress on this Mission. A parsonage has been built, valued at \$600, on a lot donated by George Lipsett, Esq. A new church to cost \$1100, is in course of erection. EMERSON.

SEVENTEEN months ago we "set up our banners in the name of the Lord" in this place. In addition to our two services in the rented hall on Sabbaths, and one evening in each week, we opened several appointments in the surrounding country. At the Conference a new Mission was established at "Rosseau River," now called "Dominion City," thus relieving us of a considerable portion of our out-work in that direction. Three central and valuable lots in Emerson were secured in January, on which a parsonage and tabernacle have been erected. During the summer and autumn several out-appointments were regularly visited, and four services were conducted each Sabbath; but through the winter and spring we have been unable to keep up more than three of these. Now, however, that the deep snow has disappeared, and the high water has subsided, other points will again be accessible. We have also, through the kindness of the Hudson's Bay Company, secured three very fine lots in West Lynn, on which a complete little church is now being built. Last Sabbath we organized a class of fourteen members in that rapidly growing village. In all we have on this interesting field three classes, with a

membership of sixty four scholars; and bitter cup has been been "a very present

NELSONVILLE.

Your Missionaries have not a long report this year. Our work has been steadily progressing, and our membership has increased to one hundred and five. The settlements have spread so rapidly that it has become necessary to divide the Mission, and ask for an additional young man. The Official Board guarantees his board and horse-keep. We have built a church at Nelsonville, value \$800. The debt is all provided for and mostly paid. The church will seat one hundred and fifty persons. About \$80 have been expended in improvements on the parsonage. We feel confident that, with the blessing of God, this Mission will soon become self-sustaining even with two men.

J. W. BELL.

CRYSTAL CITY.

The division of this field, by the last Conference, made it more workable. During the past year our congregations have steadily increased. The amount raised this year for ministerial support will be more than double that of last year; yet it must be remembered that the people on this Mission have as yet harvested but one crop. Our Sabbath-school has been well attended, and has been productive of much good. We are much encouraged in our labours by the sympathy and prayers of our brethren in the East. Members, 48.

BEACONSFIELD.

The review of our work on this extensive Mission, though not the most satisfactory, occasions both gratitude and encouragement. During almost continuous travelling the best of health has enabled us to make special effort to meet the numerous calls for the Word of Life. Our work at present covers sixteen townships, representing five hundred and seventy-six square miles. To meet the demands of such a charge week night services have been held wherever practicable, as also thrice on the Sabbath. Ten preaching appointments have been opened, at most of which the attendance has been very gratifying. Steps are being taken to erect a couple of small churches at the central parts of our work, which we hope to see completed ere long. The needs of this field require an additional preacher for the ensuing year, and present prospects seem fully to justify such an appointment. Members, 55.

### DOMINION CITY.

This Mission is situated on the Rosseau river, at the crossing of the Pembina branch of the Canada Pacific Railway, and ten miles north of the International boundary line. The Mission proper is very large. Owing to the difficulties encountered when crossing the low lands, the actual work only comprises townships one and two, range four; and townships two, range three, east. On these townships and ranges we have twenty members and five appointments, at one of which we have erected a substantial frame church twenty-two by thirty-six feet, which is but partly completed, at a cost of about \$700. This edifice has taxed our energies to the utmost, and we feel sorry that circumstances will not permit of a larger sum being given to the Missionary funds this year. Otherwise, the work has somewhat been developed and consolidated. Members, 20.

CHAS. E. BLAKELEY.

### MORRIS.

In submitting our report for the past year, we feel thankful to the Lord for a continuance of his mercy to us. Although answers to our prayers have not been marked, yet we are not without some tokens of success. Upon arriving in Morris we saw the necessity of establishing a regular Sabbath evening service, and have been rewarded with a good congregation. Our class-meeting here is thinly attended, owing to the members being far apart, and the usual amount of carelessness exhibited. At the other appointments the membership has been met for Christian fellowship as circumstances permitted. During the winter a number of our people were away working for a living, which has told upon our congregations. Financially, the year has been a hard one, owing to the failure of the crops on this Mission, which leaves our people in a depressed condition. We mourn over the small amount contributed to the Mission fund, but hope for better things another year. Members, 48.

### PORTAGE LA PRAIRIE.

On coming to this field of labour we found much that was discouraging. The people were all unsettled, owing to the uncertainty of the location of the Canada Pacific Railroad, and various other reasons. The Portage was in a transition state in every way. My predecessor returned sixty-five members at the close of last year. During the present year there have been forty-two removals from the Mission, twenty-eight of these being from the town alone. But by the blessing of God on faithful toil, we are in a wondrously changed position to-day. The old log church has given place to a well finished "tabernacle," thirty by fifty feet. A very fine organ has been purchased and paid for. Our congregations are more than doubled. We have a large class that meets regularly every week. The Quarterly Board unanimously ask for the appointment of a young single man for the country work, and pledge themselves to be self-sustaining in the town in two years more. Members, 78.

W. J. HEWITT.

### HIGH BLUFF.

This has been a year of incessant toil, having during the winter held special services for eighteen weeks. Notwithstanding a large number of removals we are able to return an increase of forty. Some of the conversions were among the brightest I have ever witnessed. A large majority were Canadians, who have sought a home on these North-West prairies. We are receiving a large immigration this year. Vast extents of land of the most excellent quality lie to our west, only waiting the hand of patient cultivation to make it far more productive than the largest portion of land cultivated in Ontario. We have had fully exemplified Wesley's memorable saying, "Our people die well," in the happy departure of a lady, a half-breed, who was brought into the fold through the instrumentality of the late M. Robison. Our finance on the whole is ahead of last year. Our heavy parsonage debt has been brought into shape, so that we can much more easily meet the payments as they become due. We are looking forward for a much more prosperous year than the last. May God in mercy fulfil our expectations! Whatever success has attended our labours during the past year, is all due to God's Spirit working in our midst. Members, 73.

J. M. HARRISON.

### PALESTINE.

This Mission has had much to contend against this year. The wet season operated very injuriously against its finances. Then the Rev. John Walton, who was appointed here last Conference, abruptly left his work when the year was only two-thirds gone, necessitating a supply, who has had to work at a great disadvantage. Still much good has been done during the year. At the urgent request of the

Chairman, the people have removed the church from the place where it stood outside of the village of Gladstone, to a good location in the village, and the cost of its removal, \$112, has been raised and paid. A revival service at Gladstone resulted in much good, and we are able, amidst all the untoward circumstances of the year, to write increase concerning the membership, being now 75.

### SALISBURY.

In looking back over the past year I have reason to exclaim, "Bless the Lord, O my soul, and forget not all his benefits." The promise of the Head of the Church has been verified in my experience. There have been difficulties, but He was with me always. My greatest temporal difficulty has been the loss of my horse, which, without funds, it is hard to replace. But the blessings of the Lord make this, and all other troubles, sink into insignificance. I could wish for more marked prosperity on the Mission, but do not think the year has been spent altogether in vain. All the appointments have been regularly attended to. We have received a number on trial and from other Circuits, but there have been several removals and other losses, so that our increase is small. Financially, the people have done well, considering their ability and the newness of the country. Present membership, 31.

### LITTLE SASKATCHEWAN

We are thankful to say that the work on this Mission is in a favourable state. Throughout the long winter the congregations at most of the appointments have been good; the people evincing an earnest desire to hear the Word, the preaching of which has not been without good results. A church has been erected at Rapid City, the first of any denomination in this place. Substantial provision has been made for the expense in connection with the same. Our Chairman was present at the dedication, and a profitable time was spent. Our Sabbath-schools are doing well, especially the one at Minnedosa, which has been kept going during the whole of the winter. Some weeks of revival services were spent at Rapid City in the winter season, which resulted in some being brought to a knowledge of the truth as it is in Jesus; most of whom have united with us in church fellowship. An early and a very favourable spring has raised the hopes of the settlers here, and the prospects for the coming year are encouraging. Settlers are still flocking in, and we think that, in order to the successful working of this large field, additional ministerial help is needed. Members, 93; increase, 36.

**GRAND VALLEY.**

The past year has been one of great anxiety. The small progress we have been able to make in our work, compared with that done in Ontario, arising from this being an entirely new field, and no churches or school-houses yet erected, together with the comparatively small population scattered over a large extent of country, has often caused us to feel that the former days were better than these. We have not been, however, without the assurance that the Great Head of the Church was with us. This has been a great comfort to us in the midst of our toil, and has lifted us above our sadness. The returns for the present year cannot be taken as a criterion in any sense. Most of the settlements visited by us are only one year old, and yet the development of the country is something wonderful. Settlers are flocking in, and passing through this part of the country by scores. This part of the country bids fair to be equal in every sense to any portion of Manitoba, or the North-west. We believe, also, with careful management, it will be a good field for Methodism. Our prayer is, that God may prosper His cause in this place. Members, 31.

T. W. HALL.

**BIRTLE.**

The year closing has had a good deal of sunshine, rendered the brighter by some dark shadows. I am thankful to be able to report progress. The sanctity of the Sabbath is now much more regarded than when I came in. 'Tis one of the crying evils of the North-west that there is no Sabbath kept by travellers on the prairie. The Word is everywhere heard with gladness. We have an Official Board, two classes, three local preachers—who nobly aid in the work—ten preaching appointments, about thirty Methodist households (very widely separated) and twenty members. Our earnest prayer is, that the Great Head of the Church would so water the seed, sown with a trembling hand, that it may bring forth an hundred fold to His glory.

LAWRENCETOWN.—We are able to report general success. Special services during the winter resulted in the conversion of souls, and additions to our membership. A new class, of young people, was organised during the year. Nearly all our Members attend class. Membership, nearly doubled. Increased attendance on preaching services, and prayer meeting highly appreciated. Church property has been rendered more valuable by repairs. Members, 32.

J. WIER.

CHESTER ROAD.—Mr. Bond, the hired local preacher on this Mission, is pursuing his work with commendable zeal, and with some encouragement. The attendance in school houses is not large, as the population in some of the settlements is sparse; but the church, which is the central and principal preaching place is generally well-filled. The services are well attended, and have been seasons of refreshing. The membership remains the same as reported last year, 24.

J. McMURRAY.

HANTSPORT.—We have had some encouragement in our work in this extensive field during the year, and some additions to our church. The removals and deaths have about equalled our additions. The Sabbath services have been well attended, but the number at week-night services has been small, especially at Hantsport. A scattered population may in part account for this, still, no doubt, a lack of interest in spiritual things, keeps many toiling for perishable treasures when they should be praying for everlasting riches. We believe many of our people are improving spiritually. They are waking up also to a sense of their responsibility, and promise, at no distant day, to put the Mission on the list of independent circuits. Members, 83.

KENTVILLE.—The past year has been one of great anxiety and earnest toil. At Kentville the number of adherents has increased, and the financial income has improved. A very profitable class meeting has been kept up. The public means of grace have been favoured with the Divine presence and blessing, yet, owing to the divided state of feeling among our people here, the unusual amount of worldly attractions continually present, and the questionable amusements which abound, our congregations do not increase, nor does the church prosper in the proportion we could desire it to do. In the outposts of the Mission we have frequently good and attentive congregations, and many of our people are deeply pious. Members, 67.

P. PRESTWOOD.

NEWPORT.—Our congregations have been large and attentive to the Word preached. At Brooklyn there has been a general anxiety for a holy life, and some can testify to the fact that the blood of Christ cleanseth from all sin. Some have found for the first time that "He has power on earth to forgive sins." Because of the large number of removals we report but a small increase. Members, 112.

F. H. W. PICKLES.

SAMBRO AND MARGARET'S BAY.—God has been pleased to bestow upon us many tokens of His favour. The congregations have been good, and the people appear to take a deep interest in the Word preached. At Glen Margaret souls have been converted, backsliders reclaimed, and the church strengthened and quickened. At Sambro cottage prayer meetings have proved to be blessed seasons of grace. A parsonage and barn have been erected, adding greatly to the comfort of the missionary. Members, 57.

BERMUDA, ST. GEORGE'S AND BAILEY'S BAY.—In presenting our annual report of this Mission, we have reason to record the abundant blessings vouchsafed to us. With the small exception of a slight difficulty arising from the officering of our Mission Sabbath-school, peace and harmony have reigned among us. Financially, the circuit has greatly improved during the year. A larger aggregate amount of circuit and connexional funds has been raised than in any previous twelve months. We are now about making arrangements for the extinction, by instalments, of our remaining debt. The changes in the troops on the station, and the removal of five hundred men of a new regiment, have done much to hinder our work among the military. In the shifting we lost many true and good men whose places have not been filled by the new comers. In town our congregations have been good, and the means of grace fairly sustained. We have met with some losses by removals to other parts of the islands, and to other shores. We have not been permitted to rejoice with the joy of the harvester, but, just now, indications are more promising. Members, 182.

P. ROBINSON.

**ACADIA MINES.**—In our work for God here we have to contend against two great difficulties,—the want of a church of our own, and a constant stream of removals. During the past year, however, the presence of the Master has been felt; the interest in our services has been sustained; a flourishing Sunday-school has been formed; and, some good has been accomplished. Members, 37. R. B. MACK.

**PICTOU.**—The year has afforded us many encouraging tokens. There has been a quietly growing religious feeling, leading to good attendance at the prayer meeting and resulting in several conversions. Some who were alienated from our church have returned, and show all the former evidences of spiritual life. As a church our spiritual influence and power are greatly increased. Members, 65. W. C. BROWN.

**STELLARTON.**—Our congregations have been good; marked attention has been given to the word preached, and the class and prayer meetings have been well attended. The fearful mining disaster of Nov. 12th bows heavily upon us—two of our stewards and several of our congregation being among the buried workmen. A class of four and a small congregation have been formed at New Glasgow, where we hope our great need of a church edifice may soon be supplied. A gracious influence has rested on the cause, and there have been several additions to the membership. Members, 48. I. E. THURLOW.

G. F. DAY.

MIDDLE MUSQUODOBOIT.—We have been much cheered by the grace of God bestowed upon us, although discouragements have attended us in our work. Deaths and removals have taken largely from our numbers, but of those who are left to us many are enjoying peace with God, and the blessed provisions of Christian fellowship. We are hopeful for the future, while the finances of the mission are better than they have been for years. Members, 74.

WM. G. LANE.

MUSQUODOBOIT HARBOUR.—On this Mission field our appointments are numerous and far apart; the pastoral work is heavy, so that time and opportunity for special efforts are few. We are thankful to report a decided advancement in the spiritual and temporal interests of our church. Improvements have been made in the value and utility of our connexional property. A deep religious feeling pervades the whole circuit. We have heard the cry for mercy, and several have witnessed a good confession of salvation through Christ. Members, 73.

J. MAYHEW FISHER.

SHEET HARBOUR.—This new Mission promises to become a fruitful field for our cause. We have succeeded in getting up a commodious church edifice. We have a well attended Bible class and prayer meeting, also a flourishing Sunday-school. Members, 5.

WARREN.—Though we cannot report an increase of membership, yet the prospects of Methodism are very encouraging. Special services have been held, and additions made to each of our societies. An unusual number of removals, however, slightly overbalance the advantage thus gained. The class-meetings have been sustained as

well as the want of suitable leaders would allow. Sabbath-school work has been prosecuted with increased efficiency. When a parsonage, towards the erection of which much of the preacher's time is directed, shall have been completed, well sustained ministerial labour will, we feel sure, be crowned with increasing success. Members, 98.

WILLIAM PURVIS.

PUGWASH.—No report. Members, 140.

RIVER PHILLIP.—The year now closed has been to the minister and some of the people one of some chastening at the hands of the Lord. These chastenings have, in some measure, wrought the will of God as evidenced in the general seriousness that obtains, and the hopeful indications that point to an improvement in the spiritual condition of the Church, as well as the enlargement of her borders. The death of some of the Lord's people has been sanctified to the conversion of the living. The congregations have grown, and the work generally has advanced. Members, 80.

A. D. MORTON.

WENTWORTH.—Though not privileged to have that degree of spiritual prosperity we could desire, yet a review of the year affords evidence that the Lord has, to some extent at least, made successful the humble efforts that have been made for the promotion of his cause. Some have been led to seek forgiveness of sin, and others who have enjoyed that blessing have manifested an increasing desire to be cleansed from all unrighteousness, and to be filled with the Holy Ghost. The ordinary services have often been seasons of grace and spiritual blessedness, while some special services have resulted in the conversion of souls. Members, 73.

A. F. WELDON.

PARRSBORO'.—No report. Members, 120.

SOUTHAMPTON.—A review of the year's work on this Mission presents many features of satisfaction and encouragement. The congregations have been good, and everywhere have shown a marked interest in the preached gospel. A want of unanimity among the members of the Church leading to personal animosities has proved a hindrance to the prosperity of our cause. Members, 128.

F. WRIGHT.

ATHOL.—The year has been one of toil and success. Congregations have been large and attentive. Special services have been held, greatly reviving the Church, and leading several heads of families to unite with us. Members, 53.

J. CRAIG.

ADVOCATE HARBOUR.—The cause of God has been well sustained on this Mission. Although we have to lament the want of entire consecration to God on the part of many of our members, yet, spiritually, there has been a marked advance in many parts of the Mission. At Advocate village our people are very negligent in attending the weekly prayer-meetings; but the regular public services are well attended over the whole Mission. The prayer-meetings and Sabbath-schools established last year have been productive of gracious results. Six persons have professed conversion, and have been received into church fellowship. Members, 86.

**GUYSBORO'.**—The financial difficulties which have for the two previous years been a source of trouble and anxiety to our Missionaries have happily been disposed of. Considerable has also been contributed towards liquidating the debt on our connexional property. Spiritually the year has been a good one, twenty persons having united with our Church. Membership, 135.

JAMES TWEEDY.

**CANSO.**—This Mission reports a slight increase in its membership, three having united with the Church during the year. The finances have neither increased nor decreased. Over \$400 have been paid towards the erection of a church at White Head, besides \$145 towards the debt on the parsonage. Members, 45.

J. W. HOWIE.

**MANCHESTER.**—This Mission has had a year of marked spiritual and financial prosperity. As a result of special services held in the early part of the winter, sixty persons have united with our Church. The pastor in charge rejoices to be able to report that, although the usual attempts were made by a certain denomination to unsettle the minds of our people as to the validity of their baptism, yet in that respect they laboured in vain and spent their strength for nought. Members, 163.

JOSEPH HALE.

**COUNTRY HARBOR** reports nothing special during the year, but is happy in reporting no retrograde movement. A new church is in course of erection. Members, 30.

GEORGE JOHNSON (B).

**NORTH SYDNEY.**—This Mission has been greatly blessed during the past twelve months, and is now in a most healthy, spiritual, and financial condition. Members, 52.

D. HICKEY.

**SYDNEY MISSION.**—Services have been supplied to this Mission by the Chairman of the District, the Superintendent of Sydney Circuit. Worship has been thus far held in a public hall, but hopes are entertained that a room may soon be secured for ourselves. At Bridgeport a small church is now being built. Members, 7.

JOSEPH S. COFFIN.

**GABARUS.**—Special services during the winter resulted in a large addition to the membership, with a general awakening of the people.

 JAMES SCOTT.

PORT HAWKESBURY.—The preacher on this Mission reports that there is a prevailing indifference in religious matters among the people, and that there “is a sad lack of unity in everything that pertains to religion.” Hopes, however, are entertained that better times are not far in the future. Members, 64.  
 G. W. TUTTLE.

PORT HOOD has had a good year. The finances have gone up in a manner that gives earnest of more to follow. The brother in charge reports an increase of six to the membership. Members, 38.

MOUNTAIN MISSION.—During the year the work on this Mission has resulted in a general deepening of interest. Our congregations have increased, and our people, though poor, appreciate the Gospel. We have not been able to put forward any special effort during the year; but a few in our ordinary preaching services have asked the all-important question, “What must I do to be saved?” Members, 25.  
 J. E. DONKIN.

AYLESFORD.—No report. Members, 270.

SCOTT'S BAY.—On this Mission Methodist families are few, but Methodism has lost nothing during the past year. At Hall's Harbor, special services were held, which resulted in the reclaiming of a few backsliders, and the quickening of the whole Society there. The outlook on the part of the Mission is encouraging. A prayer-meeting has been organized, and is well sustained. On other parts the results of our labors have not been so manifest, but we trust they will yet be seen. Members, 42.  
 A. STARR BLACK.

HILLSBURG.—During the past year this Mission has been favored with some manifestations of God's presence and blessings. Our special services have been the means, under God, of quickening believers, re-

CALEB PARKER.

WEYMOUTH.—The year has been marked by progress. The Lord has been graciously present with us in our special services. Backsliders have been reclaimed, believers quickened, and some twenty-three converted to God. Our class and prayer-meetings have been the means of much spiritual benefit. Members, 111.

WM. AINLEY.

DIGBY NECK AND WESTPORT.—The review of our work on this Mission presents many features of encouragement. The cause of God in all its interests has been well sustained, and is making steady advancement. Our congregations have been large; prayer and class-meetings well attended and very profitable. Special services held at Sandy Cove and Centerville have resulted in conversions and spiritual growth. Personal animosities and disputes are being overcome, and there is a growing disposition to "dwell together in unity." Our field is limited, but there is the prospect of an increasing congregation in each of the villages. Members, 96.

LIVERPOOL AND MILTON.—Financial difficulties and other circumstances have, to some extent, hindered the progress of the work on this Mission. The ordinary means of grace have often been seasons of refreshing, and several persons have been received into Church membership during the year; and although some of our most promising young members, whose places can hardly be filled, have emigrated, there is ground of hope that ere long this now comparatively weak cause may be strengthened. Members, 84.

C. JOST.

CALEDONIA.—Through the imperfect health of the Missionary there have been no special services held during the year on this

Mission. There has, however, been the endeavour to keep up the regular means of grace, and seven persons were received into the Church. Members, 63. J. G. BIGNEY.

PORT MOUTON.—The congregations on this Mission during the year have been good and attentive. Special services held in two places were times of refreshing to many. Members, 117. J. W. SHEPHERDSON.

MILL VILLAGE.—The year's toil on this Mission was cheered by the presence of the Master. Special services held at Eastport, Medway, and Vogler's Cove were blessed to many. Members, 94. D. B. SCOTT.

CHESTER is a new but promising Mission. Fields for usefulness open on every side, and much good has resulted from the labours expended during the past year. Members, 34.

NEW GERMANY is a widely-extended, yet in some respects encouraging, field of work. The Missionary on this field is able to report, that under the preaching of the Word some have been converted, and believers quickened in their spiritual life. Members, 124. JOHN GEE.

BRIDGEWATER has some difficulties in the way of the prosperity of vital religion, yet it is a promising field. The labors of the past year have resulted in much good, especially at Baker Settlement. Members, 45. GODFREY SHORE.

ARCADIA.—Though disheartened and embarrassed by debt our churches are still rich in faith. In the absence of God's plenty we have a good share of God's piety. The public services have been well attended, and our ordinary social services have been blessed in the conversion of souls. Something has been done in all the churches towards the payment of their respective debts. Our people are looking out on the future more hopefully. Members, 70. B. C. BORDEN.

HEBRON.—Nothing special has marked either the religious life or Christian activity of our people. In some sections of the Mission we have good earnest souls who are doing excellent work for the Church and the Master. In other sections "the cares of this world, and the

deceitfulness of riches. The Mission is not investments of money.

NORTH-EAST HARBOUR.—The evidences that God has given to the Saviour, and again united with us in classes, and two Sabbath schools, and two Sunday schools, and two year with a good prospect.

SHELBURNE.—The spiritual advancement with the Church, so that membership generally with peace and harmony, considerable extent, upon our time and churches which we have received through the efforts of the Falls Church, finished with a debt that only about a loan from the Church enabled to breathe more years crushed out all a small debt of \$1000 property. On the whole that our successor may diligently and faithfully.

LOCKEPORT.—The promotion of spiritual power and interest in, God's cause, thankful for unmistakenly. We regret to record, that part of some in relation to the

deceitfulness of riches" have, to an extent, arrested spiritual growth. The Mission is not circumscribed, but affords ample scope for large investments of ministerial energy. Members, 104.

G. F. JOHNSON.

**NORTH-EAST HARBOUR.**—On this Mission there have been some evidences that God is still with His people. Some have been brought to the Saviour, and others who had neglected the means of grace have again united with us in the class-meeting. Two week-evening Bible-classes, and two Sabbath schools have been commenced during the year with a good prospect of success. Members, 75.

J. C. OGDEN.

**SHELBURNE.**—We have nothing special to report in reference to spiritual advancement. A few have been received into fellowship with the Church, so that we report an increase of ten, and the membership generally we think are walking in the fear of God, and in peace and harmony with each other. Financial matters have, to a considerable extent, engaged our attention, making heavy demands upon our time and energy. We are glad to report that the two churches which we found in such serious difficulty have been placed, through the efforts put forth by the Circuit, and the assistance received from without, in a very much improved position. Jordan Falls Church, finished last year, has this year been so far relieved from debt that only about \$100 remain, which have been promised as a loan from the Church Extension Fund. Shelburne Church, also, is enabled to breathe more freely, as the terrible incubus which had for years crushed out all ambition, and almost all hope, has been removed, a small debt of \$250 only remaining as a mortgage upon the property. On the whole, we consider the outlook hopeful, and trust that our successor may reap an abundant harvest where so many have diligently and faithfully sown. Members, 98.

J. R. BORDEN.

**LOCKEPORT.**—The past year has been marked by the manifestation of spiritual power, resulting in an increased attachment to, and interest in, God's cause, and the teachings of our Church. We are thankful for unmistakable evidences of the Master's approbation. We regret to record, however, a lack of co-operative sympathy on the part of some in relation to the class-meeting. The undersigned have examined the Books of the Methodist Missionary Society for the year ending the 30th day of June, 1881, and compared the receipts and vouchers therewith, and find the same correct. We have also examined the Cash Book and Vouchers of the Relief and Extension Fund, and find them correct.

We have pleasure in stating that the Books are kept in a clear and satisfactory manner.
