THE HORRIBLE CRIME OF A BANKRUPT ATTORNEY

W. L. Seeley Murdered His
Wife and Daughter, Then
Committed Suicide — The
Tragedy Discovered by
Fiance of the Dead Girl

SEATTLE, Wn., Jan. 18.—With their heads submerged in water in a bath room at their home, W. L. Seeley, an attorney, his wife and daughter, Miss Rena, were found yesterday by B. W. Zibbell and Guy M. Smelter. Smelter was engaged to marry Miss Seeley and Zibbell was a friend of the family. Mrs. Seeley and her daughter had been murdered with blows inflicted with some blunt instrument, believed to have been a hammer. Seeley had been drowned, according to Coroner Snyder.

Mr. Seeley and his family came here more than a year ago from St. Joseph, Mo. Previous to that time they had lived in Ottawa, Ill., where Mr. Seeley was deputy United States marshal and a bank examiner during the administration of Cleveland.

Seeley was an uncle of M. B. Goss, of Pomeroy recently appointed by the governor to the Washington supreme court bench. He has a brother, Charles, at Pomeroy, Wash., and another, Frank, at Hood River, Charles discredited a story that his brother was in financial straits by saying that recently he had received \$5,000 from a settlement of his father's estate. His brother knows no motive for the crime and thinks the man must have been insane. What has become of this money is not known. Yesterday morning Smelter and Zibbell, who discovered the bodies, went to the Seeley home determined to find out what was the matter. They tried doors and windows and finally climbed over an transom of the back door and got into the house. In the front bedroom, which was that occupied by Mrs. Seeley, a great blood stain was found on the bed. Another big blood stain was on the bed in Miss Seeley's room but Smelter and Zibbell did not see it. It is thought that the blood was from the Seeley family. A small bottle was found on the bed in the bedroom. It was a small bottle of chloroform. The trunk did not touch the body of Miss Seeley but was a few inches above it. An empty chloroform bottle was on the stand in the bedroom. Clutched in one hand Seeley which was beneath the water, was a pocket handkerchief which, although soaked, in water trace of the odor of chloroform.

There were three wounds on the head of Mrs. Seeley. One was above the left eye and the other two were on the forehead part of the head. The blow that evidently killed Miss Seeley was dealt her over the left eye. There were no marks on the man. Seeley was 38 years old, his wife about 30 and his daughter 22. Seeley within the past few days it is said, had borrowed money indicating that he was in financial straits.

BIG WEDDING CAKE FOR A HAMILTON BRIDE

Six Feet High, Five Feet Across and
Weights a Quarter of a Ton

CHICAGO, Jan. 18.—What is said to be one of the largest wedding cakes ever made for actual use is receiving its finishing decorations today at a Chicago hotel. It will be sent by express to Hamilton, Ont.

The cake is nearly six feet in height, five feet two in diameter at the base, and weighs practically a quarter of a ton. It will be served at the wedding of Chas. P. McCall, of Muscatine, Iowa, to Miss Aileen Davis, of Hamilton, January 27. There are to be 600 guests at the wedding reception.

Some of the chief parts of the cake are 30 pounds of sugar, 400 eggs, 40 pounds of butter, 90 pounds of currants, 60 pounds of raisins, 60 pounds of citron, thirty seven pounds of chopped almonds, 120 pounds of flour, 15 pounds of spice, 15 quarts of cognac, 15 quarts of sherry wine, and three-quarters of a pound of baking soda. All of the fruit was soaked in liquor for ten days.

ASCRIBED DEFEAT TO THE DUAL VOTE

MONTREAL, Jan. 18.—The reform party tendered a banquet on Saturday evening to Messrs. R. C. Smith and J. G. Walsh, the two Liberal candidates in the last general election.

In the course of his speech Mr. Walsh ascribed his defeat to the fact that men who had voted against Mr. Smith in St. John, came down town and voted against him in the west ward. He considered this dual vote unfair and he was glad to be able to say that the government also so considered it, and that it was considering making this dual voting impossible in the future and providing that a man shall only vote in the district in which he resides.

CHINA IS RENEWING HER GRIP OF STEEL

English Erred in Their Recent
Dealings With Tibet

Matives Had Never Seen Boat Before and
Thought Boatman Had Wings With
Which He Could Fly

ST. PETERSBURG, Jan. 18.—Sven Hedin, the explorer, who is now here en route to Stockholm, in chatting about his travels said the English acted very thoughtlessly in their recent dealings with Tibet. They took it and then gave it up. The result is that China, whose influence and authority there has been slack and waning for centuries, is now taking a firm position again. In fact is renewing the grip of steel in which the early Manchu emperors held the country.

Among the main causes of Hedin's immunity in the hostilities to foreigners, which practically makes it impossible for others to explore Tibet, was a simple accident, which, quite undesignedly on his part, made the natives ascribe miraculous powers to him. He said:—It made several expeditions in a boat on the great lakes in the interior of Tibet, and there quickly spread a remarkable legend throughout the country about a foreign Lama, who had power over the elements and wings with which he could fly on the waters. The Tibetans came to believe that I commanded the weather, thanks to my boating trips, for they had never seen a boat of any kind before, and never dreamed of venturing upon the waters of their inland seas themselves in any way.

MANY STUDY THE VIOLIN AT MOUNT ALLISON

Hockey Teams Getting Ready for Outside
Games.

SACKVILLE, N. B., Jan. 18.—Kings College hockeyists have written Mount Allison asking for a game here at an early date. It is probable that the Windsor boys will be offered a game before Mt. Allison play the U. N. B. seven in Fredericton.

The following have been chosen captains of the respective class hockey teams at Mount Allison: Post Graduates, C. G. Hookin, B. A., '05, of Dartmouth; 1906, C. H. Tyler, of Port Greville; 1910, James Hutton, of Sackville; 1911, C. McDougall, of Moncton; 1912, D. M. Trappnell, of St. John, Nfld. The academy boys have chosen as their captain H. H. Hayden, of Woodstock. So large has become the number of pupils in the violin department of Mount Allison Conservatory of Music that it has been necessary to add an assistant teacher to the staff. The teacher appointed is Miss May Redden, of Camming, N. B.

The seniors at Home, the social event of the year at Mount Allison, will this year be held on Friday, February 19th.

CURREY DIVORCE CASE WILL BE FURTHER POSTPONED

On Account of Judge Gregory's Illness—
Frederickson Enjoyed the
Storm.

FREDERICTON, N. B., Jan. 18.—Mrs. James Patterson, mother of Conductor James Patterson, a well known C. P. R. conductor, died at her home at Fredericton Junction Saturday night from the effects of a fall. Her husband survives. She was 66 years old. The Currey divorce case was postponed some weeks ago until tomorrow, but it will have to be still further adjourned as Judge Gregory, the trial justice, is ill and unable to attend to his duties.

Saturday night and yesterday was the coldest yet experienced this winter, the thermometer registered 25 below zero and yesterday and last night a foot of snow fell. There were no mails from St. John and eastern points this forenoon and the western train was two hours late on account of the snow storm. The country roads are drifted badly.

NEW YORK, Jan. 18.—Cotton futures opened steady; Jan. 9 1/4; March 9 1/4; April 9 3/8 bid; May 9 1/4; July 9 3/8; Sept. 9 1/4; Oct. 9 1/4; Dec. 9 1/4. NEW YORK, Jan. 18.—Wall Street.—Opening prices of stocks showed a number of advances which were not amongst stocks not of the greatest prominence. New York Central advanced 1 1/4, and Third Ave., a large reaction, Anna Copper declined 1/4.

DETECTIVES PROBING SARNIA SCANDAL

Rev. Evan T. Evans Wanted
on Serious Crimes

Already Wed, He Married Young Parishioner
Deserted Her and She Died—
Another Grave Charge.

WINDSOR, Ont., Jan. 18.—Detectives from Canada, the United States and Scotland Yard are diligently searching for Rev. Evan T. Evans, up to a short time ago, attached to St. John's Episcopal church, Sarnia.

Rev. Mr. Evans came to Sarnia, presumably from a city in western Canada, some eighteen months ago. For as a bachelor, he at once became extremely popular with the ladies of the congregation. To one of them, Miss Nellie St. Clair Davis, his attentions were most marked.

On September 24th last, Miss Davis quietly left her home and Evans did likewise, twenty-four hours later. The two met in a town in Niagara county, N. Y., and were married, afterwards proceeding to Cleveland, where the clergyman succeeded in inducing his bride to desert him. A large sum in cash, which she had, then he sent the girl back to Sarnia, after exacting a promise from her to keep the wedding a secret until he could secure another parish.

This was the last anyone in Sarnia saw or heard of the clergyman.

No word came from him, and under the stress of her secret, and failure to receive the promised letters, young Mrs. Evans sickened and died. This was only a few weeks ago.

With the lowering into the grave of the body, the people of Sarnia generally hoped that the scandal would be hushed up for all time, but it is again revived by the statement now made that the sixteen year old daughter of one of Evans' former parishioners charges her downfall to the misdeeds of the clergyman.

Evans has a wife and four children in Llandudno, Wales, but this fact only became known after search of his effects, left behind at Sarnia, had disclosed letters from across the sea.

WESTERN MILLIONAIRE KILLED BY A LOCOMOTIVE

J. G. Wood, Prominent Miner and Rancher,
Met Death While Walking in
Railway Yard.

SALT LAKE CITY, Jan. 18.—J. G. Wood, millionaire mine owner, and perhaps the largest sheep owner in the west, was instantly killed by a Union Pacific engine in the Oregon short line railroad yards at 3:15 o'clock last evening. His body was discovered twenty minutes later, lying between the rails near a car.

It is not known how the accident occurred, but it is presumed that Mr. Wood, who was intending to board a train for Ptoche, was standing a walk about the yards and failed to hear the approaching train.

BIG SOUTHERN COLLEGE FACES DESTRUCTION

Fire Broke Out in Springfield University
and the Whole Institution Will
Likely be Destroyed.

MOBILE, Ala., Jan. 18.—The famous Springfield College, the largest Jesuit institution in the south, is on fire. The flames are rapidly gaining headway.

College authorities gave out a statement soon after the fire started that all persons connected with the college were safe. The greater part of the main building already has been destroyed. The fire, which is thought to have been caused by a crossed wire in the chapel, was discovered during the morning service.

VERDICT FOR DEFENDANT;
CASE IS APPEALED

Plaintiff Wanting Damages Is Not Satisfied
With Judge Belyea's Decision.

The first mock trial of the year took place in the law school, on Saturday night. Belyea, '10 was suddenly elevated to the bench to try the case of Saunders vs. Coulton. This is an action for injuries sustained by plaintiff New Year's Eve last, at the head of King St. The defendant, while driving along Charlotte at a high rate of speed ran Saunders down and rendered him unconscious. The plaintiff claimed one hundred dollars. Judge Belyea gave a verdict for the defendant on the ground that the plaintiff had not made out a case. The case will be appealed.

CAR SERVICE DEMORALIZED BY RAPID WEATHER CHANGES

THREE LITTLE ONES
BURNED TO DEATH

Parents Left Them Alone in
The House

Montreal School, a Regular Death Trap,
Partially Destroyed Early
This Morning.

QUEBEC, Jan. 18.—Three children of six, four and three years of age, lost their lives in a fire that destroyed the house of their father, Mr. Louis Neveu, of Beauveville.

When the father and mother left the house to spend the evening at a neighbor's, the three children were sound asleep. Half an hour later the house was ablaze, and the three little bodies were literally carbonized.

MONTREAL, Jan. 18.—Fire destroyed the west wing of the Royal Arthur School today. It originated from a defective fuse, and broke out at five o'clock. There is not a fire escape in the building, and the stairs are narrow, so that had the fire been in school hours the loss of life would have been great.

FIND NO TRACES OF
SHIPWRECKED CREW

Lifeguards Searching the Long Island Shore
for Bodies of Men From the
Schooner Swallow.

NEW YORK, Jan. 18.—When daylight today came to the assistance of the life savers who were patrolling the beach east of Fire Island searching for the bodies of the crew of the Newfoundland fishing schooner Swallow, which was beaten to pieces early yesterday on the treacherous sands in the neighborhood of the hul of the wrecked fisherman, or what was left of it, was made out a mile west of Oak Island. Of the fate of her crew of twelve men there was no sign.

It is believed that the storm would have made escape from the diminutive craft impossible for the men on board of her. The fisherman was loaded with salt herring which she was bringing from Newfoundland to New York. The day together with numerous articles and provisions were scattered about shore. Nothing of the nature of a life preserver was found to give a clue to the identity of its owners.

OLYMPIA, B.C., Jan. 18.—Parade Row section there has been a great deal of trouble but it is hoped that the sea may be chopped off by tonight. Douglas Avenue cars are running all right. This leaves only the red circuit of the main line which is in a very bad state. It will scarcely be cleared for traffic for a few days, but all the men who can be placed on it will be put to work.

WANT \$500 FOR MISSION WORK IN KOOTENAY

Rev. J. G. Shearer in the City in the
Interests of the Movement.

Rev. J. G. Shearer, general secretary of the Moral and Social Reform Committee of the Presbyterian Church in Canada, arrived in the city on the Atlantic express this afternoon. The object of his visit to St. John is to endeavor to raise funds for the mission work carried on by the church in the Kootenay district. This has been a heavy burden on the western section of the denomination which has formerly footed the bills and at a recent meeting of the board held in Toronto it was decided to ask the eastern section to contribute to the work. Five hundred dollars was fixed as the amount expected from this section. Tomorrow Dr. Shearer will meet with some of the local members of the Moral and Social Reform Committee to make plans for securing the required sum.

MONTREAL PICTURE SHOWS

DEFIED AUTHORITIES

MONTREAL, Jan. 18.—The provincial authorities have taken up the matter of the opening of the moving picture shows on Sunday, but notwithstanding the official warning served on the proprietors of the seventy establishments that extra skilled mechanics will be at once taken on at the works.

LATEST WEATHER REPORT

VERY COLD

Most of the Lines Will be in
Working Order Today, But
the Red Circuit and the
Paradise Row Loop are in
a Bad Condition

Yesterday's weather broke all records. The day was marked by practically every variety at the disposal of the weather man, excepting thunder storms and Indian summer. The morning opened with the mercury about ten below, but, finding it was Sunday, the thermometer decided to be good, and chased itself upstairs until forty-two above was reached. There it halted, having performed the record-breaking stunt of varying fifty-two degrees in eighteen hours.

But having touched the upper floor, the mercury decided to come down, and rapidly slid until twelve above was fixed upon as the stopping place.

Now this peculiar condition was accompanied by snow, sleet, rain, hail, mist, fog, haze, and in fact everything but a sandstorm. The snow fell to a depth of several inches. Then rain made it good and solid, hail and sleet formed a tough crust, and the frost completed the business. The effect was an exciting exercise. Sunday was a profitable period for doctors and undertakers; today is a hard one on accident insurance companies.

The prospects are for another cold snap.

The St. John Railway Co. is up against the stiffest proposition in years. Conditions are very similar to those existing elsewhere two years ago when different railroads were put out of business for weeks by the formation of ice over the rails.

Yesterday an effort was made, by the use of sweepers, to keep the tracks clear, but as the weather became mild and as the snow turned to rain, this was rendered impossible. Sweepers could not be driven through such a depth of slush, and the work had to be abandoned. But no one ever suspected a cold snap to follow so quickly, and the belief was that the slush on the streets would run away of its own accord. Instead of doing this, it froze, and in places there is four inches of solid ice on the rails. On level streets the workmen engaged by the company have to pick out practically every inch of the track.

All the laborers who could be gathered together were turned loose on the job this morning, and more are being engaged as they offer. Over one hundred were employed on the green circuit of the main line.

The Carleton tracks were cleared this morning and service was resumed from the bridge to the ferryboat. The Fairville branch was also cleared this afternoon shortly after noon at Sussexville, Pa., was stolen Sunday morning. Erie employees say Willie Swingle, 14 years old, took it. The youngster climbed in to the cab and a few minutes later yard employees saw No. 2500 running out of the switch, disregarding all signals.

How the locomotive ran out on the main line without being derailed is a mystery, as the switch was set against it. Then it steamed at breakneck speed towards Grand Bend, ten miles distant. Train crews ahead were notified, and had a lively chase for safety.

For want of steam the locomotive came to a stop about a mile beyond Grand Bend Station, where it is said young Swingle was seen to leave the cab. He was sent to his parents, who were notified of his escape.

PORT JERVIS, N. Y., Jan. 17.—Erie locomotive No. 2500, which was standing next to the roundhouse in the company's yard at Sussexville, Pa., was stolen Sunday morning. Erie employees say Willie Swingle, 14 years old, took it. The youngster climbed in to the cab and a few minutes later yard employees saw No. 2500 running out of the switch, disregarding all signals.

TO CURE A COULD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

John V., the five-year-old son of John Lawlor, night operator at the Union Depot, died suddenly yesterday morning. The bright little fellow had only been ill about three days and the end was unexpected. The funeral will be held Tuesday afternoon at 2.30 at the Cathedral, and interment will take place in the old Catholic cemetery.

A meeting of the Provincial Temperance Federation has been called for Thursday afternoon, when the preliminary steps in the presentation to the legislature of the request for prohibition will be undertaken. Delegates with their petitions will be present from all parts of the province. The chair is to be occupied by J. Willard Smith of this city.

In return for the sixteen hundred feet of shore line south of the grain elevator required by the city for the purpose of placing the harbor under commission the C. P. R. it is understood, will ask for the property now known as Beatty's Rocks. The matter is to come up for disposal at this afternoon's meeting of the harbor facilities committee.

Believing the local molasses market situation considerably and after being in port at St. Thomas since September, the schooner Success reached this port on Saturday with a large cargo of molasses and sugar.

The market has been bare for some time and the schooner arrived in the nick of time.

On Saturday, the return day of the summons taken out on behalf of William J. Owens, the defeated candidate in the recent Charlottetown election, against George W. Upham, his successful opponent, calling upon Mr. Upham to show cause why a writ should not be set for the trial of the election case, Mr. Justice McLeor, after hearing counsel for both parties, set Tuesday, February the 18th, at the court house in Woodstock, as the time and place of trial.

The shooting competition in connection with the N. C. O. A. Mass. Palmer's Building, which has been running for the last two weeks, is attracting a great deal of interest, the shooting being very close. A valuable prize is offered for the winning team. The series will close on the 25th, when another will be immediately started, with an increased number of teams. All those interested in gallery shooting are invited to attend.

The matter of Felix Chelita v. James S. Watson was before Mr. Justice McLeod on Saturday afternoon, on an application for a postponement of trial from the January circuit, by Mr. Albert County to the next Albert County circuit. Upon hearing read the affidavit of the doctor in attendance on the day of the shooting, Mr. Justice McLeod granted a postponement.

Horace J. W. is in the city, a representative of the Charlotte Board of Trade, to protest before the Railway Commission against the alleged monopoly exercised in the Island by the Canadian Express Company. Mr. Hazard will urge, it is understood, that the Canadian Express Co. without competition is taxing the Island shipper with exorbitant rates and that a competing company be permitted to enter the province by failing to renew the lease expiring in December of this year.

Baird & Peters, 6, G. E. Barbour Co., 2. This is the result of an interesting hockey match played in the Queen's rink on Saturday evening. Both teams showed plenty of good material. Sturges at centre, was the star for the winners, netting two goals. T. Ledingham, J. Ledingham and Watson secured one each. For the Barbour Company, Howard secured both tallies. H. E. C. Sturges refereed satisfactorily. A challenge for a return match has been accepted. This will take place on January 20.

WONDERFUL LACE SALE.
Commencing today M. R. A's elegant lace sale will be inaugurated. Thousands of yards of Val and tulle lace and insertions will be offered at extremely low prices. Sale at centre counter, back store.

R. J. DEVINS, Agent, Montreal.

N'L'D SCHOONER SINKS WITH CREW

Vessel Pounds Herself to Pieces East of Fire Island.
Carried a Crew of About Twelve Men—Left St. John's Two Weeks Ago—73 Tons Register

NEW YORK, Jan. 17.—In the blinding driving snowstorm, early this morning, off the Long Island shore, another vessel, the schooner Swallow, of St. John's, N. F., and her crew paid the toll the sea so often demands of those who ply their trade there. The story of the wreck, or, as much as is known of it, was told by the sea itself as it strove the beach east of Fire Island for several miles with wreckage from the ship and from her cargo. On some of this floating appeared the name "Swallow, St. John's, N. F." and this told the beach patrol what vessel pounded herself to pieces in a few short hours in the howling gale. Of the crew, probably five or six men, judging from the schooner's size, there was no trace. But from the wildly tossing seas and the thick snow with its attending bitter cold, the beach patrol knew the men's fate. No human power could have aided them.

TRACES OF WRECKAGE.

It was at two o'clock this morning, while a patrol from the Blue Point life-saving station, a few miles east of Fire Island, was telling through the storm, he saw some black objects bobbing about in the tumbling surf, close to the shore. He hailed some of them in and, finding it was new wreckage, hurried back to his station to report and to get aid. Other life-savers were soon on the scene, hauling in the wreckage, and making a study of it. There were timbers, a few lumber, frozen herring and fishing tackle, and finally a sign-board or two which told that she carried a deckload of lumber. The life-savers stood by and patrolled the beach all day in the hope that this might be the same piece of the wreck, but nightfall came and their quest had been in vain.

It is supposed that the Swallow, presumably a fishing boat, was bound from Newfoundland for New York with a cargo of frozen herring and that she carried a deckload of lumber to help make the trip pay. In the storm the skipper probably lost his bearings and his vessel struck on one of the many sand bars a mile or so off shore near the Blue Point station. These the wind and the waves soon smashed the boat to bits and the men aboard were speedily lost in the sea.

The Swallow, according to the Marine Register, was a schooner of 73 tons. She was built thirty years ago at Moose's River and was owned by John Dawson of St. John's.

MORE LIVES LOST.

CUNHAVEN, Jan. 17.—The British steamer Pitra, was wrecked on Amrum and is a total loss. The Pitra carried a crew of eighteen and it is believed that most of them perished while trying to make the shore, the boats being smashed by the heavy breakers. Several bodies have been washed ashore. The steamer was of 1,218 tons.

ST. JOHN ART CLUB HAS 120 CHARTER MEMBERS

The first meeting of the St. John Art Club since its organization was held on Saturday evening in their rooms, McLaughlin building, W. S. Fisher, the president, was in the chair and there was a large attendance of members.

The meeting proceeded with the formation of constituted and by-laws, which were finally drawn up and approved. It was decided to hold monthly meetings on the second Thursday.

The club has about one hundred and twenty charter members and all intend to work harmoniously. Though progress may be slow, there are hopes of having a splendid art gallery established here by the club.

His worship the mayor has invited the members of the Common Council to attend the Canadian Club luncheon on Tuesday evening next when F. S. Spence of Toronto will deliver an address the subject of which has been announced as that of City Government by a Board of Control.

LOCATE HER AT DBAN, SCOTLAND

Violet Charlesworth Alive

REPORTED KILLED
Story of Supposed Murder Sensation of Two Continents

LONDON, Jan. 17.—Miss Violet Gordon Charlesworth, whose mysterious disappearance a short time ago, caused a great deal of excitement, because of her remarkable career and her intimate association with extensive stock deals, has been found and identified at Oban, Scotland.

It was reported that Miss Charlesworth, who lived with her parents in Bogera, St. Asaph, Wales, was killed while automobiling in the neighborhood of Penmanner, with her sister and the chauffeur, about two weeks ago. The young woman was said to have been hurled over the sea wall, but her body was not recovered. Her sister and the chauffeur, escaped uninjured.

SEARCHED CONTINUED.

Investigation failed to show any indications that body had fallen over the cliffs and it was not considered possible that a body falling into the sea at this point could have been washed away. This gave rise to suspicion and search for the missing woman has been continued anxiously. A day or two ago a torn telegram addressed to Violet Charlesworth was found in a room in a hotel at Teberny, Scotland, and it was ascertained that the occupant of the room, who answered the description of Miss Charlesworth, had gone to Oban. She was found there today. Relatives are now on their way to that place. Much has been published of Charlesworth's alleged speculation in stocks, and an endeavor has been made to show that she was in desperate financial straits.

Seasickness Quickly Cured

"Mother's" quickly cures Sea and Seasickness. Guaranteed perfectly harmless to the most delicate. Money refunded if not cured. For sale at Drug Stores and First-class Steamers, or Mother's Remedies, Ltd., London, England. For sale and recommended in St. John by A. Chipman Smith, G. A. Moore, Royal Pharmacy and G. A. Reicker.

STEALING TRADE MARKS A PROFITABLE BUSINESS

This Form of Piracy Popular in England—Foreign Office to Deal With the Subject.

LONDON, Jan. 12.—During the past few months during cases of the piracy of British trade marks and trade names by unscrupulous traders in the Argentine and Japan have come to the knowledge of the Birmingham Chamber of Commerce. Several instances have been investigated by the secretary of the chamber who reports that in some cases the pirates while in the act are being seized by a desire to obtain sole rights in the sale of goods bearing the trade mark or name. In the former case the pirate secures as a confederate a lawyer of not very high reputation. The trade mark or name is registered and the lawyer writes to the British trader informing that this has been done, and that its effect will be to stop importation of goods bearing the trader's recognized mark or name. The lawyer then suggests proceedings and offers his services. If the trader consents and sends a check on account of fees, with power of attorney, he may receive through the lawyer an offer from the pirate to part from his "rights" in the trade mark on payment of a round sum, which may vary from a few hundred dollars to a number of thousands. In the second class of cases the pirate has been found to be a man who desires a sole agency, and who, on being refused, registers the trade mark or name, with the result that he can prevent all importations except by himself. The Birmingham Chamber of Commerce has communicated with the Foreign Office on the subject. American firms are probably annoyed in the same way.

DUKE HAD LIVELY TIME HUNTING ELEPHANTS

BRUSSELS, Jan. 16.—Interesting particulars have been received here regarding the hunting trip which the Duke of Mecklenburg has recently made in the Congo. The Duke and a number of friends had some excellent sport in the Kivu district, but he very narrowly escaped being killed by an elephant, which he had wounded. The animal charged the Duke twice, and finally was shot in the eye by him. Had the shot missed the Duke would have shared the fate of one of the members of his suite, who was killed in the course of one of the hunts.

HAS EXCITING CHASE AFTER HIS PRISONER

Italian Robber Arrested at Perth

LATER ESCAPES
Threatens Farmer, but is Recaptured by Constable McCrea

PERTH, Jan. 17.—Developments in the robbery case at Perth, B. C., have been most rapid and sensational during the past few days. Clever work on the part of the authorities resulted in the apprehension of two alleged thieves, one of which is the guilty party. A sensational escape and re-capture also occurred, the incidents in the case being very interesting.

LEFT FOR GRAND FALLS.

On learning of the robbery which was supposed to have taken place near Perth, B. C., Chief of Police Foster left for Grand Falls that evening. He was able to learn that an Italian stole \$190 from another, besides his bank book containing credit amounts to over \$1,000. That evening Sheriff Tibbitts went to Perth, B. C., in hopes of locating the thief there.

At Grand Falls, Chief Foster was soon busy and located a suspect and arrested him. The Italian put up a stiff fight and stoutly protested his innocence. However, the chief decided to retain him in custody.

RECEIVED MESSAGE.

Meanwhile Constable Miss McCrea of this place had received a telephone message from the station master at Perth, B. C., that an Italian suspected by the man wanted had spent Friday night at the station there. Mr. McCrea concluded that the man wanted had been on the train. The constable immediately took him into custody at this place.

Before the train pulled out he allowed one of the Italians to depart. This secured four charges against one man for violation of the law, three against another and several against other dealers. All the charges needed to be a fund and the secret service men.

Referring to the defects in the New Brunswick license law, which rendered the recent reference to the recorder and his decision, Mr. Tilley read from the Ontario act to show that the vote be taken at the time of the municipal elections and that if carried the council must adopt the by-law within six weeks. With this proviso in mind the recent trouble would not have occurred.

Another point noted was that every bartender in Ontario must have a license, and he as well as his employer can be got at by the law and fined or imprisoned or have his license cancelled.

There are tavern and shop, but no ration license in Ontario. The tavern is a hotel license, and the house must have a certain number of rooms for guests. The shop license provides that no liquor can be drunk on the premises. In the houses the bars must be open to the public, without screens. The inspector can go in at any time and take any liquor from the shelves, and if he finds it for analysis, Toronto, with a population of about 250,000, had 150 taverns and 50 shops licensed to sell liquor. In the recent reference to the recorder and his decision, Mr. Tilley read from the Ontario act to show that the vote be taken at the time of the municipal elections and that if carried the council must adopt the by-law within six weeks. With this proviso in mind the recent trouble would not have occurred.

SUN DEFEAT STAR.

On the Victoria All Stars Saturday afternoon the Sun reported that the defeated the Star staff in a bowling competition by a score of 871 to 846. The Stars won the first two games to show their opponents how to bowl, but lost so much on the last game that on the total pin fall they were behind. Persons who witnessed the match say that the poor showing made by the Stars in the last game appeared to be but bait to induce their opponents to another conflict.

SICILIAN FRUIT DEALER KILLED BY COMPATRIOT.

BOSTON, Mass., Jan. 17.—Galligo de Lucio, aged 25 years, a fruit pedlar living in the West End, was shot and almost instantly killed at the corner of South Main and Hale streets tonight and the police immediately arrested Francesco Chincillo, aged 34 years, charged with the shooting. The two men are Sicilians and it is alleged, have had difficulties over business.

SOUTH AMERICANS READY FOR A SCRAP.

SANTIAGO, Chile, Jan. 17.—The Chilean newspapers express the opinion that the good relations between Peru and Chile have been seriously affected by the recall of the Chilean minister, because of the misunderstanding arising out of President Leguia's refusal to accept a memorial tablet proffered by the Chilean government in memory of the Peruvian soldiers who fell in the war of 1879.

LICENSE LAW IN ONTARIO

Next Best Thing to Prohibition

MR. TILLEY SPEAKS
Explains Law to Every Day Club—May Make a Demand for It

"If we in New Brunswick cannot get prohibition the temperance people should unite and demand that the government adopt the Ontario license law and enforce it up to the hilt." This is the view set forth by L. P. D. Tilley at the Every Day Club last evening. Mr. Tilley was in Toronto not long since, and the chief liquor license inspector of that province gave him a whole afternoon, explaining the provisions of the law and telling how it worked out. As a result he came home convinced that next to well enforced prohibition the Ontario license law is the measure needed in New Brunswick. Mr. Tilley began by remarking that we are wondering where we are at on the temperance question. We have seen the late movement for ward prohibition, and this week the Temperance Federation and others will ask the government for provincial prohibition. In Westmorland the Scott Act has been sustained and is being enforced. Toronto has cut out forty licenses and a number of American states have adopted prohibition.

A gentleman had lately told him there were three kinds of temperance men: the moderate, the steady moderate, and the weak-kneed. That gentleman commended what he would term active moderns who would persist in a moderate course till they finally got prohibition. Mr. Tilley was inclined to support this view. It had been strengthened by what he learned in Ontario. There, if one-quarter of the qualified municipal voters in any district ask for it a vote must be taken, and if three-fifths of those who vote are in favor of it the municipal council must adopt a local option law. The law must be enforced by the provincial government, which has a chief inspector, three sub-inspectors, and twelve to fifteen constables to enforce the law. The latter are moved about or changed as the need may arise to insure efficient work. It is a vote must be taken, but the Temperance Federation last year showed how it should be when in a week with detective work they secured four charges against one man for violation of the law, three against another and several against other dealers. All the charges needed to be a fund and the secret service men.

Referring to the defects in the New Brunswick license law, which rendered the recent reference to the recorder and his decision, Mr. Tilley read from the Ontario act to show that the vote be taken at the time of the municipal elections and that if carried the council must adopt the by-law within six weeks. With this proviso in mind the recent trouble would not have occurred.

Another point noted was that every bartender in Ontario must have a license, and he as well as his employer can be got at by the law and fined or imprisoned or have his license cancelled.

SHIP LOAD OF BUILDING MATERIAL FOR ITALY

NEW YORK, Jan. 17.-Loaded with lumber and materials sufficient to construct five hundred houses to shelter the homeless in stricken Messina, the steamer Ewa will sail from the Brooklyn navy yard dock tomorrow afternoon for Italy.

Within two hours of the receipt on Saturday of the steamer from Washington, given at President Roosevelt's insistence, to purchase, load and ship building supplies to the devastated districts, Pay Inspector J. A. Mudd, the navy purchasing and disbursing officer here, had chartered the Ewa and began loading. Joists, beams, bevelled pine siding, roofing tar paper, locks, bolts, window glass, nails and nails, were assembled and rapidly loaded and today Inspector Mudd announced that the Ewa would probably weigh anchor Monday.

DIED OF FRIGHT

BOSTON, Mass., Jan. 17.-John D. Weld, aged 69 years, a wealthy retired merchant, who formerly lived in Savannah, Ga., lost his life in a fire which wrecked the furnishings of his room on the ninth floor of the Hotel Lenox in the Essex Bay at an early hour this morning.

A still alarm called the fire department to the hotel, where the room was found filled with flames. The body of Weld was lying just outside the door, his hands and neck covered with burns. Death was ascribed to syncope, due to fright caused by the fire.

The exact cause of the fire is unknown. The damage to the hotel property was small.

PAINFUL PREDICAMENT OF IMPECUNIOUS PEER

Married Heiress But Found Sum Manhood Was Her Capital Not Income.

LONDON, Jan. 16.-Truth publishes a heartrending story of how a confident but penniless English peer was trapped into marriage by a heartless American heiress. The peer was in the first instance, in the clutches of a money-lender, who, having presumably squeezed him dry, suggested that a marriage with an American heiress would be the best way of placing him in a stable financial condition. The peer, however, and the delicate scheme was placed in the hands of a society marriage broker who soon produced an American lady with a certain income, and a marriage was duly arranged, but, almost immediately, the heiress became engaged to another heiress, from whom a larger commission could be obtained, and, pointing out the superior advantages of this alliance from a financial point of view, he threw over the first lady, and the peer became engaged to the second. The painful fact then became known to him that the sum mentioned to him as his bride's income was her entire capital. He considers he has been ruthlessly swindled, and, as he has no money, he is without the fortune he did want. It is pitiful to reflect upon the miserable pittance this romantic spirit of the English nobility must be having.

FRENCH ROYALISTS USE VIOLENT LANGUAGE

PARIS, Jan. 16.-Some attention is being directed to an attempt now being made to bring about an active Royalist agitation in France in favor of the Duke of Orleans, the French pretender to the throne. According to certain persons, who profess to be well informed, the pretender recently visited the city of Lyons with the manner in which the Monarchist propaganda has been carried on, and M. Besine, chief of the Duke's "political bureau," feeling himself disgraced, resigned. It is considered evident that the resignation of Besine marks the inauguration of more active and more violent methods. At a Royalist meeting held in a Paris hall, a few nights since, the most violent language was used. M. Leon Daudet, son of the novelist Alphonse Daudet, and editor of the daily Royalist newspaper, said to be subsidized by the pretender, spoke in the most insulting terms of the Republic, praising the pretender, for assaulting the president. M. Daudet declared that if ever M. Clemenceau, the premier, with a bit of this spirit of the Duke's "political bureau," feeling himself disgraced, resigned. It is considered evident that the resignation of Besine marks the inauguration of more active and more violent methods. M. Daudet declared that if ever M. Clemenceau, the premier, with a bit of this spirit of the Duke's "political bureau," feeling himself disgraced, resigned. It is considered evident that the resignation of Besine marks the inauguration of more active and more violent methods. At a Royalist meeting held in a Paris hall, a few nights since, the most violent language was used. M. Leon Daudet, son of the novelist Alphonse Daudet, and editor of the daily Royalist newspaper, said to be subsidized by the pretender, spoke in the most insulting terms of the Republic, praising the pretender, for assaulting the president. M. Daudet declared that if ever M. Clemenceau, the premier, with a bit of this spirit of the Duke's "political bureau," feeling himself disgraced, resigned. It is considered evident that the resignation of Besine marks the inauguration of more active and more violent methods. ST. JOHN STAR.

ST. JOHN, N. B. JANUARY 13, 1903.

AN ANTI-CONSUMPTIVE PLAN.

In the opinion of Dr. Woods Hutchinson, a prominent New York expert, any city in American can stamp out tuberculosis within its boundaries at an expense of not more than \$10 per head of its population, distributed over ten years. The success of any well directed campaign against consumption depends, according to Dr. Hutchinson, only on the financial backing of the workers and the legal authority with which they are supported. His scheme is one of practical work. He advocates taking out of the city every tuberculous victim who can be discovered, and isolating these patients in an out door camp to be provided by the city or otherwise. In such a camp or sanatorium there would be from fifty to sixty per cent. of cures under modern methods. This in itself would be only a minor part of the undertaking, for the main object in any crusade against consumption, must be in removing the sources of infection. This of course could not be done with persons already suffering from the disease, but in city homes, but having removed the patients, Dr. Hutchinson would proceed to a thorough inspection of all buildings occupied as human habitations. He would destroy those condemned by medical experts, would eliminate in the most thorough manner those houses in which the disease has been found and which are not objectionable as residences. Such a course of treatment, he believes, would absolutely remove the plague, but it would, of course, be necessary for the health authorities to continue a careful watch, for consumption frequently develops of its own accord, and not through contact with other cases.

If Dr. Hutchinson's plan were to be applied to St. John, a very considerable portion of this city would be destroyed. There are whole blocks here in which there is not to be found one house fit for human beings to live in. The ordinary run of citizens can scarcely appreciate this, they will not believe it when told, and in fact the only way in which the truth could be impressed upon them would be by personal inspection. How many houses are there on Brunswick street, below Clarence, which should not be condemned by the Board of Health? How many on Erie street and St. Patrick street? How many on Main street between Paradise Row and Fort Howe? On City Road, as well as in the other districts mentioned, and in some parts of Lower Cove, block after block of houses so called, are nothing more than hovels, almost ready to tumble down, dirty and dark and damp, with no sanitary arrangements, and certainly not the kind of places in which health may be maintained. The Board of Health records show that it is in such districts that consumption is most frequently found, but indeed no official statistics are required to prove what everybody realizes to be true. Hutchinson's proposal might be a little too radical for St. John, and no doubt measures less severe would be fairly effective. We have a Board of Health which prevents people from being healthy. If we could replace it with a board of disease, which would take at least some slight interest in combating disease, and if we had a building inspector whose duty it would be to inspect buildings, our annual death list might not show 115 victims of consumption.

THE INCINERATOR.

It is the habit of the common council to discuss every once in a while the need of an incinerator to dispose of the city's garbage and other objectionable matter. It is also their custom to forget all about it again until conditions which cannot be overlooked once more prod them into activity. Was there not a committee appointed several months ago to report on this matter? If they did report, nothing further seems to have been done about it. The aldermen may have had the idea that when the warm weather comes again those who have to live near the dumps where the garbage is deposited, will hardly agree with such an idea. The time honored custom of carting decayed fruit, dead cats, and such other things as can no longer be found the shores of the nearest dump and leaving them there, cannot be retained much longer. That such a course is liable to lead to disease is probable. That it does give rise to objectionable odors in some of the city's residential sections is very certain. It is equally sure that this could be and ought to be avoided. If a suitable place more remote than the shores of Courtney Bay could be found to dump the garbage, there might be less objection to the present custom. These places, however, are

too near the houses of many citizens to be popular. Again, when the work of building wharves along Courtney Bay is commenced an end will have to be made to the custom. If there is any intention of grappling with this problem, it should be put into execution before spring in order that complete arrangements could be made before the arrival of warm weather. The solution of this difficulty might provide a little relaxation for the new city engineer when he is not busy with the water and sewerage, the streets or wharves, the ferry boats or harbor improvements or some of the other duties of his office.

AT GIBRALTAR.

England, I stand on thy imperial ground, Not all a stranger, as thy bugles blow I feel within my blood old battles flow— The blood whose ancient founts in thee are found— Still surges dark against the Christian bound Wide Islam presses; well its people know Thy heights that watch them wandering below; I think how Lucknow heard their gathering sound. I turn, and meet the cruel, turbaned face. England, 'tis sweet to be so much thy son! I feel the conquerer in my blood and race; Last night Trafalgar awed me, and to-day Gibraltar wakened. Hark! thy evening gun Startles the desert over Africa. Thou art the rock of empire, set midway Between the East and West, that God has built; Advance thy Roman borders where thou wilt. While run thy armies true with His decrees; Law, justice, liberty—grace—gifts are these. Watch that they spread where English blood is split; Last, mixed and sullied with his country's guilt. The soldier's life stream flows, and Heaven displeases! Two swords there are—one naked, apt to smite. Thy blade of war; and, battle-stories, one Rejoices in the sheath, and hides from light. American I am, would wars were done! Now westward, look, my country bids good-night— Peace to the world from ports without a gun!

A YARN.

"Two can live as cheap as one." Yes, they can! They can, like you! You ask any one who's tried it! See just what he'll say. Most of them are satisfied it. Goes the other way. "Two can live as cheap as one." "Two can live as cheap as one." Fifteen hundred makes a ton. No one in his sober senses Has the slightest doubt. If he figures on expenses How that's coming out. When uphill the waters run "Two can live as cheap as one." "Two can live as cheap as one." Fifteen hundred makes a ton. Woman never's money spending. Does not care for dress. So if marriage you're intending Living might cost less. No, don't swallow that, my son. Two can't live as cheap as one.

"How many speeds has your automobile?"

"Three," answered Mr. Churgins: "slow, slower and stop."

Miss Dubley—She was bragging about how successful her dinner party was. She said it wound up "with great eclat." "What's 'eclat,' anyway?"

Miss Mugley—Why, I guess that was the desert. Didn't you never eat a chocolate eclat?

"Dear," whispered the eloping lover, "what shall we do with the rope-ladder?"

"Oh, that's all right," replied the coy dame. "Pa said he'd pull it up again so we couldn't get back."

"To every trick I will report, And practice all the Wall Street wiles. To sell your other lovers 'short' And make a 'corner' in your smiles. Of Cupid's stock I hold, my dear, Enough—though 'bears' may growl and grump— To trade on 'margins' for a year, And never fear that love may slump."

Oh! could we but "combine" sweet maid, And "pool our stock" and form a "trust."

Ah! then we need not feel afraid Though Cupid's bank itself should bust.

In fact, though Cupid bankrupt be, And have to pawn his wings and bow, It would be up to you and me To take the little god in tow.

With wealth like ours, in such event, To lend him some at three per cent.— And put him on his legs again.

"Mama, said little Willie, looking up from a paper on which he was laboring writing a letter to Santa Claus. I think I'll send my love to Kris Kringle's wife.

But I don't believe old Kris has a wife.

Oh, yes he has. You've heard of her? Lots of times. Her name's Mary Christmas.

CUBANS HUMILIATED BY PAST FAILURES

Look to New Government to Restore Their National Pride and Prestige

HAVANA, Jan. 17.—On January 23, at noon, the Cuban people will come into their own, for the second time at the hands of the American government. It was on May 20, 1902, that the American flag hoisted after the war with Spain, was hoisted down in favor of the blue, striped, single-starred ensign of Cuba. This republic, for which the Cubans vainly sought Spain so many years, lasted little more than the period, between presidential elections in the United States. In September, 1904, a company of marines landed at the place from the United States cruiser Denver, and halted a victorious revolutionary army on the outskirts of Havana, and American intervention which happened first against a foreign power, was once more a fact, this time to set things right among the Cubans themselves.

The Liberal party, which claims to be the party of the common people, goes into power as the result of an almost unanimous vote, its overwhelming success at the polls being one of the principal foundations for the belief that Cuba is about to enter upon a period of long content. Most of the newspapers say that the majority of the people are deeply humiliated that intervention in the island affairs became necessary and urge the politicians of all parties to remember the mistakes of the past and to do nothing that would make another and longer intervention possible. Major General Jose Miguel Gomez, soldier, statesman, and veteran of the revolution against Spain in 1895-6, the new president, has magnanimously agreed that although the Conservative party vote in the recent election was almost nothing, that party shall have thirty per cent. of the appointive offices. The details of the inauguration of Gomez on January 23 are yet incomplete. Several warships from America are expected to be in the harbor and they undoubtedly will fire a national salute, but neither United States sailors or soldiers remaining on the island will participate in the inaugural parade, because their presence might detract from the pride of the people in the return of native sovereignty. The headquarters army of pacification have been at Camp Columbia, several miles from the city, and have done in beauty of location, surroundings, and in the permanence, comfort and convenience of the buildings, many points in the United States. It is now being rapidly repopulated and soon will be the haven of squatters. The last of the machines, which have done fine work, will leave this week for home. The troops will go out gradually until April 1, when the evacuation of the island will be complete, save for a permanent service at the American naval station at Guantanamo.

HEROISM OF SEAMEN SUITABLY RECOGNIZED

Crew of Gloucester Schooner Get Medals and Money for Life Saving

GLoucester, Mass., Jan. 1.—Captain Robert Griffin and the five members of the crew of the schooner Conqueror of this port, received notice today of the awarding to them of a silver medal and \$15 apiece by the Massachusetts Life-Saving Association, as a reward for their heroism and valor in rescuing the crew of the British schooner Eric, off Nauset, in December. In addition, Captain Griffin will receive the formal certificate of the society. The rescue was a most thrilling one. Sighting signals of distress from the Eric, Captain Griffin ordered his men to the dories and attempted to reach the distressed schooner from the leeward. This was impossible and he immediately had the dories directed toward the windward side of the Eric, but at first it was impossible to reach the side of the schooner from this direction. Obtaining a quantity of oil, however, the dories managed to reach the Eric's side and succeeded in taking off all aboard. This was one of the few times in the annals of rescues at sea that an approach from windward under such conditions has been successful.

ST. ANDREWS DEFEAT THISTLES

The St. Andrews curlers managed to defeat the Thistles on Saturday by a score of 24 to 19. The two clubs tied in the afternoon with 10 points each. The following is the score by ships:

Thistle Ice-Afternoon.	
Rev. Raymond, . . . 8 Dr. Magee, . . . 19	
S. W. Palmer, . . . 15 F. L. Harrison, . . . 17

The Doctor's First Question
"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, indigestion, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of Ayer's Pills. Then follow his advice.

FIRST MASS AT REGGIO A PICTURESQUE CEREMONY

Service Held in Orange Grove amid Pastoral Surroundings

REGGIO, Jan. 1.—For the first time since the earthquake disaster of December 23, mass was said in Reggio under conditions that recalled the early days of the church. Processions passed through the streets of the city, ringing bells and calling the people to the service which was held in an orange and lemon grove near the shore. The altar, set up under the picturesque and pastoral surroundings, was formed by a table covered with a white cloth, behind which stood a crucifix and a statue of Christ. Around this were arranged several candles, a crucifix and some sacred vessels, all protected from the wind by a cloth screen. There were present many women and children, all of whom knelt by the improvised altar, while the men stood with uncovered heads behind them. On the outskirts of the crowd were several shepherds in the midst of their flocks, standing erect in their characteristic dress with hands crossed over the top of their crooks, upon which they rested their chins. The whole scene might have been taken from one of the early Italian pictures of a primitive religious service. The crowd followed the ceremony with great interest and much fervor was shown in carrying out the forms of their religion.

BOND SENDS SUBSTITUTE TO FISHERIES CONFERENCE

ST. JOHN'S Nfld., Jan. 17.—Sir Robert Bond, Premier of Newfoundland, has abandoned his proposed visit to Washington for a conference with the British Ambassador, Right Hon. James Bryce, and Secretary of State Elihu Root, on the fisheries question. He will be represented at the conference by Attorney-General Kent. The latter had here tonight for Washington. While the reason for the change of plans is not explained, it is supposed that the attorney-general's presence is thought to be particularly desirable at the conference, because of the legal points involved in the issue. The attorney-general's stay in Washington is not expected to exceed a week.

GAS EXPLOSION WRECKED HOUSE AND KILLED OWNER

CONSET, Mass., Jan. 17.—The act of Martin Thayer, a retired business man of Brockton, in carrying a lighted lantern into a private gas plant connected with his house here, resulted in his death today, an explosion being caused by escaping gas meeting the flame of the lantern. The explosion wrecked the front of the house, blowing the entire wall out, and starting a fire which resulted in the destruction of the house. The property loss was small. Mrs. Thayer, who has been confined to her bed for some time in a very weak condition, is now seriously ill and may die as a result. The shock was felt for several miles around, windows being shattered and brick-work shaken down. Mr. Thayer was about 65 years old.

NO GUESS WORK about it, you take no chances when you buy a bottle of CUTILAVE.

If your hands, face or lips are chapped or itchy, or if you have any roughness of the skin, a few applications of CUTILAVE will cure all these troubles.

25c. A BOTTLE
Your money back if you are not satisfied.

OTTAWA PREPARING FOR THE COMING SESSION

OTTAWA, Jan. 18.—Members of parliament are beginning to arrive in the capital for the session. A large delegation of western members reached here today coming a few days before the opening on Wednesday in order to locate rooms before the sessional rush for accommodation. All the British Columbia members are now here and about half the members from the three prairie provinces. The government has its sessional programme in good shape to meet parliament. Estimates are ready for presentation to the Commons and government bills are drafted and in shape for early consideration. It is expected that the session will be a comparatively short one of about four months.

BRIEF DESPATCHES. COUNCIL OF FINE ARTS WILL DIRECT POLICY

ATHENS, Jan. 17.—King George gave a dinner at the palace today to the superior officers of the American warships Missouri and Ohio.

BERNE, Switzerland, Jan. 17.—An earth shock of two seconds duration occurred today at Reutlingen and in the lower district of Simmenthal.

WASHINGTON, D. C., Jan. 17.—With President and Mrs. Roosevelt and Ambassador Bryce in the assembly, the annual convention of the American Institute of Architects, President Roosevelt has taken the first step looking to their recognition by this government.

In response to a report from the American Institute of Architects the president announced in correspondence made public today that he has asked the institute to designate the names of thirty men representing all parts of the country to comprise a council of the fine arts. The object of the council which is to consist of architects, painters, sculptors, landscape architects, and hymen, of which the supervising architect of the treasury department is to be the executive head, is to advise upon the character and design of all public works of architecture, paintings, sculptures, all monuments, park bridges and other works of which the art of design forms an integral part, and to make suggestions and recommendations for the conservation of all historic monuments.

HENRY P. BOOTH DEAD

NEW YORK, N. Y., Jan. 17.—Henry P. Booth, widely known in shipping circles throughout the world, died at his residence in this city late Saturday night. Mr. Booth with James E. Ward, formed the ship brokerage firm of James E. Ward and Company, the firm that inaugurated the first regular line of boats between New York and Havana, an enterprise that in 1858 developed into the New York and Cuba Steamship Company, familiarly known as the Ward Line. A widow survives.

NEW YORK, N. Y., Jan. 17.—The "open shop" and a fight to the finish was the action decided upon by the Hat Manufacturers' Association at a meeting held here today to discuss the effect of the strike which began Friday. An effect of the strike, according to the manufacturers will be a rise in the price of hats, for the trouble has occurred in the busy season.

JEFFRIES GETTING READY TO FIGHT JOHNSON

SAN FRANCISCO, Jan. 18.—Jim Jeffries, for the first time in four years, sparred three one minute rounds yesterday. He boxed with Sam Berger, a great crowd of critical sports at a local theatre. Both men had poor wind, but Jeffries showed much speed and accuracy and outclassed on his feet that the general opinion was that he could easily get into condition to fight Johnson.

NEW YORK, Jan. 18.—Emma James will commence in Boston on Feb. 9 a tour of twenty concerts. She will sing at Toronto, Montreal and other cities.

Wonderful Work Done Under Adverse Circumstances Now Nearing Its Successful End.

not only from rat to rat, and from
to man, but from man to man.

CARRIED BY EULIAS

In many quarters, crude, irreg-
refugee camps had sprung up, most
them without sanitary necessities.
city was overrun with rats, and
garbage, which was offering them
tenance, was kept in such nondescript
containers as old boilers, decrepit
barrels and similar receptacles,
without covers.

Women's clubs, civic and municipal bodies all joined the cause for a clean city. Commission merchants scour their district, and to prove the thoroughness with which their task was done gave a banquet in the street. "And the plague was stayed."

"What San Francisco has done other cities can and should do," says I. Blue. "Plague is out upon its devastating march, and since its devastation began, in 1894, has followed the lines of commerce round the world. It is even now marching up the Spanish main and may lose its resistance upon our gulf coast. Scientific saboteurs at any time. Sanitary defenses may be erected against this subterranean pest, but the resident population must be attacked now if we would repulse the invader which walketh in darkness and slinketh at noonday."

Mr. and Mrs. George D. Bain, Sussex, left this morning for south of Florida, where they will spend the rest of the winter.

Cost Uncle Sam \$78,000 Last Year to
Keep Up Establishment of the
President.

The President of the United States occupies the White House practically as the guest of the nation, but not entirely so. He must pay from his own purse for his clothing and for that

which is usually served at the White House, costs considerably less than popularly supposed. A few thousand dollars probably would cover the most cost of all these functions, as receptions, little expense, other than that borne by the government, attends to them. At a dinner given at the White House much would be saved by music furnished by the government.

In private entertainments there would be large items of expense. But the White House greenhouses supply all the flowers required, while the President has at his command the largest band to furnish music for any of all occasions. The principal item of expense which a President must bear

then is that of food for the official family, and for the household help. expenditure would make a small in salary of \$50,000 a year, while about \$1000 a week, or considerably more than \$150 a day. When it is remembered that rent, heating, light

**Wrecks That Come From Careless Up-
keeping of the Beacons—Tricks
of Wily Pilots.**

He asks for his fee. When he is told that the boat got in without him, he says merely, "You should have waited for me."

The worst of the matter is that there are heavy charges for lighthouse tickets, which represent in most cases money simply paid out with no return. The shipmasters don't like to take chances with the ships and the captains and they don't like either to take chances of being late either to the port or to the port of call. They have to make their choice.

In the case of the Mexican ports, in spite of the rule against bringing a ship in after a seizure, occasionally a master will take a chance on starting in, although it is a quarter or so after the prescribed

hour. Then, when the official came aboard to demand a fine for his violation of the rule, the shipmaster told him with a face of childish decor that the ship's clock didn't show that it was four bells when he started.

It was the Victoria Luise that had on board a piano given by the Kaiser. As the boat was on in a nice soft spot efforts were made to save that precious

If there is any one thing that a woman dreads more than another it is a surgical operation.

"It has cured me of all my troubles and I did not have to have the operation after all. The Compound also helped me to pass safely through Change of Life."

FACTS FOR SICK WOMEN

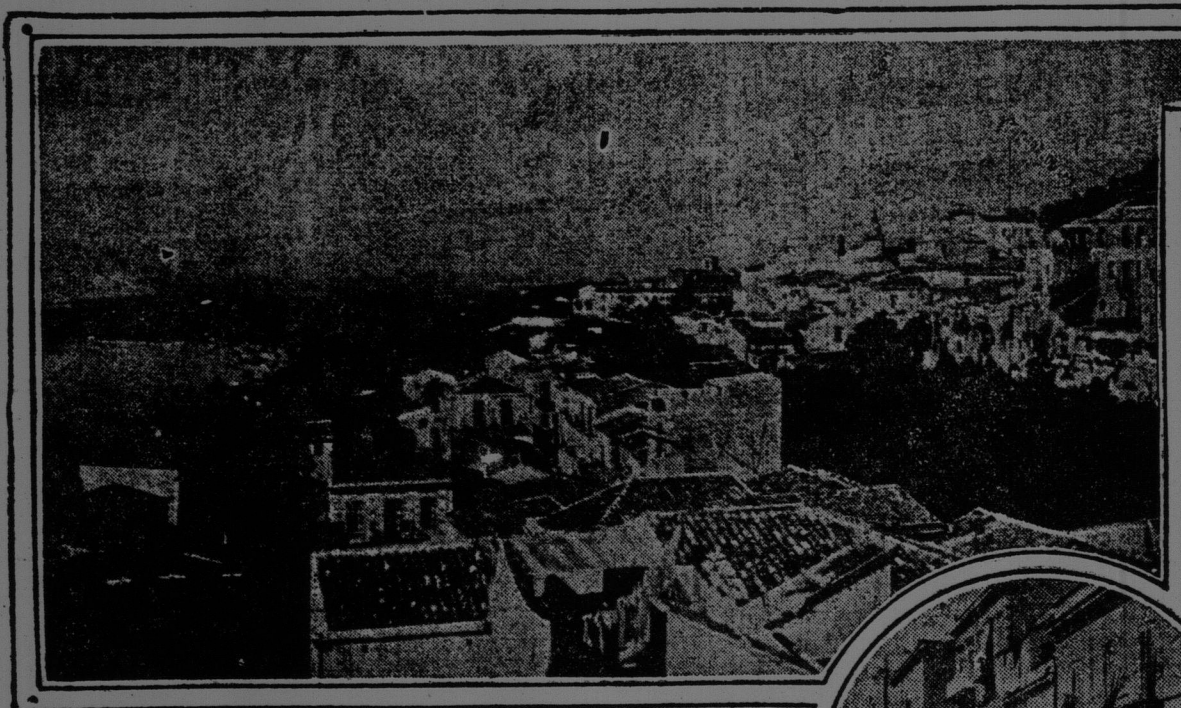

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains and backache.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

FOOLS AND THEIR MONEY

The Magistrate Hands Out a Mixture of
Philosophy and Good Advice

"The poor fools hand in their money and those who receive it drive fast horses and automobiles."

The above were the remarks of Magistrate Hiltch when he finished giving some good advice to a couple of drunks who had been picked up on Saturday night.

The first drunk was a youth who got intoxicated from a square face of fifty-five cent gin, but where he made the purchase he could not, or did not care to, tell. He was simply a drunk and wished to get out in the fresh air, no matter how the weather was.

The second drunk was a young man who, the court remarked, looked as if he needed other nourishment than the stuff that set him drunk. The prisoner said that he was a longshoreman and on Saturday morning accepted the invitation of a friend to have a couple of drinks. He had the couple and was being assisted home Saturday evening when he used, had the defendant said that he had not seen his wife and child since Saturday morning.

The other prisoner was a young man who, the court remarked, looked as if he needed other nourishment than the stuff that set him drunk. The prisoner said that he was a longshoreman and on Saturday morning accepted the invitation of a friend to have a couple of drinks. He had the couple and was being assisted home Saturday evening when he used, had the defendant said that he had not seen his wife and child since Saturday morning.

LACK OF WATER HAMPERED
THE FIRE FIGHTERS

NEW YORK, Jan. 18.—Hampered by lack of water, the fire departments of three Long Island towns had their hands full today subduing a fire which, fanned by a high wind, destroyed three buildings at Roseton, L. I., and for a time threatened the entire business section of the town. Unable to get sufficient water from the few hydrants available nearby wells and cisterns were tapped. Engines from Jamaica and Valley Stream were dragged several miles over icy roads to the scene and the combined fire-fighting force finally succeeded in controlling the blaze after it had burned the Brennen Hotel, a general store and a large warehouse, with a total loss of about \$75,000, partially covered by insurance.

FEWER CONVICTS IN
CANADA LAST YEAR

OTTAWA, Ont., Jan. 18.—The justice report shows the penitentiary population of Canada last year, was 1,418, a decrease of 15, 218 prisoners were released on parole, twenty were pardoned, and six escaped.

Sixty per cent. of all the convicts are Canadian born, sixteen per cent. British, and ten per cent. from the United States. The greatest increase has been in the case of Italian convicts.

TRAINS DELAYED

The Boston express was an hour and fifteen minutes late and the Atlantic express was two hours late this afternoon.

The early Boston express did not reach the depot this morning until nine o'clock instead of at the usual hour of seven. The delay was caused by the difficulty experienced in getting a locomotive from Fairville owing to the tracks being blocked with ice.

JAS. SINCLAIR SERIOUSLY ILL.

The many friends of James Sinclair have heard with deep regret of his serious illness. Mr. Sinclair was taken ill on Saturday and yesterday his case was pronounced paralytic of the brain. No hopes are entertained for his recovery.

WANTS TO EDUCATE
AMERICAN NEGROESEducation Keynote of Judge
Taft's Address to Colored
Audience

ATLANTA, Ga., Jan. 18.—Universal education for the leaders of the negro race, for their physicians and professional men and industrial and primary education for the body of workers composing the balance of the race was the note struck by Mr. Taft in addressing the big meeting of negroes today. "With your efforts," said Judge Taft, "I have the deepest sympathy. I say as the coming president that I must stand as the representative of all the American people. The President of the United States has no more sacred function than to speak words of encouragement and hope to assist your own efforts. Fate in the past has not been kind to you, and the whole American people has the highest obligation of trustfulness and guardianship for your uplift."

GETS WITHIN SIGHT
OF DRAPER'S OFFICE

Insane Man Demands \$500,000 in Ante-Room at Boston State House

BOSTON, Jan. 18.—An insane man, said to be Moses Spence, aged 47 years, made his way into the ante-room of the office of Governor Eben S. Draper at the State House today, and to Mr. Hardigan of the state police, who was the first to accost him, declared he had come to demand \$500,000. The man had made his way to the floor in the elevator usually used by the governor, and succeeded in reaching the ante-chamber before attracting attention. A little later, however, the state officer noticed him pacing rapidly up and down the room.

REMOVED TO ASYLUM

Making his demand for money, he also stated that he had lost three children by death, one in Canada and two in this country. The man was humored by the officer until he could be taken to the office of the chief of the state police, after which he was committed to the city prison.

Dr. Jolly was summoned and declaring the man insane ordered him committed to the Taunton Insane Asylum, where he was taken tonight.

The man was removed so quietly from the State House that the governor was unaware that anything unusual had happened and no threat of particular trouble was caused by the unfortunate man.

ENGINE RUNS WILD
AND STRIKES MAN

LONDON, Jan. 18.—Just as England was the first to have a Dreadnought so she is before all other nations in having a fleet of the most modern of fighting ships. With the commissioning of the new battleship Lord Nelson and her assignment to the "Dore" division of the home fleet, the first line of defense against attack from across the North Sea, that fleet in the word of a British admiral became "a combination of strength and homogeneity unequalled, ship for ship, in the world's fleets."

Miss Beoda Farmer, organist at St. Luke's church, is ill of neuritis. Her place at the organ will be taken by Miss Emma Rubin.

ALL MOTOR BOATS MUST
CARRY LIFE PRESERVERSSenate Committee Approves New Bill—
Exceptional Risks Attended
Such Craft.

WASHINGTON, Jan. 18.—The Senate committee on commerce has reported favorably the bill introduced by Senator Frye of Maine requiring all motor vessels to carry life preservers. Violations of the act are punishable by a fine of ten dollars for each life preserver, "making or improperly stowed." If the bill becomes a law it will take effect June 1 and apply to foreign vessels on December 31 of this year.

Secretary Strauss of the Department of Commerce and Labor in a letter giving the approval of the department to the department to the bill, points out that that navigation of such vessels is attended with a special element of risk on account of the dangerous fluids used in their propulsion. The number of small vessels in use which are propelled by naphtha, gasoline and other dangerous fluids and electricity, is growing rapidly, the collectors of customs estimate in the United States to be about 40,000.

CANADIAN NEWS

MONTREAL, Jan. 17.—Evidence of a wholesale scheme for smuggling Chinamen into the United States from Montreal was discovered here today when Grand Trunk detectives found ten Chinamen encamped in a car booked as theatrical scenery for Albany, N. Y.

The detectives found the seal of a car in the freight yard broken and on entering the car found instead of the scenery a group of Chinamen supplied with food and water for their prospective journey. They were arrested on a charge of loitering and the detectives are now at work trying to find out who is behind the smuggling scheme.

The Chinamen so far have refused to give any information.

NEWSPAPER MEN
APPEAR IN COURT

NEW YORK, N.Y., Jan. 18.—The nation of the proceedings which have been instituted against the New York World and the Indianapolis News, because of the purchase of the Panama canal was purchased, was not disclosed in the brief hearing in court here today. Acting under instructions believed to have been issued by authority of the United States government, United States District Attorney Stimson had subpoenaed William B. McLaughlin, sporting editor of the World and J. Angus Shaw, secretary of the Press Publishing Company to testify before a federal grand jury in an action which was not described in the brief hearing, however, to be the outcome of President Roosevelt's message to Congress in which he protested against the linking of the name of Chas. P. Taft, brother of the President-elect, and J. Douglas Robinson, the President's brother-in-law, in criticisms of the canal purchase.

A TOWN QUARANTINED

ALBANY, N. Y., Jan. 18.—Commissioner Pearson of the State Department of Agriculture, today announced that he had ordered a quarantine of the town and village of Lowville, Lewis County, owing to the presence of rabies. It is expected that a quarantine will also be ordered in Chenango County. The department has been informed that rabies exists near Elmira and will act as soon as a report is received from the local health officers.

WORK IN AMERICA

Twenty First Biennial Council of Union of American Hebrews.

PHILADELPHIA, Pa., Jan. 18.—The executive committee and boards of directors of various bodies affiliated with the Union of American Hebrews congregations met here today preliminary to the opening tomorrow of the 21st annual council of the union. The general topic to be discussed by the council in its three days' convention will be "Israel's work in America." Methods will be discussed for preventing sectarian teaching in public school and for preventing the enactment of laws detrimental to those who observe the seventh day of the week as the Sabbath.

CONVICT ESCAPED FROM
SING SING PRISON

OSBURN, N. Y., Jan. 18.—William Hiram Morse, who was serving a 19 year sentence for highway robbery, escaped from Sing Sing prison here today. He was confined in the temporary barracks on Fair Mountain, where the authorities house the convicts working on the new prison which is being erected on the west side of the Hudson. His successful break for freedom was discovered when the heavy wire screen and the iron bars in front of the window of his cell were noticed to have been sawn away. Morse is five feet, seven and one half inches tall and weighs 168 pounds. He had been in prison eight years.

SEAMEN FROM FLEET HAD
FIGHT WITH LANDSMEN

VILLE FRANCHIE, Jan. 18.—Three American sailors from the battleship at present in Ville Franche harbor had an encounter this morning with a gang of local ruffians. A party of their comrades came to their rescue before any body was seriously hurt and by the time the police arrived four out of the five assailants were prisoners in the hands of the blue jackets. The fifth escaped.

THE HAGUE, Jan. 18.—The government of the Netherlands has decided to keep its warships in the West Indies until the dispute between Venezuela and Holland is definitely disposed of.

LOCAL NEWS

Men's Bible Class at St. John's (Stone) church, tonight at 8 o'clock.

Johnson L. O. L. will hold a concert this evening in their hall, German street.

There will be a meeting of the W. C. T. U. in their rooms on German street at three o'clock tomorrow (Tuesday) afternoon.

The Manchester Traction which sailed on the 17th for Manchester, carried 880 head of cattle. The Traction on the same date took 581 cattle and 149 sheep. This is the first shipment of sheep from St. John this winter.

A musical troupe from the steamer Corcoran will give an entertainment in the Seamen's Institute tomorrow evening, which is open to the public. The men have an unusual array of talent and will give a programme well worth going out of one's way to hear.

Mr. and Mrs. Frank P. Curran, of Paradise Row, are receiving the sympathy of their friends for the loss of their little daughter, Mary Elizabeth, who died yesterday, aged two years and three months. The burial will be tomorrow morning.

The St. John City Y. W. C. T. U. will hold their regular meeting at eight o'clock this evening in their rooms, German street. All members are requested to be present as business of importance is to be transacted.

Word has been received in this city of the sudden death of George F. London at his home in Cascade, Montana. Mr. London is a son of Charles London, of this city, but has for many years made his home in the west. He leaves a widow and one son, and is also survived by his parents, three brothers and two sisters.

The Baptist ministers meeting was held in the foreign mission rooms on Prince William street this morning. Rev. W. R. Robinson, of the Ladlow Street Church, reported having held a special service in the church last evening to install the new officers of the Sunday School. Outside of this only routine business was transacted.

The schooner Preference returned to port yesterday with a broken mainmast, and after repairing will proceed to New Haven, Conn. The schooner Able and Eva Hooper arrived in port yesterday after a run of five days before Boston. On the passage she put into Machiasport with loss of head sail and badly ice up.

The Methodist ministers meeting was held this morning in the parlors of Centenary Church, with Dr. C. E. Plummer in the chair. The members present besides the chairman were: Revs. H. D. Mart, Neil McLaughlin, C. W. Sullivan, J. H. O'Neil and J. H. Heaney. Reports of the work of the churches during the past week were received. Rev. Neil McLaughlin reported that he had received five members by letter, two on probation and had baptized one adult in Portland Church last evening.

IN THE COURTS

The adjourned January session of the Circuit Court is meeting this afternoon. As there is no business before the court it will likely adjourn sine die.

Before Judge Forbes in chambers this morning an election case was heard. Adjournment was made until Wednesday at eleven a. m. Bishop Casey is the plaintiff and Miss Ellen Lawlor the defendant. W. J. Mahoney appears for his lordship and C. N. Skinner, K. C., for Miss Lawlor.

PROBATE COURT.

Estate of John Leonard, sea captain. Intestate. Return of citation to pass the accounts of Walter P. Leonard, executor, the administrator. The accounts are duly passed and allowed as presented and distribution of the balance ordered, one-half to the widow, one-third of one-half to each of the two surviving sons and one-half of one-third of one-half to each of two surviving grand-sons, children of a deceased son, George E. Fairweather, executor.

Estate of Jane Carruthers, spinster. Petition to pass accounts and for order for distribution. Citation issued returnable on Monday the eighth day of March next. S. A. M. Skinner, executor.

MRS. HARRY JOHNSON.

Harry Johnson, the driver for the Chief of the fire department, has the sincere sympathy of his many friends in the sudden death of his wife which occurred this morning about 7.30 o'clock at his home, 38 St. Patrick street.

The deceased became a mother on Wednesday last when a healthy baby boy was born. It was said that Mrs. Johnson was becoming stronger and last night early she was quite bright and strong, but a relapse took place early this morning and at 7.30 o'clock she died.

Mrs. Johnson was but thirty years of age and besides her husband and son she leaves a father and mother, Mr. and Mrs. John Brittain, one sister, Miss Bertha Brittain, and three brothers, James, William and Ernest, of the West End. The latter is the driver of the West End Hook and Ladder truck. The deceased has a host of friends who are shocked to hear of her demise.

Both Rinks Free Next Saturday

Morning to All the Boys and Girls of St. John—

Read the Invitation

All the boys and girls in St. John are invited to go to the Star's skating party which takes place on the forenoon of Saturday. Everybody up to the age of eighteen may join the fun and it won't cost them a cent. If they can all skate so much the better. If not, those who cannot skate are invited to come along and watch the others.

This is the first party of the kind to be held here. There may perhaps be others, for if the young folks show that they can enjoy good healthy exercise, there will be another party some Saturday. The Star believes that there are hundreds of little boys and girls in St. John who want to have a skate, who do not often get chances on the pond, and who are perhaps not always able to afford rink tickets. There are perhaps many others who like being with their companions and who cannot always arrange skating parties of their own.

So the Star has arranged with Mr. Robert J. Armstrong for the use of the two rinks the big Vic and the company Queens, from 9.30 a. m. till 12.30 p. m. on Saturday next. Mr. Armstrong was exceedingly generous about it—no one could possibly have more so—and he has gone most heartily into the scheme.

Now, to make the thing straight so that all may understand it, the affair will be run like this:—Every boy or girl under eighteen who is attending school in the city, North, South, East and West is invited. Come at any time after 9.30 on Saturday to whatever one of the rinks you prefer. Bring your skates, or if you have no skates, come anyway and watch the others.

You must have admission tickets. These will be found on page four of today's paper. The ticket is in the form of a coupon. Cut it out, fill in your name, age, and the school you attend and get your teacher or your father or mother to sign it. The coupon printed today will be good for the skating party next Saturday. It will not be any good after this week, but if another party is given another coupon will be printed. You must hand in your coupon to the man at the door of the rink.

That's all.

Everybody come.

There will be lots of fun.

FOUR ST. JOHN MEN WENT HUNGRY FOR A DAY

Travellers Delayed by Locomotive Accident

Had a Hard Time Reaching Home.

Four hungry travellers landed in St. John about noon yesterday worn and weary from an arduous journey, and blackened by the grime from a freight train. They were P. W. Farncombe, route agent of the Dominion Express Co.; Thos. J. Akerley, of the Ames-Holden staff; Frank E. Nelson, representing J. and M. Murphy, Ltd., of Halifax, and a representative of an American fertilizer company.

They were the innocent victims of an accident which occurred on the C. P. R. on Saturday. The cylinder head of a locomotive drawing the regular train blew out between Bath and Kilmoryn, and the conductor of the train had to walk back to Bath, a distance of some miles, from where he telephoned to Woodstock for another engine.

These four St. John men, who were anxious to get back home for Sunday, were to have taken the train at Bristol. It will be remembered that the station at Bristol was burned a little while ago. The only waiting room now consists of a box car, not very comfortable at any time, and particularly uninviting on a cold day such as Saturday.

They waited for four o'clock in the afternoon until half past ten, taking their meals for six hours and a half around the snow and ice. The train came along at last, and they reached Woodstock at midnight, getting the promise that the Boston express would be held at McAdam.

When they reached McAdam, which was at 2.30 Sunday morning, they found, of course, that the Boston had come to St. John. They then became indignant and kept the wires busy for quite a long time. Finally after much reasoning a passenger coach, not by any means a palace car, was attached to the tail end of a freight, and the quartet reached the city about half-past eleven. Their last meal had been at Bristol at twelve o'clock on Saturday and they had nothing more until they got home. They had telephoned a man at Hartland to have supper ready for them, but when they got there it was only to find that he was asleep and had failed to provide the much desired food.

PERSONAL

Miss Julia Elliot has returned from a visit to her sister, Mrs. David Hudson, Glace Bay, and will spend the remainder of the winter with Mrs. B. A. Stornes, 22 Germain St.

Mr. Arthur G. Cumlin left Friday evening for Ottawa, in the interests of the International Harvester Company of America, and will be absent for a month.

Hon. H. R. Emmerson came in on the Boston express today.

Rev. I. N. Parker is in the city. The many friends of Mrs. Samuel Belyea, of Brown's Place, will be sorry to hear that she was stricken with paralysis on Thursday last.
