Many Sit Down To Dinner To Admiral Seymour And Officers Of British Squadron At New York.

DINNER GIVEN BY BRITISH RESIDENTS.

New York, Oct. 5.—Six hundred officers of the British fleet were entertained at a dinner given by the British residents of New York...

The hall was elaborately decorated, the stars and stripes mingling with the colors of Great Britain, Germany and France.

Addresses were made by Admiral Seymour, who responded to the toast The British Navy; Rear Admiral Scott-Schroeder, U. S. N., who discussed the American Navy; General Stewart L. Woodford, president of the Hudson-Fulton celebration; Grand Admiral von Koester, of Germany, and others.

In introducing the British admiral, Vice-President Sanderson of St. George's Society, referred to the American fleet as encompassing the world and of the fraternal feeling existing between England and America.

After the singing of the American national anthem, all of the guests rising, a cable from King Edward was read, expressing his compliments and thanking the United British Societies for their hospitality to the officers of the British fleet.

SYDNEY CONSERVATIVES IN FIGHTING TRIM

Annual Meeting Of Party Organization Yesterday Reveals The Spirit Of The Cape Breton Conservatives.

Sydney, N. S., Oct. 5.—The annual meeting of the Liberal-Conservative Association convened in Alexander Hall this morning and was one of the most enthusiastic gatherings ever held in the county.

A general resolution condemning the policy of the local government with respect to the administration of public lands and mines was spoken to by R. H. Butts, Sydney and J. C. Douglas.

A resolution was also adopted conveying to John McCormack the appreciation of the party for the splendid fight he made in North Riding during the last Federal election and regretting his being deprived of his seat by unfair methods.

A resolution expressing continued confidence in J. W. Maddin, M. P., was adopted amid great enthusiasm. It is generally conceded that the Conservatives in Cape Breton are in splendid fighting trim and will enter the ensuing contest with the fullest confidence of a successful issue.

At this evening's meeting Miss Claire Ohlens read an address of welcome on behalf of the local unions. The following officers were elected: President, Walter Ryder, Moncton; Vice-president, George A. Whittaker, St. John; Recording Secretary, W. Edgar Campbell, St. John; Treasurer, R. H. Parsons, St. John; Auditor, Alan McIntyre, St. John; Corresponding Secretary, Miss M. L. Slipp, Woodstock.

Retiring President Wasson of St. John delivered an address after which the topic on the programme were taken up. Rev. R. J. Colpitts of Bay Verte spoke on "Our partnership with God," and Rev. W. R. Robinson of St. John on "The relation of our young people to the temperance movement."

The convention will close tomorrow. A committee was appointed to make arrangements for a public reception under the city's auspices to Dr. Frederick A. Cook in recognition of his Arctic explorations.

At a meeting of the Board of Aldermen to-day, the honor of the degree of LL. D. was conferred on Dr. G. D. Porter.

British Columbia Has Mining Horror

Explosion Wrecked Extension Mine of the Wellington Collieries and Sixty Men Are Entombed—Rescue Work Now Progressing But Many Lives Will Undoubtedly Be Sacrificed.

Victoria, Oct. 5.—An explosion which may involve the loss of twenty lives occurred at the extension mines of the Wellington Colliery Co. this morning at 9 o'clock.

A miner who reached Ladysmith at noon from the scene of the disaster said that he and his father were leaving the slope at nine o'clock when the explosion occurred.

Three levels are not heard from. There were sixty men in these of whom only a few have come out. It is impossible to get at these levels and it is feared that they have perished. Rescue work is now being attempted.

Later. Victoria, Oct. 5.—A telephone message from Ladysmith states that because of the explosion and thirty miners are still unaccounted for at the Extension Mine.

Two levels are on fire and an investigation has shown there are still forty in the burning mine according to a message received from a hotel keeper at Ladysmith.

The local branch of the company here has received a telephone message from the mine stating that great confusion exists but many of those in the explosion at the mine have been rescued.

News of the explosion caused much excitement locally. Great difficulty was experienced in obtaining any details of the catastrophe owing to the distance of the mines from the nearest available line of communication. The telegraph and telephone lines were kept hot all the forenoon. Lieut. Governor James Dunlop, head of the company of the Extension Mine said this afternoon:

"I know nothing of the details of the catastrophe. I shall go to the mine tomorrow. I think I can make no statement whatsoever."

DUTY OF ALL TO BATTLE WITH WHITE PLAGUE

Dr. G. D. Porter In Instructive Address Last Night On Tuberculosis And Its Prevention.

Another step forward in the anti-tuberculosis movement in this province was taken last evening when a meeting was held in the Centenary Methodist church at which the principal speaker was Dr. G. D. Porter, LL. D., Dominion organizer and lecturer for the Society for the Prevention of Tuberculosis.

Mr. Justice McKeown presided and on the platform were Premier Hazen, Dr. McInerney, and Rev. Dr. Flanders.

After brief introductory remarks Dr. Porter pointed out the traditional errors respecting this dread disease.

With regard to himself and mission, what he had found, etc., the captain saved the one response to the breathless questions.

"I have fulfilled my mission; you don't need to know anything about it until I have made my report to the Government, whose employ I am."

"What about Cook, captain?" asked one of the scribes. "He got as far as the pole," replied another correspondent.

"I am not prepared to say that," was the captain's answer. "He got as far as he could with his instruments."

He lengthily pressed for some affirmative or negative, Captain Bernier declared. "You must give credit to both Peary and Cook for having reached the pole."

Explaining this statement, he said that if they had gone within a few miles of the pole they deserved the credit of having reached it.

Arrests Of Prominent Coal Operators Of Nova Scotia To Follow Shortly—Informations Laid Yesterday.

Halifax, N. S., Oct. 5.—The United Mine Workers ignited the fuse of the bombshell they have been preparing to throw against the Coal Company ranks here today, when an information was laid before Stipendiary Magistrate Fielding of this city, against the three leading coal magnates of the province, charging them with others of conspiring to unduly limit the facilities for the mining and supplying of coal in the province.

The names of the magnates have been withheld from publication until after the warrants are issued, which will probably be tomorrow or next day.

The Mine Workers say they can substantiate their charge and are willing to carry the case to the privy council if necessary.

This measure should produce admirable results. It was too bad to find that where rest and proper diet were found to be the necessities to the cure, it was sometimes found that these things were not to be had because the persons afflicted were compelled to work in order to provide a living for families. What was to be done in such cases? The only answer seemed to be that institutions must be founded where such persons could be taken care of.

It would also be a good idea if some good physician were appointed to address lectures to the student teachers of the Normal school, who would in turn go out with the story to thousands and thousands of pupils all over the province.

Dr. McInerney said that he could add little to the interesting and instructive addresses already given. The disease under discussion was as widespread as the human race. The disease would be checked. Last year in St. John there had been 140 deaths from this cause alone and in the province as a whole probably more than 500, a total loss to the province of at least \$500,000.

But the world it was shown that for every person who died from the disease there were at least five who were suffering from it. This would give some idea of the great loss to the state through invalidism.

Bernier at Quebec Discusses His Trip

Commander of the Arctic Declares That Cook Got What He Should Have Got, But He Declines to Further Elucidate—Found Parry's Old Records—What Dr. Cook Did Not Know.

Special to The Standard. Quebec, Oct. 5.—The Canadian explorer Captain Bernier, reached port this morning on board the Government steamer Arctic after a year and a half's cruise in the Arctic seas.

The Arctic sailed up the St. Lawrence and weighed anchor opposite the city shortly after 8 o'clock. At 10 o'clock under instructions received from the Minister of Marine she moored at the King's wharf.

Cordially Greeted. A score or more newspaper men from all parts of Canada boarded the ship on her arrival and were cordially greeted by the captain who escorted them to his cabin and declared himself at their service.

With regard to himself and mission, what he had found, etc., the captain saved the one response to the breathless questions.

"I have fulfilled my mission; you don't need to know anything about it until I have made my report to the Government, whose employ I am."

THIS ELECTION HAS SURPRISES FOR VERY MANY

Municipal Elections Held In Sunbury County Yesterday Spelled Defeat For Alby Grass.

Special to The Standard. Fredericton, Oct. 5.—The Sunbury county elections held today were keenly contested. Alby Grass, who is regarded by his party as a Liberal leader in the county, received a crushing defeat in Lincoln and although there are several changes as a result of the election the Conservatives as usual came out on top.

Dominion or local politics however entered but little into the contest, the issues being mainly local. The defeat of Ex-Warden Murray in Gladstone came as a surprise to many. Up to a late hour this evening the returns received here are as follows.

The Returns. Lincoln—Coun. Abner Smith, 91; Murray Patterson 79. Coun. Alby Grass 65, William Patterson 52.

Managers—Coun. Geo. Perley, 60; Coun. G. F. Banks 46; Isaac Stevenson 25.

Gladstone—David Mersereau, 132; Coun. Oscar Tracy, 109; Coun. Murray 49.

Burton—Robert Smith and James Smith defeated Councillors Alex Burnett and George Armstrong.

Shelburne—Frederick Barker and Walter Hargrove acclamation.

Blissville—F. C. Taylor 85; L. B. Smith 83; J. O. Patterson 73.

Quiet in Charlotte. St. Stephen, Oct. 5.—The election for councillors in the Municipality of Charlotte was very quiet today, very little interest being taken. A small vote was polled in the three parishes heard from tonight and there were no surprises. The results were: St. Stephen parish—Jas. Moriarity, 73; John A. Bell, 67; W. Babcock, 52; all elected; John A. Grant, 46; Frank Mitchell, 40, defeated.

Dufferin—H. H. Brown, 20; D. S. Hannah, 17, elected; Ernest Donalds, 14; F. P. Hunter, 13, defeated.

St. David's—Howard E. Beach, 99; Harry Wilson, 83; Hilton Morrell, 66. In Queens.

Gagetown, Oct. 6.—The municipal elections in the different parishes of County of Queens passed off quietly, with little excitement. Six parishes returned councillors by acclamation and of the four in which elections were held only one has been heard from. This is the parish of Petersville where a heavier vote than usual was polled. The result and the councillors from the other parishes are as follows:

Petersville—Hugh Quinn, 158; Wm. A. Machum, 153; Robert Murphy, 126.

Chipman—George King, R. D. Richardson by acclamation.

Cambridge—A. Camp, James Robertson by acclamation.

Gagetown—T. H. Gunter, F. R. Dinges, by acclamation.

Hampstead—Bayard Slipp, David R. Nickerson, by acclamation.

Johnston—C. H. Akerly, A. H. Bradenbury, by acclamation.

Waterloo—Alonzo S. Barton, Wm. Shodgrass, by acclamation.

Brunswick, Canning and Wickham have still to be heard from. It looks as if the new council will be strongly Conservative.

LETURNEAU AND CARLIN SENT UP FOR TRIAL

Preliminary Examination Into Cases Of The Two Campbellton Men Charged With Robbery Concluded.

Special to The Standard. Campbellton, N. B., Oct. 5.—The case against Leturneau and Goupl for the robbery of Carlin was concluded today, both young men being sent up for trial by Magistrate Matheson.

The Evidence. The evidence of Goupl was substantially as told to Detective Noble and already reported in The Standard. The actual amount of money taken, as shown by the evidence, was \$42.00, thirty-eight being in bills and the balance in silver. Leturneau gave Goupl \$22 in all. They knew nothing of the lockets but Goupl said that Carlin had two watches which they did not take. Carlin was carried out of the building in which the affair occurred and placed on the side of a back street and left there. The young men were taken to Dalhousie this evening.

Investigation Commenced. The investigation of the charges against Chief Crawford commenced this evening in the town council chambers which was literally packed with spectators. W. A. Mott appeared before the committee on behalf of F. S. Blair, Wm. Storey, A. K. Thompson and others who have laid charges against Crawford. The investigation will probably occupy several evenings.

Continued Activity Of Dominion Steel The Source Of Many Rumors—One Is That Americans Are Interested.

Montreal, Oct. 5.—There were more spectacular doings in Steel common today while Steel preferred the company appeared in the limelight with a jump of 7 points. At the close both stocks fell off some as did Dominion Coal all three closing a trifle on the weak side.

More Rumors. The crop of rumors still continue to grow. The latest is that E. R. Wood, of Toronto, is the man behind the amalgamation scheme between Dominion Steel and Dominion Coal and that the whole thing has practically been fixed up. Again it was stated that an agreement for the complete settlement of the difficulties between Steel and Coal had been patched up and that Steel would get almost enough to pay up the back dividends on the preferred and put the common in line for a dividend the coming spring or midsummer at the latest, this being accompanied by the assertion that the company was earning at least ten per cent. on the common stock.

Another allegation is that the real force behind the movement is the desire of American capitalists to secure control of the Dominion Steel property and that they recognize that to ensure the coal supply of the plant it was essential that the Coal Company should be in control of friendly hands. These interests it is averred are already behind the offer undoubtedly made to President Ross of the Coal Company for a controlling interest.

PREFERENCE CHECKED DECLINE OF IMPORTS

Melbourne, Oct. 5.—Thirty delegates to the Congress of the Chamber of Commerce of the Empire, met Sir R. Best, Minister for Trade, in order to discuss the question of preference. The Minister said he was anxious to obtain some practical suggestions for the working of the tariff.

Canada's Experience. Mr. H. B. Ames, M. P., of Montreal, said Canada's experience, like Australia's, had been that the preference had checked the decline in British imports. He stated that the wheat-growing capability of Canada, India and Australia jointly would be able to supply the wants of the British people.

Sir Albert Spicer and other free traders opposed this statement regarding the preference and at times the debate became animated.

Harvard's Head To BE INDUCTED TODAY

Traditional Ceremony And Inspiring Pomp To Mark Inauguration Of Abbott Lawrence Lowell.

Cambridge, Mass., Oct. 5.—The scenic effect for the inauguration tomorrow of Abbott Lawrence Lowell, A. B., LL. D., as president of Harvard University was set in today beneath the old elms of the college yard and in front of the ivy-covered walls of University Hall. Tomorrow the representatives of the world's greatest educational institutions with hundreds of the guests of the university will see the formal transfer of the mantle of Chas. William Eliot to his scholarly successor in all the traditional ceremony and inspiring pomp.

As far as possible the ceremony used in the inauguration of President Lowell is expected to number several thousands, compels the holding of the affair out of doors rather than in a hall as was the case at that time. But fair Indian summer weather is promised for tomorrow so that the spectacle should be carried out with all the dignity and grandeur in keeping with such an historic event.

WILL BE GIVEN HONORARY DEGREES. Kingston, Ont., Oct. 5.—Lieutenant Governor Fraser of Nova Scotia, Rev. C. Gordon, D. D., Winnipeg and D. H. Coyne, M. A., St. Thomas, will be given the honorary degree of LL. D. at Queens on Wednesday.

Public Reception For Explorer Cook. New York, N. Y., Oct. 5.—At a meeting of the Board of Aldermen to-day, the honor of the degree of LL. D. was conferred on Dr. Frederick A. Cook in recognition of his Arctic explorations.

Asquith Leaves For Balmoral And It Is Thought That Royal Influence Is Being Exerted In Struggle.

London, Oct. 5.—Premier Asquith left London unexpectedly this evening for Balmoral, whither he was summoned by telegram by the King. The Premier left the House of Commons in the middle of the debate on the most important clauses of the budget. The summons followed an interview between His Majesty and Asquith, the most influential of the opposition lords, and it is generally believed that the royal influence is being exercised to avert a grave constitutional struggle.

Interested Evidence Before The Royal Commission Inquiring Into West India Trade Conditions.

Special to The Standard. Montreal, Oct. 5.—Much interesting evidence was adduced today before the West Indies commission. Robert Crooks, of Montreal, thought a preference with the West Indies would be a good thing. He also expressed the opinion that it would be a good thing if the head office of the Intercolonial, which he praised as being a good railway, was at Montreal, since it would thus be made easier to do business with.

# Judge Wedderburn Honored by Friends

## Well Known Jurist Presented With Handsome Silver Salver and Two Addresses at Hampton Yesterday Upon Attaining His Seventy-Fifth Year—His Honor Makes Feeling Replies.

Hampton, N. B., Oct. 5.—At the opening of the October session of the Kings county court yesterday morning, the members of the bar, the grand inquest, and the high sheriff and officers of the court of Kings county, took advantage of the fact that His Honor Judge William Wedderburn had nearly completed the seventy-fifth year of his age and the twenty-seventh of his occupancy of the bench to show their appreciation for the upright, impartial and wise manner in which he had always discharged his high and important duties as a judge of the county court, by presenting him with a handsome silver tray suitably engraved and two appropriate addresses.

Mr. George Fowler presented the tray and an address from the bar of the county, and Mr. F. M. Sprull, M. P., P., foreman of the grand jury, presented the address from the grand inquest. Judge Wedderburn was deeply moved by the high tributes of respect and affection and made eloquent and impressive replies after each address had been read.

JUDGE WEDDERBURN.

The large up-to-date court room, which had been carefully decorated for the occasion, was well filled with spectators, many of whom were ladies. The bar of the county was represented in full and all the members of the grand inquest were present.

After the court had been duly opened and the grand jury sworn, Mr. Fowler on behalf of the bar presented His Honor with the following address: To the Honorable William Wedderburn, Judge of the Kings County Court:—

"Your career as a representative man and productive one of honor to yourself and to the community is a record to the province. Ever keen to assist in all that tended to the general good, you were a prominent factor in the struggle which has resulted in the establishment of the Free School System. Your interest in the public welfare has not ceased, but rather increased, since your appointment to your present position. Sternly repressing crime, and at all times severely punishing the wilfully wicked, you have at the same time planned an eye of pity upon the unfortunate, and have been the means of man power both to the poor and to the high and important duties of Provincial Secretary in a government consisting of men whose names are historical in the annals of the province.

**Mind Well Trained.**  
You came to the bench of this country with a mind well trained by an extensive practice as a lawyer, and those judicial functions which you have devolved upon you, and your course upon the Bench has been such as to fully justify the highest expectations which were entertained by your fellow barristers at the time of your appointment. Those who have come before your court as litigants have felt the charm of your urbanity of manner and have been impressed by your impartiality. You have endeared yourself to the younger members of the Bar by your uniform kindness and courtesy, while to those of longer experience the Judge has been merged in the friend. Your attitude towards those unfortunate who come from time to time before you in the character of criminal defendants has been that of justice tempered with mercy, and in many cases your admonitions from the Bench when delivering the sentence which the law made necessary have been such as to awaken in the minds of the offenders the true sense upon their position and to induce them, upon their restoration to society, to become good and useful citizens.

**An Inspiration.**  
Your daily life in our midst has been such as to commend itself to the best class of citizens, and has been an inspiration for good to all with whom you have come in contact. In you, Mr. Wedderburn, we have seen combined the splendid character of the upright judge, the highminded gentleman and the exemplary Christian, and the example of your life has ever been for the betterment of the community in which you live.

# Will Masons Rebuild Solomon's Temple

## The Labor Required and the Probable Cost—Mohammedans To Be Considered.

King Solomon's Temple, from Descriptions in the Bible, and By Josephus The Famous Jewish Historian.

**JOSEPHUS FIGURES ON GOLD PIECES IN TEMPLE.**

Gold vessels	100,000
Golden dishes	20,000
Golden basins	60,000
Golden chalices	20,000
Golden vessels (large)	5,000
Altar vessels (small)	25,000

London, Oct. 5.—The suggestion coming not long ago from Boston that the Freemasons of the world should unite in rebuilding the Temple of Solomon at Jerusalem moved the Illustrated London News to wonder which of the originators of the scheme could do the work.

Of course the interest of the Masons is due to the belief that their order was founded by King Solomon and that he was its first Grand Master. But that claim would perhaps not seem very widely to the Masons, for whom the site of the great temple now belongs.

**The Noble Sanctuary.**  
It is now occupied by Harem-Esh-Sherief, "the noble sanctuary." To the Moslems this place is only less sacred than Mecca and Medina, for it is believed to cover the rock which is regarded by them as the centre of the earth, the spot from which Mohammed started when he visited heaven.

Aside from the difficulty of persuading the Moslem world to yield one of its most sacred spots to the Boston Freemasons, it may be remarked that Solomon had 30,000 men out cutting timber for his new church.

**Three Shifts.**  
They were divided into three shifts. Ten thousand went to Mount Lebanon for one month and were two

months at home. There were 70,000 men who carried the stones and there were 80,000 stonecutters in the mountains. These men had 3,300 foremen. Stonecutters quarried enormous blocks of granite each way, for the foundations, and fitted them together before they were taken to Jerusalem. In this work they were aided by workmen sent by Hiram, king of Tyre.

The Temple was divided into two portions—the main building, "the house of God," and the subsidiary buildings by which it was surrounded. The main building was rectangular in shape—60 cubits long, 20 cubits broad and 30 cubits high; taking the cubit at 18 inches, 90 feet, 30 feet and 45 feet respectively. The walls of the first story were between 9 and 10 feet thick; those of the second story 7 1/2 feet; of the third story 7 1/2 feet and of the fourth story, 6 feet.

**A Side Building.**  
On three sides, north, west and south, the Temple was surrounded by a side building in three stories containing side chambers. The height of each story from floor to ceiling was 7 1/2 feet. The number of side chambers is given by Ezekiel as 30 or 33 for each story. They were small, used for the storage of Temple furniture, etc. The Temple was surrounded by a court—the inner court. This was surrounded by a wall of three courses of hewn stone surmounted by a course of cedar beams. The outer court was enclosed by the great court. In front of the Temple stood the two pillars made by Hiram of Tyre and called Jachin (meaning "to establish") and Boaz ("in strength"). They were about 25 feet high, hollow and of brass 4 fingers thick.

Round about them were network interwoven with small palms made of brass, to which were hung 400 pomgranates in two rows. They were made hollow that they might be used as receptacles for documents, etc. Such columns were quite common in the temples of Baal.

**The Molten Sea.**  
Near the columns was the Molten Sea, so named on account of the great altar of burnt offering. It was made of brass and copper and just half as high. It was said to have been capable of containing 2,000 "baths" or 16,010 gallons. It was made of brass and copper and just half as high. There were ten lavers, quadrangular in shape, supported on wheeled wagons 6 feet long, 6 broad and 4 1/2 high, about four inches deep. The sea was filled or emptied by a water pipe which the entrails of the beasts used for burnt offerings were cleaned, and also their feet. The lavers on the wagons came near up to the level of the great brazen altar.

# POPE THE VICTIM OF PRACTICAL JOKE

Newspapers of Rome announce the Birth of Whelps to Vatican Lioness, and His Holiness Gets Many Telegrams.

London, Oct. 5.—The Pope is annoyed over a sort of practical joke. Within the last two months all the newspapers of Rome announced on two occasions that the lioness presented to the Pope by the Emperor Menelik and kept in the Vatican gardens had given birth to two whelps. Naturally on each occasion the news was telegraphed abroad, with the inevitable result that the Vatican was deluged with messages from Catholics all over the world, some of which were politely declined and the news is denied.

**An Important Part.**  
In the history of Fraternal Societies of the province you have played an important part, and in this field, as elsewhere, the highest honors have been yours.

# INTERNATIONAL GEODETIC SOCIETY IN SESSION

Interesting Reports Received on Various Phenomena—The Effect of the Sun and Moon on the Earth.

London, Oct. 5.—The International Geodetic Association holds a congress every three years at which scientists discuss such problems as the oscillation of the poles of the earth, the varying force of gravity at different points on its surface, the weight and constitution of the globe on which we live. At its meeting at the Institution of Civil Engineers this week the most interesting feature of the gathering was the reading of a paper by Prof. Hecker, who is known as the investigator of earth tides. Dr. Hecker says of his theory that it is not new, but he adds:

**The Solar Effect.**  
"I believe I was the first actually to determine the varying effect of the sun and the moon on the earth. I did this in an underground room at Potsdam, about 82 feet below the surface, my apparatus being a horizontal pendulum so delicate that I could measure with it a variation of one hundred-thousandth part of a second. My observations showed me that the earth is affected by the sun and the moon twice in each twenty-four hours, the moon exerting twice the influence of the sun. The whole shape of the earth is affected, not merely the crust. It is an actual deformation of the ball, setting up bodily tides which follow the direction of the ordinary ocean tides in half day periods.

**Persian Crown Jewels of Fabulous Worth.**  
London, Oct. 5.—The inventory of the crown jewels of Persia has just been completed and is said to confirm the conjecture that they are really of fabulous value. Mr. Bishop, the well known traveller, has already given some idea of what the treasure hoard contained when he was allowed to inspect it.

**Novo Scotia Apples on London Market.**  
London, Oct. 5.—Ten thousand five hundred barrels, the first consignment of Novo Scotia apples of the season, were sold at Covent Garden at from 10s. to 14s. 6d. per barrel. The prices are considered unsatisfactory to the growers in view of the shortage in the English crop. The sale was watched with interest by the tradesmen.

Boston, Oct. 5.—The Boston residence of Governor Eben S. Draper, 150 Beacon street, in the Back Bay section of this city, was reduced practically to ashes by fire early today. A conservative estimate of the loss is placed at \$100,000.

# MARVEL IN MOSAIC FROM ANCIENT VENICE

London, Oct. 5.—The Venice correspondence of the Morning Post sends particulars of a mosaic of the pavement discovered beneath the floor of the great cathedral at Gorizia which is famous for its relics of Aquileia. During drainage operations the whole of the right aisle, 104 feet by 27 feet, was laid bare, resulting in the discovery at the depth of a meter (30 inches) of a beautiful and absolutely perfect mosaic floor, which not a single piece is missing.

# CITY COUNCIL FAVORS ERECTION OF NEW CITY HALL

Committee Of Three Appointed To Go Into Scheme With Representatives Of City Council.

At the quarterly meeting of the Council yesterday afternoon, a proposal to build a new City Hall was presented. The committee of three to meet a similar committee of the Council, consisting of the Mayor, the Council, and the City Engineer, was appointed. The committee will report on the proposed site and the estimated cost of the new building.

The reading of the minutes, after presented the report of the committee. The total cost of the new building is estimated at \$1,250,000. The site is located on the corner of King street and the Water street. The new building will be a five-story structure, with a total area of 100,000 square feet. It will include a court house, a city hall, and a public library.

Scully moved that the council in the Parish of Lancaster be authorized to meet a special committee to recommend a site for a new city hall. The committee should be authorized to purchase a site in a driving accident parish of Simonds be not allocated. This was adopted.

The committee was authorized to take steps to be taken to secure a building which would be of local government purchase. Baxter suggested that a committee be appointed to meet with the city and the government over the matter. The committee should be authorized to purchase a site in a driving accident parish of Simonds be not allocated. This was adopted.

McGoldrick, in seconding the motion, spoke at some length in support of the idea of a new city hall. He stated that the present city hall was inadequate for the needs of the city. The new building would be a five-story structure, with a total area of 100,000 square feet. It will include a court house, a city hall, and a public library.

After the court had been duly opened and the grand jury sworn, Mr. Fowler on behalf of the bar presented His Honor with the following address: To the Honorable William Wedderburn, Judge of the Kings County Court:—

BUDGET THE BIG ISSUE IN THE OLD COUNTRY GHOSTS VISIT OLD ENGLISH COUNTRY HOUSE PARIS THINKS THAT SPAIN HAS GONE TOO FAR Preparations at Madrid for Extension of Operations in Morocco is Causing Unrest in France.

Mr. Borden Discusses Conditions in England—Opposition by Nobility to Tariff Has Given Liberals Great Scare. UNIONIST TACTICS PLAINLY FAULTY PHANTASMS, NOT GHOSTS, SAYS ONE SERIOUS TROUBLE BREWING AT HOME

Ottawa, Oct. 6.—Mr. R. L. Borden, interviewed by a reporter yesterday morning, spoke interestingly of his recent trip to Europe and especially of the great political struggle now going on in the British Parliament. Many matters touching imperial defence and policies could not well be discussed by Mr. Borden for publication. It is evident, however, that he was deeply impressed by the necessity for preparedness and thoroughness in imperial defence. Although a certain opposition in England are inclined to laugh at the so-called "war scare," many clear-headed and substantial men believe in the existence of peril, and some even go so far as to advocate Britons calling upon Germany to cease her great naval expansion.

London, Oct. 5.—The latest ghost story has been told to the Daily Mail by Sir George Sitwell, Bart. It tells of two ghosts seen at Renishaw, his country place near Chesterfield. Renishaw is an old house, dating from 1620, and more than one ghostly legend is associated with it. Sir George Sitwell's story follows:— "The Story. "Last Saturday two ghosts were seen at Renishaw. Lady Ida had been to Scarborough to attend the lifeboat ball, at which she sat up until 4 o'clock in the morning, and had returned home that afternoon. After dinner the party of six—I was absent for a few hours—sat in a drawing room upstairs, Lady Ida on a sofa facing the open door. "Looking up after speaking to a friend on her left, she saw in the passage outside the figure of a woman, apparently a servant, with gray hair and white cap, the upper part of the dress blue, the skirt of the dress arms were at full length and the hands clasped. This figure moved with a very slow, furtive, gliding motion, as if wishing to escape notice, straight toward the head of the old staircase, which I removed twenty years ago.

Can Hardly Agree. In reply Mr. Borden said that he hoped some plan would be devised by which officers in the Canadian navy, for example, could find training service and promotion on British ships. "But," he added, "I can hardly agree with Sir Joseph's prophecy. Without discussing the merits of the matter either way it seems to me highly improbable and indeed most unlikely that this country a few years hence with a population say of ten, twelve, or fifteen million people, will be making contributions to the support of the Imperial navy."

The British Budget. "How about the budget?" Mr. Borden was asked. "I must say that the budget seems to have caught the favor of a large portion of the British people. The proposed taxation of land is somewhat along the lines of Henry George's teachings, and pushed to their logical conclusions, the arguments in its favor would lead to the nationalization of all land. At the same time the tactics of the Tories in opposing the budget were quite faulty. The duke and great landowners were quick to see the advantage this afforded them. They immediately placed their opposition with statements and announced most unlikelily platform and in every way that this budget was not framed to please dukes or great landowners; that it was "poor man's budget," a working man's budget, a budget for the "plain man," the "middle class man," the "everyday man." I must say that this argument carried weight," continued Mr. Borden, "and I have had many men say to me—'we don't understand, but not enormously rich.'—'We think it about time that some of these great millionaires were paying their share of taxation.'"

WHAT ABOUT A THIRD LEAGUE?

Will Illegal Base Ball Contracts Guarantee Success to a Third Major League?—Jimmy Callahan Thinks So—Chicago the Storm Centre of Coming Base Ball War.

Chicago, Oct. 5.—Are we to have three major leagues next year? Or, if not next year, then in 1911? Baseball men are asking these questions.

But Callahan, who says he has an ace in the hole, told The Standard correspondent a few things, upon which he and King and the men behind them base their hope of a successful invasion of organized ball territory and the organization of another big league.

"Baseball," said Callahan, "is the finest little trust in the world. It is this knowledge which caused King and I to organize teams which may be the nucleus of a third major league. Baseball is a commercial monopoly, and King has been blacklisted

THE BARONESS VIRGINIA WINS IN FUTURITY

Opening of 37th Fall Meeting Kentucky Trotting Horse Breeders' Asso. Tennessee Stake Goes to George Gano.

Lexington, Ky., Oct. 5.—The Kentucky Trotting Horse Breeders Association's 37th fall meeting opened today. Baroness Virginia, by Baron Review won the feature event, the futurity for 3-year-olds.

The value of the stake was \$14,000, of which the winner's portion was \$10,000. Second money, \$2,000, went to C. Moran's Czarevna; third, \$1,000 to Riverside Park Farm's Bertha C. and fourth \$500 to H. B. Coombs' Soprano. Czarevna was the favorite. It took six heats to decide the race, the final producing one of the closest finishes ever seen on any track. Baroness Virginia, Czarevna and Bertha C. coming under the wire heads apart.

The Tennessee stake went to George Gano in straight heats. Gano was the favorite at all stages.

Unlimited Power. "Isn't that lovely? Players may be bought and sold like horses. Of course, the domination of the owners is limited to the ball field, but as far as is when the player's asset is salable, this means unlimited power.

"The National league did not become a trust asset until the American league became powerful enough to force an alliance. And as is the case when monopoly is smashed, the big fellows got together and formed the trust.

"The rules adopted provide for the sale of the national sport without respect to the liberty of the players, the rights of fans, the constitution of the United States, of common law or of the statutes.

ASA WILKES IN THE 2.12 PACE

Son of Roan Wilkes Never Headed at Brockton--Gun Metal Takes Two Year Old Trot After Losing First Heat--Stanley Mack a Straight Heat Winner in 2.40 Trot.

Brockton, Mass., Oct. 5.—Beautiful weather and a large crowd marked the 36th annual renewal of the big Brockton Fair today. Today was designated Children's Day and was given over largely to the young folks and their games.

A large crowd, however, watched the horse races. Gun Metal captured the two-year-old trot by winning the last two heats. Director Todd won the first heat. Stanley Mack was a straight-heat winner in the 2.40 trot and Asa Wilkes was never headed in the 2.12 pace.

BOSTON WINS THIRD GAME OF SERIES. Brooklyn, N. Y., Oct. 5.—The Boston captured the final game of their series with Brooklyn here today when they rallied in the tenth and scored two runs. The result was 5 to 3.

ROBINSON LOST TO BOB MOHA. Memphis, Tenn., Oct. 5.—Bob Moha the Milwaukee boxer, gave Jack Robinson a thorough beating in the eight round bout last night in the Phoenix Club, but Referee Yank Kenney declared the fight a draw. A demonstration followed from nearly 3,000 spectators but Kenney escaped from the arena before the enraged fans could make trouble.

THE ENGLISH WOMEN WIN IN TOURNEY AT THE HOTELS. Philadelphia, Oct. 5.—Close and one-sided matches were about equally divided today in the first round of match play at the women's annual golf championship on the links of the Merion Cricket Club at Haverford. Three of the four British visitors who qualified had easy matches, so their only cause of concern was to win without exception the better seasoned players won, there being an exception however, in the case of Miss Vida Llewellyn, Chicago, western champion who was defeated by Miss Georgiana Bishop, of Bridgeport, the national title holder of five years ago.

BIG INTEREST MANIFESTED IN THIS MEET. Prizes for the E. D. C. sports on Saturday next on exhibition in Edgemoor & Chaisson's window, King street, are attracting much attention and there is every promise that notwithstanding the value of the prizes that the winners will deserve all they get.

AROUND THE CITY

Mrs. Innis to Speak. Mrs. Innis, a returned missionary from Africa will be the principal speaker at the Women's Missionary Society meeting in Centenary church parlors this evening. It is the annual meeting of the society. Pine Hill Alumni Dinner. The Pine Hill Alumni dinner will be held on Thursday evening at 6 o'clock in the school room of St. John's Presbyterian church. The catering will be done by the Ladies' Aid Society of the church. Feroocious Dogs. Jeremiah Kennedy escaped with torn pants when attacked by two dogs in Brussels street yesterday and as a result George Stephenson has been reported by Policeman Gosline as the owner of two ferocious and unmuzzled dogs. A Word to Young Men. Your fathers enjoyed with opportunities of promoting their welfare as is afforded by the evening classes of the St. John's College. They did not neglect much you do in these times. Be keen competition. Call at the college this evening at 7.30 and make inquiries. Disorderly in Paradise Row. Edward Ongler, whose sporting proclivities sometimes get him in trouble with the police, was detected yesterday afternoon in a raid on a Chinese laundry in Paradise Row and was placed under arrest. He is charged with kicking a Chinese laundry door, being drunk and acting disorderly in Paradise Row. The White Slave Question. Rev. Dr. Shearer, secretary of the Social and Moral Reform Council of Canada, will address a meeting at the Women's Local Council at 4.30 o'clock this afternoon, at the King's Daughters' room. Subject: The White Slave Question. The ladies of the city are invited to be present and hear members of the council or not. Referred to Full Bench. In chambers yesterday afternoon, Judge Barry announced that he would refer the appeal from the award of the arbitration board in the dispute between the International Railway and the New Brunswick Land and Railway Company to the full court and ordered the appeal to be entered on the motion paper. Will Visit Green Head. This afternoon the mayor and members of the council will accompany Mr. David Craig on a tour of inspection over the Green Head property, with the object of becoming fully acquainted with the conditions in the locality. Mayor Bullock has asked the aldermen to meet at City Hall at 2.30 o'clock and it was proposed to make the trip in carriages. The suggestion was made last evening, however, that a motor boat be engaged and in all probability this will be the method employed. Public Temperance Meeting. Last evening a public temperance meeting under the auspices of Granite Rock division, Sons of Temperance in the Temperance hall, Carleton, a large audience being present. The chair was occupied by Mr. E. S. Hennigar, and on the platform were Mr. A. M. Belding, Mr. W. R. Geldert of Truro, N. S. and Rev. R. H. Stavert of Harcourt. The last three gentlemen made telling temperance addresses, Mr. Geldert making an earnest appeal for prohibition. During the evening Mr. G. King entertained the meeting with a solo. Granite Rock division meets each Tuesday evening in their hall, West End. More Typhoid. The number of typhoid fever cases in the hospital had risen to 32 yesterday and as a result the fever ward is completely filled and in order to accommodate the rush of patients beds were placed in the outside halls of the institution. It was said yesterday that the hospital was fuller than at any previous period and that it will be impossible to take many more patients, if the typhoid fever epidemic continues. A family heavily affected by the scourge is that of Alonzo B. Aberly, 29 Magazine street, whose wife, two daughters and one son are all in the hospital with the fever. One of these was taken in the ambulance yesterday and three other calls were also sent in during the day for the same cause. Last Letter From Mr. Duff-Miller. Probably the last letter written to this province by Mr. C. A. Duff-Miller in his official capacity of Agent General for New Brunswick was received by Mr. A. B. Wilnot on a day or two ago. The letter is dated Norfolk House, Laurence Poutney Hill, London, E. C., Aug. 12, '09 and was written for the purpose of introducing the bearer, Mr. Herbert Grafton, an Englishman to Mr. Wilnot. Mr. Grafton, who was accompanied by his sister, had been favorably impressed by accounts of this province and had come out here for the purpose of inspecting it with a view to settling. He left for Fredericton on Monday by boat and expects to do some big game hunting before the season closes. Mr. J. G. Knight will leave for Boston, New York and Washington this evening accompanied by his niece, Miss Margaret Knight, of Douglas Avenue.

RAISING GLASS OF ALE TO HIS LIPS FELL AND DIED

George A. Short Stricken With Heart Failure in McGuire's Saloon Last Evening—No Inquest Necessary.

In the act of raising a glass of ale to his lips, George A. Short, 97 Lombard street, an I. C. R. checker, was stricken with instant death yesterday afternoon and fell backwards on the barroom floor, splashed by the foaming liquor, the glass shivering in a thousand fragments. Mr. Short was a highly respected citizen, and was not in the habit of drinking, but not feeling well yesterday thought of taking a glass for his health on his way home from work. He went up Mill street to J. P. McGuire's saloon just at six o'clock and called for a glass of ale. He was served and had lifted the glass from the bar when he was seized and the glass dropped from his hand as he fell. The attendants hurried to pick him up but found life extinct. Coroner Heryman was hastily summoned. The coroner made an examination of the body and gave it as his opinion that Mr. Short was dead before his head reached the floor. Heart trouble is supposed to be the cause of death. Permission was given for the removal of the body to Chamberlain's undertaking rooms, and the family was notified. Mr. Short was mourned by his wife and a large family of children, for whom the greatest sympathy will be felt. Deceased was about 60 years of age.

NEW BRUNSWICK AUXILIARY OF BIBLE SOCIETY

New Organization Merging Provincial Auxiliaries Formed Yesterday—The Officers Elected.

A meeting of great interest to Bible Society workers in New Brunswick was held yesterday afternoon in Centenary church. The three auxiliaries having their headquarters at St. John, Fredericton and Miramichi were merged into one society to be known as the New Brunswick Auxiliary of the Canadian Bible Society. The new organization will take over the work of the three auxiliaries above mentioned on January 15, 1910 and from that date all Bible society work in the province will be directed by the new society. A constitution was adopted and the following officers elected: Honorary president, Rev. Chas. Stevens, D.D., of Fredericton; President, Hon. Judge Forbes, of St. John. Vice-presidents—Mr. J. D. Chipman, St. Stephen; Hon. D. P. McLaughlin, Chatham; Mr. J. S. Armstrong, St. John. Executive, Rev. Dean Schofield, Fredericton; Rev. J. McNulty, Newcastle; Rev. C. R. Flanders, St. John; Mr. H. G. Kennedy, Woodstock; Mr. J. W. Spurdin, Fredericton; Mr. W. B. Snowball, Chatham; Mr. C. E. MacMichael, St. John; Mr. J. M. Allison, Sackville. Depository Committee, Messrs. Clavson, Henderson, Maxwell, Armstrong, Crek, and Dr. Campbell. During the afternoon a message of congratulation to the new society was received from Rev. W. B. Cooper, M. A., of Toronto, and a cordial reply was forwarded.

BOYS' BRIGADE GIVE GOOD ENTERTAINMENT IN QUEEN'S RINK

Military Evening Passed Off Very Pleasantly—Large Crowd Applauded The Efforts Of The Lads In Kilts. Nearly one thousand people were well entertained last evening at Queen's Rink by No. 1 and No. 2 companies of the Scots Boys' Brigade in drills, marches, gymnastics, songs, dances and athletic contests. The cadets performed in a highly creditable manner and won hearty applause from the large audience. Lt. Col. Humphrey, D. O. C. was the inspecting officer and the march-past and inspection was the first number on the programme. A selection by the pipe band was much enjoyed and manual and firing exercises were led by Sergt. Vail. A male quartette was heard to good advantage and the dancing of the Scotch reel followed. Sergt. Doole led the fancy marching which was particularly well performed. Master Lawrence McLaren's dancing of the Fisher's Hornpipe and the Sword Dance with Piper Ross as accompanist was a feature. H. B. Marley pleased in the singing of The Mississippi Shore. The athletic exercises included races for each company, tug-of-war and physical drill. A military tattoo concluded the programme.

PERSONAL

F. M. Anderson, of Campbellton, was in the city yesterday. Rev. A. Lucas, formerly field secretary for the N. B. S. S. Association, was in the city yesterday. R. F. Davis, of Gagetown, was registered at the Victoria yesterday. Miss Hazel Allen, of Fredericton, is the guest of Mrs. J. L. Hazen.

McKenzie; Lincoln cent, from Arthur C. Fairweather; Stone implements from Duncan London, David Balmalm, Fred T. Bridges, Elizabeth McKinnon, John McKinnon, A. Gordon Leavitt and William McIntosh. The sum of two dollars was presented by an anonymous giver. The thanks of the society were voted all the donors. The lecture of the evening was delivered by Dr. Geo. F. Matthew, the subject being Tides of the Bay of Fundy. The speaker explained why the tides of the Bay of Fundy rise to such an immense height and gave his hearers an excellent idea of the bottom of the bay and the scouring action of the tides. Many interesting facts relating to the Bay of Fundy were presented. At the close of the lecture the thanks of the meeting were tendered to the speaker.

MR. ALLAN SAW MORE PEOPLE AT TORONTO THAN AT SEATTLE

St. John Man Compares The Two Big Exhibitions After Visiting Both—Making Money At Seattle. Mr. C. B. Allan, who is a leading member of the exhibition association, returned yesterday from a trip to the Pacific coast and a visit to the Seattle exposition, and it was expected he would have many valuable suggestions to make to the local association as a result of his trip. Mr. Allan said last evening, however, that he could not compare the Seattle fair in any way with the St. John exhibition as conditions were so different, but he had secured much valuable information in Toronto. Mr. Allan said that he had met Lord Charles Berosford in Toronto and asked him to St. John, but the admiral said it would be impossible to come. On the day that Mr. Allan attended the Toronto show, 150,000 people passed the turnstiles and this exceeded the record crowd at Seattle by 25,000. The Toronto city council had \$1,500,000 invested in the exhibition grounds and every year as much as \$50,000 was cleared. Mr. Allan said there was no doubt that the Seattle fair would be a financial success. All expenses had been covered some days ago and all that is taken in before the closing on Oct. 16th will be clear gain. The buildings are beautifully arranged on the grounds of Washington University, he said, and many of them would remain as departments of the college. "What impressed me most," said Mr. Allan, "was the marvelous extent and the optimistic spirit of the west."

TWO MEN ARRESTED ON SUSPICION OF MURDER ON G.T.P.

Detective Carpenter Of Montreal Wires He Holds Two Italians For Crime In Victoria County. Charles Curless, of Andover, had a despatch yesterday from Detective Carpenter of Montreal, that two Italians had been caught in that city and they are believed to be the men who killed the Italian on the Grand Trunk Pacific in Victoria county last July. Mr. Curless communicated with the Attorney General's Department and steps have been taken to ascertain whether the detective is right.

FOR WOMEN CUSTOM GRADE SHOES

People who have visited the Old Country cannot fail to observe that in all kinds of stormy weather the women wear heavy walking boots. On an ordinary wet day when the streets of London are crowded rubbers are hardly in evidence. There seems to be a decided tendency among women of this city to adopt the same custom and to meet the demands which will arise as soon as the people realize the pleasure to be derived from such a course we have had made up by J. T. Bell THREE LINES OF FINE WALKING BOOTS that are sure to be appreciated. Made of specially selected gun metal and tan willow calfskins, bottomed with Hercules and viscolized leather, built thoroughly for wear, they are well worthy of being styled the "DOCTOR'S ENEMY."

A Beautiful COMPLEXION

CUTILAVE is used extensively in refined homes to improve the complexion. It requires no continuous rubbing, in fact, massaging tends to clog the pores and make the flesh flabby but if instructions are followed steady improvement will result. CUTILAVE is positively guaranteed to produce a growth of hair.
