

FRENCH SMASH HINDENBURG LINE; CANADIANS MAKE IMPORTANT GAIN

AGREEMENT IS REACHED IN RUSSIA

Apparently there will be Peace at Petrograd for Short Time at Least.

MINOR DISTURBANCES OCCUR AT CAPITAL.

Suburbs to Keep Troops Out of Petrograd—Duma to Meet at Once.

Petrograd, May 4, via London, May 5.—The Duma, it is announced, will be convened in extraordinary session immediately. This will be the first time the Duma has met since the revolution which overthrew the Romanoff dynasty.

Petrograd, via London, May 6.—The executive committee of the council of workmen and soldiers delegates has requested Kronstadt, Tsarskoe Selo, Krasso Selo, Peterhof and other garrisons around Petrograd not to send troops into Petrograd without a written request from the committee. The garrisons are invited to appoint delegates for a conference with the committee regarding the situation.

Controversy Settled.

Petrograd, Friday, May 4, via London, May 6. (Delayed)—The controversy between the council of workmen and soldiers' delegates and the provisional government, which, for the last twenty-four hours, has threatened serious consequences, in which the fate of the nation possibly hangs in the balance, has been settled. Prince Tsereteli, speaking before a tremendous gathering of soldiers and workmen who crowded the naval cadet building, where the council held a special meeting to receive the report of the executive council, declared that the government had prepared a new declaration concerning its foreign policy, which was in definite language corresponding to the proclamation of April 4, and embodied the views of the proletariat.

When the speaker declared that the temporary government had acquiesced in the charge brought against it by explaining in concise terms, what it meant by the vague form of yesterday's declaration, a great cheer rose from the vast assembly and lasted for several minutes. It apparently voted the relief which all present felt at the solution of the most serious difficulty which had confronted the country since the revolution.

"Now that the question has been settled here," said Prince Tsereteli, "our aim—war without annexations, expropriations or contributions—also must be realized abroad. We must know the attitude of the democracy of our allies. If a similar movement takes place in the foreign democracies this will bring peace nearer, and we shall struggle until our views are also the avowed aims of the democracies with whom we are allied.

"The situation yesterday was most serious for the whole country. We do not yet know what the government meant. Conflict seemed unavoidable, but the government realized that it must respect our determination. By this acknowledgment the government has shown that it deserves the trust of the democracy.

"The conflict is now settled, and we must go on quietly with our work," Mr. Stankovich, Social Democrat who was the next speaker, said.

"The crisis occurred on account of a misunderstanding."

Other speakers at the meeting dwelt on the situation in the same temperate vein, and the gathering soon broke up with complete conciliation established between the government and the proletariat.

Anti-government demonstrations, however, were still occurring in the streets. While the members of the executive committee were explaining the rapprochement with the government a great manifestation was taking place outside the very doors of the building. Orators who were denouncing the government were loudly acclaimed.

Late tonight there was a second clash, in which shooting occurred in front of the Hotel Europe, causing a momentary panic among the guests. Apparently the shots were fired from windows opposite the hotel.

KING'S COLLEGE CLOSING

Windsor, N. S., May 6.—This is closing work at Kings College and today there was a corporate celebration of the Holy Sacrament at 9 a. m. At a service at 3 p. m., Rev. W. W. Lord, was the officiating minister.

Boys From Dominion Surprise Germans

Battalion South of Souchez River Captures Important Sector of Enemy's Front Line and Support Trench to Eastward.

GERMAN MACHINE GUNNERS DIE AND DON'T SURRENDER

Teutons Apply Torch to Mining Villages in Whole Region Southwest of Lens—British Army Successful Near Bullecourt.

Canadian Headquarters in France, via London, May 6.—(By Stewart Lyon, special correspondent Canadian Press)—By a surprise attack early this (Sunday) morning the battalion holding that part of our front immediately south of the Souchez river captured an important sector of the enemy front line and support trench some distance to the east. The whole region southwest of Lens, where the ground was gained, is dotted over with ruins of mining villages, and almost every house has been transformed into a miniature fortress by the introduction of machine guns, separated from the shelter of strong emplacements. The gunners who hold these positions do not surrender—they die at their posts beside their guns, fighting to the end. Germany still has men of that type, and they sell their lives for the utmost price they can exact.

Trench Rushed.

It was to avoid, as much as possible, the concentration of machine gun fire on our attacking force that the enemy's trench was rushed. The assault was completely successful. Our men went in with bombs and bayonets and cleared the trench after a sharp fight. The occupants, one officer and thirty-three men were captured. Possession of this ground was regarded by the enemy as so important that twice during the night he counter-attacked. Both efforts failed and the German losses are known to be heavy. The ground won improves our position.

The systematic burning of everything of value in and around Lens continues from day to day. The enemy seems likely to stay long enough to make good his boast that nothing of France's most prosperous mining region will be left but a smoking waste when he goes.

British Successful.

London, May 6 (3.12 p. m.)—The British are successfully maintaining themselves in the breach they have made in the Hindenburg line near Bullecourt. The Germans delivered a determined attack at this point last night which entirely failed, and were balked again this morning in a similar effort, the war office announced today, the British fire breaking up the attempt.

Northwest of St. Quentin the Germans were foiled in their efforts to retake the ground lost on Saturday east of Le Verger, while their trenches further north were subjected to a raid on a mile and a half front, in which heavy damage was done their defensive positions. The text of the statement follows:

"During the night the enemy endeavored to re-establish himself in the cove east of Le Verger, which he was compelled to abandon yesterday. He was again driven out by our troops, after a short fight, with a loss of several dead.

"Further north we carried out a successful raid on a front of about one and one half miles north of the village of Gonnelle. Our troops penetrated deeply into the enemy's positions, blew up his defensive works and returned with a number of prisoners.

"Last night the enemy delivered another determined but entirely unsuccessful attack upon our positions in the Hindenburg line east of Bullecourt. An attempt to renew the attack early this morning was stopped by our artillery.

"A successful minor operation was carried out by us south of the Souchez river, resulting in the capture of a section of the enemy's front line trenches, with 24 prisoners."

Saturday's Statement.

London, May 6 (10.05 p. m.)—The official statement from British headquarters in France tonight reads:

"There is nothing of special importance to report from the battle front. The fighting in the air yesterday again resulted in our favor. Five German machines were brought down by our airplanes, and four others were driven down out of control, in addition to one enemy machine shot down by our anti-aircraft guns. Two of our machines were missing."

MR. BALFOUR PREDICTS VICTORY

Addresses United States Congress on Saturday.

HISTORIC OCCASION NEVER PARALLELED.

President Wilson Broke Precedent by Sitting in the Gallery.

Washington, May 6.—President Wilson occupied a seat in the executive gallery of the house today while British Foreign Minister, the Rt. Hon. Arthur J. Balfour, and members of the British mission were received on the floor. It was the first time, as far as capital historians can find, that any president of the United States has appeared in the galleries.

Accompanying Foreign Minister Balfour to the house were the following: Major-Gen. G. T. M. Bridges, Cap-

Mr. Balfour's Address.

tain H. S. Spender-Clay, Rear-Admiral Sir Dudley H. S. DeChair, Fleet Paymaster Gen. Vincent A. Lawford, Lord Cunliffe, governor of the Bank of England; Assistant Secretary Phillips and Huguenot of the state department.

Menace of Militarism.

Mr. Balfour in a speech before the house today declared:

"The menace of militarism increases. We free people of western civilization are banded to fight this menace. In this cause we will surely conquer."

President Wilson entered the executive gallery unnoticed and had been in his seat five minutes before he was discovered by the members, who stood up and cheered. The president rose and bowed, while the galleries joined in the demonstration. Then the house turned its attention to Mr. Balfour and his party who were escorted into the chamber to hand-clapping and cheers. Mr. Balfour was immediately introduced by Speaker Clark and addressed the house at once.

Mr. Balfour spoke as follows:

"Will you permit me, on behalf of my friends and myself, to offer you my deepest and sincerest thanks for the rare and valued honor which you have done us by receiving us here today. We all feel the greatness of this honor, but I think to none of us can it come home so closely as to one who like myself, has been for forty-three years in the service of a free assembly like your own. I rejoice to think that a member, a very old member I am sorry to say, of the British House of Commons, has been received today in this great sister assembly with such kindness as you have shown to me and to my friends who were escorted here."

"Ladies and gentlemen, these two assemblies are the greatest and the oldest of the free assemblies now governing great nations in the world. The history indeed, of the two is different. The beginnings of the British House of Commons go back to a dim historic past and its full rights and status have only been conquered and permanently secured after centuries of political struggle. Your fate has been a happier one. You were called into existence at a much later stage of social development. You came into being complete and perfected and all your powers determined and your place in the constitution secured by the chaos of revolution, but though the history of these two great assemblies is different, each of them represents the great democratic principle

Brilliant Success For Army of France

Capture Entire Plateau in Neighborhood of Cerny and Craonne and Hills Dominating the Valley of the Ailette.

NEARLY SIX THOUSAND HUNS TAKEN PRISONERS

French Advance Against Powerful Opposition Along Road from Soissons to Laon, Over an Extent of Nearly Four Miles.

Paris, May 6.—(11.45 p. m.)—A brilliant success for the French arms is recorded in the official communication issued by the war office tonight. An important French advance has been made against powerful opposition along the road from Soissons to Laon, over an extent of nearly four miles. French troops have captured all the plateau in the neighborhood of Cerny and Craonne, and the hills dominating the valleys of the Ailette river. The number of prisoners captured today was 4,300, in addition to the 1,000 taken yesterday. The text of the statement follows:

"Our operations continue to develop today in conjunction with those of the British armies in the region northeast of Soissons, and the Chemin-Des-Dames. Notwithstanding the desperate resistance of the Germans who have thrown, without number, into the struggle eight contingents, our troops gained a very brilliant success.

On Hindenburg Line immediate vicinity of the road from Soissons to Laon, north of Nanteuil La Fosse and Sancy. "The enemy suffered exceptionally heavy losses in the course of his counter-attacks, which he has multiplied in this region and which have broken down under our artillery and machine gun fire."

N. S. MINERS GET RAISE

Total Advance in Wages Amounts to from 36 to 40 Per Cent Since Year Ago.

Sydney, N. S., May 6.—The Royal Commission appointed to investigate conditions among the colliery workers at Glace Bay has quickly scored a success. Not only has an understanding been arrived at between the U. M. W. and P. W. A., two rival organizations but a settlement of the wage question has also been reached. An advance of ten cents a day is to be made to mine workers whose wages are \$2.50 a day and under, and in addition a 12 1/2 per cent raise is to be made all round.

This means that a total increase of 36 per cent to what are termed non-producers or 41 per cent to producers, has been granted all employees since May, 1916.

ATTEMPTED TO WRECK ST. JOHN EXPRESS TRAIN

Mill Watchman Discovers Suspicious Person Tampering with Switch and Opens Fire on Him.

Bangor, Me., May 6.—A special to the Bangor Daily News from Brownville, says: "It has been learned that an attempt was made on the night of April 23 to wreck the St. John-Maine express of the Canadian Pacific Railway at Lake View, a small town ten miles east of Brownville Junction. The attempt to wreck the train was made by partly throwing a switch splitting it, as the railroad men call it, and that the attempt was not successful was due to the recovery of the person in the act by the watchman on duty at the mill of the American Thread Co., at that place. The watchman discovered a suspicious looking person at the switch while making his rounds and after calling upon him to explain what he was doing there the watchman opened fire with his revolver, but the person escaped."

RUSSIANS FALL BACK

Petrograd, May 6, via London—Official statement issued tonight says: "We abandoned the towns of Aznot and Mush (Turkish Armenia) for strategic reasons. The Turks occupied Mush."

The evacuation of Mush by the Russians was announced in a Turkish official statement from Constantinople on May 1.

EX-BROKER PARDONED

Boston, May 6.—Gov. McCall has pardoned Stephen R. Dow, head of the defunct brokerage firm of Stephen R. Dow and company, who was sentenced to eight years in the state prison in 1914, for misappropriating more than \$100,000 from five mining companies of which he was treasurer. His firm failed.

SAYS U-BOAT PROBLEM HAS BEEN SOLVED

Chairman Saunders of U. S. Naval Board Has Plans to Destroy Submarines.

MANY INVENTIONS HAVE BEEN EXPERIMENTED ON.

Practical Tests on Atlantic Coast Appear to have Been Successful.

New York, May 5.—V. L. Saunders, chairman of the naval consulting board, announced today that the board had forwarded to Washington plans for dealing with the submarine problem which, it was believed, had solved the problem successfully.

Mr. Saunders who has been chairman of the naval consulting board about two months, supplemented his announcement by saying that while the submarine problem cannot be considered in reality to have been solved until the U-boats have been destroyed, nevertheless numerous experiments had been made along the Atlantic coast with highly encouraging results, and which led the board to feel confident that a successful solution had been reached.

"It looks as though the submarine problem has been solved," Mr. Saunders said, "not only in theory, but on the strength of practical tests on the Atlantic coast."

Mr. Saunders added that 500 inventions for U-boat suppression had been submitted for consideration of the board, and experiments with many of them justified, he believed, the assertion that a plan had been found by which the submarine peril could be eliminated.

RIOTS IN GERMANY

Amsterdam, via London, May 5.—Grave rioting has occurred in Mainz, Germany, according to a report received by the Telegraf. Sixteen hundred people took part in a demonstration because of the scarcity of food and a number of shops were looted.

Troops fired upon the demonstrators, the report adds, and eight persons were killed. Later the troops arrested five hundred persons.

MANY N. B. MEN IN CASUALTIES

Ottawa, May 6.—The total number of casualties among the Canadians issued since Easter Monday up to and including tonight's list is now 14,795. Included in the week-end list are a number of officers who fell at the battle of Arras. The casualties among the rank and file are still those from the Vimy Ridge engagement:

20,000 PRISONERS CAPTURED SINCE APRIL FIRST

CANADIAN SOLDIERS HAVE CAPTURED MORE THAN 5,000 PRISONERS SINCE VIMY

Boys from Dominion Taking Full Share in What History Will Record as One of Greatest Battles of All Time and Accepting Their Losses as Inevitable.

Canadian headquarters in France, May 5.—(By Stewart Lyon, special correspondent of the Canadian Press) —Certain comments in the Canadian press regarding recent operations of the Canadian troops in France, and which especially under-estimate the probable casualties, make it necessary to say that the corps is taking its full share in what history will record as one of the greatest battles of all time, and accepting its losses as part of the inevitable price of victory.

Guns at High Pressure.

Yesterday and today I traversed the region behind the battle line from Hapaume to Arras, thence north to Vimy Ridge, a distance of almost thirty miles. Everywhere guns were being operated at high pressure. The enemy's retaliation, as shown by the showers of earth spouting up on the hillsides, and by the puffs of bursting shrapnel on the skyline, is far greater than when the battle of Arras began, on April 9th. He has lost many guns and has probably made good his losses only by supreme effort, but that effort has been made, and the testimony of the men in the thick of the battle is that the enemy's artillery and machine services are still the most formidable.

Don't Like Bayonet.

His infantry will not face the bayonet, but I am bound to say that the bulk of the men captured on the Canadian front are a husky lot in the main, with an admixture of weedy lads not yet full grown. Over five thousand prisoners have passed through the Canadian corps' cages since the battle of Vimy Ridge, of whom eighteen are officers and 435 are men taken at Fresnoy on Thursday. The total number of prisoners on the western front during April and May to date, is about 20,000.

Battle Not Over.

The battle of Arras is not yet over. Many gallant deeds are recorded daily on this front. The cool audacity of nine airmen who, seeing the enemy assembling in the open for assaults on our lines, descended to an altitude ranging from fifty to three hundred

feet above the ground, and dispersed the Germans with machine gun fire, is beyond all praise.

to be found governing the great security for the future peace of the world. All of the free assemblies now to be found governing the great nations of the earth have been modeled either upon your practice or upon ours, or upon both combined.

Great Moment in History.

"Mr. Speaker, the compliment paid to the mission from Great Britain by such an assembly and upon such an occasion is one not one of us is likely to forget; but there is something after all, even deeper and more significant in the circumstances under which I now have the honor to address you than any which arise out of the interchange of courtesy, however sincere between two great and friendly nations. We all, I think, feel instinctively that this is one of the great moments in the history of the world, and that what is now happening on both sides of the Atlantic represents the drawing together of great and free peoples for mutual protection against the aggression of military despotism.

Fritz: "I will refer again pup in dis hotel."

Spirit of free institutions and especially among our present enemies, as one of the greatest guarantees of the future peace of the world? I will say to you, gentlemen, how it seems to me, it is quite true that the people and the representatives of the people may be betrayed by some momentary surge of passion into a policy which is ultimately deplorable, but it is only a military despotism of the German type that can through generations, if need be, pursue steadily, remorselessly, unscrupulously and appallingly the object of dominating the civilization of mankind, and mark you, this evil, this menace under which we are now suffering, is not one which diminishes with the growth of knowledge and progress of material civilization, but on the other hand, it increases with them.

Know Better Now.

"When I was young we used to flatter ourselves that progress inevitably meant peace and that growth of knowledge was always accompanied by its natural fruit, the growth of good will among the nations of the earth. Unhappily we know better now, and we know there is such a thing in the world as a power which can with unvarying persistence focus all the resources of knowledge and of civilization into the one great task of making itself the moral and material master of the world. It is against that danger that we, the free peoples of western civilization, have banded ourselves together.

Know Better Now.

"It is in that great cause that we are going to fight and are fighting at this very moment side by side. In that cause we shall surely conquer, and our children will look back to this fatal date as the one from which democracies can feel secure that their

The church was very pretty and up to date and its loss above insurance will total in the vicinity of three thousand dollars. There had been no fire in the building for several days and no cause can be assigned for the fire.

Moncton, May 4.—The returned soldiers' aid commission for the province met here this afternoon and evening and discussed matters in connection with looking after returned men.

There were present Thomas Bell, St. John; chairman, ex-Attorney-General Baxter, Dr. Walker, Charles Robinson, St. John; Mr. Peacock, Fredericton; D. A. Stewart, Campbellton; J. D. Creaghan, Newcastle; Mayor Masters and Dr. Bourque, Moncton. The matter of finding employment for the returned men was discussed. Secretary Robinson was instructed to visit all parts of the province not yet visited and interest people in providing employment for returned soldiers.

Paris, May 4.—Northwest of Rheims French troops have taken the first German line on a front of about two and a half miles, capturing six hundred prisoners in the operation.

The eastern end of the Valenciennes plateau, the segment from the war office this evening adds, the village of Craonne has been captured by the French. More than 150 prisoners as well as several points of support east and northeast of Craonne also fell into the hands of Gen. Nivelle's forces. The text of the statement reads: "During the day in an operation splendidly carried out we gained possession of the village of Craonne and several points of support east and northeast of that town. The number of prisoners accounted for up to the present is 150. To the northwest of Rheims, after a heavy artillery preparation, we started this morning an attack. In which our troops have captured the first German line on a front of four kilometers. We have taken about 600 prisoners, including eight officers. In the Champagne the artillery fighting has been violent all day in the region to the south and southwest of Moravilliers. There is nothing to report from the rest of the front."

WESTFIELD

Westfield, May 4.—Mr. and Mrs. J. Leonard McGregor of St. John spent the week-end at their summer home here. Mr. Johnson of Clarendon is visiting at the home of Mrs. W. Rathburn. Mr. and Mrs. Parker Currier of Gagetown were recent guests of Mr. and Mrs. Ethelbert Cosman. Mr. and Mrs. Cross of St. John spent Sunday with friends at Westfield. Mrs. C. Worden of Kingston spent a few days this week on a Capt. and Mrs. J. A. McBeth, Ononette. For the week-end Mr. H. Galay of Montreal was guest of Mr. and Mrs. J. Galay, Hillside. Mrs. W. J. Stephenson, who has been visiting in St. John, has returned home. Mr. and Mrs. W. Purcell and children returned to their homes in Fairville on Monday after spending a few days with Mr. and Mrs. W. B. Waters, Limbury. Master Dunrae Caulfield of Grand Bay is visiting his aunt, Miss Porter, during the absence of his parents, Mr. and Mrs. N. V. Caulfield, who are enjoying a trip to Vancouver, B. C. New York, May 6.—The Government's \$2,000,000,000 War Loan has

been assured of the greatest success since the time of its first inception. It is the highest class bond in the world and is sure of the broadest market that any security ever had. Efforts should be made to make these facts known to the smallest investors and to economical wage-earners everywhere. Placed thus among the masses, it will become an education in thrift and in patriotism and held widely by millions of people, will weld the nation more tightly together in the great undertaking which now precedes all others in National and individual importance. The temporary effect of preparation to pay for it is shown in the market, by decline of high-class investment and other railroad stocks. This decline has been aided by some foreign selling and materially added to by the unceasing effort of the bears. It is no time to sell good stocks held for investment and not for speculation. The wave will pass and real value will assert itself in time, in the price list.—Buck's Review.

SUSSEX.

Sussex, May 5.—Miss Mary Allen of Moncton, was the guest of Mrs. M. Garfield White over last Sunday. She was warmly welcomed by her many friends here. Mr. Fred Howland, St. John, spent Sunday in town. Miss Gertrude Sherwood returned Saturday from a two weeks' tour to Boston, Mass. Mrs. Sandy Gain has returned from England. Mr. Ralph Preece was a visitor to St. John on Wednesday. Mr. and Mrs. Worrell spent the week-end in St. John. A. D. Sharpe of the Dominion Inspection Company now stationed at Amherst, N. S., spent the week-end at his home here. Rev. Mr. Cochrane of the Highfield street Baptist church, Moncton, is the guest of Rev. G. B. and Mrs. Macdonald. Mr. E. Dover-Foxcroft, Me., May 6.—Algie B. Whiting and his wife, Lucy Whiting are under arrest in Dover charged with murdering their young child. The body of the child was found on the banking of the Whiting house on April 4, death having been due to exposure and freezing. Mr. and Mrs. Whiting were married last Tuesday by a justice of the peace. The couple will have a hearing next Tuesday. Whiting is 48 years of age and his wife 25.

BATHURST.

Bathurst, May 6.—In a recent despatch from Bathurst regarding the inquest on the body of John McCarthy of Canobie it was inadvertently stated that the shooting occurred at the home of Mrs. Henry Peters. It was at the home of Mrs. Sarah Peters, widow of John Peters, where the tragedy occurred. Mrs. Henry Peters and her family were in no way connected with the case. The young man, Bedford Peters, who shot McCarthy in self defense, was acquitted by the court.

BRILLIANT SUCCESS FOR ARMY OF FRANCE

(Continued from page 1)
German Columns Caught

German columns, observed on the march near Chermilly and Chamouille, were caught by the fire of our heavy batteries and dispersed.

In the region of the Chemin-Des-Dames our infantry occupied the entire plateau from east of Cerny En Laonnois to east of Craonne, despite the resistance and counter-attacks of the enemy and have reached the hills which dominate the Ailette Valley, south of Aillet and Anciere forest.

The number of prisoners counted during the course of the day exceeds 4,800 which may be added to the one thousand taken yesterday.

Eastern theatre: There was moderate artillery activity along the whole front. Patrol engagements took place in the Italian sector. An enemy depot at Castoro was bombarded by British airplanes.

Sunday's Statement

Paris, May 6.—Every gain scored by the French in yesterday's brilliant advance northeast of Soissons was maintained against numerous heavy counter-attacks last night, the war office announced. Consolidation of this ground has made them masters of most of the ridge crowned by the Chemin-Des-Dames along a front of more than 18 miles.

The prisoners taken have reached a total of 5,800 and seven cannon have been captured.

A violent artillery action has been in progress northwest of Rheims. In the Champagne there has been, likewise, a terrific duel of big guns. In this region a fortified point of support near Mont Haut was captured by the French and held against counter-attacks.

The Official Statement

The text of the statement follows: "North-east of Soissons the Germans launched, during the night, numerous counter-attacks with large effectives on the positions captured by us yesterday. The fighting was particularly fierce in the regions of Lafaux north of Predmint Farm, north of Barye-En-Laonnais and northeast of Cerny.

Everywhere the enemy's efforts were broken down and his forces dispersed the assault being thrown back by our fire or at the point of the bayonet. We have fully maintained our gains. Our troops have organized the conquered territory which gives evidence that the Germans suffered sanguinary losses during yesterday's fighting as well as in the counter-attacks during the night.

5800 Prisoners

To sum up all the operations carried out on May 4 and 5 in co-relation with the British operations have rendered us masters of the major part of the ridge marked by Chemin-Des-Dames upon a front of 30 kilometres. The number of prisoners actually counted has reached 5,800 of which 150 are officers, among them several battalion commanders. We captured seven cannon of which several are of large calibre.

Violent artillery actions occurred northwest of Rheims and in the Champagne west of Mont Carnillet. We captured a fortified position of support and repulsed, after lively fighting two German attacks upon our trenches in the region of Mont Haut.

An enemy surprise attack in the direction of Maisons De Champagne was likewise stopped.

On the remainder of the front there was no important event to report.

Amsterdam, May 4, via London.—The Maasbodt, of Maestricht, says serious revolts occurred in Berlin last week. According to the paper, the mob became so menacing that machine guns were used against it. The story is not confirmed from any other source.

Copenhagen, May 4, via London.—So far as can be learned from the German newspapers which have now been permitted to reach here, the reports of the failure of the May Day strike movement in Germany were correct in the main. The papers indicate, however, that strikes took place in some places. One report declares that work in the war factories proceeds "almost in general," and that strikes took place only in the individual smaller factories.

The opposition papers admit that the Socialist and union leaders, with the assistance of Field Marshal Von Hindenburg and General Groener, had the situation well in hand and kept the workmen at their tasks.

Toronto, May 4.—A meeting of the directors of the McIntyre Mine will be held tomorrow and the street expects that a dividend of 5 per cent. will be declared. Yesterday there were rumors that the directors might increase the dividend and pay 6 p. c., but this theory was scouted in the well informed circles. Most people consider that the directors will do well to pay 5 per cent. in view of the prevailing conditions at the camp. McIntyre sold up to \$1.72 and closed at \$1.70.

U. S. MAKES ANOTHER LOAN TO THE ALLIES

Second Loan, Amounting to \$25,000,000, Transferred to Ambassador Spring-Rice.

Washington, May 6.—A second loan was made today by the United States government to Great Britain. The amount \$25,000,000 was transferred by Secretary of the Treasury McAdoo to Ambassador Spring-Rice. It will meet Great Britain's requirements in this country for about three days. The loan is for a short term and will be taken into the greater loan to be made when the proceeds of the big bond issue are in hand. Announcement also was made that the \$100,000,000 loan to France would be made within a day or so.

ST. JOHN MAY BENEFIT FROM MONTREAL EMBARGO

Exporters at Latter Port Unable to Engage Space Because of Shipping Scarcity and War Rush.

St. John may benefit by a practical embargo on the shipment of produce at Montreal, where another season of navigation has opened. The exporters find that they are unable to engage space at the latter port, almost all the space on the limited number of steamers being required by the government for war purposes. Some of the western shippers, however, have secured space for chesnuts out of American ports.

HARVARD WILL HONOR RT. HON. A. J. BALFOUR

Members of British and French Embassies Will Receive Degrees Shortly.

Boston, May 6.—Honorary degrees will be conferred by Harvard University on certain members of the French and British commissions now in this country, it is understood, if plans considered today at a meeting of the Harvard board of overseers are carried out. Rt. Hon. Harthor J. Balfour, the British foreign secretary, Rene Viviani, head of the French mission, Marshal Joffre and Lord Curzon, governor of the Bank of England are the members of the two commissions upon

CALAIS MAN INDICTED FOR KILLING FOREMAN

Men Had Dispute Over Right of Way at Farm Crossing, Near Calais.

St. Stephen, May 6.—An indictment for murder has been returned by the grand jury against Arthur Casey of Calais. Casey, who is a farmer, has been in jail since Jan. 27 on a charge of killing John Tracey, a Maine Central section foreman. The men had a dispute over a farm crossing and it is alleged Casey hit the foreman over the head with a club. Casey is 63 years of age. It is understood, degrees may be conferred.

PRECIOUS STONES STILL BIENG SENT TO U. S.

In Four Months \$7,948,333 Worth Imported, Against \$7,242,826 During Same Period Last Year.

London, May 6.—Despite the submarine campaign the exports of precious stones from Great Britain to the United States in the last four months are valued at \$7,948,333 against \$7,242,826 for the same months last year, according to figures just compiled. Diamonds and pearls it is believed formed the principal items. The steady flow of jewels to America has been most marked the past year.

MANY INVOLVED IN C. G. R. THEFTS IN MONCTON YARD

About Thirty Men Involved — Fred L. Wilbur, Foreman Shunter, and Two Others Plead Guilty.

Moncton, May 4.—Fred L. Wilbur, foreman shunter in the C. G. R. yard here, and two accomplices, George Wilson and Earl Jones, who worked with him, today pleaded guilty to stealing goods from cars and were each sentenced by Police Magistrate Steeves to six months in jail. The police are in possession of the names of 28 more men who are said to have been concerned in the stealing of freight in transit.

Artificial Coloring of Sugar Prohibited by the Government

FOR many years the Canadian Public has been eating Artificially Colored Sugars. Government reports show that some refineries have used Ultramarine Blue to make their granulated sugar look better than it actually is. Others made use of Aniline and Vegetable Dyes to give a brilliant appearance to their soft or yellow sugars.

The use of dyes or coloring matter of any kind is unnecessary in refining Cane Sugar. This is emphasized in a notification sent to all refiners by the Dominion Government pro-

hibiting the coloring of sugar, and in cases where it is found, prosecution proceedings will be entered under the Adulteration of Foods Act.

We Wish the Public to Know that we Have Never Used Coloring Matter in Lantic Pure Cane Sugar and Never Will

Lantic Pure Cane Sugar was first put on the market about two years ago. Since that time over 200,000,000 lbs. have been consumed by the Canadian public, and we are now turning out 750,000 lbs. of Pure Cane Sugar each day.

The reason for this enormous business is not hard to explain. It means that the discriminating consumer has learned by actual use that Lantic Pure Cane Sugar is superior to all others.

Having erected the most modern sugar refinery in the world, costing over \$4,000,000, we steadfastly adhered to our original policy of making only absolutely Pure Cane Sugars of highest quality, in which

NO BEETS ARE USED
NO ULTRAMARINE BLUE IS USED
NO ANILINE DYES ARE USED
NO VEGETABLE DYES ARE USED

During the last two years we were told that we could increase our business in certain sections of Canada, if we would color our yellow soft sugars, as the public were accustomed to the more brilliant color. We refused and are glad we did so. The recent action of the Government has since vindicated our judgment.

Look for the Red Ball Trade-mark

To be absolutely certain of getting Lantic Pure Cane Sugar, see that the Red Ball Trade-mark is on every bag or carton. It is our guaranty to you of Canada's Purest Sugar.

Your grocer has Lantic Sugar in stock or will get it for you if you insist.

**MAX LIMIT
POWER OF
THE KAISER**

**Constitution Committee of
Reichstag Decides to Make
Significant Alteration in
Constitution.**

Amsterdam, May 5, via London.—A redistribution of the power of the Emperor of Germany has been decided upon by the constitution committee of the Reichstag, according to a despatch from Berlin.

The committee has decided to alter Article XVII of the imperial constitution as follows:

"Ordinances and decrees of the Kaiser will be issued in the name of the empire and will require for validity the counter-signature of the imperial chancellor or his representative, who thereby assumes responsibility to the Reichstag."

Joint Proposal.

The decision of the committee was in accordance with a joint proposal by the centrist, national loyalists and the progressives. Four Conservative members voted against the change.

The committee also adopted a resolution demanding a bill fixing the chancellor's responsibility for any violation of his official duty and the violation of such violation by a senate tribunal. Dr. Karl Helfferich, secretary of the interior, told the committee that a definite statement in regard to his attitude could not be expected from him. He said that it would be possible only after the federal council had defined its position.

Chancellor's Speech.

London, May 4.—The Exchange Telegraph Company's Amsterdam correspondent wires that, according to travellers from Germany, popular discontent because of the government's silence concerning Germany's war aims is forcing the German imperial chancellor, Dr. Von Bethmann Hollweg, soon to make a definite statement of his policy. The chancellor, it is said, has been discussing the question with Emperor William and Talaat Pasha, premier of Turkey, while Count George F. Von Hertling, the Bavarian prime minister, discussed the matter with the Austro-Hungarian cabinet in Vienna. The chancellor, it is added, is not expected to make an agreement before delivering his promised speech to the Reichstag.

THE POLICE COURT.

In the police court Saturday John Foley, charged with wandering about Douglas Avenue early in the morning and not giving a satisfactory account of himself, was remanded.

Fifteen remands were brought into court. Alexander Leger and his wife, charged with keeping a disorderly house in Brunswick street, were further remanded. Margaret Thomas and May Dobson, before the court on charge of being inmates, were also remanded.

John Mosher was allowed to go on suspended sentence of six months in jail and \$50 or three months.

In a disorderly house case of Edward Marr and his wife, charged with being keepers, and Eva Morrell and Margaret Sullivan, charged with being inmates, the two former were sent into jail again for the present with the understanding that if anyone came to say a good word in their favor they might be allowed to go on suspended sentence.

A boy for attempting to break out of the Boys' Industrial Home was remanded to the present and an attempt will be made to have him sent back.

John Davis for drunkenness and fighting was fined \$28 or four months in jail.

Privates Hanley and Mayes were remanded until today on charge of theft of a suit case from a boarder in the Ferris Hotel.

Fred Macaulay, a young soldier, charged with being an absentee, who was arrested here last week on complaint of the military authorities at Halifax, was remanded until today and his case will be taken up with the military men here.

In the Probate Court

The will of William Robert Farmer, merchant, has been admitted to probate and letters testamentary issued to Harold C. Farmer and James J. Stohart, the executors. J. D. P. Lewin is proctor.

The will of Selma Hardwick has been proved in common form and letters testamentary granted to the Eastern Trust Company and Henry F. Puddington. H. F. Puddington is proctor.

The will of William Humphreys has been proved in common form, and letters testamentary granted to the executors, Tabitha Humphreys and Mabel C. Humphreys. Kenneth A. Wilson is proctor.

In the estates of Charles Joseph Damery and Agnes Veronica Damery, infants under the age of twenty-one years, Margaret Mallory has been appointed guardian of the persons and estates of the said infants. Daniel Mullin, K. C., is proctor.

In the estate of George Edward Nelson letters of administration have been granted to the widow, Ella May Nelson. Fred R. Taylor, K. C., is proctor.

The Marine Department and Fisheries and Public Works will this summer do repair work and patching to the government sheds, at an estimated cost of \$8,500.00. New fog alarms will be erected on Grindstone Island and Cape Barrance, at an estimated cost for each of \$2,500.00. Diaphone horns will be installed in place of the old trumpets and oil will be used to operate the alarms, in place of the present steam generators. Erection of two range lights at Cape Tormentine, for the car ferry, was completed on April 30.

**BISHOP MILLS, OF ONTARIO AND
BISHOP WALKER, BUFFALO, DEAD**

Rt. Rev. W. L. Mills,
Kingston, Ont., May 6.—Bishop Mills, of Ontario, died here Friday night. The Rt. Rev. William Lennox Mills, D. D., Anglican bishop of the diocese of Ontario, was born at Woodstock, Ont., January 27, 1846. He was educated at the Woodstock grammar school, Huron College and the Western University, from which he was graduated in 1872.

He was ordered deacon in 1873, and ordained priest in 1875. He was incumbent at Trinity church, Norwich, Ont.; St. Thomas, Seaford, Ont.; Crown Reserve of St. John, Quebec, and Trinity, Montreal.

In 1883 he was lecturer at the Montreal diocesan college, theological school and in the following year was appointed canon of Christ church cathedral, Montreal.

He became archdeacon of Montreal in 1896, and in 1900 was appointed bishop coadjutor of the diocese of Ontario, with the ecclesiastical title of bishop of Kingston, the see city. He became bishop in 1900.

Bishop Mills was widely known throughout Canada and in the United States. He is survived by his wife and one son, who went overseas with an early contingent.

**STRIKE IN A MACHINE
PLANT SATURDAY NIGHT**

Night Men Walk Out When Request for Double Time Saturday Nights and Sunday is Refused.

The night shift in a machine plant here walked out in a body, with the exception of one man, on Saturday night. The men requested that they be paid double time for Saturday night and Sunday work. When the request was refused the force declined to continue and left the shops.

The day men took no part in the strike and will go to work this morning as usual. It is said demands will shortly be presented at another branch of the same concern.

The men are not organized as far as known, but as help is scarce and there is a strong demand for men everywhere it is expected concessions will be made providing the workmen will modify their demands.

Neither side to the controversy would talk for publication last night.

Rt. Rev. W. D. Walker,
Buffalo, May 6.—The Rt. Rev. William D. Walker, D. D., LL. D., C. L., Episcopal bishop of the diocese of Western New York, is dead. Bishop Walker was born in this city June 29, 1839, of English descent. He was educated at Trinity school, Columbia College and the General Theological Seminary. He was ordained priest in 1862 by Bishop Horatio Potter. After serving a short time in Calvary parish, New York, he went to work among the Indians on the frontier, and for more than thirteen years performed a work which attracted national attention. He built three churches, two of them exclusively for the Indians. He was appointed national Indian commissioner by President Cleveland.

He devised a "cathedral car," fitted with sanitary appointments and equipped with seats for seventy-five persons. This car travelled for years over the western railroads in missionary work.

Upon the death of the celebrated Rt. Rev. Arthur Cleveland Coxe, Dr. Walker was elected bishop of Western New York. He was president of DeWent College, Niagara Falls, and of Cary Collegiate Seminary, Oakfield, N. Y.

About ten years ago Bishop Walker deposed Rev. Algernon Sydney Crapsey, D. D., rector of Christ church, Rochester, from the priesthood for heresy. This case attracted international attention.

**BOSTON ST. ELEVATED

Large Numbers of Conductors and Motormen Leaving and May Be Drafted Into Army.

Boston, May 6.—The Boston Elevated Railway, one of the largest traction companies in the country, faces a critical period as the result of the war, according to H. B. Potter, an official of the corporation. Large numbers of the road's employees are leaving, many of them provincialists, to join the military forces of this country and Canada and fifteen hundred more will probably be drafted under the military conscription act.

The corporation is arranging to employ women as conductors as the London tram lines do. The employment of women on street cars will be an innovation in the United States.

Overland

If you are undecided which car to buy for your family—

If you are not a mechanical expert and are unable to discern the great difference in materials and construction—

And, if your pride demands a car of beauty, style and comfort as well as utility—

Then you can safely place your confidence in the company that has earned its leadership by satisfying people exactly like you.

There is safety for the single buyer in Overland's sum-totaled production of 200,000 cars this year; in the millions Overland saves through economies possible only with our great volume.

There is safety for you in the size and integrity of the Willys-Overland industry, with its more than \$68,000,000 assets, its highly specialized factories, its efficient methods that make possible better cars for less money.

You can wisely let the fact that Willys-Overland dealer-contracts call for 200,000 cars this year influence you to choose an Overland. The weight of these numbers is convincing.

What greater endorsement can you find of the public's preference for and pride in Overland cars than our growth from 465 cars in 1908 to 142,807 cars in 1916?

Come in and let us show you the most comprehensive line of motor cars ever built by any one producer.

Consider especially the remarkable value offered in the Overland Big Four at \$1250. The building of over 300,000 similar Overlands has contributed directly to the development and perfecting of this model—consider the element of safety there is for you in all this.

DOMINION TIRES are GOOD tires

A Tire for Every Kind of Service

NOBBY TREAD CHAIN **DOMINION PLAIN**

The test of the road has convinced the great majority of Canadian motorists that from whatever angle you look at it, DOMINION Tires are the best "buy".

We who view them from the inside know that there is more value—more tire mileage at less cost per mile—in DOMINION Tires than is put in any other tire.

Motorists who judge them by performance know that the secret of mileage must be built right into them, or they could not possibly give the service they do. The amazing growth in DOMINION sales shows clearly that Canada is fast approaching unanimity on this point.

As no one type of tire can possibly suit all needs, we make

"We are fighting for a worthy purpose, and we shall not lay down our arms until the purpose has been fully achieved."—H. M. The King.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

NO ELECTION UNLESS GRITS FORCE IT.

A section of the Liberal press is pleased to regard certain acts and statements of the Dominion Government and Dominion ministers as indicative of a determination on the part of the Government to bring on a war-time election.

Sir Thomas White, who, in the absence of Sir Robert Borden and Sir George Foster, was acting premier at the time, said the other day that the Government will introduce a bill asking for the extension of parliament. Such a statement, made authoritatively, brushes aside any opposition contention that the Government is preparing to spring an election. Whatever of preparation there may be on the part of the Government is only in the event of the extension application being denied.

Therefore a war-time election, should it come, will be held because the opposition have forced it upon the country and for no other reason. The sentiment of the whole country is against it and Dr. Michael Clark, Liberal member for Red Deer, has not hesitated to publicly warn his fellow Liberals that the election would not deal lightly with the party responsible for plunging the country into war-time political strife.

Mr. N. W. Rowell, leader of the Liberal party in the province of Ontario, is also on record against a war-time election. Speaking in the Ontario legislature he frankly said that he preferred to give his time to furthering Canada's part in the war, rather than holding elections. Mr. Pugley also spoke his mind freely as against a war-time election and his remarks were published with laudatory comment by Liberal papers in this province.

The Toronto Globe, the leading journal in the Laurier party, has asked "are we to play politics with the Hun at our gates," and Liberal papers from one coast to the other have echoed that sentiment. It is true that when the Liberal press expressed such views there was a feeling that, from a party standpoint, the time was most inopportune for a test of strength. Now, however, the war has continued longer than was first thought possible, the burdens imposed by it have grown heavier, the cost of living has also greatly increased and the Liberals undoubtedly feel that the opportunity for political success may be better than in the past.

However that may be the national causes which operated against an election a year ago still obtain. The war is in its most serious stage and for Canadians to be plunged into a general election merely to appease the office hunger of a few unscrupulous politicians would be unexcusable—more particularly as the Liberals have no war policy worth fighting over.

REMEMBER THE INJURED SOLDIER.

The Standard learned last night of the case of a returned wounded soldier, undergoing treatment in the military hospital on St. James street, who was invited to spend a recent Sunday afternoon at a North End home. The man's injuries were such that he could not walk so he telephoned a local veterinary stable for a rig. The carriage was sent to the hospital and the man driven to the home of his friend. Later, he was called for and returned to the institution. To his inquiry as to the cost of the outing the driver replied \$5.00 and collected that amount from him. His friend, learning of the circumstances, remonstrated with the proprietor of the stable, who said the charge should have been \$3.00, and the soldier was given back the amount paid in excess of that sum.

That is the story. What is the lesson to be drawn from it?

Possibly it might be said with truth that neither the stable keeper nor his driver had the right point of view in their dealing with this man who was forced to use a conveyance because he had answered the call of Empire and was wounded in their defense. There is, however, a broader question involved than the matter of an over-charged fare. It is that there should be in this city, and, doubtless, are, owners of automobiles, wealthy men and women who can well afford to donate the use of their cars to wounded soldiers in such cases as this, and would be most willing to do so if requested.

Here is an opportunity for the European War Veterans' Association or the Imperial League to do useful service. The Standard has sufficient confidence in the generosity and patriotism of St. John citizens who own automobiles to say that all the cars required could be procured free of all expense for the asking. If the European War Veterans or the Imperial League should appoint a committee to call upon car owners and state the need, the case of an injured soldier having to pay \$5.00 or even \$3.00 for an afternoon's outing would not be repeated.

HOW UNCLE SAM IS DOING IT.

Now that they are engaged in the war the people of the United States are displaying their customary energy in the manner in which they are going after their recruits. A vigorous campaign to fill the authorized units to war strength is already well under way and the recruiting agents are trying out some new plans which might achieve results if attempted in Canada. The New York Herald of recent date tells of the active methods adopted by the Coast Artillery of the National Guard which is in the midst of a recruiting campaign. Men in the uniform of that unit took up positions in the lobbies of New York theatres one night last week, and also visited other places where young men and women go for amusement. The military visitors were plentifully supplied with small cards which they distributed to the men but to the women accompanying them. These cards bore this inscription:

"Is the gentleman with you a slackert?" He is needed for the Coast Artillery."

The appeal of the card is made directly to the women of the nation and it has been the experience of Canadian recruiting agents that such an appeal is not without its effect.

WAR STATEMENTS

French Night Statement.
 Paris, May 6.—The official communication issued by the war office tonight reads:

"Northeast of Soissons we made complete success of yesterday and enlarged the captured territory by isolated attacks. We occupied several important points and support north of Moulin De Laffaux and north of Braye-La-Lonnelle.

"The artillery fighting was violent in the whole region of the Chemins-Des-Dames where the Germans launched anew today strong counter-attacks against our positions at the Froimont Farm, the Vaucourt Plateau and in the Craonne sector. We everywhere maintained our positions and repulsed the enemy with heavy losses.

"In the course of one of these attacks a German aviation unit, equipped under our fire retreated in disorder, leaving on the field the greater part of its effective.

"The number of prisoners counted up to present is 6,100. One of our army corps alone operating north of Braye-La-Lonnelle, took 1,800 prisoners and captured a front of four kilometers almost in its entirety on the Siegfried line.

"There were intermittent artillery actions on the rest of the front.

Night Statement

London, May 6.—The British official communiqué issued this evening reports the repulse of German counter-attacks on the sector east of Bullecourt. Heavy casualties were inflicted on the Germans. Attacks south of the Souchez river and near Acheville also were put down. The communication says:

"Later reports show that the hostile attacks at Acheville, but was driven back in the Hindenburg line east of Bullecourt have been thrown into the fight in this neighborhood, but after fierce and close fighting they have been repulsed with heavy losses.

"The enemy delivered two determined counter-attacks early this morning in an endeavor to recover the sector of his front line south of the Souchez river captured by us yesterday. He was completely repulsed in each case.

"Today a party of the enemy attempted to approach one of our positions south of Acheville, but was driven off. Another hostile party which succeeded in reaching our trenches west of Hulluch during the night was driven out with losses. We suffered no losses."

Little Benny's Note Book

This afternoon my cousin Artie came around, and me and him played Indian scouts pretending to follow footprints around the house, and we followed some little my sister Gladys' room, and sat was in there but a half a box of malsass taffies, each piece being all ragged up in tissue paper, and I sed, G, I bet you could make malsashes and things out of these.

And I took one and bit a little piece of the tissue paper out of the middle of it so the malsass part would stick on my face and I stuck it on my lip, making pritty good of a malsash, with the ends of the tissue paper sticking up and all. And I started to wawk up and down pretending to curl the ends of it with my fingers like Mr. Parkins, saying, Haw, O I dont know, haw.

G, Im going to make one, sed Artie.

And he stuck one on his own lip, making the ends turn down tasted of up, saying, Wares my horse, to the hounds to the hounds.

And then I took another one and made it stick on my chin for a goates, and so did Artie, me saying, How are you, kemel, hows the family? and Artie saying, I dont know kemel, and I was more, I dont care.

And we kept on making different disposes out of Gladyses taffies, making side whakers and fats eyebrows and everything, and all of a suddin sumbdy sed, Well, I never, all of the nerve.

Being Gladys, and she saw all her t as spped around her bewro with a little piece of tissue paper bit out of each one to make it stick on, saying, Do you mean to say youve had all these taffies stuck on your dery faces? I sstipose you xpect me to eat them after that.

And she brushed them all off on the floor and me and Artie picked them up and put them in our pockets. Us not being to proud to eat them just because they had bin on each uhers faces, on account of aint we cuzzins?

Had Headache For Two Years

A Barrie Man Tells of Persistent Headaches and Indigestion—Finally Found His Way to Good Health.

Barrie, Ont., May 6.—For two long years the writer of this letter was subject to severe headaches. The nervous system got run down, digestion failed, there was continued loss of weight.

The use of Dr. Chase's Nerve Food changed all this, and now with scores of other Barrie people Mr. Nader is recommending the use of this food cure as the best means of building up the exhausted nervous system and curing headaches, indigestion and all the annoying symptoms of a run-down condition.

Mr. Chase's Nerve Food, 50c a box, is a full treatment of 6 boxes for \$2.50, at all dealers, or Edmanson, Nader and Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

"During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite, and my system became run down. I also lost considerably in weight. I began using Dr. Chase's Nerve Food, and as they helped me I continued this treatment for some time. My condition is now greatly improved, my headaches are gone and my health in general is much better. I can cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

As a spring tonic and restorative to overcome tired, languid feelings and build up vitality at this time of year there is nothing to be compared to Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food, 50c a box, is a full treatment of 6 boxes for \$2.50, at all dealers, or Edmanson, Nader and Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

BIG INDUSTRY
FOOD GASPE CO.,
QUEBEC PROV.

Mammoth Pulp and Lumber Mills to Be Erected and Hundreds of New Brunswick and Quebec Men Will Be Employed.

A large and important industry is to be established this side of the international boundary line and more than \$1,000,000 will be expended. The Great Eastern Pulp Company has just been organized for the purpose of erecting and operating extensive pulp and lumber mills at Madeline River, Gaspé County, Que., not far from the New Brunswick border. An inexhaustible timber supply, a splendid water power, a deep water port and connection with two short railway lines projected and to be built very soon to connect with the Canadian Government railway system induced the promoters to locate in the county.

\$1,200,000 Fund

Three hundred thousand acres of timberland have been transferred to the new corporation which will issue \$600,000 bonds and the same amount in stock, both already largely subscribed.

The majority of the directors are Canadians, although John Mullen of Bangor is president. Archibald Hay Cook, K. C., of Passabec, on the Bay Chaleur, is vice-president; Angus Murphy, K. C., of Quebec, secretary. One of the directors is Garret Schenck of New York, president of the Great Northern paper mills of Millinocket and Madison, Me. Harold S. Ferguson of New York will be in charge of the construction work, contracts for which have already been let.

The pulp mill will have a capacity of 30,000 tons of ground pulp wood annually and the annual output of the saw mills will be 10,000,000 feet of long lumber. The plant is expected to be ready for operation by November 1st. Hundreds of New Brunswick and Quebec workmen will be employed.

JUDGMENT DELIVERED
IN CASE OF LIM KING

Chief Justice McKeown Gave His Decision in Supreme Court Chambers on Saturday.

On Saturday morning Chief Justice McKeown delivered judgment on the application for a habeas corpus in the case of Lim King, a Chinaman, who on the 12th March last was convicted upon a summary trial before the police magistrate of St. John for keeping a common gaming house on Mill street.

His Honor found that there was some evidence upon which the defendant might properly have been convicted and refused to review the decision upon that ground. He also held that it was not necessary that the conviction should set out in detail the circumstances which constituted the offence, and that it was enough to state that it was for keeping a common gaming house. He held that he was bound by the return and could not enquire into the allegation that the magistrate on the trial had imposed a different penalty, subsequently altering it, and decided that a minute of adjudication is unnecessary under summary trial procedure. Sec. 781 of the Code provides that for the offence charged the magistrate may imprison the offender with or without hard labor for a term not exceeding six months, or may fine him, not exceeding, with the costs in the case, \$200, or may both fine and imprison him not exceeding the said sum and term. Sub-section 2 of this section also provides that "such fine may be levied by warrant of distress under the hand and seal of a magistrate or the person convicted may be condemned, in addition to any other imprisonment on the same conviction, to be committed to the common goal or other place of imprisonment for a further term not exceeding six months unless such fine is sooner paid."

The magistrate fined the accused \$200, and in default of payment committed him to goal for three months. His Honor held that the power to impose imprisonment as a penalty for non-payment of a fine could only be exercised in cases where the defendant had been sentenced in the first instance to both fine and imprisonment, or to imprisonment only. He was of opinion that otherwise no effect would be given to the words "in addition to any other imprisonment." He accordingly ordered the issue of a writ of habeas corpus under which the defendant was released later in the day.

The case is important, as there is very little authority in the reported cases upon this subject. The opinions of the text-writers are in accordance with His Honor's judgment, which he based upon the doubtful meaning of the section, in which case he felt the construction most favorable to the liberty of the subject should be adopted. D. Mullin, K. C., for the applicant; Dr. W. B. Wallace, K. C., for the Attorney-General; and Dr. J. B. M. Baxter, K. C. for the informant.

Port Au Prince, Haiti, May 4.—President Artigueve has sent a message to the senate and chamber of deputies demanding a declaration of war against Germany and a committee has been appointed to consider the question.

SCHOLARSHIP SERMONS BY
REV. MR. DRUMM

Visiting Moncton Clergyman Makes Excellent Impression at 60th Anniversary First Presbyterian Church Yesterday.

Yesterday was the 60th anniversary of the First Presbyterian Church at St. John. Before large congregations, including many from the city proper, the Rev. T. Porter Drumm of Moncton, delivered a most eloquent and impressive sermon both morning and evening. His discourses were quite appropriate to the important days in the history of the church and his appeal for the congregation to continue on their splendid Christian record made a profound impression.

The general opinion prevails that the anniversary services were inaugurated most auspiciously yesterday. The presence of Rev. Mr. Drumm adding immeasurably to the opening. The anniversary services will be continued during the week and will be brought to a conclusion on Sunday next.

In the evening the Rev. Mr. Drumm spoke from the text: "Because Ye belong to Christ, Mark IX:41. Ye shall have dominion over sin and Satan." The speaker divided his address into three heads: proprietorship, privilege and responsibility. The address was a most eloquent appeal for consecration and surrender to Christ in view of the occasion that the church was observing. His appeal to the men of the congregation was particularly impressive. The duty of living for Christ like Christ and confessing Christ, was clearly emphasized.

The great theme of Rev. Mr. Drumm's evening address was the love of God and the speaker expressed the conviction that although sin and cruelty appeared to be in the ascendant at the present time, love of God would conquer and truth and righteousness would prevail.

Rev. Mr. Drumm took his morning text from John I:36. It was about the tenth hour. He said that the text should be read in the manner that there were certain marked and memorable hours of life. He proceeded to illustrate that fact from the scriptures and from history, speaking among other matters of the turning points in the lives of John Bunyan and John Wesley, culminating with the great hour when Jesus of Nazareth died for the world. The historical events he mentioned among others the discovery of America and the hour of Britain's action in declaring war in the defence of the cause of civilization when the neutrality of Belgium had been violated.

Rev. Mr. Drumm proceeded to deal with the important hours in the life of the individual and the manner in which uneventful days were sometimes interrupted with startling events. The crisis revealed the character of the man. The duty of action was called for. The opportunity presented itself was pointed out.

The speaker incidentally dwelt on the fact that the good man and the bad man constituted the foundation of the greatness of the nation. He referred to the present anniversary of the church as the golden hour for the members of the congregation and reminded the members present of the fact that God had been speaking to them through the events of the past year. Perhaps there were sorrowful events during the year. The great war may have taken away loved ones, but so vows may be the turning point of destiny, and may prove a blessing in disguise. He said that people might be tempted to think that the great golden hour came to few but not to everybody. However they were mistaken in that impression. Everybody had his opportunity and it remained for him to embrace it. He strongly urged the parishioners to continue in their noble work so that the church would continue to prosper and exist for many additional years of usefulness.

During his remarks, Rev. Mr. Drumm paid a high tribute to the unknown heroes in the strife, which was particularly appropriate to the sacrifices of those who have consecrated their services to the empire in the present war. His read verses, telling eloquently of the greatness of these heroes.

The singing at both services yesterday was much enjoyed. In the morning the regular choir augmented by several city sinners sang appropriate hymns, while there were sacred solos by Mrs. Ferris and Mr. Girvan. In the evening the singing was also an important feature of the anniversary service. In addition to two anthems by the choir, solos were given by G. S. Mayes and Mrs. Ferris.

Rev. Dr. J. A. Morrison, pastor of the First Presbyterian Church exchanged pulpits with Rev. Mr. Drumm for the occasion. He addressed large congregations at St. John's Church, Moncton, yesterday.

Canadian canning factories are concerned over the fact that they have to depend on American companies to furnish the cans and that this year the supply of cans in the conservation of tin is much less than usual.

American canneries are able to obtain only 40 per cent. of their usual requirements and are intending to can only perishable goods. Where the Canadian factories will fit is not yet known exactly but they too will probably be able to use tins only for exceedingly perishable products. Card-board paper mache and other manufactured containers are being suggested for some lines.

Sussex, May 3.—St. Michael's Roman Catholic Church at White's Mountain was destroyed by fire today with all its contents. Rev. Father McDermott of Sussex, was notified by telephone this afternoon at 3 o'clock that the church was burning and hastened to the scene by auto, but found the building a mass of smoking ruins on his arrival.

ISSUES AND COMMENT FROM THE FINANCIAL WORLD

RAIL SHARES HERE WEAK IN WALL ST.

Number of Issues Lowest for Many Years—Saturday's Market Largely Professional.

New York, May 5.—Weakness of railroad shares, which were again in free supply at substantial concessions, featured today's highly professional market, some of the minor western and southwestern groups.

Industrials were at first inclined to make up part of their recent losses, but the lack of support in rails proved too strong to overcome, the list closing with a heavy tone, except in metals and a few speculative specialties.

The relative strength of copper was in response to trade reports of large additional sales of the refined product for home consumption at satisfactory prices. Industrial Alcohol also offered stubborn opposition to the short interest with American Can.

Some of the high preferred specialties fell away with rails, notably American Sugar, Montana Power, Ohio Gas and Texas Company.

U. S. Steel withstood bearish activity, closing at a trifling net loss. Bethlehem Steel, new stock, was active, but forfeited more than its early point gain. Total sales amounted to \$15,000,000.

Predictions regarding an adverse bank statement were fulfilled only in part, the actual cash loss of \$12,000,000 being less than the \$15,000,000 being less than half that estimated in conservative quarters.

The heavy transfers of money during the week to the local federal reserve bank were reflected in an increase of almost \$25,000,000 in federal reserves. Loans contracted more than \$85,000,000, but the greatest change was shown in demand deposits, which decreased by more than \$12,000,000.

A further decrease of \$21,000,000 in actual excess reserves lists that item at a little more than \$90,000,000, the smallest total thus far this year. Of the \$12,000,000 reserves held by the banks in their own vaults almost \$372,000,000 is in specie.

Bonds were weak on restricted offerings. Total sales, par value, aggregated \$2,160,000.

On call during the week U. S. government 3's of 1948 and Panama 3's were quoted at recessions of 4 per cent, other issues averaging declines of 1/2 of one per cent.

COPPERS MODERATELY FIRM ON SATURDAY

Reported Heavy Buying of Metal at 29 Cents for Domestic Consumption—Motor-Stocks Firm.

New York, May 5.—The market opened irregular and on the whole a little lower, but rallied somewhat during the first half hour on short covering and the appearance of some investment buying in standard issues, which have had large declines.

The copper was relatively firm on the reports of heavy buying for domestic consumption at around 29 cents. The motor stocks also held well on the theory that they have already undergone a sufficient reaction under present conditions.

Towards the close the market again became rather soft. Action of the government in taking the buying for the Allies out of the hands of a private firm leaves unsettled the question of what principle is to be applied in fixing prices on future purchases.

The report that the proposed rate of 16 per cent had been advanced to 20 per cent, a 12 per cent increase, was denied. While every one hopes and believes that good business sense will prevail in the final enactment of a tax that will not be a discouraging burden upon the country's industrial concerns at this critical time, it is a certainty in this matter the business and financial interests are waiting for, and financial interests are waiting for, with these two troublesome questions disposed of and the war loan subscriptions booming there might well be a sharp recovery at the expense of the shorts.

Wall Street "Bearish Blue and Pessimistic" Pennsylvania Railroad Stock Lower Than at Any Time Within Twenty-five Years.

New York, May 5.—Everyone in Wall Street is bearish, blue and pessimistic, also there is a large and well distributed short interest based on the liquidation of investment stocks, with these two troublesome questions at hand, a price at which railroad securities are cheaper than governments allowing for war taxes.

Pennsylvania Railroad stock for instance, is selling lower than it has sold in twenty-five years and high grade stocks like Northern Pacific, C. N. W. and U. P. are selling better than several per cent, a basis while the new government 3 1/2 bonds as yet can be obtained at par.

STOCK MARKET LIKELY TO CONTINUE ERRATIC

War Loan Probably Over-subscribed Fifty Per Cent—Investors Turning to Industrial Issues.

New York, May 5.—Irregular readjustment is likely to continue in the market. Sentiment is decidedly mixed and with support on declines and offerings of stocks on rallies a trading market is indicated for the present.

There is evidence of good absorption during recessions in standard issues, having a large margin of safety over dividends.

Short items.—It is predicted that the two billion war loan will probably be over-subscribed to extent of 50 per cent. Such a result would be construed as bullish on securities generally. Evidence is increasing pointing to switching from the railroad list to the industrials as well as transferring from investment stocks into the market from timid holders who have been unable to consummate the transaction with a transfer process pure and simple and not the result of war frights.

FORGED SALES RESULT IN STRONG REACTIONS

Buying Demand Lacking in Montreal—Stocks Undoubtedly Getting Cheap in All Markets.

Montreal, May 5.—The markets were similar to what we have had for the last few days, dull and sagging. In the American markets, they say investors are selling stocks to participate in their large loan.

From all accounts, this is going very well. Both markets are short of buying demand and any forced sales are bound to cause reactions. The Wall Street market on the whole, except in special cases, closed as high, if not higher, than it opened.

There is one feature however, that must not be lost sight of and that is that the demands for stocks of all classes in the loan crowd in the last few days shows a large short interest and gives the market that much reserve strength but certainly the response in the record of values is perfectly normal under the conditions which prevail.

MUCH UNCERTAINTY IN FINANCIAL WORLD

Russian Situation and That in United States Fuzzling to Investors and Brokers.

New York, May 5.—With the conflicting influences which are at work on every hand it is not a surprising that the market should show the tendency evidenced in the past few days. The uncertainty concerning Russia, the difficult problems which are to be solved in this country, the ultimate effect of the enormous government issues on bonds are all factors which tend to create a degree of suspense that makes both investors and operators apprehensive because they are unable to bring to themselves any solution of the problems which confront them.

There is one feature however, that must not be lost sight of and that is that the demands for stocks of all classes in the loan crowd in the last few days shows a large short interest and gives the market that much reserve strength but certainly the response in the record of values is perfectly normal under the conditions which prevail.

LOST TO MONCTON

Heavier Weight of Railway City Basket Ball Quintette Accounted for Defeat of Local Boys.

The members of the Junior Y.M.C.A. basketball team returned to the city on Saturday morning after a visit to Moncton, where they played two games with the Junior Y.M.C.A. of that city.

Regarding the second match the more interesting of the two, the transcript says: A battle royal took place this morning in the local Y.M.C.A. gym.

But the heavier boys of our town weighed down on them and though the St. John team tried hard, it was impossible to keep their score as big as the local boys.

The game ended with score of 31 points for Moncton and 27 for St. John.

Each team played a steady game. The first half ended 11 points to 7, in favor of the Moncton team, and during the second period the visitors tried to overcome the small lead but the result ended as stated above.

The line-up of this morning's game was as follows: Moncton.

FAST BASKETBALL. GAME AT Y. M. C. A.

The second series of match games between the Y.M.C.A. business boys and the Y.M.C.A. basketball teams was played on the Y.M.C.A. floor Saturday night. The game was fast throughout and each team worked hard to advance its score.

The shooting of White and Ketchum of the Y.M.C.A. was a feature and a very strong defence was played by Holder and Nixon of the same team. Ten out of the eighteen points obtained for the Y.M.C.A. team were made by the remarkable shooting of H. Ryan. The final scores totalled 37 to 18 in favor of the home team. The line-up was: Y.M.C.A.

U. S. WAR LOAN HUGE SUCCESS FROM START

Decline of High Priced Investment and Other Railroad Stocks is One Temporary Effect.

New York, May 6—The Government's \$2,000,000,000 War Loan has been assured of the greatest success from the time of its first inception.

Efforts should be made to make these facts known to the smallest investors and to economical wage-earners everywhere. Placed thus among the masses, it will become an education in thrift and in patriotism.

The temporary effect of preparation to pay for it is shown in the market, by decline of high-class investment and other railroad stocks.

THE CANOBIE TRAGEDY

Shooting of John McCarthy Occurred at Home of Mrs. Sarah Peters — Confusion of Names.

Special to The Standard. Bathurst, May 6—In a recent despatch from Bathurst regarding the inquest on the body of John McCarthy of Canobie it was inadvertently stated that the shooting occurred at the home of Mrs. Henry Peters.

The young man, Bedford Peters, who shot McCarthy in self defense, was acquitted by the court.

HELD FOR CHILD'S DEATH

Dover-Foxcroft, Me., May 6—Algie B. Whiting and his wife, Lucy Whiting are under arrest in Dover charged with murdering their young child. The body of the child was found on the banking of the Whiting house on April 4, death having been due to exposure and freezing.

The couple will have a hearing next Tuesday. Whiting is 45 years of age and his wife 25.

has been at work for two years on plans concerning Canada's food supply. It now requests the co-operation of the Canadian public.

DOLLAR STEAKS and two-dollar roasts are not only symptoms of War. Nor mere problems of the household, but matters of Nation and Empire — the result of many years' neglect of a vital industry. Meat should have remained cheap in Canada. Canada should have been selling millions of dollars' worth of beef to foreign countries — yet our luxurious pasture tracts have produced crop after crop of hay, year after year, *in vacuo*. The small Canadian cattle-farmer has lacked money to "carry" his stock over the occasional periods of scarce feed. Lack of experience, lack of capital, lack of knowledge, lack of interest concerning the ranching possibilities of Canada, have contributed to the raising of beef prices beyond the reach of the poor.

The urgency of these facts so impressed a group of men meeting in Ottawa in 1914 that they formed The National Live Stock Association (now The National Live Stock Board) to consider practical means to relieve the meat shortage and to adopt "every honorable means toward making Canada the greatest live stock-producing nation in the world." Their first efforts were scattered and more or less casual, having to do chiefly with legislation and the gathering of accurate information. Finally, however, thanks to the generous co-operation of Federal and Provincial Governments, they were able to undertake to help into existence small ranching companies. Ten of these were assisted with their preliminary expenses and charter fees by the Association.

TOMORROW THERE WILL APPEAR the first advertisement of a much larger ranching enterprise, the British Cattle Supply Co., Ltd. This company is the logical outcome of our Association's efforts to promote cattle-raising in the Dominion. Their success makes clear the great possibilities for a wholesale ranching corporation. The President, General Manager and Board of Directors have been assembled from among the shrewdest and most experienced cattle and abattoir men in America. The company has acquired, with the counsel and co-operation of the Association, over half a million acres of the finest ranching lands in the Dominion, and 1,500 breeding cattle. These services have cost, and will cost, the British Cattle Supply Company nothing. Not one acre of land nor one animal has been subject to "profit-taking" by any middleman. In this new company there is no "promotion stock," and in placing its shares on the market the company pays no commissions. The British Cattle Supply Company will start operations with all its paid-up capital intact.

These being the facts, and knowing, as we do, the incomparable possibilities of ranching in Canada, especially on the scale proposed, we ask, without hesitation, the support of the Canadian investing public for the coming issue of the capital stock of the British Cattle Supply Co., Ltd. The British Cattle Supply Co.'s first advertisement will appear in this paper to-morrow.

retired from business a few years ago. He was a native of Rossway, Digby county, and did business in Digby for many years, and also in St. John. He was connected with Annapolis Royal Lodge of Free Masons and will be buried with Masonic honors. His wife here, and two sons in the United States, survive him. Mrs. Mary F. Willett, Westfield, May 6—Mrs. Mary F. Willett, widow of Gilbert R. Willett, died suddenly at her home at Westfield this morning. Mrs. Willett has been one of Westfield's valued citizens for the past thirty-six years and was much loved for her Christian character. She was a faithful member of the Methodist church, and although in her eightieth year, taught her Sunday school class until a few months ago. She is survived by one daughter, Mrs. George Crawford, and one brother, Mr. J. Olin. The funeral services will be held in the Methodist church on Tuesday afternoon at 2.30. The interment will be at Tuperville, N. B.

Smith of the Farmers and Dairyman's Association, in accepting the invitation to be present at the Board of Trade meeting in Bond's this evening, to hear Prof. Mitchell treat of co-operation between the business man and the farmer, says: "I am sure the farmers appreciate the interest that the business men are taking to stimulate increased production in New Brunswick."

Had Pleasant Outing.
About twenty girls, members of the Junior Associates of the Natural History Society, held their first outing of the year on Saturday. Starting at 10.30 in the morning they set out for Smugglers Cove, below McLeans Beach, where a delightful basket picnic was partaken of. The rest of the day was spent in studying and examining marine forms, which were found in the pools amongst the seaweed, and in playing group games. Late in the afternoon the girls returned to the city a tired but happy lot.

Soldiers Entertained.
After the evening service at St. David's Presbyterian church a patriotic concert was given in the school-room by members of the 217th Battalion under the direction of Private Frost and Corporal Humber. The various numbers on the programme were well rendered and much appreciated by the large audience. The programme was: Pte. Silvinge, solo; Pte. Frost, quartette, composed of Privates Frost, Elvin, Banks and Corp. Humber, vocal selection; Pte. Banks, solo; Pte. Frost, solo; Bandmaster C. Robinson, violin solo. Others who took part were Miss A. Halliday in a recitation, and Miss Ernestine Climo in a vocal selection. Mrs. J. M. Roberts presided at the piano and Robert held acted as chairman. Three cantors who have been active services as members of the crews of the Lion, Fletcher and Shannon, respectively, were in the audience as interested spectators.

COAL STEAMER FLOATED.
The coal boat owned by the Dominion Coal Company, which grounded on the mudbank in the harbor a week ago Saturday was pulled off on Saturday night, shortly before high water without much difficulty. It was expected that as the steamer had been there a week the mudbank would be quite deep, but such was not the case. At 10.30 the signal to lighten hawsers was given and the several tugs obeyed the signal, with the result that she slid off the bank into deeper water. The steamer had about 700 tons of coal, but several hundred tons were removed during the week. With the exception of the time loss no material damage was done to the steamer. She docked at an early hour yesterday morning at No. 1 pier, St. John West.

Composite Battery

The week-end proved very profitable to the local units, two of them securing eight fine recruits. The 9th Siege Battery signed on three local boys while outside places contributed the other five for the Composite Battery.

This is a marked increase over the corresponding day last year, showing that New Brunswick's national spirit is still alive and the young men of the province, notwithstanding what their fellowmen have suffered are willing to don the khaki and fill the vacant places at the front.

Closed Up Office

On Saturday night the Klitties Battalion finished recruiting in St. John. The only infantry unit now in the recruiting area is the 62nd Regiment, and it is expected that this week will see a grand rush to the home defence regiment. It is understood that the home defence units throughout the province will assemble at Sussex this summer for training, but nothing definite has yet been announced.

Home From Ottawa

Briandier General H. H. McLean, Col. P. A. Guthrie the officer commanding the 26th Klitties, returned to the province on Saturday from Ottawa, where they had been in consultation with the military authorities. The announcement that the Klitties would be leaving in a short time for the other side, was confirmed by General McLean upon his arrival in St. John.

Died at Martello Hospital

Two members of the 177th Battalion, which recently left for overseas, passed away at the Martello Hospital, West St. John during the week-end. Both soldiers, Pte. H. A. McFadden and Pte. Joseph Smith, are natives of Ontario. Pte. McFadden was taken ill soon after the arrival of the 177th Battalion in St. John, and was admitted to the hospital. He was only eighteen years old and was very popular with the officers and men. The body was forwarded to Elmwood, Ontario, on Saturday night. The 62nd Regiment, first of the firing squad, which accompanied the remains to the depot.

Following the death of Pte. McFadden of the 177th Battalion, the announcement was made yesterday afternoon that Pte. Joseph Smith of the same unit passed away at 2.30. On Monday last the deceased soldier was admitted to the hospital, with pneumonia, which caused his death. Up until last night the authorities had received no word as to where to forward the remains. The young man enlisted in Bradford, Ont., but his parents' address was not given.

Private Horace Robertson

A telegram from Ottawa was received on Thursday conveying the sad news to his relatives that Private Horace Robertson, who enlisted just a year ago in the 132nd Battalion, but was later transferred to another unit, had met his death on the field during the recent severe fighting in France. Private Robertson was a young man of quiet manner, always cheerful, much liked by his associates. He was also a valued member of the L. O. L. Besides his relatives he leaves many friends who deeply regret his early death.

Private Harold Gillespie

Word has been received at Ferryfield Ridge by Mrs. Charles Gillespie that her son Harold has been seriously wounded. The despatch stated that he was wounded on April 24th. His many friends are anxiously awaiting further particulars.

1st Regiment to Mobilize

Lieut. Col. W. H. Gray, officer commanding the 156th Regiment, has issued orders for companies to be recruited to peace strength. SCOW OVERTURNS AND \$9,000 WORTH OF FISH FLOATED OUT TO SEA

Messrs. Harry and Hilton Belyea Suffer Heavy Loss — Cost of Fishing Increases — Gasparaux Higher Than Last Year.

Apparently on account of negligence on the part of some person, Messrs. Harry and Hilton Belyea, weir owners and fish exporters, are the losers of about \$9,000. On Saturday morning a large scow containing 700 barrels of salted gasparaux, which was moored at Rodney wharf, overturned and 500 barrels were lost.

Mr. Belyea said last night that apparently some person had pulled the scow in to get something of her and forgot to loosen the ropes, with the result that when the tide dropped the scow was hung up.

Besides the fish considerable salt and pickle was lost. Mr. Belyea estimated the loss at about \$9,000. The fish at the present time are worth about \$20 per barrel. This is some advance over the price last year, as fish could be purchased for \$4.80. The catch this spring is only fair, so it will take the owners sometimes to make good the loss.

Speaking of the cost of gear, Mr. Belyea told The Standard that there had been a decided advance in fishing apparatus of every description. He said that he paid the city \$6,000 for his weir this year, whereas last year he leased two for \$2,700, one of which he is paying \$5,000 for this year.

SHIPBUILDING BOOM IN NOVA SCOTIA

St. John Man Owner of One of Many Vessels Being Constructed Near Annapolis — Labor Scarce.

The crew of an Annapolis packet here said last night that shipbuilding is booming in Nova Scotia. Vessels are being constructed at a dozen or more places. At Annapolis and vicinity three are in the stocks and when they are launched others will be started.

J. Willard Smith of this city is the owner of one being built near Annapolis. A scarcity of men is one of the handicaps.

Improved, Gunner Ledford is a Son of Charles Ledford of High Street

He had been in the trenches since July and had been through some very important engagements and played his part well. Previous to enlisting he was employed in the York Cotton Mills.

Brother in City

Capt. James and Mrs. D'Arcy, Smith's Cove, Digby Co., N. S. received word last week that their son Lance Corporal Edwin D'Arcy, who was taken ill soon after the arrival of the 177th Battalion in St. John, and was admitted to the hospital. He was only eighteen years old and was very popular with the officers and men. The body was forwarded to Elmwood, Ontario, on Saturday night.

CELEBRATE THEIR 75th ANNIVERSARY

Main Street Baptist Church, Organized in 1842, Has Had Prosperous Career.

Main St. Baptist church yesterday celebrated the seventy-fifth anniversary of its organization, having been created a separate and independent body April 25, 1842, as the Portland Baptist church.

At the morning service, yesterday, the pastor, Rev. Dr. B. Hutchinson, who has just finished his 12th year in charge of the congregation, referred to some of the changes which have taken place in the seventy-five years of the church's history and particularly to the growth in the last twelve years.

He based his remarks on 1 Samuel, 1:10, "The Lord hath the Lord helped us," and his subject was "Helped by God."

He dealt first with the help which God's children have received from him in all ages and then gave a short sketch of the history of the church. In the year 1841 a number of Baptists living in Indian town began to talk of the advisability of having a church organization of their own and on April 25, 1842, the Portland Baptist church was organized with a membership of 50. For four years they worshipped in what was known as the "Mud Meeting House," which was located on Murray street, opposite to the present Murray street mission. The congregation outgrew their quarters and decided to build a church home for themselves and on April 25, 1846, a church which stood on the site of the present one was dedicated. This served for some years but eventually the congregation by a vote of the capacity of the building and in the year 1898 was decided to build a larger church and the outcome of this resolution was the present building. This was dedicated in 1899 and already the space provided for Sunday school purposes has been outgrown and in the near future more room will have to be provided for this department of the church.

The church has been blessed with many revivals but the greatest of these was in 1870 when Rev. E. C. Knapp, he conducted a series of meetings which resulted in the addition of one hundred and fifty to the membership.

The present pastor, Rev. Dr. Hutchinson began his pastorate on the first Sunday in May, 1905. In the twelve years he has ministered to the congregation 487 have been added to the membership, 227 by baptism and the balance by letter and experience. The membership at the present time is close to the seven hundred mark, including the non-resident members.

The pastor began his 15th year by welcoming into church fellowship about thirty, twenty-three of whom were baptized as a result of the special services held in April, 1917.

The following ministers have served the congregation since its organization: Revs. B. W. Harris, E. D. Vary, William Scott, William Burton, David Nutt, J. W. Guellet, J. C. Cady, A. B. Buggs, David McEellan, Corey, W. J. Stewart, Sydney Welton, J. A. Gordon, Alexander White, H. H. Hoach and Dr. Hutchinson.

LIEUT. T. C. CREGHAN NOW A FLYING OFFICER

Former Officer in 64th Join's Air Service After Several Months at Front — Other Military News.

Word has been received in the city that Lieut. T. C. Creggan, son of J. D. Creggan of Newcastle, had been promoted to a Lieutenant in the Royal Flying Corps. Lieut. Creggan, who was a frequent visitor to the city, joined the 56th Battalion on its formation in 1915 and proceeded to England with that unit. Later he went to France to join a fighting unit in the trenches and has been carrying on for several months. A brother, Gerald Creggan, who crossed with the C.P. R. Construction Corps, after several weeks training in this city, was also promoted to an officers' position with the flying corps and has already appeared in the casualty list. Five members of Mr. Creggan's family have joined the colors.

Official announcement has been made of the appointment of Lieut. Col. F. V. Wodderburn, formerly officer commanding the 15th Battalion, to the command of the New Brunswick Regimental Depot in England.

Word has also been received here that the adjutant of the 64th Battalion, Capt. J. H. Wallace, has been sent to France and that he had reverted to the rank of Lieutenant to enable him to do so.
