

By Telegraph.

NEW-YORK, 22d April. The Nashville has arrived with London and Liverpool dates to the 7th inst. The Vienna Conference had adjourned till April 9th, when the ultimatum of Russia is expected. All sources of information agree that there is no prospect of peace. A succession of sanguinary engagements had occurred before Sebastopol. One encounter on the night of the 23d 3,000 men were killed and wounded. No details given. Indications growing stronger, that Prussia will join Russia. Cotton active. No change in breadstuffs. Markets generally quiet and unchanged. Consult 92 to 92 1/2.

PROVINCIAL APPOINTMENTS.

The Honorable William H. Steves, to be Chief Commissioner of the Board of Works, and the Hon. James Brown, and the Hon. Samuel L. Tilley to be Members of the Board, under the Act of Assembly, 18 Victoria, Cap. 7.

By His Excellency's Command, S. L. TILLEY, Secretary's Office, 16th April, 1855.

The following persons are appointed Supervisors of the several Great Roads undermentioned, for the ensuing year:—

- PRUDENT GAGNON & AUGUSTIN WEBSTER.—From Edmundson to St. Francis. LEONARD R. COOMBS.—From Grand Falls to the Canada Line. From the Lower Landing at the Grand Falls to the American Boundary. STUART SEELYE.—From Lepreau to Saint Andrews. JOSIAH MOORE.—From Oak Bay to Little Diddgash. DAVID DOW.—From Little Diddgash to Et River. THOMAS GOTTFRILL.—From Waweig to the Lower Bridge over the River St. Croix. L. BRADSHAW RAINFORD.—From Fredericton to the Magaguadavic River, near Vail's. WILLIAM H. MOWATT.—From the Magaguadavic River to St. Andrews. From Roix's Farm to the Great Road from Waweig to St. Stephen. CLAUDIUS MESSINETT & REUBEN BROCKWAY, Jr.—From Lower Trout Brook Bridge to town of Magaguadavic. GEORGE MOORE.—From Dead Water Brook Bridge to St. Stephen. By His Excellency's Command, S. L. TILLEY, Secretary's Office, 31st March, 1855.

CURIOUS APPARITION IN BALTIMORE.—We recently heard a gentleman from Baltimore relate the following particulars, at a conference at 555 Broadway, in this city:—The gentleman's wife was a medium, and they had had various emphatic manifestations in the house, such as opening and closing of the door, etc., without visible agency. On one evening a friend of the family was present. They sent him out into the back yard for some purpose, but immediately he rushed in the house again, manifesting some alarm, and requested them not to send him in that yard again, as he had seen a sight which he cared not to behold a second time.

The gentleman of the house—the narrator—battered him, and the two finally concluded to go out and explore the yard together. They went, and both saw the figure of a man standing upon a box or some such elevation, two or three feet from the ground. As they, in some intrepidation, approached the figure, a stick lying upon the box began to move apparently without hands, striking the box and making a noise; and about the same time the narrator's companion was violently repelled or thrown from the figure. The figure itself, presently, and while the narrator was looking steadily upon it, suddenly disappeared.

Had it been a man, there would have been no way for him to escape, except over the fence, and through the yard of the next door neighbor, in which case, he would have been seen by some of that neighbor's family, who had been attracted to the yard by the usual noise and conversation which were occurring on the premises of our informant. Presently the narrator's wife came out, and at the same time a piece of coal was thrown violently and mysteriously against the window-shutter. The wife, who had recently lost a brother, then said, "If spirits do appear, I wish my brother would now appear to me." The figure then re-appeared, as it had been seen before, and spoke audibly, and said: "Fear not, I am I, and spirits do appear," and vanished.—[N. Y. Spiritual Telegraph]

The Paris Monitor of 22d March announces that Queen Victoria has invited the Emperor and Empress to visit England, and that their Majesties will proceed to London about the middle of April.

Suicide.—Richard Wilson, a carpenter, was found lying dead on the steps of Trinity Church at half-past six o'clock, on Friday morning. By his side was a small phial of laudanum, half full.

In the course of the day Messrs. Smith and Keane, in the absence of the Coroner, held an inquest. It appears that the unfortunate man was given to drink, and it is supposed that this had reduced him to a state bordering on insanity. He purchased the laudanum and some strychnine at Mr. Tilley's Drug Store, on Wednesday, and the phial found by him was the same he had then obtained. No post mortem examination

was made, the Justices and Jury being satisfied, to judge from appearances, that the deceased had committed suicide by drinking laudanum.—[Freeman]

The "Head Quarters" complained, some days ago, that the Legislature, in its late Session, did very little business. We find by the "Gazette" that they passed in all 76 Acts. Besides this, they discussed many Bills which were rejected, and some which owing to their being introduced late in the Session, or to other causes, were not disposed of. We think some effort should be made to check this great propensity to private legislation. As things are now managed, the most important interests are interfered with, and rights destroyed or created, often without the knowledge of the parties immediately interested, and for such legislation no one is accountable.—[ib.]

New Brunswick Ship.—In the general depression of all business, it is gratifying to find that New Brunswick is maintaining the character she has acquired for building ships equal in all respects to the best built anywhere. Amongst the many splendid specimens of naval architecture, sent last year from St. John, to establish the superiority of its ship builders, the "British Trident," built by the Messrs. Raddick, on the Straight Shore, was one of the strongest and most beautiful.—[ib.]

A NOVA SCOTIA BEFORE SEBASTOPOL.—It is said that our fellow-townsmen Mr. Geo. Cassidy, successful exhibitor of a Panorama of the Mississippi River, well remembered in this City, has been for some time past engaged in sketching views of the scenery, &c., at Sebastopol and vicinity, for the purpose of getting up a mammoth panorama of that renowned locality. From Mr. Cassidy's known abilities in the Panorama Line, the public may expect a splendid work of art, and such is the world wide interest attached to the operations before Sebastopol, that the spirited proprietor of the expected Panorama cannot fail to realize an independent fortune by exhibiting it.—[Nova Scotian]

THE EUROPEAN AND NORTH AMERICAN RAILWAY. We understand that the Directors of this railway have received a communication from Messrs. Jackson & Co., stating that in consequence of certain designs of the Directors, and of the Executive Government of this Province, they feel that there are sufficient grounds for abandoning their contract in this Province. It is not stated that they will do so, neither is it stated that they intend proceeding with the works at present. In the absence of any official announcement on this important subject (to which the public are clearly entitled) we can only say that we fear Messrs. Jackson & Co. have strong grounds for declining to proceed with their contract without incurring the slightest discredit.—[Newbrunswickier]

LUMBER IN CANADA.—The Ottawa Citizen says: "We understand that the enterprising proprietors of one of our great Mill Establishments here have contracted for 1,000,000 feet of lumber at fair paying prices, to be delivered during the coming season. This lumber will pass over the Bytown and Prescott Railway, for the St. Lawrence."

PREPARATIONS FOR DENYING THE NEW LIQUOR LAW.—New York, April 15.—The leading hotel proprietors, importers, and wholesale dealers, held a meeting at the Astor House last night, for the purpose of taking into consideration the best means to nullify the liquor law recently passed by the New York Legislature. It was decided to raise a fund to fee the most eminent lawyers in the city, in order to obtain their opinion as to the constitutionality of the law. Over \$8,000 were subscribed.

AUSTRALIA.—A correspondent of the New York Journal of Commerce, writing from Melbourne, Australia, Jan. 6th says, that more than 500 individuals had firms here, within the last four months, yielded to the pressure of times, and gone into insolvency. Some have assigned their effects, but by far the greater number have left the colony without attending to formalities. The cause assigned is over-trading—\$17,000,000 imports for 270,000 people. The imports still continue excessive, amounting to \$4,235,000 for the last four weeks.

Property in Melbourne has depreciated to an alarming extent. Stores that rented for \$9,000 per annum, may now be had for \$2,500. The resources of the Colony are all expended for government. The Department last year expended \$17,500,000. The revenue did not meet the expenditures, and to make up the deficit the government seized a moiety of \$1,350,000 belonging to the Land Fund.

MINISTERS MURDERED.—Zion's Advocate, says: "We find in the papers a horrible story of the murder of a minister at Port Gibson Miss. It seems that a suspended member of the Methodist church in that place, had made application to be reinstated, and all the members consented except Dr. Woodward the pastor. The excommunicated member became indignant; and while the trial was in progress he rushed upon Dr. Woodward and stabbed him to the heart in front of the pulpit of the church. Dr. W. expired instantly. Another paper has an account of the death of Rev. J. J. Scott, an esteemed Presbyterian minister residing near Louisville, Ind., by the hand of an assassin. Mr. Scott was at the barn attending to the feeding of his cattle, when Ben Hickman a rougher somepund stabbed him with a butcher's knife in the abdomen. He died in a few hours. Hickman went immediately to a creek near by, and deliberately drowned himself. No cause is assigned for the act.

The Standard. WEDNESDAY, APRIL 25, 1855.

THE GOVERNMENT BILL, that faithful source for discussion at the close of each Session of the Legislature, is brought up again. Rather a sharp fire has been opened upon it from two or three batteries, and certainly some of the charges are of a very grave nature—and such, that if any part of them is true, will seriously affect the character of the members and officers of the House of Assembly.—but, to ensure the Government, for the speculation is taking too wide a range, as these expenses are not under their control. However, the system is bad, and requires an immediate change. Connected with this is the mileage question, and it is broadly asserted that a number of the members of the Executive, voted for paying mileage to members of the Legislature who resided outside the Province; we have good authority for contradicting this assertion; and are happy to state that the hon. Surveyor General and we believe the Provincial Secretary, both of whom represent distant Counties, but reside at present in Fredericton, have refused to take the mileage to which they are entitled according to law. This is a fact which speaks well for the present Government, and contrasts favorably with the conduct of some of their predecessors, who received travelling expenses while they resided in Fredericton!

The Circuit Court was opened here yesterday, Tuesday. His honor, Mr. Justice Wilmut presiding. Several civil causes have been entered for trial.

FIRE.

On Sunday morning last, about 4 o'clock, the inhabitants of this Town, were aroused from their slumbers by the ringing of bells, and the appalling cry of fire! In a short time "Torrent Engine," and the two old engines were on the spot, and the inhabitants turned out en masse. When first seen, the fire was bursting out of the store occupied by R. Storr & Co. corner of King and Water streets, and in a short time the whole inside of the building was in flames, the upper rooms were occupied by Mr. Andrews; as a Barrister's Office, and the store adjoining in the same building, by Mr. Edward Stinson, as a Confectionary. All efforts to save the house proving fruitless, attention was immediately directed to the next house, occupied by Mr. Michael Faul's as a dwelling, and Mr. Daley as a Tailoring Establishment.—The engines played upon it and checked the fire for a time, but there being a slight southerly wind, the flames spread so rapidly, that it was found impossible to save the house and outbuildings, and it was only by the most resolute exertions, that Bradford's Hotel was saved; as it was in imminent danger, owing to its contiguity to the fire, and the embers being carried on to the roof and stables. At length the fire was stayed, but however until it had consumed the building on the corner together with house and outbuildings adjoining.

Messrs. Bradley, Hatheway, Suckney, and others, had their goods packed up and removed; but we regret to learn they were considerably damaged. Mr. Bradford's furniture was nearly destroyed. The house of G. F. Campbell, Esq. directly opposite the fire, was much injured; the heat being so intense, as to break upwards of 100 panes of glass, and the paint on the house was discoloured.

Great credit is due to the Firewards, Fire Company, and the inhabitants generally for their unweary exertions in staying the devouring element.

The houses burned were owned by Mr. Michael Faul, and insured for £700.—Messrs. Storr & Co. lost all their goods, valued at £2,000; they were partly insured. Mr. Stinson lost about £70; no insurance. Mr. Andrews' law library, papers, &c., valued at upwards of £500, were totally consumed, and were not insured; his loss will be the greatest.

Mr. Storr was absent in St. John. The origin of the fire is a mystery.

Several persons kindly furnished tea, coffee, &c., for the use of the firemen and others, for which they are entitled to the thanks of the people.

BATHING HOUSE.—As the season is rapidly approaching, when persons from various parts of the Province will visit St. Andrews, would it not be well for some enterprising person to erect a Bathing House, on some one of the many eligible sites near the Town. Such an establishment having separate rooms, for warm and cold, salt and fresh, shower

and swimming baths—might be erected at a cheap rate, either by one person, or a joint stock company; and it is admitted would be well patronized. It is to be hoped, that the matter will not be suffered to drop, but that all who feel an interest in the Town will assist and carry it through. Any man of liberality and public spirit will readily grant a site free of charge.

"Spring time of Year is coming, coming."

Old winter has at length departed from us leaving but few traces behind, in the shape of light frosts at night. Already several gardens are in a state of preparation to receive the seed. The apple, pear and plum trees have large buds. Would that we could add, spring business looked promising, however we still look forward to the realization of "the good time coming."

Some editorial matter has been crowded out this week.

Duties.

The amount of Import Duties received at this port during the first four months of the present fiscal year, viz.—from 1st December, 1854, to 1st April, 1855, was £20,352 17s. 3d., and for the corresponding period of the previous year £18,821 19s. 3d., shewing an increase on this year, over last, of £1,530 18s. This is accounted for by the large amount of duties paid on liquors, &c., in March last, in anticipation of the increased duty coming into operation. If this had been the case, the Import Duties would show a decrease of several thousand pounds on the first four months of the present year. The amount of Export Duties received for the same period, this year, is £2,263 7s. 2d., and for last year £2,759 5s. 8d.—shewing a decrease on this year, as far as we have gone, of £496 18s. 5d. This might be expected from the present state of affairs in Europe.—[Courier]

Exports.

The quantity of Deals, Deal ends, Boards, &c., exported to Great Britain from this port during the quarter ended the 5th April, 1855, was 16,925,000 feet, and for the corresponding quarter last year, 20,701,000 feet, shewing a considerable falling off this year.—Pine Timber exported during the quarter ending 5th April, 1855, 58,556 feet; corresponding quarter, last year, 81,119 tons. Birch in 1855, 1260 tons—1854, 460 tons.

Provincial Appointments.

The Honorable William H. Steves to be Chief Commissioner of the Board of Works, and the Honorable James Brown and the Honorable Samuel L. Tilley to be Members of the Board, under the Act of Assembly, 18 Victoria, Cap. 7.

By His Excellency's Command, S. L. TILLEY, Secretary's Office, 16th April 1855.

The weather for the last week has been fully worthy of a New Brunswick April. We have had sun and shade—cold and heat—dry days and wet—all in their perfection. Here the River is considerably swollen—almost enough to give discharge to the ice, but travellers have not yet ceased to cross, and in all probability they will continue their ventures until there is not enough of ice to test their feet on in the river. In the meantime, fields are getting bare, and as there is little frost in the ground, we may expect an early spring.—[Reporter, April 20.]

THE REMORS OF WAR WITH SPAIN.—The Washington Star says there is no truth in the New York Post's statement that Secretary Guthrie has written to a friend or friends in Kentucky, to be cautious in their business, as war with Spain is inevitable. The statement that the government is concentrating troops in Florida is also said to be unfounded. No troops have been ordered there since December last, when the condition of the Government's Indian relations in that quarter made it necessary to add to the number for years kept there, up to that time, by the addition of two companies of artillery. Since then, none others have been ordered to that quarter, nor is there any idea now entertained of sending more to Florida.

FLOUR.—This article, notwithstanding the abundant harvest of last year, is up at famine price, and to increase the difficulty the workman's wages, instead of keeping pace with the price of food, has been reduced to half of what it was last summer. Within the last few days another rise has taken place in all Bread Stuffs. POTATOES too for which this Province has always been celebrated, command a frightful price. Indeed the history of this Province affords no parallel to the rate at which they are now selling. It is to be sincerely hoped, that in this City, where there are hundreds of vacant Town Lots, and where manure can be had for the carting away, that the owners of those lands will make them available for the raising this indispensable root. Many thousands of Bushels of Potatoes might be produced in this City annually, and the health of the City much improved by vegetation absorbing what would otherwise float in the air, and render the atmosphere pestiferous.—[Chronicle]

No account of the entire number of British soldiers sent to the seat of war, has been published for some time. At the short Session of the Imperial Parliament, Mr. S. Herbert stated that 54,000 men had been sent; and for several months after, though detachments were forwarded every week, public speakers and journalists spoke and wrote as if this were still the entire number. Some days ago, Sir James Graham, in defending his administration of the Admiralty stated:— "That he had sent 3,000 miles 68,000 or 60,000 British troops, 6,000 horses, and a large train of artillery; he had also provided for the transport of 15,000 French troops from the south of France, and a considerable number of horses, and he had taken 40,000 Turks with nearly 6,000 horses from Varna to Eupatoria, and had undertaken to supply them with food from Constantinople. They had also conveyed to Balaklava 14,000 men from the British channel, being in all about 100,000 men, and 8,000 or 9,000 horses conveyed, besides keeping up the supply of rations."

Rumour of a War with Spain. The New York Evening Post tells us that a prominent merchant in Louisville, Ky., an intimate friend of the Secretary of the Treasury, has advised his correspondents of the receipt of letters from a high source at Washington assuring him that there will be a war between the United States and Spain within 60 or 90 days; that the Cabinet was divided but that the war party would prevail, and advised him to arrange his business, which is very extensive, speedily as possible. The gentleman also says:— "While the difficulties with Spain were most promising of trouble, under the Soule regime, our government quietly concentrated for embarkation, and actually loaded one or two sailing vessels with heavy guns and ammunition, and had them ready near at hand. The port in Cuba was selected at which they were to land. "Such was the position of affairs when the singular rumour came up that the cabinet had changed its policy, and henceforth was to be pacific. Whether this last position, was a further ruse, a mere blind; the result must show. One thing seems certain—the government does not show the expected activity in respect to the Sioux campaign. They are tardy about it. Only some 12 or 1400 troops are yet assembled at Jefferson Barracks, and it may be that the new regiments will have another destination yet."

The Hebrew population of Chicago seems to be quite numerous. During the recent celebration of the Feast of the Passover there about six thousand pounds of unseasoned bread were sold to them.

Mr. Stratton, the father of the dwarf Tom Thumb, rendered famous by Barrow, has become insane, and is now an inmate of the Hartford Lunatic Asylum.

CANADIAN MILITIA.—Canada has asked the British Government for arms and accoutrements for five thousand volunteers; and arms for her sedentary militia. It is evident that the Canadian authorities view the recent conduct of the United States with great mistrust, and wish to see the people trained to the use of arms, and prepared to repel an invader.—Here it is quite different: the authorities are apathetic, and that apathy is reflected upon the people, who seem to have been lulled into blind security.—Since we have had no one to take care of us, let the young men take it upon themselves to meet and form volunteer companies, elect their own officers, and then petition the Government for arms. If the Government were thus petitioned, they could scarcely refrain from following the example set them by the Canadian Government, and memorializing Her Majesty for a few thousand stand of arms of the best description.

Holloway's Pills, a certain Remedy for Dropsy.—Charles Hutchinson, of Quebec, was for fifteen months a sad victim to this complaint, so bad was he one part of the time that the water actually oozed through the pores of the skin, and thrice per day change of apparel became necessary. Every time his doctor called he expected to find him dead, and in fact gave his friends no hopes of his recovery; his sister who had derived great benefit by the use of Holloway's Pills begged him, as a favour to her, to try them; fortunately for him he did not refuse, and they soon produced a change for the better, in four weeks he was again attending to business having thoroughly got rid of the disorder, and in the most excellent health and spirits. These Pills work wonders in liver and bilious complaints.

On the 18th inst., by the Rev. A. McNutt, at the residence of Mr. John Green, Mr. John H. Kyle, to Miss Isabella Graham, all of St. Andrews.

At St. John on the 19th instant, at Trinity Church, by the Rev. Dr. Gray, Henry Frye, of Saint Andrews, to Janet Rolland, only daughter of the late Dr. Henry Cook, of that City.

On Sunday morning, after a lingering illness, Mrs. Cronin, wife of Mr. Michael Cronin.

At St. John, on Thursday afternoon, Thomas G. Hatheway, Esq., aged 64 years, an old and respectable inhabitant of that city.

At Point de Bute, Westmorland, on the 13th inst. Margaret Elizabeth, only daughter of the Rev. Albert DesBrosses, Wesleyan Minister, aged 49 years.

At his residence in Oakville, Canada West on the 24th ult., after a short illness, Bartholomew Crannell Bardsley, Esq., aged 80 years.

In Hamilton, Canada West, on the 6th instant, Elizabeth Mary, wife of the Rev. Robert Irvine, Minister of Knox's Church, of that place.

**CARD.**

Mr C. E. O. HATHWAY begs to tender thanks to the Inhabitants of St. Andrews, for their kind assistance in saving his goods from destruction by fire on Sunday morning, 22d inst. April 24, 1855.

**CARD**—The undersigned tenders his acknowledgements to the Inhabitants of St. Andrews, who generously assisted him in removing his Goods, and saving his Property from fire, on Sunday morning last, 22d inst. D. BRADLEY. April 24, 1855.

**Notice.**

THE Subscriber having had his Office destroyed by fire, will for the present, conduct his business at his residence just above the Court House, where all persons desirous of seeing him, are requested to call. R. M. ANDREWS. St. Andrews, 23d April, 1855. (d)

**School Teacher WANTED.**

WANTED in District No. 4, Deer Island, a first or Second Class, Licensed Teacher for twelve months. Apply to JOHN RANDALL, or JOHN STOVER. Deer Island, April 18, 1855.

**NEW FALL AND WINTER GOODS.**

Just received per Packet Ships via St. John, John Bannerman, John Barbour, Middleton, British Steamer Alps, Liberia, and Sulky 63 Bales and Cases, containing the Largest, Cheapest, and BEST ASSORTMENT ever brought to this market. As it is a well known fact, that a great advantage can be taken by purchasing goods at the depressed periods of the season, we have made it our study at this time to back, and our present stock fresh from the different Manufacturers, viz Leeds, a large lot of Woollens of every shade and style to suit the season. Also, our Stuff Goods of the latest styles from Bradford, and Fancy Goods from London in great variety. Domestic from Manchester. And our Shawls in every style, from 100s. to 2s. 6d. from Glasgow; also Carpets with a splendid Stock of every article in our line, a list of which will be given to the Public in hand bills. One word to our friends and customers, we will cut Goods in general this season at the latest St. John wholesale prices; this we have resolved to do, and will carry it out, during this winter; of course in doing so our Terms will be Cash. D. BRADLEY. St. Andrews, Nov 14, 1854.

**AYER'S CHERRY PECTORAL,** For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves. JACKSON C. H., Jackson City, O., 29th Nov. '52. DR. J. C. AYER—Sir: The Cherry Pectoral is much inquired after. Several of our best Physicians have used it, three of them in their own case, and always with the happiest effects. The numerous patent medicines always before them, lead to credulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that any thing like a general recommendation can be excited. The unrivaled excellence of this combination of agents (in the Cherry Pectoral) proved to my mind by repeated trial and their own observation, has compelled medical men to proclaim abroad its usefulness. Its beyond all doubt the best general remedy we have for Pulmonary Affections of this climate, at the same time sedative and expectorant—a rare combination of properties. In the hope that it will prove its own reward, I subscribe myself, JAS. H. C. MILLER, M. D. Allegan Mich. 19th Jan. 1853. DEAR SIR,—No one, no, not one—man, woman or child—can be found to deny that the Cherry Pectoral is all that it claims to be. There is much used in this vicinity, although not known until recently. The community should know its virtues. JOHN R. KELLOGG, M. D. AGENTS—Odell & Turner, St. Andrews; A. H. Thompson, St. Stephen.

**AYER'S PILLS.** FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient sufferers that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of these produce so much griping pain and revulsion in the system as to counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Langour and Loss of Appetite, Lassitude, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Constipation, Piles, Colic, Dysentery, Hemors, Scrophula and Scurvy, Colds with soreness of the body, Cleans and impurities of the blood; in short, any and every case where a purgative is required. They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Flaccidities of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or dissipated energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed, this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are more known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. PREPARED BY JAMES C. AYER, Assayer and Practical Chemist, LOWELL, MASS. SOLD BY Agents for St. Andrews, Odell & Turner, M. S. Hannah.—St. George, E. P. Knight.

**Provision and Iron STORE, ST. STEPHENS.**

FRIEND OF THE CANADIAN!  
HOLLOWAY'S PILLS.

Extraordinary Cure of Asthma!!! of an old Lady, seventy-five years of age. Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854.

To Professor Holloway, Sir.—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood, it was quite agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old.

I remain, Sir, your obliged, (Signed) THOMAS WESTON.

Remarkable Cure of Dropsy!! after being tapped three times. Copy of a Letter from Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway, Sir.—I desire to add my testimony to the value of your Pills in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health.

I am, Sir, yours sincerely, (Signed) ANTHONY SMITH

Astonishing Cure of General Debility and Liver Complaint!!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward's Island, dated the 17th Nov. 1854.

To Professor Holloway, Sir.—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant, (Signed) WILLIAM REEVES.

These celebrated Pills are wonderfully efficacious in the following complaints.

- Ague Jaundice
- Asthma Liver complaints
- Bilious complaints Lumbago
- Bloches on the skin Piles
- Bowel complaints Rheumatism

Those indebted to him will please call and settle their accounts without delay. ROBERT KER. Feb. 5, 1855.

THE INFALLIBLE REMEDY!!!  
Holloway's Ointment.

ERYSIPELAS of eight years cured! Copy of a Letter from Geo. Sinclair, Esq. of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway, Sir.—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which afflicted me both night and day, rendering life a misery to me, as well as to all around me—so severe was the attack I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better.—In three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully, (Signed) GEO. SINCLAIR

ULCERS in the Leg.—Remarkable Cure! Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway, Sir.—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. A length she had recourse to your Ointment and pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obliged Servant, (Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!!!

Copy of a Letter from Mr. Henry Malden of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway, Sir.—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it, one as large as a hand; all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your ointment and pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I am, Sir, your truly, (Signed) HENRY MALDEN

The Pills should be used conjointly with the Ointment in most of the following cases:— Bad Legs, Chiro-foot, Bad Breasts, (Chilblains), Burns, Chapped hands, Blisters, Corns (soft), Bite of Mosquitoes, Cancers, and Sand Flies, Contracted and Stuffed Joints, Elephantiasis, Fistulas, Gout, Glandular Swelling, Scurvy, Lumbago, Sore Heads, Piles, Tumours, Rheumatism, Ulcers, Scalds, Wounds, Sore Nipples, Yaws.

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar) London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 3d., 3s. 3d., and 5s. each, each Pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each Pot.

THE CHEST.

Sir Astley Cooper, Bart., M. D.

THE EXHIBIT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE STOCK OF THE FOLLOWING IN HIS Great Preventative of Consumption, AND

HEALING TURE FOR PULMONARY DISEASES, WITHOUT THE USE OF MEDICINE. F. A. C. BART., inventor and proprietor of the use of the MEDICATED RUB CHEST.

PROTECTOR.

To all persons of all ages and conditions, as a certain and safe shield against these fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

The Protector is a simple and chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in a agreeable manner, that, once worn, it becomes a necessity and a comfort.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canada, South America, and the West Indies. It has for a long time been a staple article in England and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts require of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family, will do without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co. of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the inventor Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and no Patent Medicine. RETAIL PRICES: Gent's Size, \$1.50 each. Ladies' do, 1.00 do. Boys' & Misses do, 75 do. HARDCOURT, BRADLEY & CO., 38 Adu Street & 102 Nassau Street, NEW-YORK, U.S.

PRINCIPAL WAREHOUSE, 102 Wood Street, CHELSEA, LONDON. MANUFACTORY, 44 Market Street, Manchester, England.

H. B. & Co. are establishing Deposits for the sale of "The Protector" in all parts of America. Physicians, Surgeons, Druggists, Clothiers, Dry Goods Merchants, Hatters, and Milliners, also Gentlemen's Furnishing Store-keepers, are entrusted with the wholesale and retail distribution of them, and to whom most liberal terms are offered for their enterprise, and a splendid opportunity opens to them for safe and profitable business. For terms, apply to HARDCOURT, BRADLEY & CO.
