J. & D. A. HANQUAIL COMPANY, LIMITED

CONTRACTORS, PLANNING MILL, BUILDERS.

DRY KILN, DOGS AND SASH FACTORY.

CAMPBELLTON, N. B.

BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable material.

MAIL ORDERS
We make out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 4 P. M.

WILL ERECT SHIP-BUILDING PLANT

McLennan Foundry & Machine Works Give Notice of Intention to Build Wharf.

The McLennan Foundry & Machine Works are advertising in another column a notice stating that that company will after one month apply to the Governor-in-Council for permission to build certain wharves in the Restigouche River in the Town of Campbellton.

This is the preliminary notice for the erection of a shipbuilding plant here. The Graphic understands that The McLennan Foundry & Machine Works have acquired the Duncan Point property adjoining their present plant and will use it for shipbuilding.

SEA TANK NEW ENGINE OF WAR

Italians Adapt Idea of Land Tank to Curious Craft Which Raided Pola.

London, June 10.—"According to Vienna news received here," says the Central News correspondent at Amsterdam, "the Italians used a 'sea tank' during the last attack at Pola, Austria's naval base on the Adriatic. The boat was forty feet long, six feet wide, and propelled by electricity."

Airmen Do Part.
Rome, June 10.—Five hostile airplanes were brought down and four tons of bombs were dropped on the enemy's depots and communication junction, according to the official statement issued by the war office today.

The text reads: "Artillery duels were frequent from Tonelle to the Brenta river and on the lower Piave. In Val Laugarina, Val Arsa and at Sbonche and Port Di Salton, enemy surprise attacks by large detachments were frustrated."

INSPECTOR MANN AT MONCTON.
Rev. W. D. Wilson, Chief Prohibition Inspector for New Brunswick, is busy engaged preparing the way for the operation of prohibition in Westmorland.

Inspector Mann of Campbellton has arrived in the county and will have charge of the operations of the law until an inspector has been appointed.

Rev. Mr. Wilson and Inspector Mann went to Shediac yesterday morning and proceeded to Sackville and Dorchester in the afternoon.—Moncton Times.

S. A. COMMISSIONER TO SPEAK HERE

Will Conduct Meeting in The Opera House Sunday Afternoon at 3 O'clock.

Commissioner W. J. Richards, Territorial leader of the Salvation Army of Canada, arrives in Campbellton on Saturday's limited, and will conduct a series of meetings here on Saturday and Sunday, June 15th and 16th. The meetings on Saturday and Sunday morning will be held in the S. A. Citadel.

On Saturday afternoon at 3 p.m. in the Opera House the Commissioner will give his lecture on "150,000 Miles of Missionary Adventure in South Africa."

Mayor Chas. A. Alexander will preside, and will be assisted by the clergy and many of the leading citizens of the town.

In the evening also in the Opera House at 7 p.m. the Commissioner will conduct another very interesting meeting.

Commissioner Richards will be accompanied here by Brigadier Morhen of Montreal and Major Barr of St. John.

Don't fail to hear this talented leader while in our town.

A FISHERMAN ROUGHLY TREATED.

A lobster fisherman of Heron Island, Bay Chaleur, called upon St. John, and complained of bad treatment on the part of a Military Service Lieutenant whose name he had failed to get.

The officer asked for his papers—the record of his birth—though the man was evidently over thirty years of age, and he, being too far from home to get the certificate in the few hours that were given him for that purpose, was arrested and taken to St. John.

"You may be a deserter for any thing I know," remarked the officer. The E. R. Macdonald insurance agency in St. John supplied the required information, the man being 38 years old, and the fisherman was set free to return to his work or home at his own expense. It was pretty rough on him, and his experience will serve as a warning to other men to arm themselves with the documents that are required by the regulations.—Chatham World.

CONTRACTS LET FOR TWO BRIDGES.

Fine Structures Being Built in Restigouche and Madawaska. One Costing \$21,000.

Fredericton, June 11.—The provincial department of public works has awarded two bridge contracts. That for Five Fingers Brook bridge at Stewart Settlement, Grimmer parish, Restigouche county, was awarded to Fred E. Rivard, the price being \$3,500. The contract for the St. Leonard's Chapel bridge at St. Leonard's was awarded to Powers & Brewer, the price being in the vicinity of \$21,000. A concrete arch culvert and embankment are to be built at that place.

NO SPECIAL PERMIT FOR FOOD AT PICNIC PARTIES.

Ottawa, June 11.—The Canadian food board has received a great number of enquiries relative to the food regulations applying to picnics, garden parties, lawn socials, etc. Special permits to serve food contrary to the regulations are being asked for but such permits will not be given.

Henry B. Thompson, chairman of the food board, stated today that enactment of the regulations was prompted by the need of saving wheat, meat, fat and sugar, and that any little discomfort to which the picnicker, or other person patronizing a function of this kind, may be put is negligible in the face of the stern necessity of war conditions.

REGISTRATION NOW GOING ON HERE

Registrars Appointed and Any Person May Register at Once.

Registration under the act which says that all persons, male or female between the ages of 16 years and 60 years must register is now going on throughout Restigouche and other sections of the province and dominion.

The following Registrars have been appointed here: John T. Reid, H. G. Millican, James B. Carr, W. F. Comeau, J. J. Bernier, and Thos. J. McDevitt.

Besides these a large number of assistant Registrars have been appointed, among whom are the school teachers.

The citizens may call upon any of the above persons or any assistant and register by filling out the necessary cards.

On Saturday June 22nd registration will be carried out at the two schools. It is compulsory that every person as set forth in the act shall register.

JAS. E. FRIEL IS COMMISSIONER

Fredericton, June 9.—James S. Friel K. C. of Moncton, was selected by the local government on Friday last as the royal commissioner to hear the evidence and report upon the charges made against Hon. William Currie, M. P. P. of Restigouche, speaker of the Legislature.

These charges were made toward the end of the session by J. R. M. Baxter, M. P. P., and were based upon an affidavit by a man who formerly was a government scholar. The premier at that time read affidavits by Mr. Currie and the president of the lumber company of which Mr. Currie is manager denying the accusations in toto.

Hon. Mr. Foster announced that a complete investigation would be made under oath, and the appointment of Mr. Friel to hear the evidence and report upon it is the result.

Mr. Friel is one of the best known of New Brunswick's barristers, a man of keen legal ability and long experience, and it is felt that in his hands the charges will be probed to the bottom.

VENUS COTE NOT JAILED FOR WEARING MEN'S CLOTHES

Kingston, Ont., June 11.—It transpires that the Cote Woman, popularly known as "Venus" Cote, is not serving two years in Portsmouth penitentiary for wearing male attire, as was first reported. The story was that she was sent to the penitentiary for two years for posing as a man while working as a log-driver on the Restigouche River, and, on the strength of this, application has been made to the department of justice for her release.

The facts of the case are that the woman was sent up for five years for theft, she having broken into a house and stolen a quantity of silverware, clothing, etc. In addition, she broke jail after her arrest, and was not captured for several days. At present she is confined at the women's prison at the penitentiary, and seems to be very quiet, for one of her peculiar disposition. She will be taught to sew and do other feminine work, but at the present time she scarcely knows what a thimble is for.

RESTRICTION EVEN ON LAVISH PURCHASE OF ESSENTIAL GOODS

Ottawa, June 10.—The Citizen, today, says: "Unless Canadians are prepared, voluntarily, to reduce their expenditures abroad for luxuries and such articles as wearing apparel or expensive boots and shoes, the government may be compelled, it is semi-officially intimated, to extend the list of articles which may be imported only under license."

"Even essentials should not be imported in unnecessarily large quantities. Purchases of non-essentials abroad can be paid for only by exportation of gold. This the minister of finance can prevent under the authority of an order-in-council recently passed."

"The danger of purchasing non-essentials and excessive quantities of other goods lies in the fact that failing export of gold, exchange will to that extent, be penalized. Furthermore the cost of production of manufacture in the articles required for war and other necessary national resources may be included."

CREAM.
We can take on a limited number of customers for Cream.

TAG DAY WAS A GREAT SUCCESS

Citizens Responded for Request for For Good

Saturday last Tag Day for school ground improvement and the young ladies who did the tagging met with a hearty response from all, and the handsome sum of \$155.23 was realized.

The work of improving the grounds has already been commenced.

The secretaries report of the "tagging" is as follows:—

Tag Day, June 8th for the improvement of the school grounds was a success, due I am sure in a great measure to the energy of the girls who did the tagging.

The net proceeds amounted to \$155.23.

MARION I. WINTON, Secy.

HUNS WANTED TO KNOW WHEN U.S. TROOPS LANDED

London, June 10.—How the captors of three American soldiers on the sector northwest of Chateau Thierry unwittingly led them back into the Allied lines, owing to the tangled condition of the fighting front there, is told by the correspondent of the Times with the American army in France.

Corp. Sidney Rogers and Ptes. Raymond Howard and Frank P. Hildway were captured at Hill 204. The Germans started with them to the rear, but became confused and walked straight into the French lines and themselves were taken prisoner.

The Americans reported that German officers had questioned them closely as to when and where they had landed in Europe, where they were trained and the identity of their units. The Americans refused to answer any of the questions. The Germans served the American prisoners with a nauseating compound of flour and water as food.

NEW BRITISH PLANES AMAZING MONSTERS

Possess Great Destructive Capacity—Airmen for Reprisals.

London, June 10.—At the invitation of the British authorities I made a flight Saturday afternoon in one of the new monster British airplanes. The flight was more like a parlor car than an ordinary air trip. The smoothness of running and steadiness of the new planes was amazing. They possess great destructive capacity. I found the Canadians occupying an ever bigger place in the British air service. "They now form easily one-half of our new recruits," one leader told me. "I've just come from a big air centre, where practically every man is a Canadian."

Among British airmen there is no question concerning the desirability of reprisals upon Boche towns. They're wholeheartedly for it. They have the machine to enable them to punish Germany manifold heavier than she can hope to injure us.

INCREASED GARDEN ACREAGE.
Mr. F. Abraham, Honorary Chairman of the Vacant Lot and Home Garden Section of the Canada Food Board, estimates an increased garden acreage of at least 200% over that of last year. Great efforts will have to be made to can, dry and store the surplus crop.

EASTERLY STORM DOES MUCH DAMAGE

Fishermen are Heavy Losers in Gale Which Wrecked Nets and Boats.

An easterly storm, beginning at an early hour Wednesday morning and continuing all day did great damage amongst the fishermen in the Bay Chaleur. It is said this is the worst June storm in twenty-five years.

The coast between Dalhousie and Bathurst has suffered greatly. Salmon nets and lobster traps have been washed ashore and destroyed, and other equipment damaged. During Wednesday night a violent electrical storm raged and rain fell in torrents.

BORDEN ATTENDS IMPOSING SERVICE

Lord Mayor and Canadian Representatives Take Part.

The Montreal Star Office, 20 Cockspur Street, London, June 10.—Premier Sir Robert Borden made his first public appearance at the commemorative service at Saint Columba's Church of Scotland, West London, yesterday. It was an imposing civic and military ceremony, in which the Lord Mayor, Overseas Premiers, General and Lady Turner, Generals Hogarth and Ross, Sir George Foster, Lady Strathcona, Rev. Dr. Johnston and many other representatives from Canada took part. Chaplain-Director Beattie read one of the lessons while an Australian chaplain read the other.

Premier Borden and Hon. N. W. Rowell received cordial greetings before the service, from Lord Mayor Hanson and the Rev. Dr. Archibald Fleming. The sermon paid striking tribute to the Dominion: "We will offer of her sons and daughters, and the matchless courage of the Canadian and other overseas troops, ending: 'We go back to our tasks, grim, bloody and awful though they be. In this earthly house of prayer, we may never meet again, but we have here laid bare our purpose before God. Now we go forth with new pride in our mission, a new confidence in our Master, to make war against war, that war may be no more.'

The pipers of the Scots Guard closed the service with the lament, the Guards bugler sounding the Last Post.

Thousands of Londoners thronged the streets. Premier Borden and Hon. Rowell, accompanied by General Turner, the Lord Chancellor and Capt. Swinton, inspected the Canadian troops, who afterwards marched along the street through Piccadilly with the pipers of the Toronto Highlanders at their head.

WINDERMERE

NEARLY 1,000 CASUALTIES IN HOSPITALS BOMBED

London, June 10.—Germans bombed British hospitals in France seven times between May 15 and June 1, according to a statement made in the House of Commons by J. I. Macpherson, under-secretary of the war office. The casualties number 991.

Killed:—
Officers, 11; other ranks, 218; nursing sisters, 5; women's auxiliary corps, 8; civilians, 6.

Wounded:—
Officers, 18; other ranks, 334; nursing sisters, 11; women's auxiliary corps, 7.

THREE KINDS

PALMER'S Summer Packs

for the

The "Soldiers of the Soil" recruits need Palmer's Summer Packs, or plough shoes as they are often called, to keep their feet in good condition while doing hard farm work which their feet are not accustomed to.

Feet and ankles whose feet are hardened to farm work and Palmer's Summer Packs very restful to feet, acting, burning feet. They are light, easy, roomy, pliable, comfortable, durable and waterproof.

Get a pair from your dealer. Look for the "Soldier of the Soil" stamped on every pair's packaging.

JOHN PALMER COMPANY, LIMITED
Providence, N.B., Canada

ANNUAL MEETING OF METHODIST CHURCH

Held at Millerton This Week
Resolution of Regret at Loss of
Dr. Squires Who is Joining
Presbyterian Ministry.

On Tuesday evening the Chatham Methodist District opened at Derby with a public meeting in the Methodist Church. The following members of the District were present: Rev. G. A. Ross, (chairman), J. J. Pinkerton, F. J. Bertram, E. Rowlands, W. Lawson, G. F. Stebbings, Dr. C. W. Squires, T. Pierce, H. C. Upton, I. F. Curtis.

Rev. George A. Ross presided and gave a practical and inspiring address. A feature of the evening was the baptism of the youngest child of Rev. and Mrs. Rowlands of Derby. The District met at 8:30 the following morning in ministerial session. After devotional exercises routine business was taken up.

At this session Rev. Dr. C. W. Squires of Newcastle announced his resignation from the church and the following resolution was passed unanimously by the meeting:

Whereas: The Rev. C. W. Squires, M. A. D. D. of Newcastle, has been an accredited minister of the Methodist Church for eighteen years, and now tenders his resignation from our communion to connect himself with the ministry of the Presbyterian Church in Canada; therefore be it

Resolved that the District Meeting while regretting the severance of happy and helpful association, accepts the judgment expressed in his new choice and recommends to the Annual Conference that his resignation be accepted and the necessary credentials duly issued.

The District would also extend to Brother Squires its best wishes for his happiness and success in his new sphere of labor.

Dr. Squires expressed his appreciation of the spirit of the District. After some discussion as to the possibility of co-operation with other churches the meeting adjourned.

The District met in the afternoon at 1:30. Various committees were elected and the work of the different circuits reported.

Rev. Mr. Rattie, secretary of Miramichi Presbytery was then introduced and addressed the District on the question of co-operation between the two denominations on weak circuits and urged the appointment of a committee from the District to meet a committee already appointed by the Presbytery to consider the question.

The following were elected lay delegates to conference—W. H. Anderson, W. Beers, T. A. Clarke, W. J. Kent, J. Watling, W. B. Snowball, Jas. W. Robertson, W. A. Wilson, S. Curli, Alternate—H. H. Stuart and S. McLean.

The evening session was mainly occupied with consideration of the various schemes of the church. Great emphasis was placed upon the plans for religious education and evangelism and a resolution was passed endorsing the principle underlying the plans submitted.

The missionary contributions of the District show an increase of \$186.25, a splendid showing in view of the many demands for war purposes. All the other funds show excellent advance. The Sunday School report showed an increase over last year of \$383.14 for all purposes. An increase of 35 members for the District was reported, 15 of them being in Newcastle church.

Memorials to General Conference were: In relation to district on the Stationing Committee; the election of General Conference representatives, one member from each district appointed by Conference instead of one member in every twelve as now, and the appointment of chairmen of Districts at Conference from each district meeting separately after station sheet is read.

After various memorials were presented and discussed the District closed.

DECIMAL COINAGE IN GREAT BRITAIN

London, April 21.—(Associated Press).—A decimal coinage bill, providing for a rearrangement of the British money system on a decimal basis, has been introduced in the House of Lords by Lord Southwark. The bill is the result of conferences between two great business organizations, the Institute of Bankers and the Association Chambers of Commerce. Both organizations gave their support to the scheme by an unanimous vote.

The bill provides for the continuance of the sovereign and the florin, the latter being one-tenth of the sovereign or pound. A new coin, one-hundredth of a pound, will make its appearance, being practically equivalent to the American nickel. The new farthing will be worth slightly less than the present farthing, being exactly one-thousandth of a pound. Five farthings will make up the new penny.

Information.
Mrs. Kowler.—The noise at the front must be awful with all those immense guns going off.
Mrs. Blunderby.—My dear, they never could stand it if they hadn't something they stuff their ears—gun cotton, you know.

WEEPING ECZEMA SOON RELIEVED

A Perfect Treatment For This
Distressing Complaint

WARRING, Ont.
"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' and 'Sootha Salva'. The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well."
G. W. HALL.

Both these sterling remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

"Fruit-a-tives" is also put up in a trial size which sells for 25c.

HOW ABOUT THE HARVEST?

The shortage of flour and wheat products is so serious between now and next harvest that every effort must be made by this continent to tide it over. Farmers by producing wheat are helping to win the war. By saving flour they and everybody else in the country may also help towards the end. In this connection it is of interest to note that in the West it is estimated that the three Prairie Provinces this spring have sown an increase of about 2,600,000 acres of which 2,000,000 acres are of wheat. This is the report of Mr. J. D. McGregor, Director of Labor for the Canada Food Board, with offices in Winnipeg. It is based upon estimates received from a large number of points throughout the three Provinces as well as upon the personal observation of Mr. McGregor himself. If the average crop from this increased acreage amounts to only ten bushels of wheat per acre, which is a very low figure, indeed, the average being more like twenty bushels it would mean 20,000,000 bushels of wheat. The average consumption of wheat in the wheat consuming countries the world over runs about five bushels per capita per year, so that the increased crop which Canada expects to produce this summer would feed 4,000,000 people for twelve months. At a most conservative calculation, that is to say it would feed the bulk of the British Empire. The probabilities are that this increase will be double that amount and it is to be hoped such indeed will be the case, as there is need of every bushel.

Dr. J. W. Robertson, who made a tour of Eastern Canada, in the production campaign on behalf of the Food Board and the Minister of Agriculture estimates an increased acreage of cultivated crops for the five Provinces, Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, of 2,600,000 acres. Compared with former years, there will be quite an increase in wheat acreage in these Provinces but what this amounts to it is impossible to say, as the fall wheat did not winter very well in many districts where an attempt was made to grow it. Some of these areas, however, have been replaced by spring wheat.

The Eastern Provinces will grow also increased amounts of fodder for livestock, so that the meat supply will benefit as well as the dairy output. Canadian farmers are responding magnificently to the call for increased production, despite the many other calls that have been heard and answered. The world is at the greatest crisis in its history and the farmers of Canada are realizing the fact and showing the true Canadian spirit. It remains now for the people of the towns and cities to organize and sacrifice personal interests in a wholehearted campaign to save these crops, which have been so successfully planted despite difficulties, so that the harvest will be as great in proportion as the acreage sown. This summer and autumn will mean a long pull and a shove for all hands.

THE POLICE ARE ENFORCING FOOD LAWS.

All over Canada municipal police authorities are enforcing the food regulations in a firm, vigorous manner. They are also enforcing the Anti-Loafing Law. There has been a great improvement on the streets of most of the Canadian cities since this law was passed. Fines of \$100 and costs have been imposed in Calgary, Montreal, Victoria, Saskatoon, Toronto, Port Arthur, Ottawa, Regina, Stratford and many other points and port cases of fines and imprisonment.

The bill provides for the continuance of the sovereign and the florin, the latter being one-tenth of the sovereign or pound. A new coin, one-hundredth of a pound, will make its appearance, being practically equivalent to the American nickel. The new farthing will be worth slightly less than the present farthing, being exactly one-thousandth of a pound. Five farthings will make up the new penny.

RAILWAY MEN HEROES ALL

How Canadian Unit Obedied
Orders to Save Big
Guns.

Ottawa, June 6.—The following article has been received here from Boland Hill:

"Keep the lines clear, save the big guns; then destroy everything." Those were the orders that a Canadian overseas railway construction unit got when the Hun's great attack on the Somme was launched and the front trench line had in places been driven in, and how well they carried them out is confirmed in a message of congratulation from their Army Commander and the awards of one D. S. O., two Military Crosses, one D. C. M., and nineteen Military Medals.

The corps headquarters were at Bihucourt when the storm broke, from Boileux to Achiet, Fremicourt to Vela and St. Leger these railway experts, the first to come over from Canada, kept the lines open under a storm of shellfire. Sometimes those heavy naval guns and howitzers which work from railways, were ahead of the little mobile eighteen-pounders, firing their huge shells into the massed Huns ten and fifteen miles away, while their smaller brethren were pounding at the German storm troops only 1,000 yards off. The big guns stayed confidently until the last minute, knowing the shell-broken line behind them would be mended by the Canadian Engineers in time to get away. In every case there was the engine with the Canadian crew ready to draw the monster gun to safety and not a single one was lost, although there were many narrow escapes.

Some Smart Work.
Take the report of a young officer who was responsible for the section near Vela, northeast of Bapaume, some heavy howitzer batteries there were working feverishly to retard the German advance over the Nord Canal.

"Brought up three trucks of ammunition and kept track open from Vela to Vela. Repaired track, which between 8 and 10:30 (this was March 21), then shifted the howitzers back to Fremicourt."

That meant three trips over the hastily mended line, through heavy shellfire, with fifty-ton trucks, which once ditched could hardly have been got on the track again in time to be saved.

From another report stated Fremicourt: "Repaired two breaks in line in order to get twelve-inch gun in action at Vela. Repaired track from Fremicourt to Quant. After two hours brought gun back over four broken sections to Vaux Junction where it again went into action. Went into forward area and repaired breaks in sixteen places between Vela and Havincourt in order to get ammunition trains out. Shellfire was very heavy, but luckily we had few casualties. Material very short but managed to get points and rails from old gun spurs." The officer who wrote this is missing.

On the second day of the attack Bihucourt became too hot for the Canadian engineers and it was decided to abandon camp. Everything was loaded on the construction trains, but the concrete tennis courts.

"We couldn't take them, unfortunately," explained the Colonel, "and besides they were being used. Four sixty pounders had found them useful and were playing a hot set with the Huns."

Back to Miramont went the whole establishment, and for the rest of the day they worked their steam shovel getting out ballast to use on the broken lines. In spite of intense shelling they managed to load up over a thousand tons which they found of priceless value later in their adventures.

Working amongst the retreating troops, and with the railway lines crowded with traffic up to the last minutes, the work of destroying the yards and systems that might be of use to the Huns was a delicate task. Sometimes the engineers had to wait at a bridge with explosive charges laid, until the last of the light guns or fighting soldiers came across, then blow up the structure while the Boche machine guns played on them.

"Blow up the siding. Loaded up and moved back five big howitzers. Blow up pumping station on order of Army Engineer. Worked for ten hours getting twelve-inch howitzer over broken line. Germans in sight but held back by British machine guns. Line badly smashed behind us and all wires down, but supper on speeder managed to get through with instructions and rations."

The Work of Destruction.
Every known heavy gun in that district was got out on the night of March 22nd, and then the real work of destruction began. The old French main line from Arras to Albert, was blown up in ten places. Two culverts and three bridges were destroyed. The big yard at Achiet le Grand, one of the largest railway centres near the front, was laid waste. "I don't think the Huns could have found twenty yards of whole track," said the officer who was responsible. Water towers were flying into the air. Signal offices and what stores which were not removed were made havoc with by these railway anarchists who had built so well, but who now knew the vital necessity of quick and thor-

The FOOD CONTROLLER SAYS:-

Farmers may be reassured that there is no intention on the part of the authorities to inconvenience them unduly in their busy season with unnecessary restrictions and regulations as regards the hoarding of foodstuffs. An Order of the Canada Food Board recently made it illegal for people to have more than 15 days' supply of flour, made wholly or in part from wheat, on hand at any one time. For people living at a greater distance than two miles and not less than five miles from dealers' licensed by the Canada Food Board, sufficient for their ordinary requirements up to 30 days only was allowed and for persons living 10 miles or more 120 days supply.

Further it was required that any such surplus holdings should forthwith be returned to the miller or dealer from whom they were purchased, at the purchase price or at the market price, whichever were the lower. This Order was designed primarily to remedy a state of things in the towns and cities, as it was commonly reported that some people had laid in undue quantities of flour in view of the world's scarcity, selfishly thinking that they would be sure of a normal supply for the next year or so whether the people in Europe starved or not.

In the case of farmers, however, it pointed out that it was their custom in many cases to take wheat to the mill and get several months supply growing on one occasion so as to save frequent trips and waste of time. To require that such a farmer return all surplus flour to the mill and then come back every couple of weeks, or like short intervals, for supplies of their own flour, would seriously interfere with farm work, occasioning unnecessary traveling and the waste of days precious, especially at seeding and harvest time, to the cause of production, a cause more important, even than that of conservation.

Bona fide farmers are now permitted to hold flour in excess of the amounts provided for other people. An Order-in-Council passed on May 17th makes this express provision:—"A bona fide farmer shall be permitted to hold, subject to the order of the Canada Food Board, the amount of flour, made wholly or part from wheat, he may have in his possession in excess of the amount prescribed by Order No. 31 if, on or before the 15th day of June, 1918, he reports to the miller or dealer, from whom it was purchased or by whom it was manufactured, the excess amount held by him."

When these reports are received it is the duty of the miller or dealer to pass them on to the Canada Food Board and thus it will be known by the authorities what the supply of flour in the country is and where it is. Further this Order provides that in cases where a farmer or any other person has in his possession one partly used barrel or package he shall not be required to return his surplus requirements nor shall he be required to return amounts of less than 25 lbs. Thus it is seen that the intention of the Order is entirely reasonable and will not work hardship or inconvenience unnecessarily.

RESTAURANT LICENSES RE- QUIRED.

It will be illegal to operate a public eating place without a license from the Canada Food Board. The time has been extended from June 1st to July 1st, because of the rush of applications which were more than could be dealt with in time by the Board's office staff.

Love in a cottage enables the stork to avoid trouble with the janitor.

ough destruction. Lorries laden with ammoral and gun cotton travelled with them wherever they went, and it was far from comfortable some times when German shells dotted the roads. By three o'clock on the afternoon of March 25 they were able to report that area as "complete."

Another young officer with another convey of explosives had a similar experience. His tally on March 25 was five bridges on the Albert to Arras railway, the burning up of a large timber dump in Miramont and the overhead bridge at Aveluy.

The same afternoon another party of the overseas construction men heard that a section of the standard gauge track from Beaulieu south of Bapaume to Miramont had been missed, and carrying tubes of explosives on their shoulders, they went into the thick of the battle, knowing full well that the Huns were behind them in some places. They never returned, but their Colonel is proudly certain that the section was destroyed.

So their battle of destruction went on until, gradually, the Hun advance was checked. Their last fight with the peculiar weapons was on this side of Albert. The German cavalry had managed to gain the Albert-Amiens road, but British soldiers were solidly holding on to the railway embankment south of the city. Up came the lorries with the ammoral tubes, and in spite of heavy gun fire, the Canadian engineers managed to blow up the road bridge that spanned the railway and the steel truss that carried the line through that part of Albert. Now the corps is "resting," building new lines and yards that are so necessary in modern war—close up to the new front.

VALUE OF JERUSALEM.

What the British Gained by Taking Holy City.

What is the advantage gained by the British in the possession of Jerusalem? Strategically the same advantage which the possessors of Egypt have always found in the possession of Palestine. That land is a fortress by which to hold the Asiatic invader far away from the Egyptian frontier, and from which to threaten him with attack. True it is not easy of access from Egypt, nevertheless, given a strong, hostile power in Asia, Egypt has always found it necessary to hold Palestine in order to protect itself. Politically and morally the gain is enormous. The conquest of Jerusalem will find its echo not only among the twelve million Jews, orthodox and orthodox, infidels and believers, who look to Jerusalem as their sacred city and who are rejoicing everywhere in every land in the hope that its reclamation from Turkish misrule and tyranny may mean a Jewish national revival. Jerusalem is a sacred city to the Arab-speaking subjects of Turkey on her side. It will have a profound influence on the minds of countless Russian peasants who look to a pilgrimage to Jerusalem with certainty as great a longing as do the most pious Jews, and it may consequently prove helpful in the general attitude of Russia toward the allies.

It will touch profoundly also the religious sentiment of France and Italy and Spain and Austria, from which Roman Catholic pilgrims in thousands yearly visit Jerusalem as a pious act. The simple people in those countries cannot help but look with a certain favor on the Christian power which has redeemed the Holy City and the sacred sites from the infidel. What part pilgrimages to the Holy Land play in all those countries, those only can realize who have visited Palestine. Continuous streams of money have been invested in hospitals and institutions of every sort for the entertainment of pilgrims. Schools, hospitals, and religious establishments, Russian, Italian, Spanish, French, Austrian, German, English, American, and even Abyssinian dot the Holy Land, and cluster especially in and about Jerusalem.—American Review of Reviews.

His Point of View.

This week's story from the front: One of Gen. Allenby's advance patrols had ridden up a ridge in Palestine, and there, outspied before their eyes like a panorama, was the Holy City—Jerusalem.

It was some miles distant, but in the clear air the flat-roofed houses were plainly visible, broken here and there by domes and minarets. Exclamations of surprise and admiration broke from the lips of all the troops—all but the ones who remained silent, their face, however, plainly expressing contemptuous disapproval.

"What do you think of it?" asked his officer, curious to learn the reason for his disapproval.

"Awful! Scarcely of chimney-pots," was the reply. "Awful! Scarcely of chimneys! But man, they don't need chimneys in Jerusalem. They burn charcoal."

"Oh, they do, do they? Then I wouldn't like to live there."

"Why not?"

"Well, sir, in civil life, you see, I am a chimney-sweep."

Tommy at the Opera.

Whole battalions of Thomas Atkinses, now that the long-expectant snowfall has buried the Austro-Germans in deep Alpine drifts, have been paying visits to the Milan Opera House and receiving immense ovations. By way of acknowledgment Tommy gave the laurel-crowned "Tipperary" and created a sensation, as well he might, in that strange, ashy Italian opera. Flowers were showered upon him in most embarrassing fashion, and the crowd of delicate attention was the kilt, at which the people gaze in undisguised amazement. One veteran post-office claimed: "Fancy, women as well as men so to war in that country, and they look as though they'd make mince-meat of the Germans. Little wonder that some of these killed 'ladies' received no other flowers, but equally embarrassing kisses."

What Is a Night Watch?

In the desert of Western Australia there are wells which yield water only at night. Before the water begins to flow weird hissing and the sound of rushing air may be heard. The phenomenon is believed to be due to a change in the form of the rocky channel through which the water flows, and to the extreme change in temperature between day and night which occurs in this region. The hissing is due to the escape of air before the advance of the water.—Popular Science Monthly.

The Twins Named.

"So you have twins at your house?" said Mrs. Nabor to little Jack.

"Yesum," he said soberly, "two of them."

"What are they going to call them, my dear?"

"Well, I don't know, for sure, but I think their names is Thunder and Lightning," cause that's the names my father called them when the doctor came in and told him about them."—New Puck.

A New Alloy.

An alloy containing ninety-two to ninety-seven per cent. of aluminum, and offered as a metal of strength and lightness, and non-corrosive, suitable for use in the manufacture of automobiles, aircraft, military equipment, hardware, etc., has been put on the market.

No, Herbert you cannot have your horse arrested because he fires you.

Think twice before marrying. Divorce comes high.

Thursday, June 13th, 1918.

SHIPBUILDING.
The prospects seem bright for the establishment of a shipbuilding plant here and the town and citizens should give the promoters every encouragement.

The need of ships is one of the most pressing in the successful prosecution of the war, and help in this way is a very important phase of war work.

So far as we are aware the McLennan Foundry & Machine Works, Ltd., have not approached the town for any special concessions in the way of a free site or tax exemptions, but when they do so we feel confident that they will be generously dealt with.

We trust that no obstacles will be thrown in the way to prevent the laying down of at least one vessel.

NOT EVEN GERMAN SILVER.
One of many articles turned in for conversion into money for war purposes in the United States was a "magnificent \$5,000 prize cup," presented by the Kaiser for American competition. The assayer reported it a typical German gift—gilded pewter worth about forty dollars.

Whatever differences of opinion exist to-day as to the relative merits of the Borden and Laurier naval policies there must be unanimous agreement that the true naval policy for Canada is the construction of merchant shipping. A true patriot is every man who helps increase the country's carrying tonnage.—E.S.

COST OF FOOD CONTROL.
Over and above the small license fees charged to dealers in foodstuffs, the total cost to Canada of the Food Board, since it was organized by Mr. Hanna in June, 1917, has only been \$57,430.50, according to a statement made by Mr. H. B. Thomson, Chairman of the Board at an address in Toronto on May 15th.

IT IS UP TO THE TOWNSPEOPLE.
The able-bodied young men in Canada are at the front or in training. The farmers have done their best and the crop is in the ground. The harvest is up to the townspeople. Unless they organize to help, the people of this country will have to tighten their belts next winter. There is no doubt about it.

THOUSANDS NOW UNDER LICENSE.
Up to date something like 25,000 licenses have been issued to dealers in foodstuffs by the Canada Food Board. Another 100,000 have still to go out. These include wholesale and retail grocers, wholesale fish dealers, bakers, wholesale produce dealers, fruit and vegetable dealers, millers and cereal manufacturers. In addition to these are some 17,000 public eating places to be under license by July 1st.

UNLICENSED EATING HOUSES ILLEGAL.
On and after Saturday, June 1st, it becomes illegal for restaurant keepers to remain in business unless they have a license from the Canada Food Board. This applies also to boarding houses, serving twenty-four meals per day to outsiders, other than the household or members of the family.

INCREASED ACREAGE IN THE EAST.
Dr. J. W. Robertson, after a tour of the Eastern Provinces, says that the farmers of Eastern Canada are increasing the acreage for wheat, barley, rye, oats, peas, beans, fodder potatoes and other roots. An increased acreage of about 2,000,000 acres is aimed at in the five Eastern Provinces.

UNDER PROHIBITION.
Westernland county ceased to be a South Act county Monday at midnight, and is now under the Provincial Prohibition Act. The required notice was published in the Canada Gazette and the time for the automatic coming into effect of the Prohibition Act in Westernland county was June 11. Rev. W. D. Wilson, chief inspector, has just concluded a tour of Sackville, Dorchester and other points in the county for organization purposes. The question of inspectors and vendors is being attended to but no announcement has been made as yet.

NECESSARY STEPS TAKEN TO CHECK SPREAD OF DISEASE.

No Cause for Uneasiness Regarding Spinal Meningitis in Depot Battalion Say Authorities.

Local military authorities announced yesterday that there was no cause for any unnecessary uneasiness in connection with the quarantine placed on Camp Sussex owing to the prevalence there of three cases of spinal meningitis. Everything was being done that would tend to check the spread of the disease and things at present were assuming a satisfactory aspect and the situation is well in hand. Lieut. Colonel James L. McAvity, camp commandant at Sussex and Dr. Kenneth Mahabir, specialist, were in the city yesterday in conference with local military headquarters. While here the military officials discussed the situation and made all necessary preparations to meet any possible exigency that might arise.

NOT NECESSARY TO RESIDE IN CANADA

Separation Allowance to Soldiers' Wives Wherever Located—News of the Soldiers.

Orders have been received from Ottawa to the effect that a decision had been reached extending the payment of separation allowance to dependents not living in Canada. Hitherto such separation allowances have been paid only to relatives of soldiers actually in Canada.

GERMANS MAKE DARING ATTEMPT TO ESCAPE FROM CAMP IN ENGLAND

A daring attempt to escape from England by crossing the English channel in an ordinary rowboat was made the other day by two escaped German prisoners. They were caught on a dark night by a patrol at a point on the coast near Zeebrugge, their objective.

The prisoners who were dressed as seafaring men, wearing blue serge suits and high boots, had traveled about sixty miles from their camp near Salisbury Plain. One who spoke English fluently made no secret of their intention. When searched they had between them nearly the equivalent of five dollars in silver. About a mile along the beach from the spot where they were captured they had concealed, beneath a boat, bags of biscuits, together with bread and fruit; a razor, shaving brush and a large bottle of water.

GERMAN RESERVES DWINDLING; BOYS AMONG PRISONERS

French Headquarters, June 10.—The German reserves are being depleted in the constant fighting from Noyon to Chateau Thierry and from Vermeil to Rheims. His reserves of manhood are declining.

Out of 200 prisoners taken in the first days of June, over one-fourth belonged to the 1913 class, and the class of 1920 made their appearance on the battlefield among the prisoners captured at Bligny by the British. A considerable proportion being lads of this class.

FIVE BURNED TO DEATH IN OWEN SOUND FIRE.

Owen Sound, Ont., June 11.—Five occupants of the home of Richard Lyons, Euphrasia township in the remote part of Grey County lost their lives in a fire which destroyed his residence at an early hour on Sunday morning last. The dead are: Mr. Lyons, his wife, their eight-year-old son Lawrence, Miss Effie Neely a farmette, student at Markdale High School, and Aulde McLaughlin, a four year old boy from Owen Sound.

An inquest was ordered by the assistant coroner at Markdale and a jury was empanelled on Sunday last and after viewing the remains adjourned for a week.

LEAVING METHODIST PULPIT FOR PRESBYTERIAN CHURCH.

Chatham World.—Rev. Dr. C. M. Squires, of Newcastle will preach in St. Andrew's on Sunday. It is understood that the Doctor, who has resigned his pastorate of the Methodist church in Newcastle, is about to join the Presbyterian church with the view of getting a pulpit of a college professorship in that body. The minimum salary in the Presbyterian Church in Canada is \$1200.

Some men celebrate the anniversary of their birth as long as they live, but the average woman abandons it as soon as she grows up.

COMMENT ON THE SESSION AT OTTAWA.

(Montreal Journal of Commerce.) The work of the recent session of the Dominion parliament was in most respects creditable to the union government.

Many measures of an important character were passed. The huge appropriation for the war service was voted without dissent in any quarter. The supplementary legislation respecting military service was carried on division, without any protracted opposition. The new taxation was accepted with, but little dissent. The Women's Suffrage Act and the Civil Service Act were notable measures. Seldom, if ever before was so much important legislation enacted in so short a time.

Where there was so good a record in this respect, all the more pity it was marred towards the close of the session. The grave mistake of the premier in creating a ministerial crisis over such a question as that concerning titles had already been referred to these columns. Another serious mistake was the unseemly determination to rush business through the two houses without allowing decent opportunity for enquiry and discussion. For this the government must be held chiefly responsible. The opposition are not free from blame. They might have prevented the spectacle, and they did not do so. As the people look at the events of the closing days, they will wonder how the public business could have been so treated. The voting of the post office appropriation is an example.

The voting of the sums set down in the estimates is the proper occasion when the members are afforded practically the only opportunity for intelligent discussion of the business of the several departments. There is no department that comes closer to the people than the post office. There were many matters concerning that department which members desired to discuss. The post office estimates were never taken up during the session until an hour and a half before the time fixed for prorogation. In that short time the house was asked to vote about twenty million dollars for that department, besides many millions for other services, and to dispose of the numerous motions incidental to the closing up of the session's work. One newspaper says the house voted over sixty million dollars in as many minutes! If the house had found itself at the close of a very long and wearisome session, some excuse—not a good one even then—might have been found for what happened. But there was no excuse. So far as time was concerned, there had not been half a session.

Why then were the members not asked to remain at their posts long enough to discharge their duties with some appearance of efficiency? The only excuse offered was that the premier and several of his colleagues were desirous of leaving for England. That is the poorest kind of reason. It carries an implication that is not flattering to the cabinet generally, for it suggests that they were not deemed capable of carrying on business without the presence of the four gentlemen who were about to leave. The cabinet is now quite a numerous body. Four members could go away, and there would still be a large brigade to attend to duty. To drive the house and committees for many days from ten o'clock in the morning until the early hours of the next morning, and then at the last stage throw a week's business into a couple of hours, going through the farce of voting a million dollars a minute without discussion, was not a creditable winding up of a session which, under fairer conditions, would have left a fine record of efficient legislative work.

PERCE, P. Q.

Now that summer has once more smiled upon our little village of Perce things are brightening up with gigantic rapidity and will soon look their prettiest.

The massive Rock, with its thousands of sea birds constantly flying about. Our hotel proprietors are making extensive preparations to meet with the large demands of tourists for the present season, a few have already arrived and within a couple of weeks our usually quiet little place will be transformed into a lively "Summer Resort."

Fishing appears to be abundant and big catches are made daily. Every thing indicates a very successful season for the fishermen.

Mr. and Mrs. Marks of Montreal are spending a few days in town.

Mr. J. D. Brule, J. J. Bernier and Dr. H. Brennan motored from Campbellton, N. B., and spend the week end in town guests at the Perce Rock House.

The greater production Campaign is heartily taken up by our inhabitants and everywhere one is greeted with scientific and progressive farming. The raising of stock seems to be carried on a very large scale and the "Farmettes" are oft seen proudly watching over their young bovine peacefully grazing near the farm-house.

SPRINGTIME.

ORDER YOUR STAMPS.
It is necessary for every grocer to have rubber stamp of his Food Control License number with which to stamp his stationery, etc. Send your license number to the Graphic and we will supply the necessary stamp at short notice. Ask your dealer for a stamp.

AMOUNT INVOLVED

IS ABOUT \$150,000

Province's Alleged Claim Against Miramichi Lumber Company.

Fredericton, June 7.—The Government probably will conclude its session this evening. Representatives of the Miramichi Lumber Co., were before the members in connection with the alleged claim of the province against the Company on account of pulpwood cut on crown lands, contrary to regulations, and exported. Mr. J. W. Brankley, of Chatham, representing the company, is here in connection with the matter; also, Mr. George M. Sissara, of Portland, Me., president of the International Pulp and Paper Company.

This claim was frequently referred to during the last session of the Legislature. The amount involved is about \$150,000.

MEN 19 TO 23 ONLY TAKEN FOR FLYING CORPS.

Ottawa, June 10.—Word has been received in Ottawa that no further recruits can be taken at present for the Royal Air Force, except recruits between nineteen and twenty-three. Even those, if accepted, will only be put on the reserve with the promise that they will be called up for service some time next fall or winter. In other words, it has been decided not to take any men between nineteen and thirty-four for the Royal Air Force, who are affected by the Military Service Act.

Local Items

Neasy Notes of Town
Gathered by G.

COOL WEATHER.
The weather keeps unusually cool with much easterly wind.

FOUNDATION COMPLETE.
The concrete foundation for the Salvation Army has been complete and the brick walls will be commenced shortly.

A REQUEST.
The Returned Veterans would like to procure a baseball outfit. They must be in the town of Campbellton several such outfits. Any person having same would confer a favor by notifying Leon O. J. Lawson, President of the G. W. V. A.

TO BUILD BRANCH.
The department of Railways as Canada is advertising for tenders for the erection of a branch line from Moffats to Glenora, or up Charley's bar track to connect with the Intercolonial. This will do away with the long up grade out of Campbellton. See adv. in another column.

ROUGH ROADS.
The roads throughout the county are extremely rough, and need more than a casual repairing. The road from Campbellton is in a very bad state, and should receive the attention of the road workers at once. A few sections are being repaired in an efficient way.

NEVER TOO POOR.
Too poor to take the home paper? Well, that is a distressful condition. Buy a bit, feed her, crumple it, waste from the kitchen and the way eggs to pay for a year's subscription; then work her up into a pot and he will pay her first cost; so a paper will be clear profit. Repeat this process year after year, and you will learn wisdom and cease to be poor.

132ND BAND INSTRUMENTS.
At a report of a meeting of the Chatham Town Council held, recent was the following:
Correspondence in regard to the sale of the 132nd Band, Band instruments was filed. The Mayor is \$400 worth of the pieces had been sold to the local Band and the balance of \$200 of a St. John party for \$20. The amount had been divided between the counties of Northumberland, Gloucester and Restigouche Fund. This is the final disposal of the 132nd Band instruments.

CADET'S INSPECTION.

FOR NORTH SHORE.
A notable, interest and progress the cadet movement in New Brunswick has resulted in the need of an office for executive and administrative duties and Captain R. Robins Mack has opened an office in the post office building St. John. A number of the time and date of the inspection of the different cadet troops in New Brunswick has been arranged. The dates of inspection of cadet troops in the North Shore are as follows: Douglastown—Pomeron, June 1; Harkin's Academy, Newcastle, tomorrow, June 18th.

St. Thomas' College, Chatham, Evening, June 18th.
Campbellton, morning, June 19th.
Dalhousie, forenoon, June 19th.
Richibucto, evening, June 19th.

COSY WEATHER.
The weather has been unusually cold with much easterly wind.

FOUNDATION COMPLETE.
The concrete foundation for the Salvation Army has been completed and the brick walls will be commenced shortly.

A REQUEST.
The Returned Veterans would like to procure a baseball outfit. There must be in the town of Campbellton several such outfits. Any person having same would confer a favor by notifying Lieut. O. J. Lawson, Pres. of the G. W. V. A.

TO BUILD BRANCH.
The department of Railways and Canals is advertising for tenders for the erection of a branch line from Medford to Glenora, or up Christopher Brook to connect with the International. This will do away with the long up grade out of Campbellton. See adv. in another column.

ROUGH ROADS.
The roads throughout the country are extremely rough, and need more than a casual repairing. The road from Campbellton is in a very bad state, and should receive the attention of the road workers at once. A few sections are being repaired in an indifferent way.

NEVER TOO POOR.
Too poor to take the house? paper? Well, that is a distressful condition. Buy a hen, feed her crumbs and waste from the kitchen and she will lay eggs to pay for a year's subscription; then work her up into a pot pie and he will pay her first cost; so the paper will be clear profit. Repeat this process year after year, meanwhile learn wisdom and cease to be poor.

132ND BAND INSTRUMENTS.
At a report of a meeting of the Chatham Town Council held recently was the following:
Correspondence in regard to the sale of the 132nd Band instruments was filed. The Mayor said \$400 worth of the pieces had been sold to the local Band and the balance disposed of to a St. John party for \$290. The amount had been divided between the counties of Northumberland, Gloucester and Restigouche Fund. This is the final disposal of the 132nd Band instruments.

CADET'S INSPECTION.
FOR NORTH SHORE
A notable interest and progress in the cadet movement in New Brunswick has resulted in the need of an office for executive and administrative duties and Captain R. Robinson Black has opened an office in the old post office building St. John. A schedule of the times and date of the inspection of the different cadet troops in New Brunswick has been arranged. The dates of inspection of cadet Corps on the North Shore are as follows:

Douglasville-Forenoon, June 18th.
St. Thomas College, Chatham, Evening, June 18th.
Chatham School, Evening, June 18th.
Campbellton, morning, June 19th.
Dalhousie, forenoon, June 19th.
Richibucto, evening, June 19th.

CATCHING SALMON.
The anglers in the Restigouche Salmon Club waters are catching a better run of salmon since Monday. Trout are also reported as plentiful.

MOOSE IN TOWN.
A large moose visited the upper section of Andrew Street Monday night and when driven out of a garden ran back over the hill and to the woods. Moose seem to be very plentiful about the settlements this year.

ORDER NOW.
Manufacturers of envelopes have advised that their lines have increased ten per cent. Paper has also taken another step upwards. Merchants who require printing are advised to order at once as all lines must advance shortly.

NOT CORRECT.
Chief of Police Adams informs us that our report that there were four arrests since May 1st was not correct, there being only two. The information was given us by a gentleman who is conversant with Police Court matters and we took his word for it. We are glad to learn that there was only two such arrests.

ECLIPSE OF THE SUN.
The eclipse of the sun, which occurred on Saturday evening, was seen under particularly favorable conditions. The sky was bright and clear, and the first signs of the eclipse were noticed at 7.30. It continued until the setting of the sun, at 9.30. A nearly 50 per cent. eclipse was clearly marked. It was the first eclipse of the sun visible in this quarter since the year of 1900.

PLANNING BIG PICNIC.
The members of the G. W. V. A. Restigouche Branch are planning to hold a big picnic on Dominion Day at the Inch Arran grounds, Dalhousie. The day will conclude with a dance in the Inch Arran. The proceeds are for the funds of the Association. Already tickets for the dance are being sold, and are meeting with a good demand. Full particulars will appear later.

HEAD ON COLLISION.
Thursday evening about 6.30 two engines collided head-on at Val Brillant, formerly known as Cedar Hall, on the C. G. R. line west of Campbellton. Both trains were travelling at a low rate of speed, one a work train and the other a freight. One engine was badly damaged, while the other was only slightly. No one was injured when they crashed. The accident, it is said, was due to the neglect of an operator to look over his head orders. The total damage will not exceed \$1,000.

A WARNING.
For several months a woman has been visiting different parts of the Province of New Brunswick and in each town contracting debts which she left unpaid. Recently she was discovered in Fredericton. The provincial branch of the Retail Merchants' Association of Canada was informed and the woman was driven out of the city. She then went to Woodstock where she began to employ her old tactics again, and again she was ousted from that town by the efforts of the association. The association now has reason to believe that she has left this province. Fredericton Mail.

ADVERTISING RATES.

On account of the greatly increased expenses in connection with the publishing of The Graphic we find it necessary to re-adjust our advertising rates. The rates will be as follows:

Transient advertisements, such as notices of entertainments, sales, legal notices etc.—

Per inch, first insertion 70c.

MATAPEDIA RED CROSS.
The regular meeting will be held at the home of Mrs. John A. Ryan, Friday evening, June 21st.

FIRE PERMITS.
Fire Ranger C. B. Gray has received necessary fire permits and will issue same to settlers and others desiring permits to burn brush or clear land.

CLEARING SITE.
Preparations are being made to move the old salmon shed and, other buildings off Duncan point in preparation for the commencement of the shipbuilding plant.

WILL REMOVE STATION.
Tenders are being asked for the removal of the L. N. R. station house to a site near the C. G. R. depot. The building is well situated and will be used as additional offices for the Railway departments.

PATRIOTIC RECITAL.
Don't forget the Patriotic Recital in the Opera House, June 18th under the auspices of the Soldiers Comforts Association. Mrs. F. H. McKee of Chatham and Mrs. Allan McKee of Campbellton, and others will take part.

HAS RESIGNED.
At a meeting of the Campbellton School Board held last evening the resignation of Principal James Carr was read, and accepted. The Graphic also understands that a number of the teachers are also leaving at the close of the term.

SMALLPOX.
A case of smallpox has been discovered at the south Boom House. The patient has been sent to the isolation hospital and the entire rafting crew are under quarantine, but are working as usual. The buildings have been thoroughly fumigated. The patients came from Kent county.

UNION SERVICES.
The Methodist and Baptist Congregations will worship together Sunday the 16th.
The morning service will be held at the Methodist Church at 11.
The evening service will be held in the Baptist Church at 7.
Strangers in town cordially invited to these services.

CLOSE THE STORES EARLY.
Why not close the stores every other day at noon and let the clerks go out and help on the farms? Why not let the towns' employees, including the town-clerk, get out on the farm for the harvest? Why not close the lawyers' offices every afternoon? Why cannot the school teachers help on the farms during the holidays?

RESTIGOUCHE APPOINTMENT.
E. René Richards has been removed for cause from the office of Clerk of Restigouche County Court, and sitting magistrate of the town of Dalhousie and clerk of the circuits for Restigouche.
M. Alonso Kelly, of Campbellton, has been appointed clerk of the Restigouche County Court and clerk of the Restigouche.

PROBATE COURT.
At a court of Probate held here before Judge Matheson letters testamentary were granted to the executors of the will of the late T. B. McKin, Messrs. C. A. Alexander and D. F. Graham. Under the will the deceased's sister, Mrs. Margaret, and the residence is divided among Miss Jean Fawcett, The Campbellton Oddfellows and St. Andrew's Presbyterian church.

TALENTED ARTIST.
In speaking of Mrs. F. H. McKee's recital at Chatham the Worth of that town says:
Mrs. McKee and Mrs. Malcolm had a large and enthusiastic audience Monday evening, and nearly every punster was enjoyed. I've heard nothing remarked a lady visitor, and she hasn't as good a voice as Mrs. McKee.
Mrs. McKee will be heard here next Tuesday evening under the auspices of the Soldiers Comforts.

Every man is a fortune hunter, otherwise he wouldn't be in business.

CLASSIFIED

Advertisements under this head are charged for at the rate of two cents a word for the first week, and a cent a word per week for each additional week. Minimum charge 50c.

to this Column are Solicited from every
District of the Bay Chaleur.

JACQUET RIVER.

Another of our boys has returned
from doing his bit. The latest is
Private Joseph McGovern who went
overseas in the 171st Battalion. He
McGovern saw active service for
some months and was "gassed" and
wounded in the neck. He had an ex-
ceptionally lucky escape as the shell
grazed his neck, and cut down a tree
just beside him. Private McGovern's
many friends are delighted to welcome
him back.

Sheriff Craig was in town recently
and appointed the Deputy Registers for
the districts. Registration will take
place in the school house here under
Mr. D. McAllister with Misses Marie
Trites, Hettie Dempsey and Marie
Shannon as Assistant Deputy Regis-
ters. In Quinn's Point, Registration
is in charge of Mr. Herman Ullman,
and in Nash's Creek in charge of Mr.
Joseph F. LaPointe.

Several more new cars are putting
in an appearance in town. Mr. W. J.
Davis is the proud owner of a very
handsome McLaughlin and also Mr.
T. A. Landry, has also acquired a very
nice one.

Quite considerable excitement was
created at Nash's Creek last week,
when the engine and two coaches of
the Ocean Limited left the rails, luck-
ily no one was injured. Nash's
Creek seems to have a hoo-doo in the
line of wrecks as they occur there
quite frequently, and not always with
such slight damage as the last one.
The road bed was torn up considerably
and traffic hung up for several
hours.

The eclipse of the sun on Saturday
evening was witnessed with great in-
terest by everyone. At first the ec-
lipse was seen at the bottom of the
sun, then it moved to the side. It
seemed as if a large bite had been
taken out of the planet.

Traffic is becoming very heavy in-
deed these days. While out for a
motor drive one evening the driver
had to show his dexterity by contin-
ually dodging and trusting around ve-
hicles and cars. If this state of af-
fairs continues we will need a traffic
policeman. It is all required to com-
plete a flourishing replica of Broad-
way.

A procession of honor of Corpus
Christi was carried out in Nash's
Creek Roman Catholic Church on Sun-
day last. A large crowd were in at-
tendance and a most impressive sight
witnessed.

An ice cream sale under the aus-
pices of the Red Cross Society was held
in the Red Cross Rooms at Durham
Centre on Saturday evening. The
populace turned out in force to help
the good cause. The rooms were in
charge of Mr. William Winton and
Mrs. D. McAllister with Miss Winnie
and Miss Marie Trites, Laura McAl-
cotton, Margaret Casey and Marie Shannon
as waitresses. The sum of \$30.00
was realized.

The sad news of the death of Wil-
liam Carney one of our best known
citizens was made known on Saturday.
Mr. Carney has not been in good
health for some time, so that death
was not unexpected. He was in his
forties, a very prosperous farmer, and
a kind friend and neighbor, so that
his loss will be felt by the commu-
nity. An aged mother, one brother,
Alpheus and a sister Mrs. John Har-
vie, survive who have the sympathy
of a large circle of friends in their
bereavement. The funeral took
place on Monday. Interment being
made at New Mills Presbyterian
Cemetery.

RIVER CHARLO.

Mr. Peter Fraser arrived home from
Jacksonville, Florida where he had
gone to spend the winter.

Mrs. J. F. Hamilton has returned
from Summerside where she had been
called to see her father who has been
seriously ill.

Mr. and Mrs. P. W. Hamilton and
Mr. Richards motored to Campbellton
on Monday.

Mr. Irving Menzies of Dalhousie
University visited friends here on Tues-
day.

Mrs. Hastings has been summoned
to New York on account of the sud-
den death of her step daughter, Mar-
jory who had been attending school
there.

Miss M. Flann spent the week end
at her home in New Mills.

Miss Florine Jamieson is visiting
her sister Mrs. Percy Branch of Bath-
urst.

Mr. and Mrs. Ross Carr and Miss
Gordon of Montreal are here to spend
the summer at Mr. Carr's bungalow.

Mr. J. A. Hamilton, commercial
traveller, has been spending a few
days at his old home here.

Mrs. James G. Dickie and little son
Warren spent Friday at Campbellton.

A motor party including Misses
Oressa Hamilton, Hazel Miller, Mar-
garet McGovern and Messrs Benj.
Hamilton, Wm. McCormack and Alon-
so Miller motored to Stone Haven and
New London on Monday.

Mr. and Mrs. W. R. Jamieson vis-
ited friends in Campbellton on Fri-
day.

Miss Irene Miller spent the week
end at her home in Summerside.

Mr. and Mrs. Reid McMillan and
family motored to Charlottetown.

Miss Mary Hamilton of Harcourt is
visiting her sister Mrs. Ferg. Whea-
ton.

Master Gray Hayes who has been
attending school here, left on Thurs-
day for Notre Dame, to join his father
and mother.

Mr. Arnold McCardie of Black
Point visited friends in Charlottetown
on Sunday.

The Misses Lillian Golden and Kath-
leen Nolan spent the week end at the
Pay Shore Hotel.

Rev. G. S. K. Anderson who has
been pastor of the Presbyterian Con-
gregation here for the past six mon-
ths, is leaving for Toronto on May 29th,
and will be absent two months. The
Rev. Mr. Anderson made many friends
in every section of the field and
as a result great numbers attend all
services and several have taken a
stand for Christ. His many friends
will anxiously wait his return or Aug-
ust 1st, as he intends if all goes well
to remain until Dec. 1st. For the
months of June and July the congrega-
tion will do their best to supply the
pulpit.

The farmers are nearly through
sowing and everybody is working
hard this spring to cultivate the soil
and help out the food supply.

Fishing is also reported very good
and for the past two weeks the fish-
ermen have been making good money
as the price is very good, about
\$5.00 per draught of 224 pounds for
fresh cod. The salmon are also com-
ing in and the lobster catch has been
good this season.

The Opera House which has been
closed for the winter months started
on Tuesday last under manage-
ment of Mr. Smith.

Mr. and Mrs. John Cummings are
receiving congratulations on the arrival
of a baby boy at their home last
week.

Pte. Jack Harper of the Depot
Battalion, John was here on Sun-
day last visiting friends.

Mrs. Dickinson and little son are
in town.

Mrs. Dickinson and little son are
in town.

visiting Mrs. John Dickson.
Mr. and Mrs. J. Cooling are re-
ceiving congratulations on the arrival
of a baby girl at their home.
Mrs. McDonald is visiting here the
guest of her mother Mrs. LePurgey.
Friends of Miss Susie Salmon are
very sorry to hear that she is not im-
proving as rapidly as expected. But
wish her a speedy recovery.

79; Cecil Mann, 78; James Harris,
76.

Present every day—
Lillian Firth, Hazel Robertson, El-
mer Firth, Florence Mann, Dorothy
Firth, Olive Mann, Cecil Mann, James
Harris.

FINDS NEW BRUNSWICK**WOOL OF VERY HIGH QUALITY**

Fredericton, N. B., June 6.—Pros-
pects for sheep raising in New
Brunswick and the profitable mar-
keting of wool are exceedingly bright,
according to a statement by J. D.
Thompson of Ottawa, Dominion Gov-
ernment wool grading expert who is
in the province in connection with a
co-operative wool selling campaign
conducted during the winter by the
live stock branch of the provincial
department of agriculture. He is re-
garded as the best wool grader in North
America. He was operated at the
two grading stations at Fredericton
and Moncton and reports that the New
Brunswick wool he has examined is
grading exceptionally high. At Fred-
ericton he graded the best wool he
has seen in Canada.

OUR SOLDIERS ARE HIGHLY
MORAL AND TEMPERATE

According to Dr. J. D. Logan late
sergeant, Canadian Infantry, France,
who writes in The Canadian Magazine
for June, the Canadian field army en-
joys a high moral status, and he
takes to talk editors who sit in easy
chairs at home and only criticize, and
reverend doctors of divinity who went
overseas and saw alleged investigations
of our soldiers' morals, yet could
possess nothing more than "partial
facts and a distorted view of the real
truth." Dr. Logan gives proof posi-
tive of the high moral standing of
the fighting forces in France. His
article is exceedingly valuable just
now.

BOYS, HOW ABOUT IT?

There are some 30,000 Soldier-of-
the-Soil this summer enlisted to help
out on the farms so as to head off the
Hun. Are you one of them? If
not, why not? Boys from 15 to 19
are required for this service and it is
the most important work a boy ever
had to do. It is backing up the sol-
diers at the front. Plan to spend
your holidays on the farm this sum-
mer.

AN ACREAGE INCREASE OF
2,600,000.

Mr. J. D. McGregor, Director of
Labor, Canada Food Board, estimates
that the three Prairie Provinces of
Canada will have seen an increase of
2,600,000 acres in wheat, oats and bar-
ley.

LEMONS WHITEN AND
BEAUTIFY THE SKIN

Make this beauty lotion cheaply for
your face, neck, arms and hands.

At the cost of a small jar of ordinary
cold cream one can prepare a full quar-
ter pint of the most wonderful lemon
skin softener and complexion beautifier,
by squeezing the juice of two fresh lemons
into a bottle containing three ounces
of orchard white. Care should be taken
to strain the juice through a fine cloth
so no lemon pulp gets in. Then this le-
mon will keep fresh for months. Every
woman knows that lemon juice is used
to bleach and remove such blemishes as
freckles, sallowness and tan and is
the ideal skin softener, whitener and
beautifier.

Get it! Get these ounces of
orchard white at any drug store and
two lemons from the grocer and make up
a quarter pint of this sweetly fragrant
lemon lotion and massage it daily into
the face, neck, arms and hands. It is
a beauty lotion to soothe rough, red hands.

SUFFICIENT SUGAR FOR
CANNING

Housekeepers who are anxious
about their preserves for next winter
may take comfort. The Food Board
announces that there will be sufficient
sugar in the country for the preser-
ving and canning season and that the
maximum fruit and vegetable crops
that can be produced in this country
will be taken care of, so far as the
sugar supply is concerned. To make
sure of this, however, strict conserva-
tion will be necessary in the mean-
time.

Marriage isn't a lottery. When a
man draws a blank in a lottery that's
the end of it.

WESTERN SOLDIERS**ATTACK MILITARY POLICE.**

Lively Row Took Place in Quebec,
and Cavalry Was Called
Out.

Quebec, June 9.—Friction which has
been smouldering here for some time
between Western soldiers of the new
army and the Military Police was fanned
into flame on Saturday night
when a party of soldiers under the
influence of liquor attacked the Military
police on St. John Street.

A lively row ensued during which
a plate glass store window was
smashed. As the affair threatened
to gain serious proportions a detach-
ment of cavalry was called out as
a company of armed infantry and or-
der was promptly restored.

Six of the disturbers were arrested,
and to night most of the troops quar-
tered here are confined to barracks
while several companies of armed in-
fantry are policing the city.

The disturbance was purely a military
affair and no civilians were in-
volved.

WANTS TO HEAR PROMPTLY

Regarding Case of Miss Cote Sen-
tenced for Denying Male
Attire.

Toronto, June 10.—"An out-raged
public sentiment wants to hear prom-
ptly this summer by the New
Brunswick Forest Service and the
Botanical Division of the Dominion
Department of Agriculture, in making
a study of forest tree diseases in New
Brunswick.

FOREST STUDIES IN NEW

Prof. R. B. Miller, of the University
of New Brunswick, will be employed
privately this summer by the New
Brunswick Forest Service and the
Botanical Division of the Dominion
Department of Agriculture, in making
a study of forest tree diseases in New
Brunswick.

FEED DEALERS LICENSED.

It is now illegal to deal wholesale
in flour, bran, shorts or any feeds
made from wheat or grain, or prod-
ucts of wheat, or grain, or hay or
straw, without first having obtained a
license from the Canada Food Board.

Wrong Again.
"I hear that Jerry Buncos has
bought another car," said Tattler.
He'll be busy dodging his creditors
now."

"On the contrary," replied Moody.
"He'll keep them busy dodging him."

GERMANS CANNOT CLEAR ZEEBRUGGE CHANNEL

London, June 8.—(via Reuters Limited).—The plight of the Germans at the Belgian submarine base of Zeebrugge, in consequence of the measures taken by the British navy to blockade the port, is even more serious than has been believed heretofore. Photographs just taken from airplanes show the entrance to the harbor is rapidly filling up, and that accordingly the British effort to close the channel is being reinforced by nature.

The sunken vessel found the breakwater, which was at first believed to be an enemy destroyer, now appears to be a large dredger. The loss of this ship evidently has crippled the Germans in their attempts to clear the channel.

A woman makes a rival happy by envying her.

CONTROLLING FIRES ON SETTLERS' CLEARINGS

Admirable Working of Permit System Wherever It Has Been Applied.

The permit system of regulating settlers' clearing fires is now in effect throughout nearly all the forest regions of Canada. Last year, legislation to bring it into force was adopted in Ontario, Manitoba and Saskatchewan. This year, the new Fire Act in New Brunswick makes the plan effective throughout that province. In Nova Scotia, Quebec and British Columbia the system has been in effect for years. Alberta is now the only forest province without it.

Wherever the setting out of settlers' clearing fires has been regulated under the permit system, with an adequate staff for its enforcement, it has worked wonders in reducing the forest fire losses, with no real setback to agricultural development.

The disposal of logging slash by fire, under control, is a problem closely related to that of slash resulting from settlers' clearing operations. In various parts of Canada, the safe disposal of logging slash is receiving increased attention, due to the rapidly increasing stumpage value of timber and to the realization that our forest resources are by no means inexhaustible.

EXCELLED EVEN

The Story of the German "Black Book."

London, June 6.—The British press, discussing the Pemberton-Billing case, condemns Pemberton-Billing, M. P., "for attempting to besmirch the character of public men and women without the slightest evidence but the merest gossip to support his insinuations."

The papers also condemn the management of the case by the presiding judge, Judge Darling, who charges with permitting irrelevant slanders against public men to be introduced, with no chance given to them to speak for themselves.

The Westminster Gazette says: "If the British law is in this desperate plight, Parliament should suspend all other business until it has provided the courts with rational methods of conducting litigation."

The Times says: "Neither in public nor in private morals has England caused to fear comparison with any country in the world." But the Times condemns the fact that people in high places have condoned the passion in small cliques for excitement and the taking up of the latest novelty, adding: "No public man or woman can afford unnecessary contact with questionable companions. This case may have a good effect in making such persons realize their responsibility."

The Daily News says: "Never was a fabric of slander erected on so airy a foundation. The episode of the Black Book, with forty-seven thousand names of British judges, ambassadors and ex-ministers, all criminals and presumable victims of vice, and all of them in consequence instruments of the 'Hidden Hand' controlling the fate of this country in the interest of Germany, exceeds in frenzied silence anything ever conceived in the fertile brain of Titus Oates. Not a scrap of evidence worth a moment's consideration was advanced in support of a mountain of infamous innuendo erected on this phantom book, which, if it exists at all, is probably nothing more than a 'Who's Who' of a foreign country which is found in every complicity conducted foreign office."

The Daily Mail says that Pemberton-Billing brought forth a great deal of hearsay testimony which was more appropriate to Bedlam or a Drury Lane melodrama than to a British Court of Justice.

The Daily Graphic says: "Monstrous accusations were made by Pemberton-Billing wholesale on the alleged authority of a mysterious book which was not produced in court. Nobody knows who compiled it or for what purpose it was compiled."

Instinct or Experience. They were driving together—he and she—thinking, perhaps, of the day when they would pull the car of life in double harness.

Presently they came to a secluded lane, and the girl took the reins. The man then slipped an arm round her slender waist.

"Gertrude," he said at length, "are you certain you never have had any other man's arm about your waist as mine is now?"

"Of course not," she answered, "Why do you ask?"

"I was just wondering," he said, "whether it was instinct or experience that prompted you to take the reins from my hands just as soon as we came to this shady spot."

HUSSEIN KAMIL.

The Man Who Helped the Reconstruction of Egypt.

For many years before the British Government called upon Hussein Kamil to assume the difficult position of the first Sultan of Egypt, as it did in the December of 1914, Hussein had been one of the best-known and most-respected figures in Egyptian public life. A keen agriculturist, and a strong believer in the benefits of education, he devoted all his energies to raising the standard of both. Thus, the hard lot of the Egyptian fellah made special appeal to him, and he did much to make it easier.

While he gave evidence of true statesmanship in that he recognized the impossibility of his country ever rising to any worthy position as long as its women remained uneducated. He was himself, of course, a man of liberal education, and spent a great deal of his time, as a young man, in Europe. After attending various schools in Egypt, he went, in 1867, to Paris to complete his education. There he became the guest of Napoleon III, and two years later, when the Empress Eugenie visited Egypt, at the special request of Hussein, she returned to that country so as to act as one of her chamberlains. Later on, after having, in the meanwhile, returned to Paris and succeeded in getting away from it just before the outbreak of the Franco-Prussian war, he went back to Egypt and threw himself wholeheartedly into the public service. His father, Ismail Pasha, appointed him Inspector-General of the Province of Upper and Lower Egypt, and, during the years 1873 to 1875, he held many important ministerial posts in the country, thus gaining that intimate knowledge of affairs which he was to put to good use later on.

Then when Ismail was deposed, Hussein went into exile with him, but, after the suppression of the Arabi rebellion, returned once more to Egypt, and once more devoted himself to public work.

Hussein Kamil was a firm believer in the British occupation, and was never tired of insisting that the prosperity of Egypt depended on a loyal co-operation with the occupying power, maintaining that this might, at all times, be effected without any loss of Egyptian ideals. And so it came about that he was ever the trusted counsellor of the British government.

Lord Cromer made him his friend, and also Sir John Gurney, whilst Lord Kitchener never failed to take counsel with Hussein Kamil before making any one of the many great schemes for the betterment of the Egyptian people. His work was, indeed, for the most part, carried on in the background. Only once, in recent years, did he accept a prominent position, and that was in 1909, when, in the hope of raising the tone of the deliberations of the Legislative Council, he was elected to the post of President of that body. He resigned the position, however, the following year, after the Franco-Prussian war, and the debate on the proposed extension of the Suez Canal concession, but he remained in the Council as a member, and continued to address the throne as the first Sultan of Egypt, some three years ago, he resumed that position of friend and counsellor which he had occupied for so long and with such success.

When he accepted the position of Sultan, it was with all his usual modesty, and with all that recognition of his responsibilities which was always characteristic of the man. He knew well, too, what he was doing, and how his action would be viewed in Constantinople. It came from the shores of the Bosphorus outlawing the new sovereign, and practically inviting his assassination. Twice during the following year that assassination was attempted, but Hussein Kamil went on his way undisturbed, and declined to let threats deter him from carrying out the arduous tasks he laid upon himself as one of the correspondents of the Sultan's day, as one writer has said of him, was a continuous round of public duties, and his audience chamber was attended, not only by officials, but by hosts of native notables from all parts of the country who approached him for counsel or assistance. Thus he was able continually to influence the opinions in the right direction, and, at the close of his reign, the ill-feeling which had been stirred up against him, when he ascended the throne, had been completely swept away, and its place taken by an affection and regard as joyful as few.

In Italy. Poor Tommy Atkins! He has no doubt obtained a workable knowledge of French, that is to say of French as it is spoken in the British fighting line, but he is not a Frenchman. But one thing is quite certain, he will manage somehow, declares The Christian Science Monitor, according to one of the correspondents of the British troops on the Ypres plain, Tommy has not hesitated, until he can do better, to address himself in his own mother tongue to his Italian comrades. He pushed them much at first by saying, "Cheer up!" At last the Italians inquired of an interpreter what kind of stress it was the British soldiers wanted.

A Suggestion. A certain Scottish soldier in a hospital had been operated on four times in an endeavor to extract a bullet from the vicinity of his lower ribs. On the last occasion he stated he had a request to make before going under chloroform. Permission having been granted him to ask it, he remarked to the surgeon: "Oh, it's nothing much. I just want to suggest that if you are unsuccessful this time and think you will have to try again, don't sew me up; just put buttons on me."

His Choice Limited. Mrs. Choice—Do you know you are playing with two very naughty little boys, Johnny? Johnny—Yes. Mrs.—You do? I'm surprised. Why don't you play with good little boys? Johnny—Because their mothers won't let them.

NEWS FOR THE BOYS. So many of our soldier boys request that the Graphic be sent them each week that we have decided to offer the Graphic mailed to any address overseas for \$1.00 per year or 50 cents.

A Hasty Glance. Agnes—A man just went by in an automobile. He looked at me and said: "What a beautiful woman!" Marie—Heaven! He must have been going fast!

KEEN INTEREST IN CO-OPERATIVE MARKETING BY NEW BRUNSWICK WOOL GROWERS

J. D. Thompson, Dominion Government Wool Grading Expert Says Fine Grade of Wool Accumulated at Fredericton Station.

J. D. Thompson, expert wool grader from the Live Stock Branch, Ottawa, has arrived at Fredericton to grade the wool at the Fredericton warehouse. Next week he proceeds to Moncton to grade the wool at the Moncton warehouse. These wool warehouses are operated in connection with the Canadian Co-operative Wool Growers, Ltd., an Association organized to promote the sheep interests of Canada.

The Provincial Department of Agriculture has carried on a vigorous campaign in co-operation with the Live Stock Branch and the Association to further interest the wool growers in this method of marketing whereby the middlemen and local buyers are eliminated. The wool passing direct from the grower to the purchaser.

By marketing through the Association farmers can confidently expect to get the highest possible price obtainable.

Speaking of prices Mr. Thompson states that he has recently visited the Boston market and was given to understand that prices would range even higher than he had expected. Furthermore Mr. Thompson reports that the wool at the Fredericton warehouse will grade very high and that it is in the best condition of any wool that he had graded this year. This augurs well for the price that the New Brunswick wool growers will receive and also speaks well for the local wool growers, considering this is the initial effort, along this line, on an extensive scale in this province.

The main idea to keep in mind in marketing wool co-operatively is that the Association forces local buyers to pay somewhere near what the wool is worth and farmers should keep this in mind. Again the Association wool is graded and properly prepared. The Association caters to the Woolen Mills and gives them exactly what they need. They get a guaranteed product and consequently are willing to pay the highest market value.

The ware-houses at Fredericton and Moncton will continue to take in wool during the entire month of June. Those farmers that have not any standard sacks or twine can ship in clean bran sacks and in lieu of paper twine can use the neck band to tie each fleece with separately.

THE LUMBERMEN ARE ORGANIZING. Association to be Formed of all Lumber Operators.

At a meeting of the lumbermen of New Brunswick, held Wednesday afternoon at the Board of Trade rooms, the New Brunswick Lumberman's Association was formed. A committee consisting of W. B. Snowball, Chairman; P. C. Beattie; St. John; Donald Fraser; Plaster Rock; D. Richards, Campbellton; and R. W. McLellan, Fredericton, had prepared by-laws, but it was not thought advisable to leave organization details to be worked out at the meeting on August 1.

W. B. Snowball presided. It was moved by J. Fraser Gregory, seconded by F. M. Anderson, that those present form themselves into the New Brunswick Lumberman's Association. This carried unanimously.

Mr. Gregory then moved that the organization committee be continued until August 1, when a meeting would be held at Fredericton, at which the officers would be elected and organization completed. Carried.

Mr. Gregory suggested as a basis for membership fees a flat rate of \$10 plus a percentage on the mileage, acreage or lumber manufactured. P. C. Beattie suggested preparation of a budget for the first year's requirements of the association.

Mr. Snowball explained the purpose of the association, pointing out that such an association would tend to cement the lumber interests of the province, and "cut out the cross grains."

The new association will include in its membership all those directly interested in the lumbering industry. A paid secretary will be employed.

ICE-CREAM MAKERS LICENSED. No person may manufacture ice-cream, candy, cake, crackers, biscuits, pastry, confectionery, ice-cream cones or chewing gum, without first obtaining a license from the Canada Food Board, on and after July 1st.

FARM WORK MUST GO ON!

Men and women are needed on the farms of Canada to-day. It is our patriotic privilege to help feed our Allies. But it is hopeless to try to do the heavy work involved if the kidneys require attention.

GinPills

FOR THE KIDNEYS

are compounded of certain medicines, which have proven their efficacy in healing disorders of the kidneys, such as Rheumatism, Pains in the Back, Urinary Troubles, Swollen Joints and Ankles, and Headaches.

GinPills are sold at one of the best drug stores in the city. Price 50c per box. Free Sample 10c.

AMHERST, N. S.

The Indian Idea.

"An Indian soldier home on a furlough was walking down the main street at Muskogee, when a white man, who knew him, stopped him, and said:

"Well, John I see you have become a soldier."

"Yes, me soldier," replied the Indian.

"How do you like being a soldier, 'um?"

"No like-um."

"What's the matter?"

"Too much salute—not enough shoot."

"Of course you know what you are fighting for, John."

"Yes, me know, 'make whole old world Democratic party," said the Indian.

FREE SEED CORN.

Seed corn of 100 bushels or less may be imported now from the United States without an importation permit. All that is necessary is to make application to the War Trade Board, Washington, who will grant an export License.

Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel of a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

All prices subject to our list, except trunks and chests.

Signature of Registrant _____

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years of age or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

Where to Register

Every person is required to register at the place specified in the regulations. The location of all such places will be specified in proclamations posted conspicuously.

The card shown in the illustration is a facsimile of the registration card for males. An advertisement showing the card for females appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. If you have any special qualifications, or feel that your services would be more beneficial to the country in some other line of work, say so.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the idle, feeble and aged to turn out. If such persons wish to register prior to June 22nd, their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hour—9 o'clock to 10 p.m. Register early and get your Certificate for your own protection.

Issued by authority of the Canada Registration Board.

PERSONALS

Miss Barbara Matthews is the guest of friends in Chatham.

Mr. Trevor White spent a few days in St. John this week.

Mr. H. J. Currie spent Wednesday in Bathurst on business.

Miss Hazel Jamieson spent Sunday at her home in Dalhousie.

Mr. Perley Dunn of Bathurst spent a few days in town this week.

Mrs. Robt. Nelson has returned from an extended visit to Boston.

Mr. Walter Winchester visited his parents in Dalhousie on Wednesday.

Mrs. Jos. Laviolette of Charlottetown is visiting friends in town on Wednesday.

Mrs. Jos. A. Stevens spent the week end and the guest of relatives in Newcastle.

The casualty list of this week has the name of E. Ash of Campbellton, listed as gassed.

Mr. and Mrs. D. A. Harquail of Campbellton were in Chatham for a few days this week.

Mrs. A. Murchie and son, Master Norman, of Nash's Creek visited friends in town last week.

Rev. F. T. Bertram is in Sackville this week attending the Methodist Conference being held there.

Mrs. R. H. Henderson of St. John was the guest of Mr. and Mrs. J. S. Benson for a few days last week.

Mrs. George Bentley of Montreal, is in town visiting her two sisters, Mrs. W. R. Gilker and Mrs. P. E. Mullen.

Mrs. W. H. Wallace has returned from Amherst where she was called by the death of her sister, the late Mrs. Redpath.

Mrs. L. Hurlburt of Lewis, P. Q. has opened her cottage in St. Adele and has as her guest, Miss Hazel M. Sharpe also of Lewis.

Among the returned soldiers recently arrived at St. John are H. Chambers, West Bathurst, and W. Letourneau, of Campbellton.

Miss Dorothy Wheeler, nurse in training at the General Hospital, Montreal spent a few days in town this week visiting friends.

Mr. John Watling is attending the Methodist Conference at Sackville this week, as a lay delegate from the Methodist Church here.

Mr. O. J. Lawson leaves on Saturday's Limited for St. John where he will attend a convention of all delegates from the St. John area to attend the G. W. V. A. Convention. He will return on Monday.

The Soldiers Comfort Association wish to thank Marjorie McBeath for socks, the proceeds of a concert given by her Saturday afternoon, she was assisted in this by Pauline McBeath, Dorothy Stevens, Dorothy and George Miller, these girls are to be commended for their patriotic efforts.

TRAINS COLLIDE.

Burlington, Va., June 5.—A collision between a local passenger train and a work train on the Central Vermont R.R. between this city and Winoski, today, killed five persons and injured seven others. Seven were removed to hospitals.

Some men don't know that they are beaten until long after other people make the discovery.

NELSON-GILKER.

The home of Mr. Orville Gilker, Patterson Street was the scene of a very happy event on Wednesday, June 13th, at four o'clock when his eldest daughter Lulu was united in marriage with Mr. David Courtenay Nelson of this town. The ceremony was performed by Rev. Wellington Camp, B. A. pastor of the Baptist Church in the presence of the immediate relatives of the both families. The bride who wore a travelling suit of navy blue chiffon serge with a smart little hat of cerise with taupe chenille trimmings and veil, carried a beautiful bouquet of roses, carnations and sweet peas and looked very charming indeed. She was given in marriage by her father, Miss Lou Nelson, sister of the groom played the wedding march. The rooms were very prettily decorated with potted plants. After the ceremony a dainty luncheon was served.

The happy couple have many friends in Restigouche as well as throughout the Dominion and U. S. A. They received many beautiful and valuable presents including several cheques.

Mr. and Mrs. Nelson left on the Ocean Limited for Quebec, Montreal, Toronto, and Niagara Falls. On their return they will reside in Campbellton.

McLEAN-McKINNON.

A quiet wedding took place Saturday evening June 8th at the home of Mr. and Mrs. William McKinnon, Shannonville when their daughter Catherine Grace was united in marriage to Mr. Wilford McLean of Black Point.

The ceremony was performed by Rev. J. H. McLean in the presence of the immediate relatives.

The bride is a graduate of the Elliot City Hospital, Kennebec, N. H. and also attended the Provincial Normal School, Fredericton. After the ceremony luncheon was served after which Mr. and Mrs. McLean left by auto for their home in Black Point.

U. S. MOBILIZES 40,000 COLORED REGISTRANTS

Washington, June 5.—Orders for the mobilization of 40,000 negro draft registrants qualified for general service to enter from June 20 to June 25, were sent out today by Provost Marshal General Crowder.

HUNDRED KILLED IN EXPLOSION IN FRANCE

Paris, June 5.—One hundred persons were killed and fifty others injured in Monday's explosion in a war materials plant at Bussens, in Southern France.

FRENCH CANADIAN BRIGADE WILL BE FORMED OVERSEAS

Quebec, June 5.—General McBurn official announced here today that a French Canadian brigade will be formed when the men reach overseas.

VOLUNTARY RATIONING SYSTEM

At a meeting in Toronto Mr. H. B. Thomson, Chairman of the Canada Food Board, said that a voluntary rationing system would be introduced in Canada, a committee in each Province settling the scale of rationing.

Too Bad.

"Too bad about Tom and the girl he's engaged to. Neither one of them is good enough for the other."

"Where did you get that idea?"

"I've been talking the matter over with both families."

F. E. SHEPARD AND COMPANY

DALHOUSIE.

Dalhousie June 12.—Your correspondent

has been handed a circular calling

upon those who have phonographs,

gramophones, or graphonolas on hand

can spare any records to hand them

over to the Red Cross. "If the people

could really know how much genuine

satisfaction sick soldiers actually

receive from phonograph records, I

am sure that every citizen who owns a

machine would willingly go through his

cabinet at once and choose a selection

of records to help bring gladness

and cheer to the hearts of the stricken

men who have so willingly done their

bit." Said Mr. Fred A. Mulholland,

Hon. Assistant Secretary of the Toronto

branch of the Red Cross.

We will accept old phonographs,

gramophones, or graphonolas. "While

we need all the records we can get, we

can put any number of second-hand

machines to excellent use. I wish

the people could see the wan, furrowed

faces brighten out into radiant smiles

as some old-time melody reaches the ears

of those who have been long, weary weeks

suffering from wounds they cheerfully received

for the sake of duty."

"Doctors and nurses in military hospitals

agree that nothing can equal the sweet strains

of music for soothing the nerves of wounded and

broken men during their convalescence."

Those who wish to assist in the

above request can deliver their records, etc., to the

President or Secretary of the Red Cross Societies at

Campbellton, Dalhousie, Jacques River, New

Richmond, Esquimaux, New Carlisle, etc., etc.

Mrs. J. Porter Mowat, Mr. and Mrs.

Geo. McKenzie, Miss Ethel Andrew

and J. T. Mowat motored down to the

shirtown from Campbellton, on Sunday

evening and were the guests of Mr. and Mrs. A. R. Fraser.

The Inch Arran House, Canada's

Favorite Summer Resort will be ready to

receive guests on Saturday the 15th, inst.

The first visitors are expected to arrive on

Friday 21st, inst., when Sir George Foster, Minister

of Trade and Commerce of Canada, Lady

Foster and Mrs. Geo. E. King will come

here from Ottawa to remain in Dalhousie

until September.

This fine hotel which is situated

south west of Bay Chaleur and within

the town limits of Dalhousie, will be

better equipped than ever before to

cater to the comfort of tourists during the

summer of 1918. Several lady students from

Mont Allison Ladies College of Sackville, N. B., intend

spending the summer at the "Inch Arran." They

will dispense music for the amusement of the

guests and visitors to the hotel, as they will

bring the necessary instruments to form a complete

orchestra. The same ladies will wait on the

tables. Applications have already been received

for a large number of rooms. The Miss Emma

Isabel Dismore, daughter of the late Rev. Canon

Dismore, who died on Monday June 3rd in St. John, N. B. was a sister of the late

W. G. Dismore at one time a prominent physician in

Dalhousie. News reaches here from the Quebec side

that the epidemic of influenza is spreading in the

parishes of St. Omer, Carleton and Maria, has been a

total failure. This is keenly felt as the people in the

above parishes generally depend on the herring to enrich the

land for potato cultivation. The unfortunate situation is

made worse by the fact that flat fish etc., generally caught

in large quantities were also very scarce resulting in the fact

that farmers who have in the past planted eight and ten

barrels of potatoes were only able this year to plant a couple

of barrels. The very high cost of artificial fertilizer was

another obstacle. A very successful entertainment was held

in the large school house in Lower Balmoral on Monday

evening. It had been organized by the Misses Poitier and Branch,

teachers at Upper and Lower Balmoral. They and their pupils

looked part. The proceeds were for Eel River, Charlo, Petit

Rocher etc. All were delighted with the good singing made

by both teachers and pupils. Congratulatory remarks were

made at the close of an enjoyable programme by several

clergymen who were present. Wgt. E. McIntyre, Montreal, is

in Dalhousie to-day. He has been enjoying a few days

visiting his friends in the Co. of Bonaventure and Restigouche.

On Tuesday he visited his native place in Charlo, N. B. Mr.

McIntyre still owns his nice home in Co. Bonaventure St. John, N. B., and

his family intends spending the summer months there. Edward

Bernard, Esq. Councillor of Upper Balmoral was in town on

Friday and stated that the farmers of

Assessor's Notice.

PUBLIC NOTICE is hereby given that the undersigned have been appointed as Assessors for the Town of Campbellton for the year 1918, and that any person or body corporate liable to be assessed, or his or their agent, may furnish the said Assessors with a written detailed statement of the real and personal estate and income of such person or body corporate within ten days from the date hereof.

Dated at Campbellton this 11th day of June, A. D. 1918.

JOHN T. REID
P. JAMIESON
JOHN L. LEBLANC

June 13-2-wks. ASSESSORS.

Notice of Dog Taxes

PUBLIC NOTICE is hereby given that any Dog found running at large in any part of the Town of Campbellton, contrary to the provision of By-laws of the said Town, after the 15th day of June, A. D. 1918 and whose owner cannot be found, shall be destroyed without further notice.

Dated this 7th day of May, A. D. 1918.

JOHN T. REID,
Town Clerk.

Balmoral, had put in a splendid chop this spring and that there was a wonderful improvement in the stock kept in this new parish.

Private Frank Troy passed through on Tuesday from Quebec to Halifax.

His mother Mrs. P. B. Troy and his sister Miss Audrey Troy went to Campbellton, where they had the opportunity of spending some time with him.

He went through on the soldier train that carried 500 Americans and Canadian engineers who are en route to Europe. He is the third son to give his service to King and Country. Two brothers are now overseas. One in France.

The many friends of Frank McEvoy, the manager of the Sydney Lumber Co., Dalhousie, were pleased to see him here on Sunday, after his long stay in the Hotel Dieu Hospital, Campbellton.

The funeral of Mrs. Mawhinney, wife of Counsellor W. G. Mawhinney of Upper Charlo, Restigouche Co., took place this afternoon and was very largely attended notwithstanding a heavy rain storm. The deceased who was always very much esteemed for her many fine qualities passed away on Sunday, after an illness that lasted for five years. She was in her 71st year. Mrs. Mawhinney was a sister of Mr. Theo. McKenzie of Upper Balmoral, and was a native of Restigouche Co., Rev. J. L. McLean of Dalhousie conducted the services at the house and grave. Interment was made in St. John's Presbyterian cemetery, Dalhousie.

The many friends of Mr. James Duncan will regret to learn that he is in poor health. During one of his trips recently acting as a government official in the Bay of Chaleur he had to be taken over to the New Brunswick side by boat, and brought home by automobile where, he is getting the best of care.

Wm. S. Simpson who is looking after the Dalhousie Lumber Co.'s interests in the South East, Upsalquitch, spent Sunday with his family.

Capt. Arthur McIntyre, of Campbellton who has done splendid work in this great war, having served his country twenty months, is enjoying a well deserved rest. This week he is visiting his Dalhousie friends and is the guest of his cousins Mr. and Mrs. H. A. Trudelle.

Chas. Chaloner, who has been in the employ of the federal government for the last thirty five years, has been spending a few days here, a guest in the Queen. He has been examining the Dalhousie Harbour for the British Government. He took Sackville and H'chts. From here he went to Sydney, N. S.

Your Clothes

Should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is often judged by his appearance.

You need never be ashamed of your clothes if we make them.

Call and see our line of Blue and Black Serges, absolutely guaranteed.

Bernier, The Tailor

DO NOT NEGLECT

YOUR EYES

We hear much of people who sacrifice everything to sartorial splendor. They would go without dinner every day for a new pair of shoes.

Sacrificing health for appearance is not good policy—it does not make for health a real happiness.

Not only do you squint and frown when you neglect your eyes, but you seriously injure your health.

Better have a careful examination made.
