## ANNUAL C. G. I. T. CONFERENCE TO OPEN TWO-DAY SESSION HERE ON FRIDAY EVENING

Meetings Held Under The Auspices Of The Maritime Religious Education Council With Miss E. Trotter In Charge—Badges To Be Presented On Friday Evening—Banquet Slated For Saturday Night.

Announcement was made today that a C. G. I. T. Conference will be held in Campbellton this week under the auspices of the Maritime Religious Education Council. The conference which will open here on Friday evening in St. Andrews Church Hall, will continue its sessions the following day and on Sunday. A banquet will be held on Saturday evening at 6:30 o'clock in St. Andrews Hall and at this function, which is sure to be a pleasant one, as well as at the other meetings, a large attendance is expected. All members of the C. G. I. T. organization here are requested to be present at the opening session on Friday night at seven o'clock as the girls will be presented with their badges at that meeting. Miss Marjory E. Trotter will be in charge of the conference while Mrs. H. B. MacDonald of Chatham will be the song leader. On Sunday afternoon a vesper service will be held in St. Andrews Church at 4 o'clock. Further announcements will be made at the different meetings.

## GREAT PROSPERITY FOR CANADA

Sir Henry Thornton in Paris  
Inspecting Rebuilding of the  
Scribe Hotel.

"Canada is on the threshold of great prosperity," Sir Henry Thornton, President of the Canadian National Railways recently when inspecting the work of rebuilding the Hotel Scribe which promises to be one of the finest railway offices in Europe. "The causes are purely economic," continued Sir Henry. "The higher standard of living since war has created a greater demand for cereals which the United States and other wheat producing countries cannot satisfy. The Dominion of Canada therefore must supply it and we just have to dig in whether we want to or not. More people complain about the American capital invasion of Canada, but money has no nationality. Even if it had as long as it builds up our country and provides our people with work we shall welcome it. "The Duke-Prince aluminum development at Chute A'Caron, Que., is only a forerunner of what is coming. To accelerate it the Canadian National Railways has secured at Fifty Ave. and forty-third Street, New York, a ground floor office, which with the offices here will certainly attract American business. We cannot go on living on ourselves and we must have a policy to draw from the outside. As traffic is the solution of Canada's railway problem so service is the way to obtain it. The returns show that we are now giving service."

Measures J. G. Christie, Manager of the Royal Bank here and Dr. J. A. Roy, who returned here recently from a hunting trip in the Charlo district, were successful in bringing down four of the largest buck deer landed in Campbellton this season, averaging a weight of 200 pounds each, when dressed.

## LOCAL HUNTERS GET FOUR LARGE DEER

J. G. Christie and Dr. Roy Enjoy  
Successful Trip In Charlo  
River District.

Accompanied by Guides Arthur and Joseph Levesque of Mountain Brook, the hunters left on Nov. 3rd for the South East. While on their trip they saw as many as 27 deer during one morning. The guides, Messrs. Joseph and Arthur Levesque are well known throughout the Charlo district, and the result of the trip testifies to their ability as trailers of the elusive game. Both Mr. Christie and Dr. Roy would recommend them as guides to any sportsmen anticipating a trip in their territory. All four deer heads were particularly fine specimens and one of the quiverettes had ten point antlers. "Name three articles containing stard," Student: "Two cuffs and a collar."

## MEETING OF TOWN COUNCIL

Usual Departmental Accounts  
Passed and Auditors Re-  
ports Received.

A meeting of the town council was held Friday evening. His Worship Mayor McKay presiding. Couns. Cool, Patterson, Moores, McDonald, Savage, Ramsay and Caldwell were present. The minutes of the last meeting were read and approved. Dr. Donnelly, food inspector submitted reports to Oct. 31—These were read and placed on file. His Worship remarked that these reports showed a great improvement in the milk supplied in town. The Auditors submitted reports which showed some improvements over previous years in tax and other collections. One item in these reports caused considerable discussion, that was the arrears of water rates, quoted at \$12,000. The Mayor thought some action should be taken in reference to this. Coun. Savage said that there was too much sympathy displayed in the town business. If the business is run on too sympathetic lines the town would go bankrupt. The report of the auditors was referred to the Finance and Water and Sewerage committees. The usual departmental accounts were read and ordered paid. Coun. Ramsay moved that the Town Solicitor be instructed to take the necessary steps to secure legislation to borrow by way of overdraft a sum not to exceed \$50,000—Carried. The council then adjourned.

## TWO GAS TAX LAWS LIKELY TO BE SAME

N. B. Minister of Public Works  
Says Conferences Held  
With N. S.

Fredericton, Nov. 2.—There would probably be uniformity of provisions in the gasoline tax law which would be enacted in New Brunswick and that adopted in Nova Scotia, Hon. D. A. Stewart, Minister of Public Works, announced yesterday. Already an informal conference on the subject had been held between representatives of the governments of the two provinces, Hon. Mr. Stewart said, but there was nothing certain yet as to the provisions of the two acts. The minister said he could not say whether the tax would be two or three cents per gallon.

## 18,282 RETURN FROM U. S.

57,086 Others Enter Dominion to Make Their Home.

Ottawa, Nov. 21.—The department of immigration and colonization issued following statement last night: Immigration to Canada for the first six months of the current fiscal year, that is from April 1 to September 30, 1925, totalled 57,086. Of this number 18,282 were from Great Britain and Ireland, 11,199 from the United States and 20,815 from other countries. In the same period 18,282 Canadians returned to the Dominion from the United States where they had been residents for six months or longer. Immigration for the month of September totalled 6,666 of which 2,727 were British, 1,794 from the United States and 2,145 from other countries.

#### A CARLOAD A DAY

Last week's carload lots of Moirs products went forward to Calgary, Edmonton, Winnipeg, Vancouver, Regina and Toronto.

Besides these there are numerous carload orders on file, including one for Charlottetown, two for Montreal, three more for Toronto, one for St. John, and others for Maritime points running at the rate of around half a car a day.

Like something new? Ask for Orange Cubes and Orange Pineapple. Velva centres in Moirs Chocolates.

## The Proposed Rink Improvements Discussed

In other columns of this issue will be found articles which set forth the present hockey situation in Campbellton and it does not require a very retentive memory on the part of those interested in the local history of this great national game to take a retrospective glance over recent years and compare the present outlook with that of any season for several winters back. Such comparison shows the prospects for this season to be particularly encouraging. There is, in fact, only one phase of the matter that is not just as satisfactory as it might be. And that is the inadequate accommodation of the rink building.

At the hockey meeting on Friday evening last Mr. A. H. Ingram was heard in regard to the question of some proposed improvements. He is reported as saying that the management will put in three ventilators, paint the interior of the rink white according to M. A. H. A. regulations and, if possible, build two dressing-rooms at the east end of the rink. He also referred to the matter of reserved seats, presumably having this idea under consideration.

The two first items on this short list of very necessary improvements are, no doubt, satisfactorily settled. But the disposition of the others, which, incidentally, are even more important, is as yet entirely problematical. In the matter of the proposed dressing-rooms there is positively no doubt of their necessity. As all those connected with either the team or the rink know, the present arrangement, is not only exasperatingly inconvenient but, from other angles, is entirely unreasonable. Under the present arrangement the home team is obliged to climb and descend a narrow stairway, cluttered with a mob of thoughtless fans, when leaving the ice or returning to play. In addition to this discomfort they are obliged to run the risk of straining an ankle or breaking a leg or, at least, ruining their skates for that particular game.

There is no desire on the part of the writer or any official of the club to censor the rink management for this unsatisfactory arrangement. The urgent request for improvement is inspired solely by what is very clearly, a real need. In years past the interest taken in hockey, the patronage of the then smaller public or the place this game held in the winter life of the province did not, perhaps, warrant any elaborate expenditure on a skating rink. But that day is evidently past. Considering the matter from every angle, Campbellton is now at the place where she must let nothing of this nature stand in her way, if she is to win her rightful recognition in the realm of sport in this province.

As all local promoters of the game know, the Campbellton team has always had some obstacle of some kind to contend with. In many cases these difficulties have cost them a game—and perhaps more than a game, if some instances of this nature were carefully traced out. There should be nothing of that kind this season. The provision of a suitable dressing-room, properly fitted up, will help the boys to do better work, and that alone is ample reason for its immediate erection.

The rink is run by essentially economical business methods but any business man will listen to reason. The time is getting short and we would suggest that the officials of the club co-operate in an immediate and more vigorous effort to have this matter satisfactorily settled, without further delay.

In regard to the idea of erecting a section of reserved seats in the rink building, the management have an opportunity of increasing their present revenue. This idea has been freely discussed recently and several persons have declared that they would reserve from one to four seats for the entire season. No doubt a large percentage of them could be

## NO CHANGE IN BONAVENTURE

Recount Concluded Last Friday  
Shows Only One Vote Gained  
For Conservatives.

The Campbellton Graphic, Campbellton, N. B.  
Dear Mr. Editor:—  
Desiring to put an end to all the reports which have circulated about the election in Bonaventure, I beg to state that by the recount held by Honourable Justice J. Camille Pouliot at New Carlisle and which closed on the 26th instant, my report published in your last issue of the Graphic giving Honourable Charles Marcil a majority of 530 over his opponent has only been decreased of one vote, leaving it at 529 instead of 530 which I accept as a great credit to myself and to my election clerk as well as to all the Deputy Returning Officers or other officials who have acted under me.

I also beg to state that all the reports of stolen or broken boxes which have been circulated were absolutely false and untrue.

Remain, Sir,  
Yours very truly,  
E. J. S. VERGE  
Returning Officer.

## CONFERENCE TO BE HELD AT BATHURST

C. S. E. T. Boys Will Hold  
Annual Meeting Dec. 4th  
to 6th Inclusive.

An older boys' conference, representing the counties of Northumberland, Gloucester, Restigouche and Bonaventure, under the auspices of The Maritime Religious Education Council, will be held in Bathurst on Dec. 4-6. Some fifty boys are expected to be present. The speakers expected from outside are Rev. G. M. Young, Chatham, who will speak on "The Problem of Habits," Rev. W. S. Godfrey, Campbellton, the subject of whose address is, "The Boy and the Church," and Rev. P. M. Milligan, Secretary of the Board of Education who will conduct the Conference, and speak on Program Building. Ralph Chalmers of Bathurst has been appointed to receive the names of prospective delegates. A committee representing the different churches will shortly be appointed to arrange for billeting, etc.

The meeting will be held in Trinity Church. Three features apart from the address are, the supper on Saturday night, Stunt night, and the service to be conducted by the boys at the close of the Sunday evening services.

disposed of on the evening of the games. When the sidelines are packed tighter than a Saturday night's "jag" who wouldn't buy a reserved seat at any reasonable figure in order to see who will shoot the next goal?

There is too, one point which particularly recommends this reserved idea. There are many people, some of whom busy professional and business men, who cannot and will not rush down their supper at 6 o'clock, rush to the rink and wait outside in the cold until the doors are opened, stand on freezing feet until half past eight and then suffer the indignity of being unceremoniously jumbled in the ribs throughout the game by the elbows of some overzealous fan. Reserved seats would surely overcome this drawback, the "gate-receipts" would assume more gratifying proportions and, more than this, a small army of new patrons would become keenly interested in hockey and would eventually be numbered among the strongest sport supporters in the town.

There is one thing to consider in regard to the erection of such seats. They cannot be built up stairs; they must begin at or near the rink floor, if they are to meet a demand and enjoy a degree of popularity commensurate with the initial outlay necessary in their construction. If they were built from the balcony floor up, at the west end of the rink as already proposed, those occupying the fourth or fifth row could not witness play directly in front of the immediate goal. In other rinks where such a provision has been made and proven most successful, these seats are, in most cases built from the ground up.

However this does not discredit the idea. Two or three rows would be better than none and on the other hand these seats could be constructed at the east end of the building along with the new dressing-rooms. In any event they should at least pay for the expenditure entailed the very first season—after that the total revenue derived from their rental would be clear profit.

The idea is a good one and it deserves to be seriously considered. Let us see what will be done.

## CAMPBELLTON HOCKEYISTS RE-ORGANIZE FOR THE COMING SEASON'S ACTIVITIES HERE

Outlook This Year Is Particularly Promising—In Friday's Meeting—Rink Improvements And Informal Dance To Open Campaign For Raising Necessary Funds—New Officers Elected At Friday Evening—Banquet Slated For Saturday Other Matters Dealt With.

## NEW HOCKEY GROUP IS FORMED HERE

Boys of St. Andrews and Wesley  
United Churches Are Organized—Trophies Put Up—Open Air Rink.

A very definite step in the right direction was taken at a meeting on Tuesday evening when a new local hockey organization was formed among the boys of St. Andrews and Wesley United Churches here. This new organization is divided into two leagues. The junior league comprises boys of from 12 to 15 years of age while the senior league will be made up of young hockeyists of from 15 to 18 years. It is estimated there will be about twelve teams in the new organization and efforts are now being made to secure a suitable coach for each team. Arrangements have also been made to secure the rink for practice for the different teams on Tuesday and Thursday evenings from 6 to 7 o'clock and on Saturday morning from 10 till 12 noon. All games will be played according to present senior rules.

## Two Trophies

Two trophies have been put up for competition by the Bible Classes of the respective Churches and will be presented to the winning team of each league. One regulation concerning membership in the newly formed organization is that all boys must belong to either the Bible or Trail Ranger group of the C. S. E. T. of his church in order to be eligible for a place on one of the teams.

## The Officers.

The following officers were elected at Tuesday's meeting:  
President—Ray E. Matthews.  
Vice-Pres.—Harry W. McLennan.  
Sec.—Treas.—John Jardine.  
The Executive Committee is as follows: Rev. W. W. McNair, Rev. W. S. Godfrey, H. G. Milligan, R. L. Sullivan and A. R. Andrew.  
Referees: Rev. W. S. Godfrey, R. E. Matthews, Pete McLean, George Wilkins, and Robert Sharpe.

## Open Air Rink

It has also been decided that an open-air rink will be arranged for by the new organization, and a suitable site is in view. Just how this will be handled we have not been informed but further particulars concerning the activities of this new organization will appear later.

## A Good Move.

The organization of this new sport group is clearly a progressive step in the right direction. The value of training younger hockeyists has already been proven in Campbellton. Several players have stepped out of the local intermediate league into senior hockey, and made a good showing too. Secondly the formation of this new group marks some further development in local sport spirit. It is through timely steps like these that large and successful athletic associations are evolved—and great athletics produced.

## P. E. I. FARMER WAS FATALLY BURNED

Hugh Gillis Tried to Rescue  
Favorite Horse From  
Burning Stable.

Charlottetown, P. E. I. Nov. 25.—Hugh Gillis, 50 year old farmer, died today in hospital from burns sustained when he made an unsuccessful attempt to rescue a favorite horse from a burning stable at Orwell, Saturday. Mr. Gillis had just returned from Charlottetown, where he had completed arrangements for the sale of his farm at Orwell. He was alone when the fire broke out and when neighbors arrived, attracted by the flames, they found him in the burning stable by the side of his dead horse. The fire destroyed all the outbuildings, equipment and year's harvest.

With the opening of the Northern Section of the M. A. Hockey League series still a month distant preparations for the participation of the local team in this winter's contest are well under way and prospects give good promise of a successful season here in this national winter sport. Arrangements have also been made to raise the necessary funds and the first item on this program will be an informal dance at the Linnæum on Wednesday evening next.

Full particulars concerning this event and other fund-raising projects will be found in another column.

## Friday's Meeting

This organization work was carried through at the hockey meeting held in the Firemen's Rooms on Friday. Various phases of the work were discussed and arrangements were perfected without a hitch. The following officers were elected for the year 1925-26:

President—A. A. Gillis.  
Vice-Pres.—J. L. Annett.  
Sec. Treas.—L. D. Dewar.  
Manager—L. A. Gilbert.  
Coach—Rev. W. S. Godfrey.  
Press Agent—S. P. MacKenzie.  
The good work of Rev. Mr. Godfrey as coach of the team last year was spoken of and on motion a committee of one was appointed to wait upon the reverend gentleman and express the Club's hearty thanks for his valued services of last season and beg of him to continue for the coming year.

The matter of raising the necessary funds was then discussed and a dance, a banquet and a Membership Drive were decided upon. The chairman of a committee to look after these matters were appointed as follows: Dance Committee—C. A. Wallace. Banquet Committee—R. L. Raymond. Membership Com.—Lynan W. Richards.

Mr. A. H. Ingram was heard in regard to the proposed rink improvements. He said three ventilators would be put in, that the interior of the building would be painted white and that, if possible, dressing-rooms would be built at the east end of the rink. He also said the lighting system in the rink would be improved and intimated that he had under consideration the installation of a number of reserved seats for spectators at the games.

## WEDDINGS

### Laprak—Hamilton

A marriage of much local interest was solemnized last evening at St. Andrew's Manse, when Rev. W. W. McNair, M. A., united in marriage George Allister Laprak and Cora Bell Hamilton both of Campbellton. Miss Lillian A. Hamilton acted as the bride and Mr. Lloyd Clark supported the groom. Immediately after the ceremony the bridal party repaired to the home of Mrs. James Hamilton, where a dainty wedding supper was served.

Mr. and Mrs. Laprak will make their home in Campbellton, where their many friends extend best wishes for a happy married life.

### Keays—Court

The marriage of Robert William Keays and Carrie Opal Court both of Escuminac was solemnized at St. Andrew's Manse, Campbellton, on Thursday evening, Nov. 19, Rev. W. W. McNair, M. A. officiating. Mr. and Mrs. Keays will make their home at Escuminac. Their many friends wish them a happy married life.

## BOUND TO VOTE

A story is being told of the York Co. election which is enlightening. An elegantly dressed lady drove up in a handsome Sedan to a store in a country village about twenty miles from Fredericton, and breezed in. To the lady in charge she confidently stated that her name was not on the city voters list, but a lady worker had told her that if she went out in the country she would be able to vote. She produced a model ballot, and handing it to the lady—assessors said: "Please just put that one in for Hansen." The lady was so surprised that she was speechless.

Use the Want Ad. way

## DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 54, Provost, Alberta.

**Pains in Left Side**  
Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better. I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my testimonial letter."—Mrs. M. W. Ross, 886 Notre Dame St., Lachine, Quebec.

### MATHEUS SYRUP

OF TAR & COD LIVER EXTRACT

### Stop Coughing

Matheus's Syrup of Tar and Cod Liver Extract is a great Tonic and not only stops a cough promptly, but also helps the system to throw it off. Equally good for young or old. There should be a bottle of it in every home.

Generous size bottles. Sold everywhere.

J. L. MATHEUS CO., PROP., SHEPPARD, P.Q.  
If your child is feverish take Matheus's Nervine Powder. They reduce the fever, and dispel the pain in the limbs and head. 25c. per box. Sent by mail on receipt of price if your dealer cannot supply you.

A. E. Morris, Amherst N. S. Distributor for Maritime Provinces.

## FAVORS HYDRO ON THE FARMS

Says It Will Help Keep The Boys and Girls Happy at Home.

"Hydro on farms and in barns will keep boys and girls in the home and do a good bit to bring happiness" was the declaration of Mrs. S. Banks, a woman from the country who replied to the address of welcome extended some six hundred central Ontario women who gathered at Toronto to a few days ago for a Women's Institute convention. Still further elaborating her thought Mrs. Banks declared "happiness nearly always brings a higher standard of morality. Rural people want hydro at the same rate as city people get it. It belongs to me, the same as it belongs to my sister here in the city, and I am working far harder to earn it."

Commended to the earnest consideration of all those who now are dealing with the hydro problem of New Brunswick are these observations. If the women on the farms of Ontario find the publicly-owned hydro a practical help in keeping the boys and girls on the farm and in promoting happiness in the country, then hydro is serving a far more important purpose even than in running pulp mills or any other kind of machinery. Fortunately the Grand Falls makes it possible for New Brunswick to provide the pulp mills and many farmers with hydro, and to serve the double purpose of promoting industry and of keeping the boys and girls on the farms. To sacrifice the farming interests by giving Grand Falls over to private interests to develop and exploit for their own benefit is presented by this Ontario woman's observation as something to be avoided. Fortunately, there are no insurmountable obstacles in the way of making the Grand Falls serve the two interests. If the present provincial government can win from the International Paper Company better terms than negotiated by the late government, so much the better. Those terms offer in themselves the assurance that out of the initial Grand Falls development New Brunswick can have 35,000 horse-power for other requirements than those of the paper company. When this is all in use, and there is a good reason for believing it will quickly be utilized, there will remain available for the province all of the second development. Grand Falls is far too valuable a power asset either to give over to one or two firms, thereby losing the advantage development will mean for industry and agriculture throughout New Brunswick. The women of New Brunswick will be well advised to develop a practical interest in the Grand Falls project. Hydro, in New Brunswick, as Mrs. Banks urged the use of hydro in Ontario, means more than is today realized for the women on the farms of this province.—Globe

## JUDGE TRIES A CASE BY PHONE

Permission Granted Judge By The Legislature—Decision Mailed To The Principals.

Wichita, Kan., Nov. 20.—David Leahy, of Wichita, "dean of Kansas newspaper men," is one judge in the United States who tries cases by telephone. He is judge of the "small debtors' court," permission for the establishment of which was granted by the last legislature. A telephone rings in a Wichita business house.

"Hello. This is Judge Leahy. We want to get your testimony in regard to the Jones vs. Jones case." And so the testimony is taken, to be incorporated in the court records and used as the basis for a decision. The "telephone cases" are decided by Judge Leahy after all the evidence is collected, and then his decision is mailed to the principals. Judge Leahy's courtroom is a poor place for a lawyer. He himself receives no compensation for his services, and legal lights are barred from admission unless they wish to be mere spectators.

Even the court room is abandoned in the summer time. Most of the cases decided this past summer were heard on Judge Leahy's front porch. The seat of judgment was a rocking chair; the defendant and plaintiff took their places at the counsel tables in the front steps. In the 200 cases "tried" since the institution of the court—without cost—not an appeal has been taken from Judge Leahy's decision. Only persons whose controversy involves a sum of \$20 or less are admitted to the court. Many potential cases are settled "out of court" by Judge Leahy getting the principals together and talking it over with them.

Wichita's charitable judge acts as a judge even outside of office hours. Recently two prominent eastern authors found themselves embroiled in a controversy over the color of "Wild Bill" Hickok's hair. "Wild Bill," noted frontiersman, was an intimate friend of Judge Leahy when Kansas was still in short trousers. The controversy was referred to the Kansas newspaper man. "Wild Bill's" hair was straw-colored," read his decision. "The old wood-cuts make it look dark."

### MATAPEDIA

Friends of Mr. Johnny Arsenault (our local musician) congratulate him on his success in giving a concert in Cross Point last Tuesday evening. The marriage of Miss Mary Ann Jancy Dwyre, youngest daughter of Mr. Michael Dwyre, to Mr. Geo. Louis James Blackmore, son of the late Mr. Louis Blackmore of St. Alexis, Quebec, took place at St. Laurence church on Wednesday morning the 18th. The church was prettily decorated with ferns and foliage plants. The ceremony was solemnized by Rev. A. Desrosiers. Miss Dwyre played the wedding music. The bride who was given away by Daniel Lawlor, was becomingly attired in a navy velvet suit, with peacock blue hat and mink marmot choker. Mr. Maxwell Lawlor was best man. During the signing of the register Miss Dwyre played "O Promise Me". A wedding dinner was served at the home of the bride's parents, the table being decorated with pink roses, candles and the bride's cake. Mr. and Mrs. Blackmore left later for St. Alexis to spend their honeymoon, upon their return they will reside in Matapedia. The bride wore a going away costume of grey crepe, with a small velvet hat to match, and a heavy coat of rust shade.

Mr. Loyd Lynd, New Richmond spent Wednesday here en-route from Carn, Sask.

Mr. Lawson Irving returned Thursday from Calgary where he spent the last three months.

Miss Lillian Gallon spent the week end in Campbellton the guest of friends.

Mr. and Mrs. A. Danour are receiving congratulations on the arrival of a baby boy.

Mr. Johnny Arsenault spent Friday in Rouville.

Mrs. James Adams of Millstream spent Saturday in Campbellton.

**STANDARD GOLF BALL AGREEMENT IS LIKELY**

New York, Nov. 21.—Agreement between British and United States golf officials on the size and weight of a new standard ball, may finally be reached at an international conference next June in England, plans for which are receiving consideration.

C. M. Fowkes, chairman of the committee on implements and the ball, as well as nominee for the 1926 presidency of the United States Golf Association, is expected by officials here to convey American ideas to the Royal and Ancient Club, Edinburgh's ruling body. He has been active in attempting to solve the problem of a new ball for American courses, but thus far England has been unable to accept the recommendation of the Fowkes Committee for a bigger, lighter sphere, owing to atmospheric conditions on courses abroad.

"Does your office boast of an efficiency expert?"

## DR. MAYO DEFENDS DRY "EXPERIMENT"

Surgeon Says Prohibition Has Not Failed, But Is In An Educational Stage.

New Orleans, La., Nov. 17.—"National prohibition is not a failure," declared Dr. William J. Mayo, of Rochester, Minn., surgeon, just before his departure to-day from New Orleans for Ann Arbor, Mich., where he will be the principal speaker at the opening of the new University of Michigan Hospital.

"Prohibition as it now exists in the United States is only a process of educating the American people to the need of prohibition, and an experiment leading to the institution of an established means of governmental control over intoxicating liquors," he said.

"Something will soon be done properly to regulate this great national problem. The time will come soon when a real method of sensible control and regulation, which will be fair and just, will be adopted. There will be a change. But this change must first take place in the hearts of the people.

"The American people are beginning to realize that something must be done. They are beginning to consider the matter seriously. That is precisely the purpose of prohibition as we have it today. It was working toward an end, a good end, and therefore I cannot feel that it is a failure."

### Finds Alcoholism Cases Fewer

"There are fewer cases of alcoholism to-day than in pre-prohibition days. Surgical cases coming into our hospitals do not include as many instances of lowered resistance due to alcoholism as in former years. "Of course, national prohibition has brought about a condition which is not as satisfactory as that of local prohibition regulated by the individual States. Local option was a good rule. But under the present system the sufferers are numbered for the most part among the froth and dregs of humanity, principally the froth who can afford to pay the severe prices.

"As to the use of whisky, and other alcoholic stimulants in medical practice, I can see no use. It is not necessary except in cases of alcoholism where the patient's condition demands it. Otherwise, we can get along very well without it.

"I never try to convert a patient who has been accustomed to drinking, and who is preparing to undergo a major operation, to stop suddenly. It is a dangerous plan. Modification to a minimum dose is best under these circumstances."

### Defends The Youth of Today

Dr. Mayo does not feel that the youth of to-day "is going to the dogs," nor that conditions are any worse than they were when he was a boy.

"If anything, conditions are better," he said.

"Youth to-day is more sophisticated. The young people know more of evil than we knew in our time, and for that very reason they are better equipped to face the problems of youth and life.

"I am thoroughly in favor of short skirts," said Dr. Mayo. "The short skirt of to-day are far more hygienic than those which dragged along the ground.

"I believe that if a woman wants to bob her hair or smoke, there is no reason why she should not do so.

"I feel, however, that parental influence is the strongest factor in the training and guidance of our youth."

### DALHOUSIE JCT.

The boys that arrived from St. John, N. B., on Armistice Day are getting along nicely. They received a warm welcome into the hearts and homes of the following viz: Mr. and Mrs. A. Wafer, Mr. and Mrs. Menzies, Mr. and Mrs. H. Archibald and Mr. and Mrs. E. Good. Their names are: Carret, Leonard; James and Truman.

Mrs. Albert McLeod and daughter, have gone to Chicago accompanied by Miss McLaughlin of Campbellton.

Mr. and Mrs. Robt. Reid Pt. La. Nim, have been visiting their daughter Mrs. Scott Gaimon Berach.

Earl McNeish returned from Maine after spending a short time with his mother Mrs. Margaret McNeish, went on to Chandler, P. Q.

Mrs. Mary Draper and Betty McDonald spent the week end at Shan-nonvale.

Mr. Tucker and Mr. Clarke have gone away, after holding meetings for more than a week in the Temperance Hall and Church.

Mrs. Joe McNeish has been visiting in Cascapedia, P. Q.

**LOST SUBMARINE MAY HAVE BEEN RAMMED**

London, Nov. 21.—Loss of the motor submarine M-1, with 68 lives last week now appears to have been due to a collision with a Swedish steamer, the Admiralty announced to-day.

Information sent by the captain of the steamer Vidar, now at Stockholm, that he felt a shock at the time and in the vicinity of the submarine's disappearance, leads to the conclusion that M-1 struck the Vidar and sank immediately.

## NATION MOURNS FOR QUEEN MOTHER

Passed Away at Sandringham Palace Friday Afternoon After Brief Illness.

London, Nov. 21.—All Great Britain stood today with bowed heads mourning the passing of the beloved Dowager Queen Alexandra. Flags flew at half-mast, and many buildings were draped in black.

Death came to Queen Alexandra yesterday afternoon, in Sandringham Palace, while her son, King George and Queen Mary, and various members of the Royal Household stood with tear bedimmed eyes, at the bedside. The Prince of Wales, always her favorite grandson, had fate, in the nature of a heavy fog, against him, as he travelled from London to Sandringham, and did not reach the palace in time to bid his grandmother farewell.

Attacked by heart disease Thursday the aged Queen Mother—she would have been 81 years old in a few days—sank rapidly and death intervened as twilight was coming on. When the announcement was made at Sandringham that Alexandra was dead the little crowds that had gathered outside the gates all of whom knew her silently bared their heads and sadly wended their way homeward.

The news was quickly broadcast and listeners-in throughout the British Isles heard over their radio sets that the widow of King Edward VII, and mother of their present monarch had gone to her last rest.

Smithson: "No; he does his own boasting."

## FOUR BYE ELECTIONS IN QUEBEC PROVINCE

The Candidates Nominated To-day for the Elections on November 30.

Quebec, Nov. 23.—Candidates are being nominated to-day to contest four seats of the Quebec House of Assembly. Polling will take place November 30. The probable nominees as indicated by the names already put forward, with the withdrawal of one Liberal in Argenteuil a possibility, are as follows:

Argenteuil—W. G. Rodger and Z. Raymond, Liberals; J. L. St. Jacques, Conservative.

Berthier—A. Sylvest, Liberals; G. Gouin, Conservative.

Champlain—W. P. Grant, Liberal; Auguste Desilets, Conservative.

Jacques Cartier—V. Marchand, Liberal; A. Carigan, Conservative.

Jacques Cartier is the only one of the vacant seats which returned a Conservative at the last provincial election. Hon. E. L. Patenaude was elected. He resigned to contest the constituency in the recent Federal election. The others were made through the death of John Hay, in Argenteuil, and the appointments as registrars in their respective counties of Simeon Lafrenier, in Berthier, and Dr. Bruno Boredeau, in Champlain. In the last general elections the majorities of the four successful candidates were: Hay, 173; Lafrenier, 723; Boredeau, 1,057; Patenaude, 739.

The standing in the House after the 1923 elections was: Liberals, 64; Opposition 21. At present it is: Liberals, 60; Conservatives, 20; Independent, 1; vacant, 4; total, 85.

The Government lost one seat in Quebec county since the 1923 contest through the annulment of the election of Aurele Leclerc, Ludger Bastin making a Conservative gain.

A strenuous campaign will be conducted between now and the polling day. Premier Taschereau and Arthur Sauve, Opposition leader, will probably visit all the vacant constituencies.

**RIMOUSKI BISHOP  
RESIGNS OFFICE**

His Grace Mgr. Leonard Tenders Resignation to Rome on Account of Ill-Health.

Quebec, Nov. 21.—It was learned here to-day that His Grace Mgr. Leonard, Bishop of Rimouski, has tendered his resignation to the Holy See on account of ill-health, suggesting the appointment of a successor without delay.

A few months ago His Grace was advised by his physicians that unless he took a rest he would be unable to continue his duties as head of the diocese. Up to two years ago His Grace had under his jurisdiction a vast territory, extending from the county of Temiscouata to the eastern limits of the province on the south shore. It was only in 1923 that the Diocese of Rimouski was subdivided into two, with Mgr. Ross as head of the newly-created diocese of Gaspé. It is understood that the resignation is now before the Holy See and that a successor will be appointed without delay. In the meantime the diocese will remain under the direction of His Grace, with the ecclesiastical chapter looking after urgent matters. As to pastoral visits, which must be made each year in sections of a Catholic diocese when possible, it is understood that Mgr. Ross of Gaspé will assist.

Though one of the youngest prelates of the church in the province, His Grace was ill for some time before accepting the direction of the diocese, but, due to his cognizance of conditions in Rimouski, he was urged to accept by the Holy See.

"I wish to open a bank account, if you please."

Bank clerk: "We shall be glad to have you do so. What amount do you wish to deposit?"

"Oh, but I mean a charge account like I have at the department store."

## Outsiders While Visiting Here See Opportunities We Often Fail To Recognize

Questions Asked About Several Matters In Connection With Town Life—Sport, The Absence of a Public Library and The Proposed Bridge Are All Mentioned—Visiting Speaker At Rotary Club Luncheon Makes Some Timely Suggestions In Regard To Winter Sport.

The fact that strangers, while visiting in Campbellton, often perceive opportunities of one kind and another which we fail to recognize and see local needs, to the appeal of which we have become inured, is frequently demonstrated so clearly that these incidents inspire thought.

### Some Questions

We doubt if any individual or group comes in contact with expressions and queries of this kind that the local paper and it is only fair that they should be passed along for consideration by the public at large. One man from St. John has twice expressed surprise, to the writer, over the fact that there is no hospital ambulance here—no suitable vehicle in which to convey hospital cases from the station, ferry boat or home to the local hospitals.

A traveller from Toronto asks why, at a terminal point like Campbellton, and considering the amount of traffic across the Restigouche River, there is no effort being made to bring about the erection of a bridge.

A man from Chandler, where the streets are remarkably well lighted for a small country town asks why on earth Campbellton doesn't make use of some of its surplus hydro power and illuminate the main channels of traffic so that people, on their way about town at night will be able to greet their next door neighbors with a nod of recognition without making the mistake of saluting some guy from Lobsterville whom they have never seen before.

A former resident of this town, reading the Graphic in the west, writes back to a friend here and wants to know why, with Campbellton ranking high as a "monied" town and now having hydro electric energy to spare, no apparent effort is being made to establish any new industries of any kind.

A commercial traveller from farther south in the province, laments over the fact that he and other travellers he is acquainted with, would make their headquarters in Campbellton if it were not for the scarcity of suitable houses. (Meanwhile, many local gentlemen with money, persist in investing in some other town or city.)

At least a dozen people from outside places have, during the past summer, asked the writer why Campbellton has made no provision for anything that resembles a Children's Playground. Still again, sport enthusiasts from all parts of the country while here on business, ask the merchants, the hotel proprietors, the clergymen and in fact people in every walk in life, why in a town the size of Campbellton, there is no undenominational athletic club.

Other visitors, chiefly educationalists and professional men wonder at the fact that we have no public library—and wonder still more when informed that no effort is being made to establish one here.

### A Rotarian's Views

A few weeks ago a visiting rotarian, in the course of an address before the local Rotary Club, made some very timely observations about Campbellton. Referring to the nature of the country, he pointed out the exceptional advantages we have here for winter sports and emphasized their value especially to the young. In the course of his remarks, the speaker explained how splendid slides "for tobogganing" could be easily erected here. He reminded his hearers of the fact that this is a lumber country and that the lumber necessary for the construction of these slides should cost little or nothing. Speaking further of the matter of out-door winter sport this visitor pointed out the advantage to younger boys and girls of making provision for open-air skating-rinks. These are popular in nearly every town and city in the country and through this means youngsters are enabled to enjoy much-needed recreation which they would otherwise have been deprived of.

There is, no doubt, something to be gained by such suggestions if they are sound and offered in the right spirit. All objections of this kind cannot be gained overnight and they must be undertaken in the right way. They all require effort, however, before they can be brought about and the only sad thing about these different matters is that very feeble efforts—if any—are being put forth in behalf of any one of these proposed undertakings.

So much for these suggestions from outsiders. There is positively no doubt but what they see things that we, who are here all the year round, seldom notice. In most cases their comments are thoughtful and timely and are accepted as valuable and let go at that. The writer of this article has written reams of copy on nearly every one of these topics. But in many cases those who read them have gravely questioned our wisdom (and sometimes even our sanity) and, still more often, assumed that we had "a terrible crust."

**VIMY MEMORIAL  
WILL BE LARGEST**

Foundations of Structure on Vimy Ridge Will Not Be Completed Until April.

London, Nov. 19.—Although work on Canada's war memorial or Vimy Ridge—it will probably be the largest of all the Allied war monuments—is proceeding steadily, it has been placed on so huge a scale that not until next April will the foundations be completed.

Canada has already a memorial near St. Julien, a tall shaft of stone ending in the bust of a soldier with bowed head. It has been very favorably compared by English newspaper critics with more pretentious symbols of war effort. The original intention was to have eight of these memorials in France, but it was later represented that repetitions of the powerful, brooding design which has so impressed the English critics in conjunction with the Vimy Ridge memorial, would perpetuate only grief at the expense of other emotions inspired by Canada's war sacrifices. The seven other memorials, therefore, will be in miniature in park-like enclosures, rather than movements proper.

**ROW IN MANITOBA  
AMATEUR LEAGUE**

Disatisfaction Over Proposal to Hold Test Series Causes Tigers to Withdraw

Winnipeg, Man., Nov. 23.—The Tammany Tigers, Winnipeg, withdrew from the Manitoba Amateur Hockey Association, at the annual meeting yesterday. The withdrawal was because of dissatisfaction with the decision of the executive to hold a test series with the possibility of a six-team circuit emerging. A committee was appointed with full power to canvas the senior situation and add any team to the league they believed qualified and to take action toward holding the test series. The resignation of the Tigers leaves the Monarchs as the only Winnipeg team in the league. All officers were re-elected.

## WHY POTATOES ARE DEAR AT PRESENT

Over-Demand Rather Than Under-Supply

Boston, Mass., Nov. 23.—Over demand stimulated by fear of a possible shortage rather than an actual shortage in this market, is apparently the reason for the rapid rise of potato prices, Eugene C. Hultman, chairman of the special state commission on the necessities of life, reported today.

Mr. Hultman said that receipts from Canadian sources this November are twenty times as great as in the same period last year. He declared that the refusal of the consumer to pay the high prices demanded, coupled with the additional foreign supply, had already lowered prices about ten per cent.

**CANADIAN DOLLAR  
STILL ABOVE PAR**

Chrysler Broke Three Pts. to 182 at N. Y. Stock Market.

New York, Nov. 24.—Liquidation of motor and high priced specialty shares gave uneven appearance to the stock market, as trading was resumed today. Chrysler broke 3 points, to 182, and initial losses of 1 to 2 points were recorded by Hudson, Mack Trucks, General Electric and Pullman. American Can. and U. S. Steel opened fractionally higher.

Sterling exchange, irregular; Great Britain, 484-1-8; France, 386 1-2; Italy, 405; Germany, 23.50. Canadian dollars, 5-32 of one per cent premium.

Reporters 60 years ago were not lacking in ingenuity, for one of them obtained a carefully prepared speech from the tail pocket of Jefferson Davis' coat, wired it to his paper and returned it to the Confederate leader, all without suspicion attaching to himself. The reporter was Rev. Sam Small, of Washington, D. C., a Confederate soldier at the age of 16.

## COMMERCIAL MEN TO HOLD DINNER

Campbellton Travellers Club to Be Revived—All "Knights of The Grip" Invited To Dinner On Dec. 5th.

At a meeting of the Executive Committee of the Campbellton Commercial Travellers Association, held in the office of Jones & Schofield Ltd., on Saturday afternoon, plans for the revival of that organization were formulated and preliminary arrangements made for the holding of a so-called reunion dinner at one of the local hotels on Saturday evening, December 5th, inst. Other business matters were also disposed of at the meeting.

All commercial travellers making their headquarters in Campbellton are cordially invited to attend and a large attendance is hoped for. At Saturday's meeting many of the advantages of such an association were pointed out and it confidently expected that, in spite of the lapse of interest during the summer months—due to the fact that many of the members have been out of town a great deal—an enthusiastic spirit will be aroused at the coming dinner and some definite plans outlined for a profitable and enjoyable winter program.

**SPLENDID WORK  
DONE AT WINNIPEG**

C. P. R. President Enthusiastic Over Dominion Board of Trade.

Toronto, Nov. 21.—E. W. Beatty, K. C., President of the Canadian Pacific Railway, left here last night for Montreal on his return from Winnipeg, where he attended the meetings of the Canadian boards of trade, about which he was very enthusiastic.

"There was a lot of splendid work done," said Mr. Beatty, "and much credit is due to Mr. Gundy, of Toronto, Mr. Dawson, of Montreal, and Mr. Perce, of Winnipeg, for their efforts in bringing about the conference. Equally, it will become as important a body to Canada as the United States Chamber of Commerce is to that country."

**IT PAYS TO PAY CASH**

Carnation Milk is now selling two cans for twenty-five cents at the CAMPBELLTON CASH AND CARRY STORES. Nov. 26-1wk.

CAMPBELLTON, N. B. NOV. 26, 1925

## OUR PROVINCIAL BONDS

The Sale of New Brunswick bonds, satisfactorily negotiated yesterday, was conducted under legislation of the last session of the Legislative Assembly. The net result is a considerable saving in interest account. The transaction also establishes the Province's credit as yet in the first class, and in such credit there was left to the new Government by its predecessors a heritage which perhaps exceeds in value and in general usefulness the expectations of the new comers.—Gleaner.

## POLITICAL HOUSE CLEANING

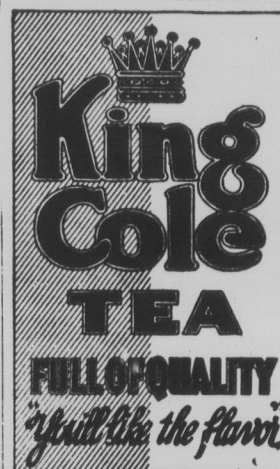

The Toronto Globe returns to the case of R. B. Hanson, M. P.-elect, to say:

"Canada cannot afford to entrust the transaction of her public and Parliamentary business to those who have shown themselves deficient in the ordinary standards of propriety. The recent finding by the New Brunswick Barristers' Society that R. B. Hanson, Conservative M. P.-elect for the constituency of York-Sunbury, had been proved guilty of professional misconduct of a serious character should result, without delay, in the retirement of that gentleman from Parliamentary membership.

The Toronto paper adds: Mr. Meighen must regard it as a disquieting and ominous indication of a downward trend in the calibre and character of his party support when it includes the De Witt Posters, the Garlands, the Flemings, and the Hansons. One of the first things the Conservative Leader might well do is to "clean house."

## WHY HE HAS FAITH

Sir John Aird, retiring president of the Canadian Bankers' Association, in his address at the annual meeting last week, added his testimony to that of other outstanding Canadian business and financial leaders who see better times ahead. He declared the "banks will be able to afford the necessary financial assistance to financial assistance to business, and to do their part in the development of the country, and he announced a general improvement in business everywhere." The proof of this is the trade figures. Our increasing exports were an indication that the fa-

orable balance could be maintained and they were the factor that had so greatly improved the position of the Canadian dollar in New York. With good prices for agricultural and animal products abroad and with wool and paper at a fair level, there will be no occasion to worry over Canada's large interest payments abroad. In this statement Sir John Aird is in accord with many others who have recently declared their faith in the recovery of business in Canada. It is of particular interest to Maritime Canada that with one accord those who predict business improvement see its development through our increasing export trade. That is a fine tribute to the efforts of the Liberal government, and a reason why the whole country should be sympathetic toward all necessary port development work at our Atlantic and Pacific harbors. And that is a reminder that days are passing and that as yet nothing practical has been done toward getting more steamship berths here for the winter of 1926-27. Wharves and warehouses cannot be quickly built. The work should even now be in progress. —(St. John Globe.)

In 1924 the 11 automobile factories in Canada produced 98,245 passenger cars, 18,043 trucks and 16,772 chassis, a total of 132,460 cars with an aggregate selling value of \$38,240,418; this was a decrease of 10 per cent over the 1923 production of 147,602 cars valued at \$96,614,176, according to a statement issued by the Dominion Bureau of Statistics. Raw materials costing 64 millions were used.

# INFORMAL DANCE WILL OPEN CAMPAIGN FOR RAISING NECESSARY HOCKEY FUNDS.

Event Set For Wednesday Next At The Linmac—Other Matters

Arrangements for the hockey season in Campbellton are getting off to a particularly good start this year and those most familiar with this phase of sport declare that prospects for the local team were never more promising. One reason for this prediction is, no doubt, the large number of players to choose from this year. But besides this fact, a very aggressive program for raising necessary funds has been planned and arrangements are being carried out without any delay.

## Hockey Club Dance

The first item on this program is an informal dance under the auspices of the club. This will be held at the Linmac on Wednesday evening, December 2nd. Mr. G. A. Wallace is chairman of the committee which is now making all arrangements for the event. Cards are being distributed and a very large attendance is expected. The chaperones will be Mrs. W. G. Mott, Mrs. E. P. Mowat, and Mrs. L. A. Gilbert.

## Banquet Proposed.

A banquet, to be given by the hockey club early next month, was another item in the plans outlined at last Friday's meeting. It is understood that this will take place in the banquet hall of the Curling Rink. Mr. R. M. Raymond is chairman of this committee and preliminary arrangements for the dinner are now being attended to.

A canvass for Membership in the Hockey Club completes this program. Mr. Lyman Richards heads the committee in charge of this work and a canvass of the town by this committee will shortly be started. Members will be solicited at the very nominal fee of one dollar per year and there is every reason to suppose that this effort too will meet with a generous response.

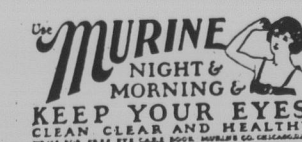

## The Purpose

For those who are not familiar with the necessary procedure of organizing for the hockey season, a word of explanation may be necessary to show why a considerable working fund is essential. Before having one home game the local team must play at Bathurst, Chatham and Moncton. This, very obviously, requires money and until the opening game here it is essentially a case of financing. Then there are other requirements which are equally necessary to the equipment and thorough organization of a hockey squad if it is to stand any show in the coming league games.

As has already been stated, the outlook is most promising. With hearty support, expressed through patronage of these different items on the above outlined program, the local team should this year carry off the honors in this section of the league.

## THROWN FROM HORSE FIRST TIME IN HUNDRED YEARS

Supa Smiley, a Havasupai Indian, was thrown from his horse recently for the first time in 100 years. The previous occasion was when he was four years old. He is now 104. This time, however, he was critically injured.

RESIST BAXTER HYDRO POLICY (Woodstock Sentinel)

A well known commercial man who is in close touch with up-river mercantile firms from Perth to the headwaters of the St. John, has given us some information regarding the attitude of the merchants in that section towards the Baxter government hydro policy. There is, he says, a very strong feeling of disappointment and resentment against Premier Baxter's cancellation of the Grand Falls contracts; a feeling which is particularly bitter against the people of Saint John who gave their solid support to Baxter and his cancellation platform in the recent provincial election. Saint John they say, enjoys the benefits of the development but does not want any of the funds from the public treasury devoted to any purpose which will not be of direct benefit to Saint John. As one of these merchants vigorously expressed it: "St. John wants to buy everything at the expense of the rest of the province."

Immediately following the provincial election a large number of the up-river merchants opened correspondence with Montreal and Quebec wholesalers with a view to boycotting the Saint John houses. The upper Canada wholesale houses proved ready and eager to make attractive concessions along the lines of freight equalization and discounts in order to secure the business; and it is said that

# OLD TIME FISH WARDENS HERE

Paid Little Attention to Enforcement of Law—How It Was Done.

A writer in the Fredericton Mail has the following in reference to salmon fishing in New Brunswick. There used to be fishery guardians in New Brunswick in the old days whose duty it was to protect the salmon from poachers, but it is rather doubtful if they met with any greater measure of success than their twentieth century prototypes. Capt. Dashwood of the 15th Regiment in his book called "Chilpiqueur," gives a pretty fair insight into the methods used to enforce the fishery law in the early sixties when he says:

"All the rivers in New Brunswick are very much damaged by over netting, both in the tideway along the coast and also in fresh water. At first it appears a miracle how any salmon can manage to pass the labyrinth of nets, set with hardly any restriction; for although there are very fair fishery laws they are but seldom enforced. The fish wardens are for the most part useless, their appointment sinecures, and mere political jobs. The following is an instance of the way some of these gentlemen do or rather do not do their duty—I met an Indian on the Restigouche, who had been hired by the warden of the river to take him up in a canoe on his one annual inspection, which I suppose he required to enable him to relieve his conscience, on pocketing his salary, some \$40 per annum. The individual in question called at the houses of the individual owners of nets, and after informing them of the proper legal length, without inspecting the same, finished up by asking for a salmon. Having made about twenty such like visits, not forgetting the salmon, he returned home and drew his salary. Some of the wardens are proprietors of nets, and do not trouble themselves how they are set, provided they catch fish.

"Several years ago when I was in New Brunswick, the proprietor of a net at Bathurst was prosecuted by the warden for having the mesh of an illegal size. The delinquent member wrote to a friend of his, then a member of the Legislative Assembly of New Brunswick, and representative of his county. The Hon. member managed to get the law altered so as to make the net of a legal mesh, not only this but he made the law retroactive, in the meantime saving further proceedings. Such a state of things speaks for itself. The only way to protect the fisheries is to abolish the wardens as now appointed, who are chiefly farmers, and have other things to attend to. Great things are expected from the new Dominion, and I hope that the protection of the rivers, and the proper carrying out of the fishery laws will be among them. One great drawback is that with a few exceptions the inhabitants are not sportsmen, and would rather make one dollar than enjoy the sport of killing a hundred salmon. However, I think things are about to mend in New Brunswick, as the present governor of the province is fully alive to the importance of protecting the salmon, not only as a source of amusement, but of food and wealth to the country."

The salmon is still a source of amusement, as well as of food and wealth in the province, but Capt. Dashwood's predictions that it would receive more efficient protection from the new Dominion have scarcely been realized.

## RESENT BAXTER HYDRO POLICY

(Woodstock Sentinel)

A well known commercial man who is in close touch with up-river mercantile firms from Perth to the headwaters of the St. John, has given us some information regarding the attitude of the merchants in that section towards the Baxter government hydro policy. There is, he says, a very strong feeling of disappointment and resentment against Premier Baxter's cancellation of the Grand Falls contracts; a feeling which is particularly bitter against the people of Saint John who gave their solid support to Baxter and his cancellation platform in the recent provincial election. Saint John they say, enjoys the benefits of the development but does not want any of the funds from the public treasury devoted to any purpose which will not be of direct benefit to Saint John. As one of these merchants vigorously expressed it: "St. John wants to buy everything at the expense of the rest of the province."

Immediately following the provincial election a large number of the up-river merchants opened correspondence with Montreal and Quebec wholesalers with a view to boycotting the Saint John houses. The upper Canada wholesale houses proved ready and eager to make attractive concessions along the lines of freight equalization and discounts in order to secure the business; and it is said that

the probability is that many Saint John houses are going to find a marked slackening in orders in the near future.

Premier Baxter's recent utterances to show that the power will likely be handed over to private interests for development, has of course fanned the river know that the small consumer will get small consideration at the hands of a private corporation. It is indeed regrettable that, at a time when the full co-operation of noted crooks, chiefly foreigners, have all interests is needed in order to ensure progress and prosperity of our province, there should be any cause for friction amongst ourselves.

## BANKS WARNED

## Local Items of Interest

News Notes of Town and Country  
Happenings Gathered by Graphic Reporters

**SHOP EARLY**  
Only four weeks until Christmas. Better start that Christmas shopping this week.

**THE SALVATION ARMY**  
Service this week end, will be led by Adjutant Ellery of Toronto. She holds a position as Life Saving Guard. Organiser of this Territory, therefore will be interested in Young People.

Saturday 8 p. m., Sunday 11 a. m., 7.30 p. m.  
Special invitation to all.

**C. S. E. T. CONCERT**  
The members of the C. S. E. T. of Wesley United Church will give an entertainment in the Church Hall on Thursday, December 3rd at 8 o'clock. The boys will be assisted by the Church Orchestra and by other musical numbers.

This entertainment will be under the direction of Mr. J. R. Vallis. Admission 25 and 15c.

**HESITATING**  
In the Royal Gazette Wednesday, a notice appears deleting the notice which appeared last week dismissing "for cause" M. A. Kelley, of Campbellton, as Clerk of the Peace of Restigouche county. Just why the temporary respite—for it is said to be temporary—nobody in authority would definitely say. It seems to be another hitch of some kind.

**UNIQUE SITUATION**  
AT NEWCASTLE  
With the serving of writs out of the Chancery division of the Supreme Court, on Rev. L. H. McLean of Newcastle, and the board of sessions and trustees of the former Presbyterian church of St. James of that town, the disagreement that has occurred in that congregation since the matter of Church Union has divided the members, came to a definite head and in all probability will be thrashed out in due time in the courts.

The writs were served on Saturday and the town of Newcastle in very much excited over the pros and cons of the whole situation.

**JOE LAMB, FORMER SUSSEX PLAYER, IS STILL AN AMATEUR**  
Ottawa, Nov. 20.—Joe Lamb, Maritime amateur hockey player, has signed a contract with the Ottawa Senators, officials of the local club stated here this morning.

Lamb, who works in a bank in Montreal, is spending his vacation here, and has been practicing with the local professionals at his own request, it was stated. If Coach Alec Currie considers he is good enough for professional company, he will likely offer him a contract, but whether or not the Maritime player will sign it is not known. At present, it is emphasized by the officials, he is "strictly amateur."

Spain has more sunshine than any other country in Europe. The yearly average is 3000 hours. In England it is 1400.

**SUNDAY DINNER**  
Read the Menu for the special Sunday dinner at the Chateau Restigouche, then take your best girl there and enjoy a rare treat.

**WEATHER CHANGES**  
After two weeks of extremely mild weather there was a drop in the mercury yesterday and it is much colder.

**RIVERS HIGH**  
The recent rains have made all the rivers and streams very high for this season of the year, and as there has been little frost, they are all clear of ice.

**DEPOSING OF STOCKS**  
There seems to be more drunkenness about Campbellton in the last week or two than for some time previously. Possibly that may be the result of the dealers endeavoring to get clear of their surplus stock. It used to be the case that any man seen under the influence of liquor would be arrested, but this rule seems to have been passed by.

**FRASER COMPANIES, LIMITED**  
It is understood that earnings of the company for the period ended September are substantially in excess of those for the same period last year. The company's liquid position is reported to be excellent. Construction of the fine paper mill at Madawaska, Maine, has been completed, and one machine is now in operation. The second machine is expected to be in commercial operation as from Jan. 1. In view of the satisfactory position of the sulphite paper business in the United States market, the operations of the Madawaska mill are expected to be most profitable. The recent increase in selling price and improvement in demand for bleached and easy bleaching sulphite pulp—the company's chief products—are being reflected in increased earnings.

**PROGRESSIVES URGE EARLY COMPLETION OF HUDSON BAY RAILWAY**  
Ottawa, Nov. 24.—Early completion of the Hudson Bay Railway is urged in motion placed on the order paper of the House of Commons, by John Evans, Progressive member elect for Saskatoon, and John Millar, Progressive member for Qu'Appelle, Sask.

**FOREST RESERVE TO BE ESTABLISHED BY QUEBEC PROVINCE**  
(Canadian Press Despatch)  
Quebec, Nov. 23.—A permanent forest reserve is to be created by the provincial government in the counties of Labelle and Papineau, according to a notice appearing in the current issue of the Quebec Official Gazette.

There is a man in Cleveland, O., who doesn't wear an overcoat. He fools the weather man by wearing a raincoat and a topcoat at the same time. When it rains he wears the raincoat over the topcoat, and when the weather is fair the topcoat is on the outside.

## AN ALUMINUM CITY OF 100,000 PEOPLE

Now Erecting Houses for 6,000 Families of Big Quebec Development.

Quebec, Nov. 19.—A city of over 100,000 inhabitants in the Lake St. John District, where the Aluminum Corporation started, a few weeks ago, the erection of a number of houses destined at first to lodge six thousand families, is the ambitious plan of the promoters of power development now in progress in that territory, judging by information given to the Government by some of the officials of the company.

The Aluminum Corporation itself will require seven to eight thousand employees as soon as the plants are in operation. Other industries are to be developed also, the nature of which is withheld.

A certain lady who had given a dinner party met her doctor in the street on the following day. "I am so sorry, doctor," she said, "that you were unable to come to my dinner party last night. I feel sure you would have enjoyed yourself, and it would have done you good, too."

"My dear madam, it has already done me good as you put it," replied the doctor tersely. "I have just prescribed for three of your guests."

Many friends will regret to learn that Mr. W. H. Wallace has been confined to his bed with a severe cold. He is somewhat improved to-day and expects to be about again shortly.

## NEW LAMP BURNS 94 p. c. AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 86 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 5% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, as even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

## BUSINESS LOCALS

**MILLINERY SALE.**  
Reduction Sale on hats starting Dec. 1st. Give us a call. Prices are right. MRS. A. FLOWERS, Richardsville, N. B. Nov. 26-1pd.

On Thursday, Nov. 26th, and after that date, the barber shop of MR. PETER LEBLANC will be located in the McLean Building on Water St., next to George Vermette's store. Nov. 26.—5wks.

**MILLINERY SALE**  
Big sale of Millinery beginning Saturday Nov. 23 at Mrs. J. Guerin's. Clearing for Xmas opening. Prices very reasonable. Next to Salvation Army Barracks. Nov. 26-1pd.

**NEW DENTIST OFFICE**  
Dr. L. A. Gaudet of Dalhousie has taken over Dr. A. H. Gaudet's practise in Campbellton in the same office in the McDonald and Taylor Bldg. and is now prepared to attend to all dental work. Nov. 25-1w.

**SERVICE CURTAILED AND PRICES REDUCED**  
Since November 15, we only deliver orders of five dollars or over, but now sell Carnation Milk, two tins for twenty-five cents and Surprise Soap, four bars for twenty-five cents. CAMPBELLTON CASH AND CARRY STORES, O. Dewar, Prop. Nov. 26-1w.

**CHRISTMAS GIFTS**  
The best Christmas gift is a home for an orphan. This Christmas season we are making an effort to bring the homeless child home. If your home is childless write to CATHERINE MORISON, P. O. Box 484, Campbellton. Nov. 12—3w.

Miss Beatrice Downs of Campbellton left for an extended trip to Mont Joli.

## Either Kind Stops Coughs

Buckley's Mixture "Strong" or "Modified" will stop your cough or cold. Buckley's "Strong" is the same efficient remedy you have used before. Buckley's "Modified" differs in taste only. Made for those who find medicines distasteful, particularly the children.

Both Mixtures act like a flash on coughs, bronchitis or any affection of throat, chest and lungs.

75c—40 doses

## The Wife Who Wasn't Wanted

By DOROTHY A.F. MARCELL

Copyright, 1925, Warner Bros. Pictures Inc.  
"THE WIFE WHO WASN'T WANTED" with Irene Rich in a picture  
tion of this novel.

## SYNOPSIS

Bob Mannering, the country club party in celebration of his twenty-first birthday having ended, is accompanying Diane Bledsoe and another couple to Calkin's Inn for more dancing. He is doing this in spite of the tears of Marjorie Patterson, who is in love with him. Theo Saturn is too sleepy to drive the car safely and Bob takes his place at the wheel, with Diane at his side, constantly imploring him to "Drive faster, stop on it."

## CHAPTER IV—Continued

"Don't," objected Bob sharply as he gripped the wheel anew to meet their fresh onrush.

As if beset by a demon of recklessness Diane laughed wildly and pressed again and again upon the accelerator until the car was leaping through the night at a terrific pace.

"Diane, stop it," protested Bob sharply, and when she still persisted, "If you want to drive—drive."

There followed a moment of confusion and startled cries from the half-asleep passengers on the back seat as the car swerved suddenly, as if uncontrolled.

Then, like a mad thing unleashed, it rushed onward faster, ever faster—rushed onward amidst the excited cries of its occupants, careless of a motorcycle policeman hanging doggedly on its trail, heedless of a cross-roads before it and of a distant honk which came down the breeze.

In the flash of a second brakes screamed, a roadster seemed to leap out of the darkness into the glare of their lights. There was a glimpse of a woman, white faced and horrified, staring at them. Shriek, frightened screams pierced the night. Then, crash.

In that second ruin was wrought. The boasted mechanical achievements of man became a tangled mass of wreckage. Aye, and there was human wreckage, too, perhaps, for from that shattered pile came groans and faint cries, while blood—human blood—ran forth to form a red pool upon the black surface of the roadway.

Straight through this horror came the Mannering car, bearing Eileen and Marjorie. Disturbed though she was by Bob's unceremonious desertion of Marjorie for Diane Bledsoe and the doubtful joys of Calkin's Inn, Eileen had found some comfort. It might be no more than a sweetheart's quarrel, a passing outbreak, to be healed by the sweet balm of forgiveness.

The trip to Calkin's Inn, a flash of waywardness for which Bob would promptly repent, Eileen thought she knew her Bob and, knowing him, was reassured.

To such a conclusion had her thoughts led, when suddenly the car slowed, then stopped.

"There is trouble ahead, ma'am. The road is blocked, and I can't get through," reported James, the chauffeur.

"Walk ahead and find out what it is, please, James. And hurry," she added with a premonition of trouble.

He moved off, but was back in a few moments, his countenance very grave.

"There has been a bad wreck, ma'am. Mr. Saturn's car was in the crash. I recognized it as soon as I saw it."

Marjorie gave a cry of alarm; but, shaken by dread as she was, Eileen managed to speak.

"And Bob? Was Bob hurt, James?"

"No, ma'am," the chauffeur responded promptly to go on with evident reluctance. "Please, ma'am—they've taken Mr. Bob to the police station, ma'am."

## CHAPTER V

It was a lofty, brightly lighted room. A room with all the attributes of cheerfulness, yet gloomy and depressing, as if some sinister of prison cells beyond had leaked forth to fill the atmosphere with vague apprehension and foreboding. A long railing paralleled one side of it, and behind this was a raised desk, at which sat a police sergeant. Ordinarily his was a good humored face, but tonight it was stern and severe as he gazed down at the young people grouped before him.

And what a change had an hour wrought in these hilarious merry-makers from Bob Mannering's birthday party? What an ending to so it.

happy day? Diane Bledsoe was there, clinging to Theo Saturn as if expecting to find in his weak and dissipated nature the firm support she so needed in this hour of trial. Now her light hearted gaiety had departed there is not really any gold there; her carefree indifference faded. Face and perhaps, at any rate, if one stood exposed, she was actually touched by the gloom that would fade and leave only the moaning point of tears by the ordeal she had experienced. Comforted by a new world of stern and unyielding possibilities, she awaited with fear and trembling what the future held in store for her. Theo Saturn, too, seemed another person. Shorn of his half insolent, self-confidence, he stood exposed, a sorry spectacle.

A scared boy; even worse, a weakling, a coward unmasked. Bob stood apart. Sadly shaken by the accident, he seemed bewildered by it all, yet met it gamely. In his manner was proof of the good stock from which he sprang. He might be mistaken, aye, wrong, but he would face

the consequences squarely. Slowly and with painstaking care the sergeant inscribed the names of the trio on the page before him, the silence of the room broken only by the scratch of his pen and the louder tick of the big clock upon the wall. Then he raised his eyes to fix a glance of inquiry upon an officer who entered hastily from an adjacent room.

"We have finally managed to locate the District Attorney," he reported. "He says to hold the prisoners until he arrives. He will be right down."

The words seemed to arouse Bob. Shaking off the lethargy which held him, he glanced up with a startled air.

"See here," he protested wildly, "Not him—don't send for him! No, no!"

The sergeant's eyes dropped to the page before him. Then he turned to shoot a curious glance at Bob.

only to quickly center his attention upon Theo Saturn.

"The big car is registered in your name, is it your car. Were you driving at the time of the accident?"

There was something almost frantic in the eagerness with which Theo responded.

"No, no, sir. I wasn't near the wheel. I had given it up. I was very tired, sir. I gave up the wheel a long time before the accident, away back along the road. It must have been five, ten, fifteen miles back—maybe more."

"Hold on—you were in the car, weren't you? If you keep on, you never started."

"Oh, yes, sir, I was in the car, but I wasn't driving. I'm an awful careful driver myself. You can look up my record—I never had an accident in my life—that is, a real accident. I'm very careful about all the traffic rules and everything." Now there was a note of triumph in Theo's tones.

"You see, being tired, I wouldn't even drive, that's why I gave up the wheel," he said, interrupted the sergeant dryly. "Too bad you got so tired—things might have been different. You are quite sure you hadn't been drinking any bad hooch, are you—to make you so tired?"

Theo looked shocked, also even more flustered than before.

"Drinking? Oh, no, sir. I never, that is, er—I hardly ever."

(To be continued)

## TREASURE

The dispatch of a British expedition "equipped with the latest scientific appliances" to lift pirate treasure from the island of Cocos seems to indicate that the romantic life will never lose its peculiar appeal. Whether the buccaneers ever buried any treasure or not, and whether they were stupid enough to leave it buried if they did, those questions which history has never satisfactorily answered. It has nothing to do with persistence of those legends, those glowing legends; the spirit of the unfortunate Kidd will doubtless never be laid along the New England coasts, and people will never be convinced that anything so fascinating as pirate gold could also turn crash.

I recognized it as soon as I saw it."

Marjorie gave a cry of alarm; but, shaken by dread as she was, Eileen managed to speak.

"And Bob? Was Bob hurt, James?"

"No, ma'am," the chauffeur responded promptly to go on with evident reluctance. "Please, ma'am—they've taken Mr. Bob to the police station, ma'am."

## BEAR COST OF MAIN ROADS

Minister of Lands And Forests Predicts, Better Days for Municipalities.

Montreal, Nov. 23.—The day is coming when the Quebec government will bear the cost of maintaining all the Province's main roads and ultimately will keep up all the roads outside municipalities, declared Hon. Honore Mercier, Minister of Lands and Forests, speaking at St. Laurent yesterday on behalf of Victor Marchand, Liberal standard bearer in the Jacques Cartier Provincial bye-election.

Mr. Mercier defied anyone to prove that a single scandal had crept into Liberal administration of the Province. Turning to finance, the speaker said that when the Conservatives were in power prior to 1897 each year brought its deficit. Since the Liberals had handled the reins each year brought its surplus, sometimes adding into millions. It was popular to say that the surplus only resulted from the \$4,000,000 profit made by the Quebec Liquor Commission. That was wrong, he said, the years 1921 and 1922 had brought a surplus of \$2,000,000. And the years were prior to the creation of the Quebec Liquor Commission. With the Commission, he said, the surplus might be kept within in-

crease.

## THE PARTY WHIPS TO AWARD SEATS

Representatives of Three Parties to Meet at Capital Next Week.

Ottawa, Nov. 23.—The whips of the Liberal, Conservative and Progressive parties have been asked to meet in the capital next week to come to an agreement regarding the seating of the members in the House of Commons and also to arrange for the office accommodation for the members.

W. A. Boys, Conservative whip, will represent his party, and P. F. Casgrain will act as whip for the government members. It is not known yet who will represent the Progressives.

Lieutenant Col. H. W. Bowie will meet the whips. Robert Forke, Progressive leader, has been asked to state whether he wishes to have his party members seated at the extreme end of the House on the Opposition side, which would be necessary on account of the increased number of Conservatives, or whether he would prefer to be near the Speaker's chair by taking seats on the government side of the Chamber.

The increase of ten in the total membership of the House has made it necessary for many of the members to share offices. A few of the senior private members will retain single offices. It is probable that the office room on the fifth floor of the building will be given to the Conservative party.

## THERE IS ONLY ONE KRAFT CHEESE

The style and package of Kraft Cheese are imitated, but the uniform quality and distinctive flavor of Kraft Cheese cannot be duplicated. Please, always look for this trade mark when buying.

Let me help you settle the flour question once and for all!

ONLY the best flour makes the best bread, pastry and puddings.

Inferior flour, or flour that varies in quality endangers your success in baking, reduces the food value and appetizing qualities of everything you bake.

I, your retailer, select for your table the best of everything on the market

For your baking I select Purify Flour because in all the years I have been in business Purify Flour has never failed to please my customers.

I offer you this silk-sifted, oven-tested flour with the understanding that if it does not make the best bread, pies and cakes you ever baked you may return the unused portion and I will return the full price of your purchase.

Could anything be fairer?

Let me send a trial bag of Purify Flour with your next order. You'll be delighted.

Services for Nov. 29th:  
Esequine Flats 11 a. m.  
Pt. a la Garde 3 p. m.  
Oak Bay Mills 7 p. m.  
Subject: "The Trunk Road of Life". "God blessed the Sabbath Day and hallowed it"—making no exception for rainy Sundays. Come to church on Sunday.

**TEEN AGE CONFERENCE**  
A Conference for Older Girls and their Leaders will be held at Campbellton, N. B., Nov. 27-29. Open to all the Protestant Churches on the North Shore. A similar Conference for Older Boys and their Leaders, will be held in Bathurst, N. B., Dec. 4-6. Both have been organized under the auspices of the Maritime Religious Education Council and are part of an extended series which have been scheduled for various centres throughout the Maritime Provinces during the autumn months.

**IN MEMORIAM**  
In loving memory of our dear husband and father Harold E. Dow who was killed Nov. 20, 1923. Just a thought of our dear loved one. Just a memory fond and true, Just a token of affection, That our hearts still ache for you.  
Friends may think we have forgotten. When at times they see us smile. Little do they know the heartache. That our smiles hide all the while. Inserted by wife and family. —Nov. 25th—pd.

**GIVING GOOD SERVICE**  
The new "Princess Ulster" is now on the Chatham-Ferrville route and is providing an excellent service. Since several minor adjustments have been made to the boat's steering equipment and the crew gain more experience in connection with the handling of the new boat and the motive machinery, it would appear that a great deal of the trouble experienced when the boat was first put on the route, has now been eliminated. —Chatham Commercial.

**THE NEW NUMBER PLATES**  
A despatch from Fredericton says that the number of plates for the registered motor vehicles of New Brunswick for the year 1926 have arrived and now being stored preparatory to issue in December. Cars may not bear the plates until January 1st. As usual a change in color is made. The plates are black ground with white numerals and letters.

**CALLS RADIO A BLESSING**  
New York—"Is Religion Uniting or Separating Us?" was one of the topics discussed at the concluding session of the conference on modern parenthood, at the Waldorf, under the auspices of the Child Study Association of America. Dr. George A. Coe, Professor of Education at Teachers' College, declared that religion, in many respects a dangerous thing by reason of the disastrous effects of its blunders, was often a potent power in dividing men into factions, creating animosities and drying up the springs of sympathy. The question of religion was also, he said, a serious problem to many conscientious parents, who, themselves subscribing to no given faith, yet felt that their children should receive religious training.

"The sum of the matter," Dr. Coe declared, "is that religion both united and separated men; that the early experiences of children are capable of giving them a set in one or the other of these directions; that we cannot afford to let divisive forces have their own way or to ignore the power of religion to promote human unity, and, finally, that parents may have a large part in determining the issue here involved."

The effect of machine-made recreation on family life was discussed by Dr. John M. Cooper, associate professor of sociology at the Catholic University, Washington, D. C. The radio, he said, was an unmixed blessing to family life, though the automobile and the motion picture was often the means of disturbing home life. This was not only the case, he said, especially in the case of the automobile, when used for family outings.  
Other speakers included Dr. Miriam Van Waters, Referee of the Juvenile Court of Los Angeles, Mrs. Henry Moskowitz and Mrs. Anna Garlin Spencer. The conference was concluded with a dinner last night at the Waldorf.

## SUSSEX PLAYERS GOING TO MAINE

LeClair Brothers and Brooks  
To Play at Waterville—Fred Reid in New York

Sussex, N. B., Nov. 20.—Chances do not look very bright at present for Sussex having a team in the southern section of the New Brunswick and P. E. Island Hockey League this season.  
The old championship team that did so much to put Sussex on the hockey map of the Maritimes is this year pretty well shot to pieces. Joe Lamb is located in Montreal, Fred Reid and Frank Hunter in New York, and next week Jack Leclair, one of the champion's speedy forwards, Geo. Leclair, star goaltender, and Eddie Brooks, who played spare, leave for Waterville, Me., where they have secured situations, and will play during the coming winter with the Waterville town team of the Maine league.  
Sussex will, however, not be out of the running very long, for "Bill" Hay, Percy Radcliffe, Harold Radcliffe and Walter Friar of the old squad are still left in the dairy town, and with some new material that is in sight to be recruited from last winter's juniors, will be able no doubt to produce a fairly snappy aggregation of puck chasers before the season is very far advanced.

**BIRD FLIES A MILE A MINUTE**  
Naturalists travelling in a motorcar had an opportunity recently of making observations of the speed of a wild bird in flight. When going down a narrow lane a bird came out of the hedge and flew along in line with the car. It was identified as a willow-warbler, and the speedometer of the car registered 23 1-2 miles an hour.

Hedge-sparrows kept ahead of the car for 200 yards, and maintained a speed of 24 miles an hour, but were caught up and passed when the speedometer needle touched 29. A young cock blackbird was overtaken at 18 miles an hour, but a cuckoo flew at a speed of 23 miles an hour for nearly a quarter of a mile. Driving along a straight road at dark a little owl flew straight in front of the car in the glaring light of the lantern. It easily out-distanced the machine and was probably flying at a rate of almost a mile per minute.

**HOW'S THIS FOR ACCURACY?**  
Probably the most wonderful piece of mechanism of its kind in the world is the "grand balance," or scale used in the Bank of England. It stands about seven feet high, and weighs approximately two tons. It can weigh a grain of dust, or hundreds of pounds of gold. A postage stamp placed on the scale moves the index six inches.

During America's participation in the World war only 15 Congressional medals of honor were awarded, the highest honor this country can bestow upon a soldier.

**DALHOUSIE NEWS**  
Held under the auspices of the ladies of the Continuing Presbyterian Church the chicken supper on Thursday evening in the spacious dining room of the rink, proved a very delightful event socially and financially. Hundreds of patrons enjoyed a delicious meal. The sum of \$225.00 was realized. Mrs. Edgar Shirley was the convener of the committee in charge. Yellow, red and green were used in a pleasing scheme of decoration, and candles of the three colors set in silver candlesticks were artistically arranged on the supper tables. The serving was a noticeable feature of the supper, and it contributed in no little way to the success of the affair. There was one waitress for every five diners.

The Dominion Commissioner of the Boy Scouts, Mr. Barry Lister, of Ottawa, was in town on Friday and Saturday in the interests of the movement. He addressed a large gathering of young people on Friday evening and also on Saturday afternoon.  
Mrs. Matilda Jamieson is visiting her daughter, Mrs. Adam Black of Campbellton.  
Rev. R. J. Coleman was in Flatlands on Friday.  
Mrs. George Mundie of Campbellton, was the guest of her mother, Mrs. S. J. Beckingham, for the week-end. The Rev. Sydney MacIntosh, and S. G. Quigley, and also Mrs. Quigley were in town on Thursday.  
Mrs. Alexander LeBlanc is visiting friends in Bathurst.  
Mrs. W. S. Beckingham entertained the W. A. and their friends on Thursday evening, when a very enjoyable time was spent.  
Mr. and Mrs. Wm. Richards, of Campbellton, were in town on Thursday.

The new Scottish M. P. about whom the following tale is being circulated in the lobby of the house of Commons denies it absolutely. He was found, the tale runs, standing on the terrace of the House staring dejectedly into the sluggish waters below. A friendly member asked what was the matter.

"They told me," exclaimed the Scot bitterly, "that if a man throws a sixpence into the Thames he will have good luck." "Well, and doesn't he?" asked the sympathizer. "I didn't," replied the other gloomily. "How's that?" inquired the other. "The thread broke!" came the pitiful answer.

## Stoves-Furnaces

The weather man has given us a few gentle reminders that the season is now here when we should provide ourselves with suitable Stoves and Furnaces.

We are selling the celebrated Fawcett Stoves and Furnaces which gives a large range of different types of heater.

DR. PINAULT SPEAKS AT ROTARY LUNCHEON

At the weekly luncheon of the Campbellton Rotary Club at the Chateau Restigouche to-day, Dr. L. G. Pinault, who is a member of the club spoke on "What Everybody Should Know About Cancer." The doctor, who takes a keen interest in Rotary and who has addressed the club on previous occasions, was in his usual good form and gave a very interesting and instructive talk on this timely and important subject.

Rotarian S. S. Harrison was the Chairman of today's meeting. A large number of rotarians and several guests were in attendance.

Mr. Peter Blythe left last evening for Montreal from which port he sails this week to visit his home at Edinburgh, Scotland. He will return with a silver sandwich tray.

Mr. and Mrs. Edward Price, Jr. are receiving congratulations on the arrival of a daughter at the Soldiers' Memorial Hospital on Wednesday the 25th.

Messrs. Roy Mosher and Rex Warman left on Friday evening's limited for Somerville, Mass.

THE BENEFITS OF ELECTRICITY AND MASSAGE

Electro-Therapy in the treatment of disease is being used and endorsed by thousands of physicians and in all the large hospitals and sanatoriums. The reason for this great interest in the marvelous results obtained with electricity, its power of restoring abnormal function to normalcy, its vitalizing and stimulating force to every cell of the human body, and its power to relieve pain make it a resourceful agent in combating disease. The body being composed of electric atoms, responds quickly to electric stimulus and acute and chronic cases of rheumatism, neuritis, neuralgia, lumbago, sciatica, paralysis, headache and all nervous disorders have been proven to be greatly relieved or cured by electricity.

The Electric Bath through induced sweating eliminates the poisons and uric acids in the case of (congested) kidneys, blood disorders, rheumatism, through the skin, lungs and urine.

use quickens the circulation, stimulates the nerve function thus relieving the different organs. Sulphur, epsom salt and sea salt baths are all beneficial. Massage is helpful in all cases as it aids the circulation, soothes the nervous and painful con-

ditions, increases the strength of the heart builds up the muscles, breaks up adhesion and influences the system in general towards health.

I have a large equipment of electrical apparatus for the treatment of the mentioned diseases and invite your inspection. Consultation free or write DR. A. STRUDWICK, D. C., Campbellton, N. B.

Mr. Peter Blythe left last evening for Montreal from which port he sails this week to visit his home at Edinburgh, Scotland. He will return with a silver sandwich tray.

Mr. and Mrs. Edward Price, Jr. are receiving congratulations on the arrival of a daughter at the Soldiers' Memorial Hospital on Wednesday the 25th.

Messrs. Roy Mosher and Rex Warman left on Friday evening's limited for Somerville, Mass.

THE BENEFITS OF ELECTRICITY AND MASSAGE

Electro-Therapy in the treatment of disease is being used and endorsed by thousands of physicians and in all the large hospitals and sanatoriums. The reason for this great interest in the marvelous results obtained with electricity, its power of restoring abnormal function to normalcy, its vitalizing and stimulating force to every cell of the human body, and its power to relieve pain make it a resourceful agent in combating disease. The body being composed of electric atoms, responds quickly to electric stimulus and acute and chronic cases of rheumatism, neuritis, neuralgia, lumbago, sciatica, paralysis, headache and all nervous disorders have been proven to be greatly relieved or cured by electricity.

The Electric Bath through induced sweating eliminates the poisons and uric acids in the case of (congested) kidneys, blood disorders, rheumatism, through the skin, lungs and urine.

use quickens the circulation, stimulates the nerve function thus relieving the different organs. Sulphur, epsom salt and sea salt baths are all beneficial. Massage is helpful in all cases as it aids the circulation, soothes the nervous and painful con-

ditions, increases the strength of the heart builds up the muscles, breaks up adhesion and influences the system in general towards health.

I have a large equipment of electrical apparatus for the treatment of the mentioned diseases and invite your inspection. Consultation free or write DR. A. STRUDWICK, D. C., Campbellton, N. B.

DR. PINAULT SPEAKS AT ROTARY LUNCHEON

At the weekly luncheon of the Campbellton Rotary Club at the Chateau Restigouche to-day, Dr. L. G. Pinault, who is a member of the club spoke on "What Everybody Should Know About Cancer." The doctor, who takes a keen interest in Rotary and who has addressed the club on previous occasions, was in his usual good form and gave a very interesting and instructive talk on this timely and important subject.

Rotarian S. S. Harrison was the Chairman of today's meeting. A large number of rotarians and several guests were in attendance.

**Opera House**

An Epic Melodrama of The Birth of a Nation — and its Migration

**THE TEN COMMANDMENTS**

A Modern Story—With Magnificently Colored Biblical Prologue.

MIGHTIEST DRAMATIC SPECTACLE OF ALL THE AGES!

### Spectacular Yet Reverent Picturization

THE PROLOGUE is a magnificent story, in color, of the mighty days of majesty and power, and the glory of the Pharaohs which existed in those periods of History when one small class lives upon and is heedless of the blood and tears of tens of thousands of people held in subjection—The Children of Israel in Bondage.

Then follows THE MODERN STORY dealing with the reaping—after the sowing—of Man's utter disregard of THE TEN COMMANDMENTS in this modern day of speed and jazz.

### SUPER CAST

Moses, the lawgiver, Theodore Roberts Mrs. Martha McTavish, Edythe Chapman  
Rameses, the Magnificent, Charles De Roche John McTavish, her Son, Richard Dix  
Miriam, the Sister of Moses, Dan McTavish her Son, Rod La Roque  
Estelle Taylor Mary Leigh, Leatrice Joy  
The Wife of Pharaoh, Julia Faye Sally Lung, an Eurasian, Nita Naldi  
The Son of Pharaoh, Terrence Moore Reiding, an Inspector, Robert Edison  
The Disciple of Moses, James Nally the Doctor, Charles Ogle  
Dathan, the Discontented, Lawson Butt The Outcast, Agnes Ayres  
The Taskmaster, Clarence Burton And a thousand of others.  
The Bronze Man, Noble Johnson

VOL. XXIX, NO. 21.

CALEDONIANS OF RI  
OBSERVE ST.  
WITH

Society's New Officers  
Installed—Fine Pro  
Speeches Combined  
Make Occasion A Me

With a gorgeous spread, a long toast-list, many fine speeches and wealth of Scottish music and song the Caledonian Society of Restigouche happily observed St. Andrew's Day on November 30th, here this year at the Chateau Restigouche. About eight members of the Society from all parts of the county, and a number of guests were present.

The officers for the ensuing year were installed by Past President R. Rossborough as follows:  
President—W. F. Yorton.  
Vice-Pres.—Dr. D. Murray.  
Chaplain—Rev. E. V. Forbes.  
Marshalls—F. E. Shephard and G. G. McKenzie.  
Sec./Treasurer—H. R. Smith.  
Chief of Executive—John A. Blair.  
Musical Director—T. J. McDevitt.  
Piper—H. M. McLennan.

### Dining-Hall Decorated

The spacious dining-hall of Chateau Restigouche was suitably decorated for the occasion. The Maenise clan plaid was festooned on one side of the hall and that of the Sturats along the other, a meeting in an arch over the portrait of Robert Burns at the south end of the room. The crowd gathered at the banquet board at half past nine. Piper McLennan heading the march to the brilliantly lighted dining-hall with "The Campbells Are Comin'" rendered on the bag-pipes in the Scotch style.

The menu, every dish of which up to the high standard of Chateau Restigouche, was as follows:  
Grape-Fruit Cocktail  
Tomatoe Bisque au Cruton's  
Assorted Pickles Queen Oie  
Fillet Haddie Augene Sauce  
ROAST DRESSED CHICKEN  
Cranberry Sauce Brown Gravy  
String Beans  
Mashed Potatoes Potato Croquette  
SCOTCH HAGGIS "Auld Reekie"  
Deep Apple Pie  
Ice Cream

Tea Cigars Cigarettes  
A pleasing feature of the dinner was the somewhat formal introduction to the feast of a huge platter Scotch Haggis. This was broiled upon the scene by the chef, who tied it upon a large silver tray, while the waitress followed. Headed by Piper McLennan this procession marched up one side of the dining room to the head of the table where the famous Scotch delicacy was served to the President for serving. The Toast List which was varied with much spirited Scotch music was as follows:

THE KING  
SILENT TOAST To Our Dependable Brothers.  
OUR SOCIETY The President  
MALE QUARTETTE H. B. L.  
T. C. Lapraik, R. B. Gerrard,  
J. A. Bissett.  
THE DAY WE HONOUR Proposed by Rev. W. W. McNairn.  
SOLO H. B. L.  
OUR COUNTRY Proposed by Rev. Quigley, Ph. D.  
READINGS H. R. S.  
SOLO T. C. L.  
OUR LEGISLATIVE BODIES Proposed by D. Murray, M. D. Responded to by Hon. D. A. Stewart.  
SOLO J. R.  
OUR TOWNS Proposed by Wallace, Responded to by Montgomery.  
SCOTCH REELS Archie McEla  
Violinist, T. McDevitt, Pianist  
AULD LANG SYNE A.T.H.  
GOD SAVE THE KING

In proposing the toast to "Our Society," Mr. W. F. Yorton, the elected gave a brief but appropriate address and dealt with the significance of St. Andrew's Day and the significance of the Caledonian Society.

Following the president's toast was a male quartette consisting Messrs. Harry R. LeRoy, T. C. Lapraik, R. B. Gerrard and J. A. Bissett. "Bonnie Annie Laurie" and Scotch songs were rendered with spirit and notable harmony and a contribution was received with applause.

In proposing the toast to "We Honour," R. B. Rossborough reviewed early Scottish history connected with St. Andrew. Rossborough's speech, which was without humor, was delivered with unusual interest and was listened to with close attention.

In responding to this toast W. McNairn paid a tribute
