L. AND P. S. EMPLOYEES TO HOLD A MEETING TONIGHT; STRIKE IS QUITE PROBABLE

Award of Conciliation Board Is Not Satisfactory to Men, Who May Call Strike Within Forty-Eight Hours.

That the employees of the L. and P. S. R. are highly dissatisfied with the award made by the conciliation board which had been considering their request for higher wages is evinced by an emergency meeting which will be held tonight by the men. It is the general opinion of the employees that the award will never be agreed to, as it had already been turned down when it was first offered by the company.

It is expected that some definite steps will be agreed upon tonight, and it is not at all improbable that a strike will be called immediately. Some of the men stated this morning that if a strike was to be called that no time would be lost, and in all likelihood all cars would be at a standstill within 48 hours.

According to an announcement made

Tuesday night, the conciliation board agreed that the company's offer of an increase of four cents an hour for conductors and motormen was fair. This would mean that this class of employee would receive 52 cents an hour. Trackmen would receive no increase, and all other classes of employees would receive an increase of but a few cents an hour.

The men wanted a general increase of 25 cents an hour for all classes of employees, and a claim was made that the offer that the conciliation board considered fair had previously been turned down unanimously by the men.

If a strike is called, two or three excursions which were planned for this week will have to be called off. Port Stanley was to open this week.

Members of Old Church Make Decision To Go South.

Plum Coulee, Man., May 12.—Further developments in connection with the emigration of the Mennonites of the old church from the provinces of Manitoba and Saskatchewan have taken place.

Julius Wieb and John Wall, delegates from the Mennonites, north of Saskatchewan, spent Tuesday in Winnipeg, in consultation with a representative of the Brazilian Government, and have made a final decision for the Mennonites of that district to move to Brazil, where they have been promised every liberty desired. These two delegates will go to the church today to meet the heads of the church in that district, and inform them of their proposition and decision. Later on, they will proceed to New York to meet a representative of Brazil, who holds full power to sign agreements with the Mennonites, granting their desires. As soon as they secure these agreements, they will return and proceed at once to establish new homes in Brazil.

Brig-Gen. Maebrien To Assume Control of Canadian Forces

Ottawa, May 12.—(By Canadian Press.)—Speculation as to the probable successor to Gen. Currie as inspector-general of the Canadian militia, has been given a definite answer by the resignation of Gen. Currie, which will follow his acceptance of the principality of McGill University.

It is possible Gen. Currie may occupy both positions, and the active direction of the Canadian militia would devolve on the chief of the general staff, which post is held by Brig-Gen. J. H. MacBrien, D.S.O., on the retirement of Gen. Gwatkin, who has been promoted to the position of Canada's new militia air force.

The London Daily Times, in an article on the subject, writes that Gen. MacBrien is a man of great organizing capacity and of strong personality. In particular, it says that he is a man of great energy and of strong personality. In particular, it says that he is a man of great energy and of strong personality.

ACT TO INCORPORATE ADVENTIST SOCIETY DEFERRED FOR WEEK

Ottawa, May 12.—(By Canadian Press.)—The act to incorporate the Western Canadian Union Corporation of Seventh Day Adventists was taken up in committee today. The objects of the corporation are to promote religious and charitable work both in Canada and abroad.

The first point raised was the nationality of the directorate. One director, born in Germany, had resigned, while of the remainder, 80 per cent are American citizens and 20 per cent British. Only one, however, was British-born. The Seventh Day Adventist church was first incorporated in Canada in 1916. The body now seeking incorporation was a western branch of the parent organization.

There being only five members of the committee present it was agreed to defer the matter until next week.

SEEDING OPERATIONS ARE DELAYED IN QUEBEC ON ACCOUNT OF WEATHER

Quebec, May 12.—By Canadian Press.—The Quebec Department of Agriculture has no reports thus far on crop prospects for the season of 1920 in the district of Quebec. Only a few farmers have done any seeding, while others are just beginning their spring plowing. The season is very backward and the majority of the farmers are waiting for warmer weather to begin operations.

Street Railway Men Expect Earnings Will More Than Total Amount Paid Before Strike.

Street railwaymen have no doubt that they will receive the full amount of their wages and possibly more by the period they work under the direction of the railway board. A report was published in a Toronto paper today that the earnings of the road would not provide 44 cents an hour, which was the rate the men were receiving when they went on strike.

Paris, May 12.—So good is the French crop outlook for this year that agricultural experts believe the wheat harvest will come close to meeting the nation's full requirements for the following year. VETERAN QUIT JOB, OTHERS DECLINED IT

Rumored Explanation Why Miss Ross Is County Deputy-Registrar.

Miss M. Walker, county registrar, declined to make any statement regarding the objection raised by a Toronto member of the Ontario Legislature to the appointment of Miss Jane Ross of Walkerton as deputy-registrar.

From other county sources of information, however, it was stated that the returned soldier who had been appointed to the position, left some time ago without any notice that he was leaving, or any explanation as to whether he intended to return. When several weeks elapsed and no word was received from him as to whether he intended to return to work, the position was offered to several other returned soldiers who were not interested in it. WILL FIND OUT WHY RETIRED SOLDIERS WERE TURNED DOWN

Committee Named by Veterans To Report On Why Positions At New Westminster Hospital Were Not Given To the Men Who Had Been Overseas—Alleged Some Soldiers Were Told They Were Not Wanted.

At last night's meeting of the G. W. V. A. committee composed of Comrades Fleming, Pocock and Cunliffe was appointed to look into the matter of returned soldiers being turned away from positions at the Westminster Hospital. The positions in question are out of the control of Lieut. Col. Nelson, who is in command of the administration of the building.

The investigation was brought about by a statement being made that Alex Shaver, formerly of the county police, had been given a position that could be done by a returned man. Several other positions were mentioned and allegations to the effect that returned men had been told that they were not wanted there, were also made.

Demand Resignation. It was unanimously decided that a resolution be passed to the effect that a resolution of the Dominion command of the G. W. V. A. demanding the resignation of Brig.-Gen. McLean from the pension committee.

A resolution that a committee be appointed to formulate plans for a campaign regarding a new building was carried. Discussion was held on the subject of the campaign being given out by the Byron House, and it was decided that the campaign should be given out by the returned men.

Playing Hero Costs Him \$5. Fred Lewis Packs Punch That Johnson Might Be Proud Of.

Fred Lewis, colored, was fined \$5 and costs in police court this morning for having a beautiful lady from the clutches of her stepfather, Robert Smith, by landing a right uppercut to the said stepfather's jaw.

The trio left at 64 Malind street. Last Friday Lewis heard that Smith was about to cast his stepdaughter out into the cold, cruel world, so with all the gestures of a hero he had done no more than to punch the alleged villain, and believing that it was best to strike first than to be struck afterwards, landed the blow.

When Smith came back from his wanderings on the Milky Way, he made hosts to the police station and laid an information.

He thought that Harry Lewis, Fred's brother, who lived a few doors from the battle-ground, also had done some punching. He apparently did not believe that any one person, with the exception of George Carpenter, could deliver such a haymaker as the one which sent him to the vale of unconsciousness for several minutes.

Harry declared that he was not so indiscreet as to interfere in a fight that was not his business, and this declaration of independence gained his dismissal.

"Why did he hit you?" Smith was asked.

"That's what I'd like to know," retorted the complainant.

"He squared off to hit me," said Lewis.

Mrs. Smith had to have her say. She told the court that the two accused had coaxed her daughter away on one occasion.

INQUEST FALLS TO REVEAL WHO KILLED WOMAN

Jury Declares Driver's Conduct Cowardly and Deserving of Punishment.

EVIDENCE CONTRADICTORY
Jurors Against the Provincial
Sanction of Increased
Speed Limit.

Adverse criticism of the raising of the speed limit in cities, a confession of inability to identify the driver of the car which struck and killed the woman, and an opinion that the driver of the car if apprehended should be severely punished, were embodied in the finding of the jury at the adjourned inquest into the death of Mrs. Alice Humphries, 121 Sydenham street, on Tuesday night. The inquiry was conducted at the police station by Coroner Dr. Robert Ferguson.

Following is the verdict in detail: That the deceased, Alice Humphries, came to her death on Wednesday, April 28, 1920, at the corner of Richmond and Sydenham streets, by being struck by an auto. The evidence was contradictory, and was unable to identify the driver of the auto. His conduct in driving away without inquiring into the extent of the woman's injuries was cowardly and deserving of severe punishment if he should be discovered.

The jurors are of the opinion that it was a mistake to increase the speed limit in cities from 15 to 20 miles an hour.

Taxi Man Examined. Edward Mercer, a taxi driver, who was quizzed on Thursday as to his whereabouts on the night of the accident, was in the witness-box again.

Under examination by Crown Attorney J. B. Nicholson, he stated that at 11:20 o'clock on the morning of the accident he was at the P. O. station. At 7:20 o'clock that evening he met the same man at the same place. He drove him and another man downtown. The other passenger was taking some films to a local theatre. His acquaintance of the morning had lost a club bag and a suitcase, so they went to the police station to inquire about it. He saw the man at the Harrison House, and then drove to his home in West London. At 8:10 o'clock he was having his supper.

Woman in Case. Asked to look up woman to 832 Lorne avenue, he replied in the affirmative.

Did you tell the detectives that you had taken a woman there who had said that she had struck and killed a woman?

"Oh, she was talking about an accident in Detroit."

Witness had forgotten the time of day when he drove her there.

He denied having taken anyone to St. Joseph's Hospital.

Detectives Egleton and Nickle had questioned him about his knowledge of the accident, he said. It was not the same day that he told of taking the woman to Lorne avenue, however. Mercer was reminded that there were witnesses present to say that no one had come to the Lorne avenue house that day.

"I never saw her go in the taxi man explained."

"What object did you have in telling the story?" he was asked.

"No object," he was denied by him that he was out at 2 o'clock that night.

He admitted seeing Herman Silverman, the pawnbroker, and asking him about the last traveling bag he had. He could not remember whether it was on the night of the accident or on the following day. He was reminded that on Thursday he had sworn positively that it was the next day.

"Had you been drinking that night?" "No."

"Did not Detective Nickle tell you to come back to the police station when you were sober?"

"I can't remember that he did."

Mrs. Sarah Gould, who resided at 832 Lorne avenue, stated that no one had come to her place on the night of the accident.

Herman Silverman, 211 King street, said that he had seen the man at 2 o'clock on the night of the fatality, and questioned him about a club bag. The taxi man appeared a little nervous but seemed sober.

Gives Information. Detective Harry Down said he saw Mercer on May 6, a week after the accident. He served a summons on him at that time. Mercer had told him that he (Mercer) ought to tell him the story about the woman he drove to the east part of the city. Detective Down then saw Mrs. Gould and later interviewed Mercer. He still held his story that first he told the police officer that the woman had come from the Samra train and then altered his story by saying that she came from the Detroit train. He first gave the time of his picking her up but 3:40 p.m., but later declared that he could not remember what time it was.

COMPETITIVE PLANS WILL BE ASKED FOR RIDOUT ST. BRIDGE

New Structure May Be Completed Before the Snow Flies.

Recommendation to a concrete bridge over the Thames at Ridout street was made by No. 2 committee of the city council last night after it had received word that expenditure for this purpose had been approved in the London bill by the Legislature. The plans are to be in the hands of the committee within six weeks after the next council meeting. Construction may be commenced in August and completed before winter. Plans, on which the estimated cost of \$145,000 submitted to the electors was based, were prepared last year by Hughson & Partners of Toronto. City Engineer Brazier said he had asked this firm to do the preliminary work on the understanding that if it was acceptable they would also prepare the detailed plans. The committee, however, was of the opinion that competitive plans should be submitted.

A Difficult Problem. A representative of Hughson & Partners was present. He said the problem presented by the bridge was a somewhat difficult one. There is a rise of seventeen feet in the river at some seasons of the year. It would be possible to raise the floor of the new bridge about eighteen inches, and the river would be able to pass the hydro-electric station at this point without any complaint from T. H. Hale, that garbage was being dumped at Adelaide and Piccadilly streets in the vicinity of the residence. He said the board of health had ordered this stopped, but had done nothing to mark on paved streets already there. City Engineer Brazier said that permission had been given for the dumping of garbage on the river at some seasons of the year. He said that they would be covered up. This was not the case, he pointed out, and the matter would be settled satisfactorily, and it was left with him.

Asks Permission. The Wright Lithographing Company applied for permission to cover a portion of the river at the rear of the city hall for use as a bicycle shelter and garage. The land is now owned by the city. The London Life Insurance Company and the Wright Lithographing Company. The request was not granted, as it would interfere with traffic in the lane.

The proposal of Ald. O. I. Cunningham, of No. 1 committee, to permit automobiles to park on paved streets without keeping their lights burning provided they were within a certain distance of street lights was not adopted. The city engineer said he thought it would not be possible to pass a by-law permitting this, as it would override the provincial statutes. He will make further inquiries on the point.

Lytle street, between King and York streets, was added to the paving program. It is sufficiently aligned to permit the work to be done was received.

TEACHERS PUT ONE
OVER ON PRINCIPAL
OF PUBLIC SCHOOL

All Appear, Flashing Sparklers in Eyes of Dazed Pedagogue.

School teachers are in great demand not only in educational circles, but on the matrimonial market, so thinks the principal of an east end school. He is thoroughly convinced of this. Here's why his opinion is unshaken.

While pacing the halls a few days ago after the last bell had rung and the scholars had gone to their classrooms, the schoolmaster was attracted by bright shafts of light which cut the semi-gloom of the corridor. He was curious and determined to discover the source whence they came. When he had satisfied himself with this information, he was the more perplexed.

The brightness was the product of some of the scholars worn on the hands of the female pedagogues. There were stones of all sizes, but all were large enough for a short-sighted man to see one hundred yards distant.

Something must be done, thought the principal. All manner of thought passed through his mind. First he was blamed for the phenomenon, then the principal thought that possibly the teachers might be giving their pupils a lesson in mineralogy. It is not known whether he has found a solution to the mystery yet.

The official story is that the teachers wished to learn their senior to believe that the last bell would ring to the spring bells in June, so they went to a jeweler and purchased imitation diamond rings. The boast of the clerk that the bogus gems would shine like the sun was not an idle one.

On Saturday about twelve of the senior boys of the "C" will make a bicycle trip to St. Thomas, where they will play a basketball game and hold swimming parties. Meals will be cooked on the road.

The preparatory boys will also hold a picnic on the first Sunday in June. The camp will be held for all members of the club. They will be in the neighborhood of the city.

Practically all arrangements have been made for the summer camp, which is to be held at Fisher's Glen on Lake Erie. The camp will be for all members who are over the age of 13 and who get their applications in among the first.

All boys going to the camp should take the following: arctic gear, blanket, cushion, bed tick 3x6 feet, Bible, granite cup, knife, fork and spoon, toothbrush, soap, two towels, bathing suit, comb, cup and saucer, granitic plate, and tooth paste. Other articles of personal property may be taken along if the boys desire.

All boys who wish to go to the camp should be examined by a physician for medical fitness.

The camp will be under the directorship of the "C" boys, but it will be a co-operative camp and will work with the boys advisory committee in the matter of training some of the older boys in leadership.

The sum of \$15 will be charged for the camp, or \$1 per day, as the camp will be for fifteen days. A charge of \$2 will be made in advance and the rest must be paid on arrival at the camp.

Owing to the fact that some of the boys are financially embarrassed, a number of business men have stepped forward and offered to pay their expenses at the camp.

Summer Opening in Millinery Section Tomorrow

Store Closes Today At One

And will continue to do so on Wednesday during the month of May, June, July and August. Morning delivery only.

Early Dinner Today, 11 to 12:30

Dinner will be ready in the dining-room at 11:30 a.m. on Wednesdays during May, June, July and August. All in at 12:30 o'clock will be served.

There is a new inspiration in the summer millinery. The drooping brim and the brim turning away from the face are much favored in the new millinery vogues. Sport hats predominate and hats for afternoon and evening wear are charming in their lines.

All the new models favor the Egyptian and are essentially simple, relying more upon their lines than the trimming for their style. Yet some are laden with exquisite flowers. Jade green, vivid yellow and white, and a few favored high colors lend a very smart tone to the light summer hats, for which a marked preference is shown. We invite your inspection tomorrow.

A Clearing of Ladies' Suits Tomorrow---One-Quarter Off

All the suits in this sale were carefully selected from our regular stock. It therefore goes without saying that the styles are correct and measure up in quality to our usual high standards. All are this season's models, odd lines and sizes, the quality in each we will give in detail list below, color, size and the sale price, which in every case is just one-quarter less than today's price, a straight reduction of 25 per cent off every suit listed in this sale tomorrow. They show embroidered and braid trimmings and belted and tailored models in the larger sizes, some with vests; 34 suits in the collection; \$36.75 up to \$101.75. A supplementary report on the Forward Movement showed the presbytery total as \$96,135.

SYNOD OF HURON SETS MINIMUM FOR STIPENDS AT \$1,300

Canada An Excellent Place To
Begin Church Union, Says
Layman.

GIVEN CIVIC WELCOME

Total Receipts of Synod Over
\$18,000 More Than
Year Ago.

BRANTFORD, May 11.—The important question of ministerial stipends was settled for the Diocese of Huron at the meeting of the synod this afternoon, when the recommendation of Bishop Williams that the minimum stipend be \$1,200 for Juniors, with free rectory, was changed by amendment to \$1,300, without respect to seniority. A second amendment that the minimum be \$1,500 per annum was defeated. There was a lengthy debate on the matter.

Civic Welcome.
A civic welcome was extended the 300 delegates by Mayor MacBride, who reminded the synod that Queen Anne Church, near the city, was the oldest in the diocese. Col. Vincent of Windsor and Canon Gunn replied to the welcome. Rev. S. E. Marshall of the Brantford Ministerial Alliance adding to the same with the hope that Canada's divorce laws would be made most stringent.

Urges Church Union.
John Ranton of Canby, referring to the bishop's charge, stated that the forces of evil were many times worse than the forces of good in the country during the war. He asked that church union be furthered and declared that Canada was an excellent place for such union to commence. The cardinal points of Christian religion were identical in all great creeds. Minor points alone made a sectarian division.

Grace Church Leads.
In the returns for the Forward Movement it was found that Grace Church, Brantford, was leader.

Canon C. W. Vernon, Toronto, representing the Social Service Council, asked for a liberal fund, and stated that \$500,000 could be well used from the Forward Movement collection throughout the Dominion. The budget appropriation of \$59,030 for the diocese was reduced as subscribed to \$43,574. Total receipts from all sources were \$11,308, an increase from \$5,145 in 1919.

Should Be Only Cause.
At the session of the synod tonight the discussion on Bishop Williams' charge was continued.

The clause restricting divorce laws received considerable attention. Bishop Williams stated that the only real cause for divorce sanctioned by the church was adultery, and should divorce courts be established that should be the only cause permitted for separation. Quebec would have to be incorporated in Dominion legislation regardless of the desire of the Church of Rome. The discussion was finished at the time of adjournment.

Missionary Outfit.
Other phases of the report discussed included the correction of the Book of Canons, where deletion will be made and clauses substituted to take in the recommendations adopted on an increased clerical stipend.

The grant for a missionary outfit was increased from \$100 to \$200.

An hour-long discussion took place on the meeting of the term "home" as applied to the residence of a clergyman. That it should remain as indefinite as ever in the Book of Canons was the desire of the session.

Government Caucus Supports
Drury On Superannuation
Bill Question.

TORONTO, May 11.—"They told me to go right ahead with it," said Premier Drury, referring to the attitude of Government supporters, in a caucus held before this afternoon's sitting of the Legislature. Lower the superannuation of civil servants.

Following the letter of protest sent by J. J. Morrison, secretary of the United Farmers of Ontario, a petition was circulated among the Farmer members this morning requesting that the superannuation bill be left over for a year. The whole lot had a chilly reception. The "round robin" was being circulated by the Hon. Ross, Gengarray, and J. Cridland, North York South.

Addressed to the premier, the petition asked that the bill introduced recently be laid over for one year to give members a chance to study the matter before their constituents.

"Will any of the Farmer members oppose the passing of the bill?" the premier was asked.

"Some of them will, but it will be supported by quite a safe margin," he replied.

There is a spirit of resentment against Mr. Morrison's action among many of the members, one of whom voiced the general feeling by saying, "The U. F. O. elected us, and now I think we can represent them without having constantly to be told what we should do."

Mills Introduces Bill To Further Conservation of Natural Gas.

TORONTO, May 11.—Further exploration and conservation of natural gas in Ontario is the purpose of a bill introduced by Hon. Harry Mills in the Legislature this afternoon. It is proposed to give the gas commissioner authority to fix natural gas prices in Ontario, where necessary "notwithstanding the terms of any special act or letters patent agreement franchise or bargain as between producer and consumer."

In introducing his measure the minister of mines said opposition was to be expected from those who had been able to secure their gas at very low rates. Copies of the bill would be sent to all municipalities affected. More uniformity in price, he contended, was necessary. Unless increased prices were forthcoming for some companies, they would have to go out of business.

SENATOR JOHNSON, DEMAGOGUE.

Now that Ottawa is to have an ambassador and diplomatic corps at Washington Canadians will have a more direct interest in the contests for presidential nominations, than has been the case hitherto. Just now there is a triangular fight on for the Republican nomination, General Leonard Wood, Herbert Hoover and Senator Hiram Johnson being the participants. Hoover and Wood are conducting their campaigns in the fair, decent manner that one would expect from men of their distinguished public records. Johnson, on the other hand, is showing himself the cheapest sort of a demagogue, grossly misleading and misrepresenting in order to catch votes. His latest is the statement that he is out to fight and destroy the "British League of Nations." The League of Nations covenant was written into the peace treaty by President Wilson. It is no more British than it is American, French, Italian or Belgian. Johnson is handing out this bunk with the object of securing Sinn Fein and pro-German support. His methods stamp him as unfit to carry the dignity of the high office he covets.

EXIT CARRANZA.

Carranza, in full flight before the Mexican rebel leaders, has dropped into the ex-president class. It may be said of him, as it was of his numerous predecessors, that his disappearance is a good thing. There are few who will regret his departure and especially will his passing be pleasing to the world capitals, for Venustiano was a mischief-maker. More than once within the last three years he has come close to a clash with the British, American and French through unjust treatment of foreigners. His insolent attitude over Washington's protests against the persecution of Americans in Mexico finally drove the United States Government to a threat of war, which was averted only by a backdown at Mexico City. Carranza, too, was undoubtedly connected with a German conspiracy to embarrass and hamper the American Government's war activities.

From its beginning as a republic, Mexico, to use the vernacular of the street, has been out of luck as to its presidents. It is true that until he resigned in 1911 Diaz kept order, but his was an iron rule which permitted of no real liberties for the masses. Ever since his going Mexico has been the scene of turmoil and bloodshed. Madero, who followed Diaz, lasted two years before his assassination by Huerta. Huerta was swept away by the combined forces of Carranza and Villa, but this pair quarreled over the spoils and turned on one another, the mix-up being further complicated by the entrance on the scene of the bandit Zapata, who conquered and held the southern provinces. At the end of 1915 an agreement was made by which Carranza was named president, the great nations concurring. Carranza failed to improve conditions, with the result that there was a fresh explosion, this time in Sonora, with Gen. Obregon heading the revolt. Obregon and his friends have promised an early general election and wide reforms, but this has happened so many times that outsiders will remain skeptical. "Show us," is the attitude towards Mexico of the rest of the world, which would reject more over Carranza's departure if assured that his successor would not be as bad.

THE GRIFFITH PHOTOPLAY.

Art in itself is a great redemptive agency and the sheer abundance of beauty and superlative excellence of a Griffith picture cannot possibly be enjoyed without permanently raising the moral fibre of every spectator in some degree. In the particular Griffith photoplay which is now being shown in this city, ethics unites with aesthetics in doubling the moral value of the production. "Example is better than preachment" is the simple but very deep lesson that "The Idol Dancer" teaches, and it illustrates impressively how one man's spirit of brotherhood regenerated dying souls and won a South Sea island to Christianity, where well-meant but less understanding homilies had signally failed.

Of course, a Griffith photoplay is really a pictorial bible, and if one cares to think very deeply about it, he will readily find more than one philosophical viewpoint represented and more than one religious message conveyed.

From the stern hill of New Hampshire came a loving heart in a body racked by tuberculosis to convert by his heroic self-sacrifice, those who had paid scant attention to his uncle's missionary labors. The regenerative example of sacrifice blends with the aesthetic inspiration of idyllic Hawaiian scenes and the old, sweet, story of human love that leads through "white moonflowers to the Land of Dreams Fulfilled."

Artistically perfect as Griffith photoplays always are, "The Idol Dancer" refines the beauty of tropic flowers and the fragrance of exotic southern seas, colors them with the romance and glamor of great love and great adventure, and presents the whole as a magic incense for the redemption of lost hearts and sin-cursed souls. Coupled with the teaching that practice is better than precept, there is the suggestion that regeneration should begin close at home. The base porridge and evil heart of an unscrupulous trader made it very hard work for the missionary to make good Christians out of the dusky natives.

There is a mysterious power about a Griffith photoplay which some critics attribute to

perfected artistry. Free from crude propaganda, or too obvious moral teaching, the unspoken message is vastly more effective than if it had been preached from the house-tops, or blazoned from the billboards, or electric signs. Quiet words sink deepest and remain longer in the hearts of their hearers. Emerson was a great moral influence. Billy Sunday is a great moral influence of a different type. Hundreds of churches, educational and religious organizations, clubs, schools, teachers and evangelists are influenced earnestly at least engaged in the regeneration of the human soul. And one of the redemptive agencies in which one cannot fail to hear the "still small voice" of divine inspiration and purpose, is the Griffith photoplay.

THE MOSES OF THE CONSERVATIVES.

The Conservative pow-wow at Toronto is the latest move of Hon. Robert Rogers, the Moses of the party, to get himself and his friends out of the political Egypt into which they have fallen. Hon. Robert Rogers is not easily discouraged and the way in which he has been working here, there and everywhere in his effort to rehabilitate as dead a political proposition as Canada has ever known, has been little relished by his former friends at Ottawa, who see more likelihood of Union being destroyed than conservatism resurrected. What went on at the Toronto gathering is a sealed book, but judging from the language used about Union Government in the "canned" statement handed out, there must have been remarks in the inner circle of a character to cause tingling of ears at Ottawa. "Ambiguity and vacillation" are the terms applied to the Unionist tactics, while the serious charge is launched that there has been "continuous borrowing with scarcely any provision made for the repayment."

The breach between Rogers and the prime minister is complete—could not, indeed, be otherwise in view of the circumstances under which they parted company. That the western man has been able to keep a considerable following about him, even after his power as a cabinet minister had gone, is an indication that there is a big rift in the Unionist lute, and that harmonious music is no longer possible. There has been an increasing amount of insurgency in the Unionist ranks for a couple of years past and while only a part of this has gone with Rogers, much of it having become more or less politically independent, the main result has been a steady weakening of the Government. There are two or three ministers who are giving little more than lip service at Ottawa. If the time seem propitious they may easily go over to the Rogers-Currie element.

Sir Robert Borden is coming back to Ottawa to face as great a crisis as Unionism has known. All over the country there is the greatest amount of dissatisfaction shown with the record made at Ottawa in the last two years. The returned soldiers here and there all over Canada have called upon the Government to retire. Evidence of lack of real leadership was to be expected in view of the happenings of the last six months, but it is doubtful if any leadership can keep the ship off the rocks now that things have advanced so far.

DEATH OF THE REV. S. H. EASTMAN.

The late Rev. S. H. Eastman was one of the most scholarly men in the Presbyterian Church. For some years he was pastor of St. John's Presbyterian Church at Port Stanley, a position he took largely on account of falling strength. His sermons always had the human touch, and displayed an intimate knowledge of the best literature. He sometimes preached on social subjects, and always took the side of practical common-sense.

His only son, Professor Mack Eastman of Vancouver, was at the front, and it was natural that he should follow war events closely. His references were appropriate and loyal in the best sense of loyalty. He reformed more than once to the part taken by the United States, and deplored the introduction of party politics into so serious a subject.

Mrs. Eastman, who survives him, is the youngest daughter of the late Duncan McGill of Westminster. A son, Duncan McGill, who died soon after being ordained, and Mr. Eastman were friends and fellow-students at Knox College in the seventies. Mr. Eastman also left one daughter, for some time connected with the Western University.

Mr. Eastman retired a few months since, and all who knew him looked forward to several years of useful life. He would have been welcome in any of the Presbyterian pulpits of London. His membership in the Ministerial Alliance would have been a steady influence. He would always be found on the side of right and in favor of all movements that would benefit the moral welfare of the people. The community has lost one of its best citizens, and his widow and family will have the sincere sympathy of all in their irreparable loss.

EDITORIAL NOTES.

As there is not sufficient hydro power to keep the manufacturing going, why the rush to build hydro radials?

The political confusion at Ottawa has been worse confounded by Bob Rogers' reorganization of the Tory party.

The hen-pecked man used to pare the potatoes for dinner. Now the potatoes pare his bankroll, and the slices removed are much thicker than those his wife used to rabe about.

WHAT ARE THE SOUNDS WE HEAR IN A SHELL?

[From the Book of Wonders.] The sounds we hear in the sea shell are really air waves, or sounds made by air waves, because all sounds are produced by air waves.

The reason you can hear these sounds in a sea shell is because the shell is so constructed that it forms a natural sounding box. The wooden part of a guitar, zither or violin is a sounding box. They have the faculty of picking up sounds and making them stronger. We call them "resonators," because they make sounds resound. The construction of a sea shell makes an almost perfect resonator. A perfect resonator will pick up sounds which the human ear cannot hear at all, and magnify them so that if you hold a resonator to the ear you can hear sounds you could not otherwise hear. Ear trumpets for the deaf are built upon this principle.

Sometimes when you, with your ear alone, think something is absolutely quiet, you can pick up a sea shell and hear sounds in it. But the sea shell will magnify any sound that reaches it. It would be possible, of course, to take a sea shell to a place where it would be absolutely quiet, and then there would be no sounds.

There are such places, but very few of them. A room can be built which is absolutely sound-proof.

From Here and There

THE TIE THAT BINDS.

[London Morning Post.] We should work in the country more directly to support and expand the production of the Dominion. We have made a small beginning in imperial preference; but that small beginning has hardly affected them at all. In the long run, it is the economic tie which will decide the fate of empire, and hitherto our statesmen have shown a very imperfect realization of that great truth.

CANADA AND THE WEST INDIES.

[Nassau Guardian.] Every effort should be made to acquire a steamship service with the view of gradually increasing our trade with Canada to the necessary proportions. One of the best methods of encouraging such trade relations would be the grant of preferential tariff rates on Canadian imports, and the exemption of any export duties on goods shipped to Canada. The adoption of preferential tariffs with Canada and the rest of the Empire is on lines with the policy strongly advocated by the Imperial Government, and which will go far to consolidate those ties of sentiment and trade which were so strongly knit by the war. Fortunately we have the funds which will enable us to embark on such a policy; and we sincerely hope that the Legislature will recognize the tie which will secure to Canada the adoption, and will provide the funds for sending a Bahamian delegate to the coming conference at Ottawa, and will authorize him to say, on behalf of the colony, that reciprocal tariff advantages between Canada and ourselves are only a matter of adjustment and enactment.

BY ORDER OF THE KAISER.

[Joseph Herald.] It was by Kaiser Wilhelm's personal command, issued January 2, 1917, that the T-boat campaign of ruthlessness which brought the United States into the war was launched. The order bearing his signature was published for the first time in the New York World on Sunday last, together with a long memorandum prepared by Admiral von Holtzendorf, chief of the German admiralty staff, in support of this desperate policy. The copy, which was secured from the files of the German foreign office, reads:

(Strictly Secret.)

General Headquarters.

January 9, 1917. I order the unrestricted submarine war to be started with full energy on February 1. You must make all necessary preparations immediately, in such a way that this purpose is not prematurely recognized by the enemy and the neutrals. The essential plans of operations are to be submitted to me. A copy of this is to be handed to the Imperial chancellor.

WILHELM, K. R.

THE OLD VICTORY.

[Westminster Gazette.] Nelson's famous old flagship is going into dry-dock. I am glad to hear that her stout oak timbers, obtained chiefly from the Kent and Sussex woods, are still in good condition, and that she may still have many years ahead. But I never go aboard her without wondering what Nelson would have thought of the change could he have visited a modern battleship. Nelson only 30, 1805, when he joined her from the Amphion, until July 29, 1805, when he landed at Gibraltar, he never set foot ashore. Yet the height of the cabin is only 5 feet 11 inches—a tall man, that, could not stand upright in it. "Always shut up in the Victory's cabin," as he himself wrote, "cannot be very good for the constitution. I think you will find me grown thin, but never mind."

LET THEM DEPART.

[Brantford Expositor.] It is asked in the Commons if any attempt is being made to retain the Mennonites in Canada. It should not be necessary. No people who, because of religious or racial prejudices, desire special privileges in education and responsibility should be encouraged in this country. If they are not content with Canadian citizenship as applied to others, they should be allowed to depart to some country which would welcome them.

BRITAIN'S CONTROL OF OIL.

[Brantford Expositor.] Britain now has the control of all the world's visible oil supply other than that in North America. With the British navy formed principally of oil-burning ships, the mistress of the waves is taking no chances of hostile ownership of oil.

STOWAWAYS.

[Hamilton Spectator.] The high cost of ocean travel is increasing the number of stowaways. Scarcely a ship arrives on this side of the Atlantic that does not contain several unregistered passengers, and the majority of them are Russians and Germans fleeing from their own countries.

A ROYAL RAG-SHOP.

[London Daily Express.] The Church of St. Andrew-by-the-Wardrobe, in the City, in which the rector's wife now serves as parish clerk, derives its singular name from a house in Blackfriars bought by Edward III. in 1339, and used as the office of the Master of the Wardrobe and the repository of the royal clothes. In the course of time this house became a perfect museum of the clothes worn by British sovereigns on state occasions. James I. dispersed the royal rag-shop, and after the Great Fire the Wardrobe was removed to the Savoy, and subsequently to Buckingham street, where it remained until its abolition in the eighteenth century.

TRADE AT HOME AND BE HAPPY.

[Border Cities Era.] A dollar spent out of town is a dollar lost to that town. It goes to build up some other town, being deposited there and kept there.

The money you spend across the river and with Toronto mail order firms detracts from the natural progress of your city.

Be fair to the home manufacturer, contractors and merchants. They have invested their capital here with reasonable expectation of home patronage and a fair profit. Many of them put every cent they make back into their business, adding to stock or improving the premises.

Repeatedly it has been demonstrated that you can buy to advantage in your own city. There is also this fact to consider—and it is important—if the goods are not right you can always go back to the home merchant or dealer for an exchange or adjustment, whereas you have to keep the out-of-town "junk" that you thought was a bargain.

The big mail order catalogues may look pretty, and all that, but their best use is first aid in relieving the fuel situation.

If you appreciate where your bread and butter come from, spend your money at home—where you earn it.

Keep all the money you can circulating in your own locality, and when money gets scarce there will be much more available to you than there would be if you sent your money away from your town or locality.

COLONIES FOR THE HINDUS.

[Vancouver Sun.] The improved status of India, both as a self-governing country and as a member of the British family of nations, brings the problem of Hindu emigration into imperial importance. South Africa, British Columbia and other "white" portions of the Empire have been unable to solve the difficulties inseparable from Hindu immigration. The obstacles to the admission of Hindus to that full citizenship and in that unlimited degree which the theory of imperial equality would require are insuperable. They arise from racial differences impossible to remove by argument or persuasion.

In so far as Hindu emigration results from a surplus of population in India, there is, however, another solution to the problem. Vast tropical and sub-tropical areas within British control can be thrown open to Hindu emigration under conditions far more favorable to the emigrants and to their enjoyment of full citizenship than those of South Africa. In British Guiana there has been a steady influx of Hindus, and it is now proposed to organize and subsidize its colonization by emigrants from India. This scheme is being considered by the Indian Government, and has already obtained the support of the Government of British Guiana.

In this and similar movements may be found the solution of a difficult problem. Territories of immense value and extent in East Africa, including those taken from Germany in the war, could be far better colonized by Hindu emigrants than by a white population. The provision of adequate outlets for the surplus population of India in this manner will go far to remove the difficulties which have from time to time arisen in the Dominions in connection with Hindu emigration.

Poetry and Jest

THE TRAVELER-HEART.

[Rachel Lindsay.] I would be one with the dark, dark earth. Follow the plow with a yoked tread; I would be part of the Indian corn. Walking the rows with the plumes overhead.

I would be one with the lavish earth, Eating the bee-stung apples red; Walking where lambs walk on the hills. By oak-grove paths to the pools be led.

I would be one with the dark-bright night. When sparkling skies and the lightning wind. Walking on with the vicious wind. By roads whence even the dogs have fled.

I would be one with the sacred earth. On to the end, till I sleep with the dead. Terror shall put no spears through me. Peace shall jewel my shroud instead.

I shall be one with all pit-black things. Finding the lowest throat unafraid; Stars for my pillow there in the gloom. Oak-roots arching about my head.

Stars, like daisies, shall rise through the earth. Acorns fall 'round my breast that bleed. Children shall weave there a flowery chain. Squirrels on acorn-hearts be fed.

Fruit of the traveler-heart of me. Fruit of my harvest-songs long sped. Sweet with the life of my sunburned days. When the sheaves were ripe and the apples red.

A FASTIDIOUS CUSS.

[Hilbert Miss Herald.] Bachelor with good home wishes to marry widow with small children preferred. No snuff-dipping or tobacco-chewing women need apply. Address Box 299, Guilford, Miss.

"HE'S MY FRIEND."

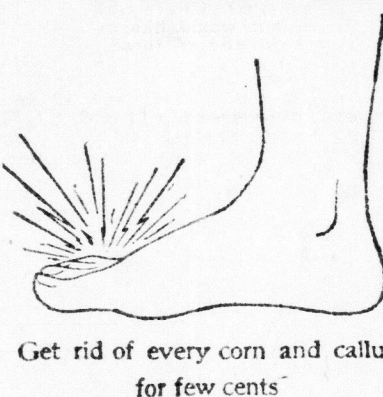

I know he has faults by the million. But his faults are a portion of him; I know that his record's vermillion. And he's farm from a sweet seraphim. But he's always been square with yours truly. Always ready to give or to lend. I never make diagrams of him. No map of his soul have I penned. For I don't analyze him—I just love him. Because—well, because he's my friend.

ALWAYS A SILVER LINING.

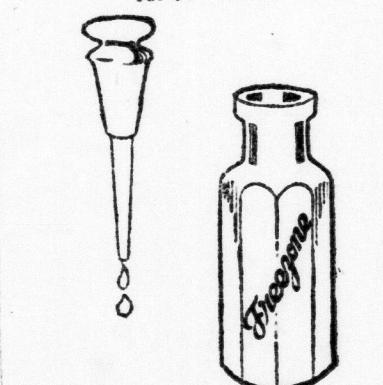

[Washington Star.] He looks as if he might be a member of the diplomatic corps, but he isn't—being a salesman in a time-honored department house on Seventh street, which in one respect, anyhow, is something equally as good. Also, he has a wife who must be a cheerful-roun type of little woman. When she stood in on her husband the morning the order went forth that stores were not to be opened until 10 o'clock, she accepted the news cloud with the buoyancy of one who knows a silver lining when it comes her way. "Why, James," James is the diplomatic-looking husband—"now you can help me with the breakfast dishes, can't you?" Oh, yes, the silver linings are there, all right—provided we don't concentrate too thoroughly on the cloud side of a situation.

LIFT OFF CORNS

IT DOESN'T HURT

Get rid of every corn and callus for few cents

Drop a little Frezzone on an aching corn. Instantly that corn stops hurting. Then you lift it right out. It doesn't pain one bit. Yes, magic!

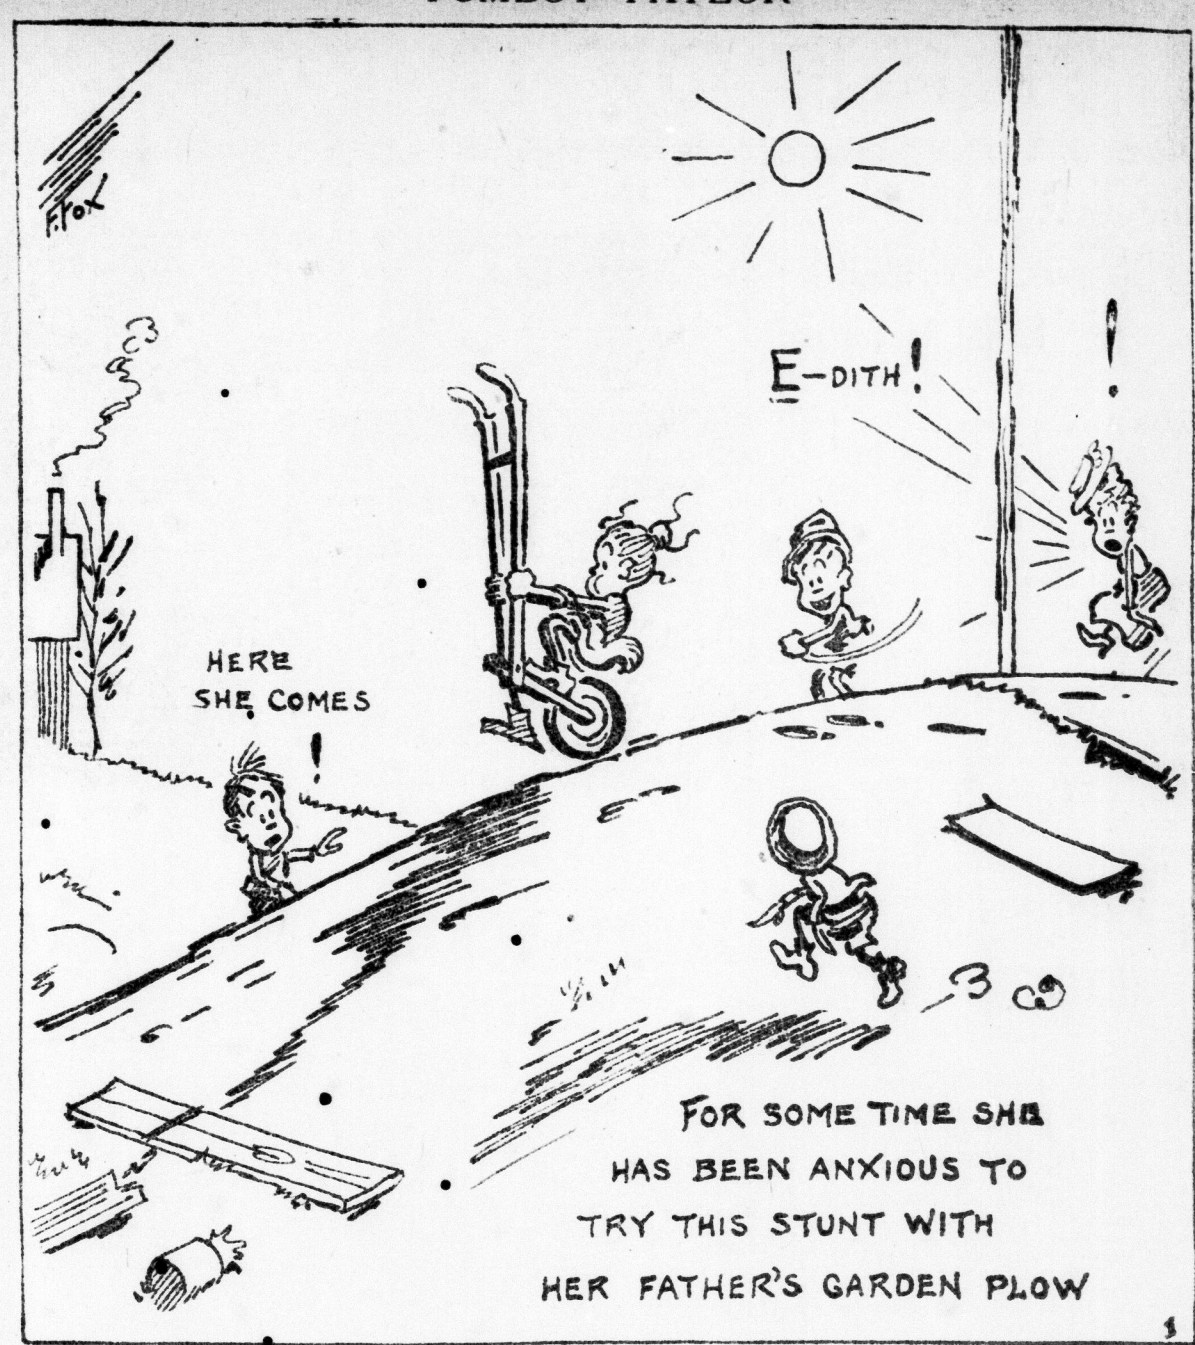

Why wait? Your druggist sells a tiny bottle of Frezzone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and chafes, without soreness or irritation. Frezzone is the much-talked-of other discovery of a Cincinnati genius.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat, also take glass of Sals before eating breakfast.

True acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Sals; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Sals is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Sals to folks who believe in overcoming kidney trouble while it is only trouble.

G. F. S. CLUB HOUSE POSTPONED THROUGH THE LACK OF FUNDS

Executive Abandons C. P. R. Hotel Scheme For the Present.

At a meeting of the executive of the G. F. S. Club, held on Monday afternoon, it was decided with great regret, to postpone renting a club house for the present, owing to a disappointment in receiving promised financial support from headquarters of the G. F. S. Society in Toronto. In the meantime the members of the club will devote their energies to raising and collecting money for the cause, hoping that it will not be long before they will be assured of enough money to have a reserve fund for this most excellent and much-needed project. For some time the G. F. S. Club has been contemplating the renting of the C. P. R. Hotel on Richmond street for a clubhouse, but this has now had to be abandoned.

SEAFORTH GIRL IS HONORED IN REGINA

Appointed Secretary To Provincial Department of Agriculture.

A former well-known Seaforth girl, Miss Isabelle Cummings, has been recently appointed to the position of secretary of the department of agriculture for the province of Saskatchewan. For eleven years Miss Cummings has been connected with the civil service in Regina. During the past year she has been engaged in various departmental works, and her appointment to the new position of secretary shows her efficiency and capability. The knowledge she has acquired of the work of the department will be of inestimable value in carrying out the new policy inaugurated by Hon. W. Hamilton.

WHAT'S IN A NAME

LILY. Lily may truthfully be said to be a flower name. Although effort has been made to connect for it an intricate etymological history, it is best accounted for by the pure white flower with golden tongue which gives its fragrance to the Easter season and blooms in its happiest glory in June. Curiously, Lily has always been closely identified with Cecilia. Since the former was found difficult to trace, the Italian name Cecilia was thought to be one of its progenitors. It was borne by Lillia Gonzaga in 1340, but was soon softened in Italy to Zilia or Cecilia. Lily is purely English and American. The Scotch have the form Lillias, made popular through Lillias in 1557. A Scottish ballad is also ascribed to Lillias, but in recent years the heroine of "Rosalind and Lillias," who was queen of Naples, is generally referred to as Lily and the significance of the flower is the accepted motive for its use. The diamond is Lily's talismanic stone. It will protect her from danger and disease and promises her victory over her enemies and the fulfillment of her ambitions. Saturday is her lucky day, and 7 her lucky number. The Lily is, of course, her flower.

SOCIAL and PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mrs. E. J. Taylor has returned to the city after a three months' visit in Winnipeg and Chicago.

Mrs. J. Jones of the local W. C. T. U. will address a meeting of the Kooka on Thursday afternoon.

Mrs. May R. Thornley has returned to the city after a visit with her daughter, Miss Betty Thornley, in New York.

Miss Frances Wilson of this city is visiting her parents, Mr. and Mrs. E. R. Wilson of Lansing, Mich. Mr. Wilson was formerly general secretary of the London Y. M. C. A.

A social evening was held at the home of Mrs. Kendall, 410 Layard street, Wednesday night, when a card party and granite shower was given in honor of Mrs. F. Smith (formerly Miss Edith Cudiffa). She received many useful gifts. A very enjoyable evening was spent. The winners of the prizes were Miss L. Jones and G. Wyatt.

One of the prettiest of spring decorations was that which was held yesterday afternoon when Mrs. Gordon Cooper resolved for the first time since her marriage at her home, 324 Waterloo street, in living-room and dining-room great clusters of mauve and pink sweet peas were effectively arranged with snapdragons, amid the glow of candlelight. Mrs. Cooper, in a charming gown of white taffeta and old lace, with corsage of sweet peas and Ophelia roses, received the guests with her mother, Mrs. C. R. Collier, and Mrs. A. E. Cooper. Mrs. Collier was wearing

a handsome gown of taupe taffeta and corsage of red roses, while Mrs. Cooper wore a Paris gown of black grenadine satin and jet. The latter's costume was completed by a corsage of violets and a beautiful diamond pendant.

In the parlor, Mrs. Edwin Seaborn and Mrs. C. E. Morris presided over the coffee and tea, assisted by Mrs. Wilfred Mary, Miss Marjorie McNeill and the Misses Kathleen and Dorothy Collier. Miss Wilson invited to the tea.

A quiet but pretty wedding took place at the residence of Mr. and Mrs. Henry Jerome on Thursday last, when their eldest daughter, Madeline, became the bride of Albert McKitchie of Zone.

The bride looked charming in her traveling suit of navy serge, and chic hat to match. She carried a bouquet of carnations. Miss Margaret McKitchie, sister of the groom, played the organ, and during the signing of the register Miss Misser sang very sweetly "Because." The Rev. Mr. Thompson of the Methodist Church performed the ceremony in the presence of only immediate friends and relatives.

After the ceremony, a dainty wedding breakfast was served, the house being prettily decorated with roses and carnations.

Mr. and Mrs. McKitchie left via motor for their honeymoon at Detroit. On their return they will reside on the groom's farm in Zone Township. The groom is the son of the late Rev. James McKitchie of Zone, and the bride was assistant editor of the Bothwell Times.

QUESTIONS AND ANSWERS.
One Letter—Many Questions.
Dr. Brady hopes that correspondents who ask numerous questions and desire answers by mail will not object to his practice of jotting brief replies and returning the letters thus. The correspondence has reached such proportions that it is physically impossible to write out formal answers to all letters, and the venerable doctor strives heroically to give his best attention to every inquiry.

Question of Nerves.
Which of the spinal nerves go to the stomach? Which go to the kidneys? Which go to the heart? (P. J. F.)
ANSWER—None. These organs, and most internal organs, have no spinal nerves, but are supplied by nerves from the brain and by branches of the sympathetic nerve plexus, none of which arise from the spine. The spinal nerves are distributed rather to the muscles of the arms, trunk, and legs, and the skin over these muscles.

Friends call it rum blossom and say yeast will cure it, since there is no beer. Is there anything in it? (H. E.)

ANSWER—Yeast will at least do no harm, you might take one cake of any kind of yeast used for making bread, mixed to fluid with any fruit juice, milk or beer, after each meal, for some four or more weeks. This lotion may do some good if applied at night, one or two or three times every day.

them on your hands and rub with a clean cloth until nearly dry. Also saw where someone wanted to know how to wash a goresette blouse. If she washes it in lukewarm water and chips soap, and iron while still wet. Her blouse will be like new. If she irons it across the goods, it will be ruined. Could any of the readers supply me with the words of a song. "Bloody Waterloo" and "Young Monroe".
JONE.

I wonder if I could learn through your Mail-Box how to make a good suit. I have many dandy suits on the way, and we will be wanting that "something cool to drink." I'm another of those inveterate readers. How many Boxes agree with me in admiring Jeffery Parrot Rupert Hughes, John Galsworthy and Thomas Burke? There are many more names I would like to add if space permitted. For the past three seasons I have been in bed. Please sympathize with me, someone. Perhaps really don't need sympathy, though, for if I hadn't decided to get sick I would be at this minute trying examinations for my third year dental school. As it is, I'll be a sophomore again next year. Ah, well—Here's a shin-plaster for my hospital fund.

BIG BOXING CARD
READY FOR WINDSOR
ON MAY 18THMany Championship Bouts To
Be Staged At Armories
by Barney Mullen.

WINDSOR, May 11.—Matchmaker Barney Mullen, who is staging probably the biggest sport card Windsor has known in the Armories here on May 18, announced tonight his complete card, of which Sam Langford, "Boston Tar Baby," and Marty Cutler, aspirant for the heavyweight honors, will meet in the finals. Cutler, who is a brother of Charlie Cutler, wrestler, arrived here today to commence training, and Langford is expected later in the week, and will probably give several exhibitions during his training workouts at Pelkey Arena in Ford City. Ernie Harriau, welterweight champion of Canada, and Walter Gunn, Michigan welterweight, who met here in a lively battle some few weeks ago, will again clash in the semi-finals, while St. Ayot of Pontiac, Mich., will meet Stanley Pollack of Chicago. Bud Morris of Walkerville and Young Jack Dempsey of Detroit, will battle for the 112-pound championship of the Border Cities and Detroit.

Tecumseh's Only
Canuck Team To
Turn In WinSnatch One-Run Victory From Battle Creek Custers in Opening
Festivities in Eighth Frame—Thomas Allows But
Three Hits—Fans Well Pleased With Team.

It was a drear day, but a rare opening game provided yesterday by the London and Battle Creek Clubs, the 3-2 victory turned in by the men of Wetzel doing what the weather failed to do in warming up the nearly 3,000 odd fans out to see the premier to real enthusiasm for the team carrying the London letters this season.

The club cut out the parade and ceremonial part of opening day festivities this year, and as soon as Alderman John Bridge had made a brief speech and Rotarian Bill Moore had presented Manager Wetzel with the usual floral horse shoe, the game was well away.

Despite two circuit clouts and generally healthy swatting that didn't turn into hits, the game was not a thriller, but just straightaway baseball. Ad. Thomas' southerly hurling didn't pass more than three wallons into the hit column, while his opposition, Bullard, was found for one each stanza, a homer, two three-baggers and two double-sackers constituting the heavy stick work.

At Had Easy Time. Thomas had a very easy afternoon of it. His help was good throughout, and he worked his assortment out of his system smoothly. Having picked one out all right in the third, but the southpaw never was in a real tight place during the afternoon.

The Custers grabbed off one tally right at the start. Kuhn, the long, lanky London first sacker's error in the first frame paved the way for Boyle to make the route, via a sacrifice and Taylor's single to centre. Having did two frames earlier for the whole circuit. Dowling lifted one billed for the same distance to centrefield, but it was too high and was an out, and Thomas whacked the kind the crowd like to hear to the right garden to the same end, and Mr. Bullard said "thank goodness." Came the usually awful seventh, but awful piece seventh came the third, with his home run written all over it on a sunny day, but which came back when he had reached third. Dowling walked, Thomas singled. Shay and Pittenger, however, popped out and the danger was passed.

Kuhn, with one gone, was allowed a single in the eighth when Jewell missed his grounder up. Kennedy repeated, and Neltske drove in Kuhn with his long fly to centrefield, scoring the winning run. Dowling fled out and that ended the scoring.

One strikeout and two caught flies in the ninth.

Umpires—W. McKee and J. Shuster.

Summary.

Two-base hits—Pittenger, Calbert. Home run—Neltske, Thomas. Earned runs—Battle Creek 1, London 2.

Stolen bases—Neltske. Bases on balls—Off Bullard, 2; off Thomas, 2.

Struck out—By Bullard, 1; by Thomas, 4.

Sacrifice hits—Jewell, Stupp, Kelly. Double plays—Shay to Dowling to Kuhn.

Errors on bases—Battle Creek, 2; London, 1.

Left on bases—Battle Creek, 4; London, 8.

Reds Win From McGraw's

Giants—Browns Defeat

St. Louis 3-2.

CINCINNATI, May 11.—The world's champion Reds won from the Giants this afternoon before a large crowd, knocking both Barns and Douglas out of the box. Eller was hit hard at times, especially by Young, who made three triples, but was steady in the pinches and received sensational support. The score was 9 to 4.

Before the game the first National League pennant ever won by a Cincinnati team was raised with appropriate ceremonies.

The score: Cincinnati, 9; Giants, 4.

St. Louis, May 11.—The Boston Braves defeated St. Louis 3 to 2 in the opening game of their western invasion today by bunting four hits with two bases on balls in the first inning for three runs. It was Boston's eighth consecutive victory.

St. Louis was unable to hit Fillingim after the first inning, when two bases on balls and a single produced two runs.

The score: St. Louis, 3; Boston, 2.

Summary: St. Louis, 3; Boston, 2.

Umpires: O'Neill, Jacobs, Sherd and Clemens.

INGERSOLL ENTHUSES

OVER BASEBALL

INGERSOLL, May 11.—Interest in the town league baseball is increasing, and the first practice of all the league teams has been called for at Victoria Park tomorrow night. It is expected that judging from the interest displayed, there will be a representative turnout.

Glints From Mint Diamonds

The crowd didn't see much of Manager Buzz Wetzel yesterday, but they were surely pleased with the work his help did.

President Maines congratulated the club on their team yesterday after the game. He also took time off to tell McKee and Shuster that he was pleased with their umpiring.

Wetzel pleased the fans and will please them. He isn't long on oratory, but he is on baseball, which is the main thing.

Briger caught a nice game yesterday. Big Joe didn't get any hits. It looked as if he would get it. He was in the eighth, but he was out on a long fly.

And Mr. Ad Thomas, late lieutenant in the United States army, and playing odd games around London last year, had enough show to make good with the fans right from the first cant. He hits rather intentionally, too. Two hits.

Kuhn, the elongated first-sacker, who made such a good impression down south, had a bad day yesterday. He dropped two, but even at that, in the sixth, however, he got two hot ones to handle, and one of them made him look mighty good. The other was a homer, but got this dodging rain down in Ohio.

Deloitte or Carmen are the likely choices of Manager Wetzel tomorrow. Horne looks like a prospective moundman for the Custers.

Rubber Krapp, manager of the Custers, has a well-balanced team this year. But some of the players last night thought his name was Crab because it's a safe bet one of the carders and one or more others listened to sweet somethings after the game.

Krapp was just about to pinch hit for his centre fielder yesterday in the ninth, but it wasn't necessary.

Just one more today will make it right—and a little sun.

Shag no longer finds out that the spitball has gathered around him, as all except one useless than his paid up in and out and lose a game to the piters.

The rain yesterday would give Knotty Lee another day to get his voice in condition and think up a few new ones.

Shag's Men Made Flint Go Ten Innings To Win, Morris-

ette Weakening in That Frame—Kitchener Lost

7-2 To Aces, But Made Real Game Of It.

HAMILTON, May 11.—Hamilton Tigers lost their opening Michigan Ontario game this afternoon to Flint at Dundas, 7 to 2.

First base hits—Hardest kind of batting. Going into the ninth inning the score was tied 1 all. The teams were unable to break the tie in that frame, but Flint pounced upon Pitcher Morrisette in the tenth and scored four times.

Morrisette had fanned thirteen, and allowed nothing that looked like a hit. An error by Malmquist, however, followed by Anderson's double to left centre, tied the score. The Tigers had a glorious chance to win out in the ninth, when Malmquist's sacrifice went in to hit for Conley, with only one out and the bases full, but Frankie Lapp failed to bunt, and Shaughnessy's fly to left field, and the chance was lost.

The tenth Gerdes started the trouble by throwing poorly to first, two hits and a sacrifice following in quick succession, gave Flint the victory.

Over 2,200 persons witnessed the opener. Among the out-of-town visitors were Mayor Church of Toronto, and James J. McCaffrey, president of the Toronto Baseball Club.

Knocks Two Home Runs, a Triple and Is Walked—
Three Home Runs in Game.

NEW YORK, May 11.—Ruth's spectacular hitting featured New York's 6 to 5 victory over Chicago here today. In four times up Ruth hit two home runs, a triple and drew a base on balls. One of Ruth's home runs went into the right field bleachers, it being only the second ball hit into this bleacher section in the history of the present stadium.

Ruth's batting accounted for five of New York's runs. The other resulted from Peckinpaugh's home run. Pitcher Mays was also batted hard by Chicago, but his lead in the early innings saved him. The last four innings were played in a rain shower.

Score: Chicago, 5; New York, 6.

Umpires: Kerr and Schalk; Mays and Hannah.

RALLY BUT LOSE.

PHILADELPHIA, May 11.—Kinney gave seven bases on balls today, but held St. Louis to three hits, Philadelphia winning its first game with the invading western team, 3 to 0. Welch and Griffin featured. Poor base running by Slater in the ninth killed the visitors' rally.

Score: St. Louis, 0; Philadelphia, 3.

Umpires: Sothoron, Burwell and Severoid; Kinney and Perkins.

DETROIT WINS ONE MORE.

WASHINGTON, May 11.—Three hits and a passed batter netted Detroit three runs in the ninth inning and the opening game of the series with Washington today. The final score was 3 to 3. Score: Detroit, 3; Washington, 3.

Umpires: Boland, Allen, Oldham, Glaster and Almsch; Schacht and Garrity.

The Importance of an Easy-Running Bicycle for the Boy

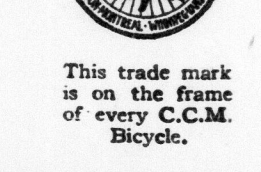

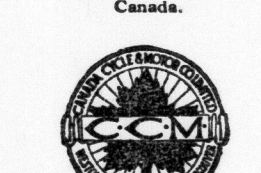

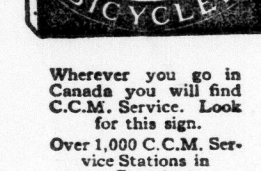

A "BUNCH" of joyous boys and girls on a bicycle ride! How they do breeze along the smooth, level stretches! What fun! What exhilaration!

But pity that poor boy on the hard-running bike. How he has to pull on the handles and push on the pedals to keep up with those on the easy-running C.C.M. Bicycles. It's no joy ride for him.

And the strain is always there, to some extent, even when he only runs errands on his hard-running bike.

Overtaxing the strength of a growing boy or girl is to be avoided. It might lead to serious consequences. Be safe. Buy your boy a C. C. M.

May Tell Player By His Swing But Not By His Gait

So Decide Loew's Patrons As London's Ball Tossers Introduced On Run Across Stage.

The London ballplayers were introduced to the patrons of Loew's Theatre during the course of a theatre party tendered the club officials and the players by the management last night. This novel method of introducing this year's London team brought forth a big bunch of fans, and the winners of the opening game were given a rousing reception from the house. Alderman John Bridges acting for Mayor Little, made the general introduction in a few brief remarks, and Mr. William Moore did the announcing.

Manager Buzz Wetzel received a great reception to start with, as he loved and loved it across the stage. Neitzke, the home run awriter, and St. Thomas, the home of the old fixture, with Pittenger, and Shay (old favorites led the procession, across the stage. The applause was the conclusion that you may tell a ballplayer by his swing but not by his gait.

It is the first time that people have been prosecuted in the local courts for failing to make income tax returns. Inspector Plewes states that there are other alleged delinquents in the border cities and that prosecutions are pending.

STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system, which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They given up the liver, condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache." Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

LICENSE COMMISSION ROUNDLY CONDEMNED BY HARTLEY DEWART

Characterizes It As the Worst Extravaganza in History.
TORONTO, May 11.—"The most expressive extravagance in the history of the province" is the description applied to the Ontario Board of License Commissioners by H. Hartley Dewart, Southwest Toronto, in the Legislature tonight, when he moved that an item of \$15,000 for the enforcement of the Ontario temperance act be struck out of the supplementary estimates. The Liberal leader condemned the board as too expensive and stated that they are operating the Government liquor vending business as a money-making concern instead of as a dispensary of medicines.

"If we are to have clean government and clean business in this province one of the first things to be done is to clean out this license board," he declared.

Apparently the members of the board were fixated in the legislative chamber, as they were constantly to be seen above the speaker, he said. He remarked that one of them would have done much better in some other place than the license board. He advised the Government to abolish the board and place the business all under one man, who would be under the direct supervision of the attorney-general or provincial secretary. Also a full statement as to words used by me in the select committee on pensions. This circumstance I regret exceedingly, as nothing was further from my mind than to reflect in any way either on soldiers or their dependents, and while still affirming my statements as to what I did say on that occasion, I desire to apologize for any offence which my words may have unintentionally caused to the returned soldiers, their wives or widows.

(Signed) "HUGH H. McLEAN."
Cronyn Reads Letter.
The chairman, Mr. Cronyn, read a letter from Messrs. Peck and Cooper, withdrawing their resignations in view of the Gen. McLean statement. The letter, as addressed the chairman, follows:

In view of Gen. McLean's statement expressing apology for any offence which his words caused soldiers, their wives and dependents, and also in view of the fact that many returned soldier organizations throughout Canada have requested us to remain as members of this committee, we have decided to withdraw our resignations.

(Signed) "R. C. COOPER."

ment of the business done should be given in public accounts.
Money-Making Concern.
As an argument against including the \$15,000 for enforcing in the O. T. A., he pointed out that last year the expenses had been only \$125,000 while the board had made \$250,000 and the municipalities had made \$137,000 in fines.

"The board seems to consider this something to be conducted as a money-making concern," said Mr. Dewart. "The Province of Ontario should not be in the liquor business. That venal money-making concern."

"All credits are returned to the consolidated revenue fund," remarked Provincial Secretary Hon. H. C. Nixon. "The money has to be voted in one way or another."

"The board is costing too much," reported Mr. Dewart. "Last year there was a vote of \$205,000. Will you tell me that is not enough? Two-thirds of the money received for fines was due to the activity of the municipalities. The Lord knows we have enough evidence of the way the board manages its business."

Referring to Barnett Stone, the Toronto Jew, he was scathing in his remarks about "the 50-year-old man who had not volunteered for service overseas, who admitted that he had issued 3,000 prescriptions as a special vendor to the Jews. This man had been one of the bitterest political opponents of himself and his gallant friend, Captain Ramsden, in the last election."

"I do not pretend to defend some of the unpleasant circumstances we found when we took office," Mr. Nixon said. "There is a good deal of truth in what my honorable friend says. The situation is more complex today than it was a year ago. This money had to be accounted for a year ago by special warrant. If we do not get the money from the House by vote we shall have to do it by special warrant, and I for one am opposed to that backdoor way of financing."

School books came up for more inquiry, when the House in committee considered an item of \$50,000 for subventions to publishers for procuring the retail price of text books.

Mr. Dewart said the late government had tried to camouflage this item last year. He could not find it when the estimates were brought in. Large firms should not be allowed to advertise in school books.

Hon. G. H. Henry said that by permitting publishers to place their names in the books the late government had been given cheaper books than the previous government had without the names. The item was passed.

Dawn of a better Spark Plug
A NEW SPARK PLUG—all-Canadian in make and thorough workmanship—with a mighty fund of energy—a plug that will revitalize your car. That is the "M&S."

The principle is new. The feature is the ball point, which concentrates the current and intensifies the heat. That results in a big, hot spark—a spark that means complete combustion. The "M&S" plug is not only wonderfully efficient, but its life is of abnormal length. It is sturdily built, and once installed, gives steady, useful service, and causes no worry.

The porcelains are interchangeable; they fit all plugs. The porcelain is the finest to be had, and is chemically glazed to withstand heat. "M&S" users have no trouble with broken porcelains.

The new Overland "4" is equipped with No. 500—1/2-inch standard. Of course "M&S" plugs are all carefully tested, and we guarantee that they will give complete satisfaction to the user, or free repair or replacement.

Try a set. You will not be disappointed.

CAPT. ERNEST HILL of Portland, Me., who says he was not able to report for duty before taking Tanlac. Declares he feels like a new man now and is on deck every day ready for work.

"I feel just like a new man since I began taking Tanlac and I am not only willing, but I am anxious to tell other people what this medicine has done for me," said Capt. Ernest H. Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hur, plying between Portland and Casco Bay. He has been in the service for ten years, and is held in high regard as an officer and citizen by all who know him.

"I have suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and at the time I started taking Tanlac I was in such a weakened condition I could hardly stand up. When I took the first dose, I felt a little better, and after a few more doses, I was able to get up and about. I am now as strong as a horse and I can do anything I want to do."

"I would also have a few more things to say about Tanlac. It has helped me in many ways. It has given me a good appetite, and I can eat anything I want to eat. It has also helped me in my work. I am now able to do my job as well as I ever did."

Poison In Your System

There is a certain amount of poison in every person's system, but when the kidneys are in a normal condition, they take these poisons out of the system.

If the kidneys are diseased the poisons are circulated through the blood and the waste matter settles in the feet, ankles and wrists and causes these parts of the body to ache and become stiff.

Dr. Clement's Kidney Pills get to the kidneys and liver and assist these organs to throw off all poisonous waste matter before they poison the whole system.

INCREASE PROVINCIAL AND MUNICIPAL GRANTS FOR HOSPITALS' MAINTENANCE

Nixon Introduces Bill To Enlarge Aid To Refuges, Sanatoriums and Other Charitable Institutions At Additional Cost of \$350,000.

(Special to The Advertiser.)

TORONTO, May 11.—Increased provincial and municipal grants to hospitals and charitable institutions were introduced today when the provincial legislature passed the bill to increase the provincial grant to hospitals from 30 to 50 cents a day and the municipal grant for an indigent patient from \$1.25 to \$1.50 a day.

According to Hon. Mr. Nixon's statement, the cost of maintaining patients in the various hospitals throughout the province was \$1,841,197 in 1917, it had risen to \$2,255,419 in 1918. It is estimated that the increase in the provincial grant to hospitals will mean an extra cost to the province of \$178,213 a year.

Government allowance to sanatoriums, according to the legislation introduced, will be increased from 30 to 50 cents a day. Provincial contributions to refuges are to be increased from 7 to 10 cents per capita a day and to orphanages from 2 to 3 cents per capita a day.

The department accepts the contention of the hospitals that it costs as much to care for a child as an adult, and raises the allowance toward the maintenance of children to the same as that for adults.

The total additional cost of the increased allowances is estimated at \$350,000 a year.

**THIRD ANNUAL SHOW
OF L.C.A. FOUND MANY
HIGH CLASS DOGS**Harry Lawder Sells Airedale
Bitch For \$500—Winners
Will Be Published Later.The third annual dog show of the
London Canine Association, held in the
dog building of the Western Fair
grounds yesterday afternoon, was
largely attended. Over seventy-five
men made their entries, including men
from Winnipeg, Detroit, Toronto, Ham-
ilton and Brantford. There were
eighteen classes of dogs entered. The
classes of dogs were: Boston Bull, Aired-
dales, Field Spaniels, French Bulldogs,
Boston Terriers, Beagles, Russian
Wolfhounds, Yorkshire Terriers, Cocker
Spaniels, English Setters, Cairn Ter-
riers, Scottish Terriers, Collies, Wire-
haired Foxterriers, Smooth Foxter-
riers, Bullterriers, American Foxter-
riers.
Mr. L. Ibbery of Brooklyn bought an
Airedale bitch from Mr. Harry Lawder
of this city. The price paid by Mr.
Ibbery for this bitch was \$500. Mr.
Lawder also brought a pup from Mr.
Ibbery. The price paid for this pup was
\$100. Mr. C. S. Weber, who paid \$500
for the champion bulldog "Opportunity"
also showed his dog. The Golden Rule
Kennels of Detroit showed several of
their Boston Bull pups. Miss
Marion Beck had the only Scottish
dog entered in that class. This type
of dog is very scarce. Miss Beck's
dog is thought to be the only dog of
its kind in Ontario. Mr. J. J. Lynn of
Port Huron was the judge. The list of
winners will be published later.**BIRD NOTES**(Contributed by Melvraith Or-
nithological Club.)The last of our woodpeckers, the
red-headed, arrived in South London
this morning. He is a handsome fel-
low, in black and white, with head,
neck and breast entirely red.
There are nine of this family in On-
tario, two of which the American
Three-Toed and the Arctic Three-Toed
are found only in the northern parts.
The little Downy and his larger cousin,
the Hairy, are to be seen along our
city streets all winter.
The Flickers, commonly known as
"Tink-Holes," or "Golden-Winged
Woodpeckers," arrive early in March.
They are our only woodpecker that
feeds on the ground. They are very
fond of ants and may be seen on our
lawns, especially large lawns at the
Normal School and Victoria Park
searching for their favorite dish.
The Sapsucker is another handsome
species, with scarlet crown and throat
and spends a few weeks here before
leaving for the north.
The Red-Bellied-Woodpecker, whose
back is mottled like a Plymouth Rock,
hen, is less numerous than any of the
others found here. He seems to pre-
fer certain woods and may be found
only in those woods.
The largest number of this family,
the Pileated, a bird nearly as large
as a crow, is to be found here no
longer. They are handsome birds,
largely black, but with a flaming scar-
let crest and red moustache. A pair
used to live in the large woods at
Fynton, a few miles north of the city,
but these woods have been recently
cut down and the birds have departed.
We must travel now to the forests of
Northern Ontario to see them.
J. R. McLEOD.**RENTAL TO BE HALF
COST OF MAINTENANCE**Collegiate Classes Will Use Lord
Roberts School for a Time.Rental of the Lord Roberts Public
School for Collegiate classes which were
left "homeless" by the recent fire, was
fixed at half the cost of maintenance
by No. 2 committee of the board of
education Tuesday afternoon. The
school is doing double duty at the
present time. Public school classes are
using it for one part of each day and
collegiate classes the remainder of the
time. An equal division of the cost
of upkeep was thought to be a fair
settlement of the rental question. The
city treasurer will be consulted to de-
termine the exact amount. The ques-
tion is merely one of bookkeeping, so
far as the public is concerned, as it is
merely a matter of the division of
costs between committees of the board
of education.A recommendation to call for tenders
for grading boulevards at the Lord
Roberts and Ryerson Schools was
made.Permission to use Victoria School
grounds for tennis was granted on
condition that building operations were
not interfered with. The question of
permitting the use of Tecumseh School
grounds was given permission to use the
Committee Chairman Edwin Smith.The Lorne Avenue Mothers' Club
have given permission to use the
of the school for a bazaar on Empire
Day. Application from the same club
for permission to erect a memorial in
the school yard to Lorne Avenue pupils
and ex-pupils who fell during the war
was left with Chairman H. Hayman
and Trustees Smith and Tanner.**SCHOOL REPORTS**ANNUAL SCHOOL REPORT.

ALL THEATREGOERS.**D. W. Griffith has done it
again. Twisting upon the harp of life
with all his might, he has made a pic-
torial love story of the tropic seas, full
of romance and wild adventure in "The
Idol Dancer," which has enthralled all the
theatre-goers of the city.A great deal of beauty; some of the
scenes are a flaming Winslow canvas,
and from the unusual burst of applause
which followed the picture one gathers
that Mr. Griffith has not lost his ar-
tistic touch in creating great film
masterpieces. The exotic setting, the
frenzied love story and most of all the
dance motive, which runs through the
entire film were obviously woven around
the personality of beautiful, blonde
Seymour, the latest Griffith discovery.
She is a volcanic little creature with
provocative eyes and movements, and
as the idol dancer she is the symbol of
smouldering languorous tropical nights.
Her dance shocked all the mission-
aries in the east, but proves a great de-
light to each new audience. Richard
Barthelmess as the handsome scowling
young dervish makes an instant ap-
peal as he dares everyone to reform
him. The remainder of the cast is of
the usual Griffith excellence.
One of the most beautiful features
of the program is the exceptional music
provided by the big augmented or-
chestra. With a Hawaiian band carry-
ing the theme of South Sea melodies
throughout the entire showing of the
picture, and the big Allen orchestra
every few moments emphasizing some
big dramatic moment, one sits, and is
swayed to the utmost soul along the
path of drowsy romance, and stirring
wild adventure.The beautiful prologue which is pre-
sented matinee and evening is one of
the new features which the Allen has
introduced to the theatre-goers of the
city, and the slim graceful young
dancer, Madeline Boyce, in the native
costume of grass and fig leaves, with
flashing limbs and eloquent arms,
makes a sincere hit at each ap-
pearance. Come early. See the matinee
if possible.**PATRICIA.**Wallace Berry, huge, self-sufficient,
masterful, the screen's most capable
portrayal of character, and heavy roles,
is seen in the role of the sheik in Pri-
silla Dean's production, "The Virgin of
Stamboul," and he gives a finished por-
trayal of the sinister character which
compares more than favorably with his
work in "The Life Line," "Soldiers of
Fortune," "Behind the Door" and other
recent photodramas. "The Virgin of
Stamboul" is now delighting amuse-
ment lovers at the Patricia Theatre.Mrs. Sydney Drew's delightful se-
rial, "The Charming Mrs. Chase," star-
ring John Cumberland, and a Ford
Monthly are the additional attractions.**AT LOEW'S.**A pretty little seventeen-year-old
actress makes her screen debut sup-
porting Charles Ray in "Red Hot Dol-
lars." His latest Thomas H. Ince pro-duction, at Loew's tomorrow. She is
Gladys George and was discovered by
Mr. Ince while she was playing with
"The Better Ole" stage company in
Los Angeles. The famous producer
was attracted by her charm and skill,
and a test made, and signed her to a
contract.Miss George was born in Maine of a
theatrical family and made her first
stage appearance at the age of three.
She played in Winthrop Ames' Broad-
way production, "The Betwixt," and
has appeared as "Suzanne" in "The
Better Ole" throughout the United
States.
"Red Hot Dollars" presents Charles
Ray as a youthful machinist and is
said to be a thoroughly entertaining
picture. It is a faraway story, directed
by Jerome Storm.
An excellent bill of vaudeville, a ri-
ppling comedy and screen pic-
ture completes the program.
"The Life Line" and Marion Gandy
and her minstrel maids, with four otheracts will be seen for the last time to-
day.
Coming—Return engagement of Carole
and Nell, London's favorites, May 17,
18, 19.**AT THE GRAND LAST TIME TODAY.**The two popular favorites, Douglas
MacLean and Doris May will be seen
at the Grand for the last time today in
"Twenty-Three" and a "Half Hours"
Leaves the brilliant picturization of
Mary Roberts Rinehart's famous story
in the Saturday Evening Post. The pic-
ture contains nothing about war, but
is a sizzler for love, adventure, excite-
ment and laughs. The girl was the
general's daughter; the boy, the worst
soldier in camp. Yet, compared with
Bill Gray in some respects, Napoleon
was a raw recruit.The headline vaudeville feature will
be "Lady Alice's Pets," an excep-
tionally clever animal novelty. Murray
and Lane will offer a pleasing comedy
sketch entitled "Hubby's Holiday."
Powers and Wallace in a singing, com-
edy and dancing offering; Harris and
Harris in an equilibrium novelty, and
Johnny Keane with a line of original
songs and dances, will be the other
feature attractions.A Snub Pollard comedy entitled
"Shoe on Sight," the Pathe New
Topics of the Day, and the Pathe Re-
view will be the added features of this
excellent bill.**HARVEY'S GREAT MINSTRELS.**Harvey's Greater Minstrels was or-
ganized and is owned by R. M. Harvey,
a well-known circus man, who for
years has been spending money like
water in the circus business. The ex-
pense of building an amusement en-
terprise does not disturb him, because
as manager of one of the greatest
circus enterprises on the road he
learned it is only by the lavish ex-
penditure of money that success can
be attained. Hence it is not surprising**JOHNSTON & MURRAY****Men:**Try on this popular model
