White Shirt Waists

FOR HOT WEATHER

Were always popular. This season they are more so than ever. The open back, elbow sleeve style, have been scarce and hard to get. The manufacturers are working day and night to produce them, and still the supply is not equal to the demand. We are showing a big assortment of them, with further shipments coming at regular intervals for the next six weeks, so we hope to be able to keep up with the demand. See our window display.

75c

White Lawn Waist, open front, long sleeves, tight cuff, finished with four large tucks hemstitching, and three clusters of small tucks front and back, in rows of large and clusters of small tucks, collar and back hemstitched and tucked. The best value you ever saw.

\$1.00

Another fine lawn waist with long sleeve, deep cuff, finished with four rows of tucks, open front, with two rows of insertion, tucks and hemstitching.

\$1.19

Our special, open back, short sleeve waist, full front of open work embroidery with four large tucks and sleeve, finished at elbow with a band of insertion

\$1.50

Waist of fine White India Linen, open back, elbow sleeves, finished with two rows of insertion and one of lace, front in panel of Swiss embroidery with rows of tucks and Val. insertion, collar attached, made with two bands of Val. insertion, a lovely waist.

\$1.50

OUTING WAIST—The latest New York rage, for hot weather wear, made of a good quality of white duck, negligee shirt style, soft turn-over collar, elbow sleeves with cuffs, pocket on left side, neatly tailored, the proper caper.

\$2.50

Waist of White Persian Lawn, open back, elbow sleeve, finished with one row of insertion and one of lace, the front has six rows of hemstitching and three rows of blind and eyelet embroidery and many clusters of small tucks, collar attached and finished with one row each of Val. lace and insertion.

MUST REMOVE FILTHY PENS

The Mayor Doesn't Care Two Straws for Adverse Opinion

WATER ON DUCK'S BACK

The G. T. R. hog pen nuisance occupied the attention of the City Fathers at last night's meeting. The Mayor read a communication from the City Board of Health requesting the Council for a second time to take steps to have the hog pens removed outside the city limits. Every alderman present smiled expectantly as the Mayor finished reading it and waited for his explanation of the delay which has been so freely commented upon recently.

Mayor Marshall was not a bit put out by the Board of Health letter. He explained how he had instructed the City Solicitor to issue a writ against the G. T. R. for not removing what was just a public nuisance.

Mr. Cunningham, the G. T. R. Divisional Inspector, had heard of this and came down on Saturday last to see him, to arrange with the city about the matter. The disarrangement of the telephone system had made it impossible for him to find Mr. Cunningham in order to have a joint meeting with the Board of Health. He was hunting Mr. Cunningham all day and Mr. Cunningham was hunting him. Finally he gave up the chase without seeing the Divisional Inspector at all. Mr. Cunningham, however, met Dr. Hall and some other members of the Board of Health while in the city and spoke to them about the matter. Mr. Cunningham suggested that the G. T. R. demolish the present wooden pens and erect new ones with concrete floors. The Board of Health members would not agree to this. They thought it a good alternative, however, that the company should remove the pens to a point midway between the depot and Lacroix street. Finally the City Solicitor was instructed to wait until the Council had considered the matter. By taking the pens from one place to another the G. T. R. would only be freeing one section from the trouble and inflicting it upon another. The ratepayers last year had opposed with a threatened injunction, the change which the G. T. R. now proposed to make, and although the place that it was to be moved on, according to the company's proposal, was not surrounded by dwellings, it soon would be, and the owners of the land would, of course, oppose any action which would tend to lower the value of their land. Finally, the Mayor asked the Council what it was to be, "to move or not to move."

Ald. Edmondson—Move them outside the city. These pens have been a great trouble and are most disagreeable. I move that the Clerk be instructed to notify the G. T. R. to take the hog pens outside the city limits, and that in default that action will be taken against them.

Ald. Scullard seconded the motion. Ald. Austin was in favor of the resolution also.

Mayor Marshall—Now if any member wants to crack at this thing for three minutes he wants to start in at once. We want to get this matter over as soon as possible.

Ald. Scullard expressed himself as disgusted with the G. T. R. for existing at the depot pens. The stench was simply intolerable. If the city did not take action against the company pretty soon, some one will take action against the city.

Ald. Stone pointed out that the city made the C. P. R. remove their pens outside the city limits and they had not given any trouble lately. They were now using their city pens again and complaints were being made about the stench by residents of the streets adjoining the depot.

The G. T. R. had hung this matter on for two years and the C. P. R. evidently thought that they were being made to do a thing that the G. T. R. were getting away with.

Ald. Massey wanted to know if the city could legally force the company to remove their pens. The City Solicitor and the Mayor were of the opinion that it could. Ald. Austin thought that the company's willingness to remove their pens even to the place between the depot and Lacroix street was proof that they knew they were in the wrong.

Ald. Potter—Then if we can move them at all, let us move them right out of the city limits.

Ald. Benson—These hog pens can be rebuilt if they are not removed, and put in good shape. In all the big cities between here and Toronto the hog pens are in the centre of the city and they manage to keep them in an sanitary condition.

Mayor Marshall said that the Board of Health had been drumming the Council quite a bit and they had not omitted a few digs at him. He didn't mind that. It was only like pouring water on a duck's back, it went in one ear and came out of the other and he didn't care two straws for their opinion. Now they are going to talk about removing these pens to another place to annoy other people. "Who," asked the Mayor in conclusion, "is doing the crawling now?"

He repeated his question three times without effect and then Ald. Massey broke in with, "they are the Board of Health are."

Satisfied with this assurance the Mayor put the motion, which was carried without a dissenting voice.

FALSE STATEMENT IN BANNER DEFEATED THE SUGAR BY-LAW

---ALD. STONE

New By-law will be Submitted on July 5—Feeling of Aldermen more Unanimous—Civic Rate will be Struck at First Meeting in July.

The civic rate for the City of Chatham for the ensuing year will be struck at the first meeting of the City Council in the Month of July. At the meeting of the Council last night, Ald. Scullard, Chairman of the Finance Committee, asked the chairman of the various other committees to bring in a statement of their estimates at as early a date as possible. Ald. Scullard stated that the rate this year will possibly be a very high one. The City, he said, would have to make some provision for an overdraft of \$10,000.

Mayor Marshall said it was a remarkable fact that nobody appeared to know what really was the city's true financial standing at the present time. He had made endeavors to find out at various times, but never could get any nearer. The City Treasurer always claimed that the city had a surplus, while auditors who had been employed to look into the matter had found that the city was away behind and deeply in debt. It was impossible to find out just whether the city had a debt or not.

FINANCE REPORT.

Ald. Scullard read the report of the Finance Committee, which made the following recommendations:

1.—That the request of P. S. Coate to grade the sub-divisions on King street west, be granted.

2.—That the request taken with regard to the draymen's petition for remission from taxes, be granted.

3.—That Mrs. Wm. Douglas be remitted the amount she was through an error overtaxed.

4.—That the request of R. J. Lunn for remission of business tax be granted.

5.—That the request of Matthew Wilson, K. C., for remission of taxes to the amount of \$725, which was certified to by Assessor Gonne as over assessment, be granted.

The report was adopted with the exception of clause 4 and 5. Clause 5 was referred back to the Committee to report on, while clause 4 was withdrawn.

In connection with clause 5, Mr. Wilson presented his declaration to the effect that his professional income was \$3,352, \$800 of which was forthcoming for work done in past year. He claimed that he should only be assessed on a basis of \$260.

The Finance Committee will look into the matter.

Ald. Stone moved, seconded by Ald. Edmondson, that the Park and Cemetery Committee be empowered to engage extra help to clear away the fallen trees and debris in the parks.

Carried.

Ald. Edmondson remarked that the Board of Works were having the streets cleared up as quickly as possible, and Ald. Potter said that the fire alarm system would be in working order in a few days.

THE SUGAR BY-LAW.

The by-law to grant the Keystone Sugar Co. \$75,000 as a loan for 10 years, five years without interest, and the balance at three per cent, to remove the Warton Sugar factory to Chatham, was moved for first and second readings last night. It will be submitted to the ratepayers on July 5.

Mayor Marshall wanted to know who would pay the cost of submitting the by-law.

Ald. Austin replied that the Sugar Company would pay half of the cost, and that the other half had been guaranteed by merchants who would raise a subscription for the purpose.

Ald. Scullard inquired if it would not be quite expensive to secure annexation as recommended in the by-law. He thought that some provision should be made that the company should pay for this.

Ald. Austin in reply said that it would not cost a great deal to secure annexation, and that the city should not deal niggardly with the company.

Ald. Stone said that the Company should pay the full amount for the submitting of the by-law. He did not think the business men should be called upon to help submit it. However he was much more pleased with the new proposition than he was with the former one presented to the council. He had opposed the first by-law tooth and nail, but he was not going to neglect his business to oppose this one. It was up to the ratepayers to do what they thought fit with it. One of the main causes for the defeat of the last by-law, in his opinion, was the false statement published in the Banner-Beehive, which was stated that the company were giving a first mortgage. This was false, and the people knew it. Misrepresentation defeated the last by-law. He said that he had made enemies and lost customers through his opposition to the last by-law, but this time he was going to leave the matter to the ratepayers to decide on.

Ald. Benson thought that the surrounding townships which would receive the most of the benefit from the sugar factory should have been asked to aid in making a loan to the company. The by-law was rushed through with too much haste. Another thing, he thought that the company should have been called upon to pay for the submitting of the by-law. Unless the company paid the entire cost he was pledged not to support it.

Ald. Edmondson thought it would be unreasonable to ask the townships to aid in making the loan to the company.

Ald. Massey—I don't see why any objection should be made to allowing the business men to pay half the cost of submitting the by-law. If these gentlemen think that the sugar factory will be a benefit to them in any business way, I don't see why they should not be allowed to contribute towards the cost of submitting the proposition.

Ald. Austin in reply to Ald. Benson's objections said that a campaign in the townships would be an utter impossibility. He asked for the unanimous support of the Council in trying to have the by-law passed.

The by-law was a very long one, requiring considerable time for the reading thereof, and it lacked but fifteen minutes of the twelfth hour when the Council finally adjourned.

UNSANITARY HOUSE

On his rounds last week, Health Inspector Anson Mounter came across a disgusting spectacle. A man living in a certain section of the city has evidently more regard for the comfort of his hens than he has for the health of his family. While visiting the house on his tour of inspection, Mr. Mounter was attracted by a loud clucking in another section of the domicile. On investigating he found the man to have three setting hens in the parlor. Each hen had a setting of thirteen eggs under her.

The inspector ordered the hens removed from the house.

THE LONELY DUCKLING

Frank Snook, Adelaide street, reports a strange occurrence which will no doubt interest Maple City chicken raisers. Mr. Snook is a chicken fancier of some repute and is an expert in the way of incubator work. A short time ago he placed a fine setting of duck eggs in his incubator, made a note of the date, and waited for the ducklings to come along. The usual time that duck eggs take to hatch is about four weeks, and therefore Mr. Snook was considerably surprised upon paying a visit to the incubator about the sixteenth day to find two of the eggs empty and their former occupants cheerfully quacking for something to eat. Unfortunately, one of the ducklings emulated the suicide act and managed to hang itself upon a string in the brooder. The other one is alive and well and is patiently awaiting the arrival of its least hasty companions to relieve its loneliness.

Talents never wear out.

MARCHED TO SERVICE

The local Maccabees, 100 strong, and headed by the 24th Regimental Band, marched in a body to William street Baptist church Sunday evening, where they were addressed by Rev. J. W. Hoyt. A very impressive and instructive sermon, appropriate to the occasion.

On returning to their lodge rooms, the members passed hearty votes of thanks to the pastor and choir of the William street church. The vote was moved by Messrs. Pritchard and McCoig.

The decoration services will take place in two weeks time.

IN NEW ONTARIO

P. H. Bowyer, M.P.P., who went on the Government excursion to New Ontario, writes in the Ridge-town Dominion: At New Liskeard we met R. O. Stevenson, who is in charge for the summer of the Presbyterian church at Haliburton. A procession was formed, headed by the town band, and marshalled by T. P. Watson, formerly of Ridgeway, the visitors climbing into rigs provided for them. At Cobalt the first man to greet us was David Clay, formerly of Dutton. T. P. Watson, who is looking well, tips the scales at 200 pounds. He and Mrs. Watson have a nice home and like the new country first rate. North Bay is a lively place with a city air. It has fine churches, four shops, substantial business blocks and a splendid new town hall. It boasts of no less than three papers. The Times is conducted by Mr. Phelps, formerly of the Dutton Advance, and well known to many in Kent and Elgin. Cobalt is a dry town, although a sign over its only saloon reading "Regal Beer" tempts the uninitiated thirsty ones.

ROUTINE OF THE COUNCIL

Many Communications Received at Last Night's Meeting

LOT OF SMALL MATTERS

The routine business at last night's council meeting was fairly heavy.

The Principal of the McKeough school wrote asking for the loan of benches for the annual school picnic. On motion of Ald. Edmondson, seconded by Ald. Austin, it was decided to loan the school as many benches as the city can spare.

Several residents on Wilson avenue wrote objecting to the laying of a sewer on that thoroughfare.—Board of Works.

Ald. Scullard presented the report of the City Treasurer showing the City's expenditure in 1906 compared with 1905. The report showed an increase in expenditure of \$4,979.41 during 1906.—Adopted.

A petition from A. Ellwood to transfer a lot in the Cemetery was referred.

A communication from Mr. Marshall, corner of Jeffrey street, for allowance on plankways was referred to the Board of Works.

A petition for a sewer on Elizabeth street, was also referred to the Board of Works.

A tender from B. Gibson offering to keep the new pavement on Wellington street clean for the rest of the year for \$25, was laid over.

Fire Chief Pritchard wrote asking the Council to provide the new uniforms for the Fire Brigade for 1907. Referred with power.

The Chief also wrote stating that on Friday last he had ordered the suspension of one of the call-men for using profane language, and for disobedience.—Referred to the Property Committee.

Miss Tissiman, Thames street, asked permission to top dress.—Chief of Police.

Letter from Canadian Manufacturers Association asking Council to purchase a publication.—Filed.

Dr. A. W. Thornton wrote asking the Council to accept his resignation as trustee of the C. C. I., to which position he had been elected eleven years ago. The resignation was accepted and a vote of thanks was passed to Dr. Thornton for the services he has rendered to the city while residing here.

The Mayor asked if there were any nominations for the vacant position on the Board.

Ald. Benson, seconded by Ald. Rail, nominated E. A. Mounter as candidate.

Ald. Potter in amendment, seconded by Ald. Scullard, the nomination of ex-Mayor McKough for the candidature.

The amendment was defeated, the original motion carrying by a large majority.

G. W. Kelly, who is conducting services in the city at present, wrote the Council asking for the use of their chambers for an arbitration.

Several aldermen asked for further information regarding this matter.

Ald. Massey—I have heard a little about it. It is a difference between Mr. Evans and his hired man. He can't get along with the man so he is going to use the chambers to argue it out and get rid of him. (Laughter.) At least that's what I believe.

It was decided that no action be taken.

The Chatham Motor Car Co. wrote asking that a hydrant be placed on the corner of Thames and Salter streets.—Property Committee.

THE COUNTY COUNCIL.

The County Council has come and gone and the affairs of this banner agricultural district will now continue to go on pretty much the same as they did before the session was opened. As will be gathered from the full and accurate reports of the proceedings which have appeared in this journal, nothing of very great national importance was brought before the attention of the commissioners and they were not called upon to transact very much business of a revolutionary or radical character. They have, however, succeeded in putting in a fairly busy week of routine business and committee work—considering the advisability of making a few grants, etc.

During their spare moments they found time to complain that the cushions which heretofore have graced the chairs in the Council Chambers were not found in their usual places. This matter will be attended to in future. They also deemed it expedient to offer a little friendly advice to the Ontario Government and a resolution was passed petitioning the Legislature to reduce the number of M.P.'s one-half, in order to save some of the expense now incurred by the holding of Government sessions. Other matters of similar importance were brought up and disposed of.

The local press came in for its share of attention and the accusation was made that biased reports were published in connection with the dispute between the C. C. I. Board and the Council re the amount of the cost of maintenance of county pupils, which should be borne by the county.

The charge is so obviously misdirected as far as this journal is concerned that a refutation is hardly necessary. The Planet has at all times dealt fairly with both sides, with accurate reports of meetings and interviews, and has never refused publicity to any councillor or trustee who wished to express his views in the matter.

The C. C. I. Board has taken the position that the County should bear all of the expense of maintaining county pupils at the Collegiate Institute. The Council on the other hand has seen fit to take advantage of an amendment to the statute—which was made for another county peculiarly situated—which requires the county to pay 80 per cent. of this maintenance, and the other extra 20 per cent. which naturally has to be paid by some one, falls on the shoulders of the city. This is the privilege of the Council and they were within their legal right in taking this stand. The county members on the Board, however, some of whom have children attending the school—did not wish the city to pay for part of the education of their scholars and joined in making the position of the C. C. I. Board unanimous.

The matter has hung fire altogether too long between men who have the reputation of being business men, but it appears now that a compromise may be made. In future it might be well to have an agreement between these two bodies to govern this question.

TARIFF REVISION.

The present session of the Dominion Parliament is turning out to be one of the most unfruitful ones ever held at Ottawa as far as useful legislation is concerned. True, matters of importance have been brought up—matters calling for serious attention and prompt and vigorous action, but they have been brought up by the members of the Opposition and they have not received the manly, honest and straightforward consideration from the government which should be given them. They have been matters in which the people of this fair Dominion are most vitally interested and relating to the honest management of public affairs. Well founded charges of a very serious nature have been made against members of the government and their employees and although much valuable time has been taken up in the discussion of these, none of them have been disproven, and the Laurier Government stands discredited in the eyes of the electors.

While Premier Laurier and his colleagues have been striving in vain attempts to patch up the misdeeds of their agents and servants the people have been looking in vain for the fulfilment of their pre-election pledges. One of these, a most important one, is the revision of the tariff. So far nothing has been heard from either the Premier or any of his ministers on this matter in which they were so willing to promise wonders.

S. F. GARDINER—Branch Manager.

the part of the Government the people of Kent may look with pride to their energetic young member in the House. Mr. Clements went to Ottawa pledged to act in the interests of the Canadian farmer and it is refreshing to note that he is living up to his promises and never fails to advance the farmers' interests when opportunity presents itself. It is very interesting to note the silence of the Government members when this matter was brought up the other day.

Friday was an uninteresting day at Ottawa. The House got almost immediately into Committee of Supply, the motion to go in being preceded by a brief and languid tariff discussion, in which not a single Minister thought it necessary to join.

The debate was commenced by Mr. H. S. Clements, of Kent. His point was the heavy difference between the imports of agricultural products from the United States and the exports of Canadian products to that country. The remedy for this he found in equality of tariffs. He would put the Canadian duties on agricultural products on a par with the American duties.

From the general he passed to the particular, which in this case was the tobacco industry, in which his riding is interested. He urged higher protection for Canadian tobacco and had a vision of its more extended use.

It is hoped that the Government may see its way clear to at least give some consideration to this question before the present session closes.

A REMARKABLE TEST

Hymel Has Been Known For Years And Is Guaranteed To Cure Catarrh.

We have given Hymel a most thorough and remarkable test. The remedy has made so many cures that we have urged its use in the most chronic cases of catarrh. Breathed for a few minutes four times a day, through an inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health. Its healing, anti-septic fragrance penetrates to the most remote air passages, as no medicine taken into the stomach can possibly do. Immediate relief almost always follows the use of Hymel, and great benefit is seen after a few days treatment.

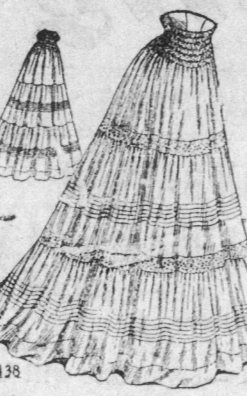

The complete Hymel outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hymel. If this is not sufficient for a complete cure, additional bottles of Hymel can be obtained for 50 cents.

Compare this small expense with the fees charged by specialists, and he decided ever since.

If you cannot obtain Hymel of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to service without charge. The R. T. Booth Company, Hymel Building, Ithaca, N. Y.

FASHION HINTS

LADIES' TUCKED SKIRT.

No. 4138.

The combination of tucks, shirings and insertion results in a charming skirt to wear with odd waists or to complete a costume. The skirt is cut in three sections, each section having a straight lower edge. The girle is used as the foundation for the shirings for the princess girle, or if preferred the skirt may be fashioned in regular skirt effect, dispensing with the girle. Embroidery in hand or machine embroidery is admirably adapted to making a skirt after this pattern. Crepe de Chine, velvet, chiffon cloth, drap d'ete, peau de cygne, batiste, dotted Swiss, and organdy are recommended.

The quantity of material required for the medium size is 7 1-2 yards of 36 inch goods, 1-2 yard of lining for girle, and if flouncing is used 10 yards of 25 inch width will be required, or 5 1-2 yards of insertion to 24 to 28 inches waist measure. Mailed postpaid on receipt of 10 cents, name size and address to the Fashion Dept. of C. Austin & Co., Chatham.

Colonel Sam Holmes and Charles Beckin, of this city, spent Sunday at the Colonel's club house at Mitchell's Bay. In a conversation with The Planet yesterday morning, Colonel said that the damage done in the Township of Dover was very great. The course taken was through the 7th and 8th concessions and untold damages were done. He was telling his story to John E. M. P. P. only.

"You should see the damage done in Hightgate," said he. "There trees were blown miles away and the wind was so strong that it blew the wire off the posts standing."

Alex. vonGuten says that the storm did one good thing for the bowlers. It gave them a fence on Tecumseh Park.

LIGHTNING DEALS DEATH.

Alleghany Valley, Pennsylvania, Badly Struck by Electric Storm.

Pittsburg, Pa., June 11.—From many points in Western Pennsylvania tonight some reports of death and damage by the severe thunder and electric storms. In half an hour several thousands of dollars' worth of damage was done.

At Kittanning, James Mitchell and his 15-year-old son, who were sitting on a porch, were struck and killed by lightning, and the house was set on fire. The rest of the family were stunned.

Death was also dealt by the storm at Punksutawney where Clyde Bloese, aged 18, and Bert Weiss, aged 20, were struck and killed by lightning while standing in the doorway of a barn. Laird Bloese, a brother of Clyde, was also struck. He is not expected to live.

River Overflows Banks.

Steuenville, O., June 11.—In consequence of the heavy rain Saturday, Rushrun, Deeprun, Saltrun and Shan-nonun overflowed over four miles of the country near the Ohio River. Much farm property was damaged, many farm buildings were swept away and some live stock was drowned. Many persons had narrow escapes from drowning.

The Cleveland and Pittsburg Railroad is washed out three to six feet deep for three miles and it will be several days before traffic can be resumed. The Wheeling & Lake Erie also was under water in many places.

Paralyzed by Shock.

Brookville, June 11.—During the fierce electrical storms of the past few days, lightning struck houses and barns right and left and reports of the same are reaching here from the rural districts. In the vicinity of Westport a son of John Cook, a farmer, was rendered unconscious for several hours by the shock. He is yet partially paralyzed, but will recover.

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, loss of appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

Is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Ameliasburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I am completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

USED MEN AT THE OFFICE UP WOMEN IN THE HOME AND CHILDREN AT SCHOOL

Every day in the week and every week in the year, men and women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wear out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve PILLS

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Kelson, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends."

Milburn's Heart and Nerve Pills 50c per box or 3 for \$1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

ALWAYS BARGAINS AT THIS STORE.

Do you realize, that daily lines become broken at this store, that certain sizes sell out faster than others; that there are many odd and ends cropping out in every department from our daily trend of business?

If you do—do you wonder what becomes of them or do you know from some fortunate purchaser? Every day these broken lots and odd sizes are placed on sale at very little prices—generally at a figure considerably below cost.

And they are quickly snapped up—never last more than a day at the most—they give added interest to the run of affairs at this store. They make a daily "drop in" and a "look around," quite the economical thing.

For instance: There are always these "exceptionals" in the garment department. Waists, Skirts, Wash Suits, Raincoats, all at prices you will appreciate, and gladly take advantage of. It's the same in every stock.

BLENHEIM

June 12.—On Sunday morning, June 10, at 1 a.m., after a short illness of forty-eight hours, George W. Bounsell passed peacefully away to the great beyond, in his 56th year.

The deceased was born at Exmouth, Devonshire, England. He came to Canada and settled in Blenheim in 1881, and since then has occupied the same store and successfully conducted a grocery, china and crockery business. He has been a member of the I. O. O. F. for the past sixteen years. The members of the above order attended the funeral in a body. He leaves to mourn his loss his wife, son and daughter, two brothers and one sister, F. S. Bounsell, Chatham, and A. T. Bounsell and Miss E. S. Bounsell, both of London, England. The service was conducted at the family residence by Revs. Higley, of Chatham. The floral contributions by the many friends were very chaste.

A pretty wedding took place yesterday morning at the residence of Mr. and Mrs. Jas. Sterling, when their only daughter was united in holy matrimony to Mr. McClung, a prominent young man of Smith's Falls. Rev. Mr. Holmes performed the ceremony.

Blenheim is certainly progressing rapidly, the town fathers are having granolithic walks put down on several streets, which adds greatly to their appearance.

J. H. Boulton, of the Planet Staff, was in town yesterday.

DRESDEN

June 11.—Miss Agnes Anderson and brother John, of Wallaceburg, were in town on Sunday.

Bob Tobey, of the Bank of Toronto, Wallaceburg, was the guest of Miss Grace Laird on Sunday.

Miss Nora Smith spent Sunday with Mr. and Mrs. Harry Smith, Wallaceburg.

Mrs. Harrison, of Dawn Centre, is the guest of Mrs. A. Hubbard.

The Rev. Mr. Nicol, of Wallaceburg, will conduct divine services in the Presbyterian church next Sunday.

Mr. Murray, of Tavistock, visited his cousin, Cal. Caister, on Sunday.

Miss Flossie Sharpe, of Leamington, is visiting Mr. and Mrs. C. Caister.

Roland McVeau was a Chatham visitor on Saturday.

Mr. and Mrs. Alex. Webster were in Chatham on Saturday.

Mr. and Mrs. Osgood McVeau spent Sunday at Port Lambton.

A very large number are going to Detroit on the Presbyterian ladies excursion on Tuesday.

The Rev. Mr. Langford was called suddenly to the bedside of his sister

BRITISH LEAVE CANADA.

Garrison Soldiers Depart From Halifax and Esquimaux—Canada's Defenders.—The Last Quebec Garrison.

A milestone on Canada's road from a pioneer colony to a great nation is the departure of the last British soldiers from these shores. In March the great docks and fortifications at Halifax were handed over by the regiments to the Canadian Government, and now Esquimaux is evacuated. Canada is now responsible for her own defence. In a military sense she has come of age. The change, however, is external. The incident will strike future historians and that part of the world at large that is interested; in essentials nothing is altered. The chief difference is that the expense of maintaining the garrison at Halifax and that at Esquimaux will be borne directly by Canadians.

Canada's Defenders.

Since 1865, when the foundations of our military system were laid, Canada has been building up a defensive force of her own quite distinct from the troops that the Imperial authorities thought necessary to station here. Before that time all our officers were British, paid by the crown, while the soldiers were Canadian volunteers. The growth of this country and that of the United States westward called attention to our tremendous frontier, to defend which would require an immense standing army. The maintenance of such a force was clearly an impossibility, so that more and more dependence was placed upon a volunteer service, and less and less upon the British regulars. The Trent affair and the American war of invasion had awaked the latter force to some 14,000 men, but thereafter the number was steadily reduced.

The Last Quebec Garrison.

In 1871 the last Imperial battalion to garrison Quebec—the 60th Royal Rifles—embarked, and from that date onwards all the military property, save that at Halifax and that afterwards over Esquimaux, B. C., was passed over to Canada. It was during 1870 and 1871 that the fortifications and the munitions of war belonging to the Imperial Government passed to the care of Canadians. The New Fort at Toronto was the first place to be given up. That was passed over on July 15, 1870. The Old Fort was transferred on Sept. 25, the same year. The Kingston fortifications came into our possession in September, 1870; the Montreal works in December of that year, and the great fortifications of Quebec on Dec. 2, 1871. The Imperial authorities retained control of the vast and impregnable fortifications at Halifax and those of Esquimaux, as they were important squares in the checkerboard of the naval policy.

The Influence of the Regulars.

Fortunately for the enemy, it has never been necessary to prove the military worth of the British troops composing either of these garrisons. Nevertheless their influence has been an important factor in the life about them, and on the history of British Columbia is deeply engraven the character of some of the officers and men who were sent there by the British War Office. The military occupation of the province dates from 1858, when a body of Royal Engineers reached Esquimaux by way of Panama. The location of their camp is known even to-day as Sapperton. After the engineers came a body of carpenters and the main body of the troops. At Sapperton there was a hamlet known as Queensborough, a name which caused some pain to the English officer in charge, who objected that a Royal name should be given to the settlement. That was lost in the confusion of the day. The hamlet was known as Sapperton, and the name of its neighbors. He conferred with the colonial authorities, but they did not share his sensitiveness, and finally the matter was referred to Queen Victoria, who decreed that New Westminster should be the name of the city that was to be.

The Building of a Province.

The first Anglican church in New Westminster, Sapperton, was designed and built by the soldiers, and also the first school-house. Later they surveyed and laid out Victoria, Yale, Lytton, Douglas, Lillooet, Chinook, and Richmond, and established the lands and works department, and Government printing office in Victoria. They guarded the gold taken out of Carleton, but published the first newspaper for British Columbia. On their return they were appointed colonial treasurers, and established the mint and assay offices. The mint was soon discontinued, and the coins that issued from it are prized by numismatists to-day. As British Columbia grew in importance, and became a self-governing province, the leadership of the soldiers was manifested in social life, in sports and athletics. British Columbia is today the glens of the English, and the customs and customs of any of the provinces, largely because of the English officers and men who have been stationed at Esquimaux.

Our Defence a Problem.

The cities on the coast felt particular regret at the severance of the ties that have bound the redcoats to the country. All Canada is sorry to see them go, but should ever the occasion arise, we may be sure they will hasten back again as fast as transports will carry them. In the meantime it is our duty to seriously consider the problems of defence that must now be faced.

The Strenuous Life in Toronto.

The young man or woman living in the average country town longs for the city life. It is not so much the desire for improvement in their position, as the desire to revel in the glances of the exciting and pleasurable sights. Stay home, youngsters! You are a thousand times better off. The writer has had twenty-five years of Toronto, and after ten months of country life and a return to the city for the last two weeks I would not come back again for a kingdom. The awful struggles for place, and to keep up appearances is driving into bankruptcy and insanity. I notice hundreds of pale, wan girls in the offices, on the streets, everywhere. Every nerve and muscle of the young man, or woman, is strained to the utmost in order to keep pace with the fast city life. Stay where you are, young man and young woman. City life is a mere bubble, a delusion, and a snare.—Southampton Beacon.

Why Red Rose Tea is Economical

RED Rose Tea has all the good points of two good teas and none of the weaknesses of any. You never drank a cup of straight Ceylon or Indian tea that could compare in strength, richness, delicacy and fragrance with the "rich fruity flavor" of Red Rose Tea.

Yet Red Rose Tea goes further and costs no more than either Indian or Ceylon teas alone.

Red Rose Tea is better than either Indian or Ceylon tea and is more economical because it goes further.

A Heavy Sample.

Sometimes the rigors of patent office procedure are not without their humorous side. A New York attorney filed an application for improvements in a centrifugal pump. The patent office declared the invention inoperative and demanded a working model. The patent office was requested to send an examiner to Trenton to inspect the machine in actual operation. This the patent office refused to do. The attorney, therefore, politely sent a seven-ton pump to the patent office—sent it, moreover, from Trenton to satisfy a skeptical examiner. Twenty-one men were required to get it into the examiner's office.—Scientific American.

Tramp Had Money.

Brookville, June 11.—A tattered old man, who was around Almonte begging, was arrested by the police, and on examination he was discovered to have over \$375 on his person. The money was found in a neat little bag, securely fastened to a string around his neck.

Taking Firearms Into China.

Chefoo, June 11.—Individuals and firms may now import firearms if they comply with the registration regulations. The importation is limited to one gun per individual and six guns per firm. Clothes do not make the man, but the padding helps some.

A Bride's Dilemma.

A successful schoolteacher married a wealthy widower. The man had lived alone with his servants since the death of his first wife. On the morning after the bride's arrival in her new home the cook appeared for orders. Now, the little woman was far more familiar with the classics than with roasts and stews, and she was not a little dismayed when Mary innocently put the question: "An' how will ye have the beef cooked, mum?"

For the merest instant she hesitated. Not for a fortune would she have the old servant suspect her absolute ignorance of cookery. But her years in the schoolroom had not been in vain. Calmly and sweetly she answered: "You may cook it your way today, Mary, and then another time you can try my way."

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating and too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be rectified in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result, fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of the white country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and rest certain in their cleansing and invigorating action upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

THE JUNE SITTING

County Court Opened this Afternoon Before his Honor Judge Bell—The Cases

The June sittings of the County Court opened at one o'clock this afternoon before Judge Bell. The Grand Jury were empanelled and sworn in and they elected W. Abraham as their foreman.

The Grand Jury is composed of the following:—

Alfred Arnold, City.

A. Denholm, Elenham.

Albert J. Davies, Dresden.

John Fletcher, Tilbury East.

W. Abraham, Harwich.

George Oliver, Chatham Township.

Joseph Owens, Chatham Township.

Harvey Oway, Thamesville.

Gilbert Panko, Raleigh.

Franklin Stokes, Dover.

John A. Smith, Raleigh.

John Whittington, Harwich.

John C. Wallace, Ridgeway.

In charging the Grand Jury, His Honor Judge Bell stated that the number of cases that will occupy their attention is a small one. The calendar is made up of one assault case, one of attempted suicide, one of seduction and a case wherein three defendants are charged with interfering with and assaulting a policeman in the execution of his duties.

The first case to come up this afternoon was a civil one and was tried by a common jury. It was that of Lebi vs. the Grand Trunk Ry.

The plaintiff has a livery stable in Bothwell, and on June 8th last year one of his horses which had been turned out to pasture in a field adjoining the G. T. R. depot at Bothwell, was killed by a train run by the defendant company. The plaintiff claims that it was owing to negligence on the part of the defendants that the animal was able to get upon the track and asks for damages on this account.

Proceeding—Lewis and Richards for the plaintiff and T. G. Meredith of London, for the defence.

The only other civil case on the list is that of Gilbert & Co. vs. the Michigan Central Railway.

June Weddings

POLLOCK--ANDERTON

A pretty wedding was solemnized on Wednesday evening, June 6th, at the residence of the bride's parents, when Miss Florence Anderton, daughter of Mr. Thomas Anderton, of Dover Township, was married to Mr. Albert E. Pollock, of Chatham Township. The ceremony was performed by the Rev. E. E. Neely, Rev. the bride being given away by her father. Her sister, Miss M. Anderton, attended the bride, and the groom was supported by Mr. Edward Rankin.

BECHARD--TYRELL

A very pleasing event took place yesterday morning at six o'clock in the marriage of Miss Lydia Tyrell, of Florence, daughter of the former proprietor of the Park House here, to Hector Bechard, of the Albany Hotel, at St. Joseph's church. The wedding was of a quiet nature, only the most immediate relatives being present at the ceremony. Mr. and Mrs. Bechard left on the 8:30 Grand Trunk for Montreal, New York and Boston. Both young people are very popular and their many Chatham friends join in wishing them all future happiness.

RICHARDS--MCKAY

A very pretty and quiet wedding took place this afternoon at four o'clock, when Marion Jessie, daughter of Mr. and Mrs. John A. McKay, of Oxford street, was married to Mr. H. W. Richards, of the St. James Hotel, job department staff. The home was tastefully decorated with palms and ferns for the occasion. Rev. H. Dickie, M. A., officiated at the ceremony, at which only the immediate families of the bride and bridegroom were present. After the ceremony the company sat down to a dainty luncheon. Those present from a distance were Mr. and Mrs. H. Richards and Mr. Wm. H. Richards, Bothwell; Mr. J. E. Richards, Chatham; Dr. and Mrs. James MacPherson, Paris, Mr. and Mrs. Richards left on the evening train for Detroit and western cities. —Woodstock Express.

HICKS--WHITE

A pretty and fashionable June wedding took place this afternoon at the residence of Mr. and Mrs. A. H. White, King street west, when their daughter, Miss Pearl Irene White, was united in marriage to Dr. Alfred A. Hicks, also of this city. The ceremony took place at 1:30, the bride entering the parlor leaning on the arm of her father, by whom she was given away. The nuptial knot was tied by Rev. Wm. Rutledge, assisted by Rev. Dr. Hannon. The decorations for the occasion were of green and white, and ferns and white roses, while the bride during the ceremony stood under a bell of orange blossoms.

The bride was assisted by Miss Sue C. Irwin, and the groomsmen were Mr. H. S. Dues, of Toronto.

The bride's postume was of white silk chiffon over Duchess satin, the gown being entrained. She wore a veil and orange blossoms. The bridesmaid, Miss Irwin, wore a gown of green silk, bolero of guipure. The bride carried a shower bouquet of bridal roses, while her maid of honor carried lilies of the valley.

The groom's present to the bride was a breast pin of amethysts and pearls; to the bridesmaid a bar of pearls; to the groomsmen, a pin of rubies and pearls; and to the pianist, a crescent of pearls.

After the wedding the bridal party sat down to a tasty luncheon in the dining room, which was tastefully decorated in green and white for the occasion. The many beautiful presents received were significant of the popularity of the bride and groom.

The guests, who numbered about

55, were from London, Glencoe, St. Thomas, Pittsburg, Detroit, Toronto, St. Mary's and Chatham. Dr. and Mrs. Hicks left on the afternoon train for Toronto, Montreal and other points east, where they will spend their wedding tour. On their return to the city, they will take up their residence on King street west.

BIRCH--KERR

A quiet but pretty marriage took place at 2:30 this afternoon, when R. J. Birch, of this city, was united in matrimony to Miss Elizabeth Kerr, youngest daughter of Hugh Kerr, Lorne avenue. The ceremony took place at the home of the bride, and the Rev. Dr. Battisby officiated. The bride was prettily attired in a gown of cream elaine, and carried a beautiful bouquet of bridal roses. The house decorations were in pink and white. Only the immediate relatives of the contracting parties were present, Dr. W. Kerr, of Bay City, being the only out-of-town visitor. The happy couple leave on the 6:18 G. T. R. express for Montreal. Both are popular Chathamites and their many friends join in extending congratulations and good wishes.

FYLES--O'NEILL

A very pretty wedding took place this morning at St. Joseph's church, when Miss Estella O'Neill, youngest daughter of Timothy O'Neill, of Dover, was united in marriage to Dr. Charles Fyles, also of Dover. Rev. Fr. James tied the nuptial knot. The bride was assisted by Miss Mary Covey, whilst Mr. John Doyle acted as best man.

A tasty wedding breakfast was served at the home of the bride's aunt, Mrs. James Kelly, Wellington street. Only the intimate friends of the bride and groom were present.

Mr. and Mrs. Fyles left on the early train for Detroit, Cleveland and other eastern points. The bride and groom are well and favorably known in Chatham and surrounding country and their many friends extend to them their best wishes for a long, happy and prosperous life.

Mr. and Mrs. Fyles on their return will take up their residence on the 6th corner ion, Chatham Township.

No Blame For Levesconte.

Toronto, June 11.—At a meeting of the benchers of the Law Society of Upper Canada Saturday afternoon, R. C. Levesconte was cleared of any charge of unprofessional conduct. Mr. Levesconte was reported by Crown Attorney Corley after some remarks by Col. Denison on his conduct in connection with the return of Christopher Holland to Canada.

Lady Wilson's Case.
Toronto, June 12.—A finding wholly and unreservedly in favor of the Toronto General Trusts Corporation, defendants in the action brought by Lady Wilson to have the accounts of the estate of her late husband, Sir Adam Wilson, reopened, is given by Judge Winchester. In giving the ruling, His Honor concludes as follows: "I find that there was no fraud committed by the trustees in connection with the estate in any particular, and that they did not grossly mismanage the same as charged."

King's Tribute to Dead Premier.
London, June 12.—King Edward through the Earl of Elgin, Colonial Secretary, yesterday sent to Baron Plunket, Governor of New Zealand, a message of condolence, paying a warm tribute to the late Premier Seddon "for his loyal and distinguished services, which will secure for his name a permanent place among the statesmen who have most zealously aided in fostering the sentiment of kinship which the unity of the Empire depends."

The official report of the proceeds of the Christ Church Guild excursion has not yet been made, but is learned that the ladies will make a neat little surplus over and above expenses.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Will Not Fight Extradition.
Montreal, June 12.—William Patterson, the Montreal lawyer who is acting for David Hobbs, the absconding C. P. R. customs agent, returned from New York yesterday, where Hobbs is under arrest, and states the reports about the intention of the prisoner to fight extradition are not correct. It is officially announced that the amount of restitution made by Mrs. Hobbs was \$32,000. Since the announcement of Hobbs' troubles, his mother has died at her home in Montrose, Scotland, and Mrs. Hobbs is lying at the point of death in this city.

JUST A LITTLE BIT OFF THE TOP

Friday's storm blew a Little Bit Off The Top, and as a consequence we were unable to get it in working order until to-day.

Detroit and Chatham are still quarrelling as to which sent Mrs. Vendessall to Belgium. Meanwhile the good lady is most likely enjoying the salt sea breezes and not worrying greatly about either place.

Cupid and the June bride are holding down the centre of the stage just now.

The only reason we can assign for Friday's wind-storm, is that the weather was feeling very blew.

An Ohio man came to this town and claims to have been touched for \$200, then he gave \$20 to a fake detective to locate his money for him. Talk about your fast Americans!

The preachers talk of establishing a church union. Next thing we hear will be that Old Nick will establish a Snners' Trust and corner the market.

Why don't the Banner own up to its mistake, instead of croaking about "short-hand" "verbatim" reports, and other things the organ knows nothing about?

ALMOST OUT.
"Well, Uncle Josh," asked the fair debutante, as she came down arrayed in all her finery, "what do you think of me?"

"My land!" cried the old uncle from the country, "what this?"

"This is my coming-out gown."

"By erackey! You do look 's if you wuz."

LIVER Disorders

Are you subject to liver disorders? Do you have frequent feelings of sickness, dull headache, or sudden fits of dizziness? Do you feel that you have no energy; are just miserable and dejected? Have you a bad taste in your mouth, is your skin tinged with yellow, or have you constipation?

If you have any of the above symptoms depend upon it your liver is not working properly. The liver is the largest and most important gland in the body and once it becomes deranged it deranges the digestion, destroys the appetite, causes headache; and, in short, deranges the whole system. Bileans operate on the liver and stomach direct, and thus cure all the ailments arising out of liver disorder. The action of Bileans is mild yet effective; and even in cases of liver disorder of long standing they do not fail. The following case illustrates this:

Bileans cured when all else failed.

MR. FRANK O'NEILL, of 722 Dufferin Street, Toronto, says:—"I wish to express my appreciation of what Bileans for Biliousness have done for me. I had been troubled since June, 1905, with biliousness, wind, feelings of fullness, and a dull miserable feeling. I had headache and constipation, and was altogether run down and out of order. All the remedies I tried failed to do me any good. I tried your Bileans and I am pleased to say they succeeded where other things had failed. They have made me well again. In gratitude for my cure I give you my full permission to use this information as you may think proper."

If anybody is desirous of really knowing how wonderfully these Bileans do act, let them write to me. I will be pleased to give them the benefit of my experience."

Bileans for Biliousness Cure

Headache, Constipation, Piles, Pimples, Bad Blood, Debility, Lassitude, That Tired Feeling, Liver Troubles, Bad Breath, Indigestion, Palpitation, Loss of Appetite, Flatulence, Dizziness, Nervousness, Anemia, and all Female Ailments.

Obtainable of all druggists, or post free from the Bilean Co., Toronto, on receipt of price. Six boxes for \$2.50.

Free Sample Box.

The proprietors of Bileans for Biliousness are of the opinion that the best way to secure favor for a really good article is to allow the public to test the article. Every body wants that which is good, and wants to avoid that which is worthless. They are therefore quite willing to abide by the test of their preparation. They are so assured of its giving satisfaction where it is properly tried that they are willing to forward a Free Sample Box of Bileans to anyone who sends in a written request for same, enclosing a one-cent stamp to pay return postage, and the attached coupon. Address all applications to Bilean Co., Colborne St., Toronto.

ELEVEN TORN TO PIECES

Most Horrible of Accidents by
Dynamite Explosion.

Not Enough Left of a Single Body to Make Identification Possible—Air Filled With Debris and Fragments of Human Bodies—Limbs of Men Found Hanging on Trees 100 Yards Distant—Accidents Elsewhere.

Lancaster, Pa., June 11.—Eleven men were blown to pieces and five others were seriously injured by the explosion of a dynamite plant near Pequea, along the Susquehanna River. The dead are:

Benjamin Gebhardt, aged 22; Benjamin Rineer, 21; Geo. Rineer, 20; Fred Rice, 23, married; Collins Parker, 18; Phares Shoff, 18; William Funk, 19; John Boatman, 17; an unknown man; two unknown men, residents of York County.

All except the last two lived in the immediate vicinity of the dynamite plant. The seriously injured are:

Walter Brown, Martin Rineer, Geo. Gray, Charles Cramer, Jacob Scott.

Most Horrible of Accidents.

The accident was one of the most horrible in the history of Lancaster County. The victims were literally torn to pieces, not enough remaining of a single body to make identification possible.

The cause of the explosion is not known. The two unknown residents of York County who were killed had just started to drive from the place with a load of dynamite. They had scarcely gained a distance of 50 feet when the plant blew up with a detonation that was plainly heard 15 miles away. A great cloud of smoke covered the site of the factory, and when it had cleared away there was not a vestige of the horse, wagon or men who had left the factory only a moment before.

The air was filled with debris, and fragments of human bodies and pieces of flesh and limbs were found hanging to the trees nearly one hundred yards from the scene of the disaster. The remains of those who had been killed were gathered up and placed in soap boxes, identity being impossible. The injured, some of whom it is thought will die, were taken to their homes in the vicinity.

The dynamite plant was owned by G. R. McCabe & Co. of Pittsburgh.

Aged Woman Killed by Train.

St. Catharines, June 11.—Mrs. Arabella McGee, about 80 years of age, who lived on Thorold road, this city, was struck by a Michigan Central train near Queenston Heights on Saturday and instantly killed. She had been visiting her son, John McGee, who is caretaker at Brock's Monument, Queenston Heights. A bruise on the side of her head was the only indication of the cause of death.

The Perils of Play.

Belleville, June 11.—William Easton, a lad about 16 years of age, was playing baseball at Canifon, near this city, when a ball struck him fair on the nose, smacking it flat to his face. He was brought to this city for treatment, and it is thought he will not be permanently disfigured.

Killed in a Coal Mine.

Strathcona, Alta., June 11.—Robert Burdett, a coal miner in the mine of the Strathcona Coal Co., was killed by a cave-in of the roof in which he was working. He was alone, and it was some time before his companions discovered what had happened. His neck was broken. Deceased was a single man about 30 or 35 years of age. His home was near Smith's Falls, Ont.

Carried Over Dam.

St. John, N. B., June 11.—While attempting to cross St. John River to get dinner, Donald Blizard of the Donald Fraser Lumber Co., this city, was carried over the dam and drowned. The freshet was high and the current very strong. Blizard, who was only 42 years of age, leaves a wife and large family.

Fatal Fall Down Stairs.

Guelph, June 11.—Miss Margaret Beattie, an aged lady, was fatally injured by falling down stairs Saturday. Miss Beattie was 88 years of age, and a native of Ireland.

Killed by Shaft.

St. John, N. B., June 11.—While driving along the street in a fog Saturday night, Michael Livingstone was hit in the breast by the shaft of a passing rig and died soon after being taken to the hospital. The shaft penetrated his heart.

Boy Drowned at London.

London, June 11.—Eddie Waspe, ten-year-old son of Ernest E. Waspe, of Front street, lost his life from drowning in the south branch of the Thames, a short distance east of Clerk's Bridge, yesterday afternoon. The lad had gone to swimming.

Killed in Wall Collapse.

Toronto, June 11.—John A. Walker, who came here from Canfield, Weland County, two years ago, was killed in the collapse of a wall while engaged in tearing down the old Christian Workers' Church on Denison avenue Saturday. Robert Oliver was seriously injured.

Thrown From Rig and Killed.

Binghamton, N. Y., June 11.—Rev. George Horton, a retired Presbyterian clergyman, was instantly killed while driving into his yard near Oxford Saturday. The wheel of the wagon caught, throwing him out and breaking his neck. He was 75 years of age.

Dies by Inches in Muck.

New York, June 11.—Michael McDonald, ship's carpenter, aged 30, met a slow and horrible death in the muck of Elizabeth River Saturday evening. The muck gripped him like some hideous, slimy, clinging monster, and held him fast in its treacherous, suffocating embrace while the tide crept in from the sea and mercifully swept over his head. He was taking a short cut to his home to greet a brother who had just returned from sea after a three years cruise.

Steamer Ashore.

Halifax, N. S., June 11.—A wireless message received by Marine and Fisheries Department yesterday says that the Steamer Etolito of the Elder Dempster Line went ashore on the southwest ledge, off Cape Sable, at 1 o'clock yesterday morning, and is hard and fast on the rocks.

THE MASTER SPECIALISTS OF AMERICA

We know the diseases and weaknesses of men like an open book. We have been curing them for 20 years. We have given our lives to it, and thousands upon thousands of men restored to Vigorous Vitality are today living monuments to the skill, knowledge and success of Drs. Kennedy & Kergan. We never hold out false hopes, we never undertake a case we cannot cure. We have made so thorough a study of all the diseases of men—of Varicocele, Stricture, Blood Poisons, Hydrocele, Nervous Debility, Paralysis, Bladder, Urinary and Kidney Diseases, General Weakness, Loss of Vitality, and have cured so many thousands of cases that if there is a cure for YOUR disease you will find it here. When we undertake a case there is no such thing as failure. We charge nothing for consultation and our knowledge, skill and experience are at your service. We will explain to you How and Why We Can Cure You; why the diseases of men require the knowledge and skill of Master Specialists. We do not require to experiment with your case as we know from experience in treating thousands of cases exactly what to prescribe for your symptoms. Don't be discouraged if you have treated without success with Quacks, Fakirs, Electric Belts, Free Trials, etc. You must get cured—and Doctors alone can cure you. Our New Method System of treatment has stood the test for 25 years—why should it fail in your case. Should your case prove incurable you need not pay us a dollar. We refer you to any Bank in this city as to our financial standing. If you cannot call write for a Question Blank for Home Treatment. Consultation Free. Booklets sent Free.

NO. 7. MASTER MINDS ON MUSIC.

Being the 7th of a series of great talks introducing sayings of great men, applicable to the Nordheimer Piano, the symbol to perfect music.

I've read that things inanimate have moved And as with living souls have been informed By magic numbers and persuasive sound—Congreve.

Those are the lines that follow Congreve's famous inles about music's charms. Everyone may agree with the poet as to the soothing of music, and perhaps a few understand what he means by the persuasiveness of sound on things inanimate. Whether it is true or not the fact remains that

THE NORDHEIMER PIANO

has a charm that pleases every human soul that is fortunate enough to hear it. The reason is not far to seek. The NORDHEIMER is the embodiment of years of artistic training in the making of pianos. It is the distinctive value of the NORDHEIMER tone that has made it the favorite instrument throughout Canada. We would like you to learn of its many excellent qualities. Visitors are welcome to Nordheimer Hall, where there is the finest display of pianos West of Toronto

350 ZULU REBELS SLAIN.

Chief Bambatha Among Wounded in a Fierce Fight.

Durban, Natal, June 11.—Natalian forces under Colonels MacKenzie and Barker, have had a severe fight with rebels in the Ncome Valley.

The rebels were defeated, 350 of them being killed, including the important Chief Mahlokazulu. The Natalians lost Captain MacFarlane of the Transvaal Rifles, and Lieut. Marsden, killed, and several troopers wounded.

It is reported that Chief Bambatha was wounded in the fight.

The rebels fled, demoralized.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good they may possibly derive from them. You can possibly cure Catarrh of the F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Tribe Extirminates Itself.

St. Petersburg, June 11.—One of the most terrible stories of Nomadic violence ever told has just reached St. Petersburg. It is to the effect that an entire tribe, the Tchukchees, numbering about 2,000, has just perished by its own act as the result of escape from famine. The tribe inhabited one of the bleakest parts of Yakutsk. After the elders of the tribe had spent a day in consideration of the almost incredible decision was that each father should first kill his family, and then himself. On the following day the appalling tragedy was carried out in the open air in a general assembly. The only exceptions were a few old men without families, who, when left to themselves, had not the determination necessary to commit suicide.

FIVE YEARS' DYSPEPSIA CURED.

"No one knows what I suffered from stomach trouble and dyspepsia," writes Mr. A. B. Avery, of Bridgeport. "For the last five years I have been unable to digest and assimilate food. I had no color, my strength ran down and I felt miserable and nervous all the time. I always had a heavy feeling after meals and was much troubled with a dizziness and specks before my eyes. Dr. Hamilton's Pills were just what I needed. They have cured every symptom of my old trouble. My health is now just as good as desired." By all means use Dr. Hamilton's Pills; 25c. per box at all dealers.

Bryan For President.

Washington, D. C., June 11.—With four states pledged to his support and others falling into line, William Jennings Bryan will, in August, return from his travels to find his star again in the ascendant and his boom as Presidential candidate in 1908 under full headway. Conservatives and Radicals of 1896 are flocking into camp, so far as the developments of the last few weeks indicate, and gold Democrats and free silver men alike are acclaiming the former leader as the "logical candidate."

A MILLION DOLLARS SQUANDERED.

It is estimated this sum was squandered last year by people trying to find a cure for catarrh. Foolsish for suffering to experiment when it's so well known that "Catarrh" is the only remedy that cures permanently. Other treatments only relieve, but Catarrh-cure cures and prevents the disease from ever returning. "I had Catarrh in its worst form," writes G. F. Fadden, of Royan, Que. "I was so bad that ordinary medicine didn't even relieve; but Catarrh-cure cured perfectly." No chance of disappointment with Catarrh-cure—it's certain as death to cure your Catarrh—just try it.

DIES ON HIS WAY HOME

Heart Failure Strikes Premier of New Zealand.

Rt. Hon. R. J. Seddon, After a Long Tour in Australia, Expires Suddenly From Heart Failure After Embarkment to Return to New Zealand—Made Imperialist Speech Saturday—Sketch of His Active Career.

Sydney, N.S.W., June 11.—Richard John Seddon, Prime Minister of New Zealand, died from heart failure last evening, aboard the steamer Owestrey Grange, on which he had embarked yesterday morning to return to New Zealand. The Owestrey Grange put back into Sydney, Mr. Seddon was 61 years of age.

His death was totally unexpected. He came to Australia in the middle of May to consult with Alfred Deakin, the Prime Minister of Australia, on important questions, mainly those concerning the New Hebrides. During his stay here he visited the principal towns, making vigorous speeches and receiving deputations on various matters interesting to Australia, such as colonial preference and alien immigration.

RT. HON. R. J. SEDDON.

On Saturday he made a speech at Sydney, declaring that it was a suicidal policy for the colonies to send trade to foreign countries, thus enabling them to strengthen their navies. Trade, he said, should go to the motherland to assist in strengthening the British navy.

When Mr. Seddon sailed yesterday morning he appeared to be in his customary health.

Sketch of His Career.

The Right Hon. Richard John Seddon was born at Eccleston, Lancashire, in 1845, and emigrated to Australia in 1863, where he carried on his business of mechanical engineer. Removing to New Zealand, he was elected in 1879 to the House of Representatives, and has held his seat ever since. From 1891 to 1893 Mr. Seddon acted as Minister of Mines, and from 1891 to 1896 acted also as Minister of Public Works and Minister of Defence. In 1893 he became Premier, and since then has been, in addition, colonial treasurer, postmaster-general, Minister of Labor and Minister of Native Affairs.

In New Zealand he enjoyed unlimited confidence and popularity and was recently again returned to power by a large majority of votes. Mr. Seddon was chiefly responsible for the series of measures on socialistic lines which have created so much interest and attention, and was his ambition to make New Zealand an example to the world in all that makes for the happiness of the people. His energy and enthusiasm were unbounded, and it is matter of additional regret that he should have died during the year of New Zealand's first international exhibition.

TO REPEL INVADERS.

New Admiralty System to Be Tested With Greatest Fighting Fleets.

London, June 11.—Although "war" has not yet been declared, the mobilization of the British fleet was practically completed to-day. It is ready to meet all eventualities and repel the expected attack of an imaginary enemy. Ireland. The greatest aggregation of fighting ships ever assembled totaling 325 warships of various types and 63,000 men is participating in the mimic warfare, which is designed to test the efficiency of the new Admiralty system for the defence of the British coasts and commerce on the high seas.

To Convey Merchantmen.

One of the most interesting features is to be the collecting of British merchantmen at certain points and conveying them to home ports. The force is divided into two fleets, the red (British) consisting of 235 vessels, including 86 torpedo boats and submarines, and the blue (the enemy) consisting of 90 warships without torpedo boats or submarines.

VANDALISM BY RAILWAY.

Alleged by Hibernians in Removal of Memorial Stone.

Montreal, June 11.—There is a row here in Irish circles over the removal of the memorial stone erected to 6,000 victims of ship fever to St. Patrick's Park. The Hibernians are moving in the matter.

The Grand Trunk wanted the place for their tracks, but the Irish societies declare that no permission was given, and it appears that the stone was moved at 2 o'clock in the morning.

"Neptune" Is on Guard.

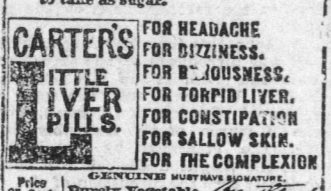

St. John's, Nfld., June 11.—The Colonial Government has commissioned the whaler Neptune as an additional fishery cruiser to enforce the Foreign Fishing Vessels Act along the west coast of Belle Isle Strait. It is reported the Americans purpose starting a new herring fishery this summer. This action will prevent evasion of the bait and fishing law.

CURE SICK HEADACHE.

Runs Into Open Switch.

Augusta, Ga., June 11.—The early Saturday night passenger train from Atlanta to Augusta, on the Georgia Railroad, ran into an open switch at Messina, derailing the engine and three cars. A report from the general offices of the road at midnight says there were no deaths, and the only passengers injured were those in the negro coach. A telephone message says there were five seriously injured.

Kaiser Has Newspaper Seized.

Cologne, June 11.—The authorities have confiscated an issue of The Westphalian Rheinische Gazette, containing an article entitled "The Patched Up Triple Alliance," in which the despatches exchanged between the two Kaisers and the King of Italy are criticized in a manner that is considered insulting to the Emperor of William and Emperor Francis Joseph. It is the first time that this important German paper has been seized by the authorities.

A man talks about owning his business. But, as a matter of fact his business owns him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are all determined by business obligations. He rushes through lunch, because he can't spare the time from business; he can't be leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen on every hand. Men dyspeptic, irritable, nervous, with drawn faces, hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business breakdowns which so often terminate fatally.

The cheerful cannot help being cheerful.

VICTORIA FALLS.

Called "the Most Beautiful Gem of the Earth's Scenery."

The Zambesi river, carrying a huge volume of water two miles in width, as it reaches the western borders of Rhodesia precipitates itself into a cavernous gorge and thus traverses the northern plains of the country.

This great drop in the river has produced "the most beautiful gem of the earth's scenery," the Victoria falls. Almost twice as broad as Niagara and two and a half times as high, an immense mass of water rolls over its edge to precipitate itself in magnificent splendor 400 sheer feet into the narrow canyon below.

Undertaken by the Rhodesian engineers, without detracting from the natural beauty of the surroundings, threw across the canyon a splendid 650 foot cantilever bridge and thus opened the way to Tanganyika, to Uganda, to Calro.

This bridge, the greatest railway engineering triumph of Africa, deserves more than passing notice. It consists of a central span weighing approximately 1,000 tons, 500 feet in length and 30 feet wide. The steel work is of rolled steel weighing 400 pounds to the cubic foot. The end posts of the bridge are over 100 feet long. The pull on the anchorage apparatus is about 400 tons.

The contract for the construction was obtained by an English firm of bridge builders—the contract time fifty-five weeks. The work of erection was carried on from both banks, the material being taken across the river by means of an aerial electric railway. The electrical conveyor of this cable way was capable of dealing with a ten ton load at a lifting speed of twenty feet per minute and a traversing speed of 300 feet a minute.

An initial difficulty in the construction of the bridge was the securing of a firm foundation, and owing to the crumbling nature of the bank a much greater quantity of concrete was necessary than estimated.

The construction of a secure foundation, rendered by accidents of a companion, though a few slight accidents to body work and the replacing from England of one piece of steel work were recorded. In spite of these delays the bridge was linked up at 7 a. m. on April 1, 1905, or exactly forty-eight hours earlier than had been estimated a year before—Lieutenant Colonel Sir Percy Girouard in Scribner's.

Cured Him.

"I wish my husband would not stay out at night," said the little woman. "Cure him," said her companion, "as a woman I know cured her husband, who used to stay out every night. One night he came in very late, or rather, very early, about 3 o'clock in the morning. He came home very quietly. In fact, he took off his shoes on the front doorstep. Then he unlocked the door and went cautiously and slowly upstairs on tiptoe, holding his breath. But light was streaming through the keyhole of the door of the bedroom. With a sigh, he paused. Then he opened the door and entered. His wife stood by the bureau fully dressed. "I didn't expect you'd be sitting up for me, my dear," he said. "I haven't been," she said. "I just came in myself."

Presence of Mind.

Mme. Rachel, the great actress, was resting alone in her dressing room one night preparatory to going on the stage when a man suddenly entered and, drawing a dagger, said he was going to kill her if she did not at once consent to marry him. The actress saw at a glance that the man was mad and meant what he said. So with the utmost coolness she replied: "Certainly I will marry you. I wish nothing better. Come with me to the priest at once. I have had him come here for the purpose." She took his arm, and they went out together—to where there was assistance, of course, and the man was immediately put under arrest.

Deduction by Analogy.

"Mamma, I've got a stomach ache," said Nellie Bly, six years old. "That's because you've been without lunch. It's because your stomach is empty. You would feel better if you had something in it."

That afternoon the pastor called and in the course of conversation remarked that he had been suffering all day with a very severe headache.

"That's because it is empty," said Nellie. "You'd feel much better if you had something in it."

Time For Wearing.

"I trust your honor will excuse me this time," said a habitual drunkard at the police court. "It is my misfortune—I am a child of genius."

"And what is your age?" questioned the magistrate.

"Forty-two years."

"Then it is time you were weaned. You'll have to do ten days away from the bottle."

Such a Temper.

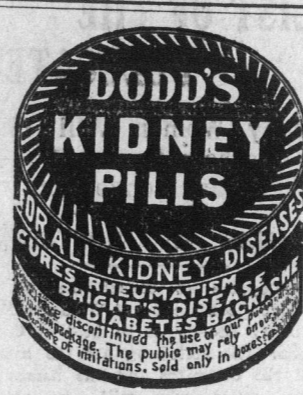

His Wife—But I don't think, George, that you ought to object to mamma. Why, just think, if it hadn't been for her you would never have had me! Her Husband—Huh! Don't try to excuse her by saying that. You make me hate her worse than ever.

Doing Their Best.

"Didn't I understand you to say they keep a servant girl?" "Certainly not. I said they try to. As soon as one goes they get another."

COMMANDER SPAIN'S DIVORCE.

Senate Discusses the Report of the Special Committee.

Ottawa, June 11.—The Senate discussed the report of the Divorce Committee, recommending that the application of Commander Spain for divorce be refused, the committee holding that the plaintiff had submitted an agreement containing admission of improper relations and a promise not to oppose the application, which amounted to collusion. It was pointed out that the resistance of divorce by the respondent had broken the collusion and Senator Kerr moved to refer the case back to be heard on its merits, and, if necessary, obtain the opinion of the Minister of Justice on the question of collusion. This motion was defeated, and the report was adopted.

THE GENERAL ASSEMBLY

The Third Day of Session
was a Very Busy
One

A PLEASANT BANQUET

Special Correspondence.

London, June 8.—Much business was transacted on the third day of the General Assembly.

The report of Manitoba College was presented by Dr. Patrick, the principal, and while the number of men in the theological classes was not large the classes in Arts were well attended. This, the youngest of the colleges, was commended to the liberality of the church at large. It was pointed out by some of the Western men that the time had almost come for the establishment of another college in the farther west, in the regions of the Rockies.

A deputation from the Anglican Synod was introduced in the afternoon, and the address of His Lordship Bishop Williams and the reply of Principal Gordon of Queen's, were the features of the Assembly thus far. The statement by the Bishop that the Anglican Church will enter seriously into the discussion of church unity and the sentiment of the Assembly in return promises to develop a new phase of the much discussed question of Church union.

The report on statistics by Rev. Dr. Torrence was presented, showing a splendid increase for the year in membership, and in contributions for religious purposes.

At six o'clock the graduates of Knox College were entertained to lunch by the ladies of the First Church. The attendance was very large and as the proposed removal of the College was discussed, more enthusiasm was predicted than at any gathering in half of old Knox for many years. The speakers at the banquet were Mr. J. K. Macdonald, of the Confederation Life Association, Toronto, Rev. A. H. MacGillivray, of the First Church, Chatham, Rev. R. J. Willson, of Vancouver, Dr. Grant, of Orillia, Rev. J. McD. Duncan, of Toronto, and Rev. J. A
