WAR CLOUDS WILL BREAK SATURDAY

Bulgarian Minister Must Leave Athens--He is Under Guard of Soldiers.

GREEKS ARE WARLIKE

Guard Had to be Provided For Prisoners Arriving at Port.

(Canadian Press Despatch)
NEW YORK, July 4.—A cable from Athens says the Bulgarian minister at Athens has been recalled and will leave for Sofia on Saturday. Before giving notice of his recall, the Bulgarian minister again called on the Greek government to order a cessation of hostilities. He also protested against the capture of the Bulgarian detachment at Salonika. In his first declaration to the premier Mr. Venizelos, the minister maintained that a Greco-Bulgarian condominium had been established at Salonika, but Mr. Venizelos protested energetically against this point of view.

Steamships conveying a number of Bulgarian prisoners from Salonika, arrived from Piraeus yesterday. A large crowd was waiting on the quays and to prevent disorder, the harbor master refused to allow the steamships to enter port. There was a demonstration in Athens last night, throngs parading and cheering Mr. Venizelos and Mr. Boskovich, the Servian minister.

BUILD A DYKE FOR HOLMEDALE

Board of Works Took Matter Up at Meeting Last Night.

At the meeting of the Board of Works held in the Mayor's office last night the question of raising the bank on either side of the mill-race in the Holmedale was discussed. It is estimated that the cost of doing the work would amount to about \$1500. The Kingsly Company and the Watson Lumber Company agreed to pay half the cost. The work will likely be started in the near future, and when completed will give the mills more motive power.

Will Trim Trees

Mayor Hartman and Overseer Howie were on the war path this morning and held an interview with Ald. McEwen, chairman of the Buildings and Grounds committee in reference to having the trees on a number of the streets trimmed. It is claimed that on some of the streets branches of shade trees on private and city property and no more than four feet from the ground—this, they claim, is a public nuisance.

Return Match

John Ryan and his government official rink will play the return match with the G. S. and M. office staff quartette at the Postime green tonight.

NURSE WHO KILLED CHUM AND SELF.

ROSALIE L. ROQUE

France May Have Big Military Revolt

Socialists Stiring Up Trouble—Strongly Protest Against Three Years Service Law—Both Sides Have Strong Argument.

(Associated Press Despatch)
NEW YORK, July 5.—A Paris cable says: According to news reaching here from all parts of France, a general military revolt, accompanied by wholesale desertions, has been organized by the Socialists, especially those of the Labor party, in protest against the three years law. It is said that the revolt will break out as soon as the law finally passes into effect.

SAD DEATH OF YOUNG MAN

Chief Slein received a letter from the Royal Northwest Mounted Police, stating that a young man about 23 years of age, height 5 ft. 9 in., weight 170 pounds, with red hair and fair complexion, was found dead, of strychnine poisoning, six miles north of Shellbrook. When searched a small diary was found having the name Alex. McEwen, Brantford, on the inside leaf, and the Chief was asked if he knew the man. Chief Slein immediately found the father of the young man to be Hugh McEwen, living at 42 Able avenue and employed at the Massey-Harris Company. It is not known whether it was a case of suicide or not, but at all events it is a very sad affair. When found the deceased was dressed in working clothes, overalls and dark shirt.

BOY ADMITTED HIS GUILT TODAY

Seven Year Old Boy Pushes Another Lad in the River.

CHICAGO, July 4.—Harold Fragel, 7 years old, admitted last night that he had pushed George Hammer, his six year old playmate, into the river last Tuesday. Harold made his confession seated on the knee of Police Lieutenant Heidemier, while a piece of watermelon served to keep back his tears.

DEMONSTRATION WAS A SUCCESS

Veede Health Machine Was Shown at Victoria Hall.

Last night at Victoria Hall the demonstrators of the Veede Health Machine, a marvellous British invention, demonstrated the machine and one of the company gave an excellent lecture, dealing with the powers of the machine. The Veede is a small instrument, containing no electricity and is used either upon the skin or through the clothing. The treatment given by the machine is not harsh, in fact it is not at all unpleasant.

Threw Petition To The King

BRISTOL, England, July 4.—While King George was driving to open the Royal Agricultural show here to-day, a woman believed to be a Suffragette rushed at his carriage and threw a petition at his majesty. She was immediately arrested.

JULY FOURTH IS CELEBRATED QUIETLY

Americans Read the Declaration of Independence in New York Today

SAFER AND SAFER

Is Observance of Holiday—No Fireworks in the Capitol.

(Canadian Press Despatch)
NEW YORK, July 4.—New York city's celebration of Independence Day, designed to be safer than ever before, began at 4.33 o'clock with thirteen sunrise guns booming from Van Corlandt Park, the reading of the Declaration of Independence, at historic McGowan's Pass in Central Park, an hour later, and the ringing of most of the city's bells for an hour between 8 and 9.

Are Alright

Canadian Securities Gilt-edged Says Sir William.

(Canadian Press Despatch)
WINNIPEG, Man., July 4.—"I consider that Canadian securities are gilt edged," said Sir William Mackenzie, president of the C.N.R., speaking here in reference to recent utterances of Horne Payne in England.

NORTH COBALT OUT OF DANGER

Message Received To-Day That Fires Have Abated Up North.

(Canadian Press Despatch)
TORONTO, July 4.—That their station at North Cobalt was now out of danger from bush fires, was the assurance which A. J. McGee, secretary of the Temisging and Northern Ontario Railway Commission, received this morning from Superintendent W. A. Griffin. This relieves the anxiety caused by Mr. Griffin's message last evening stating that a bad bush fire was endangering the railways building.

INCIDENT HAS BEEN SETTLED

Archbishop Bruchesi and French Literary Man at Peace.

(Canadian Press Despatch)
MONTREAL, July 4.—The incident arising over the intimation of Archbishop Bruchesi which resulted in the non-appearance of Gonzalve DeSaulniers, K.C., at the recent Soiree de la Pensée Francaise held in Laval University Convocation Hall, has now been closed, correspondence between his Grace the Archbishop and Mr. DeSaulniers having brought out the fact that the whole affair arose over a misunderstanding. Mutual regrets are expressed, and both the Archbishop and Mr. DeSaulniers intimate that they hope the incident will be considered as closed.

Successful Lawn Social

A very successful lawn social was held on the grounds of Mr. and Mrs. James McRobb, Palmerston Avenue last night in aid of the fund which is being raised for the purpose of placing stained glass windows in St. Andrew's Presbyterian church. During the evening the St. Andrew's Sabbath School orchestra rendering several selections. There was also a short programme consisting of a solo by Miss Hurley, recitation by Miss Nellie Berry, and piano solos by Miss Ferguson and Mr. Stanley Stevens. The receipts of the evening amounted to \$41.

The Kaiser Proves That He Is An Expert

He Goes From Stem to Stern Through Italy's Finest Battleship—Knows the Ropes of the Ocean Bull Dogs.

NEW YORK, July 4.—A cable from Berlin says: Kaiser Wilhelm gave another proof of his thoroughness yesterday at Kiel when his royal visitor, King Victor Emmanuel of Italy, accompanied by Queen Elena, took the German Emperor aboard the Italian battleship, Amalfi, representing the most powerful type of Italian war craft afloat. King Victor and his flag admiral made a little amazement, complimented the Kaiser on his perfect knowledge of every item in the make-up of the battleship. The Kaiser, on his part, expressed his satisfaction that King Victor, his ally, possessed ships and men o fit for any emergency.

Fire Loss

In Canada During June Was Over Three Million.

(Canadian Press Despatch)
TORONTO, July 4.—According to the Monetary Times, Canada's fire losses during June amounted to \$3,609,446, this not including losses from forest fires in northern Ontario and New Brunswick. Losses for the same month last year were \$4,229,412. There were 39 fires with losses over \$10,000 and eight with losses of \$100,000 or more, a lumber mill fire in Prince Albert, Sask., leading the list with a half million loss. Eighteen lives were lost. The Times' estimate of fire losses for the first half of this year is \$14,325,436 with Ontario leading the provinces with \$3,620,260.

CAUGHT IN ACT OF STEALING IRON

Theft Case at Massey Harris Cleared Up by the Police.

Two foreigners, Ziga Boles and his cousin, John Boles, were arrested yesterday morning at 11 p. m. by P. C. Smith in the act of stealing some valuable tools from Massey-Harris shop. Their homes were searched, and a great quantity of tools and other stolen goods were found. Evidently it was not the first time they had stolen property. It is a good illustration of the proverb of the pitcher going once too often to the well. They were allowed to go on bail of \$100 each. The case will come up in police court on Monday.

John H. Sullivan, Jr., of Indiana, has started on a 10,000 mile canoe trip from New York city to San Francisco. Mr. Sullivan expects to make this journey in a year. He will go by inland waters and the Panama Canal.

LAWSUIT GOES MERRILY ON TO-DAY

Lady Sackville is Being Cross Examined in Court To-Day.

NOT AN EARTHQUAKE

Such a Name Was Invented By The Scotts, She Says.

(Canadian Press Despatch)
LONDON, July 4.—The reappearance on the witness stand to-day of Lady Sackville, to undergo further cross-examination in the suit known as the "fight for the millions," again attracted a fashionable audience, to the Probate Court, where Sir Samuel Thomas Evans is the presiding Judge.

CONTRACT LET FOR NEW BANK

Mr. Montzambert, manager of the Bank of Montreal, received word to-day from headquarters that the contract for the new Brantford premises had been let to Anglins Limited of Montreal. Regret was expressed that some local firm had not succeeded, but the Anglins tender was not only the lowest, but was also two months shorter in the time of completion. Mr. David T. Webster, the bank architect, expects to have work started almost immediately. The building will be of cut stone and of two stories. The ground portion will be devoted entirely to office purposes, with tiled floors and hardwood furnishings. The second storey will contain rooms for the clerks and quarters for the janitor. Everything will be of an A1 nature. The price is not known, but is believed to be about \$55,000.

Yankee Flag Caused Roit

(Canadian Press Despatch)
WINNIPEG, Man., July 4.—The waving of the flag of the United States here early to-day, while thousands of provincial soldiers were parading the streets, precipitated a riot during which the flag was trampled and torn and a number received minor injuries.

STARTS ON 10,000 MILE CANOE TRIP.

John H. Sullivan, Jr., of Indiana, has started on a 10,000 mile canoe trip from New York city to San Francisco. Mr. Sullivan expects to make this journey in a year. He will go by inland waters and the Panama Canal.

All the public are invited to help along a worthy cause by sending donations of home cooking for the Talent Tea and by attending the Garden Party in the evening. e-92

Men DO Read Advertisements There has been some lively discussion on this subject lately, and at a dinner of advertising men in one of the larger cities recently, a prominent advertiser rose and asserted that "after all, very few men read advertisements."

"You are absolutely wrong," retorted another advertising man, the manager of advertising in a department store. "We had a sale of shirts one day last week that was the most successful in the history of our business. 99 per cent of those who came in and bought were men. They came in direct response to our newspaper advertisement."

Everywhere in every station of life men find interest in advertising. It may not be clothing, shoes or hats; but it may be something that relates to real estate, banking, the stock market, to automobiles—to any of the thousand and one things that constantly form the subject of wide-awake advertising.

Local News

THE PROBS

TORONTO, July 4.—The weather continues cool in the Western Provinces and decidedly warm from Ontario Eastward. Showers occurred during the night in Southern Saskatchewan and Alberta, and there are thunderstorms in part of Ontario.

FORECASTS:
Lakes, Georgian Bay, Upper St. Lawrence and Ottawa South and west winds, mostly fine and very warm to-day and Saturday, thunderstorms in a few localities.

Temperature.
Temperature for the last 24 hours: Highest 91; lowest 60. Same date last year: Highest 87; lowest 66.

Finance Committee.
The members of the finance committee will meet to-night.

Monthly Meeting.
The regular monthly meeting of the Brant Mutual Fire Insurance Co board was held yesterday in the company's office in the Court House.

Soft Ball.
The Dufferin Rifles beat the Peavers last night by 3 to 2. Batteries, Dufferin, Symons and Fears; Beavers, Hetherington and Stewart.

Beat Engine-Makers.
John H. Hall and Sons, who boast of a ball team walked off the field last night victors over the Waterous Engine works office staff. The score was 10-8.

Board of Audit.
The Board of Audit of the Criminal Justice accounts, expect to complete their work to-day, usually requires three days to do the work, and if completed to-day will be done in the usual time.

Fire at Park.
The fire department was called out shortly before three o'clock yesterday afternoon to extinguish a blaze which had originated in a pile of rubbish at Agricultural Park. A stream was put on and the blaze quickly extinguished.

Boy Scout Notes.
Nine members of Headquarters Patrol, together with Scout Commissioner MacFarlan, will go into camp at St. Andrew's College campus, Toronto, from the 17th to the 21st of this month. Scout Commissioners from all over Ontario will be in camp at the same time and by special invitation extended to Headquarters Patrol, they will go as instructors, and will be the youngest patrol on the campus.

Far Better Roads.
On Saturday plans for 27 miles of macadamized roads in the County of Haldimand will be submitted to the Provincial Highway Department at Toronto in order to secure the sanction of the government to do the work by contract. The warden, the chairman of the roads committee and Mr. Alan Jackson of Jackson and Co., engineers of this city will be the deputation waiting upon the government.

We're Escaping.
Brantford seems to be escaping the attention of pickpockets to a much larger extent than other cities and towns on the line from Detroit to the Falls, which the police of other cities say is the beat of an organized gang of professional "dips." Although at stations all along this line the complaints of picked pockets have been fairly numerous lately, the station authorities here say that there has not been a recent case reported and that the losses reported to them for a considerable period have amounted to very little. This is a sharp contrast to Woodstock, where losses amounting to \$300 were reported in 24 hours, one man claiming that he had been relieved of \$118 between Woodstock and London.

Goes to Supreme Court.
Regarding the appeal of the local Dominion Government officials against their income tax, no decision has been given by Judge Hardy, but the matter has been settled by the consent of counsel for the city and the officials pending a decision of a Judge of the Supreme Court, when the law which has been unsettled by numerous conflicting decisions, will be finally declared.

In the contest which was filed, the officials do not continue to pay their income tax in the meantime, but should the Judge of the Supreme Court decide against them, they will pay up any arrears of taxes that may have accumulated against them.

At Victoria Park.
By permission of Lt.-Col. F. A. Howard and officers the Dufferin Rifles' band, under the direction of Frank C. Johnson, Jr., will render the following program in Victoria Park to-night:
1. March—"St. Augustine"; Hughes
2. Selection from "Martha"; Godfrey
3. Tone Poem "Apple Blossoms"; Roberts
4. Bits of Rennicks Hits; Lamp
5. Coronation March from the Prophet; Meyerbeer
6. Reminiscences of Ireland; Godfrey
7. Silver Threads Among the Gold; Dank
8. Overture, "William Tell"; Rossini
9. "Oh You Circus Day"; Monaco
God Save the King.

British News

LONDON, July 5.—The spread of gambling among the English people both men and women, is causing serious and growing concern. No measures have been devised to stop the habit, which rapidly is becoming more and more of a menace. On all big races practically everybody, from the newsboy on the street, to the peer in his motor, has something on his favorite horse, and even on the everyday race an immense amount in the aggregate is wagered. Latterly it has been disclosed that women working in offices and restaurants in the city have become as inveterate gamblers as the men and boys. Nowadays both men and women during the afternoon hours, are distracted from their work by their anxiety over the result of the races, and employers complain in vain.

The House of Commons, with a view of curbing this increase in the betting habit, passed a law prohibiting commission agents from accepting money on a bet, but this was easily evaded by the agents carrying wagers on a credit system, settling once a week. As the system works to-day any boy with a shilling to bet on a horse can go to almost any newspaper seller and get his money down. Another measure to overcome this condition was met by opposition from the workmen, who claimed for himself the same privileges and opportunities accorded his wealthy neighbor, who can wager as freely as he likes by either going to the track or telephoning his commission agent.

The complaint is made also that gambling is spoiling golf. At most of the big clubs to-day members will not play unless assured of a good side bet on the result. It started with half a dollar a round, but at some clubs a game is seldom played for less than \$25, \$50, or \$100 a round. The professional, too, who gets his fee for taking a novice around, now wants a wager on the result. Even if he gives the novice all he deserves, the professional generally can win.

The proposal to drive a tunnel under the English Channel between England and France, which for years was opposed by military men on the ground that it would destroy the isolation of England, is now being taken up seriously with a better chance of going through than ever before. The advance in flying made in recent years has already virtually taken away the advantage of isolation, but even more than this the good relations now existing between England and France have overcome the opposition to the scheme. The government is being urged to take the matter up seriously, people who cross the channel frequently favor the plan, and the railways who have to keep up costly steamers for the channel service, are not opposed to the tunnel idea, for they know that with the abolition of the much dreaded channel crossing by sea, passenger traffic would increase immensely.

The President of the Austrian Chamber of Deputies has decided to make a trial of an electric voting machine for use in the House. Each member will have two electric buttons on his desk, one marked "Pro" and the other "Contra." On the wall opposite the President's chair an indicator is fixed, consisting of 516 glass tablets, numbered 1 to 516. These tablets are normally dark but when a vote is taken each shows either a white light for "Pro" or a red light for "Contra." Each member has a number corresponding to one on the board, and can therefore personally check the accuracy of his vote.

An automatic apparatus counts the vote, and the totals are shown on another indicator. If names are required, they are shown on the glass tablets in either white or red letters. In case of a secret vote, the glass tablet indicator is switched off, and only the counting apparatus remains active.

The recent attack on Prime Minister Asquith in the House of Commons, when a young man associated with the suffragettes threw a bag of flour at him, has again drawn attention to the awkward situation of the House in dealing with such interruptions.

WOMAN EXPLORER TO BRAVE ALASKAN WILDERNESS.

Miss Mary L. Jobe, professor of history in the Normal College of New York, will start soon, accompanied by only two Indian guides, into practically unexplored regions of Northern British Columbia and Southeastern Alaska, where, as yet, uncivilized Indian tribes have never seen the face of a white woman.

Miss Jobe is a veteran of several expeditions into the Selkirk Mountains and Southern British Columbia. She will cover four hundred miles on foot and spend ten weeks away from civilization.

Miss Jobe is 5 ft. 8 in. tall, and she looks well able to take care of herself, especially in her masculine attire. Miss Jobe is a member of the Canadian Alpine Club and of the American Alpine Club and is much interested in the Camp Fire Girls' Organization.

WILLIE RITCHIE IS THE FAVORITE

Battle is on in California This Afternoon—Both in Fine Shape.

SAN FRANCISCO, Cal., July 4.—Willie Ritchie of San Francisco, the first California fighter to hold the lightweight championship, will step into the ring this afternoon to defend his title against Joe Rivers of Los Angeles, also a native son, with the odds 10 to 7 in favor of the champion.
Both fighters declare themselves well to-day and doing as well as can be expected, but his identity is still a mystery.

WOMAN EXPLORER TO BRAVE ALASKAN WILDERNESS.

Miss Mary L. Jobe, professor of history in the Normal College of New York, will start soon, accompanied by only two Indian guides, into practically unexplored regions of Northern British Columbia and Southeastern Alaska, where, as yet, uncivilized Indian tribes have never seen the face of a white woman.

Miss Jobe is a veteran of several expeditions into the Selkirk Mountains and Southern British Columbia. She will cover four hundred miles on foot and spend ten weeks away from civilization.

Miss Jobe is 5 ft. 8 in. tall, and she looks well able to take care of herself, especially in her masculine attire. Miss Jobe is a member of the Canadian Alpine Club and of the American Alpine Club and is much interested in the Camp Fire Girls' Organization.

The House of Commons can shut down on another indicator. If names are required, they are shown on the glass tablets in either white or red letters. In case of a secret vote, the glass tablet indicator is switched off, and only the counting apparatus remains active.

The recent attack on Prime Minister Asquith in the House of Commons, when a young man associated with the suffragettes threw a bag of flour at him, has again drawn attention to the awkward situation of the House in dealing with such interruptions.

BUY FROM THE MAKER. YOU SAVE MONEY.

The Northway Store

Extraordinary Waist Sale!

All Newly Made Lingerie Waists at Less Than Maker's Prices

How would you like to go through a large waist factory and buy your Blouses at less than factory prices? The idea appeals to you. Here's identically the same proposition, minus the factory. We had the opportunity of cleaning the surplus production from one of the largest Canadian waist manufacturers at much less than the cost of making, and we took the lot, which are completed and ready for your choosing, so on SATURDAY MORNING we inaugurate a Waist event that has no parallel. Only two prices, the greatest possible variety of style and unbeatable value—all these are in store for the woman who gets down to Northway's on Saturday. It will be to your advantage to let home duties wait in order to reap the big savings. To avoid confusion we have arranged only two prices. These Waists are being made and will be ready for Saturday morning.

(SEE WINDOW SHOWING 10-NIGHT)

Described as Follows:

AT 98c EACH—Ladies' Fine Lingerie Waists, made of finest lawns, Swiss and voiles, sizes run from 32 to 44 inclusive, low and high necks, long and short sleeves, open fronts and backs, all beautifully trimmed with insertions, medallions, Irish lace yokings and French embroidery, the best Waist value ever presented. Regular values run from \$1.50 to \$2.75. All grouped at one price. Very special at..... **98c**

AT \$2.19—Finest White Lingerie Waists, sizes up to 44, high and low necks, long and short sleeves, made from finest French voiles and Persian lawns. Included in this lot are some very handsome Waists. Regular values run up to \$4.50 and \$5.00. All grouped for quick selling at this one price. **\$2.19**

The Northway Co., Limited

124 - 126 Colborne Street

Lawsuit Goes On

(Continued from Page 1)

ness said she was rather amused than annoyed, but did not think it was a nice letter for a clergyman to write.

Lady Sackville denied that she had ever been called "the earthquake" by the servants. That name, she said, had been invented by the Scotts.

Attorney Smith then referred to a letter from Scott to Lady Sackville in which he said she should not be hard up with \$125 a week for her household and \$125 for her other expenses, and he asked whether she had written to Scott that she was hard up.

Witness replied that she supposed she must have done so, adding: "I

looked upon him like a father. He was helping my father.

Asked when she had formed the idea that Scott had "dangled before our weary eyes for ten years" his fortune, a quotation from a letter read in court yesterday, witness said: "About two years before Scott's death, when he always wanted to be with us. I got so sick of it, you know. You do get sick of it when you are told every day that he is going to change his will."

Canteen Makes Money.

The sergeants of the 25th Brant Dragoons met in the armories last night and wound up business in connection with the recent camp at Niagara. The dry canteen which the sergeants ran at camp netted them over \$80, which amount will be placed in the bank.

CLOUDS OF TULLE SWATHE THE NEWEST HATS

Tulle is excessively fashionable as a millinery trimming, and yards and yards of it are whirled about hat crowns, pleated into bands and cabuchons or tied in huge, airy bows. The hat pictured is of dark grey hemp, with an under-brim facing of grey velvet and dull blue taffeta in flange effect. Two layers of tulle are puffed over the top of the hat, blue underneath and grey outside; and the pleated band encircling the base of the crown is also of the two colors used in combination.

Society Notes

Mr. E. Croft of Guelph is the guest of Brantford friends.

Mrs. Wm. Foulds of Toronto, is the guest of Mrs. T. Foster, Pearl St. The usual fortnightly dance will be held at the Golf club on Saturday evening.

Mrs. T. W. Standing, 78 William street, and family, are holidaying at Grimsby Beach.

Mr. and Mrs. T. Anson Girvin of Saskatoon, Sask., spent Thursday with friends in the city.

Fireman Ostrander, of Brantford, paid a visit yesterday to the Guelph firemen.—Guelph Herald.

Miss Alice Gunther will spend her holidays with her grandmother, Mrs. Robinson, Burlington Beach.

Mr. and Mrs. Gordon Duncan (Imperial Bank), are spending a couple of weeks with friends in Picton.

Mr. and Mrs. E. H. Harrison, and daughter Eleanor of Buffalo, are visiting Sergt.-Major and Mrs. Oxtoby.

Sir William and Lady Van Horne are entertaining a house party at their summer home "Covenhoeve" at Andrews-by-the-Sea.

It may not be generally known, but twenty-five miles before one reaches Winnipeg, lies the splendid stock farm of Sir William Van Horne—the President of the Canadian Pacific Railway. Herds of beautiful cattle of finest breed—model stables—barns, etc; acres of splendid farm land—the ranch house itself a commodious picturesque building, where the family of the magnate, often spend weeks and months at a time at this home on the prairie, in company with Sir William himself, who enjoys the relaxation after the strenuous Montreal life, where he is such a busy and much sought after man.

Mr. Herman Smith and family, spent their holidays in Brantford.—Galt Reporter.

"LADIES' DAY" AT THE GOLF CLUB

A delightful afternoon was spent by the lady golfers at the Brantford Golf and Country Club on Thursday afternoon—"Tea" first being served with Mrs. Harry Hewitt and Miss Cora Jones as hostesses—then the playing off for the "ball" put up for contest and eventually won by Mrs. Dave Gibson at the conclusion of a close game with eight entries.

Laid at Rest

The Late Mr. Tilley. All that was mortal of the late Joseph Tilley, one of the best known and most highly respected residents of Brantford, was laid peacefully to rest yesterday afternoon in Greenwood cemetery. At the residence many friends gathered to pay their last respects to the deceased, and Rev. C. W. Rose conducted very impressive services. The Oddfellows attended in body and marched to the grave, where the order took charge of the service. The pallbearers were Messrs. R. T. Whitlock, W. Cochrane, W. Dawson, A. Ball, A. Osborne, R. Brooks. The following beautiful floral tributes testified to the esteem in which the late Mr. Tilley was held and to the sympathy expressed for the bereaved family: Family, pillow; Mr. and Mrs. Charles Tilley (Toronto); sprays, Mr. and Mrs. W. C. Tilley (Brantford), Mr and Mrs H. L. Tilley, (Toronto), Mr and Mrs J. L. Robb (Walkerville) Miss King and Mr McCuaig, (Toronto) Gore lodge, I. O. O. F., (wreath), Court Glen No 9, C. O. F., (wreath), Master Painters (wreath), old employees, broken family ladder; Park church Mission Circle, spray; Mrs. J. Coyell and family, gates ajar; Mrs. McCann and family, cross; Mr. E. Heyd, wreath; Mr. and Mrs. G. Lambden and family, wreath; sprays—A Friend; Mr. and Mrs. Charlton, Mr. and Mrs. S. G. Read, Mr. and Mrs. Durham and family, Mr. F. and W. A. Hollinrake, Mr. and Mrs. J. Temple, Mrs. Wellington Smith, Mr. and Mrs. A. Gale, Mr. Walter Mair, Mr. and Mrs. Halberstadt, Mrs. and Miss Feast, Mr. and Mrs. F. Mathers, Mr. and Miss Jackson, Mr. and Mrs. McRobb, Mr. and Mrs. B. Mismor, Mrs. Lena Turry, Mr. and Mrs. A. Emmons, Mr. and Mrs. E. Gray, Mr. and Mrs. T. Stewart.

Flower Day. Flower day was observed in Calvary Baptist church on Sunday, and was very successful. The pulpit and platform were profusely decorated with the most beautiful flowers, while from the arch over the baptistry, hung five baskets of flowers, making a very striking display, and showing the good taste of those who had that part of the work in hand. The pastor, Rev. W. E. Bowyer, B.A., preached an illustrated sermon to the scholars, and the choir sang an appropriate anthem. In the evening the text spoken from was, "Sir, we would see Jesus." Mr. H. Green sang a solo and the choir also rendered an anthem.

CHILDREN WERE KNOCKED DOWN

A Case of Reckless Motor Car Driving in Pittsburg To-Day.

PITTSBURG, Pa., July 4.—Several hundred school children assembling on the streets of West Pittsburg, preparing for the school parade, part of the day's festivities, were scattered by an uncontrolled automobile that plunged through the crowd, hurling the little forms to either side, until it crashed against some stone steps and was wrecked.

When anything like order could be restored, one lifeless little body was picked up. It was that of John Greenawalt, aged four. Twelve others ranging in age from 8 to 11 were thrown helpless in the street, while frantic mothers were tearing the clothes from the vanishing, aged 35, the driver of the car.

The home of a physician, almost directly at the scene of the tragedy was turned into a temporary hospital, where the children were taken and their injuries dressed. Yuengling was arrested.

FOUR BANDITS HELD UP TRAIN

MEMPHIS, Tenn., July 4.— Four bandits held up southbound passenger train No. 1, on the Illinois Central Railroad, south of Batesville, Miss., early to-day, awed the train and locomotive crews with weapons, blew open the safe in the express car and ransacked the mail packages, then escaped. None of the passengers were molested because the bandits compelled the locomotive crew to detach the mail, express and baggage cars and run them some distance from the passenger coaches.

After they finished their work in the mail car, the robbers ran the locomotive to Enid, Miss., and fled to the open country. Bloodhounds were placed on their trail, and a few hours after the robbery a big posse was in pursuit. Express officials here say the robbers did not secure over \$500. Four charges of dynamite were used, and the explosions blew out one side of the express car and completely demolished the safe.

The bandits carried away fifty pieces of registered mail. Train No. 1 usually carries a heavy mail from Chicago and St. Louis to New Orleans, but postoffice officials stated the mail was light on this run.

PIANO RECITAL BY THE PUPILS OF MR. WHITE

The pupils of Mr. G. C. White held their closing recitals yesterday afternoon and evening at H. Judson Smith and Co's Music Hall. Despite the intense heat the hall was well filled with a very attentive and appreciative audience at both recitals, who listened to well chosen and varied programs.

In the afternoon the juniors showed keen appreciation of the compositions they played, displaying a true, singing style of touch, and musical expression. At the senior recital a more difficult and classic program was given in which the pupils played with great assurance, and gave a mastery interpretation, and a thorough understanding of the different compositions performed. A noteworthy fact was the delicate touch in the lighter numbers which showed great contrast to the full rich tone brought out in heavier numbers.

A bright and interesting feature of the evening were two vocal numbers artistically given by Miss Butler. It was announced that the four pupils who recently tried their musical examination of the Toronto University were successful in passing high standing. Great credit is due Mr. White for the high standing his pupils have attained, and yesterday's recitals only go to show the careful training and painstaking efforts on his part.

The programs were as follows: Junior Recital Program. Piano solos, Marion Moyer, Livingston Chipman, Lillian Unger, Edna Jones, Essie Edwards; piano duet, Miss Evelyn Symons and G. C. White; piano solos, Phyllis Moore, Jim Wedlake, Doris Small, Wilson Babcock; Grace MacIntosh; Marjorie Johnson, Dorothy Brown, Harold Vansickle, Gertrude Ingley; Clarice Morris; Ethel Pickett, Martha Ingley, Kathleen Smith.

Senior Recital Program. Piano duet, Miss Irene Turnbull and G. C. White; piano solos, Miss Violet Cox, Miss Evelyn Holling, Miss Velma Burrill; Vocal solo, Miss Agnes Butler; piano solos, Miss Erma Coyne, Miss Melene Davidson; Mrs. Martin; piano duo, Miss Erma Coyne and G. C. White, vocal solo, Miss Agnes Butler; piano solos, Miss Irene Turnbull, Miss Evelyn Symons, Mr. Mowat Barton.

Mr. E. P. Park has returned home from a trip to Europe. While away he visited England, Ireland, Scotland, France, Germany and Belgium. He reports a delightful trip. He visited the Derby and saw the suffragette jump at the King's horse.

Mid-Summer Clearance Sale | J. M. YOUNG & CO. | Mid-Summer Clearance Sale

Sporting Comment

by FREE LANCE

The Giants have trimmed the Phils four in a row.

Ottawa is pretty nearly around the neck of the Canadian League.

It would not be surprising to see a team break any time, and it will be upon the ball club camp.

Will some one kindly order the writer of this column another season load of alibis. We need good ones at that.

It was only a few weeks ago the alibi was used that Brantford needed hot weather to win ball games. It sounds like a joke.

Guess an all night train ride and a ball game don't agree, with Brantford ball players, some of whom have never been very far away from home.

Three major league clubs are dickering for the services of Burns, the Montreal catcher. Boston Nationals made the first bid, but it is unlikely that the Royals will part with him.

The Expositor accepted The Courier's challenge to play ball. Last night MacBride's gave the cupola corner outfit a good wallop. The Courier can hardly afford to play the Cupolists after last night's game (?). If they beat the O.I.B. or the H. of R. we might consider going ahead with the arrangement, but apparently a bunch of ball artists that never had a reputation has a hard time getting one.

Boston and Washington played a remembrance game, 15 innings, yesterday only one run being scored. Washington players had 50 times at bat on Collins, and Boston 55 on Johnson. Twenty seven men were put out by the outfield, Speaker and Lewis having nine chances each. Gandil, Speaker and Lewis carried off the batting honors, having three each in six times up. Johnson allowed 15 hits and walked one man; Collins 9 and walked 2.

WALLOPED SOME MORE

Ottawa Hammered The Luckless Red Sox 15-0 Yesterday.

OTTAWA, July 3.—There was nothing to it but Ottawa in yesterday's game against the Brantford Red Sox, which ended 15 to 0. The champions hit Donovan for four runs in the third, and in the fourth a triple by Bullock with the bases full, and Robertson's home run with three on, resulted in eight runs. Donovan was derricked, but Coose, who replaced him, was not much more effective until the fifth. Then he steadied down and pitched good ball, Ottawa failing to score after the fifth. Kubat held Brantford to six hits, and not one of the visitors got past second base. Slemm had a long hit to Shaughnessy but the Ottawa manager coaxed him into stretching it for a triple, and then threw him out at the third station. That was the nearest Red Sox came to scoring. All the champions fattened their batting averages.

Score—

BERLIN BEAT GUELPH

Had Little Trouble in Solving the Pitching of Bickers

GUELPH, July 4.—Berlin won a listless game from the Leafs yesterday by a score of 5 to 2. Bobby Auld's pitching was not hard to solve, but he was good in the pinches Bickers allowed hits when men were on the sacks. Guelph has signed Pitcher Fitzpatrick, released yesterday by London. The score:—Berlin01001110—5
Guelph11000000—2

LONDON TRIMMED HAMILTON

The Cockneys Hit the Ball Hard and Won by 8 to 4.

HAMILTON, July 4.—By wallowing Garlow for 15 hits and being assisted by four errors, which resulted in four runs, the London Cockneys beat the Tigers here yesterday by a score of 8 to 4. Garlow pitched the entire nine innings and other than those who reached first on errors all the hits were clean, the Cockneys being able to place the ball just where they chose. Although they hit Garlow hard, he at all times had control, allowing no walks and striking out three batters. Finn was Slemm, r.4 2 1 0 0
He pitched steady ball for seven innings. He was hit hard, the Tigers hammering eleven hits off his delivery. He walked two and struck out three. The Tigers secured three hits in the seventh and scored two

runs, with the result that Finn was derricked in favor of Chaput, who struck out four men and allowed only one hit in two innings. The score: Hamilton20000200—4
London21210001—8

ST. THOMAS LOST TO PETERBORO

ST. THOMAS, July 4.—Peterboro appeared here for the first time this season yesterday and grabbed a game from the leaders. The locals only got one hit off Tracey up to the ninth, when they made three in a row, but Thompson got in front of Wright's liner and killed the chance to win. The home team was considerably weakened by the absence of second baseman Gurney and outfielder Graven. The former is out of the game with a sore hand and the latter is ill. Kopp's running catch in left field was the feature. "Bill" Baker pitched a great game, but his support was ragged, and he was compelled to retire at the end of the seventh on account of the excessive heat. Inker played second base. Pitcher Relly has been released, and Brodie, formerly of Peterboro, has been signed by Manager Ort. Score: Peterboro10100200—4
St. Thomas00000000—2

President Lynch of the National League has suspended John J. McGraw, manager of the Giants, and Pitcher Brennan of the Philadelphia club, for a first fight following the game in Philadelphia on Monday, June 30. In addition Brennan is fined \$100. The suspended men will be eligible for active duty again on Wednesday, July 9.

FRASER RIVER TOLL OF LIFE

Another Man Drowned Yesterday—Many Other Fatalities.

VANCOUVER, B.C., July 4.—Alexander Hyes, pre-emptor of land near Fort George, was drowned yesterday. The Fraser river still is taking a heavy toll of victims among incoming settlers in Northern British Columbia. Two volunteer pilots, names unknown, leap dorf a scow which had been wrecked in the Grand Canyon, and never came up. Another scow man, named Christanson, was knocked off by the boat's sweep and perished. A scow load of horses, owned by W. C. Steate, was wrecked in Criscoabe rapids.

WATSON'S LONG WALK

LIMA, Ohio, July 4.—Edward Payson Weston, the aged pedestrian, left this city just after midnight for Spencerville, after a few hours rest here. Although three days behind his schedule, Weston expects to reach Minncapolis on time, hoping to make up his lost time after reaching Chicago.

President Lynch of the National League has suspended John J. McGraw, manager of the Giants, and Pitcher Brennan of the Philadelphia club, for a first fight following the game in Philadelphia on Monday, June 30. In addition Brennan is fined \$100. The suspended men will be eligible for active duty again on Wednesday, July 9.

ECHO PLACE IMPROVEMENTS

Over 140 Residents of That Locality Attend Meeting - Interest in Work.

The regular meeting of the Echo Place Improvement Association was held in the Mohawk Park School last night, over one hundred and forty being present. President, J. J. Burke was in the chair.

The most important matter discussed was the building of sidewalks in Echo Place. A petition for sidewalks had been sufficiently signed and the Township Council have already acted upon it. Mr. Geo. Hall stated last night he had been told by County Clerk Watts that he did not think it advisable to go ahead with the work, which would necessitate the issuing of debentures, owing to the high rate of interest. There was no assurance given that the money would be raised next year. The ratepayers decided last night that the walks must be built this summer at any cost.

Mr. Smythe suggested that a committee from the association be appointed to meet a similar committee from Bellevue and Grandview to co-operate in order to place the requirements of the suburbs mentioned before the Township Council.

The above was made a motion and seconded by Mr. F. T. Morrow. It was moved by Mr. G. W. Hall, and seconded by Mr. H. Craddock, that the matter be laid over for a month, which was done.

Mr. J. L. Barnes, chairman of the picnic, called a meeting to be held at his residence to-night to make final arrangements for the event, which will take place at Mohawk Park, July 19.

Mr. F. J. Morrow, chairman of the light committee reported on the meeting which was held at his residence two weeks ago. Plans have been drawn for the proposed locations of the street lights and presented the plan to the Township Council at the meeting on Monday.

Mr. W. Ellis, acting secretary of the Brant Motor League, while talking with a number of the members of the association, after the meeting last night, suggested that the Motor League and the Association ask the Township Council to cut the road from the city limits to Canisville, owing to the volume of dust caused by passing automobiles. It is considered dangerous on account of cars going by, leaving a volume of dust above the heads of pedestrians on the street, could not see approaching cars. The dust is also destructive to fruit.

When the Skin is Hungry. Sometimes after an illness, especially in case there has been increase of temperature, or when one has passed through some period of stress or anxiety and consequent sleeplessness, the effects are apparent in the face which has a drawn expression and the skin dry and showing deeply traced lines. The skin is then what a beauty specialist would call hungry and a little friction and skin-food are required to restore its freshness. One should also drink plenty of water, eat simple, nourishing food, and go to bed reasonably early, sleeping in a room filled with fresh air, all of which tells on the condition of the skin and one's looks generally. Under conditions such as those referred to above, you will be surprised to find how hungry the pores of your skin are for a little nourishment. Each tiny mouth absorbs its food so rapidly that there will be no grease left on the face at all at the first few applications. After being your face in warm water or scrubbing it with a camel's hair complexion brush, which is a splendid stimulant to the circulation, dry the skin with a soft towel and begin the massage. Dip your fingers into the cream or skin food and rub gently, using a rotary motion, always in an upward and outward direction. On the forehead let the direction be up and down between the brows outward. When the pores are absorbed the food they require, wipe off the remaining cream with a soft cloth or handkerchief.

Following is a formula for skin food: White wax, 1 ounce; spermaceti, 1 ounce; sweet almond oil, 4 ounces; coconut oil, 2 ounces; tincture of benzoin, 30 drops; orange flower water, 2 ounces. Melt the first four ingredients together over hot water. Take off the fire and beat until nearly cold, adding little by little the benzoin, and the orange flower water.

ARE YOU A DYSPEPIC? Nine people out of ten suffer from dyspepsia and don't know it. Half the pale cheeks, poor appetite and sleepless nights are the direct result of dyspepsia. The cause lies in failure of the stomach and kidneys are clogged, and unable to do their work. Nothing puts vigor into these organs so fast as Dr. Hamilton's Pills. They tone up the whole digestive system, regulate and strengthen the stomach, absolutely cure dyspepsia. Simple to take and sure to cure - better try Dr. Hamilton's Pills.

FOR Pure Fruit Sundaes, David Harums Sodas, Phosphates, etc.

\$100 REWARD \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY and CO., Toledo, Ohio. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

NERVOUS TROUBLES ON THE INCREASE

They Are Due to an Impoverished Condition of the Blood

Nervous exhaustion—or neurasthenia, as medical men call it—is one of the greatest evils of the present day, for it is destroying the life and energy of thousands of men and women, or, worse, driving them to insanity. The causes of this trouble include overwork, mental strain, worry, indiscretions, and sometimes it follows la grippe. The signs of this trouble are usually great weakness after any exertion, nervous headaches, trembling hands, shakiness in the legs, irritability of temper, weak digestive power, insomnia. The life of the sufferer becomes full of miseries.

The true treatment for this trouble must consist of a building up process, for the above signs mean that the exhausted nerves are calling for more nourishment from the blood supply. Dr. Williams' Pink Pills make new rich blood that feeds the starved, complaining nerves, and in this way they have cured thousands of times neurasthenia, neuralgia and other nervous disorders, and have restored strength and nerve-energy to despairing people. Mrs. Isaac Williams, Catagog, Ont., gives thanks for having been restored to health through the use of this medicine, she says: "When I began using Dr. Williams' Pink Pills I was a nervous wreck. I couldn't do my work, could not sleep at night, suffered from nervous headaches, and the least noise would completely upset me. Only those who have suffered from nervous trouble can tell what I endured. I doctored for a time, but did not get any benefit. Then I learned of Dr. Williams' Pink Pills and sent for a half dozen boxes. By the time I had used these I was almost well, and a couple more boxes completely restored my health, and I have had no return of the trouble. I can cheerfully recommend Dr. Williams' Pink Pills to those who suffered from any form of nervous trouble."

If you are weak, nervous, or out of heart, begin to cure yourself today with Dr. Williams' Pink Pills. You can get them from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

PREPARATIONS FOR THE BIG WEEK

Over 2000 Lights Required For Agricultural Park Carnival.

Col. Frances Ferrari, the owner of the big show which will appear at Agricultural Park next week, was in the city yesterday for a brief stay. He assured the officers of the ball club that Brantfordites would be delighted with the attraction and he was well pleased with the location secured. The special trains arrive Saturday night, and arrangements have already been made to unload from West Brantford, the cars being at Onondaga during the week. Work was started yesterday on the lighting of the grounds. Over 2,000 lights will be required and the local company had to send away for more transformers.

One of the thrillers of the week will be Carstrom's daily flights. The aviator flies over neighboring towns each day, dropping down from his machine complimentary tickets. The carnival has been extensively billed throughout the country and a big influx of visitors is expected all next week.

J. L. SUTHERLAND

SUCCESSFUL DAIRYING

The Dominion Department of Agriculture has issued the following: There are such excellent concrete examples now and again outcropping of men who prove that it pays to take up cow testing, that their records of success make stimulating reading for dairy farmers all over the Dominion.

fers made up the herd to eight again: a pure bred sire is kept. The next year his eight cows gave him 41,408 pounds of milk, an average of 5,176 pounds, or 1,000 pounds of an increase per cow. The feed cost \$4.12 more per cow, but the total profit was \$177.29, or an average of \$32.16 per cow. This is an increase of one hundred and thirty per cent in the profit. It pays to give additional feed if the cows kept are of the type to make use of it profitably.

BATTLE IS REMEMBERED

NEW MONUMENT MARKS VICTORY OF STONEY CREEK.

Centenary of Battle is Celebrated by Unveiling of a Stately Memorial-American Invaders Who Sought to Enter Canada-Held Cause to Revise Their Opinion-U. S. Generals and Guns Were Taken.

It is one hundred years ago since the battle of Stoney Creek was fought. It turned the tide of the American invasion of Upper Canada and saved the province, not only for that campaign, but for the remainder of the war.

"He who fights and runs away, lives to fight another day," is a somewhat trite saying, and so far back as June 6, 1813, it must have been sadly repeated by the American invaders who survived the attack during the early hours of that day by a force they were in pursuit of, and pursued being the army of General Vincent, whom they had chased from fallen Fort George.

General Winder, with his brigade of infantry, Buffs, Dragoons, and Artillery, and Towson's Artillery, had been sent after the retreating British regulars and Canadian militia by General Dearborn, who commanded the army of invasion operating in the Niagara district.

At Twenty-Mile Creek he had halted and there awaited reinforcements in the shape of General Chandler's brigade. The latter, being senior officer, took command of the combined forces, and the army marched triumphantly forward to Stoney Creek, within seven miles of General Vincent's forces encamped at Burlington Heights.

They were a considerable force. Two infantry brigades of seven regiments numbering not less than three thousand men, two hundred and fifty dragoons and artillerymen, with nine guns, compared with the one thousand and six hundred regulars and a few Canadian militia, with General Vincent's army had taken the light companies of the 8th and 49th regiments out to get an idea of the strength of the pursuing force as soon as it encamped at Stoney Creek, and he it was who advised the successful night attack which followed.

Only seven hundred troops were chosen to take part in that perilous undertaking, but they were stout fighting men of the 8th King's Regiment and the 49th Regiment.

Half an hour before midnight the forward movement was begun. Lieutenant-Colonel Harvey led, but General Vincent also took part in the charge on the aroused Americans, which ensued about two hours later.

Musket shots had warned the invaders of danger, and they sprung to arms as the bayoneted British troops bore down on the centre of the camp. There the resistance of the Americans was quickly overcome. The cold steel proved too formidable for them and they broke before the attacking force.

Major Plenderleath, with forty men of the 49th Regiment, rose right through the breaking line, and stabbed a path to where the startled artillery men were gathered about their guns at the rear of the camp.

The fight at this point was sharp and furious, but the guns were held beside the guns they held to hold against the attacking force.

Meanwhile, the American left, composed of the 5th, 18th and 23rd Regiments of the United States Infantry, had been driven from the field by part of the five companies of the 8th, under Major Ogilvie. The remainder of the 5th Regiment were engaged on "Bayonet Ridge" in the Goble party and soon the American army was scattered far and wide. General Winder was captured by Sergeant Fraser of the 49th, and General Chandler was also taken as the guns were seized.

June 6th, 1813, was marked by the unveiling of a monument on the battle ground by the Wentworth Women's Historical Society.

The ceremony, by special arrangement, was performed by Her Majesty Queen Mary who by the touching of a button at Buckingham Palace, brought about the actual unveiling of the monument.

A Companion. Victor Grayson, the English Socialist and M.P., denied that he advised murder as a strike weapon.

"Such advice on my part," said Mr. Grayson, "would be candid, indeed, wouldn't it? It would be candid gone mad. It would be like the well-dressed lady in the department store who approached the floorwalker and said candidly: 'I have kleptomaniac. What would you advise me to take for it?'"

An Eccentric Funeral. An enormous crowd gathered at Chester Eng., a few months ago to witness the funeral of an electrical engineer, who was carried to the cemetery in a coffin that had been laboriously constructed by himself out of 4,000 match boxes.

Origin of "John Bull." John Bull is the popular personification of English people. He is represented as a bluff, corpulent, respectable old fellow, clad in leather breeches and top boots, and carrying a stout oaken cudgel.

SAVED FROM THE SEA.

Salvage the Remnant of Wrecks and Smitten Vessels.

"Can she be salvaged?" is the question the man for the street asks on hearing of a shipping catastrophe.

Will it pay to save her? is the question of the salvage officer. With the scientific methods, made possible by modern invention, a vessel can always be salvaged if the prospect of reward be sufficiently great to justify such measures.

The salvage officer is a personality among ships. Most of those working from the British coast are composite built—i.e., wooden hulls on steel frames. The wooden hull possesses many advantages, principal of which is that it is far less likely to be damaged by bumping against the wreck than is a steel one, and so can stay by the wreck during weather which would compel a steel-hulled vessel to stand off.

The steamer, so far as its external arrangements are concerned, resembles a floating workshop.

The apparatus includes pumps, both steam and motor, and much impedimenta. Ready for emergency are wonderful pneumatic tools, mainly for use under water, diving apparatus, air compressors, but, perhaps, the most tested up to fifty tons, thick wire hawsers for heaving off, slings and shackles, and quantities of canvas and oakum, deals and plates for patching.

Probably the steamer has been lying in her home harbor for weeks, her crew waiting with the patience bred of the sea, when suddenly news of disaster is received, and the steamer is ordered to sea to meet the wreck, perhaps several thousands of miles away.

In a remarkably short time the steamer is speeding across the ocean on her mission. If the weather or the tide does not make it impossible, work is commenced as soon as the wreck is reached.

Every man on board has his own special task.

Practically the first thing is to get the pumps aboard, often a hazardous business. At this moment the men busy the motor-pump, if it is lighter and more compact, and the ladders to install on the wreck than the steam-pumps, with its cumbersome boiler. The pumps generally start their work as the tide rises. If it is found they can keep pace with the rising tide, the work is not very extensive.

Divers are then sent down to locate the position of the damage.

If there is a big fracture a wooden patch, large enough to cover it, is made, and this is held in position by long bolts with hooked ends. A canvas mattress, stuffed with oakum, is held against the gaping wound by the wooden patch, and when the whole is in position, the patch is tightened up by thumbscrews on the ends of the bolts.

Holes in the ships bottom are sometimes closed from the inside with cement.

Often when the leakage has been stopped, it is found there is not sufficient water to float the wreck. Then, if it has not already been done, the task of taking out the whole of the cargo must be undertaken. The great enemies of the salvors are adverse weather, tides, and currents.

At night they still proceed with their arduous task, aided by the light of 500-candle-power arc lamps.

There is always the danger that a sudden storm may arise, and the result of days of hard labor, and the expenditure of thousands of dollars, may be destroyed within an hour.

On the other hand, there is probably no pleasure to equal that of men engaged in rescuing a life from the sea when they see the fruits of their labor—a bucket filled with glittering gold—rise from the swell.

The divers, in addition to their wages receive \$2.50 per hour under water.

The motor engineers also receive handsome wages, which they well deserve.

Many Swore by Ancient Bell. The most highly prized of the old relics which have been sent for display at the Irish Art Exhibition, in London is the old Bell of St. Senan.

This precious article, associated with the name of St. Senan, a Celtic who lived on an island in the Shannon, has been lent for exhibition by Marcus Keane of Buepark, Ennis, in the possession of whose family it has been for some time in Ireland.

It was in great demand in far-off times for the purpose of taking oaths, the person swearing, taking the bell in his hands as he uttered the words.

The bell itself is encased in a shrine of very antique and artistic design, about six inches in length and between two and three inches in width. The shrine is composed of silver plates, inlaid with brass and enamel, and is in addition to very beautiful ornamentation in the Celtic interlaced pattern—with quaint figures, including a winged Sphinx with the head of a woman, and dragons in the Goble style. There are also green stones inserted as jewels, but some are missing.

ARCHBISHOP TO RETIRE

HIS GRACE OF OTTAWA FEELS ADVANCE OF YEARS.

Archbishop Hamilton, Anglican Metropolitan of Canada is a Canadian by Birth and an Oxford Man by Academic Training—A Strong Supporter of the Playground Movement for Children.

His grace Archbishop Hamilton, Anglican metropolitan of Canada, has decided to resign from the archbishopric of Ottawa and announces that he will ask the ecclesiastical authorities to allow him to retire from his position.

Advancing years, is given by his grace as the principal cause of his decision to retire.

The archbishop is a man of broad culture and has been an earnest and faithful worker who is loved and esteemed by all who know him.

Archbishop Hamilton is the fourth son of the late Hon. John Hamilton, of Hawkesbury, and was born at that place. He was educated at the Montreal High School and Oxford, Eng.

He was made a priest in 1883, Bishop of Niagara in 1888, Bishop of Ottawa in 1898 and archbishop in 1906. He was chosen metropolitan of Canada in the same year. He has been a director of the Ottawa Tuberculosis Association and for years has been a leader in Anglican church work in that district. He is a strong supporter of the playground movement for children as well as many other progressive reforms.

Stately Zulu Girls. In few countries are the native girls happier up to the age of 16 than in Zululand; in still fewer countries do they have a harder existence after that age.

According to their tradition, it is not seemly for a store to work more than they can help. The women, therefore, do most of the manual labor, while their husbands, fathers and brothers laugh and sing, lie about their kraals and tell one another what fine fellows they are.

A little Zulu girl is welcomed into the world by her father because she will become a valuable asset in years to come. If she is taken care of some Zulu lover will pay a cow, or perhaps two cows, for the privilege of marrying the lady, and so that she may retain all her charms the little maid is allowed to do any hard work until she marries, excepting such things as carrying food or fuel on her head to her parents' kraal.

Whatever she may be carrying, a Zulu girl instinctively puts it on her head. If she goes to a store to buy a pot of jam she walks gravenly over the rugged country with it balanced there.

Ancient Crafts Revived. From the front window of a small old-fashioned house in London there hangs a sign on which is painted a French motto to the effect that the beautiful is as useful as the useful, and perhaps even more so.

The woodwork, both inside and out, is a fresh green, as are also the carpets, the only other color introduced into the scheme being a soft bright blue, the blue of the early Italian painters.

In the little oasis one may enjoy a green thought in a green shade. The establishment is devoted to all sorts of arts and crafts, bookbinding, embroidery, illuminating.

Most of these processes are revivals of old industries, though some are new, such as hand-painted curtains of silk which will wash.

The idea of covering leather with silver or gold and painting it comes from medieval Italy. At the sign of St. Veronica leather so treated is made into curtains.

Leather specially dyed without acid, which prevents it from rotting, is used for automobile caps. The rush seated chairs painted white and ornamented with a design of green leaves are charming.

A Cruel Command. Sir John Cockburn, speaking to teachers at the London Day Training College, said speech was called into function by the movement of the hand.

"If you want to reach the brain you must do it through the hand, and if you disregard the use of the eyes and hands in education you are placing the brake on all mental development of the child.

The command to 'keep still' in a school is the greatest enemy you can possibly impose on children, for to make children keep still for any length of time very often produces idleness.

Horsey. "Why is a horse that can't hold its head up like next Wednesday?" "Don't know, the use of the eyes and hands in education you are placing the brake on all mental development of the child.

"Why, because its neck's weak." "Oh, I heard that joke about a week back."

BIG FERARI SHOWS, BRANTFORD CARNIVAL

All preparations for the big Col. Francis Ferari Shows here next week are completed. Agricultural Park will present a brilliant appearance over 2000 lights being necessary for the big Midway. The carnival is being conducted under the auspices of the Brantford Ball Club.

THE VEEDEE'S GREAT SUCCESS

Enthusiastic Audience, Marvelous Results
Demonstrator Remains in Brantford 'till To-morrow Night to Receive Sufferers at the Victoria Hall

The wonderful Veedee results that were publicly effected at the Victoria Hall, last night, and the many striking and sensational results won in the presence of the large audience at the principal topics of the day, and have spread the fame of this marvellous health-restoring machine called the Veedee throughout the city. The Lecturer started the proceedings by a short address explaining the Veedee and the marvellous effects of the little machine, in relieving, without drugs or electricity, the pain from poor tortured sufferers from Neuralgia, Rheumatism, Lumbago, Sciatica, Gout and Neuritis, and other painful complaints. He also said that a large number of cases of Stammering, St. Vitus Dance, Weak Eyes, Asthma, Bronchitis, etc., even in long standing chronic cases can in many instances be either completely cured or greatly improved by the use of the "Veedee Blood Circulator," the true value of which has been proved by tens of thousands of people, from loyalty downward.

since there were fully given with names and addresses, during the proceedings. Enough to say that, as each case was taken where pain was present that pain instantly vanished at the touch of the marvellous Veedee. Sufferers from long-standing rheumatism who had to be helped or lifted on the platform, and who before treatment could only crawl hobble by the aid of sticks or crutches—each step an agony—found after one treatment with the Veedee their poor joints loose again, their twisted, pain racked muscles and limbs softened and eased, and to their unbounded joy and astonishment, able to briskly walk from one end of the platform to the other entirely without pain, and without the aid of crutches or sticks.

MANY OBTAIN QUICK RELIEF WHO THOUGHT THEMSELVES INCURABLE

No written testimonials could be so convincing as the actual sight of the marvellous results obtained upon so many sufferers, in the presence of a large audience. The platform was crowded by patients requiring first treatment. Many of them have failed to derive any benefit from drugs, so they embraced the opportunity of testing the efficiency of the Veedee. The Demonstrator repeatedly stated that in many cases of painful complaints, which were relieved on the platform, a short course of local treatment would be required in order to make the relief permanent.

This is the English VEEDEE, the marvelous little machine that cures by self-treatment at home, without medicine, many obstinate and chronic cases that have defied all other treatments and have been turned away from the hospitals as incurable. WHY THE VEEDEE SUCCEEDS The Veedee is such a gigantic world wide success, because it actually does what is claimed for it. Because it actually does stop pain. Because it actually does often cure where all else had failed. Because it actually does help many long-standing cases which have been called "incurable," and above all because Veedee cures and users whom it has cured through the world giving practical testimony of their GRATITUDE AND APPRECIATION.

Why all sufferers they meet about and how it cured their troubles, and it is waiting to cure yours. When you buy a Veedee you do more than help yourself, you become by its use a blessing and a health-giver to the rest of the family, and to scores of other poor sufferers whom you may meet. It is always there, and always full of health and strength-giving power. Don't be afraid to use it. It lasts for years, practically a lifetime, and the more you use it on yourself and others, the more good you will get out of it.

SELF HOME TREATMENT. The book of directions that goes with each Veedee makes it proper use for all the troubles it is good for, so clear and plain, that even a child who can read can so use a Veedee in the home as to get from it the full extent of all its marvellous healing power.

THE VEEDEE'S CHEAPNESS. Many people are greatly astonished that an invention possessing such unique and superlative curative powers as the Veedee should be sold at so low a price as \$9, considering that the instrument lasts for years without requiring any attention and is always handy at home to go on giving hundreds more treatments to all and every member of the family, from the baby to the grandparent.

WORTH TEN TIMES ITS COST. Doubtless very large numbers of

IRON AND GLASS CLOTHING.

Garments Now Manufactured From Strange Materials. It has remained for the 20th century to show us the advantages of garments made of minerals. Incredible as it may seem, stone, iron and even glass are now being manufactured into clothing. The latest novelty in women's dresses is represented by robes of spun glass, in shades of white, green, lilac, pink and yellow. The inventor is an Austrian, and the goods are as bright and flexible as silk. The first lady to wear a glass dress was of royal rank. It was of a delicate shade of lavender, shot with pink, and its peculiar sheen reminded observers of the sparkle of diamond dust.

The Russians are manufacturing a fabric from the most filamentous stone from the Siberian mines which is said to be of so durable a nature that it is practically indestructible. The material is soft, tough and pliable in the extreme, and when soiled has only to be placed in a fire to be made absolutely clean. Iron cloth is largely used for the purpose of making the collars of coats set properly. This cloth is manufactured from steel wool and has the appearance of having been woven from horsehair.

"Wool," not the product of sheep, is being utilized abroad for men's clothing. This kind is known as "lime-stone wool" and is made in an electric furnace. Powdered limestone, mixed with certain chemicals, is thrown into the furnace, and after passing through a furious air blast it is cooled out as fluffy white wool. When it comes from the furnace the wool is dyed and made into lengths, like cloth. A pair of trousers or a coat made of this material cannot be claimed, be burned or damaged by grease and is as flexible as cloth made of the ordinary sheep's wool.

Paper clothes were worn by the Japanese troops during the war with Russia, and they were found to be very serviceable and much warmer than those of cloth. Paper dressing gowns, bath robes and similar articles of attire are now being turned out by the carload in many European countries. The paper of which they are made is of the "blotter" variety.

How Is This For a Situation?

Here is an anecdote told by Andrew Lang: "A man and his wife in town were congratulating themselves, just before dinner, on dining for another man and his wife, who were neither known nor looked for, and had obviously come to the wrong house—a thing that will happen in London the most dissembled, but he welcomed them—a thing that, as a matter of fact, does occur—and all went smoothly till the ladies left the drawing-room. Then the guest turned to the host and said, with emotion: "Now, do tell me the whole story about poor Sophia." (I alter the name.) "What was the host to do? With presence of mind he replied: "It is really too painful. I hope you will excuse me." "Oh, certainly, certainly," said the guest. "I would not be curious. And he changed the subject.

"When the guests had gone and the hosts were wondering, a servant brought an envelope addressed in pencil. 'For Sophia,' and contained a handful of bank notes. Now, the hosts knew neither the name nor address of the guests, and they vainly advertised for them.

Candid Man Startles Diners.

A painful experience as chairman at a literary gathering has just fallen to the lot of Maurice Hewlett, whose latest volume, "The Lore of Prophecy," has just been issued in London. He was presiding at a dinner where the toast of George Meredith was proposed, and a certain distinguished literary man was asked to speak to it. The gentleman, who likes good wine, had found the wines of the evening excellent. He arose, fixed the chairman with a determined stare, and remarked: "I've never read a dashed line of Meredith, and I don't want to."

Art of Cooking Lost.

Food feeding is practically unknown in England, says the "Chronicle." "Epicure," "Go and dine in a restaurant in the West end of London and you will see most elegant people who, as soon as their soup is brought to them, pour into it, without even having tasted it, cascades of pepper and salt. "This soup, prepared by the best French cooks, was perfect before this absurd adulteration, but it becomes a horrible concoction—a Soup de Torture. Yet you will see perfect gentlemen and charming ladies swallow this mass of stuff in the most easy way. Sometimes it tastes too badly even for them. Then they call the maitre d'hotel and complain that they have been served with soup too heavily spiced."

Sugar Beets Raised in England.

England may soon cease importing sugar for its own consumption. It had always been taken for granted that the climate of England was not suitable for raising sugar beets, but some enterprising Hollanders tried the experiment last year in Norfolk, and sent 3,000 tons of sugar to the continent. The quality proved excellent. The success of the experiment was so great that a company has been formed to erect a factory at Cautley, and arrangements have been made to raise 40,000 tons of beets this year.

Forty years in use, 20 years the standard, preserved and recommended by physicians, for Women's Ailments Dr. M. ret's Female Pills, at your druglists.

"The Mystery of Agatha Webb"

By KATHARINE GREEN
Copyright, 1900, by Katharine Green

"I do not believe one word of this story," interposed Sweetwater, in reckless disregard of the proprieties. "A hungry, feeble old man, like Zabel, on the verge of death, could not have found his way up into this wood, as you say. 'On earth that money there yourself, miss; you are the—'" "Hush!" interposed the corner authoritatively. "Do not let us go too far—yet. Miss Page has an air of speaking the truth, strange and unaccountable as it may seem. Zabel was an admirable man once, and if he was led into theft and murder it was not until his faculties had been weakened by his own suffering and that of his much loved brother."

"Thank you," was her simple reply, and for the first time every one there thrilled at her own. Seeing it all the dangerous fascination of her look and manner returned upon her with double force. "I have been unwise," said she, "and let my sympathy run away with my judgment. Women have impulses of this kind sometimes, and men blame them for it till they themselves come to the point of feeling the need of just such blind devotion. I am sure I regret my shortsightedness now, for I have lost esteem by it, while he—"

With a wave of the hand she dismissed the subject, and Dr. Talbot, watching her, felt a shade of his distrust leave him and in its place a species of admiration for the lithe, graceful, bewitching personality before them, with her childish impulses and womanly wit which half mystified and half inspired upon them.

Mr. Sutherland, on the contrary, was neither charmed from his antagonism nor convinced of her honesty. There was something in this matter that could not be explained away by her argument, and his suspicion of that something he felt pretty sure was shared by his son, toward whose cold, set face he had frequently cast the most uneasy glances. He was not ready, however, to probe into the subject more nearly, nor could he for the sake of Frederick urge on to any further confession a young woman with his unhappy son professed to love and in whose discretion he had so little confidence. As for Sweetwater, he had now fully recovered himself and bore himself with great discretion when Dr. Talbot finally said:

"Well, gentlemen, we have got more than we expected when we came here this morning. There remains, however, a point regarding which we have received no explanation. Miss Page, how came that orchid, which I am told, you wore in your hair at the dance, to be found lying near the beam of Batsy's skirts? You distinctly told us that you did not go up stairs when you were in Mrs. Webb's house."

"Ah, that's so!" acquiesced the Boston detective dryly. "How came that flower on the scene of the murder?" She smiled and seemed equal to the emergency. "That is a mystery for us all to solve," she said quietly, looking into the eyes of her questioner.

"A mystery it is your business to solve," corrected the district attorney. "Nothing that you have told us in support of your innocence would in the eyes of the law weigh for one instant against the complicity shown by that one piece of circumstantial evidence against you."

Her smile carried a certain high handed denial of this to one heart there at least. But her words were humble enough. (To be continued.)

Help for Asthma. Neglect gives asthma a great advantage. The trouble, once it has secured a foothold, fastens its grip on the bronchial passages tenaciously. Dr. J. D. Kellogg's Asthma Remedy is daily curing cases of asthma of long standing. Years of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma, but use this preparation at once.

Electric Restorer for Men Phosphonal restores every nerve in the body. It is the proper tonic for restoring vitality and strength. It is the only restorer of vitality ever used. Phosphonal will be mailed to any address. The Bookbinders, 20, St. Catherine's St.

RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-lives" Cured Him

McMILLAN'S CORNER, ONT., Sept. 30th, 1910

"Your remedy, 'Fruit-a-lives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make raw sores. I took many advertised remedies without benefit, but fortunately, about two years ago, I got 'Fruit-a-lives' and they cured me."

"Since then, I take 'Fruit-a-lives' occasionally and keep free of pain. I am satisfied that 'Fruit-a-lives' cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it. JOHN B. McDONALD. Indeed, this letter is of value to you and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. See a box, 6 for \$2.50, postal size, 25c. At dealers or from Fruit-a-lives Limited, Ottawa."

The Game They Bagged. Je Cartis, who owned land on which there was good shooting, had inserted alluring advertisements in the town papers without obtaining any marked result. After much consideration he decided to let it out by the day to a whistler sportsman happened to come his way. One day a party arrived and paid a day's hire. They tried to persuade the farmer to accompany them, but he noticed the way they held their guns and declined. Instead he gave them dogs and ferrets, told them where to find birds and rabbits and bade them have a good day's sport.

There was an ample amount of hanging as the day wore on, and in the afternoon one of the gunners returned to the farmhouse. "Hello!" said the farmer. "Shot all the birds?" "Er—no," hesitatingly replied the sportsman. "Been goin' fer the rabbits, eh? Any luck?" "Not exactly," said the other. "What have you come back for, then?" "Er—well, we want to know if you can let us have some more dogs and ferrets. We've used them all up."—Harper's Magazine.

London's Sandwich Man. The "sandwich man" of London have been in difficulties owing to some provisions in the new insurance laws of Great Britain. One would be sorry to hear of any misfortune to these "plum quant slices of humanity." In no other city have they been so conspicuous as in London, where the occupation has been an unflinching resource for the "out of work." A line of these men crouched in bath-tubs recently spread the fame of a Turkish bathhouse in that city, and others dressed as aviators called attention to a big aero meet.—Exchange.

We are carrying at present large supplies of the very best dry and well-sifted coal, mined in the best sections and famous for its superior burning qualities. We are prepared to fill large or small orders immediately at summer prices, but these are sure to go up soon, so it is to your advantage to order now. We guarantee the quality and prompt deliveries.

SCHOOL TRUSTEES HOLD A PRETTY WARM SESSION

A Tie Vote on the Appointment of a Directress Buildings and Grounds Report - New School Required on Rawdon Street.

The regular monthly meeting of the Public School board took place last evening in the Council Chamber. Present, Chairman G. H. Ryerson; Trustees D. Lyle, Dr. Watson, J. Harvey, Clement, I. D. Scruton, M. E. B. Cutcliffe and Dr. Ballachee.

The minutes of the previous meeting were read and approved, and several communications were dealt with in the usual way.

Inspector's Report.

Inspector Kilmer submitted his usual monthly report, which was as follows:

School	Enrollment	Average	P.C.
Central	761	221.6	94.8
Alexandra	553	210.2	92.0
Victoria	529	500.7	96.4
King Edward	500	463.7	92.7
Ryerson	278	250.0	93.0
Morrell	77	66.0	96.7
2698 2521.2 90.4			
Kindergartens:			
Central	70	37.3	53.3
Alexandra	93	67.0	70.0
Victoria	67	56.3	84.1
King Edward	61	50.3	82.5
Ryerson	35	27.0	77.1
346 237.9 79.5			

Who Will Get the Appointment?

Quite a lively discussion took place re the appointment of a directress for the new Dufferin school. For the first time this year a deadlock was encountered, and it will be necessary to hold a special meeting of the board to settle the question. About a year ago Miss Ballachee asked for leave of absence which was granted. When the question of the appointment of supply came up, it was decided to appoint the young lady desired in the service of the board and who had the best qualifications for the position. At the time Miss Heaman was appointed, on what a number of the members claim was incorrect information as to qualification and length of service. It has been pointed out that Miss Moffat has held her qualification certificate one year longer than Miss Heaman, but that both ladies have been in the employ of the board practically the same length of time, as beginners and qualified teachers. The members supporting Miss Heaman claim that her experience as directress during the absence of Miss Ballachee should entitle her to the new position in the new school. Those supporting Miss Moffat claim that she having had her certificate one year longer and the fact that the board had been given the information that Miss Heaman was longest in the service of the board at the time of the selection, when such was not the case, should offset this phase of the question. Both young ladies are capable and qualified teachers and it is not a question of incompetence. The trouble began when the report of the management committee was called for.

The report was not signed. Miss Heaman's name was filled in the blank for appointment, but those who supported her were not present to sign the report when the time came for its submission, and it was decided to take the matter up under the head of "motions."

The matter was voted on three times—For Miss Moffat; for Miss Heaman; and that the matter be left in the hands of the management committee for appointment.

Each motion in turn was declared lost.

The members lined up as follows: For Miss Moffat—Dr. Ballachee, I. D. Scruton, M. E. B. Cutcliffe, A. Coulbeck.

For Miss Heaman—G. H. Ryerson, D. Lyle, J. Harvey, Clement, Dr. Watson.

It was decided to call a special meeting of the board to decide the matter.

The Courier was informed to-day by a member of the management committee that circumstances had arisen whereby a solution, satisfactory to all parties, would likely be consummated.

Management Committee.

The following resolutions from the Management Committee, on motion of Dr. Ballachee and I. D. Scruton were approved by the board:

That as Mr. Wm. Park is returning on Sept. 1st to assume his duties as Principal of King Edward school, Mr. Garnet C. White be appointed to the permanent staff, to report for duty to the Dufferin School under Principal Rowe.

That the salaries of Mr. F. Dickson and Mr. Thomas Bingle be increased by \$50 per annum, to date from Sept. 1.

That Mr. Leslie C. Gamble be appointed to the principalship of Ryerson School at his present salary until the end of the present year.

Buildings and Grounds.

1. That they be authorized to appoint a janitor for the Dufferin school.

2. That they be authorized to purchase the necessary seats, desks and other furnishings, for the Dufferin school. Tenders to be called for where possible.

3. That they be authorized to have the usual repairs done during the summer holidays at the various schools; tenders to be called for where advisable.

4. That the chairman of your committee and the secretary be authorized to make arrangements for the usual supply of fuel.

5. Your committee have considered the question of a new school on Rawdon street, and have not thought it advisable to appoint an architect, until assured that the council will grant the necessary funds, and would suggest that the chairman of the board, together with the Finance committee have a statement prepared, showing the urgent necessity of more school accommodation with the probable cost, and place the facts before the Finance committee of the city council.

6. Your committee would also point out the necessity of an enlargement of the present Manual Training school, and report that they have prepared plans for an extension, which it is estimated would cost about \$2,000. Your committee suggest that this matter should also be discussed with the Finance Committee of the City Council.

Trustee M. E. B. Cutcliffe submitted the following report of the Buildings and Grounds committee:

On motion of Trustees Cutcliff and Dr. Watson the report was unanimously carried.

Finance Committee.

Chairman I. D. Scruton submitted the following report:

We recommend the payment of the following accounts: City of Brantford snow cleaning \$55; Brantford Courier, Limited \$1.75; Brantford Transfer Co.

\$2.75; E. J. Brown \$3.50; Schultz Bros. Co., Limited \$7.25; R. H. Bantyne \$1.30; J. T. Bicknell \$1.14; F. H. Walsh, \$3.50; Treasurer's disbursements \$24.28; Dean Brady, rent; \$150; Gibson Coal Co. \$3.75; City of Brantford, taxes, \$479.48.

We recommend that the payment of \$200.00 to J. T. Burrows, on account of grading at Dufferin School, and made at the request of the chairman of the Buildings and Grounds committee, be confirmed.

On motion of Trustees Scruton and J. H. Clement the report was adopted.

A report is being prepared for submission to the council dealing with the necessity of extra school accommodation. The matter will likely come up for discussion at the next meeting of the City Council.

Burmese Tartar Wooring.

Wooring as done among Burmese Tartar tribes is as simple as it is idyllic. On the first day of winter, the tribe holds a great feast at which all the marriageable girls gather and listen to the music made by the bachelors, who sit under the "desire tree" and play their favorite instruments.

As the maiden he loves passes him a youth will play louder and more feelingly. If she ignores and passes on he knows she will have none of him. If she steps up to him and lays a flower upon his instrument he jumps up, takes her by the hand, taking care not to drop the flower, and off they wander.—Argonaut.

A Clear Brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers, say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

Games today: Brantford at Ottawa, London at Hamilton, Berlin at Guelph, Peterboro at St. Thomas.

Cricket

Although the Brantford Cricket team which journeyed to Berlin on the holiday returned victorious, the team playing at home in a friendly game with Dover court club of Toronto, had to acknowledge defeat by the narrow margin of seven runs, the score being 88 to 81. It was a good close game and enjoyed by all who participated.

The good old "has been" and "is now"—T. Chamberlain, showed that he is still in the running, and may be relied upon to get runs, obtaining the nice score of 25 on Tuesday. A. Elliott was a good second with 19, and Smith did some good bowling for the home eleven.

The following will represent Brantford vs. Galt in a Western Ontario League match at Galt on Saturday next, at Galt: W. H. Walsh (captain), T. Usher, F. W. Derbyshire, A. H. Land, E. Winyard, F. W. Stewart.

H. Elliott, C. Smith, W. West, J. Richardson and F. W. Hutchings. Umpire, Mr. Ritchie; Scorer, Albert Houghting. The team will leave on Grand Valley at 1 p.m.

Game Here.

A game will also be played here at the O. I. B. grounds, vs. Hamilton Progressives, commencing at 3 p.m. sharp. H. S. Leech will captain the local team and a strong eleven has been selected to support him.

Leander Wins.

HENLEY, July 4.—On the resumption of the contests in the royal regatta to-day, the Leander Rowing Club eight beat the Thames Rowing Club in the second round of the Grand Challenge Cup, and in another heat of the same round, Jesus College, Cambridge, beat New College, Oxford.

In the diamond challenge sculls, second round, E. D. P. Pinks, of the London Rowing Club, beat C. W. Wise of the same club.

PARKS BOARD LIGHT SESSION

Business Matters Were Disposed of at Meeting Last Night.

A meeting of the Parks board was held in the City Clerk's office last evening, all the members of the board being present.

Chairman E. L. Gould presided, and the meeting was of short duration. The secretary announced that the revenue received for the use of Agricultural Park for the first half of the year amounted to \$365.05, which is considerably in advance of last year. Harry Adams' account for looking after the interests of the board was \$51.00.

J. C. Waller reported that he had purchased ten bushels of nuts to be used to feed the squirrels in the parks.

It was decided to put seats in St. Andrew's Park.

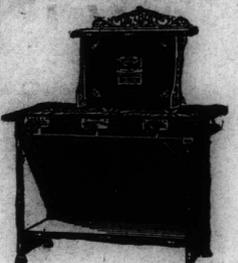

Mr. Matthews thought that in view of the fact that the L. E. and N. Ry. would soon be constructing their line through Jubilee Terrace it would be advisable to ascertain as near as possible how much it cost to build the terrace so as to be posted in this matter when the railway people came to buy their right of way.

It was decided that the Grounds committee should look into the matter and report at the next meeting of the board.

The meeting then adjourned.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed and satisfactory growth is assured.

KITCHEN KOMFORTS

Kindly accept some of our suggestions as hot weather comforts. If you have gas for cooking, use a Chicago Jewel Gas Range, or Hot Plate. Next best thing is a Florence Automatic Oil Stove. You can't afford to be without an Electric Iron—the greatest comfort of the age—prices \$5.00, \$5.50 and \$6.00. Phone us and we will send one on trial.

TRAIN

Story of Passer a Train Near City.

Robbers Later Bribe Man The Robbed.

(Canadian Press Des)

LONDON, Ont., July 3.—W. Crowley and Anil alleged pickpockets, who have operated on trains Ontario for some time held by the local police, to securing their deportmen are charged by Justice with having picked his Grand Trunk express while he was travelling real to Chicago.

Malakoff claims that on the train east of Brant men crowded about him, him of \$23 and a railway Chicago. One of them the train at Brantford pointed out, while Crowley Malakoff and engaged him in conversation commenced a pursuit between Brantford and Dublin approached Malakoff offered him \$15 to forget Malakoff accepted the also arranged with the arrest of the men by Sergeant Nichols in London claimed by Malakoff that together with giving him dexterous move returned money to Malakoff's pocket.

Both prisoners were here on June 12, when picked up together with others of a gang, toll Barnum and Bailey Circus their dismissal on that formation was received Crowley, while under a similar charge in 1908, in a wholesale jewelry store in Canada by stating that \$500 was then offered for and it is possible that the cers may now collect it.

Crowley's wife accompanied at the time of the arrest, ing to the police was a game. She explained that visited friends at Bellevue Kingston and Owen Sound the past few weeks.
